**VERALTO CORPORATION**  
**NOTES TO CONSOLIDATED AND COMBINED CONDENSED FINANCIAL STATEMENTS**  
**(unaudited)**

**NOTE 1. GENERAL**

Veralto Corporation's ("Veralto" or the "Company") unifying purpose is *Safeguarding the World's Most Vital Resources*™. Its diverse group of associates and leading operating companies provide essential technology solutions that monitor, enhance and protect key resources around the globe. The Company is committed to the advancement of public health and safety and believes it is positioned to support its customers as they address large global challenges including environmental resource sustainability, water scarcity, management of severe weather events and food and pharmaceutical security. Through its core offerings in water analytics, water treatment, marking and coding and packaging and color, customers look to the Company's solutions to help ensure the safety, quality, efficiency and reliability of their products and processes. The Company operates through two segments – Water Quality and Product Quality & Innovation. Through the Water Quality segment, the Company improves the quality and reliability of water through leading brands including Hach, Trojan Technologies and ChemTreat. Through the Product Quality & Innovation segment, the Company promotes consumer trust in products and helps enable product innovation through leading brands including Videojet, Linx, Esko, X-Rite and Pantone.

Separation from Danaher Corporation—Veralto completed its separation from Danaher Corporation ("Danaher" or "Former Parent") on September 30, 2023 (the "Separation"), the first day of its fiscal fourth quarter. The Separation was completed on such date in the form of a pro rata distribution to Danaher stockholders of record on September 13, 2023 of all of the issued and outstanding shares of Veralto common stock held by Danaher. Each Danaher stockholder of record as of the close of business on September 13, 2023 received one share of Veralto common stock for every three shares of Danaher common stock held on the record date. Because September 30, 2023 was a Saturday, not a business day, the shares were credited to "street name" stockholders through the Depository Trust Company on the first trading day thereafter, October 2, 2023. Veralto's common stock began "regular way" trading on the New York Stock Exchange under the ticker symbol "VLTO" on October 2, 2023. For further discussion of the Separation refer to Note 1 of the Company's Annual Report on Form 10-K for the year ended December 31, 2023 (the "2023 Annual Report on Form 10-K").

Basis of Presentation—Veralto prepared the unaudited Consolidated and Combined Condensed Financial Statements included herein in accordance with accounting principles generally accepted in the United States ("GAAP") and the rules and regulations of the U.S. Securities and Exchange Commission (the "SEC") applicable for interim periods. Certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules and regulations; however, the Company believes the disclosures are adequate to make the information presented not misleading. The Consolidated and Combined Condensed Financial Statements included herein should be read in conjunction with the audited annual Consolidated and Combined Financial Statements as of and for the year ended December 31, 2023 and the Notes thereto included within the 2023 Annual Report on Form 10-K.

In the opinion of the Company, the accompanying financial statements contain all adjustments (consisting of only normal recurring accruals) necessary to fairly present the financial position of the Company as of **June 28, 2024** **September 27, 2024** and December 31, 2023, and its results of operations for the three and **six-month** **nine-month** periods ended **June 28, 2024** **September 27, 2024** and **June 30, 2023** **September 29, 2023** and its cash flows for each of the **six-month** **nine-month** periods then ended.

Prior to the Separation, Veralto's businesses were comprised of certain Danaher operating units (the "Veralto Businesses"). The Combined Condensed Financial Statements for periods prior to the Separation were derived from Danaher's Consolidated Financial Statements and accounting records and prepared in accordance with GAAP for the preparation of carved-out combined financial statements. Prior to the Separation, all revenues and costs as well as assets and liabilities directly associated with Veralto have been included in the Combined Condensed Financial Statements. Additionally, the Combined Condensed Financial Statements for periods prior to the Separation included allocations of certain general, administrative, sales and marketing expenses and cost of sales from Danaher's corporate office and other Danaher businesses to Veralto, and allocations of related assets, and liabilities, as applicable. The allocations were determined on a reasonable basis; however, the amounts are not necessarily representative of the amounts that would have been reflected in the financial statements had Veralto been operating independently of Danaher during the applicable periods. Accordingly, the Combined

Condensed Financial Statements may not be indicative of Veralto's results had the Company been a separate stand-alone entity throughout the periods presented. For further discussion of related party allocations prior to the Separation, including the method for such allocation, refer to Note 18 of the 2023 Annual Report on Form 10-K.

Following the Separation, the Consolidated Financial Statements include the accounts of Veralto and those of its subsidiaries and no longer include any allocations from Danaher. Accordingly:

- The Consolidated Condensed Balance Sheets at **June 28, 2024** **September 27, 2024** and December 31, 2023 consist of the Company's consolidated balances.
- The Consolidated Condensed Statement of Earnings, Statement of Comprehensive Income and Statement of Equity for the three and **six-month** **nine-month** periods ended **June 28, 2024** **September 27, 2024** consist of the Company's consolidated results. The Combined Condensed Statement of Earnings, Statement of Comprehensive Income and Statement of Equity for the three and **six-month** **nine-month** periods ended **June 30, 2023** **September 29, 2023** consist of the combined results of the Veralto Businesses.
- The Consolidated Condensed Statement of Cash Flows for the **six-month** **nine-month** period ended **June 28, 2024** **September 27, 2024** consist of the Company's consolidated results and the Combined Condensed Statement of Cash Flows for the **six-month** **nine-month** period ended **June 30, 2023** **September 29, 2023** consist of the combined results of the Veralto Businesses.

There have been no changes to the Company's significant accounting policies described within the 2023 Annual Report on Form 10-K that have a material impact on the Company's Consolidated and Combined Condensed Financial Statements and the related Notes.

**Recent Accounting Pronouncements**—On March 6, 2024, the SEC adopted the final rule under SEC Release No. 33-11275, *The Enhancement and Standardization of Climate-Related Disclosures for Investors*, which requires registrants to disclose material climate-related risks, activities to mitigate or adapt to such risks, information about board oversight of climate-related risks, and climate-related targets or goals that are material to the registrant's business, results of operations, or financial condition. Annual disclosure requirements, including disclosure of a registrant's greenhouse gas emissions, could be effective for the Company as early as the fiscal year beginning January 1, 2025. However, in April 2024, the SEC voluntarily stayed the final rules pending the resolution of certain legal challenges. The Company is currently assessing the impact of these final rules on its Consolidated Financial Statements and disclosures.

In December 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2023-09, *Improvements to Income Tax Disclosures*, which enhances the transparency of income tax disclosures in ASC 740, *Income Taxes*, primarily related to rate reconciliation and income taxes paid information. The ASU is effective for fiscal years beginning after December 15, 2024, **may be applied retrospectively** and early adoption is permitted. **On January 1, 2024, The Company is currently assessing the Company adopted the ASU and it will first apply to the Company's impact on its Consolidated Financial Statements and related income tax disclosures for the year ending December 31, 2024, which the Company is in the process of drafting.** December 31, 2025.

In November 2023, the FASB issued ASU 2023-07, *Improvements to Reportable Segment Disclosures*, which improves the reportable segment disclosure requirements in ASC 280, *Segment Reporting*, primarily through enhanced disclosures about significant expenses. The ASU is effective for fiscal years beginning after December 15, 2023 and early adoption is permitted. The Company is currently assessing the impact on its Consolidated Financial Statements and related segment disclosures. **On January 1, 2024, the Company adopted the ASU and it will be included in the Company's Consolidated Financial Statements and related disclosures for the year ending December 31, 2024.**

**Cash and Cash Equivalents**—The Company considers all highly liquid investments with a maturity of three months or less at the date of purchase to be cash equivalents.

**Operating Leases**—As of **June 28, 2024** **September 27, 2024** and December 31, 2023, operating lease right-of-use assets where the Company was the lessee were **\$154 million** **\$165 million** and **\$144 million**, respectively, and are included within other long-term assets in the accompanying Consolidated Condensed Balance Sheets. The associated operating lease liabilities were **\$162 million** **\$174 million** and **\$148 million** as of **June 28, 2024** **September 27, 2024** and December 31, 2023, respectively, and are included in accrued expenses and other liabilities and other long-term liabilities in the accompanying Consolidated Condensed Balance Sheets.

**Prepaid Expenses and Other Current Assets**—Prepaid expenses and other current assets primarily result from advance payments to vendors for goods and services and are capitalized until the related goods are received or services are performed. Included in the Company's prepaid expenses and other current

assets as of June 28, 2024 and December 31, 2023 are prepaid expenses of \$140 million \$143 million as of September 27, 2024 and \$143 million, respectively. December 31, 2023.

## NOTE 2. NET EARNINGS PER COMMON SHARE

### Earnings per Common Share

Basic net earnings per share ("EPS") is calculated by dividing net earnings by the weighted average number of shares of common stock outstanding for the applicable period. Diluted EPS is computed based on the weighted average number of shares of common stock outstanding increased by the number of additional shares that would have been outstanding had the potentially dilutive shares of common stock been issued and reduced by the number of shares the Company could have repurchased with the proceeds from the issuance of the potentially dilutive shares.

We were The Company was incorporated on October 26, 2022; accordingly, we the Company had no shares or common equivalent shares outstanding prior to that date. The total number of shares outstanding at Separation was 246.3 million and is utilized for the calculation of both basic and diluted EPS for all periods prior to the Separation.

Information related to the calculation of net earnings per common share for the three and six-month nine-month periods ended June 28, 2024 September 27, 2024 and June 30, 2023 September 29, 2023 is summarized as follows (\$ and shares in millions, except per share amounts):

	Three-Month		Three-Month		Six-Month		Nine-Month	
	Period Ended		Period Ended		Period Ended		Period Ended

## NOTE 3. REVENUE

The following tables present the Company's revenues disaggregated by geographical region and revenue type for the three and six-month nine-month periods ended June 28, 2024 September 27, 2024 and June 30, 2023 September 29, 2023 (\$ in millions). Sales taxes and other usage-based taxes collected from customers are excluded from revenue.

High-growth markets <sup>(b)</sup>	
Total	
Revenue type:	
Revenue type:	
Revenue type:	
Recurring	
Recurring	
Recurring	
Nonrecurring	
Total	

(a) The Company defines North America as the United States and Canada.

(b) The Company defines high-growth markets as developing markets of the world experiencing extended periods of accelerated growth in gross domestic product and infrastructure which include Eastern Europe, the Middle East, Africa, Latin America (including Mexico) and Asia (with the exception of Japan, Australia and New Zealand). The Company defines developed markets as all markets of the world that are not high-growth markets.

The Company sells equipment to customers as well as consumables and services, some of which customers purchase on a recurring basis. Consumables sold for use with the equipment sold by the Company are typically critical to the use of the equipment and are typically used on a one-time or limited basis, requiring frequent replacement in the customer's operating cycle. Examples of these consumables include chemistries for water testing instruments and cartridges for marking and coding equipment. Additionally, some of the Company's consumables are used on a stand-alone basis, such as water treatment solutions. The Company separates its goods and services between those typically sold to a customer on a recurring basis and those typically sold to a customer on a nonrecurring basis. Recurring revenue includes revenue from consumables, services, spare parts and operating-type leases ("OTLs"). Nonrecurring revenue includes sales of equipment and sales-type leases ("STLs"). OTLs and STLs are included in the above revenue amounts. For the three-month periods ended ~~June 28, 2024~~September 27, 2024 and ~~June 30, 2023~~September 29, 2023, lease revenue was ~~\$20~~\$20 million for each period, and ~~\$24~~\$24 million, respectively. For the six-month~~nine~~-month periods ended ~~June 28, 2024~~September 27, 2024 and ~~June 30, 2023~~September 29, 2023, lease revenue was ~~\$39~~\$59 million for each period, and ~~\$63~~\$63 million, respectively. Service and software revenue was immaterial for all periods presented. Software revenues for point-in-time licenses are nonrecurring while revenues for Software as a Service and over time licenses are recurring.

Remaining performance obligations related to Topic 606, Revenue from Contracts with Customers, represent the aggregate transaction price allocated to performance obligations with an original contract term greater than one year which are fully or partially unsatisfied at the end of the period. As of ~~June 28, 2024~~September 27, 2024, the aggregate amount of the transaction price allocated to remaining performance obligations was ~~\$277~~\$299 million. The Company expects to recognize revenue on approximately ~~43%~~42% of the remaining performance obligations over the next 12 months, ~~34%~~ over the subsequent 12 months, and the remainder recognized thereafter.

The Company often receives cash payments from customers in advance of the Company's performance, resulting in contract liabilities that are classified as either current or long-term in the Consolidated Condensed Balance Sheets based on the timing of when the Company expects to recognize revenue. As of ~~June 28, 2024~~September 27, 2024 and ~~December 31, 2023~~December 31, 2023, contract liabilities were ~~\$228~~\$240 million and ~~\$223~~\$223 million, respectively, and are included within accrued expenses and other liabilities and other long-term liabilities in the accompanying Consolidated Condensed Balance Sheets. Revenue recognized during the six-month~~nine~~-month periods ended ~~June 28, 2024~~September 27, 2024 and ~~June 30, 2023~~September 29, 2023 that was included in the opening contract liability balance was ~~\$139~~\$171 million and ~~\$126~~\$146 million, respectively.

#### NOTE 4. SEGMENT INFORMATION

The Company operates and reports its results in two separate business segments consisting of the Water Quality and Product Quality & Innovation segments. When determining the reportable segments, the Company aggregated operating segments based upon similar economic and operating characteristics. Operating profit represents total revenues less operating expenses, excluding nonoperating income and expense, interest and income taxes. Operating profit amounts in the Other segment consist of unallocated corporate costs and other costs not considered part of management's evaluation of reportable segment operating performance. The identifiable assets by segment are those used in the applicable segment's operations. Intersegment amounts are not significant and are eliminated to arrive at combined totals.

Segment results are shown below (\$ in millions):

	Three-Month Period Ended		Six-Month Period Ended	Three-Month Period Ended	Nine-Month Period Ended

#### NOTE 5. INCOME TAXES

The following table summarizes the Company's effective tax rate:

	Three-Month Period Ended		Three-Month Period Ended		Six-Month Period Ended		Three-Month Period Ended	Nine-Month Period Ended
	June 28, 2024	June 30, 2023	June 28, 2024	June 30, 2023	September 27, 2024	September 29, 2023		
	2024	2023	2024	2023	2024	2023		
Effective tax rate	Effective tax rate	24.8 %	24.0 %	25.6 %	23.5 %	Effective tax rate	23.4 %	23.5 %
							24.8 %	23.5 %

The Company operates globally, including in certain jurisdictions with higher statutory tax rates than the United States ("U.S."). Therefore, based on earnings mix, the impact of operating in such jurisdictions contributes to a higher effective tax rate compared to the U.S. federal statutory tax rate.

The effective tax rate for the three-month period ended **June 28, 2024** **September 27, 2024** differs from the U.S. federal statutory rate of 21% principally due to the geographic mix of earnings described above, net discrete expense of **\$3\$1** million related primarily to the tax impact of uncertain tax positions, partially offset by excess tax benefits from stock-based compensation. The net discrete expense increased the effective tax rate by **1.1%0.3%** for the three-month period ended **June 28, 2024** **September 27, 2024**.

The effective tax rate for the **six-month** **nine-month** period ended **June 28, 2024** **September 27, 2024** differs from the U.S. federal statutory rate of 21% principally due to the geographic mix of earnings described above, the unfavorable impact of a non-deductible loss on the sale of a product line of **\$3\$3** million, net discrete expense of **\$4\$5** million related primarily to the tax impact of uncertain tax positions, partially offset by excess tax benefits from stock-based compensation. The net discrete expense increased the effective tax rate by **1.3%1.0%** for the **six-month** **nine-month** period ended **June 28, 2024** **September 27, 2024**.

The effective tax rate for the three-month period ended **June 30, 2023** **September 29, 2023** differs from the U.S. federal statutory rate of 21% principally due to the geographic mix of earnings described above, partially offset by net discrete benefits of **\$1\$6** million related

primarily to excess tax benefits from stock-based compensation and changes in estimates associated with prior period uncertain tax positions. The net discrete benefits reduced the effective tax rate by **0.4%** **2.2%** for the three-month period ended **June 30, 2023** **September 29, 2023**.

The effective tax rate for the **six-month** **nine-month** period ended **June 30, 2023** **September 29, 2023** differs from the U.S. federal statutory rate of 21% principally due to the geographic mix of earnings described above, partially offset by net discrete benefits of **\$6 million** **\$12 million** related primarily to excess tax benefits from stock-based **compensation and changes in estimates associated with prior period uncertain tax positions**. The net discrete benefits reduced the effective tax rate by **1.1%** **1.4%** for the **six-month** **nine-month** period ended **June 30, 2023** **September 29, 2023**.

For a description of the Company's significant tax matters, reference is made to the financial statements as of and for the year ended December 31, 2023 and Note 6 to the financial statements included within the 2023 Annual Report on Form 10-K.

#### **NOTE 6. NONOPERATING INCOME (EXPENSE)**

##### **Other Components of Net Periodic Benefit Costs**

The Company disaggregates the service cost component of net periodic benefit costs of noncontributory defined benefit pension plans and other postretirement employee benefit plans and presents the other components of net periodic benefit costs in other income (expense), net. These other components of net periodic benefit costs include the assumed rate of return on plan assets, partially offset by amortization of actuarial losses and interest and resulted in nonoperating income of less than \$1 million and \$1 million for the three and **six-month** **nine-month** periods ended **June 28, 2024** **September 27, 2024**, respectively, and nonoperating income of less than **\$1** **\$1** million for the three and **six-month** **nine-month** periods ended **June 30, 2023** **September 29, 2023**.

##### **Gain or Loss on Sale of Product Line Lines, net**

During the **six-month** **three-month** period ended **June 28, 2024** **September 27, 2024**, the Company divested a product line which was reported in the Water Quality segment, and recorded a **\$15 million** **\$5 million** gain associated with the divestiture that is presented in other income (expense), net. During the **nine-month** period ended **September 27, 2024**, the Company divested two product lines and recorded a **\$10 million** net loss associated with the **sale** divestitures that is presented in other income (expense), net. The divestiture of **this** **these** product **line** **lines** were recorded in the Water Quality segment. The divestitures did not represent a strategic shift with a major effect on the Company's operations and financial results and therefore **is** **are** not reported as a discontinued operation. **operations**.

##### **Impairment of Equity Method Investment**

During the **nine-month** period **three and six-month** periods ended **September 29, 2023** **June 30, 2023**, the Company recorded an impairment of \$15 million related to an equity method investment, which is reflected in nonoperating income (expense).

#### **NOTE 7. GOODWILL AND OTHER INTANGIBLE ASSETS**

The following is a rollforward of the Company's goodwill (\$ in millions):

<b>Balance, December 31, 2023</b>	<b>\$</b>	<b>2,533</b>
Attributable to 2024 acquisitions		3
Foreign currency translation and other		<b>(46)</b> 3
<b>Balance, June 28, 2024</b> <b>September 27, 2024</b>	<b>\$</b>	<b>2,490</b> <b>2,539</b>

The carrying value of goodwill by segment is summarized as follows (\$ in millions):

	<b>June 28, 2024</b>	<b>December 31, 2023</b>
	<b>September 27, 2024</b>	<b>December 31, 2023</b>
Water Quality		
Product Quality & Innovation		
Total		

The Company has not identified any "triggering" events which indicate an goodwill impairment of goodwill indicators in the three and **six-month** **nine-month** periods ended **June 28, 2024** **September 27, 2024** and **June 30, 2023** **September 29, 2023**.

The Company reviews identified intangible assets for impairment whenever events or changes in circumstances indicate that the related carrying amounts may not be recoverable. The Company identified impairment triggers during the second quarter and third quarter of 2023 which resulted in the impairment of certain long-lived assets, including customer relationships and tradenames totaling \$6 million and \$12 million, respectively, for the three and nine-month periods ended September 29, 2023 within the Product Quality & Innovation segment.

#### NOTE 8. FAIR VALUE MEASUREMENTS

Accounting standards define fair value based on an exit price model, establish a framework for measuring fair value for assets and liabilities required to be carried at fair value and provide for certain disclosures related to the valuation methods used within the valuation hierarchy as established within the accounting standards. This hierarchy prioritizes the inputs into three broad levels as follows.

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 inputs are quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets in markets that are not active, or other observable characteristics for the asset or liability, including interest rates, yield curves and credit risks, or inputs that are derived principally from, or corroborated by, observable market data through correlation.
- Level 3 inputs are unobservable inputs based on the Company's assumptions. A financial asset's or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

A summary of financial liabilities that are measured at fair value on a recurring basis were as follows (\$ in millions):

	Quoted Prices in Active Market (Level 1)	Quoted Prices in Active Market (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Quoted Prices in Active Market Total	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
June 28, 2024								
September 27, 2024								
Deferred compensation liabilities								
Deferred compensation liabilities								
Deferred compensation liabilities								
December 31, 2023								
Deferred compensation liabilities								
Deferred compensation liabilities								
Deferred compensation liabilities								

Certain management employees participate in the Company's nonqualified deferred compensation programs, which permit such employees to defer a portion of their compensation, on a pretax basis, until after their termination of employment. All amounts deferred under such plans are unfunded, unsecured obligations and are presented as a component of the compensation and benefits accrual included in other long-term liabilities in the accompanying Consolidated Condensed Balance Sheets. Participants may choose among alternative earnings rates for the amounts they defer, which are primarily based on investment options within the defined contribution plans for the benefit of U.S. employees ("401(k) Programs") (except that the earnings rates for amounts contributed unilaterally by the Company are entirely based on changes in the value of the Company's common stock). Changes in the deferred compensation liability under these programs are recognized based on changes in the fair value of the participants' accounts, which are based on the applicable earnings rates.

## Fair Value of Financial Instruments

The carrying amounts and fair values of the Company's financial instruments were as follows (\$ in millions):

	June 28, 2024		December 31, 2023	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Long-term debt	\$ 2,615	\$ 2,622	\$ 2,629	\$ 2,710

	September 27, 2024		December 31, 2023	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Long-term debt	\$ 2,639	\$ 2,747	\$ 2,629	\$ 2,710

As of **June 28, 2024** **September 27, 2024**, long-term borrowings were categorized as Level 1. The fair value of long-term borrowings was based on quoted market prices. The fair values of borrowings with original maturities of one year or less, as well as cash and cash equivalents, trade accounts receivable, net and trade accounts payable, generally approximate their carrying amounts due to the short-term maturities of these instruments.

## NOTE 9. FINANCING

As of **June 28, 2024** **September 27, 2024**, the Company was in compliance with all of its debt covenants. The components of the Company's debt were as follows (\$ in millions):

Description and Aggregate Principal Amount	Description and Aggregate Principal Amount	Outstanding Amount			
		June 28, 2024	December 31, 2023	September 27, 2024	December 31, 2023
5.50% senior unsecured notes due 9/18/2026 (\$700 million) (the "2026 Notes")	5.50% senior unsecured notes due 9/18/2026 (\$700 million) (the "2026 Notes")				
5.35% senior unsecured notes due 9/18/2028 (\$700 million) (the "2028 Notes")	5.35% senior unsecured notes due 9/18/2028 (\$700 million) (the "2028 Notes")				
4.15% senior unsecured notes due 9/19/2031 (€500 million) (the "2031 Notes")	4.15% senior unsecured notes due 9/19/2031 (€500 million) (the "2031 Notes")				
5.45% senior unsecured notes due 9/18/2033 (\$700 million) (the "2033 Notes")	5.45% senior unsecured notes due 9/18/2033 (\$700 million) (the "2033 Notes")				
Long-term debt	Long-term debt				
Long-term debt	Long-term debt				
Long-term debt	Long-term debt				

Unamortized debt discounts and debt issuance costs totaled **\$21** **\$20** million and \$24 million as of **June 28, 2024** **September 27, 2024** and December 31, 2023, respectively. Debt discounts and issuance costs are presented as a reduction of debt in the Consolidated Condensed Balance Sheets and are amortized as a component of interest expense over the term of the related debt. Refer to Note 12 of the 2023 Annual Report on Form 10-K for a description of the Company's debt financing.

There were no amounts outstanding under the credit facility or commercial paper program as of **June 28, 2024** **September 27, 2024**.

### Registration Rights Agreement

During 2023, the Company issued in a private placement of approximately \$2.1 billion aggregate principal amount of USD senior unsecured notes in three series with maturity dates ranging from 2026 through 2033. Additionally, the Company issued €500 million principal amount of senior unsecured notes with a maturity date in 2031 (collectively, the "Private Notes"). In connection with the issuance of the Private Notes, the Company entered into a registration rights agreement, pursuant to which the Company was obligated to use commercially reasonable efforts to file with the SEC, and cause to be declared effective, a registration statement with respect to an offer to exchange each series of Private Notes for registered notes ("Registered Notes") with substantially identical terms ("Exchange Offer"). Accordingly, on July 26, 2024, the Company filed a registration statement on Form S-4 with the SEC, which was declared effective on August 5, 2024. On August 5, 2024, the Company launched the Exchange Offer, which expired on September 3, 2024. Substantially all Private Notes were tendered and exchanged for Registered Notes in the Exchange Offer.

## NOTE 10. HEDGING TRANSACTIONS

The Company is neither a dealer nor a trader in derivative instruments. The Company has generally accepted the exposure to transactional exchange rate movements without using derivative instruments to manage this risk. The Company has €500 million of foreign currency denominated long-term debt that is designated as a partial hedge of its net investment in foreign operations against adverse movements in exchange rates between the U.S. dollar and the euro. This foreign currency denominated long-term debt issuance is designated and qualifies as a nonderivative hedging instrument. Accordingly, the foreign currency translation of this debt instrument is recorded in accumulated other comprehensive income (loss), offsetting the foreign currency translation adjustment of the Company's related net investment that is also recorded in accumulated other comprehensive income (loss). This instrument matures in September 2031.

The following table summarizes the notional values as of **June 28, 2024** **September 27, 2024** and **September 29, 2023** and pretax impact of changes in the fair values of instruments designated as net investment hedges in accumulated other comprehensive income ("OCI") for the three and **six-month** **nine-month** periods ended **June 28, 2024** **September 27, 2024** and **September 29, 2023** (\$ in millions):

	Notional Amount Outstanding	Gain (Loss) Recognized in OCI	Amounts Reclassified from OCI
<b>For the Three-Month Period Ended June 28, 2024:</b>			
Net investment hedges:			
Foreign currency denominated debt	\$ 530	\$ 4	\$ —
<b>For the Six-Month Period Ended June 28, 2024:</b>			
Net investment hedges:			
Foreign currency denominated debt	\$ 530	\$ 16	\$ —
There was no foreign currency denominated debt as of June 30, 2023.			
<b>For the Three-Month Period Ended September 27, 2024:</b>			
Net investment hedges:			
Foreign currency denominated debt	\$ 554	\$ (23)	\$ —
<b>For the Three-Month Period Ended September 29, 2023:</b>			
Net investment hedges:			
Foreign currency denominated debt	\$ 523	\$ 4	\$ —
<b>For the Nine-Month Period Ended September 27, 2024:</b>			
Net investment hedges:			
Foreign currency denominated debt	\$ 554	\$ (7)	\$ —
<b>For the Nine-Month Period Ended September 29, 2023</b>			
Net investment hedges:			
Foreign currency denominated debt	\$ 523	\$ 4	\$ —

The Company did not reclassify any other deferred gains or losses related to the net investment hedge from accumulated other comprehensive income (loss) to earnings during the three and **six-month** **nine-month** periods ended **June 28, 2024** **September 27, 2024** and **September 29, 2023**. In addition, the Company did not have any ineffectiveness related to the net investment hedge during the three and **six-month** **nine-month** periods ended **June 28, 2024** **September 27, 2024** and **September 29, 2023**, and should they arise, any ineffective portions of the hedge would be reclassified from accumulated other comprehensive income (loss) into earnings during the period of change.

The Company's nonderivative debt instrument designated and qualifying as a net investment hedge, was classified in the Company's Consolidated Condensed Balance Sheets within Long-term debt as of **June 28, 2024** **September 27, 2024**.

## NOTE 11. DEFINED BENEFIT PLANS

For a description of the noncontributory defined benefit pension plans refer to Note 14 of the 2023 Annual Report on Form 10-K.

The following sets forth the components of the Company's net periodic benefit cost of the non-U.S. noncontributory defined benefit pension plans (\$ in millions):

	Three-Month Period Ended	Three-Month Period Ended		Six-Month Period Ended	Three-Month Period Ended	Nine-Month Period Ended
	June 28, 2024	June 30, 2023		June 28, 2024	June 30, 2023	
				September 27, 2024		
	September 27, 2024	September 29, 2023		2024	September 29, 2023	
Service cost						
Interest cost						
Expected return on plan assets						
Amortization of net loss						
Curtailment gain						
Net periodic cost						

The curtailment gain recognized during the three and nine-month periods ended September 27, 2024 relates to the divestiture of a product line described in Note 6.

The service cost component of net periodic benefit costs is presented in cost of goods sold and selling, general and administrative expenses, while the other cost components are presented in other income (expense), net.

## NOTE 12. COMMITMENTS AND CONTINGENCIES

The Company reviews the adequacy of its legal reserves on a quarterly basis and establishes reserves for loss contingencies that are both probable and reasonably estimable. For a further description of the Company's litigation and contingencies, refer to Note 16 of the Company's financial statements as of and for the year ended December 31, 2023 included within the 2023 Annual Report on Form 10-K.

The Company generally accrues estimated warranty costs at the time of sale. In general, manufactured products are warranted against defects in material and workmanship when properly used for their intended purpose, installed correctly and appropriately maintained. Warranty periods depend on the nature of the product and range from the date of such sale up to twenty years. The amount of the accrued warranty liability is determined based on historical information such as past experience, product failure rates or number of units repaired, estimated cost of material and labor and in certain instances estimated property damage. As of September 27, 2024 June 28, 2024 and December 31, 2023, the Company had accrued warranty liabilities of \$32 million \$33 million and \$34 million, respectively.

## NOTE 13. STOCKHOLDERS' EQUITY AND STOCK-BASED COMPENSATION

For a description of the stock-based compensation programs in which certain employees of the Company participate, reference is made to Note 17 of the Company's financial statements as of and for the year ended December 31, 2023 included within the 2023 Annual Report on Form 10-K.

The Company's stock-based compensation expense for the three-month periods ended June 28, 2024 September 27, 2024 and June 30, 2023 September 29, 2023 was \$20 million \$17 million and \$13 million, respectively. The Company's stock-based compensation expense for the six-month nine-month periods ended June 28, 2024 September 27, 2024 and June 30, 2023 September 29, 2023 was \$35 million \$52 million and \$22 million \$35 million, respectively.

Stock-based compensation has been recognized as a component of selling, general and administrative expenses in the accompanying Consolidated and Combined Condensed Statements of Earnings. As of June 28, 2024 September 27, 2024, \$48 million \$39 million of total unrecognized compensation cost related to restricted stock units ("RSUs") RSUs and performance stock units ("PSUs") PSUs is expected to be recognized over a weighted average period of

approximately two years. As of **June 28, 2024** **September 27, 2024**, **\$47 million** **\$40 million** of total unrecognized compensation cost related to stock options is expected to be recognized over a weighted average period of approximately two years. Future compensation amounts will be adjusted for any changes in estimated forfeitures.

#### Accumulated Other Comprehensive Income (Loss)

Accumulated other comprehensive income (loss) refers to certain gains and losses that under GAAP are included in comprehensive income (loss) but are excluded from net earnings as these amounts are initially recorded as an adjustment to equity. Foreign currency translation adjustments are generally not adjusted for income taxes as they relate to indefinite investments in non-U.S. subsidiaries. Net investment hedge adjustments reflect the gains or losses on the foreign currency denominated long-term debt issuance designated as a nonderivative hedging instrument. Pension and postretirement plan benefit adjustments relate to unrecognized prior service credits and actuarial losses.

The changes in accumulated other comprehensive income (loss) by component are summarized below (\$ in millions).

	Foreign Currency	Pension and		Accumulated
	Translation Adjustments	Net Investment Hedges	Postretirement Plan Benefit Adjustments	Comprehensive Income (Loss)
<b>For the Three-Month Period Ended June 28, 2024:</b>				
Balance, March 29, 2024	\$ (975)	\$ (5)	\$ (1)	\$ (981)
Other comprehensive income (loss):

## NOTE 14. RELATED PARTY TRANSACTIONS

### Related Party Agreements

In connection with the Separation, on September 29, 2023, Veralto entered into the agreements that govern the Separation and the relationships between the parties following the Separation, including an employee matters agreement, a tax matters agreement, an intellectual property matters agreement, a Veralto Enterprise System license agreement and a transition services agreement. Such agreements are described in Note 18 of the 2023 Annual Report on Form 10-K.

### Allocated Expenses

Prior to the Separation, Veralto operated as part of Danaher and not as a stand-alone company. Accordingly, certain shared costs for management and support functions which were provided on a centralized basis within Danaher were allocated to Veralto and are reflected as expenses in these financial statements prior to the Separation date. The Company considers the allocation methodologies used to be reasonable and appropriate reflections of the related expenses attributable to Veralto for purposes of the carved-out financial statements; however, the expenses reflected in these financial statements for periods prior

to the Separation date may not be indicative of the actual expenses that would have been incurred during the periods presented if the Company had operated as a separate stand-alone entity. In addition, the expenses reflected in the financial statements may not be indicative of expenses that the Company will incur in the future.

#### Corporate Expenses

Certain corporate overhead and shared expenses incurred by Danaher and its subsidiaries have been allocated to the Company and are reflected in the Consolidated and Combined Condensed Statements of Earnings. These amounts include, but are not limited to, items such as general management and executive oversight, costs to support Danaher's information technology infrastructure, facilities, compliance, human resources, marketing and legal functions and financial management and transaction processing including public company reporting, consolidated tax filings and tax planning, Danaher benefit plan administration, risk management and consolidated treasury services, certain employee benefits and incentives, and stock based compensation administration. These costs are allocated using methodologies that management believes are reasonable for the item being allocated. Allocation methodologies include the Company's relative share of revenues, headcount, or functional spend as a percentage of the total.

Corporate Expenses allocated to Veralto from Danaher and its subsidiaries for the three and ~~six-month~~ nine-month periods ended ~~June 30, 2023~~ September 29, 2023 were ~~\$14 million~~ \$15 million and ~~\$27~~ \$42 million, respectively. Following the Separation, the Company independently incurs expenses as a stand-alone company and no expenses are allocated by Danaher.

#### Insurance Programs Administered by Danaher

In addition to the corporate allocations discussed above, the Company was allocated expenses related to certain insurance programs Danaher administers on behalf of the Company, including workers compensation, property, cargo, automobile, crime, fiduciary, product, general and directors' and officers' liability insurance. These amounts were allocated using various methodologies, as described below.

Included within the insurance cost allocation are allocations related to programs for which Danaher is self-insured up to a certain amount. For the self-insured component, costs were allocated to the Company based on its incurred claims. Danaher has premium based policies which cover amounts in excess of the self-insured retentions. The Company was allocated a portion of the total insurance cost incurred by Danaher based on its pro-rata portion of Danaher's total underlying exposure base. An estimated liability relating to the Company's known and incurred but not reported claims has been allocated to the Company and reflected on the accompanying Consolidated Condensed Balance Sheets.

Insurance programs expenses allocated to Veralto from Danaher and its subsidiaries for three and ~~six-month~~ nine-month periods ended ~~June 30, 2023~~ September 29, 2023 were \$2 million and ~~\$4~~ \$6 million, respectively.

#### Medical Insurance Programs Administered by Danaher

In addition to the corporate allocations discussed above, the Company was allocated expenses related to the medical insurance programs Danaher administers on behalf of the Company. These amounts were allocated using actual medical claims incurred during the period for the associated employees attributable to the Company.

Medical insurance programs expenses allocated to Veralto from Danaher and its subsidiaries for three and six-month nine-month periods ended **June 30, 2023** September 29, 2023 were \$20 million \$23 million and \$41 \$64 million, respectively.

#### Deferred Compensation Program Administered by Danaher

Refer to Note 8 for information regarding the deferred compensation program. In connection with the Separation, the Company established a similar independent, nonqualified deferred compensation program.

Deferred compensation program expenses incurred for three and six-month nine-month periods ended **June 30, 2023** September 29, 2023 were \$1 million and \$2 \$3 million, respectively.

#### **Revenue and other transactions entered into in the ordinary course of business**

Prior to the Separation, the Company operated as part of Danaher and not as a stand-alone company and certain of its revenue arrangements related to contracts entered into in the ordinary course of business with Danaher and its affiliates.

During the three-month periods ended **June 28, 2024** September 27, 2024 and **June 30, 2023** September 29, 2023, Veralto recorded revenues from sales to Danaher and its subsidiaries of \$5 million \$6 million and \$7 million, respectively. During the six-month nine-month periods ended **June 28, 2024** September 27, 2024 and **June 30, 2023** September 29, 2023, Veralto recorded revenues from sales to Danaher and its subsidiaries of \$10 \$16 million and \$14 million \$21 million, respectively. Following the Separation, Veralto continues to enter into revenue arrangements in the ordinary course of business with Danaher and its subsidiaries, although certain agreements were entered into or terminated as a result of the Separation.

In addition to transactions entered into in the ordinary course of business, the Company made net payments of approximately \$2 less than \$1 million and approximately \$16 million during the three and six-month nine-month periods ended **June 28, 2024** September 27, 2024, respectively, in accordance with the transition services agreement for various services provided to the Company by Danaher.

#### **NOTE 15. SUBSEQUENT EVENTS**

On October 4, 2024, the Company completed the acquisition of 100% of the outstanding shares of Information Exchange Holdings, Inc., the holding company that owns TraceGains, a provider of cloud-based software solutions for food and beverage compliance and new product development digital workflows, for \$350 million, subject to customary post-closing adjustments. This business will be included in the PQI segment.

The initial accounting for the TraceGains acquisition is incomplete as a result of the timing of the acquisition. Accordingly, it is impracticable for the Company to make certain business combination disclosures such as the estimated fair values of assets and liabilities acquired and the amount of goodwill.

#### **ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") is designed to provide material information relevant to an assessment of the Company's financial condition and results of operations, including an evaluation of the amounts and certainty of cash flows from operations and from outside sources. The MD&A is designed to focus specifically on material events and uncertainties known to management that are reasonably likely to cause reported financial information not to be necessarily indicative of future operating results or of future financial condition. This includes descriptions and amounts of matters that have had a material impact on reported operations, as well as matters that are reasonably likely based on management's assessment to have a material impact on future operations. The Company's MD&A is divided into six sections:

- Information Relating to Forward-Looking Statements;
- Basis of Presentation;
- Overview;
- Results of Operations;

- Liquidity and Capital Resources; and
- Critical Accounting Estimates.

You should read this discussion along with the Company's MD&A and audited financial statements and Notes thereto as of and for the year ended December 31, 2023, included within the 2023 Annual Report on Form 10-K, and the unaudited financial statements and related Notes as of and for ~~the~~ the three and ~~six-month~~ nine-month periods ended ~~June 28, 2024~~ September 27, 2024 included in this Quarterly Report on Form 10-Q (this "Report").

#### **INFORMATION RELATING TO FORWARD-LOOKING STATEMENTS**

Certain statements included or incorporated by reference in this Report, in other documents we file with or furnish to the Securities and Exchange Commission, in our press releases, webcasts, conference calls, materials delivered to shareholders and other communications, are "forward-looking statements" within the meaning of the U.S. federal securities laws. All statements other than historical factual information are forward-looking statements, including without limitation statements regarding: projections of revenue, expenses, profit, profit margins, pricing, tax rates, tax provisions, cash flows, pension and benefit obligations and funding requirements, our liquidity position or other projected financial measures; management's plans and strategies for future operations, including statements relating to anticipated operating performance, cost reductions, restructuring activities, new product and service developments, competitive strengths or market position, acquisitions and the integration thereof, divestitures, spin-offs, split-offs, initial public offerings, other securities offerings, or other distributions, strategic opportunities, stock repurchases, dividends and executive compensation; growth, declines and other trends in markets we sell into; new or modified laws, regulations and accounting pronouncements; future regulatory approvals and the timing and conditionality thereof; outstanding claims, legal proceedings, tax audits and assessments and other contingent liabilities; future foreign currency exchange rates and fluctuations in those rates; general economic and capital markets conditions; the anticipated timing of any of the foregoing; assumptions underlying any of the foregoing; and any other statements that address events or developments that Veralto intends or believes will or may occur in the future. Terminology such as "believe," "anticipate," "should," "could," "intend," "will," "plan," "expect," "estimate," "project," "target," "may," "possible," "potential," "forecast" and "positioned" and similar references to future periods are intended to identify forward-looking statements, although not all forward-looking statements are accompanied by such words.

Forward-looking statements are based on assumptions and assessments made by our management in light of their experience and perceptions of historical trends, current conditions, expected future developments and other factors. Forward-looking statements are not guarantees of future performance and actual results may differ materially from the results, developments and business decisions contemplated by our forward-looking statements. Accordingly, you should not place undue reliance on any such forward-looking statements. Important factors that in some cases have affected us in the past and that in the future could cause actual results to differ materially from those envisaged in the forward-looking statements include the following:

- Conditions in the global economy, including military conflicts, the particular markets we serve and the financial markets can adversely affect our business and financial statements.
- We face intense competition and if we are unable to compete effectively, we may experience decreased demand and decreased market share. Even if we compete effectively, we may be required to reduce the prices we charge.
- Our growth depends on the timely development and commercialization, and customer acceptance, of new and enhanced products and services based on technological innovation.
- Global economic, political, legal, compliance, social and business factors can negatively affect our business and financial statements.
- Our growth can also suffer if the markets into which we sell our products and services decline, do not grow as anticipated or experience cyclical.
- Any inability to consummate acquisitions at our historical rate and appropriate prices, and to make appropriate investments that support our long-term strategy, could negatively impact our business.
- Our acquisition or divestiture of businesses, investments, joint ventures and other strategic relationships can negatively impact our business and financial statements.
- Significant disruptions in, or breaches in security of, our information technology ("IT") systems or data or violations of data privacy laws can adversely affect our business and financial statements.

- Defects and unanticipated use or inadequate disclosure with respect to our products or services, or allegations thereof, can adversely affect our business and financial statements.
- If we suffer loss to our facilities, supply chains, distributions systems or information technology systems due to catastrophe or other events, our operations could be seriously harmed.
- Climate change, legal or regulatory measures to address climate change and any inability on our part to address stakeholder expectations related to climate change may negatively affect us.
- Our financial results are subject to fluctuations in the cost and availability of the supplies that we use in, and the labor we need for, our operations.
- Our success depends on our ability to recruit, retain and motivate talented employees representing diverse backgrounds, experiences and skill sets.
- Our restructuring actions can have long-term adverse effects on our business and financial statements.
- If we are unable to adequately protect our intellectual property, or if third parties infringe our intellectual property rights, we may suffer competitive injury or expend significant resources enforcing our rights. These risks are particularly pronounced in countries in which we do business that do not have levels of protection of intellectual property comparable to the United States.
- Third parties from time to time claim that we are infringing or misappropriating their intellectual property rights and we could suffer from significant litigation expenses, losses or licensing expenses or be prevented from selling products or services.
- Our outstanding debt has increased significantly as a result of our separation from Danaher, and we may incur additional debt in the future. Our existing and future indebtedness may limit our operations and our use of our cash flow and negatively impact our credit ratings; and any failure to comply with the covenants that apply to our indebtedness could adversely affect our business and financial statements.
- We may be required to recognize impairment charges for our goodwill and other intangible assets.
- Foreign currency exchange rates can adversely affect our financial statements.
- Changes in our tax rates or exposure to additional income tax liabilities or assessments could affect our earnings. In addition, audits by tax authorities could result in additional tax payments for prior periods.
- Changes in tax law relating to multinational corporations could adversely affect our tax position.
- Our businesses are subject to extensive regulation, failure to comply with those regulations could adversely affect our business and financial statements.
- We are subject to or otherwise responsible for a variety of litigation and other legal and regulatory proceedings in the course of our business that can adversely affect our business and financial statements.
  
- Our operations, products and services expose us to the risk of environmental, health and safety liabilities, costs and violations that could adversely affect our business and financial statements.
- Certain provisions in Veralto's amended and restated certificate of incorporation and bylaws, and of Delaware law, may prevent or delay an acquisition of Veralto, which could decrease the trading price of Veralto's common stock.
- The forum selection provisions under Veralto's amended and restated certificate of incorporation could discourage lawsuits against Veralto and Veralto's directors, officers, employees and stockholders.
- If we are unable to implement and maintain effective internal control over financial reporting in the future, investors may lose confidence in the accuracy and completeness of our financial reports and the market price of our common stock may be negatively affected.
- As an independent, public traded company, Veralto may not enjoy the same benefits that Veralto did as a part of Danaher.
- Potential indemnification liabilities to Danaher pursuant to the separation agreement could materially and adversely affect Veralto's business and financial statements.

- In connection with the Separation, Danaher has agreed to indemnify Veralto for certain liabilities. However, there can be no assurance that the indemnity will be sufficient to insure Veralto against the full amount of such liabilities, or that Danaher's ability to satisfy its indemnification obligation will not be impaired in the future.
- If there is a determination that the separation and/or the distribution, together with certain related transactions, is taxable for U.S. federal income tax purposes, Danaher and its stockholders could incur significant U.S. federal income tax liabilities, and we could also incur significant liabilities.
- Veralto may be affected by significant restrictions, including on its ability to engage in certain corporate transactions for a two-year period after the distribution in order to avoid triggering significant tax-related liabilities.
- Certain of Veralto's executive officers and directors may have actual or potential conflicts of interest because of their equity interest in Danaher. Also, certain of Danaher's current directors and a current Danaher officer and a current Danaher employee have joined Veralto's Board, which may create conflicts of interest or the appearance of conflicts of interest.
- Danaher may compete with Veralto.
- Veralto or Danaher may fail to perform under various transaction agreements that were executed as part of the Separation or Veralto may fail to have necessary systems and services in place when certain of the transaction agreements expire.

See "Item 1A. Risk Factors" in the 2023 Annual Report on Form 10-K for further discussion regarding reasons that actual results may differ materially from the results, developments and business decisions contemplated by our forward-looking statements. Forward-looking statements speak only as of the date of the report, document, press release, webcast, call, materials or other communication in which they are made. Except to the extent required by applicable law, we do not assume any obligation to update or revise any forward-looking statement, whether as a result of new information, future events and developments or otherwise.

#### **BASIS OF PRESENTATION**

The accompanying Consolidated and Combined Condensed Financial Statements present the historical financial position of the Company, results of operations, changes in equity and cash flows in accordance with generally accepted accounting principles in the United States ("GAAP"). Prior to the Separation from Danaher on September 30, 2023, Veralto businesses were comprised of certain Danaher operating units. Veralto Corporation and the Veralto Businesses (including the periods prior to the Separation) are collectively referred to as "Veralto" or the "Company" herein.

The Combined Condensed Financial Statements for periods prior to the Separation were derived from Danaher's Consolidated Condensed Financial Statements and accounting records and prepared in accordance with GAAP for the preparation of carved-out combined financial statements. Prior to the Separation, all revenues and costs as well as assets and liabilities directly associated with Veralto have been included in the Combined Condensed Financial Statements. Additionally, the Combined Condensed Financial Statements for periods prior to the Separation included allocations of certain general, administrative, sales and marketing expenses and cost of sales from Danaher's corporate office and from other Danaher businesses to Veralto, and

allocations of related assets, liabilities, and the Former Parent's investment, as applicable. The allocations were determined on a reasonable basis; however, the amounts are not necessarily representative of the amounts that would have been reflected in the financial statements had Veralto been operating independently of Danaher during the applicable periods. Accordingly, the Combined Condensed Financial Statements may not be indicative of Veralto's results had the Company been a separate stand-alone entity throughout the periods presented. For further discussion of related party allocations prior to the Separation, including the method for such allocation, refer to Note 18 of the 2023 Annual Report on Form 10-K.

Following the Separation, the Consolidated Condensed Financial Statements include the accounts of Veralto and those of its wholly-owned subsidiaries and no longer include any allocations from Danaher.

#### **OVERVIEW**

##### **Business Overview**

The Company's unifying purpose is *Safeguarding the World's Most Vital Resources*™. Our diverse group of leading operating companies provide essential technology solutions that monitor, enhance and protect key resources around the globe. The Company is committed to the advancement of public health and safety and believes it is positioned to support its customers as they address large global challenges including environmental resource sustainability, water scarcity, management of severe weather events, and food and pharmaceutical security. For decades, the Company has used its scientific expertise

and innovative technologies to address complex challenges our customers face across regulated industries - including municipal utilities, food and beverage, pharmaceutical and industrials - where the consequence of failure is high. Through its core offerings in water analytics, water treatment, marking and coding and packaging and color, customers look to the Company's solutions to help ensure the safety, quality, efficiency and reliability of their products and processes. The Company is headquartered in Waltham, Massachusetts with a workforce of approximately 16,000 associates strategically located in more than 45 countries.

The Company operates through two segments – Water Quality ("WQ") and Product Quality & Innovation ("PQI"). The Company's businesses within these segments have strong globally recognized brands as a result of its leadership in served markets over several decades. Through WQ, the Company provides innovative products and services that improve the quality and reliability of water through leading brands including Hach, Trojan Technologies and ChemTreat. Through PQI, the Company enables customers to promote consumer trust in products and help enable product innovation through leading brands including Videojet, Linx, Esko, X-Rite and Pantone. The Company believes its leading positions result from the strength of our commercial organizations, our legacy of innovation, and our close and long-term connectivity to its customers and knowledge of their workflows, underpinned by our culture of continuous improvement. This has resulted in a large installed base of instruments that drive ongoing consumables and software sales to support the Company's customers. As a result, the Company's business generates recurring sales which represented **approximately 61%** of total sales during the **six-month** **nine-month** period ended **June 28, 2024** **September 27, 2024**. The Company's business model also supports a strong margin profile with limited capital expenditure requirements and has generated attractive cash flows. The Company believes these attributes allow it to deliver financial performance that is resilient across economic cycles.

As a result of the Company's geographic and industry diversity, the Company faces a variety of opportunities and challenges, including rapid technological development in most of the Company's served markets, the expansion and evolution of opportunities in high-growth markets, trends and costs associated with a global labor force, consolidation of the Company's competitors and increasing regulation. The Company operates in a highly competitive business environment in most markets, and the Company's long-term growth and profitability will depend in particular on its ability to identify, consummate and integrate appropriate acquisitions and identify and consummate appropriate investments and strategic partnerships, develop innovative and differentiated new products and services with higher gross profit margins, expand and improve the effectiveness of the Company's sales force, continue to reduce costs and improve operating efficiency and quality, effectively address the demands of an increasingly regulated global environment and expand its business in high-growth geographies and high-growth market segments. The Company is making significant investments, organically and through acquisitions and investments, to address the rapid pace of technological change in its served markets and to globalize its manufacturing, research and development and customer-facing resources (particularly in high-growth markets) to be responsive to the Company's customers throughout the world and improve the efficiency of the Company's operations. The Company defines high-growth markets as developing markets of the world experiencing extended periods of accelerated growth in gross domestic product and infrastructure which include Eastern Europe, the Middle East, Africa, Latin America (including Mexico) and Asia (with the exception of Japan, Australia and New Zealand). The Company defines developed markets as all markets of the world that are not high-growth markets.

We also believe that the Veralto Enterprise System ("VES") provides the Company with a strong foundation for competitive differentiation. VES is a business management system that consists of a philosophy, processes and tools that guide what

Veralto does and measure how well Veralto executes, grounded in a culture of continuous improvement. The VES processes and tools are organized around the areas of Operational Excellence, Growth and Leadership, and are rooted in foundational tools known as the VES Fundamentals, which are relevant to every associate and business function. The VES Fundamentals are focused on core competencies such as using visual representations of processes to identify inefficiencies, defining and solving problems in a structured way, and continuously improving processes to drive consistent execution.

Veralto uses VES tools to improve our profitability and cash flows, which support our ability to expand our addressable market and improve our market position through investments in areas such as our commercial organization and research and development ("R&D"), including software and digital solutions. Our cash flows also support acquisitions to enhance our product capabilities and expansion into new and attractive markets, which we have successfully done through the acquisition of approximately 80 businesses over more than two decades.

### **Business Performance**

During the three-month period ended **June 28, 2024** **September 27, 2024**, the Company's overall revenues increased 2.8% and core sales increased 3.8% compared to the comparable period in 2023 with growth in both segments. Currency exchange rates and acquisitions, net of divestitures, decreased reported sales by 0.8% and 0.2%, respectively. For 0.1%. For the **six-month** **nine-month** period ended **June 28, 2024** **September 27, 2024**, overall revenues increased 2.3% and core sales increased 2.8% compared to the comparable period in 2023. Currency exchange rates and acquisitions, net of divestitures, decreased reported sales by 0.3% and 0.2%, respectively. For the definition of "core sales" refer to "—Results of Operations" below.

Geographically, the Company's sales in the three-month period ended **June 28, 2024** **September 27, 2024** in developed markets increased year-over-year by **3.5%** **5.4%** driven by increased sales of **5.8%** **6.2%** in North America and **4.8%** in Western Europe, partially offset by decreased sales of **0.4%** **3.3%** in Western Europe, other developed markets. Sales in high-growth markets increased **1.1%** **2.8%** year-over-year. For the same period, core sales in developed markets increased **3.5%** driven by an increase in core sales of **5.4%** in North America. Core sales were flat in the three-month period ended **June 28, 2024** in Western Europe. Core sales in high-growth markets increased **4.4%** driven by high single-digit increases mid-single digit growth in Latin America.

Geographically, the Company's sales America partially offset by low-single digit decreases in the six-month period ended June 28, 2024 in developed markets increased year-over-year by **3.3%** driven by increased sales of **5.3%** in North America and **0.4%** in Western Europe while sales in high-growth markets decreased **0.4%**. China. For the same period, core sales in developed markets increased **2.9%** **4.8%** driven by an increase in core sales of **4.8%** **5.5%** in North America and an increase in core sales of **4.2%** in Western Europe, partially offset by decreased a decrease in core sales of **0.5%** in Western Europe, while core other developed markets. Core sales in high-growth markets increased **2.1%** **4.5%** driven by high single-digit increases in Latin America partially offset by low-single digit decreases in China.

Geographically, the Company's sales in the nine-month period ended September 27, 2024 in developed markets increased year-over-year by **4.0%** driven by increased sales of **5.6%** in North America and **1.8%** in Western Europe, partially offset by decreased sales of **5.6%** in other developed markets. Sales in high-growth markets increased **0.7%** year-over-year, driven by mid-single digit growth in Latin America partially offset low-single digit decreases in China. For the same period, core sales in developed markets increased **3.6%** driven by an increase in core sales of **5.1%** in North America and an increase in core sales of **1.0%** in Western Europe. Core sales in high-growth markets increased **2.9%** driven by mid-single digit increases in Latin America. America partially offset by low-single digit decreases in China.

The Company's net earnings for the three and **six-month** **nine-month** periods ended **June 28, 2024** totaled \$203 million and \$387 million **September 27, 2024** totaled \$219 million and \$606 million, respectively, compared to \$209 million \$205 million and \$434 million \$639 million, respectively, for the three and **six-month** **nine-month** periods ended **June 30, 2023** **September 29, 2023**. The **decrease** increase in net earnings during the three-month period ended **June 28, 2024** **September 27, 2024** as compared to the three-month period ended **June 30, 2023** **September 29, 2023** was driven by higher sales, gross profit and a gain on the disposition of a product line offset by standalone public company costs and interest expense post Separation from Danaher, and select investments in sales and marketing growth initiatives. Danaher. The decrease in net **earnings** **earnings** during the **six-month** **nine-month** period ended **June 28, 2024** **September 27, 2024** as compared to the **six-month** **nine-month** period ended **June 30, 2023** **September 29, 2023** was driven by standalone public company costs, interest expense post Separation from Danaher, select investments in sales and marketing growth initiatives and a net loss on a sale the disposition of a product line. lines. Refer to "—Results of Operations" for further discussion of the year-over-year changes in net earnings for the the three and **six-month** **nine-month** periods ended **June 28, 2024** **September 27, 2024**.

## Outlook

Looking out over During the **balance of 2024**, **fourth quarter**, in the Water Quality Segment, the Company continues to expect growth driven by positive secular growth drivers across industrial markets, particularly in North America, along with steady demand at **municipalities**. **municipalities** globally. In the Product Quality and Innovation segment, the Company expects to see steady, modest benefit from continued gradual recovery in the consumer packaged consumer-packaged goods markets as the year progresses. markets. In any end market environment, the Company leverages VES to drive growth and continuous improvement.

The Company's outlook for 2024 reflects its current visibility and expectations based on the current market environment and other factors. The Company's ability to meet its expectations are subject to numerous risks, including, but not limited to, those described in "Item 1A. Risk Factors" within the Company's 2023 Annual Report on Form 10-K and any subsequent updates in Item "1A. Risk Factors" within Quarterly Reports on Form 10-Q.

On October 4, 2024, the Company completed its acquisition of Information Exchange Holdings, Inc., the holding company that owns TraceGains, for \$350 million, subject to customary post-closing adjustments. The Company believes this business complements the PQI segment, specifically the packaging and color solutions business.

TraceGains is a leading provider of cloud-based software solutions that enable connected data and digital workflow management to help consumer brands meet increasingly stringent compliance and reporting regulations for food and beverage safety and traceability. Its solutions enable consumer brands to efficiently track ingredient inputs, monitor supplier quality and develop new products with greater safety and increased velocity.

Refer to Note 15, "Subsequent Events" in the accompanying Notes contained elsewhere in this Form 10-Q for additional information.

## RESULTS OF OPERATIONS

## Non-GAAP Measures

In this Report, references to the non-GAAP measures of core sales (also referred to as core revenues or sales/revenues from existing businesses) refer to sales from continuing operations calculated according to GAAP but excluding sales from acquired businesses (as defined below) and the impact of currency translation.

References to sales or operating profit attributable to acquisitions or acquired businesses refer to sales or operating profit, as applicable, from acquired businesses recorded prior to the first anniversary of the acquisition less any sales and operating profit, during the applicable period, attributable to divested product lines not considered discontinued operations. The portion of revenue attributable to currency translation is calculated as the difference between the period-to-period change in revenue (excluding sales from acquired businesses (as defined above, as applicable)) and the period-to-period change in revenue (excluding sales from acquired businesses (as defined above, as applicable)) after applying current period foreign exchange rates to the prior year period.

Core sales growth should be considered in addition to, and not as a replacement for or superior to, sales growth, and may not be comparable to similarly titled measures reported by other companies. Management believes that reporting the non-GAAP financial measure of core sales growth provides useful information to investors by helping identify underlying growth trends in the Company's business and facilitating comparisons of the Company's revenue performance with its performance in prior and future periods and to the Company's peers. Management also uses core sales growth to measure the Company's operating and financial performance and as one of the performance measures in the Company's short-term incentive compensation program. The Company excludes the effect of currency translation from core sales because currency translation is not under management's control, is subject to volatility and can obscure underlying business trends, and excludes the effect of acquisitions and divestiture-related items because the nature, size, timing and number of acquisitions and divestitures can vary dramatically from period-to-period and between the Company and its peers, and can also obscure underlying business trends and make comparisons of long-term performance difficult.

Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information calculated in accordance with GAAP. Investors are encouraged to review the reconciliation of each non-GAAP financial measure to its most directly comparable GAAP financial measure.

For information regarding the Company's sales by geographical region, refer to Note 3 to the accompanying Consolidated and Combined Condensed Financial Statements.

## Cost of Sales and Gross Profit

	Three-Month Period		Six-Month Period		Three-Month Period		Nine-Month Period	
	Three-Month Period Ended	Ended	June 30, 2023	June 30, 2024	(\$ in millions)	September 27, 2024	September 29, 2023	September 27, 2024
Sales	(\$ in millions)	(\$ in millions)	June 28, 2024	June 30, 2023		(\$ in millions)	September 27, 2024	September 29, 2023
Cost of sales								
Gross profit								
Gross profit margin	Gross profit margin	60.1 %	57.8 %	60.0 %	57.8 %	Gross profit margin	59.6 %	57.6 %

Cost of sales decreased by \$15 million \$1 million or 2.8% 0.2% and by \$34 million or 2.2% on a year-over-year basis during the three-month period three and nine-month periods ended June 28, 2024 September 27, 2024, respectively, as compared to the comparable period periods in 2023. Cost of sales decreased by \$33 million or 3.2% during the six-month period ended June 28, 2024, as compared to the comparable period in 2023. For the three and six-month periods ended June 28, 2024, the decreases in cost of sales were driven 2023, driven primarily by the impact of lower year-over-year material costs and improved productivity.

Gross profit margins increased 230 200 and 220 basis points on a year-over-year basis for the three-month period three and nine-month periods ended June 28, 2024 September 27, 2024, respectively, as compared compared to the comparable period periods in 2023. Gross profit margins increased 220 basis points on a year-over-year basis for the six-month period ended June 28, 2024, as compared to the comparable period in 2023. For the three and six-month periods ended June 28, 2024 the increase in gross profit margins were 2023, driven by positive pricing actions and to a lesser extent lower material costs and improved productivity.

## Operating Expenses

	June		June 30, 2023		June 28, 2024		June 30, 2023 (\$ in millions)		September 27, 2024											
	(\$ in millions)		28, 2024		2023		(\$ in millions)		29, 2024											
<b>Sales</b>																				
Selling, general and administrative ("SG&A") expenses																				
Research and development ("R&D") expenses																				
SG&A as a % of sales																				
SG&A as a % of sales																				
SG&A as a % of sales																				
R&D as a % of sales																				
R&D as a % of sales																				

SG&A expenses as a percentage of sales increased 190 decreased by 10 basis points for and increased by 130 basis points during the three-month period three and nine-month periods ended June 28, 2024 September 27, 2024, respectively, as compared to the comparable period periods in 2023. SG&A expenses as a percentage of sales increased 210 basis points for The decrease during the six-month three-month period ended June 28, 2024, as compared to the comparable period in 2023. For September 27, 2024 was primarily driven by core sales growth driven by the three and six-month periods ended June 28, 2024, factors discussed below by segment exceeding the increase in the Company's SG&A expenses as a percentage of sales expense. The increase during the nine-month period ended September 27, 2024 was driven primarily by the increase in the Company's SG&A expenses exceeding the increase in the Company's sales, due to continued select investments in sales and marketing growth initiatives, as well as the costs to operate as a stand-alone company.

R&D expenses as a percentage of sales sales increased by 2040 basis points and by 2030 basis points respectively, during the three and six-month nine-month periods ended June 28, 2024 September 27, 2024, respectively, as compared to the comparable period periods in 2023, driven by growth related R&D initiatives.

## Operating Profit Performance

Operating profit margins margins increased 10160 basis points from 23.1%21.8% during the three-month period ended June 30, 2023 September 29, 2023 to 23.2%23.4% for the three-month period ended June 28, 2024 September 27, 2024.

Second Third quarter 2024 vs. second third quarter 2023 operating profit margin comparisons were favorably impacted by:

- Second Third quarter 2023 impairment charges related to customer relationships a trademark in the Product Quality and Innovation segment - 4050 basis points

Second Higher third quarter 2024 core sales and year-over-year cost savings associated with productivity improvement initiatives and materials cost savings, partially offset by sales and marketing growth initiatives - 120 basis points

Third quarter 2024 vs. second third quarter 2023 operating profit margin comparisons were unfavorably impacted by:

- The Transaction costs incurred during the third quarter 2024 related to the Company's recent acquisition described in Note 15 - 10 basis points

Operating profit margins increased 50 basis points from 22.9% during the nine-month period ended September 29, 2023 to 23.4% for the nine-month period ended September 27, 2024.

Year-to-date 2024 vs. year-to-date 2023 operating profit margin comparisons were favorably impacted by:

- Third quarter year-to-date 2023 impairment charge related to customer relationships and a trademark in the Product Quality and Innovation segment - 30 basis points
- Higher 2024 core sales, foreign currency exchange rates and cost savings associated with continuing productivity improvement initiatives, partially offset by the impact of incremental costs associated with operating as a stand-alone company, incremental labor and sales and marketing growth initiatives offset by higher 2024 core sales - 30 basis points

Operating profit margins during the six-month period ended June 30, 2023 were flat compared to the six-month period ended June 28, 2024, at 23.4%.

Year-to-date 2024 vs. year-to-date 2023 operating profit margin comparisons were favorably impacted by:

- ~~Second quarter year-to-date 2023 impairment charge related to customer relationships in the Product Quality and Innovation segment - 20 basis points~~

Year-to-date 2024 vs. year-to-date 2023 operating profit margin comparisons were unfavorably impacted by:

- ~~Costs Transaction costs incurred during the third quarter 2024 related to the Company's recent acquisition described in Note 15, and costs incurred as a result of the Separation from Danaher - 10 basis points~~
- ~~The impact of incremental costs associated with operating as a stand-alone company, incremental labor and sales and marketing growth initiatives offset by higher 2024 core sales and incremental year-over-year cost savings associated with material costs, restructuring and continuing productivity improvement initiatives - 10 basis points~~

## WATER QUALITY

The Company's Water Quality segment provides proprietary precision instrumentation, consumables, software, services and advanced water treatment technologies to help measure, analyze and treat the world's water in municipal, industrial, commercial, residential, research and natural resource applications.

Total segment sales increased 2.8% 3.6% and 3.1% year-over-year during the three and six-month nine-month periods ended June 28, 2024 September 27, 2024, respectively, compared to the comparable periods in 2023, primarily primarily as a result of core sales growth driven by the factors discussed below. Geographically, sales growth was driven by North America, which saw increases of 6.7% 7.1% and 6.5% for 6.7%, and Western Europe, which saw increases of 5.7% and 2.7% for the three and six-month nine-month periods ended June 28, 2024 September 27, 2024 respectively, compared to the comparable periods in 2023.

Price increases in the segment contributed 2.4% contributed 2.1% and 2.5% 2.3% to sales growth growth on a year-over-year basis during the three and six-month nine-month periods ended June 28, 2024 September 27, 2024, respectively, and are reflected as a component of the change in core sales growth.

Core sales in the Water Quality segment increased 4.0% and 3.4% 3.6% year-over-year during the three and six-month nine-month periods ended June 28, 2024 September 27, 2024, respectively. Geographically, core sales growth during the three-month period ended June 28, 2024 September 27, 2024, was driven by increases of 6.1% 6.7% in North America and 2.0% increases of 3.7% in Western Europe, offset by decreases of 1.0% in high-growth markets. The core sales decrease in high-growth markets was driven by mid-single low double digit percentage core sales increase declines in China and low single offset by high-single digits core sales increase in Latin America, offset by decreases of 0.6% in Western Europe. America. Geographically, core sales growth during the six-month nine-month period ended June 28, 2024 September 27, 2024, was driven by increases of 6.1% 6.3% in North America offset by decreases and increases of 1.2% 0.4% in Western Europe. Core sales were flat during the six-month nine-month period ended June 28, 2024 September 27, 2024 in high growth markets. markets driven by mid-single digit decreases in China offset by low single digit increases in Latin America.

The increase in core sales in during the three and six-month nine-month periods ended June 28, 2024 September 27, 2024 was driven by the chemical treatment solutions product line and, to a lesser extent, the analytical instrumentation and ultraviolet water disinfection product lines. Core sales in the chemical treatment solutions product line increased 7.8% 9.0% and 6.4% year-over-year 7.3% year-over-year in the three and six-month nine-month periods ended September 27, 2024, respectively, as a result of increased core sales across most major end-markets. Year-over-year core Core sales in the analytical instrumentation product line increased 2.7% and 2.3% 2.4% year-over-year for both the three and six-month nine-month periods ended June 28, 2024, respectively, driven by all regions except Latin America. Core September 27, 2024 as a result of increased core sales in the ultraviolet water disinfection product line increased by 2.2% across North America and 2.7%, respectively, for the three and six-month periods, driven by demand in the municipal and residential end-markets. Western Europe.

### Operating Profit Performance

Operating profit margins increased 40 margins decreased 10 basis points during the three-month period ended June 28, 2024 September 27, 2024 as compared to the comparable period in 2023.

Second Third quarter 2024 vs. second third quarter 2023 operating profit margin comparisons were favorably unfavorably impacted by:

- Higher second quarter 2024 core sales volumes, product mix and incremental year-over-year cost savings associated with material costs, net of the The impact of incremental year-over-year costs associated with labor, and sales and select marketing growth initiatives offset by higher 2024 core sales - 40 10 basis points

Operating profit margins increased 80 50 basis points during the six-month nine-month period ended June 28, 2024 September 27, 2024 as compared to the comparable period in 2023.

Year-to-date 2024 vs. year-to-date 2023 operating profit margin comparisons were favorably impacted by:

- Higher year-to-date 2024 core sales and incremental year-over-year cost savings associated with material costs, net of the impact of incremental year-over-year costs associated with labor and sales and marketing growth initiatives - 80.50 basis points

## PRODUCT QUALITY & INNOVATION

The Company's Product Quality & Innovation segment provides instruments, consumables, software and services for various marking and coding, traceability, printing, packaging design and quality management, packaging converting and color and appearance management applications for consumer packaged goods and industrial products.

Total segment sales increased 2.7% 6.3% and 1.5% 3.1% year-over-year during the three and six-month nine-month periods ended June 28,

2024 September 27, 2024, respectively, primarily as a result of changes in core sales driven by the factors discussed below. Geographically, sales growth was driven by North America America which saw increases of 3.7% and 2.1% for 2.6% and Western Europe which saw increases of 5.7% and 2.7% during the three and six-month nine-month periods ended June 28, 2024 September 27, 2024, respectively, compared to the comparable periods in 2023. High-growth markets also experienced increased sales of 5.4% 9.5% and 2.1% 4.6% during the three and six-month nine-month periods ended June 28, 2024,

respectively, compared to the comparable periods in 2023. Sales growth in Western Europe was flat and 1.3% during the three and six-month periods ended June 28, 2024 September 27, 2024, respectively, compared to the comparable periods in 2023.

Price increases in the segment contributed 1.4% and 1.5% to sales growth on a year-over-year basis during both the three and six-month nine-month periods ended June 28, 2024 September 27, 2024, respectively, and are reflected as a component of the change in core sales growth.

Core sales in the Product Quality & Innovation segment increased 3.4% 5.7% and 1.8% 3.1% year-over-year during the three and six-month nine-month periods ended June 28, 2024 September 27, 2024, respectively. Geographically, core sales growth during the three and six-month nine-month periods ended June 28, 2024 September 27, 2024 was driven by increases of 3.5% 2.5% and 1.7% 2.0% in North America and increases of 6.9% 10.6% and 3.7% 6.0% in high-growth markets, respectively. The core sales growth in the high-growth markets during the three and six-month nine-month periods ended June 28, 2024 September 27, 2024 was driven by low double digits and low teen digit core sales increases in both periods in Latin America partially offset by flat and mid-teens and low single digits core sales increases in respective periods in China. Core sales were flat in the mid and low single digits in Western Europe during the three and six-month nine-month periods ended June 28, 2024 September 27, 2024, respectively.

From a product line perspective, core sales in the marking and coding business business increased 3.6% 4.6% and 1.2% 2.3% year-over-year during the three and six-month nine-month periods ended June 28, 2024 September 27, 2024, respectively, driven by higher consumable demand in the industrial and consumer packaged goods end-markets. Core Core sales in the packaging and color solutions solutions business increased 3.0% 8.2% and 3.2% 4.8% year-over-year during the three and six-month nine-month periods ended June 28, 2024 September 27, 2024, respectively, driven by improving capital spending increased demand across the consumer packaged goods and industrial end-markets.

#### Operating Profit Performance

Operating profit margins increased 190 620 basis points during the three-month period ended June 28, 2024 September 27, 2024 as compared to the comparable period in 2023.

Second Third quarter 2024 vs. second third quarter 2023 operating profit margin comparisons were favorably impacted by:

- Impact The impact of second third quarter 2023 impairment charges of customer relationships charge related to a trademark - 110 120 basis points
- The impact of higher 2024 core sales and cost savings associated with restructuring and continuing productivity improvement initiatives, partially offset by incremental labor and sales and marketing growth initiatives - 80 540 basis points

Third quarter 2024 vs. third quarter 2023 operating profit margin comparisons were unfavorably impacted by:

- Transaction costs incurred during the third quarter 2024 related to the Company's recent acquisition described in Note 15 - 40 basis points

Operating profit margins increased 70 250 basis points points during the six-month nine-month period ended June 28, 2024 September 27, 2024 as compared to the comparable period in 2023.

Year-to-date 2024 vs. year-to-date 2023 operating profit margin comparisons were favorably impacted by:

- The impact of second third quarter year-to-date 2023 impairment charge charges related to customer relationships and a trademark - 50 80 basis points
- The impact of higher 2024 core sales, foreign currency exchange rates and cost savings associated with restructuring and continuing productivity improvement initiatives, partially offset by incremental labor and sales and marketing growth initiatives - 20 170 basis points

#### OTHER INCOME (EXPENSE), NET

For a description of the Company's other income (expense), net during the three and six-month nine-month periods ended June 28, 2024 September 27, 2024 and June 30, 2023 September 29, 2023, refer to Note 6 to the accompanying Consolidated and Combined Condensed Financial Statements.

#### INTEREST COSTS AND FINANCING

For a discussion of the Company's outstanding indebtedness, refer to Note 9 to the accompanying Consolidated and Combined Condensed Financial Statements.

Net interest expense of \$30 million and \$27 million and \$58 million was recorded for the three and six-month periods ended June 28, 2024 September 27, 2024, respectively, and net interest expense of \$5 million was recorded for the three and nine-month periods ended September 29, 2023 arising from our outstanding indebtedness, which was incurred in September 2023. Before the Separation, Veralto depended on Danaher for all of its working capital and financing requirements under Danaher's centralized approach to cash management and financing of operations of its subsidiaries. As a result, with the exception of cash, cash equivalents and borrowings clearly associated with Veralto and related to the Separation, the Company recorded no interest expense in the Combined Condensed Financial Statements for periods prior to the Separation.

## INCOME TAXES

### General

Income tax expense and deferred tax assets and liabilities reflect management's assessment of future taxes expected to be paid on items reflected in the Company's Consolidated and Combined Condensed Financial Statements. The Company records the tax effect of discrete items and items that are reported net of their tax effects in the period in which they occur.

The Company's effective tax rate can be impacted by changes in the mix of earnings in countries with different statutory tax rates, changes in the valuation of deferred tax assets and liabilities, accruals related to contingent tax liabilities and period-to-period changes in such accruals, the results of audits and examinations of previously filed tax returns (as discussed below), the expiration of statutes of limitations, the implementation of tax planning strategies, tax rulings, court decisions, changes in tax laws and regulations, and legislative policy changes. For a description of the tax treatment of earnings that are planned to be reinvested indefinitely outside the United States, refer to "Liquidity and Capital Resources" below.

The following table summarizes the Company's effective tax rate:

	Three-Month Period Ended		Three-Month Period Ended		Six-Month Period Ended		Three-Month Period Ended	Nine-Month Period Ended
	June 28, 2024		June 30, 2023		June 28, 2024			
	September 27, 2024	September 29, 2023	September 27, 2024	September 29, 2023	2024	2023	2024	2023

### Year-Over-Year Changes in the Tax Provision and Effective Tax Rate

The Company operates globally, including in certain jurisdictions with higher statutory tax rates than the U.S. Therefore, based on earnings mix, the impact of operating in such jurisdictions contributes to a higher effective tax rate compared to the U.S. federal statutory tax rate.

The effective tax rate for the three-month period ended June 28, 2024 September 27, 2024 differs from the U.S. federal statutory rate of 21% principally due to the geographic mix of earnings described above, net discrete expense of \$3 million related primarily to the tax impact of uncertain tax positions, partially offset by excess tax benefits from stock-based compensation. The net discrete expense increased the effective tax rate by 1.1% for the three-month period ended June 28, 2024 September 27, 2024.

The effective tax rate for the six-month period ended June 28, 2024 September 27, 2024 differs from the U.S. federal statutory rate of 21% principally due to the geographic mix of earnings described above, the unfavorable impact of a non-deductible loss on the sale of a product line of \$3 million, net discrete expense of \$4 million related primarily to the tax impact of uncertain tax positions, partially offset by excess tax benefits from stock-based compensation. The net discrete expense increased the effective tax rate by 1.3% for the six-month period ended June 28, 2024 September 27, 2024.

The effective tax rate for the three-month period ended June 30, 2023 September 29, 2023 differs from the U.S. federal statutory rate of 21% principally due to the geographic mix of earnings described above, partially offset by net discrete benefits of \$1 million related primarily to excess tax benefits from stock-based compensation and changes in estimates associated with prior period uncertain tax positions. The net discrete benefits reduced the effective tax rate by 0.4% for the three-month period ended June 30, 2023.

The effective tax rate for the six-month period ended June 30, 2023 September 29, 2023 differs from the U.S. federal statutory rate of 21% principally due to the geographic mix of earnings described above, partially offset by net discrete benefits of \$6 million related primarily to excess tax benefits from stock-based compensation and changes in estimates associated with prior period uncertain tax positions. The net discrete benefits reduced the effective tax rate by 1.1% for the six-month period ended June 30, 2023 September 29, 2023.

The effective tax rate for the nine-month period ended September 29, 2023 differs from the U.S. federal statutory rate of 21% principally due to the geographic mix of earnings described above, partially offset by net discrete benefits of \$12 million related primarily to excess tax benefits from stock-based compensation. The net discrete benefits reduced the effective tax rate by 1.4% for the nine-month period ended September 29, 2023.

The Company conducts business globally, and Danaher filed numerous consolidated and separate income tax returns in the U.S. federal and state and non-U.S. jurisdictions. The non-U.S. countries in which the Company has a significant presence include Belgium, Brazil, Canada, China, Germany, Netherlands and the United Kingdom. Excluding these non-U.S. jurisdictions, the Company believes that a change in the statutory tax rate of any individual non-U.S. country would not have a material effect on the Company's Consolidated and Combined Condensed Financial Statements given the geographic dispersion of the Company's income.

The Company is routinely examined by various domestic and international taxing authorities. In connection with the Separation, the Company entered into certain agreements with Danaher, including a tax matters agreement. The tax matters agreement distinguishes between the treatment of tax matters for "Joint" filings compared to "Separate" filings prior to the Separation. "Joint" filings involve legal entities, such as those in the United States, that include operations from both Danaher and the Company. By contrast, "Separate" filings involve certain entities (primarily outside of the United States) that exclusively include either Danaher's or the Company's operations, respectively. In accordance with the tax matters agreement, Danaher is liable for and has indemnified the Company against all income tax liabilities involving "Joint" filings for periods prior to the Separation. The Company remains liable for certain pre-Separation income tax liabilities including those related to the Company's "Separate" filings.

Pursuant to U.S. tax law, the Company expects to file its initial U.S. federal income tax return for the 2023 short tax year with the IRS during 2024. Therefore, the IRS has not yet begun an examination of the Company's initial U.S. federal income tax return. The Company's operations in certain U.S. states and foreign jurisdictions remain subject to routine examination.

The amount of income taxes the Company pays is subject to ongoing audits by federal, state and foreign tax authorities, which often result in proposed assessments. Management performs a comprehensive review of its global tax positions on a quarterly basis. Based on these reviews, the results of discussions and resolutions of matters with certain tax authorities, tax rulings and court decisions and the expiration of statutes of limitations, reserves for contingent tax liabilities are accrued or adjusted, as necessary. For a discussion of risks related to these and other tax matters, refer to "Item 1A. Risk Factors" in the 2023 Annual Report on Form 10-K.

## COMPREHENSIVE INCOME

In 2024, comprehensive income decreased \$39 million increased \$142 million for the three-month period ended June 28, 2024 September 27, 2024 as compared to the comparable period in 2023, primarily driven by losses gains from foreign currency translation adjustments and to a lesser extent higher net earnings in during the prior year three month period ended September 27, 2024. Comprehensive income decreased \$128 million increased \$14 million for the six-month nine-month period ended June 28, 2024 September 27, 2024 as compared to the comparable period in 2023, primarily driven by losses gains from foreign currency translation adjustments and to a lesser extent higher net earnings in during the prior year period, nine month period ended September 27, 2024. The Company recorded foreign currency translation losses gains of \$29 million \$88 million offset by an unrealized gain loss on their net investment hedge of \$3 million \$18 million for the three-month period ended June 28, 2024 September 27, 2024. The foreign currency translation losses gains were driven by the strengthening weakening of the U.S. dollar against most major foreign currencies in the period, compared to gains losses of \$7 million \$62 million for the three-month period ended June 30, 2023 September 29, 2023, primarily driven by the weakening strengthening of the U.S. dollar against the euro, in the period. Swiss Franc, British pound, and Canadian dollar. The Company recorded foreign currency translation losses gains of \$65 million \$23 million offset by an unrealized gain loss on their net investment hedge of \$12 \$6 million for the six-month nine-month period ended June 28, 2024 September 27, 2024. The foreign currency translation losses gains were driven by the strengthening weakening of the U.S. dollar against most major foreign currencies in the

period, compared to gains losses of \$28 million \$34 million for the six-month nine-month period ended June 30, 2023 September 29, 2023, primarily driven by the weakening strengthening of the U.S. dollar against the euro, Japanese yen, Chinese yuan and Canadian dollar in the period. Foreign currency translation adjustments reflect the gain or loss resulting from the impact of the change in currency exchange rates on the Company's foreign operations as they are translated to the Company's reporting currency, the U.S. dollar.

## LIQUIDITY AND CAPITAL RESOURCES

Management assesses the Company's liquidity in terms of its ability to generate cash to fund its operating, investing and financing activities. The Company continues to generate substantial cash from operating activities and believes that its operating cash flow and other sources of liquidity will be sufficient to allow it to continue to invest in existing businesses, consummate strategic acquisitions, make interest payments on its outstanding indebtedness, and manage its capital structure on a short and long-term basis.

### Overview of Cash Flows and Liquidity

Following is an overview of the Company's cash flows and liquidity (\$ in millions):

(\$ in millions)	(\$ in millions)	Six-Month Period Ended		Nine-Month Period Ended	
		June 28, 2024	June 30, 2023	September 27, 2024	September 29, 2023
Net cash provided by operating activities					
Payments for additions to property, plant and equipment					
Payments for additions to property, plant and equipment					
Payments for additions to property, plant and equipment					
All other investing activities					
All other investing activities					
Proceeds from sales of property, plant and equipment					
All other investing activities					
Net cash used in investing activities					
Payment of dividends					
Payment of dividends					
Payment of dividends					
Proceeds from the issuance of common stock					
Net proceeds from borrowings (maturities longer than 90 days)					
Consideration paid to Former Parent in connection with Separation					
Net transfers to Former Parent					
Net cash used in financing activities					

- Operating cash flows decreased \$91 million \$110 million, or 20% 16%, during the six-month nine-month period ended June 28, 2024 September 27, 2024 as compared to the comparable period in 2023, primarily driven by cash interest payments of \$57 million \$137 million, cash tax payments of \$142 million \$209 million, and lower net income offset by changes in net working capital.
- Net cash used in investing activities increased \$15 million \$7 million for the six-month nine-month period ended June 28, 2024 September 27, 2024 as compared to the comparable period in 2023, and consisted of primarily driven by a \$3 million \$1 million increase in capital expenditures and a \$12 million \$4 million increase in other investing activities.
- Net cash used in financing activities decreased \$405 \$183 million for the six-month nine-month period ended June 28, 2024 September 27, 2024 as compared to the comparable period in 2023 as the Company no longer returns cash to the Former Parent.

### Dividends

Aggregate cash payments for dividends on Company common stock during the six-month nine-month period ended June 28, 2024 September 27, 2024 were \$44 \$67 million.

In the second third quarter of 2024, the Company declared a regular quarterly dividend of \$0.09 per share of Company common stock payable on July 31, 2024 October 31, 2024 to holders of record as of June 28, 2024 September 27, 2024.

## Cash and Cash Requirements

As of **June 28, 2024** **September 27, 2024**, the Company held **\$1,043 million** **approximately \$1.3 billion** of cash and cash equivalents that were on deposit with financial institutions or invested in highly liquid investment-grade debt instruments with a maturity of 90 days or less. Of the cash and cash equivalents, **approximately \$378 million** **approximately \$467 million** was held within the United States and approximately **\$665 million** **\$800 million** was held outside of the United States. The Company will continue to have cash requirements to support general corporate purposes,

which may include working capital needs, capital expenditures, acquisitions and investments, paying interest and servicing debt, paying taxes and any related interest or penalties, funding its restructuring activities and pension plans as required, paying dividends to shareholders, repurchasing shares of the Company's common stock and supporting other business needs.

The Company generally intends to use available cash and internally generated funds to meet these cash requirements, but in the event that additional liquidity is required, the Company may also borrow under its commercial paper programs (if available) or borrow under the Company's credit facility, enter into new credit facilities and either borrow directly thereunder or use such credit facilities to backstop additional borrowing capacity under its commercial paper programs (if available) and/or access the capital markets. The Company also may from time to time seek to access the capital markets to take advantage of favorable interest rate environments or other market conditions.

Repatriation of some cash held outside the United States may be restricted by local laws. Following enactment of the Tax Cuts and Jobs Act and the associated Transition Tax in 2017, in general, repatriation of cash to the United States can be completed with no material incremental U.S. tax; however, repatriation of cash could subject the Company to non-U.S. withholding taxes and U.S. state income taxes on distributions. The cash that the Company's non-U.S. subsidiaries hold for indefinite reinvestment is generally used to finance foreign operations and investments, including acquisitions. The income taxes, if any,

applicable to such earnings **including** **including** basis differences in Veralto's foreign subsidiaries are not readily determinable. As of **June 28, 2024** **September 27, 2024**, management believes that it has sufficient sources of liquidity to satisfy its cash needs, including its cash needs in the United States.

## Contractual Obligations

For a description of the Company's lease obligations, commitments and litigation and contingencies, refer to Notes 8, 15 and 16 to the audited Consolidated and Combined Financial Statements included within the 2023 Annual Report on Form 10-K.

## CRITICAL ACCOUNTING ESTIMATES

There have been no material changes to the Company's critical accounting estimates as described in **the** **the** 2023 **Annual** **Annual** Report on Form 10-K.

## ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Quantitative and qualitative disclosures about market risk appear in "Management's Discussion and Analysis of Financial Condition and Results of Operations—Financial Instruments and Risk Management," within the 2023 Annual Report on Form 10-K. There were no material changes during the quarter ended **June 28, 2024** **September 27, 2024** to this information as reported in the 2023 Annual Report on Form 10-K.

## ITEM 4. CONTROLS AND PROCEDURES

The Company's management, with the participation of the Company's President and Chief Executive Officer, and Senior Vice President and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this report. Based on such evaluation, the Company's President and Chief Executive Officer, and Senior Vice President and Chief Financial Officer, have concluded that, as of the end of such period, the Company's disclosure controls and procedures were effective.

There have been no changes in the Company's internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) that occurred during the Company's most recent completed fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

## PART II - OTHER INFORMATION

### ITEM 1. LEGAL PROCEEDINGS

For additional information regarding legal proceedings, refer to the section titled "Legal Proceedings" in the MD&A section of the Company's 2023 Annual Report on Form 10-K.

### ITEM 1A. RISK FACTORS

There were no material changes during the quarter ended June 28, 2024 September 27, 2024 to the risk factors previously disclosed in the "Item 1A. Risk Factors" section of the 2023 Annual Report on Form 10-K.

### ITEM 5. OTHER INFORMATION

#### *Director and Officer Trading Arrangements*

On April 29, 2024, Jennifer L. Honeycutt, Veralto's President and Chief Executive Officer, adopted a trading plan intended to satisfy the affirmative defense conditions of Rule 10b5-1 under the Exchange Act to sell up to 39,572 shares of common stock, subject to certain conditions. Unless otherwise terminated pursuant to its terms, the plan will terminate on April 22, 2025, or when all of the shares under the plan are sold.

On April 29, 2024, Surekha Trivedi, Veralto's Senior Vice President, Strategy and Sustainability, adopted a trading plan intended to satisfy the affirmative defense conditions of Rule 10b5-1 under the Exchange Act to sell up to 10,410 shares of common stock, subject to certain conditions. Unless otherwise terminated pursuant to its terms, the plan will terminate on November 1, 2024, or when all of the shares under the plan are sold.

No other directors or executive officers of the Company adopted, modified or terminated a Rule 10b5-1 trading arrangement or a non-Rule 10b5-1 trading arrangement (as defined in Item 408(c) of Regulation S-K) during the quarterly period covered by this Report.

REFINITIV 

I, Jennifer L. Honeycutt, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Veralto Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a. designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b. designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c. evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d. disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a. all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b. any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
