## Performance Obligations

A majority of the Company's contracts have a single performance obligation which represents, in most cases, the product being sold to the customer. Some contracts include multiple performance obligations such as a product and the related installation, extended warranty, software and/or maintenance services. For contracts with multiple performance obligations, the Company allocates the total transaction price to each performance obligation in an amount based on the estimated relative standalone selling prices of the promised products or services underlying each performance obligation.

The Company's performance obligations are satisfied either at a point in time or over time as work progresses. For performance obligations satisfied at a point in time, revenue is recognized when control transfers to the customer, typically upon shipment. For performance obligations in which the Company transfers control of a product or service over time, revenue is recognized over time as work is performed. Typically, this results when the Company performs services over time or the Company creates a product with no alternative use and has an enforceable right to payment for its performance to date. Revenue from products and services transferred to customers at a point in time comprised approximately 95% of the Company's revenue and over time was as follows:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2023	2022	2023	2022
Revenue from products transferred at a point in time	95 %	96 %	95 %	96 %
Revenue from products and services transferred over time	5 %	4 %	5 %	4 %

comprised approximately 5% of the Company's revenue for both the three months ended March 31, 2024 and 2023, respectively.

## Contract Balances Assets and Liabilities

The timing of billings and cash collections can result in customer receivables, billings in excess of revenue recognized, advance payments or deposits. Customer receivables include both amounts billed and currently due from customers as well as unbilled amounts (contract assets) and are included in Receivables - net on the Condensed Consolidated Balance Sheets.

The composition of customer receivables was as follows:

		September 30, 2023	December 31, 2022
March 31, 2024		March 31, 2024	
		December 31, 2023

## 6.5. Earnings Per Common Share

Diluted earnings per common share ("EPS") attributable to IDEX is computed by dividing Net income attributable to IDEX by the weighted average number of common shares outstanding (basic) plus common stock equivalents outstanding (diluted) for the period. Common stock equivalents consist of restricted stock, performance share units and stock options, which have been included in the calculation of weighted average common shares outstanding using the treasury stock method.

ASC 260, *Earnings Per Share* ("ASC 260"), concludes that all outstanding unvested share-based payment awards that contain rights to non-forfeitable dividends participate in undistributed earnings with common shareholders. If awards are considered participating securities, the Company is required to apply the two-class method of computing basic and diluted earnings per share. The Company has determined that its outstanding shares of restricted stock are participating securities. Accordingly, Diluted EPS attributable to IDEX was computed using the two-class method prescribed by ASC 260.

Basic weighted average common shares outstanding reconciles to diluted weighted average common shares outstanding as follows:

		Three Months Ended September 30,		Nine Months Ended September 30,			Three Months Ended March 31,					
		2023	2022	2023	2022		2024					2023

Diluted weighted average common shares outstanding	Diluted weighted average common shares outstanding	75.9	75.8	75.9	76.1							

Options to purchase Share-based payment awards of approximately 0.5 million and 0.2 million shares of common stock that for the three months ended March 31, 2024 and 2023, respectively, were not included in the computation of Diluted EPS attributable to IDEX because the effect of their inclusion would have been antdilutive were as follows: antdilutive.

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2023	2022	2023	2022

ASC 350, *Goodwill and Other Intangible Assets* ("ASC 350"), requires that goodwill be tested for impairment at the reporting unit level on an annual basis and between annual tests if an event occurs or circumstances change that would more likely than not reduce the fair value of the reporting unit below its carrying value. Annually, on October 31, goodwill and other acquired intangible assets with indefinite lives are tested for impairment. Based on the results of the Company's annual impairment test at October 31, 2023, all reporting units had fair values in excess of their carrying values. During the three months ended March 31, 2024, there were no events or circumstances that would have required an interim impairment test.

The Purchase Agreement contains certain covenants that restrict the Company's and its subsidiaries' ability to, among other things, transfer or sell assets, create liens, incur indebtedness, transact with affiliates and engage in certain mergers or consolidations. In addition, the Company must comply with a leverage ratio, interest coverage ratio and priority debt ratio as set forth in the Purchase Agreement. The Purchase Agreement provides for customary events of default. In the case of an event of default arising from specified events of bankruptcy or insolvency, all notes then outstanding under the Purchase Agreement will become due and payable immediately without further action or notice. 10.9. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, defines fair value, provides guidance for measuring fair value and requires certain disclosures. This standard discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow) and the cost approach (cost to replace the service capacity of an asset or replacement cost). The standard utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of those three levels:

- Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs, other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.
- Level 3: Unobservable inputs that reflect the reporting entity's own assumptions.

These fair value measurements are classified as Level 2 within the fair value hierarchy since they are determined based upon significant inputs observable in the market, including interest rates on recent financing transactions to entities with a credit rating similar to the Company's rating.

Net sales for the three months ended **September 30, 2023** **March 31, 2024** decreased **4%** **5%** as compared to the same prior year period. Organic period reflecting a 6% decrease in organic net sales, decreased 6% partially offset by a 1% increase in acquisitions, net of divestitures. The decrease in organic net sales was driven by the impact lower volumes, largely as a result of current market conditions on volumes in the Health & Science Technologies businesses, partially offset by price capture across all segments. This decrease, combined with the acceleration of previously deferred revenue related to the exit of a COVID-19 testing application in 2022 that did not reoccur in 2023 (see [Note 12](#) in the Notes to Condensed Consolidated Financial Statements for further detail), was partially offset by acquisition-related growth, net of divestitures, of 3% (see [Note 2](#) in the Notes to Condensed Consolidated Financial Statements for further detail on acquisitions and divestitures) and a favorable impact from foreign currency translation.

Net sales for the nine months ended **September 30, 2023** increased 5% as compared to the same prior year period driven by a 5% increase in acquisitions, net of divestitures, and a 1% increase in organic sales. Price capture offset the impact of lower volumes in the Health & Science Technologies segment as well as the acceleration of previously deferred revenue in 2022 that did not reoccur in 2023, both of which are discussed above.

In the three months ended **September 30, 2023** **March 31, 2024**, net sales decreased **10%** **4%** domestically and increased 4% internationally, and sales to customers outside the U.S. were approximately 49% of total sales in the third quarter of 2023 compared with 46% during the same period in 2022. In the nine months ended **September 30, 2023**, net sales were flat domestically and increased 10% **6%** internationally, and sales to customers outside the U.S. were approximately 50% of total sales in the first **nine months** quarter of 2023 compared with 48% during the same period in 2022.

## Selling, General and Administrative Expenses

Selling, general and administrative expenses ~~in for~~ the three months ended ~~September 30, 2023~~ ~~March 31, 2024~~ increased primarily due to the ~~\$11.0 million~~ ~~\$3.5 million~~ impact from acquisitions, including amortization, net of divestitures. Excluding this impact, selling, general and administrative expenses decreased by \$7.0 million as compared with the same prior year period primarily due to lower employee-related costs, including the impact of executive forfeitures recorded during the current year period as well as the timing of retirement eligibility of participants.

Selling, general and administrative expenses in the nine months ended September 30, 2023 increased primarily due to the \$40.0 million impact from acquisitions, including amortization, net of divestitures, as well as increases in employee-related costs, which include accelerated stock compensation costs for retiree eligible participants.

## Restructuring Expenses and Asset Impairments

Restructuring expenses and asset impairments ~~decreased~~ ~~increased~~ in ~~both~~ the three ~~and nine~~ months ended ~~September 30, 2023~~ ~~March 31, 2024~~ primarily due to an asset impairment charge of \$16.8 million related to the exit of a COVID-19 testing application in 2022, partially offset by higher severance costs, ~~in 2023~~ ~~which were~~ incurred in conjunction with cost mitigation efforts as a result of current market conditions. See conditions, compared with the same period in 2023.

## Gain on Sale of Business

In the third quarter of 2023, the Company completed the sale of Micropump for proceeds of \$110.3 million, net of cash remitted, resulting in a pre-tax gain on the sale of \$93.8 million. In the third quarter of 2022, the Company completed the sale of Knight for proceeds of \$49.4 million, net of cash remitted, resulting in a pre-tax gain on the sale of \$34.8 million.

## Other (Income) Expense - Net

Other (income) expense - net increased to ~~\$2.1 million~~ ~~\$2.7 million~~ of income in the three months ended September 30, 2023 ~~first quarter of 2024~~ compared to ~~\$1.0 million~~ ~~\$0.6 million~~ of income during the same period in ~~2022~~ ~~2023~~. The increase was primarily due to higher interest earned in 2023.

Other (income) expense - net decreased to \$5.6 million of expense in the nine months ended September 30, 2023 compared to \$3.3 million of income during the same period in 2022. The increase in expense was primarily due to a \$7.7 million credit loss reserve on a note receivable from a collaborative partner (see [Note 3](#) in the Notes to Condensed Consolidated Financial Statements for further detail), higher foreign currency transaction losses and \$2.7 million of gains on during the sale of assets in 2022 that did not reoccur in 2023, partially offset by higher interest earned in 2023. ~~current year period.~~

## Interest Expense - Net

Interest expense - ~~net~~ for the three ~~and nine~~ months ended September 30, 2023 ~~increased~~ ~~March 31, 2024 decreased~~ compared to the same period in ~~2022~~ ~~2023~~ due to a ~~decrease in the borrowings incurred under the Revolving Credit Facility~~ ~~amount of debt outstanding~~ and the Term Facility ~~higher interest earned on cash balances in connection with the Muon Group acquisition 2024, partially offset by increases in November 2022 as well as higher interest rates on the Company's indebtedness, outstanding debt, which increased interest expense by approximately \$0.8 million.~~

## Income Taxes

The effective Company's provision for income taxes is based upon estimated annual tax rates of 20.2% for the year applied to federal, state and 21.4% foreign income. The provision for income taxes decreased to \$33.2 million for the three ~~and nine~~ months ended September 30, 2023, respectively, decreased as compared with the effective tax rates of 21.8% and 22.1% ~~March 31, 2024 from \$40.0 million during the same periods period in 2022~~ 2023. The effective tax rate decreased to 21.5% for the three months ended March 31, 2024 from 22.2% during the same period in 2023 primarily due to the

~~finalization of both research expenditure capitalization on foreign derived income as well as the reduction of tax benefits related to the treatment~~ ~~finalization of tax impacts with taxing authorities of a previously recorded legal entity restructuring.~~

In October 2021, members of the ~~acquisition~~ Organization for Economic Co-operation and Development ("OECD") and G20 Inclusive Framework on Base Erosion and Profit Shifting agreed to a two-pillar solution to address the tax challenges associated with the digitalization of ~~Muon Group acquisition~~ the economy. In December 2021, the OECD released the Pillar Two Model Rules ("Pillar Two"), which define the global minimum tax and call for the taxation of large corporations at a minimum rate of 15%. Although it is uncertain when and how the rules will be fully enacted into law, based on our initial assessment, nearly all of the jurisdictions in which the Company operates have an effective tax rate above the 15% threshold. Therefore, the Company does not expect a material impact from the Pillar Two income tax rules.

  - Valves reporting unit driven by strong price capture and demand in Asia.
- Organic net sales for both the three and nine months ended September 30, 2023 was negatively impacted by the Agriculture reporting unit driven by distribution inventory recalibration, partially offset by positive OEM demand. In addition, within the Pumps reporting unit, strong price capture only partially offset the impact of softness in the industrial market during the three months ended September 30, 2023, while strong price capture and operational execution more than offset the impact of softness in the industrial market during the nine months ended September 30, 2023.
- The increase in Adjusted EBITDA margin for both the three and nine months ended September 30, 2023 was primarily due to strong price/cost, favorable operational productivity and lower discretionary spending, partially offset by lower volume leverage and higher employee-related costs. Adjusted net sales is used in the calculation of Organic Adjusted EBITDA margin for the three and nine months ended September 30, 2022. See [Note 12](#) in the Notes to Consolidated Financial Statements for further detail.

- The decrease in organic net sales for both the three and nine months ended September 30, 2023 was attributed to decreases in the following:

  - Sealing Solutions reporting unit driven by softness in the semiconductor market; and
  - Material Processing Technologies reporting unit driven by lower demand in the pharma/biopharma and food/nutrition markets, partially offset by operational execution related to backlog reduction and price capture.

Non-GAAP Disclosures

Set forth below are reconciliations of Organic net sales, Adjusted net sales, Adjusted gross profit, Adjusted gross margin, Adjusted net income attributable to IDEX, Adjusted diluted earnings per share ("EPS") attributable to IDEX, Consolidated Adjusted earnings before interest, income taxes, depreciation and amortization ("Adjusted EBITDA") and Consolidated Adjusted EBITDA margin to their respective most directly comparable U.S. GAAP measure. Management uses these metrics to measure performance of the Company since they exclude items that are not reflective of ongoing operations, as identified in the reconciliations below. Management also supplements its U.S. GAAP financial statements with adjusted information to provide investors with greater insight, transparency and a more comprehensive understanding of the information used by management in its financial and operational decision making.

This report references organic sales, a non-GAAP Management uses Adjusted EBITDA as its principal measure that excludes (1) the impact of foreign currency translation segment performance, and (2) sales from acquired or divested businesses during the first 12 months of ownership or prior to divestiture and (3) the impact from the exit of a COVID-19 testing application. The portion of sales attributable to foreign currency translation is calculated as the difference between (a) the period-to-period change in organic sales and (b) the period-to-period change in organic sales after applying prior period foreign exchange rates to the current year period. Management believes that reporting organic sales provides useful information to investors by helping to identify underlying growth trends in the Company's business and facilitating easier comparisons of the Company's revenue with prior and future periods and to its peers. The Company excludes the effect of foreign currency translation from organic sales because foreign currency translation is not under management's control, is subject to volatility and can obscure underlying business trends. The Company excludes the effect of acquisitions and divestitures because they can obscure underlying business trends and make comparisons of long-term performance difficult due to the varying nature, size and number of transactions from period to period and between the Company and its peers. The Company excludes the impact from the exit of a COVID-19 testing application because it is not reflective of ongoing operations and can obscure underlying business trends.

Management believes that Adjusted EBITDA, which is EBITDA adjusted for items that are not reflective of ongoing operations, is a useful as a performance indicator of ongoing operations. The Company believes that Adjusted EBITDA is useful to investors as an indicator of the strength and performance of the Company and its segments' ongoing business operations, as well as a way for investors to evaluate and compare operating performance and value companies within the Company's industry. Management believes that Adjusted EBITDA margin is useful for the same reason as Adjusted EBITDA. The definition of Adjusted EBITDA used here may differ from that used by other companies.

This report also references free cash flow. This non-GAAP measure is discussed and reconciled to its most directly comparable U.S. GAAP measure in the section above titled "Free Cash Flow."

The non-GAAP financial measures disclosed by the Company should not be considered a substitute for, or superior to, financial measures prepared in accordance with U.S. GAAP. Due to rounding, numbers presented throughout this and other documents may not add up or recalculate precisely. precisely. The financial results prepared in accordance with U.S. GAAP and the reconciliations from these results should be carefully evaluated.

### Item 3. Quantitative and Qualitative Disclosures About Market Risk

There have been no material changes with respect to market risks disclosed in the Company's Annual Report on Form 10-K for the year ended **December 31, 2022** **December 31, 2023**.

### Item 4. Controls and Procedures

The Company maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Company's Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to the Company's management, including its Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

As required by SEC Rule 13a-15(b), the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures as of the end of the period covered by this report. ## PART II. OTHER INFORMATION

### Item 1. Legal Proceedings

The Company and its subsidiaries are party to legal proceedings arising in the ordinary course of business as described in [Note 17.14](#) in Part I, Item 1, "Commitments and Contingencies," and such disclosure is incorporated by reference into this Item 1. "Legal Proceedings."

The Company's threshold for disclosing material environmental legal proceedings involving a government authority where potential monetary sanctions are involved is \$1.0 million.

In addition, the Company and six of its subsidiaries are presently named as defendants in a number of lawsuits claiming various asbestos-related personal injuries, allegedly as a result of exposure to products manufactured with components that contained asbestos. These components were acquired from third party suppliers and were not manufactured by the Company or any of the defendant subsidiaries. To date, the majority of the Company's settlements and legal costs, except for costs of coordination, administration, insurance investigation and a portion of defense costs, have been covered in full by insurance, subject to applicable deductibles. However, the Company cannot predict whether and to what extent insurance will be available to continue to cover these settlements and legal costs, or how insurers may respond to claims that are tendered to them. Asbestos-related claims have been filed in jurisdictions throughout the United States and the United Kingdom. Most of the claims resolved to date have been dismissed without payment. The balance of the claims have been settled for various immaterial amounts. Only one case has been tried, resulting in a verdict for the Company's business unit. No provision has been made in the financial statements of the Company, other than for insurance deductibles in the ordinary course, and the Company does not currently believe the asbestos-related claims will have a material adverse effect on the Company's business, financial position, results of operations or cash flows.

### Item 1A. Risk Factors

There have been no material changes with respect to risk factors disclosed in the Company's Annual Report on Form 10-K for the year ended **December 31, 2022** **December 31, 2023**.

The parties to this Agreement are hereinafter collectively referred to as the "Parties" and individually as a "Party"; PARTIES HAVE AGREED AS FOLLOWS: RECITALS: (1) Uleman entered the employment of the Company on 9 January 2012 and currently holds the position of Senior Vice President, Group Executive, Health & Science Technologies (the "Role") based on an employment agreement for an indefinite period of time (the "Employment Agreement"); (2) The salary most recently earned by Uleman is EUR 43.334.- gross per month (the "Salary"), including vacation allowance of 8% and excluding other fringe benefits; (3) The Company is a subsidiary of the ultimate parent company IDEX Corporation (IDEX). In this Agreement the "Group" refers to the Company as well as to all companies affiliated to the Company (both in and outside of The Netherlands), which includes but is not limited to direct and indirect subsidiaries, parent companies and other companies within the IDEX group of companies including the parent company IDEX as well as all their legal predecessors and successors; (4) Due to a restructuring the Role is eliminated and consequently Uleman will become redundant effective 11 September 2023; (5) The Company has investigated whether it can redeploy Uleman in another position but had to conclude that alternative suitable employment is not available for Uleman, nor will such position become available in the near future. Consequently, the elimination of Uleman's Role results in the inevitable termination of the Employment Agreement; (6) As the Company seeks to terminate the Employment Agreement, the Parties have discussed the conditions for such termination. In view of the above, and to end all points of dispute regarding the consequences of the termination of the Employment Agreement, the Parties have reached EX-10.1

slide2

Page 2 of 7 the agreement as set out in this settlement agreement (the "Agreement"); (7) The decision to grant Uleman the terms set out in this Agreement has been taken by the competent body of the Company; (8) Uleman is fully aware of the content of this Agreement and its consequences and has been given the opportunity to consider and receive expert legal advice (the "Representative") prior to signing this Agreement; (9) Within 14 (fourteen) days as from the date that Parties have reached full agreement about the terms and conditions set out in this Agreement, Uleman has the right to withdraw his acceptance of the subject Agreement and rescind it extra-judicially. The rescission must be made in writing and must be delivered to the Company per e-mail with a confirm delivery and read option at the notice of Melissa Flores, Senior Vice President, Chief Human Resources Officer (the "Rescission of Acceptance"). 1. TERMINATION OF EMPLOYMENT BY MUTUAL CONSENT 1.1 Termination Date. The Employment Agreement will end with mutual consent effective 31 December 2023 (the "Termination Date"). 1.2 Transfer of Duties and Support to BUS. Uleman agrees to ensure that his duties are properly finalized and transferred to the designated business leaders as per the instructions of IDEX by 11 September 2023. From 11 September 2023 until and including 20 November 2023, Uleman agrees to provide transitional support for the businesses within the Health and Science Segment moving under new leadership with an emphasis on completing the first-year integration plan for the Muon businesses in collaboration with the corresponding Group President. 1.3 Cooperation in Deregistration. Uleman agrees to collaborate fully and timely with IDEX and FFM HR and Legal teams in relation to any required deregistrations from any roles or titles that Uleman holds resulting from the termination of his Employment Agreement. 2. SEVERANCE PACKAGE — OTHER EMPLOYMENT BENEFITS - REFERENCE LETTER 2.1 Severance Package. In consideration for the promises and benefits made herein, the Company agrees to provide the following "Severance Package" if Uleman signs, does not deliver a Rescission of Acceptance, and complies with this Agreement: a. Release from duties. As per 21 November 2023 Uleman shall be released from duties (the "Release Date") with entitlement to his full pay (but excluding expense allowances, travel allowances, and other allowances related to active duty) until the Termination Date (the "Release Period"). During the Release Period, Uleman is not allowed to perform any form of paid work or commercial/economically valuable side activities in the broadest sense of the word. b. Contractual Severance. Pursuant to article 3.2 of the Employment Agreement, the

slide3

Page 3 of 7 Company will pay Uleman an amount of EUR 910,000.- gross (the "Contractual Severance"), under the condition that the Employment Agreement terminates in accordance with Clause 1.1 of this Agreement and Uleman properly fulfills his obligations as stipulated in Clause 1.2. The Severance Payment is intended to supplement any benefits under social security laws or a lower salary earned elsewhere. c. Outplacement. The Company will provide Uleman with outplacement services for a period of six (6) months. Outplacement services will be provided by Robertson Lowstuter, Inc., with an executive package selected and paid by the Company directly to the outplacement service provider. Uleman is not able to initiate outplacement services until this Agreement has been signed and returned to the Company and the fourteen (14) day rescission period has passed without Uleman's rescission thereof (provided Uleman does not breach the Agreement). Uleman is required to initiate outplacement services within ninety (90) days following the Termination Date or the benefit described in this Clause 2.1 (c) will be waived. d. MICP and IAP. Nothing in this Agreement shall alter or reduce any vested benefits (if any) to which Uleman may be entitled under any equity-related agreement between IDEX and Uleman, which shall be subject to the terms of the applicable plan documents and/or equity agreements. For the avoidance of doubt, Uleman's MICP for 2023 will be governed according to the Plan as applicable to active employees, using the IDEX factor and payable no later than April 30, 2024. Uleman may confirm the factor applied via the Company's annual proxy statement. As set forth in the applicable Plan documents, Uleman is eligible for retirement classification with respect to bonus and equity grants. The requirements to exercise the grants are as set forth in the Plan documents. Uleman may continue to access his UBS account and PSU tracking systems following his Termination Date on the same terms as any non-employee investor. The Company will not take any action to disable his UBS account. e. Legal Advice. As far as Uleman is not insured for legal aid, the Company will compensate the costs for legal counsel incurred up to a maximum amount of EUR 2,000.- excluding VAT (one thousand euros) (the "Contribution"). Uleman shall pay his lawyer's invoice and shall submit the invoice in accordance with the Company's Business Expenses Policy before the Release Date. The Company shall reimburse the Contribution to Uleman within 30 days from submission of the expense claim, but not earlier than after the 14-days reconsideration period as reflected in Recital (9) of this Agreement. 2.2 Waiver. As per the agreed terms in the Employment Agreement, Uleman accepts the Contractual Severance as full and final compensation for the termination of his Employment Agreement and any benefits connected thereto, and waives any other claims or rights to other financial compensation (such as, but not limited to, pay out of vacation days, vacation allowance, future bonus (MICP), stock and equity grants (IAP), damages etc.). 2.3 Positive Reference. At Uleman's request, the Company shall issue a positive letter of recommendation in conformity with the provisions of The Netherlands law. The Company is willing to provide references in accordance thereto.

Page 4 of 7 2.4 Collective Schemes. The Company shall reimburse Uleman for any such expenses in the usual way in accordance with Company policy. 3.2 Return of Company Property. Uleman agrees to return all Company property which is still in his possession and control as of 20 November 2023. Company property includes, but is not limited to, all equipment that has become available to Uleman during his tenure at the Company such as, but not limited to, Company-issued office entrance badge(s), laptop, laptop charger, laptop head phones, and mobile phones, for any business related systems and accounts. Uleman may port his mobile phone number to a private telecommunications provider to allow his private use of the number upon his return of the Company-issued phone. Uleman further agrees to return or destroy by 20 November 2023 the original and any copies of Confidential Information as defined in the employment agreement and Parties' Confidential Information, Work Product and Restrictive Covenant (CWR) Agreement, as amended and incorporated into the Employment Agreement and trade secret information in the broadest sense of the word, including but not limited to IDEX and Group data, e-mails, files, agendas and any other record, or document relating to the Company, the Group or their business, products, or services. Any damages to or loss of Company and/or Group property shall be deducted from the final settlement of accounts. 4. RESTRICTIONS AND POST-CONTRACTUAL ARRANGEMENTS 4.1 Contractual Restrictions. Until and after the Termination Date, Uleman remains bound by all (post-) contractual restrictions and any penalty clause connected thereto as agreed in this Agreement, the Employment Agreement and including the CWR Agreement, albeit that, with respect to Paragraphs 5(a) and (b) of the CWR Agreement, the Company agrees to enter into good faith discussions with Uleman in connection with his desire to obtain a waiver of the obligations contained in Paragraphs 5(a) and (b) in the event Uleman is presented with a viable employment opportunity. The Company agrees to take into consideration the facts and circumstances relating to Uleman's employment opportunity during these discussions. Uleman agrees that he shall contact Melissa Flores, SVP, Chief Human Resources Officer, should he desire to obtain such a waiver. 4.1 Confidentiality. The Parties represent and warrant that they have not disclosed, and agree not to disclose, any and all matters concerning this Agreement and the Employment Agreement, as well as the facts, circumstances, and contents leading up to this Agreement and any related negotiations, except that Uleman may disclose such information about this Agreement and the Employment Agreement to his lawyer(s), tax advisor(s), other professional(s) providing services

Uleman may disclose to others the fact that there is a separation agreement and that its terms are confidential, and Uleman may provide UWV with a copy of this Agreement if and insofar as he applies for social security benefits. The Company may disclose the same to any advisors, executives, or employees of the Company/Group on a need-to-know basis as determined at the Company's discretion. Nothing in this Agreement shall prohibit either Party from complying with any legal requirement to disclose information relating to any matter concerning this Agreement, including, but not limited to, IDEX's disclosure obligations pursuant to the rules and requirements of the United States Securities and Exchange Commission. Moreover, to the extent Uleman is required to disclose this Agreement pursuant to a legal obligation, Uleman agrees to immediately notify the Company both verbally and in writing by contacting the CHRO of IDEX per email. Uleman further acknowledges that maintaining the confidentiality of this Agreement is a critical consideration for the Company entering into this Agreement. 4.2 Non-Disparagement. Uleman promises and agrees that he shall not, directly or indirectly, to any person or entity, including but not limited to, present or former employees of the Company, customers or vendors of the Company, make any disparaging oral or written statements about the Company or Group, or its or their employees or customers, or do anything which damages the Company or Group or its or their services, reputation, financial status, or business relationships. 4.3 Social Media. Effective the Termination Date, Uleman shall adjust his LinkedIn profile to reflect that the Company no longer employs him and shall remove all references to his continued association with the Company and the Group from all social media channels which he uses (which may include, but are not limited to, LinkedIn, Twitter, Facebook etc.). Following the Termination Date, Uleman may continue to mention on his LinkedIn that he was previously employed by the Company. 5. FULL AND FINAL DISCHARGE 5.1 Released Parties. To the extent that any such claim or right exists or may exist, Uleman hereby irrevocably and unconditionally waives, releases, acquits, and forever discharges the Released Parties from any such claims or rights. 5.2 Full & Final Discharge. In the negotiations, the Parties have had the opportunity to address all existing or potential rights, obligations, and points of dispute. Except for the observance of the rights and obligations set forth in this Agreement, the Parties hereby grant each other full and

Page 6 of 7 final discharge with respect to the Employment Agreement, the termination thereof and otherwise. This discharge by Uleman also pertains to the Group as well as all Released Parties. 6. FINAL SETTLEMENT OF ACCOUNTS 6.1 Settlement of Accounts. The Company will prepare a final settlement of accounts with respect to the amounts that are still due as per the Termination Date in connection with the Employment Agreement and the termination thereof as reflected in this Agreement. Uleman is not eligible for any other payments after the Termination Date, other than as specifically provided herein. No Contractual Severance or any other payment under the Severance Package will be paid or provided to Uleman until all expense reports have been received, reviewed, and finalized as provided in Clause 3.1 of this Agreement, and all Company property has been returned or destroyed as provided in Clause 3.2 of this Agreement. All payments under this Agreement will be made within 30 days from the Termination Date, unless explicitly agreed otherwise in this Agreement. 6.2 Payment to Estate. All payments pursuant to this Agreement will be made after deduction of the applicable withholdings of taxes and premiums. If changes in payroll or income tax regulations have any tax consequences for this Agreement, these will be exclusively for the account of Uleman. 7. LEGAL FRAMEWORK 7.1 Entire Agreement & Any Prior Written Agreements. This Agreement sets forth the entire agreement and understanding of the Parties and supersedes all prior agreements or understandings regarding the matters covered herein, except as otherwise provided for in this Agreement. 7.2 Invalidity. The invalidity of any provision or part of a provision of this Agreement will not affect the validity of the other provisions or parts thereof. 7.3 Termination for Cause and Rescission of Acceptance. The Company is entitled to terminate this Agreement if the characteristics or conduct of Uleman constitute an urgent cause to terminate the Employment Agreement with immediate effect and such urgent cause has become known to the Company after signing this Agreement. Breach by Uleman of the terms of this Agreement prior to the Termination Date shall qualify as an urgent cause. In case of instant dismissal or if Uleman opts for a Rescission of Acceptance, the performances already delivered and the performances that still need to be delivered by the Company, will no longer be due and, to the extent already delivered, such performances will be undone. In all other respects, the Parties explicitly waive their right to terminate (ontbinden) this Agreement or to request dissolution of this Agreement in court.
