(Mark One)

☒ ANNUAL REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the fiscal year ended **December 31, 2023** **December 29, 2024**

or

☐ TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission file number 001-5075

Revvity, Inc.

(Exact name of registrant as specified in its charter)

Massachusetts

(State or other jurisdiction of
incorporation or organization)

04-2052042

(I.R.S. Employer
Identification No.)

940 Winter Street, 77 4th Avenue Waltham, Massachusetts

(Address of Principal Executive Offices)

02451

(Zip Code)

(781) 663-6900

(Registrant's telephone number, including area code)

Securities registered pursuant to Section 12(b) of the Act:

Title of Each Class	Trading Symbol(s)	Name of Each Exchange on Which Registered
Common Stock, \$1 par value per share	RVTY	The New York Stock Exchange
1.875% Notes due 2026	RVTY 26	The New York Stock Exchange

Securities registered pursuant to Section 12(g) of the Act: None

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes ☐ No ☐

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes ☐ No ☐

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or Section 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☐ No ☐

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes ☐ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer	<input checked="" type="checkbox"/>	Accelerated filer	<input type="checkbox"/>
Non-accelerated filer	<input type="checkbox"/>	Smaller reporting company	<input type="checkbox"/>
Emerging growth company	<input type="checkbox"/>		

If an emerging growth company, indicate by check mark whether the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant has filed a report on and attestation to its management's assessment of the effectiveness of its internal control over financial reporting under Section 404(b) of the Sarbanes-Oxley Act (15 U.S.C. 7262(b)) by the registered public accounting firm that prepared or issued its audit report. ☒

If securities are registered pursuant to Section 12(b) of the Act, indicate by check mark whether the financial statements of the registrant included in the filing reflect the correction of an error to previously issued financial statements. ☐

Indicate by check mark whether any of those error corrections are restatements that required a recovery analysis of incentive-based compensation received by any of the registrant's executive officers during the relevant recovery period pursuant to § 240.10D-1(b). ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes ☐ No ☒

The aggregate market value of the common stock, \$1 par value per share, held by non-affiliates of the registrant on [June 30, 2023](#) [June 28, 2024](#), the last business day of the registrant's most recently completed second fiscal quarter, was [\\$14,697,780,722](#) [\\$12,871,238,120](#) based upon the last reported sale of [\\$118.79](#) [\\$104.86](#) per share of common stock on [June 30, 2023](#) [June 28, 2024](#).

As of [February 23, 2024](#) [February 21, 2025](#), there were outstanding [123,529,821](#) [120,187,286](#) shares of common stock, \$1 par value per share.

DOCUMENTS INCORPORATED BY REFERENCE

Portions of Revvity, Inc.'s Definitive Proxy Statement for its Annual Meeting of Shareholders to be held on [April 23, 2024](#) [April 22, 2025](#) are incorporated by reference into Part III of this Form 10-K.

PART I

Item 1. *Business*

Overview

We are a leading provider of health science solutions, technologies, expertise and services that deliver complete workflows from discovery to development, and diagnosis to cure. Revvity is revolutionizing what's possible in healthcare, with specialized focus areas in translational multi-omics technologies, biomarker identification, imaging, prediction, screening, detection and diagnosis, informatics and more.

Our headquarters are in Waltham, Massachusetts, and we market our products and services in more than 160 countries. As of **December 31, 2023** **December 29, 2024**, we employed approximately **11,500** **11,000** employees. Effective as of April 26, 2023, we changed our name from PerkinElmer, Inc. to Revvity, Inc. Effective as of May 16, 2023, we changed the ticker symbol for our common stock to "RVTY" and the ticker symbol for our 1.875% Notes due 2026 to "RVTY 26". Our common stock is listed on the New York Stock Exchange under the symbol "RVTY" and we are a component of the S&P 500 Index.

We maintain a website with the address <http://www.revvity.com>. We are not including the information contained in our website as part of, or incorporating it by reference into, this annual report on Form 10-K. We make available free of charge through our website our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to these reports, as soon as reasonably practicable after we electronically file these materials with, or otherwise furnish them to, the Securities and Exchange Commission.

Our Strategy

Our strategy is to develop and deliver innovative products, services and solutions in high-growth markets that utilize our knowledge and expertise to address customers' critical needs and drive scientific breakthroughs. To execute on our strategy and accelerate revenue growth, we focus on broadening our offerings through both the investment in research and development and the acquisition of innovative technology. Our strategy includes:

- Strengthening our position within key markets by expanding our global product and service offerings, maintaining superior product quality and driving an enhanced customer experience;
- Attracting, retaining and developing talented and engaged employees;
- Accelerating transformational innovation through both internal research and development and third-party collaborations and alliances;
- Augmenting growth in both of our core business segments, Life Sciences and Diagnostics, through strategic acquisitions and licensing;
- Engraining focused operational excellence to improve organizational efficiency and agility; and
- Opportunistically utilizing our share repurchase programs to help drive shareholder value.

Recent Developments

As part of our strategy to grow our core businesses and transform our portfolio, we have recently taken the following actions:

Discontinued Operations in Fiscal Year 2023:

On March 13, 2023, we completed the previously announced sale (the "Closing") of certain assets and the equity interests of certain entities constituting our Applied, Food and Enterprise Services businesses (the "Business") to PerkinElmer Topco, L.P. (formerly known as Polaris Purchaser, L.P.) (the "Purchaser"), a Delaware limited partnership owned by funds managed by affiliates of New Mountain Capital L.L.C. (the "Sponsor"), for an aggregate purchase price of up to \$2.45 billion. We received approximately \$2.13 billion in cash proceeds, before transaction costs and subject to post-closing adjustments. We are entitled to an additional \$75.0 million in proceeds as consideration for our ceasing the use of the PerkinElmer brand and related trademarks and transferring them to the Purchaser. This consideration is expected to be received in installments through the first half of 2025. In addition, we are entitled to additional consideration of up to \$150.0 million that is contingent on the exit valuation the Sponsor and its affiliated funds receive on a sale or other capital events related to the Business.

Business Segments and Products

We report our business in two segments: Life Sciences and Diagnostics.

Life Sciences Segment

Our comprehensive portfolio of technologies helps life sciences researchers better understand diseases and develop treatments. We provide a broad suite of products, solutions and services that facilitate optimized workflows, increase productivity, and accelerate every stage of the drug discovery and development pipeline. Our offerings span the areas of cell, gene, and protein research, enabling scientists to work smarter, make research breakthroughs, and transform those breakthroughs into real-world outcomes. We partner with global pharmaceutical, biotech and contract research organizations, as well as academic and government institutions, to enable them to discover and develop better treatments and therapeutics to fight disease faster and more efficiently.

Principal Products:

Our principal products and services for Life Sciences applications include the following:

- **Reagents**
 - Radiometric detection solutions, including over 750 radiochemicals and instrumentation such as the Tri-Carb® and Quantulus™ GCT families of liquid scintillation analyzers, Wizard® 2™ Gamma counters and MicroBeta® 2™ plate based LSA which are used for beta, gamma and luminescence counting in microplate and vial formats utilized in research, environmental and drug discovery applications.
 - The Opera Phenix® Plus high-content screening system, which is used for sensitive and high-speed phenotypic drug screening of complex cellular models.
- The Operetta® CLS™ high-content analysis system, which enables scientists to reveal fine sub-cellular details from everyday assays as well as more complex studies, for example using live cells, 3D and stem cells.
- Reagents and solutions for microscopy and imaging applications. These include PhenoVue™ PhenoVue® cellular imaging reagents and cell painting kits, PhenoPlate (formerly CellCarrier Ultra™) cellular imaging microplates and GrowDex®™ hydrogels, fluorophore-conjugated and enzyme-conjugated antibodies, as well as buffers and solutions, such as our Ce3D™ collection of buffers for 3D tissue imaging.
 - The MuviCyte™ live-cell imaging system, designed to operate inside a cell-culture incubator, enabling researchers to study cellular behaviors and pathways in living cells to gain a deeper understanding of functions, disease mechanisms and responses to treatments.
- The Signals Image Artist™ next-generation image analysis and management platform for drug discovery research, to help scientists process and analyze high-content screening (HCS) and cellular imaging data in a matter of hours versus days or weeks, so they can make more informed decisions faster.
- The VICTOR Nivo® multimode plate reader benchtop system, which is designed for assay development and academic labs, including those using HTRF® and AlphaLISA® assay technologies.
- The EnSight® multimode plate reader benchtop system, which offers well plate imaging alongside labeled detection technologies for target-based and phenotypic assays.
- The EnVision® multimode plate reader, which is designed for high-throughput screening laboratories, including those using HTRF®, AlphaScreen® and AlphaLISA® assay technologies.
- A wide range of homogeneous biochemical and cell-based reagents using HTRF®, HTRF®, LANCE®, LANCE® Ultra™, DELFIA®, DELFIA®, AlphaLISA®, AlphaLISA®, AlphaLISA® SureFire® Ultra, AlphaScreen®, AlphaLISA® SureFire® Ultra™, AlphaPlex®, AlphaScreen®, AlphaPlex® and luminescence assay technologies, technologies that can be paired with our microplates, which cover a variety of applications.
 - New assay kits for Adeno-associated Virus Vectors (AAVs) and gene therapy applications in our range of HTRF® and AlphaLISA® reagents, for detecting and quantifying CHO HCP impurities in biotherapeutics development, as well as kits across oncology, neuroscience, and targeted protein degradation applications.
 - A broad portfolio of recombinant GPCR and ion channel cell lines, including over 300 products and 120 ready-to-use frozen cell lines for a wide range of disease areas.
 - Dharmacon® reagents and gene modulation technologies such as RNAi that support drug discovery and development for greater understanding of gene function, identifying genetic drivers behind human disease, developing and validating diagnostic workflows, and helping deliver biotherapeutics, cellular and gene therapies for precision medicine with a portfolio of cell engineering tools.
 - BioLegend® ELISA MAX™ Standard Sets, ELISA MAX™ Deluxe Sets, LEGEND MAX™ ELISA Kits, and RAPID MAX™ ELISA Kits as well as complementary solutions and buffers for immunoassays to cover more than 200 targets for human, mouse, and rat samples, many of which are designed to assess the immune environment and its inflammatory state for vaccine, infectious disease and autoimmune disease research.
 - BioLegend® LEGENDplex™ bead-based reagents, which, in contrast to single analyte assays such as enzyme-linked immunosorbent assays ("ELISAs"), can quantitate up to 14 targets from one small sample volume in a and read on common flow cytometry assay, cytometers, and include both desktop and cloud-based analysis software.
 - In vivo imaging technologies and reagents for preclinical research, comprised of the IVIS® Spectrum™ series for 2D and 3D optical imaging and optionally integrated low-dose CT imaging and the IVIS® Lumina™ series for benchtop 2D imaging, along with IVISbrite™ bioluminescent and IVISense™ fluorescent imaging agents, cell lines and dyes.
- The Quantum™ GX2 system, which enables low-dose in vivo CT imaging of multiple species and areas of anatomical interest across multiple disease areas by way of high-resolution, tomographic imaging.
- GoinVivo™ as well as Ultra-LEAF™ and LEAF™ functional antibodies, which provide an affordable solution for researchers performing in vivo and ex vivo studies.
- Nexcelom BioScience high-throughput, microwell Celigo® image cytometry system, Cellaca™ MX high-throughput cell counter, the new Cellaca™ PLX image cytometry system, and Cellometer® automated cell counters, complemented by consumables and reagents, including reagents and kits for cell counting assays and cell viability, microplates, slides, and counting beads.
- Mimix Reference Standards, which are cell line-derived and suitable for Next Generation Sequencing, droplet-digital and Real-Time PCR as well as Sanger sequencing. The platform is agnostic for seamless integration into any quality control workflow.
- Dharmacon™ Reagents and gene modulation technologies such as RNAi that support drug discovery and development for greater understanding of gene function, identify genetic drivers behind human disease, develop and validate diagnostic workflows, and help deliver biotherapeutics, cellular and gene therapies for precision medicine with a portfolio of cell engineering tools.
- Pin-point™ base editing platform, which is a CRISPR-Cas9-based technology that allows researchers to make precision base changes in genomic DNA. Editing with such precision can be used to silence disease-causing genes, correct disease-associated mutations, and optimize cell therapies.
- CHOSOURCE™ platform, which was expanded to include CHO-K1 ADCC+ expression cell line for development of therapeutic antibodies in oncology, infectious disease and autoimmune conditions.

- BioLegend®s catalog of more than 20,000 SKUs, incorporating antibodies and a large collection of antibody conjugates and modifications as well as recombinant proteins, immunoassays and other supportive reagents and solutions for cell and molecular analysis.
- The T-SPOT® Discovery SARS-CoV-2 research-use-only assay to investigate cell-mediated immunity related to COVID-19.
- Sirion Biotech consultancy services and technologies to design and manufacture viral vectors for cell and gene therapy research and preclinical development.
- BioLegend® best-in-class antibodies, recombinant proteins, and related reagents which are used across multiple applications and research areas, including proteogenomics, tissue, cell and protein analysis, cancer research, immunology, cell and gene therapy, stem cell therapy and neuroscience.
 - Fluorophore-conjugated antibodies which are used in flow cytometers to characterize protein expression on the surface and in internal compartments of cells. The large collection of dyes and antibodies allows for an increasing number of conjugate options, facilitating the use of bigger and better flow cytometry panels using conventional and spectral flow cytometers. Notable products are Brilliant Violet™ and the Spark™ Spark and Fire™ dye series, among others.
 - BioLegend®TotalSeq™ reagents which are oligonucleotide-barcoded antibodies that enable protein detection by sequencing that can be combined with traditional RNA or DNA sequencing experiments with high-parameter protein detection, including detection. Data can be analyzed with their complimentary and comprehensive cloud-based analysis software, Multiomics Analysis Software.
 - Cell culture and biofunctional assay reagents, including bioactive recombinant proteins, as well as other specialized reagents such as Cell-Vive™ T-NK Xeno-Free Serum Substitute (compliant with Good Manufacturing Practice requirements ("GMP")), and other GMP-produced recombinant proteins and reagents. These products serve several markets, notably cell and gene therapy applications.
 - BioLegend®s MojoSort™ and Lymphopure™ reagents for cell separation that complement complements our fluorophore-antibody conjugates, used for FACS (Fluorescence-activated Cell Sorting), thus covering most cell separation and cell sorting technologies and applications.
 - BioLegend's catalog of more than 33,000 SKUs, incorporating antibodies and a large collection of antibody conjugates and modifications as well as recombinant proteins, immunoassays, and other supportive reagents and solutions for cell and molecular analysis.
 - Flex-T™ reagents that utilize peptide-loaded major histocompatibility molecules assembled into tetramers for the identification of antigen-specific T cells. Our Flex-T products can be used to screen the efficacy of antigen peptides for vaccine and drug trials, as well as characterize the dominance of cancer-specific self-peptides, and more recently, SARS-CoV2 SARS-CoV-2 peptides for COVID-19 research.
 - Antibodies and solutions for Western blotting. A large collection of validated antibodies, blotting, as well as supporting buffers and substrates, which provide a convenient set of tools to characterize protein size and relative expression levels in cell or tissue lysates.
- Mimix™ reference standards are cell line-derived to mimic patient samples and suitable for next generation sequencing, droplet-digital and real-time PCR as well as Sanger sequencing. The platform is agnostic for seamless integration into quality control workflows.
- OptiScint™ NPE-free scintillation cocktails and quench standards, providing a more environmentally friendly alternative without compromising performance.
- Expansion of our Western blotting reagents with the addition of the Western Lightning™ One range, which has a pre-mixed one component chemiluminescent HRP substrate for more consistent results.
- Additional Spark and Fire™ dye-conjugated antibodies, enabling higher-parameter flow cytometry. Notable products are the Spark PLUS UV395™ and Spark PLUS B550™ conjugates.
- For the TotalSeq™ reagent portfolio, more large panels of pre-titrated oligo-conjugated antibodies released in universal panels for the analysis of human and mouse samples. New options were created for intracellular target staining and protein-only analysis.
- New fluorescent stains, reagents and secondary antibodies in our PhenoVue™ cellular imaging reagents portfolio for the detection and analysis of cellular components.
- GoInVivo™ as well as Ultra-LEAF™ and LEAF™ functional antibodies provide an affordable solution for researchers performing in vivo and ex vivo studies.
- Instruments
 - The Opera Phenix® Plus high-content screening system for sensitive and high-speed phenotypic drug screening of complex cellular models.
 - The Operetta® CLS™ high-content analysis system enables scientists to reveal fine sub-cellular details from everyday assays as well as more complex studies, for example using live cells, 3D and stem cells.
 - The VICTOR Nivo™ multimode plate reader benchtop system designed for assay development and academic labs, including those using HTRF® and AlphaLISA® assay technologies.
 - The EnVision™ multimode plate reader designed for high-throughput screening laboratories, including those using HTRF®, AlphaScreen® and AlphaLISA® assay technologies.
 - The EnVision Nexus™ multimode plate reader, our next generation system for high-throughput screening with advanced detection technologies for Alpha, TRF, and Luminescence.
 - In vivo optical imaging platforms and reagents for preclinical research, comprised of the IVIS® Spectrum™ series for 2D and 3D optical imaging and optionally integrated low-dose CT imaging and the IVIS® Lumina™ series for benchtop 2D imaging, along with IVISbrite® bioluminescent and IVISense® fluorescent imaging agents and imaging reagents.
 - The Quantum™ GX3 system, which enables low-dose in vivo CT imaging of multiple species and areas of anatomical interest across multiple disease areas by way of high-resolution, tomographic imaging.
 - The Vega™ ultrasound system, a hands-free automated ultrasound platform delivers high-resolution 2D and 3D imaging in just a few minutes. This innovative in vivo ultrasound system removes the challenges associated with conventional hand-held systems through the use of automated transducers located under the imaging stage and is easy to use, requires minimal training and produces more consistent results. It is complemented by GoInVivo™ as well as Ultra-LEAF™ and LEAF™ functional antibodies providing an affordable solution for researchers performing in vivo and ex vivo studies.

- The high-throughput, microwell Celigo® image cytometry system, the Cellaca® MX high-throughput cell counter, the Cellaca® PLX image cytometry system, and the Cellometer® automated cell counters, complemented by consumables and reagents, including reagents and kits for cell counting assays and cell viability, microplates, slides, and counting beads.
- Cellaca® PLX™ image cytometry system combines best-in-class image cytometer hardware, software, validated consumables and optimized reagent kits with validated antibodies from our BioLegend business, and trackable data reporting to enable the simultaneous detection of multiple markers and to streamline cell and gene therapy workflows.

Software

- The Signals Image Artist™ next-generation image analysis and management platform for drug discovery research, to help scientists process and analyze high-content screening (HCS) and cellular imaging data in a matter of hours versus days or weeks, so they can make more informed decisions faster.
- Signals Research Platform, which platform equips pharmaceutical scientists with the essential tools to gather, search, mine, analyze and visualize critical data, yielding actionable insights in an automated, predictive, and scalable manner. Within life science research and development and clinical research applications, our software accelerates innovation, development, collaboration and research, ultimately leading to accelerated life-enhancing medical breakthroughs, more quickly, promoting our vision of a healthier humankind. In addition, it also

empowers scientists and formulators in specialty chemical and food sciences to analyze food, and additives, and create high-performing materials that align with sustainability initiatives, promoting energy efficiency, lower toxicity and a circular economy.

- The Signals Notebook a™ secure cloud-native electronic lab notebook (ELN) for chemistry, biology, research, and formulations. From increased collaboration to securely accessible data, the Signals Notebooks Notebook™ offering accelerates research and development workflows, increases collaboration, integrates with Microsoft Office and more.

- Signals ChemDraw®, which since 1985 has provided software providing solutions with powerful capabilities and integrations to help quickly turn ideas and drawings into publications. publications since 1985. Signals ChemDraw® software automates chemical drawings and transforms them into chemical knowledge by facilitating the management, reporting and presenting of chemistry research.
 - Signals Clinical which offering provides a single unified platform to support data access, preparation and analytics, from source to visualization to action. With unrivaled workflow flexibility to support dynamic collaboration, Signals Clinical's SaaS solution helps accelerate the delivery of urgently needed therapeutics to patients.
 - Vega Signals DLX™ powered by Scitara® preclinical ultrasound system, a hands-free, automated, high-throughput imaging system delivering high-resolution 2D establishes seamless, bidirectional connectivity across instruments, LIMS, ELNs and 3D ultrasound images other critical lab systems that previously existed in minutes. Originally launched in North America in 2022, it is now globally available. isolation.
 - New assay kits for Adeno-associated Virus Vectors (AAVs) and gene therapy applications in our range of HTRF® and AlphaLISA® reagents, for detecting and quantifying CHO HCP impurities in biotherapeutics development, as well as kits across oncology, neuroscience, and targeted protein degradation applications.
- Cellaca PLX™ image cytometry system, which combines best-in-class image cytometer hardware, software, validated consumables and optimized reagent kits with validated antibodies from our BioLegend business, and trackable data reporting to enable the simultaneous detection of multiple markers and to streamline cell and gene therapy workflows.
- New fluorescent stains, reagents and secondary antibodies in our PhenoVue™ cellular imaging reagents portfolio for the detection and analysis of cellular components.
- The latest version of the Signals Image Artist™ next-generation image analysis and management platform which provides improved 3D cell segmentation and analysis, an AWS S3 cloud deployment option and enhanced cloud security, and compatibility with a broader range of systems, including the Nexcelom from Revvity Celigo®™ image cytometer.
 - An updated VICTOR® Nivo™ multimode plate reader with a new software version for streamlined data analysis.
 - OptiScint™ NPE-free scintillation cocktails and quench standards, providing a more environmentally friendly alternative without compromising performance.
- Expansion of our Western blotting reagents with the addition of the Western Lightning™ One range, which has a pre-mixed one component chemiluminescent HRP substrate for more consistent results.
- Additional Spark™ and Fire dye-conjugated antibodies, enabling higher-parameter flow cytometry. Notable products are the Spark UV™ 387 and Spark Red™ 718 conjugates.
- For the TotalSeq reagent portfolio, more large panels of pre-titrated oligo-conjugated antibodies released in Universal Panels for the analysis of human and mouse samples.
- Software solutions for BioLegend® LEGENDplex™ LEGENDplex™ assays and multiomics analysis with TotalSeq TotalSeq™ reagents, and flow cytometry-based cell analysis software (Ryvett) that are now part of BioLegend's data integration offerings.

Technology and Licensing

- The Pin-point™ base editing platform is a CRISPR-Cas9-based technology that allows researchers to make precision base changes in genomic DNA. Editing with such precision can be used to silence disease-causing genes, correct disease-associated mutations, and optimize cell therapies.
- CHOSOURCE™ platform was expanded to include a CHO-K1 ADCC+ expression cell line for development of therapeutic antibodies in oncology, infectious disease and autoimmune conditions.

- Gene Delivery services and technologies to design and manufacture viral vectors for cell and gene therapy research and preclinical development. This includes LentiBOOST® transduction enhancer technology for improved lentiviral transduction efficiency, helping to reduce the cost of goods for cell therapies.
- Preclinical services for oncology, leveraging capabilities such as cell panel screening, cell line engineering, functional genomic screening, and immune cell screening, for a range of applications to help accelerate the drug development process.

New Products:

New products introduced or acquired for Life Sciences applications in fiscal year 2023 2024 include the following:

- **Pin-point Reagents**
 - Biolegend launched new dyes to expand flow cytometry panel building options, including PE/Fire™ 744, Spark PLUS UV395™, Spark PLUS™ B550 antibody conjugates and Zombie UV387™ for dead cell analysis. In addition, the Flexi-Fluor™ portfolio of reagents was created as a made-to-order, rapid alternative to traditional custom products.
 - Oligo-conjugated antibodies for intracellular detection of proteins and cytokines introduced in BioLegend's TotalSeq™ base editing reagents, which improve access to new-generation editing technology. portfolio. BioLegend also introduced a solution for high-throughput, high-parameter single-cell protein analysis - TotalSeq™ PhenoCyt™. PhenoCyt™ provides a streamlined, instrument-free workflow for scalable single-cell immunoprofiling. The launch of these reagents puts clinically relevant base editing using the Pin-point platform in the hands of preclinical laboratories seeking to accelerate genomic insights and cell therapy research.
- **IVIS Instruments**
 - @ The Cellometer Spectrum 2™ Ascend™ automated cell counter accelerates lab workflow by mitigating human error, all while providing a consistent, standardized cell count. Incorporated with its user-friendly Matrix software, this product performs an automated and IVIS SpectrumCT 2 next-generation imaging systems, our newest flagship platforms setting the standard sophisticated image analysis workflow that delivers reliable results in high-throughput performance and versatility seconds.
- Quantum™ GX3 microCT imaging solution, a high-throughput system with superior spatial resolution and fast, low-dose scanning for diverse *in vivo* and biological *ex vivo* applications. With class-leading resolution, the system is designed for a wide applications, including bone imaging. Software
 - Phenologic.AI™ software, a module in our Harmony™ high-content imaging and analysis software and in our Signals Research Suite, Image Artist™ image analysis and data management platform uses a unified, cloud-native SaaS platform that drives scientific collaboration across research pre-trained deep-learning image-analysis model to enable analysis of brightfield images and development disciplines from drug discovery to specialty chemicals material development.
 - Signals DLX™ powered by Scitara®, which establishes seamless, bidirectional connectivity across instruments, LIMS, ELNs provides an additional channel for multiplexing and other critical lab systems that previously existed in isolation, easier analysis of live cell assays.

Brand Names:

Our Life Sciences segment offers additional products under various brand names:

Accell™, AdenoBOOST™, AlphaLISA®, AlphaPlex™, AlphaScreen®, Alpha™ SureFire®, BioLegend®, Brilliant Violet™, Ce3D™, CellCarrier®, Cellaca™, Celigo®™ Celigo™, Cellometer®™ Cellometer™, cell::explorer™, Cell-Vive™, Chalice™, Chem3D®, ChemDraw®, ChemOffice®, CHOSOURCE™, DELFIA®, Dharmacon™, DharmaFECT™, Edit-R™, ELISA MAX™, EnSight EnVision®™, EnVision Nexus®™, Flex-T™, FMT®, FolateRSense™, GolnVivo™, HTRF® HTRF®, ImmuSignature™, IVIS®, IVISbrite™ IVISbrite®, IVISense™ IVISense®, LANCE®, LANCE® Ultra™, LEAF™, LEGEND MAX™, LEGENDplex™, LentiBOOST™ LentiBOOST®, Lincode™, Living Image®, Lumina™, Lymphopure™, MicroBeta®™, Mimix™, Mini ELISA Plate Reader™, miRIDIAN™, MojoSort™, Muvicyte™, NEN®, OncoSignature™, OncoSpan™, ON-TARGET™, ON-TARGETplus™, Opera Phenix®™ Plus, Operetta® CLS™ Operetta-CLS™, OptiScint™, PhenoPlate™, PhenoVue™, Pin-point™, Quantulus™ GCT, Quantum™, RAPID MAX™, RediJect™, RNAiONE™, Signals™, Signals Image Artist™, SMARTpools™, SMARTvector™, Spark™ Spark PLUS™, Spectrum™, TotalSeq™, Tri-Carb®, T-SPOT®™, Ultra-LEAF™, Vega® Vega™, VesselVue®, ViaStain™, VICTOR Nivo™, Western Lightning™, and Wizard Wizard2®™.

Diagnostics Segment

We offer instruments, reagents, assay platforms and software to hospitals, medical labs, clinicians and medical research professionals to help improve the health of families. Our Diagnostics segment is especially focused on reproductive health, immunodiagnostics, emerging market diagnostics and applied genomics.

We provide early detection for genetic disorders from pregnancy to early childhood, and infectious disease testing for the diagnostics market. Our screening products are designed to provide early and accurate insights into the health of expectant mothers during pregnancy and into the health of their babies. Diagnostic labs use our instruments, reagents and software for testing and screening genetic abnormalities and certain disorders and diseases, including Down syndrome, hypothyroidism, muscular dystrophy, infertility and various metabolic conditions. We also develop technologies that enable and support genomic workflows using PCR and next-generation DNA sequencing for applications in oncology, immunodiagnostics and drug discovery.

Principal Products:

Our principal products and services for Diagnostics applications include the following:

- **Reproductive Health**
 - The DELFIA® Xpress screening platform, a complete solution for prenatal and maternal health screening which includes including a fast continuous loading system. It is supported by kits for first, second and third trimester analyses for prenatal screening and clinically validated LifeCycle™ software.
 - The DELFIA® Xpress sFlt-1 kit which enables short term prediction of pre-eclampsia and aids in diagnosis in the second and third trimesters of pregnancy together with the previously launched DELFIA® Xpress PIGF 1-2-3™ assay.
 - The NeoBase™ non-derivatized MS/MS AAAC kits which are is used to support detection of metabolic disorders in newborns through tandem mass spectrometry. The kits analyze newborn dry blood spot samples for measurement of amino acids and other metabolic analytes for specific diseases.
 - The GSP® Neonatal hTSH, T4 17α-OHP, GALT IRT, BTBD, PKU, Total Galactose, CK-MM and G6PD kits, used for screening congenital neonatal conditions from a drop of blood.
 - The Specimen Gate® informatics data management solution, designed specifically for newborn screening laboratories.
 - The NeoLSD™ MS/MS kit, the first commercial IVD kit for screening of Pompe, MPS-I, Fabry, Gaucher, Niemann-Pick A/B and Krabbe disorders from a single dried blood spot sample.
 - QSight® 210MD and 225MD UHPLC MS/MS instruments which are used for newborn screening.
 - ViaCord® umbilical cord blood banking services for the banking of stem cells harvested from umbilical cord blood and cord tissue, for potential therapeutic application in transplant and regenerative medicine.
- An expanded portfolio of molecular-based infectious disease screening technologies for blood bank and clinical laboratory settings in China. The tools include a qualitative 3-in-1 assay for the detection of hepatitis B, hepatitis C and HIV, as well as assays for other communicable diseases.
- TRF-based Anti HBs/HCV/TP kits for infectious disease testing.
- Chitas® instrument and HBV/HCV/HIV 3-in-1 PCR reagents for blood screening, and Hi Sensitivity HBV DNA and HCV RNA assays for clinical infectious disease testing.
- The Bead Ruptor™ Elite Bead Mill Homogenizer, which enables grinding, lysing, and homogenizing of biological samples prior to molecular extraction delivering repeatable sample disassociation.
- OMNI Prep 96 Automated Homogenizer Workstation, which is a fully automated homogenization workstation, enabling true walk-away processing.
- The chemagic™ Prime™ instrument, a fully automated, LIMS-compatible solution for primary sample transfer, DNA and RNA isolation, optional normalization and the setup of PCR and Next Generation Sequencing ("NGS") applications.
- Automated liquid handling platforms (Fontus™, JANUS®, Sciclone®, Zephyr® and FlexDrop™) that offer a choice of robotic solutions in genomics, biotherapeutics, high throughput screening and high content analysis to assist life science research from bench to clinic.
- JANUS® BioTx™ and PreNAT II™ workstations for automated small-scale purification, offering column, tip and plate-based chromatography on a single platform.
- HIVE CLX™ scRNAseq Solution, which integrates sample storage and single cell profiling into a complete workflow, solving the issues that limit single cell RNA analysis.
- The LabChip® GXII Touch™ protein characterization system, which provides a means of characterizing multiple protein product attributes for research labs through QC.
- The explorer™ automated workstation, which allows integration of multiple laboratory instrumentation using a centralized robotic interface, allowing high throughput and turnkey-application focused solutions.
- Vanadis® Vanadis® NIPT, a non-PCR non-sequencing fully automated cfDNA technology for use in any laboratory for screening common trisomies in the pregnant population.
- Revvity Omics, a global laboratory network offering multi-OMIC clinical grade services for testing in cytogenetics, biochemical genetics (prenatal and postnatal), molecular genetics and immunodiagnostics. The laboratory network includes testing laboratories in the United States, Sweden, India, China and the United Kingdom.
- The EONIS™ assay, a CE marked and United States Food and Drug Administration ("FDA") authorized system utilizing real-time PCR technology, which allows for simultaneous screening of SMA, SCID and XLA in newborns from a single DBS punch.
- Chemiluminescence immunoassays covering endocrinology, autoimmunity, infectious diseases, allergy EONIS™ Q novel "dry-chemistry" qPCR newborn screening workflow for SCID, SMA, and therapeutic drug monitoring. XALD screening.
- ELISAs covering endocrinology, autoimmunity, diabetes monitoring, steroids, thyroid monitoring, animal research DELFIA™ Trio automated plate dispenser, washer and tumor markers. disk remover for the manual newborn screening and prenatal workflows.
- Radioactive immunoassays in calcium metabolism.
- EVOYA Autoimmune testing, including indirect immunofluorescence tests (IIFT), ELISA, chemiluminescence immunoassays and immunoblots, covering rheumatology, hepatology, gastroenterology, endocrinology, neurology, nephrology, dermatology and infertility.
- Allergy testing covering allergen-specific immunoglobulin E (IgE), measuring the level of different IgE antibodies or total IgE in blood using EUROLINE™ immunoblot assays.
- Infectious disease testing, including IIFT, ELISA, chemiluminescence immunoassays, immunoblots, microarrays cloud-based, newborn screening, informatics and real-time PCR, covering bacteria, viruses, fungi and parasites.
- A complete portfolio of chemiluminescence immunoassays ("ChLIA") for precise Alzheimer's disease diagnostics, which provides reliable analysis of the established CSF biomarkers beta-amyloid (1-40), beta-amyloid (1-42), total tau and pTau (181) and a high degree of standardization due to fully automated processing.
- EUROLabPolaris, which provides the secure transfer of indirect immunofluorescence data to several locations enabling central evaluation within the management software.
 - Laboratory management system EUROLabOffice 4.0, which provides a central interface between devices to simplify ViaCord® umbilical cord blood banking services for the banking of stem cells harvested from umbilical cord blood and speed up the diagnostic routine cord tissue, for potential therapeutic application in transplant and increases security through organization of all lab procedures and traceable documentation of all data and processes, regenerative medicine.

- **EUROLabWorkstation IFA** Revvity Omics global laboratory network offering multi-OMIC clinical grade services for testing over an individual's lifetime (prenatal to adults) in cytogenetics, biochemical genetics, molecular genetics and EUROLabWorkstation ELISA, which provide fully automated processing of IIFT immunodiagnostics. The laboratory network includes testing laboratories in the United States, Sweden, India, China and ELISA, respectively, for laboratories with high sample throughput, the United Kingdom.
 - **EUROPattern Microscope**, which provides fully automated immunofluorescence microscopy Utilizing next-generation sequencing, Revvity Omics labs provide testing solutions including IIFT pattern recognition but not limited to whole genome sequencing, whole exome sequencing, curated and titer determination, customized gene panels.
 - **EUROPattern Microscope live**, which provides fully automated and fast image recording and modern on-screen reporting, also including IIFT pattern recognition and titer determination.
- **EUROBlotOne**, a compact tabletop device for complete processing of immunoblots.
- **IDS-i10**, a compact random access solution for the processing of ChLIA in the field of autoimmune and infection diagnostics as well as antigen detection, providing sample throughput of up to 60 samples per hour.
- **IDS-iSYS Multi-Discipline Automated System**, which is a compact automation solution for the processing of ChLIA in the field of autoimmune, infection and allergy diagnostics as well as antigen detection, providing sample throughput of up to 120 samples per hour.
- **Pre-NAT II**, which provides fully automated high-throughput sample preparation for molecular genetic diagnostics, consisting of nucleic acid extraction and subsequent pipetting of the PCRs.
- **MyFoodProfile** immunoblots for the determination of IgG and IgE reactivity against more than 200 foods (CE-marked).
- **Prenatal and postnatal testing** utilizing Revvity Omics Next Generation Sequencing products including gene panels, exomes and genomes.
- **Revvity Omics Whole Genome Sequencing test** which detects duo provides dual genome analysis (nuclear and mitochondrial) detecting single nucleotide variants, chromosomal and intragenic copy number variants and includes screening for pharmacogenetic variants, Spinal Muscular Atrophy and more than 30 events, short tandem repeat disorders, repeats analysis for >30genes and SMN1 copy number characterization. This test also provides additional findings like pharmacogenomic analysis and carrier status among others.
 - **Ultrarapid Whole Genome Sequencing test**, a variant of the whole genome sequencing (WGS) analysis, bundles the StepOne biochemical profile, cCMV analysis and metagenomic analysis with the standard WGS analysis to help babies in the NICU with a result as fast as five days.
 - Using WGS as a backbone, Revvity Omics provides two unique products, the CNGnome® NGS Array and WholePanel™ test. Utilizing the uniform coverage across genome, the CNGnome NGS array is used to detect copy number events over 25kb in size, making this as a new gold standard in CNV detection. The WholePanel test provides enhanced coverage including the intronic regions for the expertly curated WholeCancer, WholeAtaxia, WholeCardiology and WholeMuscularDystrophy gene panels.
- **Applied Genomics**
 - The Omni Bead Ruptor® Elite Bead Mill Homogenizer enables grinding, lysing, and homogenization of biological samples prior to molecular analyte extraction, delivering repeatable sample disassociation.
 - The Omni Prep 96 Automated Homogenizer Workstation, a fully automated homogenizer enabling true walk-away processing for high-throughput labs.
 - Automated liquid handling platforms (Fontus™, JANUS®, Sciclone®, Zephyr® and FlexDrop™) offering a choice of robotic solutions in genomics, biotherapeutics, high throughput screening and high content analysis to assist life science research from bench to clinic.
 - JANUS® BioTx™ and PreNAT II™ workstations for automated small-scale purification, offering column, tip and plate-based chromatography on a single platform.
 - The LabChip® GXII Touch™ protein characterization system provides a means of characterizing multiple protein product attributes for research labs through QC.
 - The explorer™ automated workstation allows integration of multiple laboratory instrumentation using a centralized robotic interface, allowing high throughput and turnkey-application focused solutions.
 - The PG-Seq™ Rapid kit v2 analyzes picogram quantities of DNA from an embryo biopsy for preimplantation genetic research with enhanced whole genome coverage and accuracy.
 - DOPlify® WGA V2 kit performs fast whole genome amplification on single cells or limited template DNA samples, allowing cell chromosome copy number status to be determined.
 - NEXTFLEX® library prep kits simplify library prep with optimized protocols and reagents, making the library preparation process more efficient and reliable.
 - Automation protocols and kits launched for the BioQule™ NGS System, making it an open system that combines automation, reagents, consumables and scripts, enabling walkaway automation to simplify low throughput nucleic acid isolation, NGS library preparation and quantitation.
 - The Fontus™ liquid handler is available in multiple versions to automate both NGS and life science workflows.
- **Immunodiagnostics**
 - The chemagic™ Prime™ instrument is a fully automated, LIMS-compatible solution for primary sample transfer, DNA and RNA isolation, to normalization and the setup of PCR and Next Generation Sequencing ("NGS") applications.
 - The chemagic™ 360 instrument is a flexible solution for automated nucleic acid isolation from 0.1-18 ml sample volumes of diverse sample materials. The chemagic™ 360-D instrument (IVDR) and chemagic™
- **Revvity Omics test Prime™ Junior-D instrument (IVDR)**, together with the chemagic™ IVD Kits, are the optimal choice for **Facioscapularhumeral dystrophy (FSHD)** using Genome Optical Mapping technology.automated IVDR compliant nucleic acid isolation for clinical diagnostics.
- **The Oxford Immunotec T-SPOT® Technology platform**, a modified ELISPOT used to detect a T cell immune response to infection.

- The Oxford Immunotec T-SPOT.TB T-SPOT®TB test, an in vitro diagnostic test for the detection of effector T cells that respond to stimulation by mycobacterium tuberculosis antigens by capturing interferon gamma in the vicinity of T cells in human whole blood. It is intended for use as an aid in the diagnosis of tuberculosis infection.
- An expanded portfolio of molecular-based infectious disease screening technologies for blood bank and clinical laboratory settings in China. The PG-Seq™ Rapid Kit v2, which analyzes picogram quantities tools include a qualitative 3-in-1 assay for the detection of DNA from an embryo biopsy hepatitis B, hepatitis C and HIV, as well as assays for preimplantation genetic research with enhanced whole genome coverage and accuracy, other communicable diseases.
- DOPlify® WGA V2 Kit, which performs fast whole genome amplification on single cells or limited template DNA samples, allowing cell chromosome copy number status to be determined. TRF-based Anti HBs/HCV/TP kits for infectious disease testing.
- chemagic™ 360-D Chitas® instrument (IVDR) and chemagic™ Prime™ Junior-D instrument (IVDR) HBV/HCV/HIV 3-in-1 PCR reagents for automated nucleic acid isolation, blood screening, and related kits such as CE-IVD chemagic™ Nucleic Acid Purification Kits Hi Sensitivity HBV DNA and chemagic™ miRNA 200 Kit. HCV RNA assays for clinical infectious disease testing.
- Revvity Omics WholePanel test, which is an enhanced panel testing (WholeCancer, WholeAtaxia, WholeCardiology Chemiluminescence immunoassays and WholeMuscularDystrophy panels) using genome sequencing as a backbone and provides full intronic coverage and short tandem repeat screening in one test. ELISA for therapeutic drug monitoring.
- Revvity Omics UltraRapid Whole Genome Sequencing with StepOne, CMV detection A comprehensive portfolio of chemiluminescence immunoassays and metagenomic ELISAs for endocrinology testing.
- Radioactive immunoassays in testing calcium metabolism.
- Autoimmune testing, including indirect immunofluorescence tests (IIFT), ELISA, chemiluminescence immunoassays and immunoblots, covering rheumatology, hepatology, gastroenterology, endocrinology, neurology, nephrology, dermatology and infertility.
- Allergy testing covering allergen-specific immunoglobulin E (IgE), measuring the level of different IgE antibodies or total IgE in blood using multiplex EUROLINE™ immunoblot assays as well as singleplex chemiluminescence immunoassays.
- Infectious disease testing, including IIFT, ELISA, chemiluminescence immunoassays, immunoblots, microarrays and real-time PCR, covering bacteria, viruses, fungi and parasites.
- A complete portfolio of chemiluminescence immunoassays ("ChLIA") for precise Alzheimer's disease diagnostics providing reliable analysis which of the established CSF biomarkers beta-amyloid (1-40), beta-amyloid (1-42), total tau and pTau (181) and a high degree of standardization due to fully automated processing.
- EUROLabPolaris platform provides the sickest babies in NICUs with multiomic testing results in five days or less.

New Products:

New products or services introduced or acquired for Diagnostics applications in fiscal year 2023 include secure transfer of indirect immunofluorescence data to several locations enabling central evaluation within the following:

- Fontus™ liquid handler, which is available in multiple versions to automate both NGS and life science workflows.
- EONIS™ Q, a novel "dry-chemistry" qPCR newborn screening workflow for SCID and SMA screening.
- DELFIA™ Trio, an automated plate dispenser, washer, disk remover for the manual newborn screening and prenatal workflows.
- EVOYA™, a cloud-based, newborn screening, informatics and data management software.
 - Automation protocols and kits launched for the BioQule™ NGS System, making it an open EUROLabOffice™4.0 laboratory management system that combines automation, reagents, consumables and scripts, enabling walkaway automation provides a central interface between devices to simplify low throughput NGS library preparation and quantitation. speed up the diagnostic routine and increases security through organization of all lab procedures and traceable documentation of all data and processes.
 - EUROPattern Classifier™ 2.4 AI-enhanced software module of EUROLabOffice™4.0 offers automated result proposals from images captured with the all-in-one IFA instrument UNIQO 160 as well as from the automated microscopes EUROPattern and EUROPattern Microscope Live.
 - EUROLabWorkstation™ IFA and EUROLabWorkstation ELISA provide fully automated processing of IIFT and ELISA, respectively, for laboratories with high sample throughput.
 - EUROPattern™ microscope provides fully automated immunofluorescence microscopy including IIFT pattern recognition and titer determination.
 - EUROPattern™ microscope live provides fully automated and fast image recording and modern on-screen reporting, also including IIFT pattern recognition and titer determination.
 - EUROBlotOne™ compact tabletop device for complete processing of immunoblots.
 - UNIQO160 a™ device for fully automated processing of IIFT from primary sample to final microscopy result for up to 160 samples and 18 slides.
 - 89 new IIFT IDS-i10™ compact random-access solution for the ultrafast automated microscope processing of ChLIA in the field of autoimmune and infection diagnostics as well as antigen detection, providing sample throughput of up to 170 tests per hour.
 - IDS-iSYS Multi-Discipline Automated System is a compact automation solution for the processing of ChLIA in the field of autoimmune, infection and allergy diagnostics as well as antigen detection, providing sample throughput of up to 120 samples per hour.
 - EUROPattern Microscope Live MyFoodProfile immunoblots for the determination of IgG and IgE reactivity against more than 200 foods (CE-marked).

New Products:

New products or services introduced or acquired for Diagnostics applications in fiscal year 2024 include the following:

- Reproductive Health
 - CD34+ hematopoietic stem cells from human umbilical cord blood (for research use only and not for use in diagnostic procedures).
 - The NEXTFLEX® Neo NGS RUO Panel 1 kit, which is part of a new end-to-end workflow solution for newborn sequencing research.

- Revvity Genomics LIMS cloud-based, genomic platform solution is primed for secure data management and LIS integration.
- Revvity Genomics Analyze™ genomics primary and secondary analysis software for variant calling.
- Revvity Genomics Interpret™ tertiary and reporting software for genomic testing.
- Revvity Transcribe AI™ innovative OCR service designed to convert handwritten text on test request forms into a digitized format.
- **Anti-TBE Virus ELISA 2.0 (IgG) Applied Genomics**
 - LabChip® Plasmid DNA assay enables purity and Anti-TBE Virus sizing analysis of the three primary isoforms of pDNA during the manufacturing of proteins, viral vectors, and messenger RNA.
- **Immunodiagnostics**
 - Auto-Pure™ 2400 automated liquid handling platform designed to provide efficient workflows in the lab for T-SPOT.TB® testing.
 - EUROStar IV Plus, a new model of EUROIMMUN's successful LED microscope series for convenient manual fluorescence microscopy with attractive new features for easy and ergonomic manual microscopy.
 - The optimised (IVDR-compliant) "RVTY"™ CSF ELISA 2.0 (IgG) 2.0" series for detection facilitated handling and resource savings.
 - The GeneProof-ALPCO™ portfolio for molecular diagnostics.
 - EURORealTime APOE for APOE genotyping to assess a patient's risk for side effects prior to the start of IgG antibodies against TBE virus an anti-amyloid (beta) therapy in serum and CSF, respectively (CE-marked, IVDR-compliant), Alzheimer's disease.

Brand Names:

Our Diagnostics segment offers additional products under various brand names, including including:

AutoDELFI®, BACS-on-Beads®, BIOCHIPS, Bioo Scientific®, BioQule™, BoBs®, chemagic™, Chitas®, DELFIA®, DELFIA® Xpress, DOPlify®, EONIS™, EUROArray™, EUROIMMUN®, EUROLabWorkstation™, EUROLINE™, EUROPattern™, Evolution™Evoya®, explorer™, Fontus™, Genoglyphix®, GSP®, Haoyuan™, IDS®, Immunodiagnosticsystems, IDS-i10®, IDS-i10T®, IDS-iSYS®, iLab™, iLab™, iQ™, JANUS®, LabChip®, LifeCycle LifeCycle™, LimsLink™, Migele™®, LimsLink™, Migele™, MultiPROBE®, NEXTFLEX®, NextPrep™, Pannoramic Omni Bead Ruptor™®, Omni Bead Ruptor Elite™, Omni Tip™, Pannoramic™, Panthera Puncher™, PG-Seq™, PG-Find™, PKamp™, PreNAT II™, Prime™, Protein Clear™, ProteinEXact™, QSight QuantiVac™, RONIA®, QuantiVac™, RONIA™, Sciclone®, SimplicityChrom™, Specimen Gate®, Superflex™, Symbio™, T-SPOT®, Touch™, Twister Twister®, Vanadis®, VariSpec™, ViaCord®, Vanadis®, VariSpec™, ViaCord®, VICTOR 2™ VICTOR2™™D, and Zephyr®.

Marketing

All of our businesses market their products and services primarily through their own specialized sales forces. As of December 31, 2023 December 29, 2024, we employed approximately 1,400 sales and service representatives operating in approximately 40 countries and marketing products and services in more than 160 countries. In geographic regions where we do not have a sales and service presence, we utilize distributors to sell our products.

Raw Materials, Key Components and Supplies

Each of our businesses uses a wide variety of raw materials, key components and supplies that are generally available from alternate sources of supply and in adequate quantities from domestic and foreign sources. We generally have multi-year

contracts, with no minimum purchase requirements, with our suppliers. For certain critical raw materials, key components and supplies required for the production of some of our principal products, we have qualified only a limited or a single source of supply. We periodically purchase quantities of some of these critical raw materials in excess of current requirements, in anticipation of future manufacturing needs. With sufficient lead times, we believe we would be able to qualify alternative suppliers for each of these raw materials and key components. See the applicable risk factor in "Item 1A. Risk Factors" for an additional description of this risk.

Intellectual Property

We own numerous United States and foreign patents and have patent applications pending in the United States and abroad. We also license intellectual property rights to and from third parties, some of which bear royalties and are terminable in

specified circumstances. In addition to our patent portfolio, we possess a wide array of unpatented proprietary technology and know-how. We also own numerous United States and foreign trademarks and trade names for a variety of our product names and have applications for the registration of trademarks and trade names pending in the United States and abroad. We believe that patents and other proprietary rights are important to the development of both of our reporting segments, but we also rely upon trade secrets, know-how,

continuing technological innovations and licensing opportunities to develop and maintain the competitive position of both of our reporting segments. We do not believe that the loss of any one patent or other proprietary right would have a material adverse effect on our overall business or on any of our reporting segments.

In some cases, we may participate in litigation or other proceedings to defend against or assert claims of infringement, to enforce our patents or our licensors' patents, to protect our trade secrets, know-how or other intellectual property rights, or to determine the scope and validity of our or third parties' intellectual property rights. Litigation of this type could result in substantial cost to us and diversion of our resources. An adverse outcome in any litigation or proceeding could subject us to significant liabilities or expenses, require us to cease using disputed intellectual property or cease the sale of a product, or require us to license the disputed intellectual property from third parties.

Competition

Due to the range and diversity of our products and services, we face many different types of competition and competitors. Our competitors range from foreign and domestic organizations, which produce a comprehensive array of goods and services and that may have greater financial and other resources than we do, to more narrowly focused firms producing a limited number of goods or services for specialized market segments.

We compete on the basis of service level, price, technological innovation, operational efficiency, product differentiation, product availability, quality and reliability. Competitors range from multinational organizations with a wide range of products to specialized firms that in some cases have well-established market positions. We expect the proportion of large competitors to increase through the continued consolidation of competitors.

Regulatory Affairs

Our operations are subject to regulation by different state and federal government agencies in the United States and other countries, as well as to the standards established by international standards bodies. Some of our products are subject to regulation by the FDA and similar foreign agencies. These regulations govern a wide variety of our product activities, and if we fail to comply with those regulations or standards, we may face, among other things, warning letters; adverse publicity; investigations or notices of non-compliance, fines, injunctions, and civil penalties; import or export restrictions; partial suspensions or total shutdown of production facilities or the imposition of operating restrictions; increased difficulty in obtaining required FDA clearances or approvals or foreign equivalents; seizures or recalls of our products or those of our customers; or the inability to sell our products.

We have agreements relating to the sale of our products and services to government entities and, as a result, we are subject to various statutes and regulations that apply to companies doing business with the government. We are also subject to investigation for compliance with the regulations governing government contracts. A failure to comply with these regulations could result in suspension of these contracts, as well as other penalties.

We are also subject to a variety of laws, regulations and standards that govern, among other things, the importation and exportation of products, and our business practices in the United States and abroad such as anti-bribery, anti-corruption and competition laws. In addition, changes in governmental regulations may reduce demand for our products or increase our expenses. The healthcare industry, including the genetic screening market, is subject to extensive and frequently changing

international and United States federal, state and local laws and regulations. This requires that we devote substantial resources to maintaining our compliance with those laws, regulations and standards.

If we fail to comply with applicable laws and regulations, we could suffer civil and criminal damages, fines and penalties, exclusion from participation in governmental healthcare programs, and the loss of various licenses, certificates and authorizations necessary to operate our business, as well as incur liabilities from third-party claims, all of which could have a significant adverse effect on our business.

Environmental Matters

Our operations are subject to various foreign, federal, state and local environmental and safety laws and regulations. These requirements include the handling, transportation, manufacture and disposal of toxic or hazardous substances, the

remediation of contaminated soil and groundwater, the regulation of radioactive materials, and the health and safety of our employees.

We may have liability under the Comprehensive Environmental Response Compensation and Liability Act and comparable state statutes that impose liability for investigation and remediation of contamination without regard to fault, in connection with materials that we or our former businesses sent to various third-party sites. We have incurred, and expect to incur, costs pursuant to these statutes.

We are conducting a number of environmental investigations and remedial actions at our current and former locations and, along with other companies, have been named a potentially responsible party ("PRP") for certain waste disposal sites. We accrue for environmental issues in the accounting period that our responsibility is established and when the cost can be reasonably estimated. We have accrued **\$14.1 million** **\$14.2 million** and **\$12.2 million** **\$14.1 million** as of **December 31, 2023** **December 29, 2024** and **January 1, 2023** **December 31, 2023**, respectively, which represents our management's estimate of the cost of the remediation of known environmental matters, and does not include any potential liability for related personal injury or property damage claims. Our environmental accrual is not discounted and does not reflect the recovery of any material amounts through insurance or indemnification arrangements. The cost estimates are subject to a number of variables, including the stage of the environmental investigations, the magnitude of the possible contamination, the nature of the potential remedies, possible joint and several liability, the time period over which remediation may occur, and the possible effects of changing laws and regulations. For sites where we have been named a PRP, our management does not currently anticipate any additional liability to result from the inability of other

significant named parties to contribute. We expect that the majority of such accrued amounts could be paid out over a period of up to ten years. As assessment and remediation activities progress at each individual site, these liabilities are reviewed and adjusted to reflect additional information as it becomes available. There have been no environmental problems to date that have had, or are expected to have, a material adverse effect on our consolidated financial statements. While it is possible that a loss exceeding the amounts recorded in the consolidated financial statements may be incurred, the potential exposure is not expected to be materially different from those amounts recorded.

We may become subject to new or unforeseen environmental costs or liabilities. Compliance with new or more stringent laws or regulations, stricter interpretations of existing laws, or the discovery of new contamination could cause us to incur additional costs.

Human Capital Management

As of **December 31, 2023** **December 29, 2024**, we employed approximately **11,500** **11,000** employees on a worldwide basis. Roughly 80% of our workforce is based outside of the United States. Several of our subsidiaries outside the United States have employment contracts with our employees where the terms and conditions are influenced by labor unions and workers' councils' agreements that involve approximately 4,000 of our employees. During fiscal year **2023**, **2024**, our voluntary turnover rate was **10%** **approximately 9%**. We believe that management of our human capital resources is vital to the continued growth and success of our company, and we endeavor to create an environment that encourages productivity, rewards performance and values **diversity**, **employees**. There are several ways in which we attempt to attract, develop and retain highly qualified employees, as set forth below.

Our human capital objectives include, as applicable, identifying, recruiting, developing, retaining, incentivizing, and integrating our existing and new employees. We strive to meet this objective by offering competitive compensation and benefits, in a **diverse, inclusive safe** and **safe rewarding** workplace, with opportunities for our employees to grow and develop in their careers. We hold our employees to high performance standards and our compensation plans are designed to deliver competitive base pay and attractive incentive opportunities. Our benefits programs are specifically tailored to the various countries in which we operate and maintain a significant workforce. We benchmark for market practices and adjust our compensation and benefits programs to ensure they remain both equitable and competitive.

Fostering a Positive Workplace Culture

Diversity and Inclusion

We believe in an **inclusive workforce**, a **workplace**, where **employees from a number of cultures everyone feels valued, respected**, and **countries are engaged has the opportunity to contribute their unique perspectives** and **encouraged to leverage their collective talents**. We have employees in roughly 40 countries around the world. **As of the date of filing of this annual report on Form 10-K, women comprised roughly 40% of our leadership positions on a global basis, which we define as director level and above. We have provided further information regarding our diversity demographics in our Environmental, Social, and Governance (ESG) Report and elsewhere on our website at esg.revivity.com, including summarized data from our EEO-1 form.**

esg.revivity.com is a home for information related to **ESG Environmental, Social, and Governance** policies and initiatives at Revvity. The site provides information for our employees, customers and investors on our environmental and social performance, including key metrics and policies, relevant policies. We highlight our global efforts to preserve our environment, **support the communities where we operate**, and **our global efforts to promote social equality**. It helps our employees and stakeholders know and understand **of foster a positive workplace**. The site showcases our commitment to **make positive impacts on responsible business practices and how these contribute to long-term value creation** for our employees, customers, local communities and the environment, while engaging others in our efforts, stakeholders. **Our EEO-1 form is a report filed with the United States Equal Employment Opportunity Commission describing the racial, ethnic and gender composition of our U.S.-based workforce. Information on our website, including the ESG Report, shall not be deemed incorporated by reference into this annual report.**

We understand that our ability to operate in a multicultural world is critical to our long-term value creation. **By maintaining We strive to create a culture of diversity workplace where everyone feels valued and inclusion, we believe respected, believing that we can innovate more effectively. To that end, we seek this fosters innovation and enables all employees to promote diverse perspectives throughout contribute fully to our organization and are an equal opportunity employer committed to making shared goals. We make employment decisions without regard to race, religion, national or ethnic origin, sex, sexual orientation, gender identity or expression, age, disability, protected veteran status or other characteristics protected by law.**

Our commitment to diversity is evidenced by the advancement of the vibrant belonging collective formed by our four Employee Resources **based on legitimate business needs** and **Networking groups, now comprising of nearly 700 employees who enjoy this safe and engaging platform for dialogue and empowerment**. During the fiscal year 2023, our groups conducted a series of workshops enhancing the visibility of our Hispanic communities in the workplace, recognizing the dedication of our veteran employees and empowering women to network, develop and share their stories. We continued to support working parents through our flexible working policies and networking opportunities provided by our **Women's Forum**. These efforts serve as a testament to our dedication to fostering an inclusive workplace. Our commitment to creating a diverse and inclusive work environment is further validated by our 2023 People Experience Survey in which 85% of our employees felt safe to share their opinions and use their voices, providing over 31,000 comments. We continued to receive a high score in the area of Diversity and Inclusion. Amongst other comments, employees shared that they are proud of the emphasis we place on diversity and inclusion and on making our company a place where everyone is valued and respected. **compliance with all applicable laws.**

Training and Development

We are committed to the continued development and training of our employees and we seek to provide them with meaningful learning opportunities to help grow their capabilities and careers. We provide such opportunities across all levels of our organization, covering a variety of professional, technical and leadership topics. We do so through a variety of channels and formats, including formal (classroom-based, blended learning solutions, digital learning) and informal, on-the-job learning.

A pivotal component of our annual performance review and goal-setting process focuses on providing employees with constructive and actionable feedback, as well as management engagement in the creation and completion of development goals. In addition, employees have access to confidential, anonymous feedback through a process that is

used as a development tool to help raise awareness on how they are perceived. Lastly, we recognize that professional development requires support of the whole person, and we therefore offer virtual coaching to help eligible employees meet their unique development goals, whether such goals are leadership or well-being focused.

With regards to career growth, we regularly fill open vacancies with internal candidates. Our internal mobility program empowers employees to explore many different career options available to them. Career options vary based on **the an** employee's aspirations and can include specific project work, stretch assignments, job rotations, mentoring, networking, or internal job changes.

Lastly, management periodically assesses succession planning for certain key positions and reviews our workforce to identify high potential employees for future growth and development.

Health and Safety

Our success depends on the well-being of our employees, and one of our top priorities is to protect their health and safety. We maintain a culture focused on safety and strive to identify, eliminate and control risk in the workplace to prevent injury and illness. Many of our large manufacturing sites are ISO 45001 and 14001 certified with management systems embedded in operations. We continually strive to improve our environmental, health and safety ("EHS") management systems across our entire footprint. A Revvity Global EHS Council engages our worldwide health and safety leaders to review, collaborate, and drive corporate EHS objectives across the company. Further, we provide our employees with a comprehensive benefits package that includes health insurance and other resources that support their physical and mental well-being.

Community

At Revvity, we have long held the view that responsible global citizenship along with good governance principles and ethical business practices are essential tenets for sustainability and success. We encourage our employees to support the communities in which they live and where we operate, and to assist in that effort, we fund a long-term charitable matching program for our employees. In addition, we have established a group comprised of management and subject matter experts at our company to focus on developing and delivering on measurable advancements in the areas of reducing waste, reducing carbon emissions and improving employee **engagement and diversity, engagement.**

Item 1A. Risk Factors

The following important factors affect our business and operations generally or affect multiple segments of our business and operations:

Risks Related to our Business Operations and Industry

If the markets into which we sell our products decline or do not grow as anticipated due to a decline in general economic conditions, or there are uncertainties surrounding the approval of government or industrial funding proposals, or there are unfavorable changes in government regulations, we may see an adverse effect on the results of our business operations.

Our customers include pharmaceutical and biotechnology companies, laboratories, academic and research institutions, public health authorities, private healthcare organizations, doctors and government agencies. Our quarterly revenue and results

of operations are highly dependent on the volume and timing of orders received during the quarter. In addition, our revenues and earnings forecasts for future quarters are often based on the expected trends in our markets. However, the markets we serve do not always experience the trends that we may expect. Negative fluctuations in our customers' markets, the inability of our customers to secure credit or funding, **restrictions** in capital expenditures, general economic conditions, cuts in government funding, **deficit reduction efforts or other actions that reduce or freeze the availability of government funding for healthcare and research** or unfavorable changes in government regulations would likely result in a reduction in demand for our products and **services, services and additional pricing pressures, as well as create potential collection risk associated with those sales.** In addition, government funding is subject to economic conditions and the political process, which is inherently fluid and unpredictable. Our revenues may be adversely affected if our customers delay or reduce purchases as a result of uncertainties surrounding the approval of government or industrial funding **proposals, proposals or reductions in government funding.** Such declines could harm our consolidated financial position, results of operations, cash flows and trading price of our common **stock, stock,** and could limit our ability to sustain profitability.

Our growth and profitability is are subject to global economic and political conditions, and operational disruptions at our facilities.

Our business is affected by global economic and political conditions as well as the state of the financial markets, particularly as the United States and other countries balance concerns around debt, inflation, **trade protectionism,** growth and budget allocations in their policy initiatives. There can be no assurance that global economic conditions and financial markets will not worsen and that we will not experience any adverse effects that may be material to our consolidated cash flows, results of operations, financial position or our ability to access capital, such as the adverse effects resulting from a prolonged shutdown in government operations both in the United States and internationally. Our business is also affected by local economic environments, including inflation, recession, financial liquidity, interest rates and currency volatility or devaluation. Environmental events and political changes, including **trade barriers and tariffs, and** war or other conflicts, such as the current conflicts in Ukraine and the Middle East, some of which may be disruptive, could interfere with our supply chain, our customers and all of our activities in a particular location.

While we take precautions to prevent production or service interruptions at our global facilities, a major earthquake, fire, flood, power loss or other catastrophic event that results in the destruction or delay of any of our critical business operations could result in our incurring significant liability to customers or other third parties, cause significant reputational damage or have a material adverse effect on our business, operating results or financial condition.

Certain of these risks can be hedged to a limited degree using financial instruments, or other measures, and some of these risks are insurable, but any such mitigation efforts are costly and may not always be fully successful. Our ability to engage in such mitigation efforts has decreased or become even more costly as a result of recent market developments.

If we do not introduce new products in a timely manner, we may lose market share and be unable to achieve revenue growth targets.

We sell many of our products in industries characterized by rapid technological change, frequent new product and service introductions, and evolving customer needs and industry standards. Many of the businesses competing with us in these industries have significant financial and other resources to invest in new technologies, substantial intellectual property portfolios, substantial experience in new product development, regulatory expertise, manufacturing capabilities, and established distribution channels to deliver products to customers. Our products could become technologically obsolete over time, or we may invest in technology that does not lead to revenue growth or continue to sell products for which the demand from our customers is declining, in which case we may lose market share or not achieve our revenue growth targets. The success of our new product offerings will depend upon several factors, including our ability to:

- accurately anticipate customer needs,
- innovate and develop new reliable technologies and applications,
- receive regulatory approvals in a timely manner,
- successfully commercialize new technologies in a timely manner,
- price our products competitively, and manufacture and deliver our products in sufficient volumes and on time, and
- differentiate our offerings from our competitors' offerings.

Many of our products are used by our customers to develop, test and manufacture their products. We must anticipate industry trends and consistently develop new products to meet our customers' expectations. In developing new products, we may be required to make significant investments before we can determine the commercial viability of the new product. If we fail to accurately foresee our customers' needs and future activities, we may invest heavily in research and development of

products that do not lead to significant revenue. We may also suffer a loss in market share and potential revenue if we are unable to commercialize our technology in a timely and efficient manner.

In addition, some of our licensed technology is subject to contractual restrictions, which may limit our ability to develop or commercialize products for some applications.

We may not be able to successfully execute acquisitions or divestitures, license technologies, integrate acquired businesses or licensed technologies into our existing businesses, maintain licensed technologies, or make acquired businesses or licensed technologies profitable.

We have in the past supplemented, and may in the future supplement, our internal growth by acquiring businesses and licensing technologies that complement or augment our existing product lines. However, we may be unable to identify or complete promising acquisitions or license transactions for many reasons, such as:

- competition among buyers and licensees,
- the high valuations of businesses and technologies,
- the need for regulatory and other approval, and
- our inability to raise capital to fund these acquisitions.

Some of the businesses we acquire may be unprofitable or marginally profitable, or may increase the variability of our revenue recognition. If, for example, we are unable to successfully commercialize products and services related to significant in-process research and development that we have capitalized, we may have to impair the value of such assets. Accordingly, the earnings or losses of acquired businesses may dilute our earnings. For these acquired businesses to achieve acceptable levels of profitability, we would have to improve their management, operations, products and market penetration. We may not be successful in this regard and may encounter other difficulties in integrating acquired businesses into our existing operations, such as incompatible management, information or other systems, cultural differences, loss of key personnel, unforeseen regulatory requirements, previously undisclosed liabilities or difficulties in predicting financial results. We may lose the right to utilize licensed technologies which could limit our ability to offer products incorporating such technologies. To finance our acquisitions, we may have to raise additional funds, either through public or private financings. We may be unable to obtain such funds or may be able to do so only on terms unacceptable to us. We may also incur expenses related to completing

acquisitions or licensing technologies, or in evaluating potential acquisitions or technologies, which may adversely impact our profitability.

If we do not compete effectively, our business will be harmed.

We encounter aggressive competition from numerous competitors in many areas of our business. We may not be able to compete effectively with all of these competitors. To remain competitive, we must develop new products and periodically enhance our existing products. We anticipate that we may also have to adjust the prices of many of our products to stay competitive. In addition, new competitors, technologies or market trends may emerge to threaten or reduce the value of entire product lines.

Our quarterly operating results could be subject to significant fluctuation, and we may not be able to adjust our operations to effectively address changes we do not anticipate, which could increase the volatility of our stock price and potentially cause losses to our shareholders.

Given the nature of the markets in which we participate, we cannot reliably predict future revenue and profitability. Changes in competitive, market and economic conditions may require us to adjust our operations, and we may not be able to make those adjustments or make them quickly enough to adapt to changing conditions. A high proportion of our costs are fixed in the short term, due in part to our research and development and manufacturing costs. As a result, small declines in sales could disproportionately affect our operating results in a quarter. Factors that may affect our quarterly operating results include:

- demand for and market acceptance of our products,
 - competitive pressures resulting in lower selling prices,
 - changes in the level of economic activity in regions in which we do business, including as a result of global health crises or pandemics,
 - changes in trade policy applicable to the regions in which we do business,
 - changes in general economic conditions or government funding,
 - settlements of income tax audits,
-
- expenses incurred in connection with claims related to environmental conditions at locations where we conduct or formerly conducted operations,
 - contract terminations, adverse litigation outcomes, and litigation costs,
 - differing tax laws and changes in those laws (including the enactment by countries of the Organization for Economic Cooperation and Development (OECD) Base Erosion and Profit Shifting Pillar Two, which would impose a minimum corporate income tax rate of least 15%), or changes in the countries in which we are subject to taxation,
 - changes in our effective tax rate,
 - changes in industries, such as pharmaceutical and biomedical,
 - changes in the portions of our revenue represented by our various products and customers,
 - our ability to introduce new products,
 - our competitors' announcement or introduction of new products, services or technological innovations,
 - costs of raw materials, labor, energy, supplies, transportation or other indirect costs,
 - changes in healthcare or other reimbursement rates paid by government agencies and other third parties for certain of our products and services,
 - our ability to realize the benefit of ongoing productivity initiatives,
 - changes in the volume or timing of product orders,
 - fluctuation in the expense related to the mark-to-market adjustment on postretirement benefit plans,
 - changes in our assumptions underlying future funding of pension obligations,
 - changes in assumptions used to determine contingent consideration in acquisitions, and
 - changes in foreign currency exchange rates.

A significant disruption in third-party package delivery and import/export services, or significant increases in prices for those services, could interfere with our ability to ship products, increase our costs and lower our profitability.

We ship a significant portion of our products to our customers through independent package delivery and import/export companies, including UPS and Federal Express in the United States; TNT, UPS and DHL in Europe; and UPS in Asia. We also ship our products through other carriers, including commercial airlines, freight carriers, national trucking firms, overnight carrier services and the United States Postal Service. If one or more of the package delivery or import/export providers experiences a significant disruption in services or institutes a significant price increase, we may have to seek alternative providers and the delivery of our products could be prevented or delayed. Such events could cause us to incur increased shipping costs that could not be passed on to our customers, negatively impacting our profitability and our relationships with certain of our customers.

Disruptions in the supply of raw materials, certain key components and other goods from our limited or single source suppliers could have an adverse effect on the results of our business operations, and could damage our relationships with customers.

The production of our products requires a wide variety of raw materials, key components and other goods that are generally available from alternate sources of supply. However, certain critical raw materials, key components and other goods required for the production and sale of some of our principal products are available from limited or single sources of supply. We generally have multi-year contracts with no minimum purchase requirements with these suppliers, but those contracts may not fully protect us from a failure by certain suppliers to supply critical materials or from the delays inherent in being required to change suppliers and, in some cases, validate new raw materials. Such raw materials, key components and other goods can usually be obtained from alternative sources with the potential for an increase in price, decline in quality or delay in delivery. A prolonged inability to obtain certain raw materials, key components or other goods is possible and could have an adverse effect on our business operations, and could damage our relationships with customers. In addition, global health crises or pandemics, **changes in trade policy**, wars, conflicts, or other changes in a country's or region's political or economic conditions, could have a significant adverse effect on our supply chain.

We are subject to the rules of the Securities and Exchange Commission requiring disclosure as to whether certain materials known as conflict minerals (tantalum, tin, gold, tungsten and their derivatives) that may be contained in our products are mined from the Democratic Republic of the Congo and adjoining countries. As a result of these rules, we may incur

additional costs in complying with the disclosure requirements and in satisfying those customers who require that the components used in our products be certified as conflict-free, and the potential lack of availability of these materials at competitive prices could increase our production costs.

If we do not retain our key personnel, our ability to execute our business strategy will be limited.

Our success depends to a significant extent upon the continued service of our executive officers and key management and technical personnel, particularly our experienced engineers and scientists, and on our ability to continue to attract, retain, and motivate qualified personnel. The competition for these employees is intense. The loss of the services of key personnel could have a material adverse effect on our operating results. In addition, there could be a material adverse effect on us should the turnover rates for key personnel increase significantly or if we are unable to continue to attract qualified personnel. We do not maintain any key person life insurance policies on any of our officers or employees.

Our success also depends on our ability to execute leadership succession plans. The inability to successfully transition key management roles could have a material adverse effect on our operating results.

If we experience a significant disruption in, or breach in security of, our information technology systems or those of our customers, suppliers or other third parties, or cybercrime, resulting in inappropriate access to or inadvertent transfer of information or assets or result in a ransom demand from a third party, or if we fail to implement new systems, software and technologies successfully, our business could be adversely affected.

We rely on several centralized information technology systems throughout our company to develop, manufacture and provide products and services, keep financial records, process orders, manage inventory, process shipments to customers and operate other critical functions. Our and our third-party service providers' information technology systems may be susceptible to damage, disruptions or shutdowns due to power outages, hardware failures, computer viruses, attacks by computer hackers, telecommunication failures, user errors, catastrophes or other unforeseen events. The risk of a security breach or disruption through cyber-attacks has generally increased as the number, intensity and sophistication of attempted attacks from around the world have increased. For example, many companies have experienced an increase in phishing and social engineering attacks from third parties. If we were to experience a prolonged system disruption in the information technology systems that involve our interactions with customers, suppliers or other third parties, it could result in the loss of sales and customers and significant

incremental costs, which could adversely affect our business. In addition, security breaches of our information technology systems or cybercrime, resulting in inappropriate access to or inadvertent transfer of information or assets, could result in losses or misappropriation of assets, ransom demands by third parties, or unauthorized disclosure of confidential information belonging to us or to our employees, partners, customers or suppliers, which could result in our suffering significant financial or reputational damage.

Our results of operations will be adversely affected if we fail to realize the full value of our intangible assets.

As of **December 31, 2023** **December 29, 2024**, our total assets included **\$9.6** **\$9.1** billion of net intangible assets. Net intangible assets consist principally of goodwill associated with acquisitions and costs associated with securing patent rights, trademark rights, customer relationships, core technology and technology licenses, **and in-process research and development**, net of accumulated amortization. We test goodwill at least annually for potential impairment by comparing the carrying value to the fair **market** value of the reporting unit to which **they are it is** assigned. All of our amortizing intangible assets are also evaluated for impairment should events occur that call into question the value of the intangible assets.

Adverse changes in our business, adverse changes in the assumptions used to determine the fair value of our reporting units, or the failure to grow our Life Sciences and Diagnostics segments may result in impairment of our intangible assets, which could adversely affect our results of operations.

Risks Related to our Intellectual Property

We may not be successful in adequately protecting our intellectual property.

Patent and trade secret protection is important to us because developing new products, processes and technologies gives us a competitive advantage, although it is time-consuming and expensive. We own many United States and foreign patents and intend to apply for additional patents. Patent applications we file, however, may not result in issued patents or, if they do, the claims allowed in the patents may be narrower than what is needed to protect fully our products, processes and technologies. The expiration of our previously issued patents may cause us to lose a competitive advantage in certain of the products and services we provide. Similarly, applications to register our trademarks may not be granted in all countries in which they are filed. For our intellectual property that is protected by keeping it secret, such as trade secrets and know-how, we may not use adequate measures to protect this intellectual property.

Third parties have in the past and may in the future also challenge the validity of our issued patents, may circumvent or “design around” our patents and patent applications, or claim that our products, processes or technologies infringe their patents. In addition, third parties may assert that our product names infringe their trademarks. We may incur significant expense in legal proceedings to protect our intellectual property against infringement by third parties or to defend against claims of infringement by third parties. Claims by third parties in pending or future lawsuits could result in awards of substantial damages against us or court orders that could effectively prevent us from manufacturing, using, importing or selling our products in the United States or other countries.

If we are unable to renew our licenses or otherwise lose our licensed rights, we may have to stop selling products or we may lose competitive advantage.

We may not be able to renew or otherwise lose our right to utilize our existing licenses, or licenses we may obtain in the future, on terms acceptable to us, or at all. If we lose the rights to a patented or other proprietary technology, we may need to stop selling products incorporating that technology and possibly other products, redesign our products or lose a competitive advantage. Potential competitors could in-license technologies that we fail to license and potentially erode our market share.

Our licenses typically subject us to various economic and commercialization obligations. If we fail to comply with these obligations, we could lose important rights under a license, such as the right to exclusivity in a market, or incur losses for failing to comply with our contractual obligations. In some cases, we could lose all rights under the license. In addition, rights granted under the license could be lost for reasons out of our control. For example, the licensor could lose patent protection for a number of reasons, including invalidity of the licensed patent, or a third-party could obtain a patent that curtails our freedom to operate under one or more licenses.

Risks Related to Legal, Government and Regulatory Matters

The manufacture and sale of products and services may expose us to product and other liability claims for which we could have substantial liability.

We face an inherent business risk of exposure to product and other liability claims if our products, services or product candidates are alleged or found to have caused injury, damage or loss. We may be unable to obtain insurance with adequate levels of coverage for potential liability on acceptable terms or claims of this nature may be excluded from coverage under the terms of any insurance policy that we obtain. If we are unable to obtain such insurance or the amounts of any claims successfully brought against us substantially exceed our coverage, then our business could be adversely impacted.

If we fail to maintain satisfactory compliance with the regulations of the United States Food and Drug Administration and other governmental agencies in the United States and abroad, we may be forced to recall products and cease their manufacture and distribution, and we could be subject to civil, criminal or monetary penalties.

Our operations are subject to regulation by different state and federal government agencies in the United States and other countries, as well as to the standards established by international standards bodies. If we fail to comply with those regulations or standards, we could be subject to fines, penalties, criminal prosecution or other sanctions. Some of our products are subject to regulation by the United States Food and Drug Administration and similar foreign and domestic agencies. These regulations govern a wide variety of product activities, from design and development to labeling, manufacturing, promotion, sales and distribution. If we fail to comply with those regulations or standards, we may have to recall products, cease their manufacture and distribution, and may be subject to fines or criminal prosecution.

We are also subject to a variety of laws, regulations and standards that govern, among other things, the importation and exportation of products, the handling, transportation and manufacture of toxic or hazardous substances, the collection, storage, transfer, use, disclosure, retention and other processing of personal data, and our business practices in the United States and abroad such as anti-bribery, anti-corruption and competition laws. This requires that we devote substantial resources to maintaining our compliance with those laws, regulations and standards. A failure to do so could result in the imposition of civil, criminal or monetary penalties having a material adverse effect on our operations.

We are subject to stringent data privacy and information security laws and regulations and changes in such laws or regulations, or our failure to comply with such requirements, could subject us to significant fines and penalties, which may have a material adverse effect on our business, financial condition or results of operations.

We are subject to data privacy and information security laws and regulations that apply to the collection, transmission, storage and use of personally identifying information, which among other things, impose certain requirements relating to the privacy, security and transmission of personal information, including comprehensive regulatory systems in the United States, European Union and the United Kingdom. The legislative and regulatory landscape for privacy and data protection continues to

evolve in jurisdictions worldwide, and there has been an increasing focus on privacy and data protection issues with the potential to affect our business. Failure to comply with any of these laws or regulations could result in enforcement actions against us, including fines, claims for damages by affected individuals, damage to our reputation and loss of goodwill, any of which could have a material adverse effect on our business, financial condition, results of operations or prospects.

Changes in governmental regulations may reduce demand for our products or increase our expenses.

We compete in markets in which we or our customers must comply with federal, state, local and foreign regulations, such as environmental, health and safety, data privacy and food and drug regulations. We develop, configure and market our products to meet customer needs created by these regulations. Any significant change in these regulations could reduce demand for our products or increase our costs of producing these products.

The healthcare industry is highly regulated and if we fail to comply with its extensive system of laws and regulations, we could suffer fines and penalties or be required to make significant changes to our operations which could have a significant adverse effect on the results of our business operations.

The healthcare industry, including the genetic screening market, is subject to extensive and frequently changing international and United States federal, state and local laws and regulations. In addition, legislative provisions relating to healthcare fraud and abuse, patient privacy violations and misconduct involving government insurance programs provide federal enforcement personnel with substantial powers and remedies to pursue suspected violations. We believe that our business will continue to be subject to increasing regulation as the federal government continues to strengthen its position on healthcare matters, the scope and effect of which we cannot predict. If we fail to comply with applicable laws and regulations, we could suffer civil and criminal damages, fines and penalties, exclusion from participation in governmental healthcare

programs, and the loss of various licenses, certificates and authorizations necessary to operate our business, as well as incur liabilities from third-party claims, all of which could have a significant adverse effect on our business.

Risks Related to our Foreign Operations

Economic, political and other risks associated with foreign operations could adversely affect our international sales and profitability.

Because we sell our products worldwide, our businesses are subject to risks associated with doing business internationally. Our sales originating outside the United States represented the majority of our total revenue in fiscal year 2023, 2024. We anticipate that sales from international operations will continue to represent a substantial portion of our total revenue. In addition, many of our manufacturing facilities, employees and suppliers are located outside the United States. Accordingly, our future results of operations could be harmed by a variety of factors, including:

- changes in actual, or from projected, foreign currency exchange rates,
 - global health crises of unknown duration,
 - wars, conflicts, or other changes in a country's or region's political or economic conditions, particularly in developing or emerging markets,
 - longer payment cycles of foreign customers and timing of collections in foreign jurisdictions,
 - trade protection measures including embargoes, sanctions and tariffs, such as the sanctions and other restrictions implemented by the United States and other governments on the Russian Federation and related parties in connection with the conflict in Ukraine,
 - import or export licensing requirements and the associated potential for delays or restrictions in the shipment of our products or the receipt of products from our suppliers,
 - policies in foreign countries benefiting domestic manufacturers or other policies detrimental to companies headquartered in the United States,
 - differing tax laws and changes in those laws, or changes in the countries in which we are subject to tax,
 - adverse income tax audit settlements or loss of previously negotiated tax incentives,
 - differing business practices associated with foreign operations,
 - difficulty in transferring cash between international operations and the United States,
 - difficulty in staffing and managing widespread operations,
-
- differing labor laws and changes in those laws,
 - differing protection of intellectual property and changes in that protection,
 - expanded enforcement of laws related to data protection and personal privacy,
 - increasing global enforcement of anti-bribery and anti-corruption laws, and
 - differing regulatory requirements and changes in those requirements.

Risks Related to our Debt

We have a substantial amount of outstanding debt, which could impact our ability to obtain future financing and limit our ability to make other expenditures in the conduct of our business.

We have a substantial amount of debt and other financial obligations. Our debt level and related debt service obligations could have negative consequences, including:

- requiring us to dedicate significant cash flow from operations to the payment of principal and interest on our debt, which reduces the funds we have available for other purposes, such as acquisitions and stock repurchases;
- reducing our flexibility in planning for or reacting to changes in our business and market conditions;
- exposing us to interest rate risk as a portion of our debt obligations are at variable rates;

- increasing our foreign currency risk as a portion of our debt obligations are in denominations other than the U.S. dollar; and
- increasing the chances of a downgrade of our debt ratings due to the amount or intended purpose of our debt obligations.

We may incur additional indebtedness in the future to meet future financing needs. If we add new debt, the risks described above could increase. In addition, the market for both public and private debt offerings has experienced liquidity concerns and increased volatility, which could ultimately increase our borrowing costs and limit our ability to obtain future financing.

Restrictions in our senior unsecured revolving credit facility and other debt instruments may limit our activities.

Our senior unsecured revolving credit facility, senior unsecured notes due in 2024 ("2024 Notes"), senior unsecured notes due in 2026 ("2026 Notes"), senior unsecured notes due in 2028 ("2028 Notes"), senior unsecured notes due in 2029 ("2029 Notes"), senior unsecured notes due in March 2031 ("March 2031 Notes"), senior unsecured notes due in September 2031 ("September 2031 Notes") and senior unsecured notes due in 2051 ("2051 Notes") include restrictive covenants that limit our ability to engage in activities that could otherwise benefit our company. These include restrictions on our ability and the ability of our subsidiaries to:

- pay dividends on, redeem or repurchase our capital stock,
- sell assets,
- incur obligations that restrict our subsidiaries' ability to make dividend or other payments to us,
- guarantee or secure indebtedness,
- enter into transactions with affiliates, and
- consolidate, merge or transfer all, or substantially all, of our assets and the assets of our subsidiaries on a consolidated basis.

We are also required to meet specified financial ratios under the terms of certain of our existing debt instruments. Our ability to comply with these financial restrictions and covenants is dependent on our future performance, which is subject to prevailing economic conditions and other factors, including factors that are beyond our control, such as foreign exchange rates, interest rates, changes in technology and changes in the level of competition. In addition, if we are unable to maintain our investment grade credit rating, our borrowing costs would increase and we would be subject to different and potentially more restrictive financial covenants under some of our existing debt instruments.

Any future indebtedness that we incur may include similar or more restrictive covenants. Our failure to comply with any of the restrictions in our senior unsecured revolving credit facility, the 2024 Notes, the 2026 Notes, the 2028 Notes, the 2029 Notes, the March 2031 Notes, the September 2031 Notes, the 2051 Notes, including our new senior unsecured revolving credit facility that was entered into in January 2025, or any future indebtedness may result in an event of default under those debt instruments, which

could permit acceleration of the debt under those debt instruments, and require us to prepay that debt before its scheduled due date under certain circumstances.

Risks Related to Ownership of our Common Stock

Our share price will fluctuate.

Over the last several years, stock markets in general and our common stock in particular have experienced significant price and volume volatility. Both the market price and the daily trading volume of our common stock may continue to be subject to significant fluctuations due not only to general stock market conditions but also to a change in sentiment in the market regarding our operations and business prospects. In addition to the risk factors discussed above, the price and volume volatility of our common stock may be affected by:

- operating results that vary from our financial guidance or the expectations of securities analysts and investors,
- the financial performance of the major end markets that we target,
- the operating and securities price performance of companies that investors consider to be comparable to us,
- announcements of strategic developments, acquisitions and other material events by us or our competitors,
- changes in global financial markets and global economies and general market conditions, such as interest or foreign exchange rates, inflation, freight costs, commodity and equity prices and the value of financial assets, and
- changes to economic conditions arising from global health crises and pandemics, climate change, or from wars or conflicts.

Dividends on our common stock could be reduced or eliminated in the future.

On October 26, 2023 October 24, 2024, we announced that our Board of Directors (our "Board") had declared a quarterly dividend of \$0.07 per share for the fourth quarter of fiscal year 20232024 that was paid paid in February 2024, 2025. On January 25, 2024 January 23, 2025, we announced that our Board had declared a quarterly dividend of \$0.07 per share for the first quarter of fiscal year 20242025 that will be payable in May 2024, 2025. In the future, our Board may determine to reduce or eliminate our common stock dividend in order to fund investments for growth, repurchase shares or conserve capital resources.

Item 1B. *Unresolved Staff Comments*

Not applicable.

Item 1C. *Cybersecurity Disclosures*

We have developed and maintain a Material Cyber Incident Disclosure Program. The program includes processes for the identification, review and assessment of materiality of cyber events, notification of our senior leadership and Board of Directors of such events, and financial reporting disclosure where applicable. As part of the program, we also engage in due diligence regarding the cybersecurity capabilities of our current and potential third-party vendors in accordance with industry best practices. Under the program, all material cyber incidents will be reported to our Board of Directors. The program is led by our Cyber Event Disclosure Committee, which includes members of our Information Security, Corporate Legal, External Reporting and Enterprise Risk Management teams. In addition to assessing our own cybersecurity preparedness, we also consider and evaluate cybersecurity risks associated with use of third-party service providers. Our Internal Audit team conducts an annual review of third-party hosted applications with a specific focus on any sensitive data shared with third parties. For all critical third party service providers, we perform a review of the vendor's System and Organization Controls (SOC), which is referred to as a SOC 1 or SOC 2 report. If a third-party vendor is not able to provide a SOC 1 or SOC 2 report, we take additional steps to understand and mitigate any additional risks. Our assessment of risks associated with use of third-party providers is part of our overall risk management framework. **We have implemented comprehensive cybersecurity initiatives for our employees, including education, training, and testing. These measures are conducted annually to ensure our employees remain up-to-date with the latest security practices, complementing our continuously improving processes and systems.**

The Company's Our Chief Information Officer is responsible for developing and implementing our information security program. Our Information Security team monitors our exposure to external cybersecurity threats, leveraging automated tools and manual processes to ensure cybersecurity risk is effectively mitigated on a continuous basis. **This team leverages internal IT resources, a managed security service provider, and additional third-party security software and technology services.** When a specific incident has been identified, the Information **Security Security** team leverages our Cyber Incident Response Plan in conjunction with established Information Security policies to begin assessment of the incident. Depending on the type and/or **severity severity** of the incident, our Information Security team will determine (in compliance with our Cyber Incident Response Plan) whether third party expertise or consultation is necessary. If such expertise or consultation is determined to be necessary, our Information Security and Corporate Legal teams will engage with third-party experts. As part of its review of incidents, our Information Security team considers the risk exposure, potential impact, severity and implications with respect to our information technology systems. Our Information Security team is responsible for escalating incidents which are determined to be higher risk to our Cyber Event Disclosure Committee. The Cyber Event Disclosure Committee will work with our General Counsel to determine the materiality of the incident and any required disclosure. When an incident is determined to be material and is required to be disclosed, the Cyber Event Disclosure Committee will notify our senior leadership and our Board of Directors through the Audit Committee of our Board of Directors. The Cyber Event Disclosure Committee will collaborate with our Corporate Legal and Financial Reporting teams to develop any required Form 8-K Item 1.05 disclosure.

The oversight, monitoring, and testing of the program occurs under our Sarbanes-Oxley entity-level control reviews and the program is integrated into our Enterprise Risk Management processes. The Cyber Event Disclosure Committee convenes, at least monthly, to review recent developments in cybersecurity and in the cybersecurity risk landscape. The Cyber Event Disclosure Committee is comprised of representatives with relevant expertise for assessing and managing the applicable risks. Our Board of Directors is presented with updates on an annual, or as needed, basis regarding our cybersecurity preparedness. Additionally, our Board of Directors is provided with a comprehensive cyber training from our Chief Information Security Officer at least annually. Our Board of Directors annually reviews our cybersecurity program and the Audit Committee of our Board of Directors is specifically responsible for oversight of cybersecurity risk, which it regularly reviews with Company leadership.

We have not identified risks from known cybersecurity threats, including as a result of any prior cybersecurity incidents, that have materially affected or are reasonably likely to materially affect us, including our operations, business strategy, results of operations or financial condition.

Item 2. *Properties*

We conduct operations for both our Life Sciences and Diagnostics segments in manufacturing and assembly plants, research laboratories, administrative offices and other facilities. A majority of all such facilities utilized are leased from third parties. Our real property leases are both short-term and long-term. See Note **21, 20**, *Leases*, in the Notes to Consolidated Financial Statements for further discussion of our leases.

Item 3. *Legal Proceedings*

We are subject to various claims, legal proceedings and investigations covering a wide range of matters that arise in the ordinary course of our business activities. Although we have established accruals for potential losses that we believe are probable and reasonably estimable, in the opinion of our management, based on its review of the information available at this time, the total cost of resolving these contingencies at **December 31, 2023** **December 29, 2024** should not have a material adverse effect on our consolidated financial statements included in this annual report on Form 10-K. However, each of these matters is subject to uncertainties, and it is possible that some of these matters may be resolved unfavorably to us.

Item 4. Mine Safety Disclosures

Not applicable.

INFORMATION ABOUT OUR EXECUTIVE OFFICERS

Listed below are our executive officers as of February 27, 2024 February 25, 2025. No family relationship exists between any one of these executive officers and any of the other executive officers or directors.

Name	Position	Age
Prahlad Singh	President and Chief Executive Officer	59 60
Maxwell Krakowiak	Senior Vice President and Chief Financial Officer	34 35
Joel S. Goldberg	Senior Vice President, Administration, General Counsel and Secretary	55
Daniel R. Tereau	Senior Vice President, Strategy and Business Development	57 56
Miriame Victor	Senior Vice President, Chief Commercial Officer	43 44
Tajinder Vohra	Senior Vice President, Global Operations	58 59
Anita Gonzales	Vice President, Controller	48 49

Prahlad Singh, 59 60. Dr. Singh currently serves as President and Chief Executive Officer of Revvity, having previously served as President and Chief Operating Officer of Revvity from January 2019 through December 2019. Dr. Singh joined Revvity as the President of our Diagnostics business in May 2014. He was elected Senior Vice President in September 2016 and Executive Vice President in March 2018. Prior to joining Revvity, Dr. Singh was General Manager of GE Healthcare's Women's Health business from 2012 to 2014, with responsibility for its mammography and bone densitometry businesses. Before that, Dr. Singh held senior executive level roles in strategy, business development and mergers & acquisitions at both GE Healthcare and Philips Healthcare. Earlier in his career, he held leadership roles of increasing responsibility at DuPont Pharmaceuticals and subsequently Bristol-Myers Squibb Medical Imaging, which included managing the Asia Pacific and Middle East region. Dr. Singh holds a doctoral degree in chemistry from the University of Missouri-Columbia and a Master of Business Administration from Northeastern University. His research work has resulted in several issued patents and publications in peer reviewed journals.

Maxwell Krakowiak, 34 35. Mr. Krakowiak was appointed Senior Vice President and Chief Financial Officer of Revvity in August 2022 after having most recently served as our Vice President, Corporate Finance, focusing on driving global finance transformation through people, process and automation. Mr. Krakowiak joined Revvity in October 2018, and prior to being appointed as our Senior Vice President and Chief Financial Officer held several financial leadership positions of increasing scope and responsibilities, including oversight of financial planning and analysis, commercial finance and business development. Prior to joining Revvity, Mr. Krakowiak worked for General Electric Company ("GE") for seven years, most recently as Executive Audit Manager, working globally across GE's businesses on financial audits and operational excellence projects. During his tenure at GE, he served in a number of progressively responsible leadership roles across GE's Corporate Audit Staff and Financial Management leadership programs. Mr. Krakowiak holds a Bachelor of Science degree in finance from Fordham University.

Joel S. Goldberg, 55 56. Mr. Goldberg currently serves as our Senior Vice President, Administration, General Counsel and Secretary, having joined as our Senior Vice President, General Counsel and Secretary in July 2008. Prior to joining us, Mr. Goldberg spent seven years at Millennium Pharmaceuticals, Inc., where he most recently served as Vice President, Chief Compliance Officer and Secretary. During his seven years with Millennium, he focused in the areas of mergers and acquisitions, strategic alliances, investment and financing transactions, securities and healthcare related compliance, and employment law. Previously, he was an associate of the law firm Edwards & Angell, LLP. Mr. Goldberg graduated from the Northeastern University School of Law and also holds a Master of Business Administration from Northeastern University. He completed his undergraduate degree at the University of Wisconsin-Madison.

Daniel R. Tereau, 57. Mr. Tereau was appointed Senior Vice President, Strategy and Business Development in January 2016, having joined Revvity in April 2014 as Vice President, Strategy and Business Development. He is responsible for leading Revvity's overall strategic planning and business development activities. Prior to joining Revvity, Mr. Tereau served on Novartis' leadership team as Senior Vice President and Global Head of Strategy, Business Development and Licensing, where he was responsible for global strategy and business development for the Consumer Health division. Earlier in his career, Mr. Tereau held similar roles at Thermo Fisher Scientific and GE Healthcare. Mr. Tereau holds a Bachelor of Science degree in finance from Ferris State University, a Juris Doctorate from Wayne State University, and earned his Master of Business Administration from Yale University.

Miriame Victor, 43 44. Ms. Victor joined Revvity in October 2014 as Sales Leader for the Diagnostics business in Europe and most recently served as Vice President and General Manager for EMEA, prior to being appointed Senior Vice President and Chief Commercial Officer in January 2021. In that role, she oversees Revvity's product commercialization efforts across all

businesses, having previously completed the successful consolidation of the Diagnostics business with other businesses into one unified commercial organization. Prior to joining Revvity, Ms. Victor held various commercial leadership positions in the pharmaceutical industry with MSD and Novartis, and in the medical device industry with GE Healthcare. Ms. Victor holds a Bachelor of Science degree in pharmacy and pharmaceutical sciences from Cairo University and earned her Master of Business Administration from Arab Academy for Science, Technology and Maritime Transport.

Tajinder Vohra, 58 59. Mr. Vohra joined Revvity in October 2015 as Vice President of Global Operations and was appointed Senior Vice President, Global Operations in January 2018. He oversees all of Revvity's global operations, including manufacturing, supply chain, customer care and distribution. Prior to joining Revvity, Mr. Vohra served at ABB as a Country Operations Leader, where he was responsible for India-wide operations and Supply Chains for India, Middle East and Africa.

Previously, Mr. Vohra was a Senior Vice President with Genpact, managing Supply Chain and IT businesses, and held a number of global management operational positions with GE Healthcare. Mr. Vohra received his Bachelor's degree in Mechanical Engineering from the University of Delhi, Master's degree in Industrial Engineering from the University of Alabama and Master's degree in Manufacturing Engineering from Lehigh University. Mr. Vohra is a certified Six Sigma Black Belt and was trained in lean manufacturing at the Shingijitsu Training Institute in Japan.

Anita Gonzales, 48 49. Mrs. Gonzales was appointed our Vice President and Controller in May 2023, having joined Revvity as Senior Director of Integration and Controllershship Initiatives in March 2021. Prior to joining Revvity, Mrs. Gonzales was at General Electric Company ("GE") for ten years. During her tenure at GE, Mrs. Gonzales was Director of Audit and Advisory Practices Corporate division from 2016 to 2021, with responsibility for technical accounting and auditing standards of the Corporate Audit Staff. Before that, Mrs. Gonzales held executive roles at GE Aviation including Global Controller- Commercial Engines. Earlier in her career, she held roles of increasing responsibility, up to Senior Manager, at PricewaterhouseCoopers. Mrs. Gonzales holds Master of Public Accounting and Bachelor of Business Administration degrees from the University of Texas at Austin and is a Certified Public Accountant.

PART II

Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities

Common Equity

We only have one class of common stock. Our common stock is listed on the New York Stock Exchange under the symbol "RVTY". As of February 23, 2024 February 21, 2025, we had had approximately 2,923 2,753 holders of record record of our common stock. stock.

Stock Repurchases and Dividends

The following table provides information with respect to the shares of common stock repurchased by us for the periods indicated.

Issuer Repurchases of Equity Securities				
Period	Total Number of Shares Purchased(1)	Average Price Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs(2)	Maximum Aggregate Number (or Approximate Dollar Value) of Shares that May Yet Be Purchased Under the Plans or Programs

- (1)

Our Board of Directors (our “Board”) has authorized us to repurchase shares of common stock to satisfy minimum statutory tax withholding obligations in connection with the vesting of restricted stock awards and restricted stock unit awards granted pursuant to our equity incentive plans and to satisfy obligations related to the exercise of stock options made pursuant to our equity incentive plans. During the fourth quarter of fiscal year 2023, 2024, we repurchased 45,905 37,443 shares of common stock for this purpose at an aggregate cost of \$4.9 million \$4.6 million. The repurchased shares have been reflected as additional authorized but unissued shares, with the payments reflected in common stock and capital in excess of par value.
- (2)

On July 22, 2022 April 27, 2023, our Board authorized us to repurchase shares of common stock for an aggregate amount up to \$300.0 million \$600.0 million under a stock repurchase program (the “Repurchase Program”). On April 27, 2023 October 24, 2024, the Repurchase Program was terminated by our Board and our Board authorized us to repurchase shares of common stock for an aggregate amount up to \$600.0 million \$1.0 billion under a new stock repurchase program (the “New Repurchase Program”). No shares remain available for repurchase under the Repurchase Program due to its termination. The New Repurchase Program will expire on April 26, 2025 October 23, 2026, unless terminated earlier by our Board and may be suspended or discontinued at any time. During fiscal year 2023 2024, we repurchased 1,004,544 1,820,296 shares of common stock under the Repurchase Program for an aggregate cost of \$131.3 million \$213.6 million. No shares remain available for repurchase under the Repurchase Program due to its termination. During the fourth quarter of fiscal year 2023, no shares of common stock were repurchased under the New Repurchase Program. During fiscal year 2023 2024, we repurchased 2,159,985 284,985 shares of common stock under the Repurchase Program for an aggregate cost of \$34.3 million. During the fourth quarter of fiscal year 2024, we repurchased 1,238,755 shares of common stock under the New Repurchase Program for an aggregate cost of \$244.6 142.8 million. As of December 31, 2023 December 29, 2024, \$355.4 857.2 million remained available for aggregate repurchases of shares under the New Repurchase Program.

Our Board of Directors declared a cash dividend of \$0.07 per share during the fourth quarter of fiscal year 2024 that was paid in February 2025. Refer to Note 17, *Stockholders’ Equity*, in the Notes to Consolidated Financial Statements for further discussion regarding stock repurchases and dividends.

Stock Performance Graph

Set forth below is a line graph comparing the cumulative total shareholder return on our common stock against the cumulative total return of the S&P Composite-500 Index and the S&P 500 Life Sciences Tools & Services Industry Index for the five fiscal years from December 30, 2018 December 29, 2019 to December 31, 2023 December 29, 2024.

Accounting Period

Our fiscal year ends on the Sunday nearest December 31. We report fiscal years under a 52/53-week format and as a result, certain fiscal years will contain 53 weeks. Each of the fiscal years ended December 29, 2024 ("fiscal year 2024"), December 31, 2023 ("fiscal year 2023"), and January 1, 2023 ("fiscal year 2022") and January 2, 2022 ("fiscal year 2021") included 52 weeks. The fiscal year ending December 29, 2024 December 28, 2025 ("fiscal year 2024" 2025") will include 52 weeks.

Overview of Fiscal Year 2023 2024

During fiscal year 2023, 2024, we again delivered differentiated financial performance despite market headwinds, demonstrating the strength of our product portfolio continued innovation, and investments in our people, innovation. Our overall revenue in fiscal year 2023 decreased 2024 increased by \$561.3 million \$4.5 million, or 17% less than 1%, as compared to fiscal year 2022, 2023, reflecting a decrease an increase of \$560.7 million \$42.7 million, or 28% 3%, in Diagnostics segment revenue and a decrease of \$0.6 million \$38.2 million, or less than 1% 3%, in Life Sciences segment revenue. The decrease increase in Diagnostics segment revenue was primarily driven by decreased increased demand for COVID-19 product offerings, in our immunodiagnostics and reproductive health businesses, partially offset by growth a decrease in the core immunodiagnostics revenue from our applied genomics business. The decrease in Life Sciences segment revenue was driven by a decrease in instruments and reagents revenue due to pharmaceutical and biotechnology market headwinds, and a decrease partially offset by an increase in software revenue from the timing of contract renewals partially offset by an increase in reagents revenue and new orders.

Our consolidated gross margins margin decreased 411 16 basis points in fiscal year 2023, 2024, as compared to fiscal year 2022, 2023, primarily due to lower revenue from COVID-19 product offerings, and an unfavorable shift in product mix and higher product costs, partially offset by pricing actions, actions and productivity initiatives. Our consolidated operating margin decreased 1,150 increased 166 basis points in fiscal year 2023, 2024, as compared to fiscal year 2022, also 2023, due to lower revenue from COVID-19 product offerings productivity initiatives and unfavorable shift in product mix, partially offset by operating expense reductions, cost containment.

Overall, we believe that our range of product offerings, leading market positions, global scale and financial strength provides us with a foundation for continued long-term growth, margin expansion and robust cash flow generation.

Consolidated Results of Operations

Fiscal Year 2023 2024 Compared to Fiscal Year 2022 2023

Revenue

Revenue for fiscal year 2023 2024 was \$2,750.6 million \$2,755.0 million, as compared to \$3,311.8 million \$2,750.6 million for fiscal year 2022, a decrease 2023, an increase of \$561.3 million \$4.5 million, or 17% less than 1%. The analysis in the remainder of this paragraph compares segment revenue for fiscal year 2023 2024 as compared to fiscal year 2022 2023 and includes the effect of foreign exchange rate fluctuations. Diagnostics segment revenue for fiscal year 2023 was \$1,459.1 million, as compared to \$2,019.7 million for fiscal year 2022, a decrease of \$560.7 million, or 28%, due to a decrease of \$380.3 million in immunodiagnostics revenue, a decrease of \$165.2 million in applied genomics revenue and a decrease of \$15.3 million in reproductive health revenue. Life Sciences segment revenue was \$1,254.1 million for fiscal year 2024, as compared to \$1,292.3 million for fiscal year 2023, as compared to \$1,292.9 million for fiscal year 2022, a decrease of \$0.6 million \$38.2 million, or less than 1% 3%, driven by a decrease of \$24.3 million \$47.2 million in instruments revenue and a decrease of \$17.7 million \$13.5 million in software reagents revenue, partially offset by an increase of \$41.4 million \$22.5 million in reagents software revenue. Diagnostics segment revenue for fiscal year 2024 was \$1,500.9 million, as compared to \$1,458.2 million for fiscal year 2023, an increase of \$42.7 million, or 3%, due to an increase of \$43.7 million in immunodiagnostics revenue and an increase of \$22.6 million in reproductive health revenue, partially offset by a decrease of \$23.7 million in applied genomics revenue. As a result of adjustments to deferred revenue related to certain acquisitions required by business combination accounting rules, we did not recognize \$0.8 million of revenue for each of the fiscal years 2024 and 2023 that otherwise would have been recorded by the acquired businesses during each of the respective periods.

Cost of Revenue

Cost of revenue for fiscal year 2023 2024 was \$1,210.9 million \$1,217.4 million, as compared to \$1,322.0 million \$1,210.9 million for fiscal year 2022, a decrease 2023, an increase of approximately \$111.1 million \$6.5 million, or 8% 1%. As a percentage of revenue, cost of revenue increased to 44% 44.2% in fiscal year

2023 2024 from 40% 44.0% in fiscal year 2022, 2023, resulting in a decrease in gross margin of approximately 411 16 basis points to 56% 55.8% in fiscal year 2024 from 56.0% in fiscal year 2023 from 60% in fiscal year 2022 due to lower COVID-19 revenue and an unfavorable shift in product mix and higher product costs, partially offset by pricing actions. The amortization of purchase accounting adjustments to record the inventory from certain acquisitions added an incremental expense of \$45.3 million actions and productivity initiatives. Rebranding costs were \$6.2 million for fiscal year 2022, 2024. Stock compensation expense related to awards given to BioLegend employees post-acquisition added an incremental expense of \$0.6 million for fiscal year 2024, as compared to \$2.8 million for fiscal year 2023, 2023. Amortization of intangible assets was \$144.4 million for fiscal year 2024, as compared to \$5.6 million for fiscal year 2022. The above decreases were partially offset by an increase in amortization of intangible assets which was \$147.6 million for fiscal year 2023, as compared to \$141.6 million for fiscal year 2022, 2023.

Selling, General and Administrative Expenses

Selling, general and administrative expenses for fiscal year 2023 2024 were \$1,022.6 million \$994.1 million, as compared to \$1,025.5 million \$1,022.6 million for fiscal year 2022, 2023, a decrease of approximately \$3.0 million \$28.5 million, or 0.3% 3%. As a percentage of revenue, selling, general and administrative expenses increased decreased to

37% 36.1% in fiscal year 2023 2024 from 31% 37.2% in fiscal year 2022, 2023. Amortization of intangible assets decreased and was \$215.0 million for fiscal year 2024, as compared to \$217.5 million for fiscal year 2023, 2023. Restructuring and other costs, net, decreased and were \$17.5 million for fiscal year 2024, as compared to \$229.1 million \$26.6 million for fiscal year 2022. Purchase accounting adjustments added an incremental expense of \$4.3 million for fiscal year 2023, which primarily consisted of a change in contingent consideration, as compared to decreasing expenses by \$1.2 million for fiscal year 2022. Legal costs for significant litigation matters and settlements, net of reversals, were minimal for fiscal year 2023, as compared to decreasing expenses by \$0.6 million for fiscal year 2022, 2023. Acquisition and divestiture-related expenses, which primarily consisted of rebranding, legal and integration costs, and stock compensation expense related to the awards given to BioLegend employees post-acquisition, added an incremental expense of \$16.3 million for fiscal year 2024, as compared to \$62.0 million for fiscal year 2023, 2023. Purchase accounting adjustments decreased expenses by \$1.7 million for fiscal year 2024, which primarily consisted of a change in fair value of contingent consideration, as compared to \$28.9 million increasing expenses by \$4.3 million for fiscal year 2022, 2023. Costs for significant environmental matters also added an incremental expense of \$2.5 million for fiscal year 2023. Restructuring and other, net, increased and was \$26.6 million The above decreases were partially offset by an increase in asset impairments, which added an incremental expense of \$22.8 million for fiscal year 2023, as compared to \$13.6 million 2024. Significant litigation matters and settlements added an incremental expense of \$7.8 million for fiscal year 2022, 2024 and were minimal for fiscal year 2023. Excluding the factors above, the net decrease in selling, general and administrative expenses was the result of productivity initiatives and cost containment and productivity initiatives, containment.

Research and Development Expenses

Research and development expenses for fiscal year 2023 2024 were \$216.6 million \$196.8 million, as compared to \$221.6 million \$216.6 million for fiscal year 2022, 2023, a decrease of \$5.0 million \$19.7 million, or 2% 9%. As a percentage of revenue, research and development expenses increased decreased to 8% 7.1% in fiscal year 2023 2024 from 7% 7.9% in fiscal year 2022, 2023. The decrease in research and development expenses was primarily driven by a productivity initiatives and cost containment, and productivity initiatives, as well as a decrease in stock compensation expense related to awards given to BioLegend employees post-acquisition, which was added an incremental expense of \$4.3 million \$2.2 million in fiscal year 2023, 2024, as compared to \$5.4 million \$4.3 million for fiscal year 2022. The decreased expenses were partially offset by our investments in new product development. 2023.

Interest and Other Expense, Net

Interest and other expense, net, consisted of the following for the fiscal years ended:

	December 31, 2023	January 1, 2023
	(In thousands)	
Interest income	\$ (72,131)	\$ (3,589)
Interest expense including costs of bridge financing	98,813	103,955
Change in fair value of financial securities	33,921	15,754
Other components of net periodic pension cost (credit)	19,006	(33,158)
Foreign exchange losses and other expense, net	37,977	7,900
Total interest and other expense, net	\$ 117,586	\$ 90,862

	December 29, 2024	December 31, 2023
	(In thousands)	
Interest income	\$ (73,190)	\$ (72,131)
Interest expense	96,278	98,813
Change in fair value of investments	(7,958)	33,921
Other components of net periodic pension cost	8,508	19,006
Foreign exchange losses and other expense, net	6,977	37,977
Total interest and other expense, net	\$ 30,615	\$ 117,586

The increase of \$26.7 million in interest and other expense, net, in fiscal year 2023 as compared to fiscal year 2022 was primarily Interest income increased due to an increase in other components short-term investments and higher interest rates. Interest expense decreased primarily due to lower debt balance as a result of net periodic pension cost the repayment of \$52.2 million, an increase senior unsecured notes that matured in foreign exchange losses September 2023 and other expense, net of \$30.1 million and an increase in the change September 2024. Change in fair value of financial investments resulted in income of \$8.0 million in fiscal year 2024 as compared to expense of \$33.9 million in fiscal year 2023 primarily due to the fluctuation in share price of investments in marketable securities, of \$18.2 million. partially offset by fair value changes in notes receivables and other investments. Other components of net periodic pension cost increased decreased primarily due to the decreases increases in the applicable discount rates. Foreign exchange losses and other expense, net, increased was lower during fiscal year 2024 as compared to the same period in the prior year primarily due to a foreign exchange loss of \$24.0 million for the that was recognized in fiscal year 2023 related to the cash proceeds from the sale of the Business

that were held offshore. These increases in interest and other expense, net, were partially offset by an increase in interest income of \$68.5 million and a decrease of \$5.1 million in interest expense. Interest income increased due to an increase in investments and higher interest rates. Interest expense decreased due to \$3.7 million of debt extinguishment income for the fiscal year 2023, as compared to \$2.9 million of debt extinguishment income for the fiscal year 2022, as well as a result of an overall decrease in debt offshore. A more complete discussion of our liquidity is set forth below under the heading "Liquidity and Capital Resources."

Provision for Income Taxes

The effective tax rates on continuing operations were 1.9% 10.5% and 21.3% 1.9% for fiscal years 2024 and 2023, and 2022, respectively. The lower than expected 2023 tax rate will not repeat in 2024. A reconciliation of income tax expense at the U.S. federal statutory income tax rate to the recorded tax provision is as follows for the fiscal years ended:

	December 31, 2023
	December 31, 2023
	December 31, 2023
	December 29, 2024
	December 29, 2024

Certain countriesThe variation in which we have operations have adopted legislation or are expected to adopt legislation influenced by the OECD Pillar Two rules, which imposes a minimum tax rate of 15% among other requirements. We will continue to evaluate the potential consequences of Pillar Two legislation on our effective tax rate asfrom the legislation statutory rate for fiscal year 2024 was primarily the result of general business tax credits of \$17.6 million, a prior year true-up related to the tax on foreign earnings of approximately \$9.4 million, and favorability in our U.S. taxation of multinational operations of \$28.9 million, which were partially offset by an increase in valuation allowance of \$29.8 million. The variation in our effective tax rate from the statutory tax rate for fiscal year 2023 was primarily the result of a favorable ruling from a foreign tax authority of approximately \$15.2 million, a prior year true-up related interpretations to the tax on foreign earnings of OECD guidance continues approximately \$7.0 million, and abenefit for the state tax rate change on deferred taxes of \$12.8 million, which were partially offset by an increase in tax reserves of approximately \$33.2 million in respect of unfavorable developments with respect to evolve, an uncertain tax position with a foreign tax authority that was partially related to continuing operations.

Fiscal Year 2022 2023 Compared to Fiscal Year 2021 2022

For a discussion of our results of operations for fiscal year 2022 2023 as compared to fiscal year 2021, 2022, see Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations in our annual report on Form 10-K for the fiscal year ended January 1, 2023 December 31, 2023 filed with the Securities and Exchange Commission on March 1, 2023 February 27, 2024.

Reporting Segment Results of Continuing Operations

Diagnostics

Fiscal Year 2023 Compared to Fiscal Year 2022

Revenue for fiscal year 2023 was \$1,459.1 million, as compared to \$2,019.7 million for fiscal year 2022, a decrease of \$560.7 million, or 28%, which includes an approximate 1% decrease in revenue attributable to favorable changes in foreign exchange rates. The decrease in our Diagnostics segment revenue during fiscal year 2023 was due to a decrease of \$380.3 million in immunodiagnostics revenue, a decrease of \$165.2 million in applied genomics revenue and a decrease of \$15.3 million in reproductive health revenue.

Segment operating income from continuing operations for fiscal year 2023 was \$320.9 million, as compared to \$782.0 million for fiscal year 2022, a decrease of \$461.1 million, or 59%. Segment operating margin decreased 1,670 basis points in fiscal year 2023, as compared to fiscal year 2022, primarily due to lower COVID-19 product sales volume and an unfavorable shift in product mix, partially offset by cost controls.

Fiscal Year 2022 Compared to Fiscal Year 2021 Reporting Segment Results

For a discussion of our results of operations for fiscal year 2022 as compared to fiscal year 2021, see Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations in our annual report on Form 10-K for the fiscal year ended January 1, 2023 filed with the Securities and Exchange Commission on March 1, 2023.

Life Sciences

Fiscal Year 2023 2024 Compared to Fiscal Year 2022 2023

Revenue for fiscal year 2023 2024 was \$1,292.3 million \$1,254.1 million, as compared to \$1,292.9 million \$1,292.3 million for fiscal year 2022, 2023, a decrease of \$0.6 million \$38.2 million, or less than 1% 3%. The decrease in our Life Sciences segment revenue was driven by a decrease of \$24.3 million \$47.2 million in instruments revenue and a decrease of \$17.7 million \$13.5 million in software reagents revenue, partially offset by an increase of \$41.4 million \$22.5 million in reagents software revenue.

Segment operating income for fiscal year 2023 2024 was \$489.3 million \$448.0 million, as compared to \$503.2 million \$489.3 million for fiscal year 2022, 2023, a decrease of \$13.9 million \$41.3 million, or 3% 8%. Segment operating margin decreased 100 214 basis points in fiscal year 2023, 2024, as compared to fiscal year 2022, 2023, primarily due to an unfavorable shift lower volume and continued investments in new product mix, development, digital capabilities and growth initiatives, partially offset by pricing actions. actions and productivity initiatives.

Fiscal Year 2022 2023 Compared to Fiscal Year 2021 2022

For a discussion of our results of operations for fiscal year 2022 2023 as compared to fiscal year 2021 2022, see Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations in our annual report on Form 10-K for the fiscal year ended January 1, 2023 December 31, 2023 filed with the Securities and Exchange Commission on March 1, 2023 February 27, 2024.

Diagnostics

Fiscal Year 2024 Compared to Fiscal Year 2023

Revenue for fiscal year 2024 was \$1,500.9 million, as compared to \$1,458.2 million for fiscal year 2023, an increase of \$42.7 million, or 3%, which includes an approximate 1% decrease in revenue attributable to unfavorable changes in foreign exchange rates. The increase in our Diagnostics segment revenue during fiscal year 2024 was due to an increase of \$43.7 million in immunodiagnostics revenue and an increase of \$22.6 million in reproductive health revenue, partially offset by a decrease of \$23.7 million in applied genomics revenue.

Segment operating income for fiscal year 2024 was \$372.4 million, as compared to \$320.1 million for fiscal year 2023, an increase of \$52.3 million, or 16%. Segment operating margin increased 286 basis points in fiscal year 2024, as compared to fiscal year 2023, primarily due to higher volume, productivity initiatives, and cost containment.

Fiscal Year 2023 Compared to Fiscal Year 2022

For a discussion of our results of operations for fiscal year 2023 as compared to fiscal year 2022, see Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations in our annual report on Form 10-K for the fiscal year ended December 31, 2023 filed with the Securities and Exchange Commission on February 27, 2024.

Discontinued Operations

On March 13, 2023, we completed the previously announced sale (the "Closing") of certain assets and the equity interests of certain entities constituting our Applied, Food and Enterprise Services businesses (the "Business") to PerkinElmer Topco, L.P. (formerly known as Polaris Purchaser, L.P.) (the "Purchaser"), a Delaware limited partnership owned by funds managed by affiliates of New Mountain Capital L.L.C. (the "Sponsor"), for an aggregate purchase price of up to \$2.45 billion. We received approximately \$2.13 2.27 billion in cash proceeds before transaction costs and subject to post-closing adjustments. We are costs. At the Closing, we were entitled to an additional \$75.0 million in proceeds as consideration for payable in installments to commence upon our ceasing the use of the PerkinElmer brand and related trademarks and transferring them to the Purchaser. This consideration is expected to be received in installments through the first half of 2025, Purchaser (the "Brand Fee"). The discounted value of the \$75.0 million was measured as \$65.2 million and was included in the proceeds. proceeds at Closing. During the fiscal year 2024, we received \$18.8 million of the Brand Fee. We expect to receive the remaining balance of the Brand Fee in installments in 2025. In addition, we are entitled to additional consideration of up to \$150.0 million that is contingent on the exit valuation the Sponsor and its affiliated funds receive on a sale or other capital events related to the Business. The fair value of this element of consideration was determined to be \$15.9 million and was included in the proceeds at Closing. We also recorded a receivable During fiscal year 2024, we received approximately \$138.5 million of approximately \$160.2 million as of December 31, 2023 for post-closing adjustments that are expected to be settled with cash from the Purchaser during fiscal year 2024. The final amount and recognized a loss of the receivable \$19.8 million primarily related to the post-closing adjustments is subject to change. adjustments.

The Business is reported for all periods as discontinued operations in our consolidated financial statements. The following table summarizes the results of discontinued operations which are presented as income from discontinued operations in our consolidated statements of operations:

The results of discontinued operations during fiscal year 2023 include the results of the Business through March 13, 2023. During fiscal year 2023, 2024, we recognized an increase in provision for income taxes \$25.4 million of \$242.8 million, other expense primarily due to the adjustment to the receivable related to the taxes on the post-closing adjustment and divestiture-related costs in gain on sale of the Business, sale. During fiscal year 2023 we recognized \$37.1 million of divestiture-related costs incurred after the Closing in gain on sale of \$37.1 million. During fiscal year 2023, we recognized and \$36.0 million of divestiture-related divestiture-related costs incurred prior to Closing inselling, general and administrative expenses in discontinued operations, as compared to \$69.4 million during fiscal year 2022. operations.

For a discussion of our discontinued operations for fiscal year 2022 2023 as compared to fiscal year 2021, 2022, see Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations in our annual report on Form 10-K for the fiscal year ended January 1, 2023 December 31, 2023 filed with the Securities and Exchange Commission on March 1, 2023 February 27, 2024.

Liquidity and Capital Resources

We require cash to pay our operating expenses, make capital expenditures, make strategic acquisitions, service our debt and other long-term liabilities, repurchase shares of our common stock and pay dividends on our common stock. Our principal sources of funds are cash flows from our internal operations, borrowing capacity available under our senior unsecured revolving credit facility and access to the debt markets. We anticipate that our internal operations will generate sufficient cash to fund our operating expenses, capital expenditures, smaller acquisitions, interest payments on our debt and dividends on our common stock. However, we expect to use external sources to satisfy stock, for the balance of our debt when due, any larger acquisitions and other long-term liabilities, such as contributions to our postretirement benefit plans, foreseeable future, including at least the next 12 months. The sale of the Business generated approximately \$2.13 2.27 billion in cash proceeds. We have used and expect to continue to use these proceeds for a combination of satisfying upcoming debt maturities, retirement, opportunistic share repurchases repurchases and continued strategic and value creating acquisitions.

We and our subsidiaries and affiliates may from time to time, in our sole discretion, purchase, repay, redeem or retire any of our outstanding debt securities (including any publicly issued debt securities), in privately negotiated or open market transactions, by tender offer or otherwise, or extend or refinance any of our outstanding indebtedness. Additionally, we purchased U.S. treasury securities whose proceeds upon maturity are intended to be utilized to repay outstanding debt securities, including our 0.850% senior unsecured notes due in September 2024 (the "2024 Notes"), which had \$711.5 million in outstanding principal as of December 31, 2023.

Principal factors that could affect the availability of our internally generated funds include:

- changes in sales due to weakness in markets in which we sell our products and services, and
- changes in our working capital requirements.

Principal factors that could affect our ability to obtain cash from external sources include:

- financial covenants contained in the financial instruments controlling our borrowings that limit our total borrowing capacity,
- increases in interest rates applicable to our outstanding variable rate debt,
- a ratings downgrade that could limit the amount we can borrow under our senior unsecured revolving credit facility and our overall access to the corporate debt market,
- increases in interest rates or credit spreads, as well as limitations on the availability of credit, that affect our ability to borrow under future potential facilities on a secured or unsecured basis,

- a decrease in the market price for our common stock, and
- volatility in the public debt and equity markets.

Cash Flows

Fiscal Year 2023 2024 Compared to Fiscal Year 2022 2023

Operating Activities. Net cash provided by continuing operations was \$665.0 million for fiscal year 2024, as compared to \$279.4 million for fiscal year 2023, as compared to \$672.5 million for fiscal year 2022, a decrease an increase of \$393.1 million \$385.6 million, primarily due to lower profitability higher income from a decreased demand in COVID-19 product offerings continuing operations and more less cash used in to fund working capital during fiscal year 2023 2024 as compared to fiscal year 2022. 2023. The cash provided by operating activities for fiscal year 2024 was principally a result of income from continuing operations of \$283.1 million, adjustments for non-cash charges aggregating to \$400.2 million, including depreciation and amortization of \$427.8 million, and a net cash decrease in working capital of \$18.3 million. The cash provided by operating activities for fiscal year 2023 was principally a result of income from continuing operations of \$179.5 million, adjustments for non-cash charges aggregating to \$491.2 million, including depreciation and amortization of \$431.8 million, and a net cash decrease in working capital of \$391.3 million, primarily due . Contingent consideration payments of \$6.1 million during fiscal year 2024 as compared to trailing divestiture-related liabilities with expected recovery from the post-closing adjustments related to the sale of the Business. During \$0.6 million during fiscal year 2023 we contributed \$10.0 million to our pension plan were included in the United States and \$7.6 million, in the aggregate, to pension plans outside of the United States. cash flows from operating activities.

Investing Activities. Net cash used in provided by the investing activities of our continuing operations was \$619.3 million for fiscal year 2024, as compared to a \$761.2 million net cash usage for fiscal year 2023, as compared to \$116.9 million for fiscal year 2022, an increase of \$644.3 million \$1,380.5 million. During fiscal year 2024, proceeds from maturity of U.S. treasury securities were \$710.0 million and proceeds from investments and notes receivables were \$2.5 million. The cash provided by investing activities during fiscal year 2024 was partially offset by net

cash used for capital expenditures of \$86.6 million, as compared to \$81.4 million for fiscal year 2023. During fiscal year 2024, purchases of investments and notes receivables were \$6.6 million, as compared to \$6.3 million for fiscal year 2023 we made. During fiscal year 2023, purchases of investments in U.S. treasury securities totaling \$1,221.6 million. For fiscal year 2023, the amounted to \$1.2 billion, and net cash used for capital expenditures and acquisitions were \$81.4 million and was \$2.1 million, respectively, as compared to \$85.6 million and \$7.5 million, respectively, for fiscal year 2022. The capital expenditures in each period which were primarily for manufacturing, software, and other capital equipment purchases. During fiscal year 2023, purchases of investments were \$6.3 million, as compared to \$47.2 million for fiscal year 2022. The cash used in investing activities during fiscal year 2023 was partially offset by proceeds from

maturity of U.S. treasury securities totaling \$550.0 million, and proceeds from disposition of businesses and assets totaling \$0.2 million. The cash used in investing activities during fiscal year 2022 was partially offset by proceeds from notes receivable totaling \$8.9 million, and proceeds from disposition of businesses and assets totaling \$14.5 million.

Financing Activities. Net cash used in the financing activities of our continuing operations was \$1,128.2 million for fiscal year 2024, as compared to \$947.1 million for fiscal year 2023, as compared to \$661.8 million for fiscal year 2022, an increase of \$285.3 million \$181.1 million. During fiscal year 2023, 2024, we made net payments of \$517.5 million \$723.1 million on debts, as compared to \$559.2 million \$517.5 million during fiscal year 2022. The changes in both periods reflect our intentions to pay down debt, which we expect to continue throughout fiscal year 2024. 2023. During fiscal year 2023, 2024, we repurchased shares of our common stock for a total cost of \$388.9 million \$369.6 million, as compared to \$80.6 million \$388.9 million in fiscal year 2022. 2023. We paid \$35.0 million \$34.5 million in dividends for fiscal year 2023, 2024, as compared to \$35.3 million \$35.0 million in fiscal year 2022. 2023. We paid \$10.1 million \$8.8 million for acquisition-related contingent consideration during fiscal year 2023. We paid \$0.8 million 2024, as compared to \$10.1 million in settlement of hedges in fiscal the prior year 2022. period. The cash used in financing activities during fiscal year 2023 2024 was partially offset by proceeds from the issuance of common stock under our stock plans of \$4.3 million \$7.7 million during fiscal year 2023, 2024, as compared to \$14.1 million \$4.3 million in fiscal year 2022. 2023.

Fiscal Year 2022 2023 Compared to Fiscal Year 2021 2022

For a discussion of our results of operations for fiscal year 2022 2023 as compared to fiscal year 2021, 2022, see Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations in our annual report on Form 10-K for the fiscal year ended January 1, 2023 December 31, 2023 filed with the Securities and Exchange Commission on March 1, 2023 February 27, 2024.

Borrowing Arrangements

During fiscal year 2023, 2024, we paid in full \$467.1 711.5 million of outstanding 0.550% senior unsecured notes 0.850% Senior Unsecured Notes that became due in September 2023. Since the beginning of the third quarter of 2024 (the "2024 Notes"). During fiscal year 2022, 2024, we have repurchased \$88.5 million in aggregate principal amount received proceeds of \$710.0 million upon the maturity of all our 2024 Notes. At December 31, 2023, we had investments in outstanding U.S. treasury Treasury securities with a carrying amount of \$689.9 million whose and utilized those proceeds upon maturity are intended to be utilized to partially repay the outstanding 2024 Notes. In addition, on January 7, 2025, our prior senior unsecured revolving credit facility was cancelled and replaced with a new senior unsecured revolving credit facility with a five-year term and a borrowing capacity of \$1.5 billion available through January 7, 2030. See Note 13, 12, Debt, in the Notes to Consolidated Financial Statements for a detailed discussion of our borrowing arrangements.

Dividends

Our Board of Directors (our "Board") declared a regular quarterly cash dividend of \$0.07 per share in each quarter of fiscal years 2024, 2023, 2022 and 2021, 2022, resulting in an annual dividend rate of \$0.28 per share. At December 31, 2023, December 29, 2024, we had accrued \$8.6 million for a dividend declared in October 2023, 2024 for the fourth quarter of fiscal year 2023, 2024 that was paid in February 2024, 2025. On January 25, 2024, January 23, 2025, we announced that our Board had declared a quarterly dividend of \$0.07 per share for the first quarter of fiscal year 2024, 2025 that will be payable in May 2024, 2025. In the future, our Board may determine to reduce or eliminate our common stock dividend in order to fund investments for growth, repurchase shares or conserve capital resources.

Capital Expenditures

During fiscal year 2024, we expect to invest We project an amount for increase in capital expenditures similar to that in fiscal year 2023, primarily 2025 relative to introduce new products, fiscal year 2024. This planned increase reflects our strategic commitment to improve enhancing our operating processes, to shift the digital capabilities, product innovations, and realigning our production capacity to lower cost locations, and to develop information technology, infrastructure. We expect to use anticipate funding these initiatives through a combination of our available existing cash reserves and internally generated funds from our continuing operations, ensuring a prudent approach to fund financial management while pursuing these expenditures, critical growth and optimization strategies.

Other Potential Liquidity Considerations

At December 31, 2023, December 29, 2024, we had cash and cash equivalents of \$913.2 million \$1,163.4 million, of which \$429.0 million \$562.6 million was held by our non-U.S. subsidiaries, and we had \$1.49 billion \$1.5 billion of additional borrowing capacity available under a our senior unsecured revolving credit facility. We had no other liquid investments at December 31, 2023. At December 31, 2023, we had investments in U.S. treasury securities with a carrying amount of \$689.9 million whose proceeds upon maturity are intended to be utilized to repay our outstanding 2024 Notes.

In connection with the sale of the Business, we are entitled to an additional \$75.0 million in proceeds as consideration for our ceasing the use of the PerkinElmer brand and related trademarks and transferring them to the Purchaser. This consideration is expected to be received in installments through the first half of 2025. In addition, we have also recorded a receivable of approximately \$160.2 million as of December 31, 2023 for post-closing adjustments related to the sale of the Business that is expected to be received during fiscal year 2024.

We use a variety of cash redeployment and financing strategies to ensure that our worldwide cash is available in the locations in which it is needed. During needed. We recorded the applicable taxes associated with the future remittance of undistributed foreign earnings previously taxed at the U.S. federal level and/or that would be claimed for a dividend received deduction if repatriated.

In connection with the sale of the Business, we expect to receive the remaining balance related to the Brand Fee of \$56.3 million as of December 29, 2024, in installments through fiscal year ended December 31, 2023, we repatriated approximately \$1.6 billion of foreign cash to the United States. 2025.

On July 22, 2022, April 27, 2023, our Board authorized us to repurchase shares of common stock for an aggregate amount up to \$300.0 million under a stock repurchase program (the "Repurchase Program"). On April 27, 2023, the Repurchase Program was terminated by the Board and the Board authorized us to repurchase shares of common stock for an aggregate amount up to \$600.0 million under a stock repurchase program (the "Repurchase Program"). On October 24, 2024, the Repurchase Program was terminated by our Board and our Board authorized us to repurchase shares of common stock for an aggregate amount up to \$1.0 billion under a new stock repurchase program (the "New Repurchase Program"). No shares remain available for repurchase under the Repurchase Program due to its termination. The New Repurchase Program will expire on April 26, 2025, October 23, 2026, unless terminated earlier by the our Board and may be suspended or discontinued at any time. During fiscal year 2023, 2024, we repurchased 1,004,544 1,820,296 shares of common stock under the Repurchase Program for an aggregate cost of \$131.3 million \$213.6 million. During fiscal year 2023, 2024, we repurchased 2,159,985 1,238,755 shares of common stock under the New Repurchase Program for an aggregate cost of \$244.6 million \$142.8 million. As of December 31, 2023, December 29, 2024, \$355.4 million \$857.2 million remained available for aggregate repurchases of shares under the New Repurchase Program. If we continue to repurchase shares, the New Repurchase Program will be funded using our existing financial resources, including cash and cash equivalents, and our existing senior unsecured revolving credit facility.

As of December 31, 2023, December 29, 2024, we may have to pay contingent consideration, related to acquisitions with open contingency periods, of up to \$98.0 million \$75.9 million. As of December 31, 2023, December 29, 2024, we have recorded contingent consideration obligations of \$40.0 million \$21.8 million, of which \$11.0 million \$4.3 million was recorded in accrued expenses and other current liabilities, and \$29.0 million \$17.4 million was recorded in long-term liabilities. The expected maximum earnout period for acquisitions with open contingency periods is 7.9 6.9 years from December 31, 2023, December 29, 2024, and the remaining weighted average expected earnout period at December 31, 2023, December 29, 2024 was 5.0 4.3 years.

Distressed global financial markets could adversely impact general economic conditions by reducing liquidity, We and credit availability, creating increased volatility, our subsidiaries may from time to time, in security prices, widening credit spreads and decreasing valuations of certain investments. The widening of credit spreads may create a less favorable environment for certain our sole discretion, purchase, repay, redeem or retire any of our businesses and may outstanding debt securities (including any publicly issued debt securities), in privately negotiated or open market transactions, by tender offer or otherwise, or extend or refinance any of our outstanding indebtedness.

Principal factors that could affect the fair value availability of our internally generated funds include:

- changes in sales due to weakness in markets in which we sell our products and services, and
- changes in our working capital requirements and capital expenditures.

Principal factors that could affect our ability to obtain cash from external sources include:

- financial covenants contained in the financial instruments controlling our borrowings that limit our total borrowing capacity,
- increases in interest rates applicable to our outstanding variable rate debt,
- a ratings downgrade that could limit the amount we issue can borrow under our senior unsecured revolving credit facility and our overall access to the corporate debt market,
- increases in interest rates or hold. Increases in credit spreads, as well as limitations on the availability of credit, at rates we consider to be reasonable, could that affect our ability to borrow under future potential facilities on a secured or unsecured basis, which may adversely affect our liquidity and results of operations. In difficult global financial markets, we may be forced to fund our operations at
- a higher cost, or we may be unable to raise as much funding as we need to support our business activities.

Our pension plans have not experienced a material impact on liquidity or counterparty exposure due to the volatility and uncertainty decrease in the credit markets. With respect to plans outside of the United States, we expect to contribute \$6.9 million market price for our common stock, and

- volatility in the aggregate during fiscal year 2024. During fiscal years 2023 public debt and 2022, we contributed \$7.6 million and \$6.6 million in the aggregate, respectively, to pension plans outside of the United States. During fiscal year 2023, we contributed \$10.0 million to our defined benefit pension plan in the United States for the plan year 2022. We could potentially have to make additional funding payments in future periods for all pension plans. We expect to use existing cash and external sources to satisfy future contributions to our pension plans. equity markets.

Effects of Recently Issued and Adopted Accounting Pronouncements

See Note 1, *Nature of Operations and Accounting Policies*, in the Notes to Consolidated Financial Statements for a summary of recently issued accounting pronouncements. We did not adopt any new accounting pronouncements adopted Accounting Standards Update 2023-07, *Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures* ("ASU 2023-07") during fiscal year 2023. 2024 and have included the additional disclosures related to the reportable segments in Note 21, *Industry Segment and Geographic Area Information*, in the Notes to Consolidated Financial Statements. We are in the process of determining the impact of the recently issued accounting pronouncements that have not yet been adopted in our consolidated financial statements.

Critical Accounting Policies and Estimates

The preparation of consolidated financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenue and expenses, and related disclosure of contingent assets and liabilities. On an ongoing basis, we evaluate our estimates, including those related to accounting for business combinations, long-lived assets, including goodwill and other intangibles and employee compensation and benefits. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

We believe the following critical accounting policies affect our more significant judgments and estimates used in preparation of our consolidated financial statements.

Business combinations. Business combinations are accounted for at fair value. Acquisition costs are expensed as incurred and recorded in selling, general and administrative expenses; restructuring costs associated with a business combination are expensed subsequent to the acquisition date; and changes in deferred tax asset valuation allowances and income tax uncertainties after the acquisition date affect income tax expense. Measurement period adjustments are made in the period in which the amounts are determined and the current period income effect of such adjustments will be calculated as if the adjustments had been completed as of the acquisition date. All changes that do not qualify as measurement period adjustments are also included in current period earnings. The accounting for business combinations requires estimates and judgment as to expectations for future cash flows of the acquired business, and the allocation of those cash flows to identifiable intangible assets, in determining the estimated fair value for assets acquired and liabilities assumed. The fair values assigned to tangible and intangible assets acquired and liabilities assumed, including contingent consideration, are based on management's estimates and assumptions, as well as other information compiled by management, including valuations that utilize customary valuation procedures and techniques. For intangible assets, we normally utilize the "income method" which incorporates the forecast of all the expected future net cash flows attributable to the subject intangible asset, adjusted to present value by applying an appropriate discount rate that reflects the risk factors associated with the cash flow streams. Depending on the asset valued, the key assumptions included one or more of the following: (1) future revenue growth rates, (2) future gross margin, (3) future selling, general and administrative expenses, (4) royalty rates, (5) customer attrition rates, and (6) discount rates. If the actual results differ from the estimates and judgments used in these estimates, the amounts recorded in the financial statements could result in a possible impairment of the intangible assets and goodwill, require acceleration of the amortization expense of finite-lived intangible assets, or the recognition of additional consideration which would be expensed. The fair value of contingent consideration is remeasured each period based on relevant information and changes to the fair value are included in the operating results for the period.

Divestitures: As part of our continuing efforts to focus on higher growth opportunities, we have discontinued disposed of or sold certain businesses. In accounting for such transactions, we apply the applicable accounting guidance under U.S. GAAP pertaining to discontinued operations and disposals of components of an entity. When the discontinued operations represented a strategic shift that will have a major effect on our operations and financial statements, we accounted for these businesses as discontinued operations. We recognize divestiture-related costs that are not part of divestiture consideration as general and administrative expense as they are incurred. These costs typically include transaction

and disposal costs, such as legal, accounting, and other professional fees. The accounting for divestiture requires estimates and judgment as to the determination of the gain or loss on sale and the fair value of the different elements of consideration received. We received cash proceeds of \$2.13 2.27 billion and we are entitled to two elements of additional consideration that become payable upon the resolution of certain events. First, we are entitled to proceeds of \$75.0 million \$75.0 million as consideration for our ceasing the use of the PerkinElmer brand and related trademarks and transferring them to the Purchaser ("Brand Sale"). This During the fiscal year 2024, we received \$18.8 million of the Brand Fee. The remaining consideration is expected to be received in installments through the first half of fiscal year 2025. We are also entitled to proceeds of up to \$150.0 million \$150.0 million that is contingent on the proceeds that the Purchaser and its affiliates receive on a subsequent sale or other capital event related to the Business ("Contingent Gain").

The recognition of the future payment related to the Brand Sale and Contingent Gain to the gain on sale and the fair value assigned to the Contingent Gain, are based on management's estimates and assumptions, as well as other information compiled by management, including valuations that utilize customary valuation procedures and techniques. In deriving the fair value of the Contingent Gain, we utilized a lattice model, which incorporates one or more of the following key assumptions: (1) simulated equity value from the valuation date through the expected liquidity event, (2) volatility based on guideline public companies, (3) expected term to a liquidity event, and (4) risk-free rates. If the actual results differ from the estimates and judgments used in these estimates, the amounts recorded in the financial statements could result in the recognition of additional consideration which would increase the gain on sale or impairment of the receivable from the Purchaser. The fair value of contingent consideration is remeasured each period based on relevant information and changes to the fair value are included in the operating results from continuing operations for the period.

We also recorded a receivable of approximately \$160.2 million as of December 31, 2023 for post-closing adjustments related to the sale of the Business that is expected to be received during fiscal year 2024. The final amount of the receivable related to the post-closing adjustments is subject to change and could result in an adjustment to the gain when settled.

Value of long-lived assets, including goodwill and other intangibles. **Goodwill:** We carry a variety of long-lived assets on our consolidated balance sheets including property and equipment, operating lease right of use assets, investments, identifiable intangible assets, and goodwill. We periodically review the carrying value of all of these assets our goodwill, based, in part, upon current estimates of fair values and our projections of anticipated future cash flows. We undertake this review (i) on an annual basis, for assets such as goodwill, and (ii) on a periodic basis for other long-lived assets when facts and circumstances suggest indicate that cash flows related to those assets goodwill may not be diminished, recoverable. Any impairment charge that we record reduces our earnings.

For The goodwill the impairment test consists of the comparison of the fair value to the carrying value of the reporting unit to determine if the carrying value exceeds the fair value. If the carrying value of the reporting unit exceeds its fair value, an impairment loss in an amount equal to that excess is recognized up to the amount of goodwill. We perform During the fourth quarter of fiscal year 2024, we voluntarily changed our annual goodwill impairment assessment on testing date from the later of January 1 or the first day of each fiscal year to the later of November 1 or the first day of our eleventh fiscal month of each fiscal year. This same impairment test will be performed at other times during We changed the course of the year should an event occur which suggests that the recoverability of goodwill should be reconsidered. We completed measurement date to more closely align the annual impairment testing date with the most current information from the budgeting and strategic planning process. We believe the change in goodwill impairment test using testing date does not represent a measurement date material change to our method of January 2, 2023, applying the accounting principle in light of our internal controls and concluded that there requirements to assess goodwill impairment upon certain triggering events. This change was no goodwill impairment, applied prospectively and therefore, we performed our annual impairment testing for our reporting units for fiscal year 2024 as of January 1, 2024 and November 1, 2024. We have identified six reporting units and consistently employ the income approach to estimate the current fair value when testing for impairment of goodwill. We corroborate the income approach with a market approach.

A number of significant assumptions and estimates are involved in the application of the income approach to forecast operating arrive at forecasted cash flows, including markets and market share, sales volumes and prices, costs to produce, tax rates, capital spending, discount rates and working capital changes. flows. Cash flow forecasts are based on approved business unit operating plans for the early years' cash flows and historical relationships on our long-range plan in later years. The income approach is sensitive to changes in long-term terminal revenue growth rates and the discount rates.

As of the November 1, 2024 impairment testing, the fair value of each of our reporting units substantially exceeded the respective carrying value of each reporting unit with the exception of the Life Sciences reporting unit. The long-term terminal growth rates are consistent with our historical long-term terminal growth rates, Life Sciences reporting unit, which had a goodwill balance of \$4,332.5 million at December 29, 2024, had a fair value that exceeded its carrying value by more than 10% but less than 20% as of the current short-term economic trends are not expected to affect our long-term terminal growth rates. We corroborate the income approach with a market approach. November 1, 2024 impairment testing date. While we believe that our estimates of current used in measuring fair value are reasonable, if actual results differ from the estimates and judgments used, including such items as estimates of future cash flows revenue growth and the volatility inherent in markets which we serve, discount rate, impairment charges against the carrying value of those assets could may be required incurred in the future. At January 2, 2023, the fair value exceeded the carrying value by more than 20.0% for each reporting unit, except for the Tulip and EUROIMMUN reporting units, which had fair values that exceeded their carrying values by less than 20%. The range of the long-term terminal growth rates for the reporting units was 2.0% to 6.0% for the fiscal year 2023 impairment analysis. The range for the discount rates for the reporting units was 8.5% to 14.5%. Keeping all other variables constant, a 10.0% change in any one of these input assumptions for the various reporting units, except for our Tulip and EUROIMMUN reporting units, would still allow us to conclude that there was no impairment of goodwill. At December 31, 2023, the operating performance of EUROIMMUN reporting unit exceeded the original forecast and the forecast for this reporting unit no longer indicates any sensitivity that would lead to a material impairment charge.

In connection with the fiscal year 2024 impairment test performed as of January 1, 2024, the Tulip and Life Sciences reporting units, which had goodwill balances of \$75.0 million and \$4.4 billion, respectively, at December 31, 2023, had fair values that exceeded their carrying values by less than 20%. These reporting units are at increased risk of an impairment charge given the higher discount rates, competition and, to some extent, the macro-environment in which these reporting units operate. Despite the increased impairment risk associated with these reporting units, we do not believe there will be a significant change in the key estimates or assumptions driving the fair value of these reporting units that would lead to a material impairment charge.

Employee compensation and benefits. **Post-retirement benefits:** We sponsor both funded and unfunded U.S. and non-U.S. defined benefit pension plans and other postretirement post-retirement benefits. Retirement and postretirement post-retirement benefit plans are a significant cost of doing business, and

represent obligations that will be ultimately settled far in the future, and therefore are subject to estimation. Retirement and postretirement post-retirement benefit plan expenses are allocated to cost of revenue, research and development, and selling, general and administrative expenses, in our consolidated statements of operations. We immediately recognize actuarial gains and losses in operating results in the year in which the gains and losses occur. Actuarial gains and losses are measured annually as of the calendar month-end that is closest to our fiscal year end and accordingly will be recorded in the fourth quarter, unless we are required to perform an interim remeasurement.

We recognized a loss total costs of \$9.3 million in fiscal year 2024 and \$20.2 million in fiscal year 2023, and a gain of \$28.3 million in fiscal year 2022, for our retirement and postretirement post-retirement benefit plans, which include the charge or benefit for the mark-to-market adjustment for the benefit plans, which were recorded in the fourth quarter of each fiscal year. The loss or income related to the mark-to-market adjustment on benefit plans was a pre-tax loss of \$5.7 million in fiscal year 2023 and a pre-tax gain of \$28.9 million fiscal year 2022. We expect a loss of approximately \$10.0 million \$1.0 million in fiscal year 2024 for our retirement and postretirement benefit plans, excluding the charge for or benefit from the mark-to-market adjustment. \$9.9 million in fiscal year 2023. It is difficult to reliably calculate and predict whether there will be a mark-to-market adjustment in fiscal year 2024, 2025. Mark-to-market adjustments are primarily often driven by events and circumstances beyond our control, including but primarily relate to changes in interest rates the performance of the financial markets and mortality assumptions, actual return on investments on plan assets. To the extent the discount rates decrease or the value of our pension and postretirement investments plan assets decrease, mark-to market charges to operations losses will be recorded in fiscal year 2024, recognized. Conversely, to the extent the discount rates increase or the value of our pension and postretirement investments plan assets increase more than expected, mark-to market income gains will be recorded in fiscal year 2024. Pension accounting is intended to reflect the recognition of future benefit costs over the employee's approximate service period based on the terms of the plans and the investment and funding decisions made. We are required to make assumptions regarding such variables as the expected long-term rate of return on assets, recognized.

If the discount rate applied and mortality assumptions, used to determine service cost and interest cost, in order to arrive at expected measure the pension income or expense for the year. We use discount rates for each individual plan based upon the expected cash flows using the applicable spot rates derived from a yield curve over the projected cash flow period.

If any of our assumptions obligations were to change as of December 31, 2023 December 29, 2024, our pension plan expenses would also change as follows:

		Increase (Decrease) at				Increase (Decrease) at		
		December 31, 2023				December 29, 2024		
	Percentage Point Change	Percentage Point Change	Non-U.S.	U.S.		Percentage Point Change	Non-U.S.	U.S.
Pension plans discount rate	Pension plans discount rate	+0.25	\$(5,986)	\$(1,686)				
	-0.25	-0.25	6,280	1,747				

Item 7A. Quantitative and Qualitative Disclosures About Market Risk

Quantitative and Qualitative Disclosures about Market Risk

Financial Instruments

Financial instruments that potentially subject us to concentrations of credit risk consist principally of cash and cash equivalents, derivatives, marketable securities, accounts receivable and accounts receivable, notes receivables. We believe we had no significant concentrations of credit risk as of December 31, 2023 December 29, 2024.

We only use derivative instruments as part of our risk management strategy only, and includes including derivatives utilized as economic hedges that are not designated as hedging instruments. By nature, all financial instruments involve market and credit risks. We enter into derivative instruments with major investment grade financial institutions and have policies to monitor the credit risk of those counterparties. We do not enter into derivative contracts for trading or other speculative purposes, nor do we use leveraged financial instruments.

In the ordinary course of business, we enter into foreign exchange contracts for periods consistent with its our committed exposures to mitigate the effect of foreign currency movements on transactions denominated in foreign currencies. The intent of these economic hedges is to offset gains and losses that occur on the underlying exposures from these currencies, with gains and losses resulting from the forward currency contracts that hedge these exposures. Transactions covered by hedge contracts include intercompany and third-party receivables and payables. The contracts are primarily in European and Asian currencies, have maturities that do not exceed 12 months, have no cash requirements until maturity, and are recorded at fair value on our consolidated balance sheets. The unrealized gains and losses on these foreign currency contracts are recognized immediately in interest and other expense, net. The cash flows related to the settlement of these hedges are included in cash flows from operating activities within our consolidated statements of cash flows.

Principal hedged currencies include the Chinese Renminbi, British Pound, Euro and Singapore Dollar. We held forward foreign exchange contracts, designated as economic hedges, with U.S. dollar equivalent notional amounts totaling \$409.8 million at December 29, 2024 and \$412.1 million at December 31, 2023 and \$476.9 million at January 1, 2023, and the fair value of these foreign currency derivative contracts was insignificant. The gains and losses realized on these foreign currency derivative contracts are not material. The duration of these contracts is generally 30 days.

In addition, in connection with certain intercompany loan agreements utilized to finance our acquisitions and stock repurchase program, we enter into forward foreign exchange contracts intended to hedge movements in foreign exchange rates prior to settlement of such intercompany loans denominated in foreign currencies. We record these hedges at fair value on our consolidated balance sheets. The unrealized gains and losses on these hedges, as well as the gains and losses associated with the remeasurement of the

intercompany loans, are recognized immediately in interest and other expense, net. The cash flows related to the settlement of these hedges are included in cash flows from financing activities within our consolidated statements of cash flows.

During fiscal year 2018, we designated a portion of the 2026 Notes to hedge its our investments in certain foreign subsidiaries. Unrealized translation adjustments from a portion of the 2026 Notes were included in the foreign currency

translation component of accumulated other comprehensive income ("AOCI"), which offsets translation adjustments on the underlying net assets of foreign subsidiaries. The cumulative translation gains or losses will remain in AOCI until the foreign subsidiaries are liquidated or sold. As of December 31, 2023 December 29, 2024, the total notional amount of the 2026 Notes that was designated to hedge investments in foreign subsidiaries was €498.6 million. The unrealized foreign exchange (gains) losses recorded in AOCI related to the net investment hedge were \$19.5 million \$(31.7) million, \$34.5 19.5 million and \$(34.5) million and \$(33.2) million during the fiscal years 2024, 2023 2022 and 2021, 2022, respectively.

We do not expect any material net pre-tax gains or losses to be reclassified from accumulated other comprehensive income (loss) into interest and other expense, net within the next twelve months.

See Note 19, 18, Derivatives and Hedging Activities, in the Notes to Consolidated Financial Statements for a detailed discussion of our derivative instruments and hedging activities.

Market Risk

Foreign Exchange Risk. The potential change in foreign currency exchange rates offers a substantial risk to us, as approximately 60% of our business is conducted outside of the United States, generally in foreign currencies. Our risk management strategy currently uses forward contracts to mitigate certain balance sheet foreign currency transaction exposures. The intent of these economic hedges is to offset gains and losses that occur on the underlying exposures, with gains and losses resulting from the forward contracts that hedge these exposures. Moreover, we are able to partially mitigate the impact that fluctuations in currencies have on our net income as a result of our manufacturing facilities located in countries outside the United States, material sourcing and other spending which occur in countries outside the United States, resulting in natural hedges.

Although we attempt to manage our foreign currency exchange risk through certain hedging activities, when the U.S. dollar weakens against other currencies in which we transact business, sales and net income will in general be positively but not proportionately impacted. Conversely, when the U.S. dollar strengthens against other currencies in which we transact business, sales and net income will in general be negatively but not proportionately impacted.

Foreign Currency Risk—Value-at-Risk Disclosure. We utilize a Value-at-Risk model to determine the potential earning/fair value exposures presented by our foreign currency related financial instruments. As discussed above, we seek to minimize this exposure through our hedging program. Our Value-at-Risk computation is based on the Monte Carlo simulation, utilizing a 95% confidence interval and a holding period of 30 days. As of December 31, 2023 December 29, 2024, this computation estimated that there is a 5% chance that the market value of the underlying exposures and the corresponding derivative instruments either increase or decrease due to foreign currency fluctuations by more than \$2.9 million \$1.8 million. This Value-At-Risk measure is consistent with our financial statement disclosures relative to our foreign currency hedging program. Specifically, during each of the four quarters ended in fiscal year 2023, 2024, the Value-At-Risk ranged between \$0.9 million \$1.0 million and \$2.9 million \$1.8 million, with an average of approximately \$1.6 million \$1.5 million.

Interest Rate Risk. As of December 31, 2023, we had no outstanding borrowings under our senior unsecured revolving credit facility which bears interest at a variable rate. Substantially all of our Our debt portfolio is primarily comprised of fixed interest debt. As debt; however, there is \$0.5 million of December 31, 2023, our investments in U.S. treasury securities of \$689.9 million earn fixed interest rates, however, the invested portion of our variable rate instruments. Our cash and cash equivalents, for which we receive interest at variable rates, was \$913.2 million were \$1,163.4 million at December 29, 2024. Fluctuations in interest rates can therefore have a direct impact on both our short-term cash flows, as they relate to interest, and our earnings. To manage the volatility relating to these exposures, we periodically enter into various derivative transactions pursuant to our policies to hedge against known or forecasted interest rate exposures. However, no such instruments are outstanding at December 31, 2023 December 29, 2024.

Interest Rate Risk—Sensitivity. Our current earnings exposure for changes in interest rates can be summarized as follows:

- (i) i. Changes in interest rates can cause our interest expense and cash flows to fluctuate to the extent we have borrowing outstanding on our revolving credit facility.
- (ii) ii. Changes in interest rates can cause our interest income and cash flows to fluctuate.

We believe that we do not have any material exposure of interest rate risk.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders and the Board of Directors of Revvity, Inc.

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Revvity, Inc. and subsidiaries (the "Company") as of **December 31, 2023** **December 29, 2024** and **January 1, 2023** **December 31, 2023**, the related consolidated statements of operations, comprehensive income, stockholders' equity, and cash flows, for each of the three years in the period ended **December 31, 2023** **December 29, 2024**, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of **December 31, 2023** **December 29, 2024** and **January 1, 2023** **December 31, 2023**, and the results of its operations and its cash flows for each of the three years in the period ended **December 31, 2023** **December 29, 2024**, in conformity with accounting principles generally accepted in the United States of America.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) ("PCAOB"), the Company's internal control over financial reporting as of **December 31, 2023** **December 29, 2024**, based on criteria established in *Internal Control - Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated **February 27, 2024** **February 25, 2025**, expressed an unqualified opinion on the Company's internal control over financial reporting.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matter

The critical audit matter communicated below is a matter arising from the current-period audit of the financial statements that was communicated or required to be communicated to the audit committee and that (1) relates to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the financial statements, taken as a whole, and we are not, by communicating the critical audit matter below, providing a separate opinion on the critical audit matter or on the accounts or disclosures to which it relates.

Discontinued Operations — Gain on Sale

Goodwill of Life Sciences Reporting Unit — Refer to Notes **41 and **2011** to the financial statements**

Critical Audit Matter Description

On March 13, 2023

The Company's evaluation of goodwill for impairment involves the comparison of the fair value of each reporting unit to its carrying value. As of December 29, 2024, the Company's balance of goodwill was \$6.5 billion, of which \$4.3 billion was allocated to the Life Sciences reporting unit.

In connection with the annual impairment assessment as of November 1, 2024, the Company **completed** concluded that the **previously announced sale** fair value of certain **assets** each reporting unit exceeded the carrying value of each reporting unit and no impairment was recognized. The fair value of the **equity interests of certain entities** constituting Life Sciences reporting unit exceeded the Company's Applied, Food and Enterprise Services businesses (the "Business") carrying value by more than 10% but less than 20%. The Company **received cash proceeds of \$2.13 billion** and is entitled to two elements of additional consideration that become payable upon the resolution of certain events. First, the Company is entitled to proceeds of \$75.0 million as consideration for the Company's ceasing use of the PerkinElmer brand and related trademarks and transferring them to the purchaser ("Brand Sale"). This consideration is expected to be received in installments through the first half of 2025. The Company is also entitled to proceeds of up to \$150.0 million that is contingent on the proceeds that the purchaser and its affiliates receive on a subsequent sale or other capital event related to the Business ("Contingent Gain").

In order to determine the gain on disposal related to the Business, the Company was required to make significant judgments related to the accounting treatment of the Brand Sale and the Contingent Gain, which included assessing the appropriateness of including the future payments related to the Brand Sale and Contingent Gain in the proceeds at closing and measuring determined the fair value of the Contingent Gain. As Life Sciences reporting unit using a result, auditing combination of an income approach and a discounted cash flow model. The discounted cash flow model required management to make significant estimates and assumptions related to the recognition discount rate and forecasts of future revenue. Changes in these assumptions could have a significant impact on the fair value of the Brand Sale and reporting unit.

We identified the recognition and measurement valuation of the Contingent Gain Life Sciences reporting unit as a critical audit matter because of the significant estimates and assumptions management made to measure the fair value of the Life Sciences reporting unit. These fair value measurements required a high degree of auditor judgment and an increased extent of effort, including the involvement need to involve our fair value specialists, when performing audit procedures to evaluate the reasonableness of specialists, management's forecasts of future revenue and the selection of the discount rate for the Life Sciences reporting unit.

How the Critical Audit Matter Was Addressed in the Audit

Our audit procedures related to the accounting treatment for the recognition forecasts of future revenue and selection of the Brand Sale and the recognition and measurement of the Contingent Gain discount rate included the following, among others:

- a. We tested the effectiveness of management's controls over the accounting conclusions reached management's goodwill impairment evaluation, including those controls related to management's forecasts and the recognition and measurement selection of the Brand Sale and Contingent Gain, discount rate used in measuring the fair value of the Life Sciences reporting unit.
- b. We obtained and read the purchase and sale agreement and other documents related evaluated management's ability to the sale of the Business in evaluating accurately forecast operating results by comparing actual results to management's historical forecasts.
- c. We evaluated the reasonableness of management's forecasts by comparing the Company's recognition of forecasts to (1) historical results, (2) internal communications, budgets and other information obtained while performing the Brand Sale audit and the Contingent Gain, (3) external information.
- c. With the assistance of professionals in our firm having expertise in divestiture accounting, we read and evaluated the Company's accounting treatment for the inclusion of the Brand Sale and Contingent Gain in the proceeds from the sale of the Business at the closing date.
- d. With the assistance of our fair value specialists, we confirmed performed the acceptability following:
 - We evaluated the discount rate, including testing the underlying source information and developing a range of independent estimates and comparing those to the discount rate selected by management.
 - We tested the mathematical accuracy of the valuation methodology selected, and we developed an independent estimate of the fair value of the Contingent Gain and compared our estimate to the recorded amount calculations.

/s / DELOITTE & TOUCHE LLP

Boston, Massachusetts

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 1: Nature of Operations and Accounting Policies

Nature of Operations: Revvity, Inc. (the "Company") is a leading provider of health sciences solutions, technologies, expertise and services that deliver complete workflow from discovery to development, and diagnosis to cure. The Company has two operating segments: Life Sciences and Diagnostics. The Company's Life Sciences segment focuses on service and innovating for customers spanning the life sciences market. The Company's Diagnostics segment is targeted towards meeting the needs of clinically-oriented customers, especially within the growing areas of reproductive health, emerging market diagnostics and applied genomics.

Effective as of April 26, 2023, the Company changed its name from "PerkinElmer, Inc." to "Revvity, Inc.". Effective as of May 16, 2023, the Company changed the ticker symbol for its common stock to "RVTY" and the ticker symbol for its 1.875% Notes due 2026 to "RVTY 26".

The consolidated financial statements include the accounts of the Company and its subsidiaries. All intercompany balances and transactions have been eliminated in consolidation. In March 2023, the Company completed the previously announced sale of certain assets and the equity interests of certain entities constituting the Company's Applied, Food and Enterprise Services businesses (the "Business"). The Business is reported for all periods as discontinued operations in the Company's consolidated financial statements.

The Company's fiscal year ends on the Sunday nearest December 31. The Company reports fiscal years under a 52/53-week format and as a result, certain fiscal years will contain 53 weeks. Each of the fiscal years ended December 29, 2024 ("fiscal year 2024"), December 31, 2023 ("fiscal year 2023"), and January 1, 2023 ("fiscal year 2022") and January 2, 2022 ("fiscal year 2021") included 52 weeks. The fiscal year ending December 29, 2024 December 28, 2025 ("fiscal year 2024" 2025) will include 52 weeks.

Accounting Policies and Estimates: The preparation of consolidated financial statements in accordance with United States ("U.S.") Generally Accepted Accounting Principles ("GAAP") requires the Company to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On an ongoing basis, the Company evaluates its estimates. The Company bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Revenue Recognition: The Company enters into contracts that can include various combinations of products and services, which are generally capable of being distinct and accounted for as separate performance obligations. The Company recognizes revenue in an amount that reflects the consideration the Company expects to receive in exchange for the promised products or services when a performance obligation is satisfied by transferring control of those products or services to customers.

Taxes that are collected by the Company from a customer and assessed by a governmental authority, that are both imposed on and concurrent with a specific revenue-producing transaction, are excluded from revenue.

The Company reports shipping and handling revenue in revenue, to the extent it is billed to customers, and the associated costs in cost of product revenue.

Inventories: Inventories, which include material, labor and manufacturing overhead, are valued at the lower of cost or market. Inventories are accounted for using the first-in, first-out method of determining inventory costs. Inventory quantities on-hand are regularly reviewed, and where necessary, provisions for excess and obsolete inventory are

recorded based primarily on the Company's estimated forecast of product demand and production requirements.

Income Taxes: The Company uses the asset and liability method of accounting for income taxes. Under the asset and liability method, deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of assets and liabilities and their respective tax bases. This method also requires the recognition of future tax benefits such as net operating loss carryforwards, to the extent that realization of such benefits is more likely than not. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the fiscal years in which those temporary differences are expected to be recovered or settled. A valuation allowance is established for any deferred tax asset for which realization is not more likely than not.

The Company provides reserves for potential payments of tax to various tax authorities related to uncertain tax positions and other issues. These reserves are based on a determination of whether and how much of a tax benefit taken by the Company in its tax filings or positions is more likely than not to be realized following resolution of any potential contingencies present

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

related to the tax benefit. Potential interest and penalties associated with such uncertain tax positions is recorded as a component of income tax expense.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

The Company is subject to the Global Intangible Low Taxed Income ("GILTI") tax in the U.S. The Company elected to treat taxes on future GILTI inclusions in U.S. taxable income as a current period expense when incurred.

The Company uses the portfolio approach for releasing income tax effects from accumulated other comprehensive income.

Property, Plant and Equipment: The Company depreciates property, plant and equipment using the straight-line method over its estimated useful lives, which generally fall within the following ranges: **buildings - buildings - 10 to 40 years; leasehold improvements - estimated useful life or remaining term of lease, whichever is shorter; and machinery, equipment and equipment - capitalized internal-use software - 3 to 10 years.** Certain tooling costs are capitalized and amortized over a 3-year life, while repairs and maintenance costs are expensed. **The Company capitalizes certain qualified costs incurred in connection with the development of internal-use software. The Company evaluates the costs incurred during the application development stage of internal use software to determine whether the costs meet the criteria for capitalization. Costs related to preliminary project activities and post implementation activities are expensed as incurred.**

Pension and Other Postretirement Benefits: The Company sponsors both funded and unfunded U.S. and non-U.S. defined benefit pension plans and other postretirement benefits. The Company recognizes actuarial gains and losses in operating results in the year in which the gains and losses occur. Actuarial gains and losses are measured annually as of the calendar month-end that is closest to the Company's fiscal year end and accordingly will be recorded in the fourth quarter, unless the Company is required to perform an interim remeasurement. The remaining components of pension expense, primarily service and interest costs and assumed return on plan assets, are recorded on a quarterly basis. The Company's funding policy provides that payments to the U.S. pension trusts shall at least be equal to the minimum funding requirements of the Employee Retirement Income Security Act of 1974. Non-U.S. plans are accrued for, but generally not fully funded, and benefits are paid from operating funds.

Translation of Foreign Currencies: For foreign operations, asset and liability accounts are translated at current exchange rates; income and expenses are translated using weighted average exchange rates for the reporting period. Resulting translation adjustments, as well as translation gains and losses from certain intercompany transactions considered permanent in nature, are reported in accumulated other comprehensive income ("AOCI"), a separate component of stockholders' equity. Gains and losses arising from transactions and translation of period-end balances denominated in currencies other than the functional currency are included in other expense, net.

Business Combinations: Business combinations are accounted for at fair value. Acquisition costs are expensed as incurred and recorded in selling, general and administrative expenses. Measurement period adjustments are made in the period in which the amounts are determined, and the current period income effect of such adjustments will be calculated as if the adjustments had been completed as of the acquisition date. All changes that do not qualify as measurement period adjustments are also included in current period earnings. The accounting for business combinations requires estimates and judgment as to expectations for future cash flows of the acquired business, and the allocation of those cash flows to identifiable intangible assets, in determining the estimated fair value for assets acquired and liabilities assumed. The fair values assigned to tangible and intangible assets acquired and liabilities assumed, including contingent consideration, are based on management's estimates and assumptions, as well as other information compiled by management, including valuations that utilize customary valuation procedures and techniques. If the actual results differ from the estimates and judgments used in these estimates, the amounts recorded in the financial statements could result in a possible impairment of the intangible assets and goodwill, require acceleration of the amortization expense of finite-lived intangible assets, or the recognition of additional consideration which would be expensed.

Goodwill and Other Intangible Assets: The Company's intangible assets consist of (i) goodwill, which is not being amortized; and (ii) amortizing intangibles, which consist of patents, trade names and trademarks, licenses, customer relationships and purchased technologies, which are being amortized over their estimated useful lives.

The process of testing goodwill for impairment involves the determination of the fair value of the applicable reporting units. The test consists of the comparison of the fair value to the carrying value of the reporting unit to determine if the carrying value exceeds the fair value. If the carrying value of the reporting unit exceeds its fair value, an impairment loss in an amount equal to that excess is recognized up to the amount of goodwill. **This annual impairment assessment is performed by goodwill. During the fourth quarter of fiscal year 2024, the Company on voluntarily changed its annual goodwill impairment testing date from the later of January 1 or the first day of each fiscal year to the later of November 1 or the first day of its eleventh fiscal month of each fiscal year. The Company changed the measurement date to more closely align the annual impairment testing date with the most current information from the budgeting and strategic planning process. The Company believes the change in goodwill impairment testing date does not represent a material change to the Company's method of applying an accounting principle in light of the Company's internal controls and requirements to assess goodwill impairment upon certain triggering events. This change was applied prospectively and**

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

therefore, the Company performed its annual impairment testing for its reporting units for fiscal year 2024 as of January 1, 2024 and November 1, 2024. The Company concluded that there was no goodwill impairment in the periods presented.

Amortizing intangible assets are reviewed for impairment when indicators of impairment are present. When a potential impairment has been identified, forecasted undiscounted net cash flows of the operations to which the asset relates are compared to the current carrying value of the long-lived assets present in that operation. If such cash flows are less than such carrying amounts, long-lived assets, including such intangibles, are written down to their respective fair values.

Stock-Based Compensation: The Company accounts for stock-based compensation expense based on estimated grant date fair value, generally using the Black-Scholes option-pricing model or the quoted price of the Company's stock on the grant

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

date. The fair value is recognized as expense in the consolidated financial statements over the requisite service period. The determination of fair value and the timing of expense using option pricing models such as the Black-Scholes model require the input of subjective assumptions, including the expected term and the expected price volatility of the underlying stock. The Company estimates the expected term assumption based on historical experience. In determining the Company's expected stock price volatility assumption, the Company reviews both the historical and implied volatility of the Company's common stock. The Company recognizes the impact of forfeitures in the period that the forfeiture occurs, rather than estimating the number of awards that are not expected to vest in accounting for share-based compensation.

Marketable Securities and Investments: Investments in debt securities that are classified as available for sale are recorded at fair value with unrealized gains and losses included in AOCI until realized. Investments in debt securities that are classified as held-to-maturity are recorded at amortized cost. Investments in equity securities are recorded at fair values with unrealized holding gains and losses included in earnings. Investments in equity securities without a readily determinable fair values are carried at cost minus impairment, if any. When an observable price change in orderly transactions for the identical or a similar investment of the same issuer has occurred, the Company elects to carry those equity investments at fair value as of the date that the observable transaction occurred.

Cash and Cash Equivalents: The Company considers all highly liquid, unrestricted instruments with a purchased maturity of three months or less to be cash equivalents. The carrying amount of cash equivalents approximates fair value due to the short maturities of these instruments.

Environmental Matters: The Company accrues for costs associated with the remediation of environmental pollution when it is probable that a liability has been incurred and the Company's proportionate share of the amount can be reasonably estimated. The recorded liabilities have not been discounted.

Research and Development: Research and development costs are expensed as incurred.

Restructuring and Other Costs: Generally, costs associated with an exit or disposal activity are recognized when the liability is incurred. Prior to recording restructuring charges for employee separation agreements, the Company notifies all employees of termination. Costs related to employee separation arrangements requiring future service beyond a specified minimum retention period are recognized over the service period. The Company recorded restructuring charges, included in selling, general and administrative expenses in the consolidated statements of operations, of \$26.6 17.5 million, \$13.6 26.6 million and \$14.4 13.6 million primarily associated with workforce reductions during fiscal years 2024, 2023 2022 and 2021, 2022, respectively. The Company expects severance payments will be substantially completed during fiscal year 2024, 2025.

Comprehensive Income: Comprehensive income is defined as net income or loss and other changes in stockholders' equity from transactions and other events from sources other than stockholders. Comprehensive income is reflected in the consolidated statements of comprehensive income.

Derivative Instruments and Hedging: Derivatives are recorded on the consolidated balance sheets at fair value. Accounting for gains or losses resulting from changes in the values of those derivatives depends on the use of the derivative instrument and whether it qualifies for hedge accounting.

For a cash flow hedge, the effective portion of the derivative's gain or loss is initially reported as a component of other comprehensive income and subsequently amortized into net earnings when the hedged exposure affects net earnings. Cash flow hedges related to anticipated transactions are designated and documented at the inception of each hedge by matching the terms of the contract to the underlying transaction. The Company classifies the cash flows from hedging transactions in the same categories as the cash flows from the respective hedged items. Once established, cash flow hedges are generally recorded in other comprehensive income, unless an anticipated transaction is no longer likely to occur, and subsequently amortized into net earnings when the hedged exposure affects net earnings. Discontinued or dedesignated cash flow hedges are immediately settled with counterparties, and the related accumulated derivative gains or losses are recognized into net earnings on the consolidated financial statements. Settled cash flow hedges related to forecasted transactions that remain probable are recorded

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

as a component of other comprehensive income (loss) and are subsequently amortized into net earnings when the hedged exposure affects net earnings. Forward contract effectiveness for cash flow hedges is calculated by comparing the fair value of the contract to the change in value of the anticipated transaction using forward rates on a monthly basis. The Company also has entered into other foreign currency forward contracts that are not designated as hedging instruments for accounting purposes. These contracts are recorded at fair value, with the changes in fair value recognized into interest and other expense, net on the consolidated financial statements.

The Company also uses foreign currency denominated debt to hedge its investments in certain foreign subsidiaries. Realized and unrealized translation adjustments from these hedges are included in the foreign currency translation component of AOCI, as well as the offset translation adjustments on the underlying net assets of foreign subsidiaries.

The cumulative translation gains or losses will remain in AOCI until the foreign subsidiaries are liquidated or sold.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

Leases: Operating leases are included in operating lease right-of-use ("ROU") assets, other current liabilities, and operating lease liabilities in the Company's consolidated balance sheet. ROU assets represent the Company's right to use an underlying asset for the lease term and lease liabilities represent the Company's obligation to make lease payments arising from the lease. Operating lease ROU assets and liabilities were recognized based on the present value of the remaining lease payments over the lease term. When the Company's lease did not provide an implicit rate, the Company used its incremental borrowing rate in determining the present value of lease payments. The Company used the implicit rate when readily determinable. The operating lease ROU asset excludes lease incentives. The lease terms may include options to extend or terminate the lease when it is reasonably certain that the Company will exercise that option. Lease expense is recognized on a straight-line basis over the lease term.

The Company has lease agreements with lease and non-lease components, which are generally accounted for separately. For certain equipment leases, such as cars, the Company accounts for the lease and non-lease components as a single lease component.

The Company has made an accounting policy election not to recognize ROU assets and lease liabilities that arise from short-term leases for facilities and equipment. Instead, the Company recognizes the lease payments in the consolidated statements of operations on a straight-line basis over the lease term and variable lease payments in the period in which the obligation for those payments is incurred.

As a lessor, the Company applies the practical expedient to not separate non-lease components from the associated lease component and instead accounts for those components as a single component if the non-lease components otherwise would be accounted for under Accounting Standards Codification 606, *Revenue From Contracts With Customers* ("ASC 606"), and both of the following criteria are met: 1) the timing and pattern of transfer of the non-lease component or components and associated lease component are the same; and 2) the lease component, if accounted for separately, would be classified as an operating lease. If the non-lease component or components associated with the lease component are the predominant component of the combined component, the Company accounts for the combined component in accordance with ASC 606. Otherwise, the Company accounts for the combined component as an operating lease in accordance with Accounting Standards Codification 842, *Leases* ("ASC 842").

Recently Issued Accounting Pronouncements: From time to time, new accounting pronouncements are issued by the Financial Accounting Standards Board (the "FASB") and are adopted by the Company as of the specified effective dates. Unless otherwise discussed, such pronouncements did not have or will not have a significant impact on the Company's consolidated financial position, results of operations and cash flows or do not apply to the Company's operations.

In November 2024, the FASB issued Accounting Standards Update 2024-03, *Disaggregation of Income Statement Expenses* ("ASU 2024-03"). ASU 2024-03 will require public entities to disclose disaggregated information about specific natural expense categories underlying certain income statement expense line items. Such disclosures are required on an annual and interim basis in a tabular presentation in the footnotes to the financial statements. In addition, ASU 2024-03 requires public entities to disclose selling expenses on an annual and interim basis. The guidance is effective for annual periods beginning after December 15, 2026, and interim periods within fiscal years beginning after December 15, 2027. Early adoption is permitted. The Company is in the process of determining the impact of this guidance on its financial statements and disclosures.

In December 2023, the FASB issued Accounting Standards Update 2023-09, *Income Taxes (Topic 740): Improvements to Income Tax Disclosures* ("ASU 2023-09"). ASU 2023-09 will require public entities to disclose on an annual basis a tabular reconciliation using both percentages and amounts, broken out into specific categories with certain reconciling items at or above 5% of the statutory (i.e. expected) tax further broken out by nature and/or jurisdiction. ASU 2023-09 requires all entities to disclose on an annual basis the amount of income taxes paid (net of refunds received), disaggregated between federal (national), state/local and foreign, and amounts paid to an individual jurisdiction when 5% or more of the total income taxes paid. The guidance is required to be applied on a prospective basis; retrospective application is permitted. The guidance is

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

effective for annual periods beginning after December 15, 2024. Early adoption is permitted. Although The Company's management does not believe the guidance only requires additional disclosures, the Company is in the process adoption of determining the ASU 2023-09 will have a material impact of this guidance to on its income tax financial statements and disclosures.

In November 2023, the FASB issued Accounting Standards Update 2023-07, *Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures* ("ASU 2023-07"). ASU 2023-07 amends Accounting Standards Codification 280, *Segment Reporting* ("ASC 280") to require public entities to disclose significant segment expenses and other segment items that are regularly provided to the chief operating decision maker ("CODM") and included in each reported measure of a reportable segment's profit or loss, on an annual and interim basis, and provide in interim periods all disclosures about a reportable segment's profit or loss and assets that are currently required annually. ASU 2023-07 permits entities to report multiple measures of a reportable segment's profit or loss if the CODM uses those measures to allocate resources and assess performance. The guidance is required to be applied retrospectively to all periods presented in the financial statements, unless impracticable. The guidance is effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024. Early adoption is also permitted. Although Company adopted the guidance only requires in fiscal year 2024 and has included the additional disclosures related to the Company is reportable segments in the process of determining the impact of this guidance to its segment disclosures. Note 21, *Industry Segment and Geographic Area Information*.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

Note 2: Revenue

For arrangements with multiple performance obligations, the Company accounts for individual products and services separately if they are distinct - i.e., if a product or service is separately identifiable from other items in the bundled package and if a customer can benefit from it on its own or with other resources that are readily available to the customer. The consideration (including any discounts) is allocated to each performance obligation in an arrangement based on relative stand-alone selling prices. The stand-alone selling prices are determined based on the prices at which the Company separately sells the products, extended warranties, and services. For items that are not sold separately, the Company estimates stand-alone selling prices by reference to the amount charged for similar items on a stand-alone basis.

The Company sells products and services predominantly through its direct sales force, and the use of distributors is generally limited to geographic regions where the Company has no direct sales force. The Company does not offer product return or exchange rights (other than those relating to defective goods under warranty).

In instances where the timing of revenue recognition differs from the timing of invoicing, the Company determined that the contracts generally do not include a significant financing component. In limited circumstances where the Company provides the customer with a significant benefit of financing, the Company uses the practical expedient and only adjusts the transaction price for the effects of the time value of money and only on contracts where the duration of financing is more than one year.

Nature of goods and services

The Life Sciences segment principally generates revenue from sales of instruments, reagents, software, subscriptions, detection and imaging technologies, extended warranties, training and services in the life sciences market. The Diagnostics segment principally generates revenue from sales of instruments, solutions, consumables, reagents, and services in the diagnostics market. The typical length of a contract for service is 12 to 36 months.

The revenue generated from the sale of instruments (inclusive of consumables), reagents, and certain software is recognized at a point in time. The Company recognizes revenue in these arrangements at the point in time when control of the products has been transferred to customers, which is typically at delivery. Certain of the Company's Company's products require specialized installation and configuration at the customer's site. Revenue for these products is deferred until installation is complete and customer acceptance has been received. When the Company places the instrument at the customer's site and sells the reagents to a customer, the instrument and reagents are accounted for together as one performance obligation. The Company does not charge a fee for the use of the instrument and retains ownership of the placed instrument. The Company recognizes revenue upon delivery of reagents, which is the point in time where the Company has performed its obligation to provide a screening solution to the customer. Payment terms and conditions vary, although terms generally include a requirement of payment within 30 to 60 days.

The revenue generated from the sale of licenses for software as a service, cloud services, subscriptions, and laboratory services and training is recognized over time. Term licenses, Software as a service, subscriptions and cloud services, are generally recognized ratably over the contract period. The Company sells its software subscriptions and cloud services with maintenance services and, in some cases, with consulting services. The Company recognizes revenue for the software commencing when the service is made available to the customer. For maintenance and consulting services, revenue is recognized over the period in which the services are provided. Revenue for laboratory services is recognized over the contract period or when the service is billable, based on an input method that is based on time and materials.

Product revenue is recognized at a point in time and service revenue is generally recognized over time.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

Disaggregation of revenue

In the following tables, revenue is disaggregated by primary geographical market and major good and service lines.

Major Customer Concentration

No single customer comprises more than 10% of net revenues during the fiscal year years 2024 and 2023. Revenues from one customer in the Company's Diagnostics segment represent represented approximately \$330.7 millionand\$638.6 million , or 10%, of the Company's total revenue during the fiscal years 2022 and 2021, respectively. year 2022.

Contract Balances

Unbilled receivable and Contract assets: The unbilled receivables (contract assets) primarily relate timing of revenue recognition may differ from the timing of customer billing. When revenue is recognized prior to billing and the right to the Company's right to consideration for work completed but not billed at amount due from customers is conditioned only on the reporting date. passage of time, the Company records an unbilled receivable on its consolidated balance sheets. The unbilled receivables are transferred to trade receivables when billed to customers. Contract assets are generally classified classified as either current assets and are included in "Accounts receivable, net" or as long-term in "Other assets, net" in the consolidated balance sheets. Unbilled receivables totaled \$80.6 million and \$75.8 million at December 29, 2024 and December 31, 2023, respectively, primarily related to the Life Sciences software business. The Company has no material contract assets as of December 29, 2024 and December 31, 2023.

Contract liabilities: Deferred revenuThe contract liabilities primarily relate e and Customer deposits: Deferred revenue is recorded when revenue is recognized subsequent to the advance consideration received from customers for products and related services for which transfer of control has not occurred at the balance sheet date. Contract liabilities are customer invoicing. Deferred revenue is classified as either current in "Accounts payable" or "Accrued expenses and other current liabilities" or as long-term in "Long-term liabilities" in the consolidated balance sheets based on the timing of when the Company expects to recognize revenue. Substantially all of the deferred revenue is expected to be recognized in revenue within 12 months of the balance sheet date, and has been classified within accrued expenses and other current liabilities. The contract liability balances deferred revenue balance is primarily related to our software as a service offerings, maintenance contracts and prepaid storage arrangements. Deferred revenue totaled \$212.8 million and \$209.7 million at December 29, 2024 and December 31, 2023, respectively. The Company also has customer deposits received in advance of the beginning transfer of each period presented were generally fully control totaling \$19.5 million and \$22.1 million at December 29, 2024 and December 31, 2023, respectively. The Company expects that these customer deposits will be recognized in revenue within 3 months of the balance sheet date.

Transaction price allocated to the remaining performance obligations

The Company applies the practical expedient and does not disclose information about remaining performance obligations that have original expected durations of one year or less. The estimated revenue expected to be recognized in the subsequent three month period. The future related

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

to performance obligations that are unsatisfied (or partially unsatisfied) at the end of the period are not material to the Company.

	(In thousands)			
Contract assets	\$	52,648	\$	56,631
Contract liabilities		(22,504)		(30,133)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

Note 3: Business Combinations

Acquisitions in fiscal year 2022

During fiscal year 2022, the Company completed the acquisition of two businesses for aggregate consideration of \$13.3 million. Identifiable definite-lived intangible assets, such as core technology, acquired as part of these acquisitions had a weighted average amortization period of 5 years.

Acquisitions in fiscal year 2021

Acquisition of BioLegend, Inc. In fiscal year 2021, the Company completed the acquisition of BioLegend, Inc. ("BioLegend") The remaining performance obligations primarily include noncancelable purchase orders, noncancelable software subscriptions and paid an aggregate consideration of \$5.7 billion, net of cash acquired of \$292.4 million, reflecting working capital cloud service contracts and other adjustments (the "Aggregate Consideration"). The Aggregate Consideration was paid in a combination of \$3.3 billion in cash and shares of the Company's common stock having a fair value of approximately \$2.6 billion based on the \$187.56 per share closing price of the Company's common stock on the New York Stock Exchange on September 17, 2021 (the "Stock Consideration"). The Stock Consideration consisted of 14,066,799 shares of the Company's common stock. BioLegend is recognized as a leading, global provider of life science antibodies and reagents headquartered in San Diego, California, with approximately 700 employees. The operations for this acquisition is reported within the results of the Company's Life Sciences segment from the acquisition date. The excess of the purchase price over the fair value of the acquired net assets represents cost and revenue synergies specific to the Company, as well as non-capitalizable intangible assets, such as the employee workforce acquired, and is not tax deductible. Identifiable definite-lived intangible assets, such as core technology, trade names, customer relationships and clone library, acquired as part of this acquisition had a weighted-average amortization period of 16.3 years.

BioLegend's revenue and net loss for the period from the acquisition date to January 2, 2022 were \$91.7 million and \$25.8 million, respectively. The net loss includes \$47.0 million of amortization of acquired intangible assets. The following unaudited pro forma information presents the combined financial results for the Company and BioLegend as if the acquisition of BioLegend had been completed at the beginning of fiscal year 2020:

	January 2, 2022
	(In thousands, except per share data)
Pro Forma Statement of Operations Information:	
Revenue	\$ 4,056,122
Income from continuing operations	947,387
Basic earnings per share:	
Income from continuing operations	\$ 7.27
Diluted earnings per share:	
Income from continuing operations	\$ 7.25

The unaudited pro forma information for fiscal year 2021 has been calculated after applying the Company's accounting policies and the impact of acquisition date fair value adjustments. The fiscal year 2021 unaudited pro forma income from continuing operations was adjusted to exclude approximately \$43.2 million of acquisition-related transaction costs and \$23.3 million of costs of bridge financing and debt pre-issuance hedges that were recognized in expense during fiscal year 2021. These pro forma condensed consolidated financial results have been prepared for comparative purposes only and include certain adjustments, such as fair value adjustment to inventory, increased interest expense on debt obtained to finance the transaction, and increased amortization for the fair value of acquired intangible assets.

The pro forma information does not reflect the effect of costs or synergies that would have been expected to result from the integration of the acquisition. The pro forma information does not purport to be indicative of the results of operations that actually would have resulted had the combination occurred at the beginning of each period presented, or of future results of the consolidated entities. The actual results of operations may differ significantly from the pro forma amounts reflected herein due to a variety of factors.

Other acquisitions in 2021. During fiscal year 2021, the Company also completed the acquisition of seven other businesses for aggregate consideration of \$1.2 billion. The acquired businesses include Oxford Immunotec Global PLC, a company based in Abingdon, UK with approximately 275 employees, for total consideration of \$590.9 million and Nexcelom Bioscience Holdings, LLC, a company based in Lawrence, Massachusetts with approximately 130 employees, for total consideration of \$267.3 million, and five other businesses, which were acquired for total consideration of \$318.6 million. The

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

excess of the purchase prices over the fair values of the acquired businesses' net assets represents cost and revenue synergies specific to the Company, as well as non-capitalizable intangible assets, such as employee workforces acquired, and has been allocated to goodwill, which is not tax deductible. Identifiable definite-lived intangible assets, such as core technology, trade names, and customer relationships, acquired as part of these acquisitions had a weighted-average amortization period of 12.4 years.

The total purchase price for the acquisitions in fiscal year 2021 has been allocated to the estimated fair value of assets acquired and liabilities assumed as follows:

	Final	
	BioLegend	Other
	(In thousands)	
Fair value of business combinations:		
Cash payments	\$ 3,336,115	\$ 1,128,584
Common stock issued	2,638,369	—
Other liability	6,857	2,910
Contingent consideration	—	45,031
Working capital and other adjustments	—	183
Less: cash acquired	(292,377)	(195,010)

Total	\$	5,688,964	\$	981,698
Identifiable assets acquired and liabilities assumed:				
Current assets	\$	184,704	\$	71,840
Property, plant and equipment		147,200		26,507
Other assets		9,330		15,527
Identifiable intangible assets:				
Core technology and clone library		782,400		290,089
Trade names and patents		38,000		39,476
Licenses		8,979		—
Customer relationships and backlog		1,714,800		141,670
Goodwill		3,509,931		545,262
Deferred taxes		(668,919)		(80,923)
Deferred revenue		—		(1,197)
Debt assumed		—		(4,628)
Liabilities assumed		(37,461)		(61,925)
Total	\$	5,688,964	\$	981,698

The Company does not consider the acquisitions completed during fiscal years 2022 and 2021, with the exception of the BioLegend acquisition, to be material to its consolidated results of operations; therefore, the Company is only presenting pro forma financial information of operations for the BioLegend acquisition. The aggregate revenue and results of operations for acquisitions completed during fiscal years 2022 and 2021 for the fiscal year period from their respective acquisition dates were not material.

The accounting for business combinations requires estimates and judgments as to expectations for future cash flows of the acquired business, and the allocation of those cash flows to identifiable intangible assets, in determining the estimated fair values for assets acquired and liabilities assumed. The fair values assigned to tangible and intangible assets acquired and liabilities assumed, including contingent consideration, are based on management's estimates and assumptions, as well as other information compiled by management, including valuations that utilize customary valuation procedures and techniques. Contingent consideration is measured at fair value at the acquisition date, based on the probability that revenue thresholds or product development milestones will be achieved during the earnout period, with changes in the fair value after the acquisition date affecting earnings to the extent it is to be settled in cash. Increases or decreases in the fair value of contingent consideration

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

liabilities primarily result from changes in the estimated probabilities of achieving revenue thresholds or product development milestones during the earnout period.

As of December 31, 2023, the Company may have to pay contingent consideration, related to acquisitions with open contingency periods, of up to \$98.0 million. As of December 31, 2023, the Company has recorded contingent consideration obligations of \$40.0 million, of which \$11.0 million was recorded in accrued expenses and other current liabilities, and \$29.0 million was recorded in long-term liabilities. The expected maximum earnout period for acquisitions with open contingency periods is 7.9 years from December 31, 2023, and the remaining weighted average expected earnout period at December 31, 2023 was 5.0 years.

If the actual results differ from the estimates and judgments used in these fair values, the amounts recorded in the consolidated financial statements could result in a possible impairment of the intangible assets and goodwill, require acceleration of the amortization expense of definite-lived intangible assets or the recognition of additional contingent consideration which would be recognized as a component of operating expenses from continuing operations.

Total acquisition and divestiture-related costs, included in selling, general and administrative expense in the Company's consolidated statements of operations, were \$69.2 million, \$39.8 million and \$62.8 million for fiscal years 2023, 2022 and 2021. These amounts included \$34.3 million of rebranding expenses in fiscal year 2023 and \$20.0 million, \$26.5 million and \$6.9 million of stock compensation expense related to awards given to BioLegend employees in fiscal years 2023, 2022 and 2021, respectively. Total acquisition and divestiture-related costs, included in interest and other expense, net in the Company's consolidated statements of operations, were \$19.9 million and \$18.0 million for fiscal years 2023 and 2021. These amounts included \$24.1 million of net foreign exchange loss and \$4.2 million interest income related to the sale of the Business in fiscal year 2023, and \$5.4 million of net foreign exchange gain and \$23.4 million of costs of bridge financing and debt pre-issuance hedges related to the BioLegend acquisition in fiscal year 2021. These acquisition and divestiture-related costs were expensed as incurred. prepaid storage contracts.

Note 4:3: Discontinued Operations

As part of the Company's continuing efforts to focus on higher growth opportunities, the Company has discontinued certain businesses. When the discontinued operations represented a strategic shift that will have a major effect on the Company's operations and financial statements, the Company has accounted for these businesses as discontinued operations and accordingly, has presented the results of operations and related cash flows as discontinued operations.

On March 13, 2023, the Company completed the previously announced sale (the "Closing") of the Business (the "Closing") to PerkinElmer Topco, L.P. (formerly known as Polaris Purchaser, L.P.) (the "Purchaser"), a Delaware limited partnership owned by funds managed by affiliates of New Mountain Capital L.L.C. (the "Sponsor"), for an aggregate purchase price of up to \$2.45 billion. The Company received approximately \$2.13 2.27 billion in cash proceeds before transaction costs and subject to post-closing adjustments. The costs. At the Closing, the Company is was entitled to an additional \$75.0 million in proceeds as consideration for payable in installments to commence upon the Company's Company's ceasing the use of the PerkinElmer brand and related trademarks and transferring them to the Purchaser. This consideration is expected to be received in installments through the first half of 2025. Purchaser (the "Brand Fee"). The discounted value of the \$75.0 million was measured as \$65.2 million and was included in the

proceeds, proceeds at Closing. During the fiscal year 2024, the Company received \$18.8 million of the Brand Fee. The Company expects to receive the remaining balance of the Brand Fee in installments in 2025. In addition, the Company is entitled to additional consideration of up to \$150.0 million that is contingent on the exit valuation the Sponsor and its affiliated funds receive on a sale or other capital events related to the Business. The fair value of this element of consideration was determined to be \$15.9 million and was included in the proceeds at Closing. The Company also recorded a receivable, included in Other current assets in the consolidated balance sheets, of approximately \$160.2 million as of December 31, 2023 for post-closing adjustments that is expected to be received during During fiscal year 2024. The final amount 2024, the Company received approximately \$138.5 million of cash from the receivable Purchaser and recognized a loss of \$19.8 million primarily related to the post-closing adjustments is subject to change. adjustments.

The Company has measured the gain on sale and related income tax provision, however, additional adjustments may arise that may impact the final measurement of the gain. The elements of the gain calculation that may result in adjustments include

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

the measurement of the proceeds, including the settlement of the post-closing adjustments, as well as the related tax effects of such adjustments and the filing of tax returns for the period that includes the sale.

In connection and concurrent with the Closing, the Company has also entered into a Transition Services Agreement ("TSA") with the Purchaser for a period of up to 24 months from the Closing, and a Contract Manufacturing Agreement ("CMA") for two locations which expired in June 2023. The costs and amounts of reimbursements related with the options to the CMA were not significant, renew. The costs and amounts of reimbursements related to the TSA and other commercial transactions between the parties were not significant in fiscal year years 2024 and 2023 and the amounts in future periods are not expected to be significant.

The Business had been reported in the Company's Discovery & Analytical Solutions segment, which is now referred to as the Life Sciences segment. The sale of the Business represents represented a strategic shift that will have had a major effect on the Company's operations and financial statements. Accordingly, the Business is reported for all periods as discontinued operations in the Company's consolidated financial statements. The following table summarizes the results of discontinued operations which are presented as income from discontinued operations in the Company's consolidated statements of operations:

	December 31, 2023	January 1, 2023	January 2, 2022
	(In thousands)

The Company regularly reviews its tax positions in each significant taxing jurisdiction in the process of evaluating its unrecognized tax benefits. The Company makes adjustments to its unrecognized tax benefits when: (i) facts and circumstances regarding a tax position change, causing a change in management's judgment regarding that tax position; (ii) a tax position is effectively settled with a tax authority at a differing amount; and/or (iii) the statute of limitations expires regarding a tax position. The Company has recognized the change in tax positions in prior periods through both continuing and discontinuing operations.

The tabular reconciliation of the total amounts of unrecognized tax benefits is as follows for the fiscal years ended:

	December 31, 2023	January 1, 2023	January 2, 2022
--	----------------------	--------------------	--------------------

	December 29, 2024	December 31, 2023	January 1, 2023

The Company classifies interest and penalties as a component of income tax expense. At **December 31, 2023** **December 29, 2024** and **January 1, 2023** **December 31, 2023**, the Company had accrued interest and penalties of **\$6.3 million** **\$5.1 million** and **\$7.2 million** **\$6.3 million**, respectively. During fiscal years **2024**, **2023** **2022** and **2021**, **2022**, the Company recognized a net **(benefit) expense benefit** of **\$(1.1) million**, **\$(0.5) million** **\$1.2 million**, **\$1.1 million** and **\$1.8 million** **\$0.5 million**, respectively, for interest and penalties in its total tax provision. At **December 31, 2023** **December 29, 2024**, substantially all of the unrecognized tax benefits, if recognized, would affect the effective tax rate.

The Company believes that it is reasonably possible that approximately **\$71.6 million** **\$76.1 million** of its uncertain tax positions at **December 31, 2023** **December 29, 2024**, including accrued interest and penalties, and net of tax benefits, may be resolved over the next twelve months as a result of lapses in applicable statutes of limitations and potential settlements. Various tax years **after after** **2010** **remain remain** open to examination by certain jurisdictions in which the Company has significant business operations, such as China, Finland, Germany, Luxembourg, The Netherlands, Singapore, the United Kingdom and the United States. The tax years under examination vary by jurisdiction.

Total

At **December 31, 2023** **December 29, 2024**, the Company had U.S. federal net operating loss carryforwards of **\$109.8 million** **\$104.9 million**, state net operating loss carryforwards of **\$8.9 million** **\$6.2 million**, foreign net operating loss carryforwards of **\$439.8 million** **\$549.8 million**, state tax credit carryforwards of **\$13.8 million** **\$11.8 million** and **general business foreign** tax credit carryforwards of **\$0.1 million** **\$24.7 million**. Certain net operating loss carryforwards and state credit carryforwards do not expire, while other losses begin to expire in **2024**, **2025**.

Valuation allowances take into consideration limitations imposed upon the use of the tax attributes and reduce the value of such items to the likely net realizable amount. The Company regularly evaluates positive and negative evidence available to determine if valuation allowances are required or if existing valuation allowances are no longer required. Valuation allowances have been provided on state net operating loss and state tax credit carryforwards and on certain foreign tax attributes that the Company has determined are not more likely than not to be realized. **The increase in the valuation allowance of \$29.8 million in fiscal year 2024 was primarily due to generation of foreign tax credit carryforwards for which a benefit is not expected to be realized in future periods.**

The Company **is no longer permanently reinvested in** records the applicable taxes associated with the future remittance of undistributed **foreign earnings of its international subsidiaries that have been** previously taxed at the U.S. federal level and/or **that** would be **subject to claimed for** a dividend received deduction if **repatriated**. The Company recorded the applicable taxes that will be due when such earnings are repatriated. For the remaining other undistributed foreign earnings and outside basis differences **the Company continues we continue** to be indefinitely reinvested and have **not**

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

not provided any taxes for these amounts, and it is not practicable to estimate the amount of deferred tax liability that would be incurred.

Note 7: 6: Earnings Per Share

Basic earnings per share was computed by dividing net income by the weighted-average number of common shares outstanding during the period less restricted unvested shares. Diluted earnings per share was computed by dividing net income by the weighted-average number of common shares outstanding plus all potentially dilutive common stock equivalents, primarily shares issuable upon the exercise of stock options using the treasury stock method. The following table reconciles the number of shares utilized in the earnings per share calculations for the fiscal years ended:

	December 31, 2023	January 1, 2023	January 2, 2022
	December 29, 2024	December 31, 2023	January 1, 2023
	(In thousands)		

Number of common shares—basic
Effect of dilutive securities:
Stock options
Stock options
Stock options
Restricted stock awards

Number of common shares—diluted

Number of potentially dilutive securities excluded from calculation due to antidilutive impact

Antidilutive securities include outstanding stock options with exercise prices and average unrecognized compensation cost in excess of the average fair market value of common stock for the related period. Antidilutive securities also include restricted stock awards with average unrecognized compensation cost in excess of the average fair market value of the common stock for the related period. Antidilutive options and restricted stock awards were excluded from the calculation of diluted net income per share and could become dilutive in the future.

Depreciation expense on property, plant and equipment for the fiscal years ended **December 31, 2023** December 29, 2024, **December 31, 2023** and January 1, 2023 was \$68.5 million, \$66.7 million and January 2, 2022 was \$66.7 million, \$56.4 million and \$54.9 million, respectively. During fiscal year 2024, the Company recognized an asset impairment amounting to \$22.8 million related to capitalized internal-use software in the Diagnostics segment, which is included in Selling, general and administrative expenses in the consolidated statements of operations.

Note 11: 10: Marketable Securities and Investments

Investments consisted of the following:

	December 31, 2023	January 1, 2023
	December 29, 2024	December 31, 2023
(In thousands)		

Marketable securities - held to maturity (current)
Marketable securities - available for sale
Equity investments
Notes receivables and other investments
\$

Marketable securities - held to maturity. The Company's investments in U.S. treasury securities **are were** classified as held-to-maturity and measured at amortized cost. **The Company has no outstanding investments in U.S. treasury securities as of December 29, 2024.** All the outstanding investments in U.S. treasury securities **as of December 31, 2023** had a contractual maturity of less than one year **as of December 31, 2023** and have been classified as current in the consolidated balance sheet to match the maturities of the long-term debt **expected to be that was** retired concurrently with the maturity of the marketable securities.

Marketable securities - available for sale. Marketable securities, which are included in Other assets, net, are accounted for as available for sale and include equity and fixed-income securities. The net unrealized holding gain and loss on marketable securities, net of deferred income taxes, reported as a component of other comprehensive income (loss) in the consolidated statements of stockholders' equity, was not material. The proceeds from the sales of securities and the related gains and losses are not material for any period presented.

Equity Investments. investments. The Company has equity interests in privately-held entities over which the Company neither has significant influence nor control. Equity investments, which are included in Other assets, net, as of **December 31, 2023** December 29, 2024 and **January 1, 2023** December 31, 2023 consisted of the following:

	December 31, 2023	January 1, 2023
	December 29, 2024	December 31, 2023
(In thousands)		

Equity investments, carried at cost minus impairment, if any
--

Equity investments, carried at fair value

\$

The amount of upward adjustments during the periods presented were not material. The cumulative amount of upward adjustments as of December 31, 2023 each of December 29, 2024 and January 1, 2023 December 31, 2023 was \$31.3 million and \$30.7 million, respectively. The amount of impairment during fiscal year 2024 was \$2.1 million. The cumulative amount of impairments and downward adjustments as of each of December 29, 2024 and December 31, 2023 was \$7.1 million and January 1, 2023 was \$5.0 million, respectively.

Notes receivables and other investments. Notes receivables and other investments, which are included in Other assets, net, are carried at cost less allowance for credit losses. The amortized cost of these investments are not materially different than the fair value. Notes receivables and other investments with a notional amount and carrying value of \$19.8 million \$0.3 million are due within one to five years. Notes receivables and other investments with a notional amount of \$25.0 million and a carrying value of \$12.3 million \$12.0 million are convertible into equity securities or are due and payable upon an event of default (as defined in the applicable agreement). The credit losses, included in Interest and other expense, net, in the consolidated statements of operations, during fiscal year years 2024, 2023 and 2022 were \$1.8 million, \$34.5 million, and \$—, respectively.

Note 12: 11: Goodwill and Intangible Assets, Net

The Company tests goodwill at least annually for possible impairment. The Company completes the annual testing of impairment for goodwill on the later of January 1 or the first day of each fiscal year. In addition to its annual test, the Company regularly evaluates whether events or circumstances have occurred that may indicate a potential impairment of goodwill.

The process of testing goodwill for impairment involves the determination of the fair value of the applicable reporting units. The test consists of the comparison of the fair value to the carrying value of the reporting unit to determine if the carrying value exceeds the fair value. If the carrying value of the reporting unit exceeds its fair value, an impairment loss in an amount equal to that excess is recognized up to the amount of goodwill. The Company performed its annual impairment testing for its

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

reporting units as of January 2, 2023, its annual impairment testing date for fiscal year 2023. The Company concluded based on the first step of the process that there was no goodwill impairment.

The changes in the carrying amount of goodwill for fiscal years 2023 2024 and 2022 2023 are as follows:

Senior Unsecured Revolving Credit Facility. On August 24, 2021, the Company entered into a new senior unsecured revolving credit facility ("2021 Senior Unsecured Revolving Credit Facility") with a five-year term and a borrowing capacity of \$1.5 billion available through August 24, 2026. As of

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

December 31, 2023, December 29, 2024, undrawn letters of credit in the aggregate amount of \$7.1 million \$4.2 million were treated as issued and outstanding when calculating the borrowing availability under the facility. As of December 31, 2023 December 29, 2024, the Company had \$1.49 billion \$1.5 billion available for additional borrowing under the facility. Borrowings will bear bore interest, payable quarterly or, if earlier, at the end of any interest period, at the Company's option at either (a) the base rate (as defined described in the credit agreement), or (b) the eurocurrency rate (a publicly published rate), in each case plus a percentage spread based on the credit rating of the Company's debt. The base rate is was the highest of (a) the Federal Funds Rate (as defined in the credit agreement) plus 0.50%, (b) the rate of interest in effect for such day as publicly announced from time to time by Bank of America as its "prime rate", and (c) the Eurocurrency Rate plus 1.00%. The credit agreement for the facility contained customary affirmative, negative and financial covenants and events of default. The financial covenants included a debt-to-capitalization ratio that remained applicable for so long as the Company's debt was rated as investment grade. In the event that the Company's debt was not rated as investment grade, the debt-to-capitalization ratio covenant was replaced with leverage ratio and interest coverage ratio covenants.

On January 7, 2025, the 2021 Senior Unsecured Revolving Credit Facility was cancelled and replaced with a new senior unsecured revolving credit facility with a five-year term and a borrowing capacity of \$1.5 billion available through January 7, 2030. Borrowings will bear interest, payable quarterly or, if earlier, at the end of any interest period, at the Company's option at either (a) the base rate (as described in the credit agreement), or (b) the Term Secured Overnight Financing Rate ("Term SOFR") (as described in the credit agreement), in each case plus a percentage spread based on the credit rating of the Company's debt. The base rate is the highest of (a) the Federal Funds Rate (as defined in the credit agreement) plus 0.50%, (b) the rate of interest in effect for such day as publicly announced from time to time by Bank of America as its "prime rate", and (c) Term SOFR plus 1.00%. The credit agreement for the new facility contains customary affirmative, negative and financial covenants and events of default. The financial covenants include a debt-to-capital debt-to-capitalization ratio that remains applicable for so long as the Company's Company's debt is rated as investment grade. In the event that the Company's Company's debt is not rated as investment grade, a debt-to-capital the debt-to-capitalization ratio covenant is replaced with leverage ratio and interest coverage ratio covenants.

During the fiscal year 2023, 2024, the Company paid in full \$467.1 711.5 million of outstanding 2023 Notes, 2024 Notes that became due in September 2024. During fiscal year 2023, 2024, the Company repurchased \$60.2 million in aggregate principal amount received proceeds of \$710.0 million upon the 2024 Notes in open market transactions. At December 31, 2023, the Company had maturity of all its outstanding U.S. treasury Treasury securities with a carrying amount of \$689.9 million whose and utilized those proceeds upon maturity are intended to be utilized to partially repay the outstanding 2024 Notes due in September 2024 (see Note 11). Notes.

The following table summarizes the maturities of the Company's indebtedness as of December 31, 2023 December 29, 2024:

Note 15: 14: Employee Benefit Plans

Savings Plan: The Company has a 401(k) Savings Plan for the benefit of all qualified U.S. employees, with such employees receiving matching contributions in the amount equal to 100.0% of the first 5.0% of eligible compensation up to applicable Internal Revenue Service limits. Savings plan expense was \$13.3 million in fiscal year 2024, \$15.0 million in fiscal year 2023, and \$20.0 million in fiscal year 2022, and \$16.5 million in fiscal year 2021, 2022.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

Pension Plans: The Company has a defined benefit pension plan covering certain U.S. employees and non-U.S. pension plans for certain non-U.S. employees. The principal U.S. defined benefit pension plan is closed to new hires and plan benefits have been frozen. The plans provide benefits that are based on an employee's years of service and compensation near retirement.

In December 2024, the Company entered into an annuity purchase agreement to irrevocably transfer a portion of the U.S. pension benefit obligation to a third-party insurance company. The annuity purchase price was \$96.3 million and was funded from U.S. pension plan assets. The resulting settlement of the U.S. pension plan was not material and included in the actuarial gains and losses recognized during the fiscal year 2024.

In January 2025, the Company executed a sale of its United Kingdom ("UK") pension plan to a third party as part of a multi-year buy-out plan. The resulting settlement of the UK pension plan was not material.

Net periodic pension cost for U.S. and non-U.S. plans included the following components for fiscal years ended:

	December 31, 2023	January 1, 2023	January 2, 2022
	December 29, 2024	December 31, 2023	January 1, 2023
	(In thousands)		
Service and administrative costs			
Interest cost			
Expected return on plan assets			
Actuarial losses (gains)			
Net periodic pension cost (credit)			
Net periodic pension cost (credit)			
Net periodic pension cost (credit)			

The Company recognizes actuarial gains and losses, unless an interim remeasurement is required, in the fourth quarter of the year in which the gains and losses occur. Such adjustments for gains and losses are primarily driven by events and circumstances beyond the Company's control, including changes in interest rates, the performance of the financial markets and mortality assumptions. Actuarial gains and losses, including other components of periodic pension cost, are recognized in the line item "Interest and other expense, net" in the consolidated statements of operations.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

The following table sets forth the changes in the funded status of the principal U.S. pension plan and the principal non-U.S. pension plans and the amounts recognized in the Company's consolidated balance sheets as of **December 31, 2023** **December 29, 2024** and **January 1, 2023** **December 31, 2023**.

The Company maintains target allocation percentages among various asset classes based on investment policies established for the pension plans which are designed to maximize the total rate of return (income and appreciation) after inflation within the limits of prudent risk taking, while providing for adequate near-term liquidity for benefit payments.

The target allocations for plan assets are listed in the above table. Equity securities primarily include investments in mutual funds with holdings in large-cap and mid-cap companies located in the United States and abroad. Debt securities include corporate bonds of companies from diversified industries, high-yield bonds, and U.S. government securities. Other types of investments include investments in non-U.S. government index linked bonds, multi-strategy hedge funds, venture capital funds and foreign liability driven investments that follow several different strategies.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

The fair value of the Company's pension plan assets as of **December 31, 2023**, **December 29, 2024** and **January 1, 2023**, **December 31, 2023** by asset category, classified in the three levels of inputs described in Note **20 to the consolidated financial statements**, **19, Fair Value Measurements**, are as follows:

Valuation Techniques: Valuation techniques utilized need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies utilized at **December 31, 2023** **December 29, 2024** compared to **January 1, 2023** **December 31, 2023**. The following is a description of the valuation techniques utilized to measure the fair value of the assets shown in the table above.

Equity Securities: Mutual funds held by the Master Trust are open-ended mutual funds that are registered with the **U.S.** Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Master Trust are deemed to be actively traded. These are categorized as Level 1 assets.

Fixed Income Securities: Fixed income U.S. government bonds are valued at quoted market prices and are categorized as Level 1 assets.

Fixed income corporate bond exchange traded funds or individual fixed income corporate bonds are categorized as Level 2 assets except where sufficient quoted prices exist in active markets, in which case such securities are categorized as Level 1 assets. These securities are valued using third-party pricing services. These services may use, for example, model-based pricing

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

methods that utilize observable market data as inputs. Broker dealer bids or quotes of securities with similar characteristics may also be used.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

Other Types of Investments: In September 2021, the Company's UK pension **scheme plan** executed a buy-in contract with Phoenix Life LTD ("Phoenix"), under which the Company made an upfront payment to Phoenix in exchange for Phoenix agreeing to make the benefit payments under the Company's UK pension **scheme plan** due to specified participants and their beneficiaries, thus transferring most of the investment and longevity risk associated with the covered participants and beneficiaries from the Company to Phoenix. This buy-in contract can be considered a liability-driven investment ("LDI") solution that hedges not only the investment risk but also the longevity risk under the Company's UK pension **scheme plan**. Like other LDI solutions, it does not eliminate ongoing administrative costs. These are categorized as Level 3 assets.

The Company's policy is to recognize significant transfers between levels at the actual date of the event.

A reconciliation of the beginning and ending Level 3 **foreign liability driven** investments is as follows:

	(In thousands)	
Balance at January 2, 2022 January 1, 2023	\$	165,680
Pension benefits paid		(6,639)
Foreign exchange losses		(18,411)

Return on plan assets		(4,727)
Balance at December 29, 2024	\$	100,66688,486

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid as follows:

Postretirement Post-retirement Medical Plans: The Company provides healthcare benefits for eligible retired U.S. employees under a comprehensive major medical plan or under health maintenance organizations where available. Eligible U.S. employees qualify for retiree health benefits if they retire directly from the Company and have at least ten years of service. Generally, the major medical plan pays stated percentages of covered expenses after a deductible is met and takes into consideration payments by other group coverage and by Medicare. The plan requires retiree contributions under most circumstances and has provisions for cost-sharing charges. Effective January 1, 2000, this plan was closed to new hires. For employees retiring after 1991, the Company has capped its medical premium contribution based on employees' years of service. The Company funds the amount allowable under a 401(h) provision in the Company's defined benefit pension plan. Assets of the plan are primarily equity and debt securities and are available only to pay retiree health benefits. The costs of these plans this plan are not material and the net assets in the plans plan totaled \$19.2 million and \$18.5 million at December 29, 2024 and \$17.1 million at December 31, 2023 and January 1, 2023, respectively.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

Note 16: 15: Contingencies

The Company is conducting a number of environmental investigations and remedial actions at current and former locations of the Company and, along with other companies, has been named a potentially responsible party ("PRP") for certain waste disposal sites. The Company accrues for environmental issues in the accounting period that the Company's responsibility is established and when the cost can be reasonably estimated. The Company has accrued \$14.1 million \$14.2 million and \$12.2 million \$14.1 million as of December 31, 2023 December 29, 2024 and January 1, 2023 December 31, 2023, respectively, in accrued expenses and other current liabilities, which represents its management's estimate of the cost of the remediation of known environmental matters, and does not include any potential liability for related personal injury or property damage claims. The Company's environmental accrual is not discounted and does not reflect the recovery of any material amounts through insurance or indemnification arrangements. The cost estimates are subject to a number of variables, including the stage of the environmental investigations, the magnitude of the possible contamination, the nature of the potential remedies, possible joint and several liability, the time period over which remediation may occur, and the possible effects of changing laws and regulations. For sites where the Company has been named a PRP, management does not currently anticipate any additional liability to result from the inability of other significant named parties to contribute. The Company expects that the majority of such accrued amounts could be paid out over a period of up to ten years. As assessment and remediation activities progress at each individual site, these liabilities are reviewed and adjusted to reflect additional information as it becomes available. There have been no environmental problems to date that have had, or are expected to have, a material adverse effect on the Company's consolidated financial statements. While it is possible that a loss exceeding the amounts recorded in the consolidated financial statements may be incurred, the potential exposure is not expected to be materially different from those amounts recorded.

The Company is subject to various claims, legal proceedings and investigations covering a wide range of matters that arise in the ordinary course of its business activities, including product liability claims. Legal defense costs are recognized as incurred, and insurance recoveries are recognized when collection is probable. Although the Company has established accruals for potential losses that it believes are probable and reasonably estimable, in the opinion of the Company's management, based on its review of the information available at the reporting date, the total cost of resolving these contingencies at **December 31, 2023** **December 29, 2024** should not have a material adverse effect on the Company's consolidated financial statements. However, each of these matters is subject to uncertainties, and it is possible that some of these matters may be resolved unfavorably to the Company.

Note 17: 16: Stock Plans

Stock-Based Compensation:

The Company's 2019 Incentive Plan (the "2019 Plan") authorizes the issuance of stock options, stock appreciation rights, restricted stock, restricted stock units, other stock-based awards and cash awards as part of the Company's compensation programs. The 2019 Plan replaced the Company's 2009 Incentive Plan (the "2009 Plan"). Upon shareholder approval of the 2019 Plan, 6.25 million shares of the Company's common stock, as well as shares of the Company's common stock previously granted under the 2009 Plan that expire, terminate or are otherwise surrendered, canceled, forfeited or repurchased by the Company at their original issuance price subject to a contractual repurchase right, became available for grant under the 2019 Plan. Awards granted under the 2009 Plan prior to its expiration remain outstanding. As part of the Company's compensation programs, the Company also offers shares of its common stock under its Employee Stock Purchase Plan.

The following table summarizes total pre-tax compensation expense recognized related to the Company's stock options, restricted stock, restricted stock units, performance restricted stock units **performance units** and stock grants, included in the Company's consolidated statements of operations:

	December 31, 2023	January 1, 2023	January 2, 2022	December 29, 2024	December 31, 2023	January 1, 2023
	(In thousands)		(In thousands)			
Cost of product and service revenue						
Research and development expenses						
Selling, general and administrative expenses						
Total stock-based compensation expense						
Total stock-based compensation expense						
Total stock-based compensation expense						

The total income tax benefit recognized in the consolidated statements of operations for stock-based compensation was **\$8.0 million in fiscal year 2024**, \$10.6 million in fiscal year 2023 and \$12.8 million in fiscal year **2022 and \$12.2 million in fiscal year 2021. 2022**. Stock-based compensation costs capitalized as part of inventory were immaterial in all periods presented.

Stock Options: The Company has granted options to purchase common shares at prices equal to the market price of the common shares on the date the option is granted. Conditions of vesting are determined at the time of grant. Options are generally exercisable in equal annual installments over a period of three years, and will generally expire seven years after the date of grant. Options replaced in association with business combination transactions are generally issued with the same terms of the respective plans under which they were originally issued.

The fair value of each option grant is estimated using the Black-Scholes option pricing model. The fair value is then amortized on a straight-line basis over the requisite service periods of the awards, which is generally the vesting period. Use of a valuation model requires management to make certain assumptions with respect to selected model inputs. Expected volatility was calculated based on the historical and implied volatility of the Company's stock. The average expected life was based on the contractual term of the option and historic exercise experience. The risk-free interest rate is based on United States Treasury zero-coupon issues with a remaining term equal to the expected life assumed at the date of grant. The Company's weighted-average assumptions used in the Black-Scholes option pricing model were as follows for the fiscal years ended:

		December 31, 2023	January 1, 2023	January 2, 2022					
		December 29, 2024	December 31, 2023	January 1, 2023					
Risk-free interest rate	Risk-free interest rate	4.1 %	2.3 %	0.9 %	Risk-free interest rate	4.1 %	4.1 %	2.3 %	
Expected dividend yield	Expected dividend yield	0.2 %	0.2 %	0.2 %	Expected dividend yield	0.3 %	0.2 %	0.2 %	
Expected lives	Expected lives	5 years	5 years	5 years	Expected lives	5 years	5 years	5 years	
Expected stock volatility	Expected stock volatility	32.7 %	28.5 %	27.3 %	Expected stock volatility	33.6 %	32.7 %	28.5 %	

The following table summarizes stock option activity for the fiscal year ended **December 31, 2023** **December 29, 2024**:

Exercisable at end of year

The aggregate intrinsic value for outstanding and exercisable stock options outstanding at December 31, 2023 December 29, 2024 was \$9.4 million \$4.8 million with a weighted-average remaining contractual term of 4.1 years. The aggregate intrinsic value for stock options exercisable at December 31, 2023 was \$9.3 million with a weighted-average remaining contractual term of 3.4 3.2 years. At December 31, 2023 December 29, 2024, there were 1.1 million 1.2 million outstanding stock options that were vested and expected to vest in the future, with an aggregate intrinsic value of \$9.4 million \$6.8 million and a weighted-average remaining contractual term of 4.1 4.2 years.

The weighted-average grant-date fair value of options granted during fiscal years 2024, 2023 and 2022 was \$37.85, \$45.18, and 2021 was \$45.18, \$48.09 and \$40.00 per share, respectively. The total intrinsic value of options exercised during fiscal years 2024, 2023 and 2022 and 2021 was \$4.9 million, \$2.4 million, \$13.9 million, and \$32.4 million \$13.9 million, respectively. Cash received from option exercises for fiscal years 2024, 2023 and 2022 and 2021 was \$7.7 million, \$4.3 million, \$14.1 million, and \$25.1 million \$14.1 million, respectively. The total compensation expense recognized related to the Company's outstanding options was \$9.8 million in fiscal year 2024, \$9.1 million in fiscal year 2023 and \$9.5 million in fiscal year 2022 and \$5.6 million in fiscal year 2021. 2022.

There was \$11.2 million \$11.5 million of total unrecognized compensation cost related to nonvested stock options granted as of December 31, 2023 December 29, 2024. This cost is expected to be recognized over a weighted-average period of 1.6 1.9 years.

Restricted Stock Awards: The Company has awarded shares of restricted stock and restricted stock units to certain employees and non-employee directors at no cost to them, which cannot be sold, assigned, transferred or pledged during the restriction period. The restricted stock and restricted stock units vest through the passage of time, assuming continued

employment. The fair value of the award at the time of the grant is expensed on a straight-line basis primarily in selling, general

and administrative expenses over the vesting period, which is generally 3 years. Recipients of the restricted stock have the right to vote such shares and receive dividends.

The following table summarizes restricted stock award activity for the fiscal year ended December 31, 2023 December 29, 2024:

	Number of Shares	
	Number of Shares	Number of Shares
	(Shares in thousands)	(Shares in thousands)
Nonvested at beginning of year

Nonvested at end of year

As of December 31, 2023, December 29, 2024, there was \$27.1 million \$17.6 million of total unrecognized compensation cost, related to nonvested restricted stock awards. That cost is expected to be recognized over a weighted-average period of 1.5 1.8 years.

In April 1999, the Company's shareholders approved the 1998 Employee Stock Purchase Plan. In April 2005, the Compensation and Benefits Committee of the Company's Board of Directors (the "Board") voted to amend the Employee Stock Purchase Plan, effective July 1, 2005, whereby participating employees have the right to purchase common stock at a price equal to 95% of the closing price on the last day of each six-month offering period. The number of shares which an employee may purchase, subject to certain aggregate limits, is determined by the employee's voluntary contribution, which may not exceed 10% of the employee's base compensation. During fiscal year 2023, the Company issued 28,899 14,339 shares of common stock under the Company's Employee Stock Purchase Plan at a weighted-average price of \$99.62 per share. During fiscal year 2023, the Company issued 28,899 shares under this plan at a weighted-average price of \$108.37 per share. During fiscal year 2022, the Company issued 30,818 shares under this plan at a weighted-average price of \$134.05 per share. During fiscal year 2021, the Company issued 21,578 shares under this plan at a weighted-average price of \$168.11 per share. At December 31, 2023, there remains available for sale to employees an aggregate of 0.7 million shares of the Company's common stock out of the 5.0 million shares authorized by shareholders for issuance under this plan.

Comprehensive Income:

During fiscal year 2023, the Company transferred \$90.8 million from cumulative translation adjustments in AOCI to the gain on sale in the consolidated statement of operations as a result of the sale of the Business.

Stock Repurchases:

On July 22, 2022 April 27, 2023, the Company's Board of Directors (the "Board") authorized the Company to repurchase shares of common stock for an aggregate amount up to \$300.0 million \$600.0 million under a stock repurchase program (the "Repurchase Program"). On April 27, 2023 October 24, 2024, the Repurchase Program was terminated by the Board and the Board authorized the Company to repurchase shares of common stock for an aggregate amount up to \$600.0 million \$1.0 billion under a new stock repurchase program (the "New Repurchase Program"). No shares remain available for repurchase under the Repurchase Program due to its termination. The New Repurchase Program will expire on April 26, 2025 October 24, 2026 unless terminated earlier by the Board and may be suspended or discontinued at any time. During fiscal year 2023, 2024, the Company repurchased 1,004,544 1,820,296 shares of common stock under the Repurchase Program for an aggregate cost of \$131.3 million \$213.6 million. During fiscal year 2023, 2024, the Company repurchased 2,159,985 1,238,755 shares of common stock under the New Repurchase Program for an aggregate cost of \$244.6 million \$142.8 million. As of December 31, 2023 December 29, 2024, \$355.4 million \$857.2 million remained available for aggregate repurchases of shares under the New Repurchase Program.

Subsequent to fiscal year 2024, the Company repurchased 575,758 shares of common stock under the New Repurchase Program at an aggregate cost of \$66.8 million.

In addition, the Board has authorized the Company to repurchase shares of common stock to satisfy minimum statutory tax withholding obligations in connection with the vesting of restricted stock awards and restricted stock unit awards granted pursuant to the Company's equity incentive plans and to satisfy obligations related to the exercise of stock options made pursuant to the Company's equity incentive plans. During fiscal year 2024, the Company repurchased 86,484 shares of common stock for this purpose at an aggregate cost of \$9.8 million. During fiscal year 2023, the Company repurchased 103,144 shares of common stock for this purpose at an aggregate cost of \$13.1 million. During fiscal year 2022, the Company repurchased 115,247 shares of common stock for this purpose at an aggregate cost of \$18.1 million. During fiscal year 2021, the Company repurchased 71,248 shares of common stock for this purpose at an aggregate cost of \$10.5 million. The repurchased shares have been reflected as additional authorized but unissued shares, with the payments reflected in common stock and capital in excess of par value.

Dividends:

The Board declared a regular quarterly cash dividend of \$0.07 per share in each quarter of fiscal years 2024, 2023 2022 and 2021, 2022, resulting in an annual dividend rate cash dividends of \$0.28 per share. share for fiscal years 2024, 2023 and 2022. At December 31, 2023 December 29, 2024, the Company had accrued \$8.6 million for a dividend dividend declared in October 2023 October 24, 2024 for the fourth quarter of fiscal year 2023 2024 that was paid in February 2024, 2025. On January 25, 2024 January 23, 2025, the Company announced that the Board had declared a quarterly dividend of \$0.07 per share for the first quarter of fiscal year 2024 2025 that will be payable in May 2024, 2025. In the future, the Board may determine to reduce or eliminate the Company's common stock dividend in order to fund investments for growth, repurchase shares or conserve capital resources.

Note 19: 18: Derivatives and Hedging Activities

The Company uses derivative instruments as part of its risk management strategy only, and includes derivatives utilized as economic hedges that are not designated as hedging instruments. By nature, all financial instruments involve market and credit risks. The Company enters into derivative instruments with major investment grade financial institutions and has policies to monitor the credit risk of those counterparties. The Company does not enter into derivative contracts for trading or other speculative purposes, nor does the Company use leveraged financial instruments. Approximately 60% of the Company's business is conducted outside of the United States, generally in foreign currencies. As a result, fluctuations in foreign currency exchange rates can increase the costs of financing, investing and operating the business.

In the ordinary course of business, the Company enters into foreign exchange contracts for periods consistent with its committed exposures to mitigate the effect of foreign currency movements on transactions denominated in foreign currencies. The intent of these economic hedges is to offset gains and losses that occur on the underlying exposures from these currencies, with gains and losses resulting from the forward currency contracts that hedge these exposures. Transactions covered by hedge contracts include intercompany and third-party receivables and payables. The contracts are primarily in European and Asian currencies, have maturities that do not exceed 12 months, have no cash requirements until maturity, and are recorded at fair value on the Company's consolidated balance sheets. The unrealized gains and losses on the Company's foreign currency contracts are recognized immediately in interest and other expense, net. The cash flows related to the settlement of these hedges are included in cash flows from operating activities within the Company's consolidated statements of cash flows.

Principal hedged currencies include the Chinese Renminbi, British Pound, Euro and Singapore Dollar. The Company held forward foreign exchange contracts, designated as economic hedges, with U.S. dollar equivalent notional amounts totaling \$409.8 million at December 29, 2024 and \$412.1 million at December 31, 2023 and \$476.9 million at January 1, 2023, and the fair value of these foreign currency

derivative contracts was insignificant. The gains and losses realized on these foreign currency derivative contracts are not material. The duration of these contracts was generally 30 days or less during each of fiscal years 2024, 2023 2022 and 2021.

In addition, in connection with certain intercompany loan agreements utilized to finance its acquisitions and stock repurchase program, the Company enters into forward foreign exchange contracts intended to hedge movements in foreign exchange rates prior to settlement of such intercompany loans denominated in foreign currencies. The Company records these hedges at fair value on the Company's consolidated balance sheets. The unrealized gains and losses on these hedges, as well as the gains and losses associated with the remeasurement of the intercompany loans, are recognized immediately in interest and other expense, net. The cash flows related to the settlement of these hedges are included in cash flows from financing activities within the Company's consolidated statements of cash flows, 2022.

During fiscal year 2018, the Company designated a portion of the 2026 Notes to hedge its investments in certain foreign subsidiaries. Unrealized translation adjustments from a portion of the 2026 Notes were included in the foreign currency translation component of AOCI, which offsets translation adjustments on the underlying net assets of foreign subsidiaries. The cumulative translation gains or losses will remain in AOCI until the foreign subsidiaries are liquidated or sold. As of December 31, 2023 December 29, 2024, the total notional amount of the 2026 Notes that was designated to hedge investments in foreign subsidiaries was €498.6 million. The unrealized foreign exchange (gains) losses (gains) recorded in AOCI related to the net investment hedge were \$19.5 million \$(31.7) million,\$19.5 million and \$(34.5) million and \$(33.2) million during the fiscal years 2024, 2023 2022 and 2021, 2022, respectively.

The Company does not expect any material net pre-tax gains or losses to be reclassified from accumulated other comprehensive income (loss) into interest and other expense, net within the next twelve months.

Note 20: 19: Fair Value Measurements

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash equivalents, derivatives, marketable securities, accounts receivable and accounts notes receivable. The Company believes it had no significant concentrations of credit risk as of December 31, 2023 December 29, 2024.

The Company's financial assets and liabilities carried at fair value are primarily comprised of marketable securities, derivative contracts used to hedge the Company's currency risk, and acquisition and divestiture related contingent consideration. The Company has not elected to measure any additional financial instruments or other items at fair value.

Valuation Hierarchy: The following summarizes the three levels of inputs required to measure fair value. For Level 1 inputs, the Company utilizes quoted market prices as these instruments have active markets. For Level 2 inputs, the Company utilizes quoted market prices in markets that are not active, broker or dealer quotations, or utilizes alternative pricing sources with reasonable levels of price transparency. For Level 3 inputs, the Company utilizes unobservable inputs based on the best information available, including estimates by management primarily based on information provided by third-party fund managers, independent brokerage firms and insurance companies. A financial asset's or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. In determining fair value, the Company utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible.

The following tables show the assets and liabilities carried at fair value measured on a recurring basis as of December 31, 2023 December 29, 2024 and January 1, 2023 December 31, 2023 classified in one of the three classifications described above:

	Fair Value Measurements at December 31, 2023 Using:			
	Total Carrying Value at December 31, 2023	Quoted Prices in Active Markets	Significant Other Observable Inputs	Significant Unobservable Inputs

Level 1 and Level 2 Valuation Techniques: The Company's Level 1 and Level 2 assets and liabilities are comprised of investments in equity **fixed-income** and **U.S. treasury fixed-income** securities as well as derivative contracts. For financial assets and liabilities that utilize Level 1 and Level 2 inputs, the Company utilizes both direct and indirect observable price quotes, including common stock price quotes, foreign exchange forward prices and bank price quotes. Below is a summary of valuation techniques for Level 1 and Level 2 financial assets and liabilities.

Marketable securities - available for sale: Includes equity and mutual fund investments measured at fair value using the quoted market prices in active markets at the reporting date.

Foreign exchange derivative assets and liabilities: Include foreign exchange derivative contracts that are valued using quoted forward foreign exchange prices at the reporting date. The Company's foreign exchange derivative contracts are subject to master netting arrangements that allow the Company and its counterparties to net settle amounts owed to each other. Derivative assets and liabilities that can be net settled under these arrangements have been presented in the Company's consolidated balance sheet on a net basis and are recorded in other assets. As of both **December 31, 2023** **December 29, 2024** and **January 1, 2023** **December 31, 2023**, none of the master netting arrangements involved collateral.

Level 3 Valuation Techniques: The Company's Level 3 assets and liabilities are comprised of contingent consideration related to the sale of the Business (see Note **4** **3**) and acquisitions. For assets and liabilities that utilize Level 3 inputs, the Company uses significant unobservable inputs. Below is a summary of valuation techniques for Level 3 assets and liabilities.

Contingent consideration: Contingent consideration is measured at fair value at the disposition or acquisition date using projected milestone dates, discount rates, volatility, probabilities of success and projected achievement of financial targets, including revenues of the acquired business in many instances. Projected risk-adjusted contingent payments are discounted back to the current period using a discounted cash flow model.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

The fair value of the contingent consideration asset was initially measured using a lattice model and recognized upon the sale of the Business on March 13, 2023. In accordance with the terms of the sale of the Business, the Company is entitled to receive up to \$150.0 million that is contingent on the exit valuation the Sponsor and its affiliated funds receive on a sale or other capital event related to the Business. Potential valuation adjustments may be made as additional information and market factors that impact the expected exit valuation of the Business becomes available, with the impact of such adjustments being recorded in the Company's consolidated statements of operations.

Adjustments to the fair value since initial recognition were not material.

A reconciliation of the beginning and ending Level 3 **asset** for contingent consideration **asset** is as follows:

	(In thousands)
Balance at January 1, 2023	\$ —
Amount recognized upon the sale of the Business	15,930
Change in fair value (included within selling, general and administrative expenses)	(1,040)
Balance at December 31, 2023	14,890
Change in fair value (included within selling, general and administrative expenses)	—
Balance at December 29, 2024	\$ 14,890

The fair values of contingent consideration liability are routinely updated calculated on a quarterly basis based on a collaborative effort of the Company's regulatory, research and development, operations, finance and accounting groups, as appropriate. Potential valuation adjustments are made as additional information becomes available, including the progress towards achieving proof of concept, regulatory approvals and the revenue targets, as compared to initial projections, the impact of market competition and market landscape shifts from non-invasive prenatal testing products, with the impact of such adjustments being recorded in the consolidated statements of operations.

As of December 31, 2023 December 29, 2024, the Company may have to pay contingent consideration, related to acquisitions with open contingency periods that are substantially all revenue-based considerations, of up to \$98.0 million \$75.9 million. The expected maximum

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

earnout period for acquisitions with open contingency period is 7.9 6.9 years from December 31, 2023 December 29, 2024, and the remaining weighted average expected earnout period at December 31, 2023 December 29, 2024 was 5.0 4.3 years.

A reconciliation of the beginning and ending Level 3 liabilities for contingent consideration liabilities is as follows:

	(In thousands)
Balance at January 3, 2021	\$ (2,953)
Additions	(57,431)
Amounts paid and foreign currency translation	5,507
Change in fair value (included within selling, general and administrative expenses)	(3,119)

Amounts paid and foreign currency translation	16,383
Change in fair value (included within selling, general and administrative expenses)	1,869
Balance at December 29, 2024	\$ (40,005) (21,753)

Financial Instruments Not Recorded at Fair Value

The carrying amounts of cash and cash equivalents, accounts receivable, accounts payable and accrued expenses approximate fair value due to the short-term maturities of these assets and liabilities. If measured at fair value, cash and cash equivalents would be classified as Level 1.

The Company's investments in U.S. treasury securities that are were classified as held-to-maturity had a fair value of \$688.7 million and a carrying value of \$689.9 million as of December 31, 2023 December 31, 2023. The If measured at fair value, were the investments in U.S. treasury securities would be classified as Level 1.

The Company's outstanding senior unsecured notes had an aggregate fair value of \$2,765.5 million and aggregate carrying value of \$3,151.5 million as of December 29, 2024. The Company's outstanding senior unsecured notes had an

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

aggregate fair value of \$3,474.5 million and aggregate carrying value of \$3,889.3 million as of December 31, 2023. The Company's outstanding senior unsecured notes had an aggregate fair value of \$3,812.3 million and aggregate carrying value of \$4,390.5 million as of January 1, 2023. The fair values of the outstanding senior unsecured notes were estimated using market quotes from brokers and were based on current rates offered for similar debt, which are Level 2 measurements.

The Company's other debt facilities, including the Company's senior unsecured revolving credit facility, had an aggregate carrying value of \$10.3 million \$0.5 million and \$3.7 million \$10.3 million as of December 31, 2023 December 29, 2024 and January 1, 2023 December 31, 2023, respectively. The carrying value approximates fair value and were classified as Level 2.

Note 21: 20: Leases

Lessee Disclosures

The Company leases certain property and equipment under operating and finance leases. The Company's leases have remaining lease terms of less than 1 year to 26 25 years, some of which include options to extend the lease for up to 5 years, and some of which include options to terminate the lease within 1 year. Finance leases are not material to the Company.

The components of lease expense were as follows:

	December 31, 2023	January 1, 2023	January 2, 2022
	(In thousands)		
Lease Cost:			
Operating lease cost	\$ 47,738	\$ 39,989	\$ 39,516

Note 22: 21: Industry Segment and Geographic Area Information

The Company discloses information about its operating segments based on the way that management organizes the segments within the Company for making operating decisions and assessing financial performance. The CODM of the Company is the Chief Executive Officer (“CEO”). The CEO evaluates the performance of its operating segments based on revenue and operating income as adjusted for certain items. Intersegment revenue and transfers are not significant. The accounting policies of the operating segments are the same as those described in Note 1.

The principal products and services of the Company’s two reportable segments are:

- *Life Sciences.* Provides products and services targeted towards the life sciences customers.
- *Diagnostics.* Develops diagnostics, tools and applications focused on clinically-oriented customers, especially within the reproductive health, emerging market diagnostics and applied genomics.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

The Company has included the expenses for its corporate headquarters, such as legal, tax, audit, human resources, information technology, and other management and compliance costs, as well as the activity related to the mark-to-market adjustment on postretirement benefit plans, as “Corporate” below. The Company has a process to allocate and recharge expenses to the reportable segments when these costs are administered or paid by the corporate headquarters based on the extent to which the segment benefited from the expenses. These amounts have been calculated in a consistent manner and are included in the Company’s calculations of segment results to internally plan and assess the performance of each segment for all purposes, including determining the compensation of the business leaders for each of the Company’s operating segments.

The primary financial measure by which the Company evaluates the performance of its segments is adjusted operating income, which consists of operating income plus amortization of intangible assets, adjustments to operations arising from purchase accounting (primarily adjustments to the fair value of acquired inventory that are subsequently recognized), acquisition and divestiture-related costs, and other costs that are not expected to recur or are of a non-cash nature, including primarily restructuring actions. The CODM does not evaluate operating segments using discrete asset information and there are no segment assets reported to the CODM. Accordingly, no segment assets have been reported.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

Revenue and operating income, from continuing operations including significant segment expenses, by reportable segment are shown in the table below for the fiscal years ended:

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

Not applicable.

Item 9A. Controls and Procedures

Conclusion Regarding the Effectiveness of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures as of December 31, 2023 December 29, 2024. The term "disclosure controls and procedures" as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), means controls and other procedures of a company that are designed to provide reasonable assurance that information required to be disclosed by the company in the reports that it files or submits under the Exchange Act is recorded,

processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company's management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their objectives, and management necessarily applies its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on the evaluation of our disclosure controls and procedures as of December 31, 2023 December 29, 2024, our Chief Executive Officer and Chief Financial Officer concluded that, as of such date, our disclosure controls and procedures were effective at the reasonable assurance level.

Management's Report on Internal Control Over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting. Internal control over financial reporting is defined in Rule 13a-15(f) or 15d-15(f) promulgated under the Exchange Act as a

process designed by, or under the supervision of, the company's principal executive and principal financial officers and effected by the company's board of directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles, and includes those policies and procedures that:

- Pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the company;
- Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our management assessed the effectiveness of our internal control over financial reporting as of **December 31, 2023** **December 29, 2024**. In making this assessment, our management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission in *Internal Control-Integrated Framework (2013)*.

Based on this assessment, our management concluded that, as of **December 31, 2023** **December 29, 2024**, our internal control over financial reporting was effective based on those criteria.

Our registered public accounting firm has issued an attestation report on our internal control over financial reporting. This report appears below.

Changes in Internal Control Over Financial Reporting

No change in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) occurred during the fiscal quarter ended **December 31, 2023** **December 29, 2024** that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders and the Board of Directors of Revvity, Inc.

Opinion on Internal Control over Financial Reporting

We have audited the internal control over financial reporting of Revvity, Inc. and **Subsidiaries** **Subsidiaries** (the "Company") as of **December 31, 2023** **December 29, 2024**, based on criteria established in *Internal Control—Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of **December 31, 2023** **December 29, 2024**, based on criteria established in *Internal Control – Integrated Framework (2013)* issued by COSO.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated financial statements as of and for the year ended **December 31, 2023** **December 29, 2024**, of the Company and our report dated **February 27, 2024**, **February 25, 2025**, expressed an unqualified opinion on those financial statements.

Basis for Opinion

The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and Limitations of Internal Control over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may

deteriorate.

EXHIBIT 10.12 19

Revvity, Inc. MEMORANDUM

Global Incentive Compensation Plan (Executive Officers) effective

as TO: All Revvity Employees Board of October 2, 2023 Directors

1. FROM: PURPOSE Joel S. Goldberg

1.1 The Global Incentive Compensation Plan("Plan") provides senior and RE: Securities Trading Policy

This memorandum sets forth Revvity's policy regarding securities trading including your obligation to avoid insider trading. This policy supersedes all previous securities trading policies. Even if you have read earlier versions of this policy, please take the time to read it again.

Why We Have a Policy Against Insider Trading

It is illegal to trade (yourself, for any other key leaders with an opportunity person or to earn annual cash bonus awards have others trade for you) in a company's securities if you know material non-public information or to tip others so that they may trade based on that information. The Securities and Exchange Commission (the "SEC") and the achievement U.S. Department of Justice vigorously pursue violations of insider trading laws by employees of – and others who have sensitive information about – publicly traded companies. Trading on inside information can result in substantial financial penalties in addition to return of profits from the trade, a significant tax liability – and, non-financial objectives. in many cases, criminal prosecution.

We are circulating this policy to you to help ensure that you are aware of your personal responsibilities under these securities laws. Revvity works hard to deserve its reputation for integrity and ethical conduct in the investment community. This document governs policy is intended to help us all avoid even the appearance of impropriety.

While the restrictions in this policy and administration of are not applicable to transactions by the Plan for company itself, transactions by the executive officers of Revvity, Inc. (the "Company"). company will only be made in accordance with applicable U.S. federal securities laws, including those relating to insider trading.

If you have any questions regarding this policy please contact the Legal Department.

Revvity's Policy on Insider Trading

2. General Rule: PARTICIPATION If you know material non-public information about Revvity or its business, you may not buy, sell or gift any Revvity securities or engage in any other activity to take advantage of, or pass on to others, that information. This obligation also applies to material non-public information about any other company, including our customers, partners, competitors or suppliers, and companies with whom we may engage in transactions.

2.1 Material non-public information is any information that has not been publicly disclosed that a reasonable investor would consider important in a decision to buy, hold or sell stock. In short, it

1

Revvity Proprietary Information

is any non-public information that could reasonably affect the price of the stock. Information is non-public if it has not been made available to investors generally. Material inside information can include positive or negative information about a company.

Examples. Common examples of material information (relating either to Revvity or a customer, partner, competitor or supplier, etc.) include:

Financial results or projections of future earnings;

A pending merger or acquisition or other material transaction;

The Compensation termination of a material agreement; and Benefits Committee

A pending public or private sale of the company's (or any of its subsidiaries') securities.

These rules do *not* make an exception for purchases or sales of Revvity or other stock that may appear necessary or justifiable for personal and independent reasons (*for example*, the need to raise money for college tuition, the purchase of a car or home, etc.). If you have any questions about what constitutes material non-public information, please contact the Legal Department. You should avoid even the appearance of an improper transaction to preserve our reputation for adhering to the highest standards of conduct.

Your conduct will be viewed retrospectively! Remember, if your security transactions become the subject of scrutiny, they will be viewed with 20:20 hindsight. As a result, you should carefully consider how regulators and others might view your transactions later on.

Transactions by family, friends and others. The very same rules apply to your friends, family and household members. Employees and other insiders can be responsible for friends' and family members' compliance. You can best comply with the securities laws by never disclosing confidential or material non-public information to family or friends.

Tipping information to others. You must not pass on to others material non-public information about Revvity outside the course of performing your work for Revvity, without a written confidential disclosure agreement in place between Revvity and the other person. In addition to violating your confidentiality obligation to Revvity, the above penalties would apply – even if you would not derive any benefit from the other person's trading activities.

When information is public. It is especially important for you *not* to trade Revvity stock *prior* to the public announcement of material information, including earnings releases and announcements of major deals, but this prohibition also applies *immediately after* the public announcement. The investing public is not considered to have received information until it has been afforded the time to digest it and be able to act upon it. Revvity's policy requires you to avoid relevant stock transactions until the third business day following release of the information.

2

Revvity Proprietary Information

The Consequences of Insider Trading

The consequences of insider trading violations can be staggering. For *individuals* who trade on inside information (or tip information to others), the penalties can include a civil fine of up to three times the profit gained or loss avoided; a criminal fine (no matter how small the profit) of up to \$1 million; and a jail term of up to ten years. For a *company* (perhaps including *supervisory persons*) that fails to take appropriate steps to prevent illegal trading, the penalties can include a civil penalty equal to the greater of \$1 million or three times the profit gained or loss avoided as a result of the employee's violation; and a criminal penalty of up to \$2.5 million.

In addition, company-imposed sanctions, including termination of employment, could result from your violation of this policy. Needless to say, any of these consequences – even an SEC investigation that does *not* result in prosecution – can tarnish your reputation and career.

Trading by Directors and Executive Officers

To help members of the Board of Directors (and certain senior corporate executives comply with the **Committee**) company's securities trading policy, Revvity has a "mandatory consultation" rule: throughout the **sole discretion to approve** year, Board members and individuals who have been designated by the Board as executive officers of Revvity must discuss proposed purchases or sales of Revvity securities with the General Counsel (or other corporate counsel if the General Counsel is unavailable) before making a trade. Our outside stock plan administrator, Fidelity Investments, will not execute a trade by a Revvity Board member or executive officer **participation** until it receives assurance from the Legal Department directly that the individual has discussed the purchase or sale with the General Counsel. After receiving clearance, trades should be consummated as quickly as possible. Additionally, all trading in the Plan and the target award assigned to each Revvity securities by executive officer (a **"Participant"**) officers must be done under a pre-established 10b5-1 trading plan. (See "10b5-1 Trading Plans" discussion below.).

3. PERFORMANCE PERIOD Earnings Release Securities Trading Policy

3.1 A Plan year begins In addition to our securities trading policy, Revvity prohibits trading in Revvity stock by a small group of people during the time from the end of each financial reporting period through public release of earnings.

Beginning at the close of market on the first **day of the fiscal year and ends on the last day of the same fiscal year.** The Plan year may be divided into one or more performance periods as determined by the Committee.

4. TARGET AWARDS

4.1 Before the earlier of (i) 90 days after the commencement of the performance period or (ii) the expiration of 25% of the performance period (the "Determination Period"), the Committee will establish in writing a target award for each Participant which will be expressed as a percentage of base salary.

4.2 A Participant's target award is calculated as his or her base salary for the performance period (as established at the start of the performance period) times his or her target percentage as defined in section 4.1. The target award is the award for the performance period if pre-set financial measures are achieved.

5. FINANCIAL MEASURES

5.1 Before the expiration of the Determination Period, the Committee will establish in writing financial measures. The financial measures and weightings are described in Attachment A, as determined from time to time. The Committee will also approve the assignment of the approved financial measures to each Participant for the purpose of Plan award calculation.

5.2 The Committee also may set specified payout percentages for each financial measure for achievements between (1) the minimum achievement level and the target achievement level; and (2) between the target achievement level and the maximum achievement level. In the event only the minimum, target, and maximum achievement levels are set, payout percentages for performance above and below the target level shall be calculated on a linear basis.

5.3 The Committee has the right to increase or reduce calculated awards to one or more Participants based on individual performance, if the Company fails to achieve minimum performance levels, or based on other relevant factors, as determined by the Committee in its sole discretion.

6. PLAN AWARD POOL DETERMINATION

6.1 At the end of the performance period, the Committee shall certify in writing the attainment of the financial measures and the payout percentage based on the level of achievement for each Participant against the financial measures established as described in section 5.

7. AWARD CALCULATIONS

7.1 A Participant's calculated award is determined by multiplying the Participant's target award for the performance period times the Plan payout percentage for the Participant's assigned financial measures.

7.2 The final award to each Participant shall be reviewed and approved by the Committee. The Committee may increase or reduce the final award to a Participant based on its evaluation of the Participant's performance, or other relevant factors, as determined by the Committee in its sole discretion.

8. EMPLOYMENT CHANGES AFFECTING AWARD CALCULATIONS

8.1 All pro-rations shall occur on a whole month basis. In the event of a change requiring pro-ration, changes occurring prior to the 16. of the month will become effective the first of that month. Changes occurring on or after the 16. of the month will become effective the first day of the following month.

8.2 If a Participant is hired or is otherwise approved for participation on or after the first day of the performance period, the Participant's award shall be pro-rated as described in section 8.1.

8.3 If a Participant is absent from work on an approved leave of absence during the performance period, the Participant's award shall be pro-rated as described in section 8.1 so that the paid award is proportionate to the time actually worked during the performance period.

8.4 If a Participant is promoted into a position with a higher target percentage during a performance period, the Participant's target award shall be based on his or her target percentage on the last day of the performance period. Any target percentage change and the effective date of the change shall be approved by the Committee.

8.5 If a Participant is not a full-time employee, the Participant's target award shall be pro-rated based on scheduled work hours. For example, the award will be pro-rated to 75% for a Participant who is regularly scheduled to work 30 hours per week. If a Participant has a change to scheduled work hours during a performance period, the Participant's target award shall be pro-rated as described in section 8.1.

8.6 Unless required by applicable law, in the event a Participant's employment is terminated prior to the payment of the award due to retirement, death, disability, or other reason, the Participant shall not be

entitled to an award. The last sentence notwithstanding, the Committee may approve a payment to the Participant (or the Participant's estate) of all or a portion of a Plan award. If approved by the Committee, the award payment will be calculated following completion of the performance period based on performance against the assigned financial measures and will be paid on the regularly scheduled award payment date for that performance period, unless otherwise determined by the Committee. The decision of the Committee shall be conclusive and binding upon all parties.

9. PAYMENT OF AWARDS

9.1 Payment of awards to Participants will be made upon approval by the Committee and (except as provided in Section 8.6) after the public release of the Company's financial results for the applicable performance period, but in no event later than the 15. day Friday of the third month following the of each calendar year in which the performance period ends. Participants must be actively employed with the Company quarter and ending on the third business day awards are paid to be entitled to an award, except as provided in section 8.6

9.2 The Company will withhold all after the applicable taxes and other required withholdings from award payments, including where applicable contributions to Revvity earnings release, the Company's Savings Plan (401(k) plan).

9.3 In the event following categories of any bonus overpayment under the Plan made to any Participant (e.g., due to miscalculation, payroll errors), such Participant will promptly repay the Company for any such overpayment and authorize the Company to make deductions from the Participant's earned wages and/ individuals must not purchase or future bonus payments under the Plan, to recover any overpayments. In the event a Participant and the Company cannot agree on repayment terms, the Company reserves all its legal rights, including its right to initiate legal action to recover the overpayment and/or to deduct the overpayment from such Participant's earned wages (including such Participant's final paycheck) in accordance with applicable law.

sell Revvity shares:

10. ADMINISTRATION OF THE PLAN

10.1 The Committee reserves the right to amend, change, suspend or terminate the Plan at any time.

10.2 The Committee will have full and final authority to prescribe, amend, and rescind rules and regulations relating to the Plan; to interpret the Plan and the rules and regulations relating to the Plan; and to make all other determinations deemed necessary or advisable for administration of the Plan. Such administrative action shall be conclusive and binding on all parties.

11. NON-ASSIGNABILITY

11.1 A Participant's award under the Plan shall not (otherwise than by will or the laws of descent and distribution) be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance or charge. Any attempt to anticipate, alienate, sell, transfer, assign, pledge, encumber or charge the same shall be null and void.

12. NO RIGHT TO CONTINUED EMPLOYMENT

12.1 The Plan shall not, by its terms, in any way grant any rights to any Participant to his or her continued employment by the Company, and the Company shall maintain any rights it might otherwise have to terminate the employment of any Participant.

Adopted by the Compensation and Benefits Committee on October 26, 2023

Nonstatutory Stock Option Agreement

2019 Stock Incentive Plan

EXHIBIT A

GENERAL TERMS AND CONDITIONS

Grant of Option:

This agreement evidences the grant by the Company, on the grant date (the "Grant Date") set forth in the Notice of Grant that forms part of this agreement (the "Notice of Grant"), to you of an option to purchase, in whole or in part, on the terms provided herein and in the Company's 2019 Stock

Incentive Plan (the "Plan"), the number of Shares set forth in the Notice of Grant of common stock, \$1.00par value per share, of the Company ("Common Stock"), at the exercise priceper Share set forth in the Notice of Grant. Unless earlier terminated, this option shall expire at the close of the primary trading session of the New York Stock Exchange (or such other national stock exchange on which the Common Stock is then listed) on the Last Date to Exercise set forth in the Notice of Grant (the "Last Date to Exercise").

Except as otherwise indicated by the context, "you," as used in this option, shall be deemed to include any person who acquires the right to exercise this option validly under its terms.

Vesting:

This option will become exercisable ("vest") in accordance with the vesting schedule set forth in the Notice of Grant and will have a seven (7) year term. Your option may also vest upon your death or total disability or in connection with a Change in Control Event, each as described below.

Exercise:

You may exercise this option, in whole or in part, to purchase a whole number of vested shares at any time, by following the exercise procedures set up by the Company. All exercises must take place by the Last Date to Exercise, or such earlier date as is set forth below following your death, disability or your ceasing to be an employee (except as otherwise provided herein), or a Change in Control Event. The number of shares you may purchase as of any date cannot exceed the total number of shares vested by that date, less any shares you have previously acquired by exercising this option.

Employment Requirements:

In the event of your termination of employment, retirement, death or total disability, then, subject to the terms described below under "Consequences of a Change in Control", the following terms apply:

- (a) If your employment is terminated for reasons other than retirement or Qualified Retirement (each as defined below), death, or total disability, you will be able to exercise your stock options that are vested as of your last day of employment through the earlier of the option's Last Date to Exercise or three (3) months after your last day of employment. All unvested stock options as of your last day of employment will be cancelled as of the close of business on your last day of employment.

2

ACTIVEUS 201961017v.2

2019OFFOPT – Officer Stock Option Single Trigger

- (b) If you terminate your employment at or after age 55 and you have 10 years of service at the time of your termination (any termination subject to this paragraph (b), a "retirement", and which, for the avoidance of doubt, shall not include any termination of your employment referenced in the paragraph (d) below), you will be able to exercise your stock options that are vested as of your last day of employment through the earlier of the option's Last Date to Exercise or three (3) years after your last day of employment. All unvested stock options as of your last day of employment will be cancelled as of the close of business on your last day of employment.
- (c) Notwithstanding paragraph (b) immediately above, if (1) you terminate your employment at or after age 62 (or such earlier age as determined by the Compensation and Benefits Committee of the Board) and you have 10 years of service at the time of your termination), and (2) the Compensation and Benefits Committee Members of the Board has approved a transition plan in connection with such termination (a termination meeting requirements (1) of Directors and (2), a "Qualified Retirement"), then (i) this option shall continue to vest their assistants; Officers and become exercisable following such Qualified Retirement in accordance with the vesting schedule set forth in the Notice of Grant, (ii) you will be able to exercise your vested stock options through the earlier of the option's Last Date to Exercise or three (3) years after your last day of employment (the "Extended Exercise Period"), their assistants; Officers' direct reports and (iii) in the case of your death within the Extended Exercise Period, your unvested options become 100% vested their assistants; Business segment and exercisable upon your date of death regional commercial leaders, their respective direct reports and your estate will have the right to exercise such options during the Extended Exercise Period. their respective assistants; Business segment and regional CFOs and their respective assistants;
- (d) If your employment is terminated due to your death or total disability Business segment and regional controllers and their respective assistants;

Finance employees, as determined under the Company's long term disability program, your unvested options become 100% vested as of your last day of employment. You, in the event of your total disability, or your estate, in the event of your death, have until the earlier of the option's Last Date to Exercise or one (1) year after your last day of employment to exercise your options.

The option may be transferred by gift or pursuant to a domestic relations order to your child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing your household (other than a tenant or employee), a trust in which these persons have more than fifty percent of the beneficial interest, a foundation in which these persons (or you) control the management of assets, any other entity in which these persons (or you) own more than fifty percent of the voting interests. The transferee shall be subject to all the terms and conditions applicable to this option prior to the transfer and the transfer shall not be effective until the transferee, as a condition to transfer, has delivered to the Company a written instrument in form and substance satisfactory to the Company confirming that the transferee shall be subject to all terms and conditions applicable to this option. Except as provided herein, this option shall not be assignable or transferable designated by the person company's chief financial officer from time to time to whom it is granted, either voluntarily or by operation of law, except by will or by the laws of descent and distribution, and, during the life of the optionee, shall be exercisable only by the optionee.

Any reference in this agreement time, who have access to your "employment" refers to your employment by the Company (as defined in the Plan).

Taxes and Withholding:

This option is intended to be a nonstatutory stock option. In the event that the Company determines that any federal, state, local or foreign tax or withholding payment is required material company financial information;

3

ACTIVEUS 201961017v.2 Revvity Proprietary Information

2019OFFOPT – Officer Members of the Legal department as designated by the company's General Counsel from time to time; and Other employees designated by any of the company's executive officers from time to time.

The Legal Department is responsible for communicating upcoming earnings release blackout periods and coordinating regular updating of the earnings release blackout list. Individuals on the earnings release blackout list may trade in Revvity stock during an open window period following the release of earnings only after receiving the prior approval of the General Counsel or his designee. All requests for approval must be sent by email before the intended trade.

This policy does not automatically blackout trading by other company employees during these sensitive periods. However, this "Earnings Release Securities Trading Policy" may be a helpful reminder for all employees thinking about trading in Revvity stock during these periods.

As always, each of us must consider whether we are in possession of material non-public information whenever we trade, and avoid trading if we have such information. If you have any concerns, please check with the Legal Department before trading.

Employee Benefit Plans

Employee Stock Purchase Plans. The trading prohibitions and restrictions set forth in this Policy do not apply to periodic contributions by Revvity or by employees to employee benefit plans (e.g., Employee Stock Purchase and 401K plans) which are used to purchase Revvity securities pursuant to the employees' advance instructions. Employees, however, may not enroll in such plans (other than the 401K plan), alter their pre-existing instructions regarding the purchase or sale of Revvity securities in such plans, sell shares acquired through such plans (including sales resulting from a 401K plan loan), or make discretionary transfers into or out of Revvity securities in such plans, while in the possession of material non-public information or otherwise restricted from trading.

Stock Option Single Trigger

relating Plans. The trading prohibitions and restrictions of this Policy apply to the exercise of Revvity stock options only if the employee exercising his or sale her stock option receives cash in lieu of shares arising from this grant, of Revvity stock at the Company shall have the right time of such exercise. Employees who exercise their Revvity stock options and opt to require such payments from you, or withhold such amounts from other payments due to you from the Company.

Agreements with the Company:

This receive only shares of Revvity stock option grant is are not subject to the terms trading prohibitions and conditions restrictions of your signed and executed Prohibited Activity Agreement and your Employee Patent and Proprietary Information Utilization Agreement. If you terminate your employment with the Company and engage in any Prohibited Activity (as defined in the Prohibited Activity Agreement) within two years after you terminate employment, you will repay to the Company the economic value of any stock option granted to you which is exercised by you at any time after the date which is twelve months prior to the date of your termination of employment. this Policy.

Consequences of a Change in Control: 10b5-1 Trading Plans

If there

10b5-1 Plans. A 10b5-1 plan is a Change in Control Event (regardless of whether such event also constitutes a Reorganization Event (as defined in the Plan)) written plan governing future purchases and you were employed by the Company on the effective date of such Change in Control Event, then your outstanding unvested stock options will become 100% vested on the effective date of such Change in Control Event, and shall remain exercisable through the period ending on the earlier of:

1. The later of (i) the third anniversary of the effective date of such Change in Control Event or (ii) the first anniversary of the date your employment with the Company terminates, or
2. The option's Last Date to Exercise.

For purposes of this agreement, a "Change in Control Event" means an event or occurrence set forth in any one or more of clauses (i) through (iv) below (including an event or occurrence that constitutes a Change in Control Event sales, established under one of such clauses but is specifically exempted from another such clause):

- (i) the acquisition by an individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) Rule 10b5-1 of the Securities Exchange Act of 1934, as amended (the "Exchange Act") (a "Person") amended. Under this rule, insiders may establish, at a time when they are not aware of beneficial ownership of any capital material non-public information, a written plan to purchase, sell or gift stock of at a future date. If the Company if, after such acquisition, such Person beneficially owns (within the meaning of Rule 13d-3 promulgated plan is properly established, purchases, sales and gifts may continue under the Exchange Act) 20% or more 10b5-1 plan even during blackout periods and periods when the insider is aware of either (A) the then-outstanding shares of common stock of the Company (the "Outstanding Company Common Stock") or (B) the combined voting power of the then-outstanding securities of the Company entitled to vote generally in the election of directors (the "Outstanding Company Voting Securities"); provided, however, that for purposes of this paragraph (i), none of the following acquisitions of Outstanding Company Common Stock or Outstanding Company Voting Securities shall constitute a Change in Control Event: (I) any acquisition directly from the Company (excluding an acquisition pursuant to the exercise, conversion or exchange of any security exercisable for, convertible into or exchangeable for common stock or voting securities of the Company, unless the Person exercising, converting or exchanging such security acquired such security directly from the Company or an underwriter or agent of the Company), (II) any acquisition by the Company, (III) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company, or (IV) any acquisition by any corporation pursuant to a transaction which complies with subclauses (A) and (B) of clause (iii) of this definition; or material non-public information.

2019OFFOPT – Officer Stock Option Single Trigger

(ii) such time as directors who are Continuing Directors (as defined below) do not constitute 10b5-1 plans covering Revvity stock must comply with applicable regulations and meet certain requirements to be valid including the following:

- Each 10b5-1 plan must include a majority waiting period after plan adoption or substantive modification before execution of the Board (or, if first transaction. For Officers and Directors, that waiting period must at least the later of (a) 90 days after plan adoption or modification and (b) two business days after disclosure of financial results in the Form 10-Q or 10-K for the fiscal quarter in which the plan was adopted or modified (but not to exceed 120 days). In order to assure compliance with applicable requirements, the specific approval of the General Counsel or their designee is required for any such plan entered into by an Officer or Director with a waiting period of less than 120 days. For all others, the waiting period must be at least 30 days.

- Subject to certain narrow exceptions which you may discuss with the Legal Department, individuals may maintain only a single 10b5-1 plan at any given time.
- An individual may have trades execute under no more than one single-trade plan during any consecutive 12-month period. A single-trade plan is a plan that envisions all shares covered thereunder being executed as of a single event such as a calendar date or market price. To avoid single-trade plans, individuals can divide the shares covered into multiple tranches (e.g., a plan covering 100 shares could be divided into two tranches of 50 shares sold on separate days or at different prices).

Please contact the Legal Department with any questions and for more information about establishing a 10b5-1 plan for shares in your Fidelity Investments account, please contact xxxx at Fidelity Investments at (xxx) xxx-xxxx extension xxx.

Pre-existing Limit Orders. 10b5-1 also presents a defense to the execution of a limit order during a time when an insider is otherwise unable to sell. However, Fidelity Investments maintains a policy that automatically cancels limit orders for insiders at the start of each blackout period. If you are notified of a blackout period and you have a pending limit order outside of Fidelity, please contact the Legal Department to discuss the facts of your particular limit order.

Prohibitions on “Short” Sales, Derivatives, Hedging Transactions and Stock Pledges

In addition to prohibiting trading while in possession of material non-public information, our securities trading policy prohibits all employees and members of the Board of Directors from engaging in the following types of a successor corporation to the Company), where the term “Continuing Director” means at any date a member of the Board (A) who was a member of the Board on the grant date of your option or (B) who was nominated or elected subsequent to such date by at least a majority of the directors who were Continuing Directors at the time of such nomination or election or whose election to the Board was recommended or endorsed by at least a majority of the directors who were Continuing Directors at the time of such nomination or election; provided, however, that there shall be excluded from this clause (B) any individual whose initial assumption of office occurred as a result of an actual or threatened election contest transactions with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents, by or on behalf of a person other than the Board; or Revvity securities:

- (iii) • engaging in “short” sales (sales of Revvity stock that you do not own) and “selling against the consummation box” (a variation of a merger, consolidation, reorganization, recapitalization selling short);
- trading in puts, calls, straddles, options or statutory share exchange involving the Company any other form of derivative securities; or a sale or other disposition of all or substantially all of the assets of the Company (a “Business Combination”), unless, immediately following such Business Combination, each of the following two conditions is satisfied: (A) all or substantially all of the individuals and entities who were the beneficial owners of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own,
 - directly or indirectly more than 50% of the then-outstanding shares of common stock and the combined voting power of the then outstanding securities entitled to vote generally engaging in the election of directors, respectively, of the surviving, resulting hedging or acquiring corporation in such Business Combination (which shall include, without limitation, a corporation which as a result of such transaction owns the Company or substantially all of the Company’s assets either directly or through one or more other entities) (such resulting or acquiring corporation is referred to herein as the “Acquiring Corporation”) in substantially the same proportions as their ownership, immediately prior to such Business Combination, of the Outstanding Company Stock and Outstanding Company Voting Securities, respectively; and (B) no Person beneficially owns, directly or indirectly, 20% or more of the then-outstanding shares of common stock of the Acquiring Corporation, or of the combined voting power of the then-outstanding securities of such corporation entitled to vote generally in the election of directors (except to the extent that such ownership existed prior to the Business Combination); or
- (iv) approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

Clawback Policy:

By accepting this option, the Participant acknowledges and agrees that this option is subject to the provisions of any applicable compensation clawback or recovery policy that the Company has in effect or may adopt in the future. The Participant agrees that in the event it is determined in accordance with any such policy that any compensation or compensatory award granted, earned or paid to the Participant under this agreement must be forfeited or reimbursed to the Company, the Participant will promptly take any action necessary to effectuate such forfeiture and/or reimbursement as directed by the Company.

Electronic Delivery and Acceptance:

The Company has decided to deliver documents related to current or future participation in the Plan by electronic means and to request your consent to participate in the Plan by electronic means. You hereby consent to receive such documents by electronic delivery and agree to participate in the Plan through the on-line system of the Company's stock plan administrator, or any other on-line system or electronic means that the Company may decide, in its sole discretion, to use in the future. **PLEASE NOTE: Your designation/election via the website of the Company's stock plan administrator that you have read and accepted the terms of this agreement and the terms and conditions of the Plan is considered your electronic signature and your express consent to this agreement and the terms and conditions set forth in the Plan.**

Nonstatutory Stock Option Agreement

2019 Stock Incentive Plan

EXHIBIT A

GENERAL TERMS AND CONDITIONS

Grant of Option:

This agreement evidences the grant by the Company, on the grant date (the "Grant Date") set forth in the Notice of Grant that forms part of this agreement (the "Notice of Grant"), to you of an option to purchase, in whole or in part, on the terms provided herein and in the Company's 2019 Stock Incentive Plan (the "Plan"), the number of Shares set forth in the Notice of Grant of common stock, \$1.00 par value per share, of the Company ("Common Stock"), at the exercise price per Share set forth in the Notice of Grant. Unless earlier terminated, this option shall expire at the close of the primary trading session of the New York Stock Exchange (or such other national stock exchange on which the Common Stock is then listed) on the Last Date to Exercise set forth in the Notice of Grant (the "Last Date to Exercise").

Except as otherwise indicated by the context, "you," as used in this option, shall be deemed to include any person who acquires the right to exercise this option validly under its terms.

Vesting:

This option will become exercisable ("vest") in accordance with the vesting schedule set forth in the Notice of Grant and will have a seven (7) year term. Your option may also vest upon your death or total disability or in connection with certain terminations of employment following a Change in Control Event, each as described below.

Exercise:

You may exercise this option, in whole or in part, to purchase a whole number of vested shares at any time, by following the exercise procedures set up by the Company. All exercises must take place by the Last Date to Exercise, or such earlier date as is set forth below following your death, disability or your ceasing to be an employee (except as otherwise provided herein), or a Change in Control Event. The number of shares you may purchase as of any date cannot exceed the total number of shares vested by that date, less any shares you have previously acquired by exercising this option.

Employment Requirements:

In the event of your termination of employment, retirement, death or total disability, then, subject to the terms described below under "Consequences of a Change in Control", the following terms apply:

- (a) If your employment is terminated for reasons other than retirement or Qualified Retirement (each as defined below), death, or total disability, you will be able to exercise your stock options that are vested as of your last day of employment through the earlier of the option's Last Date to Exercise or three (3) months after your last day of employment. All unvested stock options as of your last day of employment will be cancelled as of the close of business on your last day of employment.

- (b) If you terminate your employment at or after age 55 and you have 10 years of service at the time of your termination (any termination subject to this paragraph (b), "retirement", and which, for the avoidance of doubt, shall not include any termination of your employment referenced in the paragraph (d) below), you will be able to exercise your stock options that are vested as of your last day of employment through the earlier of the

2

ActiveUS 201960502v.2

2019OFOPDT – Officer Stock Option Double-Trigger

option's Last Date to Exercise or three (3) years after your last day of employment. All unvested stock options as of your last day of employment will be cancelled as of the close of business on your last day of employment.

- (c) Notwithstanding paragraph (b) immediately above, if (1) you terminate your employment at or after age 62 (or such earlier age as determined by the Compensation and Benefits Committee of the Board) and you have 10 years of service at the time of your termination), and (2) the Compensation and Benefits Committee of the Board has approved a transition plan in connection with such termination (a termination meeting requirements (1) and (2), a "Qualified Retirement"), then (i) this option shall continue to vest and become exercisable following such Qualified Retirement in accordance with the vesting schedule set forth in the Notice of Grant, (ii) you will be able to exercise your vested stock options through the earlier of the option's Last Date to Exercise or three (3) years after your last day of employment (the "Extended Exercise Period"), and (iii) in the case of your death within the Extended Exercise Period, your unvested options become 100% vested and exercisable upon your date of death and your estate will have the right to exercise such options during the Extended Exercise Period.
- (d) If your employment is terminated due to your death or total disability as determined under the Company's long term disability program, your unvested options become 100% vested as of your last day of employment. You, in the event of your total disability, or your estate, in the event of your death, have until the earlier of the option's Last Date to Exercise or one (1) year after your last day of employment to exercise your options.

The option may be transferred by gift or pursuant to a domestic relations order to your child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing your household (other than a tenant or employee), a trust in which these persons have more than fifty percent of the beneficial interest, a foundation in which these persons (or you) control the management of assets, any other entity in which these persons (or you) own more than fifty percent of the voting interests. The transferee shall be subject to all the terms and conditions applicable to this option prior to the transfer and the transfer shall not be effective until the transferee, as a condition to transfer, has delivered to the Company a written instrument in form and substance satisfactory to the Company confirming that the transferee shall be subject to all terms and conditions applicable to this option. Except as provided herein, this option shall not be assignable or transferable by the person to whom it is granted, either voluntarily or by operation of law, except by will or by the laws of descent and distribution, and, during the life of the optionee, shall be exercisable only by the optionee.

Any reference in this agreement to your "employment" refers to your employment by the Company (as defined in the Plan).

Taxes and Withholding:

This option is intended to be a nonstatutory stock option. In the event that the Company determines that any federal, state, local or foreign tax or withholding payment is required relating to the exercise or sale of shares arising from this grant, the Company shall have the right to require such payments from you, or withhold such amounts from other payments due to you from the Company.

Agreements with the Company:

3

ActiveUS 201960502v.2

2019OFOPDT – Officer Stock Option Double-Trigger

This stock option grant is subject to the terms and conditions of your signed and executed Prohibited Activity Agreement and your Employee Patent and Proprietary Information Utilization Agreement. If you terminate your employment with the Company and engage in any Prohibited Activity (as defined the Prohibited Activity Agreement) within two years after you terminate employment, you will repay to the Company the economic value of any stock option granted to you which is exercised by you at any time after the date which is twelve months prior to the date of your termination of employment.

Consequences of a Change in Control:

Notwithstanding anything to the contrary set forth under "Employment Requirements" above, in the event that your employment is terminated by the Company without Cause (as defined below) or you resign your employment for Good Reason (as defined below), in each case within thirty-six months after the effective date of a Change in Control Event (regardless of whether such event also constitutes a Reorganization Event (as defined in the Plan)) and you were employed by the Company on the effective date of such Change in Control Event, then your unvested options will become 100% vested as of your last day of employment, and the vested option award shall remain exercisable through the period ending on the earlier of:

1. The later of (i) the third anniversary of the effective date of such Change in Control Event or (ii) the first anniversary of the date your employment with the Company terminates, or
2. The option's Last Date to Exercise.

For purposes of this agreement, a "Change in Control Event" means an event or occurrence set forth in any one or more of clauses (i) through (iv) below (including an event or occurrence that constitutes a Change in Control Event under one of such clauses but is specifically exempted from another such clause):

- (i) the acquisition by an individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") (a "Person") of beneficial ownership of any capital stock of the Company if, after such acquisition, such Person beneficially owns (within the meaning of Rule 13d-3 promulgated under the Exchange Act) 20% or more of either (A) the then-outstanding shares of common stock of the Company (the "Outstanding Company Common Stock") or (B) the combined voting power of the then-outstanding securities of the Company entitled to vote generally in the election of directors (the "Outstanding Company Voting Securities"); provided, however, that for purposes of this paragraph (i), none of the following acquisitions of Outstanding Company Common Stock or Outstanding Company Voting Securities shall constitute a Change in Control Event: (I) any acquisition directly from the Company (excluding an acquisition pursuant to the exercise, conversion or exchange of any security exercisable for, convertible into or exchangeable for common stock or voting securities of the Company, unless the Person exercising, converting or exchanging such security acquired such security directly from the Company or an underwriter or agent of the Company), (II) any acquisition by the Company, (III) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company, or (IV) any acquisition by any corporation pursuant to a transaction which complies with subclauses (A) and (B) of clause (iii) of this definition; or
- (ii) such time as directors who are Continuing Directors (as defined below) do not constitute a majority of the Board (or, if applicable, the Board of Directors of a

4

ActiveUS 201960502v.2

2019OFOPDT – Officer Stock Option Double-Trigger

successor corporation to the Company), where the term "Continuing Director" means at any date a member of the Board (A) who was a member of the Board on the grant date of your option or (B) who was nominated or elected subsequent to such date by at least a majority of the directors who were Continuing Directors at the time of such nomination or election or whose election to the Board was recommended or endorsed by at least a majority of the directors who were Continuing Directors at the time of such nomination or election; provided, however, that there shall be excluded from this clause (B) any individual whose initial assumption of office occurred as a result of an actual or threatened election contest monetization activities with respect to the election or removal Revvity securities including through purchases of directors financial instruments (such as prepaid variable forward contracts, equity swaps, collars and exchange funds) or other actual transactions that hedge or threatened solicitation of proxies offset, or consents, by are designed to hedge or on behalf of a person other than the Board; or

- (iii) the consummation of a merger, consolidation, reorganization, recapitalization or statutory share exchange involving the Company or a sale or other disposition of all or substantially all of the assets of the Company (a "Business Combination"), unless, immediately following such Business Combination, each of the following two conditions is satisfied: (A) all or substantially all of the individuals and entities who

were the beneficial owners of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of common stock and the combined voting power of the then outstanding securities entitled to vote generally **offset, any decrease in the election market value** of directors, respectively, of the surviving, resulting or acquiring corporation in such Business Combination (which shall include, without limitation, a corporation which as a result of such transaction owns the Company or substantially all of the Company's assets either directly or through one or more other entities) (such resulting or acquiring corporation is referred to herein as the "Acquiring Corporation") in substantially the same proportions as their ownership, immediately prior to such Business Combination, of the Outstanding Company Stock and Outstanding Company Voting Securities, respectively; and (B) no Person beneficially owns, directly or indirectly, 20% or more of the then- outstanding shares of common stock of the Acquiring Corporation, or of the combined voting power of the then-outstanding securities of such corporation entitled to vote generally in the election of directors (except to the extent that such ownership existed prior to the Business Combination); or

(iv) approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

For purposes of this agreement, "Cause" and "Good Reason" shall each have the meaning set forth as of the Grant Date in the employment agreement previously entered into by and between you and the Company.

Clawback Policy:

By accepting this option, the Participant acknowledges and agrees that this option is subject to the provisions of any applicable compensation clawback or recovery policy that the Company has in effect or may adopt in the future. The Participant agrees that in the event it is determined in accordance with any such policy that any compensation or compensatory award granted, earned or paid to the Participant under this agreement must be forfeited or reimbursed to the Company, the Participant will promptly take any action necessary to effectuate such forfeiture and/or reimbursement as directed by the Company. **Revvity securities.**

Restricted Stock Unit Agreement

2019 Incentive Plan

EXHIBIT A

GENERAL TERMS AND CONDITIONS

The terms and conditions of the award may not pledge any shares of Units made to the Participant, as set forth in the Notice of Grant that forms part of this agreement (the "Notice of Grant"), are as follows:

1. Grant of Units.

(a) **Grant.** For valuable consideration, receipt of which is acknowledged, the Company has granted to the Participant, subject to the terms and conditions set forth in this agreement and in the Company's 2019 Stock Incentive Plan (the "Plan"), an award with

respect to the number of Units set forth in the Notice of Grant. Each Unit represents the right to receive such number of shares of common stock, \$1.00 par value per share, of the Company (the "Common Stock") upon vesting of the Unit, determined in accordance with and subject to the terms and conditions set forth herein. The shares of Common Stock that are issuable upon vesting of the Units are referred to in this agreement as "Shares." The Participant agrees that the Units shall be subject to vesting as set forth in Section 2 of this agreement.

(b) **Forfeiture.** Except as otherwise provided herein, if the Participant ceases to be employed by the Company for any reason or no reason, with or without cause, before the Units vest, in accordance with Section 2 of this agreement, in full, all the Units that are unvested as of the time of such employment termination (after giving effect to any vesting that occurs upon such termination pursuant to Section 2 of this agreement) shall be immediately forfeited to the Company.

2. **Vesting.** The Units will vest as provided in (a) through (d) below:

(a) **Generally.** The Units shall vest in accordance with the Vesting Schedule set forth in the Notice of Grant. Upon the vesting of a Unit, the Company will deliver to the Participant, for each Unit that becomes vested, such number of Shares of Common Stock, if any, determined at the time and in accordance with the performance metrics set forth on Schedule 1.

(b) **Death or Permanent Disability.** 100% of the Units will vest upon the death or permanent disability of the Participant on or before the date the Participant would have become vested in the Units pursuant to paragraph (a) above. The Participant shall be deemed to be permanently disabled if the Participant has been unable to perform the Participant's duties for the Company for a six consecutive month period and if the Participant is entitled to long-term disability benefits under the Company's long term disability plan, as determined by the long term disability carrier.

(c) **Change in Control Event.** 100% of the Units will vest upon the occurrence of a Change in Control Event on or before the date the Participant would have become vested in the Units pursuant to paragraph (a) above.

(d) **Retirement.** In the event the Participant Retires on or before the date the Participant would have become vested in the Units pursuant to paragraph (a) above, a percentage of the Units will vest upon the date the Participant would have become vested in the Units, where the percentage of Units vesting will equal $[2.78\%_1]$ times the completed months of employment during th

¹ To be modified if vesting period differs from 3-year cliff.

e period beginning on the Grant Date and ending on the date of the Participant's Retirement (such percentage of Units, the "Vesting Units"); provided that in the event of the Participant's death after the date of the Participant's Retirement and before the Vesting Units otherwise vest, the Vesting Units shall become fully vested upon the date of the Participant's death.

(e) **Definitions.** For purposes of this agreement,

A "**Change in Control Event**" means an event or occurrence set forth in one or more of paragraphs (i) to (iv) below (including an event or occurrence that constitutes a Change in Control Event under one of such subsections but that is specifically exempted under another such subsection):

(i) The acquisition by an individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), (a "Person") of beneficial ownership of any capital stock of the Company if, after such acquisition, such Person beneficially owns (within the meaning of Rule 13d-3 promulgated under the Exchange Act) 20% or more of either (A) the then-outstanding shares of Common Stock of the Company (the "Outstanding Company Common Stock") or (B) the combined voting power of the then-outstanding securities of the Company entitled to vote generally in the election of directors (the "Outstanding Company Voting Securities"); provided, however, that for purposes of this subsection (i), none of the following acquisitions of Outstanding Company Common Stock or Outstanding Company Voting Securities shall constitute a Change in Control Event: (I) any acquisition directly from the Company (excluding an acquisition pursuant to the exercise, conversion, or exchange of any security exercisable for, convertible into or exchangeable for common stock or voting securities of the Company, unless the Person exercising, converting or exchanging such security acquired such security directly from the Company or an underwriter or agent of the Company), (II) any acquisition by the Company, (III) any acquisition by an employee benefit plan (or related trust)

sponsored or maintained by the Company or any corporation controlled by the Company, or (IV) any acquisition by any corporation pursuant to a transaction which complies with clauses (A) and (B) of paragraph (ii) of this Section 2(e);

(ii) Such time as the Continuing Directors (as defined below) do not constitute a majority of the Board (or, if applicable, the Board of Directors of a successor corporation to the Company), where the term "Continuing Director" means at any date a member of the Board (A) who is a member of the Board on the date of the execution of this agreement, or (B) who was nominated or elected subsequent to such date by at least a majority of the directors who were Continuing Directors at the time of such nomination or election or whose election to the Board was recommended or endorsed by at least a majority of the directors who were Continuing Directors at the time of such nomination or election; provided, however, that there shall be excluded from this clause (B) any individual whose initial assumption of office occurred as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents, by or on behalf of a person other than the Board;

(iii) The consummation of a merger, consolidation, reorganization, recapitalization or share exchange involving the Company or a sale or other disposition of all or substantially all of the assets of the Company (a "Business Combination"), unless, immediately following such Business Combination, each of the following two conditions is satisfied: (A) all or substantially all of the individuals or entities who were the beneficial owners of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of common stock and the combined voting power of the then-

- 3 -

ACTIVEUS 201960956v.2

outstanding securities entitled to vote generally in the election of directors, respectively, of the surviving, resulting or acquiring corporation in such Business Combination (which shall include, without limitation, a corporation which as a result of such transaction owns the Company or substantially all of the Company's assets either directly or indirectly through one or more other entities) (such resulting or acquiring corporation is referred to herein as the "Acquiring Corporation") in substantially the same proportions as their ownership immediately prior to such Business Combination, of the Outstanding Company Common Stock and Outstanding Company Voting Securities, respectively; and (B) no Person beneficially owns, directly or indirectly, 20% or more of the combined voting power of the then-outstanding securities of such corporation entitled to vote generally in the election of directors (except to the extent that such ownership existed prior to the Business Combination); or

(iv) Approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

"Retire" or "Retirement" means the Participant's voluntary resignation from the Company (other than by reason of a permanent disability described in Section 2(b)) where (x) such voluntary resignation occurs after the Participant has attained age 62 (or such earlier age as determined by the Compensation and Benefits Committee of the Board) and completed 10 years of continuous service with the Company and (y) the Compensation and Benefits Committee of the Board has approved a transition plan in connection with such voluntary resignation.

Employment with the Company shall include employment with a parent or subsidiary of the Company. Except as otherwise provided herein, absent a determination otherwise by the Compensation and Benefits Committee of the Board, the Participant must be employed on the vesting date to be entitled to vest in the Units.

3. Payment.

(a) As soon as administratively practicable following the vesting date of the Units pursuant to Section 2(a) above, but in no event later than the 15th day of the third month of the year following the calendar year in which the Units vest, the Company shall distribute to the Participant (or to the Participant's estate in the event of death) the Shares of Common Stock (if any) deliverable with respect to such Units as are determined at the time and in accordance with the performance metrics set forth in Schedule 1 that vested on such vesting date, subject to reduction pursuant to Section 3(d).

(b) As soon as administratively practicable following the vesting date(s) of the Units pursuant to Section 2(b) or 2(c) above (or the proviso in Section 2(d) applicable in the case of the death of the Participant after Retirement), but in no event later than the 15th day of the third month of the year following the calendar year in which the Units vest, the Company shall distribute to the Participant (or to the Participant's estate in the event of death) one Share of Common Stock in settlement of each Unit granted in Section 1(a) above (such that the total number of Shares distributed shall equal the total number of Units granted), subject to reduction pursuant to Section 3(d).

(c) In the case of vesting pursuant to Section 2(d) above (other than pursuant to the proviso in Section 2(d) applicable in the case of the death of the Participant after Retirement), the Company shall distribute to the Participant within 60 days following the third anniversary of the Grant Date set forth in the Notice of Grant, the Shares of Common Stock (if any) deliverable with respect to the Vesting Units as determined at the time and in accordance

² To be modified if vesting requirement differs from 3-year cliff.

- 4 -

ACTIVEUS 201960956v.2

with the performance metrics set forth in Schedule 1, subject to reduction pursuant to Section 3(d).

(d) On each date on which Units are settled hereunder, the Participant will satisfy the tax withholding obligation due on such date through the retention by the Company of Shares subject to Units scheduled to vest on such date. Accordingly, the Participant hereby instructs the Company to take whatever action is necessary or advisable such that, with no further action by the Participant, on date on which Units vest hereunder, the Company deducts from the Shares of Common Stock that would otherwise be distributed to the participant pursuant to Section 3(a), (b) or (c) with respect to such vesting of Units a number of Shares with a value equal to the Company's minimum statutory withholding obligations, based on the minimum statutory withholding rates for federal and state tax purposes, including payroll taxes, that result from the vesting of Units on such date hereunder, with the value of one Share for such purpose being equal to the closing price of the Company's common stock on the trading day preceding the vesting date.

(e) As of the date hereof, the Participant is not aware of any material nonpublic information about the Company or its common stock. The Participant has entered into the commitments described in Section 3(d) in good faith and not as part of a plan or scheme to evade the prohibitions of Rule 10b5-1 under the Securities Exchange Act of 1934. It is the intention of the Participant that Section 3(d) comply with the requirements of Rule 10b5-1(c)(1) under the Securities Exchange Act of 1934, and Section 3(d) shall be interpreted to comply with the requirements of such rule.

(f) The Company shall not be obligated to issue to the Participant the Shares upon the vesting of any Unit (or otherwise) unless the issuance and delivery of such Shares shall comply with all relevant provisions of law and other legal requirements including, without limitation, any applicable federal or state securities laws and the requirements of any stock exchange upon which shares of Common Stock may be issued.

4. **Restrictions on Transfer.** The Participant shall not sell, assign, transfer, pledge, hypothecate or otherwise dispose of, by operation of law or otherwise (collectively "transfer") any Units except by the will or the laws of descent and distribution, and no amounts deferred under this agreement, or any rights therein, shall be subject in any manner to any anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, levy, lien, attachment, garnishment, debt or other charge or disposition of any kind.

5. **Dividend and Other Shareholder Rights.** Except as set forth in the Plan, neither the Participant nor any person claiming under or through the Participant shall be, or have any rights or privileges of, a stockholder of the Company in respect to the Shares issuable pursuant to the Units granted hereunder until the Shares have been delivered to the Participant.

6. **Provisions of the Plan.** This agreement is subject to the provisions of the Plan, a copy of which is furnished to the Participant with this agreement.

7. **Adjustments for Stock Splits, Stock Dividends, Etc.**

(a) If from time to time during the term of this agreement, there is any stock split-up, reverse stock split, stock dividend, stock distribution, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization event or other reclassification of the Common Stock of the Company, or any distribution to holders of Common Stock other than a normal cash dividend, then a Unit shall become the right to receive, subject to the vesting and payment provisions described herein, any and all such new, substituted or additional securities or cash as if the Unit represented a share of Common Stock.

- 5 -

ACTIVEUS 201960956v.2

(b) If the Shares are converted into or exchanged for, or stockholders of the Company receive by reason of any distribution in total or partial liquidation, securities of another corporation, or other property (including cash), pursuant to any merger of the Company or acquisition of its assets, other than one that constitutes a Change in Control Event for the purposes of Section 2 of this agreement, then the rights of the Company under this agreement shall inure to the benefit of the Company's successor and a Unit shall become the right to receive, subject to the vesting and payment provisions described herein, any and all such new, substituted or additional securities or cash as if the Unit represented a share of Common Stock.

8. Withholding Taxes; No Section 83(b) Election.

(a) The Participant acknowledges and agrees that the Company has the right to deduct from payments of any kind otherwise due to the Participant any federal, state, local, or foreign taxes of any kind required by law to be withheld with respect to the vesting of the Shares.

(b) The Participant has reviewed with the Participant's own tax advisors the federal, state, local and foreign tax consequences of this investment and the transactions contemplated by this agreement. The Participant is relying solely on such advisors and not on any statements or representations of the Company or any of its agents. The Participant understands that the Participant (and not the Company) shall be responsible for the Participant's own tax liability that may arise as a result of this investment or the transactions contemplated by this agreement. The Participant acknowledges that no election under Section 83(b) of the Internal Revenue Code of 1986 may be filed with respect to this award.

9. Miscellaneous.

(a) No Rights to Employment. The Participant acknowledges and agrees that the vesting of the Units pursuant to Section 2 hereof is earned only by continuing service as an employee at the will of the Company (not through the act of being hired or purchasing shares hereunder) and satisfying the other terms and conditions set forth in Section 2. The Participant further acknowledges and agrees that the transactions contemplated hereunder and the vesting schedule set forth herein do not constitute an express or implied promise of continued engagement as an employee or consultant for the vesting period, for any period, or at all.

(b) Severability. The invalidity or unenforceability of any provision of this agreement shall not affect the validity or enforceability of any other provision of this agreement, and each other provision of this agreement shall be severable and enforceable to the extent permitted by law.

(c) Waiver. Any provision for the benefit of the Company contained in this agreement may be waived, either generally or in any particular instance, by the Board of Directors of the Company.

(d) Binding Effect. This agreement shall be binding upon and inure to the benefit of the Company and the Participant and their respective heirs, executors, administrators, legal representatives, successors, and assigns, subject to the restrictions on transfer set forth in Section 4 of this agreement.

(e) Notice. All notices required or permitted hereunder shall be in writing and deemed effectively given upon personal delivery or five days after deposit in the United States Post Office, by registered or certified mail, postage prepaid, addressed to the other party hereto at the address shown beneath his or its respective signature to this agreement, or at such

- 6 -

ACTIVEUS 201960956v.2

other address or addresses as either party shall designate to the other in accordance with this Section 9(e).

(f) Pronouns. Whenever the context may require, any pronouns used in this agreement shall include the corresponding masculine, feminine or neuter forms, and the singular form of nouns and pronouns shall include the plural, and vice versa.

(g) **Entire Agreement.** This agreement and the Plan constitute the entire agreement between the parties, and supersede all prior agreements and understandings, relating to the subject matter of this agreement.

(h) **Amendment.** This agreement may be amended or modified only by a written instrument executed by both the Company and the Participant.

(i) **Governing Law.** This agreement shall be construed, interpreted, and enforced in accordance with the internal laws of the Commonwealth of Massachusetts without regard to any applicable conflicts of laws.

(j) **Participant's Acknowledgments.** The Participant acknowledges that he or she: (i) has read and understands this agreement; (ii) has been represented in the preparation, negotiation, and execution of this agreement by legal counsel of the Participant's own choice or has voluntarily declined to seek such counsel; (iii) understands the terms and consequences of this agreement; (iv) is fully aware of the legal and binding effect of this agreement; and (v) understands that the law firm of Wilmer Cutler Pickering Hale and Dorr LLP, is acting as counsel to the Company in connection with the transactions contemplated by the agreement, and is not acting as counsel for the Participant.

(k) **Unfunded Rights.** The right of the Participant to receive Common Stock pursuant to this agreement is an unfunded and unsecured obligation of the Company. The Participant shall have no rights under this agreement other than those of an unsecured general creditor of the Company.

(l) **Compliance with Section 409A of the Code.** This agreement is intended to provide for compensation that is exempt from or compliant with Section 409A of the Internal Revenue Code of 1986, as amended, ("Section 409A") and shall be interpreted consistently with such intent. Accordingly, the Participant shall have no right to designate the taxable year of payment. Notwithstanding any other provision of this agreement, if and to the extent any portion of any payment under this agreement to the Participant is deferred compensation subject to Section 409A: (i) if such payment is payable upon his or her separation from service and the Participant is a specified employee as defined in Section 409A(a)(2)(B)(i), as determined by the Company in accordance with its procedures, by which determination the Participant (through accepting the agreement) agrees that he or she is bound, such portion of the payment (the delivery of Shares) shall not be paid before the day that is six months plus one day after the date of "separation from service", except as Section 409A may then permit; and (ii) to the extent necessary to comply with Section 409A, after the Participant has attained eligibility for Retirement, (A) vesting of any unvested Units under Section 2(b) on account of disability will not apply unless the Participant is disabled within the meaning of Section 409A(a)(2)(A)(ii) (or any successor provision) and (B) vesting of any unvested Units under Section 2(c) will not apply in connection with a Change in Control Event unless such Change in Control Event also is described in Section 409A(a)(2)(A)(v) (or any successor provision). The Company makes no representations or warranty and shall have no liability to the Participant or any other person if any provisions of or payments, compensation or other benefits under this agreement are determined to constitute nonqualified deferred compensation subject to Section 409A but do not satisfy the conditions of that section.

- 7 -

ACTIVEUS 201960956v.2

(m) **Clawback Policy.** By accepting this award, the Participant acknowledges and agrees that this award is subject to the provisions of any applicable compensation clawback or recovery policy that the Company has in effect or may adopt in the future. The Participant agrees that in the event it is determined in accordance with any such policy that any compensation or compensatory award granted, earned or paid to the Participant under this agreement must be forfeited or reimbursed to the Company, the Participant will promptly take any action necessary to effectuate such forfeiture and/or reimbursement as directed by the Company.

(n) **Electronic Delivery and Acceptance.** The Company has decided to deliver documents related to current or future participation in the Plan by electronic means and to request the Participant's consent to participate in the Plan by electronic means. The Participant hereby consents to receive such documents by electronic delivery and agrees to participate in the Plan through the on-line system of the Company's stock plan administrator, or any other on-line system or electronic means that the Company may decide, in its sole discretion, to use in the future. ***PLEASE NOTE: The Participant's designation/election via the website of the Company's stock plan administrator that the Participant has read and accepted the terms of this agreement and the terms and conditions of the Plan is considered the Participant's electronic signature and the Participant's express consent to this agreement and the terms and conditions set forth in the Plan.*** Legal Department.

Restricted Stock Unit Agreement³

2019 Incentive Plan

Schedule 1 – Performance Metrics

Determination of results against the following performance metrics will be administered in accordance with General Terms. We remind executive officers and Conditions as defined and must be approved by the Compensation and Benefits Committee members of the Board of Directors of the Company.

The performance measurement period for Non-COVID Organic Growth and Adjusted OMx will be the three fiscal years starting on January 2, 2023 and ending on the fiscal year end date for 2025.

Non-COVID Organic Growth and Adjusted OMx will be adjusted for foreign exchange and for certain non-recurring events as approved by the CBC.

Relative TSR provisions:

- Companies must be included in the comparator group for the entire 3-year period in order to be included in the relative TSR calculation.
- Companies company that they are acquired during the performance period will be dropped from the comparator group. Companies that merge remain in the comparator group if the surviving entity was included in the original comparator group.
- Companies that are “demoted” from the selected index or drop out of the selected index due to performance or bankruptcy remain in the comparator group for the period. Bankruptcies drop to the bottom of the percentile ranking.
- Dividends will be deemed reinvested for purposes of calculating TSR.
- Relative TSR modifier to be applied only for results in the bottom quartile (-20%) or top quartile (+20%). No modifier applied for results between 26-74 percentiles.

³ Note: Schedule 1 to be updated as appropriate for 2024 awards.

Restricted Stock Unit Agreement
2019 Incentive Plan

EXHIBIT A

GENERAL TERMS AND CONDITIONS

The terms and conditions of the award of Units made to the Participant, as set forth in the Notice of Grant that forms part of this agreement (the "Notice of Grant"), are as follows:

1. Grant of Units.

(a) **Grant.** For valuable consideration, receipt of which is acknowledged, the Company has granted to the Participant, subject to the terms and conditions set forth in this agreement and in the Company's 2019 Stock Incentive Plan (the "Plan"), an award **certain additional obligations under federal securities laws. They must comply with** respect to the number of Units set forth in the Notice of Grant. Each Unit represents the right to receive such number of shares of common stock, \$1.00 par value per share, of the Company (the "Common Stock") upon vesting of the Unit, determined in accordance with and subject to the terms and conditions set forth herein. The shares of Common Stock that are issuable upon vesting

of the Units are referred to in this agreement as "Shares." The Participant agrees that the Units shall be subject to vesting as set forth in Section 2 of this agreement.

(b) **Forfeiture.** Except as otherwise provided herein, if the Participant ceases to be employed by the Company for any reason or no reason, with or without cause, before the Units vest, in accordance with Section 2 of this agreement, in full, all the Units that are unvested as of the time of such employment termination (after giving effect to any vesting that occurs upon such termination pursuant to Section 2 of this agreement) shall be immediately forfeited to the Company.

2. **Vesting.** The Units will vest as provided in (a) through (d) below:

(a) **Generally.** The Units shall vest in accordance with the Vesting Schedule set forth in the Notice of Grant. Upon the vesting of a Unit, the Company will deliver to the Participant, for each Unit that becomes vested, such number of Shares of Common Stock, if any, determined at the time and in accordance with the performance metrics set forth on Schedule 1.

(b) **Death or Permanent Disability.** 100% of the Units will vest upon the death or permanent disability of the Participant on or before the date the Participant would have become vested in the Units pursuant to paragraph (a) above. The Participant shall be deemed to be permanently disabled if the Participant has been unable to perform the Participant's duties for the Company for a six consecutive month period and if the Participant is entitled to long-term disability benefits under the Company's long term disability plan, as determined by the long term disability carrier.

(c) **Change in Control Event.** 100% of the Units will vest as of the last day of the Participant's employment with the Company on or before the date the Participant would have become vested in the Units pursuant to paragraph (a) above in the event that (i) the Participant's employment is terminated by the Company without Cause or the Participant resigns for Good Reason, in each case within thirty-six months after the effective date of a Change in Control Event (regardless of whether such event also constitutes a Reorganization Event (as defined in the Plan)) and (ii) the Participant was employed by the Company on the effective date of such Change in Control Event.

ACTIVEUS 201960500v.2 2

Officer Performance RSU (Double Trigger)

(d) **Retirement.** In the event the Participant Retires on or before the date the Participant would have become vested in the Units pursuant to paragraph (a) above, a percentage of the Units will vest upon the date the Participant would have become vested in the Units, where the percentage of Units vesting will equal $[2.78\% \times 1]$ times the completed months of employment during the period beginning on the Grant Date and ending on the date of the Participant's Retirement (such percentage of Units, the "Vesting Units"); provided that in the event of the Participant's death after the date of the Participant's Retirement and before the Vesting Units otherwise vest, the Vesting Units shall become fully vested upon the date of the Participant's death.

(e) **Definitions.** For purposes of this agreement,

"Cause" and "Good Reason" shall each have the meaning set forth as of the date hereof in the employment agreement previously entered into between the Participant and the Company.

A "Change in Control Event" means an event or occurrence set forth in one or more of paragraphs (i) to (iv) below (including an event or occurrence that constitutes a Change in Control Event under one of such subsections but that is specifically exempted under another such subsection):

(i) The acquisition by an individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), (a "Person") of beneficial ownership of any capital stock of the Company if, after such acquisition, such Person beneficially owns (within the meaning of Rule 13d-3 promulgated under the Exchange Act) 20% or more of either (A) the then-outstanding shares of Common Stock of the Company (the "Outstanding Company Common Stock") or (B) the combined voting power of the then-outstanding securities of the Company entitled to vote generally in the election of directors (the "Outstanding Company Voting Securities"); provided, however, that for purposes of this subsection (i), none of the following acquisitions of Outstanding Company Common Stock or Outstanding Company Voting Securities shall constitute a Change in Control Event: (I) any acquisition directly from the Company (excluding an acquisition pursuant to the exercise, conversion, or exchange of any security exercisable for, convertible into or exchangeable for common stock or voting

securities of the Company, unless the Person exercising, converting or exchanging such security acquired such security directly from the Company or an underwriter or agent of the Company), (II) any acquisition by the Company, (III) any acquisition by an employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company, or (IV) any acquisition by any corporation pursuant to a transaction which complies with clauses (A) and (B) of paragraph (ii) of this Section 2(e);

(ii) Such time as the Continuing Directors (as defined below) do not constitute a majority of the Board (or, if applicable, the Board of Directors of a successor corporation to the Company), where the term "Continuing Director" means at any date a member of the Board (A) who is a member of the Board on the date of the execution of this agreement, or (B) who was nominated or elected subsequent to such date by at least a majority of the directors who were Continuing Directors at the time of such nomination or election or whose election to the Board was recommended or endorsed by at least a majority of the directors who were Continuing Directors at the time of such nomination or election; provided, however, that there shall be excluded from this clause (B) any individual whose initial assumption of office occurred as a result of an actual or threatened election contest with respect to the election or removal of

¹ To be modified if vesting period differs from 3-year cliff.

ACTIVEUS 201960500v.2 3

Officer Performance RSU (Double Trigger)

directors or other actual or threatened solicitation of proxies or consents, by or on behalf of a person other than the Board;

(iii) The consummation of a merger, consolidation, reorganization, recapitalization or share exchange involving the Company or a sale or other disposition of all or substantially all of the assets of the Company (a "Business Combination"), unless, immediately following such Business Combination, each of the following two conditions is satisfied: (A) all or substantially all of the individuals or entities who were the beneficial owners of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of common stock and the combined voting power of the then-outstanding securities entitled to vote generally in the election of directors, respectively, of the surviving, resulting or acquiring corporation in such Business Combination (which shall include, without limitation, a corporation which as a result of such transaction owns the Company or substantially all of the Company's assets either directly or indirectly through one or more other entities) (such resulting or acquiring corporation is referred to herein as the "Acquiring Corporation") in substantially the same proportions as their ownership immediately prior to such Business Combination, of the Outstanding Company Common Stock and Outstanding Company Voting Securities, respectively; and (B) no Person beneficially owns, directly or indirectly, 20% or more of the combined voting power of the then-outstanding securities of such corporation entitled to vote generally in the election of directors (except to the extent that such ownership existed prior to the Business Combination); or

(iv) Approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

"Retire" or "Retirement" means the Participant's voluntary resignation from the Company (other than by reason of a permanent disability described in Section 2(b)) where (x) such voluntary resignation occurs after the Participant has attained age 62 (or such earlier age as determined by the Compensation and Benefits Committee of the Board) and completed 10 years of continuous service with the Company and (y) the Compensation and Benefits Committee of the Board has approved a transition plan certain reporting requirements in connection with such voluntary resignation.

Employment any stock transactions (for example, Forms 3, 4 and 5), must file a Form 144 prior to selling any shares and must not make a purchase and sale of any Revvity securities within a period of less than six months (unless the purchase is exempt, as is generally the case with the Company shall include employment with an exercise of a parent stock option). More information on these additional obligations may be obtained from Joel Goldberg at (xxx) xxx-xxxx or subsidiary of the Company. Except as provided herein, absent a determination otherwise by the Compensation and Benefits Committee of the Board, the Participant must be employed on the vesting date to be entitled to vest Jack Healy at (xxx) xxx-xxxx in the Units.

3. Payment.²

(a) As soon as administratively practicable following the vesting date of the Units pursuant to Section 2(a) above, but in no event later than the 15th day of the third month of the year following the calendar year in which the Units vest, the Company shall distribute to the Participant (or to the Participant's estate in the event of death) the Shares of Common Stock (if any) deliverable with respect to such Units as are determined at the

time and in accordance with the performance metrics set forth in Schedule 1 that vested on such vesting date, subject to reduction pursuant to Section 3(d).

(b) As soon as administratively practicable following the vesting date(s) of the Units pursuant to Section 2(b) or 2(c) above (or the proviso in Section 2(d) applicable in the

² To be modified if vesting period differs from 3-year cliff.

ACTIVEUS 201960500v.2 4

Officer Performance RSU (Double Trigger)

case of the death of the Participant after Retirement), but in no event later than the 15th day of the third month of the year following the calendar year in which the Units vest, the Company shall distribute to the Participant (or to the Participant's estate in the event of death) one Share of Common Stock in settlement of each Unit granted in Section 1(a) above (such that the total number of Shares distributed shall equal the total number of Units granted), subject to reduction pursuant to Section 3(d).

(c) In the case of vesting pursuant to Section 2(d) above (other than pursuant to the proviso in Section 2(d) applicable in the case of the death of the Participant after Retirement), the Company shall distribute to the Participant within 60 days following the third anniversary of the Grant Date set forth in the Notice of Grant, the Shares of Common Stock (if any) deliverable with respect to the Vesting Units as determined at the time and in accordance with the performance metrics set forth in Schedule 1, subject to reduction pursuant to Section 3(d).

(d) On each date on which Units are settled hereunder, the Participant will satisfy the tax withholding obligation due on such date through the retention by the Company of Shares subject to Units scheduled to vest on such date. Accordingly, the Participant hereby instructs the Company to take whatever action is necessary or advisable such that, with no further action by the Participant, on date on which Units vest hereunder, the Company deducts from the Shares of Common Stock that would otherwise be distributed to the participant pursuant to Section 3(a), (b) or (c) with respect to such vesting of Units a number of Shares with a value equal to the Company's minimum statutory withholding obligations, based on the minimum statutory withholding rates for federal and state tax purposes, including payroll taxes, that result from the vesting of Units on such date hereunder, with the value of one Share for such purpose being equal to the closing price of the Company's common stock on the trading day preceding the vesting date.

(e) As of the date hereof, the Participant is not aware of any material nonpublic information about the Company or its common stock. The Participant has entered into the commitments described in Section 3(d) in good faith and not as part of a plan or scheme to evade the prohibitions of Rule 10b5-1 under the Securities Exchange Act of 1934. It is the intention of the Participant that Section 3(d) comply with the requirements of Rule 10b5-1(c)(1) under the Securities Exchange Act of 1934, and Section 3(d) shall be interpreted to comply with the requirements of such rule.

(f) The Company shall not be obligated to issue to the Participant the Shares upon the vesting of any Unit (or otherwise) unless the issuance and delivery of such Shares shall comply with all relevant provisions of law and other legal requirements including, without limitation, any applicable federal or state securities laws and the requirements of any stock exchange upon which shares of Common Stock may be issued.

4. Restrictions on Transfer. The Participant shall not sell, assign, transfer, pledge, hypothecate or otherwise dispose of, by operation of law or otherwise (collectively "transfer") any Units except by the will or the laws of descent and distribution, and no amounts deferred under this agreement, or any rights therein, shall be subject in any manner to any anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, levy, lien, attachment, garnishment, debt or other charge or disposition of any kind.

5. Dividend and Other Shareholder Rights. Except as set forth in the Plan, neither the Participant nor any person claiming under or through the Participant shall be, or have any rights or privileges of, a stockholder of the Company in respect to the Shares issuable pursuant to the Units granted hereunder until the Shares have been delivered to the Participant.

ACTIVEUS 201960500v.2 5

Officer Performance RSU (Double Trigger)

6. Provisions of the Plan. This agreement is subject to the provisions of the Plan, a copy of which is furnished to the Participant with this agreement.

7. Adjustments for Stock Splits, Stock Dividends, Etc.

(a) If from time to time during the term of this agreement, there is any stock split-up, reverse stock split, stock dividend, stock distribution, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization event or other reclassification of the Common Stock of the Company, or any distribution to holders of Common Stock other than a normal cash dividend, then a Unit shall become the right to receive, subject to the vesting and payment provisions described herein, any and all such new, substituted or additional securities or cash as if the Unit represented a share of Common Stock.

(b) If the Shares are converted into or exchanged for, or stockholders of the Company receive by reason of any distribution in total or partial liquidation, securities of another corporation, or other property (including cash), pursuant to any merger of the Company or acquisition of its assets, other than one that constitutes a Change in Control Event for the purposes of Section 2 of this agreement, then the rights of the Company under this agreement shall inure to the benefit of the Company's successor and a Unit shall become the right to receive, subject to the vesting and payment provisions described herein, any and all such new, substituted or additional securities or cash as if the Unit represented a share of Common Stock.

8. Withholding Taxes; No Section 83(b) Election.

(a) The Participant acknowledges and agrees that the Company has the right to deduct from payments of any kind otherwise due to the Participant any federal, state, local, or foreign taxes of any kind required by law to be withheld with respect to the vesting of the Shares.

(b) The Participant has reviewed with the Participant's own tax advisors the federal, state, local and foreign tax consequences of this investment and the transactions contemplated by this agreement. The Participant is relying solely on such advisors and not on any statements or representations of the Company or any of its agents. The Participant understands that the Participant (and not the Company) shall be responsible for the Participant's own tax liability that may arise as a result of this investment or the transactions contemplated by this agreement. The Participant acknowledges that no election under Section 83(b) of the Internal Revenue Code of 1986 may be filed with respect to this award.

9. Miscellaneous.

(a) No Rights to Employment. The Participant acknowledges and agrees that the vesting of the Units pursuant to Section 2 hereof is earned only by continuing service as an employee at the will of the Company (not through the act of being hired or purchasing shares hereunder) and satisfying the other terms and conditions set forth in Section 2. The Participant further acknowledges and agrees that the transactions contemplated hereunder and the vesting schedule set forth herein do not constitute an express or implied promise of continued engagement as an employee or consultant for the vesting period, for any period, or at all.

(b) Severability. The invalidity or unenforceability of any provision of this agreement shall not affect the validity or enforceability of any other provision of this agreement, and each other provision of this agreement shall be severable and enforceable to the extent permitted by law.

ACTIVEUS 201960500v.2 6

Officer Performance RSU (Double Trigger)

(c) **Waiver.** Any provision for the benefit of the Company contained in this agreement may be waived, either generally or in any particular instance, by the Board of Directors of the Company.

(d) **Binding Effect.** This agreement shall be binding upon and inure to the benefit of the Company and the Participant and their respective heirs, executors, administrators, legal representatives, successors, and assigns, subject to the restrictions on transfer set forth in Section 4 of this agreement.

(e) **Notice.** All notices required or permitted hereunder shall be in writing and deemed effectively given upon personal delivery or five days after deposit in the United States Post Office, by registered or certified mail, postage prepaid, addressed to the other party hereto at the address shown beneath his or its respective signature to this agreement, or at such other address or addresses as either party shall designate to the other in accordance with this Section 9(e).

(f) **Pronouns.** Whenever the context may require, any pronouns used in this agreement shall include the corresponding masculine, feminine or neuter forms, and the singular form of nouns and pronouns shall include the plural, and vice versa.

(g) **Entire Agreement.** This agreement and the Plan constitute the entire agreement between the parties, and supersede all prior agreements and understandings, relating to the subject matter of this agreement.

(h) **Amendment.** This agreement may be amended or modified only by a written instrument executed by both the Company and the Participant.

(i) **Governing Law.** This agreement shall be construed, interpreted, and enforced in accordance with the internal laws of the Commonwealth of Massachusetts without regard to any applicable conflicts of laws.

(j) **Participant's Acknowledgments.** The Participant acknowledges that he or she: (i) has read and understands this agreement; (ii) has been represented in the preparation, negotiation, and execution of this agreement by legal counsel of the Participant's own choice or has voluntarily declined to seek such counsel; (iii) understands the terms and consequences of this agreement; (iv) is fully aware of the legal and binding effect of this agreement; and (v) understands that the law firm of Wilmer Cutler Pickering Hale and Dorr LLP, is acting as counsel to the Company in connection with the transactions contemplated by the agreement, and is not acting as counsel for the Participant.

(k) **Unfunded Rights.** The right of the Participant to receive Common Stock pursuant to this agreement is an unfunded and unsecured obligation of the Company. The Participant shall have no rights under this agreement other than those of an unsecured general creditor of the Company.

(l) **Compliance with Section 409A of the Code.** This agreement is intended to provide for compensation that is exempt from or compliant with Section 409A of the Internal Revenue Code of 1986, as amended, ("Section 409A") and shall be interpreted consistently with such intent. Accordingly, the Participant shall have no right to designate the taxable year of payment. Notwithstanding any other provision of this agreement, if and to the extent any portion of any payment under this agreement to the Participant is deferred compensation subject to

Officer Performance RSU (Double Trigger)

Section 409A: (i) if such payment is payable upon his or her separation from service and the Participant is a specified employee as defined in Section 409A(a)(2)(B)(i), as determined by the Company in accordance with its procedures, by which determination the Participant (through accepting the agreement) agrees that he or she is bound, such portion of the payment (the delivery of Shares) shall not be paid before the day that is six months plus one day after the date of "separation from service", except as Section 409A may then permit; and (ii) to the extent necessary to comply with Section 409A, after the Participant has attained eligibility for Retirement, (A) vesting of any unvested Units under Section 2(b) on account of disability will not apply unless the Participant is disabled within the meaning of Section 409A(a)(2)(A)(ii) (or any successor provision) and (B) vesting of any unvested Units under Section 2(c) will not apply in connection with a Change in Control Event unless such Change in Control Event also is described

in Section 409A(a)(2)(A)(v) (or any successor provision). The Company makes no representations or warranty and shall have no liability to the Participant or any other person if any provisions of or payments, compensation or other benefits under this agreement are determined to constitute nonqualified deferred compensation subject to Section 409A but do not satisfy the conditions of that section.

(m) **Clawback Policy.** By accepting this award, the Participant acknowledges and agrees that this award is subject to the provisions of any applicable compensation clawback or recovery policy that the Company has in effect or may adopt in the future. The Participant agrees that in the event it is determined in accordance with any such policy that any compensation or compensatory award granted, earned or paid to the Participant under this agreement must be forfeited or reimbursed to the Company, the Participant will promptly take any action necessary to effectuate such forfeiture and/or reimbursement as directed by the Company.

(n) **Electronic Delivery and Acceptance.** The Company has decided to deliver documents related to current or future participation in the Plan by electronic means and to request the Participant's consent to participate in the Plan by electronic means. The Participant hereby consents to receive such documents by electronic delivery and agrees to participate in the Plan through the on-line system of the Company's stock plan administrator, or any other on-line system or electronic means that the Company may decide, in its sole discretion, to use in the future. **PLEASE NOTE: The Participant's designation/election via the website of the Company's stock plan administrator that the Participant has read and accepted the terms of this agreement and the terms and conditions of the Plan is considered the Participant's electronic signature and the Participant's express consent to this agreement and the terms and conditions set forth in the Plan. Legal Department.**

Thanks for your cooperation.

Officer Performance RSU (Double Trigger)

Restricted Stock Unit Agreement

2019 Incentive Plan

Schedule 1 – Performance Metrics

Determination of results against the following performance metrics will be administered in accordance with General Terms and Conditions as defined and must be approved by the Compensation and Benefits Committee of the Board of Directors of the Company.

 0000031791-24-000004image_01.jpg

The performance measurement period for Non-COVID Organic Growth and Adjusted OMx will be the three fiscal years starting on January 2, 2023 and ending on the fiscal year end date for 2025.

Non-COVID Organic Growth and Adjusted OMx will be adjusted for foreign exchange and for certain non-recurring events as approved by the CBC.

Relative TSR provisions:

- Companies must be included in the comparator group for the entire 3-year period in order to be included in the relative TSR calculation.
- Companies that are acquired during the performance period will be dropped from the comparator group. Companies that merge remain in the comparator group if the surviving entity was included in the original comparator group.

- Companies that are “demoted” from the selected index or drop out of the selected index due to performance or bankruptcy remain in the comparator group for the period. Bankruptcies drop to the bottom of the percentile ranking.
- Dividends will be deemed reinvested for purposes of calculating TSR.

3 Note: Schedule 1 to be updated as appropriate for 2024 awards.

ACTIVEUS 201960500v.2 9

Officer Performance RSU (Double Trigger)

- Relative TSR modifier to be applied only for results in the bottom quartile (-20%) or top quartile (+20%). No modifier applied for results between 26-74 percentiles.

Restricted Stock Unit Agreement
2019 Stock Incentive Plan

EXHIBIT A

GENERAL TERMS AND CONDITIONS

The terms and conditions of the award of Units made to the Participant, as set forth in the Notice of Grant that forms part of this agreement (the "Notice of Grant"), are as follows:

1. Grant of Units.

(a) Grant. For valuable consideration, receipt of which is acknowledged, the Company has granted to the Participant, subject to the terms and conditions set forth in this agreement and in the Company's 2019 Stock Incentive Plan (the "Plan"), an award with respect to the number of Units set forth in the Notice of Grant. Each Unit represents the right to receive one share of common stock, \$1.00 par value per share, of the Company (the "Common Stock") upon vesting of the Unit, in accordance with and subject to the terms and conditions set forth herein. The shares of Common Stock that are issuable upon vesting of the Units are referred to in this agreement as "Shares." The Participant agrees that the Units shall be subject to vesting as set forth in Section 2 of this agreement.

(b) Forfeiture. Except as otherwise provided herein, if the Participant ceases to be employed by the Company for any reason or no reason, with or without cause, before the Units vest, in accordance with Section 2 of this agreement, in full, all the Units that are unvested as of the time of such employment termination (after giving effect to any vesting that occurs upon such termination pursuant to Section 2 of this agreement) shall be immediately forfeited to the Company.

2. Vesting. The Units will vest as provided in (a) through (d) below:

(a) Generally. The Units shall vest in accordance with the vesting schedule set forth in the Notice of Grant. Upon the vesting of a Unit, the Company will deliver to the Participant, for each Unit that becomes vested, one Share of Common Stock.

(b) Death or Permanent Disability. 100% of the Units will vest upon the death or permanent disability of the Participant on or before the date the Participant would have become vested in the Units pursuant to paragraph (a) above. The Participant shall be deemed to be permanently disabled if the Participant has been unable to perform the Participant's duties for the Company for a six consecutive month period and if the Participant is entitled to long-term disability benefits under the Company's long term disability plan, as determined by the long term disability carrier.

(c) **Change in Control Event.** 100% of any remaining unvested Units will vest upon the occurrence of a Change in Control Event on or before the date the Participant would have become vested in the Units pursuant to paragraph (a) above.

(d) **Retirement.** In the event the Participant Retires on or before the date the Participant would have become vested in the Units pursuant to paragraph (a) above, the Participant shall continue to vest in the Units pursuant to paragraphs (a) above, and, in the case

ActiveUS 201960760v.2 2

Time-Vested RSU (Single Trigger)

of the Participant's death following Retirement and before the Units otherwise vest, paragraph (b) above.

(e) **Definitions.** For purposes of this agreement, a "Change in Control Event" means an event or occurrence set forth in one or more of paragraphs (i) to (iv) below (including an event or occurrence that constitutes a Change in Control Event under one of such subsections but that is specifically exempted under another such subsection):

(i) The acquisition by an individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), (a "Person") of beneficial ownership of any capital stock of the Company if, after such acquisition, such Person beneficially owns (within the meaning of Rule 13d-3 promulgated under the Exchange Act) 20% or more of either (A) the then-outstanding shares of Common Stock of the Company (the "Outstanding Company Common Stock") or (B) the combined voting power of the then-outstanding securities of the Company entitled to vote generally in the election of directors (the "Outstanding Company Voting Securities"); provided, however, that for purposes of this subsection (i), none of the following acquisitions of Outstanding Company Common Stock or Outstanding Company Voting Securities shall constitute a Change in Control Event: (I) any acquisition directly from the Company (excluding an acquisition pursuant to the exercise, conversion, or exchange of any security exercisable for, convertible into or exchangeable for common stock or voting securities of the Company, unless the Person exercising, converting or exchanging such security acquired such security directly from the Company or an underwriter or agent of the Company), (II) any acquisition by the Company, (III) any acquisition by an employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company, or (IV) any acquisition by any corporation pursuant to a transaction which complies with clauses (A) and (B) of paragraph (ii) of this Section 2(e);

(ii) Such time as the Continuing Directors (as defined below) do not constitute a majority of the Board (or, if applicable, the Board of Directors of a successor corporation to the Company), where the term "Continuing Director" means at any date a member of the Board (A) who is a member of the Board on the date of the execution of this agreement, or (B) who was nominated or elected subsequent to such date by at least a majority of the directors who were Continuing Directors at the time of such nomination or election or whose election to the Board was recommended or endorsed by at least a majority of the directors who were Continuing Directors at the time of such nomination or election; provided, however, that there shall be excluded from this clause (B) any individual whose initial assumption of office occurred as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents, by or on behalf of a person other than the Board;

(iii) The consummation of a merger, consolidation, reorganization, recapitalization or share exchange involving the Company or a sale or other disposition of all or substantially all of the assets of the Company (a "Business Combination"), unless, immediately following such Business Combination, each of the following two conditions is satisfied: (A) all or substantially all of the individuals or entities who were the beneficial owners of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of common stock and the combined voting power of the then-outstanding securities entitled to vote generally in the election of directors, respectively, of the surviving, resulting or acquiring corporation in such Business Combination (which shall include, without limitation, a corporation which as a result of such transaction owns the Company or substantially all of the Company's assets either directly or indirectly through one or more other

ActiveUS 201960760v.2 3

Time-Vested RSU (Single Trigger)

entities) (such resulting or acquiring corporation is referred to herein as the "Acquiring Corporation") in substantially the same proportions as their ownership immediately prior to such Business Combination, of the Outstanding Company Common Stock and Outstanding Company Voting Securities, respectively; and (B) no Person beneficially owns, directly or indirectly, 20% or more of the combined voting power of the then-outstanding securities of such corporation entitled to vote generally in the election of directors (except to the extent that such ownership existed prior to the Business Combination); or

(iv) Approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

"Retire" or "Retirement" means the Participant's voluntary resignation from the Company (other than by reason of a permanent disability described in Section 2(b)) where (x) such voluntary resignation occurs after the Participant has attained age 62 (or such earlier age as determined by the Compensation and Benefits Committee of the Board) and completed 10 years of continuous service with the Company and (y) the Compensation and Benefits Committee of the Board has approved a transition plan in connection with such voluntary resignation.

Employment with the Company shall include employment with a parent or subsidiary of the Company. Except as otherwise provided herein, absent a determination otherwise by the Compensation and Benefits Committee of the Board, the Participant must be employed on the vesting date to be entitled to vest in the Units.

3. Payment.

(a) As soon as administratively practicable following the vesting dates of the Units pursuant to Section 2(a) above, but in no event later than the 15th day of the third month of the year following the calendar year in which the applicable Units vest, the Company shall distribute to the Participant (or to the Participant's estate in the event of death) one Share of Common Stock in settlement of each Unit that vested on such vesting date, subject to reduction pursuant to Section 3(d).

(b) As soon as administratively practicable following the vesting date(s) of the Units pursuant to Section 2(b) or 2(c) above (including in the case of the death of the Participant after Retirement as described in Section 2(d)), but in no event later than the 15th day of the third month of the year following the calendar year in which the Units vest, the Company shall distribute to the Participant (or to the Participant's estate in the event of death) one Share of Common Stock in settlement of each Unit that becomes vested pursuant to Section 2(b) or 2(c) above, subject to reduction pursuant to Section 3(d).

(c) In the case of vesting pursuant to Section 2(d) above (other than in the case of the death of the Participant), the Company shall distribute to the Participant one Share of Common Stock in settlement of each Unit within the 60-day period following the date such Unit would have vested had the Participant remained employed with the Company, subject to reduction pursuant to Section 3(d).

(d) On each date on which Units vest hereunder, the Participant will satisfy the tax withholding obligation due on such date through the retention by the Company of Shares subject to Units scheduled to vest on such date. Accordingly, the Participant hereby instructs the Company to take whatever action is necessary or advisable such that, with no further action by the Participant, on date on which Units vest hereunder, the Company deducts from the Shares of Common Stock that would otherwise be distributed to the participant pursuant to Section 3(a) or (b) with respect to such vesting of Units a number of Shares with a value equal to the Company's

ActiveUS 201960760v.2 4

Time-Vested RSU (Single Trigger)

minimum statutory withholding obligations, based on the minimum statutory withholding rates for federal and state tax purposes, including payroll taxes, that result from the vesting of Units on such date hereunder, with the value of one Share for such purpose being equal to the closing price of the Company's common stock on the trading day preceding the vesting date.

(e) As of the date hereof, the Participant is not aware of any material nonpublic information about the Company or its common stock. The Participant has entered into the commitments described in Section 3(d) in good faith and not as part of a plan or scheme to evade the prohibitions of Rule 10b5-1 under the Securities Exchange Act of 1934. It is the intention of the Participant that Section 3(d) comply with the requirements of Rule 10b5-1(c)(1) under the Securities Exchange Act of 1934, and Section 3(d) shall be interpreted to comply with the requirements of such rule.

(f) The Company shall not be obligated to issue to the Participant the Shares upon the vesting of any Unit (or otherwise) unless the issuance and delivery of such Shares shall comply with all relevant provisions of law and other legal requirements including, without limitation, any applicable federal or state securities laws and the requirements of any stock exchange upon which shares of Common Stock may be issued.

4. **Restrictions on Transfer.** The Participant shall not sell, assign, transfer, pledge, hypothecate or otherwise dispose of, by operation of law or otherwise (collectively "transfer") any Units except by the will or the laws of descent and distribution, and no amounts deferred under this agreement, or any rights therein, shall be subject in any manner to any anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, levy, lien, attachment, garnishment, debt or other charge or disposition of any kind.

5. **Dividend and Other Shareholder Rights.** Except as set forth in the Plan, neither the Participant nor any person claiming under or through the Participant shall be, or have any rights or privileges of, a stockholder of the Company in respect to the Shares issuable pursuant to the Units granted hereunder until the Shares have been delivered to the Participant.

6. **Provisions of the Plan.** This agreement is subject to the provisions of the Plan, a copy of which is furnished to the Participant with this agreement.

7. **Adjustments for Stock Splits, Stock Dividends, Etc.**

(a) If from time to time during the term of this agreement, there is any stock split-up, reverse stock split, stock dividend, stock distribution, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization event or other reclassification of the Common Stock of the Company, or any distribution to holders of Common Stock other than a normal cash dividend, then a Unit shall become the right to receive, subject to the vesting and payment provisions described herein, any and all such new, substituted or additional securities or cash as if the Unit represented a share of Common Stock.

(b) If the Shares are converted into or exchanged for, or stockholders of the Company receive by reason of any distribution in total or partial liquidation, securities of another corporation, or other property (including cash), pursuant to any merger of the Company or acquisition of its assets, other than one that constitutes a Change in Control Event for the purposes of Section 2 of this agreement, then the rights of the Company under this agreement shall inure to the benefit of the Company's successor and a Unit shall become the right to receive, subject to the vesting and payment provisions described herein, any and all such new, substituted or additional securities or cash as if the Unit represented a share of Common Stock.

ActiveUS 201960760v.2 5

Time-Vested RSU (Single Trigger)

8. **Withholding Taxes; No Section 83(b) Election.**

(a) The Participant acknowledges and agrees that the Company has the right to deduct from payments of any kind otherwise due to the Participant any federal, state, local, or foreign taxes of any kind required by law to be withheld with respect to the vesting of the Shares.

(b) The Participant has reviewed with the Participant's own tax advisors the federal, state, local and foreign tax consequences of this investment and the transactions contemplated by this agreement. The Participant is relying solely on such advisors and not on any statements or representations of the Company or any of its agents. The Participant understands that the Participant (and not the Company) shall be responsible for the Participant's own tax liability that may arise as a result of this investment or the transactions contemplated by this agreement. The Participant acknowledges that no election under Section 83(b) of the Internal Revenue Code of 1986 may be filed with respect to this award.

9. **Miscellaneous.**

(a) **No Rights to Employment.** The Participant acknowledges and agrees that the vesting of the Units pursuant to Section 2 hereof is earned only by continuing service as an employee at the will of the Company (not through the act of being hired or purchasing shares hereunder) and satisfying the other terms and conditions set forth in Section 2. The Participant further acknowledges and agrees that the transactions contemplated hereunder and the vesting schedule set forth herein do not constitute an express or implied promise of continued engagement as an employee or consultant for the vesting period, for any period, or at all.

(b) **Severability.** The invalidity or unenforceability of any provision of this agreement shall not affect the validity or enforceability of any other provision of this agreement, and each other provision of this agreement shall be severable and enforceable to the extent permitted by law.

(c) **Waiver.** Any provision for the benefit of the Company contained in this agreement may be waived, either generally or in any particular instance, by the Board of Directors of the Company.

(d) **Binding Effect.** This agreement shall be binding upon and inure to the benefit of the Company and the Participant and their respective heirs, executors, administrators, legal representatives, successors, and assigns, subject to the restrictions on transfer set forth in Section 4 of this agreement.

(e) **Notice.** All notices required or permitted hereunder shall be in writing and deemed effectively given upon personal delivery or five days after deposit in the United States Post Office, by registered or certified mail, postage prepaid, addressed to the other party hereto at the address shown beneath his or its respective signature to this agreement, or at such other address or addresses as either party shall designate to the other in accordance with this Section 9(e).

(f) **Pronouns.** Whenever the context may require, any pronouns used in this agreement shall include the corresponding masculine, feminine or neuter forms, and the singular form of nouns and pronouns shall include the plural, and vice versa.

(g) **Entire Agreement.** This agreement and the Plan constitute the entire agreement between the parties, and supersede all prior agreements and understandings, relating to the subject matter of this agreement.

ActiveUS 201960760v.2 6

Time-Vested RSU (Single Trigger)

(h) **Amendment.** This agreement may be amended or modified only by a written instrument executed by both the Company and the Participant.

(i) **Governing Law.** This agreement shall be construed, interpreted, and enforced in accordance with the internal laws of the Commonwealth of Massachusetts without regard to any applicable conflicts of laws.

(j) **Participant's Acknowledgments.** The Participant acknowledges that he or she: (i) has read and understands this agreement; (ii) has been represented in the preparation, negotiation, and execution of this agreement by legal counsel of the Participant's own choice or has voluntarily declined to seek such counsel; (iii) understands the terms and consequences of this agreement; (iv) is fully aware of the legal and binding effect of this agreement; and (v) understands that the law firm of Wilmer Cutler Pickering Hale and Dorr LLP, is acting as counsel to the Company in connection with the transactions contemplated by the agreement, and is not acting as counsel for the Participant.

(k) **Unfunded Rights.** The right of the Participant to receive Common Stock pursuant to this agreement is an unfunded and unsecured obligation of the Company. The Participant shall have no rights under this agreement other than those of an unsecured general creditor of the Company.

(l) **Compliance with Section 409A of the Code.** This agreement is intended to provide for compensation that is exempt from or compliant with Section 409A of the Internal Revenue Code of 1986, as amended, ("Section 409A") and shall be interpreted consistently with such intent. Accordingly, the Participant shall have no right to designate the taxable year of payment. Notwithstanding any other provision of this agreement, if and to the extent any portion of any payment under this agreement to the Participant is deferred compensation subject to Section 409A: (i) if such payment is payable upon the Participant's separation from service and the Participant is a specified employee as defined in Section 409A(a)(2)(B)(i), as determined by the Company in accordance with its procedures, by which determination the Participant (through accepting the agreement) agrees

that the Participant is bound, such portion of the payment (the delivery of Shares) shall not be paid before the day that is six months plus one day after the date of "separation from service", except as Section 409A may then permit; and (ii) to the extent necessary to comply with Section 409A, after the Participant has attained eligibility for Retirement, (A) vesting of any unvested Units under Section 2(b) on account of disability will not apply unless the Participant is disabled within the meaning of Section 409A(a)(2)(A)(ii) (or any successor provision) and (B) vesting of any unvested Units under Section 2(c) will not apply in connection with a Change in Control Event unless such Change in Control Event also is described in Section 409A(a)(2)(A)(v) (or any successor provision). The Company makes no representations or warranty and shall have no liability to the Participant or any other person if any provisions of or payments, compensation or other benefits under this agreement are determined to constitute nonqualified deferred compensation subject to Section 409A but do not satisfy the conditions of that section.

(m) Clawback Policy. By accepting this award, the Participant acknowledges and agrees that this award is subject to the provisions of any applicable compensation clawback or recovery policy that the Company has in effect or may adopt in the future. The Participant agrees that in the event it is determined in accordance with any such policy that any compensation or compensatory award granted, earned or paid to the Participant under this agreement must be forfeited or reimbursed to the Company, the Participant will promptly take any action necessary to effectuate such forfeiture and/or reimbursement as directed by the Company.

ActiveUS 201960760v.2 7

Time-Vested RSU (Single Trigger)

(n) Electronic Delivery and Acceptance. The Company has decided to deliver documents related to current or future participation in the Plan by electronic means and to request the Participant's consent to participate in the Plan by electronic means. The Participant hereby consents to receive such documents by electronic delivery and agree to participate in the Plan through the on-line system of the Company's stock plan administrator, or any other on-line system or electronic means that the Company may decide, in its sole discretion, to use in the future. **PLEASE NOTE: The Participant's designation/election via the website of the Company's stock plan administrator that the Participant has read and accepted the terms of this agreement and the terms and conditions of the Plan is considered the Participant's electronic signature and the Participant's express consent to this agreement and the terms and conditions set forth in the Plan.**

2019 Stock Incentive Plan

EXHIBIT A

GENERAL TERMS AND CONDITIONS

The terms and conditions of the award of Units made to the Participant, as set forth in the Notice of Grant that forms part of this agreement (the "Notice of Grant"), are as follows:

1. Grant of Units.

(a) Grant. For valuable consideration, receipt of which is acknowledged, the Company has granted to the Participant, subject to the terms and conditions set forth in this agreement and in the Company's 2019 Stock Incentive Plan (the "Plan"), an award with respect to the number of Units set forth in the Notice of Grant. Each Unit represents the right to receive one share of common stock, \$1.00 par value per share, of the Company (the "Common Stock") upon vesting of the Unit, in accordance with and subject to the terms and conditions set forth herein. The shares of Common

Stock that are issuable upon vesting of the Units are referred to in this agreement as “Shares.” The Participant agrees that the Units shall be subject to vesting as set forth in Section 2 of this agreement.

(b) **Forfeiture.** Except as otherwise provided herein, if the Participant ceases to be employed by the Company for any reason or no reason, with or without cause, before the Units vest, in accordance with Section 2 of this agreement, in full, all the Units that are unvested as of the time of such employment termination (after giving effect to any vesting that occurs upon such termination pursuant to Section 2 of this agreement) shall be immediately forfeited to the Company.

2. **Vesting.** The Units will vest as provided in (a) through (d) below:

(a) **Generally.** The Units shall vest in accordance with the vesting schedule set forth in the Notice of Grant. Upon the vesting of a Unit, the Company will deliver to the Participant, for each Unit that becomes vested, one Share of Common Stock.

(b) **Death or Permanent Disability.** 100% of the Units will vest upon the death or permanent disability of the Participant on or before the date the Participant would have become vested in the Units pursuant to paragraph (a) above. The Participant shall be deemed to be permanently disabled if the Participant has been unable to perform the Participant's duties for the Company for a six consecutive month period and if the Participant is entitled to long-term disability benefits under the Company's long term disability plan, as determined by the long term disability carrier.

(c) **Change in Control Event.** 100% of the Units will vest as of the last day of the Participant's employment with the Company on or before the date the Participant would have become vested in the Units pursuant to paragraph (a) above in the event that (i) the Participant's employment is terminated by the Company without Cause or the Participant resigns for Good Reason, in each case within thirty-six months after the effective date of a Change in Control Event (regardless of whether such event also constitutes a Reorganization Event (as defined in

ACTIVEUS 201960492v.22 2

Time-Vested RSU (Double Trigger)

the Plan)) and (ii) the Participant was employed by the Company on the effective date of such Change in Control Event.

(d) **Retirement.** In the event the Participant Retires on or before the date the Participant would have become vested in the Units pursuant to paragraph (a) above, the Participant shall continue to vest in the Units pursuant to paragraphs (a) above, and, in the case of the Participant's death following Retirement and before the Units otherwise vest, paragraph (b) above.

(e) **Definitions.** For purposes of this agreement, “Cause” and “Good Reason” shall each have the meaning set forth as of the date hereof in the employment agreement previously entered into between the Participant and the Company. For purposes of this agreement, a “Change in Control Event” means an event or occurrence set forth in one or more of paragraphs (i) to (iv) below (including an event or occurrence that constitutes a Change in Control Event under one of such subsections but that is specifically exempted under another such subsection):

(i) The acquisition by an individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), (a “Person”) of beneficial ownership of any capital stock of the Company if, after such acquisition, such Person beneficially owns (within the meaning of Rule 13d-3 promulgated under the Exchange Act) 20% or more of either (A) the then-outstanding shares of Common Stock of the Company (the “Outstanding Company Common Stock”) or (B) the combined voting power of the then-outstanding securities of the Company entitled to vote generally in the election of directors (the “Outstanding Company Voting Securities”); provided, however, that for purposes of this subsection (i), none of the following acquisitions of Outstanding Company Common Stock or Outstanding Company Voting Securities shall constitute a Change in Control Event: (I) any acquisition directly from the Company (excluding an acquisition pursuant to the exercise, conversion, or exchange of any security exercisable for, convertible into or exchangeable for common stock or voting securities of the Company, unless the Person exercising, converting or exchanging such security acquired such security directly from the Company or an underwriter or agent of the Company), (II) any acquisition by the Company, (III) any acquisition by an employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company, or (IV) any acquisition by any corporation pursuant to a transaction which complies with clauses (A) and (B) of paragraph (ii) of this Section 2(e);

(ii) Such time as the Continuing Directors (as defined below) do not constitute a majority of the Board (or, if applicable, the Board of Directors of a successor corporation to the Company), where the term "Continuing Director" means at any date a member of the Board (A) who is a member of the Board on the date of the execution of this agreement, or (B) who was nominated or elected subsequent to such date by at least a majority of the directors who were Continuing Directors at the time of such nomination or election or whose election to the Board was recommended or endorsed by at least a majority of the directors who were Continuing Directors at the time of such nomination or election; provided, however, that there shall be excluded from this clause (B) any individual whose initial assumption of office occurred as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents, by or on behalf of a person other than the Board;

(iii) The consummation of a merger, consolidation, reorganization, recapitalization or share exchange involving the Company or a sale or other disposition of all or

ACTIVEUS 201960492v.23 3

Time-Vested RSU (Double Trigger)

substantially all of the assets of the Company (a "Business Combination"), unless, immediately following such Business Combination, each of the following two conditions is satisfied: (A) all or substantially all of the individuals or entities who were the beneficial owners of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of common stock and the combined voting power of the then-outstanding securities entitled to vote generally in the election of directors, respectively, of the surviving, resulting or acquiring corporation in such Business Combination (which shall include, without limitation, a corporation which as a result of such transaction owns the Company or substantially all of the Company's assets either directly or indirectly through one or more other entities) (such resulting or acquiring corporation is referred to herein as the "Acquiring Corporation") in substantially the same proportions as their ownership immediately prior to such Business Combination, of the Outstanding Company Common Stock and Outstanding Company Voting Securities, respectively; and (B) no Person beneficially owns, directly or indirectly, 20% or more of the combined voting power of the then-outstanding securities of such corporation entitled to vote generally in the election of directors (except to the extent that such ownership existed prior to the Business Combination); or

(iv) Approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

"Retire" or "Retirement" means the Participant's voluntary resignation from the Company (other than by reason of a permanent disability described in Section 2(b)) where (x) such voluntary resignation occurs after the Participant has attained age 62 (or such earlier age as determined by the Compensation and Benefits Committee of the Board) and completed 10 years of continuous service with the Company and (y) the Compensation and Benefits Committee of the Board has approved a transition plan in connection with such voluntary resignation.

Employment with the Company shall include employment with a parent or subsidiary of the Company. Except as otherwise provided herein, absent a determination otherwise by the Compensation and Benefits Committee of the Board, the Participant must be employed on the vesting date to be entitled to vest in the Units.

3. Payment.

(a) As soon as administratively practicable following the vesting dates of the Units pursuant to Section 2(a) above, but in no event later than the 15th day of the third month of the year following the calendar year in which the applicable Units vest, the Company shall distribute to the Participant (or to the Participant's estate in the event of death) one Share of Common Stock in settlement of each Unit that vested on such vesting date, subject to reduction pursuant to Section 3(d).

(b) As soon as administratively practicable following the vesting date(s) of the Units pursuant to Section 2(b) or 2(c) above (including in the case of the death of the Participant after Retirement as described in Section 2(d)), but in no event later than the 15th day of the third month of the year following the calendar year in which the Units vest, the Company shall distribute to the Participant (or to the Participant's estate in the event of death) one Share of Common Stock in settlement of each Unit that becomes vested pursuant to Section 2(b) or 2(c) above, subject to reduction pursuant to Section 3(d).

(c) In the case of vesting pursuant to Section 2(d) above (other than in the case of the death of the Participant), the Company shall distribute to the Participant one Share of

ACTIVEUS 201960492v.24 4

Time-Vested RSU (Double Trigger)

Common Stock in settlement of each Unit within the 60-day period following the date such Unit would have vested had the Participant remained employed with the Company, subject to reduction pursuant to Section 3(d).

(d) On each date on which Units vest hereunder, the Participant will satisfy the tax withholding obligation due on such date through the retention by the Company of Shares subject to Units scheduled to vest on such date. Accordingly, the Participant hereby instructs the Company to take whatever action is necessary or advisable such that, with no further action by the Participant, on date on which Units vest hereunder, the Company deducts from the Shares of Common Stock that would otherwise be distributed to the participant pursuant to Section 3(a) or (b) with respect to such vesting of Units a number of Shares with a value equal to the Company's minimum statutory withholding obligations, based on the minimum statutory withholding rates for federal and state tax purposes, including payroll taxes, that result from the vesting of Units on such date hereunder, with the value of one Share for such purpose being equal to the closing price of the Company's common stock on the trading day preceding the vesting date.

(e) As of the date hereof, the Participant is not aware of any material nonpublic information about the Company or its common stock. The Participant has entered into the commitments described in Section 3(d) in good faith and not as part of a plan or scheme to evade the prohibitions of Rule 10b5-1 under the Securities Exchange Act of 1934. It is the intention of the Participant that Section 3(d) comply with the requirements of Rule 10b5-1(c)(1) under the Securities Exchange Act of 1934, and Section 3(d) shall be interpreted to comply with the requirements of such rule.

(f) The Company shall not be obligated to issue to the Participant the Shares upon the vesting of any Unit (or otherwise) unless the issuance and delivery of such Shares shall comply with all relevant provisions of law and other legal requirements including, without limitation, any applicable federal or state securities laws and the requirements of any stock exchange upon which shares of Common Stock may be issued.

4. Restrictions on Transfer. The Participant shall not sell, assign, transfer, pledge, hypothecate or otherwise dispose of, by operation of law or otherwise (collectively "transfer") any Units except by the will or the laws of descent and distribution, and no amounts deferred under this agreement, or any rights therein, shall be subject in any manner to any anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, levy, lien, attachment, garnishment, debt or other charge or disposition of any kind.

5. Dividend and Other Shareholder Rights. Except as set forth in the Plan, neither the Participant nor any person claiming under or through the Participant shall be, or have any rights or privileges of, a stockholder of the Company in respect to the Shares issuable pursuant to the Units granted hereunder until the Shares have been delivered to the Participant.

6. Provisions of the Plan. This agreement is subject to the provisions of the Plan, a copy of which is furnished to the Participant with this agreement.

7. Adjustments for Stock Splits, Stock Dividends, Etc.

(a) If from time to time during the term of this agreement, there is any stock split-up, reverse stock split, stock dividend, stock distribution, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization event or other reclassification of the Common Stock of the Company, or any distribution to holders of Common Stock other than a normal cash dividend, then a Unit shall become the right to receive, subject to

ACTIVEUS 201960492v.25 5

Time-Vested RSU (Double Trigger)

the vesting and payment provisions described herein, any and all such new, substituted or additional securities or cash as if the Unit represented a share of Common Stock.

(b) If the Shares are converted into or exchanged for, or stockholders of the Company receive by reason of any distribution in total or partial liquidation, securities of another corporation, or other property (including cash), pursuant to any merger of the Company or acquisition of its assets, other than one that constitutes a Change in Control Event for the purposes of Section 2 of this agreement, then the rights of the Company under this agreement shall inure to the benefit of the Company's successor and a Unit shall become the right to receive, subject to the vesting and payment provisions described herein, any and all such new, substituted or additional securities or cash as if the Unit represented a share of Common Stock.

8. Withholding Taxes; No Section 83(b) Election.

(a) The Participant acknowledges and agrees that the Company has the right to deduct from payments of any kind otherwise due to the Participant any federal, state, local, or foreign taxes of any kind required by law to be withheld with respect to the vesting of the Shares.

(b) The Participant has reviewed with the Participant's own tax advisors the federal, state, local and foreign tax consequences of this investment and the transactions contemplated by this agreement. The Participant is relying solely on such advisors and not on any statements or representations of the Company or any of its agents. The Participant understands that the Participant (and not the Company) shall be responsible for the Participant's own tax liability that may arise as a result of this investment or the transactions contemplated by this agreement. The Participant acknowledges that no election under Section 83(b) of the Internal Revenue Code of 1986 may be filed with respect to this award.

9. Miscellaneous.

(a) No Rights to Employment. The Participant acknowledges and agrees that the vesting of the Units pursuant to Section 2 hereof is earned only by continuing service as an employee at the will of the Company (not through the act of being hired or purchasing shares hereunder) and satisfying the other terms and conditions set forth in Section 2. The Participant further acknowledges and agrees that the transactions contemplated hereunder and the vesting schedule set forth herein do not constitute an express or implied promise of continued engagement as an employee or consultant for the vesting period, for any period, or at all.

(b) Severability. The invalidity or unenforceability of any provision of this agreement shall not affect the validity or enforceability of any other provision of this agreement, and each other provision of this agreement shall be severable and enforceable to the extent permitted by law.

(c) Waiver. Any provision for the benefit of the Company contained in this agreement may be waived, either generally or in any particular instance, by the Board of Directors of the Company.

(d) Binding Effect. This agreement shall be binding upon and inure to the benefit of the Company and the Participant and their respective heirs, executors, administrators, legal representatives, successors, and assigns, subject to the restrictions on transfer set forth in Section 4 of this agreement.

ACTIVEUS 201960492v.26 6

Time-Vested RSU (Double Trigger)

(e) **Notice.** All notices required or permitted hereunder shall be in writing and deemed effectively given upon personal delivery or five days after deposit in the United States Post Office, by registered or certified mail, postage prepaid, addressed to the other party hereto at the address shown beneath his or its respective signature to this agreement, or at such other address or addresses as either party shall designate to the other in accordance with this Section 9(e).

(f) **Pronouns.** Whenever the context may require, any pronouns used in this agreement shall include the corresponding masculine, feminine or neuter forms, and the singular form of nouns and pronouns shall include the plural, and vice versa.

(g) **Entire Agreement.** This agreement and the Plan constitute the entire agreement between the parties, and supersede all prior agreements and understandings, relating to the subject matter of this agreement.

(h) **Amendment.** This agreement may be amended or modified only by a written instrument executed by both the Company and the Participant.

(i) **Governing Law.** This agreement shall be construed, interpreted, and enforced in accordance with the internal laws of the Commonwealth of Massachusetts without regard to any applicable conflicts of laws.

(j) **Participant's Acknowledgments.** The Participant acknowledges that he or she: (i) has read and understands this agreement; (ii) has been represented in the preparation, negotiation, and execution of this agreement by legal counsel of the Participant's own choice or has voluntarily declined to seek such counsel; (iii) understands the terms and consequences of this agreement; (iv) is fully aware of the legal and binding effect of this agreement; and (v) understands that the law firm of Wilmer Cutler Pickering Hale and Dorr LLP, is acting as counsel to the Company in connection with the transactions contemplated by the agreement, and is not acting as counsel for the Participant.

(k) **Unfunded Rights.** The right of the Participant to receive Common Stock pursuant to this agreement is an unfunded and unsecured obligation of the Company. The Participant shall have no rights under this agreement other than those of an unsecured general creditor of the Company.

(l) **Compliance with Section 409A of the Code.** This agreement is intended to provide for compensation that is exempt from or compliant with Section 409A of the Internal Revenue Code of 1986, as amended, ("Section 409A") and shall be interpreted consistently with such intent. Accordingly, the Participant shall have no right to designate the taxable year of payment. Notwithstanding any other provision of this agreement, if and to the extent any portion of any payment under this agreement to the Participant is deferred compensation subject to Section 409A: (i) if such payment is payable upon the Participant's separation from service and the Participant is a specified employee as defined in Section 409A(a)(2)(B)(i), as determined by the Company in accordance with its procedures, by which determination the Participant (through accepting the agreement) agrees that the Participant is bound, such portion of the payment (the delivery of Shares) shall not be paid before the day that is six months plus one day after the date of "separation from service", except as Section 409A may then permit; and (ii) to the extent necessary to comply with Section 409A, after the Participant has attained eligibility for Retirement, (A) vesting of any unvested Units under Section 2(b) on account of disability will not apply unless the Participant is disabled within the meaning of Section 409A(a)(2)(A)(ii) (or

ACTIVEUS 201960492v.27 7

Time-Vested RSU (Double Trigger)

any successor provision) and (B) vesting of any unvested Units under Section 2(c) will not apply in connection with a Change in Control Event unless such Change in Control Event also is described in Section 409A(a)(2)(A)(v) (or any successor provision). The Company makes no representations or warranty and shall have no liability to the Participant or any other person if any provisions of or payments, compensation or other benefits under this agreement are determined to constitute nonqualified deferred compensation subject to Section 409A but do not satisfy the conditions of that section.

(m) **Clawback Policy.** By accepting this award, the Participant acknowledges and agrees that this award is subject to the provisions of any applicable compensation clawback or recovery policy that the Company has in effect or may adopt in the future. The Participant agrees that in the event it is determined in accordance with any such policy that any compensation or compensatory award granted, earned or paid to the Participant

under this agreement must be forfeited or reimbursed to the Company, the Participant will promptly take any action necessary to effectuate such forfeiture and/or reimbursement as directed by the Company.

(n) **Electronic Delivery and Acceptance.** The Company has decided to deliver documents related to current or future participation in the Plan by electronic means and to request the Participant's consent to participate in the Plan by electronic means. The Participant hereby consents to receive such documents by electronic delivery and agree to participate in the Plan through the on-line system of the Company's stock plan administrator, or any other on-line system or electronic means that the Company may decide, in its sole discretion, to use in the future. **PLEASE NOTE: The Participant's designation/election via the website of the Company's stock plan administrator that the Participant has read and accepted the terms of this agreement and the terms and conditions of the Plan is considered the Participant's electronic signature and the Participant's express consent to this agreement and the terms and conditions set forth in the Plan.**

CERTIFICATION OF CHIEF EXECUTIVE OFFICER PURSUANT TO SECTION 302

EXHIBIT 31.1

CERTIFICATION

I, Prahlad Singh, certify that:

1. I have reviewed this Annual Report on Form 10-K of Revvity, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting that are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

CERTIFICATION OF CEO AND CFO PURSUANT TO SECTION 906

EXHIBIT 32.1

CERTIFICATION PURSUANT TO 18 U.S.C. SECTION 1350,
AS ADOPTED PURSUANT TO
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002

In connection with the Annual Report on Form 10-K of Revvity, Inc. (the "Company") for the period ended **December 31, 2023** **December 29, 2024** as filed with the Securities and Exchange Commission on the date hereof (the "Report"), the undersigned, Prahlad Singh, President and Chief Executive Officer of the Company, and Maxwell Krakowiak, Senior Vice President and Chief Financial Officer of the Company, each hereby certifies, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that:

- (1) Based on my knowledge, the Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- (2) Based on my knowledge, the information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.

Maxwell Krakowiak
Senior Vice President and Chief Financial Officer

EXHIBIT 97

REVVITY, INC.

Dodd-Frank Compensation Recovery Policy

This Compensation Recovery Policy (this "Policy") is adopted by Revvity, Inc. (the "Company") in accordance with Section 303A.14 of the New York Stock Exchange ("NYSE") Listed Company Manual ("Section 303A.14"), which implements Rule 10D-1 under the Securities Exchange Act of 1934, as amended (the "Exchange Act") (as promulgated pursuant to Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010). This Policy is effective as of October 2, 2023 (the "Effective Date").

1. Definitions

(a) **"Accounting Restatement"** means a requirement that the Company prepare an accounting restatement due to the material noncompliance of the Company with any financial reporting requirement under the U.S. federal securities laws, including any required accounting restatement to correct an error in previously issued financial statements that is material to the previously issued financial statements, or that would

result in a material misstatement if the error were corrected in the current period or left uncorrected in the current period. Changes to the Company's financial statements that do not represent error corrections are not an Accounting Restatement, including: (A) retrospective application of a change in accounting principle; (B) retrospective revision to reportable segment information due to a change in the structure of the Company's internal organization; (C) retrospective reclassification due to a discontinued operation; (D) retrospective application of a change in reporting entity, such as from a reorganization of entities under common control; and (E) retrospective revision for stock splits, reverse stock splits, stock dividends or other changes in capital structure.

(b) **"Committee"** means the Compensation and Benefits Committee of the Company's Board of Directors (the "Board").

(c) **"Covered Person"** means a person who served as an Executive Officer at any time during the performance period for the applicable Incentive-Based Compensation. This Policy (or designated portions hereof as the case may be) will also apply to such other employees (or classes of employees), as the Committee may designate from time to time as Covered Persons.

(d) **"Erroneously Awarded Compensation"** means the amount of Incentive-Based Compensation that was Received that exceeds the amount of Incentive-Based Compensation that otherwise would have been Received had the amount of Incentive-Based Compensation been determined based on the restated amounts, computed without regard to any taxes paid by the Covered Person or by the Company on the Covered Person's behalf. For Incentive-Based Compensation based on stock price or total shareholder return, where the amount of Erroneously Awarded Compensation is not subject to mathematical recalculation directly from the information in an Accounting Restatement, the amount of Erroneously Awarded Compensation will be based on a reasonable estimate by the Committee of the effect of the Accounting Restatement on the stock price or total shareholder return upon which the Incentive-Based Compensation was Received. The Company will maintain documentation of the determination of that reasonable estimate and provide such documentation to NYSE.

(e) **"Executive Officer"** means the Company's officers as defined in Rule 16a-1(f) under the Exchange Act.

1

(f) **"Financial Reporting Measures"** means (A) measures that are determined and presented in accordance with the accounting principles used in preparing the Company's financial statements, and any measures that are derived wholly or in part from such measures (whether or not such measures are presented within the Company's financial statements or included in a filing made with the U.S. Securities and Exchange Commission), (B) stock price and (C) total shareholder return.

(g) **"Incentive-Based Compensation"** means any compensation that is granted, earned, or vested based wholly or in part upon the attainment of a Financial Reporting Measure.

(h) Incentive-Based Compensation is deemed to be **"Received"** in the Company's fiscal period during which the Financial Reporting Measure specified in the applicable Incentive-Based Compensation award is attained, even if the payment or grant of the Incentive-Based Compensation occurs after the end of that period or is subject to additional time-based vesting requirements.

(i) **"Recovery Period"** means the three completed fiscal years immediately preceding the earlier of: (A) the date the Board, a committee of the Board, or the officer or officers of the Company authorized to take such action if Board action is not required, concludes, or reasonably should have concluded, that the Company is required to prepare an Accounting Restatement; or (B) the date a court, regulator, or other legally authorized body directs the Company to prepare an Accounting Restatement. In addition, if there is a change in the Company's fiscal year end, the Recovery Period will also include any transition period to the extent required by Section 303A.14.

2. Recovery of Erroneously Awarded Compensation

(a) **Application of Prior Policy.** If the Company is required to prepare an Accounting Restatement and the provisions of Section 2(b) of this Policy are inapplicable, the clawback provisions previously adopted by the Board in Section 10 of the Amended and Restated Global Incentive Compensation Plan (Executive Officers) effective December 30, 2019 (the "Prior Policy") will apply in accordance with its terms. The Prior Policy will not apply when Section 2(b) of this Policy is applicable.

(b) **Application of this Policy.** Subject to the terms of this Policy and the requirements of Section 303A.14, if, on or after the Effective Date, the Company is required to prepare an Accounting Restatement, the Company will attempt to recover, reasonably promptly from each Covered Person, any Erroneously Awarded Compensation that was Received by such Covered Person during the Recovery Period pursuant to Incentive-Based Compensation that is subject to this Policy.

3. Interpretation and Administration

(a) **Role of the Committee.** This Policy will be interpreted by the Committee in a manner that is consistent with Section 303A.14 and any other applicable law and will otherwise be interpreted in the business judgment of the Committee. All decisions and interpretations of the Committee that are consistent with Section 303A.14 will be final and binding.

(b) **Compensation Not Subject to this Policy.** This Policy does not apply to Incentive-Based Compensation that was Received before the Effective Date. With respect to any Covered Person, this Policy does not apply to Incentive-Based Compensation that was Received by such Covered Person before beginning service as an Executive Officer.

2

(c) **Determination of Means of Recovery.** Subject to the requirement that recovery be made reasonably promptly, the Committee will determine the appropriate means of recovery, which may vary between Covered Persons or based on the nature of the applicable Incentive-Based Compensation, and which may involve, without limitation, establishing a deferred repayment plan or setting off against current or future compensation otherwise payable to the Covered Person. Recovery of Erroneously Awarded Compensation will be made without regard to income taxes paid by the Covered Person or by the Company on the Covered Person's behalf in connection with such Erroneously Awarded Compensation.

(d) **Determination That Recovery is Impracticable.** The Company is not required to recover Erroneously Awarded Compensation if a determination is made by the Committee that either (A) after the Company has made and documented a reasonable attempt to recover such Erroneously Awarded Compensation, the direct expense paid to a third party to assist in enforcing this Policy would exceed the amount to be recovered or (B) recovery of such Erroneously Awarded Compensation would likely cause an otherwise tax-qualified retirement plan, under which benefits are broadly available to employees of the Company, to fail to meet the requirements of Section 401(a)(13) or 411(a) of the Internal Revenue Code and regulations thereunder.

(e) **No Indemnification or Company-Paid Insurance.** The Company will not indemnify any Covered Person against the loss of Erroneously Awarded Compensation and will not pay or reimburse any Covered Person for the purchase of a third-party insurance policy to fund potential recovery obligations.

(f) **Interaction with Other Clawback Provisions.** The Company will be deemed to have recovered Erroneously Awarded Compensation in accordance with this Policy to the extent the Company actually receives such amounts pursuant to any other Company policy, program or agreement (including the Prior Policy), pursuant to Section 304 of the Sarbanes-Oxley Act or otherwise.

(g) **No Limitation on Other Remedies.** Nothing in this Policy will be deemed to limit the Company's right to terminate employment of any Covered Person, to seek recovery of other compensation paid to a Covered Person, or to pursue other rights or remedies available to the Company under applicable law.

Adopted by the Compensation and Benefits Committee on October 26, 2023
