weight:bold;visibility:hidden;"> As an emerging growth company, the Company may delay adoption of new or revised financial accounting standards until such date that the standards are required to be adopted by non-issuer companies. If such standards would not apply to non-issuer companies, no deferral would be applicable. The Company is taking advantage of the extended transition periods allowed under the Jumpstart Our Business Startups Act. Accordingly, the Company's consolidated financial statements may not be comparable to those of public companies that adopt new or revised financial accounting standards as of an earlier date. Principles of Consolidation The accompanying consolidated financial statements include the accounts of the Company and the Bank. All significant intercompany accounts and transactions have been eliminated in consolidation. Reclassifications Certain amounts in the prior year consolidated financial statements may be reclassified as required to conform to the current year's presentation. These reclassifications have no effect on our previously reported net income or shareholders' equity. Impact of Recent Accounting Pronouncements In October 2023, the FASB issued ASU 2023-06, which amends the disclosure or presentation requirements related to various subtopics in the FASB Accounting Standards Codification. In December 2023, the FASB issued ASU 2023-09, "Income Taxes (Topic 740), Improvements to Income Tax Disclosures." The amendments in ASU 2023-09 require greater disaggregation of income tax disclosures related to the income tax rate reconciliation and income taxes paid. The Company is taking advantage of the extended transition periods allowed under the Jumpstart Our Business Startups Act. Company had 226 individual available-for-sale securities in an unrealized loss position with unrealized losses totaling $32,631 with an aggregate depreciation of 15.78% from the Company's amortized cost. The Company evaluates securities in an unrealized loss position for impairment related to credit losses on at least a quarterly basis. Securities in unrealized loss positions are first assessed as to whether we intend to sell, or if it is more likely than

not that we will be required to sell the security before recovery of its amortized cost basis. If one of the criteria is met, the security's amortized cost basis is written down to fair value through current earnings. For securities that do not meet these criteria, the Company evaluates whether the decline in fair value resulted from credit losses or other factors. If this assessment indicates that a credit loss exists, we compare the present value of cash flows expected to be collected from the security with the amortized cost basis of the security. If the present value of cash flows expected to be collected is less than the amortized cost basis for the security, a credit loss exists and an allowance for credit losses is recorded, limited to the amount that the fair value of the security is less than its amortized cost basis. Unrealized losses on asset backed securities, state and municipal securities, and corporate bonds have not been recognized into income because the issuers are of high credit quality, we do not intend to sell and it is likely that we will not be required to sell the securities prior to their anticipated recovery. The decline in fair value is largely due to changes in interest rates and other market conditions. The issuers continue to make timely principal and interest payments on the securities. Any impairment that has not been recorded through an allowance for credit losses is recognized in other comprehensive income, net of applicable taxes. No allowance for credit losses for available-for-sale securities was recorded as of June 30, 2024. Federal agency obligations, residential mortgage backed pass-through securities and commercial mortgage-backed pass-through securities are issued by U.S. Government agencies and U.S. Government sponsored enterprises. Although a government guarantee exists on these investments, these entities are not legally backed by the full faith and credit of the federal government. Nonetheless, at this time we do not foresee any set of circumstances in which the government would not fund its commitments on these investments. The amortized cost and fair value of available for sale debt securities at June 30, 2024 and December 31, 2023, by contractual maturities, are presented below. Actual maturities of mortgage-backed securities may differ from contractual maturities because the mortgages underlying the securities may be called or repaid without any penalties. Because mortgage-backed securities are not due at a single maturity date, they are not included in the maturity categories in the following maturity summary:

In addition, at June 30, 2024 and December 31, 2023, $63,354 and $75,769 of available for sale securities were pledged to secure borrowings at the Federal Reserve Bank of New York (“FRB”), respectively. During the six months ended June 30, 2024, there were no sales of available for sale securities and no realized gains or losses. The Company elected not to measure an allowance for credit losses for accrued interest receivable, because a timely write-off policy exists. A security is placed on non-accrual status at the time any principal or interest payments become more than 90 days delinquent or if full collection of interest or principal becomes uncertain. Accrued interest for a security placed on non-accrual is reversed against interest income. There were no securities on non-accrual status and therefore there was no accrued interest related to securities reversed against interest income for the periods ended June 30, 2024 and December 31, 2023. Total accrued interest receivable on available for sale securities totaled $554 and $602 at June 30, 2024 and December 31, 2023, respectively, and was reported in accrued interest receivable on the consolidated statements of financial condition. Total accrued interest receivable associated with loans totaled $3,947 and $4,014, at June 30, 2024 and December 31, 2023, respectively, and was reported in accrued interest receivable on the consolidated statements of financial condition. The Company has transferred a portion of its originated commercial real estate loans to participating lenders. The amounts transferred have been accounted for as sales and are therefore not included in the Company's accompanying statements of financial condition. The Company and participating lenders share ratably in any gains or losses that may result from a loan's performance under its contractual terms. The Company continues to service the loans on behalf of the participating lenders and, as such, collects cash payments from the borrowers, remits payments to participating lenders and disburses required escrow funds to relevant parties. At June 30, 2024 and December 31, 2023, the Company was servicing loans for participants aggregating $50,768 and $44,418, respectively. Residential mortgage and consumer loans secured by residential real estate properties for which formal foreclosure proceedings are in process totaled $198 and $152 at June 30, 2024 and December 31, 2023, respectively, and are all individually analyzed for credit loss. The Company services certain loans that it has sold to third parties. The aggregate balances of loans serviced for others were $274,227 and $282,269 as of June 30, 2024 and December 31, 2023, respectively. Included in these loans serviced for others are loans serviced for the Federal Home Loan Mortgage Corporation with a recourse provision whereby the Company is obligated to bear all costs when a default, including foreclosure, occurs. At June 30, 2024 and December 31, 2023, the maximum contingent liability associated with loans sold with recourse was $812 and $1,873, respectively, which is not recorded in the consolidated financial statements. Losses are borne in priority order by the borrower, private mortgage insurance and the Company. The Company has never repurchased any loans or incurred any losses under these recourse provisions. The balances of capitalized servicing rights, included in other assets at June 30, 2024 and December 31, 2023 were $1,782 and $1,977, respectively. Fair value exceeds carrying value, and thus, no impairment charges related to servicing rights were recognized during the six-month period ended June 30, 2024 or the year ended December 31, 2023. Activity in the Company's ACL for loans for the three and six months ended June 30, 2024 is summarized in the table below. <table style="border-collapse:collapse;font-size:16pt;height:max-content;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:bottom;width:32.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.94%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.26%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.86%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.91%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.19%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.84%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.93%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.4%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:8.72%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.93%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.19%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.84%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.93%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.4%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:8.72%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.93%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.19%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.84%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.93%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.19%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.9%;margin:0pt;padding:0pt;"> </td></tr><tr><td style="vertical-align:bottom;width:32.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.94%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:9.12%;margin:0pt;padding:0pt;"> Commercial </td><td style="vertical-align:bottom;white-space:nowrap;width:1.91%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:9.03%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.93%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:10.12%;margin:0pt;padding:0pt;"> Commercial </td><td style="vertical-align:bottom;white-space:nowrap;width:1.93%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:9.03%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.93%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:9.03%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.93%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:9.09%;margin:0pt;padding:0pt;"> </td></tr><tr><td style="vertical-align:bottom;width:32.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.94%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:9.12%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"> <b

In the normal course of business, the Company grants loans to officers, directors and other related parties. Balances and activity of such loans during the periods presented were not material. On an annual basis, or more often if needed, the Company formally reviews the ratings on all commercial real estate, multifamily, construction and commercial loans. To assist in the review process, the Company engages an independent third-party to review a significant portion of loans within these segments. Consumer loans are rated as performing or non-performing based on payment status in accordance with regulatory retail credit guidance. Management uses the results of these reviews as part of its annual review process. In addition, management utilizes delinquency reports, the watch list and other loan reports to monitor credit quality of other loan segments. Credit Quality Indicators. The Company categorizes loans into risk categories based on relevant information about the ability of borrowers to service their debt such as: current financial information, historical payment experience, credit documentation, public information, and current economic trends among other factors. The Company analyzes loans individually by classifying the loans as to credit risk. This analysis is performed on all loans at origination and is updated on a quarterly basis for loans risk rated Watch, Special Mention, Substandard, or Doubtful. The Company uses the following definitions for risk ratings: Watch - Loans classified as watch exhibit weaknesses that require more than usual monitoring. Issues may include deteriorating financial condition, payments made after due date but within 30 days, adverse industry conditions or management problems. Special Mention - Loans classified as special mention exhibit signs of further deterioration but still generally make payments within 30 days. This is a transitional rating and loans should typically not be rated Special Mention for more than 12 months. Substandard - Loans classified as substandard possess weaknesses that jeopardize the ultimate collection of the principal and interest outstanding. These loans exhibit continued financial losses, ongoing delinquency, overall poor financial condition, and/or insufficient collateral. They are characterized by the distinct possibility that the institution will sustain some loss if the deficiencies are not corrected. Doubtful - Loans classified as non-performing have all the weaknesses of substandard loans, and have deteriorated to the level that there is a high probability of substantial loss.
Loans not meeting the criteria above that are analyzed individually as part of the above-described process are considered Pass rated loans. The following table presents the credit risk profile of the Company's loan portfolio (excluding loans in process) based on rating category, as well as gross write-offs for the six months ended June 30, 2024, and by fiscal year of origination as of June 30, 2024. <table style="border-collapse:collapse;font-size:16pt;height:max-content;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:middle;width:19.58%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.18%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:6.7%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.18%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:6.7%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.18%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:6.7%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.18%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:6.7%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.18%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:6.7%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.18%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:6.7%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.53%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:8.2%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.19%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:6.71%;margin:0pt;padding:0pt;"> </td></tr><tr><td style="vertical-align:bottom;width:19.58%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.18%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:6.7%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.18%;margin:0pt;padding:0pt;"><p

Share-Based Compensation Plan On May 26, 2020, stockholders of the Company approved the 2020 Equity Incentive Plan (the “EIP”). The EIP authorizes the issuance to participants of up to 763,743 shares of Rhinebeck Bancorp common stock pursuant to grants of incentive and non-qualified stock options, restricted stock awards and restricted stock units. Of this number, the maximum number of shares of Rhinebeck Bancorp common stock that may be issued under the EIP pursuant to the exercise of stock options is 545,531 shares, and the maximum number of shares of Rhinebeck Bancorp common stock that may be issued as restricted stock awards or restricted stock units is 218,212 shares. These amounts represented 4.90% and 1.96%, respectively, of the number of shares of common stock issued in the stock offering of Rhinebeck Bancorp. Pursuant to terms of the EIP, on August 25, 2020, the Board of Directors granted restricted stock and stock options to employees and directors. All of these awards vested annually over a three-year period from the date of the grant and the term of each option is ten years. As of June 30, 2024, there were 105,146 stock options and 49,778 restricted stock awards that remained available for future grants. The fair value of each option granted under the EIP is estimated on the date of grant using the Black-Scholes Option-Pricing Model. The expected volatility is based on the historical volatility of a peer group of comparable SEC-reporting bank holding companies. The dividend yield assumption is based on the Company’s expectation of dividend payouts. The risk-free rate for periods within the contractual life of the option is based on the U.S. Treasury yield curve in effect at the date of grant. The Company has elected to recognize forfeitures as they occur. A summary of options under the 2020 EIP as of June 30, 2024 is presented below: <table style="border-collapse:collapse;font-size:16pt;height:max-content;margin-left:auto;margin-right:auto;padding-left:0pt;padding-right:0pt;width:87.35%;"><tr style="height:1pt;"><td style="vertical-align:bottom;white-space:nowrap;width:42.56%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:2.2%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:12.9%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.86%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:2.38%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:11.95%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:2.33%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:23.78%;margin:0pt;padding:0pt;"> </td></tr><tr><td style="vertical-align:bottom;white-space:nowrap;width:42.56%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:2.2%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:12.9%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.86%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:14.34%;margin:0pt;padding:0pt;"> Weighted - </td><td style="vertical-align:bottom;white-space:nowrap;width:2.33%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:23.78%;margin:0pt;padding:0pt;"> Weighted-Average </td></tr><tr><td style="vertical-align:bottom;white-space:nowrap;width:42.56%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:2.2%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:12.9%;margin:0pt;padding:0pt;"> Number of </td><td style="vertical-align:bottom;white-space:nowrap;width:1.86%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;width:14.34%;margin:0pt;padding:0pt;"> Average </td><td style="vertical-align:bottom;white-space:nowrap;width:2.33%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:23.78%;margin:0pt;padding:0pt;"> Remaining Contractual </td></tr><tr><td style="vertical-align:bottom;white-space:nowrap;width:42.56%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:2.2%;margin:0pt;padding:0pt;"> <span

fluctuates based on changes in the fair market value of the Company's stock, was $542. The aggregate intrinsic value represents the total pre-tax intrinsic value (i.e., the difference between the Company's closing stock price on the last trading day of period and the weighted-average exercise price, multiplied by the number of shares) that would have been issued had all option holders exercised their options on June 30, 2024. As of June 30, 2024, all of the outstanding stock options and restricted stock awards granted under the 2020 EIP had vested, therefore there were no compensation costs for the six months ended June 30, 2024. For the six months ended June 30, 2023, share-based compensation of options and restricted stock under the plan totaled $300. Leases As of June 30, 2024, the Company leased real estate for seven branch offices and two administrative offices under various lease agreements. All of our leases are classified as operating leases. The calculated amount of the right-of-use assets and lease liabilities are impacted by the length of the lease term and the discount rate used to present the value of the minimum lease payments. The Company's leases have maturities which range from 2024 to 2041, some of which include lessee options to extend the lease term. If the Company considers the exercising of a renewal option to be reasonably certain, the Company will include the extended term in the calculation of the right-of-use asset and lease liability. The weighted average remaining life of the lease terms for these leases was 10.4 years and 10.8 years as of June 30, 2024 and December 31, 2023, respectively. As most of our leases do not provide an implicit rate, the Company used its incremental borrowing rate, the rate of interest to borrow on a collateralized basis for a similar term, at each lease commencement date. The Company utilized a weighted average discount rate of 2.61% and 2.60% in determining the lease liability as of June 30, 2024 and December 31, 2023, respectively. For the six months ended June 30, 2024 and 2023, total operating lease costs were $363 and $358, respectively, and were included in occupancy and other expense. The right-of-use asset, included in other assets, was $5,951 and $6,239 and the corresponding lease liability, included in accrued expenses and other liabilities, was $6,005 and $6,307 as of June 30, 2024 and December 31, 2023, respectively.</p><p style="font-family:'Times New Roman','Times','serif';font-size:10pt;text-align:justify;margin:0pt 0pt 0pt 36pt;"></p><p style="font-family:'Times New Roman','Times','serif';font-size:10pt;text-align:justify;margin:0pt 0pt 0pt 36pt;">Future minimum payments for operating leases with initial or remaining terms of one year or more as of June 30, 2024 were as follows:</p><p style="font-family:'Times New Roman','Times','serif';font-size:10pt;text-align:justify;margin:0pt 0pt 0pt 36pt;"></p><table style="border-collapse:collapse;font-size:16pt;height:max-content;margin-left:auto;margin-right:auto;padding-left:0pt;padding-right:0pt;width:80%;"><tr style="height:1pt;"><td style="vertical-align:bottom;width:84.97%;margin:0pt;padding:0pt;"><div style="height:1pt;overflow:hidden;overflow-wrap:break-word;position:relative;"><div style="bottom:0pt;position:absolute;width:100%;"><p style="font-family:'Times New Roman','Times','serif';font-size:10pt;margin:0pt 0pt 0.05pt 0pt;"></p></div></div></td><td style="vertical-align:bottom;white-space:nowrap;width:2.7%;margin:0pt;padding:0pt;"><div style="height:1pt;overflow:hidden;overflow-wrap:break-word;position:relative;"><div style="bottom:0pt;position:absolute;width:100%;"><p style="font-family:'Times New Roman','Times','serif';font-size:10pt;margin:0pt 0pt 0.05pt 0pt;"></p></div></div></td><td style="vertical-align:bottom;white-space:nowrap;width:1.69%;margin:0pt;padding:0pt;"><div style="height:1pt;overflow:hidden;overflow-wrap:break-word;position:relative;"><div style="bottom:0pt;position:absolute;width:100%;"><p style="font-family:'Times New Roman','Times','serif';font-size:10pt;margin:0pt 0pt 0.05pt 0pt;"></p></div></div></td><td style="vertical-align:bottom;white-space:nowrap;width:10.62%;margin:0pt;padding:0pt;"><div style="height:1pt;overflow:hidden;overflow-wrap:break-word;position:relative;"><div style="bottom:0pt;position:absolute;width:100%;"><p style="font-family:'Times New Roman','Times','serif';font-size:10pt;margin:0pt 0pt 0.05pt 0pt;"></p></div></div></td></tr><tr><td style="vertical-align:bottom;width:84.97%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"><p style="font-family:'Times New Roman','Times','serif';font-size:8pt;margin:0pt 0pt 0.05pt 0pt;"><b style="font-weight:bold;">Years ending December 31:</p></td><td style="vertical-align:bottom;white-space:nowrap;width:2.7%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"><p style="font-family:'Times New Roman','Times';font-size:8pt;text-align:center;margin:0pt 0pt 0.05pt 0pt;"> </p></td><td style="vertical-align:bottom;white-space:nowrap;width:1.69%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"><p style="font-family:'Times New Roman','Times';font-size:10pt;text-align:center;margin:0pt 0pt 0.05pt 0pt;"></p></td><td style="vertical-align:bottom;white-space:nowrap;width:10.62%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"><p style="font-family:'Times New Roman','Times';font-size:10pt;text-align:center;margin:0pt 0pt 0.05pt 0pt;"></p></td></tr><tr><td style="vertical-align:bottom;width:84.97%;background:#cceeff;margin:0pt;padding:0pt;"><p style="font-family:'Times New Roman','Times';font-size:10pt;margin:0pt 0pt 0.05pt 0pt;">2024</p></td><td style="vertical-align:bottom;white-space:nowrap;width:2.7%;background:#cceeff;margin:0pt;padding:0pt;"><p style="font-family:'Times New Roman','Times';font-size:10pt;margin:0pt 0pt 0.05pt 0pt;"></p></td><td style="vertical-align:bottom;white-space:nowrap;width:1.69%;background:#cceeff;margin:0pt;padding:0pt;"><p style="font-family:'Times New Roman','Times';font-size:10pt;margin:0pt 0pt 0.05pt 0pt;">$ </td><td style="vertical-align:bottom;white-space:nowrap;width:10.62%;background:#cceeff;margin:0pt;padding:0pt;"> 382 </td></tr><tr><td style="vertical-align:bottom;width:84.97%;margin:0pt;padding:0pt;"> 2025 </td><td style="vertical-align:bottom;white-space:nowrap;width:2.7%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.69%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:10.62%;margin:0pt;padding:0pt;"> 739 </td></tr><tr><td style="vertical-align:bottom;width:84.97%;background:#cceeff;margin:0pt;padding:0pt;"> 2026 </td><td style="vertical-align:bottom;white-space:nowrap;width:2.7%;background:#cceeff;margin:0pt;padding:0pt;"><p style="font-

Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Standby letters of credit are conditional commitments issued by the Company to guarantee the performance of a customer to a third party. Since these commitments could expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. The Company evaluates each customer's creditworthiness on a case-by-case basis. The amount of collateral obtained, if deemed necessary by the Company upon an extension of credit, is based on management's credit evaluation of the counterparty. Collateral held varies but may include residential and commercial property, deposits and securities. Interest Rate Swaps The Company enters into interest rate swaps that allow commercial loan customers to effectively convert a variable-rate loan agreement to a fixed-rate loan agreement. Under these agreements, the Company simultaneously enters into a variable-rate loan and an interest rate swap agreement with a customer. The Company then enters into a corresponding and offsetting swap agreement with a third party to hedge the exposure created by the customer agreements. The interest rate swaps with both the customers and third parties are not designated as hedges under FASB ASC Topic 815, Derivatives and Hedging, and are marked to market through earnings. The fair values of the swaps are recorded as both an asset and a liability, in other assets and other liabilities, respectively, in equal amounts for these transactions. The accrued interest receivable and payable of $172 and $132 related to our swaps is recorded in other assets and other liabilities as of June 30, 2024 and December 31, 2023, respectively. Summary information regarding these derivatives is presented below: <table style="border-collapse:collapse;font-size:16pt;height:max-content;margin-left:auto;margin-right:auto;padding-left:0pt;padding-right:0pt;width:80%;"><tr style="height:1pt;"><td style="vertical-align:bottom;white-space:nowrap;width:52.11%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:4.26%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:2.67%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:14.32%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:2.67%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:52.11%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:4.26%;margin:0pt;padding:0pt;"> </td><td colspan="3" style="vertical-align:bottom;white-space:nowrap;width:19.67%;margin:0pt;padding:0pt;"> June 30, </td><td style="vertical-align:bottom;white-

Regulatory Matters The Bank is subject to various regulatory capital requirements administered by the federal banking agencies. Failure to meet minimum capital requirements can initiate certain mandatory and discretionary actions by regulators that, if undertaken, could have a direct material effect on the Company's financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, the Bank must meet specific capital guidelines that involve quantitative measures of the Bank's assets, liabilities and certain off-balance-sheet items, as calculated under regulatory accounting practices. The Bank's capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings and other factors. Quantitative measures established by regulation to ensure capital adequacy require the Bank to maintain minimum amounts and ratios (set forth in the tables below) of total, common equity Tier 1 and additional Tier I capital (as defined in 12 C.F.R. § 324.20) to risk-weighted assets and of Tier I capital to average assets. Management believes, as of June 30, 2024 and December 31, 2023, that the Bank met all capital adequacy requirements to which they are subject. The most recent notification from the FDIC categorized the Bank as "well capitalized" under the regulatory framework. To be categorized as well capitalized, the Bank must maintain minimum total risk-based, common equity Tier 1, Tier I risk-based and Tier I leverage ratios as set forth in the table below. There are no conditions or events since then which management believes have changed the Bank's category. The Bank's actual capital amounts and ratios were: <table style="border-collapse:collapse;font-size:16pt;height:max-content;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:bottom;width:36.4%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.76%;margin:0pt;padding:0pt;"><div

Fair Value The Company uses fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures. A description of the valuation methodologies used for assets and liabilities recorded at fair value and for estimating fair value for financial and non-financial instruments not recorded at fair value, is set forth below. Cash and Cash Equivalents The carrying amount is a reasonable estimate of fair value. Available for Sale Securities Where quoted prices are available in an active market for identical securities, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include marketable equity securities and U.S. Treasury obligations. If quoted prices are not available, then fair values are estimated by using pricing models (i.e., matrix pricing) or quoted prices of securities with similar characteristics and are classified within Level 2 of the valuation hierarchy. Examples of such instruments include government agency bonds, mortgage-backed securities and municipal bonds. Level 3 securities include securities for which significant unobservable inputs are utilized. Available for sale securities are recorded at fair value on a recurring basis. FHLB Stock The carrying value of FHLB stock approximates fair value based on the redemption provisions of the FHLB. Loans Loans receivable are carried at cost. For variable rate loans, which reprice frequently, carrying values are a reasonable estimate of fair values adjusted for credit losses inherent in the portfolios. The fair value of fixed rate loans is estimated by discounting the future cash flows using the year end rates, estimated using local market data, at which similar loans would be made to borrowers with similar credit ratings and for the same remaining maturities, adjusted for credit losses inherent in the portfolios. The Company does not record loans at fair value on a recurring basis. However, from time to time, nonrecurring fair value adjustments to collateral-dependent individually analyzed loans are recorded to reflect partial write-downs based on the observable market price or current appraised value of collateral. Other Real Estate Owned Other real estate owned represents real estate acquired through foreclosure and is carried at fair value less estimated selling costs. Fair value is based upon independent market prices, appraised values of the collateral or management's estimation of the value of the collateral. These assets are included as Level 3 fair values, based upon the lowest level of input that is utilized in the fair value measurements. Accrued Interest The carrying amounts of accrued interest approximate fair value. Mortgage Servicing Rights The fair value of mortgage servicing rights is based on a valuation model that calculates the present value of estimated future net servicing income. Mortgage servicing rights are carried at the lower of amortized cost or estimated fair value and are included in other assets on the consolidated statements of financial condition. Deposits Deposit liabilities are carried at cost. The fair value of NOW, savings and money market deposits is the amount payable on demand at the reporting date. The fair value of time certificates of deposit is estimated using a discounted cash flow calculation that applies interest rates currently being offered for deposits of similar remaining maturities estimated using local market data to a schedule of aggregated expected maturities on such deposits. Mortgagors' Escrow Accounts The fair value is estimated using a discounted cash flow calculation that applies interest rates currently being offered on deposited escrow accounts of similarly expected maturities. Advances from the FHLB The fair value of the advances is estimated using a discounted cash flow calculation that applies current FHLB interest rates for advances of similar maturity to a schedule of maturities of such advances. Subordinated Debt Based on the floating rate characteristic of these instruments, the carrying value is considered to approximate fair value. Off-Balance-Sheet Instruments Fair values for off-balance-sheet lending commitments are based on fees currently charged to enter into similar agreements, taking into account the remaining terms of the agreements and the counterparties' credit standings. Such amounts are not significant. Loan Level Interest Rate Swaps The fair value is based on settlement values adjusted for credit risks associated with the counterparties and the Company and observable market interest rate curves. The following tables detail the assets that are carried at fair value on a recurring basis as of the periods shown and indicate the fair value hierarchy of the valuation techniques utilized by the Company to determine the fair value: >

Earnings Per Share Basic earnings per share represent income available to common stockholders divided by the weighted-average number of common shares outstanding during the period. Diluted earnings per share is computed in a manner similar to that of basic earnings per share except that the weighted-average number of common shares outstanding is increased to include the number of incremental shares (computed using the treasury method) that would have been outstanding if all potentially dilutive common stock equivalents (such as options) were issued during the period. For the three months ended June 30, 2024 and 2023, and for the six months ended June 30, 2023, there were 15,000 options that were not included in the computation of diluted earnings per share because to do so would be anti-dilutive. There were no anti-dilutive options for the six months ended June 30, 2024. Unearned ESOP shares are not deemed outstanding for earnings per share calculations. . <table style="border-collapse:collapse;font-size:16pt;height:max-content;margin-left:auto;margin-right:auto;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:top;width:46.19%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:1.86%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:1.03%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:10.4%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:1.84%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:1.87%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:10.4%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:2.49%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:1.03%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:10.4%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:1%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:1.03%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:10.4%;margin:0pt;padding:0pt;"> . </td></tr><tr><td style="vertical-align:bottom;width:46.19%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:1.86%;margin:0pt;padding:0pt;"> . </td><td colspan="5" style="vertical-align:bottom;white-space:nowrap;width:25.56%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"> Three Months Ended June 30, </td><td style="vertical-align:bottom;white-space:nowrap;width:2.49%;margin:0pt;padding:0pt;"> . </td><td colspan="5" style="vertical-align:bottom;white-space:nowrap;width:23.88%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"> Six Months Ended June 30, </td></tr><tr><td style="vertical-align:bottom;width:46.19%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:1.86%;margin:0pt;padding:0pt;"> — </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:11.43%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"> 2024 </td><td style="vertical-align:bottom;white-space:nowrap;width:1.84%;margin:0pt;padding:0pt;"> — </td><td colspan="2" style="vertical-align:bottom;white-
