Â -7- Â Â NATHAN'S FAMOUS, INC. AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS December 29, 2024 (in thousands, expect share and per share amounts) (Unaudited) Â Â NOTE A - BASIS OF PRESENTATION Â The accompanying condensed consolidated financial statements of Nathan's Famous, Inc. and subsidiaries (collectively â€œNathanâ€™s,â€ the â€œCompany,â€ â€œwe,â€ â€œusâ€ or â€œourâ€) as of and for the thirteen and thirty-nine week periods ended December 29, 2024 and December 24, 2023 have been prepared in accordance with accounting principles generally accepted in the United States of America (â€œGAAPâ€). The unaudited condensed consolidated financial statements include all adjustments (consisting of normal recurring adjustments) which, in the opinion of management, are necessary for a fair presentation of financial condition, results of operations and cash flows for the periods presented. However, our results of operations are seasonal in nature, and the results of any interim period are not necessarily indicative of results for any other interim period or the full fiscal year. Â The Company uses a 52-53 week fiscal year ending on the Sunday closest to March 31. The 2025 fiscal year will end on March 30, 2025 and will contain 52 weeks. Â Certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been omitted pursuant to the requirements of the U.S. Securities and Exchange Commission (â€œSECâ€). Â Certain prior period revenue amounts in the condensed consolidated statements of earnings have been reclassified to conform to the current period presentation. These reclassifications had no effect on previously reported results of operations. Â Management believes that the disclosures included in the accompanying condensed consolidated interim financial statements and footnotes are adequate to make the information not misleading but should be read in conjunction with the Consolidated Financial Statements and Notes thereto included in Nathanâ€™s Annual Report on Form 10-K for the fiscal year ended March 31, 2024 as filed with the SEC on June 12, 2024. Â Our significant interim accounting policies include the recognition of advertising fund expense in proportion to advertising fund revenue, and the recognition of income taxes using an estimated annual effective tax rate. Â A summary of the Companyâ€™s significant accounting policies is identified in Note B of the Notes to Consolidated Financial Statements included in the Companyâ€™s Annual Report on Form 10-K for the fiscal year ended March 31, 2024. Â Â NOTE B â€“ NEW ACCOUNTING STANDARDS NOT YET ADOPTED Â In November 2023, the FASB issued ASU 2023-07, â€œSegment Reporting (Topic 280): Improvements to Reportable Segment Disclosuresâ€ which provides guidance to improve reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses. In addition, the guidance enhances interim disclosure requirements, clarifies circumstances in which an entity can disclose multiple segment measures of profit or loss, provides new segment disclosure requirements for entities with a single reportable segment and contains other disclosure requirements. The purpose of the guidance is to enable investors to better understand an entityâ€™s overall performance and assess potential future cash flows. The guidance is effective for all public companies for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024. For the Company, annual reporting requirements will be effective for our fiscal year 2025 beginning on April 1, 2024 and interim reporting requirements will be effective beginning with our first quarter of fiscal year 2026. Early adoption is permitted. Entities are required to adopt this guidance on a retrospective basis. Â In December 2023, the FASB issued ASU 2023-09, â€œIncome Taxes (Topic 740): Improvements to Income Tax Disclosuresâ€ which updates income tax disclosure requirements primarily by requiring specific categories and greater disaggregation within the rate reconciliation table and disaggregation of income taxes paid, net of refunds, by jurisdiction. All entities are required to apply the guidance prospectively, with the option to apply it retrospectively. The guidance is effective for fiscal years beginning after December 15, 2024, which for us is our fiscal year 2026 beginning on March 31, 2025. Early adoption is permitted. We are currently evaluating the impact that the new guidance will have on our consolidated financial statements. Â -8- Â Â Â In November 2024, the FASB issued ASU 2024-03,

â€œIncome Statement â€“ Reporting Comprehensive Income â€“ Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expensesâ€, which requires the disaggregation of certain expenses in the notes to the financial statements, to provide enhanced transparency into the expense captions presented on the face of the statement of earnings. Additionally, in January 2025, the FASB issued ASU 2025-01, â€œIncome Statement Reporting Comprehensive Income Expense Disaggregation Disclosures (Subtopic 220-40): Clarifying the Effective Dateâ€, which clarified the effective date for non-calendar year-end entities such as us. The guidance is effective for the first annual reporting period beginning after December 15, 2026, and interim reporting periods within annual reporting periods beginning after December 15, 2027. Early adoption is permitted. The amendments in this Update should be applied either (1) prospectively to financial statements for reporting periods after the effective date of this Update or (2) retrospectively to any or all prior periods presented in the financial statements.Â For the Company, annual reporting requirements will be effective for our fiscal year 2028 beginning on March 29, 2027 and interim reporting requirements will be effective beginning with our first quarter of fiscal year 2029. The Company is currently evaluating the impact that the new guidance will have on our consolidated financial statements. Â The Company does not believe that any recently issued, but not yet effective accounting standards, when adopted, will have a material effect on the accompanying condensed consolidated financial statements. Â Â NOTE D â€“ INCOME PER SHAREÂ Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Basic net income per common share is calculated by dividing net income by the weighted average number of common shares outstanding and excludes any dilutive effect of share-based awards. Diluted net income per common share gives effect to all potentially dilutive common shares that were outstanding during the period. Dilutive common shares used in the computation of diluted net income per common share result from the assumed exercise of stock options as determined using the treasury stock method and restricted stock unit awards. Cash equivalents at December 29, 2024 were $16,000. The Company did not have any cash equivalents at March 31, 2024. The Companyâ€™s cash balances principally consist of cash in bank and money market accounts. Â At December 29, 2024 and March 31, 2024, substantially all of the Companyâ€™s cash balances are in excess of insurance limits of the Federal Deposit Insurance Corporation, or the FDIC. The Company has not experienced any losses in such accounts. Â Â NOTE F â€“ FAIR VALUE MEASUREMENTS Â Nathanâ€™s follows a three-level fair value hierarchy that prioritizes the inputs to measure fair value. This hierarchy requires entities to maximize the use of â€œobservable inputsâ€ and minimize the use of â€œunobservable inputs.â€ The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability on the measurement date. The three levels are defined as follows: Â Â â— Level 1 - inputs to the valuation methodology are quoted prices (unadjusted) for an identical asset or liability in an active market Â Â â— Level 2 - inputs to the valuation methodology include quoted prices for a similar asset or liability in an active market or model-derived valuations in which all significant inputs are observable for substantially the full term of the asset or liability Â Â â— Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement of the asset or liability and reflect the Companyâ€™s own assumptions Â The carrying amounts reported in the Companyâ€™s Condensed Consolidated Balance Sheets for cash and cash equivalents, accounts receivable and accounts payable approximate fair value due to the short-term nature of those items. Â The carrying amount of our long-term debt (see NOTE P â€“ LONG TERM DEBT) also approximates fair value since such borrowings bear interest at variable market rates and is categorized as Level 2. The face and fair value of the 6.625% Senior Secured Notes due 2025 (â€œ2025 Notesâ€) as of March 31, 2024 was $60,000 and $59,903, respectively, and was based upon review of observable pricing in secondary markets as of March 31, 2024. Accordingly, the Company classified it as Level 2. Â Certain non-financial assets and liabilities are measured at fair value on a non-recurring basis; that is, the assets and liabilities are not measured at fair value on an ongoing basis but are subject to fair value adjustments in certain circumstances, such as when evidence of impairment exists. At December 29, 2024, no fair value adjustment or material fair value measurements were required for non-financial assets or liabilities. Â -11- Â Â Â Â NOTE G â€“ ACCOUNTS AND OTHER RECEIVABLES, NETÂ Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Accounts and other receivables, net, consist of the following (in thousands): Â Â Â December 29, Â Â March 31, Â Â Â 2024 Â Â 2024 Â Â Â Â Â Â Â Â Â Branded product sales Â $ 10,840 Â Â $ 10,833 Â Franchise and license royalties Â Â 3,805 Â Â Â 4,139 Â Other Â Â 540 Â Â Â 162 Â Â Â Â 15,185 Â Â Â 15,134 Â Â Â Â Â Â Â Â Â Less: allowance for credit losses Â Â (441) Â Â (403) Accounts and other receivables, net Â $ 14,744 Â Â $ 14,731 Â Â Our provision for credit losses is based on the current expected credit losses model. The Company is exposed to credit losses through its trade accounts receivable. Trade accounts receivable are generally due within 30 days and are stated at amounts due from franchisees, including virtual kitchens, retail licensees and Branded Product Program customers, net of an allowance for credit losses. Accounts that are outstanding longer than the contractual payment terms are generally considered past due. Â An allowance for credit losses is determined by pooling financial assets based on similar risk characteristics and delinquency status under an aging method at the measurement date. The Company considers both qualitative and quantitative information when developing the estimate including assessments of collectability based on historical trends, the financial condition of the Companyâ€™s franchisees, licensees and Branded Product Program customers, including any known or anticipated bankruptcies, and an evaluation of current economic conditions as well as the Companyâ€™s expectations of conditions in the future. Â The Company provides for expected credit losses through a charge to earnings. After the Company has used reasonable collection efforts, it writes off accounts receivable through a charge to the allowance for credit losses. Â Changes in the Companyâ€™s allowance for credit losses for the thirty-nine week period ended December 29, 2024 and the fiscal year ended March 31, 2024 are as follows (in thousands): Â Â Â December 29, 2024 Â Â March 31, 2024 Â Â Â Â Â Â Â Â Â Â Beginning balance Â $ 403 Â Â $ 480 Â Cumulative effect of adoption of ASU 2016-13 Â Â - Â Â Â 252 Â Bad debt expense Â Â 53 Â Â Â 157 Â Write offs and other Â Â (15) Â Â (486) Ending balance Â $ 441 Â Â $ 403 Â Â Â Â NOTE H â€“ PREPAID EXPENSES AND OTHER CURRENT ASSETS Â Prepaid expenses and other current assets consist of the following (in thousands): Â Â Â December 29, Â Â March 31, Â Â Â 2024 Â Â 2024 Â Â Â Â Â Â Â Â Â Income taxes Â $ - Â Â $ 858 Â Real estate taxes Â Â 157 Â Â Â 93 Â Insurance Â Â 296 Â Â Â 268 Â Marketing Â Â 400 Â Â Â 562 Â Other Â Â 259 Â Â Â 395 Â Total prepaid expenses and other current assets Â $ 1,112 Â Â $ 2,176 Â Â -12- Â Â Â Â NOTE I â€“ INTANGIBLE ASSET Â The Companyâ€™s definite-lived intangible asset consists of trademarks, and the trade name and other intellectual property in connection with its Arthur Treacherâ€™s co-branding agreements. Based upon review of the current Arthur Treacherâ€™s co-branding agreements, the Company determined that the remaining useful lives of these agreements is four years concluding in fiscal year 2028, and the intangible asset is subject to annual amortization. The Company performs an annual impairment test, or more frequently if events or changes in circumstances indicate that the intangible asset may be impaired. The Company tests for recoverability of its definite-lived intangible asset based on the projected undiscounted cash flows to be derived from such co-branding agreements. Cash flow projections require significant estimates and assumptions by management. Should the estimates and assumptions prove to be incorrect, the Company may be required to record an impairment charge in future periods and such impairment could be material. Â There have been no significant events or changes in circumstances during the thirteen and thirty-nine week periods ended December 29, 2024 that would indicate that the carrying amount of the Companyâ€™s intangible asset may be impaired as of December 29, 2024. Â Â NOTE J - LONG LIVED ASSETS Â Long-lived assets on a restaurant-by-restaurant basis are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value may not be recoverable. Â Long-lived assets include property, equipment and right-of-use assets for operating leases with finite useful lives. Assets are grouped at the individual restaurant level, which represents the lowest level for which cash flows can be identified largely independent of the cash flows of other assets and liabilities. The Company generally considers a history of restaurant operating losses to be its primary indicator of potential impairment for individual restaurant locations. Â The Company tests for recoverability based on the projected undiscounted cash flows to be derived from such assets. If the projected undiscounted future cash flows are less than the carrying value of the asset, the Company will record on a restaurant-by-restaurant basis, an impairment loss, if any, based on the difference between the estimated fair value and the carrying value of the asset. The Company generally measures fair value by considering discounted estimated future cash flows from such assets. Cash flow projections and fair value estimates require significant estimates and assumptions by management. Should the estimates and assumptions prove to be incorrect, the Company may be required to record impairment charges in future periods and such impairments could be material. Â There have been no significant events or changes in circumstances during the thirteen and thirty-nine week periods ended December 29, 2024 that would indicate that the carrying amount of the Companyâ€™s long-lived assets may be impaired as of December 29, 2024. Â Â NOTE K â€“ ACCRUED EXPENSES AND OTHER CURRENT LIABILITIES Â Accrued expenses and other current liabilities consist of the following (in thousands):Â Â Â Â Â Â Â Â Â Â Â Â December 29, Â Â March 31, Â Â Â 2024 Â Â 2024 Â Â Â Â Â Â Â Â Â Payroll and other benefits Â $ 2,431 Â Â $ 3,522 Â Accrued rebates Â Â 1,102 Â Â Â 693 Â Rent and occupancy costs Â Â 56 Â Â Â 78 Â Deferred revenue Â Â 250 Â Â Â 1,375 Â Interest Â Â 153 Â Â Â 1,676 Â Professional fees Â Â 140 Â Â Â 56 Â Sales, use and other taxes Â Â 52 Â Â Â 41 Â Corporate income taxes Â Â 10 Â Â Â - Â Other Â Â 155 Â Â Â 174 Â Total accrued expenses and other current liabilities Â $ 4,349 Â Â $ 7,615 Â Â Â Â NOTE L â€“ INCOME TAXES Â The effective income tax rates for the thirteen weeks ended December 29, 2024 and December 24, 2023 were 26.0% and 30.2%, respectively. Â The effective income tax rates for the thirteen and thirty-nine weeks ended December 29, 2024 and December 24, 2023 were higher than the United States statutory income tax rate primarily due to state and local taxes, as well as non-deductible compensation under the Internal Revenue Code Section 162(m). Â The amount of unrecognized tax benefits included in Other liabilities at December 29, 2024 and March 31, 2024 was $506 and $465, respectively, all of which would impact the Companyâ€™s effective tax rate, if recognized. Â Â NOTE M â€“ SEGMENT INFORMATION Â Nathanâ€™s considers itself to be a brand marketer of the Nathanâ€™s Famous signature products to the foodservice industry pursuant to its various business structures. Nathanâ€™s sells its products directly to consumers through its restaurant operations segment consisting of Company-owned and franchised restaurants, including virtual kitchens, to distributors that resell our products to the foodservice industry through the Branded Product Program and by third party manufacturers pursuant to license agreements that sell our products to supermarkets, club stores and grocery stores nationwide. The Companyâ€™s Chief Executive Officer has been identified as the Chief Operating Decision Maker (â€œCODMâ€) who regularly reviews operating results, evaluates performance and allocates resources for the Branded Product Program, Product Licensing and Restaurant Operations segments based upon a number of factors, the primary profit measure being

income from operations. Certain administrative expenses are not allocated to the segments and are reported within the Corporate segment. Â Branded Product Program â€“ This segment derives revenue principally from the sale of hot dog products either directly to foodservice operators or to various foodservice distributors who resell the products to foodservice operators. Â Product licensing â€“ This segment derives revenue, primarily in the form of royalties, from licensing a broad variety of Nathanâ€™s Famous branded products, including our hot dogs, frozen crinkle-cut French fries and additional products through retail supermarkets, grocery channels and club stores primarily throughout the United States. Â Restaurant operations â€“ This segment derives revenue from the sale of our products at Company-owned restaurants and earns fees and royalties from its franchised restaurants, including its virtual kitchens. Â Revenues from operating segments are from transactions with unaffiliated third parties and do not include any intersegment revenues. Â Income from operations attributable to Corporate consists principally of administrative expenses not allocated to the operating segments such as executive management, finance, information technology, legal, insurance, corporate office costs, corporate incentive compensation, compliance costs and the operating results of the Advertising Fund. Â Interest expense, loss on debt extinguishment, interest and dividend income, and other income, net, are managed centrally at the corporate level, and, accordingly, such items are not presented by segment since they are excluded from the measure of profitability reviewed by the CODM. All such options vest ratably over a four-year period commencing August 19, 2024. Â The weighted average option fair value, as determined using the Black-Scholes option valuation model, and the assumptions used to estimate these values for stock options granted during the thirty-nine week period ended December 29, 2024 are as follows: Â Weighted average option fair values Â $ 14.67 Â Expected life (years) Â Â 4.4 Â Interest rate Â Â 3.75 % Volatility Â Â 24.50 % Dividend yield Â Â 2.69 % Â The expected dividend yield is based on historical and projected dividend yields. The Company estimates volatility based primarily on historical monthly price changes of the Companyâ€™s stock equal to the expected life of the option. The risk-free interest rate is based on the U.S. Treasury yield in effect at the time of grant. The expected option term is the number of years the Company estimates the options will be outstanding prior to exercise based on expected historical exercise patterns and employment termination behavior. Purchases under the Companyâ€™s stock repurchase program may be made from time to time, depending on market conditions, in open market or privately negotiated transactions, at prices deemed appropriate by management. There is no set time limit on the repurchases. Â On July 10, 2024 (the â€œEffective Dateâ€), the Company entered into a five-year unsecured Credit Agreement (the â€œCredit Agreementâ€) among the Company, as borrower, direct and indirect subsidiaries of the Company, as guarantors, the lenders from time to time party thereto (the â€œLendersâ€) and Citibank, N.A., as administrative agent, swing line lender, L/C issuer and a Lender (capitalized terms used and not otherwise defined herein shall have the meanings set forth in the Credit Agreement). Â The Credit Agreement provides for a term loan facility (â€œTerm Loanâ€) of $60,000 and a revolving credit facility (â€œRevolving Loanâ€) of up to $10,000. The Credit Agreement also provides that the Company has the right from time to time during the term of the Credit Agreement to request the Lenders for incremental revolving loan borrowing increases of up to an additional $10,000 in the aggregate, subject to, among other items, the Lenders agreeing to lend any such additional amounts and compliance with terms specified in the Credit Agreement. The Credit Agreement matures on July 10, 2029. Â The Company borrowed $60,000 in Term Loan borrowings on the Effective Date to refinance and redeem its outstanding 2025 Notes. The Company will use any Revolving Loan borrowings under the Credit Agreement for working capital and general corporate purposes. As of December 29, 2024, there were no outstanding borrowings under the Revolving Loan. Â In connection with the refinancing, the Company recorded a loss on extinguishment of debt of $334 that reflected the write-off of the remainder of the debt issuance costs on the 2025 Notes. Additionally, in connection with the refinancing, the Company incurred $431 of debt issuance costs on the Term Loan borrowings that were capitalized and will be amortized over the term of the Credit Agreement. Â Term Loan and Revolving Loan borrowings under the Credit Agreement will bear interest at a rate per annum, at the Companyâ€™s option, of (a) for Base Rate Loans, the Base Rate plus the Applicable Rate of 0.00% or (b) for Term SOFR Loans, Term SOFR plus the Applicable Rate of 1.40% for one (1), three (3) or six (6) month periods, as selected by the Company in its Loan Notice. The Company will be subject to a commitment fee of 0.20% per annum on the daily amount of the undrawn portion of the Revolving Committed Amount. The interest rate on the Term Loan borrowings at December 29, 2024 was 5.946%. Â The Credit Agreement contains customary affirmative covenants and negative covenants and requires the Company to maintain a Consolidated Fixed Charge Ratio not to exceed 1.20 to 1.00 and a Consolidated Net Leverage Ratio not to exceed 3.00 to 1.00, in each case, as of the end of each fiscal quarter. The Company was in compliance with the covenants of the Credit Agreement at December 29, 2024. Â -17- Â Â Â The outstanding Term Loan borrowings under the Credit Agreement are payable in equal quarterly installments of 1.0% of the original principal amount of the Term Loan, or $600, beginning September 30, 2024, with the balance payable on the final maturity date. Â The outstanding Term Loan borrowings and the Revolving Loan borrowings under the Credit Agreement are voluntarily prepayable by the Company without penalty or premium, provided, that each of the following shall require a mandatory prepayment of outstanding Term Loan borrowings and Revolving Loan borrowings by the Company as follows: (i) 100% of any Net Cash Proceeds in excess of $2,000 individually or in the aggregate over the term of the Credit Agreement in respect of any Extraordinary Receipt provided that the Company shall be permitted to reinvest such Net Cash Proceeds in accordance with the Credit Agreement, (ii) 100% of any Net Cash Proceeds of an Equity Issuance, (iii) 100% of any Net Cash Proceeds from a Debt Issuance and (iv) 100% of any Net Cash Proceeds from the Disposition of certain assets individually, or in the aggregate, in excess of $2,000 in any fiscal year provided that the Company shall be permitted to reinvest such Net Cash Proceeds in accordance with the Credit Agreement. Â On October 10, 2024, the Company made a voluntary principal prepayment of $8,000 of its Term Loan borrowings and incurred a loss on debt extinguishment of approximately $55 in the third quarter of fiscal 2025 related to the write-off of a portion of previously recorded debt issuance costs on the Term Loan borrowings. Nevertheless, litigation is subject to inherent uncertainties and unfavorable rulings could occur. An unfavorable ruling could include money damages and, in such event, could result in a material adverse impact on the Companyâ€™s results of operations for the period in which the ruling occurs. Â Â Â Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations. Â Forward-Looking Statements Â This Form 10-Q contains â€œforward-looking statementsâ€ within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended (the â€œExchange Actâ€), that involve risks and uncertainties. You can identify forward-looking statements because they contain words such as â€œbelieves,â€ â€œexpects,â€ â€œprojects,â€ â€œmay,â€ â€œwould,â€ â€œshould,â€ â€œseeks,â€ â€œintends,â€ â€œplans,â€ â€œestimates,â€ â€œanticipatesâ€ or similar expressions that relate to our strategy, plans or intentions. All statements we make relating to our estimated and projected earnings, margins, costs, expenditures, cash flows, growth rates and financial results or to our expectations regarding future industry trends are forward-looking statements. In addition, we, through our senior management, from time to time make forward-looking public statements concerning our expected future operations and performance and other developments. These forward-looking statements are subject to known and unknown risks, uncertainties and other factors that may change at any time, and, therefore, our actual results may differ materially from those that we expected. We derive many of our forward-looking statements from our operating budgets and forecasts, which are based upon many detailed assumptions. While we believe that our assumptions are reasonable, we caution that it is very difficult to predict the impact of known factors, and, of course, it is impossible for us to anticipate all factors that could affect our actual results. All forward-looking statements contained in this Form 10-Q are based upon information available to us on the date of this Form 10-Q. Â Statements in this Form 10-Q quarterly report may be â€œforward-looking statementsâ€ within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include, but are not limited to, statements that express our intentions, beliefs, expectations, strategies, predictions or any other statements relating to our future activities or other future events or conditions. These statements are based on current expectations, estimates and projections about our business based, in part, on assumptions made by management. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties, many of which are not within our control, include but are not limited to: the impact of disease epidemics such as the COVID-19 pandemic; increases in the cost of food and paper products; the impact of price increases on customer visits; the status of our licensing and supply agreements, including our licensing revenue and overall profitability being substantially dependent on our agreement with Smithfield Foods, Inc.; the impact of our debt service and repayment obligations under our Credit Agreement, including the effect on our ability to fund working capital, operations and make investments; economic (including inflationary pressures like those currently being experienced); weather (including the impact on sales at our restaurants particularly during the summer months); changes in the price of beef and beef trimmings; our ability to pass on the cost of any price increases in beef and beef trimmings; legislative and business conditions; potential changes in U.S. income tax or tariff policies; the collectability of receivables; changes in consumer tastes; the continued viability of Coney Island as a destination location for visitors; the ability to attract franchisees; the impact of the minimum wage legislation on labor costs in New York State or other changes in labor laws, including regulations which could render a franchisor as a â€œjoint employerâ€ or the impact of our union contracts; our ability to attract competent restaurant and managerial personnel; the enforceability of international franchising agreements; the future effects of any food borne illness such as bovine spongiform encephalopathy, BSE or e-coli; as well as those risks discussed from time to time in this Form 10-Q and our Form 10-K annual report for the year ended March 31, 2024, and in other documents we file with the U.S. Securities and Exchange Commission. Therefore, actual outcomes and results may differ materially from what is expressed or forecasted in the forward-looking statements. We generally identify forward-looking statements with the words â€œbelieve,â€ â€œintend,â€ â€œplan,â€ â€œexpect,â€ â€œanticipate,â€ â€œestimate,â€ â€œwill,â€ â€œshouldâ€ and similar expressions. Any forward-looking statements speak only as of the date on which they are made, and we do not undertake any obligation to update any forward-looking statement to reflect events or circumstances after the date of this Form 10-Q. Â Introduction Â As used in this Report, the terms â€œweâ€, â€œusâ€, â€œourâ€, â€œNathanâ€™sâ€ or the â€œCompanyâ€ mean Nathanâ€™s Famous, Inc. and its subsidiaries (unless the context indicates a different meaning). Â We are engaged primarily in the marketing of the â€œNathanâ€™s Famousâ€ brand and the sale of products bearing the â€œNathanâ€™s Famousâ€ trademarks through several different channels of distribution. Historically, our business has been the operation and franchising of quick-service restaurants featuring Nathanâ€™s World Famous Beef Hot Dogs, crinkle-cut French fries, and a variety of other menu offerings. Our Company-owned and franchised restaurants operate under the name â€œNathanâ€™s Famous,â€ the name first used at our original Coney Island restaurant opened in 1916. Nathanâ€™s product licensing program sells packaged hot dogs; frozen crinkle-cut French fries and additional products to retail customers through supermarkets, grocery channels and club stores for off-site consumption. Our Branded Product Program enables foodservice retailers and others to sell some of Nathanâ€™s proprietary products outside of the realm of a traditional franchise relationship. In conjunction with this program, purchasers of Nathanâ€™s products are granted a limited use of the Nathanâ€™s Famous trademark with respect to the sale of the purchased products, including Nathanâ€™s World Famous Beef Hot Dogs, certain other proprietary food items and paper goods. Our Branded Menu Program is a limited franchise program, under which foodservice operators may sell a greater variety of Nathanâ€™s Famous menu items than under the Branded Product Program. Â -20- Â Â Our revenues are generated primarily from selling products under Nathanâ€™s Branded Product Program, operating Company-owned restaurants, licensing agreements for the sale of Nathanâ€™s products within supermarkets, grocery stores and club stores, the sale of Nathanâ€™s products directly to other foodservice operators, the manufacture of certain proprietary spices by third parties and the royalties, fees and other sums we can earn from franchising the Nathanâ€™s restaurant concept (including the Branded Menu Program and virtual kitchens). Â At December 29, 2024, our restaurant system, excluding virtual kitchens, consisted of 240 locations, including 128 Branded Menu Program locations, and four Company-owned restaurants (including one seasonal unit), located in 17 states, and 12 foreign countries. Â At December 24, 2023, our restaurant system, excluding virtual kitchens, consisted of 238 locations, including 117 Branded Menu Program locations, and four Company-owned restaurants (including one seasonal unit), located in 17 states, and 13 foreign countries. Â Our primary focus is to expand the market penetration of the Nathanâ€™s Famous brand by increasing the number of distribution points for our products across all of our business platforms, including our Licensing Program for distribution of Nathanâ€™s Famous branded consumer packaged goods, our Branded Products Program for distribution of Nathanâ€™s Famous branded bulk products to the foodservice industry, and our namesake restaurant system comprised of both Company-owned restaurants and franchised locations, including virtual kitchens. The primary drivers of our growth have been our Licensing and Branded Product Programs which have been the largest contributors to the Companyâ€™s revenues and profits. Â While we do not expect to significantly increase the number of Company-owned restaurants, we may opportunistically and strategically invest in a small number of new units as showcase locations for prospective franchisees and master developers as we seek to grow our franchise system. We continue to seek opportunities to drive sales in a variety of ways as we adapt to the ever-changing consumer and business climate. Â As described in our Annual Report on Form 10-K for the year ended March 31, 2024, our future results could be materially impacted by many developments including our dependence on Smithfield Foods, Inc. as our principal supplier and the dependence of our licensing revenue and overall profitability on our agreement with Smithfield Foods, Inc. In addition, our future operating results could be impacted by supply constraints on beef or by increased costs of beef, beef trimmings and other commodities due to inflationary pressures compared to earlier periods. Â As described below, we are also including information relating to EBITDA and Adjusted EBITDA, which are non-GAAP financial measures, in this Form 10-Q quarterly report. See â€œReconciliation of GAAP and Non-GAAP Measures.â€ Â Recent events Â Refinancing of Senior Secured Notes due 2025 Â On July 10, 2024, the Company entered into a five-year unsecured Credit Agreement (the â€œCredit Agreementâ€) with Citibank, N.A. and borrowed $60,000,000 in Term Loan borrowings to refinance and redeem the 6.625% Senior Secured Notes due 2025 (the â€œ2025 Notesâ€). See NOTE P â€“ LONG TERM DEBT of the preceding condensed consolidated financial statements and â€œLiquidity and Capital Resourcesâ€ for additional information on the Credit Agreement and refinancing. Our future results may be impacted by our debt service and repayment obligations under our Credit Agreement. Â Inflationary Factors Â Inflationary pressures negatively impacted our earnings during the thirty-nine week period ended December 29, 2024, most notably within our Branded Product Program segment, due primarily to commodity prices on beef and beef trimmings. This trend may continue throughout the remainder of fiscal year 2025. In general, we have been able to offset cost increases resulting from inflation by increasing prices and entering into sales agreements with our Branded Product Program customers that are correlated to our cost of beef and beef trimmings. We continue to monitor these inflationary pressures and will continue to implement mitigation measures as needed. Inherent volatility in commodity markets, including beef and beef trimmings, could have a significant impact on our results of operations. Delays in implementing price increases, competitive pressures, a decline in consumer spending levels and other factors may limit our ability to implement further price increases in the future. Â -21- Â Â Critical Accounting Estimates Â As discussed in our Form 10-K for the fiscal year ended March 31, 2024, the discussion and analysis of our financial condition and results of operations are based upon our condensed consolidated financial statements, which have been prepared in conformity with accounting principles generally accepted in the United States of America (â€œUS GAAPâ€). The preparation of these condensed consolidated financial statements requires us to make estimates and assumptions that affect the amounts of assets, liabilities, revenues and expenses reported in those condensed consolidated financial statements. These judgments can be subjective and complex, and consequently, actual results could differ from those estimates. Our most critical accounting estimates relate to impairment of intangible assets; impairment of long-lived assets; current expected credit losses and income taxes (including uncertain tax positions). During the thirty-nine week period ended December 29, 2024, there have been no changes to our critical accounting estimates from those disclosed in our Annual Report on Form 10-K for the fiscal year ended March 31, 2024. Â New Accounting Standards Not Yet AdoptedÂ Â Â Â Â Â Â Â Â Â Â Please refer to Note B of the preceding condensed consolidated financial statements for our discussion of New Accounting Standards Not Yet Adopted. Â EBITDA and Adjusted EBITDA Â The Company believes that EBITDA and Adjusted EBITDA, which are non-GAAP financial measures, are useful to investors to assist in assessing and understanding the Company's operating performance and underlying trends in the Company's business because EBITDA and Adjusted EBITDA are (i) among the measures used by management in evaluating performance and (ii) are frequently used by securities analysts, investors and other interested parties as a common performance measure. Â Reconciliation of GAAP and Non-GAAP Measures Â The following is provided to supplement certain Non-GAAP financial measures. Â In addition to disclosing results that are determined in accordance with US GAAP, the Company has provided EBITDA, a non-GAAP financial measure, which is defined as net income excluding (i) interest expense; (ii) provision for income taxes and (iii) depreciation and amortization expense. The Company has also provided Adjusted EBITDA, a non-GAAP financial measure, which is defined as EBITDA, excluding (i) the loss on debt extinguishment and (ii) share-based compensation that the Company believes will impact the comparability of its results of operations. Â EBITDA and Adjusted EBITDA are not recognized terms under US GAAP and should not be viewed as alternatives to net income or other measures of financial performance or liquidity in conformity with US GAAP. Additionally, our definitions of EBITDA and Adjusted EBITDA may differ from other companies. Analysis of results and outlook on a non-US GAAP basis should be used as a complement to, and in conjunction with, data presented in accordance with US GAAP. Â The following is a reconciliation of net income to EBITDA and Adjusted EBITDA (in thousands): Â Â Â Thirteen weeks ended Â Â Thirty-nine weeks ended Â Â Â December 29, 2024 Â Â December 24, 2023 Â Â December 29, 2024 Â Â December 24, 2023 Â Â Â (unaudited) Â Â (unaudited) Â Net income Â $ 4,484 Â Â $ 2,607 Â Â $ 19,791 Â Â $ 15,706 Â Interest expense Â Â 842 Â Â Â 1,392 Â Â Â 3,343 Â Â Â 4,219 Â Provision for income taxes Â Â 1,575 Â Â Â 1,128 Â Â Â 7,151 Â Â Â 6,025 Â Depreciation and amortization Â Â 235 Â Â Â 268 Â Â Â 731 Â Â Â 896 Â EBITDA Â Â 7,136 Â Â Â 5,395 Â Â Â 31,016 Â Â Â 26,846 Â Loss on debt extinguishment Â Â 55 Â Â Â 169 Â Â Â 389 Â Â Â 169 Â Share-based compensation Â Â 288 Â Â Â 187 Â Â Â 705 Â Â Â 546 Â Adjusted EBITDA Â $ 7,479 Â Â $ 5,751 Â Â $ 32,110 Â Â $ 27,561 Â Â -22- Â Â Seasonality Â Our routine business pattern is affected by seasonal fluctuations, including the effects of weather and economic conditions. Historically, sales from our Company-owned restaurants, principally at Coney Island, and franchised restaurants from which franchised royalties are earned and the Companyâ€™s earnings have been highest during our first two fiscal quarters, with the fourth quarter representing the slowest period. Additionally, revenues from our Branded Product Program, Branded Menu Program and retail licensing program generally follow similar seasonal fluctuations, although not to the same degree. We expect that this seasonality will continue. Working capital requirements may vary throughout the year to support these seasonal patterns. Â Due to the above seasonal factors, as well as inflationary pressures, our results of operations for the thirteen and thirty-nine weeks ended December 29, 2024 are not necessarily indicative of those for a full fiscal year. Â Results of Operations Â Thirteen weeks ended December 29, 2024 compared to thirteen weeks ended December 24, 2023 Â Revenues Â Total revenues increased by approximately 9% to $31,519,000 for the thirteen weeks ended December 29, 2024 (â€œthird quarter fiscal 2025â€) as compared to $28,890,000 for the thirteen weeks ended December 24, 2023 (â€œthird quarter fiscal 2024â€). Â Foodservice sales from the Branded Product Program increased by approximately 7% to $21,099,000 for the third quarter fiscal 2025 as compared to $19,688,000 for the third quarter fiscal 2024. During the third quarter fiscal 2025, the volume of hot dogs sold in the Branded Product Program was comparable to the third quarter fiscal 2024. Our average selling prices increased by approximately 6% as compared to the third quarter fiscal 2024. Â Total Company-owned restaurant sales increased by approximately 9% to $1,804,000 during the third quarter fiscal 2025 as compared to $1,661,000 during the third quarter fiscal 2024. Restaurant sales were primarily impacted by higher sales at our Coney Island locations due to an increase in our average check. Â License royalties increased by approximately 17% to $7,105,000 in the third quarter fiscal 2025 as compared to $6,078,000 in the third quarter fiscal 2024. Total royalties earned on sales of hot dogs from our license agreement with Smithfield Foods, Inc. at retail and foodservice increased 16% to $6,146,000 for the third quarter fiscal 2025 as compared to $5,279,000 in the third quarter fiscal 2024. The increase is due to a 19% increase in retail volume which was offset, in part, by a 2% decrease in net selling price. The foodservice business royalties were $15,000 lower as compared to the third quarter fiscal 2024. Royalties earned from all other licensing agreements for the manufacture and sale of Nathanâ€™s products increased by $160,000 during the third quarter fiscal 2025 as compared to the third quarter fiscal 2024 primarily due to higher royalties earned on sales of French fries, onion rings, proprietary spices, franks-in-a-blanket, mozzarella sticks and bottled mustard. Â Franchise fees and royalties were $991,000 in the third quarter fiscal 2025 as compared to $955,000 in the third quarter fiscal 2024. Total royalties were $897,000 in the third quarter fiscal 2025 as compared to $868,000 in the third quarter fiscal 2024. Royalties earned under the Branded Menu Program were $182,000 in the third quarter fiscal 2025 as compared to $150,000 in the third quarter fiscal 2024. Royalties earned under the Branded Menu Program are not based upon a percentage of restaurant sales but are based upon product purchases. Virtual kitchen royalties were $16,000 in the third quarter fiscal 2025 as compared to $14,000 in the third quarter fiscal 2024. Traditional franchise royalties were $699,000 in the third quarter fiscal 2025 as compared to $704,000 in the third quarter fiscal 2024. Franchise restaurant sales increased to $16,066,000 in the third quarter fiscal 2025 as compared to $15,635,000 in the third quarter fiscal 2024 primarily due to higher sales at airport locations, travel plazas and casino locations primarily in Las Vegas, Nevada. Comparable domestic franchise sales (consisting of 59 Nathanâ€™s outlets, excluding sales under the Branded Menu Program) were

$12,805,000 in the third quarter fiscal 2025 as compared to $12,377,000 in the third quarter fiscal 2024. Â At December 29, 2024, 236 franchised locations, including domestic, international and Branded Menu Program units were operating as compared to 238 franchised locations, including domestic, international and Branded Menu Program units at December 24, 2023. Total franchise fee income was $94,000 in the third quarter fiscal 2025 as compared to $87,000 in the third quarter fiscal 2024. Domestic franchise fee income was $25,000 in the third quarter fiscal 2025 as compared to $26,000 in the third quarter fiscal 2024. International franchise fee income was $59,000 in the third quarter fiscal 2025 as compared to $61,000 in the third quarter fiscal 2024. Â We recognized $10,000 in forfeited fees in the third quarter fiscal 2025. We did not recognize any forfeited fees in the third quarter fiscal 2024. During the third quarter fiscal 2025, three franchise locations opened and ten franchise locations closed. During the third quarter fiscal 2024, three franchised locations opened. Â Advertising fund revenue, after eliminating Company contributions, was $520,000 during the third quarter fiscal 2025 as compared to $508,000 during the third quarter fiscal 2024 period. Our gross profit (calculated as total Branded Products sales plus total Company-owned restaurant sales less cost of sales) was $3,332,000 or 15% of sales during the third quarter fiscal 2025 as compared to $3,477,000 or 16% of sales during the third quarter fiscal 2024. Â Cost of sales in the Branded Product Program increased by 10% to $18,336,000 in the third quarter fiscal 2025 as compared to $16,688,000 in the third quarter fiscal 2024, primarily due to an 8.5% increase in the average cost per pound of our hot dogs. A shrinking supply of cattle, combined with industry demand and inflationary pressures have resulted in higher commodity prices, including beef and beef trimmings, contributing to the increase in the average cost per pound of our hot dogs. We did not make any purchase commitments of beef during the third quarter fiscal 2025 or the third quarter fiscal 2024. If the cost of beef and beef trimmings increases and we are unable to pass on these higher costs through price increases or otherwise reduce any increase in our costs through the use of purchase commitments, our margins will be adversely impacted. With respect to Company-owned restaurants, our cost of sales during the third quarter fiscal 2025 was $1,235,000 or 68% of restaurant sales as compared to $1,184,000 or 71% of restaurant sales in the third quarter fiscal 2024. Food and paper costs as a percentage of Company-owned restaurant sales were 26%, down from 29% in the comparable period of the prior year driven, in part, by price increases across most menu offerings. Â Restaurant operating expenses were $991,000 in the third quarter fiscal 2025 as compared to $896,000 in the third quarter fiscal 2024. As a percentage of Company-owned restaurant sales, restaurant operating expenses were 55% in the third quarter fiscal 2025 as compared to 54% in the third quarter fiscal 2024. Â Depreciation and amortization, which primarily consists of the depreciation of fixed assets, including leasehold improvements and equipment, and the amortization of a definite-lived intangible asset, was $235,000 in the third quarter fiscal 2025 as compared to $268,000 in the third quarter fiscal 2024. Â General and administrative expenses decreased by $759,000 or 18% to $3,450,000 in the third quarter fiscal 2025 as compared to $4,209,000 in the third quarter fiscal 2024. The decrease in general and administrative expenses was primarily attributable to lower professional fees of $149,000, lower consulting fees of $60,000 and a cash bonus payment of $500,000 to the Companyâ€™s Executive Chairman of the Board in the third quarter fiscal 2024. Â Advertising fund expense, after eliminating Company contributions, was $520,000 during the third quarter fiscal 2025 as compared to $508,000 in the third quarter fiscal 2024. Â Other Items Â Interest expense of $842,000 in the third quarter fiscal 2025 represented interest expense of $825,000 on the Secured Overnight Financing Rate (â€œSOFRâ€) Term Loan borrowings and amortization of debt issuance costs of $17,000. Â On October 10, 2024, the Company made a voluntary prepayment of $8,000,000 of its Term Loan borrowings under the Credit Agreement and recorded a loss on debt extinguishment of $55,000 related to the write-off of a portion of previously recorded debt issuance costs on the Term Loan borrowings. Â On December 19, 2023, the Company completed the partial redemption, in the principal amount of $20,000,000 of the 2025 Notes. In connection with this transaction, the Company recorded a loss on extinguishment of debt of $169,000 that reflected the write-off of a portion of previously recorded debt issuance costs. Â Interest and dividend income of $183,000 in the third quarter fiscal 2025 represented amounts earned by the Company on its interest bearing bank and money market accounts and mutual funds as compared to $138,000 in the third quarter fiscal 2024. The increase is due to a larger balance of cash and cash equivalents earning interest at higher rates in the third quarter fiscal 2025 as compared to the third quarter of fiscal 2024. Â Other income, net was $21,000 in the third quarter fiscal 2025 and the third quarter fiscal 2024, which primarily relates to sublease income from a franchised restaurant. Â -24- Â Â Provision for Income Taxes Â The effective income tax rate for the third quarter fiscal 2025 was 26.0% as compared to 30.2% in the third quarter fiscal 2024. The effective income tax rate for the third quarter fiscal 2024 reflected income tax expense of $1,128,000 recorded on $3,735,000 of pre-tax income. The effective tax rates are higher than the U.S. Federal statutory tax rates primarily due to state and local taxes, as well as non-deductible executive compensation under the Internal Revenue Code Section 162(m). Â The amount of unrecognized tax benefits at December 29, 2024 was $506,000 all of which would impact the Companyâ€™s effective tax rate, if recognized. As of December 29, 2024, the Company had approximately $392,000 accrued for the payment of interest and penalties in connection with unrecognized tax benefits. Â Nathanâ€™s estimates that its unrecognized tax benefit excluding accrued interest and penalties could be further reduced by up to $46,000 during the fiscal year ending March 30, 2025 due primarily to the lapse of statutes of limitations which would favorably impact the Companyâ€™s effective tax rate, although no assurances can be given in this regard. Â Results of Operations Â Thirty-nine weeks ended December 29, 2024 compared to thirty-nine weeks ended December 24, 2023 Â Revenues Â Total revenues increased by approximately 7% to $117,395,000 for the thirty-nine weeks ended December 29, 2024 (â€œfiscal 2025 periodâ€) as compared to $109,619,000 for the thirty-nine weeks ended December 24, 2023 (â€œfiscal 2024 periodâ€). Â Total Company-owned restaurant sales increased by approximately 8% to $11,351,000 during the fiscal 2025 period as compared to $10,512,000 during the fiscal 2024 period. Restaurant sales were primarily impacted by higher sales at our Coney Island locations due to an increase in our average check. Â License royalties increased by approximately 13% to $29,517,000 in the fiscal 2025 period as compared to $26,075,000 in the fiscal 2024 period. Total royalties earned on sales of hot dogs from our license agreement with Smithfield Foods, Inc. at retail and foodservice, increased 13% to $26,751,000 for the fiscal 2025 period as compared to $23,582,000 in the fiscal 2024 period. The increase is due to a 15% increase in retail volume which was offset, in part, by a 2% decrease in net selling price. The foodservice business earned higher royalties of $91,000 as compared to the fiscal 2024 period. Royalties earned from all other licensing agreements for the manufacture and sale of Nathanâ€™s products increased by $273,000 during the fiscal 2025 period as compared to the fiscal 2024 period primarily due to higher royalties earned on sales of French fries, onion rings, proprietary spices, franks-in-a-blanket, mozzarella sticks and bottled mustard. Virtual kitchen royalties were $42,000 in the fiscal 2025 period as compared to $64,000 in the fiscal 2024 period. Traditional franchise royalties were $2,298,000 in the fiscal 2025 period as compared to $2,329,000 in the fiscal 2024 period. Franchise restaurant sales increased to $52,400,000 in the fiscal 2025 period as compared to $52,068,000 in the fiscal 2024 period primarily due to higher traffic at casino locations primarily in Las Vegas, Nevada, which were offset, in part, by lower traffic at international locations and seasonal entertainment venues. Comparable domestic franchise sales (consisting of 58 Nathanâ€™s units, excluding sales under the Branded Menu Program) were $42,305,000 in the fiscal 2025 period as compared to $41,666,000 in the fiscal 2024 period. Â Cost of sales in the Branded Product Program increased by 6% to $64,626,000 during the fiscal 2025 period as compared to $60,698,000 during the fiscal 2024 period, primarily due to a 1.5% increase in the volume of hot dogs sold, as well as a 4% increase in the average cost per pound of our hot dogs. A shrinking supply of cattle, combined with industry demand and inflationary pressures have resulted in higher commodity prices, including beef and beef trimmings, contributing to the increase in the average cost per pound of our hot dogs. We did not make any purchase commitments of beef during the fiscal 2025 and 2024 periods. If the cost of beef and beef trimmings increases and we are unable to pass on these higher costs through price increases or otherwise reduce any increase in our costs through the use of purchase commitments, our margins will be adversely impacted. With respect to Company-owned restaurants, our cost of sales during the fiscal 2025 period was $6,215,000 or 55% of restaurant sales as compared to $6,045,000 or 58% of restaurant sales in the fiscal 2024 period. Â Restaurant operating expenses were $3,509,000 in the fiscal 2025 period as compared to $3,279,000 in the fiscal 2024 period. The increase is due primarily to higher occupancy expenses of $196,000, higher repairs and maintenance expenses of $26,000, and higher insurance costs of $51,000 which were offset, in part, by lower delivery charges of $48,000. As a percentage of Company-owned restaurant sales, restaurant operating expenses were 31% in the fiscal 2025 period which was comparable to the fiscal 2024 period. Â Depreciation and amortization, which primarily consists of the depreciation of fixed assets, including leasehold improvements and equipment, and the amortization of a definite-lived intangible asset, was $731,000 in the fiscal 2025 period as compared to $896,000 in the fiscal 2024 period. Â On July 10, 2024, the Company refinanced and redeemed its outstanding 2025 Notes. In connection with this transaction, the Company recorded a loss on extinguishment of debt of $334,000 that reflected the write-off of the remainder of previously recorded debt issuance costs on the 2025 Notes. Subsequently, on October 10, 2024, the Company made a voluntary prepayment of $8,000,000 of its Term Loan borrowings under the Credit Agreement and recorded a loss on debt extinguishment of $55,000 related to the write-off of a portion of previously recorded debt issuance costs on the Term Loan borrowings. Â Other income, net was $65,000 in the fiscal 2025 period and the fiscal 2024 period which primarily relates to sublease income from a franchised restaurant. Â Provision for Income Taxes Â The effective income tax rate for the fiscal 2025 period was 26.5% compared to 27.7% in the fiscal 2024 period. The effective income tax rate for the fiscal 2024 period reflected income tax expense of $6,025,000 recorded on $21,731,000 of pre-tax income. The effective tax rates are higher than the statutory rates primarily due to state and local taxes, as well as non-deductible executive compensation under the Internal Revenue Code Section 162(m). Â The amount of unrecognized tax benefits at December 29, 2024 was $506,000 all of which would impact the Companyâ€™s effective tax rate, if recognized. Â 2025 Notes Â On May 1, 2024, we paid our first semi-annual interest payment on the 2025 Notes of $1,987,500 for the fiscal 2025 period. On August 13, 2024, in connection with the redemption of all of the outstanding

$60,000,000 principal amount of its 2025 Notes, the Company paid its final required interest payment of $1,137,000 on the redeemed 2025 Notes. Â Unsecured Credit Agreement Â On September 30, 2024 and December 31, 2024, we paid our mandatory debt principal repayments of $600,000 each, or $1,200,000 in the aggregate, on our Term Loan borrowings under the Credit Agreement. On October 10, 2024, we made a voluntary principal prepayment of $8,000,000 on our outstanding Term Loan borrowings under the Credit Agreement. As of December 29, 2024, the Company has made cash interest payments of approximately $1,602,000 on the Term Loan borrowings under the Credit Agreement. Â Cash flow for the fiscal year 2025 will be impacted by various factors, including, as discussed further below in this â€œLiquidity and Capital Resourcesâ€ section, (i) debt issuance costs incurred in connection with our Credit Agreement, (ii) mandatory debt repayments on our Term Loan borrowings under our Credit Agreement, (iii) interest payments on our 2025 Notes and our Term Loan borrowings under our Credit Agreement, (iv) voluntary debt repayments on our Term Loan borrowings and (v) expected dividend payments. Â -27- Â Â Summary of Cash Flows Â The following table presents a summary of our cash flows from operating, investing and financing activities: Â (In thousands) Â Thirty-nine weeks ended Â Â Â December 29, Â Â December 24, Â Â Â 2024 Â Â 2023 Â Â Â Â Â Â Â Â Â Â Net cash provided by operating activities Â $ 18,450 Â Â $ 13,596 Â Net cash used in investing activities Â Â (171) Â Â (243) Net cash used in financing activities Â Â (15,595) Â Â (26,482) Net increase (decrease) in cash and cash equivalents Â $ 2,684 Â Â $ (13,129) Â Operating activities Â Cash provided by operations of $18,450,000 in the fiscal 2025 period is primarily attributable to net income of $19,791,000 in addition to other non-cash operating items of $1,967,000, offset by changes in other operating assets and liabilities of $3,308,000. Non-cash operating expenses consist principally of depreciation and amortization of $731,000, amortization of debt issuance costs of $139,000, share-based compensation expense of $705,000, a loss on debt extinguishment of $389,000 and a provision for credit losses of $53,000. In the fiscal 2025 period, accounts and other receivables increased by $66,000 due primarily to higher receivables due to the Advertising Fund of $378,000 which were offset, in part, by lower franchise and license royalties receivable of $334,000. Prepaid expenses and other current assets decreased by $1,064,000 due principally to a decrease in prepaid income taxes of $858,000 and a decrease in prepaid marketing and other expenses of $298,000. Accounts payable, accrued expenses and other current liabilities decreased by $4,335,000 due to a decline in accrued payroll and other benefits of $1,091,000 resulting primarily from the payment of year-end fiscal 2024 incentive compensation; earned deferred revenue of $1,125,000; a decline in accrued interest expenses of $1,523,000 resulting primarily from the timing of our debt service payments under our Credit Agreement and a decrease in accounts payable due to the timing of seasonal product purchases for our Branded Product Program and Company-owned restaurants. Â Investing activities Â Cash used in investing activities was $171,000 in the fiscal 2025 period primarily in connection with capital expenditures incurred for our Branded Product Program and our Coney Island restaurants. Â Financing activities Â In connection with the Companyâ€™s refinancing of the 2025 Notes, the Company borrowed $60,000,000 in Term Loan borrowings pursuant to the Credit Agreement and simultaneously redeemed the 2025 Notes. We incurred $431,000 of debt issuance costs in connection with this refinancing. We made a $600,000 mandatory principal repayment as well as an $8,000,000 voluntary principal repayment on our Term Loan borrowings under the Credit Agreement. Further, the Company paid its first, second and third quarterly cash dividends of $0.50 per share totaling $6,127,000. The Company also paid $437,000 for withholding taxes on the net share vesting of 10,000 restricted stock units. Â Credit Facility Â On July 10, 2024 (the â€œEffective Dateâ€), the Company entered into a five-year unsecured Credit Agreement among the Company, as borrower, direct and indirect subsidiaries of the Company, as guarantors, the lenders from time to time party thereto (the â€œLendersâ€) and Citibank, N.A., as administrative agent, swing line lender, L/C issuer and a Lender. Â The Credit Agreement provides for a term loan facility (â€œTerm Loanâ€) of $60,000,000 and a revolving credit facility (â€œRevolving Loanâ€) of up to $10,000,000. The Credit Agreement also provides that the Company has the right from time to time during the term of the Credit Agreement to request the Lenders for incremental revolving loan borrowing increases of up to an additional $10,000,000 in the aggregate, subject to, among other items, the Lenders agreeing to lend any such additional amounts and compliance with terms specified in the Credit Agreement. The Credit Agreement matures on July 10, 2029. Â The Company borrowed $60,000,000 in Term Loan borrowings under the Credit Agreement on the Effective Date to refinance and redeem its 2025 Notes. The Company will use any Revolving Loan borrowings under the Credit Agreement for working capital and general corporate purposes. As of December 29, 2024, there were no outstanding borrowings under the Revolving Loan. See NOTE P â€“ LONG TERM DEBT in the accompanying condensed consolidated financial statements for additional information on the Credit Agreement. Â -28- Â Â Share Repurchases Â In 2016, the Board authorized increases to the sixth stock repurchase plan for the purchase of up to 1,200,000 shares of its common stock on behalf of the Company. As of December 29, 2024, Nathanâ€™s has repurchased 1,101,884 shares at a cost of $39,000,000 under the sixth stock repurchase plan. At December 29, 2024, there were 98,116 shares remaining to be repurchased pursuant to the sixth stock repurchase plan. The plan does not have a set expiration date. Purchases under the Companyâ€™s stock repurchase program may be made from time to time, depending on market conditions, in open market or privately negotiated transactions, at prices deemed appropriate by management. There is no set time limit on the repurchases. There were no stock repurchases during the fiscal 2025 period. We may return capital to our stockholders through stock repurchases, subject to any restrictions in our new Credit Agreement, although there is no assurance that the Company will make any repurchases under its existing stock repurchase plan. Â Common Stock Dividends Â As discussed above, we had cash and cash equivalents at December 29, 2024 aggregating $23,711,000. Our Board routinely monitors and assesses its cash position and our current and potential capital requirements. The Company paid its first, second and third quarterly cash dividends of fiscal 2025 on July 2, 2024, September 6, 2024, and December 6, 2024 aggregating $6,127,000. Â Effective February 6, 2025, the Company declared its fourth quarter dividend of $0.50 per common share to stockholders of record as of the close of business on February 18, 2025, which is payable on February 28, 2025. Â If the Company pays regular quarterly cash dividends for the remainder of fiscal 2025 at the same rate as declared in the first, second and third quarter of fiscal 2025, the Companyâ€™s total cash requirement for dividends for all of fiscal 2025 would be approximately $8,172,000 based on the number of shares of common stock outstanding at January 31, 2025. The Company intends to declare and pay quarterly cash dividends; however, there can be no assurance that any additional quarterly dividends will be declared or paid or of the amount or timing of such dividends, if any. Â Our ability to pay future dividends is limited by the terms of our Credit Agreement. In addition, the payment of any cash dividends in the future are subject to final determination of the Board and will be dependent upon our earnings and financial requirements and the terms of our Credit Agreement. Â Cash Flow Outlook Â We expect that in the future we will make investments in certain existing restaurants, support the growth of the Branded Product and Branded Menu Programs, service the principal and interest obligations under the Credit Agreement, fund our dividend program and may continue our stock repurchase programs, funding those investments from our operating cash flow. We may also incur capital and other expenditures or engage in investing activities in connection with opportunistic situations that may arise on a case-by-case basis. During the fiscal year ending March 30, 2025, we made cash interest payments of $3,124,500 on the 2025 Notes. While our Credit Agreement bears interest at a fluctuating interest rate based on SOFR plus a spread adjustment, if the Company makes its remaining fiscal year 2025 cash interest payments on its outstanding Term Loan borrowings at the interest rate effective at February 6, 2025, then during the fiscal year ended March 30, 2025, we expect to make cash interest payments of approximately $2,331,000 on the Term Loan borrowings. Â We may from time to time seek to make voluntary prepayments of our Credit Agreement. On October 10, 2024, we made a voluntary principal prepayment of $8,000,000 of Term Loan borrowings under our Credit Agreement. Such voluntary prepayments, if any, will depend on market conditions, our liquidity requirements, satisfactory compliance of covenants and conditions pursuant to our Credit Agreement and other factors. Â Management believes that available cash and cash equivalents and cash generated from operations should provide sufficient capital to finance our operations, satisfy our debt service requirements, fund dividend distributions and, if any, stock repurchases for at least the next 12 months. Â Contractual Obligations Â At December 29, 2024, we sublet one property to a franchisee that we lease from a third party. We remain contingently liable for all costs associated with this property including rent, property taxes and insurance. We may incur future cash payments with respect to such property, consisting primarily of future lease payments, including costs and expenses associated with terminating such lease. Â -29- Â Â At December 29, 2024, our contractual obligations primarily consist of the Term Loan borrowings under our Credit Agreement and the mandatory debt principal repayments and the related interest payments, operating leases, and employment agreements with certain executive officers. These contractual obligations impact our short-term and long-term liquidity and capital resource needs. See NOTE P â€“ LONG TERM DEBT and NOTE Q â€“ LEASES in the accompanying condensed consolidated financial statements included in Part I, Item 1. for additional information and as disclosed in our Form 10-K for the fiscal year ended March 31, 2024 as filed with the SEC on June 12, 2024. Â Inflationary Pressures Â Inflationary pressures on commodity prices, most notably for beef and beef trimmings, have impacted our consolidated results of operations during the fiscal 2025 period, and this trend may continue through the remainder of fiscal year 2025. Â Our average cost of hot dogs during the fiscal 2025 period was approximately 4% higher than during the fiscal 2024 period. Inherent volatility experienced in certain commodity markets, such as those for beef and beef trimmings due to seasonal shifts, climate conditions, industry demand, inflationary pressures and other macroeconomic factors could have an adverse effect on our results of operations. This impact will depend on our ability to manage such volatility through price increases and product mix. We are unable to predict the future cost of our hot dogs and expect to experience price volatility for our beef products during the remainder of fiscal 2025. To the extent that beef prices increase as compared to earlier periods, it could impact our results of operations. In the past, we entered into purchase commitments for a portion of our hot dogs to reduce the impact of increasing market prices. We may attempt to enter into similar purchase arrangements for hot dogs and other products in the future. Â We have experienced competitive pressure on labor rates as a result of the increase in the minimum hourly wage for fast food workers where our Company-owned restaurants are located. On January 1, 2025, the minimum wage increased to $16.50 in New York City, Long Island and Westchester which will be followed by an additional $0.50 increase in 2026. Further, beginning in 2027, the minimum wage across New York State will increase annually according to the Consumer Price Index. There has also been an increased demand for labor at all levels which has resulted in greater challenges retaining adequate staffing levels at our Company-owned restaurants; our franchised restaurants and Branded Menu Program locations; as well as for certain vendors in our supply chain that we depend on for our commodities. We remain in contact with our major suppliers and to date we have not experienced significant disruptions in our supply chain. Â We believe that these increases in the minimum wage and other changes in employment laws have had a significant financial impact on our financial results and the results of our franchisees that operate in New York State. Our business could be negatively impacted if the decrease in margins for our franchisees results in the potential loss of new franchisees or the closing of a significant number of franchised restaurants. Â We expect to continue experiencing volatility in oil and gas prices on our distribution costs for food products and utility costs in the Company-owned restaurants and volatile insurance costs resulting from rising rates. Â Continued increases in labor costs, commodity prices and other operating expenses, including health care, could adversely affect our operations. We attempt to manage inflationary pressure, and rising commodity costs, at least in part, through raising prices. Delays in implementing price increases, competitive pressures, consumer spending levels and other factors may limit our ability to offset these rising costs. Volatility in commodity prices, including beef and beef trimmings, could have a significant adverse effect on our results of operations. Â The Companyâ€™s business, financial condition, operating results and cash flows can be impacted by a number of factors, including but not limited to those set forth above in â€œManagementâ€™s Discussion and Analysis of Financial Condition and Results of Operations,â€ any one of which could cause our actual results to vary materially from recent results or from our anticipated future results. For a discussion identifying additional risk factors and important factors that could cause actual results to differ materially from those anticipated, also see the discussions in â€œForward-Looking Statementsâ€ and â€œNotes to Condensed Consolidated Financial Statementsâ€ in this Form 10-Q and â€œRisk Factorsâ€ in our Form 10-K for our fiscal year ended March 31, 2024. Â -30- Â Â Item 3. Quantitative and Qualitative Disclosures About Market Risk.Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Cash and Cash EquivalentsÂ Â We have historically invested our cash in money market funds or short-term, fixed rate, highly rated and highly liquid instruments which are generally reinvested when they mature. Although these existing investments are not considered at risk with respect to changes in interest rates or markets for these instruments, our rate of return on short-term investments could be affected at the time of reinvestment as a result of intervening events. As of December 29, 2024, Nathanâ€™s cash and cash equivalents balance aggregated $23,711,000. Earnings on this cash would increase or decrease by approximately $59,000 per annum for each 0.25% change in interest rates. Â Borrowings Â On July 10, 2024, we entered into the Credit Agreement and borrowed $60,000,000 in Term Loan borrowings to refinance and redeem the 2025 Notes. Borrowings under our Credit Agreement bear interest at a fluctuating interest rate based on SOFR or a base rate plus a spread adjustment. Accordingly, a rising interest rate environment would result in higher interest expense due on borrowings. A hypothetical 100 bps increase in the interest rate on our outstanding unsecured Term Loan borrowings at December 29, 2024 would lead to an increase of approximately $514,000 in cash interest costs over the next twelve months. We currently do not anticipate entering into interest rate swaps or other financial instruments to hedge our borrowings. Â Commodity Costs Â Inflationary pressures on commodity prices have directly impacted our consolidated results of operations during the fiscal 2025 period, most notably within our restaurant operations and Branded Product Program segments. We expect this trend to continue for the remainder of fiscal 2025. Our average cost of hot dogs during the fiscal 2025 period was approximately 4% higher than during the fiscal 2024 period. Â We are unable to predict the future cost of our hot dogs and expect to experience price volatility for our beef products during the remainder of fiscal 2025. Factors that affect beef prices are outside of our control and include foreign and domestic supply and demand, inflation, weather and seasonality. To the extent that beef prices increase as compared to earlier periods, it could impact our results of operations. In the past, we have entered into purchase commitments for a portion of our hot dogs to reduce the impact of increasing market prices. We may attempt to enter into purchase arrangements for hot dogs and other products in the future. Additionally, we expect to continue experiencing volatility in oil and gas prices on our distribution costs for our food products and utility costs in the Company-owned restaurants and volatile insurance costs resulting from rising rates. Â We have not attempted to hedge against fluctuations in the prices of the commodities we purchase using future, forward, option or other instruments. As a result, we expect that the majority of our future commodity purchases will be subject to market changes in the prices of such commodities. We have attempted to enter sales agreements with our Branded Product Program customers that are correlated to our cost of beef, thus reducing our market volatility, or have passed through permanent increases in our commodity prices to our Branded Product Program customers that are not on formula pricing, thereby reducing the impact of long-term increases on our financial results. A short-term increase or decrease of 10% in the cost of our food and paper products for the period ended December 29, 2024 would have increased or decreased our cost of sales by approximately $6,575,000. Â Foreign Currencies Â Foreign franchisees generally conduct business with us and make payments in United States dollars, reducing the risks inherent with changes in the values of foreign currencies. As a result, we have not purchased future contracts, options or other instruments to hedge against changes in values of foreign currencies and we do not believe fluctuations in the value of foreign currencies would have a material impact on our financial results. Â -31- Â Â Item 4. Controls and Procedures. Â Evaluation of Disclosure

Controls and Procedures Â Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as required by Exchange Act Rule 13a-15(e) and Exchange Act Rule 15d-15(e).Â Based on that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were effective to ensure that the information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the SECâ€™s rules and forms and that such information is accumulated and communicated to our management, including our principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure.Â Â Â Â Â Â Â Â Â Â Changes in Internal Controls Â There were no changes in our internal controls over financial reporting that occurred during the quarter ended December 29, 2024 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. Â Limitations on the Effectiveness of Controls Â We believe that a control system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the control system are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected. Our disclosure controls and procedures are designed to provide reasonable assurance of achieving their objectives and our Chief Executive Officer and Chief Financial Officer have concluded that such controls and procedures are effective at the reasonable assurance level. Â -32- Â Â PART II. OTHER INFORMATION Â Item 1. Legal Proceedings. Â None. Â Â Item 1A. Risk Factors. Â In addition to the other information set forth in this report, you should carefully consider the risk factors discussed in Part I, â€œItem 1A. Risk Factorsâ€ in the Annual Report on Form 10-K for the fiscal year ended March 31, 2024, which could materially affect our business, financial condition or future results. The risks described in our Annual Report on Form 10-K are not the only risks facing Nathan's. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results. Â Â Item 2. Unregistered Sales of Equity Securities and Use of Proceeds. Â None. Â Â Item 3. Defaults Upon Senior Securities. Â None. Â Â Item 4. Mine Safety Disclosures. Â None. Â Â Â Item 5. BASIS OF PRESENTATION Â The accompanying condensed consolidated financial statements of Nathan's Famous, Inc. and subsidiaries (collectively â€œNathanâ€™s,â€ the â€œCompany,â€ â€œwe,â€ â€œusâ€ or â€œourâ€) as of and for the thirteen and thirty-nine week periods ended December 29, 2024 and December 24, 2023 have been prepared in accordance with accounting principles generally accepted in the United States of America (â€œGAAPâ€). The unaudited condensed consolidated financial statements include all adjustments (consisting of normal recurring adjustments) which, in the opinion of management, are necessary for a fair presentation of financial condition, results of operations and cash flows for the periods presented. However, our results of operations are seasonal in nature, and the results of any interim period are not necessarily indicative of results for any other interim period or the full fiscal year. Â The Company uses a 52-53 week fiscal year ending on the Sunday closest to March 31. The 2025 fiscal year will end on March 30, 2025 and will contain 52 weeks. Â Certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been omitted pursuant to the requirements of the U.S. Securities and Exchange Commission (â€œSECâ€). Â Certain prior period revenue amounts in the condensed consolidated statements of earnings have been reclassified to conform to the current period presentation. These reclassifications had no effect on previously reported results of operations. Â Management believes that the disclosures included in the accompanying condensed consolidated interim financial statements and footnotes are adequate to make the information not misleading but should be read in conjunction with the Consolidated Financial Statements and Notes thereto included in Nathanâ€™s Annual Report on Form 10-K for the fiscal year ended March 31, 2024 as filed with the SEC on June 12, 2024. Â Our significant interim accounting policies include the recognition of advertising fund expense in proportion to advertising fund revenue, and the recognition of income taxes using an estimated annual effective tax rate. Â A summary of the Companyâ€™s significant accounting policies is identified in Note B of the Notes to Consolidated Financial Statements included in the Companyâ€™s Annual Report on Form 10-K for the fiscal year ended March 31, 2024. In addition, the guidance enhances interim disclosure requirements, clarifies circumstances in which an entity can disclose multiple segment measures of profit or loss, provides new segment disclosure requirements for entities with a single reportable segment and contains other disclosure requirements. The purpose of the guidance is to enable investors to better understand an entityâ€™s overall performance and assess potential future cash flows. The guidance is effective for all public companies for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024. For the Company, annual reporting requirements will be effective for our fiscal year 2025 beginning on April 1, 2024 and interim reporting requirements will be effective beginning with our first quarter of fiscal year 2026. Early adoption is permitted. Entities are required to adopt this guidance on a retrospective basis. Â In December 2023, the FASB issued ASU 2023-09, â€œIncome Taxes (Topic 740): Improvements to Income Tax Disclosuresâ€ which updates income tax disclosure requirements primarily by requiring specific categories and greater disaggregation within the rate reconciliation table and disaggregation of income taxes paid, net of refunds, by jurisdiction. All entities are required to apply the guidance prospectively, with the option to apply it retrospectively. The guidance is effective for fiscal years beginning after December 15, 2024, which for us is our fiscal year 2026 beginning on March 31, 2025. Early adoption is permitted. We are currently evaluating the impact that the new guidance will have on our consolidated financial statements. Â In November 2024, the FASB issued ASU 2024-03, â€œIncome Statement â€“ Reporting Comprehensive Income â€“ Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expensesâ€, which requires the disaggregation of certain expenses in the notes to the financial statements, to provide enhanced transparency into the expense captions presented on the face of the statement of earnings. Additionally, in January 2025, the FASB issued ASU 2025-01, â€œIncome Statement Reporting Comprehensive Income Expense Disaggregation Disclosures (Subtopic 220-40): Clarifying the Effective Dateâ€, which clarified the effective date for non-calendar year-end entities such as us. The guidance is effective for the first annual reporting period beginning after December 15, 2026, and interim reporting periods within annual reporting periods beginning after December 15, 2027. Early adoption is permitted. The amendments in this Update should be applied either (1) prospectively to financial statements for reporting periods after the effective date of this Update or (2) retrospectively to any or all prior periods presented in the financial statements.Â For the Company, annual reporting requirements will be effective for our fiscal year 2028 beginning on March 29, 2027 and interim reporting requirements will be effective beginning with our first quarter of fiscal year 2029. The Company is currently evaluating the impact that the new guidance will have on our consolidated financial statements. Â The Company does not believe that any recently issued, but not yet effective accounting standards, when adopted, will have a material effect on the accompanying condensed consolidated financial statements. This hierarchy requires entities to maximize the use of â€œobservable inputsâ€ and minimize the use of â€œunobservable inputs.â€ The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability on the measurement date. The three levels are defined as follows: Â Â â— Level 1 - inputs to the valuation methodology are quoted prices (unadjusted) for an identical asset or liability in an active market Â Â â— Level 2 - inputs to the valuation methodology include quoted prices for a similar asset or liability in an active market or model-derived valuations in which all significant inputs are observable for substantially the full term of the asset or liability Â Â â— Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement of the asset or liability and reflect the Companyâ€™s own assumptions Â The carrying amounts reported in the Companyâ€™s Condensed Consolidated Balance Sheets for cash and cash equivalents, accounts receivable and accounts payable approximate fair value due to the short-term nature of those items. Â The carrying amount of our long-term debt (see NOTE P â€“ LONG TERM DEBT) also approximates fair value since such borrowings bear interest at variable market rates and is categorized as Level 2. The face and fair value of the 6.625% Senior Secured Notes due 2025 (â€œ2025 Notesâ€) as of March 31, 2024 was $60,000 and $59,903, respectively, and was based upon review of observable pricing in secondary markets as of March 31, 2024. Accordingly, the Company classified it as Level 2. The Company is exposed to credit losses through its trade accounts receivable. Trade accounts receivable are generally due within 30 days and are stated at amounts due from franchisees, including virtual kitchens, retail licensees and Branded Product Program customers, net of an allowance for credit losses. Accounts that are outstanding longer than the contractual payment terms are generally considered past due. Â An allowance for credit losses is determined by pooling financial assets based on similar risk characteristics and delinquency status under an aging method at the measurement date. The Company considers both qualitative and quantitative information when developing the estimate including assessments of collectability based on historical trends, the financial condition of the Companyâ€™s franchisees, licensees and Branded Product Program customers, including any known or anticipated bankruptcies, and an evaluation of current economic conditions as well as the Companyâ€™s expectations of conditions in the future. Based upon review of the current Arthur Treacherâ€™s co-branding agreements, the Company determined that the remaining useful lives of these agreements is four years concluding in fiscal year 2028, and the intangible asset is subject to annual amortization. The Company performs an annual impairment test, or more frequently if events or changes in circumstances indicate that the intangible asset may be impaired. The Company tests for recoverability of its definite-lived intangible asset based on the projected undiscounted cash flows to be derived from such co-branding agreements. Cash flow projections require significant estimates and assumptions by management. Should the estimates and assumptions prove to be incorrect, the Company may be required to record an impairment charge in future periods and such impairment could be material. Â Long-lived assets include property, equipment and right-of-use assets for operating leases with finite useful lives. Assets are grouped at the individual restaurant level, which represents the lowest level for which cash flows can be identified largely independent of the cash flows of other assets and liabilities. The Company generally considers a history of restaurant operating losses to be its primary indicator of potential impairment for individual restaurant locations. Â The Company tests for recoverability based on the projected undiscounted cash flows to be derived from such assets. If the projected undiscounted future cash flows are less than the carrying value of the asset, the Company will record on a restaurant-by-restaurant basis, an impairment loss, if any, based on the difference between the estimated fair value and the carrying value of the asset. The Company generally measures fair value by considering discounted estimated future cash flows from such assets. Cash flow projections and fair value estimates require significant estimates and assumptions by management. Should the estimates and assumptions prove to be incorrect, the Company may be required to record impairment charges in future periods and such impairments could be material. Â There have been no significant events or changes in circumstances during the thirteen and thirty-nine week periods ended December 29, 2024 that would indicate that the carrying amount of the Companyâ€™s long-lived assets may be impaired as of December 29, 2024. Nathanâ€™s sells its products directly to consumers through its restaurant operations segment consisting of Company-owned and franchised restaurants, including virtual kitchens, to distributors that resell our products to the foodservice industry through the Branded Product Program and by third party manufacturers pursuant to license agreements that sell our products to supermarkets, club stores and grocery stores nationwide. The Companyâ€™s Chief Executive Officer has been identified as the Chief Operating Decision Maker (â€œCODMâ€) who regularly reviews operating results, evaluates performance and allocates resources for the Branded Product Program, Product Licensing and Restaurant Operations segments based upon a number of factors, the primary profit measure being income from operations. Certain administrative expenses are not allocated to the segments and are reported within the Corporate segment. Â Branded Product Program â€“ This segment derives revenue principally from the sale of hot dog products either directly to foodservice operators or to various foodservice distributors who resell the products to foodservice operators. Â Product licensing â€“ This segment derives revenue, primarily in the form of royalties, from licensing a broad variety of Nathanâ€™s Famous branded products, including our hot dogs, frozen crinkle-cut French fries and additional products through retail supermarkets, grocery channels and club stores primarily throughout the United States. Â Restaurant operations â€“ This segment derives revenue from the sale of our products at Company-owned restaurants and earns fees and royalties from its franchised restaurants, including its virtual kitchens. Â Revenues from operating segments are from transactions with unaffiliated third parties and do not include any intersegment revenues. and December 24, 2023 was $288 and $187, and $705 and $546, respectively. Total share-based compensation is included in general and administrative expenses in our accompanying Condensed Consolidated Statements of Earnings. As of December 29, 2024, there was $3,569 of unamortized compensation expense related to share-based awards. We expect to recognize this expense over approximately 39 months, which represents the weighted average remaining requisite service periods for such awards. All such options vest ratably over a four-year period commencing August 19, 2024. Â The weighted average option fair value, as determined using the Black-Scholes option valuation model, and the assumptions used to estimate these values for stock options granted during the thirty-nine week period ended December 29, 2024 are as follows: Â Weighted average option fair values Â $ 14.67 Â Expected life (years) Â Â 4.4 Â Interest rate Â Â 3.75 % Volatility Â Â 24.50 % Dividend yield Â Â 2.69 % Â The expected dividend yield is based on historical and projected dividend yields. The Company estimates volatility based primarily on historical monthly price changes of the Companyâ€™s stock equal to the expected life of the option. The risk-free interest rate is based on the U.S. Treasury yield in effect at the time of grant. The expected option term is the number of years the Company estimates the options will be outstanding prior to exercise based on expected historical exercise patterns and employment termination behavior. Â On July 10, 2024 (the â€œEffective Dateâ€), the Company entered into a five-year unsecured Credit Agreement (the â€œCredit Agreementâ€) among the Company, as borrower, direct and

indirect subsidiaries of the Company, as guarantors, the lenders from time to time party thereto (the â€œLendersâ€) and Citibank, N.A., as administrative agent, swing line lender, L/C issuer and a Lender (capitalized terms used and not otherwise defined herein shall have the meanings set forth in the Credit Agreement). Â The Credit Agreement provides for a term loan facility (â€œTerm Loanâ€) of $60,000 and a revolving credit facility (â€œRevolving Loanâ€) of up to $10,000. The Credit Agreement also provides that the Company has the right from time to time during the term of the Credit Agreement to request the Lenders for incremental revolving loan borrowing increases of up to an additional $10,000 in the aggregate, subject to, among other items, the Lenders agreeing to lend any such additional amounts and compliance with terms specified in the Credit Agreement. The Credit Agreement matures on July 10, 2029. Â The Company borrowed $60,000 in Term Loan borrowings on the Effective Date to refinance and redeem its outstanding 2025 Notes. The Company will use any Revolving Loan borrowings under the Credit Agreement for working capital and general corporate purposes. As of December 29, 2024, there were no outstanding borrowings under the Revolving Loan. Â In connection with the refinancing, the Company recorded a loss on extinguishment of debt of $334 that reflected the write-off of the remainder of the debt issuance costs on the 2025 Notes. Additionally, in connection with the refinancing, the Company incurred $431 of debt issuance costs on the Term Loan borrowings that were capitalized and will be amortized over the term of the Credit Agreement. Â Term Loan and Revolving Loan borrowings under the Credit Agreement will bear interest at a rate per annum, at the Companyâ€™s option, of (a) for Base Rate Loans, the Base Rate plus the Applicable Rate of 0.00% or (b) for Term SOFR Loans, Term SOFR plus the Applicable Rate of 1.40% for one (1), three (3) or six (6) month periods, as selected by the Company in its Loan Notice. The Company will be subject to a commitment fee of 0.20% per annum on the daily amount of the undrawn portion of the Revolving Committed Amount. The interest rate on the Term Loan borrowings at December 29, 2024 was 5.946%. Â The Credit Agreement contains customary affirmative covenants and negative covenants and requires the Company to maintain a Consolidated Fixed Charge Ratio not to exceed 1.20 to 1.00 and a Consolidated Net Leverage Ratio not to exceed 3.00 to 1.00, in each case, as of the end of each fiscal quarter. The Company was in compliance with the covenants of the Credit Agreement at December 29, 2024. Â The outstanding Term Loan borrowings under the Credit Agreement are payable in equal quarterly installments of 1.0% of the original principal amount of the Term Loan, or $600, beginning September 30, 2024, with the balance payable on the final maturity date. Â The outstanding Term Loan borrowings and the Revolving Loan borrowings under the Credit Agreement are voluntarily prepayable by the Company without penalty or premium, provided, that each of the following shall require a mandatory prepayment of outstanding Term Loan borrowings and Revolving Loan borrowings by the Company as follows: (i) 100% of any Net Cash Proceeds in excess of $2,000 individually or in the aggregate over the term of the Credit Agreement in respect of any Extraordinary Receipt provided that the Company shall be permitted to reinvest such Net Cash Proceeds in accordance with the Credit Agreement, (ii) 100% of any Net Cash Proceeds of an Equity Issuance, (iii) 100% of any Net Cash Proceeds from a Debt Issuance and (iv) 100% of any Net Cash Proceeds from the Disposition of certain assets individually, or in the aggregate, in excess of $2,000 in any fiscal year provided that the Company shall be permitted to reinvest such Net Cash Proceeds in accordance with the Credit Agreement. Â On October 10, 2024, the Company made a voluntary principal prepayment of $8,000 of its Term Loan borrowings and incurred a loss on debt extinguishment of approximately $55 in the third quarter of fiscal 2025 related to the write-off of a portion of previously recorded debt issuance costs on the Term Loan borrowings. The unaudited condensed consolidated financial statements include all adjustments (consisting of normal recurring adjustments) which, in the opinion of management, are necessary for a fair presentation of financial condition, results of operations and cash flows for the periods presented. However, our results of operations are seasonal in nature, and the results of any interim period are not necessarily indicative of results for any other interim period or the full fiscal year.   The Company uses a 52-53 week fiscal year ending on the Sunday closest to March 31. The 2025 fiscal year will end on March 30, 2025 and will contain 52 weeks.   Certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been omitted pursuant to the requirements of the U.S. Securities and Exchange Commission ("SEC").   Certain prior period revenue amounts in the condensed consolidated statements of earnings have been reclassified to conform to the current period presentation. These reclassifications had no effect on previously reported results of operations.   Management believes that the disclosures included in the accompanying condensed consolidated interim financial statements and footnotes are adequate to make the information not misleading but should be read in conjunction with the Consolidated Financial Statements and Notes thereto included in Nathan's Annual Report on Form 10-K for the fiscal year ended March 31, 2024 as filed with the SEC on June 12, 2024.   Our significant interim accounting policies include the recognition of advertising fund expense in proportion to advertising fund revenue, and the recognition of income taxes using an estimated annual effective tax rate.   A summary of the Company's significant accounting policies is identified in Note B of the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2024. NOTE B - NEW ACCOUNTING STANDARDS NOT YET ADOPTED   In November 2023, the FASB issued ASU 2023-07, "Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures" which provides guidance to improve reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses. In addition, the guidance enhances interim disclosure requirements, clarifies circumstances in which an entity can disclose multiple segment measures of profit or loss, provides new segment disclosure requirements for entities with a single reportable segment and contains other disclosure requirements. The purpose of the guidance is to enable investors to better understand an entity's overall performance and assess potential future cash flows. The guidance is effective for all public companies for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024. For the Company, annual reporting requirements will be effective for our fiscal year 2025 beginning on April 1, 2024 and interim reporting requirements will be effective beginning with our first quarter of fiscal year 2026. Early adoption is permitted. Entities are required to adopt this guidance on a retrospective basis.   In December 2023, the FASB issued ASU 2023-09, "Income Taxes (Topic 740): Improvements to Income Tax Disclosures" which updates income tax disclosure requirements primarily by requiring specific categories and greater disaggregation within the rate reconciliation table and disaggregation of income taxes paid, net of refunds, by jurisdiction. All entities are required to apply the guidance prospectively, with the option to apply it retrospectively. The guidance is effective for fiscal years beginning after December 15, 2024, which for us is our fiscal year 2026 beginning on March 31, 2025. Early adoption is permitted. We are currently evaluating the impact that the new guidance will have on our consolidated financial statements.   In November 2024, the FASB issued ASU 2024-03, "Income Statement - Reporting Comprehensive Income - Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses", which requires the disaggregation of certain expenses in the notes to the financial statements, to provide enhanced transparency into the expense captions presented on the face of the statement of earnings. Additionally, in January 2025, the FASB issued ASU 2025-01, "Income Statement Reporting Comprehensive Income Expense Disaggregation Disclosures (Subtopic 220-40): Clarifying the Effective Date", which clarified the effective date for non-calendar year-end entities such as us. The guidance is effective for the first annual reporting period beginning after December 15, 2026, and interim reporting periods within annual reporting periods beginning after December 15, 2027. Early adoption is permitted. The amendments in this Update should be applied either (1) prospectively to financial statements for reporting periods after the effective date of this Update or (2) retrospectively to any or all prior periods presented in the financial statements. For the Company, annual reporting requirements will be effective for our fiscal year 2028 beginning on March 29, 2027 and interim reporting requirements will be effective beginning with our first quarter of fiscal year 2029. The Company is currently evaluating the impact that the new guidance will have on our consolidated financial statements.   The Company does not believe that any recently issued, but not yet effective accounting standards, when adopted, will have a material effect on the accompanying condensed consolidated financial statements. Cash equivalents at December 29, 2024 were $16,000. The Company did not have any cash equivalents at March 31, 2024. The Company's cash balances principally consist of cash in bank and money market accounts.   At December 29, 2024 and March 31, 2024, substantially all of the Company's cash balances are in excess of insurance limits of the Federal Deposit Insurance Corporation, or the FDIC. The Company has not experienced any losses in such accounts. 16000000 NOTE F – FAIR VALUE MEASUREMENTS   Nathan's follows a three-level fair value hierarchy that prioritizes the inputs to measure fair value. This hierarchy requires entities to maximize the use of "observable inputs" and minimize the use of "unobservable inputs." The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability on the measurement date. The three levels are defined as follows: <table border="0" cellpadding="0" cellspacing="0" style="width: 100%; text-indent: 0px;"> <tbody><tr style="vertical-align: top;"> <td style="width: 36pt;"> </td> <td style="width: 36pt;"> ● </td> <td style="width: auto;"> Level 1 - inputs to the valuation methodology are quoted prices (unadjusted) for an identical asset or liability in an active market </td> </tr> </tbody></table>   <table border="0" cellpadding="0" cellspacing="0" style="width: 100%; text-indent: 0px;"> <tbody><tr style="vertical-align: top;"> <td style="width: 36pt;"> </td> <td style="width: 36pt;"> ● </td> <td style="width: auto;"> Level 2 - inputs to the valuation methodology include quoted prices for a similar asset or liability in an active market or model-derived valuations in which all significant inputs are observable for substantially the full term of the asset or liability </td> </tr> </tbody></table>   <table border="0" cellpadding="0" cellspacing="0" style="width: 100%; text-indent: 0px;"> <tbody><tr style="vertical-align: top;"> <td style="width: 36pt;"> </td> <td style="width: 36pt;"> ● </td> <td style="width: auto;"> Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement of the asset or liability and reflect the Company's own assumptions </td> </tr> </tbody></table>   The carrying amounts reported in the Company's Condensed Consolidated Balance Sheets for cash and cash equivalents, accounts receivable and accounts payable approximate fair value due to the short-term nature of those items.   The carrying amount of our long-term debt (see NOTE P – LONG TERM DEBT) also approximates fair value since such borrowings bear interest at variable market rates and is categorized as Level 2. The face and fair value of the 6.625% Senior Secured Notes due 2025 ("2025 Notes") as of March 31, 2024 was $60,000 and $59,903, respectively, and was based upon review of observable pricing in secondary markets as of March 31, 2024. Accordingly, the Company classified it as Level 2.</p> <p style="font-family:'Times New Roman';font-size:10pt;font-variant:normal;margin:0pt;"> </p> <p style="font-family:Times New Roman;font-size:10pt;font-variant:normal;text-align:justify;margin:0pt;">Certain non-financial assets and liabilities are measured at fair value on a non-recurring basis; that is, the assets and liabilities are not measured at fair value on an ongoing basis but are subject to fair value adjustments in certain circumstances, such as when evidence of impairment exists. The Company is exposed to credit losses through its trade accounts receivable. Trade accounts receivable are generally due within 30 days and are stated at amounts due from franchisees, including virtual kitchens, retail licensees and Branded Product Program customers, net of an allowance for credit losses. Accounts that are outstanding longer than the contractual payment terms are generally considered past due.   An allowance for credit losses is determined by pooling financial assets based on similar risk characteristics and delinquency status under an aging method at the measurement date. The Company considers both qualitative and quantitative information when developing the estimate including assessments of collectability based on historical trends, the financial condition of the Company's franchisees, licensees and Branded Product Program customers, including any known or anticipated bankruptcies, and an evaluation of current economic conditions as well as the Company's expectations of conditions in the future.   The Company provides for expected credit losses through a charge to earnings. After the Company has used reasonable collection efforts, it writes off accounts receivable through a charge to the allowance for credit losses. Based upon review of the current Arthur Treacher's co-branding agreements, the Company determined that the remaining useful lives of these agreements is four years concluding in fiscal year 2028, and the intangible asset is subject to annual amortization. The Company performs an annual impairment test, or more frequently if events or changes in circumstances indicate that the intangible asset may be impaired. The Company tests for recoverability of its definite-lived intangible asset based on the projected undiscounted cash flows to be derived from such co-branding agreements. Cash flow projections require significant estimates and assumptions by management. Should the estimates and assumptions prove to be incorrect, the Company may be required to record an impairment charge in future periods and such impairment could be material.   There have been no significant events or changes in circumstances during the thirteen and thirty-nine week periods ended December 29, 2024 that would indicate that the carrying amount of the Company's intangible asset may be impaired as of December 29, 2024. NOTE J - LONG LIVED ASSETS <p style="font-family:'Times New Roman';font-size:10pt;font-

variant:normal;margin:0pt;"> Long-lived assets on a restaurant-by-restaurant basis are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value may not be recoverable.   Long-lived assets include property, equipment and right-of-use assets for operating leases with finite useful lives. Assets are grouped at the individual restaurant level, which represents the lowest level for which cash flows can be identified largely independent of the cash flows of other assets and liabilities. The Company generally considers a history of restaurant operating losses to be its primary indicator of potential impairment for individual restaurant locations.   The Company tests for recoverability based on the projected undiscounted cash flows to be derived from such assets. If the projected undiscounted future cash flows are less than the carrying value of the asset, the Company will record on a restaurant-by-restaurant basis, an impairment loss, if any, based on the difference between the estimated fair value and the carrying value of the asset. The Company generally measures fair value by considering discounted estimated future cash flows from such assets. Cash flow projections and fair value estimates require significant estimates and assumptions by management. Should the estimates and assumptions prove to be incorrect, the Company may be required to record impairment charges in future periods and such impairments could be material.   There have been no significant events or changes in circumstances during the thirteen and thirty-nine week periods ended December 29, 2024 that would indicate that the carrying amount of the Company's long-lived assets may be impaired as of December 29, 2024. Total share-based compensation is included in general and administrative expenses in our accompanying Condensed Consolidated Statements of Earnings. As of December 29, 2024, there was $3,569 of unamortized compensation expense related to share-based awards. We expect to recognize this expense over approximately 39 months, which represents the weighted average remaining requisite service periods for such awards.   The Company recognizes compensation cost for unvested share-based awards on a straight-line basis over the requisite service period. Compensation expense under all share-based awards is as follows (in thousands):   <table border="0" cellpadding="0" cellspacing="0" class="finTable" style="margin-right: 10%; width: 90%; font-size: 10pt; font-family: "Times New Roman", Times, serif; text-indent: 0px; margin-left: 18pt;"> <tbody><tr class="finHeading" style="vertical-align: bottom; font-family: "Times New Roman", Times, serif; font-size: 10pt;"> <td style="font-family: "Times New Roman", Times, serif; font-size: 10pt;"> </td> <td style="font-family: "Times New Roman", Times, serif; font-size: 10pt;"> </td> <td colspan="6" style="text-align: center; font-family: "Times New Roman", Times, serif; font-size: 10pt;">Thirteen weeks ended</td> <td style="font-family: "Times New Roman", Times, serif; font-size: 10pt;"> </td> <td colspan="6" style="text-align: center; font-family: "Times New Roman", Times, serif; font-size: 10pt;">Thirty-nine weeks ended</td> <td style="font-family: "Times New Roman", Times, serif; font-size: 10pt;"> </td> </tr> <tr class="finHeading" style="vertical-align: bottom; font-family: "Times New Roman", Times, serif; font-size: 10pt;"> <td style="font-family: "Times New Roman", Times, serif; font-size: 10pt;"> </td> <td style="font-family: "Times New Roman", Times, serif; font-size: 10pt;"> </td> <td colspan="2" style="text-align: center; font-family: "Times New Roman", Times, serif; font-size: 10pt; margin-left: 0pt; border-bottom: 1px solid rgb(0, 0, 0);"> December 29, 2024 </td> <td style="font-family: "Times New Roman", Times, serif; font-size: 10pt; padding-bottom: 1px;"> </td> <td style="font-family: "Times New Roman", Times, serif; font-size: 10pt;"> </td> <td colspan="2" style="text-align: center; font-family: "Times New Roman", Times, serif; font-size: 10pt; margin-left: 0pt; border-bottom: 1px solid rgb(0, 0, 0);"> December 24, 2023 </td> <td style="font-family:

On July 10, 2024 (the "Effective Date"), the Company entered into a five-year unsecured Credit Agreement (the "Credit Agreement") among the Company, as borrower, direct and indirect subsidiaries of the Company, as guarantors, the lenders from time to time party thereto (the "Lenders") and Citibank, N.A., as administrative agent, swing line lender, L/C issuer and a Lender (capitalized terms used and not otherwise defined herein shall have the meanings set forth in the Credit Agreement).   The Credit Agreement provides for a term loan facility ("Term Loan") of $60,000 and a revolving credit facility ("Revolving Loan") of up to $10,000. The Credit Agreement also provides that the Company has the right from time to time during the term of the Credit Agreement to request the Lenders for incremental revolving loan borrowing increases of up to an additional $10,000 in the aggregate, subject to, among other items, the Lenders agreeing to lend any such additional amounts and compliance with terms specified in the Credit Agreement. The Credit Agreement matures on July 10, 2029.   The Company borrowed $60,000 in Term Loan borrowings on the Effective Date to refinance and redeem its outstanding 2025 Notes. The Company will use any Revolving Loan borrowings under the Credit Agreement for working capital and general corporate purposes. As of December 29, 2024, there were no outstanding borrowings under the Revolving Loan.   In connection with the refinancing, the Company recorded a loss on extinguishment of debt of $334 that reflected the write-off of the remainder of the debt issuance costs on the 2025 Notes. Additionally, in connection with the refinancing, the Company incurred $431 of debt issuance costs on the Term Loan borrowings that were capitalized and will be amortized over the term of the Credit Agreement.   Term Loan and Revolving Loan borrowings under the Credit Agreement will bear interest at a rate per annum, at the Company's option, of (a) for Base Rate Loans, the Base Rate plus the Applicable Rate of 0.00% or (b) for Term SOFR Loans, Term SOFR plus the Applicable Rate of 1.40% for one (1), three (3) or six (6) month periods, as selected by the Company in its Loan Notice. The Company will be subject to a commitment fee of 0.20% per annum on the daily amount of the undrawn portion of the Revolving Committed Amount. The interest rate on the Term Loan borrowings at December 29, 2024 was 5.946%.   The Credit Agreement contains customary affirmative covenants and negative covenants and requires the Company to maintain a Consolidated Fixed Charge Ratio not to exceed 1.20 to 1.00 and a Consolidated Net Leverage Ratio not to exceed 3.00 to 1.00, in each case, as of the end of each fiscal quarter. The Company was in compliance with the covenants of the Credit Agreement at December 29, 2024.   The outstanding Term Loan borrowings under the Credit Agreement are payable in equal quarterly installments of 1.0% of the original principal amount of the Term Loan, or $600, beginning September 30, 2024, with the balance payable on the final maturity date.   The outstanding Term Loan borrowings and the Revolving Loan borrowings under the Credit Agreement are voluntarily prepayable by the Company without penalty or premium, provided, that each of the following shall require a mandatory prepayment of outstanding Term Loan borrowings and Revolving Loan borrowings by the Company as follows: (i) 100% of any Net Cash Proceeds in excess of $2,000 individually or in the aggregate over the term of the Credit Agreement in respect of any Extraordinary Receipt provided that the Company shall be permitted to reinvest such Net Cash Proceeds in accordance with the Credit Agreement, (ii) 100% of any Net Cash Proceeds of an Equity Issuance, (iii) 100% of any Net Cash Proceeds from a Debt Issuance and (iv) 100% of any Net Cash Proceeds from the Disposition of certain assets individually, or in the aggregate, in excess of $2,000 in any fiscal year provided that the Company shall be permitted to reinvest such Net Cash Proceeds in accordance with the Credit Agreement.   On October 10, 2024, the Company made a voluntary principal prepayment of $8,000 of its Term Loan borrowings and incurred a loss on debt extinguishment of approximately $55 in the third quarter of fiscal 2025 related to the write-off of a portion of previously recorded debt issuance costs on the Term Loan borrowings.</p> <p style="font-family:'Times New Roman';font-size:10pt;font-variant:normal;margin:0pt;"> </p> <table border="0" cellpadding="0" cellspacing="0" class="finTable" style="margin-right: 10%;
