free for U.S. consumers while international customers pay shipping charges on top of MSRP. Any costs associated with fees charged by the online platforms (Shopify for Lucyd.co website and Amazon) are not recharged to customers and are recorded as a component of cost of goods sold as incurred. The Company charges applicable state sales taxes in addition to the MSRP for both online channels and all other marketplaces on which the company sells products. Â 8 Â Â For sales to our retail store partners, we identify the contract with a customer upon receipt of an order of our eyewear through our Shopify wholesale portal or direct purchase order. Revenue is recognized upon meeting the performance obligation, which is delivery of the Companyâ€™s eyewear products to the retail store, and is also recorded net of returns and discounts. Our wholesale pricing for eyewear sold to retail store partners includes volume discounts, due to the nature of large quantity orders. The pricing includes shipping charges, while excluding any state sales tax charges applicable. Due to the nature of wholesale retail orders, no e-commerce fees are applicable. Â For sales to distributors, we identify the contract with a customer upon receipt of an order of our eyewear through a direct purchase order. If collectibility of substantially all of the contract consideration is probable, revenue is recognized upon meeting the performance obligation, which is delivery of our eyewear products to the distributor, and is also recorded net of returns and discounts. Our wholesale pricing for eyewear sold to retail store partners and distributors includes volume discounts, due to the nature of large quantity orders. The pricing does not include shipping. Due to the nature of wholesale retail orders, no marketplace fees are applicable, only credit card processing fees. Â For sales of subscriptions to the â€œProâ€ version of our Lucyd app, we identify the individual contracts with customers through detailed transaction reports from the Apple App Store or Google Play Store, with each individual transaction representing a separate contract. Revenue is recognized upon meeting the performance obligation, which is the right and availability of each customer to access the â€œProâ€ features of the Lucyd app. For those customers that purchase such access on a month-to-month basis, we recognize revenue in the month in which the purchase of such access is made. For those customers which purchase an annual subscription, we recognize revenue on a straight-line basis over the subscription period, using a mid-month convention. The balance of unearned revenue related to app subscriptions that has been deferred on our balance sheet as a contract liability was $2,513 as of SeptemberÂ 30, 2024. Â We allow our customers to return our physical products, subject to our refund policy, which allows any customer to return our physical products for any reason and receive a full refund for frames (prescription lenses excluded) within the first 7 days for sales made through our website (Lucyd.co), 30 days for sales made through Amazon, and 30 days for sales to most wholesale retailers and distributors (although certain sales to independent distributors are ineligible for returns). As of JanuaryÂ 2024, we updated our return policy to prohibit discretionary returns of prescription lenses, and also instituted a standard $15 restocking fee for standard frame returns, which is deducted from applicable refunds to cover shipping and restocking costs. Â For all of our product sales, at the time of sale, we establish a reserve for returns, based on historical experience and expected future returns, which is recorded as a reduction of sales. Additionally, we review all individual returns received in the month following the balance sheet date pertaining to orders processed prior to the balance sheet date in order to determine whether an allowance for sales returns is necessary. The Company recorded an allowance for sales returns of $5,302 and $40,933 as SeptemberÂ 30, 2024 and DecemberÂ 31, 2023, respectively. Â NOTE 3 â€“ GOING CONCERN Â The Company has a limited operating history. The Companyâ€™s business and operations are sensitive to general business and economic conditions in the United States. A host of factors beyond the Companyâ€™s control could cause fluctuations in these conditions. Adverse conditions may include recession, downturn, or otherwise, changes in regulations or restrictions in imports, competition, or changes in consumer taste. These adverse conditions could affect the Companyâ€™s financial condition and the results of its operations. Â The Company meets its day-to-day working capital requirements using monies raised through sales of eyewear and issuances of equity. During the nine months ended September 30, 2024, the Company raised approximately $10.4 million of net cash proceeds through the issuance of equity via a combination of at-the-market offerings, registered direct offerings, and warrant exercises (see Note 9 for details). The Company has also entered into an agreement with a related party, under which the Company may borrow up to $1.25 million (see Note 6 for details); as of September 30, 2024, the Company has not borrowed any amounts under this agreement. The Companyâ€™s forecasts and projections indicate that the Company expects to have sufficient liquidity to fund operations through at least the next 12 months. However, the Company may raise additional funds if management believes it would be beneficial to do so. Â 9 Â Â NOTE 4 â€“ INCOME TAX PROVISION / BENEFIT Â At the end of each interim reporting period, the Company estimates its effective tax rate expected to be applied for the full year. This estimate is used to determine the income tax provision or benefit on a year-to-date basis and may change in subsequent interim periods. The Company has not recorded an income tax provision or benefit for the three and nine months ended September 30, 2024 and 2023 as it maintains a full valuation allowance against its net deferred tax assets. purchase price per share and warrant of $9.50. In exchange, the Company received approximately $2.5 million of gross proceeds, before deducting underwriting discounts and offering expenses. In addition, the Company issued to the placement agent warrants to purchase up to 19,737 shares of common stock at an exercise price of $11.876 per share. The net proceeds received by the Company from this transaction amounted to approximately $2.1 million. We intend to use the net proceeds of this offering primarily for working capital and general corporate purposes. Â Warrant Exercises During September 2024, the Company entered into multiple warrant inducement transactions with certain holders of its existing warrants. The Company intends to use the net proceeds from these transactions for working capital and general corporate purposes. Â â— On September 3, 2024, the Company entered into inducement letter agreements with certain holders of existing warrants (originally issued on June 26, 2023) to purchase an aggregate of 126,699 shares of common stock. The warrant holders exercised for cash the existing warrants at a reduced exercise price of $5.00 per share, resulting in gross proceeds to the Company of approximately $633,000; in addition to the shares of common stock issued as a result of the warrant exercise, the warrant holders also received new unregistered Series A and Series B warrants (the relevant details of which are outlined in the table below). This transaction closed on September 4, 2024, and the net proceeds received by the Company amounted to approximately $489,000. Â â— On September 18, 2024, the Company entered into inducement letter agreements with certain holders of existing warrants (originally issued on May 1, 2024 in connection with the First Registered Direct Offering described above) to purchase an aggregate of 148,567 shares of common stock. The warrant holders exercised for cash the existing warrants at an adjusted exercise price of $5.13 per share, resulting in gross proceeds to the Company of approximately $762,000; in addition to the shares of common stock issued as a result of the warrant exercise, the warrant holders also received new unregistered Series C and Series D warrants (the relevant details of which are outlined in the table below). This transaction closed on September 19, 2024, and the net proceeds received by the Company amounted to approximately $672,000. Â â— On September 22, 2024, the Company entered into inducement letter agreements with certain holders of existing warrants (originally issued on May 29, 2024 in connection with the Second Registered Direct Offering described above) to purchase an aggregate of 263,160 shares of common stock. The warrant holders exercised for cash the existing warrants at an adjusted exercise price of $9.875 per share, resulting in gross proceeds to the Company of approximately $2.6 million; in addition to the shares of common stock issued as a result of the warrant exercise, the warrant holders also received new unregistered Series E and Series F warrants (the relevant details of which are outlined in the table below). This transaction closed on September 24, 2024, and the net proceeds received by the Company amounted to approximately $2.3 million. Â In connection with each of the aforementioned warrant inducement transactions, the Company issued placement agent warrants to HCW, the relevant details of which are outlined in the table below. Â On September 23, 2024, one of the holders of the Series A and Series B warrants exercised an aggregate of 40,000 warrants on a cashless basis and received 20,482 shares of common stock. Â 15 Â Â In addition, on September 24, 2024, one of the holders of the warrants issued in connection with the First Registered Direct Offering elected to exercise their warrants to purchase an aggregate of 61,475 shares of common stock. The Company received approximately $300,000 of gross proceeds from this exercise. Each Right entitles the holder to purchase from the Company six shares of our common stock at an exercise price of $6.21 per share. The Rights are evidenced by and trade with the certificates for the shares of our common stock outstanding as of September 25, 2024, and will accompany any new shares of our common stock that are issued after that date. Â Under the Rights Plan, the Rights generally will become exercisable only if a person or group acquires beneficial ownership of 20% or more of our common stock in a transaction not approved by our board of directors. In that situation, each holder of a Right (other than the acquiring person or group, whose rights will become void and will not be exercisable) will have the right to purchase, upon payment of the exercise price and in accordance with the terms of the Rights Plan, a number of shares of our common stock having a market value of twice such price. Â The Rights expire at or prior to the earlier of (i) September 25, 2025, (ii) the redemption or exchange of the Rights in accordance with the terms of the Rights Plan, (iii) the closing of certain merger or other acquisition transactions involving the Company, and (iv) the date of the Companyâ€™s next meeting of its stockholders. Â The Rights Plan is not intended to prevent a takeover of the Company and should not interfere with any merger or other business combination approved by our board of directors. However, the Rights Plan may cause substantial dilution to a person or group that acquires beneficial ownership of twenty percent (20%) or more of our outstanding common stock. Â Other Matters During the nine months ended SeptemberÂ 30, 2024, the Company made a release payment of $325,000 to a shareholder counterparty for the waiver of certain of that counterpartyâ€™s pre-existing contractual rights related to the Companyâ€™s equity offerings described above. This payment is reflected within General and administrative expenses in the unaudited condensed statements of operations. Â 16 Â Â NOTE 10 â€“ EARNINGS PER SHARE Â The Company calculates earnings/(loss) per share data by calculating the quotient of earnings/(loss) divided by the weighted average number of common shares outstanding during the respective period. Â Due to the net losses for all periods presented in the unaudited condensed statements of operations, all shares underlying the common stock options, common stock warrants, and related party convertible debt were excluded from the earnings per share calculation due to their anti-dilutive effect. Â The calculation of net earnings/(loss) per share (as retroactively adjusted for the reverse stock split described in Note 9) is as follows: Â Schedule of calculation of net earnings per common share - basic and diluted Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â For the three months ended Â For the nine months ended Â Â SeptemberÂ 30, 2024 Â SeptemberÂ 30, 2023 Â SeptemberÂ 30, 2024 Â SeptemberÂ 30, 2023 Basic and diluted: Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Net loss Â $ (1,720,677) Â $ (1,551,105) Â $ (5,640,387) Â $ (4,269,717) Weighted-average number of common shares Â Â 1,736,803 Â Â Â 747,416 Â Â Â 1,178,768 Â Â Â 586,807 Â Basic and diluted net loss per common share Â $ (0.99) Â $ (2.08) Â $ (4.78) Â $ (7.28) Â NOTE 11 â€“ SUBSEQUENT EVENTS Â In October 2024, the Company issued an aggregate of 20,498 shares of common stock to certain holders of the Companyâ€™s Series A and Series B Warrants who had elected to exercise such warrants; the Company received approximately $102,000 of gross proceeds from these exercises. Â 17 Â Â Item 2. Managementâ€™s Discussion and Analysis of Financial Condition and Results of Operations. Â The following discussion and analysis of our financial condition and results of operations should be read together with our financial statements and the related notes and the other financial information included elsewhere in this Quarterly Report. This discussion contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of various factors, including those discussed below and elsewhere in this Quarterly Report. Â Overview Â Our mission is to Upgrade Your EyewearÂ®. We develop and sell cutting-edge smart eyeglasses and sunglasses, which are designed to allow our customers to remain connected to their digital lives, while also offering vision correction and protection. Our smart eyewear is a fusion of headphones with glasses, bringing vision correction and protection together with digital connectivity and clear audio, while also offering a safer solution for listening to music outdoors (as compared to in-ear headphones). The convenience of having a Bluetooth headset and comfortable glasses in one, especially for those who are already accustomed to all-day eyewear use, offers a lifestyle upgrade at a price most consumers can afford. Â Our flagship product, Lucyd LyteÂ®, enables the wearer to listen to music, take and make calls, and use voice assistants and ChatGPT to perform many common smartphone tasks hands-free. Notably, by the end of the first quarter of 2025 the Company anticipates completing its mission to introduce a smart upgrade for all four of the major types of eyewear: prescription eyeglasses, ready-to-wear sunglasses, safety glasses, and sport glasses. We believe this will expand our customer base significantly by having a large eyeglass and sunglass offering that better aligns with the needs of optical retailers. To date, most Lucyd products have been designed for sunglass use, but starting in 2024 we have begun to offer alternative lens options such as blue light and transitional lenses on our stock frames, allowing for more customization without increasing unit price. Additionally, the Lucyd Armor and ReebokÂ® Powered by Lucyd frames will align with the style and performance needs of safety and sport eyewear users respectively, for which we have not previously had a suitable product offering. Â The Company believes its diversification into safety and sport smartglasses (Lucyd Armor and ReebokÂ®), for which high-quality competing products are scarce, will buttress our position in the emerging smart eyewear market by offering a unique value proposition to customers. Since these products are very competitively priced against their traditional counterparts, we believe in their potential to enhance the Companyâ€™s revenues and open new retail partnerships with businesses outside of the optical market. Â Products and History Â In JanuaryÂ 2020, we introduced our first beta product and began market testing. Â In JanuaryÂ 2021, we officially launched our first commercial product, Lucyd Lyte. This initial product offering embodied our goal of creating smart eyewear for all-day wear that looks like and is priced similarly to designer eyewear, but is also lightweight and comfortable, and enables the wearer to remain connected to their digital lives. The product was initially launched with six styles, and in SeptemberÂ 2021, an additional six styles were added, including the Companyâ€™s first titanium-front smart eyewear. A final four styles were added to this collection in 2022, including the Companyâ€™s first matte finish and tortoise style models, along with improvements to hinge design. Â In the first quarter of 2022 we introduced a virtual try-on kiosk for select retail stores. This device introduces our products to prospective retail customers and enables them to digitally try-on our line of smart glasses in a touch-free manner. In the fourth quarter of 2022, we completed development of core audio eyewear product improvements, such as upgrading all frames to quadraphonic sound, which was subsequently rolled out across all of our new eyewear models. Â In FebruaryÂ 2023, we launched version 2.0 of our Lucyd Lyte eyewear with 15 different styles, incorporating several key breakthroughs for the smart eyewear product category â€“ including a four-speaker audio array, 12-hour music playback and call time, and improved styling as well as technical upgrades. In OctoberÂ 2023, we launched six new styles of smart eyewear, branded as Lyte XL, bringing even more advancements â€“ including patent-pending flexible hinges for a more comfortable fit and a wider range of suitable head sizes, significant improvements to speaker and microphone quality, thinner and more ergonomic temples, and post-consumer recycled packaging. Â 18 Â Â Also during 2023, we completed upgrades to our accessory products, including the charging dock and virtual try-on kiosk. The patent-pending Lucyd charging dock was upgraded to version 2.0 edition, featuring auto-adjusting connectors to fit any size of smart eyewear we produce, a new charging status LED, and USB data capability, enabling it to be used as a USB hub for computers in addition to a charging hub. The Lucyd virtual try-on kiosk was replaced with a fully modular display system, with eight available components for stores to mix and match to suit their display needs. The display can be deployed as a countertop display or freestanding, making it suitable for almost any retail environment. Â In JanuaryÂ 2024, we launched the NauticaÂ® Powered by Lucyd smart eyewear collection in eight different styles, along with various branded accessories including a power brick, cleaning cloth, and a slipcase adorned with the iconic Nautica sail logo. This collection introduced the Companyâ€™s first â€œglobal fitâ€ style, which supports low nose bridge customers. Â In AprilÂ 2024, we launched the Eddie BauerÂ® Powered by Lucyd smart eyewear collection in four different styles, which showcases the first-to-market rimless smart eyewear design. We believe the Eddie Bauer collection is the Companyâ€™s most premium product to date, and features brushed titanium hardware, improved sound quality, and includes the patent-pending Lucyd Dock with every unit. Â In OctoberÂ 2024, we launched the Lucyd Armor line, an ANSI-certified smart safety glass designed for all-day wear. This new line provides all the powerful features of Lucyd eyewear in a stylish safety wrap. Â With the addition of the Lucyd Armor line, our current product offering consists of 34 different models, which offers a similar amount of style variety as many traditional eyewear collections. The Company is continuously iterating and improving its frame lineup, offering a mixture of â€œLucyd iconsâ€ (styles that have consistently performed well since the introduction of Lucyd Lyte) and new styles seasonally to align with market trends and evolving consumer demand. All styles are available with 80+ different lens types, resulting in thousands of variations of products currently available. The Company currently has over 100 licensed patents and applications. Â We plan to launch the ReebokÂ® Powered by Lucyd sport smart glasses collection in the first quarter of 2025, followed by a ReebokÂ® Optical Smart Eyewear collection in mid-2025. Â Since the initial launch of Lucyd Lyte, we have witnessed growing interest and demand from customers throughout the United States and have sold thousands of our smart glasses. Over the past few years, numerous optical stores in the United States and Canada have onboarded our products, and we continue to pursue expansion with various large eyewear chains and other large retailers regarding our frames. We believe smart eyewear is a product category whose time has come, and we believe we are well positioned to capitalize on and help develop this exciting new sector â€“ where eyewear meets electronics in a user-friendly, mass market format, priced similarly to designer eyewear. Â Software and Apps Â In AprilÂ 2023, we introduced a major software upgrade for our glasses with the launch of the Lucyd app for iOS and Android. This free application enables the user to converse with the extremely popular ChatGPT AI language model on our glasses, to instantly gain the benefit of one of the worldâ€™s most powerful AI assistants in a hands-free ergonomic interface. The app deploys a powerful and unique Siri integration with the Open AI API for ChatGPT, developed internally by the Company. The Company has filed a patent application related to this software. Â In the second quarter of 2024, we added a â€œProâ€ version of the app, which provides unlimited ChatGPT interactions and priority tech support for a modest monthly or annual fee. This is a new revenue stream for our business, and represents our first diversification in product revenue from frames and lenses. Â In JulyÂ 2024, we launched a new feature called â€œWalkieâ€ for the Lucyd app, which enables thousands of users to join each other on walkie-talkie style communication channels. This feature was designed with the upcoming smart safety glass product in mind, to enable coworking teams to communicate freely on smart eyewear. We plan to launch more new features for the Lucyd app in the future, such as an audio equalizer enabling the user to optimize sound output for different types of content such as calls and podcasts, a â€œFind My Glassesâ€ feature, and touch control customizations. Â 19 Â Â We believe these developments make our Lucyd eyewear perhaps the smartest smartglasses available today, and represent a significant marketing opportunity for our core smartglass products. Â A large part of our strategy is not just to provide a leading smart eyewear platform, but to build a highly functional mobile software and interactive retail fixture ecosystem to support user adoption and â€œstickinessâ€ with our products. While the Lucyd app provides additional value to end users after purchase, we also wanted to make the purchase process itself more engaging and tech-forward. To this end, we have also developed all-new interactive LCD retail fixtures, featuring a new proprietary kiosk app that we have just recently developed in-house. These new displays offer a complete Lucyd experience, including virtual try-on, social media content, detailed product info and videos, and seamless music demos. The new display systems, installed with the Lucyd shopping app, are expected to provide an immersive onboarding experience for prospective customers in retail stores carrying our frames, and we have started deployment of these new display systems to customers as of October 2024. Â Key Factors Affecting Performance Â Expansion of retail points of purchase Â In addition to sustained growth of our e-commerce business, we believe our future revenues are correlated positively with our placement of Lucyd glasses in optical stores, as well as sporting goods stores and other specialty stores. To support this growth, we have partnered with Windsor Eyes as our premier distributor for the optical market. Windsor Eyes brings decades of experience in the eyewear industry and a team of experienced, professional eyewear sales reps. In JulyÂ 2024, they have just started to market our frames, and have already introduced our frames into three new eyewear retailers. Â We currently offer an expansive line of 34 different styles and several accessories (including our co-branded product offerings with Nautica and Eddie Bauer), and are in the process of expanding our product offerings to include co-branded eyewear with other well-known brands like Reebok. In total, the Company expects to offer 38 total smart eyewear models by the end of 2024. Â Retail store client retention and re-orders Â Our ability to sustain and increase revenue is correlated positively with our ability to receive re-orders from stores, either directly or through our wholesale distributors. To support our sales to retail stores directly, we offer a strong co-op marketing program that includes free and paid store display materials. Additionally, we consistently incorporate retail partner feedback directly into our frames to better serve our end users. Â As part of this strategy, we have launched a new modular display system with engaging video screens and audio testing capabilities for our resellers to help educate their in-store customers about Lucyd Lyte and enable customers to try them on. This proprietary display system is central to our efforts to introduce traditional retail customers to Lucyd eyewear, and we are planning further

enhancements to our merchandising displays to enable more immersive experiences. As of SeptemberÂ 30, 2024, 73 digital display systems have been deployed to retailers. In October 2024, we began shipping and deploying to customers enhanced countertop and freestanding displays with large, interactive screens and engaging social media content. Â Investing in business growth Â We believe that people care about what they wear on their faces, and because we understand that customers have diverse preferences about the shape, size, and design of their eyewear, we aim to continuously invest in the design and development of new models in an effort to provide the consumer with a wide selection of styles, colors, and finishes. Â We are offering a strong co-op marketing program with retail stores, and intend to expand our sales, marketing, and brand ambassador teams to broaden our brand awareness and online presence. Â 20 Â Â Key Performance Indicators Â Store Count (B2B) Â We believe that one of the key indicators for our business is the number of retail stores onboarded to sell Lucyd Lyte. We started onboarding our first retail stores in JuneÂ 2021. Currently, we have over 350 retail stores selling Lucyd Lyte primarily in the United States and Canada. Based on the existing demand for our products, current distribution, and recently consummated supply agreements, we anticipate that our products will be available in a significant number of new third-party retail locations in 2024. Â Customer Ratings (B2C) Â The Lucyd Lyte version 2.0 product is receiving higher ratings online compared to our previous products, indicating that customers are appreciative of improvements in product design, functionality, and build quality. Our newest Amazon launch of the Eddie BauerÂ® Powered by Lucyd smart eyewear carries a 4.8/5 rating. This is a strong signal of positive feedback on our products that indicates our ability to grow and scale with Americaâ€™s largest online retailer and other platforms. Â Number of online orders (B2C) Â For our e-commerce business, we track the number of online orders as an indicator of the success of our online marketing efforts. As of SeptemberÂ 30, 2024, we had over 20,000 cumulative total orders from customers online since inception. We believe that the addition of new styles, as well as further investment in brand awareness, product ambassadors, and influencer campaigns, will enable continued growth of online orders in the foreseeable future. We allocate a sizeable portion of our advertising expenditures towards influencer marketing programs. Â Components of Results of Operations Â Revenues Â Our revenue is primarily generated from the sales of prescription and non-prescription optical glasses and sunglasses, and shipping charges associated with these purchases, which are charged to the customer. We sell products through our retail store resellers, distributors, on our own website Lucyd.co, and on Amazon.com. We have also recently started to generate revenue from the sale of subscriptions to the â€œProâ€ version of our Lucyd app, which provides unlimited ChatGPT interactions and priority tech support for a modest monthly or annual fee. Â Our flagship Lucyd Lyte XL brand frames are priced at $179 on acetate models and $199 on titanium models for non-prescription glasses across all of our online channels. Our co-branded NauticaÂ® Powered by Lucyd and Eddie BauerÂ® Powered by Lucyd frames are priced at $199 â€“ $219 and $249 â€“ $299, respectively. Â When adding a prescription lens upgrade to our glasses on the Lucyd.co website, the price can increase from between $40 for a basic clear prescription lens, all the way up to $449 for our proprietary Blueshift transitional blue light lenses in a progressive high index (ultra-thin) format. Glasses with prescription lenses are provided by the Company through our website Lucyd.co, while our sales through Amazon and to our retail partners only include non-prescription glasses (with rare exceptions, such as a reseller ordering a customized unit for display purposes). Lens customizations remain an important product differentiator and upselling opportunity. Â U.S. Lucyd.co consumers enjoy free USPS first class postage on orders over $149, with faster delivery options available for extra cost, for sales processed through our website. For Amazon sales, shipping is free for U.S. consumers while international customers pay shipping charges. Any costs associated with fees charged by the online platforms (Shopify for our Lucyd.co website and Amazon.com) are not recharged to customers. We charge applicable state sales taxes for online channels and all other marketplaces on which sell. Â Our wholesale pricing for eyewear sold to retail store partners and distributors includes volume discounts, due to the nature of large quantity orders. The pricing does not include shipping. Due to the nature of wholesale retail orders, no marketplace fees are applicable, only credit card processing fees. Â 21 Â Â Cost of Goods Sold Â Cost of goods sold includes the costs incurred to acquire materials, assemble, and sell our finished products. Â For retail sales placed through one of our e-commerce channels, these costs include (i) product costs stated at the lesser of cost and net realizable value and inclusive of inventory reserves, (ii) freight, import, and inspection costs, (iii) optical laboratory costs for prescription glasses, (iv) merchant fees, (v) fees paid to third-party e-commerce platforms, and (vi) cost of shipping the product to the consumer. Â For wholesale sales, these costs include (i) product costs stated at the lesser of cost and net realizable value and inclusive of inventory reserves, (ii) freight, import, and inspection costs, and (iii) credit card fees. Â When consumers place their orders directly on our website, we save approximately 12% - 15% on marketplace fees compared with orders placed through third-party platforms like Amazon and eBay. Â We expect our cost of goods sold to fluctuate as a percentage of net revenue primarily due to product mix, customer preferences and resulting demand, customer shipping costs, and management of our inventory and merchandise mix. Â Over time, we expect our total cost of goods sold on a per unit basis to decrease as a result of an increase in scale. Increase in scale is achieved as a result of increase in volumes from both business to consumer and business to business (retail store) orders. We continue to expand our products with line extensions and new models and broaden our presence in retail stores carrying our products. Â Gross Profit and Gross Margin Â Gross profit is net revenue less cost of goods sold. Gross margin is gross profit expressed as a percentage of net revenue. Â Our gross margin may fluctuate in the future based on a number of factors, including the cost at which we can obtain, transport, and assemble our inventory, the rate at our vendor network expands, and how effective we can be at controlling costs in any given period. Over time, we anticipate that our cost of goods sold, on a per unit basis, will decrease with scale, and this will likely have a positive impact on our gross margins. Â Operating Expenses Â Our operating expenses consist primarily of: Â Â â— general and administrative expenses that primarily include payroll and consulting expenses, IT & software, legal, and other administrative expenses; Â Â Â Â â— sales and marketing expenses including cost of online advertising, marketing agency fees, influencers, trade shows, and other initiatives; Â Â Â Â â— related party management fees for a range of back-office services provided by Tekcapital; and Â Â Â Â â— research and development expenses related to (i) development of new styles and features of our smart eyewear, (ii) development and improvement of our e-commerce website, and (iii) development of software and apps for wearables. Â Interest and Other Income, Net Â Interest and other income, net, primarily includes interest, dividends, and investment returns from our investments in money market funds and U.S. Treasury bills, as well as interest income and expense related to loans with related parties. Â 22 Â Â Results of Operations â€“ Quarterly Â The following table summarizes our results of operations for the three months ended SeptemberÂ 30, 2024 (the â€œcurrent quarterâ€) and the three months ended SeptemberÂ 30, 2023 (the â€œprior year quarterâ€): Â Â Â Three months ended SeptemberÂ 30, 2024 Â Â Â Â Â Three months ended SeptemberÂ 30, 2023 Â Â Â Â Â Change Â Â Â Â Revenues, net Â $ 253,599 Â Â Â 100 % Â $ 221,875 Â Â Â 100 % Â $ 31,724 Â Â Â 14 % Less: Cost of Goods Sold Â Â (194,255) Â Â 77 % Â Â (141,531) Â Â 64 % Â Â (52,724) Â Â 37 % Gross Profit Â Â 59,344 Â Â Â 23 % Â Â 80,344 Â Â Â 36 % Â Â (21,000) Â Â -26 % Â Â Â Â Â

from this exercise. Â Other Factors Â We expect that operating losses could continue in the foreseeable future as we continue to invest in the expansion and development of our business. We believe our existing cash and cash equivalents (including the proceeds from the equity offerings described above), plus the availability to borrow funds via the MarchÂ 2024 related party agreement with Lucyd Ltd., will be sufficient to fund our operations for at least the next twelve months. Â 31 Â Â However, our future capital requirements will depend on many factors, including, but not limited to, growth in the number of retail store customers, licenses, the needs of our e-commerce business and retail distribution network, expansion of our product and software offerings, and the timing of investments in technology and personnel to support the overall growth of our business. To the extent that current and anticipated future sources of liquidity are insufficient to fund our future business activities and requirements, we may be required to seek additional equity or debt financing. The sale of additional equity would result in additional dilution to our stockholders. The incurrence of debt financing would result in debt service obligations and the instruments governing such debt could provide for operating and financing covenants that would restrict our operations. There can be no assurances that we will be able to raise additional capital. In the event that additional financing is required from outside sources, we may not be able to negotiate terms acceptable to us or at all. Geopolitical and macroeconomic factors could cause disruption in the global financial markets, which could reduce our ability to access capital and negatively affect our liquidity in the future. If we are unable to raise additional capital when required, or if we cannot expand our operations or otherwise capitalize on our business opportunities because we lack sufficient capital, our business, results of operations, financial condition, and cash flows would be adversely affected. Â Off-Balance Sheet Arrangements Â As of SeptemberÂ 30, 2024, we did not have any off-balance sheet arrangements. Â Critical Accounting Policies and Significant Estimates Â There have been no material changes in our critical accounting policies and significant estimates from those disclosed in our Annual Report on Form 10-K for the year ended DecemberÂ 31, 2023, which was filed with the SEC on MarchÂ 25, 2024. Â Item 3. Quantitative and Qualitative Disclosures about Market Risk Â Not required for smaller reporting companies. Â Item 4. Controls and Procedures Â Disclosure Controls and Procedures Â We carried out an evaluation, under the supervision and with the participation of our management including our Chief Executive Officer and our Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to RuleÂ 13(a)-15(b) of the Exchange Act. Based on such evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that, as a result of material weaknesses in our internal control over financial reporting, our disclosure controls and procedures were not effective as of SeptemberÂ 30, 2024. Â There was no change in our internal control over financial reporting during the third quarter of fiscal year 2024 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting. Â 32 Â Â Part II - Other Information Â Item 1. Legal Proceedings Â We are not currently the subject of any material pending legal proceedings; however, we may from time to time become a party to various legal proceedings arising in the ordinary course of business. Â Item 1A. Risk Factors Â There have been no material changes in our risk factors from those disclosed in our Annual Report on Form 10-K for the year ended DecemberÂ 31, 2023, which was filed with the SEC on MarchÂ 25, 2024. Â Item 2. Unregistered Sales of Equity Securities and Use of Proceeds Â During September 2024, the Company entered into multiple warrant inducement transactions with certain holders of its existing warrants. Â â—On September 3, 2024, the Company entered into inducement letter agreements with certain holders of existing warrants (originally issued on June 26, 2023) to purchase an aggregate of 126,699 shares of common stock. The warrant holders exercised for cash the existing warrants at a reduced exercise price of $5.00 per share, resulting in gross proceeds to the Company of approximately $633,000; in addition to the shares of common stock issued as a result of the warrant exercise, the warrant holders also received new unregistered Series A and Series B warrants. This transaction closed on September 4, 2024, and the net proceeds received by the Company amounted to approximately $489,000. Â â—On September 18, 2024, the Company entered into inducement letter agreements with certain holders of existing warrants (originally issued on May 1, 2024) to purchase an aggregate of 148,567 shares of common stock. The warrant holders exercised for cash the existing warrants at an adjusted exercise price of $5.13 per share, resulting in gross proceeds to the Company of approximately $762,000; in addition to the shares of common stock issued as a result of the warrant exercise, the warrant holders also received new unregistered Series C and Series D warrants. This transaction closed on September 19, 2024, and the net proceeds received by the Company amounted to approximately $672,000. Â â—On September 22, 2024, the Company entered into inducement letter agreements with certain holders of existing warrants (originally issued on May 29, 2024) to purchase an aggregate of 263,160 shares of common stock. The warrant holders exercised for cash the existing warrants at an adjusted exercise price of $9.875 per share, resulting in gross proceeds to the Company of approximately $2.6 million; in addition to the shares of common stock issued as a result of the warrant exercise, the warrant holders also received new unregistered Series E and Series F warrants. This transaction closed on September 24, 2024, and the net proceeds received by the Company amounted to approximately $2.3 million. Â In connection with each of the aforementioned warrant inducement transactions, the Company issued placement agent warrants to H.C. Wainwright & Co., LLC. Â The aforementioned securities issued under these transactions were sold and issued without registration under the Securities Act, in reliance on the exemptions provided by Section 4(a)(2) of the Securities Act as a transaction not involving a public offering and Rule 506 promulgated under the Securities Act as sales to accredited investors, and in reliance on similar exemptions under applicable state laws. Â Subsequently, the Company filed a registration statement on Form S-1 in order to register the aforementioned securities issued under these transactions, and such registration was declared effective by the Securities and Exchange Commission on October 17, 2024. Certain information or footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted, pursuant to the rules and regulations of the SEC for interim financial reporting. Accordingly, they do not include all the information and footnotes necessary for a comprehensive presentation of financial position, results of operations, or cash flows. Â In the opinion of management, all adjustments considered necessary for the fair presentation of the financial statements for the periods presented have been included. The results of operations for the three and nine months ended SeptemberÂ 30, 2024 are not necessarily indicative of the results to be expected for future periods or the full year. Â Certain prior period amounts have been reclassified to conform to current period presentation; approximately $22,000 of capitalized costs related to the Companyâ€™s website previously reported within Capitalized software costs are now reported within Property and equipment, net. Â Change in Capital Structure As described more fully in Note 9, effective JulyÂ 18, 2024, the Company effected a 1-for-20 reverse stock split for all of its issued and outstanding common stock. All share and per share related amounts presented in these financial statements and accompanying notes, including but not limited to shares issued and outstanding, dollar amounts of common stock and additional paid-in capital, earnings/(loss) per share, and warrants and options, have been retroactively adjusted for all periods presented in order to reflect this change in capital structure. There were no changes to the total number of authorized common shares or par value per common share as a result of this change. Â Use of Estimates The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates, particularly given the significant uncertainties associated with the current geopolitical and economic environment. Â Cash Equivalents All highly liquid investments with original maturities of three months or less, including money market funds, certificates of deposit, and U.S. Treasury bills purchased three months or less from maturity, are considered cash equivalents. Â Investments As of September 30, 2024, the Company held investments in U.S. Treasury bills, which mature in March 2025. These investments are classified as â€œheld-to-maturityâ€ and are recorded at amortized cost of $4,895,184 in the accompanying condensed balance sheet. The aggregate fair value of these investments, based on quoted prices (unadjusted) in active markets for identical assets, is $4,901,300 as of September 30, 2024, which includes an unrealized gain of $6,116. Â Receivables and Credit Policy Trade receivables from customers are uncollateralized customer obligations due under normal trade terms. Payments of trade receivables are allocated to the specific invoices identified on the customerâ€™s remittance advice or, if unspecified, are applied to the earliest unpaid invoice. The Company, by policy, routinely assesses the financial strength of its customers. We generally offer â€œnet 30â€ payment terms on wholesale orders of $1,500 or more, subject to the wholesale customerâ€™s completion of a credit check application and credit card authorization form. For direct-to-consumer sales, payment is required before product is shipped. Â Accounts receivable are reported at the amount billed to the customer, net of an allowance for doubtful accounts. The allowance for doubtful accounts is determined based upon a variety of judgments and factors. Factors considered in determining the allowance include historical collection, write-off experience, and managementâ€™s assessment of collectibility from customers, including current conditions, reasonable forecasts, and expectations of future collectibility and collection efforts. Management continuously assesses the collectibility of receivables and adjusts estimates based on actual experience and future expectations based on economic indicators. Receivable balances are written-off against the allowance when such balances are deemed to be uncollectible. Â A roll forward of the allowance for doubtful accounts for the nine months ended SeptemberÂ 30, 2024 and 2023 is as follows: Â Schedule of allowance for doubtful accounts Â Â Â

pertaining to orders processed prior to the balance sheet date in order to determine whether an allowance for sales returns is necessary. The Company recorded an allowance for sales returns of $5,302 and $40,933 as SeptemberÂ 30, 2024 and DecemberÂ 31, 2023, respectively. The Companyâ€™s business and operations are sensitive to general business and economic conditions in the United States. A host of factors beyond the Companyâ€™s control could cause fluctuations in these conditions. Adverse conditions may include recession, downturn, or otherwise, changes in regulations or restrictions in imports, competition, or changes in consumer taste. These adverse conditions could affect the Companyâ€™s financial condition and the results of its operations. Â The Company meets its day-to-day working capital requirements using monies raised through sales of eyewear and issuances of equity. During the nine months ended September 30, 2024, the Company raised approximately $10.4 million of net cash proceeds through the issuance of equity via a combination of at-the-market offerings, registered direct offerings, and warrant exercises (see Note 9 for details). The Company has also entered into an agreement with a related party, under which the Company may borrow up to $1.25 million (see Note 6 for details); as of September 30, 2024, the Company has not borrowed any amounts under this agreement. The Companyâ€™s forecasts and projections indicate that the Company expects to have sufficient liquidity to fund operations through at least the next 12 months. However, the Company may raise additional funds if management believes it would be beneficial to do so. The convertible notes balances were $61,356 at JanuaryÂ 1, 2023. In JanuaryÂ 2023, the Company borrowed an additional $48,143 under such convertible notes, and subsequently repaid the outstanding balances of the convertible notes in full in FebruaryÂ 2023. No further amounts were borrowed under these convertible notes for the remainder of 2023, and the convertible notes matured on DecemberÂ 1, 2023 with no amounts outstanding. Â New Lucyd Ltd. Financing Agreement On MarchÂ 1, 2024, the Company entered into an agreement with Lucyd Ltd. pursuant to which the Company can receive up to $1,250,000 either (a) in services provided by Lucyd Ltd. to the Company or (b) in cash upon request of funds by the Company. Once funds or services are received by the Company, it will issue a convertible note to Lucyd Ltd. that will bear interest at 10% per annum and include the option to convert the note into shares of the Companyâ€™s common stock upon certain conversion events. Upon issuance, the convertible note will have a maturity date of September 1, 2025, at which time all outstanding principal and accrued interest, if any, will be payable in full in cash or in the Companyâ€™s common stock. The Company will be able to prepay the convertible notes at any time with the written consent of Lucyd Ltd. The Company has not borrowed any amounts under this agreement. Â Loan to Tekcapital Europe, Ltd. On JanuaryÂ 11, 2024, the Company entered into an intercompany loan agreement (as lender) with Tekcapital Europe, Ltd. (as borrower) and Tekcapital Plc, the parent of Tekcapital Europe, Ltd. Pursuant to this agreement, the Company loaned 600,000 British pounds sterling (equivalent to approximately $768,000) to Tekcapital Europe, Ltd. The loan bore simple interest at a rate of 10% per annum and was required to be repaid on or beforeÂ April 11, 2024. Tekcapital Plc executed the agreement as guarantor for Tekcapital Europe, Ltd. on the full amount of the loan. Tekcapital Europe, Ltd. subsequently repaid all of the outstanding balance of the loan (including principal and accrued interest) during the nine months ended September 30, 2024, and no amounts remain outstanding or payable to us under this agreement. Â Management Service Agreement The Company has entered into a management services agreement with Tekcapital Europe, Ltd., for which the Company is billed at $35,000 quarterly. While the agreement does not stipulate a specific maturity date, it can be terminated with 30 calendar days written notice by any party. Â The related party currently provides the following services: Â Â â— Support and advice to the Company in accordance with their area of expertise; Â Â â— Research, technical and legal review, recruitment, software development, marketing, public relations, and advertisement; and Â Â â— Advice, assistance, and consultation services to support the Company or in relation to any other related matter. Â During the three months ended SeptemberÂ 30, 2024 and 2023, the Company incurred $35,000 in each respective period under the management services agreement. During the nine months ended SeptemberÂ 30, 2024 and 2023, the Company incurred $105,000 in each respective period under the management services agreement. Â Rent of Office Space Under an agreement between the Company and Tekcapital, Tekcapital bills the Company for an allocation of rent paid by Tekcapital on the Companyâ€™s behalf. Â On JanuaryÂ 3, 2024, we settled and resolved certain matters with a third party, including a complaint that had been brought before the International Trade Commission and an investigation instituted by the International Trade Commission in 2023, and entered into a multi-year non-exclusive license agreement with the third party covering multiple smart eyewear patents (as described more fully below). Â License Agreements In 2022 and 2023, we entered into various multi-year license agreements which grant us the right to sell certain branded smart eyewear, including the Nautica, Eddie Bauer, and Reebok brands worldwide. These agreements require us to pay royalties based on a percentage of net retail and wholesale sales during the period of the license, and also require guaranteed minimum royalty payments. Pursuant to this license agreement, the Company added licenses for 46 new patents to its portfolio of owned and licensed patents and applications. The Company fully prepaid this license for the term of the agreement and does not have any obligation for future payments under this agreement. Â Leases Our executive offices are located at 11900 Biscayne Blvd., Suite 630 Miami, Florida 33181. Our executive offices are provided to us by a related party (see Note 6). Certain information or footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted, pursuant to the rules and regulations of the SEC for interim financial reporting. Accordingly, they do not include all the information and footnotes necessary for a comprehensive presentation of financial position, results of operations, or cash flows. Â In the opinion of management, all adjustments considered necessary for the fair presentation of the financial statements for the periods presented have been included. The results of operations for the three and nine months ended SeptemberÂ 30, 2024 are not necessarily indicative of the results to be expected for future periods or the full year. Â Certain prior period amounts have been reclassified to conform to current period presentation; approximately $22,000 of capitalized costs related to the Companyâ€™s website previously reported within Capitalized software costs are now reported within Property and equipment, net. Â Change in Capital Structure Change in Capital Structure As described more fully in Note 9, effective JulyÂ 18, 2024, the Company effected a 1-for-20 reverse stock split for all of its issued and outstanding common stock. All share and per share related amounts presented in these financial statements and accompanying notes, including but not limited to shares issued and outstanding, dollar amounts of common stock and additional paid-in capital, earnings/(loss) per share, and warrants and options, have been retroactively adjusted for all periods presented in order to reflect this change in capital structure. There were no changes to the total number of authorized common shares or par value per common share as a result of this change. Â Use of Estimates Use of Estimates The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates, particularly given the significant uncertainties associated with the current geopolitical and economic environment. Â Cash Equivalents Cash Equivalents All highly liquid investments with original maturities of three months or less, including money market funds, certificates of deposit, and U.S. Treasury bills purchased three months or less from maturity, are considered cash equivalents. Â Investments Investments As of September 30, 2024, the Company held investments in U.S. Treasury bills, which mature in March 2025. These investments are classified as â€œheld-to-maturityâ€ and are recorded at amortized cost of $4,895,184 in the accompanying condensed balance sheet. The aggregate fair value of these investments, based on quoted prices (unadjusted) in active markets for identical assets, is $4,901,300 as of September 30, 2024, which includes an unrealized gain of $6,116. Â Receivables and Credit Policy Receivables and Credit Policy Trade receivables from customers are uncollateralized customer obligations due under normal trade terms. Payments of trade receivables are allocated to the specific invoices identified on the customerâ€™s remittance advice or, if unspecified, are applied to the earliest unpaid invoice. The Company, by policy, routinely assesses the financial strength of its customers. We generally offer â€œnet 30â€ payment terms on wholesale orders of $1,500 or more, subject to the wholesale customerâ€™s completion of a credit check application and credit card authorization form. For direct-to-consumer sales, payment is required before product is shipped. Â Accounts receivable are reported at the amount billed to the customer, net of an allowance for doubtful accounts. The allowance for doubtful accounts is determined based upon a variety of judgments and factors. Factors considered in determining the allowance include historical collection, write-off experience, and managementâ€™s assessment of collectibility from customers, including current conditions, reasonable forecasts, and expectations of future collectibility and collection efforts. Management continuously assesses the collectibility of receivables and adjusts estimates based on actual experience and future expectations based on economic indicators. Receivable balances are written-off against the allowance when such balances are deemed to be uncollectible. Â A roll forward of the allowance for doubtful accounts for the nine months ended SeptemberÂ 30, 2024 and 2023 is as follows: Â Schedule of allowance for doubtful accounts Â Â Â Â Â Â Â Â Â Â Â Â 2024 Â Â 2023 Â Balance at January 1 Â $ 25,772 Â Â $ 92,646 Â Bad debt expense (recovery) Â Â (2,605) Â Â 19,879 Â Write-offs(1) Â Â - Â Â Â (47,813) Other(1) Â Â 218 Â Â Â (45,000) Balance at SeptemberÂ 30 Â $ 23,385 Â Â $ 19,712 Â Â Â (1) During the nine months ended September 30, 2023, the Company entered into a settlement agreement with a former wholesale customer. As a result of this settlement, $47,646 of accounts receivable were written-off as uncollectible, while the $45,000 collected under the settlement agreement was reflected as a gain within general and administrative expenses in the condensed statement of operations. Â Inventory Inventory The Companyâ€™s inventory includes purchased eyewear and is stated at the lower of cost or net realizable value, with cost determined on a specific identification method of inventory costing which attaches the actual cost to an identifiable unit of product. Â Provisions for excess, obsolete, or slow-moving inventory are recorded after periodic evaluation of historical sales, current economic trends, forecasted sales, estimated product life cycles, and estimated inventory levels. Such provisions were $0 and $31,637 as of SeptemberÂ 30, 2024 and DecemberÂ 31, 2023, respectively. Â As of SeptemberÂ 30, 2024 and DecemberÂ 31, 2023, the Company recorded an inventory prepayment in the amount of $139,065 and $323,520, respectively, related to down payments for eyewear purchased from the manufacturer, prior to shipment of the product that occurred after the respective balance sheet dates. Â Intangible Assets Intangible Assets Intangible assets relate to patent costs received in conjunction with the initial capitalization of the Company and internally developed utility and design patents. The Company amortizes these assets over the estimated useful life of the patents. The Company reviews its intangible assets for impairment whenever changes in circumstances indicate that the carrying amount of the assets may not be recoverable. Â Capitalized Software Capitalized Software The Company had previously incurred costs related to development of the Vyrb software application, and had previously capitalized approximately $88,000 of these costs related to coding, development, and testing (subsequent to establishing technical feasibility of the app), as it was the Companyâ€™s intention to market and sell this software externally. Â Although we launched Vyrb as an open beta version in 2021, and continued to add new features to Vyrb throughout 2022 and 2023, we had not officially launched the Vyrb app. During 2024, management decided to shift our primary software development focus to the Lucyd app, which was launched in April 2023 as a free application that enables the user to converse with the extremely popular ChatGPT AI language model on our glasses. Certain elements and features developed for the Vyrb app may potentially be incorporated into future releases of the Lucyd app. Â Based on this decision, during the nine months ended SeptemberÂ 30, 2024, we expensed the previously-capitalized Vyrb software development costs totalling approximately $88,000 to research and development expense. Â Property and Equipment Property and Equipment Property and equipment assets are depreciated using the straight-line method over their estimated useful lives or lease terms if shorter. For income tax purposes, accelerated depreciation methods are generally used. Repair and maintenance costs are expensed as incurred. Â Income Taxes Income Taxes The Company accounts for income taxes under an asset and liability approach that recognizes deferred tax assets and liabilities based on the difference between the financial statement carrying amounts and the tax bases of assets and liabilities using enacted tax rates in effect in the years in which the differences are expected to reverse. Â The Company follows a more-likely-than-not threshold for financial statement recognition and measurement of a tax position taken, or expected to be taken, in a tax return. Any interest and penalties accrued related to uncertain tax positions are recorded in tax expense. Â The Company periodically assesses the realizability of its net deferred tax assets. If, after considering all relevant positive and negative evidence, it is more likely than not that some portion or all of the net deferred tax assets will not be realized, the Company will reduce the net deferred tax assets by a valuation allowance. The realization of net deferred tax assets is dependent on several factors, including the generation of sufficient taxable income prior to the expiration of net operating loss carryforwards. Â Stock-Based Compensation Stock-Based Compensation The Company recognizes compensation expense for stock-based awards to employees and directors and others based on the grant date fair value of such awards. Forfeitures are accounted for as a reduction of compensation expense in the period when such forfeitures occur. Â For stock option awards, the Black-Scholes-Merton option pricing model is used to estimate the fair value of share-based awards. The Black-Scholes-Merton option pricing model incorporates various and highly subjective assumptions, including expected term and share price volatility. Â â— The expected term of the stock options is estimated based on the simplified method as allowed by Staff Accounting Bulletin No. 107. Â â— The share price volatility is estimated using historical stock prices based upon the expected term of the options granted, using stock prices of comparably profiled public companies. Â â— The risk-free interest rate assumption is determined using the rates for U.S. Treasury zero-coupon bonds with maturities similar to those of the expected term of the award being valued. Â For awards of restricted stock units and shares of common stock, the fair value of the award is based on the quoted market price of our common shares on the NASDAQ stock exchange. Â Revenue Recognition Revenue Recognition Our revenue is primarily generated from the sales of prescription and non-prescription optical glasses, sunglasses, and shipping charges, which are charged to the customer, associated with these purchases. We sell products through our retail store resellers, distributors, on our own website Lucyd.co, and on Amazon.com. We have also recently started to generate revenue from the sale of subscriptions to the â€œProâ€ version of our Lucyd app, which provides unlimited ChatGPT interactions and priority tech support for a monthly or annual fee. Â To determine revenue recognition, we perform the following steps: (i) identify the contract(s) with a customer, (ii) identify the performance obligations in the contract, (iii) determine the transaction price, (iv) allocate the transaction price to the performance obligations in the contract, and (v) recognize revenue when (or as) we satisfy a performance obligation. At contract inception, we assess the goods or services promised within each contract and determine those that are performance obligations, and also assess whether each promised good or service is distinct. We then recognize as revenue the amount of the transaction price that is allocated to the respective performance obligation when (or as) the performance obligation is satisfied. Â In instances where the collectibility of contractual consideration is not probable at the time of sale, the revenue is deferred on our balance sheet as a contract liability, and the associated cost of goods sold is deferred on our balance sheet as a contract asset; subsequently, we recognize such revenue and cost of goods sold as payments are received. During the nine months ended SeptemberÂ 30, 2024 and 2023, we recognized $22,500 of revenue for each period, that was included in the contract liability balances as of JanuaryÂ 1, 2024 and 2023, respectively. Â All revenue, including sales processed online and through our retail store resellers and distributors, is reported net of sales taxes collected from customers on behalf of taxing authorities, returns, and discounts. Amounts billed to a customer for shipping and handling are reported as revenues; costs incurred for shipping and handling are included in cost of goods sold at the time the related revenue is recognized. Â For sales generated through our e-commerce channels, we identify the contract with a customer upon online purchase of our eyewear and transaction price at the manufacturer suggested retail price (â€œMSRPâ€) for non-prescription, polarized sunglass and blue light blocking glasses across all of our online channels. Our e-commerce revenue is recognized upon meeting of the performance obligation when the eyewear is shipped to end customers. U.S. consumers enjoy free USPS first class postage on orders over $149, with faster delivery options available for extra cost, for sales processed through our website. For Amazon sales, shipping is free for U.S. consumers while international customers pay shipping charges on top of MSRP. Any costs associated with fees charged by the online platforms (Shopify for Lucyd.co website and Amazon) are not recharged to customers and are recorded as a component of cost of goods sold as incurred. The Company charges applicable state sales taxes in addition to the MSRP for both online channels and all other marketplaces on which the company sells products. Â For sales to our retail store partners, we identify the contract with a customer upon receipt of an order of our eyewear through our Shopify wholesale portal or direct purchase order. Revenue is recognized upon meeting the performance obligation, which is delivery of the Companyâ€™s eyewear products to the retail store, and is also recorded net of returns and discounts. Our wholesale pricing for eyewear sold to retail store partners includes volume discounts, due to the nature of large quantity orders. The pricing includes shipping charges, while

excluding any state sales tax charges applicable. Due to the nature of wholesale retail orders, no e-commerce fees are applicable. Â For sales to distributors, we identify the contract with a customer upon receipt of an order of our eyewear through a direct purchase order. If collectibility of substantially all of the contract consideration is probable, revenue is recognized upon meeting the performance obligation, which is delivery of our eyewear products to the distributor, and is also recorded net of returns and discounts. Our wholesale pricing for eyewear sold to retail store partners and distributors includes volume discounts, due to the nature of large quantity orders. The pricing does not include shipping. Due to the nature of wholesale retail orders, no marketplace fees are applicable, only credit card processing fees. Â For sales of subscriptions to the â€œProâ€ version of our Lucyd app, we identify the individual contracts with customers through detailed transaction reports from the Apple App Store or Google Play Store, with each individual transaction representing a separate contract. Revenue is recognized upon meeting the performance obligation, which is the right and availability of each customer to access the â€œProâ€ features of the Lucyd app. For those customers that purchase such access on a month-to-month basis, we recognize revenue in the month in which the purchase of such access is made. For those customers which purchase an annual subscription, we recognize revenue on a straight-line basis over the subscription period, using a mid-month convention. The balance of unearned revenue related to app subscriptions that has been deferred on our balance sheet as a contract liability was $2,513 as of SeptemberÂ 30, 2024. Â We allow our customers to return our physical products, subject to our refund policy, which allows any customer to return our physical products for any reason and receive a full refund for frames (prescription lenses excluded) within the first 7 days for sales made through our website (Lucyd.co), 30 days for sales made through Amazon, and 30 days for sales to most wholesale retailers and distributors (although certain sales to independent distributors are ineligible for returns). As of JanuaryÂ 2024, we updated our return policy to prohibit discretionary returns of prescription lenses, and also instituted a standard $15 restocking fee for standard frame returns, which is deducted from applicable refunds to cover shipping and restocking costs. Â For all of our product sales, at the time of sale, we establish a reserve for returns, based on historical experience and expected future returns, which is recorded as a reduction of sales. Additionally, we review all individual returns received in the month following the balance sheet date pertaining to orders processed prior to the balance sheet date in order to determine whether an allowance for sales returns is necessary. The Company recorded an allowance for sales returns of $5,302 and $40,933 as SeptemberÂ 30, 2024 and DecemberÂ 31, 2023, respectively. Warrants and rights outstanding are derivative securities that give the holder the right to purchase securities (usually equity) from the issuer at a specific price within a certain time frame. Warrants are often included in a new debt issue to entice investors by a higher return potential. The main difference between warrants and call options is that warrants are issued and guaranteed by the company, whereas options are exchange instruments and are not issued by the company. Also, the lifetime of a warrant is often measured in years, while the lifetime of a typical option is measured in months. Disclose the title of issue of securities called for by warrants and rights outstanding, the aggregate amount of securities called for by warrants and rights outstanding, the date from which the warrants or rights are exercisable, and the price at which the warrant or right is exercisable. + ReferencesReference 1: http://fasb.org/us-gaap/role/ref/legacyRef -Name Accounting Standards Codification -Topic 718 -SubTopic 10 -Section 50 -Paragraph 1 -Subparagraph (a) -Publisher FASB -URI https://asc.fasb.org/1943274/2147480429/718-10-50-1 + Details Name: us-gaap_ScheduleOfStockholdersEquityNoteWarrantsOrRightsTextBlock Namespace Prefix: us-gaap_ Data Type: dtr-types:textBlockItemType Balance Type: na Period Type: duration XML 38 R26.htm IDEA: XBRL DOCUMENT v3.24.3 EARNINGS PER SHARE (Tables) 9 Months Ended Sep. 30, 2024 Earnings Per Share [Abstract] Â Schedule of calculation of net earnings per common share - basic and diluted Schedule of calculation of net earnings per common share - basic and diluted Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â For the three months ended Â For the nine months ended Â Â SeptemberÂ 30, 2024 Â SeptemberÂ 30, 2023 Â SeptemberÂ 30, 2024 Â SeptemberÂ 30, 2023 Basic and diluted: Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Net loss Â $ (1,720,677) Â $ (1,551,105) Â $ (5,640,387) Â $ (4,269,717) Weighted-average number of common shares Â Â 1,736,803 Â Â Â 747,416 Â Â Â 1,178,768 Â Â Â 586,807 Â Basic and diluted net loss per common share Â $ (0.99) Â $ (2.08) Â $ (4.78) Â $ (7.28) X - ReferencesNo definition available. + Details Name: us-gaap_EarningsPerShareAbstract Namespace Prefix: us-gaap_ Data Type: xbrli:stringItemType Balance Type: na Period Type: duration X - DefinitionTabular disclosure of an entity's basic and diluted earnings per share calculations, including a reconciliation of numerators and denominators of the basic and diluted per-share computations for income from continuing operations. + ReferencesReference 1: http://www.xbrl.org/2009/role/commonPracticeRef -Topic 260 -SubTopic 10 -Name Accounting Standards Codification -Section 50 -Paragraph 1 -Subparagraph (a) -Publisher FASB -URI https://asc.fasb.org/1943274/2147482662/260-10-50-1 + Details Name: us-gaap_ScheduleOfEarningsPerShareBasicAndDilutedTableTextBlock Namespace Prefix: us-gaap_ Data Type: dtr-types:textBlockItemType Balance Type: na Period Type: duration XML 39 R27.htm IDEA: XBRL DOCUMENT v3.24.3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Details) - USD ($) 9 Months Ended Sep. 30, 2024 Sep. 30, 2023 Accounting Policies [Abstract] Â Â Balance at begining $ 25,772 $ 92,646 Bad debt expense (recovery) (2,605) 19,879 Write-offs [1] (47,813) Other [1] 218 (45,000) Balance at end $ 23,385 $ 19,712 [1] During the nine months ended September 30, 2023, the Company entered into a settlement agreement with a former wholesale customer. (the “Company,” “us,” “we,” or “our”) is a corporation organized under the laws of the State of Florida that develops and sells cutting-edge eyeglasses and sunglasses, which are designed to allow our customers to remain connected to their digital lives, while also offering prescription eyewear and sun protection. The Company was founded by Lucyd Ltd., a portfolio company of Tekcapital Plc through Tekcapital Europe, Ltd. (collectively, together with Lucyd Ltd., “Tekcapital and Affiliates”), which owned approximately 10.8% of our issued and outstanding shares of common stock as of September 30, 2024. Innovative Eyewear has licensed the exclusive rights to the Lucyd® brand from Lucyd Ltd., which includes the exclusive use of all of Lucyd’s intellectual property, including our main product, Lucyd Lyte® glasses.   NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES   Basis of Presentation The accompanying condensed balance sheet as of December 31, 2023 (which has been derived from audited financial statements) and the unaudited interim condensed financial statements have been prepared in accordance with accounting principles generally accepted in the United States (“GAAP”) for interim financial information and pursuant to the instructions to Form 10-Q and Article 8 of Regulation S-X promulgated by the United States Securities and Exchange Commission (“SEC”). Certain information or footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted, pursuant to the rules and regulations of the SEC for interim financial reporting. Accordingly, they do not include all the information and footnotes necessary for a comprehensive presentation of financial position, results of operations, or cash flows.   In the opinion of management, all adjustments considered necessary for the fair presentation of the financial statements for the periods presented have been included. The results of operations for the three and nine months ended September 30, 2024 are not necessarily indicative of the results to be expected for future periods or the full year.   Certain prior period amounts have been reclassified to conform to current period presentation; approximately $22,000 of capitalized costs related to the Company’s website previously reported within Capitalized software costs are now reported within Property and equipment, net.   Change in Capital Structure As described more fully in Note 9, effective July 18, 2024, the Company effected a 1-for-20 reverse stock split for all of its issued and outstanding common stock. All share and per share related amounts presented in these financial statements and accompanying notes, including but not limited to shares issued and outstanding, dollar amounts of common stock and additional paid-in capital, earnings/(loss) per share, and warrants and options, have been retroactively adjusted for all periods presented in order to reflect this change in capital structure. There were no changes to the total number of authorized common shares or par value per common share as a result of this change.   Use of Estimates The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates, particularly given the significant uncertainties associated with the current geopolitical and economic environment.   Cash Equivalents All highly liquid investments with original maturities of three months or less, including money market funds, certificates of deposit, and U.S. Treasury bills purchased three months or less from maturity, are considered cash equivalents.   Investments As of September 30, 2024, the Company held investments in U.S. Treasury bills, which mature in March 2025. These investments are classified as “held-to-maturity” and are recorded at amortized cost of $4,895,184 in the accompanying condensed balance sheet. The aggregate fair value of these investments, based on quoted prices (unadjusted) in active markets for identical assets, is $4,901,300 as of September 30, 2024, which includes an unrealized gain of $6,116.   Receivables and Credit Policy Trade receivables from customers are uncollateralized customer obligations due under normal trade terms. Payments of trade receivables are allocated to the specific invoices identified on the customer’s remittance advice or, if unspecified, are applied to the earliest unpaid invoice. The Company, by policy, routinely assesses the financial strength of its customers. We generally offer “net 30” payment terms on wholesale orders of $1,500 or more, subject to the wholesale customer’s completion of a credit check application and credit card authorization form. For direct-to-consumer sales, payment is required before product is shipped.</p> <p style="font: 10pt Times New Roman, Times, Serif; margin: 0"> </p> <p style="font: 10pt Times New Roman, Times, Serif; margin: 0pt 0; text-align: justify">Accounts receivable are reported at the amount billed to the customer, net of an allowance for doubtful accounts. The allowance for doubtful accounts is determined based upon a variety of judgments and factors. Factors considered in determining the allowance include historical collection, write-off experience, and management’s assessment of collectibility from customers, including current conditions, reasonable forecasts, and expectations of future collectibility and collection efforts. Management continuously assesses the collectibility of receivables and adjusts estimates based on actual experience and future expectations based on economic indicators. Provisions for excess, obsolete, or slow-moving inventory are

recorded after periodic evaluation of historical sales, current economic trends, forecasted sales, estimated product life cycles, and estimated inventory levels. Such provisions were $0 and $31,637 as of September 30, 2024 and December 31, 2023, respectively.   As of September 30, 2024 and December 31, 2023, the Company recorded an inventory prepayment in the amount of $139,065 and $323,520, respectively, related to down payments for eyewear purchased from the manufacturer, prior to shipment of the product that occurred after the respective balance sheet dates.   Intangible Assets Intangible assets relate to patent costs received in conjunction with the initial capitalization of the Company and internally developed utility and design patents. The Company amortizes these assets over the estimated useful life of the patents. The Company reviews its intangible assets for impairment whenever changes in circumstances indicate that the carrying amount of the assets may not be recoverable.   Capitalized Software The Company had previously incurred costs related to development of the Vyrb software application, and had previously capitalized approximately $88,000 of these costs related to coding, development, and testing (subsequent to establishing technical feasibility of the app), as it was the Company’s intention to market and sell this software externally.   Although we launched Vyrb as an open beta version in 2021, and continued to add new features to Vyrb throughout 2022 and 2023, we had not officially launched the Vyrb app. During 2024, management decided to shift our primary software development focus to the Lucyd app, which was launched in April 2023 as a free application that enables the user to converse with the extremely popular ChatGPT AI language model on our glasses. Certain elements and features developed for the Vyrb app may potentially be incorporated into future releases of the Lucyd app.   Based on this decision, during the nine months ended September 30, 2024, we expensed the previously-capitalized Vyrb software development costs totalling approximately $<span id="xdx_904_eus-gaap--ResearchAndDevelopmentExpense_c20240701__20240930__us-gaap--PropertyPlantAndEquipmentByTypeAxis__us-gaap--SoftwareDevelopmentMember_pp0p0" title="Research and development expense"><span id="xdx_902_eus-gaap--ResearchAndDevelopmentExpense_c20240101__20240930__us-gaap--PropertyPlantAndEquipmentByTypeAxis__us-gaap--SoftwareDevelopmentMember_pp0p0" title="Research and development expense">88,000 to research and development expense.   Property and Equipment Property and equipment assets are depreciated using the straight-line method over their estimated useful lives or lease terms if shorter. For income tax purposes, accelerated depreciation methods are generally used. Repair and maintenance costs are expensed as incurred.   Income Taxes The Company accounts for income taxes under an asset and liability approach that recognizes deferred tax assets and liabilities based on the difference between the financial statement carrying amounts and the tax bases of assets and liabilities using enacted tax rates in effect in the years in which the differences are expected to reverse.   The Company follows a more-likely-than-not threshold for financial statement recognition and measurement of a tax position taken, or expected to be taken, in a tax return. Any interest and penalties accrued related to uncertain tax positions are recorded in tax expense.   The Company periodically assesses the realizability of its net deferred tax assets. If, after considering all relevant positive and negative evidence, it is more likely than not that some portion or all of the net deferred tax assets will not be realized, the Company will reduce the net deferred tax assets by a valuation allowance. The realization of net deferred tax assets is dependent on several factors, including the generation of sufficient taxable income prior to the expiration of net operating loss carryforwards.   Stock-Based Compensation The Company recognizes compensation expense for stock-based awards to employees and directors and others based on the grant date fair value of such awards. Forfeitures are accounted for as a reduction of compensation expense in the period when such forfeitures occur.   For stock option awards, the Black-Scholes-Merton option pricing model is used to estimate the fair value of share-based awards. The Black-Scholes-Merton option pricing model incorporates various and highly subjective assumptions, including expected term and share price volatility.   <table border="0" cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; width: 100%; border-collapse: collapse"> <tr> <td style="vertical-align: top; width: 0.25in; text-align: right; vertical-align: top"></td><td style="vertical-align: top; width: 0.25in; text-align: left; text-indent: 0in; vertical-align: top">●</td> <td style="vertical-align: top; text-align: justify; text-indent: 0in">The expected term of the stock options is estimated based on the simplified method as allowed by Staff Accounting Bulletin No. 107.</td> </tr> </table>   <table border="0" cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; width: 100%; border-collapse: collapse"> <tr> <td style="vertical-align: top; width: 0.25in; text-align: right; vertical-align: top"></td><td style="vertical-align: top; width: 0.25in; text-align: left; text-indent: 0in; vertical-align: top">●</td> <td style="vertical-align: top; text-align: justify; text-indent: 0in">The share price volatility is estimated using historical stock prices based upon the expected term of the options granted, using stock prices of comparably profiled public companies.</td> </tr> </table>   <table border="0" cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; width: 100%; border-collapse: collapse"> <tr> <td style="vertical-align: top; width: 0.25in; text-align: right; vertical-align: top"></td><td style="vertical-align: top; width: 0.25in; text-align: left; text-indent: 0in; vertical-align: top">●</td> <td style="vertical-align: top; text-align: justify; text-indent: 0in">The risk-free interest rate assumption is determined using the rates for U.S. Treasury zero-coupon bonds with maturities similar to those of the expected term of the award being valued.</td> </tr> </table>   For awards of restricted stock units and shares of common stock, the fair value of the award is based on the quoted market price of our common shares on the NASDAQ stock exchange.   Revenue Recognition Our revenue is primarily generated from the sales of prescription and non-prescription optical glasses, sunglasses, and shipping charges, which are charged to the customer, associated with these purchases. We sell products through our retail store resellers, distributors, on our own website Lucyd.co, and on Amazon.com. We have also recently started to generate revenue from the sale of subscriptions to the “Pro” version of our Lucyd app, which provides unlimited ChatGPT interactions and priority tech support for a monthly or annual fee.   To determine revenue recognition, we perform the following steps: (i) identify the contract(s) with a customer, (ii) identify the performance obligations in the contract, (iii) determine the transaction price, (iv) allocate the transaction price to the performance obligations in the contract, and (v) recognize revenue when (or as) we satisfy a performance obligation. At contract inception, we assess the goods or services promised within each contract and determine those that are performance obligations, and also assess whether each promised good or service is distinct. We then recognize as revenue the amount of the transaction price that is allocated to the respective performance obligation when (or as) the performance obligation is satisfied.   In instances where the collectibility of contractual consideration is not probable at the time of sale, the revenue is deferred on our balance sheet as a contract liability, and the associated cost of goods sold is deferred on our balance sheet as a contract asset; subsequently, we recognize such revenue and cost of goods sold as payments are received. During the nine months ended September 30, 2024 and 2023, we recognized $22,500 of revenue for each period, that was included in the contract liability balances as of January 1, 2024 and 2023, respectively.   All revenue, including sales processed online and through our retail store resellers and distributors, is reported net of sales taxes collected from customers on behalf of taxing authorities, returns, and discounts. Amounts billed to a customer for shipping and handling are reported as revenues; costs incurred for shipping and handling are included in cost of goods sold at the time the related revenue is recognized.   For sales generated through our e-commerce channels, we identify the contract with a customer upon online purchase of our eyewear and transaction price at the manufacturer suggested retail price (“MSRP”) for non-prescription, polarized sunglass and blue light blocking glasses across all of our online channels. Our e-commerce revenue is recognized upon meeting of the performance obligation when the eyewear is shipped to end customers. U.S. consumers enjoy free USPS first class postage on orders over $149, with faster delivery options available for extra cost, for sales processed through our website. For Amazon sales, shipping is free for U.S. consumers while international customers pay shipping charges on top of MSRP. Any costs associated with fees charged by the online platforms (Shopify for Lucyd.co website and Amazon) are not recharged to customers and are recorded as a component of cost of goods sold as incurred. The Company charges applicable state sales taxes in addition to the MSRP for both online channels and all other marketplaces on which the company sells products.   For sales to our retail store partners, we identify the contract with a customer upon receipt of an order of our eyewear through our Shopify wholesale portal or direct purchase order. Revenue is recognized upon meeting the performance obligation, which is delivery of the Company’s eyewear products to the retail store, and is also recorded net of returns and discounts. Our wholesale pricing for eyewear sold to retail store partners includes volume discounts, due to the nature of large quantity orders. The pricing includes shipping charges, while excluding any state sales tax charges applicable. Due to the nature of wholesale retail orders, no e-commerce fees are applicable.   For sales to distributors, we identify the contract with a customer upon receipt of an order of our eyewear through a direct purchase order. If collectibility of substantially all of the contract consideration is probable, revenue is recognized upon meeting the performance obligation, which is delivery of our eyewear products to the distributor, and is also recorded net of returns and discounts. Our wholesale pricing for eyewear sold to retail store partners and distributors includes volume discounts, due to the nature of large quantity orders. The pricing does not include shipping. Due to the nature of wholesale retail orders, no marketplace fees are applicable, only credit card processing fees.   For sales of subscriptions to the “Pro” version of our Lucyd app, we identify the individual contracts with customers through detailed transaction reports from the Apple App Store or Google Play Store, with each individual transaction representing a separate contract. Revenue is recognized upon meeting the performance obligation, which is the right and availability of each customer to access the “Pro” features of the Lucyd app. For those customers that purchase such access on a month-to-month basis, we recognize revenue in the month in which the purchase of such access is made. For those customers which purchase an annual subscription, we recognize revenue on a straight-line basis over the subscription period, using a mid-month convention. The balance of unearned revenue related to app subscriptions that has been deferred on our balance sheet as a contract liability was $2,513 as of September 30, 2024.   We allow our customers to return our physical products, subject to our refund policy, which allows any customer to return our physical products for any reason and receive a full refund for frames (prescription lenses excluded) within the first 7 days for sales made through our website (Lucyd.co), 30 days for sales made through Amazon, and 30 days for sales to most wholesale retailers and distributors (although certain sales to independent distributors are ineligible for returns). As of January 2024, we updated our return policy to prohibit discretionary returns of prescription lenses, and also instituted a standard $15 restocking fee for standard frame returns, which is deducted from applicable refunds to cover shipping and restocking costs.   For all of our product sales, at the time of sale, we establish a reserve for returns, based on historical experience and expected future returns, which is recorded as a reduction of sales. Additionally, we review all individual returns received in the month following the balance sheet date pertaining to orders processed prior to the balance sheet date in order to determine whether an allowance for sales returns is necessary. The Company recorded an allowance for sales returns of $5,302 and $40,933 as September 30, 2024 and December 31, 2023, respectively.   Basis of Presentation The accompanying condensed balance sheet as of December 31, 2023 (which has been derived from audited financial statements) and the unaudited interim condensed financial statements have been prepared in accordance with accounting principles generally accepted in the United States (“GAAP”) for interim financial information and pursuant to the instructions to Form 10-Q and Article 8 of Regulation S-X promulgated by the United States Securities and Exchange Commission (“SEC”). Certain information or footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted, pursuant to the rules and regulations of the SEC for interim financial reporting. Accordingly, they do not include all the information and footnotes necessary for a comprehensive presentation of financial position, results of operations, or cash flows.   In the opinion of management, all adjustments considered necessary for the fair presentation of the financial statements for the periods presented have been included. The results of operations for the three and nine months ended September 30, 2024 are not necessarily indicative of the results to be expected for future periods or the full year.   Certain prior period amounts have been reclassified to conform to current period presentation; approximately $22,000 of capitalized costs related to the Company’s website previously reported within Capitalized software costs are now reported within Property and equipment, net. <p style="font: 10pt Times New Roman, Times, Serif;

margin: 0"> Change in Capital Structure As described more fully in Note 9, effective July 18, 2024, the Company effected a 1-for-20 reverse stock split for all of its issued and outstanding common stock. All share and per share related amounts presented in these financial statements and accompanying notes, including but not limited to shares issued and outstanding, dollar amounts of common stock and additional paid-in capital, earnings/(loss) per share, and warrants and options, have been retroactively adjusted for all periods presented in order to reflect this change in capital structure. There were no changes to the total number of authorized common shares or par value per common share as a result of this change.   Use of Estimates The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates, particularly given the significant uncertainties associated with the current geopolitical and economic environment.   Cash Equivalents All highly liquid investments with original maturities of three months or less, including money market funds, certificates of deposit, and U.S. Treasury bills purchased three months or less from maturity, are considered cash equivalents.   Investments As of September 30, 2024, the Company held investments in U.S. Treasury bills, which mature in March 2025. These investments are classified as “held-to-maturity” and are recorded at amortized cost of $4,895,184 in the accompanying condensed balance sheet. The aggregate fair value of these investments, based on quoted prices (unadjusted) in active markets for identical assets, is $4,901,300 as of September 30, 2024, which includes an unrealized gain of $6,116.   48951846116 Receivables and Credit Policy Trade receivables from customers are uncollateralized customer obligations due under normal trade terms. Payments of trade receivables are allocated to the specific invoices identified on the customer’s remittance advice or, if unspecified, are applied to the earliest unpaid invoice. The Company, by policy, routinely assesses the financial strength of its customers. We generally offer “net 30” payment terms on wholesale orders of $1,500 or more, subject to the wholesale customer’s completion of a credit check application and credit card authorization form. For direct-to-consumer sales, payment is required before product is shipped.</p> <p style="font: 10pt Times New Roman, Times, Serif; margin: 0"> </p> <p style="font: 10pt Times New Roman, Times, Serif; margin: 0pt 0; text-align: justify">Accounts receivable are reported at the amount billed to the customer, net of an allowance for doubtful accounts. Provisions for excess, obsolete, or slow-moving inventory are recorded after periodic evaluation of historical sales, current economic trends, forecasted sales, estimated product life cycles, and estimated inventory levels. Such provisions were $0 and $31,637 as of September 30, 2024 and December 31, 2023, respectively.   As of September 30, 2024 and December 31, 2023, the Company recorded an inventory prepayment in the amount of $139,065 and $323,520, respectively, related to down payments for eyewear purchased from the manufacturer, prior to shipment of the product that occurred after the respective balance sheet dates.   031637139065323520 Intangible

Assets Intangible assets relate to patent costs received in conjunction with the initial capitalization of the Company and internally developed utility and design patents. The Company amortizes these assets over the estimated useful life of the patents. The Company reviews its intangible assets for impairment whenever changes in circumstances indicate that the carrying amount of the assets may not be recoverable.   Capitalized Software The Company had previously incurred costs related to development of the Vyrb software application, and had previously capitalized approximately $88,000 of these costs related to coding, development, and testing (subsequent to establishing technical feasibility of the app), as it was the Company's intention to market and sell this software externally.   Although we launched Vyrb as an open beta version in 2021, and continued to add new features to Vyrb throughout 2022 and 2023, we had not officially launched the Vyrb app. During 2024, management decided to shift our primary software development focus to the Lucyd app, which was launched in April 2023 as a free application that enables the user to converse with the extremely popular ChatGPT AI language model on our glasses. Certain elements and features developed for the Vyrb app may potentially be incorporated into future releases of the Lucyd app.   Based on this decision, during the nine months ended September 30, 2024, we expensed the previously-capitalized Vyrb software development costs totalling approximately $<span id="xdx_904_eus-gaap--ResearchAndDevelopmentExpense_c20240701__20240930__us-gaap--PropertyPlantAndEquipmentByTypeAxis__us-gaap--SoftwareDevelopmentMember_pp0p0" title="Research and development expense"><span id="xdx_902_eus-gaap--ResearchAndDevelopmentExpense_c20240101__20240930__us-gaap--PropertyPlantAndEquipmentByTypeAxis__us-gaap--SoftwareDevelopmentMember_pp0p0" title="Research and development expense">88,000 to research and development expense.   8800088000 Property and Equipment Property and equipment assets are depreciated using the straight-line method over their estimated useful lives or lease terms if shorter. For income tax purposes, accelerated depreciation methods are generally used. Repair and maintenance costs are expensed as incurred.   Income Taxes The Company accounts for income taxes under an asset and liability approach that recognizes deferred tax assets and liabilities based on the difference between the financial statement carrying amounts and the tax bases of assets and liabilities using enacted tax rates in effect in the years in which the differences are expected to reverse.   The Company follows a more-likely-than-not threshold for financial statement recognition and measurement of a tax position taken, or expected to be taken, in a tax return. Any interest and penalties accrued related to uncertain tax positions are recorded in tax expense.   The Company periodically assesses the realizability of its net deferred tax assets. If, after considering all relevant positive and negative evidence, it is more likely than not that some portion or all of the net deferred tax assets will not be realized, the Company will reduce the net deferred tax assets by a valuation allowance. The realization of net deferred tax assets is dependent on several factors, including the generation of sufficient taxable income prior to the expiration of net operating loss carryforwards.   Stock-Based Compensation The Company recognizes compensation expense for stock-based awards to employees and directors and others based on the grant date fair value of such awards. Forfeitures are accounted for as a reduction of compensation expense in the period when such forfeitures occur.   For stock option awards, the Black-Scholes-Merton option pricing model is used to estimate the fair value of share-based awards. The Black-Scholes-Merton option pricing model incorporates various and highly subjective assumptions, including expected term and share price volatility.   <table border="0" cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; width: 100%; border-collapse: collapse"> <tr> <td style="vertical-align: top; width: 0.25in; text-align: right; vertical-align: top"></td><td style="vertical-align: top; width: 0.25in; text-align: left; text-indent: 0in; vertical-align: top">●</td> <td style="vertical-align: top; text-align: justify; text-indent: 0in">The expected term of the stock options is estimated based on the simplified method as allowed by Staff Accounting Bulletin No. 107.</td> </tr> </table>   <table border="0" cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; width: 100%; border-collapse: collapse"> <tr> <td style="vertical-align: top; width: 0.25in; text-align: right; vertical-align: top"></td><td style="vertical-align: top; width: 0.25in; text-align: left; text-indent: 0in; vertical-align: top">●</td> <td style="vertical-align: top; text-align: justify; text-indent: 0in">The share price volatility is estimated using historical stock prices based upon the expected term of the options granted, using stock prices of comparably profiled public companies.</td> </tr> </table>   <table border="0" cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; width: 100%; border-collapse: collapse"> <tr> <td style="vertical-align: top; width: 0.25in; text-align: right; vertical-align: top"></td><td style="vertical-align: top; width: 0.25in; text-align: left; text-indent: 0in; vertical-align: top">●</td> <td style="vertical-align: top; text-align: justify; text-indent: 0in">The risk-free interest rate assumption is determined using the rates for U.S. Treasury zero-coupon bonds with maturities similar to those of the expected term of the award being valued.</td> </tr> </table>   For awards of restricted stock units and shares of common stock, the fair value of the award is based on the quoted market price of our common shares on the NASDAQ stock exchange.   Revenue Recognition Our revenue is primarily generated from the sales of prescription and non-prescription optical glasses, sunglasses, and shipping charges, which are charged to the customer, associated with these purchases. We sell products through our retail store resellers, distributors, on our own website Lucyd.co, and on Amazon.com. We have also recently started to generate revenue from the sale of subscriptions to the "Pro" version of our Lucyd app, which provides unlimited ChatGPT interactions and priority tech support for a monthly or annual fee.   To determine revenue recognition, we perform the following steps: (i) identify the contract(s) with a customer, (ii) identify the performance obligations in the contract, (iii) determine the transaction price, (iv) allocate the transaction price to the performance obligations in the contract, and (v) recognize revenue when (or as) we satisfy a performance obligation. At contract inception, we assess the goods or services promised within each contract and determine those that are performance obligations, and also assess whether each promised good or service is distinct. We then recognize as revenue the amount of the transaction price that is allocated to the respective performance obligation when (or as) the performance obligation is satisfied.   In instances where the collectibility of contractual consideration is not probable at the time of sale, the revenue is deferred on our balance sheet as a contract liability, and the associated cost of goods sold is deferred on our balance sheet as a contract asset; subsequently, we recognize such revenue and cost of goods sold as payments are received. During the nine months ended September 30, 2024 and 2023, we recognized $22,500 of revenue for each period, that was included in the contract liability balances as of January 1, 2024 and 2023, respectively.   All revenue, including sales processed online and through our retail store resellers and distributors, is reported net of sales taxes collected from customers on behalf of taxing authorities, returns, and discounts. Amounts billed to a customer for shipping and handling are reported as revenues; costs incurred for shipping and handling are included in cost of goods sold at the time the related revenue is recognized.   For sales generated through our e-commerce channels, we identify the contract with a customer upon online purchase of our eyewear and transaction price at the manufacturer suggested retail price ("MSRP") for non-prescription, polarized sunglass and blue light blocking glasses across all of our online channels. Our e-commerce revenue is recognized upon meeting of the performance obligation when the eyewear is shipped to end customers. U.S. consumers enjoy free USPS first class postage on orders over $149, with faster delivery options available for extra cost, for sales processed through our website. For Amazon sales, shipping is free for U.S. consumers while international customers pay shipping charges on top of MSRP. Any costs associated with fees charged by the online platforms (Shopify for Lucyd.co website and Amazon) are not recharged to customers and are recorded as a component of cost of goods sold as incurred. The Company charges applicable state sales taxes in addition to the MSRP for both online channels and all other marketplaces on which the company sells products.   For sales to our retail store partners, we identify the contract with a customer upon receipt of an order of our eyewear through our Shopify wholesale portal or direct purchase order. Revenue is recognized upon meeting the performance obligation, which is delivery of the Company's eyewear products to the retail store, and is also recorded net of returns and discounts. Our wholesale pricing for eyewear sold to retail store partners includes volume discounts, due to the nature of large quantity orders. The pricing includes shipping charges, while excluding any state sales tax charges applicable. Due to the nature of wholesale retail orders, no e-commerce fees are applicable.   For sales to distributors, we identify the contract with a customer upon receipt of an order of our eyewear through a direct purchase order. If collectibility of substantially all of the contract consideration is probable, revenue is recognized upon meeting the performance obligation, which is delivery of our eyewear products to the distributor, and is also recorded net of returns and discounts. Our wholesale pricing for eyewear sold to retail store partners and distributors includes volume discounts, due to the nature of large quantity orders. The pricing does not include shipping. Due to the nature of wholesale retail orders, no marketplace fees are applicable, only credit card processing fees.   For sales of subscriptions to the "Pro" version of our Lucyd app, we identify the individual contracts with customers through detailed transaction reports from the Apple App Store or Google Play Store, with each individual transaction representing a separate contract. Revenue is recognized upon meeting the performance obligation, which is the right and availability of each customer to access the "Pro" features of the Lucyd app. For those customers that purchase such access on a month-to-month basis, we recognize revenue in the month in which the purchase of such access is made. For those customers which purchase an annual subscription, we recognize revenue on a straight-line basis over the subscription period, using a mid-month convention. The balance of unearned revenue related to app subscriptions that has been deferred on our balance sheet as a contract liability was $2,513 as of September 30, 2024.   We allow our customers to return our physical products, subject to our refund policy, which allows any customer to return our physical products for any reason and receive a full refund for frames (prescription lenses excluded) within the first 7 days for sales made through our website (Lucyd.co), 30 days for sales made through Amazon, and 30 days for sales to most wholesale retailers and distributors (although certain sales to independent distributors are ineligible for returns). As of January 2024, we updated our return policy to prohibit discretionary returns of prescription lenses, and also instituted a standard $15 restocking fee for standard frame returns, which is deducted from applicable refunds to cover shipping and restocking costs.   For all of our product sales, at the time of sale, we establish a reserve for returns, based on historical experience and expected future returns, which is recorded as a reduction of sales. Additionally, we review all individual returns received in the month following the balance sheet date pertaining to orders processed prior to the balance sheet date in order to determine whether an allowance for sales returns is necessary. The Company recorded an allowance for sales returns of $5,302 and $40,933 as September 30, 2024 and December 31, 2023, respectively.   22500225002513155302409330 NOTE 3 – GOING CONCERN   The Company has a limited operating history. The Company's business and operations are sensitive to general business and economic conditions in the United States. A host of factors beyond the Company's control could cause fluctuations in these conditions. Adverse conditions may include recession, downturn, or otherwise, changes in regulations or restrictions in imports, competition, or changes in consumer taste. These adverse conditions could affect the Company's financial condition and the results of its operations.   The Company meets its day-to-day working capital requirements using monies raised through sales of eyewear and issuances of equity. During the nine months ended September 30, 2024, the Company raised approximately $10.4 million of net cash proceeds through the issuance of equity via a combination of at-the-market offerings, registered direct offerings, and warrant exercises (see Note 9 for details). The Company has also entered into an agreement with a related party, under which the Company may borrow up to $1.25 million (see Note 6 for details); as of September 30, 2024, the Company has not borrowed any amounts under this agreement. The Company's forecasts and projections indicate that the Company expects to have sufficient liquidity to fund operations through at least the next 12 months. However, the Company may raise additional funds if management believes it would be beneficial to do so.   NOTE 4 – INCOME TAX PROVISION / BENEFIT   At the end of each interim reporting period, the Company estimates its effective tax rate expected to be applied for the full year. This estimate is used to determine the income tax provision or benefit on a year-to-date basis and may change in subsequent interim periods. The Company has not recorded an income tax provision or benefit

for the three and nine months ended September 30, 2024 and 2023 as it maintains a full valuation allowance against its net deferred tax assets.   0000 NOTE 5 – TANGIBLE AND INTANGIBLE ASSETS   <table cellpadding="0" cellspacing="0" id="xdx_895_eus-gaap--PropertyPlantAndEquipmentTextBlock_znEc7Ukp5CO1" style="font: 10pt Times New Roman, Times, Serif; Subsequently, the board of directors authorized a reverse stock split in a ratio of 1-for-20 shares, and we filed with the Florida Secretary of State a certificate of amendment to our articles of incorporation.   Effective July 18, 2024, each 20 shares of the Company’s issued and outstanding common stock were combined into one share of common stock, except to the extent that the reverse stock split would have resulted in any of the Company’s stockholders owning a fractional share, in which case such fractional share was rounded up to the next highest whole share. Additionally, pursuant to their terms, the shares of common stock underlying the Company’s outstanding stock options and warrants were similarly adjusted along with corresponding adjustments to their exercise prices.   All share and per share amounts presented in these financial statements and accompanying notes, included but not limited to shares issued and outstanding, earnings/(loss) per share, and warrants and options, as well as the dollar amounts of common stock and additional paid-in capital, have been retroactively adjusted for all periods presented in order to reflect this change in capital structure. Each Right entitles the holder to purchase from the Company six shares of our common stock at an exercise price of $6.21 per share. The Rights are evidenced by and trade with the certificates for the shares of our common stock outstanding as of September 25, 2024, and will accompany any new shares of our common stock that are issued after that date.   Under the Rights Plan, the Rights generally will become exercisable only if a person or group acquires beneficial ownership of 20% or more of our common stock in a transaction not approved by our board of directors. In that situation, each holder of a Right (other than the acquiring person or group, whose rights will become void and will not be exercisable) will have the right to purchase, upon payment of the exercise price and in accordance with the terms of the Rights Plan, a number of shares of our common stock having a market value of twice such price.   The Rights expire at or prior to the earlier of (i) September 25, 2025, (ii) the redemption or exchange of the Rights in accordance with the terms of the Rights Plan, (iii) the closing of certain merger or other acquisition transactions involving the Company, and (iv) the date of the Company’s next meeting of its stockholders.   The Rights Plan is not intended to prevent a takeover of the Company and should not interfere with any merger or other business combination approved by our board of directors. However, the Rights Plan may cause substantial dilution to a person or group that acquires beneficial ownership of twenty percent (20%) or more of our outstanding common stock.   Other Matters During the nine months ended September 30, 2024, the Company made a release payment of $325,000 to a shareholder counterparty for the waiver of certain of that counterparty’s pre-existing contractual rights related to the Company’s equity offerings described above. This payment is reflected within General and administrative expenses in the unaudited condensed statements of operations. 1-for-20500000000.000012828130001200034900536000518000246743191800018450002735171446000139900050000210043210043 4.884.88157546.108370001000002631592631599.509.5019737 of the holders of the Series A and Series B warrants exercised an aggregate of 40,000 warrants on a cashless basis and received 20,482 shares of common stock.one of the holders of the warrants issued in connection with the First Registered Direct Offering elected to exercise their warrants to purchase an aggregate of 61,475 shares of common stock. Due to the net losses for all periods presented in the unaudited condensed statements of operations, all shares underlying the common stock options, common stock warrants, and related party convertible debt were excluded from the earnings per share calculation due to their anti-dilutive effect.   The calculation of net earnings/(loss) per share (as retroactively adjusted for the reverse stock split described in Note 9) is as follows: <table cellpadding="0" cellspacing="0" id="xdx_888_eus-gaap--ScheduleOfEarningsPerShareBasicAndDilutedTableTextBlock_zUZKh0OAx4Gb" style="font: 10pt Times New Roman, Times, Serif; border-collapse: collapse; width: 100%" summary="xdx: Disclosure - EARNINGS PER SHARE (Details)"> <tr style="vertical-align: bottom; background-color: White"> <td style="vertical-align: top; text-indent: -0.125in; padding-left: 0.125in; text-align: left">Schedule of calculation of net earnings per common share - basic and diluted</td> <td> </td> <td style="text-align: left"> </td> <td style="text-align: right"> </td> <td style="text-align: left"> </td> <td> </td> <td style="text-align: left"> </td> <td style="text-align: right"> </td> <td style="text-align: left"> </td> <td> </td> <td style="text-align: left"> </td> <td style="text-align: right"> </td> <td style="text-align: left"> </td> <td> </td> <td style="text-align: left"> </td> <td style="text-align: right"> </td> <td style="text-align: left"> </td></tr> <tr style="vertical-align: bottom"> <td style="vertical-align: bottom; text-align: center"> </td> <td style="text-align: center; font-weight: bold; padding-bottom: 1pt; vertical-align: bottom"> </td> <td colspan="7" style="border-bottom: Black 1pt solid; vertical-align: bottom; font-weight: bold; text-align: center">For the

See Note 2 and Note 9. Retroactively adjusted shares outstanding and per share information to give effect to the Company’s 1-for-20 reverse stock split. See Note 2 and Note 9. Retroactively adjusted the values of Common stock and Additional paid-in capital as well as the number of shares issued and outstanding in order to give effect to the Company’s 1-for-20 reverse stock split. See Note 2 and Note 9. During the nine months ended September 30, 2023, the Company entered into a settlement agreement with a former wholesale customer. As a result of this settlement, $47,646 of accounts receivable were written-off as uncollectible, while the $45,000 collected under the settlement agreement was reflected as a gain within general and administrative expenses in the condensed statement of operations.
