FORWARD-LOOKING STATEMENTS

This report contains information that may constitute "forward-looking statements." Generally, the words "believe," "expect," "intend," "estimate," "anticipate," "project," "will," "may" and similar expressions identify forward-looking statements, which generally are not historical in nature. All statements that address future operating performance and events or developments that we expect or anticipate will occur in the future, including statements relating to future operating results, improvements in our information technology and data security infrastructure, including as a part of our cloud data and technology transformation, our strategy, the expected financial and operational benefits, synergies and growth from our acquisitions, changes in U.S. and worldwide economic conditions, such as **rising changes in interest rates and inflation, that materially impact consumer spending, home prices, investment values, consumer debt, and employment unemployment rates** and the demand for Equifax's products and services, our culture, our ability to innovate, the market acceptance of new products and services and similar statements about our business plans are forward-looking statements. Management believes that these forward-looking statements are reasonable as and when made. However, forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from the Company's historical experience and our present expectations or projections, including without limitation our expectations regarding the Company's outlook, long-term organic and inorganic growth, and customer acceptance of our business solutions referenced **above below** under "Item 1. Business" and below in "Item 7. 2. Management's Discussion and Analysis of Financial Condition and Results of Operation — Business Overview." These risks and uncertainties include, but are not limited to, those described in Part II, "Item 1A. Risk Factors," **Factors** and elsewhere in our Annual Report on Form 10-K for the year ended **December 31, 2022 December 31, 2023, as well as subsequent and those described from time to time in our future reports filed with the United States Securities and Exchange Commission, Commission ("SEC")**. As a result of such risks and uncertainties, we urge you not to place undue reliance on any such forward-looking statements. Forward-looking statements speak only as of the date when made. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.

EQUIFAX INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

September 30, 2023 **March 31, 2024**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As used herein, the terms Equifax, the Company, we, our and us refer to Equifax Inc., a Georgia corporation, and its consolidated subsidiaries as a combined entity, except where it is clear that the terms mean only Equifax Inc.

Nature of Operations. We collect, organize and manage various types of financial, demographic, employment, criminal justice data and marketing information. Our products and services enable businesses to make credit and service decisions, manage their portfolio risk, automate or outsource certain payroll-related, tax and human resources business processes, and develop marketing strategies concerning consumers and commercial enterprises. We serve customers across a wide range of industries, including the financial services, mortgage, retail, telecommunications, utilities, automotive, brokerage, healthcare and insurance industries, as well as government agencies. We also enable consumers to manage and protect their financial health through a portfolio of products offered directly to consumers. As of **September 30, 2023** **March 31, 2024**, we operated in the following countries: Argentina, Australia, Brazil, Canada, Chile, Costa Rica, Dominican Republic, Ecuador, El Salvador, Honduras, India, Ireland, Mexico, New Zealand, Paraguay, Peru, Portugal, Spain, the United Kingdom or ("U.K."), Uruguay and the United States of America or ("U.S."). We also have investments in consumer and/or commercial credit information companies through joint ventures in Brazil, Cambodia, Malaysia and Singapore. **On August 7, 2023, we purchased the remaining interest in our equity investment in a consumer and commercial credit information company in Brazil.**

We develop, maintain and enhance secured proprietary information databases through the compilation of consumer specific data, including credit, income, employment, criminal justice data, asset, liquidity, net worth and spending activity, and business data, including credit and business demographics, that we obtain from a variety of sources, such as credit granting institutions, payroll processors, and income and tax information primarily from large to mid-sized companies in the U.S. We process this information utilizing our proprietary information management systems. We also provide information, technology and services to support debt collections and recovery management.

Basis of Presentation. The accompanying unaudited Consolidated Financial Statements and the accompanying notes have been prepared in accordance with U.S. generally accepted accounting principles, or GAAP, the instructions to Form 10-Q and applicable sections of SEC Regulation S-X. This Form 10-Q should be read in conjunction with the Consolidated Financial Statements and the notes thereto included in our annual report Annual Report on Form 10-K for the year ended December 31, 2022 December 31, 2023 ("2022 2023 Form 10-K").

Our unaudited Consolidated Financial Statements reflect all adjustments which are, in the opinion of management, necessary for a fair presentation of the periods presented and are of a normal recurring nature.

Earnings Per Share. Our basic earnings per share, or EPS, is calculated as net income attributable to Equifax divided by the weighted-average number of common shares outstanding during the reporting period. Diluted EPS is calculated to reflect the potential dilution that would occur if stock options or other contracts to issue common stock were exercised and resulted in additional common shares outstanding. The net income amounts used in both our basic and diluted EPS calculations are the same. A reconciliation of the weighted-average outstanding shares used in the two calculations is as follows:

		Three Months Ended September 30, 2023		Nine Months Ended September 30, 2023			
		2023	2022	2023	2022		
						(In millions)	
Weighted-average shares outstanding (basic)	Weighted-average shares outstanding (basic)	123.0	122.4	122.7	122.3		
Effect of dilutive securities:	Effect of dilutive securities:						
Effect of dilutive securities:	Effect of dilutive securities:						
Stock options and restricted stock units	Stock options and restricted stock units						
Stock options and restricted stock units	Stock options and restricted stock units	0.9	0.9	0.9	1.0		
Weighted-average shares outstanding (diluted)	Weighted-average shares outstanding (diluted)	123.9	123.3	123.6	123.3		
Weighted-average shares outstanding (diluted)	Weighted-average shares outstanding (diluted)						
Weighted-average shares outstanding (diluted)	Weighted-average shares outstanding (diluted)						

For the three and nine months ended **September 30, 2023** **March 31, 2024** and **2022**, stock options that were anti-dilutive were not material.

Financial Instruments. Our financial instruments consist primarily of cash and cash equivalents, accounts receivable, accounts payable and short and long-term debt. The carrying amounts of these items, other than long-term debt, approximate their fair market values due to the short-term nature of these instruments. The fair value of our fixed-rate debt is determined using Level 2 inputs such as quoted market prices for publicly traded instruments, and for non-publicly traded instruments, through valuation techniques depending on the specific characteristics of the debt instrument, taking into account credit risk. As of **September 30, 2023** **March 31, 2024** and **December 31, 2022** **December 31, 2023**, the fair value of our long-term debt, including the current portion, **based on observable inputs was \$5.1 billion and \$4.8 billion** **\$5.3 billion**, compared to its carrying value of **\$5.6 billion and \$5.5 billion**, respectively, for both periods.

Fair Value Measurements. Fair value is determined based on the assumptions marketplace participants use in pricing an asset or liability. We use a three level fair value hierarchy to prioritize the inputs used in valuation techniques between observable inputs that reflect quoted prices in active markets, inputs other than quoted prices with observable market data and unobservable data (e.g., a company's own data).

Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis. We did not complete any acquisitions during the three months ended March 31, 2024 and we completed two acquisitions during the nine months ended September 30, 2023 and multiple acquisitions during the year ended **December 31, 2022** **December 31, 2023**. The values of net assets acquired were recorded at fair value using Level 3 inputs. The majority of the related current assets acquired and liabilities assumed were recorded at their carrying values as of the date of acquisition, as their carrying values approximated their fair values due to their short-term nature. The fair values of definite-lived intangible assets acquired in these acquisitions were estimated primarily based on the income approach, and cost approaches. The income approach estimates fair value based on the present value of the cash flows that the assets are expected to generate in the future. We developed internal estimates for the expected cash flows and discount rates in the present value calculations. The cost approach estimates fair value based on determining the amount of money required to replace the asset with another asset with equivalent utility or future service capability.

Trade Accounts Receivable and Allowance for Doubtful Accounts. Accounts receivable are stated at cost and are due in less than a year. Significant payment terms for customers are identified in the contract. We do not recognize interest income on our trade accounts receivable. Additionally, we generally do not require collateral from our customers related to our trade accounts receivable.

The allowance for doubtful accounts is based on management's estimate for expected credit losses for outstanding trade accounts receivables. We determine expected credit losses based on historical write-off experience, an analysis of the aging of outstanding receivables, customer payment patterns, the establishment of specific reserves for customers in an adverse financial condition and adjusted based upon our expectations of changes in macroeconomic conditions that may impact the collectability of outstanding receivables. We reassess the adequacy of the allowance for doubtful accounts each reporting period. Increases to the allowance for doubtful accounts are recorded as bad debt expense, which are included in selling, general and administrative expenses on the accompanying Consolidated Statements of Income. Below is a rollforward of our allowance for doubtful accounts for the three and nine months ended **September 30, 2023** **March 31, 2024** and **2022**, respectively.

Allowance for doubtful accounts, end of period				
Allowance for doubtful accounts, end of period				

Other Current Assets. Other current assets on our Consolidated Balance Sheets primarily include amounts receivable from tax authorities and related to vendor rebates and from tax authorities rebates. Other current assets also include amounts in specifically designated accounts that hold the funds that are due to customers from our debt collection and recovery management services. As of September 30, 2023 March 31, 2024, these assets were \$28.7 \$29.9 million, with a corresponding balance in other current liabilities. These amounts are restricted as to their current use and will be released according to the specific customer agreements.

Other Assets. Other assets on our Consolidated Balance Sheets primarily represent our investments in unconsolidated affiliates, the Company's operating lease right-of-use assets, employee benefit trust assets, assets related to life insurance policies covering certain officers of the Company and long-term deferred tax assets.

Equity Investment. On August 7, 2023, we purchased the remaining interest of our equity investment in Boa Vista Serviços S.A. ("BVS"), a consumer and commercial credit information bureau in Brazil. Up until the date of acquisition, we

recorded this equity investment within Other Assets at fair value, using observable Level 1 inputs. The carrying value of the

investment was adjusted to \$88.9 \$77.3 million as of the close date, August 7, 2023, based on quoted market prices, resulting in a loss of \$0.2 million and a gain of \$7.0 million for the three and nine months ended September 30, 2023, respectively. The carrying value of the investment was \$58.0 million as of September 30, 2022 March 31, 2023, resulting in an unrealized gain of \$5.7 million and unrealized loss of \$0.7 \$3.1 million for the three and nine months ended September 30, 2022 March 31, 2023, respectively. All unrealized gains or losses on this investment were which was recorded in Other income, net within the Consolidated Statements of Income.

During the nine months ended September 30, 2023, in addition to the BVS activity mentioned above, we sold our interest in a separate equity investment. The overall sale proceeds exceeded the total carrying value of the investments, and we have recorded a gain of \$6.2 million in Other income, net within the Consolidated Statements of Income. During the nine months ended September 30, 2022, we sold our interest in two other equity investments. The overall sale proceeds exceeded the total carrying value of the investments, and we recorded a total gain of \$27.5 million in Other income, net within the Consolidated Statements of Income for the nine months ended September 30, 2022.

Other Current Liabilities. Other current liabilities on our Consolidated Balance Sheets consist of the current portion of our operating lease liabilities and various accrued liabilities such as interest expense, income taxes, accrued employee benefits, and insurance expense. Other current liabilities also include the offset to other current assets related to amounts in specifically designated accounts that hold the funds that are due to customers from our debt collection and recovery management services. As of September 30, 2023 March 31, 2024, these funds were \$28.7 \$29.9 million. These amounts are restricted as to their current use and will be released according to the specific customer agreements.

Redeemable Noncontrolling Interest. As part of the merger consideration issued to complete the acquisition of BVS, we issued shares of one of our subsidiaries, Equifax do Brasil, thus resulting in Accounting Principle. In October 2021, a noncontrolling interest. We recognized the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2021-08 "Business Combinations (Topic 805): Accounting for Contract Assets and Contract Liabilities from Contracts with Customers." The update provides clarifying guidance to reduce diversity in practice stating that contract assets, contract liabilities and deferred revenue acquired in business combinations should be measured in accordance with Accounting Standards Topic 606, rather than the noncontrolling interest at fair value principles at the date of Accounting Standards Topic 805. ASU 2021-08 is effective for all public business entities for annual acquisition. These shares were issued with specific rights allowing the holders to sell the shares back to Equifax, at fair value during specified future time periods starting at the fifth anniversary and only when certain conditions exist. Additionally, the shareholder agreements provide Equifax the right to buy the shares back at fair value at future dates beginning after December 15, 2022. This guidance must be applied on a prospective basis. As the tenth anniversary of January 1, 2023, we have adopted the acquisition, however Equifax is not required to exercise this standard as it relates to our current year business combinations. The adoption of this guidance did not have a material impact on our financial position, results of operations or cash flows, right at any point.

We determined that the noncontrolling interest shareholder rights meet the requirements to be considered redeemable. Therefore, we have classified the noncontrolling interest outside of permanent equity within our Consolidated Balance Sheet. Currently, the noncontrolling interest is not redeemable but it is probable that it will become redeemable in the future.

The redeemable noncontrolling interest is reflected using the redemption method as of the balance sheet date. Redeemable noncontrolling interest adjustments to the redemption values are reflected in retained earnings. The adjustment of redemption value at the period end that reflects a redemption value to an amount other than fair value is included as an adjustment to net income attributable to Equifax stockholders for the purposes of the calculation of earnings per share. None of the current period adjustments reflect a redemption value in excess of fair value.

The Company's redeemable noncontrolling interests activities for the three months ended March 31, 2024 are summarized as follows:

	Three Months Ended March 31, 2024
	(In millions)
Redeemable noncontrolling interests:	
Redeemable noncontrolling interests, beginning of period	\$ 135.1
Effect of foreign currency translation attributable to redeemable noncontrolling interest	(3.5)
Redeemable noncontrolling interests, end of period	\$ 131.6

Recent Adoption of New Accounting Pronouncements. Standards. Reference Rate Reform. In March 2020, the FASB issued ASU No. 2020-04 "Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting." The update provides optional guidance for a limited period of time to ease the potential burden in accounting for (or recognizing the effects of) contract modifications on financial reporting, caused by reference rate reform. ASU 2020-04 is effective for all entities as of March 12, 2020 through December 31, 2022. In December 2022, the FASB issued ASU No. 2022-06 "Reference Rate Reform (Topic 848): Deferral of the Sunset Date of Topic 848." The update extends the sunset date from ASU No. 2020-04 from December 31, 2022, to December 31, 2024. After this date, entities will no longer be permitted to apply the relief in Topic 848. The adoption of the standard did not have a material impact on our Consolidated Financial Statements.

Recent Accounting Pronouncements. Stock Compensation. In March 2024, the FASB issued ASU No. 2024-01 "Compensation—Stock Compensation (Topic 718): Scope Application of Profits Interest and Similar Awards." The amendments in this update clarify how an entity determines whether a profits interest or similar award ("profits interest award") is (1) within the scope of ASC 718 or (2) not a share-based payment arrangement and should be accounted for in a manner similar to a cash bonus or profit-sharing arrangement under ASC 710 or other ASC topics. The amendments specifically add an illustrative example that includes four fact patterns to demonstrate how an entity should apply the scope guidance in paragraph 718-10-15-3 to determine whether a profits interest award should be accounted for in accordance with Topic 718. The fact patterns in the illustrative example focus on the scope conditions in paragraph 718-10-15-3. The illustrative example is intended

to reduce (1) complexity in determining whether a profits interest award is subject to the guidance in Topic 718 and (2) existing diversity in practice. The amendments in this update are effective for annual periods beginning after December 15, 2024, and interim periods within those annual periods. We are still evaluating whether this update will impact the way we account for our stock-based compensation awards.

Income Taxes. In December 2023, the FASB issued ASU No. 2023-09 "Income Taxes (Topic 740): Improvements to Income Tax Disclosures." The new ASU requires public business entities, on an annual basis, to provide a tabular rate reconciliation (using both percentages and reporting currency amounts) of (1) the reported income tax expense (or benefit) from continuing operations, to (2) the product of the income (or loss) from continuing operations before income taxes and the applicable statutory federal (national) income tax rate of the jurisdiction (country) of domicile using specific categories and separate disclosure for any reconciling items within certain categories that are equal to or greater than a specified quantitative threshold. A public business entity is required to provide an explanation, if not otherwise evident, of the individual reconciling items disclosed, such as the nature, effect, and underlying causes of the reconciling items and the judgment used in categorizing the reconciling items. For each annual period presented, the ASU requires all reporting entities to disclose the year-to-date amount of income taxes paid (net of refunds received) disaggregated by federal (national), state, and foreign. It also requires additional disaggregated information on income taxes paid (net of refunds received) to an individual jurisdiction equal to or greater than 5% of total income taxes paid (net of refunds received). The ASU requires that all reporting entities disclose income (or loss) from continuing operations before income tax expense (or benefit) disaggregated between domestic and foreign, and income tax expense (or benefit) from continuing operations disaggregated by federal (national), state, and foreign. The ASU is effective for public entities for annual periods beginning after December 15, 2024. We are still evaluating the impact on our financial statement disclosures.

Segment Reporting. In November 2023, the FASB issued ASU No. 2023-07 "Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures." The amendments in this update address the requirement for a public entity to disclose its significant segment expense categories and amounts for each reportable segment. A significant segment expense is any significant expense incurred by the segment, including direct expenses, shared expenses, allocated corporate overhead, or interest expense that is regularly reported to the chief operating decision maker and is included in the measure of segment profit or loss. The disclosure of significant segment expenses is in addition to the current specifically-enumerated segment expenses required to be disclosed, such as depreciation and interest expense. If a public entity does not disclose any significant segment expenses for a reportable segment, it is required to disclose narratively the nature of the expenses used by the chief operating decision maker to manage the segment's operations. The ASU is effective for public entities for fiscal years beginning after December 15, 2023, and interim periods in fiscal years beginning after December 15, 2024. We are still evaluating the impact, but do not expect the adoption of the standard to have a material impact on our Consolidated Financial Statements.

Business Combinations. In August 2023, the FASB issued ASU No. 2023-05 "Business Combinations—Joint Venture Formations (Subtopic 805-60): Recognition and Initial Measurement." The amendments in this update address the accounting for contributions made to a joint venture, upon formation, in a joint venture's separate financial statements. The update requires that a joint venture apply a new basis of accounting upon formation. By applying a new basis of accounting, a joint venture, upon formation, will recognize and initially measure its assets and liabilities at fair value (with exceptions to fair value measurement that are consistent with the business combinations guidance). The amendments in this update are effective prospectively for all joint venture formations with a formation date on or after January 1, 2025. This update will impact us if we enter into any joint venture agreements after January 1, 2025 and we will evaluate the impact accordingly.

2. REVENUE

Revenue Recognition. Based on the information that management reviews internally for evaluating operating segment performance and nature, amount, timing, and uncertainty of revenue and cash flows affected by economic factors, we disaggregate revenue as follows:

Consolidated Operating Revenue	Three Months Ended September 30,				Nine Months Ended September 30,			
	2023	2022	\$	%	2023	2022	\$	%
(In millions)								
Verification Services	\$ 459.3	\$ 454.5	\$ 4.8	1 %	\$ 1,389.1	\$ 1,472.4	\$ (83.3)	(6)%
Employer Services	117.9	104.4	13.5	13 %	367.2	344.7	22.5	7 %
Total Workforce Solutions	577.2	558.9	18.3	3 %	1,756.3	1,817.1	(60.8)	(3)%
Online Information Solutions	348.2	314.4	33.8	11 %	1,047.8	987.5	60.3	6 %

Total operating revenue	\$ 1,389.4	\$ 1,302.0	\$ 87.4	7 %		

Remaining Performance Obligation – We have elected to disclose only the remaining performance obligations for those contracts with an expected duration of greater than one year and do not disclose the value of remaining performance obligations for contracts in which we recognize revenue at the amount to which we have the right to invoice. We expect to recognize as revenue the following amounts related to our remaining performance obligations as of September 30, 2023 March 31, 2024, inclusive of foreign exchange impact:

Performance Obligation	Amount
(In millions)	
Less than 1 year	\$ 25.7 27.9
1 to 3 years	28.9 32.1
3 to 5 years	14.3 14.7
Thereafter	21.8 18.6
Total remaining performance obligation	\$ 90.7 93.3

3. ACQUISITIONS AND INVESTMENTS

2023 Acquisitions and Investments. In the first quarter of 2023, the Company acquired a company in Canada within the International operating segment.

Acquisition of Boa Vista Serviços

On August 7, 2023, we acquired the remaining interest of our investment in Boa Vista Serviços S.A. ("BVS"), a consumer and commercial credit information company in Brazil, within the International operating segment for approximately \$510 million in cash, 2,171,615 shares of Equifax do Brasil, and 479,725 shares of Equifax Inc. common stock (the "Acquisition"). We previously owned a 10% investment in BVS.

The following table summarizes the fair value of consideration exchanged to complete the acquisition of BVS:

Fair value of consideration	Amount
	(In millions)
Cash transferred (1)	\$ 509.7
Equifax do Brasil common shares issued (2)	176.4
Equifax Brazilian Depositary Receipts ("Equifax BDRs") issued (3)	94.6
Fair value of 10% investment	88.9
Total value of consideration	\$ 869.6

(1) The cash transferred represents the actual cash transferred as part of the transaction. The cash portion of the consideration was funded primarily with borrowings under our commercial paper program.

(2) The fair value of the 2,171,615 Equifax do Brasil common shares issued was determined based on the offer price for the outstanding BVS shares.

(3) One Equifax BDR represents one share of Equifax Inc. common stock. The fair value of the 479,725 Equifax BDRs issued was determined based on the share price of Equifax Inc. as of August 7, 2023.

The Company accounted for this acquisition in accordance with ASC 805, Business Combinations, which requires the assets acquired and the liabilities assumed to be measured at fair value at the date of the acquisition. The purchase price allocation for the acquisition is not yet finalized and open areas relate to measurement of intangible assets, noncontrolling interest, income taxes, working capital and other reserves, as well as the assignment of goodwill recognized in the transaction. Accordingly, adjustments may be made to the values of the assets acquired and liabilities assumed as additional information is obtained about the facts and circumstances that existed at the valuation date.

The preliminary valuation of acquired assets and assumed liabilities at the date of the acquisition, include the following:

Net assets acquired:	Amount
	(In millions)
Cash and cash equivalents	\$ 239.5
Trade accounts receivable and other current assets	36.2
Other assets, net	48.6
Purchased intangible assets (1)	241.9
Goodwill (2)	407.2
Total assets acquired	973.4
Total liabilities assumed	(103.8)
Net assets acquired	\$ 869.6

(1) Purchased intangible assets are further disaggregated in the following table.

(2) The goodwill related to BVS is included in the Latin America reporting unit within our International reportable segment.

The goodwill recognized in connection with the transaction was due to expanded growth opportunities from expanding geographically into Brazil, and from the opportunity to create new or enhanced product offerings, as well as cost savings from improved technology and the elimination of duplicative activities that are not recognized as assets apart from goodwill.

Purchased intangible assets	Amount	Weighted-average useful life
	(In millions)	(In years)
Customer relationships	\$ 172.4	10.0
Purchased data files	64.3	15.0
Trade names and other intangible assets	5.2	2.4
Total acquired definite-lived intangibles	\$ 241.9	11.2

Redeemable Noncontrolling Interest

As part of the merger consideration issued to complete the acquisition of BVS, we issued shares of one of our subsidiaries, Equifax do Brasil, thus resulting in a noncontrolling interest. We recognized the noncontrolling interest at fair value at the date of acquisition. These shares were issued with specific rights allowing the holders to sell the shares back to Equifax, at fair value during specified future time periods starting at the fifth anniversary and only when certain conditions exist. Additionally, the shareholder agreements provide Equifax the right to buy the shares back at fair value at future dates beginning after the tenth anniversary of the acquisition, however Equifax is not required to execute this right at any point.

We determined the noncontrolling interest shareholder rights meet the requirements to be considered redeemable. Therefore we have classified the noncontrolling interest outside of permanent equity on our consolidated balance sheet.

Currently, the noncontrolling interest is not redeemable but it is probable that it will become redeemable in the future. Therefore we will recognize changes in the redemption value as of each balance sheet date.

2022 Acquisitions and Investments. In the first quarter of 2022, the Company acquired 100% of Efficient Hire, a provider of cloud recruiting, onboarding and human resources management solutions, within the Workforce Solutions operating segment, and Data Crédito, a consumer credit reporting agency in the Dominican Republic, within the International operating segment.

In the third quarter of 2022, the Company acquired 100% of LawLogix, a leading provider of cloud-based I-9 software and immigration case management software, within the Workforce Solutions operating segment, and Midigator, a provider of post-transaction fraud mitigation solutions, within the U.S. Information Solutions business segment.

4. GOODWILL AND INTANGIBLE ASSETS

Goodwill. Goodwill represents the cost in excess of the fair value of the net assets acquired in a business combination. Goodwill is tested for impairment at the reporting unit level on an annual basis and on an interim basis if an event occurs or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying value. We perform our annual goodwill impairment test as of **September 30, December 1**.

Our annual goodwill impairment testing was completed during the third quarter of 2023. The estimated fair value for all reporting units exceeded the carrying value for those units as of September 30, 2023. As a result, no goodwill impairment was recorded.

Changes in the amount of goodwill for the **nine** **three** months ended **September 30, 2023** **March 31, 2024**, are as follows:

	U.S.			
	Workforce Solutions	Information Solutions	International	Total
Balance, December 31, 2022	\$ 2,520.8	\$ 2,004.8	\$ 1,858.3	\$ 6,383.9

Balance, March 31, 2024	<u>\$ 2,520.1</u>	<u>\$ 2,006.2</u>	<u>\$ 2,235.0</u>	<u>\$ 6,761.3</u>

Indefinite-Lived Intangible Assets. Indefinite-lived intangible assets consist of indefinite-lived reacquired rights representing the value of rights which we had granted to various affiliate credit reporting agencies that were reacquired in the U.S. and Canada. At the time we acquired these agreements, they were considered perpetual in nature under the accounting guidance in place at that time and, therefore, the useful lives are considered indefinite. Indefinite-lived intangible assets are not

amortized. We are required to test indefinite-lived intangible assets for impairment annually and whenever events or circumstances indicate that there may be an impairment of the asset value. We perform our annual indefinite-lived intangible asset **annual** **impairment** test as of **September 30, The** **December 1, at which point the** estimated fair value of our indefinite-lived **intangible assets** **intangibles** exceeded the carrying **value** as of **September 30, 2023**. As a result, no **impairment was recorded**. **value**. Our indefinite-lived intangible asset carrying amounts did not change materially during the **nine** **three** months ended **September 30, 2023** **March 31, 2024**.

Purchased Intangible Assets. Purchased intangible assets represent the estimated acquisition date fair value of acquired intangible assets used in our business. Purchased data files represent the estimated fair value of consumer and commercial data files acquired through our acquisitions of various companies, including a fraud and identity solutions provider and independent credit reporting agencies in the U.S., Australia, Brazil, Canada and Dominican Republic and Canada. We expense the cost of modifying and updating credit files in the period such costs are incurred. We amortize all of our purchased intangible assets on a straight-line basis. For additional information about the useful lives related to our purchased intangible assets, see Note 1 of the Notes to Consolidated Financial Statements in our 2022 Form 10-K.

Purchased intangible assets, net, recorded on our Consolidated Balance Sheets at September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023 consisted of the following:

	September 30, 2023			December 31, 2022

5.1% Senior Notes. In May 2023, we issued \$700.0 million aggregate principal amount of 5.1% five-year Senior Notes due 2028 (the "2028 Notes") in an underwritten public offering. Interest on the 2028 Notes accrues at a rate of 5.1% per year and is payable semi-annually in arrears on June 1 and December 1 of each year. The net proceeds of the sale of the 2028 Notes were ultimately used to repay our then-outstanding \$400.0 million 3.95% Senior Notes due June 2023 at maturity. The remaining proceeds were used for general corporate purposes, including the repayment of borrowings under our commercial paper program. We must comply with various non-financial covenants, including certain limitations on mortgages, liens and sale-leaseback transactions, as well as mergers and sales of substantially all of our assets. The 2028 Notes are unsecured and rank equally with all of our other unsecured and unsubordinated indebtedness.

5.1% Senior Notes. In September 2022, we issued \$750.0 million aggregate principal amount of 5.1% five-year Senior Notes due 2027 (the "2027 Notes") in an underwritten public offering. Interest on the 2027 Notes accrues at a rate of 5.1% per year and is payable semi-annually in arrears on June 15 and December 15 of each year. The net proceeds of the sale of the 2027 Notes were ultimately used to repay, in October 2022, our then-outstanding \$500.0 million 3.30% Senior Notes due December 2022. The remaining proceeds were used for general corporate purposes, including the repayment of borrowings under our commercial paper program. We must comply with various non-financial covenants, including certain limitations on mortgages, liens and sale-leaseback transactions, as well as mergers and sales of substantially all of our assets. The 2027 Notes are unsecured and rank equally with all of our other unsecured and unsubordinated indebtedness.

Senior Credit Facilities. We have access to a \$1.5 billion five-year unsecured revolving credit facility (the "Revolver") and a \$700.0 million delayed draw term loan ("Term Loan"), collectively known as the "Senior Credit Facilities," both of which mature in August 2026. In March 2023, we amended our Senior Credit Facilities agreement to adjust our

debt covenant requirements and incorporate the Secured Overnight Financing Rate (SOFR) into our agreement, among other changes. Borrowings under the Senior Credit Facilities may be used for working capital, for capital expenditures, to refinance existing debt, to finance acquisitions and for other general corporate purposes. The Revolver includes an option to request a maximum of three one-year extensions of the maturity date any time after the first anniversary of the closing date of the Revolver. Availability of the Revolver is reduced by the outstanding principal balance of our commercial paper CP notes and by any letters of credit issued under the Revolver. As of September 30, 2023 March 31, 2024, there were \$483.5 million \$112.5 million of outstanding commercial paper CP notes, \$0.4 million of letters of credit outstanding, no outstanding borrowings under the Revolver and \$700.0 \$691.3 million outstanding under the Term Loan. Availability under the Revolver was \$1,016.1 million \$1,387.1 million at September 30, 2023 March 31, 2024.

Commercial Paper Program. Our \$1.5 billion commercial paper ("CP") CP program has been established through the private placement of commercial paper CP notes from time-to-time, in which borrowings may bear interest at either a variable or a fixed rate, plus the applicable margin. Maturities of CP can range from overnight to 397 days. Because the CP is backstopped by our Revolver, the amount of CP which may be issued under the program is reduced by the outstanding face amount of any letters of credit issued and by the outstanding borrowings under our Revolver. At September 30, 2023 March 31, 2024, there were \$483.5 million \$112.5 million of outstanding CP notes. We have

disclosed the net short-term borrowing activity for the nine three months ended September 30, 2023 March 31, 2024 in the Consolidated Statements of Cash Flows. There are were no CP borrowings or payments with a maturity date greater than 90 days and less than 365 days for the nine three months ended March 31, 2024. The amount disclosed includes CP borrowings of \$97.0 million and payments of \$108.8 million with a maturity date greater than 90 days and less than 365 days for the three months ended September 30, 2023 March 31, 2023.

For additional information about our debt agreements, see Note 5 of the Notes to Consolidated Financial Statements in our 2022 2023 Form 10-K.

6. COMMITMENTS AND CONTINGENCIES

Remaining Matters Related to 2017 Cybersecurity Incident

Canadian Class Actions. In 2017, we experienced a cybersecurity incident following a criminal attack on our systems that involved the theft of personal information of consumers. Five putative Canadian class actions, four of which are on behalf of a national class of approximately 19,000 Canadian consumers, are pending against us in Ontario, British Columbia and Alberta. Each of the proposed Canadian class actions asserts a number of common law and statutory claims seeking monetary damages and other related relief in connection with the 2017 a material cybersecurity incident. In addition to seeking class certification on behalf of Canadian consumers whose personal information was allegedly impacted by the 2017 cybersecurity incident, in some cases, plaintiffs also seek class certification on behalf of a larger group of Canadian consumers who had contracts for subscription products with Equifax around the time of the incident or earlier and were not impacted by the incident.

On December 13, 2019, the court The Ontario class action has been certified in Ontario granted certification of part but is otherwise at a nationwide class that includes all impacted Canadians as well as Canadians who had subscription products with Equifax between March 7, 2017 and July 30, 2017 who were not impacted by the incident. We appealed one of the claims on which a class was certified and on June 9, 2021, our appeal was granted by the Ontario Divisional Court. The plaintiff filed a notice of further appeal with the Ontario Court of Appeal, and on November 25, 2022, the Ontario Court of Appeal dismissed the plaintiff's appeal and upheld the Divisional Court's ruling in our favor. On January 24, 2023, the plaintiff appealed this decision to the Supreme Court of Canada, and on July 13, 2023, the Supreme Court of Canada dismissed the appeal. All remaining other purported class actions are at preliminary stages or stayed.

FCA Investigation. The U.K.'s Financial Conduct Authority ("FCA") opened an enforcement investigation against our U.K. subsidiary, Equifax Limited, in October 2017 in connection with the 2017 cybersecurity incident. We received a notice with the FCA's findings on October 13, 2023, and paid a penalty of \$13.8 million to resolve the matter.

Data Processing, Outsourcing Services and Other Agreements

We have separate agreements with Google, Amazon Web Services, UST Global, Kyndryl and others to outsource portions of our network and security infrastructure, computer data processing operations, applications development, business continuity and recovery services, help desk service and desktop support functions, operation of our voice and data networks, maintenance and related functions and to provide certain other administrative and operational services. The agreements expire between 2023 2024 and 2028. Annual payment obligations in regard to these agreements vary due to factors such as the volume of data processed; changes in our servicing needs as a result of new product offerings, acquisitions or divestitures; the introduction of significant new technologies; foreign currency; or the general rate of inflation. In certain circumstances (e.g., a change in control or for our convenience), we may terminate these data processing and outsourcing agreements, and, in doing so, certain of these agreements require us to pay significant termination fees.

Guarantees and General Indemnifications

We may will from time to time issue standby letters of credit, and performance and/or surety bonds or other guarantees in the normal course of business. The aggregate notional amounts amount of all performance and surety bonds and standby letters of credit, was performance bonds and surety bonds is not material at September 30, 2023 March 31, 2024 and these instruments generally have a remaining maturity of one year or less. We may issue other guarantees in the ordinary course of business. The maximum potential future payments we could be required to make under the guarantees in the ordinary course of business was is not material at September 30, 2023 March 31, 2024. We have agreed to guarantee the liabilities and performance obligations (some of which have limitations) of a certain debt collections and recovery management subsidiary under its commercial agreements.

Many of our commercial agreements contain commercially standard indemnification obligations related to tort, material breach or other liabilities that arise during the course of performance under the agreement. These indemnification obligations are typically mutual.

We have agreed are the lessee under many real estate leases. It is common in these commercial lease transactions for us, as the lessee, to standard indemnification clauses in many of our lease agreements agree to indemnify the lessor and other related third parties for office space, covering such things as tort, environmental and other liabilities

that arise out of or relate to our use or occupancy of the leased premises. This type of indemnity would typically make us responsible to indemnified parties for liabilities arising out of the conduct of, among others, contractors, licensees and invitees at or in connection with the use or occupancy of the leased premises. This indemnity often extends to related liabilities arising from the negligence of the indemnified parties, but usually excludes any liabilities caused by either their sole or gross negligence and their willful misconduct.

Certain of our credit agreements include provisions which require us to make payments to preserve an expected economic return to the lenders if that economic return is diminished due to certain changes in law or regulations. In certain of these credit agreements, we also bear the risk of certain changes in tax laws that would subject payments to non-U.S. lenders to withholding taxes.

In conjunction with certain transactions, such as sales or purchases of operating assets or services in the ordinary course of business, or the disposition of certain assets or businesses, we sometimes provide routine indemnifications, the terms of which range in duration and sometimes are not limited. Additionally, the

The Company has entered into indemnification agreements with its directors and executive officers. Under these agreements, the Company has agreed to indemnify such individuals to the fullest extent permitted by applicable law against liabilities that arise by reason of their status as directors or officers. officers and to advance expenses incurred by such individuals in connection with the related legal proceedings. The Company maintains directors and officers liability insurance coverage to reduce its exposure to such obligations.

We cannot reasonably estimate our potential future payments under the guarantees and indemnities and related provisions described above because we cannot predict when and under what circumstances these provisions may be triggered.

Contingencies

In addition to the matters set forth above, we are involved in legal and regulatory matters, government investigations, claims and litigation arising in the ordinary course of business. We periodically assess our exposure related to these matters based on the information which is available. We have recorded accruals in our Consolidated Financial Statements for those matters in which it is probable that we have incurred a loss and the amount of the loss, or range of loss, can be reasonably estimated.

For additional information about these and other commitments and contingencies, see Note 6 of the Notes to Consolidated Financial Statements in our 2022 Form 10-K.

7. INCOME TAXES

We are subject to U.S. federal, state and international income taxes. We are generally no longer subject to federal, state, or international income tax examinations by tax authorities for years before 2019 with a few exceptions. Due to the potential for resolution of state and foreign examinations, and the expiration of various statutes of limitations, it is reasonably possible that our gross unrecognized tax benefit balance may change within the next twelve months by a range of \$0 to \$8.4 million \$15.0 million.

Effective Tax Rate

Our effective income tax rate was 13.9% 24.3% for the three months ended September 30, 2023 March 31, 2024, compared to 24.0% 25.4% for the three months ended September 30, 2022. Our effective income tax rate was 22.0% for the nine months ended September 30, 2023, compared to 25.0% for the nine months ended September 30, 2022 March 31, 2023. Our effective tax rate was lower for the third quarter and the first nine months of 2023 2024 as compared to the same periods in 2022 2023 due to more favorable discrete benefits, none of which were individually material, as compared to the write off of a deferred tax liability related to our original investment in BVS prior year, which was no longer necessary given the acquisition of the company in the third quarter of 2023, were partially offset by an increase in the tax impact of the penalty associated with resolution of the investigation of the 2017 cybersecurity incident by the U.K. FCA which is not tax deductible. foreign rate differential.

8. ACCUMULATED OTHER COMPREHENSIVE LOSS

Changes in accumulated other comprehensive loss by component, after tax, for the nine months ended September 30, 2023 March 31, 2024, are as follows:

	Foreign currency translation adjustment	Pension and other postretirement benefit plans	Cash flow hedging transactions	Total
(In millions)				
Balance, December 31, 2022	\$ (469.3)	\$ (3.4)	\$ (1.0)	\$ (473.7)
Other comprehensive loss	(90.2)	—	—	(90.2)
Balance, September 30, 2023	<u>\$ (559.5)</u>	<u>\$ (3.4)</u>	<u>\$ (1.0)</u>	<u>\$ (563.9)</u>

	Foreign currency translation adjustment	Pension and other postretirement benefit plans	Cash flow hedging transactions	Total
(In millions)				
Balance, December 31, 2023	\$ (426.7)	\$ (3.6)	\$ (0.9)	\$ (431.2)
Other comprehensive (loss) income	(95.4)	—	0.1	(95.3)

Balance, March 31, 2024	\$ (522.1)	\$ (3.6)	\$ (0.8)	\$ (526.5)
-------------------------	------------	----------	----------	------------

Changes in accumulated other comprehensive loss related to noncontrolling interests were not material as of September 30, 2023 March 31, 2024.

9. RESTRUCTURING CHARGES

In Restructuring costs consist of severance costs, contract termination and associated costs, and other exit and disposal costs. Severance costs relate to a reduction in headcount, contract termination costs primarily relate to penalties for early termination of contracts and associated costs of transition, and other exit and disposal costs primarily relate to real estate exit costs.

During the second quarter of 2023, twelve months ended December 31, 2023, we recorded ~~\$17.5~~ \$37.6 million (\$12.4 million, net of tax) of restructuring charges, all of which were recorded in selling, general and administrative expenses within our Consolidated Statements of Income. In the third quarter of 2023, we recorded an adjustment of \$2.3 million (\$1.7 million, net of tax) to the restructuring charge recorded in the second quarter of 2023 as we refined our estimate of the costs associated with that charge. In the fourth quarter of 2022, we recorded \$24.0 million (\$18.0 million, net of tax) of restructuring charges, all of which were recorded in selling, general and administrative expenses within our Consolidated Statements of Income. These charges were recorded to general corporate expense and resulted from our continuing efforts to realign our internal resources to support the Company's strategic objectives and primarily relate to a reduction in **headcount, headcount and contract termination and associated costs**. As of September 30, 2023 March 31, 2024, ~~\$7.3~~ \$28.0 million of the **second quarter 2023** and substantially all of the fourth quarter 2022 restructuring charges have been paid with the remaining future payments expected to be completed **in** by the fourth quarter of 2023, 2024.

The changes during the three months ended March 31, 2024 in the liabilities associated with the restructuring charges recorded during 2023, including expenses incurred and cash payments, are as follows:

	Liability balance as of 12/31/2023		Expenses Incurred	Cash Payments	Liability balance as of 3/31/2024	
			(In millions)			
Restructuring charges:						
Severance costs	\$ 13.4	\$ —	—	\$ (5.1)	\$ 8.3	
Contract terminations and other associated costs	4.9	—	—	(3.3)	1.6	
Total	\$ 18.3	\$ —	—	\$ (8.4)	\$ 9.9	

10. SEGMENT INFORMATION

Reportable Segments. We manage our business and report our financial results through the following three reportable segments, which are the same as our operating segments:

- Workforce Solutions
- U.S. Information Solutions ("USIS")
- International

The accounting policies of the reportable segments are the same as those described in our summary of significant accounting policies in Note 1 of the Notes to Consolidated Financial Statements in our 2022 2023 Form 10-K. We evaluate the performance of these reportable segments based on their operating revenue, operating income and operating margins, excluding any unusual or infrequent items, if any. The measurement criteria for segment profit or loss and segment assets are substantially the same for each reportable segment. Inter-segment sales and transfers are not material for all periods presented. All transactions between segments are accounted for at fair market value or cost depending on the nature of the transaction and no timing differences occur between segments.

A summary of segment products and services is as follows:

Workforce Solutions. This segment provides services enabling customers to verify income, employment, educational history, criminal justice data, healthcare professional licensure and sanctions of people in the U.S., as well as providing our employer customers with services that assist them in complying with and automating certain payroll-related and human resource management processes throughout the entire cycle of the employment relationship, including unemployment cost management, employee screening, employee onboarding, tax credits and incentives, I-9 management and compliance, immigration case management, tax form management services and Affordable Care Act management services.

U.S. Information Solutions. This segment includes consumer and commercial information services (such as credit information and credit scoring, credit modeling services and portfolio analytics, locate services, fraud detection and prevention services, identity verification services and other consulting services); mortgage services; financial marketing services; identity management; and credit monitoring products sold to resellers or directly to consumers.

International. We operate in the following regions: Asia Pacific, Europe, Canada, and Latin America. The International segment includes information services products, which includes consumer and commercial services (such as credit

and financial information, credit scoring and credit modeling services), credit and other marketing products and services. In Asia Pacific, Europe and Latin America, and Canada, we also provide information, technology and services to support debt collections and recovery management. In Europe and Canada, we also provide credit monitoring products to

resellers or directly to consumers.

Operating revenue and operating income by operating segment during the three and nine months ended September 30, 2023 March 31, 2024 and 2022 2023 are as follows:

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following Management's Discussion and Analysis ("MD&A") is intended to help the reader understand the results of operations and financial condition of Equifax Inc. MD&A is provided as a supplement to and should be read in conjunction with our consolidated financial statements and the accompanying Notes to Financial Statements in Item 1 of this Form 10-Q. This section discusses the results of our operations for the three **and nine** months ended **September 30, 2023** **March 31, 2024** compared to the three **and nine** months ended **September 30, 2022** **March 31, 2023**. All percentages have been calculated using unrounded amounts for each of the periods presented.

As used herein, the terms Equifax, the Company, we, our and us refer to Equifax Inc., a Georgia corporation, and its consolidated subsidiaries as a combined entity, except where it is clear that the terms mean only Equifax Inc.

All references to earnings per share data in MD&A are to diluted earnings per share, or EPS, unless otherwise noted. Diluted EPS is calculated to reflect the potential dilution that would occur if stock options or other contracts to issue common stock were exercised and resulted in additional common shares outstanding.

BUSINESS OVERVIEW

Equifax Inc. is a global data, analytics and technology company. We provide information solutions for businesses, governments and consumers, and we provide human resources business process automation and outsourcing services for employers. We have a large and diversified group of clients, including financial institutions, corporations, government agencies and individuals. Our services are based on comprehensive databases of consumer and business information derived from numerous sources including credit, financial assets, telecommunications and utility payments, employment, income, educational history, criminal justice data, healthcare professional licensure and sanctions, demographic and marketing data. We use advanced statistical techniques, machine learning and proprietary software tools to analyze available data to create customized insights, decision-making and process automation solutions and processing services for our clients. We are a leading provider of e-commerce fraud and charge back protection services in North America as well as information and solutions used in payroll-related and human resource management business process services in the U.S. as well as e-commerce fraud and charge back protection services in North America. For consumers, we provide products and services to help people understand, manage and protect their personal information and make more informed financial decisions. Additionally, we also provide information, technology and services to support debt collections and recovery management.

We currently operate in four global regions: North America (U.S. and Canada), Asia Pacific (Australia, New Zealand and India), Europe (the U.K., Spain and Portugal) and Latin America (Argentina, Brazil, Chile, Costa Rica, Dominican Republic, Ecuador, El Salvador, Honduras, Mexico, Paraguay, Peru and Uruguay). We maintain support operations in the Republic of Ireland, Chile, Costa Rica, India and India Ireland. We also have investments in consumer and/or commercial credit information companies through joint ventures in Brazil, Cambodia, Malaysia and Singapore.

Recent Events and Company Outlook

As further described in our **2022** **2023** Form 10-K, we operate in the U.S., which represented **78%** **77%** of our revenue in **2022** **2023**, and internationally in **20 countries**. Our products and services span a wide variety of vertical markets including financial services, mortgage, talent solutions, federal, state and local governments, automotive, telecommunications, e-commerce and many others.

Demand for our services tends to be correlated to general levels of economic activity and to consumer credit activity, and small business commercial credit decisioning and portfolio review, marketing, activity, identity validation and fraud and protection activity, employee hiring and onboarding activity, activity, and activity in provisioning support services in the U.S. by government agencies. Demand is also enhanced by our initiatives to expand our products, capabilities and markets served.

For **2023**, we expect **2024**, our planning assumes that U.S. economic activity, as measured by GDP, is expected to grow but at a slower rate of growth than experienced in **2022** **2023**. Our forecast plan assumes the U.S. mortgage market, as measured by credit inquiries, is expected to decline by about **34%****11%** in **2023** **2024** versus **2022** **2023**. The U.S. mortgage market, particularly the mortgage refinance portion of the U.S. mortgage market, can be significantly impacted by U.S. interest rates which therefore impacts impact

mortgage rates available to consumers. In the **International** international markets in which we operate, in particular in Australia, the U.K. and Canada, our **forecast planning** also assumes economic activity, as measured by GDP, to grow in **2023** **2024** but at slower rates than in **2022**.

2023.

Segment and Geographic Information

Segments. The Workforce Solutions segment consists of the Verification Services and Employer Services business lines. Verification Services revenue is transaction-based and is derived primarily from employment and income verification, as well as criminal justice data. Employer Services revenue is derived from our provision of certain human resources business process outsourcing services that include both transaction and subscription based product offerings. These services include unemployment claims management, I-9 and onboarding services, Affordable Care Act compliance management, tax credits and incentives and other complementary employment-based transaction services. **Workforce Solutions has established operations in Canada, Australia and the U.K.**

The USIS segment consists of three service lines: Online Information Solutions, Mortgage Solutions, and Financial Marketing Services. Online Information Solutions and Mortgage Solutions revenue is principally transaction-based and is derived from our sales of products such as consumer and commercial credit reporting and scoring, identity management, fraud detection, modeling services and consumer credit monitoring services. USIS also markets certain decisioning **software** services which facilitate and automate a variety of consumer and commercial credit-oriented decisions. Online Information Solutions also includes our U.S. consumer credit monitoring solutions business. Financial Marketing Services revenue is principally project and subscription based and is derived from our sales of batch credit and consumer wealth information such as those that assist clients in acquiring new customers, cross-selling to existing customers and managing portfolio risk.

The International segment consists of Asia Pacific, Europe, Canada and Latin America. Canada's services are similar to our USIS offerings. Asia Pacific, Europe and Latin America are made up of varying mixes of service lines that are generally consistent with those in our USIS reportable segment. We also provide information and technology services to support lenders and other creditors in the collections and recovery management process.

Geographic Information. We currently have operations in the following countries: Argentina, Australia, Brazil, Canada, Chile, Costa Rica, Dominican Republic, Ecuador, El Salvador, Honduras, India, Ireland, Mexico, New Zealand, Paraguay, Peru, Portugal, Spain, the **United Kingdom**, or **U.K.**, Uruguay and the **United States of America**, or **U.S.** We also have investments in consumer and/or commercial credit information companies through joint ventures in **Brazil**, **Cambodia**, **Malaysia** and **Singapore**. **Approximately 76% and 77% of our revenue was generated in the U.S. during the three months ended September 30, 2023 and 2022, respectively.** Approximately 77% and 78% of our revenue was generated in the U.S. during the **nine** **three** months ended **September 30, 2023** **March 31, 2024** and **2022** **2023**, respectively.

Seasonality. We experience seasonality in certain of our revenue streams. Revenue generated by the online consumer information services component of our USIS operating segment is typically the lowest during the first quarter, when consumer lending activity is at a seasonal low. Revenue generated from the Employer Services business unit within the Workforce Solutions operating segment is generally higher in the first quarter due primarily to the provision of **Form W-2** and **1095-C** services that occur in the first quarter each year. Revenue generated from our financial wealth asset products and data management services in our Financial Marketing Services business is generally higher in the fourth quarter each year due to the significant portion of our annual renewals and deliveries which occur then. Mortgage related revenue is generally higher in the second and third quarters of the year due to the increase in consumer home purchasing during the summer in the U.S. Any change in the U.S. mortgage market has a corresponding impact on revenue and operating profit for our business within the Workforce Solutions and USIS operating segments.

Key Performance Indicators. Management focuses on a variety of key indicators to monitor operating and financial performance. These performance indicators include measurements of operating revenue, change in operating revenue, operating income, operating margin, net income, diluted earnings per share, cash provided by operating activities and capital expenditures. The key performance indicators for the three and nine months ended **September 30, 2023** **March 31, 2024** and **2022** **2023** were as follows:

Key Performance Indicators													
Three Months Ended		Nine Months Ended

Operational and Financial Highlights

- We did not repurchase any shares from public market transactions during the first **nine** three months of **2023** **2024** and **2022**, **2023**. At **September 30, 2023** **March 31, 2024**, **\$520.2 million** **\$520.2 million** was available for future purchases of common stock under our share repurchase authorization.
- We paid out **\$143.7 million** **\$48.2 million** or **\$1.17** **\$0.39** per share in dividends to our shareholders during the first **nine** three months of **2023**, **2024**.

RESULTS OF OPERATIONS—THREE AND NINE MONTHS ENDED SEPTEMBER 30, MARCH 31, 2024 AND 2023 AND 2022

Consolidated Financial Results

Operating Revenue

Consolidated	Operating Revenue	Three Months Ended September 30,				Nine Months Ended September 30,				Three Months Ended March 31,				Change			
		2023		2022		\$	%	2023	2022	\$	%						
		(In millions)				(In millions)				(In millions)				(In millions)			
Workforce Solutions	Workforce Solutions	\$ 577.2	\$ 558.9	\$ 18.3	3 %	\$ 1,756.3	\$ 1,817.1	\$ (60.8)	(3) %	Workforce Solutions	\$ 602.8	\$ 596.3	\$ 6.5	\$ 1	\$ 1	1 %	
U.S. Information Solutions	U.S. Information Solutions	426.0	397.4	28.6	7 %	1,292.7	1,251.8	40.9	3 %	Solutions	465.3	421.7	421.7	43.6	43.6	10 %	
International	International	315.9	288.0	27.9	10 %	889.7	855.4	34.3	4 %	International	321.3	284.0	284.0	37.3	37.3	13 %	
Consolidated operating revenue	Consolidated operating revenue	\$ 1,319.1	\$ 1,244.3	\$ 74.8	6 %	\$ 3,938.7	\$ 3,924.3	\$ 14.4	— %	operating revenue	\$ 1,389.4	\$ 1,302.0	\$ 87.4	\$ 7	\$ 7	7 %	

Revenue increased by **\$74.8 million** **\$87.4 million**, or **6%** **7%**, and increased by **\$14.4 million**, or remained flat, for the **third** first quarter and first nine months of **2023**, respectively, **2024**, compared to the same periods period in **2022** **2023**. Total revenue was negatively impacted by foreign exchange rates, which decreased revenue by **\$6.2** **\$20.2 million**, or **1%**, and **\$45.1 million**, or **1%** **2%**, for the **third** first quarter and first nine months of **2023**, **2024**, compared to the same periods period in **2022**, **2023**.

Revenue in the **third** first quarter of **2024** increased due to revenue growth in USIS, International and Workforce Solutions. Revenue International revenue growth was driven by growth in Latin America primarily from the first nine months of 2023 increased Boa Vista Serviços S.A. ("BVS") acquisition. USIS revenue growth was primarily due to growth in USIS and International, mortgage related online services. Workforce Solutions revenue growth was due to growth in non-mortgage verticals within Verification Services, partially offset by declines in Workforce Solutions, mortgage revenue and declines in Employer Services due to lower tax credit revenue.

Operating Expenses

Consolidated Operating Expenses	Three Months Ended September 30, Change						Nine Months Ended September 30, Change						Three Months Ended March 31, Change					
	Consolidated Operating Expenses		2023	2022	\$	%	Consolidated Operating Expenses		2023	2022	\$	%	Consolidated Operating Expenses		2024	2023	\$	%
	(In millions)						(In millions)						(In millions)					
Consolidated cost of services	Consolidated cost of services	\$ 585.2	\$ 542.5	\$ 42.7	8 %	\$ 1,753.5	\$ 1,638.0	\$ 115.5	7 %	\$ 627.7	\$ 580.4	\$ 47.3	8 %					
Consolidated selling, general and administrative expenses	Consolidated selling, general and administrative expenses	333.1	318.0	15.1	5 %	1,042.3	988.5	53.8	5 %	372.6	366.1	6.5	2 %					
Consolidated depreciation and amortization expense	Consolidated depreciation and amortization expense	154.4	140.9	13.5	10 %	454.4	417.8	36.6	9 %	164.4	150.1	14.3	10 %					
Consolidated operating expenses	Consolidated operating expenses	\$ 1,072.7	\$ 1,001.4	\$ 71.3	7 %	\$ 3,250.2	\$ 3,044.3	\$ 205.9	7 %	\$ 1,164.7	\$ 1,096.6	\$ 68.1	6 %					

Cost of services increased \$42.7 million and \$115.5 million \$47.3 million in the third first quarter and first nine months of 2023, respectively, 2024, compared to the same periods period in 2022, 2023. The increases for both periods were increase is primarily due to higher royalty costs, people costs from BVS which was acquired in the third quarter of 2023, higher costs of purchased data and production costs, which include information, and higher third party cloud usage fees and software costs. The impact of changes in foreign exchange rates on costs of services led to a decrease of \$0.3 \$5.8 million and \$17.1 million in the third first quarter and first nine months of 2023, respectively, 2024, compared to the same periods period in 2022, 2023.

Selling, general and administrative expenses increased \$15.1 million and \$53.8 million \$6.5 million for the third first quarter and first nine months of 2023, respectively, 2024, compared to the same periods period in 2022, 2023. The increase is primarily due to costs from BVS which was acquired in the third quarter was primarily due to an accrual for a penalty associated with resolution of the investigation of the 2017 cybersecurity incident by the U.K. FCA, which was partially offset by a decrease in people costs. The increase in the first nine months was primarily due to an accrual for a penalty associated with resolution of the investigation of the 2017 cybersecurity incident by the U.K. FCA, 2023, as well as higher incentive plans and severance costs, legal expenses. The impact of changes in foreign currency exchange rates led to a decrease in selling, general and administrative expenses of \$2.5 million and \$13.6 \$8.5 million for the third first quarter and first nine months of 2023, respectively, 2024, compared to the same periods period in 2022, 2023.

Depreciation and amortization expense increased \$13.5 million and \$36.6 million \$14.3 million for the third first quarter and first nine months of 2023, respectively, 2024, compared to the same periods period in 2022, 2023. The increases were increase is due to higher amortization of purchased intangible assets related to the BVS acquisition, as well as increased amortization of capitalized internal-use software and system costs from technology transformation capital spending incurred previously, as well as higher amortization of purchased intangible assets related to recent acquisitions, previously. The impact of changes in foreign currency exchange rates led to an increase in depreciation and amortization expense of \$0.6 million for the third quarter of 2023 and a decrease in depreciation and amortization expense of \$2.5 \$0.1 million for the first nine months quarter of 2023, 2024 compared to the same periods period in 2022, 2023.

Interest expense increased by \$15.7 million and \$52.6 million \$2.1 million in the third first quarter and first nine months of 2023, respectively, 2024, compared to the same periods period in 2022, 2023. The increase for the third first quarter and first nine months of 2023 2024 was due to higher interest rates attributable to debt agreements entered into during 2022 and 2023, as well as higher partially offset by lower weighted average debt balances in 2023 when as compared to the same periods of 2022 due to the issuance of 5.1% Senior Notes in the second first quarter of 2023 and borrowings on our commercial paper program used to fund the BVS acquisition, 2023.

Other income, net, decreased by \$16.8 million and \$9.1 million \$2.8 million in the first quarter of 2024, as compared to the same period in 2023. The decrease for the first quarter of 2024 was due to the gain on fair market value adjustment of our investment in BVS in the first quarter of 2023 that did not recur in the first quarter of 2024 due to our acquisition of BVS in the third quarter of 2023, and in the first nine months of 2023, respectively, partially offset by higher interest income as compared to the same periods in 2022. The decrease for the third first quarter and for the first nine months of 2023 was due to the gains associated with the sales of equity method investments and higher fair value adjustments of our investment in BVS in 2022 that did not recur in 2023.

Workforce Solutions revenue increased by 3% and decreased by 3% 1% in the **third** **first** quarter and first nine months of 2023, respectively, 2024, compared to the same **periods** period in 2022. The increase in the third quarter was due to growth in both Employer Services, driven primarily by I-9 and onboarding services and revenue from recently acquired companies, and growth in non-mortgage verticals within Verification Services, driven primarily by growth in the government and talent verticals, partially offset by a decrease in mortgage revenue. The decrease in revenue in the first nine months was driven by a decline in Verification Services, due to declines in mortgage revenue partially offset by growth in the government and talent verticals, as well as by growth declines in Employer Services due to revenue from recently acquired companies and growth in I-9 and onboarding services. lower tax credit revenue.

Verification Services

Services. Revenue increased by 1% and decreased 6% 5% for the **third** **first** quarter and first nine months of 2023, respectively, 2024, compared to the same **periods** period in 2022. The increase in revenue is primarily due to growth in the government vertical, partially offset by declines in the mortgage vertical.

Employer Services. Revenue decreased by 10% in the first quarter of 2024, compared to the same period in 2023. The decrease for the first quarter of 2024 is primarily due to lower Employee Retention Credit ("ERC") revenue. The ERC revenue decrease is driven by the wind down of the program, accelerated by the IRS pausing new claims processing in the third quarter was of 2023.

Workforce Solutions Operating Margin. Operating margin increased to 42.3% for the first quarter of 2024 from 41.7% for the first quarter of 2023. The increased margin is due to growth the aforementioned increase in non-mortgage verticals, most notably the government and talent solutions verticals, partially offset revenue.

Operating margin	19.9 %	18.6 %				1.3 pts	

U.S. Information Solutions revenue increased by a decrease in mortgage revenue. The decrease in 10% for the first nine months was due to declines in the mortgage vertical, partially offset by an increase in the government and talent solutions verticals.

Employer Services

Revenue increased by 13% and 7% in the third quarter and first nine months of 2023, respectively, 2024, compared to the same periods period in 2022 2023. The increase in revenue for both periods was due to revenue from recently acquired companies and I-9 and onboarding services. The increase in the first nine months was partially offset by a decrease in unemployment claims revenue and lower tax credit revenue.

Workforce Solutions Operating Margin

Operating margin increased to 41.8% for the third quarter of 2023 from 41.3% for the third quarter of 2022, and decreased to 41.8% for the first nine months of 2023 from 45.2% for the first nine months of 2022. The increased margin for the third quarter is due to revenue growth and lower people costs, offset by increased royalty costs. The decreased margin for the first nine months is due to the decline in revenue, as well as increased royalty costs.

USIS revenue increased by 7% and 3% for the third quarter and first nine months of 2023, respectively, compared to the same periods in 2022. The increase in the third quarter was due to growth in online non-mortgage revenue primarily from growth in mortgage related online services, as well as growth in consumer solutions revenue and online mortgage revenue. This was partially offset by declines in Mortgage Solutions. The increase Growth in the first nine months mortgage related online revenue and Mortgage Solutions was due to growth in online non-mortgage revenue both annual pricing actions and revenue from acquisitions, partially offset by declines in both online increased mortgage and Mortgage Solutions due to significant declines in mortgage prequalification credit inquiry volumes. revenue.

Online Information Solutions

Solutions. Revenue increased by 11% and 6% 12% for the third first quarter and first nine months of 2023, respectively, 2024, compared to the same periods period in 2022 2023. The increases for both periods were driven by increase is due to higher mortgage revenue due to annual pricing actions and higher mortgage prequalification credit inquiry revenue, as well as continued growth of consumer solutions revenue.

Mortgage Solutions. Revenue increased by 14% in revenue from acquisitions, online non-mortgage services, commercial risk, and consumer services. During the third first quarter of 2023, online mortgage contributed to the increase in revenue. During the first nine months of 2023, online mortgage revenue declined due to significantly lower mortgage credit inquiry volumes.

Mortgage Solutions

Revenue decreased by 15% and 19% in the third quarter and first nine months of 2023, respectively, 2024, compared to the same periods period in 2022, 2023. The decreases in both periods were increase is due to significantly lower both annual pricing actions and higher mortgage prequalification credit inquiry volumes in 2023 compared to the prior year, revenue.

Financial Marketing Services

Services. Revenue decreased by 1% and increased by 1% for the third first quarter and first nine months of 2023, respectively, 2024, compared to the same periods period in 2022, 2023. The decrease for the third quarter was is driven by a decline declines in credit marketing services, partially offset by growth in as well as risk and data services. The increase in the first nine months was driven by growth in risk and data services, partially offset by a decline in credit marketing services.

USIS Operating Margin

Margin. USIS operating margin increased to 21.1% for the third quarter of 2023 from 20.6% for the third quarter of 2022 and decreased to 21.0% 19.9% for the first nine months quarter of 2023 2024 from 25.2% 18.6% for the first nine months quarter of 2022, 2023. The margin increase for the third quarter was is due to an the increase in revenue, partially offset by an increase in operating expenses and depreciation expense. The margin decrease for the first nine months was due to an increase in operating expenses and depreciation expense, partially offset by an increase in revenue, expenses. The increase in operating expenses for both periods is primarily due to increased royalty expenses, increased amortization of capitalized internal-use software and production expenses, salary system costs from technology transformation capital spending incurred previously and incentive expenses and third party cloud production costs, usage fees.

International revenue increased by 10% and 4% 13% in the third first quarter and the first nine months of 2023, respectively, 2024, compared to the same periods period in 2022, 2023. On a local currency basis, revenue increased by 12% and 9% 20% in the third first quarter of 2024, driven by revenue growth in Latin America from the BVS

acquisition, as well as growth in Europe and Canada, partially offset by a decline in Australia. Local currency fluctuations against the U.S. dollar negatively impacted revenue by \$20.0 million, or 7%, for the first nine months quarter of 2023, respectively, 2024.

Latin America. On a local currency basis, revenue increased by 102% for the first quarter of 2024, compared to the same period in 2022, driven by 2023. The increase in revenue is primarily due to revenue from the BVS acquisition and local currency growth in our credit reporting business across all geographies. This increase was partially offset by volume declines in our debt services business in Europe, Argentina. Local currency fluctuations against the U.S. dollar negatively impacted revenue by \$6.2 million, or 2%, for the third quarter of 2023, and by \$45.1 million, or 5%, for the first nine months of 2024, primarily within Argentina. Reported revenue increased by 65% for the first quarter of 2024, compared to the same period in 2023.

Asia Pacific

Europe. On a local currency basis, revenue increased by 2% and 5% for the third quarter and first nine months of 2023, respectively, 2024, compared to the same periods period in 2022, 2023. The increase in the third quarter of 2023 was driven by stronger volumes within fraud, consumer and employment verification services, partially offset by a decline in commercial. The increase in the first nine months of 2023 was driven by growth in the credit reporting businesses in the U.K., as well as growth in our debt services business in the U.K. Local currency fluctuations against the U.S. dollar positively impacted revenue by \$3 million, or 4%, for the first quarter of 2024. Reported revenue increased by 14% for the first quarter of 2024, compared to the same period in 2023.

Asia Pacific. On a local currency basis, revenue decreased by 10% for the first quarter of 2024, compared to the same period in 2023. The decrease is primarily driven by Australia due to declines in the commercial identity and fraud, and consumer credit reporting businesses. Local currency fluctuations against the U.S. dollar negatively impacted revenue by \$3.4 million, or 4%, and \$14.9 million, or 5%, for the third quarter and first nine months of 2023, respectively, 2024. Reported revenue decreased by 2% and remained flat 13% for the third quarter and first nine months of 2023, respectively, 2024, compared to the same periods period in 2022, 2023.

Europe

Canada. On a local currency basis, revenue decreased increased by 2% 4% for both the third first quarter and first nine months of 2023, 2024, compared to the same periods period in 2022, 2023. The decreases in both periods were increase is driven by lower debt placements within our debt services business, partially offset by growth in the direct to consumer, business in our credit reporting businesses in Europe, commercial and identity and fraud businesses. Local currency fluctuations against the U.S. dollar positively impacted revenue by \$6.1 million, or 8%, and negatively impacted revenue by

\$0.6 million, or 1%, for the third first quarter and first nine months of 2023, respectively, 2024. Reported revenue increased by 6% and decreased by 3% 4% for the third first quarter and first nine months of 2023, respectively, 2024, compared to the same periods period in 2022, 2023.

Canada

On a local currency basis, revenue was flat and increased by 5% in the third quarter and first nine months of 2023, compared to the same periods in 2022. Revenue in the first nine months of 2023 reflected increases in consumer and fraud products. Local currency fluctuations against the U.S. dollar negatively impacted revenue by \$1.4 million, or 2%, and \$7.5 million or 3%, for the third quarter and first nine months of 2023, respectively. Reported revenue decreased by 2% and increased by 2% for the third quarter and first nine months of 2023, respectively, compared to the same periods in 2022.

Latin America

On a local currency basis, revenue increased by 62% and 40% for the third quarter and first nine months of 2023, respectively, compared to the same periods in 2022. The increases in both periods reflect revenue from the BVS acquisition in the third quarter of 2023 and local currency growth in Argentina, Chile and across Central America, primarily related to stronger pricing. The increase in the first nine months of 2023 is also due to growth in revenue from an acquired company in the Dominican Republic, as well as growth in Chile, partially offset by a decline in Mexico. Local currency fluctuations against the U.S. dollar negatively impacted revenue by \$7.5 million, or 14%, and \$22.1 million, or 15%, for the third quarter and first nine months of 2023, respectively. Reported revenue increased by 48% and 25% for the third quarter and first nine months of 2023, respectively, compared to the same periods in 2022.

International Operating Margin

Margin. Operating margin decreased to 12.7% for the third quarter of 2023 from 14.8% for the third quarter of 2022 and decreased to 12.0% 9.9% for the first nine months quarter of 2023 2024 from 13.1% 11.5% for the first nine months quarter of 2022, 2023. The decreased decrease in margin for both periods the first quarter of 2024 is mainly principally due to increased salary and incentive costs, higher cloud production costs, and increased depreciation expense amortization of purchased intangible assets related to technology transformation project spending. The increase in operating expenses was partially offset by the increase in revenue for both periods, BVS acquisition.

General Corporate Expense

General Corporate Expense	Three Months Ended September 30,				Nine Months Ended September 30,				General Corporate Expense	Three Months Ended March 31,				
	General Corporate Expense		2023	2022	\$	%	2023	2022	\$	%	2024	2023	\$	%
	(In millions)				(In millions)									
General corporate expense	\$124.7	\$112.6	\$12.1	11 %	\$424.4	\$367.9	\$56.5	15 %						
General corporate expense														
General corporate expense										\$		154.9	\$ 154.6	\$ 0.3 nm

nm - not meaningful

Our general corporate expenses are unallocated costs that are incurred at the corporate level and include those expenses impacted by corporate direction, the overall management and strategic choices of the company, including shared services overhead, technology, security, data and analytics, administrative, legal, restructuring, and the portion of management incentive compensation determined by total company-wide performance.

General corporate expense increased by \$12.1 million and \$56.5 million \$0.3 million for the third first quarter and first nine months of 2023, respectively, 2024, compared to the same period in 2022, 2023. The increase in the third quarter was due to a penalty associated with resolution of the investigation of the 2017 cybersecurity incident by the U.K. FCA, offset by a decrease in people costs. The increase in the first nine months was due to increased people costs, is primarily due to restructuring charges higher people costs and incentive plans, litigation expense, partially offset by lower third party cloud usage fees and software costs, as well as an accrual for a penalty associated with resolution lower amortization of the investigation of the 2017 cybersecurity incident by the U.K. FCA, capitalized internal-use software and system costs.

LIQUIDITY AND FINANCIAL CONDITION

Management assesses liquidity in terms of our ability to generate cash to fund operating, investing and financing activities. We continue to generate substantial cash from operating activities, remain in a strong financial position and manage our capital structure to meet short- and long-term objectives including reinvestment in existing businesses and completing strategic acquisitions.

Funds generated by operating activities, our Revolver \$1.5 billion five-year unsecured revolving credit facility ("Revolver") and related CP commercial paper ("CP") program, more fully described below, are our most significant sources of liquidity. At September 30, 2023 March 31, 2024, we had \$412.6 million \$201.0 million in cash and cash equivalents, as well as \$1,016.1 million \$1,387.1 million available to borrow under our Revolver.

Sources and Uses of Cash

We believe that our existing cash balance, liquidity available from our CP and Revolver, cash generated from ongoing operations and continued access to public or private debt markets will be sufficient to satisfy cash requirements over the next 12 months and beyond. While there was no significant change in our cash requirements as of September 30, 2023 March 31, 2024 compared to December 31, 2022 December 31, 2023, we have utilized existing CP and Revolver capacity, together with cash from operating activities, to meet our current obligations. During the first quarter of 2023, we borrowed \$175.0 million on our Revolver to pay down CP. We subsequently repaid the Revolver in full during the second quarter of 2023.

Fund Transfer Limitations. The ability of certain of our subsidiaries and associated companies to transfer funds to the U.S. may be limited, in some cases, by certain restrictions imposed by foreign governments. These restrictions do not, individually or in the aggregate, materially limit our ability to service our indebtedness, meet our current obligations or pay dividends. As of September 30, 2023 March 31, 2024, we held \$400.1 million \$187.5 million of cash in our foreign subsidiaries.

Information about our cash flows, by category, is presented in the Consolidated Statements of Cash Flows. The following table summarizes our cash flows for the nine three months ended September 30, 2023 March 31, 2024 and 2022, 2023:

Net cash provided by (used in):	Net cash provided by (used in):	Nine Months Ended September 30,			Change 2023 vs. 2022	Net cash provided by (used in):	Three Months Ended March 31,		Change vs. 2023
		2023	2022	(In millions)			2024	2023	
Operating activities	Operating activities	\$ 794.7	\$ 431.7	\$ 363.0					(In millions)
Investing activities	Investing activities	\$ (724.7)	\$ (807.1)	\$ 82.4					
Financing activities	Financing activities	\$ 63.5	\$ 416.5	\$ (353.0)					

Operating Activities

Cash provided by operating activities in the nine three months ended September 30, 2023 March 31, 2024 increased by \$363.0 million \$101.8 million compared to the prior year period primarily due to the \$345.0 million consumer class action settlement payment that was made changes in January 2022 related to the U.S. Consumer MDL Litigation settlement that became effective on January 11, 2022 that did not recur in 2023, our working capital position and increased net income.

Investing Activities

Capital Expenditures

Net cash used in:	Nine Months Ended September 30, 2023			Three Months Ended March 31, 2023			Change 2024 vs. 2023
	Net cash used in:		Change 2023 vs. 2022	Net cash used in:		Change 2023	
	2023	2022	(In millions)	2024	2023	(In millions)	
Capital expenditures*	\$(455.6)	\$(468.4)	\$ 12.8				

*Amounts above are total cash outflows for capital expenditures.

Our capital expenditures are used for developing, enhancing and deploying new and existing software in support of our expanding product set, replacing or adding equipment, updating systems for regulatory compliance, the licensing of certain software applications, investing in system reliability, security and disaster recovery enhancements, and updating or expanding our office facilities.

Capital expenditures paid in the first nine months of 2024 decreased by \$26.4 million from the same period in 2023 were slightly lower than in 2022, capitalized software costs and lower spending on technology infrastructure as compared to the first quarter of 2023 as we continue to make progress toward completion of our technology transformation.

Acquisitions, Divestitures and Investments

Net cash (used in) provided by:	Nine Months Ended September 30,		Change 2023 vs. 2022
	2023	2022	
(In millions)			
Acquisitions, net of cash acquired	\$ (276.0)	\$ (437.5)	\$ 161.5
Cash received from divestitures	\$ 6.9	\$ 98.8	\$ (91.9)

During the first nine months of 2023, we completed the acquisition of BVS and a Canadian company within our International segment and completed the sale of an equity investment. During the first nine months of 2022, we acquired Efficient Hire and LawLogix within our Workforce Solutions segment, Midigator within our USIS segment and Data Crédito within our International segment. During the first nine months of 2022, we reported \$98.8 million of cash inflows from investing activities associated with cash received from the sale of multiple equity investments.

Financing Activities

Borrowings and Credit Facility Availability

Net cash (used in) provided by:	Nine Months Ended September 30,		Change 2023 vs. 2022
	2023	2022	
(In millions)			
Net short-term borrowings	\$ (83.6)	\$ (162.1)	\$ 78.5
Payments on long-term debt	\$ (575.0)	\$ —	\$ (575.0)
Borrowings on long-term debt	\$ 872.9	\$ 749.3	\$ 123.6
Three Months Ended March 31,			
Net cash (used in) provided by:	2024	2023	Change 2024 vs. 2023
	(In millions)		
Net short-term payments	\$ (83.4)	\$ (160.8)	\$ 77.4
Payments on long-term debt	\$ (4.4)	\$ —	\$ (4.4)
Borrowings on long-term debt	\$ —	\$ 175.0	\$ (175.0)

Credit Facilities Availability

We have access to a \$1.5 billion five-year unsecured revolving credit facility (the "Revolver") and a five-year unsecured Revolver as well as a \$700.0 million delayed draw Term Loan (collectively, term loan (Term Loan), collectively known as the "Senior Credit Facilities"), Facilities, both of which mature in August 2026. Borrowings under the Senior Credit Facilities may be used for working capital, for capital expenditures, to refinance existing debt, to finance acquisitions and for other general corporate purposes. The Revolver includes an option to request a maximum of three one-year extensions of the maturity date any time after the first anniversary of the closing date of the Revolver. Availability of the Revolver is reduced by the outstanding principal balance of our commercial paper CP notes and by any letters of credit issued under the Revolver.

Our \$1.5 billion CP program has been established to allow for borrowing through the private placement of CP with maturities ranging from overnight to 397 days. We may use the proceeds of CP for general corporate purposes. The CP program is supported by our Revolver and the total amount of CP which may be issued is reduced by the amount of any outstanding borrowings under our Revolver, Revolver and by any letters of credit issued under the facility.

As of **September 30, 2023** **March 31, 2024**, there were \$0.4 million of letters of credit outstanding, no outstanding borrowings under the Revolver, **\$700.0** **\$691.3** million outstanding under the Term Loan and **\$483.5** **\$112.5** million of outstanding CP notes. Availability under the Revolver was **\$1,016.1 million** **\$1,387.1 million** at **September 30, 2023** **March 31, 2024**.

At **September 30, 2023** **March 31, 2024**, **80%** **86%** of our debt was fixed-rate debt and **20%** **14%** was **variable** **effectively variable-rate** debt. Our variable-rate debt consists of our outstanding term loan and CP. The interest rates reset periodically, depending on the terms of the respective financing agreements. At **September 30, 2023** **March 31, 2024**, the interest rate on our variable-rate debt ranged from 5.45% to **6.67%** **6.68%**.

Borrowing and Repayment Activity

We primarily borrow under our CP program and Revolver as needed and as availability allows.

Net short-term borrowings primarily represent net borrowings or repayments of outstanding amounts under our CP program.

There were no borrowings on long-term debt for the first three months of 2024. Borrowings on long-term debt represent **\$175.0** **\$175** million of borrowings on our Revolver during the first quarter three months of **2023** and the issuance of **\$700.0** million of 5.1% Senior Notes in the second quarter of **2023**. Repayments

Payments on long-term debt represent **\$175.0** **\$4.4** million of repayments payments on our Revolver and repayment of our **\$400.0** million 3.95% Senior Notes the Term Loan during the **second quarter** **first three months** of 2024. There were no payments on long-term debt for the first three months of 2023.

Debt Covenants. A downgrade in our credit ratings would increase the cost of borrowings under our CP program, Revolver and Term Loan, and could limit or, in the case of a significant downgrade, preclude our ability to issue CP. Our outstanding indentures and comparable instruments also contain customary covenants including, for example, limits on mortgages, liens, sale/leaseback transactions, mergers and sales of assets.

In March 2023, we amended the Senior Credit Facilities, resulting in a modification of our required maximum leverage ratio, among other changes. As amended, the Senior Credit Facilities require a maximum leverage ratio, defined as consolidated funded debt divided by consolidated EBITDA, of (i) 4.25 to 1.0 commencing with the fourth quarter of 2022 through the fourth quarter of 2023 and (ii) 3.75 to 1.0 commencing with the first quarter of 2024 and for each fiscal quarter ending thereafter through the remaining term of the Senior Credit Facilities. We may also elect to increase the maximum leverage ratio by 0.5 to 1.0 (subject to a maximum leverage ratio of 4.75 to 1.0) in connection with certain material acquisitions if we satisfy certain requirements. The Senior Credit Facilities also permit cash in excess of \$175 million to be netted against debt in the calculation of the leverage ratio, subject to certain restrictions.

As of **September 30, 2023** **March 31, 2024**, we were in compliance with all of our debt covenants.

We do not have any credit rating triggers that would accelerate the maturity of a material amount of the outstanding debt; however, our 2.6% senior notes due 2024, 2.6% senior notes due 2025, 3.25% senior notes due 2026, 5.1% senior notes due 2027, 5.1% senior notes due 2028, 3.1% senior notes due 2030, 3.25% senior notes due 2031 and 7.0% senior notes due 2037 (collectively, the "Senior Notes") contain change in control provisions. If the Company experiences a change of control or publicly announces **the Company's** **an** intention to effect a change of control and the rating on the Senior Notes is lowered by Standard & Poor's ("S&P") and Moody's Investors Service ("Moody's") below an investment grade rating within 60 days of such change of control or notice thereof, then the Company will be required to offer to repurchase the Senior Notes at a price equal to 101% of the aggregate principal amount of the Senior Notes plus accrued and unpaid interest.

For additional information about our debt, including the terms of our financing arrangements, basis for variable interest rates and debt covenants, see Note 5 of the Notes to Consolidated Financial Statements in our **2022** **2023** Form 10-K.

Equity Transactions

Sources and uses of cash related to equity during the **nine** **three** months ended **September 30, 2023** **March 31, 2024** and **2022** **2023** were as follows:

- During the first **nine****three** months of **2023****2024** and **2022****2023**, we did not repurchase any shares of our common stock on the open market.
- We maintained our quarterly dividend of \$0.39 per share in the **third****first** quarter of **2023****2024**. We paid cash dividends to Equifax shareholders of **\$143.7 million****\$48.2 million** and **\$143.3 million****\$47.9 million**, or **\$1.17****\$0.39** per share, during the **nine****three** months ended **September 30, 2023****March 31, 2024** and **2022****2023**, respectively.
- We received cash of **\$18.6 million****\$19.9 million** and **\$13.5 million****\$6.6 million** during the first **nine****three** months of **2023****2024** and **2022****2023**, respectively, from the exercise of stock options and the employee stock purchase plan.

- We paid taxes of \$15.4 million and \$15.9 million related to the settlement of equity awards during the first three months of 2024 and 2023, respectively.

At **September 30, 2023** **March 31, 2024**, the Company had **\$520.2 million** **\$520.2 million** remaining for stock repurchases under the existing authorization from the board of directors.

Contractual Obligations, Commercial Commitments and Other Contingencies

Our contractual obligations and commercial commitments have not changed materially from those reported in our 2022 Form 10-K. For additional information about certain obligations and contingencies, see Note 6 of the Notes to Consolidated Financial Statements in this Form 10-Q.

Off-Balance Sheet Arrangements

There have been no material changes with respect to our off-balance sheet arrangements from those presented in our 2022 Form 10-K.

Benefit Plans

At December 31, 2022 December 31, 2023, our U.S. Retirement Income Plan met or exceeded ERISA's minimum funding requirements. In the future, we expect to make minimum funding contributions as required and may make discretionary contributions, depending on certain circumstances, including market conditions and our liquidity needs. We believe additional funding contributions, if any, would not prevent us from continuing to meet our liquidity needs, which are primarily funded from cash flows generated by operating activities, available cash and cash equivalents, our CP program and our Revolver.

For our non-U.S., tax-qualified retirement plans, we fund an amount sufficient to meet minimum funding requirements but no more than allowed as a tax deduction pursuant to applicable tax regulations. For our non-qualified supplementary retirement plans, we fund the benefits as they are paid to retired participants, but accrue the associated expense and liabilities in accordance with U.S. GAAP.

For additional information about our benefit plans, see Note 9 of the Notes to Consolidated Financial Statements in our 2022 Form 10-K.

Foreign Currency

Argentina experienced multiple periods of increasing inflation rates, devaluation of the peso, and increasing borrowing rates. As such, Argentina was deemed a highly inflationary economy by accounting policymakers. Beginning in the third quarter of 2018, we have accounted for Argentina as a highly inflationary economy which resulted in the recognition of a **\$0.4** **\$0.1** million foreign currency loss and a **\$0.2** million foreign currency gain that was recorded in other income, net in our Consolidated Statements of Income during the three months ended **September 30, 2023** **March 31, 2024** and 2022 respectively, **March 31, 2023**.

RECENT ACCOUNTING PRONOUNCEMENTS

For information about new accounting pronouncements and the potential impact on our Consolidated Financial Statements, see Note 1 of the Notes to Consolidated Financial Statements in this Form 10-Q and Note 1 of the Notes to Consolidated Financial Statements in our **2022** **2023** Form 10-K.

APPLICATION OF CRITICAL ACCOUNTING POLICIES

The Company's Consolidated Financial Statements are prepared in conformity with U.S. GAAP. This requires our management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses and related disclosures of contingent assets and liabilities in our Consolidated Financial Statements and the Notes to Consolidated Financial Statements. We believe the most complex and sensitive judgments, because of their significance to the Consolidated Financial Statements, result primarily from the need to make estimates and assumptions about the effects of matters that are inherently uncertain. The "Application of Critical Accounting Policies and Estimates" section in the MD&A, and Note 1 of the Notes to Consolidated Financial Statements, in our **2022** **2023** Form 10-K describe the significant accounting estimates and policies used in the preparation of our Consolidated Financial Statements. Although we believe that our estimates, assumptions and judgments are reasonable, they are based upon information available at the time. Actual results may differ significantly from these estimates under different assumptions, judgments or conditions.

Goodwill

We review goodwill for impairment annually (as of September 30) and whenever events or changes in circumstances indicate the carrying value of an asset may not be recoverable. These events or circumstances could include a significant change in the business climate, legal factors, operating performance or trends, competition, or sale or disposition of a significant portion of a reporting unit. We have six reporting units comprised of Workforce Solutions (which includes Verification Services and Employer Services), USIS (which includes Online Information Solutions, Mortgage Solutions and Financial Marketing Services), Asia Pacific, Europe, Latin America, and Canada.

The goodwill balance at September 30, 2023, for our six reporting units was as follows:

	September 30, 2023
	(In millions)
Workforce Solutions	\$ 2,520.1
USIS	2,006.2
Asia Pacific	1,299.8
Latin America	639.4
Europe	170.7
Canada	94.6
Total goodwill	\$ 6,730.8

Valuation Techniques

We performed a quantitative assessment for each of our reporting units to determine whether impairment exists. In determining the fair value of the reporting units, we used the market approach, when available and appropriate, or a combination of the income and market approaches to estimate the reporting units' business enterprise value. We assess the valuation methodology based upon the relevance and availability of the data at the time we perform the valuation. If multiple valuation methodologies are used, the results are weighted appropriately. We engaged a third party specialist to assist in developing these estimates and valuation approaches.

Under the income approach, we calculate the fair value of a reporting unit based on estimated future discounted cash flows which require assumptions about short and long-term revenue growth rates, operating margins for the reporting unit, discount rates, foreign currency exchange rates and estimates of capital expenditures. The assumptions we use are based on what we believe a hypothetical marketplace participant would use in estimating fair value. Under the market approach, we estimate the fair value based on market multiples of earnings before income taxes, depreciation and amortization, for benchmark companies or guideline transactions. We believe the benchmark companies used for each of our reporting units serve as an appropriate input for calculating a fair value for the reporting unit as those benchmark companies have similar risks, participate in similar markets, provide similar services for their customers and compete with us directly. The companies we use as benchmarks are principally outlined in our discussion of Competition in our 2022 Form 10-K and have not significantly changed since the date of our last annual impairment test. Competition for each of our reporting units generally includes global consumer credit reporting companies, such as Experian and TransUnion, which offer a product suite similar to the reporting unit's credit reporting solutions. Valuation multiples were selected based on a financial benchmarking analysis that compared the reporting unit's operating result with the comparable companies' information. In addition to these financial considerations, qualitative factors such as variations in growth opportunities and overall risk among the benchmark companies were considered in the ultimate selection of the multiple.

The estimated fair value of the reporting units are derived from the valuation techniques described above incorporating the related projections and assumptions. Impairment occurs when the estimated fair value of the reporting unit is below the carrying value of its equity. The estimated fair value for all of our reporting units exceeded its related carrying value as of September 30, 2023. As a result, no goodwill impairment was recorded.

Given the lower historical cushion of concluded fair value in excess of carrying value for our Asia Pacific reporting unit, we used a combination of the income and market approaches to estimate our Asia Pacific reporting unit's business enterprise value. The values separately derived from each of the income and market approach valuation techniques were used to develop an overall estimate of the Asia Pacific reporting unit's fair value. This approach relies more heavily on the calculated fair value derived from the income approach with 70% of the value coming from the income approach. We believe this approach is consistent with that of a market participant in valuing prospective purchase business combinations. The selection and weighting of the various fair value techniques may result in a higher or lower fair value. Judgment is applied in determining the weightings that are most representative of fair value.

We have not made any material changes to the valuation methodology we use to assess goodwill impairment since the date of our last annual impairment test.

The following commentary relates to the reporting unit for which we determined the fair value of the reporting unit utilizing a combination of the income and market approaches, Asia Pacific.

Growth Assumptions

The assumptions for our future cash flows begin with our historical operating performance, the details of which are described in our Management's Discussion & Analysis of operating performance. Additionally, we consider the impact that known economic, industry and market trends, including the impact of rising interest rates and inflation, will have on our future forecasts, as well as the impact that we expect from planned business initiatives including new product initiatives, client service and retention standards, and cost management programs. At the end of the forecast period, the long-term growth rate we used to determine the terminal value of our Asia Pacific reporting unit was between 3.0% and 4.0% based on management's assessment of the minimum expected terminal growth rate of the reporting unit, as well as broader economic considerations such as GDP, inflation and the maturity of the markets we serve.

We projected revenue growth in 2024 for our Asia Pacific reporting unit in completing our 2023 impairment testing based on expected continued economic recovery from the negative impact the COVID-19 pandemic had on these regions in previous years and planned business initiatives and prevailing trends exhibited by this reporting unit. The anticipated revenue growth in this reporting unit, however, is partially offset by assumed increases in expenses and capital expenditures for the reporting unit which reflects the additional level of investment needed in order to achieve the planned revenue growth and completion of our technology transformation initiatives.

Discount Rate Assumptions

We utilize a weighted average cost of capital, or WACC, in our impairment analysis that makes assumptions about the capital structure that we believe a market participant would make and include a risk premium based on an assessment of risks related to the projected cash flows for the reporting unit. We believe this approach yields a discount rate that is consistent with an implied rate of return that a market participant would require for an investment in a company having similar risks and business characteristics to the reporting unit being assessed. To calculate the WACC, the cost of equity and cost of debt are multiplied by the assumed capital structure of the reporting unit as compared to industry trends and relevant benchmark company structures. The cost of equity was computed using the Capital Asset Pricing Model which considers the risk-free interest rate, beta, equity risk premium and specific company risk premium related to a particular reporting unit. The cost of debt was computed using a benchmark rate and the Company's tax rate. For the 2023 annual goodwill impairment evaluation, the discount rate used to develop the estimated fair value of the Asia Pacific reporting unit was higher than the discount rate used in 2022 and ranged between 10.0% and 11.5%.

Estimated Fair Value and Sensitivities

The estimated fair value of the Asia Pacific reporting unit is highly sensitive to changes in these projections and assumptions; therefore, in some instances changes in these assumptions could impact whether the fair value of a reporting unit is greater than its carrying value. For example, an increase in the discount rate and decline in the projected cumulative cash flow of a reporting unit could cause the fair value of certain reporting units to be below its carrying value. We perform sensitivity analyses around these assumptions in order to assess the reasonableness of the assumptions and the resulting estimated fair values. Ultimately, future potential changes in these assumptions may impact the estimated fair value of a reporting unit and cause the fair value of the reporting unit to be below its carrying value. Due to the lower cushion when compared to other reporting units, Asia Pacific is more sensitive to changes in the assumptions noted above that could result in a fair value that is less than its carrying value. The excess of fair value over carrying value for the Asia Pacific reporting unit was greater than 10% as of September 30, 2023.

Given the relatively smaller excess of fair value over carrying value for the Asia Pacific reporting unit, we believe that it is at risk of a possible future goodwill impairment. The excess of fair value for the Asia Pacific reporting unit is equivalent in 2023 with the fair valuation determination from 2022. The future impact of changes in economic conditions, including rising interest rates and inflation, remains uncertain. Avoidance of a future impairment will be dependent on continued growth during current economic conditions and our ability to execute on initiatives to grow revenue and operating margin and manage expenses prudently. We will continue to monitor the performance of this reporting unit to ensure no interim indications of possible impairment have occurred before our next annual goodwill impairment assessment in September 2024.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

For information regarding our exposure to certain market risks, see "Quantitative and Qualitative Disclosures about Market Risk," in Part II, Item 7A of our **2022** **2023** Form 10-K. There were no material changes to our market risk exposure during the three **and nine** months ended **September 30, 2023** **March 31, 2024**.

ITEM 4. CONTROLS AND PROCEDURES

As of the end of the period covered by this report, an evaluation was carried out by the Company's management, with the participation of our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934). Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that these disclosure controls and procedures were effective as of the end of the period covered by this report. In addition, no change in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Securities Exchange Act of 1934) occurred during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Remaining Matters Related to 2017 Cybersecurity Incident

Canadian Class Actions. Actions In 2017, we experienced a cybersecurity incident following a criminal attack on our systems that involved the theft of personal information of consumers. Five putative Canadian class actions, four of which are on behalf of a national class of approximately 19,000 Canadian consumers, are pending against us in Ontario, British Columbia and Alberta. Each of the proposed Canadian class actions asserts a number of common law and statutory claims seeking monetary damages and other related relief in connection with the 2017 a material cybersecurity incident. incident in 2017. In addition to seeking class certification on behalf of Canadian consumers whose personal information was allegedly impacted by the 2017 cybersecurity incident, in some cases, plaintiffs also seek class certification on behalf of a larger group of Canadian consumers who had contracts for subscription products with Equifax around the time of the incident or earlier and were not impacted by the incident.

On December 13, 2019, the court The Ontario class action has been certified in Ontario granted certification of part but is otherwise at a nationwide class that includes all impacted Canadians as well as Canadians who had subscription products with Equifax between March 7, 2017 and July 30, 2017 who were not impacted by the incident. We appealed one of the claims on which a class was certified and on June 9, 2021, our appeal was granted by the Ontario Divisional Court. The plaintiff filed a notice of further appeal with the Ontario Court of Appeal, and on November 25, 2022, the Ontario Court of Appeal dismissed the plaintiff's appeal and upheld the Divisional Court's ruling in our favor. On January 24, 2023, the plaintiff appealed this decision to the Supreme Court of Canada, and on July 13, 2023, the Supreme Court of Canada dismissed the appeal. preliminary stage. All remaining other purported class actions are at preliminary stages or stayed.

FCA Investigation. The U.K.'s Financial Conduct Authority ("FCA") opened an enforcement investigation against our U.K. subsidiary, Equifax Limited, in October 2017 in connection with the 2017 cybersecurity incident. We received a notice with the FCA's findings on October 13, 2023, and paid a penalty of \$13.8 million to resolve the matter.

CFPB Matters

In December 2021, we received a Civil Investigative Demand (a "CID") from the CFPB Consumer Financial Protection Bureau ("CFPB") as part of its investigation into our consumer disputes process in order to determine whether we have followed the FCRA's Fair Credit Reporting Act ("FCRA") requirements for the proper handling of consumer disputes. The CID requests the production of documents and answers to written questions. We are cooperating with the CFPB in its investigation and providing responses and information on an ongoing basis. investigation.

In January 2023, the CFPB informed us that its enforcement division will be investigating our previously-disclosed coding issue identified within a legacy server environment in the U.S. that impacted how some credit scores were calculated during a three-week period in 2022. We are cooperating with the CFPB in its investigation.

In July 2023, we received a CID from the CFPB as part of its investigation into data accuracy and dispute handling at our Workforce Solutions business unit in order to determine whether we have followed the FCRA's requirements. We received a second CID from the CFPB in March 2024 as part of the same investigation. The CID requests CIDs request the production of documents and answers to written questions. We are cooperating with the CFPB in its investigation and providing responses and information on an ongoing basis.

At this time, we are unable to predict the outcome of these CFPB investigations, including whether the investigations will result in any actions or proceedings against us.

Other

Equifax has been named as a defendant in various other legal actions, including administrative claims, regulatory matters, government investigations, class actions and other litigation arising in connection with our business. Some of the legal actions include claims for substantial compensatory or punitive damages or claims for indeterminate amounts of damages. We believe we have defenses to and, where appropriate, will contest many of these matters. Given the number of these matters, some are likely to result in adverse judgments, penalties, injunctions, fines or other relief. We may explore potential settlements before a case is taken through trial because of the uncertainty and risks inherent in the litigation process.

For information regarding our accounting for legal contingencies, see Note 6 of the Notes to Consolidated Financial Statements in this Form 10-Q.

ITEM 1A. RISK FACTORS

There have been no material changes with respect to the risk factors disclosed in our 2022 2023 Form 10-K.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

The following table contains information with respect to purchases made by or on behalf of Equifax or any "affiliated purchaser" (as defined in Rule 10b-18(a) (3) under the Securities Exchange Act of 1934), of our common stock during the quarter ended September 30, 2023 March 31, 2024:

Period	Purchased (1)	Per Share (2)	Total Number	Maximum Number (or Approximate Dollar Value)
			of Shares Purchased as Part of Publicly-Announced Plans or Programs	of Shares that May Yet Be Purchased Under the Plans or Programs (3)
July 1 - July 31, 2023	—	\$ —	—	\$ 520,168,924
August 1 - August 31, 2023	19	\$ —	—	\$ 520,168,924
September 1 - September 30, 2023	57	\$ —	—	\$ 520,168,924

Total	76	\$ —	\$ 520,168,924
-------	----	------	----------------

Period	Total Number of Shares Purchased (1)	Average Price Paid	Total Number of Shares Purchased as Part of Publicly-Announced	Maximum Number (or Approximate Dollar Value) of Shares that May Yet Be Purchased Under the Plans or
			Plans or Programs	Programs (3)
			Per Share (2)	
January 1 - January 31, 2024	9,885	\$ —	—	\$ 520,168,924
February 1 - February 29, 2024	117,816	\$ —	—	\$ 520,168,924
March 1 - March 31, 2024	2,375	\$ —	—	\$ 520,168,924
Total	130,076	\$ —	—	\$ 520,168,924

(1) The total number of shares purchased for the quarter includes shares surrendered, or deemed surrendered, in satisfaction of the exercise price and/or to satisfy tax withholding obligations in connection with the exercise of employee stock options, totaling **9,885** shares for the month of **July 2023, 19 January 2024, 117,816** shares for the month of **August 2023, February 2024**, and **2,375** shares for the month of **September 2023, March 2024**.

(2) Average price paid per share for shares purchased as part of our share repurchase program (includes brokerage commissions). For the quarter ended **September 30, 2023** **March 31, 2024**, we did not repurchase any shares of our common stock under our share repurchase program.

(3) At **September 30, 2023** **March 31, 2024**, the amount authorized for future share repurchases under the share repurchase program was \$520.2 million. The program does not have a stated expiration date.

Dividend and Share Repurchase Restrictions

Our Revolver restricts our ability to pay cash dividends on our capital stock or repurchase capital stock if a default or event of default exists or would result if these payments were to occur, according to the terms of the applicable credit agreements.

ITEM 5. OTHER INFORMATION

Rule 10b5-1 Trading Plans of Directors and Executive Officers

The following table describes any contracts, instructions or written plans for the sale or purchase of Equifax securities and intended to satisfy the affirmative defense conditions of Rule 10b5-1(c) of the Exchange Act that were adopted by our directors and executive officers during the quarter ended **September 30, 2023** **March 31, 2024**:

Name and Title	Date of Adoption of Rule 10b5-1 Trading Plan	Scheduled Expiration Date of Rule 10b5-1 Trading Plan(1)	Aggregate Number of Securities to Be Purchased or Sold	
Rodolfo O. Ploder, Carla J. Chaney, Executive Vice President, President, Workforce Solutions Chief Human Resources Officer	8/15/23	8/17/23/23/24	11/20/24	Sale of up to 63,652 15,282 shares of common stock in multiple transactions
John J. Kelley III, W. Gamble, Jr., Executive Vice President, Chief Legal Financial Officer and Corporate Secretary Chief Operations Officer	8/16/23	2/23/28/24	8/29/24	Sale of up to 52,221 5,000 shares of common stock in multiple transactions
Julia A. Houston, Executive Vice President, Chief Strategy and Marketing Officer	8/16/23	2/23/24	8/25/24	Sale of up to 23,485 9,095 shares of common stock in multiple transactions

(1) A trading plan may also expire on such earlier date that all transactions under the trading plan are completed.

During the quarter ended **September 30, 2023** **March 31, 2024**, none of our directors or executive officers terminated a Rule 10b5-1 trading plan or adopted or terminated a non-Rule 10b5-1 trading arrangement (as defined in Item 408(c) of Regulation S-K).
