The Company’s primary market is the New York metropolitan area. The Company provides a broad range of business, commercial and retail banking products and

services to small businesses, middle-market enterprises, public entities and affluent individuals. See the “Glossary of Common Terms and Acronyms” for the definition of certain terms and acronyms used throughout this Form 10-Q. The Company’s primary lending products are CRE loans (including multi-family loans) and C&I loans. Substantially all loans are secured by specific items of collateral including business assets, consumer assets, and commercial and residential real estate. Commercial loans are expected to be repaid from cash flows from the operations of businesses. The Company’s primary deposit products are checking, savings, and term deposit accounts, all of which are insured by the FDIC up to the maximum amounts allowed by law. The Company and the Bank are subject to the regulations of certain state and federal agencies and, accordingly, are periodically examined by those regulatory authorities. The Company’s business is affected by state and federal legislation and regulations. NOTE 2 — BASIS OF PRESENTATION The accounting and reporting policies of the Company conform with GAAP and predominant practices within the U.S. banking industry. The Unaudited Consolidated Financial Statements (“unaudited financial statements”) include the accounts of the Company and the Bank. All intercompany balances and transactions have been eliminated. The unaudited financial statements have been prepared in accordance with GAAP for interim financial information and with the instructions to Form 10-Q, Article 8 of Regulation S-X and predominant practices within the U.S. banking industry. Certain information and note disclosures normally included in the financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to the rules and regulations of the SEC. The unaudited financial statements reflect all normal recurring adjustments that are, in the opinion of management, necessary for a fair presentation of the results for the interim periods presented. In preparing the interim unaudited financial statements in conformity with GAAP, management has made estimates and assumptions based on available information. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reported periods, and actual results could differ from those estimated. Information available which could affect these judgments include, but are not limited to, changes in interest rates, changes in the performance of the economy, inflation and its related effects and changes in the financial condition of borrowers. Some items in the prior year financial statements may have been reclassified to conform to the current presentation. Reclassification had no effect on prior year net income or stockholders’ equity. The results of operations for the three and six months ended June 30, 2024 and 2023 are not necessarily indicative of the results of operations that may be expected for the entire fiscal year or for any other period. The unaudited financial statements presented in this report should be read in conjunction with the Company’s audited consolidated financial statements and notes to the audited consolidated financial statements included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2023 as filed with the SEC. The accounting and reporting policies of the Company conform with GAAP and predominant practices within the U.S. banking

industry. The Unaudited Consolidated Financial Statements (“unaudited financial statements”) include the accounts of the Company and the Bank. All intercompany balances and transactions have been eliminated. The unaudited financial statements have been prepared in accordance with GAAP for interim financial information and with the instructions to Form 10-Q, Article 8 of Regulation S-X and predominant practices within the U.S. banking industry. NOTE 3 — SUMMARY OF RECENT ACCOUNTING PRONOUNCEMENTS In June 2016, the FASB issued ASU No. 2016-13, Financial Instruments – Credit Losses (“ASC 326”), which requires the measurement of all expected credit losses for financial assets held at amortized cost to be based on historical experience, current condition, and reasonable and supportable forecasts. ASC 326 requires that financial institutions and other organizations will use forward-looking information to better inform their credit loss estimates. This guidance also amends the accounting for credit losses on AFS debt securities and purchased financial assets with credit deterioration. The Company adopted this guidance effective January 1, 2023 using a modified retrospective approach. Upon adoption, the Company recorded a cumulative effect adjustment that increased the allowance for credit losses for loans and loan commitments by $3.0 million, increased deferred tax assets by $777,000 and decreased retained earnings by $2.1 million, net of tax. In March 2022, the FASB issued ASU 2022-02, Financial Instruments - Credit Losses (ASC 326): Troubled Debt Restructurings and Vintage Disclosures. ASU 2022-02 eliminates the accounting guidance for TDRs by creditors while enhancing disclosure requirements for certain loan refinancings and restructurings by creditors when a borrower is experiencing financial difficulty. The

Company adopted this guidance effective January 1, 2023, which did not have a material impact on its consolidated financial statements. In March 2020, the FASB issued ASU 2020-04, Reference Rate Reform (ASC 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting, which provided optional expedients and exceptions for applying GAAP to contracts, hedging relationships, and other transactions affected by reference rate reform if certain criteria are met. In December 2022, the FASB issued ASU 2022-06, Reference Rate Reform (ASC 848): Deferral of Sunset Date of Topic 848, which deferred the sunset date of ASC 848 from December 31, 2022, to December 31, 2024 because the current relief in ASC 848 did not cover the June 30, 2023 cessation date for the overnight 1-, 3-, 6-, and 12-month tenors of USD LIBOR. The Company's LIBOR-based financial instruments included loans and trust preferred securities. The required transition has been implemented successfully and LIBOR is no longer offered to clients as a floating rate loan index. The trust preferred securities have transitioned to SOFR. In June 2016, the FASB issued ASU No. 2016-13, Financial Instruments – Credit Losses ("ASC 326"), which requires the measurement of all expected credit losses for financial assets held at amortized cost to be based on historical experience, current condition, and reasonable and supportable forecasts. Roman','Times','serif';font-size:10pt;margin:0pt 0pt 0.05pt 0pt;">$ </td><td style="vertical-align:middle;white-space:nowrap;width:8.3%;border-bottom:3px double #000000;margin:0pt;padding:0pt;"> (64,608) </td></tr></table> Except for U.S. State and Municipal securities, the Company has a zero loss expectation for its HTM securities portfolio, and therefore has no ACL related to these securities. At June 30, 2024 and December 31, 2023, obligations of U.S. State and Municipal securities were rated investment grade and the associated ACL was immaterial. AFS securities in unrealized loss positions are evaluated for impairment related to credit losses on a quarterly basis. The unrealized losses on AFS securities are primarily due to the changes in market interest rates subsequent to purchase. In addition, the Company does not intend, nor would it be required, to sell these investments until there is a full recovery of the unrealized loss, which may be at maturity. As a result, no ACL was recognized during the three and six months ended June 30, 2024. The following tables summarize the amortized cost and fair value of AFS and HTM debt securities and equity investments and the corresponding amounts of gross unrealized gains and losses recognized in accumulated other comprehensive income (loss) and gross unrecognized gains and losses recognized in earnings (in thousands): <table style="border-collapse:collapse;font-size:16pt;height:max-content;margin-left:auto;margin-right:auto;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:middle;width:52.75%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:middle;white-space:nowrap;width:1.85%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:middle;white-space:nowrap;width:1.03%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:middle;white-space:nowrap;width:7.96%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:middle;white-space:nowrap;width:1.85%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:middle;white-

Except for one-to four-family loans and consumer loans, the Company analyzes loans individually by classifying the loans as to credit risk ratings at least annually. For one-to four-family loans and consumer loans, the Company evaluates credit quality based on the aging status of the loan. An analysis is performed on a quarterly basis for loans classified as special mention, substandard or doubtful. The Company uses the following definitions for risk ratings. Loans not meeting these definitions are considered to be pass-rated loans. Special Mention - Loans classified as special mention have a potential weakness that deserves management’s attention. If left uncorrected, these potential weaknesses may result in deterioration of the repayment prospects for the loan or of the Company’s credit position at some future date. Substandard - Loans classified as substandard are inadequately protected by the current net worth and paying capacity of the obligor or of the collateral pledged, if any. Loans so classified have a well-defined weakness or weaknesses that jeopardize the liquidation of the debt. They are characterized by the distinct possibility that the Company will sustain some loss if the deficiencies are not corrected. Doubtful - Loans classified as doubtful have all the weaknesses inherent in those classified as substandard, with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently existing facts, conditions and values highly questionable and improbable. <p style="font-

Secured borrowings are loan participation agreements with counterparties where the transfer of the participation interest did not qualify for sale treatment under GAAP. The Federal Reserve established the Bank Term Funding Program ("BTFP") on March 12, 2023 as a funding source for eligible depository institutions. The BTFP provides short-term liquidity (up to one year) against the par value of certain high-quality collateral, such as U.S. Treasury securities. The BTFP ceased making new loans as scheduled on March 11, 2024. At June 30, 2024, the Company had a $100.0 million FRB term loan under the BTFP that matures in January 2025 and has an interest rate of 4.87%. At June 30, 2024, the Company had cash on deposit with the Federal Reserve Bank of New York and available secured wholesale funding borrowing capacity of $3.4 billion. Borrowings consisted of the following (in thousands): <table style="border-collapse:collapse;font-size:16pt;height:max-content;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:bottom;width:43.14%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.64%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.03%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.96%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.64%;margin:0pt;padding:0pt;"> <div

style="font-family:'Times New Roman','Times','serif';font-size:10pt;font-weight:bold;margin:0pt 0pt 12pt 0pt;">NOTE 8 — STOCK COMPENSATION PLAN Equity Incentive Plan At June 30, 2024, the Company maintained three stock compensation plans, the 2022 Equity Incentive Plan (the “2022 EIP”), the 2019 Equity Incentive Plan (the “2019 EIP”) and the 2009 Equity Incentive Plan (the “2009 EIP”). The 2019 EIP expired on May 31, 2022 but has outstanding restricted stock awards subject to vesting schedules. The 2009 EIP has also expired but had outstanding stock options that were exercised in 2023. The 2022 EIP was approved on May 31, 2022 by the stockholders of the Company. On May 29, 2024, the stockholders of the Company approved the amendment and restatement of the 2022 EIP increasing the

*number of shares of common stock that may be issued under the plan by 358,000. Under the 2022 EIP as amended, the remaining maximum number of shares of stock that may be delivered to participants in the form of restricted stock, restricted stock units and stock options, including ISOs and non-qualified stock options is 288,095 at June 30, 2024, subject to adjustment as set forth in the 2022 EIP, plus any awards that are forfeited under the 2019 EIP after March 15, 2022. Stock Options At June 30, 2024, no stock options were outstanding. There was no compensation cost related to stock options during the three and six months ended June 30, 2024. There was no unrecognized compensation cost related to stock options at June 30, 2024 and December 31, 2023. Restricted Stock Awards and Restricted Stock Units The Company issued restricted stock awards and restricted stock units under the 2022 EIP, 2019 EIP and the 2009 EIP (collectively, “restricted stock grants”) to certain key personnel. Each restricted stock grant vests based on the vesting schedule outlined in the restricted stock grant agreement. Restricted stock grants are subject to forfeiture if the holder is not employed by the Company on the vesting date. In the first quarter of 2024 and 2023, 168,469 and 170,998 restricted stock grants were issued to certain key personnel, respectively. One-third of these shares vest each year for three years beginning on March 1, 2025 and March 1, 2024, respectively. Total compensation cost that has been charged against income for restricted stock grants was $1.8 million and $3.4 million for the three and six months ended June 30, 2024, respectively. Total compensation cost that has been charged against income for restricted stock grants was $1.6 million and $2.9 million for the three and six months ended June 30, 2023, respectively. As of June 30, 2024, there was $10.8 million of total unrecognized compensation expense related to the restricted stock awards. The cost is expected to be recognized over a weighted-average period of 1.98 years. In January 2024, 27,500 restricted shares were granted to members of the Board of Directors. These shares vest in January 2025. In January 2023, 27,500 restricted shares were granted to members of the Board of Directors. These shares vested in January 2024. Total expense for the awards granted to members of the Board of Directors was $337,000 and $674,000 for the three and six months ended June 30, 2024, respectively. Total expense for the awards granted to members of the Board of Directors was $388,000 and $777,000 for the three and six months ended June 30, 2023, respectively. As of June 30, 2024, total unrecognized expense for these awards was $682,000. The following table summarizes the changes in the Company’s restricted stock grants: <table style="border-collapse:collapse;font-size:16pt;height:max-content;margin-left:auto;margin-right:auto;padding-left:0pt;padding-right:0pt;width:80%;"><tr style="height:1pt;"><td style="vertical-align:bottom;white-space:nowrap;width:47.73%;margin:0pt;padding:0pt;"> <p style="font-family:'Times New***

style="font-family:'Times New Roman','Times','serif';font-size:10pt;font-weight:bold;margin:0pt 0pt 12pt 0pt;">NOTE 9 — FAIR VALUE OF FINANCIAL INSTRUMENTS The Company uses fair value measurements to record fair value adjustments to certain assets and derivative contracts, and to determine fair value disclosures. Other than derivative contracts, the Company did not have any liabilities that were measured at fair value at June 30, 2024 and December 31, 2023. AFS securities are recorded at fair value on a recurring basis. Additionally, from time to time, the Company may be required to record at fair value other assets or liabilities on a non-recurring basis, such as certain loans where the carrying value is based on the fair value of the underlying collateral. These non-recurring fair value adjustments generally involve the write-down of individual assets due to impairment losses. Accounting guidance establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value: Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date. Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data. <p style="font-family:'Times

New Roman','Times','serif';font-size:10pt;text-align:justify;margin:0pt 0pt 12pt 0pt;">Level 3: Significant unobservable inputs that reflect a reporting entity's own judgments about the assumptions that market participants would use in pricing an asset or liability. Assets and Liabilities Measured on a Recurring Basis Assets measured on a recurring basis are limited to the Company's AFS securities portfolio, equity investments, and derivative contracts. The AFS portfolio is carried at estimated fair value with any unrealized gains and losses, net of taxes, reported as accumulated other comprehensive income or loss in shareholders' equity. Equity investments are carried at estimated fair value with changes in fair value reported as "unrealized gain/(loss)" on the statements of operations. Outstanding derivative contracts designated as cash flow hedges are carried at estimated fair value with changes in fair value reported as accumulated other comprehensive income or loss in shareholders' equity. Outstanding derivatives not designated as hedges are carried at estimated fair value with changes in fair value reported as non-interest income. The fair values for substantially all of these assets are obtained monthly from an independent nationally recognized pricing service. On a quarterly basis, the Company assesses the reasonableness of the fair values obtained for the AFS portfolio by reference to a second independent nationally recognized pricing service. Based on the nature of these securities, the Company's independent pricing service provides prices which are categorized as Level 2 since quoted prices in active markets for identical assets are generally not available for the majority of securities in the Company's portfolio. Various modeling techniques are used to determine pricing for the Company's MBS, including option pricing and discounted cash flow models. The inputs to these models include benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and reference data. On an annual basis, the Company obtains the models, inputs and assumptions utilized by its pricing service and reviews them for reasonableness. Other than derivative contracts, the Company does not have any liabilities that were measured at fair value on a recurring basis. Assets measured at fair value on a recurring basis are summarized below (in thousands): <table style="border-collapse:collapse;font-size:16pt;height:max-content;margin-left:auto;margin-right:auto;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:bottom;width:43.58%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:2.12%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.25%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:10.24%;margin:0pt;padding:0pt;"> </td><td style="vertical-

Assets and Liabilities Not Measured on a Recurring Basis The Company has engaged independent pricing service providers to provide the fair values of its financial assets and liabilities not measured at fair value. These providers follow FASB's exit pricing guidelines, as required by ASC 820 Fair Value Measurement, when calculating the fair market value. Cash and cash equivalents include cash and due from banks and overnight deposits. The estimated fair values of cash and cash equivalents are assumed to equal their carrying values, as these financial instruments are either due on demand or have short-term maturities. For securities and the disability fund, if quoted market prices are not available for a specific security, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows. These pricing models primarily use market-based or independently sourced market parameters as inputs, including, but not limited to, yield curves, interest rates, equity or debt prices, and credit spreads. The estimated fair value of loans are measured at amortized cost using an exit price notion. Ownership in equity securities of the FRB and FHLB is generally restricted and there is no established liquid market for their resale. The fair values of deposit liabilities with no stated maturity (i.e., money market and savings deposits, and non-interest-bearing demand deposits) are equal to the carrying amounts payable on demand. Time deposits are valued using a replacement cost of funds approach. Trust preferred securities are valued using a replacement cost of funds approach. For all other assets and liabilities it is assumed that the carrying value equals their current fair value. There were no material assets measured at fair value on a non-recurring basis at June 30, 2024 and December 31, 2023. Carrying amounts and estimated fair values of financial instruments not carried at fair value were as follows (in thousands): <table style="border-collapse:collapse;font-size:16pt;height:max-content;margin-left:auto;margin-right:auto;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:bottom;width:41.75%;margin:0pt;padding:0pt;"><div

These financial instruments include commitments to extend credit. These instruments involve, to varying degrees, elements of credit and interest rate risk in excess of the amount recognized in the financial statements. The Company’s exposure to credit loss in the event of non-performance by the counterparty to the financial instrument for commitments to extend credit is represented by the contractual amount of those instruments. The Company uses the same credit policies in making commitments and conditional obligations as it does for on-balance-sheet instruments. The following off-balance-sheet financial instruments, whose contract amounts represent credit risk, are outstanding (in thousands): <table style="border-collapse:collapse;font-size:16pt;height:max-content;margin-left:auto;margin-right:auto;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:middle;white-space:nowrap;width:56.81%;margin:0pt;padding:0pt;">

any condition established in the contract. Commitments generally expire within two years. At June 30, 2024, the Company's fixed rate loan commitments had interest rates ranging from 3.0% to 9.5% and the Company's variable rate loan commitments had interest rates ranging from 6.0% to 12.5%. At December 31, 2023, the Company's fixed rate loan commitments had interest rates ranging from 3.0% to 9.5% and the Company's variable rate loan commitments had interest rates ranging from 6.0% to 12.5%. The amount of collateral obtained, if any, by the Company upon extension of credit is based on management's credit evaluation of the borrower. Collateral held varies but may include mortgages on commercial and residential real estate, security interests in business assets, equipment, deposit accounts with the Company or other financial institutions and securities. The Company's stand-by letters of credit amounted to $41.7 million and $59.5 million as of June 30, 2024 and December 31, 2023, respectively. The Company's stand-by letters of credit are collateralized by interest-bearing accounts of $32.6 million and $36.2 million as of June 30, 2024 and December 31, 2023, respectively. Legal and Regulatory Proceedings There have been and continue to be ongoing investigations by governmental entities concerning a prepaid debit card product program that was offered by GPG. During the early stages of the COVID-19 pandemic, third parties used this prepaid debit card product to establish unauthorized accounts and to receive unauthorized government benefits payments, including unemployment insurance benefits payments made pursuant to the Coronavirus Aid, Relief, and Economic Security Act from many states. The Company ceased accepting new accounts from this program manager in July 2020 and exited its relationship with this program manager in August 2020. The Company has cooperated and continues to cooperate in these investigations and continues to review this matter. In 2023, the Bank entered into separate consensual resolutions with each of the FRB and the NYSDFS with respect to their investigations, each of which investigations is now closed as a result of such orders. In addition to the matters described above, the Company is subject to various other pending and threatened legal actions relating to the conduct of its business activities, as well as inquiries and investigations from regulators. While the future outcome of litigation or regulatory matters cannot be determined at this time, in the opinion of management, as of June 30, 2024, the aggregate liability, if any, arising out of any such other pending or threatened matters are not expected to be material to the Company's financial condition, results of operations, and liquidity. The following off-balance-sheet financial instruments, whose contract amounts represent credit risk, are outstanding (in thousands): <table style="border-collapse:collapse;font-size:16pt;height:max-content;margin-left:auto;margin-right:auto;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:middle;white-space:nowrap;width:56.81%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:middle;white-space:nowrap;width:1.64%;margin:0pt;padding:0pt;"> <p

A standard deposit contract exists between the Company and all deposit clients. The Company earns fees from its deposit clients for transaction-based services (such as ATM use fees, stop payment charges, statement rendering, and ACH fees), account maintenance, and overdraft services. Transaction-based fees are recognized at the time the transaction is executed as that is the point in time the Company fulfills the client's request. Account maintenance fees, which relate primarily to monthly maintenance, are earned over the course of a month,

representing the period over which the Company satisfies the performance obligation. Overdraft fees are recognized at the point in time that the overdraft occurs. Service charges on deposits are withdrawn from the client's account balance. Global payment group revenue The Company offers corporate cash management and retail banking services and, through its global payments business, provides services to non-bank financial service companies. The Company earns initial set-up fees for these programs as well as fees for transactions processed. The Company receives transaction data at the end of each month for services rendered, at which time revenue is recognized. Additionally, service charges specific to GPG clients' deposits are recognized within GPG revenue. Other service charges The primary component of other service charges relates to letter of credit fees and FX conversion fees. The Company outsources FX conversion for foreign currency transactions to correspondent banks. The Company earns a portion of an FX conversion fee that the client charges to process an FX conversion transaction. Revenue is recognized at the end of the month once the client has remitted the transaction information to the Company. The following table presents the Company's revenue from contracts with customers (in thousands): <table style="border-collapse:collapse;font-size:16pt;height:max-content;margin-left:auto;margin-right:auto;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:bottom;white-space:nowrap;width:33.69%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:2.34%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.78%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:11.85%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:2.33%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.78%;margin:0pt;padding:0pt;"> <p style="font-family:'Times New

style="font-family:'Times New Roman','Times','serif';font-size:10pt;font-weight:bold;text-align:justify;margin:0pt 0pt 12pt 0pt;">NOTE 13 — DERIVATIVES On occasion, the Company enters into derivative contracts as a part of its asset liability management strategy to help manage its interest rate risk position. At June 30, 2024, these derivatives had a notional amount of $550.0 million and contractual maturities ranging from August 1, 2025 to March 23, 2026. The notional amount of the derivatives does not represent the amount exchanged by the parties. The derivatives were designated as cash flow hedges of certain deposit liabilities and borrowings of the Company. The hedges were determined to be highly effective during the three and six months ended June 30, 2024. The Company expects the hedges to remain highly effective during the remaining term of the derivatives. In addition, the Company periodically enters into certain commercial loan interest rate swap agreements to provide commercial loan clients the ability to convert loans from variable to fixed interest rates. Under these agreements, the Company enters into a variable-rate loan agreement with a client in addition to a swap agreement. This swap agreement effectively converts the client’s variable rate loan into a fixed rate loan. The Company then enters into a corresponding swap agreement with a third party to offset its exposure on the variable and fixed components of the client agreement. As the interest rate swap agreements with the clients and third parties are not designated as hedges, the instruments are marked to market in earnings. At June 30, 2024, these interest rate swaps have a notional amount of $69.0 million and a contractual maturity of August 15, 2028. The following tables reflect the derivatives recorded on the balance sheet (in thousands): <table style="border-collapse:collapse;font-size:16pt;height:max-content;margin-left:auto;margin-right:auto;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:bottom;white-space:nowrap;width:53.41%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:1.69%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:2.37%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:11.45%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:1.69%;margin:0pt;padding:0pt;"><div
