#### CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains forward-looking statements about us and our industry that involve substantial risks and uncertainties. All statements other than statements of historical fact contained in this Quarterly Report on Form 10-Q, including statements regarding our future results of operations or financial condition, business strategy, legal proceedings, competitive advantages, market size, growth opportunities, industry expectations, and plans and objectives of management for future operations, are forward-looking statements. In some cases, you can identify forward-looking statements because they contain words such as "anticipate," "believe," "contemplate," "continue," "could," "estimate," "expect," "intend," "may," "plan," "potential," "predict," "project," "should," "target," "will," or "would," or the negative of these words or other similar terms or expressions. Our actual results or outcomes could differ materially from those indicated in these forward-looking statements for a variety of reasons, including, among others:

- our ability to execute on our growth strategies;
- supply disruptions;
- our ability to maintain favorable relationships with suppliers and manufacturers;
- competition from mass merchants and specialty retailers;
- impacts on our business from the sensitivity of our business to weather conditions, changes in the economy (including interest rates, recession fears, and inflationary pressures), geopolitical events or conflicts, and the housing market;
- disruptions in the operations of our distribution centers;

- our ability to implement technology initiatives that deliver the anticipated benefits, without disrupting our operations;
- our ability to attract and retain senior management and other qualified personnel;
- regulatory changes and development affecting our current and future products including evolving legal standards and regulations concerning environmental, social and governance (“ESG”) matters;
- our ability to obtain additional capital to finance operations;
- commodity price inflation and deflation;
- impacts on our business from epidemics, pandemics, or natural disasters;
- impacts on our business from cyber incidents and other security threats or disruptions;
- our ability to remediate material weaknesses or other deficiencies in our internal control over financial reporting or to maintain effective disclosure controls and procedures and internal control over financial reporting; and
- other risks and uncertainties, including those listed in the section titled “Risk Factors” in our filings with the United States Securities and Exchange Commission (“SEC”).

You should not rely on forward-looking statements as predictions of future events. We have based the forward-looking statements contained in this Quarterly Report on Form 10-Q primarily on our current expectations and projections about future events and trends that we believe may affect our business, financial condition, and operating results. The outcome of the events described in these forward-looking statements is subject to risks, uncertainties, and other factors described in Part I, Item 1A, “Risk Factors” in our Annual Report on Form 10-K for the year ended September 30, 2023 and in our other filings with the SEC. Moreover, we operate in a very competitive and rapidly changing environment. New risks and uncertainties emerge from time to time, and it is not possible for us to predict all risks and uncertainties that could have an impact on the forward-looking statements contained in this Quarterly Report on Form 10-Q. The results, events, and circumstances reflected in the forward-looking statements may not be achieved or occur, and actual results or outcomes could differ materially from those described in the forward-looking statements.

In addition, statements that “we believe” and similar statements reflect our beliefs and opinions on the relevant subject. These statements are based on information available to us as of the date of this Quarterly Report on Form 10-Q, and, while we believe that information provides a reasonable basis for these statements, that information may be limited or incomplete. Our statements should not be read to indicate that we have conducted an exhaustive inquiry into, or review of, all relevant information. These statements are inherently uncertain, and investors are cautioned not to unduly rely on these statements.

The forward-looking statements made in this Quarterly Report on Form 10-Q are based on events or circumstances as of the date on which the statements are made. We undertake no obligation to update any forward-looking statements made in this Quarterly Report on Form 10-Q to reflect events or circumstances after the date of this Quarterly Report on Form 10-Q or to reflect new information, changed expectations, the occurrence of unanticipated events or otherwise, except as required by law. We may not actually achieve the plans, intentions, outcomes, or expectations disclosed in our forward-looking statements, and you should not place undue reliance on our forward-looking statements. Our forward-looking statements do not reflect the potential impact of any future acquisitions, mergers, dispositions, joint ventures, or investments.

**Note 2—Summary of Significant Accounting Policies**

***Basis of Presentation and Principles of Consolidation***

We prepared the accompanying interim condensed consolidated financial statements following United States generally accepted accounting principles ("GAAP"). The financial statements include all normal and recurring adjustments that are necessary for a fair presentation of our financial position and operating results. The interim condensed consolidated financial statements include the accounts

of Leslie's, Inc. and our subsidiaries. All significant intercompany accounts and transactions have been eliminated. These interim condensed consolidated financial statements and the related notes should be read in conjunction with the audited consolidated financial statements and notes included in our Annual Report on Form 10-K for the year ended September 30, 2023.

#### ***Reclassification***

Certain prior year amounts have been reclassified for consistency with the current period presentation. These reclassifications had no effect on our results of operations.

#### ***Fiscal Periods***

We operate on a fiscal calendar that results in a fiscal year consisting of a 52- or 53-week period ending on the Saturday closest to September 30th. In a 52-week fiscal year, each quarter contains 13 weeks of operations; in a 53-week fiscal year, each of the first, second and third quarters includes 13 weeks of operations and the fourth quarter includes 14 weeks of operations. References to the three months ended December 30, 2023 March 30, 2024 and December 31, 2022 April 1, 2023 refer to the 13 weeks ended December 30, 2023 March 30, 2024 and December 31, 2022 April 1, 2023, respectively. References to the six months ended March 30, 2024 and April 1, 2023 refer to the 26 weeks ended March 30, 2024 and April 1, 2023, respectively.

#### ***Use of Estimates***

Management is required to make certain estimates and assumptions during the preparation of the condensed consolidated financial statements in accordance with GAAP. These estimates and assumptions impact the reported amount of assets and liabilities and disclosures of contingent assets and liabilities as of the date of the condensed consolidated financial statements. They also impact the reported amount of net income (loss) during any period. Actual results could differ from those estimates.

Significant estimates underlying the accompanying condensed consolidated financial statements include inventory reserves, lease assumptions, vendor rebate programs, our loyalty program, the determination of income taxes payable and deferred income taxes, sales returns reserve, self-insurance liabilities, the recoverability of intangible assets and goodwill, fair value of assets acquired in a business combination, and contingent consideration related to business combinations.

#### ***Seasonality***

Our business is highly seasonal. Sales and earnings are highest during our third and fourth fiscal quarters, being April through September, which represent the peak months of swimming pool use. Sales are substantially lower during our first and second fiscal quarters.

#### ***Summary of Other Significant Accounting Policies***

There have been no changes to our Significant Accounting Policies since our Annual Report on Form 10-K for the year ended September 30, 2023. For more information regarding our Significant Accounting Policies and Estimates, see Note 2—Summary of Significant Accounting Policies included in our Annual Report on Form 10-K for the year ended September 30, 2023.

### Recent Accounting Pronouncements

In December 2023, the **FASB** Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures, which includes amendments that further enhance income tax disclosures, primarily through standardization and disaggregation of rate reconciliation categories and income taxes paid by jurisdiction. This update is effective for annual periods beginning after December 15, 2024, though early adoption is permitted. We are currently evaluating the ASU to determine its impact on our disclosures; however, we do not expect there to be a material impact.

In November 2023, the FASB issued ASU No. 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures, which require an entity to disclose the title and position of the Chief Operating Decision Maker ("CODM") and the significant segment expenses that are regularly provided to the CODM and included within each reported measure of segment profit or loss. This update is effective for annual periods beginning after December 15, 2023 and interim disclosures beginning after December 15, 2024, though early adoption is permitted. This update is effective retrospectively upon adoption to all periods presented in the financial statements. We are currently evaluating the ASU to determine its impact on our disclosures; however, we do not expect there to be a material impact.

(3) Carries interest at a specific margin between 0.25% and 0.75% with respect to base rate loans and between 1.25% and 1.75% with respect to Term SOFR loans, with a SOFR adjustment.

### **Term Loan**

In June 2023, we entered into Amendment No. 1 ("Term Loan Amendment") to our Amended and Restated Term Loan Credit Agreement ("Term Loan"). The Term Loan Amendment (i) replaced the existing LIBOR-based interest rate benchmark with a Term SOFR-based benchmark and (ii) amended certain other related terms and provisions, including the addition of a SOFR adjustment of (a) 0.11448% per annum for one-month, (b) 0.26161% per annum for three months, and (c) 0.42826% per annum for six months. The other material terms of the Term Loan remained substantially unchanged.

The Term Loan provides for an \$810.0 million secured term loan facility with a maturity date of March 9, 2028. Borrowings under the Term Loan have an initial applicable rate, at our option, of (i) 2.75% for loans that are Term SOFR loans and (ii) 1.75% for loans that are ABR loans (the "Applicable Rate"). The Applicable Rate of the Term Loan is based on our first lien leverage ratio as follows: (a) if the first lien leverage ratio is greater than 2.75 to 1.00, the applicable rate will be 2.75% for Term SOFR loans and 1.75% for ABR loans and (b) if the first lien leverage ratio is less than or equal to 2.75 to 1.00, the applicable rate will be 2.50% for Term SOFR loans and 1.50% for ABR loans. For Term SOFR loans, the loans will bear interest at the Term SOFR-based benchmark rate plus the Applicable Rate and the SOFR adjustment, as defined above.

### **Revolving Credit Facility**

In March 2023, we entered into Amendment No. 6 to our \$200.0 million credit facility ("Revolving Credit Facility") maturing on August 13, 2025 (the "Amendment"). The Amendment (i) increased the revolving credit commitments under the Revolving Credit Facility in the amount of \$50.0 million, such that the aggregate commitments are \$250.0 million and (ii) replaced the existing LIBOR-based rate with a Term SOFR-based rate, as an interest rate benchmark. The Revolving Credit Facility has (i) an applicable margin on base rate loans with a range of 0.25% to 0.75%, (ii) an applicable margin on Term SOFR loans with a range of 1.25% and 1.75%, (iii) a SOFR Adjustment of 0.10% for all borrowing periods, (iv) a floor of 0% per annum, and (v) a commitment fee rate of 0.25% per annum. The other material terms of the Revolving Credit Facility prior to the Amendment remained substantially unchanged.

On April 3, 2024, we entered into Amendment No. 7 to our Revolving Credit Facility (the "2024 Amendment"). The 2024 Amendment (i) extended the maturity date to April 3, 2029 and (ii) revised the applicable margin on Term SOFR and base rate loans. The other material terms of the Revolving Credit Facility prior to the 2024 Amendment remained substantially unchanged.

As of December 30, 2023 March 30, 2024, we had \$38.0 million outstanding on our Revolving Credit Facility. No amounts were outstanding on the Revolving Credit Facility as of September 30, 2023. The amount available under our Revolving Credit Facility was reduced by \$10.6 million and \$11.4 million of existing standby letters of credit as of December 30, 2023 March 30, 2024 and September 30, 2023, respectively.

### **Representations and Covenants**

Substantially all of our assets are pledged as collateral to secure our indebtedness. The Term Loan does not require us to comply with any financial covenants. The Term Loan and the Revolving Credit Facility contain customary representations and warranties, covenants, and conditions to borrowing. No event of default occurred as of December 30, 2023 March 30, 2024, September 30, 2023, and December 31, 2022 April 1, 2023.

### **Future Debt Maturities**

**Note 9—Income Taxes**

Our effective income tax rate was 26.1 27.5% for the three six months ended December 30, 2023 March 30, 2024, compared to 25.0 25.4% for the three six months ended December 31, 2022 April 1, 2023. The difference between the statutory rate and our effective rate for the three six months ended December 30, 2023 March 30, 2024 and December 31, 2022 April 1, 2023 was primarily attributable to state taxes. Our effective income tax rate can fluctuate due to factors including valuation allowances, changes in tax laws, federal and state audits, and the impact of other discrete items.

**Note 10—Commitments & Contingencies**

**Contingencies**

On September 8, 2023, a class action complaint for violation of federal securities laws was filed by West Palm Beach Police Pension Fund in the U.S. District Court for the District of Arizona against us, our Chief Executive Officer and our former Chief Financial Officer. The complaint alleges that we violated federal securities laws by issuing materially false and misleading statements that failed to disclose adverse facts about our financial guidance, business operations and prospects, and seeks class certification, damages, interest, attorneys' fees, and other relief. Due to the early stage of this proceeding, we cannot reasonably estimate the potential range of loss, if any. We dispute the allegations of wrongdoing and intend to defend ourselves vigorously in this matter.

On March 13, 2024 and March 14, 2024, derivative actions were separately filed in the U.S. District Court for the District of Arizona and Delaware by John Clemens and Sally Flynn, on behalf of the Company, against our officers and directors. Both complaints include

substantially the same allegations as those in the securities class action, and allege that the defendant directors and officers harmed the Company by either making false or misleading statements, or allowing false or misleading statements to be made. The complaints seek the award of damages, costs and attorneys' fees, and other declaratory relief. The parties in the Delaware derivative action filed a joint stipulation to stay the action pending resolution of the securities class action. Due to the early stage of these proceedings, we cannot reasonably estimate the potential range of loss, if any. We dispute the allegations of wrongdoing and intend to defend ourselves vigorously in these matters.

We are defendants in lawsuits or potential claims encountered in the normal course of business. When the potential liability from a matter can be estimated and the loss is considered probable, we record the estimated loss. Due to uncertainties related to the resolution of lawsuits, investigations and claims, the ultimate outcome may differ from the estimates. We do not expect that the resolutions of any of these matters will have a material effect on our condensed consolidated financial position or results of operations. We did not record any material loss contingencies as of December 30, 2023 March 30, 2024, September 30, 2023, and December 31, 2022, respectively. April 1, 2023.

Our workers' compensation insurance program, general liability insurance program, and employee group medical plan have self-insurance retention features of up to \$0.4 million per event as of December 30, 2023 March 30, 2024, September 30, 2023, and December 31, 2022, respectively. April 1, 2023. We had standby letters of credit outstanding in the amount of \$10.6 10.7 million as of December 30, 2023 March 30, 2024 for the purpose of securing such obligations under our workers' compensation self-insurance programs.

#### **Note 11—Related Party Transactions**

#### **Note 12—Share Repurchase Program**

On December 3, 2021, the board of directors authorized a share repurchase program for up to an aggregate of \$300 million of the Company's outstanding shares of common stock over a period of three years, expiring December 31, 2024. The amount, price, manner, and timing of repurchases are determined by the Company in its discretion and depends on a number of factors, including legal requirements, price, economic and market conditions, the Company's financial condition, capital requirements, cash flows, results of operations, future business prospects, and other factors our management may deem relevant. The share repurchase program may be amended, suspended, or discontinued at any time. Shares may be repurchased from time-to-time using a variety of methods, including on the open market and/or in privately negotiated transactions, including under plans complying with Rule 10b5-1 under the Exchange Act, as part of accelerated share repurchases, and other methods.

On December 16, 2021, the Company repurchased and retired 7.5 million shares of common stock at a price per share of \$20.25 under the program. The Company paid \$151.9 million (\$152.1 million including offering costs) to fund the share repurchase using existing cash on hand. The Company accounted for the share repurchase and retirement of shares under the cost method by deducting its par value from common stock, reducing additional paid-in-capital by \$127.5 million (using the share price when the shares were originally issued), and increasing retained deficit by the remaining excess cost of \$24.4 million.

As of **December 30, 2023** **March 30, 2024**, approximately \$147.7 million remained available for future purchases under our share repurchase program.

### **Note 13—Equity-Based Compensation**

#### ***Equity-Based Compensation***

##### ***2020 Omnibus Incentive Plan***

In October 2020, we adopted the Leslie's, Inc. 2020 Omnibus Incentive Plan (the "Plan"). **The Plan was most recently amended and restated in March 2024.** The Plan provides for the grant of awards such as non-qualified stock options to purchase Leslie's common stock (each, a "Stock Option"), restricted stock units ("RSUs") and performance stock units ("PSUs") which may settle in Leslie's, Inc. common stock to our directors, executives, and eligible employees of the Company. The vesting of the Company's outstanding and unvested Stock Options, RSUs, and PSUs is contingent upon each holder's continued service through the date of each applicable vesting event. **On March 15, 2024 the Company's shareholders approved an amendment to the Plan increasing the shares of common stock available for future grants by 7.2 million shares.** As of **December 30, 2023** **March 30, 2024**, we had approximately **6.4** **13.9** million shares of common stock available for future grants under the Plan.

As of **December 30, 2023** **March 30, 2024**, the aggregate unamortized value of all outstanding equity-based compensation awards was approximately **\$24.6** **21.5** million, which is expected to be recognized over a weighted average period of approximately **2.7** **2.5** years.

PSUs represent grants potentially issuable in the future based upon the Company's achievement of certain performance conditions. The fair value of our RSUs and PSUs are calculated based on the Company's stock price on the date of the grant.

The following table summarizes our RSU and PSU activity under the Plan during the **three** **six** months ended **December 30, 2023** **March 30, 2024** (in thousands, except per share amounts):

The criteria are based on a range of these performance targets in which participants may earn between 0% to 200% of the base number of awards granted. The weighted average grant date fair value of the PSUs was \$5.43. The Company assesses the attainment of target payout rates each reporting period. Equity-based compensation expense is recognized for awards deemed probable of vesting.

Founded in 1963, we are the only direct-to-consumer pool and spa care brand with national scale, operating an integrated marketing and distribution ecosystem powered by a physical network of over 1,000 branded locations and a robust digital platform. We have a market-leading share of approximately 15% of residential aftermarket product spend as of 2022, our physical network is larger than the sum of our 20 largest competitors' physical networks and our digital sales are estimated to be greater than five times as large as that of our largest digital competitor. We offer an extensive assortment of professional-grade products, the majority of which are exclusive to Leslie's, as well as certified installation and repair services, all of which are essential to the ongoing maintenance of pools and spas. Our dedicated team of associates, pool and spa care experts, and experienced service technicians are passionate about empowering our consumers with the knowledge, products, and solutions necessary to confidently maintain and enjoy their pools and spas. The considerable scale of our integrated marketing and distribution ecosystem, which is powered by our direct-to-consumer network, uniquely enables us to efficiently reach and service every pool and spa in the continental United States.

We operate primarily in the pool and spa aftermarket industry, which is one of the most fundamentally attractive consumer categories given its scale, predictability, and growth outlook. More than 80% of our assortment is comprised of non-discretionary products essential to the care of residential and commercial pools and spas. Our assortment includes chemicals, equipment and parts, cleaning and maintenance equipment, and safety, recreational, and fitness-related products. We also offer important essential services, such as equipment installation and repair for residential consumers and professional pool operators. Consumers receive the benefit of extended vendor warranties on purchased products from our locations and on installations or repairs from our certified in-field technicians. We offer complimentary, commercial-grade in-store water testing and analysis via our proprietary AccuBlue® system, which increases consumer engagement, conversion, basket size, and loyalty, resulting in higher lifetime value. Our water treatment expertise is powered by data and intelligence accumulated from the millions of water tests we have performed over the years, positioning us as the most trusted water treatment service provider in the industry. Due to the non-discretionary nature of our products and services, our business has historically delivered strong growth and profitability in challenging market environments, including through the Great Recession and the COVID-19 pandemic.

We have a legacy of leadership and disruptive innovation. Since our founding in 1963, we have been the leading innovator in our category and have provided our consumers with the most advanced pool and spa care available. As we have scaled, we have leveraged our competitive advantages to strategically reinvest in our business and intellectual property to develop new value-added capabilities. We

have pioneered complimentary in-store water testing, offered complimentary in-store equipment repair services, introduced the industry's first loyalty program, and developed an expansive platform of owned and exclusive brands. These differentiated capabilities allow us to meet the needs of any pool and spa owner, whether they care for their pool or spa themselves or rely on a professional, whenever, wherever, and however they choose to engage with us.

### **Key Factors and Measures We Use to Evaluate Our Business**

We consider a variety of financial and operating measures in assessing the performance of our business. The key measures we use under United States generally accepted accounting principles ("GAAP") are sales, gross profit and gross margin, selling, general and administrative expenses ("SG&A"), and operating income (loss). The key non-GAAP measures and other operating measures we use are comparable sales, comparable sales growth, Adjusted EBITDA, Adjusted net income (loss), and Adjusted earnings per share.

14 15

## [Table of Contents](#)

### **Sales**

We offer a broad range of products that consists of regularly purchased, non-discretionary pool and spa maintenance items such as chemicals, equipment, cleaning accessories and parts, as well as installation and repair services for pool and spa equipment. Our offering of proprietary, owned, and third-party brands across diverse product categories drives sales growth by attracting new consumers and encouraging repeat visits from our existing consumers. Revenue from merchandise sales at retail locations is recognized at the point of sale, revenue from services is recognized when the services are rendered, and revenue from e-commerce merchandise sales is generally recognized upon shipment of the merchandise. Revenue is recorded net of related discounts and sales tax. Payment from retail customers is generally at the point of sale and payment terms for professional pool operator customers are based on our credit requirements and generally have terms of less than 60 days. When we receive payment from a consumer before the consumer has taken possession of the merchandise or the service has been performed, the amount received is recorded as deferred revenue or as a customer deposit until the sale or service is complete. Sales are impacted by product mix and availability, as well as promotional and competitive activities and the spending habits of our consumers. Growth of our sales is primarily driven by comparable sales growth and expansion of our locations in existing and new markets.

### **Comparable Sales and Comparable Sales Growth**

We measure comparable sales growth as the increase or decrease in sales recorded by the comparable base in any reporting period, compared to sales recorded by the comparable base in the prior reporting period. The comparable base includes sales through our locations and through our e-commerce websites and third-party marketplaces. Comparable sales growth is a key measure used by management and our board of directors to assess our financial performance.

We consider a new or acquired location comparable in the first full month after it has completed one year of sales. Closed locations become non-comparable during their last partial month of operation. Locations that are relocated are considered comparable at the time the relocation is complete. Comparable sales is not calculated in the same manner by all companies, and accordingly, is not necessarily comparable to similarly titled measures of other companies and may not be an appropriate measure for performance relative to other companies.

The number of new locations reflects the number of locations opened during a particular reporting period. New locations require an initial capital investment in location buildouts, fixtures, and equipment, which we amortize over time as well as cash required for inventory.

As of **December 30, 2023** **March 30, 2024**, we operated over 1,000 locations in 39 states across the United States. We owned 27 locations and leased the remainder of our locations. Our initial lease terms are typically five years with options to renew for multiple successive five-year periods. We evaluate new opportunities in new and existing markets based on the number of pools and spas in the market, competition, our existing locations, availability and cost of real estate, and distribution and operating costs of our locations. We review the performance of our locations on a regular basis and evaluate opportunities to strategically close locations to improve our profitability. Our limited investment costs in individual locations and our ability to transfer sales to our extensive network of remaining locations and e-commerce websites allows us to improve profitability as a result of any strategic closures.

#### ***Gross Profit and Gross Margin***

Gross profit is equal to our sales less our cost of merchandise and services sold. Cost of merchandise and services sold reflects the direct cost of purchased merchandise, costs to package certain chemical products, including direct materials and labor, costs to provide services, including labor and materials, as well as distribution and occupancy costs. The direct cost of purchased merchandise includes vendor rebates. We recognize vendor rebates based on historical data. Distribution costs include warehousing and transportation expenses, including costs associated with third-party fulfillment centers used to ship merchandise to our e-commerce consumers. Occupancy costs include the rent, common area maintenance, real estate taxes, and depreciation and amortization costs of all retail locations. These costs are significant and are expected to continue to increase proportionate to our growth.

Gross margin is gross profit as a percentage of our sales. Gross margin is impacted by merchandise costs, pricing and promotions, product mix and availability, inflation, and service costs, which can vary. Our proprietary brands, custom-formulated products, and vertical integration provide us with cost savings, as well as greater control over product availability and quality as compared to other companies in the industry. Gross margin is also impacted by the costs of distribution and occupancy costs, which can vary.

Our gross profit is variable in nature and generally follows changes in sales. The components of our cost of merchandise and services sold may not be comparable to the components of cost of sales or similar measures of other companies. As a result, our gross profit and gross margin may not be comparable to similar data made available by other companies.

### ***Selling, General and Administrative Expenses***

Our SG&A includes selling and operating expenses across our retail locations and digital platform, and our corporate-level general and administrative expenses. Selling and operating expenses at retail locations include payroll, bonus and benefit costs for personnel, supplies, and credit and debit card processing costs. Corporate expenses include payroll, bonus, and benefit costs for our corporate and field support functions, equity-based compensation, marketing and advertising, insurance, utilities, occupancy costs related to our corporate office facilities, professional services, and depreciation and amortization for all assets, except those related to our retail locations and distribution operations, which are included in cost of merchandise and services sold. Selling and operating expenses generally vary proportionately with sales and the change in the number of locations. In contrast, general and administrative expenses are generally not directly proportional to sales and the change in the number of locations and may increase over time to support our growth and public company obligations. The components of our SG&A may not be comparable to the components of similar measures of other companies.

### ***Operating Income (Loss)***

Operating income (loss) is gross profit less SG&A. Operating income (loss) excludes interest expense, loss on debt extinguishment, income tax expense (benefit), and other (income) expenses, net. We use operating income (loss) as an indicator of the productivity of our business and our ability to manage expenses.

### ***Adjusted EBITDA***

Adjusted EBITDA is defined as earnings before interest (including amortization of debt issuance costs), taxes, depreciation and amortization, management fees, equity-based compensation expense, loss (gain) on debt extinguishment, loss (gain) on asset and contract dispositions, executive transition costs, severance, costs related to equity offerings, strategic project costs, merger and acquisition costs, and other non-recurring, non-cash or discrete items. Adjusted EBITDA is a key measure used by management and our board of directors to assess our financial performance. Adjusted EBITDA is also frequently used by analysts, investors, and other interested parties to evaluate companies in our industry, when considered alongside other GAAP measures. We use Adjusted EBITDA to supplement GAAP measures of performance to evaluate the effectiveness of our business strategies, to make budgeting decisions, and to compare our performance against that of other companies using similar measures.

Adjusted EBITDA is not a recognized measure of financial performance under GAAP but is used by some investors to determine a company's ability to service or incur indebtedness. Adjusted EBITDA is not calculated in the same manner by all companies, and accordingly, is not necessarily comparable to similarly titled measures of other companies and may not be an appropriate measure for performance relative to other companies. Adjusted EBITDA should not be construed as an indicator of a company's operating performance in isolation from, or as a substitute for, net income (loss), cash flows from operations or cash flow data, all of which are prepared in accordance with GAAP. We have presented Adjusted EBITDA solely as supplemental disclosure because we believe it allows for a more complete analysis of results of operations. Adjusted EBITDA is not intended to represent, and should not be considered more meaningful than, or as an alternative to, measures of operating performance as determined in accordance with GAAP. In the future, we may incur expenses or charges such as those added back to calculate Adjusted EBITDA. Our presentation of Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by these items.

### ***Adjusted Net Income (Loss) and Adjusted Earnings per Share***

Adjusted net income (loss) and Adjusted earnings per share are additional key measures used by management and our board of directors to assess our financial performance. Adjusted net income (loss) and Adjusted earnings per share are also frequently used by

analysts, investors, and other interested parties to evaluate companies in our industry, when considered alongside other GAAP measures.

Adjusted net income (loss) is defined as net income (loss) adjusted to exclude management fees, equity-based compensation expense, loss (gain) on debt extinguishment, loss (gain) on asset and contract dispositions, executive transition costs, severance, costs related to equity offerings, strategic project costs, merger and acquisition costs, and other non-recurring, non-cash, or discrete items. Adjusted diluted earnings per share is defined as Adjusted net income (loss) divided by the diluted weighted average number of common shares outstanding.

## Factors Affecting the Comparability of our Results of Operations

Our reported results have been affected by, among other events, the following events, which must be understood in order to assess the comparability of our period-to-period financial performance and condition.

### ***Impact of Macroeconomic Events and Uncertainties***

Our financial performance and condition may be impacted to varying extents from period to period by macroeconomic and geopolitical developments, including public health crises, escalating global conflicts, supply chain disruptions, labor market constraints, rising rates of inflation, rising interest rates, general economic slowdown, and potential failures among financial institutions. The direct and indirect impact COVID-19 has had on our financial and operating performance since 2020 has made period-to-period analysis and accurate forecasting difficult. Due to the non-discretionary nature of our products and services, our business delivered strong growth and profitability throughout the pandemic, in spite of restrictions on the operation of our locations and distribution facilities. Significant disruption to our supply chain for products we sell, as a result of COVID-19, geopolitical conflict or otherwise, can also have a material impact on our sales and earnings and cause unpredictable changes in results. In addition, we believe adverse macroeconomic trends and uncertainties also increase consumers' sensitivity to price and result in cost-conscious behavior **inclusive of high ticket items**, which can result in corresponding declines in sales and/or gross profit.

An additional uncertainty that can impact our results of operations is consumer purchasing patterns. Due to the highly unstable supply of granular chlorine compounds over the last three years, we believe some customers stockpiled chemicals, resulting in unexpected changes in demand. As a result of such behavior, our revenue may be higher than normal during the periods of stockpiling and may be lower than normal during the periods after stockpiling has occurred.

### **Seasonality and Quarterly Fluctuations**

Our business is highly seasonal. Sales and earnings are highest during the third and fourth fiscal quarters, which include April through September, and represent the peak months of swimming pool use. Sales are substantially lower during our first and second fiscal quarters. We have a long track record of investing in our business throughout the year, including in operating expenses, working capital, and capital expenditures related to new locations and other growth initiatives. While these investments drive performance during the primary selling season in our third and fourth fiscal quarters, they have a negative impact on our earnings and cash flow during our first and second fiscal quarters.

We typically experience a build-up of inventory and accounts payable during the first and second fiscal quarters in anticipation of the peak swimming pool supply selling season. We negotiate extended payment terms with certain of our primary suppliers as we receive merchandise in December through March, and we pay for merchandise in April through July.

The principal external factor affecting our business is weather. Hot weather can increase purchases of chemicals and other non-discretionary products as well as purchases of discretionary products and can drive increased purchases of installation and repair services. Unseasonably cool weather or significant amounts of rainfall during the peak sales season can reduce chemical consumption in pools and spas and decrease consumer purchases of our products and services. In addition, unseasonably early or late warming trends can increase or decrease the length of the pool season and impact timing around pool openings and closings and, therefore, our total sales and timing of our sales.

We generally open new locations before our peak selling season begins and we generally close locations after our peak selling season ends. We expect that our quarterly results of operations will fluctuate depending on the timing and amount of sales contributed by new locations.

### **Liquidity and Capital Resources**

## Overview

Our primary sources of liquidity are net cash provided by operating activities and borrowing availability under our Revolving Credit Facility. Historically, we have funded working capital requirements, capital expenditures, payments related to acquisitions, debt service requirements and repurchases of shares of our common stock with internally generated cash on hand and through our Revolving Credit Facility.

Cash and cash equivalents consist primarily of cash on deposit with banks. Cash and cash equivalents totaled \$8.4 million and \$55.4 million as of December 30, 2023 March 30, 2024 and September 30, 2023, respectively. As of December 30, 2023 March 30, 2024, we had \$38.0 million \$97.0 million outstanding on our Revolving Credit Facility. We had no amounts outstanding on our Revolving Credit Facility as of September 30, 2023.

20

---

## [Table of Contents](#)

Our primary working capital requirements are for the purchase of inventory, payroll, rent, other facility costs, distribution costs, and general and administrative costs. Our working capital requirements fluctuate during the year, driven primarily by seasonality and the timing of inventory purchases.

Our capital expenditures are primarily related to infrastructure-related investments, including investments related to upgrading and maintaining our information technology systems, ongoing location improvements, expenditures related to our distribution centers, and new location openings. We expect to fund capital expenditures from net cash provided by operating activities.

Based on our growth plans, we believe our cash and cash equivalents position, net cash provided by operating activities and borrowing availability under our Revolving Credit Facility will be adequate to finance our working capital requirements, planned capital expenditures, strategic acquisitions, share repurchases, and debt service over the next 12 months. If cash provided by operating activities and borrowings under our Revolving Credit Facility are not sufficient or available to meet our capital requirements, then we may need to obtain additional equity or debt financing. There can be no assurance that equity or debt financing will be available to us if we need it or, if available, whether the terms will be satisfactory to us.

As of December 30, 2023 March 30, 2024, outstanding standby letters of credit totaled \$10.6 million \$10.7 million and, after considering borrowing base restrictions, we had \$201.4 million \$142.3 million of available borrowing capacity under the terms of the Revolving Credit Facility. As of December 30, 2023 March 30, 2024, there have been no events of default we were in compliance with the covenants under the Revolving Credit Facility and our Term Loan agreements.

## Critical Accounting Estimates

The preparation of our condensed consolidated financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of sales and expenses during the reported periods. The SEC has defined a company's critical accounting policies as the ones that are most important to the portrayal of a company's financial condition and results of operations, and which require a company to make its most difficult and subjective judgments. Based on this definition, we have identified the critical accounting policies and judgments, which are disclosed in our Annual Report on Form 10-K for the fiscal year ended September 30, 2023. We base these estimates on historical results and various other assumptions we believe to be reasonable, all of which form the basis for making estimates concerning the carrying values of assets and liabilities that are not readily available from other sources. Actual results may differ from these estimates.

There have been no material changes to our critical accounting estimates during the three and six months ended December 30, 2023 March 30, 2024 from those disclosed in our Annual Report on Form 10-K for the fiscal year ended September 30, 2023.

## Item 4. Controls and Procedures.

### ***Management's Evaluation of Disclosure Controls and Procedures***

Our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e)) are designed to ensure that information required to be disclosed by us in reports we file or submit under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized, and reported within the appropriate time periods specified in SEC rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely discussions regarding required disclosure. We, under the supervision of and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, have evaluated the effectiveness of our disclosure controls and procedures as of December 30, 2023 March 30, 2024. Based on that evaluation, our Chief Executive Officer (Principal Executive Officer)

and Chief Financial Officer (Principal Financial Officer) have concluded that the design and operation of our disclosure controls and procedures were ineffective as the material weaknesses in internal control over financial reporting **that was** disclosed in our Annual Report on Form 10-K for the fiscal year ended September 30, 2023 **was** **were** not yet remediated as of **December 30, 2023** **March 30, 2024**.

### ***Changes in Internal Control over Financial Reporting***

There were no changes in our internal control over financial reporting during the quarter ended **December 30, 2023** **March 30, 2024** that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting, except as described below.

### ***Ongoing Remediation Efforts***

As previously disclosed in Part II, Item 9A of our Annual Report on Form 10-K for the fiscal year ended September 30, 2023, we are in the process of implementing a plan to address the material weaknesses in internal control over financial reporting that were disclosed in our Annual Report on Form 10-K for the fiscal year ended September 30, 2023. We are enhancing the design and implementation of existing controls and creating new controls as needed with respect to inventory control as follows:

- examination of our current controls and identifying the root cause(s) for the deficiencies;
- examination and enhancement of the procedures regarding certain of our annual physical inventory counts, including augmentation of employee training and validation of system generated reports utilized in performing certain annual physical counts and clarifying instructions as to the process for recording adjustments to inventory as a result of physical counts and validation data used in inventory costing;
- enhanced supervision of personnel during and subsequent to physical inventory counts to confirm compliance with established Company policies;
- examination and enhancement of the procedures regarding the completeness and accuracy of data utilized in computing inventory reserves.

We are enhancing the design and implementation of existing controls and creating new controls as needed with respect to vendor rebates as follows:

- implementing and executing enhanced controls to detect potential material misstatements in the data utilized to calculate vendor rebates earned and timing of vendor rebate income recognition, to aid in the detection of potential deviations that may be relied upon in our financial reporting processes.

The actions we are taking are subject to continued senior management review as well as Audit Committee oversight. The material weaknesses will not be considered remediated until the applicable controls operate for a sufficient period of time and management has

concluded, through testing, that these controls are operating effectively. We anticipate that the remediation of these material weaknesses will be completed during fiscal year 2024. We are committed to continuing to improve our internal control processes, and, as we continue to evaluate and work to improve our internal control over financial reporting, we may take additional measures to address control deficiencies, or we may modify certain of our remediation measures as described above or as described in our Annual Report on Form 10-K for the fiscal year ended September 30, 2023.

**LESLIE'S POOLMART, INC. EXECUTIVE SEVERANCE PAY PLAN**

Leslie's Poolmart, Inc. (hereinafter the "Company") hereby adopts the Leslie's Poolmart, Inc. Executive Severance Pay Plan (the "Plan"), effective upon the date of its execution.

**Section 1: Purpose; Definitions**

**1.1 Purpose.** The purpose of the Plan is to provide severance pay to eligible executives of the Company in the circumstances and on the conditions specified. The Plan is an "employee welfare benefit plan" within the meaning of Section 3(1) of the Employee Retirement Income Security Act of 1974, as amended, (hereinafter "ERISA"). Neither the receipt nor the amount of any severance payment is contingent, directly or indirectly, on an employee's retirement. Severance payments are contingent, prospective payments that may be provided under the circumstances and conditions described.

**1.2 Definitions.**

a. **Cause.** With respect to any Participant, Cause means (i) the willful and continued failure by Participant to substantially perform their duties with the Company; (ii) conviction of any felony; (iii) conviction of any crime involving moral turpitude or dishonesty that causes, or is likely to cause, harm to the Company; (iv) participation in a fraud or willful act of dishonesty against the Company that causes, or is likely to cause, harm to the Company; (v) intentional and material damage to the Company's property; (vi) the Participant's intentional failure to follow, or intentional conduct that violates the Company's written policies that are generally applicable to all officers of the Company or (vii) the Participant's intentional violation of any term of agreement between the Participant and the Company, including non-disclosure and non-competition agreements, or any statutory duty the Participant owes to the Company.

b. **COBRA.** The Consolidated Omnibus Budget Reconciliation Act of 1985, as amended.

c. **Code.** The Internal Revenue Code of 1986, as amended from time to time, or any successor thereto.

d. **Compensation Committee.** The Compensation Committee means the Compensation Committee of the Company's board of directors.

e. **Covered Employer.** For purposes of the Plan, the term "Covered Employer" is defined to mean the Company or one of the Company's subsidiaries.

f. **Eligible Employee.** An individual designated by the Company, who (i) has been an employee of the Company for a minimum of ninety (90) days prior to a Separation From Service, (ii) is not eligible for severance benefits under any other plan, program, policy, procedure or agreement of or with the Company, (iii) incurs a Separation From Service without Cause, by action of the Company,

other than as a result of death, total disability as contemplated by a long term disability plan of the Company, or any voluntary resignation or termination, and (iv) executes a Final Release, at the time of Separation From Service.

g. *Final Release.* A general release effective between or among the Company and the Participant, which is satisfactory in form and substance to the Company, as applicable, including non-disclosure, non-competition and non-solicitation restrictions, and for which the period has expired for the exercise of any revocation rights of the Participant with respect thereto.

h. *Medical Benefits Continuation.* Means, subject to a Participant's (a) timely election of continuation coverage under COBRA, with respect to the Company's group health insurance plans in which such Participant participated immediately prior to the Separation from Service and (b) continued payment by such Participant of premiums for such plans at the "active employee" rate (excluding, for purposes of calculating cost, Participant's ability to pay premiums with pre-tax dollars), the Company shall provide COBRA continuation coverage for such Participant and his or her eligible dependents until the earliest of (x) expiration of twelve (12) months following the date of the Separation From Service, (y) Participant or his or her eligible dependents, as the case may be, ceasing to be eligible under COBRA, and (z) Participant becoming eligible for coverage under the health insurance plan of a subsequent employer. If the Company is unable to provide, or is unable to continue to provide, Medical Benefits Continuation as contemplated hereunder due to restrictions imposed by law, the Company shall pay Participant a cash amount equal to the number of months remaining in the severance period multiplied by the applicable active employee rate.

i. *Participant.* Each Eligible Employee.

j. *Plan Administrator.* The Compensation Committee is the Plan Administrator. The Compensation Committee may delegate its authority under the Plan to such person(s) as it deems necessary or appropriate from time to time, and any such delegation shall carry with it the Plan Administrator's discretionary authority.

k. *Separation From Service.* A termination of substantial services for the Company and any affiliate thereof within the contemplation of Code Sections 414(b) and 414(c). An individual will not be treated as having incurred a Separation From Service where the individual's level of future services for the Company and any affiliate is reasonably anticipated by the Employer to exceed 30% of the average level of bona fide services provided by that individual in any capacity for the prior 36 month period, or the prior period of services if less, but will be treated as having incurred a Separation From Service at any time when such reasonably anticipated level of future services is equal to or less than such 30% average level of prior services.

l. *Senior Officer.* An officer of the Company at or above the level of Senior Vice President and serves on the Company's Executive Board as determined by the Company's Chief Executive Officer.

## Section 2: Eligibility

---

Each individual is a Participant in the Plan as of the date the individual becomes a Senior Officer and satisfies all elements of the definition of an Eligible Employee. No other persons have any rights under the Plan or to receive any benefit under the Plan. No employee will be eligible to receive a benefit under the Plan unless the employee and the Company execute a Participation Agreement substantially in the form attached as Exhibit A to the Plan (or another form approved by the Compensation Committee). The executed Participation Agreement will constitute an agreement between the Company and the employee that binds both of them to the terms of the Plan and will bind their heirs, executors, administrators, successors, and assigns, both present and future.

## Section 3: Plan Benefits

**3.1 Benefits.** A Participant is eligible to receive (a) periodic severance payments for a duration of 12 (twelve) months following date of Separation From Service and (b) Medical Benefits Continuation.

**3.2 Payment of Benefits.** Plan benefits will be the Participant's base pay amount, for the duration described in Section 3.1(a), using the payroll date frequency in effect for the Participant as of the date the individual incurs a Separation From Service, as provided in this Section 3.2.

a. *Payment Timing.* Payment of Plan benefits will commence on the 30<sup>th</sup> day following the Participant's Separation From Service, provided the Participant has executed a Final Release (for which any revocation rights have expired) before the end of such 30 day period. Plan benefits with respect to the period from the date of Separation From Service until such payment commencement date will be accumulated and paid on the first business date which occurs after the expiration of such 30 day period, and remaining Plan benefits will be paid thereafter on normal payroll cycles (except as otherwise provided in Section 5.3 with respect to certain death benefits).

b. *No Final Release.* If an otherwise Eligible Employee fails to execute a Final Release (for which any revocation rights have expired) before the end of the 30 day period described in Section 3.2.a. above, such individual shall be ineligible for Plan benefits.

**3.3 Deductions.** The employer will effect all legally required deductions. All payments under the Plan will be subject to tax withholding or other withholding required or permitted by applicable law to the extent deemed necessary by the Plan Administrator. The Participant will bear the cost of any taxes not withheld on benefits provided under the Plan, regardless of whether withholding is required.

#### Section 4: Financing Plan Benefits

All Plan benefits shall be paid directly by the Company or designated subsidiary out of its general assets. All Plan benefits are unfunded and unsecured until paid.

#### Section 5: Covenants

**5.1 Generally.** In consideration for the benefits provided under the Plan, each Participant will agree to the covenants set forth in this Section 5.

**5.2 No Disparagement.** The Participant will at no time make any derogatory, misleading or otherwise negative statement about the actions, performance or behavior of the Company or its officers, directors, employees and agents.

**5.3 Cooperation.** The Participant will cooperate with the Company in order to ensure an orderly transfer of his or her duties and responsibilities. In addition, the Participant will at all times, both before and after termination of employment, (a) provide reasonable cooperation in connection with any action or proceeding (or any appeal from any action or proceeding) that relates to events occurring during the Participant's employment hereunder, provided that such cooperation does not materially interfere with the Participant's then current employment, and (b) cooperate with the Company in executing and delivering documents requested by the Company, and taking any other actions, that are necessary or requested by the Company to assist the Company in patenting, copyrighting, or registering any programs, ideas, inventions, discoveries, patented or copyrighted material, or trademarks, and to vest title thereto in the Company.

**5.4 Recoupment.** If the Participant breaches any of the covenants set forth in this Section 5 or any additional covenants set forth in the Final Release, the Company will have no further obligation to pay to the Participant any benefit under the Plan, and the Participant will be obligated to repay to the Company all benefits previously paid to, or on behalf of, the Participant under the Plan.

#### Section 6: Miscellaneous

**6.1 Employment Rights.** No provisions of the Plan and no action taken by the Company or the Plan Administrator will give any person any right to be retained in the employ of the Company. The Plan does not constitute a contract of employment and the Company and Participant acknowledge that Participant's employment is and will continue to be at-will, as defined under applicable law. Participation does not give any person the right to be rehired or retained.

**6.2 Controlling Law.** ERISA shall be controlling in all matters relating to the Plan. The provisions of this Plan are intended to be applied in a manner consistent with Section 409A (as defined below), but neither the Company nor any affiliate thereof shall be liable for any determination by any person(s) that the arrangement or the administration thereof is subject to the tax provisions of Section 409A.

**6.3 No Right To Assets.** Participation in the Plan does not create, in favor of any Participant, any right or lien in or against any asset of the Company. Nothing contained in the Plan, and no action taken under its provisions, will create or be construed to create a

trust of any kind, or a fiduciary relationship, between the Company and a Participant or any other person. The Company's promise to pay benefits under the Plan will at all times remain unfunded as to each Participant, whose rights under the Plan are limited to those of a general and unsecured creditor of the Company.

---

**6.4 Interests Not Transferable.** The interests of persons entitled to benefits under the Plan may not be sold, transferred, alienated, assigned nor encumbered; provided, however, that upon the death of a Participant in pay status under the Plan, the sum of any remaining scheduled benefit payments will be paid in a lump sum to the surviving spouse of the Participant, if any, or if none then to the estate of the Participant.

**6.5 Headings.** The headings of sections and subsections herein are for convenience of reference only and shall not be construed or interpreted as part of the Plan.

**6.6 Severability.** If any provision of the Plan shall be held to be illegal or invalid for any reason, such illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if such illegal or invalid provision had never been contained in the Plan.

**6.7 Administration.** The Plan Administrator shall have the sole and final power, duty, discretion, authority and responsibility of directing and administering the Plan. All directions by the Plan Administrator shall be conclusive on all parties concerned. The Plan Administrator shall have the sole, absolute and final right and power to construe, interpret and administer the provisions of the Plan including, but not limited to, the power (i) to construe any ambiguity and interpret any provision of the Plan or supply any omission or reconcile any inconsistencies in such manner as it deems proper, (ii) to determine eligibility to become a Participant in the Plan in accordance with its terms, (iii) to decide all questions of eligibility for, and determine the amount, manner, and time of payment of, any benefits hereunder, and (iv) to establish uniform rules and procedures to be followed in any matters required to administer the Plan.

**6.8 Section 409A Compliance.**

a. This Plan is intended to comply with the requirements of Section 409A of the Code and the regulations and guidance promulgated thereunder ("Section 409A") or an exemption from Section 409A. The Company shall undertake to administer, interpret, and construe this Plan in a manner that does not result in the imposition on a Participant of any additional tax, penalty, or interest under Section 409A. Each payment under this Plan shall be treated as a separate payment for purposes of Section 409A.

b. Notwithstanding anything herein to the contrary, in the event that a Participant is a "specified employee" within the meaning of that term under Section 409A(a)(2)(B) of the Code, then with regard to any payment or the provision of any benefit (whether under this Plan or otherwise) that is considered deferred compensation under Section 409A payable on account of a "separation from service," and that is not exempt from Section 409A as involuntary separation pay or a short-term deferral (or otherwise), to the extent necessary to avoid the imposition of excise taxes under Section 409A, such payment or benefit shall be made or provided at the date which is the earlier of (i) the expiration of the six (6)-month period measured from the date of such "separation from service" of the Participant or (ii) the date of the Participant's death (the "Delay Period"). Upon the expiration of the Delay Period, all payments and benefits delayed pursuant to this Section 6.8(b) (whether they would have otherwise been payable in a single sum or in installments in the absence of such delay) shall be paid or reimbursed to the Participant in a lump sum without interest, and any remaining payments and benefits due under this Plan shall be paid or provided in accordance with the normal payment dates specified for them herein.

c. With regard to any provision herein that provides for reimbursement of costs and expenses or in-kind benefits, except as permitted by Section 409A, all such payments shall be made on or before the last day of the calendar year following the calendar year in which the expense occurred.

**6.9 Equity Awards.** The Plan does not affect the terms of any outstanding equity awards. The treatment of any outstanding equity awards shall be determined in accordance with the terms of the Company equity plan or plans under which they were granted and any applicable award agreements.

#### Section 7: Amendment and Termination

The Company reserves the right, in its sole discretion, to amend the Plan from time to time or to terminate the Plan, all without prior notice. No representation by anyone can extend the Company's severance pay policies to provide for severance payments that are not covered by the Plan.

A copy of the current plan document is enclosed). For clarification, this Plan supersedes and replaces in its entirety any and all other Company executive severance plans, including without limitation, the Leslie's Poolmart, Inc. 2019 Executive Severance Plan.

---

Performance Period and at the Target performance for any incomplete fiscal years within the Performance Period, and you will be entitled to receive that number of Performance Units so long as you remain in the continuous employment or service by the Company or one of its Affiliates through the applicable Settlement Date.

Notwithstanding anything to the contrary herein, if, within the 24-month period following such Change of Control, your employment or service with the Company and its Affiliates is terminated by the Company or one of its Affiliates without Cause (other than due to death or Disability) [or by you with Good Reason], then the number of Performance Units eligible to be earned under the paragraph above shall become fully earned as of the date of termination of employment or service. ["Good Reason" means, for the purposes of this Award, your resignation within 60 days after the occurrence any of the following events without your consent: (i) a material reduction in your duties that is inconsistent with your position at the time of the Grant Date, (ii) any material reduction in your base annual salary or target annual bonus (other than in connection with a general decrease in the base salaries or target bonuses for all officers of the Company), (iii) a requirement by the Company that you relocate your principal office to a facility more than 50 miles from your principal office immediately prior to the Change of Control (which relocation increases your commute); or (iv) there is a willful failure or refusal by the Company to perform any material obligation under any written employment agreement between you and the Company; provided however, that with regard to (i) through (iv) you must provide the Company with written notice of the event allegedly constituting "Good Reason," and the Company will have 15 days from the date it receives such written notice to cure such event.]

If a Change of Control occurs in which the successor or surviving corporation (or parent thereof) has not assumed or substituted the Performance Units granted hereby in the manner contemplated by Section 17(c) of the Plan, then the performance measures in Appendix A shall be deemed achieved based actual performance for completed fiscal

years within the Performance Period and target performance for incomplete fiscal years within the Performance Period, and you shall fully earn that number of Performance Units immediately prior to the Change of Control.

**Settlement of Performance Units:**

As soon as administratively practicable after the end of the Performance Period, the Administrator shall solely and exclusively make all determinations with regard to the calculation of performance (pursuant to Appendix A) during the Performance Period and the number of Performance Units which the participant is entitled to receive under this Award. Settlement with respect to 50% of the earned Performance Units shall occur on a date chosen by the Administrator following certification of performance, but in any event within ninety (90) days following the end of the Performance Period and in any event no later than March 15th of the calendar year immediately following the calendar year in which the Performance

Period ends (the "First Settlement Date"). Settlement with respect to 50% of the earned Performance Units shall occur on a date chosen by the Administrator on or after the last day of Fiscal Year 2026, but in any event within ninety (90) days following the last day of Fiscal Year 2026, and in any event no later than March 15, 2027 (the "Second Settlement Date"). To the extent an event triggering earlier settlement occurs as explicitly provided for in this Agreement, settlement shall occur on a date chosen by the Administrator following certification of performance, if applicable, or otherwise following such triggering event, but in any event within ninety (90) days following such triggering event, and in any event no later than March 15th of the calendar year immediately following the calendar year in which such triggering event occurs (the "Early Settlement Date," and each of the First Settlement Date, the Second Settlement Date, or the Early Settlement Date, as applicable, the "Settlement Date"). The Company will settle your earned Performance Units by issuing in your name certificate(s) or making an appropriate book entry for a number of Shares equal to the number of Performance Units that have been earned..

**Transferability of Performance Units:**

You may not sell, transfer or otherwise alienate or hypothecate this Award or any of your Performance Units until they are earned and settled. In addition, by accepting this Award, you agree not to sell any Shares acquired under this Award other than as set forth. This means that, upon your execution of this agreement, you will be eligible to receive the severance benefits described in the Plan and at a time when applicable laws, Company policies or an agreement between the Company and its underwriters do not prohibit a sale.

Rights as Shareholder;  
Dividend Equivalents:

You will not be deemed for any purposes to be a shareholder of the Company with respect to any of the Performance Units (including with respect to voting or dividends), unless and until a certificate for Shares is issued upon settlement of the Performance Units. Notwithstanding the preceding sentence, each Performance Unit shall be credited with dividend equivalents, which shall be withheld by the Company for your account. Dividend equivalents credited to your account and attributable to a Performance Unit shall be distributed (without interest) to you at the same time as the underlying Share is delivered upon settlement of such Performance Unit and, if such Performance Unit is forfeited, you shall have no right to such dividend equivalents. Any adjustments for dividend equivalents shall be in the sole discretion of the Administrator and may be payable (i) in cash, (ii) in Shares with a Fair Market Value as of the applicable settlement date equal to the dividend equivalents, or (iii) in an adjustment to the underlying number of Shares subject to the Performance Units.

Taxes:

You (and not the Company or any Affiliate) shall be responsible for your federal, state, local or foreign tax liability and any of your other tax consequences that may arise as a result of the transactions contemplated by this Award. You shall rely solely on the determinations of your own tax advisors or your own determinations, and not on any statements or representations by the Company or any of its agents, with regard to all such tax matters.

To the extent that the receipt, earning or settlement of the Performance Units, or other event, results in income to you for federal, state or local income tax purposes, you shall deliver to the Company or its Affiliate, at the time the Company or its Affiliate, is obligated to withhold taxes in connection with such receipt, earning, settlement or other event, as the case may be, such amount as the Company or its Affiliate requires to meet its withholding obligation under applicable tax laws or regulations, and if you fail to do so, the Company shall not be obligated to deliver any Shares to you and shall have the right and authority to deduct or withhold from other compensation payable to you an amount sufficient to satisfy its withholding obligations.

In furtherance of the forgoing, unless alternative arrangements to fund tax withholding obligations are made in advance in a manner acceptable to the Company, your acceptance of the Award constitutes your instruction and authorization to the Company to cause to be sold (by the Company's designated broker) on your behalf a whole number of Shares from those Shares issued to you as the Company determines to be appropriate to generate cash proceeds sufficient to satisfy your tax withholding obligations. Such Shares will be sold on the day of the event giving rise to the tax withholding obligation or as soon thereafter as practicable. You will be responsible for all broker's fees and other costs of sale. The number of Shares sold may be determined by considering any applicable withholding rates, including maximum applicable rates. You further acknowledge that the Company or its designee is under no obligation to arrange for such sale at any particular price.

**Miscellaneous:**

- Neither the Plan nor the grant of this Award shall constitute or be evidence of any agreement or understanding, express or implied, that you have a right to continue as an employee or otherwise remain in the service of the Company or any of its Affiliates for any period of time, or at any particular rate of compensation. Nothing in this Award will interfere with or restrict the rights of the Company or its Affiliates—which are expressly reserved—to remove, terminate or discharge you at any time for any reason whatsoever or for no reason, subject to the Company's certificate of incorporation bylaws and other similar governing documents and applicable law. Any value under your Performance Units is not part of your normal or expected compensation for purposes of calculating any severance, retirement, welfare, insurance or similar employee benefit. The grant of your Performance Units does not create any right to receive any future awards.
- The Plan and this Award constitute the entire understanding of the parties with respect to the subject matter hereof and supersede in their entirety all prior undertakings and agreements between you and the Company with respect to the subject matter hereof. You expressly warrant that you are not accepting this Award in reliance on any promises, representations or inducements, other than those contained herein.
- By accepting the grant of your Performance Units, you agree not to sell any Shares acquired in connection with the Performance Units other than as set forth in the Plan and at a time when applicable laws, Company policies or an agreement between the Company and its underwriters do not prohibit a sale.
- As a condition of the granting of this Award, you agree, for yourself and your legal representatives or guardians, that this Award shall be interpreted by the Administrator and that any interpretation by the Administrator of the terms of this Award or the Plan and any determination made by the Administrator pursuant to this Award, shall be final, binding and conclusive.
- Subject to the terms of the Plan, the Administrator may modify or amend this Award without your consent as permitted by Section 15(c) of the Plan or: (i) to the extent such action is deemed necessary by the Administrator to comply with any applicable law or the listing requirements of any principal securities exchange or market on which the Shares are then traded; (ii) to the extent the action is deemed necessary by the Administrator to preserve favorable accounting or tax treatment of any award for the Company; or (iii) to the extent the Administrator determines that such action does not materially and adversely affect the value of this Award or that such action is in the best interest of you or any other person who may then have an interest in this Award.
- You acknowledge and expressly agree to the governing law and jurisdiction and waiver of jury trial terms of Section 18(g) of the Plan (and any successor terms).
- This Award may be executed in counterparts. The Company may deliver any documents related to current or future participation in the Plan by electronic means. You consent to receive those documents by electronic delivery and to participate in the Plan through any on-line or electronic system established and maintained by the Company or a third party designated by the Company.
- The invalidity or unenforceability of any term of the Plan or this Agreement will not

- affect the validity or enforceability of any other term of the Plan or this Agreement, and each other term of the Plan and this Agreement will be severable and enforceable to the extent permitted by applicable law.
- You must, upon request of the Company, do all acts and execute, deliver and perform all additional documents, instruments and agreements that may be reasonably required by the Company to implement this Agreement.
- All awards, amounts, and benefits received or outstanding under the Plan will be subject to clawback, cancellation, recoupment, rescission, payback, reduction or other similar action in accordance with the terms of any Company clawback or similar policy or any applicable law related to such actions, as may be in effect from time to time. You acknowledge and expressly agree to the Company's application, implementation and enforcement of any applicable Company clawback or similar policy that may apply to you, whether adopted before or after the Grant Date, and any term of applicable law relating to clawback, cancellation, recoupment, rescission, payback or reduction of compensation, and the Company may take such actions as may be necessary to effectuate any such policy or applicable law, without further consideration or action.
- This Award, and any issuance of Shares hereunder, is intended to comply and shall be interpreted in accordance with Section 409A of the Code. Upon your "separation from service," the Company shall determine whether any Shares issued to you in accordance with this Award could be determined to be payments from a nonqualified deferred compensation plan and whether you are a "specified employee" as of the applicable payment date (each as defined by Section 409A of the Code). If you are determined to be a "specified employee" and any such payments are payable in connection with your separation from service, and are not exempt from Section 409A of the Code as a short-term deferral or otherwise, these payments, to the extent otherwise payable within 6 months after your date of separation from service, will be paid in a lump sum on the earlier of: (i) the date that is 6 months after your date of separation from service or (ii) the date of your death. The foregoing 6-month delay shall be applied if and only to the extent necessary to avoid the imposition of taxes under Section 409A of the Code. For purposes of Section 409A of the Code, the payments to be made to you in accordance with this Agreement shall be treated as a right to a series of separate payments.

This Award is granted under and governed by the terms and conditions of the Plan.
