ContentsMODIV INDUSTRIAL, INC.Notes to Condensed Consolidated Financial Statements(Unaudited)NOTE 1. BUSINESS AND ORGANIZATIONModiv Industrial, Inc. (the â€œCompanyâ€) was incorporated on May 15, 2015 as a Maryland corporation. The Company changed its name from Modiv Inc. to Modiv Industrial, Inc., effective August 11, 2023, upon achieving over 70% (expressed as a percentage of annual base rent (â€œABRâ€)) of industrial properties in its portfolio. The Company has the authority to issue 450,000,000 shares of stock, consisting of 50,000,000 shares of preferred stock, $0.001 par value per share, of which 2,000,000 shares are designated as 7.375% Series A cumulative redeemable perpetual preferred stock (â€œSeries A Preferred Stockâ€), 300,000,000 shares of Class C common stock (â€œClass C Common Stockâ€), $0.001 par value per share, and 100,000,000 shares of Class S common stock, $0.001 par value per share. The Company's Series A Preferred Stock is listed on the New York Stock Exchange (the â€œNYSEâ€) under the symbol MDV.PA and has been trading since September 17, 2021. The Company's Class C Common Stock is listed on the NYSE under the symbol â€œMDVâ€ and has been trading since February 11, 2022.The Company holds its investments in real property primarily through special purpose limited liability companies which are wholly-owned subsidiaries of Modiv Operating Partnership, LP, a Delaware limited partnership (the â€œOperating Partnershipâ€). The Operating Partnership was formed on January 28, 2016. The Company is the sole general partner of, and owned an approximate 88% and 68% partnership interest in, the Operating Partnership as of SeptemberÂ 30, 2024 and DecemberÂ 31, 2023, respectively. The Operating Partnership's limited partners are holders of Class C Operating Partnership units, as described in Note 12.As of SeptemberÂ 30, 2024, the Company's portfolio of approximately 4.5 million square feet of aggregate leasable space consisted of investments in 43 real estate properties, comprised of 39 industrial properties, which represent approximately 77% of the portfolio (expressed as a percentage of ABR) as of SeptemberÂ 30, 2024) and includes an approximate 72.7% tenant-in-common interest in a Santa Clara, California industrial property (the â€œTIC Interestâ€), and four non-core properties, which represent approximately 23% of the portfolio.At the Market OfferingOn March 30, 2022, the Company filed a Registration Statement on Form S-3 (File No. 333-263985), and on May 27, 2022, the Company filed Amendment No. 1 to the Registration Statement on Form S-3, to issue and sell from time to time, together or separately, the following securities at an aggregate public offering price that will not exceed $200,000,000: Class C Common Stock, preferred stock, warrants, rights and units. The Form S-3, as amended, became effective on June 2, 2022, and the Company filed a prospectus supplement for the Companyâ€™s at-the-market offering of up to $50,000,000 of its Class C Common Stock (the â€œATM Offeringâ€) on June 6, 2022. On November 13, 2023, the Company filed Supplement No. 1 to the Prospectus Supplement dated June 6, 2022, and to the Prospectus dated June 2, 2022, to reflect the Amended and Restated At Market Issuance Sales Agreement, dated November 13, 2023, and the change in the Company's corporate name. During January 2024, the Company sold and issued 76,991 shares of Class C Common Stock under the ATM Offering for $1,137,028, net of sales commissions of $23,205. During September 2024, 157,006 additional shares were sold at an average price of $16.68 per share and issued for $2,561,095, net of sale commissions of $57,612. The resulting net proceeds from the ATM Offering for the nine months ended SeptemberÂ 30, 2024 were $3,260,959 after legal, accounting, investor relations and other offering costs of $437,164.Distribution Reinvestment PlanOn February 15, 2022, the Company's board of directors amended and restated the Company's distribution reinvestment plan (the â€œSecond Amended and Restated DRPâ€) with respect to the Class C Common Stock to change the purchase price at which the Class C Common Stock is issued to stockholders who elect to participate in the Company's distribution reinvestment plan (the â€œDRPâ€). The purpose of this change was to reflect the fact that the Company's Class C Common Stock was listed on the NYSE and no longer priced based on net asset value (â€œNAVâ€) per share. As more fully described in the Second Amended and Restated DRP, the purchase price for the Class C Common Stock under the DRP depends on whether the Company issues new shares to DRP participants or the Company or any third-party administrator obtains shares to be issued to DRP participants by purchasing them in the open market or in privately negotiated transactions. The purchase price for the Class C Common Stock issued directly by the Company is 97% of the Market Price (as defined in the Second Amended and Restated DRP) of the Class C Common Stock,

reflecting a 3% discount (or such other discount as may then be in effect). This discount is subject to change from time to time, in the Companyâ€™s sole discretion, but will be between 0% to 5% of the market price.9 Table of ContentsThe purchase price for the Class C Common Stock that the Company or any third-party administrator purchases from parties other than the Company, either in the open market or in privately negotiated transactions, will be 100% of the â€œaverage price per shareâ€ (as described in the Second Amended and Restated DRP) actually paid for such shares of Class C Common Stock, excluding any processing fees. The Second Amended and Restated DRP also reflects the $0.05 per share processing fee that will be paid to the Company's transfer agent by DRP participants for each share of Class C Common Stock purchased through the DRP. The Second Amended and Restated DRP was effective beginning with distributions paid in February 2022.Through September 30, 2024, the Company has issued 467,112 shares of Class C Common Stock pursuant to the DRP.Share Repurchase ProgramOn December 21, 2022, the Company's board of directors authorized up to $15,000,000 in repurchases of the Company's outstanding shares of common stock and Series A Preferred Stock from January 1, 2023 through December 31, 2023 (â€œ2023 SRPâ€). Repurchases made pursuant to the 2023 SRP were made from time-to-time in the open market, in privately negotiated transactions or in any other manner as permitted by federal securities laws and other legal requirements. The timing, manner, price and amount of any repurchases were determined by the Company in its discretion and were subject to economic and market conditions, stock price, applicable legal requirements and other factors. Under the 2023 SRP, the Company repurchased an aggregate of 93,357 shares of its Class C Common Stock for an aggregate value of $1,129,162 at an average cost of $12.10 per share.As of SeptemberÂ 30, 2024, the Company's board of directors has not authorized a new stock repurchase program for the repurchase of the Company's outstanding shares of common stock and Series A Preferred Stock.Private Repurchase TransactionOn July 31, 2024, the Company entered into an agreement with First City Investment Group, LLC (â€œFirst Cityâ€), an affiliate of Group of Trophy, LLC, to purchase the remaining 656,191 Class C OP Units held by First City and to repurchase 123,809 shares of Class C Common Stock also held by First City. Under this agreement, the purchase price was based on the average daily closing price of the Class C Common Stock on the NYSE for the 10 consecutive trading days immediately preceding the date that the Company received notice from First City on July 29, 2024 that it would like to consummate the closing, as prescribed by the Operating Partnership agreement. The transaction closed on August 1, 2024 at a price of $14.80 per share and unit, for total net consideration of $11,532,768. As a result of this transaction, the KIA auto dealership property located in Carson, California is no longer subject to a tax protection agreement.NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIESAll adjustments that are of a normal recurring nature and are in the opinion of management necessary for a fair statement of the results for the periods reported have been included in the accompanying condensed consolidated financial statements. The condensed consolidated balance sheet of the Company as of DecemberÂ 31, 2023 has been derived from the audited consolidated balance sheet of the Company as of that date. Certain information and note disclosures normally included in the Companyâ€™s annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America (â€œGAAPâ€) have been condensed or omitted. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Companyâ€™s Annual Report on Form 10-K (â€œAnnual Reportâ€) filed with the Securities and Exchange Commission (â€œSECâ€) on March 7, 2024. Please see the Companyâ€™s Annual Report for significant accounting policies as the significant accounting policies are consistent with those described in the Annual Report.ReclassificationA prior year statement of operations account has been reclassified to conform with the current year presentation. Management fee income was reclassified from other income (expense) to total income in the accompanying unaudited condensed consolidated statements of operations. The reclassification did not affect net loss in the prior year's consolidated statements of operations. 10 Table of ContentsImmaterial Error CorrectionDuring the three and nine months ended September 30, 2024, the Company corrected its computation of net (loss) earnings per share attributable to noncontrolling interest used in calculating its (loss) earnings per share, as disclosed in Note 13, from a cumulative earnings approach to a discrete earnings approach, wherein the net income or loss attributable to noncontrolling interests in Operating Partnership is computed for each quarter separately from each year-to-date period. This change was made because each Class C Common Share and Class C OP Unit have the same participation in earnings (loss) and therefore there is no difference between basic and diluted earnings (loss) per share. Due to such change, the net loss attributable to noncontrolling interest in Operating Partnership for the nine months ended September 30, 2023 increased by $64,802 from $1,535,452 to $1,600,254 resulting in a decrease by the same amount in the net loss attributable to common stockholders from $(8,084,383) to $(8,019,581). The effect of this change decreased the Companyâ€™s basic loss per share attributable to common stockholders from $(1.07) per share to $(1.06) per share and by the same amount for diluted loss per share attributable to common stockholders and noncontrolling interests. See Note 13 for further details of the earnings (loss) per share attributable to common stockholders and noncontrolling interests.This immaterial error correction did not impact the net loss (income) attributable to noncontrolling interest in Operating Partnership presented on the statements of operations and equity for the three and nine month periods, since those amounts are calculated using the cumulative earnings approach, which is the year-to-date period less the prior quarterâ€™s year-to-date net loss (income) attributable to noncontrolling interest in Operating Partnership.The statements of comprehensive income (loss) for the three and nine months ended SeptemberÂ 30, 2023 have been corrected to subtract, rather than add, the amortization of unrealized holding gain on interest rate swap from net loss. As a result, the comprehensive (loss) attributable to Modiv Industrial, Inc. for the three months ended SeptemberÂ 30, 2023 increased from $(5,238,990) to $(5,745,174) and for the nine months ended SeptemberÂ 30, 2023 comprehensive loss attributable to Modiv Industrial, Inc. increased from $(4,436,516) to $(5,949,508). This correction is limited to the statement of comprehensive loss and did not have any impact on the Companyâ€™s balance sheet, statements of operations, cash flows or equity. Consequently, this correction did not impact income from continuing operations, net loss, or per share amounts and it did not impact any key performance metrics including funds from operations, adjusted funds from operations, leverage and debt covenants. The Company's Annual Report on Form 10-K for the year ended DecemberÂ 31, 2023 was properly presented. Management discovered these presentation errors during the preparation of the Company's quarterly financial statements for the three months ended March 31, 2024 and related reconciliations of the 2023 amounts.NOTE 3. REAL ESTATE INVESTMENTS, NETAs of SeptemberÂ 30, 2024, the Companyâ€™s real estate net investment portfolio of $468,201,442 consisted of 42 wholly-owned operating properties, excluding the TIC Interest, located in 15 states.AcquisitionsNine Months Ended SeptemberÂ 30, 2024 and 2023On July 15, 2024, the Company acquired an industrial manufacturing property that produces optical systems for the defense and aerospace industries for $5,125,000. The Company defines â€œinitial cap rateâ€ for property acquisitions as the initial annual cash rent divided by the purchase price of the property and defines â€œweighted average cap rateâ€ as the average annual cash rent including rent escalations over the lease term, divided by the purchase price of the property. The total acquisition cost, including legal fees and transaction costs, was $5,183,443. The seller is not affiliated with the Company or its affiliates. As a result of the City of Issaquahâ€™s setback requirements, the number of townhomes planned for the property had to be reduced. The Company and the homebuilder therefore agreed to reduce the sales price from $28,650,000 to $25,300,000, with the ability to increase the purchase price by $325,000 for each additional townhome the buyer can add to the development prior to closing. The buyer completed its due diligence on April 26, 2024 and deposited $1,407,500 into escrow on May 1, 2024, bringing the total non-refundable deposit to $1,432,500.Completing the sale remains subject to the buyer obtaining development approvals and the sale will not close until the earlier of (a) 15 days following the later of buyer obtaining all necessary development approvals and tenant vacating the property, but not prior to February 1, 2025, and (b) August 15, 2025 unless extended. The amendment to the purchase and sale agreement provides that the buyer can extend the outside closing date up to three times for 60 days for each extension. The nonrefundable extension fee for the first extension is $300,000 with 50% applicable to the purchase price. The nonrefundable extension fees for the second and third extensions are $200,000 and $300,000, respectively, and none of these extension fees will be applicable to the purchase price. The Credit Facility is available for general corporate purposes, including, but not limited to, acquisitions, repayment of existing indebtedness, and capital expenditures.The Credit Facility includes an accordion option that allows the Company to request additional Revolver and Term Loan lender commitments up to a total of $750,000,000 subject to customary conditions, including the receipt of new commitments from the Lenders. The Company's Revolver and Term Loanâ€™s maturity is in January 2026 and in January 2027, respectively, with options to extend the Revolver for a total of 12 months.On December 20, 2022, the Credit Agreement was amended to allow the Company to draw on the additional $100,000,000 Term Loan commitment up to five times by April 19, 2023, in exchange for a quarterly unused fee. The $100,000,000 Term Loan commitment was fully drawn by April 19, 2023 and unused fees amounted to zero and $101,181 during the three and nine months ended SeptemberÂ 30, 2023, respectively.The Credit Facility is priced on a leverage-based grid that fluctuates based on the Company's actual leverage ratio at the end of the prior quarter. With the Company's leverage ratio at 47% as of June 30, 2024, the spread over the secured overnight financing rate (â€œSOFRâ€), including a 10-basis point credit adjustment, is 185 basis points and the interest rate on the Revolver was 6.725% on SeptemberÂ 30, 2024; however, there was no outstanding balance on the Revolver. The Company also pays an annual unused fee of up to 25 basis points on the Revolver, depending on the daily amount of the unused commitment, and incurred total unused fees of $95,833 and $94,525 for the three months ended SeptemberÂ 30, 2024 and 2023, respectively, and $285,416 and $282,983 for the nine months ended SeptemberÂ 30, 2024 and 2023, respectively.On May 10, 2022, the Company entered into a swap agreement, effective from May 31, 2022 to January 17, 2027, subject to the Company counterpartyâ€™s one-time cancellation option on December 31, 2024, to fix SOFR at 2.258% with respect to its original $150,000,000 Term Loan. The swap agreement resulted in a fixed interest rate of 4.058% on the Term Loan based on the Company's leverage ratio of 48% as of SeptemberÂ 30, 2024.On October 26, 2022, the Company entered into a second swap agreement, effective from November 30, 2022 to November 30, 2027, subject to the Company counterpartyâ€™s one-time cancellation option on December 31, 2024, to fix SOFR at 3.44% with respect to its expanded Term Loan. The Credit Facility is secured by a pledge of all of the Operating Partnershipâ€™s equity interests in certain of the single-purpose, property-owning entities (the â€œSubsidiary Guarantorsâ€) that are indirectly owned by the Company, and various cash collateral owned by the Operating Partnership and the Subsidiary Guarantors. In connection with the Credit Facility, the Company and each of the Subsidiary Guarantors entered into an Unconditional Guaranty of Payment and Performance in favor of the Agent, pursuant to which the Company and each of the Subsidiary Guarantors agreed to guarantee the full and prompt payment of the Operating Partnershipâ€™s obligations under the Credit Agreement.Compliance with All Debt AgreementsPursuant to the terms of mortgage notes payable on certain of the Companyâ€™s properties and the Credit Facility, the Company and/or the subsidiary borrowers are subject to certain financial loan covenants. The $1,355,228 and $2,163,396 of unrealized losses on the swap valuation for the three and nine months ended SeptemberÂ 30, 2024, respectively, and the $167,926 and $(327,824) of unrealized loss (gain) for the three and nine months ended SeptemberÂ 30, 2023, respectively, are recognized as an increase (decrease) in interest expense. Furthermore, the unrealized gain on interest rate swap derivative previously recorded in accumulated other comprehensive income and noncontrolling interest in Operating Partnership is being amortized on a straight-line basis as a reduction to interest expense through the maturity date of the loan agreement (see Note 8 for more details).(3)Â Â Â Â The Company's $100,000,000 derivative instrument was not designated as a cash flow hedge and, therefore, the $1,323,446 and $282,142 of unrealized losses on the valuation of this swap for the three and nine months ended SeptemberÂ 30, 2024, respectively, are reflected as increases in interest expense. The $710,258 and $1,697,520 of unrealized gains on the valuation of this swap for the three and nine months ended SeptemberÂ 30, 2023, respectively, are reflected as decreases in interest expense (see Note 8 for more details).NOTE 8. INTEREST RATE SWAP DERIVATIVESThe Company, through its Operating Partnership, entered into a five-year swap agreement on May 10, 2022 to fix SOFR at 2.258% effective May 31, 2022 related to the variable interest rate on its original $150,000,000 Term Loan. The swap agreement matures on January 15, 2027 and the financial institution counterparty has a one-time option to cancel the swap on December 31, 2024. The Company designated the pay-fixed, receive-floating interest rate swap with the terms described in the table below as of July 1, 2022 as a cash flow hedge which was effective through December 31, 2022. The derivative instrument failed to qualify as a cash flow hedge during the year ended DecemberÂ 31, 2023 and the three and nine months ended SeptemberÂ 30, 2024 as described below.The Company, through its Operating Partnership, entered into another five-year swap agreement on October 26, 2022 to fix SOFR at 3.440% effective November 30, 2022 related to the variable interest rate on its additional $100,000,000 Term Loan commitment. The swap agreement matures on November 30, 2027, and the financial institution counterparty has a one-time option to cancel the swap on December 31, 2024 at no cost. The Company did not designate the pay-fixed, receive-floating interest rate swap with the terms described in the table below as of November 30, 2022 as a cash flow hedge.The following table summarizes the notional amount and other information related to the Companyâ€™s interest rate swaps as of SeptemberÂ 30, 2024 and DecemberÂ 31, 2023:September 30, 2024December 31, 2023Interest Rate DerivativeInstrumentsNumber of InstrumentsNotionalAmount (i)ReferenceRateWeighted Average Fixed Pay Rate (ii)WeightedAverageRemaining TermNumber of InstrumentsNotionalAmount (i)Reference RateFixed Pay Rate (ii)Weighted Average Remaining Term Non-designated2$250,000,000Â USD - SOFR4.53Â %2.3 years2$250,000,000Â USD - SOFR 4.53Â %3.0 years(i)The notional amount of the Companyâ€™s swaps corresponds to the principal balance on the Term Loan. Subsequent to December 31, 2022, based on the Company's prospective effectiveness testing of the derivative instrument, the swap failed to qualify as a cash flow hedge because it was deemed ineffective due to the potential for a reduced term of the swap that could result from the cancellation option described above as compared with the maturity of the Term Loan.As a result, the net change in fair value of the first Term Loan swap is recorded as a component of interest expense with losses reflecting an increase to interest expense and gains reflecting a decrease to interest expense. During the three and nine months ended SeptemberÂ 30, 2024, the Company recognized unrealized losses of $1,355,228 and $2,163,396, respectively. During the three and nine months ended SeptemberÂ 30, 2023, the Company recognized an unrealized loss (gain) of $167,926 and $(327,824), respectively. Due to the above $150,000,000 Term Loan derivative instrument's failure to qualify as a cash flow hedge subsequent to December 31, 2022, the unrealized gain on interest rate swap derivative of $4,105,103 as of DecemberÂ 31, 2022 (recorded in the Company's financial statements as follows: (i) $3,502,616 of accumulated other comprehensive income and (ii) $602,487 of noncontrolling interest in Operating Partnership) is being amortized on a straight-line basis as a reduction to interest expense through the maturity date of the debt agreement. There is no income tax expense resulting from this amortization.During the three and nine months ended SeptemberÂ 30, 2024, interest expense was reduced by $255,873 and $762,059, respectively, and $253,092 and $756,496 during the three and nine months ended SeptemberÂ 30, 2023, respectively, for amortization of the unrealized gain on this swap previously recorded in accumulated other comprehensive income and noncontrolling interest in Operating Partnership.As of SeptemberÂ 30, 2024, the Company's unamortized unrealized gain on interest rate swap derivative in accumulated other comprehensive income and noncontrolling interest in Operating Partnership in the Company's consolidated balance sheet amounted to $2,327,893. The Company estimates that $255,874 of the remaining unrealized gain on interest rate swap derivative will be reclassified from accumulated other comprehensive income and noncontrolling interest in Operating Partnership as a reduction to interest expense in the Company's accompanying unaudited condensed consolidated statements of operations over the remaining three months in 2024.The second interest rate swap derivative on the additional $100,000,000 Term Loan was not designated as a cash flow hedge for financial accounting purposes. The decreases in the fair value of $1,323,446 and $282,142 for the three and nine months ended SeptemberÂ 30, 2024, respectively, were recorded as unrealized losses on interest rate swap valuation and reflected as increases in interest expense in the Company's accompanying unaudited condensed consolidated statements of operations. The unrealized losses on the second swap during the three and nine months ended SeptemberÂ 30, 2024 reflect recent decreases in the forward curve for future SOFR rates through DecemberÂ 31, 2024 (the one-time cancellation option date). The increases in the fair value of $710,258 and $1,697,520 for the three and nine months ended SeptemberÂ 30, 2023, respectively, were recorded as unrealized gains on the interest rate swap valuation and reflected as reductions to interest expense in the Companyâ€™s accompanying unaudited condensed consolidated statements of operations.NOTE 9. COMMITMENTS AND CONTINGENCIESEnvironmentalUnder various federal, state and local environmental laws, statutes, ordinances, rules and regulations, a real estate property owner may be liable for the costs of removal or remediation of certain hazardous or toxic substances at, on, in or under such property as well as certain other potential costs relating to hazardous or toxic substances. These liabilities may include government fines, penalties and damages for injuries to persons and adjacent property. Such laws often impose liability without regard to whether the property owner knew of, or was responsible for, the presence or disposal of such substances. Although most of the tenants of properties in which the Company has an interest are primarily responsible for any environmental damage and claims related to the leased premises, in the event of the bankruptcy or inability of the tenant of such leased premises to satisfy any obligations with respect to such environmental liability, or if the tenant is found not responsible, the Company's property owner subsidiary may be required to satisfy any of such obligations, should they exist. In addition, the property owner subsidiary, as the owner of such property, may be held directly liable for any such damages or claims irrespective of the terms and provisions of any lease. As of SeptemberÂ 30, 2024, the Company was not aware of any environmental matter relating to any of its real estate investments that would have a material impact on the Company's consolidated financial statements. However, changes in applicable environmental laws and regulations, the uses and conditions of properties in the vicinity of the Companyâ€™s properties, the activities of its tenants and other environmental conditions of which the Company is unaware with respect to the properties could result in future environmental liabilities.Tenant ImprovementsPursuant to lease agreements, as of SeptemberÂ 30, 2024 and DecemberÂ 31, 2023, the Company had obligations to pay $3,040,236 and $2,439,098, respectively, for on-site building and tenant improvements to be incurred by tenants.Legal MattersFrom time-to-time, the Company or its subsidiaries may become party to legal proceedings that arise in the ordinary course of its business. Except for the Kalera bankruptcy proceeding, the Company, including its subsidiaries, is not a party to any legal proceeding, nor is the Company aware of any pending or threatened litigation that could have a material adverse effect on the Companyâ€™s business, operating results, cash flows or financial condition should such litigation be resolved unfavorably.On October 31, 2023, Kalera filed a motion with the bankruptcy court to reject the Companyâ€™s lease and abandon all of its property located at the premises in Saint Paul, Minnesota effective as of October 31, 2023, subject to approval of the motion by the bankruptcy court. On November 21, 2023, the Company filed (i) a limited objection to retroactive rejection of its lease and (ii) a motion to compel Kalera to pay post-petition rent and related charges with the bankruptcy court. The Company and Kalera entered into a settlement agreement for these claims on March 18, 2024, which was approved by the bankruptcy court on April 12, 2024. Kaleraâ€™s revised motion to reject the Companyâ€™s lease effective as of October 31, 2023 was approved by the bankruptcy court on June 28, 2024.25 Table of ContentsNOTE 12. (LOSS) EARNINGS PER SHAREThe Company reports a dual presentation of basic earnings per share (â€œBasic EPSâ€) and diluted earnings per share (â€œDiluted EPSâ€). Basic EPS excludes dilution and is computed by dividing net income or loss by the weighted average number of common shares outstanding during the period. Diluted EPS uses the if-converted method to compute for the potential dilution that would occur if holders of Class C OP Units exercise their right to exchange their Class C OP Units and the Company elects to exchange their Class C OP Units for shares of Class C Common Stock (see Note 12 for additional information).The following table presents the computation of the Company's basic and diluted net (loss) income per share attributable to common stockholders for the three and nine months ended SeptemberÂ 30, 2024 and 2023:Three Months EndedSeptember 30,Nine Months EndedSeptember 30,20242023202420232023Numerator - Basic:Net (loss) income$(1,047,736)$(6,905,242)$4,851,323Â $(6,854,210)Less: net loss (income) attributable to noncontrolling interest in Operating Partnership (a)274,646Â 1,368,896Â (388,349)1,600,254Â Preferred stock dividends(921,875)(921,875)(2,765,625)(2,765,625)Net (loss) income attributable to common stockholders$(1,694,965)$(6,458,221)$1,697,349Â $(8,019,581)Numerator - Diluted:Net (loss) income$(1,047,736)$(6,905,242)$4,851,323Â $(6,854,210)Preferred stock dividends(921,875)(921,875)(2,765,625)(2,765,625)Net (loss) income attributable to common stockholders and noncontrolling interests$(1,969,611)$(7,827,117)$2,085,698Â $(9,619,835)Denominator:Weighted average shares outstanding - basic9,430,885Â 7,548,052Â 9,151,287Â 7,537,505Â Class C OP Units (b)1,528,145Â 1,599,898Â 2,093,793Â 1,504,059Â Weighted average shares and units outstanding - diluted10,959,030Â 9,147,950Â 11,245,080Â 9,041,564Â (Loss) earnings per share attributable to common stockholders:Basic(0.18)(0.86)$0.19Â $(1.06)(Loss) earnings per share attributable to common stockholders and noncontrolling interests:Diluted(0.18)(0.86)$0.19Â $(1.06)27 Table of Contents(a)Â Â Â Â Each Class C Common Share and Class C OP Unit have the same participation in earnings (loss) and therefore there is no difference between basic and diluted earnings (loss) per share. Consequently, net loss (income) attributable to noncontrolling interest in Operating Partnership for the three month periods presented above equals the product of (i) the Operating Partnership weighted average units as a percentage of diluted weighted average shares and units outstanding and (ii) the net (loss) income attributable to common shareholders and noncontrolling interests for each period presented. This can result in a different net loss (income) attributable to noncontrolling interest in Operating Partnership than the amount presented on the statements of operations and equity for the three month periods, as those amounts are calculated for the year-to-date period less the prior quarterâ€™s year-to-date net loss (income) attributable to noncontrolling interest in Operating Partnership.(b)Â Â Â Â For each of the three and nine months ended SeptemberÂ 30, 2023, the weighted average dilutive effect of 1,980,822 Class M OP Units, Class P OP Units, and Class R OP Units, discussed in Note 12, was excluded from the computation of diluted loss per share because their effect would be anti-dilutive since the units did not vest until the first quarter of 2024 and were not yet entitled to participate in earnings (losses).NOTE 14. Our focus for future acquisitions is on critical industrial manufacturing properties with long-term leases to tenants that fuel the national economy and strengthen the nation's supply chains. We elected to be taxed as a real estate investment trust (â€œREITâ€) for U.S. federal income tax purposes beginning with our taxable year ended December 31, 2016. We believe that we have operated in conformity with the requirements for qualification as a REIT for U.S. federal income tax purposes. Since December 31, 2019, we have been internally managed.The CompanyWe primarily generate revenues by leasing properties to industrial manufacturing tenants pursuant to net leases. As of SeptemberÂ 30, 2024, our real estate investment portfolio consisted of 43 properties as further described below. The net book value of our real estate investments as of SeptemberÂ 30, 2024 was $477,691,631.Details of our diversified portfolio of 43 operating properties, including an approximate 72.7% tenant-in-common interest in a Santa Clara, California industrial property (the â€œTIC Interestâ€), as of SeptemberÂ 30, 2024 are as follows:â€¢39 industrial properties, which represent approximately 77% of the portfolio (expressed as a percentage of annualized base rent (â€œABRâ€), of $40,205,913 as of SeptemberÂ 30, 2024) and include the TIC Interest, and four non-core properties which represent approximately 23% of the portfolio by ABR;â€¢33% of the portfolio by ABR is leased by investment grade tenants;â€¢Weighted average remaining lease term (â€œWALTâ€), excluding tenant rights to extend leases, of approximately 13.8 years;â€¢Occupancy rate of 98% based on square footage;â€¢Located in 15 states;â€¢Leased to 29 different commercial tenants doing business in 12 separate industries;â€¢Approximately 4.5 million square feet of aggregate leasable space, including the TIC Interest;â€¢An average leasable space per property of approximately 105,000 square feet; approximately 108,000 square feet per industrial property and approximately 76,000 square feet per non-core property; andâ€¢Outstanding mortgage notes payable balance of $31,011,068 for two consolidated properties and credit facility term loan balance of $250,000,000.On January 10, 2024 and February 28, 2024, we sold one industrial real estate property and one office real estate property, respectively, with aggregate leasable area of 163,230 square feet for aggregate contract sales prices of $15,265,000 with net proceeds of $15,022,626 (net of commissions and closing costs) and net gains on sales of $3,359,807.31 Recent Events and UncertaintiesThere are continuing significant uncertainties in the market in which we operate related to inflation and interest rates, the 2024 presidential election in the U.S., and negative impacts associated with the violence and unrest in the Middle East, the ongoing Russian war against Ukraine and sanctions which have been implemented by the United States and other countries against Russia and Iran. Volatility in stock and bond markets, and particularly the uncertainty regarding if and when the Federal Reserve may continue to cut interest rates may negatively impact our operating results, liquidity and sources of borrowings.The debt market remains sensitive to the macro environment, such as inflation, Federal Reserve interest rate policy, lingering impacts of the COVID-19 pandemic on office properties, market sentiment and regulatory factors affecting the banking and commercial mortgage-backed securities industries. We, our tenants and operating partners are impacted by currently elevated inflation and interest rates. While the rate of inflation has declined from historic highs, inflation remains above the Federal Reserve's 2% target and there is continued uncertainty over the future rate of inflation and interest rates. Depending on the future course of inflation, as well as other macroeconomic factors, the Federal Reserve's September 2024 reduction in the federal funds rate may not be followed by additional reductions as they continue to try to rein in inflation. Such action or inaction could contribute to a recession and would negatively impact our future results due to higher borrowing costs on any future borrowing. As of SeptemberÂ 30, 2024, 100% of our $281,011,068 outstanding debt is at fixed rates with a weighted average rate of 4.52% as a result of the swap agreements entered into in May 2022 and October 2022. The Company has evaluated various alternatives available to enter into new swap agreements given that it anticipates the exercise of the cancellation options discussed above and intends to implement a new hedging arrangement prior to December 31, 2024.In addition, continued elevated interest rates would make the costs of future borrowing and refinancing of our current indebtedness more expensive for us. Any future uncertainties in the capital markets may cause difficulty in refinancing debt obligations prior to maturity at terms as favorable as the terms of existing indebtedness. If we are not able to refinance our indebtedness on attractive terms, or at all, at the various maturity dates, we may be forced to dispose of some of our assets. Market conditions can change quickly, potentially negatively impacting the value of real estate investments. However, including extensions available on our Revolver, we do not have any debt maturities prior to January 2027.Possible future declines in rental rates and expectations of future rental concessions, including free rent to renew tenants early, to retain tenants who are up for renewal, or to attract new tenants, may result in decreases in cash flows from our office properties. We expect these impacts to be less significant to us because our real estate portfolio includes only three office properties, one of which, our office property in Issaquah, Washington is under contract to be sold as described in Note 3 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q and our office property in Rancho Cordova, California is leased to the State of Californiaâ€™s Office of Emergency Services (â€œOESâ€) until December 31, 2034.Potential future declines in economic conditions could negatively impact commercial real estate fundamentals and result in lower occupancy, lower rental rates and declining values in our real estate portfolio, which could have the following negative effects on us: the values of our investments in commercial properties could decrease below the amounts paid for such investments; and/or revenues from our properties could decrease due to fewer tenants, lower rental rates or tenants having difficulties meeting their contractual obligations, making it more difficult for us to make distributions or meet our debt service obligations. In addition, sustained elevated inflation rates may negatively impact our longer term leases if contractual rent increases are not sufficient to keep up with market leases. We successfully negotiated lease extensions for one property in the third quarter of 2024 and three properties during 2023; however, changing circumstances may make future lease extensions more difficult. We have two leases expiring in the next 12 months (both at the end of July 2025), one of which is the office property in Issaquah, Washington that is under contract to be sold as discussed in Note 3 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q.32 Liquidity and Capital ResourcesGenerally, our cash requirements for property acquisitions, debt payments and refinancings, capital expenditures and other investments will be funded by bank borrowings through our Credit Facility, mortgage indebtedness on our properties, real estate property sales, internally generated funds, and/or offerings of shares of Class C Common Stock including through our ATM Offering, through which we raised $3,260,959, net of commissions and offering costs of $517,981 for the nine months ended SeptemberÂ 30, 2024 and an additional $1,291,619, net of commissions of $29,055 from October 1, 2024 through October 15, 2024.Purchases of properties in the near-term will be funded primarily with cash on hand, proceeds from our ATM Offering and potential proceeds from dispositions of remaining non-core properties. We have $150 million of borrowing capacity available under our Credit Facility (defined below), which we may utilize in the near or medium-term if we identify attractive investment opportunities in advance of completing dispositions or raising additional equity, which could result in temporary increases in leverage.Our cash requirements for operating and interest expenses, dividends on our Series A Preferred Stock, and distributions on our Class C Common Stock will be funded by internally generated funds. We expect to have adequate liquidity to meet our cash requirements for the next 12 months and beyond.Credit Facility and MortgagesModiv Operating Partnership, LP, a Delaware limited partnership (our â€œOperating Partnershipâ€), entered into an agreement for a line of credit (the â€œCredit Agreementâ€) on January 18, 2022, which was amended on October 21, 2022, and currently provides a $400,000,000 line of credit agreement comprised of a $150,000,000 four-year revolving line of credit (the â€œRevolverâ€), which may be extended by up to 12 months subject to certain conditions, and a $250,000,000 five-year term loan (â€œTerm Loanâ€) with KeyBank National Association (â€œKeyBankâ€) and the other lending institutions party thereto (collectively, the â€œLendersâ€), including KeyBank as Agent for the Lenders (in such capacity, the â€œAgentâ€), as further described in Note 7 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q. The Credit Facility is available for general corporate purposes, including, but not limited to, acquisitions, repayment of existing indebtedness and capital expenditures.The Credit Facility includes an accordion option that allows us to request additional Revolver and Term Loan lender commitments up to a total of $750,000,000 subject to customary conditions, including the receipt of new commitments from the Lenders. The Revolverâ€™s maturity is in January 2026 with options to extend for a total of 12 months, and the Term Loanâ€™s maturity is in January 2027.The Credit Facility is priced on a leverage-based grid that fluctuates based on our actual leverage ratio at the end of the prior quarter. With our leverage ratio at 48% as of September 30, 2024, the spread over SOFR, including a 10-basis point credit adjustment, is 185 basis points for the Revolver. Therefore, the interest rate on the Revolver was 6.7250% as of October 31, 2024; although there was no outstanding balance on the Revolver. We also pay an annual unused fee of up to 25 basis points on the Revolver, depending on the daily amount of the unused commitment, and paid total unused fees of $95,833 and $94,525 for the three months ended SeptemberÂ 30, 2024 and 2023, respectively, and $285,416 and $282,983 for the nine months ended SeptemberÂ 30, 2024 and 2023, respectively.On May 10, 2022, we entered into a swap agreement, effective from May 31, 2022 to January 17, 2027, subject to our counterpartyâ€™s one-time cancellation option on December 31, 2024, to fix SOFR at 2.258% with respect to our original $150,000,000 Term Loan. We granted the cancellation option because it reduced the swap rate by approximately 50 basis points. This swap agreement resulted in a fixed interest rate of 4.058% on our original $150,000,000 Term Loan based on our leverage ratio of 48% as of SeptemberÂ 30, 2024, as described in Note 8 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q.33 On October 26, 2022, we entered into a swap agreement, effective from November 30, 2022 to November 30, 2027, subject to our counterpartyâ€™s one-time cancellation option on December 31, 2024, to fix SOFR at 3.44% with respect to our expanded Term Loan. We granted the cancellation option because it reduced the swap rate by approximately 50 basis points. This swap agreement resulted in a fixed interest rate of 5.24% on the additional $100,000,000 borrowed under the expanded Term Loan based on our leverage ratio of 48% as of SeptemberÂ 30, 2024, as described in Note 8 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q.As of SeptemberÂ 30, 2024 and DecemberÂ 31, 2023, the outstanding principal balance of our mortgage notes payable on the operating properties was $31,011,068 and $31,200,000, respectively, our Revolver outstanding principal balance was zero, and our Term Loan outstanding principal balance was $250,000,000 as of both balance sheet dates. As of SeptemberÂ 30, 2024 and DecemberÂ 31, 2023, our approximately 72.7% pro-rata share of the TIC Interestâ€™s mortgage note payable was $9,078,403 and $9,256,466, respectively, which is not included in our accompanying unaudited condensed consolidated balance sheets included in this Quarterly Report on Form 10-Q.Compliance with All Debt AgreementsPursuant to the terms of our Credit Facility and our two mortgage notes payable secured by certain of our properties, we and/or our subsidiary borrowers are subject to certain financial loan covenants. We and/or our subsidiary borrowers were in compliance with such financial loan covenants as of SeptemberÂ 30, 2024.Acquisitions and Dispositions of Real Estate InvestmentsAcquisitions:Nine Months Ended SeptemberÂ 30, 2024 and 2023On July 15, 2024, we acquired an industrial manufacturing property that produces optical systems for the defense and aerospace industries for $5,125,000. The property is located in the Tampa, Florida metropolitan area and the tenant entered into a 20-year sale-leaseback agreement at an initial cap rate of 8.00% and a weighted

average cap rate of 10.59%, with annual rent escalations of 2.85%. We define â€œinitial cap rateâ€ for property acquisitions as the initial annual cash rent divided by the purchase price of the property and we define â€œweighted average cap rateâ€ as the average annual cash rent including rent escalations over the lease term, divided by the purchase price of the property. The total acquisition cost, including legal fees and transaction costs, was $5,183,443, which we funded with available cash on hand. During the nine months ended SeptemberÂ 30, 2023, we acquired 12 industrial manufacturing real estate properties for $129,753,499. These properties are located in Princeton, Savage, Detroit Lakes and Plymouth, Minnesota; Gap and Reading, Pennsylvania; Roscoe Illinois; Lansing, Michigan; Ashland and Piqua, Ohio; Alleyton, Texas; and Andrews, South Carolina and had a weighted average lease term of approximately 20.6 years at acquisition.Dispositions:Nine Months Ended SeptemberÂ 30, 2024 and 2023During the nine months ended SeptemberÂ 30, 2024, we sold two real estate properties (one industrial with a lease expiring at the end of 2024 and one office) comprised of 163,230 square feet and a land parcel which was part of an industrial property in Canal Fulton, Ohio, which was sold to the city to be converted into a park, for aggregate contract sales prices of $15,265,000, with net proceeds of $15,022,626 (net of commissions and closing costs) and net gains on sales of $3,359,807 (see Note 3 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q for further details of these dispositions).During the nine months ended SeptemberÂ 30, 2023, we sold 14 non-core real estate properties (11 retail and three office) comprised of 241,795 square feet for aggregate contract sales prices of $47,466,960, with net proceeds of $44,473,792 (net of commissions and closing costs) and a net loss on sales of $1,708,801 (see Note 3 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q for further details of these dispositions).34 Capital Expenditures and Tenant ImprovementsOther than as discussed below, we do not have plans to incur any significant costs to renovate, improve or develop our properties. We believe that our properties are adequately insured. Pursuant to lease agreements, as of SeptemberÂ 30, 2024 and DecemberÂ 31, 2023, we had obligations to pay $3,040,236 and $2,439,098, respectively, for future on-site building and tenant improvements to be incurred by tenants. We expect that such improvements will be funded with cash on hand, operating cash flow, borrowings under our Credit Facility or potential offerings of shares of Class C Common Stock.In addition, we have identified approximately $497,162 of capital expenditures that are expected to be completed in the next 12 months that are not recoverable from tenants with double-net leases. These improvements will be funded from cash on hand or operating cash flows. More information on our properties and investments can be found in Note 3 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q.Cash Flow SummaryThe following table summarizes our cash flow activity for the nine months ended SeptemberÂ 30, 2024 and 2023:Nine Months Ended September 30,20242023Net cash provided by operating activities$12,835,060Â $11,210,166Â Net cash provided by (used in) investing activities$9,881,100Â $(90,995,924)Net cash (used in) provided by financing activities$(19,020,727)$76,818,719Â Cash Flows from Operating ActivitiesThe increase in cash provided by operating activities of $1,624,894 primarily reflects a decrease in property expenses which resulted from the August 2023 sale of properties subject to gross leases. The decrease in property expense was partially offset by an increase in interest expense, net of derivative cash receipts, during the first nine months of 2024 compared with the first nine months of 2023.Cash Flows from Investing ActivitiesThe net cash provided by investing activities during the first nine months of 2024 primarily reflects the net proceeds from the sale of two real estate properties and a land parcel aggregating $15,022,626, partially offset by the cost of one acquisition and building additions aggregating $6,946,143. The net cash used in investing activities for the first nine months of 2023 primarily reflects funds used for acquisitions of 12 properties aggregating $122,778,215, additions to existing real estate properties of $1,744,462 and net purchase deposits of $1,259,452, offset in part by net proceeds from sale of real estate properties of $34,737,474 during the first nine months of 2023.Cash Flows from Financing ActivitiesThe net cash used in financing activities during the first nine months of 2024 primarily reflects the net cost of repurchasing Class C OP Units and shares of Class C Common Stock for $11,532,768, our dividends and distributions paid to preferred and common stockholders and Class C OP Unit holders and monthly repayments of one mortgage note payable, partially offset by net proceeds from the offering of common stock under our ATM in January and September 2024. The net cash provided by financing activities during the first nine months of 2023 primarily reflects our net borrowings of $97,000,000 from the Credit Facility, partially offset by repayments of principal on a mortgage note payable, funds used to repurchase common stock and dividends and distributions paid to preferred and common stockholders and Class C OP Unit holders.35 Funds from Operations and Adjusted Funds from OperationsIn order to provide a more complete understanding of the operating performance of a REIT, the National Association of Real Estate Investment Trusts (â€œNareitâ€) promulgated a measure known as Funds from Operations (â€œFFOâ€). FFO is defined as net income or loss computed in accordance with GAAP, excluding gains and losses from sales of depreciable operating property, plus real estate-related depreciation and amortization (excluding amortization of deferred financing costs and depreciation of non-real estate assets), and after adjustment for unconsolidated investments, preferred dividends and real estate impairments. Because FFO calculations adjust for such items as depreciation and amortization of real estate assets and gains and losses from sales of operating real estate assets (which can vary among owners of identical assets in similar conditions based on historical cost accounting and useful-life estimates), they facilitate comparisons of operating performance between periods and between other REITs. As a result, we believe that the use of FFO, together with the required GAAP presentations, provides a more complete understanding of our performance relative to our competitors and a more informed and appropriate basis on which to make decisions involving operating, financing, and investing activities. It should be noted, however, that other REITs may not define FFO in accordance with the current Nareit definition or may interpret the current Nareit definition differently than we do, making comparisons less meaningful.Additionally, we use Adjusted Funds From Operations (â€œAFFOâ€) as a non-GAAP financial measure to evaluate our operating performance. AFFO excludes non-routine and certain non-cash items such as stock-based compensation, amortization of deferred rent, amortization of below/above market lease intangibles, amortization of deferred financing costs, gain or loss from the extinguishment of debt, unrealized gains (losses) on derivative instruments, and write-offs of due diligence expenses for abandoned pursuits. We also believe that AFFO is a recognized measure of sustainable operating performance of the REIT industry. Further, we believe AFFO is useful in comparing the sustainability of our operating performance with the sustainability of the operating performance of other real estate companies. Management believes that AFFO is a beneficial indicator of our ongoing portfolio performance and ability to sustain our current distribution level. More specifically, AFFO isolates the financial results of our operations. AFFO, however, is not considered an appropriate measure of historical earnings as it excludes certain significant costs that are otherwise included in reported earnings. Further, since the measure is based on historical financial information, AFFO for the period presented may not be indicative of future results or our future ability to pay our dividends. By providing FFO and AFFO, we present information that assists investors in aligning their analysis with managementâ€™s analysis of long-term operating activities.For all of these reasons, we believe the non-GAAP measures of FFO and AFFO, in addition to income or loss from operations, net income or loss and cash flows from operating activities, as defined by GAAP, are helpful supplemental performance measures and useful to investors in evaluating the performance of our real estate portfolio. AFFO is useful in assisting management and investors in assessing our ongoing ability to generate cash flow from operations and continue as a going concern in future operating periods. However, a material limitation associated with FFO and AFFO is that they are not indicative of our cash available to fund distributions since other uses of cash, such as capital expenditures at our properties and principal payments of debt, are not deducted when calculating FFO and AFFO. Therefore, FFO and AFFO should not be viewed as a more prominent measure of performance than income or loss from operations, net income (loss) or cash flows from operating activities and each should be reviewed in connection with GAAP measurements.Neither the SEC, Nareit, nor any other applicable body has opined on the acceptability of the adjustments contemplated to adjust FFO in order to calculate AFFO and its use as a non-GAAP performance measure. In the future, the SEC or Nareit may decide to standardize the allowable exclusions across the REIT industry, and we may have to adjust the calculation and characterization of this non-GAAP measure.36 The following are the calculations of FFO and AFFO for the nine months ended SeptemberÂ 30, 2024 and 2023:Three Months EndedSeptember 30,Nine Months EndedSeptember 30,2024202320242023Net (loss) income (in accordance with GAAP)$(1,047,736)$(6,905,242)$4,851,323Â $(6,854,210)Preferred stock dividends(921,875)(921,875)(2,765,625)(2,765,625)Net (loss) income attributable to common stockholders and Class C OP Unit holders(1,969,611)(7,827,117)2,085,698Â (9,619,835)FFO adjustments:Depreciation and amortization of real estate properties4,166,992Â 4,175,209Â 12,437,021Â 11,403,603Â Amortization of lease incentives1,197Â 40,397Â (1,391)217,537Â Depreciation and amortization for unconsolidated investment in a real estate property188,934Â 187,479Â 566,787Â 567,721Â Impairment of real estate investment propertyâ€”Â â€”Â â€”Â 3,499,438Â (Gain) loss on sale of real estate investments, net(172,001)1,708,801Â (3,359,807)1,708,801Â FFO attributable to common stockholders and Class C OP Unit holders2,215,511Â (1,715,231)11,728,308Â 7,777,265Â AFFO adjustments:Stock compensation expense75,000Â 8,469,867Â 1,521,002Â 9,790,206Â Amortization of deferred financing costs221,496Â 165,708Â 664,488Â 556,134Â Abandoned pursuit costs239,191Â 1,208Â 239,191Â 347,598Â Amortization of deferred rents(1,284,995)(1,772,403)(4,378,863)(4,528,120)Unrealized loss (gain) on interest rate swap valuation2,422,801Â (795,424)1,683,479Â (2,781,840)Amortization of (below) above market lease intangibles, net(211,600)(204,010)(634,798)(596,194)Loss on sale of investment in common stockâ€”Â â€”Â 4,513Â â€”Â (Increase) decrease in fair value of investment in preferred and common stockâ€”Â (440,000)20,574Â (440,000)Other adjustments for unconsolidated investment in a real estate property23,825Â 11,819Â 71,476Â 35,457Â AFFO attributable to common stockholders and Class C OP Unit holders$3,701,229Â $3,721,534Â $10,919,370Â $10,160,506Â Weighted Average Outstanding Shares/Units:Fully diluted (1)10,959,030Â 11,128,772Â 11,245,080Â 11,022,386Â FFO Per Share/Unit:Fully diluted$0.20Â (0.23)1.04Â $0.71Â AFFO Per Share/Unit:Fully diluted$0.34Â $0.33Â $0.97Â $0.92Â (1)Â Â Â Â Includes the Class M OP Units which automatically converted to Class C OP Units on January 30, 2024, and Class P and Class R OP Units which automatically converted to Class C OP Units as of March 31, 2024, to compute the fully diluted weighted average number of shares.37 Property Portfolio InformationFollowing the issuance of our publicly listed Series A Preferred Stock in September 2021, we began to significantly transform our portfolio in furtherance of our strategic plan to reduce our exposure to office properties and increase our WALT. The following is a summary of how we have transformed the composition of our real estate portfolio over time, resulting in a majority of our ABR produced by industrial properties, including the TIC Interest, as shown and described below.Percentage of Annual ABR:December 31,2021December 31,2022December 31,2023SeptemberÂ 30, 2024Industrial core41Â %59Â %76Â %77Â %Non-core59Â %41Â %24Â %23Â %WALT (years)6.111.914.113.8Following the public listing of our Class C Common Stock in February 2022, we began to focus exclusively on strategically acquiring industrial manufacturing properties while at the same time continuing the tactical reduction of our non-core properties exposure. To that end, we acquired 15 industrial manufacturing properties and sold eight non-core properties during 2022.In 2023, we acquired 12 more industrial manufacturing properties and made a significant step in transforming our portfolio in August 2023 when we sold 13 non-core properties to Generation Income Properties, Inc. (NASDAQ: GIPR), comprised of 11 retail properties and two office properties (see Notes 3 and 5 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q for details), followed by the sale of another office property at the end of August 2023.We continued our transformation in the first nine months of 2024 with the sale of two non-core properties in January and February and the acquisition of an industrial manufacturing property in July 2024. With the July 2024 acquisition, industrial properties now comprise 77% of the portfolio ABR and 23% is attributable to non-core properties. Our goal is to have a portfolio consisting of 100% industrial manufacturing properties over the intermediate-term.The following is a breakdown of our income by property type for the nine months ended SeptemberÂ 30, 2024:Industrial Core (1)Non-Core (2)TotalTotal rental income$26,326,958Â $8,506,500Â $34,833,458Â Management fee income$197,979Â $â€”Â $197,979Â (1)Â Â Â Â Industrial core properties include an approximate 72.7% TIC interest in the Santa Clara, California property.(2)Â Â Â Â Non-core properties include the following:(i)Â Â Â Â our non-core acquisition of a leading KIA auto dealership located in a prime location in Los Angeles County acquired in January 2022, which was structured as an UPREIT transaction resulting in a favorable equity issuance of $32,809,550 represented by 1,312,382 units of Class C limited partnership interest in the Operating Partnership (â€œClass C OP Unitsâ€) at a cost basis of $25 per share. We repurchased 656,191 of those units and 123,809 shares of Class C Common Stock, which had been previously converted from Class C OP Units, at $14.80 per share on August 1, 2024, resulting in the KIA auto dealership property no longer being subject to a tax protection agreement, as described in Notes 1 and 12 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q;38 (ii)Â Â Â Â our 12-year lease with OES executed in January 2023 for one of our legacy assets located in Rancho Cordova, California that includes an attractive purchase option, which OES may exercise until December 31, 2026. We have received preliminary indications from OES of interest in exercising the option. (We define legacy assets as those that were acquired by different management teams utilizing different investment objectives and underwriting criteria);(iii)Â Â Â Â our legacy property leased to Costco located in Issaquah, Washington, which offers compelling redevelopment opportunities following Costco's lease expiration given its higher density infill location and the fact that the land is zoned to allow for multi-family development. We entered into a purchase and sale agreement with KB Home, a national homebuilder, for the sale of this property in January 2024 and the buyer made a substantial non-refundable deposit in May 2024 (see Note 3 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q for additional details of the pending sale); and(iv)Â Â Â Â two legacy office properties, including a property leased to Solar Turbines that we expect to sell after we complete a parcel split to maximize its value and a property leased to Cummins that was sold on February 28, 2024 (see Note 3 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q for additional details of this sale).The following is a breakdown of our assets by property type:As of September 30, 2024Industrial Core (1)Non-Core (2)Total investments in real estate property$392,991,468Â $138,548,608Â Accumulated depreciation and amortization(46,292,755)(17,045,879)Total real estate investments, net, excluding unconsolidated investment in real estate property346,698,713Â 121,502,729Â Unconsolidated investment in a real estate property (3)9,490,189Â â€”Â Total real estate investments, net356,188,902Â 121,502,729Â Tenant deferred rent and other receivables12,033,917Â 5,354,202Â Above-market lease intangibles, net1,258,460Â â€”Â Prepaid expenses and other assets1,259,223Â 238,949Â Total assets$370,740,502Â $127,095,880Â (1)Â Â Â Â See footnote (1) above(2)Â Â Â Â See footnote (2) above(3)Â Â Â Â As part of our continued effort to increase balance sheet simplicity, management is currently exploring opportunities to acquire the minority interests in the property in which we hold the TIC Interest, which would result in consolidation of the asset, or to sell the TIC Interest.We have one mortgage secured by an industrial core property and one mortgage secured by a non-core property. All other consolidated properties are financed by our credit facility or are unencumbered. See details of mortgage debt in Note 7 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q.39 Results of OperationsAs of SeptemberÂ 30, 2024, we owned 43 operating properties, including the TIC Interest. We acquired one industrial manufacturing property on July 15, 2024 and 12 industrial manufacturing properties during the first seven months of 2023. We sold two properties (one industrial property with a lease term expiring at the end of 2024 and one office property) during the first quarter of 2024 and 14 properties (11 retail and three non-core) in August 2023. The operating results of the properties that were sold during the first two months of 2024 are included in our continuing results of operations for the nine months ended SeptemberÂ 30, 2024.We expect that rental income, depreciation expense, and interest expense will increase for the full year of 2024 as compared with the full year of 2023, as a result of the 12 industrial manufacturing property acquisitions during 2023 and one industrial manufacturing property acquired in July 2024, which were partially offset by the sale of 16 properties completed in August 2023 and the first two months of 2024. Our results of operations for the nine months ended SeptemberÂ 30, 2024 may not be indicative of those expected for the full year of 2024.Comparison of the Three Months Ended SeptemberÂ 30, 2024 to the Three Months Ended SeptemberÂ 30, 2023Rental IncomeRental income for the three months ended SeptemberÂ 30, 2024 and 2023 was $11,589,370 and $12,500,338, respectively, including tenant reimbursements of $466,625 and $549,327, respectively. The decrease in rental income of $910,968, or 7%, as compared with the third quarter of 2023 primarily reflects the disposition of two properties during the first quarter of 2024 and the sale of 14 properties in August 2023, which included tenant reimbursements for modified gross leases and double-net leases, partially offset by rental income from one industrial manufacturing property acquired on July 15, 2024. Pursuant to most of our lease agreements, tenants are required to pay property operating expenses directly, however some tenants reimburse all or a portion of the property operating expenses which they do not pay directly.General and AdministrativeGeneral and administrative expenses were $1,660,520 and $1,735,104 for the three months ended SeptemberÂ 30, 2024 and 2023, respectively. The decrease of $74,584, or 4%, quarter-over-quarter reflects reduced consulting expenses, partially offset by increases in legal and other professional services fees in the current year as compared with the prior year.Stock Compensation ExpenseStock compensation expense was $75,000 and $8,469,867 for the three months ended SeptemberÂ 30, 2024 and 2023, respectively. The significant decrease of $8,394,867 quarter-over-quarter reflects the final amortization expense for our Class P OP Units and our Class R OP Units effective with their automatic conversion to Class C OP Units on the last business day of March 2024. Stock compensation expense for the three months ended SeptemberÂ 30, 2024 reflects only the portion of independent directors' fees that were paid in common stock.Depreciation and AmortizationDepreciation and amortization

expense was $4,166,992 and $4,175,209 for the three months ended SeptemberÂ 30, 2024 and 2023, respectively. The purchase price of properties acquired is allocated to tangible assets, identifiable intangibles and assumed liabilities, if any, and depreciated or amortized over their estimated useful lives. Depreciation and amortization expense was generally flat quarter-over-quarter primarily reflecting an increase in depreciation of two real estate properties acquired in the second half of 2023 and one real estate property acquired in July 2024, offset by reductions related to properties sold in August 2023 and the first quarter of 2024.Property ExpensesProperty expenses were $1,025,051 and $1,195,224 for the three months ended SeptemberÂ 30, 2024 and 2023, respectively. These expenses primarily relate to property taxes and repairs and maintenance expenses, the majority of which are reimbursed by tenants and included in rental income. The decrease of $170,173, or 14% quarter-over-quarter primarily reflects decreases in property taxes, repairs and maintenance, and insurance related to properties sold during August 2023, offset in part by an increase in non-recoverable environmental insurance expenses.40 Gain (Loss) on Sale of Real Estate InvestmentsGain on sale of real estate investment was $172,001 for the three months ended SeptemberÂ 30, 2024, as compared to a loss on sale of real estate investment of $1,708,801 for the three months ended SeptemberÂ 30, 2023. The gain on sale of real estate investment for the current quarter reflects the sale in September 2024 of an unutilized land parcel of an operating property, which was sold to the City of Canal Fulton, Ohio as park space. The loss on sale of real estate investments for the prior year quarter includes the $1,887,040 loss on sale of the 13 properties (11 retail and two office) to GIPR on August 10, 2023, partially offset by the $178,239 gain on sale of the flex property sold on August 31, 2023. The loss includes the $2,380,000 difference between the $12,000,000 liquidation value and the $9,620,000 fair value of our investment in GIPRâ€™s newly-created Series A Redeemable Preferred Stock received on August 10, 2023 as a portion of the sale proceeds (see Note 5 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q for additional details).Other Income (Expense)Interest income was $81,622 and $26,386 for the three months ended SeptemberÂ 30, 2024 and 2023, respectively. The increase in interest income reflects higher interest rates on higher average cash and cash equivalents balances quarter-over-quarter following the sale of two properties in the first quarter of 2024.Dividend income was $190,000 for the three months ended SeptemberÂ 30, 2023, reflecting dividends received on the GIPR preferred shares during the prior year quarter, as described in Note 5 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q.Income from unconsolidated investment in a real estate property, which reflects our approximate 72.7% TIC Interest in the Santa Clara, California property's results of operations, was $74,509 and $79,166 for the three months ended SeptemberÂ 30, 2024 and 2023, respectively. The decrease in income primarily reflects greater property tax and insurance recoveries in the 2023 period due to delayed timing of reimbursements from the prior year.Interest expense, including unrealized gain or loss on interest rate swaps and net of derivative settlements was $6,103,668 and $2,922,918 for the three months ended SeptemberÂ 30, 2024 and 2023, respectively (see Note 7 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q for details of the components of interest expense, net). The increase of $3,180,750 quarter-over-quarter primarily reflects the net unrealized loss on swap valuations and related amortization of $2,422,801 which increased interest expense during the third quarter of 2024, compared with the net unrealized gain on swap valuations and related amortization of $795,424 which decreased interest expense during the third quarter of 2023.The change in fair value of our investment in GIPR preferred stock of $440,000 during the three months ended September 30, 2023 reflects the fair value adjustment for the period from August 10, 2023 when the preferred stock was acquired through SeptemberÂ 30, 2023.Comparison of the Nine Months Ended SeptemberÂ 30, 2024 to the Nine Months Ended SeptemberÂ 30, 2023Rental IncomeRental income for the nine months ended SeptemberÂ 30, 2024 and 2023 was $34,833,458 and $34,648,083, respectively, including tenant reimbursements of $1,534,411 and $2,235,745, respectively. The increase in rental income of $185,375, or 1%, as compared with the first nine months of 2023 primarily reflects the rental income contribution from the addition of 12 industrial manufacturing properties acquired in 2023 and one industrial manufacturing property acquired on July 15, 2024, partially offset by the decrease related to the sale of two properties in the first quarter of 2024 and 14 properties in August 2023, which included tenant reimbursements for modified gross leases and double-net leases. Pursuant to most of our lease agreements, tenants are required to pay or reimburse all or a portion of the property operating expenses.General and Administrative General and administrative expenses were $5,078,814 and $5,240,935 for the nine months ended SeptemberÂ 30, 2024 and 2023, respectively. The decrease of $162,121, or 3% period-over-period primarily reflects reduced consulting costs, partially offset by non-recurring legal and transfer agent costs related to the distribution of GIPR's common stock to our stockholders in January 2024.41 Stock Compensation ExpenseStock compensation expense was $1,521,002 and $9,790,206 for the nine months ended SeptemberÂ 30, 2024 and 2023, respectively. The significant decrease of $8,269,204 as compared with the first nine months of 2023 primarily reflects the first quarter of 2024 stock compensation expense of $1,222,218 for our Class P OP Units and Class R OP Units, which included $733,332 during the first quarter of 2024 related to our achievement of managementâ€™s performance target for FFO of $1.05 per diluted share for the year ended December 31, 2023, as compared with $9,555,205 in the prior period, which included a one-time, non-cash catch-up adjustment of $7,822,197 for performance-based stock compensation expense based on our determination that it was probable that we would achieve management's performance target for FFO of $1.05 per diluted share for the year ended December 31, 2023. Amortization of the stock compensation expense related to our Class P OP Units and Class R OP Units was completed effective with their automatic conversion to Class C OP Units on the last business day of March 2024. At this time, given there are no other stock incentive awards outstanding, there is no further stock compensation to expense in future periods, other than the portion of independent directors' fees that are paid in common stock.Depreciation and AmortizationDepreciation and amortization expense was $12,437,021 and $11,403,603 for the nine months ended SeptemberÂ 30, 2024 and 2023, respectively. The purchase price of properties acquired is allocated to tangible assets, identifiable intangibles and assumed liabilities, if any, and depreciated or amortized over their estimated useful lives. The increase of $1,033,418, or 9% period-over-period primarily reflects an increase in depreciation of industrial manufacturing properties acquired in 2023 and an industrial manufacturing property acquired on July 15, 2024, partially offset by reductions due to properties sold in August 2023 and the first quarter of 2024, along with reductions in amortization of intangible lease assets during the nine months ended SeptemberÂ 30, 2024, due to the disposition of properties with acquired leases rather than leases initiated by us.Property ExpensesProperty expenses were $2,703,076 and $4,429,936 for the nine months ended SeptemberÂ 30, 2024 and 2023, respectively. These expenses primarily relate to property taxes and repairs and maintenance expenses, the majority of which are reimbursed by tenants and included in rental income. The significant decrease of $1,726,860, or 39% period-over-period primarily reflects decreases in repairs and maintenance and property taxes related to 14 properties sold during August 2023, offset in part by an increase in non-recoverable environmental insurance expenses.Impairment of Real Estate Investment PropertyImpairment of real estate investment property amounted to $3,499,438 for the nine months ended SeptemberÂ 30, 2023. During the first quarter of 2023, we determined that the impairment charge was required based on the plan to sell our property in Nashville, Tennessee, which was leased to Cummins and sold on February 28, 2024. The impairment charge represented the excess of the property's carrying value over the property's estimated fair value. We did not incur any impairment of real estate property for the first nine months of 2024.Gain (Loss) on Sale of Real Estate InvestmentsThe gain on sale of real estate investments of $3,359,807 for the nine months ended SeptemberÂ 30, 2024 relates to the aggregate gain on sale of two properties (one industrial property with a lease expiration at the end of 2024 and one office property), which were sold during first quarter of 2024 and the gain on sale of a land parcel in September 2024 (see Note 3 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q for more details of the gain on sale of real estate investments). The loss on sale of real estate investments of $1,708,801 for the nine months ended SeptemberÂ 30, 2023 includes the $1,887,040 loss on sale of the 13 properties (11 retail and two office) sold to GIPR on August 10, 2023, partially offset by the $178,239 gain on sale of the flex property sold on August 31, 2023. The loss includes the $2,380,000 difference between the $12,000,000 liquidation value and the $9,620,000 fair value of our investment in GIPRâ€™s newly-created Series A Redeemable Preferred Stock received on August 10, 2023 as a portion of the sale proceeds (see Note 5 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q for additional details).42 Other Income (Expense)Interest income was $403,344 and $296,921 for the nine months ended SeptemberÂ 30, 2024 and 2023, respectively. Interest income for 2024 primarily reflects interest earned on the proceeds from the sale of two properties (one industrial and one office) sold during first two months of 2024 and higher interest rates earned on available cash and cash equivalents. Interest income for 2023 primarily reflects interest earned on cash proceeds from the April 2023 draws on the Term Loan, prior to utilizing such cash to acquire industrial manufacturing properties.Dividend income was $113,328 and $190,000 for the nine months ended SeptemberÂ 30, 2024 and 2023, respectively, reflecting dividends received on our investment in GIPR preferred stock for August and September 2023 and January 2024 and dividends received prior to sale of the 171,444 shares of common stock issued by GIPR and retained by us as described in Notes 5 and 6 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q.Income from unconsolidated investment in a real estate property, which reflects our approximate 72.7% TIC Interest in the Santa Clara, California property's results of operations, was $222,574 and $207,506 for the nine months ended SeptemberÂ 30, 2024 and 2023, respectively. The increase in income primarily reflects an increase in common area maintenance recoveries.Interest expense, including unrealized gain or loss on interest rate swaps and net of derivative settlements was $12,514,167 and $6,761,779 for the nine months ended SeptemberÂ 30, 2024 and 2023, respectively (see Note 7 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q for details of the components of interest expense, net). The significant increase of $5,752,388, or 85% period-over-period, primarily reflects (i) the unrealized loss on interest rate swaps of $1,683,479 which increased interest expense during the nine months ended SeptemberÂ 30, 2024, as compared to the unrealized gain on interest rate swaps of $2,781,840 which decreased interest expense during the nine months ended SeptemberÂ 30, 2023, and (ii) the $2,591,343 net increase in interest expense and unused commitment fees incurred on our Credit Facility due to larger balances outstanding during 2024, since the Term Loan was not fully drawn until April 2023. The increase was partially offset by a decrease of $315,787 in mortgage notes interest expense period-over-period as a result of paying off the mortgage on the property leased to OES in December 2023.Loss on sale of investment in common stock of $4,513 reflects the loss on the sale of our 171,444 shares in GIPR common stock during the nine months ended SeptemberÂ 30, 2024. We completed the sale of all 171,444 shares by May 9, 2024 at an average price of $3.80 per share for total net proceeds of $652,118.The loss related to the change in fair value of our investment in GIPR common stock of $20,574 during the nine months ended SeptemberÂ 30, 2024 reflects the decrease in the fair value of the common stock as of March 31, 2024 compared with December 31, 2023 and the gain related to the change in fair value of our investment in GIPR preferred stock of $440,000 during the first nine months of 2023 reflects the fair value adjustment for the period from August 10, 2023 when the preferred stock was acquired through SeptemberÂ 30, 2023.Dividends and DistributionsPreferred DividendsOn March 1, 2024, May 1, 2024 and July 31, 2024, our board of directors declared Series A Preferred Stock dividends payable of $921,875 for each of the first, second and third quarters of 2024, which were paid on April 15, 2024, July 15, 2024 and October 15, 2024, respectively.Common Stock Distributions We have historically paid distributions on a monthly basis, and we paid our first distribution on August 10, 2016. The distribution rate is determined by the board of directors based on our financial condition and such other factors as the board of directors deems relevant. The board of directors has not pre-established a percentage range of return for distributions to stockholders. We have not established a minimum distribution level, and our charter does not require that we make distributions to our stockholders other than as necessary to meet REIT qualification requirements.43 Beginning with distributions in 2022 when we listed our Class C Common Stock, distributions generally are declared during the month or two prior to the beginning of a quarter and paid based on a month end record date and a monthly rate per share. The distribution rate details for the distribution periods from January 2024 to March 2025 are as follows:DistributionÂ PeriodRateÂ PerÂ ShareÂ Per MonthDeclarationÂ DatePaymentÂ Date2024January 1-31$0.09583300Â November 6, 2023February 28, 2024February 1-29$0.09583300Â November 6, 2023March 25, 2024March 1-31$0.09583300Â November 6, 2023April 25, 2024 April 1-30$0.09583300Â March 1, 2024May 28, 2024 May 1-31$0.09583300Â March 1, 2024June 25, 2024June 1-30$0.09583300Â March 1, 2024July 25, 2024July 1-31$0.09583300Â May 1, 2024August 26, 2024August 1-31$0.09583300Â May 1, 2024September 25, 2024 September 1-30$0.09583300Â May 1, 2024October 25, 2024October 1-31$0.09583300Â July 31, 2024November 25, 2024 (1)November 1-30$0.09583300Â July 31, 2024December 24, 2024 (1)December 1-31$0.09583300Â July 31, 2024January 27,2025 (1)2025January 1-31$0.09750000Â November 4, 2024February 25, 2025 (1)February 1-28$0.09750000Â November 4, 2024March 25, 2025 (1)March 1-31$0.09750000Â November 4, 2024April 25, 2025 (1)(1)Â Â Â Â Reflects the expected payment date since the distribution has not been paid as of the filing date of this Quarterly Report on Form 10-Q.Election as a REITWe elected to be taxed as a REIT for U.S. federal income tax purposes under Sections 856 through 860 of the Internal Revenue Code of 1986, as amended. We intend to continue to qualify as a REIT. To continue to qualify and maintain status as a REIT, we must meet certain requirements relating to our organization, sources of income, nature of assets, distributions of income to our stockholders and recordkeeping. As a REIT, we generally would not be subject to federal income tax on taxable income that we distribute to our stockholders so long as we distribute at least 90% of our annual taxable income (computed without regard to the distributions paid deduction and excluding net capital gains).If we fail to maintain our qualification as a REIT in any taxable year, we will be subject to tax, including any applicable alternative minimum tax, on our taxable income at regular corporate rates. We will not be able to deduct distributions paid to our stockholders in any year in which we fail to qualify as a REIT. We also will be disqualified for the four taxable years following the year during which qualification is lost, unless we are entitled to relief under specific statutory provisions. Such an event could materially adversely affect our net income or loss and net cash available for distribution to stockholders. However, we believe that we are organized and operate in such a manner as to continue to qualify for treatment as a REIT for federal income tax purposes. No provision for federal income taxes has been made in our accompanying unaudited condensed consolidated financial statements. We are subject to certain state and local taxes related to the operations of properties in certain locations, which have been provided for in our accompanying unaudited condensed consolidated financial statements.44 Critical Accounting Policies and EstimatesOur accounting policies have been established to conform with GAAP. The preparation of financial statements in conformity with GAAP requires us to use judgment in the application of accounting policies, including making estimates and assumptions. These judgments affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. If our judgment or interpretation of the facts and circumstances relating to various transactions had been different, it is possible that different accounting policies would have been applied, thus resulting in a different presentation of the financial statements. Additionally, other companies may utilize different estimates that may impact comparability of our results of operations to those of companies in similar businesses. A discussion of the accounting policies that management considers critical in that they involve significant management judgments, assumptions and estimates is included under â€œCritical Accounting Policiesâ€ in Part II, Item 7, Managementâ€™s Discussion and Analysis of Financial Condition and Results of Operations, of our Annual Report on Form 10-K, filed with the SEC on March 7, 2024. There have been no significant changes to our accounting policies during the nine months ended SeptemberÂ 30, 2024.Commitments and ContingenciesWe may be subject to certain commitments and contingencies with regard to certain transactions (see Note 11 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q for discussion of commitments and contingencies).Related-Party Transactions and AgreementsSee Note 10 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q for details of the various related-party transactions and agreements.Subsequent EventsSee Note 14 to our accompanying unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q for events that occurred subsequent to SeptemberÂ 30, 2024 through the filing date of this report.Recent Accounting PronouncementsSee Note 2 to our accompanying unaudited condensed consolidated financial statements for recent accounting pronouncements.Item 3. Â Quantitative and Qualitative Disclosure About Market RiskNot applicable as we are a smaller reporting company.Item 4. Â Controls and ProceduresEvaluation of Disclosure Controls and ProceduresWe maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports under the Exchange Act, is recorded, processed, summarized and reported within the time periods specified in the rules and forms, and that such information is accumulated and communicated to us, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, we recognize that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, as ours are designed to do, and we necessarily were required to apply our judgment in evaluating whether the benefits of the controls and procedures that we adopt outweigh their costs.As required by Rules 13a-15(b) and 15d-15(b) of the Exchange Act, an evaluation as of SeptemberÂ 30, 2024 was conducted under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act). Based on this evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls

and procedures were effective at the reasonable assurance level.45 Changes in Internal Control over Financial ReportingThere were no changes in our internal control over financial reporting identified in connection with the evaluation required by Rule 13a-15(d) that occurred during the three months ended SeptemberÂ 30, 2024 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.PART II â€“ OTHER INFORMATIONItem 1. The liquidation preference is the difference between the preference in liquidation and the par or stated values of the share. Temporary equity is a security with redemption features that are outside the control of the issuer, is not classified as an asset or liability in conformity with GAAP, and is not mandatorily redeemable. Includes any type of security that is redeemable at a fixed or determinable price or on a fixed or determinable date or dates, is redeemable at the option of the holder, or has conditions for redemption which are not solely within the control of the issuer. If convertible, the issuer does not control the actions or events necessary to issue the maximum number of shares that could be required to be delivered under the conversion option if the holder exercises the option to convert the stock to another class of equity. If the security is a warrant or a rights issue, the warrant or rights issue is considered to be temporary equity if the issuer cannot demonstrate that it would be able to deliver upon the exercise of the option by the holder in all cases. Includes stock with put option held by ESOP and stock redeemable by holder only in the event of a change in control of the issuer. + ReferencesNo definition available. + Details Name: us-gaap_TemporaryEquityLiquidationPreference Namespace Prefix: us-gaap_ Data Type: xbrli:monetaryItemType Balance Type: credit Period Type: instant X - DefinitionNumber of previously issued common shares repurchased by the issuing entity and held in treasury. + ReferencesReference 1: http://fasb.org/us-gaap/role/ref/legacyRef -Name Accounting Standards Codification -Topic 505 -SubTopic 30 -Section 45 -Paragraph 1 -Publisher FASB -URI https://asc.fasb.org/1943274/2147481549/505-30-45-1 + Details Name: us-gaap_TreasuryStockCommonShares Namespace Prefix: us-gaap_ Data Type: xbrli:sharesItemType Balance Type: na Period Type: instant X - Details Name: us-gaap_StatementClassOfStockAxis=us-gaap_SeriesAMember Namespace Prefix: Data Type: na Balance Type: Period Type: X - Details Name: us-gaap_StatementClassOfStockAxis=us-gaap_CommonClassCMember Namespace Prefix: Data Type: na Balance Type: Period Type: X - Details Name: us-gaap_StatementClassOfStockAxis=cik0001645873_CommonClassSMember Namespace Prefix: Data Type: na Balance Type: Period Type: XML 14 R4.htm IDEA: XBRL DOCUMENT v3.24.3 Condensed Consolidated Statements of Operations - USD ($) 3 Months Ended 9 Months Ended Sep. 30, 2024 Sep. 30, 2023 Sep. 30, 2024 Sep. 30, 2023 Income Statement [Abstract] Â Â Â Â Rental income $ 11,589,370 $ 12,500,338 $ 34,833,458 $ 34,648,083 Management fee income 65,993 65,991 197,979 197,978 Total income 11,655,363 12,566,329 35,031,437 34,846,061 Expenses: Â Â Â Â General and administrative 1,660,520 1,735,104 5,078,814 5,240,935 Stock compensation expense 75,000 8,469,867 1,521,002 9,790,206 Depreciation and amortization 4,166,992 4,175,209 12,437,021 11,403,603 Property expenses 1,025,051 1,195,224 2,703,076 4,429,936 Impairment of real estate investment property 0 0 0 3,499,438 Total expenses 6,927,563 15,575,404 21,739,913 34,364,118 Gain (loss) gain on sale of real estate investments, net 172,001 (1,708,801) 3,359,807 (1,708,801) Operating income (loss) 4,899,801 (4,717,876) 16,651,331 (1,226,858) Other income (expense): Â Â Â Â Interest income 81,622 26,386 403,344 296,921 Dividend income 0 190,000 113,328 190,000 Income from unconsolidated investment in a real estate property 74,509 79,166 222,574 207,506 Interest expense, including unrealized gain or loss on interest rate swaps and net of derivative settlements (6,103,668) (2,922,918) (12,514,167) (6,761,779) Loss on sale of investment in common stock 0 0 (4,513) 0 Increase (decrease) in fair value of investment in preferred and common stock 0 440,000 (20,574) 440,000 Other expense, net (5,947,537) (2,187,366) (11,800,008) (5,627,352) Net (loss) income (1,047,736) (6,905,242) 4,851,323 (6,854,210) Less: net loss (income) attributable to noncontrolling interests in Operating Partnership 461,334 1,368,896 (388,349) 1,535,452 Net (loss) income attributable to Modiv Industrial, Inc. (the â€œCompanyâ€) was incorporated on May 15, 2015 as a Maryland corporation. The Company changed its name from Modiv Inc. to Modiv Industrial, Inc., effective August 11, 2023, upon achieving over 70% (expressed as a percentage of annual base rent (â€œABRâ€)) of industrial properties in its portfolio. The Company has the authority to issue 450,000,000 shares of stock, consisting of 50,000,000 shares of preferred stock, $0.001 par value per share, of which 2,000,000 shares are designated as 7.375% Series A cumulative redeemable perpetual preferred stock (â€œSeries A Preferred Stockâ€), 300,000,000 shares of Class C common stock (â€œClass C Common Stockâ€), $0.001 par value per share, and 100,000,000 shares of Class S common stock, $0.001 par value per share. The Company's Series A Preferred Stock is listed on the New York Stock Exchange (the â€œNYSEâ€) under the symbol MDV.PA and has been trading since September 17, 2021. The Company's Class C Common Stock is listed on the NYSE under the symbol â€œMDVâ€ and has been trading since February 11, 2022.The Company holds its investments in real property primarily through special purpose limited liability companies which are wholly-owned subsidiaries of Modiv Operating Partnership, LP, a Delaware limited partnership (the â€œOperating Partnershipâ€). The Operating Partnership was formed on January 28, 2016. The Company is the sole general partner of, and owned an approximate 88% and 68% partnership interest in, the Operating Partnership as of SeptemberÂ 30, 2024 and DecemberÂ 31, 2023, respectively. The Operating Partnership's limited partners are holders of Class C Operating Partnership units, as described in Note 12.As of SeptemberÂ 30, 2024, the Company's portfolio of approximately 4.5 million square feet of aggregate leasable space consisted of investments in 43 real estate properties, comprised of 39 industrial properties, which represent approximately 77% of the portfolio (expressed as a percentage of ABR) as of SeptemberÂ 30, 2024) and includes an approximate 72.7% tenant-in-common interest in a Santa Clara, California industrial property (the â€œTIC Interestâ€), and four non-core properties, which represent approximately 23% of the portfolio.At the Market OfferingOn March 30, 2022, the Company filed a Registration Statement on Form S-3 (File No. 333-263985), and on May 27, 2022, the Company filed Amendment No. 1 to the Registration Statement on Form S-3, to issue and sell from time to time, together or separately, the following securities at an aggregate public offering price that will not exceed $200,000,000: Class C Common Stock, preferred stock, warrants, rights and units. The Form S-3, as amended, became effective on June 2, 2022, and the Company filed a prospectus supplement for the Companyâ€™s at-the-market offering of up to $50,000,000 of its Class C Common Stock (the â€œATM Offeringâ€) on June 6, 2022. On November 13, 2023, the Company filed Supplement No. 1 to the Prospectus Supplement dated June 6, 2022, and to the Prospectus dated June 2, 2022, to reflect the Amended and Restated At Market Issuance Sales Agreement, dated November 13, 2023, and the change in the Company's corporate name. During January 2024, the Company sold and issued 76,991 shares of Class C Common Stock under the ATM Offering for $1,137,028, net of sales commissions of $23,205. During September 2024, 157,006 additional shares were sold at an average price of $16.68 per share and issued for $2,561,095, net of sale commissions of $57,612. The resulting net proceeds from the ATM Offering for the nine months ended SeptemberÂ 30, 2024 were $3,260,959 after legal, accounting, investor relations and other offering costs of $437,164.Distribution Reinvestment PlanOn February 15, 2022, the Company's board of directors amended and restated the Company's distribution reinvestment plan (the â€œSecond Amended and Restated DRPâ€) with respect to the Class C Common Stock to change the purchase price at which the Class C Common Stock is issued to stockholders who elect to participate in the Company's distribution reinvestment plan (the â€œDRPâ€). The purpose of this change was to reflect the fact that the Company's Class C Common Stock was listed on the NYSE and no longer priced based on net asset value (â€œNAVâ€) per share. As more fully described in the Second Amended and Restated DRP, the purchase price for the Class C Common Stock under the DRP depends on whether the Company issues new shares to DRP participants or the Company or any third-party administrator obtains shares to be issued to DRP participants by purchasing them in the open market or in privately negotiated transactions. The

purchase price for the Class C Common Stock issued directly by the Company is 97% of the Market Price (as defined in the Second Amended and Restated DRP) of the Class C Common Stock, reflecting a 3% discount (or such other discount as may then be in effect). This discount is subject to change from time to time, in the Companyâ€™s sole discretion, but will be between 0% to 5% of the market price.The purchase price for the Class C Common Stock that the Company or any third-party administrator purchases from parties other than the Company, either in the open market or in privately negotiated transactions, will be 100% of the â€œaverage price per shareâ€ (as described in the Second Amended and Restated DRP) actually paid for such shares of Class C Common Stock, excluding any processing fees. The Second Amended and Restated DRP also reflects the $0.05 per share processing fee that will be paid to the Company's transfer agent by DRP participants for each share of Class C Common Stock purchased through the DRP. The Second Amended and Restated DRP was effective beginning with distributions paid in February 2022.Through September 30, 2024, the Company has issued 467,112 shares of Class C Common Stock pursuant to the DRP.Share Repurchase ProgramOn December 21, 2022, the Company's board of directors authorized up to $15,000,000 in repurchases of the Company's outstanding shares of common stock and Series A Preferred Stock from January 1, 2023 through December 31, 2023 (â€œ2023 SRPâ€). Repurchases made pursuant to the 2023 SRP were made from time-to-time in the open market, in privately negotiated transactions or in any other manner as permitted by federal securities laws and other legal requirements. The timing, manner, price and amount of any repurchases were determined by the Company in its discretion and were subject to economic and market conditions, stock price, applicable legal requirements and other factors. Under the 2023 SRP, the Company repurchased an aggregate of 93,357 shares of its Class C Common Stock for an aggregate value of $1,129,162 at an average cost of $12.10 per share.As of SeptemberÂ 30, 2024, the Company's board of directors has not authorized a new stock repurchase program for the repurchase of the Company's outstanding shares of common stock and Series A Preferred Stock.Private Repurchase TransactionOn July 31, 2024, the Company entered into an agreement with First City Investment Group, LLC (â€œFirst Cityâ€), an affiliate of Group of Trophy, LLC, to purchase the remaining 656,191 Class C OP Units held by First City and to repurchase 123,809 shares of Class C Common Stock also held by First City. Under this agreement, the purchase price was based on the average daily closing price of the Class C Common Stock on the NYSE for the 10 consecutive trading days immediately preceding the date that the Company received notice from First City on July 29, 2024 that it would like to consummate the closing, as prescribed by the Operating Partnership agreement. The transaction closed on August 1, 2024 at a price of $14.80 per share and unit, for total net consideration of $11,532,768. As a result of this transaction, the KIA auto dealership property located in Carson, California is no longer subject to a tax protection agreement. The condensed consolidated balance sheet of the Company as of DecemberÂ 31, 2023 has been derived from the audited consolidated balance sheet of the Company as of that date. Certain information and note disclosures normally included in the Companyâ€™s annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America (â€œGAAPâ€) have been condensed or omitted. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Companyâ€™s Annual Report on Form 10-K (â€œAnnual Reportâ€) filed with the Securities and Exchange Commission (â€œSECâ€) on March 7, 2024. Please see the Companyâ€™s Annual Report for significant accounting policies as the significant accounting policies are consistent with those described in the Annual Report.ReclassificationA prior year statement of operations account has been reclassified to conform with the current year presentation. Management fee income was reclassified from other income (expense) to total income in the accompanying unaudited condensed consolidated statements of operations. The reclassification did not affect net loss in the prior year's consolidated statements of operations. Immaterial Error CorrectionDuring the three and nine months ended September 30, 2024, the Company corrected its computation of net (loss) earnings per share attributable to noncontrolling interest used in calculating its (loss) earnings per share, as disclosed in Note 13, from a cumulative earnings approach to a discrete earnings approach, wherein the net income or loss attributable to noncontrolling interests in Operating Partnership is computed for each quarter separately from each year-to-date period. This change was made because each Class C Common Share and Class C OP Unit have the same participation in earnings (loss) and therefore there is no difference between basic and diluted earnings (loss) per share. Due to such change, the net loss attributable to noncontrolling interest in Operating Partnership for the nine months ended September 30, 2023 increased by $64,802 from $1,535,452 to $1,600,254 resulting in a decrease by the same amount in the net loss attributable to common stockholders from $(8,084,383) to $(8,019,581). The effect of this change decreased the Companyâ€™s basic loss per share attributable to common stockholders from $(1.07) per share to $(1.06) per share and by the same amount for diluted loss per share attributable to common stockholders and noncontrolling interests. See Note 13 for further details of the earnings (loss) per share attributable to common stockholders and noncontrolling interests.This immaterial error correction did not impact the net loss (income) attributable to noncontrolling interest in Operating Partnership presented on the statements of operations and equity for the three and nine month periods, since those amounts are calculated using the cumulative earnings approach, which is the year-to-date period less the prior quarterâ€™s year-to-date net loss (income) attributable to noncontrolling interest in Operating Partnership.The statements of comprehensive income (loss) for the three and nine months ended SeptemberÂ 30, 2023 have been corrected to subtract, rather than add, the amortization of unrealized holding gain on interest rate swap from net loss. As a result, the comprehensive (loss) attributable to Modiv Industrial, Inc. for the three months ended SeptemberÂ 30, 2023 increased from $(5,238,990) to $(5,745,174) and for the nine months ended SeptemberÂ 30, 2023 comprehensive loss attributable to Modiv Industrial, Inc. increased from $(4,436,516) to $(5,949,508). This correction is limited to the statement of comprehensive loss and did not have any impact on the Companyâ€™s balance sheet, statements of operations, cash flows or equity. Consequently, this correction did not impact income from continuing operations, net loss, or per share amounts and it did not impact any key performance metrics including funds from operations, adjusted funds from operations, leverage and debt covenants. The Company's Annual Report on Form 10-K for the year ended DecemberÂ 31, 2023 was properly presented. Management discovered these presentation errors during the preparation of the Company's quarterly financial statements for the three months ended March 31, 2024 and related reconciliations of the 2023 amounts. The Credit Agreement currently provides a $400,000,000 line of credit comprised of a $150,000,000 four-year revolving line of credit, which may be extended by up to 12 months subject to certain conditions (the â€œRevolverâ€) and a $250,000,000 five-year term loan (the â€œTerm Loanâ€ and together with the Revolver, the â€œCredit Facilityâ€) with KeyBank and the other lending institutions party thereto (collectively, the â€œLendersâ€), including KeyBank as Agent for the Lenders (in such capacity, the â€œAgentâ€). The Credit Facility is available for general corporate purposes, including, but not limited to, acquisitions, repayment of existing indebtedness, and capital expenditures.The Credit Facility includes an accordion option that allows the Company to request additional Revolver and Term Loan lender commitments up to a total of $750,000,000 subject to customary conditions, including the receipt of new commitments from the Lenders. The Company's Revolver and Term Loanâ€™s maturity is in January 2026 and in January 2027, respectively, with options to extend the Revolver for a total of 12 months.On December 20, 2022, the Credit Agreement was amended to allow the Company to draw on the additional $100,000,000 Term Loan commitment up to five times by April 19, 2023, in exchange for a quarterly unused fee. The $100,000,000 Term Loan commitment was fully drawn by April 19, 2023 and unused fees amounted to zero and $101,181 during the three and nine months ended SeptemberÂ 30, 2023, respectively.The Credit Facility is priced on a leverage-based grid that fluctuates based on the Company's actual leverage ratio at the end of the prior quarter. With the Company's leverage ratio at 47% as of June 30, 2024, the spread over the secured overnight financing rate (â€œSOFRâ€), including a 10-basis point credit adjustment, is 185 basis points and the interest rate on the Revolver was 6.725% on SeptemberÂ 30, 2024; however, there was no outstanding balance on the Revolver. The Company also pays an annual unused fee of up to 25 basis points on the Revolver, depending on the daily amount of the unused commitment, and incurred total unused fees of $95,833 and $94,525 for the three months ended SeptemberÂ 30, 2024 and 2023, respectively, and $285,416 and $282,983 for the nine months ended SeptemberÂ 30, 2024 and 2023, respectively.On May 10, 2022, the Company entered into a swap agreement, effective from May 31, 2022 to January 17, 2027, subject to the Company counterpartyâ€™s one-time cancellation option on December 31, 2024, to fix SOFR at 2.258% with respect to its original $150,000,000 Term Loan. The swap agreement resulted in a fixed interest rate of 4.058% on the Term Loan based on the Company's leverage ratio of 48% as of SeptemberÂ 30, 2024.On October 26, 2022, the Company entered into a second swap agreement, effective from November 30, 2022 to November 30, 2027, subject to the Company counterpartyâ€™s one-time cancellation option on December 31, 2024, to fix SOFR at 3.44% with respect to its expanded Term Loan. The swap agreement resulted in a fixed interest rate of 5.240% on the additional $100,000,000 borrowed under the expanded Term Loan based on the Company's leverage ratio of 48% as of SeptemberÂ 30, 2024.The Credit Facility includes customary representations, warranties and covenants. The Credit Facility is secured by a pledge of all of the Operating Partnershipâ€™s equity interests in certain of the single-purpose, property-owning entities (the â€œSubsidiary Guarantorsâ€) that are indirectly owned by the Company, and various cash collateral owned by the Operating Partnership and the Subsidiary Guarantors. In connection with the Credit Facility, the Company and each of the Subsidiary Guarantors entered into an Unconditional Guaranty of Payment and Performance in favor of the Agent, pursuant to which the Company and each of the Subsidiary Guarantors agreed to guarantee the full and prompt payment of the Operating Partnershipâ€™s obligations under the Credit Agreement.Compliance with All Debt AgreementsPursuant to the terms of mortgage notes payable on certain of the Companyâ€™s properties and the Credit Facility, the Company and/or the subsidiary borrowers are subject to certain financial loan covenants. The $1,355,228 and $2,163,396 of unrealized losses on the swap valuation for the three and nine months ended SeptemberÂ 30, 2024, respectively, and the $167,926 and $(327,824) of unrealized loss (gain) for the three and nine months ended SeptemberÂ 30, 2023, respectively, are recognized as an increase (decrease) in interest expense. Furthermore, the unrealized gain on interest rate swap derivative previously recorded in accumulated other comprehensive income and noncontrolling interest in Operating Partnership is being amortized on a straight-line basis as a reduction to interest expense through the maturity date of the loan agreement (see Note 8 for more details).(3)Â Â Â Â The Company's $100,000,000 derivative instrument was not designated as a cash flow hedge and, therefore, the $1,323,446 and $282,142 of unrealized losses on the valuation of this swap for the three and nine months ended SeptemberÂ 30, 2024, respectively, are reflected as increases in interest expense. The $710,258 and $1,697,520 of unrealized gains on the valuation of this swap for the three and nine months ended SeptemberÂ 30, 2023, respectively, are reflected as decreases in interest expense (see Note 8 for more details). agreement on May 10, 2022 to fix SOFR at 2.258% effective May 31, 2022 related to the variable interest rate on its original $150,000,000 Term Loan. The swap agreement matures on January 15, 2027 and the financial institution counterparty has a one-time option to cancel the swap on December 31, 2024. The Company designated the pay-fixed, receive-floating interest rate swap with the terms described in the table below as of July 1, 2022 as a cash flow hedge which was effective through December 31, 2022. The derivative instrument failed to qualify as a cash flow hedge during the year ended DecemberÂ 31, 2023 and the three and nine months ended SeptemberÂ 30, 2024 as described below.The Company, through its Operating Partnership, entered into another five-year swap agreement on October 26, 2022 to fix SOFR at 3.440% effective November 30, 2022 related to the variable interest rate on its additional $100,000,000 Term Loan commitment. The swap agreement matures on November 30, 2027, and the financial institution counterparty has a one-time option to cancel the swap on December 31, 2024 at no cost. The Company did not designate the pay-fixed, receive-floating interest rate swap with the terms described in the table below as of November 30, 2022 as a cash flow hedge.The following table summarizes the notional amount and other information related to the Companyâ€™s interest rate swaps as of SeptemberÂ 30, 2024 and DecemberÂ 31, 2023:September 30, 2024December 31, 2023Interest Rate DerivativeInstrumentsNumber of InstrumentsNotionalAmount (i)ReferenceRateWeighted Average Fixed Pay Rate (ii)WeightedAverageRemaining TermNumber of InstrumentsNotionalAmount (i)Reference RateFixed Pay Rate (ii)Weighted Average Remaining Term Non-designated2$250,000,000Â USD - SOFR4.53Â %2.3 years2$250,000,000Â USD - SOFR 4.53Â %3.0 years(i)The notional amount of the Companyâ€™s swaps corresponds to the principal balance on the Term Loan. Subsequent to December 31, 2022, based on the Company's prospective effectiveness testing of the derivative instrument, the swap failed to qualify as a cash flow hedge because it was deemed ineffective due to the potential for a reduced term of the swap that could result from the cancellation option described above as compared with the maturity of the Term Loan.As a result, the net change in fair value of the first Term Loan swap is recorded as a component of interest expense with losses reflecting an increase to interest expense and gains reflecting a decrease to interest expense. During the three and nine months ended SeptemberÂ 30, 2024, the Company recognized unrealized losses of $1,355,228 and $2,163,396, respectively. During the three and nine months ended SeptemberÂ 30, 2023, the Company recognized an unrealized loss (gain) of $167,926 and $(327,824), respectively. Due to the above $150,000,000 Term Loan derivative instrument's failure to qualify as a cash flow hedge subsequent to December 31, 2022, the unrealized gain on interest rate swap derivative of $4,105,103 as of DecemberÂ 31, 2022 (recorded in the Company's financial statements as follows: (i) $3,502,616 of accumulated other comprehensive income and (ii) $602,487 of noncontrolling interest in Operating Partnership) is being amortized on a straight-line basis as a reduction to interest expense through the maturity date of the debt agreement. There is no income tax expense resulting from this amortization.During the three and nine months ended SeptemberÂ 30, 2024, interest expense was reduced by $255,873 and $762,059, respectively, and $253,092 and $756,496 during the three and nine months ended SeptemberÂ 30, 2023, respectively, for amortization of the unrealized gain on this swap previously recorded in accumulated other comprehensive income and noncontrolling interest in Operating Partnership.As of SeptemberÂ 30, 2024, the Company's unamortized unrealized gain on interest rate swap derivative in accumulated other comprehensive income and noncontrolling interest in Operating Partnership in the Company's consolidated balance sheet amounted to $2,327,893. The Company estimates that $255,874 of the remaining unrealized gain on interest rate swap derivative will be reclassified from accumulated other comprehensive income and noncontrolling interest in Operating Partnership as a reduction to interest expense in the Company's accompanying unaudited condensed consolidated statements of operations over the remaining three months in 2024.The second interest rate swap derivative on the additional $100,000,000 Term Loan was not designated as a cash flow hedge for financial accounting purposes. The decreases in the fair value of $1,323,446 and $282,142 for the three and nine months ended SeptemberÂ 30, 2024, respectively, were recorded as unrealized losses on interest rate swap valuation and reflected as increases in interest expense in the Company's accompanying unaudited condensed consolidated statements of operations. The unrealized losses on the second swap during the three and nine months ended SeptemberÂ 30, 2024 reflect recent decreases in the forward curve for future SOFR rates through DecemberÂ 31, 2024 (the one-time cancellation option date). The increases in the fair value of $710,258 and $1,697,520 for the three and nine months ended SeptemberÂ 30, 2023, respectively, were recorded as unrealized gains on the interest rate swap valuation and reflected as reductions to interest expense in the Companyâ€™s accompanying unaudited condensed consolidated statements of operations. In connection with an underwritten public offering in September 2021 (discussed below in detail), the Company classified and designated 2,000,000 shares of its authorized preferred stock as authorized shares of Series A Preferred Stock. As of SeptemberÂ 30, 2024 and DecemberÂ 31, 2023, 2,000,000 shares of authorized Series A Preferred Stock were issued and outstanding.Series A Preferred Stock - TermsHolders of Series A Preferred Stock are entitled to cumulative dividends in the amount of $1.84375 per share each year, which is equivalent to the rate of 7.375% of the $25 liquidation preference per share per annum. The Series A Preferred Stock has no stated maturity and will remain outstanding indefinitely unless redeemed, converted or otherwise repurchased. Except in limited circumstances relating to the Company's qualification as a REIT for U.S. federal income tax purposes, and as described in the articles supplementary governing the terms of the Series A Preferred Stock (the â€œArticles Supplementaryâ€), the Series A Preferred Stock is not redeemable prior to September 17, 2026.On and after September 17, 2026, at any time and from time to time, the Series A Preferred Stock will be redeemable in whole or in part, at the Company's option, at a cash redemption price ofâ€‰$25 per share, plus an amount equal to all dividends accrued and unpaid (whether or not authorized or declared), if any, to, but not including, the redemption date. In addition, upon the occurrence of a Delisting Event or a Change of Control (each as defined in the Articles Supplementary), the Company may, subject to certain conditions, at its option, redeem the Series A Preferred Stock, in whole or in part, (i) after the first date on which the Delisting Event occurred or (ii) on, or within 120 days after, the first date on which the Change of Control occurred, as applicable, by paying the liquidation preference ofâ€‰$25 per share, plus an amount equal to all dividends accrued and unpaid (whether or not authorized or declared), if any, to, but not including, the redemption date. Upon the occurrence of a Change of Control during a continuing Delisting Event, unless the Company has elected to exercise its redemption right, holders of the Series A Preferred Stock will have certain rights to convert the Series A Preferred Stock into shares of the Companyâ€™s Class C Common Stock. In addition, upon the occurrence of a Delisting Event, the dividend rate will be increased on the day after the occurrence of the Delisting Event by 2.00% per annum to the rate of 9.375% of the $25 liquidation preference per share per annum (equivalent to $2.34375 per share each year) from and after the date of the Delisting Event. Following the cure of such Delisting Event, the dividend rate will revert to the rate of 7.375% of the $25 liquidation preference per share per annum. The necessary conditions to convert the Series A Preferred Stock into the Company's Class C Common Stock have not been met as of SeptemberÂ 30, 2024.The Series A Preferred Stock ranks senior to the Company's Class C Common Stock with respect to dividend rights and rights upon the Companyâ€™s voluntary or involuntary liquidation, dissolution or winding up.Voting rights for holders of Series A Preferred Stock exist primarily with respect to the ability to elect two additional directors to the board of directors if six or more quarterly dividends (whether or not authorized or declared or consecutive) payable on the Series A Preferred Stock are in arrears, and with respect to voting on amendments to the Companyâ€™s charter (which includes the Articles Supplementary) that materially and adversely affect the rights of the Series A Preferred Stock or create additional classes or series of shares of the Companyâ€™s capital stock that are senior to the Series A Preferred Stock. Other than the limited circumstances described above and in the Articles Supplementary, holders of Series A Preferred Stock do not have any voting rights.Series A Preferred Stock DividendsDividends on the Company's Series A Preferred Stock accrue in an amount equal to $1.84375 per share each year ($0.460938 per share each quarter) to holders of Series A Preferred Stock, which is equivalent to 7.375% of the $25 liquidation preference per share per annum. Dividends on the Series A Preferred Stock are cumulative and payable quarterly in arrears on the 15th day of January, April, July and October of each year (or, if not a business day, the next succeeding business day) to holders of record on the applicable record date. Any accrued and unpaid dividends payable with respect to the Series A Preferred Stock become part of the liquidation preference thereof.On March 1, 2024 and March 9, 2023, the Companyâ€™s board of directors declared Series A Preferred Stock dividends payable of $921,875 for the first quarters of 2024 and 2023. These liabilities may include government fines, penalties and damages for injuries to persons and adjacent property. Such laws often impose liability without regard to whether the property owner knew of, or was responsible for, the presence or disposal of such substances. Although most of the tenants of properties in which the Company has an interest are primarily responsible for any environmental damage and claims related to the leased premises, in the event of the bankruptcy or inability of the tenant of such leased premises to satisfy any obligations with respect to such environmental liability, or if the tenant is found not responsible, the Company's property owner subsidiary may be required to satisfy any of such obligations, should they exist. In addition, the property owner subsidiary, as the owner of such property, may be held directly liable for any such damages or claims irrespective of the terms and provisions of any lease. As of SeptemberÂ 30, 2024, the Company was not aware of any environmental matter relating to any of its real estate investments that would have a material impact on the Company's consolidated financial statements. However, changes in applicable environmental laws and regulations, the uses and conditions of properties in the vicinity of the Companyâ€™s properties, the activities of its tenants and other environmental conditions of which the Company is unaware with respect to the properties could result in future environmental liabilities.Tenant ImprovementsPursuant to lease agreements, as of SeptemberÂ 30, 2024 and DecemberÂ 31, 2023, the Company had obligations to pay $3,040,236 and $2,439,098, respectively, for on-site building and tenant improvements to be incurred by tenants.Legal MattersFrom time-to-time, the Company or its subsidiaries may become party to legal proceedings that arise in the ordinary course of its business. Except for the Kalera bankruptcy proceeding, the Company, including its subsidiaries, is not a party to any legal proceeding, nor is the Company aware of any pending or threatened litigation that could have a material adverse effect on the Companyâ€™s business, operating results, cash flows or financial condition should such litigation be resolved unfavorably.On October 31, 2023, Kalera filed a motion with the bankruptcy court to reject the Companyâ€™s lease and abandon all of its property located at the premises in Saint Paul, Minnesota effective as of October 31, 2023, subject to approval of the motion by the bankruptcy court. On November 21, 2023, the Company filed (i) a limited objection to retroactive rejection of its lease and (ii) a motion to compel Kalera to pay post-petition rent and related charges with the bankruptcy court. The Company and Kalera entered into a settlement agreement for these claims on March 18, 2024, which was approved by the bankruptcy court on April 12, 2024. Kaleraâ€™s revised motion to reject the Companyâ€™s lease effective as of October 31, 2023 was approved by the bankruptcy court on June 28, 2024. Basic EPS excludes dilution and is computed by dividing net income or loss by the weighted average number of common shares outstanding during the period. Diluted EPS uses the if-converted method to compute for the potential dilution

that would occur if holders of Class C OP Units exercise their right to exchange their Class C OP Units and the Company elects to exchange their Class C OP Units for shares of Class C Common Stock (see Note 12 for additional information).The following table presents the computation of the Company's basic and diluted net (loss) income per share attributable to common stockholders for the three and nine months ended SeptemberÂ 30, 2024 and 2023:Three Months EndedSeptember 30,Nine Months EndedSeptember 30,2024202320242023Numerator - Basic:Net (loss) income$(1,047,736)$(6,905,242)$4,851,323Â $(6,854,210)Less: net loss (income) attributable to noncontrolling interest in Operating Partnership (a)274,646Â 1,368,896Â (388,349)1,600,254Â Preferred stock dividends(921,875)(921,875)(2,765,625)(2,765,625)Net (loss) income attributable to common stockholders$(1,694,965)$(6,458,221)$1,697,349Â $(8,019,581)Numerator - Diluted:Net (loss) income$(1,047,736)$(6,905,242)$4,851,323Â $(6,854,210)Preferred stock dividends(921,875)(921,875)(2,765,625)(2,765,625)Net (loss) income attributable to common stockholders and noncontrolling interests$(1,969,611)$(7,827,117)$2,085,698Â $(9,619,835)Denominator:Weighted average shares outstanding - basic9,430,885Â 7,548,052Â 9,151,287Â 7,537,505Â Class C OP Units (b)1,528,145Â 1,599,898Â 2,093,793Â 1,504,059Â Weighted average shares and units outstanding - diluted10,959,030Â 9,147,950Â 11,245,080Â 9,041,564Â (Loss) earnings per share attributable to common stockholders:Basic(0.18)(0.86)$0.19Â $(1.06)(Loss) earnings per share attributable to common stockholders and noncontrolling interests:Diluted(0.18)(0.86)$0.19Â $(1.06)(a)Â Â Â Â Each Class C Common Share and Class C OP Unit have the same participation in earnings (loss) and therefore there is no difference between basic and diluted earnings (loss) per share. Consequently, net loss (income) attributable to noncontrolling interest in Operating Partnership for the three month periods presented above equals the product of (i) the Operating Partnership weighted average units as a percentage of diluted weighted average shares and units outstanding and (ii) the net (loss) income attributable to common shareholders and noncontrolling interests for each period presented. This can result in a different net loss (income) attributable to noncontrolling interest in Operating Partnership than the amount presented on the statements of operations and equity for the three month periods, as those amounts are calculated for the year-to-date period less the prior quarterâ€™s year-to-date net loss (income) attributable to noncontrolling interest in Operating Partnership.(b)Â Â Â Â For each of the three and nine months ended SeptemberÂ 30, 2023, the weighted average dilutive effect of 1,980,822 Class M OP Units, Class P OP Units, and Class R OP Units, discussed in Note 12, was excluded from the computation of diluted loss per share because their effect would be anti-dilutive since the units did not vest until the first quarter of 2024 and were not yet entitled to participate in earnings (losses). The $1,355,228 and $2,163,396 of unrealized losses on the swap valuation for the three and nine months ended SeptemberÂ 30, 2024, respectively, and the $167,926 and $(327,824) of unrealized loss (gain) for the three and nine months ended SeptemberÂ 30, 2023, respectively, are recognized as an increase (decrease) in interest expense. Furthermore, the unrealized gain on interest rate swap derivative previously recorded in accumulated other comprehensive income and noncontrolling interest in Operating Partnership is being amortized on a straight-line basis as a reduction to interest expense through the maturity date of the loan agreement (see Note 8 for more details).(3)Â Â Â Â The Company's $100,000,000 derivative instrument was not designated as a cash flow hedge and, therefore, the $1,323,446 and $282,142 of unrealized losses on the valuation of this swap for the three and nine months ended SeptemberÂ 30, 2024, respectively, are reflected as increases in interest expense. The $710,258 and $1,697,520 of unrealized gains on the valuation of this swap for the three and nine months ended SeptemberÂ 30, 2023, respectively, are reflected as decreases in interest expense (see Note 8 for more details). Consequently, net loss (income) attributable to noncontrolling interest in Operating Partnership for the three month periods presented above equals the product of (i) the Operating Partnership weighted average units as a percentage of diluted weighted average shares and units outstanding and (ii) the net (loss) income attributable to common shareholders and noncontrolling interests for each period presented. This can result in a different net loss (income) attributable to noncontrolling interest in Operating Partnership than the amount presented on the statements of operations and equity for the three month periods, as those amounts are calculated for the year-to-date period less the prior quarterâ€™s year-to-date net loss (income) attributable to noncontrolling interest in Operating Partnership.(b)Â Â Â Â For each of the three and nine months ended SeptemberÂ 30, 2023, the weighted average dilutive effect of 1,980,822 Class M OP Units, Class P OP Units, and Class R OP Units, discussed in Note 12, was excluded from the computation of diluted loss per share because their effect would be anti-dilutive since the units did not vest until the first quarter of 2024 and were not yet entitled to participate in earnings (losses). (the “Company”) was incorporated on May 15, 2015 as a Maryland corporation. The Company changed its name from Modiv Inc. to Modiv Industrial, Inc., effective August 11, 2023, upon achieving over 70% (expressed as a percentage of annual base rent (“ABR”)) of industrial properties in its portfolio. The Company has the authority to issue 450,000,000 shares of stock, consisting of 50,000,000 shares of preferred stock, $0.001 par value per share, of which 2,000,000 shares are designated as 7.375% Series A cumulative redeemable perpetual preferred stock (“Series A Preferred Stock”), 300,000,000 shares of Class C common stock (“Class C Common Stock”), $0.001 par value per share, and 100,000,000 shares of Class S common stock, $0.001 par value per share. The Company's Series A Preferred Stock is listed on the New York Stock Exchange (the “NYSE”) under the symbol MDV.PA and has been trading since September 17, 2021. The Company's Class C Common Stock is listed on the NYSE under the symbol “MDV” and has been trading since February 11, 2022. The Company holds its investments in real property primarily through special purpose limited liability companies which are wholly-owned subsidiaries of Modiv Operating Partnership, LP, a Delaware limited partnership (the “Operating Partnership”). The Operating Partnership was formed on January 28, 2016. The Company is the sole general partner of, and owned an approximate 88% and 68% partnership interest in, the Operating Partnership as of September 30, 2024 and December 31, 2023, respectively. The Operating Partnership's limited partners are holders of Class C Operating Partnership units, as described in Note 12. As of September 30, 2024, the Company's portfolio of approximately 4.5 million square feet of aggregate leasable space consisted of investments in 43 real estate properties, comprised of 39 industrial properties, which represent approximately 77% of the portfolio (expressed as a percentage of ABR) as of September 30, 2024) and includes an approximate 72.7% tenant-in-common interest in a Santa Clara, California industrial property (the “TIC Interest”), and four non-core properties, which represent approximately 23% of the portfolio. At the Market Offering On March 30, 2022, the Company filed a Registration Statement on Form S-3 (File No. 333-263985), and on May 27, 2022, the Company filed Amendment No. 1 to the Registration Statement on Form S-3, to issue and sell from time to time, together or separately, the following securities at an aggregate public offering price that will not exceed $200,000,000: Class C Common Stock, preferred stock, warrants, rights and units. The Form S-3, as amended, became effective on June 2, 2022, and the Company filed a prospectus supplement for the Company’s at-the-market offering of up to $50,000,000 of its Class C Common Stock (the “ATM Offering”) on June 6, 2022. On November 13, 2023, the Company filed Supplement No. 1 to the Prospectus Supplement dated June 6, 2022, and to the Prospectus dated June 2, 2022, to reflect the Amended and Restated At Market Issuance Sales Agreement, dated November 13, 2023, and the change in the Company's corporate name. During January 2024, the Company sold and issued 76,991 shares of Class C Common Stock under the ATM Offering for $1,137,028, net of sales commissions of $23,205. During September 2024,

157,006 additional shares were sold at an average price of $16.68 per share and issued for $2,561,095, net of sale commissions of $57,612. The resulting net proceeds from the ATM Offering for the nine months ended September 30, 2024 were $3,260,959 after legal, accounting, investor relations and other offering costs of $437,164. Distribution Reinvestment Plan On February 15, 2022, the Company's board of directors amended and restated the Company's distribution reinvestment plan (the "Second Amended and Restated DRP") with respect to the Class C Common Stock to change the purchase price at which the Class C Common Stock is issued to stockholders who elect to participate in the Company's distribution reinvestment plan (the "DRP"). The purpose of this change was to reflect the fact that the Company's Class C Common Stock was listed on the NYSE and no longer priced based on net asset value ("NAV") per share. As more fully described in the Second Amended and Restated DRP, the purchase price for the Class C Common Stock under the DRP depends on whether the Company issues new shares to DRP participants or the Company or any third-party administrator obtains shares to be issued to DRP participants by purchasing them in the open market or in privately negotiated transactions. The purchase price for the Class C Common Stock issued directly by the Company is 97% of the Market Price (as defined in the Second Amended and Restated DRP) of the Class C Common Stock, reflecting a 3% discount (or such other discount as may then be in effect). This discount is subject to change from time to time, in the Company's sole discretion, but will be between 0% to 5% of the market price. The purchase price for the Class C Common Stock that the Company or any third-party administrator purchases from parties other than the Company, either in the open market or in privately negotiated transactions, will be 100% of the "average price per share" (as described in the Second Amended and Restated DRP) actually paid for such shares of Class C Common Stock, excluding any processing fees. The Second Amended and Restated DRP also reflects the $0.05 per share processing fee that will be paid to the Company's transfer agent by DRP participants for each share of Class C Common Stock purchased through the DRP. The Second Amended and Restated DRP was effective beginning with distributions paid in February 2022. Through September 30, 2024, the Company has issued 467,112 shares of Class C Common Stock pursuant to the DRP. Share Repurchase Program On December 21, 2022, the Company's board of directors authorized up to $15,000,000 in repurchases of the Company's outstanding shares of common stock and Series A Preferred Stock from January 1, 2023 through December 31, 2023 ("2023 SRP"). Repurchases made pursuant to the 2023 SRP were made from time-to-time in the open market, in privately negotiated transactions or in any other manner as permitted by federal securities laws and other legal requirements. The timing, manner, price and amount of any repurchases were determined by the Company in its discretion and were subject to economic and market conditions, stock price, applicable legal requirements and other factors. Under the 2023 SRP, the Company repurchased an aggregate of 93,357 shares of its Class C Common Stock for an aggregate value of $1,129,162 at an average cost of $12.10 per share. As of September 30, 2024, the Company's board of directors has not authorized a new stock repurchase program for the repurchase of the Company's outstanding shares of common stock and Series A Preferred Stock. Private Repurchase Transaction On July 31, 2024, the Company entered into an agreement with First City Investment Group, LLC ("First City"), an affiliate of Group of Trophy, LLC, to purchase the remaining 656,191 Class C OP Units held by First City and to repurchase 123,809 shares of Class C Common Stock also held by First City. Under this agreement, the purchase price was based on the average daily closing price of the Class C Common Stock on the NYSE for the 10 consecutive trading days immediately preceding the date that the Company received notice from First City on July 29, 2024 that it would like to consummate the closing, as prescribed by the Operating Partnership agreement. The transaction closed on August 1, 2024 at a price of $14.80 per share and unit, for total net consideration of $11,532,768. As a result of this transaction, the KIA auto dealership property located in Carson, California is no longer subject to a tax protection agreement. 0.70 450000000 50000000 0.001 2000000 0.07375 300000000 0.001 100000000 0.001 0.88 0.68 4500000 43 39 0.77 0.727 4 0.23 200000000 50000000 76991 1137028 23205 157006 16.68 2561095 57612 3260959 437164 0.97 0.03 0 0.05 1 0.05 467112 15000000 93357 1129162 12.10 656191 123809 P10D 14.80 11532768 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES All adjustments that are of a normal recurring nature and are in the opinion of management necessary for a fair statement of the results for the periods reported have been included in the accompanying condensed consolidated financial statements. The condensed consolidated balance sheet of the Company as of December 31, 2023 has been derived from the audited consolidated balance sheet of the Company as of that date. Certain information and note disclosures normally included in the Company's annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") have been condensed or omitted. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K ("Annual Report") filed with the Securities and Exchange Commission ("SEC") on March 7, 2024. Please see the Company's Annual Report for significant accounting policies as the significant accounting policies are consistent with those described in the Annual Report. Reclassification A prior year statement of operations account has been reclassified to conform with the current year presentation. Management fee income was reclassified from other income (expense) to total income in the accompanying unaudited condensed consolidated statements of operations. The reclassification did not affect net loss in the prior year's consolidated statements of operations. Immaterial Error Correction During the three and nine months ended September 30, 2024, the Company corrected its computation of net (loss) earnings per share attributable to noncontrolling interest used in calculating its (loss) earnings per share, as disclosed in Note 13, from a cumulative earnings approach to a discrete earnings approach, wherein the net income or loss attributable to noncontrolling interests in Operating Partnership is computed for each quarter separately from each year-to-date period. This change was made because each Class C Common Share and Class C OP Unit have the same participation in earnings (loss) and therefore there is no difference between basic and diluted earnings (loss) per share. Due to such change, the net loss attributable to noncontrolling interest in Operating Partnership for the nine months ended September 30, 2023 increased by $64,802 from $1,535,452 to $1,600,254 resulting in a decrease by the same amount in the net loss attributable to common stockholders from $(8,084,383) to $(8,019,581). The effect of this change decreased the Company's basic loss per share attributable to common stockholders from $(1.07) per share to $(1.06) per share and by the same amount for diluted loss per share attributable to common stockholders and noncontrolling interests. See Note 13 for further details of the earnings (loss) per share attributable to common stockholders and noncontrolling interests. This immaterial error correction did not impact the net loss (income) attributable to noncontrolling interest in Operating Partnership presented on the statements of operations and equity for the three and nine month periods, since those amounts are calculated using the cumulative earnings approach, which is the year-to-date period less the prior quarter's year-to-date net loss (income) attributable to noncontrolling interest in Operating Partnership. The statements of comprehensive income (loss) for the three and nine months ended September 30, 2023 have been corrected to subtract, rather than add, the amortization of unrealized holding gain on interest rate swap from net loss. As a result, the comprehensive (loss) attributable to Modiv Industrial, Inc. for the three months ended September 30, 2023 increased from $(5,238,990) to $(5,745,174) and for the nine months ended September 30, 2023 comprehensive loss attributable to Modiv Industrial, Inc. increased from $(4,436,516) to $(5,949,508). This correction is limited to the statement of comprehensive loss and did not have any impact on the Company's balance sheet, statements of operations, cash flows or equity. Consequently, this correction did not impact income from continuing operations, net loss, or per share amounts and it did not impact any key performance metrics including funds from operations, adjusted funds from operations, leverage and debt covenants. The Company's Annual Report on Form 10-K for the year ended December 31, 2023 was properly presented. Management discovered these presentation errors during the preparation of the Company's quarterly financial statements for the three months ended March 31, 2024 and related reconciliations of the 2023 amounts. Reclassification A prior year statement of operations account has been reclassified to conform with the current year presentation. Management fee income was reclassified from other income (expense) to total income in the accompanying unaudited condensed consolidated statements of operations. The reclassification did not affect net loss in the prior year's consolidated statements of operations. 64802 1535452 1600254 -8084383 -8019581 -1.07 -1.06 -5238990 -5745174 -4436516 -5949508 REAL ESTATE INVESTMENTS, NET<div style="margin-

The total acquisition cost, including legal fees and transaction costs, was $5,183,443. The seller is not affiliated with the Company or its affiliates. Impairment Charge In March 2023, the Company recorded an impairment charge of $3,499,438 related to its property located in Nashville, Tennessee, leased to Cummins Inc. ("Cummins"). The Company determined that an impairment charge was triggered by expectations of a shortened holding period and estimated the property's fair value based upon market comparables at that time. This property was held for sale as of December 31, 2023 and sold on February 28, 2024 as described in Dispositions above.</div><div style="margin-top:10pt">Asset Concentration</div><div style="margin-bottom:5pt;margin-top:10pt;text-indent:27pt">As of September 30, 2024 and December 31, 2023, the Company's real estate portfolio asset concentration (greater than 10% of total assets) was as follows:</div><div style="margin-top:5pt"><table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:100.000%"><tr><td style="width:1.0%"></td><td style="width:43.152%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.374%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:12.262%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.374%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:12.262%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.374%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:12.262%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.374%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:12.266%"></td><td style="width:0.1%"></td></tr><tr><td colspan="3" style="padding:0 1pt"></td><td colspan="3" style="padding:0 1pt"></td><td colspan="9" style="padding:2px 1pt;text-align:center;vertical-align:bottom">September 30, 2024</td><td colspan="3" style="padding:0 1pt"></td><td colspan="9" style="padding:2px 1pt;text-align:center;vertical-align:bottom">December 31, 2023</td></tr><tr><td colspan="3" style="padding:2px 1pt;text-align:center;vertical-align:bottom">Property Tenant and Location</td><td colspan="3" style="padding:0 1pt"></td><td colspan="3" style="border-top:1pt solid #000;padding:2px 1pt;text-align:center;vertical-align:bottom">Net Carrying Value</td><td colspan="3" style="border-top:1pt solid #000;padding:0 1pt"></td><td colspan="3" style="border-top:1pt solid #000;padding:2px 1pt;text-align:center;vertical-align:bottom">Percentage of

vary. The Company monitors the credit of all tenants to stay abreast of any material changes in credit quality. The Company monitors tenant credit by (1) reviewing the credit ratings of tenants (or their parent companies or lease guarantors) that are rated by nationally recognized rating agencies; (2) reviewing financial statements and related metrics and information that are publicly available or that are required to be provided pursuant to the lease; (3) monitoring news reports and press releases regarding the tenants (or their parent companies or lease guarantors), and their underlying business and industry; and (4) monitoring the timeliness of rent collections. Except for properties leased to Solar Turbines Incorporated in San Diego, California and State of California's Office of Emergency Services in Rancho Cordova, California, all of the Company's operating leases contain options to extend the lease terms of one to six 5-year extensions or one to two 10-year extensions. In September 2024, the Company extended the lease term of its San Diego, California property leased to WSP USA Inc. (f/k/a Wood Group) for an additional eight years, to February 28, 2034, and is continuing to explore potential lease extensions for certain of its other properties. As of September 30, 2024, the future minimum contractual rent payments due to the Company under the Company's non-cancellable operating leases, including lease amendments executed though the date of this report, if any, are as follows: <table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:100.000%"><tr><td style="width:1.0%"></td><td style="width:83.957%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.374%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:13.269%"></td><td style="width:0.1%"></td></tr><tr><td colspan="3" style="background-color:#cceeff;padding:2px 1pt;text-align:left;vertical-align:bottom">October through December 2024</td><td colspan="3" style="background-color:#cceeff;padding:0 1pt"></td><td style="background-color:#cceeff;padding:2px 0 2px 1pt;text-align:left;vertical-align:bottom">$</td><td style="background-color:#cceeff;padding:2px 0;text-align:right;vertical-align:bottom">9,674,057 </td><td style="background-color:#cceeff;padding:2px 1pt 2px 0;text-align:right;vertical-align:bottom"></td></tr><tr><td colspan="3" style="background-color:#ffffff;padding:2px 1pt;text-align:left;vertical-align:bottom">2025</td><td colspan="3" style="background-color:#ffffff;padding:0 1pt"></td><td colspan="2" style="background-color:#ffffff;padding:2px 0 2px 1pt;text-align:right;vertical-align:bottom">37,911,304 </td><td style="background-color:#ffffff;padding:2px 1pt 2px 0;text-align:right;vertical-align:bottom"></td></tr><tr><td colspan="3" style="background-color:#cceeff;padding:2px 1pt;text-align:left;vertical-align:bottom">2026</td><td colspan="3" style="background-color:#cceeff;padding:0 1pt"></td><td colspan="2" style="background-color:#cceeff;padding:2px 0 2px 1pt;text-

amendment to the January 11, 2024 purchase and sale agreement with KB Home, a national homebuilder, for the sale of the Company's office property located in Issaquah, Washington leased to Costco until July 31, 2025. As a result of the City of Issaquah's setback requirements, the number of townhomes planned for the property had to be reduced. The Company and the homebuilder therefore agreed to reduce the sales price from $28,650,000 to $25,300,000, with the ability to increase the purchase price by $325,000 for each additional townhome the buyer can add to the development prior to closing. The buyer completed its due diligence on April 26, 2024 and deposited $1,407,500 into escrow on May 1, 2024, bringing the total non-refundable deposit to $1,432,500. Completing the sale remains subject to the buyer obtaining development approvals and the sale will not close until the earlier of (a) 15 days following the later of buyer obtaining all necessary development approvals and tenant vacating the property, but not prior to February 1, 2025, and (b) August 15, 2025 unless extended. The amendment to the purchase and sale agreement provides that the buyer can extend the outside closing date up to three times for 60 days for each extension. The nonrefundable extension fee for the first extension is $300,000 with 50% applicable to the purchase price. The nonrefundable extension fees for the second and third extensions are $200,000 and $300,000, respectively, and none of these extension fees will be applicable to the purchase price. The buyer is not affiliated with the Company or its affiliates. Since the pending disposition is not probable of being completed within 12 months of the balance sheet date, the property is not classified as a real estate investment held for sale as of September 30, 2024. Real Estate Investments Held For Sale As of December 31, 2023, the Company classified two properties as held for sale, both of which were sold during the nine months ended September 30, 2024. The Company's industrial property located in Sacramento, California that was leased to Levins Auto Supply, LLC was sold on January 10, 2024 and its office property located in Nashville, Tennessee that was leased to Cummins, Inc. was sold on February 28, 2024. No properties were classified as held for sale as of September 30, 2024. Credit Facility, Net The Company's Operating Partnership entered into an agreement for a line of credit (the "Credit Agreement") on January 18, 2022, which was amended on October 21, 2022, primarily to increase the line of credit. The Credit Agreement currently provides a $400,000,000 line of credit comprised of a $150,000,000 four-year revolving line of credit, which may be extended by up to 12 months subject to certain conditions (the "Revolver") and a $250,000,000 five-year term loan (the "Term Loan" and together with the Revolver, the "Credit Facility") with KeyBank and the other lending institutions party thereto (collectively, the "Lenders"), including KeyBank as Agent for the Lenders (in such capacity, the "Agent"). The Credit Facility is available for general corporate purposes, including, but not limited to, acquisitions, repayment of existing indebtedness, and capital expenditures. The Credit Facility includes an accordion option that allows the Company to request additional Revolver and Term Loan lender commitments up to a total of $750,000,000 subject to customary conditions, including the receipt of new commitments from the Lenders. The Company's Revolver and Term Loan's maturity is in January 2026 and in January 2027, respectively, with options to extend the Revolver for a total of 12 months. On December 20, 2022, the Credit Agreement was amended to allow the Company to draw on the additional $100,000,000 Term Loan commitment up to five times by April 19, 2023, in exchange for a quarterly unused fee. The $100,000,000 Term Loan commitment was fully drawn by April 19, 2023 and unused fees amounted to zero and $101,181 during the three and nine months ended September 30, 2023, respectively. The Credit Facility is priced on a leverage-based grid that fluctuates based on the Company's actual leverage ratio at the end of the prior quarter. With the Company's leverage ratio at 47% as of June 30, 2024, the spread over the secured overnight financing rate ("SOFR"), including a 10-basis point credit adjustment, is 185 basis points and the interest rate on the Revolver was 6.725% on September 30, 2024; however, there was no outstanding balance on the Revolver. The Company also pays an annual unused fee of up to 25 basis points on the Revolver, depending on the daily amount of the unused commitment, and incurred total unused fees of $95,833 and $94,525 for the three months ended September 30, 2024 and 2023, respectively, and $285,416 and $282,983 for the nine months ended September 30, 2024 and 2023, respectively. On May 10, 2022, the Company entered into a swap agreement, effective from May 31, 2022 to January 17, 2027, subject to the Company counterparty's one-time cancellation option on December 31, 2024, to fix SOFR at 2.258% with respect to its original $150,000,000 Term Loan. The swap agreement resulted in a fixed interest rate of 4.058% on the Term Loan based on the Company's leverage ratio of 48% as of September 30, 2024. On October 26, 2022, the Company entered into a second swap agreement, effective from November 30, 2022 to November 30, 2027, subject to the Company counterparty's one-time cancellation option on December 31, 2024, to fix SOFR at 3.44% with respect to its expanded Term Loan. The swap agreement resulted in a fixed interest rate of 5.240% on the additional $100,000,000 borrowed under the expanded Term Loan based on the Company's leverage ratio of 48% as of September 30, 2024.</div><div style="margin-top:10pt;text-indent:27pt">The Credit Facility includes customary representations, warranties and covenants. In connection with the Credit Facility, the Company and each of the Subsidiary Guarantors entered into an Unconditional Guaranty of Payment and Performance in favor of the Agent, pursuant to which the Company and each of the Subsidiary Guarantors agreed to guarantee the full and prompt payment of the Operating Partnership's obligations under the Credit Agreement.</div><div style="margin-top:10pt">Compliance with All Debt Agreements</div><div style="margin-bottom:10pt;margin-top:10pt;text-indent:27pt">Pursuant to the terms of mortgage notes payable on certain of the Company's properties and the Credit Facility, the Company and/or the subsidiary borrowers are subject to certain financial loan covenants. (2) Subsequent to December 31, 2022, the Company's $150,000,000 derivative instrument failed to qualify as a cash flow hedge because it was deemed ineffective, as described in Note 8. The $710,258 and $1,697,520 of unrealized gains on the valuation of this swap for the three and nine months ended September 30, 2023, respectively, are reflected as decreases in interest expense (see Note 8 for more details). 345424 411610 1038855 1354642 7235 7235 21705 21705 4565798 4509026 13586024 10895933 95833 94525 285416 384164 214261 214261 642783 642783 1647754 1586641 4953188 4062442 -1355228 -167926 -2163396 327824 255873 253092 762059 756496 -1323446 710258 -282142 1697520 100070 68326 209093 306834 6103668 2922918 12514167 6761779 2 150000000 100000000 150000000 -1355228 -2163396 -167926 327824 100000000 -1323446 -282142 710258 1697520 INTEREST RATE SWAP DERIVATIVES The Company, through its Operating Partnership, entered into a five-year swap agreement on May 10, 2022 to fix SOFR at 2.258% effective May 31, 2022 related to the variable interest rate on its original $150,000,000 Term Loan. The swap agreement matures on January 15, 2027 and the financial institution counterparty has a one-time option to cancel the swap on December 31, 2024. The Company designated the pay-fixed, receive-floating interest rate swap with the terms described in the table below as of July 1, 2022 as a cash flow hedge which was effective through December 31, 2022. The derivative instrument failed to qualify as a cash flow hedge during the year ended December 31, 2023 and the three and nine months ended September 30, 2024 as described below. The Company, through its Operating Partnership, entered into another five-year swap agreement on October 26, 2022 to fix SOFR at 3.440% effective November 30, 2022 related to the variable interest rate on its additional $100,000,000 Term Loan commitment. The swap agreement matures on November 30, 2027, and the financial institution counterparty has a one-time option to cancel the swap on December 31, 2024 at no cost. Subsequent to December 31, 2022, based on the Company's prospective effectiveness testing of the derivative instrument, the swap failed to qualify as a cash flow hedge because it was deemed ineffective due to the potential for a reduced term of the swap that could result from the cancellation option described above as compared with the maturity of the Term Loan. As a result, the net change in fair value of the first Term Loan swap is recorded as a component of interest expense with losses reflecting an increase to interest expense and gains reflecting a decrease to interest expense. During the three and nine months ended September 30, 2024, the Company recognized unrealized losses of $1,355,228 and $2,163,396, respectively. During the three and nine months ended September 30, 2023, the Company recognized an unrealized loss (gain) of $167,926 and $(327,824), respectively. Due to the above $150,000,000 Term Loan derivative instrument's failure to qualify as a cash flow hedge subsequent to December 31, 2022, the unrealized gain on interest rate swap derivative of $4,105,103 as of December 31, 2022 (recorded in the Company's financial statements as follows: (i) $3,502,616 of accumulated other comprehensive income and (ii) $602,487 of noncontrolling interest in Operating Partnership) is being amortized on a straight-line basis as a reduction to interest expense through the maturity date of the debt agreement. There is no income tax expense resulting from this amortization. During the three and nine months ended September 30, 2024, interest expense was reduced by $255,873 and $762,059, respectively, and $253,092 and $756,496 during the three and nine months ended September 30, 2023, respectively, for amortization of the unrealized gain on this swap previously recorded in accumulated other comprehensive income and noncontrolling interest in Operating Partnership. As of September 30, 2024, the Company's unamortized unrealized gain on interest rate swap derivative in accumulated other comprehensive income and noncontrolling interest in Operating Partnership in the Company's consolidated balance sheet amounted to $2,327,893. The Company estimates that $255,874 of the remaining unrealized gain on interest rate swap derivative will be reclassified from accumulated other comprehensive income and noncontrolling interest in Operating Partnership as a reduction to interest expense in the Company's accompanying unaudited condensed consolidated statements of operations over the remaining three months in 2024. The second interest rate swap derivative on the additional $100,000,000 Term Loan was not designated as a cash flow hedge for financial accounting purposes. The decreases in the fair value of $1,323,446 and $282,142 for the three and nine months ended September 30, 2024, respectively, were recorded as unrealized losses on interest rate swap valuation and reflected as increases in interest expense in the Company's accompanying unaudited condensed consolidated statements of operations. The unrealized losses on the second swap during the three and nine months ended September 30, 2024 reflect recent decreases in the forward curve for future SOFR rates through December 31, 2024 (the one-time cancellation option date). The increases in the fair value of $710,258 and $1,697,520 for the three and nine months ended September 30, 2023, respectively, were recorded as unrealized gains on the interest rate swap valuation and reflected as reductions to interest expense in the Company's accompanying unaudited condensed consolidated statements of operations. In connection with an underwritten public offering in September 2021 (discussed below in detail), the Company classified and designated 2,000,000 shares of its authorized preferred stock as authorized shares of Series A Preferred Stock. As of September 30, 2024 and December 31, 2023, 2,000,000 shares of authorized Series A Preferred Stock were issued and outstanding. Series A Preferred Stock - Terms Holders of Series A Preferred Stock are entitled to cumulative dividends in the amount of $1.84375 per share each year, which is equivalent to the rate of 7.375% of the $25 liquidation preference per share per annum. The Series A Preferred Stock has no stated maturity and will remain outstanding indefinitely unless redeemed, converted or otherwise repurchased. Except in limited circumstances relating to the Company's qualification as a REIT for U.S. federal income tax purposes, and as described in the articles supplementary governing the terms of the Series A Preferred Stock (the "Articles Supplementary"), the Series A Preferred Stock is not redeemable prior to September 17, 2026. On and after September 17, 2026, at any time and from time to time, the Series A Preferred Stock will be redeemable in whole or in part, at the Company's option, at a cash redemption price of $25 per share, plus an amount equal to all dividends accrued and unpaid (whether or not authorized or declared), if any, to, but not including, the redemption date. In addition, upon the occurrence of a Delisting Event or a Change of Control (each as defined in the Articles Supplementary), the Company may, subject to certain conditions, at its option, redeem the Series A Preferred Stock, in whole or in part, (i) after the first date on which the Delisting Event occurred or (ii) on, or within 120 days after, the first date on which the Change of Control occurred, as applicable, by paying the liquidation preference of $25 per share, plus an amount equal to all dividends accrued and unpaid (whether or not authorized or declared), if any, to, but not including, the redemption date. Upon the occurrence of a Change of Control during a continuing Delisting Event, unless the Company has elected to exercise its redemption right, holders of the Series A Preferred Stock will have certain rights to convert the Series A Preferred Stock into shares of the Company's Class C Common Stock. In addition, upon the occurrence of a Delisting Event, the dividend rate will be increased on the day after the occurrence of the Delisting Event by 2.00% per annum to the rate of 9.375% of the $25 liquidation preference per share per annum (equivalent to $2.34375 per share each year) from and after the date of the Delisting Event. Following the cure of such Delisting Event, the dividend rate will revert to the rate of 7.375% of the $25 liquidation preference per share per annum. The necessary conditions to convert the Series A Preferred Stock into the Company's Class C Common Stock have not been met as of September 30, 2024. The Series A Preferred Stock ranks senior to the Company's Class C Common Stock with respect to dividend rights and rights upon the Company's voluntary or involuntary liquidation, dissolution or winding up. Voting rights for holders of Series A Preferred Stock exist primarily with respect to the ability to elect two additional directors to the board of directors if six or more quarterly dividends (whether or not authorized or declared or consecutive) payable on the Series A Preferred Stock are in arrears, and with respect to voting on amendments to the Company's charter (which includes the Articles Supplementary) that materially and adversely affect the rights of the Series A Preferred Stock or create additional classes or series of shares of the Company's capital stock that are senior to the Series A Preferred Stock. Other than the limited circumstances described above and in the Articles Supplementary, holders of Series A Preferred Stock do not have any voting rights. Series A Preferred Stock Dividends Dividends on the Company's Series A Preferred Stock accrue in an amount equal to $1.84375 per share each year ($0.460938 per share each quarter) to holders of Series A Preferred Stock, which is equivalent to 7.375% of the $25 liquidation preference per share per annum. Dividends on the Series A Preferred Stock are cumulative and payable quarterly in arrears on the 15th day of January, April, July and October of each year (or, if not a business day, the next succeeding business day) to holders of record on the applicable record date. Any accrued and unpaid dividends payable with respect to the Series A Preferred Stock become part of the liquidation preference thereof. On March 1, 2024 and March 9, 2023, the Company's board of directors declared Series A Preferred Stock dividends payable of $921,875 for the first quarters of 2024 and 2023. The amounts were accrued as of March 31, 2024 and 2023 and were paid on April 15, 2024 and April 17, 2023, respectively. On May 1, 2024 and June 15, 2023, the Company's board of directors declared Series A Preferred Stock dividends payable of $921,875 for the second quarters of 2024 and 2023. These liabilities may include government fines, penalties and damages for injuries to persons and adjacent property. Such laws often impose liability without regard to whether the property owner knew of, or was responsible for, the presence or disposal of such substances. Although most of the tenants of properties in which the Company has an interest are primarily responsible for any environmental damage and claims related to the leased premises, in the event of the bankruptcy or inability of the tenant of such leased premises to satisfy any obligations with respect to such environmental liability, or if the tenant is found not responsible, the Company's property owner subsidiary may be required to satisfy any of such obligations, should they exist. In addition, the property owner subsidiary, as the owner of such property, may be held directly liable for any such damages or claims irrespective of the terms and provisions of any lease. As of September 30, 2024, the Company was not aware of any environmental matter relating to any of its real estate investments that would have a material impact on the Company's consolidated financial statements. However, changes in applicable environmental laws and regulations, the uses and conditions of properties in the vicinity of the Company's properties, the activities of its tenants and other environmental conditions of which the Company is unaware with respect to the properties could result in future environmental liabilities. Tenant Improvements Pursuant to lease agreements, as of September 30, 2024 and December 31, 2023, the Company had obligations to pay $3,040,236 and $2,439,098, respectively, for on-site building and tenant improvements to be incurred by tenants. Legal Matters From time-to-time, the Company or its subsidiaries may become party to legal proceedings that arise in the ordinary course of its business. Except for the Kalera bankruptcy proceeding, the Company, including its subsidiaries, is not a party to any legal proceeding, nor is the Company aware of any pending or threatened litigation that could have a material adverse effect on the Company's business, operating results, cash flows or financial condition should such litigation be resolved unfavorably. On October 31, 2023, Kalera filed a motion with the bankruptcy court to reject the Company's lease and abandon all of its property located at the premises in Saint Paul, Minnesota effective as of October 31, 2023, subject to approval of the motion by the bankruptcy court. On November 21, 2023, the Company filed (i) a limited objection to retroactive rejection of its lease and (ii) a motion to compel Kalera to pay post-petition rent and related charges with the bankruptcy court. The Company and Kalera entered into a settlement agreement for these claims on March 18, 2024, which was approved by the bankruptcy court on April 12, 2024. Kalera's revised motion to reject the Company's lease effective as of October 31, 2023 was approved by the bankruptcy court on June 28, 2024. 3040236 2439098 OPERATING PARTNERSHIP UNITS Prior to March 31, 2024, the Company had issued three types of units of limited partnership interest in the Operating Partnership ("Class M OP Units," "Class P OP Units," and "Class R OP Units"), all of which automatically converted to units of Class C limited partnership interest in the Operating Partnership ("Class C OP Units"), and some of which were then exchanged for the Company's Class C Common Stock as of and for the three months ended March 31, 2024. (LOSS) EARNINGS PER SHARE The Company reports a dual presentation of basic earnings per share (“Basic EPS”) and diluted earnings per share (“Diluted EPS”). Basic EPS excludes dilution and is computed by dividing net income or loss by the weighted average number of common shares outstanding during the period. Diluted EPS uses the if-converted method to compute for the potential dilution that would occur if holders of Class C OP Units exercise their right to exchange their Class C OP Units and the Company elects to exchange their Class C OP Units for shares of Class C Common Stock (see Note 12 for additional information). The following table presents the computation of the Company's basic and diluted net (loss) income per share attributable to common stockholders for the three and nine months ended September 30, 2024 and 2023: <table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:100.000%"><tr><td style="width:1.0%"></td><td style="width:46.601%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.374%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.400%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.374%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.400%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.374%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.400%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.374%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.403%"></td><td style="width:0.1%"></td></tr><tr><td colspan="3" style="padding:0 1pt"></td><td colspan="3" style="padding:0 1pt"></td><td colspan="9" style="padding:2px 1pt;text-align:center;vertical-align:middle">Three Months Ended

Consequently, net loss (income) attributable to noncontrolling interest in Operating Partnership for the three month periods presented above equals the product of (i) the Operating Partnership weighted average units as a percentage of diluted weighted average shares and units outstanding and (ii) the net (loss) income attributable to common shareholders and noncontrolling interests for each period presented. This can result in a different net loss (income) attributable to noncontrolling interest in Operating Partnership than the amount presented on the statements of operations and equity for the three month periods, as those amounts are calculated for the year-to-date period less the prior quarter's year-to-date net loss (income) attributable to noncontrolling interest in Operating Partnership.
