Westminster was a wholly-owned subsidiary of NI Holdings until it was sold to Scott Insurance Holdings, LLC (â€œScott Insurance Holdingsâ€) on June 30, 2024; and Â â—â€œNodak Agencyâ€ refers to Nodak Agency, Inc. Nodak Agency is a wholly-owned subsidiary of Nodak Insurance. Â 1Â Â FORWARD-LOOKING STATEMENTS Â This report contains, and management may make, certain â€œforward-looking statementsâ€ within the meaning of the Private Securities Litigation Reform Act of 1995. All statements, other than statements of historical facts, may be forward-looking statements. Words such as â€œmayâ€, â€œwillâ€, â€œshouldâ€, â€œlikelyâ€, â€œanticipatesâ€, â€œexpectsâ€, â€œintendsâ€, â€œplansâ€, â€œprojectsâ€, â€œbelievesâ€, â€œviewsâ€, â€œestimatesâ€, and similar expressions are used to identify these forward-looking statements. These statements include, among other things, the Companyâ€™s statements about: Â â—our anticipated operating and financial performance, business plans, and prospects; Â â—strategic reviews, capital allocation objectives, dividends, and share repurchases; Â â—plans for and prospects of acquisitions, dispositions, and other business development activities, and our ability to successfully capitalize on these opportunities; Â â—the impact of a future pandemic and related economic conditions, including the potential impact on the Company's investments; Â â—our ability to enter new markets successfully and capitalize on growth opportunities either through acquisitions or the expansion of our distribution network; Â â—cyclical changes in the insurance industry, competition, and innovation and emerging technologies; Â â—expectations for impact of, or changes to, existing or new government regulations or laws; Â â—our ability to anticipate and respond to macroeconomic, geopolitical, health and industry trends, pandemics, acts of war, and other large-scale crises; Â â—developments in general economic conditions, domestic and global financial markets, interest rates, unemployment, or inflation, that could affect the performance of our insurance operations and/or investment portfolio; and Â â—our ability to effectively manage future growth, including additional necessary capital, systems, and personnel. Â Given their nature, we cannot assure that any outcome expressed in these or other forward-looking statements will be realized in whole or in part. Actual outcomes may vary materially from past results and those anticipated, estimated, implied, or projected. These forward-looking statements may be affected by underlying assumptions that may prove inaccurate or incomplete, or by known or unknown risks and uncertainties, including those described in Part II, Item 1A, â€œRisk Factorsâ€ of this Form 10-Q and in the Part I, Item 1A, â€œRisk Factorsâ€ section in our Annual Report on Form 10-K for the year ended December 31, 2023 (â€œ2023 Annual Reportâ€). The occurrence of any of the risks identified in the Part I, Item 1A, â€œRisk Factorsâ€ section of the 2023 Annual Report, or other risks currently unknown, could have a material adverse effect on our business, financial condition or results of operations, or we may be required to increase our accruals for contingencies. It is not possible to predict or identify all such factors. Consequently, you should not consider such discussion to be a complete discussion of all potential risks or uncertainties. Â Therefore, you are cautioned not to unduly rely on forward-looking statements, which speak only as of the date of this Form 10-Q. We undertake no obligation to update forward-looking statements, whether as a result of new information, future events or otherwise, except as required by applicable securities law. You are advised, however, to consult any further disclosures we make on related subjects. Â 2Â Â PART I. - FINANCIAL INFORMATION Â Item 1. - Financial Statements Â NI Holdings, Inc. Notes to Consolidated Financial Statements (Unaudited) (dollar amounts in thousands, except per share amounts)Â Â 1.Organization Â NI Holdings is a North Dakota business corporation that is the stock holding company of Nodak Insurance and became such in connection with the Nodak conversion, whereby Nodak Mutual converted from a mutual to stock form of organization and the creation of a mutual holding company. The Nodak conversion was consummated on March 13, 2017. Immediately following the Nodak conversion, all of the outstanding shares of common stock of Nodak Insurance were issued to Nodak Mutual Group, which then contributed the shares to NI Holdings in exchange for 55% of the outstanding shares of common stock of NI Holdings. Nodak Insurance then became a wholly-owned stock subsidiary of NI Holdings. Prior to completion of the Nodak conversion, NI Holdings conducted no business and had no assets or liabilities. As a result of the Nodak conversion, NI Holdings became the holding company for Nodak Insurance and its existing subsidiaries. Â These unaudited consolidated financial statements include the financial position and results of operations of NI Holdings and the following other entities: Â Nodak Insurance Company Â Nodak Insurance is the largest domestic property and casualty insurance company in North Dakota, offering private passenger auto, homeowners, farmowners, commercial multi-peril, crop hail, and Federal multi-peril crop insurance coverages through its captive agents in the state. Â Nodak Agency, Inc. Â Nodak Agency is an inactive shell corporation. Â American West Insurance Company Â American West is a property and casualty insurance company licensed in eight states in the Midwest and Western regions of the United States (â€œU.S.â€). American West began writing policies in 2002 and primarily writes private passenger auto, homeowners, and farm coverages in South Dakota. American West also writes private passenger auto coverage in North Dakota, as well as crop hail and Federal multi-peril crop insurance coverages in Minnesota and South Dakota. Â Primero Insurance Company Â Primero is a wholly-owned subsidiary of Tri-State, Ltd. Tri-State, Ltd. is an inactive shell corporation 100% owned by Nodak Insurance. Primero is a property and casualty insurance company writing non-standard auto coverage in the states of Nevada, Arizona, North Dakota, and South Dakota. Primero was acquired by Nodak Insurance in 2014. Â Battle Creek Insurance Company Â Battle Creek is a property and casualty insurance company writing private passenger auto, homeowners, and farm coverages solely in the state of Nebraska. Battle Creek became affiliated with Nodak Insurance in 2011 and, prior to January 2, 2024, was controlled by Nodak Insurance via a surplus note. On January 2, 2024, Battle Creek issued 300,000 shares of its common stock to Nodak Insurance at a $10.00 per share par value and became a wholly-owned subsidiary of Nodak Insurance. Because we concluded that we controlled Battle Creek prior to January 2, 2024, we consolidated the financial statements of Battle Creek, and Battle Creekâ€™s policyholdersâ€™ interest in Battle Creek was reflected as a non-controlling interest in shareholdersâ€™ equity in our Consolidated Balance Sheets for NI Holdings (â€œConsolidated Balance Sheetsâ€) and its net income or loss was excluded from net income or loss attributed to NI Holdings in our Consolidated Statements of Operations for NI Holdings (â€œConsolidated Statements of Operationsâ€). Subsequent to January 2, 2024, Battle Creek is fully consolidated in our Consolidated Balance Sheets and Consolidated Statements of Operations and, as such, no longer reflected as a non-controlling interest. Â Direct Auto Insurance Company Â Direct Auto is a property and casualty insurance company licensed in Illinois. Direct Auto began writing non-standard auto coverage in 2007, and was acquired by NI Holdings on August 31, 2018, via a stock purchase agreement.Â 9Â NI Holdings, Inc. Notes to Consolidated Financial Statements (Unaudited) (dollar amounts in thousands, except per share amounts)Â Westminster American Insurance Company Â Westminster is a property and casualty insurance company licensed in 18 states and the District of Columbia. Westminster is headquartered in Owings Mills, Maryland and underwrites commercial multi-peril insurance in the states of Delaware, Georgia, Kentucky, Maryland, New Jersey, North Carolina, Pennsylvania, South Carolina, Tennessee, Virginia, West Virginia, and the District of Columbia. Westminster was sold to Scott Insurance Holdings on June 30, 2024. Subsequent to the date of sale, Westminster is reflected as discontinued operations within our Consolidated Balance Sheets and Consolidated Statements of Operations. For additional information see Part I, Item 1, Note 19 â€œDiscontinued Operationsâ€ of this Quarterly Report on Form 10-Q. Â Organizational Structure and Credit Ratings Â Nodak Insurance markets and distributes its policies through its captive agents, while all other companies utilize the independent agent distribution channel. Additionally, all of the Companyâ€™s insurance subsidiary and affiliate companies, excluding Westminster, are rated â€œAâ€ Excellent by A.M. Best Company, Inc. (â€œAM Bestâ€), a global credit rating agency specializing in the insurance industry. Â The same executive management team provides oversight and strategic direction for the entire organization. Nodak Insurance provides common product oversight, pricing practices, and underwriting standards, as well as underwriting and claims administration, to itself, American West, and Battle Creek. Primero and Direct Auto personnel manage the day-to-day operations of their respective companies. Westminster personnel managed the day-to-day operations of their company prior to the date of sale. Â Â 2.Â Â Â Â Â Â Â Basis of Presentation and Accounting Policies Â Basis of Presentation Â The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (â€œGAAPâ€) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. All material intercompany transactions and balances have been eliminated. These financial statements should be read in conjunction with the financial statements and notes thereto included in our 2023 Annual Report. Â The Consolidated Balance Sheet at December 31, 2023, has been derived from the audited consolidated financial statements at that date but does not include all of the information and footnotes required by GAAP for complete financial statements. Â The preparation of the interim unaudited consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the interim unaudited consolidated financial statements and the reported amounts of revenues, claims, and expenses during the reporting period. Actual results could differ from those estimates. Operating results for the interim periods ended September 30, 2024, are not necessarily indicative of the results that may be expected for the year ended December 31, 2024. Â Our 2023 Annual Report describes the accounting policies and estimates that are critical to the understanding of our results of operations, financial condition, and liquidity. The accounting policies and estimation processes described in the 2023 Annual Report were consistently applied to the unaudited consolidated financial statements as of and for the nine months ended September 30, 2024 and 2023. Â Discontinued Operations Â On May 7, 2024, NI Holdings entered into a Stock Purchase Agreement (â€œPurchase Agreementâ€) to sell its subsidiary, Westminster, to Scott Insurance Holdings, a privately owned Maryland limited liability company. Scott Insurance Holdings is affiliated with John Scott, Sr., the father of the president of Westminster, John Scott, Jr. The sale closed on June 30, 2024. The Purchase Agreement included a cash purchase price of $10,500, subject to certain post-closing adjustments, including a post-closing payment to NI Holdings for the amount by which the ending statutory surplus balance for Westminster exceeded $20,000. The post-closing payment received from Scott Insurance Holdings during the third quarter of 2024 was $1,772 and has been included as an adjustment to the purchase price for the calculation of the loss on the sale of Westminster. The sale of Westminster, which represented the majority of our Commercial segment in prior periods, was a strategic shift that has had a major effect on our operations and financial results. Therefore, Westminster has been reported as discontinued operations in the Consolidated Balance Sheets, Consolidated Statements of Operations, and Consolidated Statements of Cash Flows for all periods presented in this Form 10-Q. All current and prior periods reflected in this Form 10-Q have been presented as continuing and discontinued operations, unless otherwise noted. For additional information see Part I, Item 1, Note 19 â€œDiscontinued Operationsâ€ of this Form 10-Q.Â 10Â NI Holdings, Inc. Notes to Consolidated Financial Statements (Unaudited) (dollar amounts in thousands, except per share amounts)Â Restatement Â NI Holdings filed Amendment No. 1 to our Quarterly Report on Form 10-Q/A to amend certain information included in the Company's Quarterly Report on Form 10-Q for the three- and six-month periods ended June 30, 2024, which was filed with the Securities and Exchange Commission (the â€œSECâ€) on August 8, 2024, due to errors resulting from the incorrect accounting for, and presentation of, the previously announced sale of Westminster. Specifically, the Company failed to record certain receivables on Westminsterâ€™s closing balance sheet as well as the corresponding payable for Nodak Insurance for amounts owed to Westminster related to the final settlement of the intercompany reinsurance pooling agreement after the date of sale. Failure to include this receivable in Westminsterâ€™s closing net assets and liabilities also caused an understatement of the loss on sale of discontinued operations, which also understated the Companyâ€™s total net loss. The impact of the corrections related to this error on the consolidated financial statements as of and for the three- and six-month periods ended June 30, 2024, are as follows: Â Consolidated Balance Sheets (Unaudited) Â Â Â As of June 30, 2024Â Â Â As ReportedÂ Â AdjustmentÂ Â As RestatedÂ Accrued expenses and other liabilitiesÂ $24,368Â Â $3,386Â Â $27,754Â Total liabilitiesÂ $331,537Â Â $3,386Â Â $334,923Â Retained earningsÂ $197,827Â Â $(3,386)Â $194,441Â Total shareholdersâ€™ equityÂ $239,450Â Â $(3,386)Â $236,064Â Â Consolidated Statements of Operations (Unaudited) Â Â Â Three Months Ended June 30, 2024Â Â Six Months Ended June 30, 2024Â Â Â Â Â Â As ReportedÂ Â AdjustmentÂ Â As RestatedÂ Â As ReportedÂ Â AdjustmentÂ Â As RestatedÂ Loss on sale of discontinued operations, net of taxesÂ $(7,762)Â $(3,386)Â $(11,148)Â $(7,762)Â $(3,386)Â $(11,148) Net lossÂ $(16,236)Â $(3,386)Â $(19,622)Â $(9,817)Â $(3,386)Â $(13,203) Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Loss per common share:Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â BasicÂ $(0.77)Â $(0.17)Â $(0.94)Â $(0.47)Â $(0.16)Â $(0.63) DilutedÂ $(0.77)Â $(0.17)Â $(0.94)Â $(0.47)Â $(0.16)Â $(0.63) Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Consolidated Statements of Comprehensive Income (Loss) (Unaudited) Â Â Â Three Months Ended June 30, 2024Â Â Six Months Ended June 30, 2024Â Â Â Â Â Â As ReportedÂ Â AdjustmentÂ Â As RestatedÂ Â As ReportedÂ Â AdjustmentÂ Â As RestatedÂ Net lossÂ $(16,236)Â $(3,386)Â $(19,622)Â $(9,817)Â $(3,386)Â $(13,203) Comprehensive lossÂ $(16,950)Â $(3,386)Â $(20,336)Â $(11,931)Â $(3,386)Â $(15,317) Â 11Â NI Holdings, Inc. presented, see Item II, Part 8, Note 2 â€œRecent Accounting Pronouncementsâ€ section of the 2023 Annual Report. Â Not Yet Adopted Â Improvements to Reportable Segment Disclosures â€“ In November 2023, the Financial Accounting Standards Board (â€œFASBâ€) issued guidance related to improving disclosures for reportable segments primarily through enhanced disclosures about significant segment expenses that are provided to the chief operating decision maker (â€œCODMâ€). This guidance also requires disclosure of the title and position of the CODM and an explanation of how the CODM uses the reported measures of segment profit or loss in assessing segment performance and deciding how to allocate resources. The amendments in this update are effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024. We are currently evaluating the impact of the new standard on our consolidated financial statements, which is expected to result in enhanced disclosures. Â Improvements to Income Tax Disclosures â€“ In December 2023, the FASB issued guidance related to improving income tax disclosures. This guidance requires that an entity, on an annual basis, disclose additional income tax information, primarily related to the rate reconciliation and income taxes paid. The guidance is intended to enhance the transparency and decision usefulness of income tax disclosures. The amendments in this update are effective for annual periods beginning after December 15, 2024. We are currently evaluating the impact of the new standard on our consolidated financial statements, which is expected to result in enhanced disclosures. Â Â 12Â NI Holdings, Inc. Beginning on December 31, 2022, credit losses are recognized through an allowance account. We consider a number of factors when determining if an allowance for credit losses is necessary, including payment and default history, credit spreads, credit ratings and rating actions, and probability of default. We determine the credit loss component of fixed income investments by utilizing discounted cash flow modeling to determine the present value of the security and comparing the present value with the amortized cost of the security. We did not recognize any credit losses for fixed income securities at the time of adoption of the new credit loss accounting standard and have not recognized any credit losses for fixed income securities since adoption of the credit loss standard. Therefore, there were no beginning or ending balances of credit losses during the nine months ended September 30, 2024 or the year ended December 31, 2023. Investment securities available for sale are recorded at fair value on a recurring basis. Additionally, from time to time, we may be required to record other assets or liabilities at fair value on a nonrecurring basis. These nonrecurring fair value adjustments typically involve application of lower-of-cost-or-market accounting or write-downs of individual assets. Accounting guidance on fair value measurements and disclosures establishes a fair value hierarchy that prioritizes the inputs to valuation methods used to measure fair value. The three levels of the fair value hierarchy are as follows: Â Â Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. Â Level 2: Quoted prices in markets that are not active, or inputs that are observable either directly or indirectly, for substantially the full term of the asset or liability.Â Â Level 2 includes fixed income securities with quoted prices that are traded less frequently than exchange traded instruments.Â Â Valuation techniques include matrix pricing which is a mathematical technique used widely in the industry to value fixed income securities without relying exclusively on quoted market prices for the specific securities but rather by relying on the securitiesâ€™ relationship to other benchmark quoted prices. Â Level 3: Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported with little or no market activity). Â The Company bases its fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It is our policy to maximize the use of observable inputs and minimize the use of unobservable inputs when developing fair value measurements, in accordance with the fair value hierarchy. Fair value measurements for assets where there exists limited or no observable market data and, therefore, are based primarily upon the estimates of the Company or other third-parties, are often calculated based on the characteristics of the asset, the economic and competitive environment, and other such factors. Management uses its best judgment in estimating the fair value of the Companyâ€™s financial instruments; however, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates herein are not necessarily indicative of the amounts which could have been realized in a sale transaction on the dates indicated. The estimated fair value amounts have been measured as of their respective period-end and have not been re-evaluated or updated for purposes of our consolidated financial statements subsequent to those respective dates. As such, the estimated fair values of these financial instruments subsequent to the respective reporting dates may be different than the amounts reported at each period-end. Additionally, changes in the underlying assumptions used, including discount rates and estimates of future cash flows, could significantly affect the results of current or future valuations.Â 17Â NI Holdings, Inc. Notes to Consolidated Financial Statements (Unaudited) (dollar amounts in thousands, except per share amounts)Â The Company uses quoted values and other data provided by an independent pricing service in its process for determining fair values of its investments. The evaluations of such pricing services represent an exit price and a good faith opinion as to what a buyer in the marketplace would pay for a security in a current sale. This pricing service provides us with one quote per instrument. For fixed income securities that have quoted prices in active markets, market quotations are provided. For fixed income securities that do not trade on a daily basis, the independent pricing service prepares estimates of fair value using a wide array of observable inputs including relevant market information, benchmark curves, benchmarking of like securities, sector groupings, and matrix pricing. The observable market inputs that the Companyâ€™s independent pricing service utilizes may include benchmark yields, reported trades, broker-dealer quotes, issuer spreads, two-sided markets, benchmark securities, market bids/offers, and other reference data on markets, industry, and the economy. Additionally, the independent pricing service uses an option-adjusted spread model to develop prepayment and interest rate scenarios. Â Should the independent pricing service be unable to provide a fair value estimate, we would first attempt to obtain a fair value estimate from our third-party investment advisor who utilizes different independent pricing services. If unsuccessful, we would attempt to obtain a non-binding fair value estimate from a number of broker-dealers and would review this estimate in conjunction with a fair value estimate reported by an independent business news service or other sources. In instances where only one broker-dealer provides a fair value for a fixed income security, we would use that estimate. In instances where the Company would be able to obtain fair value estimates from more than one broker-dealer, we would review the range of estimates and select the most appropriate value based on the facts and circumstances. Should neither the independent pricing service nor a broker-dealer provide a fair value estimate, we would develop a fair value estimate based on cash flow analyses and other valuation techniques that utilize certain unobservable inputs. Accordingly, the Company classifies such a security as a Level 3 investment. Â The fair value estimates of our investments provided by the independent pricing service at each period-end were utilized, among other resources, in reaching a conclusion as to the fair value of its investments. Â Management reviews the reasonableness of the pricing provided by the independent pricing service by employing various analytical procedures. We also use information from our third-party investment advisor who utilizes different independent pricing services to further validate the reasonableness of the valuation of our fixed income portfolio. If, after this review, management does not believe the pricing for any security is a reasonable estimate of fair value, then it will seek to resolve the discrepancy through discussions with the independent pricing service. In its review, management did not identify any such discrepancies and no adjustments were made to the estimates provided by the independent pricing service for the three or nine months ended September 30, 2024, or the year ended December 31, 2023. The classification within the fair value hierarchy is then confirmed based on the final conclusions from the pricing review. Â The valuation of money market accounts and equity securities are generally based on Level 1 inputs, which use the market-approach valuation technique. The valuation of certain cash equivalents and our fixed income securities generally incorporates significant Level 2 inputs using the market and income approach techniques. We may assign a lower level to inputs typically considered to be Level 2 based on our assessment of liquidity and relative level of uncertainty surrounding inputs. There were no assets or liabilities classified at Level 3 at September 30, 2024, or December 31, 2023.Â 18Â NI Holdings, Inc. Â Â 5.Â Â Â Â Â Â Â Reinsurance Â External Reinsurance Â The Companyâ€™s consolidated financial statements reflect the effects of assumed and ceded reinsurance transactions. Assumed reinsurance refers to the acceptance of certain insurance risks that other insurance companies have underwritten. Ceded reinsurance involves transferring certain insurance risks (along with the related written and earned premiums) the Company has underwritten to other insurance companies who agree to share these risks. The Company reinsures a portion of the risks it underwrites, through these ceded reinsurance agreements, in order to control its exposure to losses. Our ceded reinsurance is placed either on an automatic basis under general reinsurance contracts known as treaties or through facultative contracts placed on substantial individual risks. These contracts do not relieve the Company from its obligations to policyholders. Treaty reinsurance contracts are typically effective from January 1 through December 31 each year.Â 20Â NI Holdings, Inc. Notes to Consolidated Financial Statements (Unaudited) (dollar amounts in thousands, except per share amounts)Â During the nine-month period ended September 30, 2024, the Company maintained property catastrophe reinsurance protection covering $133,000 in excess of a $20,000 retention. With the exception of Westminster, a per risk excess of loss treaty provides coverage of $4,000 in excess of $1,000 for property risks and $11,000 in excess of $1,000 for casualty risks. For Westminster, a per risk excess of loss treaty provided coverage of $3,000 in excess of $2,000 for property risks and $10,000 in excess of $2,000 for casualty risks until July 1, 2024. Additionally, a property per-risk facultative contract is in place to provide coverage up to $20,000 in excess of $5,000 per property. Aggregate stop loss reinsurance agreements are also in place for both crop hail and multi-peril crop coverage. The crop hail aggregate attaches at a 100% net loss ratio providing 50 points of cover. The multi-peril crop aggregate attaches at a 105% net loss ratio providing 45 points of cover. In addition to the aggregate covers, underlying multi-peril crop reinsurance is provided through the Federal Crop Insurance Corporation (â€œFCICâ€). Â Effective July 1, 2024, the Companyâ€™s reinsurance contracts were modified to exclude any Westminster losses occurring on or after that date, while maintaining all other existing limits, retentions, and attachment points. Â For the year ended December 31, 2023, the Companyâ€™s catastrophe retention and retention limit were consistent with those for the nine-month period ended September 30, 2024. In addition, limits, retentions, and attachment points in our other reinsurance contracts were also consistent with those for the nine-month period ended September 30, 2024 (with the exception of Westminster for which per risk excess of loss treaties provided coverage of $4,000 in excess of $1,000 for property risks and $11,000 in excess of $1,000 for casualty risks). Â The Company actively monitors and evaluates the financial condition of the reinsurers and develops estimates of the uncollectible amounts due from reinsurers. Beginning on December 31, 2022, credit losses are recognized through an allowance account developed using a new credit loss model (current expected credit losses or â€œCECLâ€). See the Part II, Item 8, Note 2 â€œRecent Accounting Pronouncementsâ€ section of the 2023 Annual Report for additional information. Credit loss estimates are made based on periodic evaluation of balances due from reinsurers, changes in reinsurer credit standing, judgments regarding reinsurersâ€™ solvency, known disputes, reporting characteristics of the underlying reinsured business, historical experience, current economic conditions, and the state of reinsurer relations in general. Collection risk is mitigated by entering into reinsurance arrangements only with reinsurers that have strong credit ratings and statutory surplus above certain levels. At September 30, 2024, and December 31, 2023, management has concluded that it is not necessary to record an allowance for expected credit losses related to reinsurance recoverables. All of our significant reinsurance partners are rated â€œA-â€ (Excellent) or better by AM Best, and there is no history of write-offs. Nodak Insurance is the lead company of the pool, and assumes the net premiums, net losses, and underwriting expenses from each of the other five companies. Nodak Insurance then retrocedes balances back to each company, while retaining its own share of the poolâ€™s net underwriting results, based on individual pool percentages established in the respective pooling agreement. This arrangement allows each insurance company to rely upon the capacity of the poolâ€™s total statutory capital and surplus. As a result, they are evaluated by AM Best on a group basis and hold a single combined financial strength rating, long-term issuer credit rating, and financial size category. Subsequent to the June 30, 2024, date of sale, Westminster is no longer a member of the pool, and the pooling percentages for the remaining insurance subsidiaries were updated based on their respective surplus as a percentage of the pool as of December 31, 2023. Consolidated Financial Statements (Unaudited) (dollar amounts in thousands, except per share amounts)Â 10.Â Â Â Â Â Â Â Royalties, Dividends, and Affiliations Â North Dakota Farm Bureau
Â Nodak Insurance was organized by the North Dakota Farm Bureau (â€œNDFBâ€) to provide insurance protection for its members. We have a royalty agreement with the NDFB that
recognizes the use of their trademark and provides royalties to the NDFB based on the premiums written on Nodak Insuranceâ€™s policies. Royalties paid to the NDFB were $468 and $426
during the three months ended September 30, 2024 and 2023, respectively, and $1,351 and $1,225 for the nine months ended September 30, 2024 and 2023, respectively. Royalty amounts
payable of $7 and $131 were accrued as a liability to the NDFB at September 30, 2024, and December 31, 2023, respectively. Â Dividends Â State insurance laws require our insurance
subsidiaries to maintain certain minimum capital and surplus amounts on a statutory basis. Our insurance subsidiaries are subject to regulations that restrict the payment of dividends from
statutory surplus and may require prior approval from their domiciliary insurance regulatory authorities. Our insurance subsidiaries are also subject to risk-based capital requirements that may
further affect their ability to pay dividends. Our insurance subsidiaries statutory capital and surplus at December 31, 2023, exceeded the amount of statutory capital and surplus necessary to
satisfy risk-based capital requirements by a significant margin. For information regarding the availability of subsidiaries to pay dividends to NI Holdings during 2024, see Item II, Part 8, Note

30Â NI Holdings, Inc. Notes to Consolidated Financial Statements (Unaudited) (dollar amounts in thousands, except per share amounts)Â 11.Â Â Â Â Â Â Â Benefit Plans Â Nodak Insurance
sponsors a 401(k) plan with an automatic and matching contribution for eligible employees at Nodak Insurance, Primero, and Direct Auto. Nodak Insurance also contributes an additional
elective amount of employee compensation as a profit-sharing contribution for eligible employees. Westminster also sponsored a separate 401(k) plan until the company was sold on June 30,
2024. American West and Battle Creek have no employees. The Company reported expenses related to these plans totaling $312 and $656 during the three months ended September 30, 2024
and 2023, respectively, and $1,117 and $1,315 during the nine months ended September 30, 2024 and 2023, respectively. Â All fees associated with the plans are deducted from the eligible
employee accounts. Â The Company also offers a non-qualified deferred compensation plan to key executives of the Company (as designated by the Board of Directors). The Companyâ€™s
policy is to fund the plan by amounts that represent the excess of the maximum contribution allowed by the Employee Retirement Income Security Act over the key executivesâ€™ allowable
401(k) contribution. The plan also allows employee-directed deferral of key executivesâ€™ compensation or incentive payments. The Company reported expenses related to this plan totaling
$27 and $45 during the three months ended September 30, 2024 and 2023, respectively, and $258 and $257 during the nine months ended September 30, 2024 and 2023, respectively. Â In
connection with our initial public offering (â€œIPOâ€) in March 2017, the Company established its Employee Stock Ownership Plan (the â€œESOPâ€) within the meaning of Internal Revenue
Code Section 4975(e)(7) and invests solely in common stock of the Company. Â Upon establishment of the ESOP, Nodak Insurance loaned $2,400 to the ESOPâ€™s related trust (the â€œESOP
Trustâ€). The ESOP loan was for a period of ten years, bearing interest at the long-term Applicable Federal Rate effective on the closing date of the offering (2.79% annually). The ESOP Trust
used the proceeds of the loan to purchase shares in our IPO, which resulted in the ESOP Trust owning approximately 1.0% of the Companyâ€™s authorized shares. The ESOP has purchased the
shares for investment and not for resale. Â The shares purchased by the ESOP Trust in the offering are held in a suspense account as collateral for the ESOP loan. Nodak Insurance makes semi-
annual cash contributions to the ESOP in amounts no smaller than the amounts required for the ESOP Trust to make its loan payments to Nodak Insurance. While the ESOP makes two loan
payments per year, a pre-determined portion of the shares are released from the suspense account and allocated to participant accounts at the end of the calendar year. This release and
allocation occurs on an annual basis over the ten-year term of the ESOP loan. Nodak Insurance has a lien on the shares of common stock of the Company held by the ESOP to secure repayment
of the loan from the ESOP to Nodak Insurance. If the ESOP is terminated as a result of a change in control of the Company, the ESOP may be required to pay the costs of terminating the plan.
Â It is anticipated that the only assets held by the ESOP will be shares of the Companyâ€™s common stock. Participants in the ESOP cannot direct the investment of any assets allocated to
their accounts. The ESOP participants are employees of Nodak Insurance. The employees of Primero, Direct Auto, and Westminster do not participate in the ESOP. Â Each employee of Nodak
Insurance automatically becomes a participant in the ESOP if such employee is at least 21 years old, has completed a minimum of one thousand hours of service with Nodak Insurance, and has
completed an Eligibility Computation Period. Employees are not permitted to make any contributions to the ESOP. Participants in the ESOP receive annual reports from the Company showing
the number of shares of common stock of the Company allocated to the participantsâ€™ accounts and the market value of those shares. The shares are allocated to participants based on
compensation as provided for in the ESOP. Â In connection with the establishment of the ESOP, the Company created a contra-equity account on the Consolidated Balance Sheet equal to the
ESOPâ€™s basis in the shares. The basis of those shares was set at $10.00 per share as part of the IPO. As shares are released from the ESOP suspense account, the contra-equity account is
credited, which reduces the impact of the contra-equity account on the Companyâ€™s Consolidated Balance Sheets over time. The Company records compensation expense related to the shares
released, equal to the number of shares released from the suspense account multiplied by the average market value of the Companyâ€™s stock during the period. Â The Company recognized
compensation expense related to the ESOP of $93 and $81 during the three months ended September 30, 2024 and 2023, respectively, and $269 and $245 during the nine months ended
September 30, 2024 and 2023, respectively. Â Through September 30, 2024, and December 31, 2023, the Company had released and allocated 170,205 ESOP shares to participants, with a
remainder of 69,795 ESOP shares in suspense at September 30, 2024, and December 31, 2023. Using the Companyâ€™s quarter-end market price of $15.68 per share, the fair value of the
unearned ESOP shares was $1,094 at September 30, 2024. Â Â 31Â NI Holdings, Inc. Notes to Consolidated Financial Statements (Unaudited) (dollar amounts in thousands, except per share
amounts)Â 12.Â Â Â Â Â Â Â Line of Credit Â NI Holdings has a $3,000 line of credit with Wells Fargo Bank, N.A. The terms of the line of credit include a floating interest rate of 2.50% above
the daily simple secured overnight financing rate. There were no outstanding amounts during the nine months ended September 30, 2024, or the year ended December 31, 2023. This line of
credit is scheduled to expire on December 13, 2024. Â Â 13.Â Â Â Â Â Â Â Income Taxes Â Due to the Battle Creek demutualization, the Company established a net valuation allowance of $346
against their deferred income tax asset established for net operating loss carryforwards. Â At September 30, 2024, and December 31, 2023, we had no unrecognized income tax benefits, no
accrued interest and penalties, and no significant uncertain income tax positions. No interest and penalties were recognized during the nine-month period ended September 30, 2024, or the
year ended December 31, 2023. Â Federal income taxes were allocated to discontinued operations at a 21.1% effective tax rate at the date of sale. Our effective tax rate for continuing
operations for the nine months ended September 30, 2024, was 12.0% which was impacted by the $346 valuation allowance on net operating loss carryforwards established as a result of the
Battle Creek demutualization. The effective tax rate, including the loss on the sale of Westminster, was 32.0% for the nine months ended September 30, 2024. Â Â 14.Â Â Â Â Â Â Â Leases Â
Primero leases a facility in Spearfish, South Dakota under a non-cancellable operating lease expiring in 2028, and leases a facility in Las Vegas, Nevada on a month-to-month basis. Direct Auto
leases a facility in Chicago, Illinois under a non-cancellable operating lease expiring in 2029. Nodak Insurance leases a facility in Fargo, North Dakota under a non-cancellable operating lease
expiring in 2029. In addition, Nodak Insurance leases server equipment under a non-cancellable finance lease expiring in 2026. Â Effective for the year ended December 31, 2022, the Company
adopted the updated guidance for leases. See Part II, Item 8, Note 2 â€œRecent Accounting Pronouncementsâ€ section of the 2023 Annual Report for additional information. We determine
whether a contract is or contains a lease at the inception of the contract. A contract will be deemed to be or contain a lease if the contract conveys the right to control and directs the use of
identified property or equipment for a period of time in exchange for consideration. We generally must also have the right to obtain substantially all of the economic benefits from the use of the
property and equipment. Lease assets and liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term. To determine the
present value of lease payments not yet paid, we estimate incremental borrowing rates based on the floating interest rate on our Line of Credit with Wells Fargo Bank, N.A. at the lease
commencement date, as rates are not implicitly stated in most leases. Lease liabilities are included in accrued expenses and other liabilities and right-of-use assets are included in other assets
in the Consolidated Balance Sheets. Â There were expenses of $121 and $98 related to these leases during the three months ended September 30, 2024 and 2023, respectively, and $365 and
$293 during the nine months ended September 30, 2024 and 2023.Â 32Â NI Holdings, Inc. Notes to Consolidated Financial Statements (Unaudited) (dollar amounts in thousands, except per

The net loss per diluted common share for the three- and nine-month periods ended September 30, 2024, excluded the weighted average effects of 134,644 and 125,054 shares, respectively, of stock awards since the impacts of these potential shares of common stock were anti-dilutive. The net loss per diluted common share for the nine-month period ended September 30, 2023, excluded the weighted average effects of 68,380 shares of stock awards since the impacts of these potential shares of common stock were anti-dilutive. Â On May 9, 2022, our Board of Directors approved an authorization for the repurchase of up to approximately $10,000 of the Companyâ€™s outstanding common stock. During the nine months ended September 30, 2024, we did not repurchase any shares of our common stock. During the nine months ended September 30, 2023, we repurchased 548,549 shares of our common stock for $7,280, under our share repurchase authorization. Included in the cost of treasury stock acquired pursuant to common share repurchases is the 1% excise tax imposed on common share repurchase activity, net of common share issuances, as part of the Inflation Reduction Act of 2022. At September 30, 2024, $2,052 remains available under this authorization. Â The cost of this treasury stock is a reduction of shareholdersâ€™ equity within our Consolidated Balance Sheets. Â Preferred Stock Â The Companyâ€™s Articles of Incorporation provide authority to issue up to five million shares of preferred stock. No preferred shares are issued or outstanding. Â Â 17.Share-Based Compensation Â The NI Holdings, Inc. 2020 Stock and Incentive Plan (the â€œPlanâ€) is designed to promote the interests of the Company and its shareholders by aiding the Company in attracting and retaining employees, officers, consultants, independent contractors, advisors, and non-employee directors capable of assuring the future success of the Company, to offer such persons incentives to put forth maximum efforts for the success of the Companyâ€™s business and to afford such persons an opportunity to acquire an ownership interest in the Company, thereby aligning the interests of such persons with the Companyâ€™s shareholders. Â The Plan provides for the grant of nonqualified stock options, incentive stock options, restricted stock units (â€œRSUsâ€), stock appreciation rights, dividend equivalents, and performance share units (â€œPSUsâ€) to employees, officers, consultants, advisors, non-employee directors, and independent contractors designated by the Compensation Committee of the Board of Directors (the â€œCompensation Committeeâ€). Awards made under the Plan are based upon, among other things, a participantâ€™s level of responsibility and performance within the Company. Â The total aggregate number of shares of common stock that may be issued under the Plan shall not exceed 1,000,000 shares, subject to adjustments as provided in the Plan. No eligible participant may be granted any awards for more than 100,000 shares in the aggregate in any calendar year, subject to adjustment in accordance with the Plan. The aggregate amount payable pursuant to all performance awards denominated in cash to any eligible person in any calendar year is limited to $1,000 in value. Directors who are not also employees of the Company may not be granted awards denominated in shares that exceed $150 in any calendar year.Â 34Â NI Holdings, Inc. Notes to Consolidated Financial Statements (Unaudited) (dollar amounts in thousands, except per share amounts)Â Restricted Stock Units Â The Compensation Committee has awarded RSUs to non-employee directors and select executives. RSUs are promises to issue actual shares of common stock at the end of a vesting period. The RSUs granted to executives under the Plan are based on salary. RSUs granted prior to 2024 vest equally over a five-year period. Effective for executive grants in 2024, the RSUs vest equally over a three-year period. The RSUs granted to non-employee directors vest 100% on the date of the next annual meeting of shareholders following the grant date. Dividend equivalents on RSUs are accrued during the vesting period and paid in cash at the end of the vesting period but are subject to forfeiture until the underlying shares become vested. Participants do not have voting rights with respect to RSUs. Â The Company recognizes stock-based compensation costs for RSUs based on the grant date fair value. The compensation costs are normally expensed over the vesting periods to each vesting date; however, the cost of RSUs granted to executives are expensed immediately if the executive has met certain retirement criteria and the RSUs become non-forfeitable. Estimated forfeitures are included in the determination of compensation costs. No forfeitures are currently estimated. Â A summary of the Companyâ€™s outstanding and unearned RSUs is presented below: Â Â Â RSUsÂ Â Weighted-Average Grant-Date Fair Value Per ShareÂ Units outstanding and unearned at January 1, 2023Â Â 115,360Â Â $17.00Â RSUs granted during 2023Â Â 85,000Â Â Â 13.76Â RSUs earned during 2023Â Â (53,780)Â Â 16.32Â Units outstanding and unearned at December 31, 2023Â Â 146,580Â Â Â 15.37Â Â Â Â Â Â Â Â Â Â RSUs granted during 2024Â Â 103,600Â Â Â 14.45Â RSUs earned during 2024Â Â (69,420)Â Â 14.82Â Forfeitures (1)Â Â (80,420)Â Â 15.19Â Units outstanding and unearned at September 30, 2024Â Â 100,340Â Â Â 14.95Â Â (1) Â Represents RSU forfeitures primarily related to the execution of the separation agreement with the former Chief Executive Officer. That cost is expected to be recognized over a weighted-average period of 1.35 years. Â Performance Share Units Â The Compensation Committee has awarded PSUs to select executives. PSUs are promises to issue actual shares of common stock at the end of a vesting period, if certain performance conditions are met. The PSUs granted to employees under the Plan are based on salary and, prior to 2024, include a three-year adjusted book value cumulative growth target with threshold and stretch goals. Effective for grants made in 2024, the performance metric is calculated based on an adjusted return on equity over a three-year period, with annual resets. They will vest on the third anniversary of the grant date, subject to the participantâ€™s continuous employment through the vesting date and the level of performance achieved. Dividend equivalents on PSUs are accrued and paid in cash at the end of the performance period in accordance with the level of performance achieved but are subject to forfeiture until the underlying shares become vested. Participants do not have voting rights with respect to PSUs. Â The Company recognizes stock-based compensation costs for PSUs based on the grant date fair value over the performance period of the awards. Estimated forfeitures are included in the determination of compensation costs. The current cost estimates represent the Companyâ€™s forecasted performance against cumulative growth targets.Â 35Â NI Holdings, Inc. At the end of the performance period, we will reflect a performance adjustment, which may be either an increase or decrease from the initial target awards. The actual number of shares to be issued at the end of the performance period will range from 0% to 150% of the initial target awards. As of December 31, 2023, the previously recognized compensation expense related to the PSU awards granted during 2022 and 2021 was eliminated due to the Company's expectation that the threshold performance goal will not be met. Â At September 30, 2024, there was $796 of unrecognized compensation cost related to outstanding PSUs. That cost is expected to be recognized over a weighted-average period of 2.04 years. Prior to the sale of Westminster on June 30, 2024, we also reported a Commercial segment that consisted primarily of Westminsterâ€™s balances and results. Subsequent to the sale, Westminster is reported as part of discontinued operations, which is not included in our segment information. The commercial business that remains a part of our continuing operations has been included in the All Other segment for the current and prior periods presented. We operate only in the U.S., and no single customer or agent provides 10 percent or more of our revenues. The following tables provide available information of these segments for the three- and nine-month periods ended September 30, 2024 and 2023. Â For purposes of evaluating profitability of the Non-Standard Auto segment, we combine the policy fees paid by the insured with the underwriting gain or loss as its primary measure. As a result, these fees are allocated to the Non-Standard Auto segment (included in fee

and other income) in the tables below. The remaining fee and other income amounts are not allocated to any segment. Â We do not assign or allocate all line items in our Consolidated Statement of Operations or Consolidated Balance Sheets to our operating segments. Those line items include net investment income, net investment gains, fee and other income excluding Non-Standard Auto, and income tax expense (benefit) within the Unaudited Consolidated Statement of Operations. Net premiums earned for the first nine months of 2024 increased $5,754, or 9.4% from the first nine months of 2023. Results were driven by new business growth in North Dakota as well as significant rate increases in North Dakota, South Dakota, and Nebraska, partially offset by lower new business and retention levels in South Dakota and Nebraska as a result of underwriting actions taken to improve profitability. Â Non-Standard Auto â€“ Net premiums earned for the third quarter of 2024 increased $1,770, or 8.4%, compared to the same period in 2023. Net premiums earned for the first nine months of 2024 increased $10,979, or 17.2% from the first nine months of 2023. Results were driven by prior period new business growth in Illinois and Arizona as well as significant rate increases in the Chicago market where our non-standard auto business is concentrated, partially offset by lower retention compared to prior year periods. Â Home and Farm â€“ Net premiums earned for the third quarter of 2024 increased $2,170, or 10.2%, compared to the same period in 2023. Net premiums earned for the first nine months of 2024 increased $5,103, or 8.3% from the first nine months of 2023. Results were driven by new business growth in North Dakota, rate increases, and increased insured property values, which were primarily the result of higher inflationary factors. These increases were partially offset by lower retention rates and new business levels in Nebraska and South Dakota as a result of underwriting actions taken to improve profitability. Â Crop â€“ Net premiums earned for the third quarter of 2024, increased $1,139, or 11.7%, compared to the same period in 2023. Net premiums earned for the first nine months of 2024 decreased $2,043, or 9.1% from the first nine months of 2023. The increase in the third quarter of 2024 was driven by the recognition during the prior year quarter of a reduction in the acres insured for the prior year. The year-to-date decrease was driven by lower commodity prices in the current year. Â All Other â€“ Net premiums earned for the third quarter of 2024, increased $396, or 13.7%, compared to the same period in 2023. Net premiums earned for the first nine months of 2024 increased $406, or 4.6%, from the first nine months of 2023. Results were driven by rate and insured value increases for the commercial and excess lines of business, partially offset by the continued run-off of our participation in an assumed domestic and international reinsurance pool of business. The decrease in the third quarter of 2024 was driven by improved loss frequency in Nebraska and South Dakota during the current year quarter. The year-to-date decrease was driven by the improved loss frequency in the current year quarter as well as lower levels of weather-related losses in the current year due to the mild winter in the Midwest compared to elevated winter weather-related losses in the prior year. Both periods were positively affected by earned premium growth. Â Non-Standard Auto â€“ The net loss and loss adjustment expense ratio increased 0.4 percentage points in the three-month period ended September 30, 2024, compared to the same period in 2023. Although the year-over-year ratios were relatively consistent, the current year quarter was impacted by unfavorable prior year reserve development related to elevated bodily injury losses. The net loss and loss adjustment expense ratio decreased 2.6 percentage points in the nine-month period ended September 30, 2024, compared to the same period in 2023. This decrease was primarily driven by earned premium growth resulting from new business growth and significant rate increases. Â Home and Farm â€“ The net loss and loss adjustment expense ratio increased 27.9 percentage points and 18.3 percentage points in the three- and nine-month periods ended September 30, 2024, respectively, compared to the same periods in 2023. These increases in net loss and loss adjustment expense ratios were driven by higher non-catastrophe weather-related losses in North Dakota and Nebraska during 2024 compared to the prior year partially offset by earned premium growth in the current year. Â Crop â€“ The net loss and loss adjustment expense ratio increased 19.0 percentage points and 9.0 percentage points in the three- and nine-month periods ended September 30, 2024, respectively, compared to the same periods in 2023. These increases were driven by slightly less favorable crop growing conditions compared to the prior year. Â All Other â€“ The net loss and loss adjustment expense ratio increased 71.1 percentage points and 31.8 percentage points in the three- and nine-month period ended September 30, 2024, compared to the same period in 2023. These increases were driven by elevated large loss experience compared to the prior year. The negative loss and loss adjustment expense ratio for the third quarter of 2023 was the result of an inter-segment reclassification of a large loss during the quarter. Â Underwriting and General Expenses and Expense Ratio Â Â Â Three Months Ended September 30,Â Â Nine Months Ended September 30,Â Â Â 2024Â Â 2023Â Â 2024Â Â 2023Â Underwriting and general expenses:Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Amortization of deferred policy acquisition costsÂ $17,616Â Â $16,523Â Â $53,723Â Â $48,311Â Other underwriting and general expensesÂ Â 9,724Â Â Â 7,330Â Â Â 26,658Â Â Â 22,606Â Total underwriting and general expensesÂ Â 27,340Â Â Â 23,853Â Â Â 80,381Â Â Â 70,917Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Expense RatioÂ Â 32.8%Â Â Â 31.2%Â Â Â 33.7%Â Â Â 32.5%Â Â The expense ratio is calculated by dividing other underwriting and general expenses and amortization of deferred policy acquisition costs by net premiums earned. The expense ratio measures a companyâ€™s operational efficiency in producing, underwriting, and administering its insurance business. The overall expense ratio increased 1.6 percentage points and 1.2 percentage points in the three-and nine-month periods ended September 30, 2024, respectively, compared to the same periods in 2023. The increase in the amortization of deferred policy acquisition costs is due to higher deferrable costs resulting from significant premium growth compared to the prior year, including significant growth in the Non-Standard Auto segment which generally pays higher agent commissions than our other segments. The increase in the other underwriting and general expenses is due to the costs incurred in the current quarter associated with the execution of the separation agreement with our former Chief Executive Officer. It is derived by subtracting losses and loss adjustment expenses, amortization of deferred policy acquisition costs, and other underwriting and general expenses from net premiums earned. The combined ratio represents the sum of these losses and expenses as a percentage of net premiums earned and measures our overall underwriting profit. Â The total underwriting loss increased $8,578 for the three-month period ended September 30, 2024, compared to the same period in 2023. The total underwriting loss increased $9,508 for the nine-month period ended September 30, 2024, compared to the same period in 2023. These results were driven by the factors discussed in the Loss and Loss Adjustment Expenses as well as the Underwriting and General Expenses and Expense Ratio sections above. Â The overall combined ratio increased 10.2 percentage points in the three-month period ended September 30, 2024, compared to the same period in 2023. The overall combined ratio increased 3.7 percentage points in the nine-month period ended September 30, 2024, compared to the same period in 2023. These results were driven by the factors discussed in the Loss and Loss Adjustment Expenses as well as the Underwriting and General Expenses and Expense Ratio sections above. Â Fee and Other Income Â We had fee and other income of $491 and $1,590 for the three and nine months ended September 30, 2024, respectively, compared to $445 and $1,196 for the three and nine months ended September 30, 2023, respectively. Fee income is largely attributable to the Non-Standard Auto segment and is a key component in measuring its profitability. Fee and other income on this business increased to $281 and $971 for the three and nine months ended September 30, 2024, respectively, from $278 and $748 for the three and nine months ended September 30, 2023, respectively, driven by growth in this segment. Â Net Investment Income Â The following table shows our average cash and invested assets, net investment income, and return on average cash and invested assets for the reported periods for continuing operations: Â Â Â Three Months Ended September 30,Â Â Nine Months Ended September 30,Â Â Â 2024Â Â 2023Â Â 2024Â Â 2023Â Average cash and invested assetsÂ $376,594Â Â $322,813Â Â $367,614Â Â $331,170Â Net investment incomeÂ $2,811Â Â $2,121Â Â $8,089Â Â $5,735Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Gross return on average cash and invested assetsÂ Â 3.9%Â Â Â 3.6%Â Â Â 3.9%Â Â Â 3.3%Â Net return on average cash and invested assetsÂ Â 3.0%Â Â Â 2.6%Â Â Â 2.9%Â Â Â 2.3%Â Â 49Â Â Net investment income increased $690 for the three months ended September 30, 2024, compared to the three months ended September 30, 2023. Net investment income increased $2,354 for the nine months ended September 30, 2024, compared to the nine months ended September 30, 2023. These increases were primarily driven by the higher interest rate environment which resulted in higher reinvestment rates in our fixed income portfolio. Â Gross and net return on average cash and invested assets increased year-over-year, primarily driven by the favorable interest rate environment that resulted in significantly higher net investment income on an increased average balance of fixed income securities as well as cash and cash equivalents (measured at fair value). In addition, the increase in investments in high dividend yield equities resulted in relatively consistent year-over-year dividend income despite a reduction in the average equities balance (measured at fair value). The increase in average cash and invested assets was driven by changes in the fair value of fixed income securities due to the interest rate environment as well as higher operating cash flows during the first nine months of 2024. Â Net Investment Gains (Losses) Â Net investment gains (losses) consisted of the following: Â Â Â Three Months Ended September 30,Â Â Nine Months Ended September 30,Â Â Â 2024Â Â 2023Â Â 2024Â Â 2023Â Gross realized gainsÂ $272Â Â $689Â Â $662Â Â $13,707Â Gross realized losses, excluding credit impairment lossesÂ Â (227)Â Â (180)Â Â (699)Â Â (1,661) Net realized gains (losses)Â Â 45Â Â Â 509Â Â Â (37)Â Â 12,046Â Change in net unrealized gains on equity securitiesÂ Â 2,367Â Â Â (1,464)Â Â 3,325Â Â Â (11,771) Net investment gains (losses)Â $2,412Â Â $(955)Â $3,288Â Â $275Â Â We had net realized gains of $45 and losses of $37 for the three and nine months ended September 30, 2024, respectively, compared to net realized gains of $509 and $12,046 for the three and nine months ended September 30, 2023, respectively. The elevated net realized gains in the nine months ended September 30, 2023, were the result of a strategic liquidation of a portfolio of equity securities. The gross realized gains from the sale of these securities were largely offset by the elimination of the unrealized gain position of these securities. No credit impairment losses were reported during any of the periods presented. Â We experienced an increase of $2,367 and $3,325 in net unrealized gains on equity securities during the three and nine months ended September 30, 2024, respectively, attributable to overall favorable equity markets during the current quarter and year-to-date. We experienced a decrease in net unrealized gains on equity securities of $1,464 and $11,771 during the three and nine months ended September 30, 2023, respectively. The decrease in unrealized gains on equity securities during the nine months ended September 30, 2023, was driven by the equity portfolio liquidation noted above and the impact of changes in fair value attributable to equity market volatility. Â Our fixed income securities are classified as available for sale because we will, from time to time, make sales of securities that are not impaired, consistent with our investment goals and policies. The fixed income portion of the portfolio experienced net unrealized gains of $11,138 and $8,848 during the three and nine months ended September 30, 2024, respectively, compared to net unrealized losses of $8,718 and $5,741 during the three and nine months ended September 30, 2023, respectively. The changes were primarily the result of changes in U.S. interest rates. The change in the fair value of fixed income securities is not reflected in net income; rather it is reflected as a separate component (net of income taxes) of other comprehensive income. Â Income (Loss) before Income Taxes Â For the three months ended September 30, 2024, we had a pre-tax loss of $3,456 compared to a pre-tax income of $1,019 for the three months ended September 30, 2023. The year-over-year change was largely attributable to higher non-catastrophe weather-related losses for Home and Farm in the states of North Dakota and Nebraska, unfavorable prior year loss reserve development for Non-Standard Auto, and expenses incurred related to the separation agreement with our former Chief Executive Officer, partially offset by net earned premium growth, improved loss experience for Private Passenger Auto, and higher net investment income. Â For the nine months ended September 30, 2024, we had a pre-tax loss of $3,693 compared to pre-tax income of $54 for the nine months ended September 30, 2023. The year-over-year change was largely attributable to higher non-catastrophe weather-related losses for Home and Farm in the states of North Dakota and Nebraska, unfavorable prior year loss reserve development for Non-Standard Auto, and expenses incurred related to the separation agreement with our former Chief Executive Officer, partially offset by net earned premium growth, improved loss experience for Private Passenger Auto, and higher net investment income. Â 50Â Â Income Tax Expense (Benefit) Â We recorded an income tax benefit of $751 for the three months ended September 30, 2024, compared to an income tax expense of $214 for the three months ended September 30, 2023. Our effective tax rate for the third quarter of 2024 was 21.7% compared to an effective tax rate of 21.0% for the third quarter of 2023. Â We recorded an income tax benefit of $445 for the nine months ended September 30, 2024, compared to income tax expense of $11 for the nine months ended September 30, 2023. Our effective tax rate for the first nine months of 2024 (excluding tax effects related to the loss on the sale of Westminster) was 12.0% compared to an effective tax rate of 20.4% for the first nine months of 2023. The effective tax rate for the first nine months of 2024 was impacted by a $346 valuation allowance on net operating loss carryforwards established as a result of the Battle Creek demutualization. Â Net Income (Loss) Â For the three months ended September 30, 2024, we had a net loss before non-controlling interest of $2,705 compared to net income of $805 for the three months ended September 30, 2023. The year-over-year change was largely attributable to higher non-catastrophe weather-related losses for Home and Farm in the states of North Dakota and Nebraska, unfavorable prior year loss reserve development for Non-Standard Auto, and expenses incurred related to the separation agreement with our former Chief Executive Officer, partially offset by net earned premium growth, improved loss experience for Private Passenger Auto, and higher net investment income. Â For the nine months ended September 30, 2024, we had a net loss before non-controlling interest of $3,248 compared to net income of $43 for the nine months ended September 30, 2023. The year-over-year change was largely attributable to higher non-catastrophe weather-related losses for Home and Farm in the states of North Dakota and Nebraska, unfavorable prior year loss reserve development for Non-Standard Auto, and expenses incurred related to the separation agreement with our former Chief Executive Officer, partially offset by net earned premium growth, improved loss experience for Private Passenger Auto, and higher net investment income. Â Return on Average Equity Â For the three months ended September 30, 2024, we had annualized return on average equity, after non-controlling interest, of (4.5)% compared to annualized return on average equity, after non-controlling interest, of 1.3% for the three months ended September 30, 2023. Â For the nine months ended September 30, 2024, we had annualized return on average equity, after non-controlling interest, of (1.9)% compared to annualized return on average equity, after non-controlling interest, of 0.2% for the nine months ended September 30, 2023. Â Average equity is calculated as the average between beginning and ending equity, excluding non-controlling interest, for the period. Â 51Â Â Critical Accounting Policies Â The preparation of financial statements in accordance with GAAP requires both the use of estimates and judgment relative to the application of appropriate accounting policies. We are required to make estimates and assumptions in certain circumstances that affect amounts reported in the unaudited consolidated financial statements and related footnotes. We evaluate these estimates and assumptions on an ongoing basis based on historical developments, market conditions, industry trends, and other information that we believe to be reasonable under the circumstances. There can be no assurance that actual results will conform to these estimates and assumptions or that reported results of operations will not be materially and adversely affected by the need to make accounting adjustments to reflect changes in these estimates and assumptions from time to time. Our critical accounting policies are more fully described in Part II, Item 7, â€œManagement's Discussion and Analysis of Financial Condition and Results of Operationsâ€ presented in our 2023 Annual Report. There have been no changes in our critical accounting policies from December 31, 2023. Â Liquidity and Capital Resources Â We expect to generate sufficient funds from our operations and maintain a high degree of liquidity in our investment portfolio to meet the demands of claim settlements and operating expenses for the foreseeable future. Our primary sources of funds are premium collections, investment earnings, and fixed income maturities. Â The change in cash and cash equivalents for continuing and discontinued operations for the nine months ended September 30, 2024 and 2023, were as follows: Â Â Â Nine Months Ended September 30,Â Â Â 2024Â Â 2023Â Net cash flows from operating activitiesÂ $16,780Â Â $9,458Â Net cash flows from investing activitiesÂ Â 5,327Â Â Â (2,021) Net cash flows from financing activitiesÂ Â (3,613)Â Â (7,454) Net change in cash and cash equivalentsÂ $18,494Â Â $(17) Â For the nine months ended September 30, 2024, net cash provided by operating activities totaled $16,780 compared to $9,458 a year ago. This change was primarily driven by lower levels of loss and loss adjustment payments in the current year partially offset by higher levels of tax payments (net of refunds) in the current year. Â For the nine months ended September 30, 2024, net cash provided by investing activities totaled $5,327 compared to net cash used of $2,021 a year ago. This change was primarily attributable to the proceeds from the sale of Westminster in the current year partially offset by an increase in net cash outflows for investment activities in the current year. Â For the nine months ended September 30, 2024, net cash used by financing activities totaled $3,613 compared to $7,454 a year ago. This decrease in cash used was attributable to a reduction in share repurchases in the current year partially offset by the final pooling settlement between Nodak Insurance and Westminster. Â As a holding company, a principal source of long-term liquidity will be dividend payments from our directly-owned subsidiaries. Â 52Â Â Nodak Insurance is restricted by the insurance laws of North Dakota as to the amount of dividends or other distributions it may pay to NI Holdings. North Dakota law sets the maximum amount of dividends that may be paid by Nodak Insurance during any twelve-month period after notice to, but without prior approval of, the North Dakota Insurance Department. This amount cannot exceed the lesser of (i) 10% of the Companyâ€™s surplus as regards policyholders as of the preceding December 31, or (ii) the Companyâ€™s statutory net income for the preceding calendar year (excluding realized investment gains), less any prior dividends paid during such twelve-month period. In addition, any insurance company other than a

life insurance company may carry forward net income from the preceding two calendar years, not including realized investment gains, less any dividends actually paid during those two calendar years. Dividends in excess of this amount are considered â€œextraordinaryâ€ and are subject to the approval of the North Dakota Insurance Department. Â There is no amount available for payment of dividends from Nodak Insurance to NI Holdings during 2024 without the prior approval of the North Dakota Insurance Department. Prior to its payment of any dividend, Nodak Insurance will be required to provide notice of the dividend to the North Dakota Insurance Department. This notice must be provided to the North Dakota Insurance Department 30 days prior to the payment of an extraordinary dividend and 10 days prior to the payment of an ordinary dividend. The North Dakota Insurance Department has the power to limit or prohibit dividend payments if an insurance company is in violation of any law or regulation. These restrictions or any subsequently imposed restrictions may affect our future liquidity. No dividends were declared or paid by Nodak Insurance during the nine months ended September 30, 2024, or the year ended December 31, 2023. Â Direct Auto re-domesticated from Illinois to North Dakota during 2021 and is now subject to the same dividend restrictions as Nodak Insurance. The amount available for payment of dividends from Direct Auto to NI Holdings during 2024 without the prior approval of the North Dakota Insurance Department is approximately $90 as of December 31, 2023. No dividends were declared or paid by Direct Auto during the nine months ended September 30, 2024, or the year ended December 31, 2023. Â Westminster re-domesticated from Maryland to North Dakota during 2021 and was subject to the same dividend restrictions as Nodak Insurance. Westminster was sold on June 30, 2024. No dividends were declared or paid by Westminster to NI Holdings during the nine months ended September 30, 2024, or the year ended December 31, 2023. For additional information see Part I, Item 1, Note 19 â€œDiscontinued Operationsâ€ of this Quarterly Report on Form 10-Q. Â 53Â Â Item 3. - Quantitative and Qualitative Disclosures about Market Risk Â The Companyâ€™s assessment of market risk as of September 30, 2024, indicates there have been no material changes in the quantitative and qualitative disclosures from those in Part II, Item 7A, â€œQuantitative and Qualitative Disclosures About Market Riskâ€ in our 2023 Annual Report. Â Â Item 4. - Controls and Procedures Â Evaluation of Disclosure Controls and Procedures Â The Companyâ€™s Interim Chief Executive Officer and Chief Financial Officer have reviewed and evaluated the effectiveness of the Companyâ€™s disclosure controls and procedures (â€œDCPsâ€), as required by Rules 13a-15(b) and 15d-15(b) under the Exchange Act, as of the end of the period covered by this report. As a result of the material weakness in the Company's internal control over financial reporting ("ICFR") discussed below, the Interim Chief Executive Officer and Chief Financial Officer have concluded that the Companyâ€™s DCPs, as of the end of the period covered by this report, were not effective in ensuring information required to be disclosed in our periodic reports filed under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the SEC, and that such material information is accumulated and communicated to the Chief Executive Officer and Chief Financial Officer to allow timely decisions regarding required disclosures. We believe that a control system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the control system are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected. Â Material Weakness in Internal Control Over Financial Reporting Â A material weakness is a deficiency, or a combination of deficiencies, in ICFR, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis. Â As previously disclosed in our Quarterly Report on Form 10-Q/A for the quarter ended June 30, 2024, the Company did not design and maintain effective controls over its accounting for intercompany reinsurance pooling activity. Specifically, it lacked an effectively designed internal control related to the evaluation of pooling payable/receivable balances, including when a pool member is sold. This material weakness resulted in a material error and the restatement of the Company's consolidated financial statements for the three- and six-month periods ended June 30, 2024. Additionally, this material weakness could result in misstatements of the aforementioned accounts or disclosures that would result in a material misstatement to the annual or interim consolidated financial statements that would not be prevented or detected. Â Remediation Plan for Material Weakness Â Upon identification of the material weakness, management developed a remediation plan, which included designing and implementing a new quarterly intercompany pooling reconciliation and review process to fully evaluate pooling payable/receivable balances in support of financial reporting for GAAP purposes. The material weakness will not be considered remediated until the remediation plan has been implemented and there has been sufficient time for the Company to conclude through testing that the controls are operating effectively. As the Company's management, under the oversight of the Audit Committee, continues to evaluate and improve the Company's ICFR, management may decide to take additional measures to address control deficiencies or determine to modify, or in appropriate circumstances not to complete, certain of the remediation measures identified. We can offer no assurance that these initiatives will ultimately have the intended effects. Â Changes in Internal Control over Financial Reporting Â In the ordinary course of business, we periodically review our system of internal control over financial reporting to identify opportunities to improve our controls and increase efficiency, while ensuring that we maintain an effective internal control environment. Except for the identified material weakness above, there have not been any changes in the Companyâ€™s internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fiscal quarter to which this report relates that have materially affected, or are reasonably likely to materially affect, the Companyâ€™s internal control over financial reporting. Â 54Â Â Part II. - OTHER INFORMATION Â Item 1. - Legal Proceedings Â We are, from time to time, party to routine litigation incidental to the normal course of our business. Based upon information presently available to us, we do not consider any litigation to be material. However, given the uncertainties attendant to litigation, we cannot assure you that our results of operations and financial condition will not be materially adversely affected by any litigation. Â Item 1A. - Risk Factors Â There have been no material changes in our assessment of our risk factors from those set forth in Part I, Item 1A, â€œRisk Factorsâ€ in our 2023 Annual Report. Â Â 55Â Â Item 2. - Unregistered Sales of Equity Securities and Use of Proceeds Â All dollar amounts included in Item 2 herein, except per share data, are in thousands. Â The Company has not sold any unregistered securities within the past three years. Â On January 17, 2017, our registration statement on Form S-1 registering our common stock was declared effective by the SEC. On March 13, 2017, the Company completed the IPO of 10,350,000 shares of common stock at a price of $10.00 per share. The Company received net proceeds of $93,145 from the offering, after deducting underwriting discounts and offering expenses. Â From time to time, the Company may also repurchase its own stock. To date, the Company has used the net proceeds from the IPO to fund these share repurchases. Â There has been no material change in the planned use of proceeds from our IPO as described in our final prospectus filed with the SEC on January 17, 2017. Â On May 9, 2022, our Board of Directors approved an authorization for the repurchase of up to approximately $10,000 of the Companyâ€™s outstanding common stock. During the year ended December 31, 2022, we completed the repurchase of 54,223 shares of our common stock for $734 under this authorization. During the year ended December 31, 2023, we repurchased an additional 548,549 shares of our common stock for $7,278, including the effect from applicable excise taxes. During the nine months ended September 30, 2024, we did not repurchase any shares of our common stock. At September 30, 2024, $2,052 remains available under this authorization. Â Share repurchase activity during the three months ended September 30, 2024, is presented below: Â Period in 2024Â Total Number of Shares PurchasedÂ Â Average Price Paid Per Share (3)Â Â Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs (1)Â Â Maximum Approximate Dollar Value of Shares That May Yet Be Purchased Under the Plans or Programs (2) (in thousands)Â July 1-31, 2024Â Â â€”Â Â $â€”Â Â Â â€”Â Â $2,052Â August 1-31, 2024Â Â â€”Â Â Â â€”Â Â Â â€”Â Â 2,052Â September 1-30, 2024Â Â â€”Â Â Â â€”Â Â Â â€”Â Â 2,052Â TotalÂ Â â€”Â Â $â€”Â Â Â â€”Â Â $2,052Â Â (1)Shares purchased pursuant to the May 9, 2022, publicly announced share repurchase authorization of up to approximately $10,000 of the Companyâ€™s outstanding common stock. (2)Maximum dollar value of shares that may yet be purchased consist of up to approximately $2,052 under the May 9, 2022, publicly announced share repurchase authorization. (3)The Inflation Reduction Act of 2022 imposed a 1% excise tax on the net value of certain share repurchases made after December 31, 2022. All dollar amounts presented exclude such excise taxes, as applicable. Â Â Item 3. - Defaults upon Senior Securities Â Not Applicable Â Â Item 4. - Mine Safety Disclosures Â Not Applicable Â Â 56Â Â Item 5. - Other Information Â 10b5-1 Trading Plans Â During the third quarter of 2024, none of our directors or executive officersÂ (as defined in Rule 16a-1(f) under the Exchange Act) adoptedÂ orÂ terminatedÂ any â€œRule 10b5-1 trading arrangementâ€ or â€œnon-Rule 10b5-1 trading arrangementâ€ (as each term is defined in Item 408(a) of Regulation S-K). The Nodak conversion was consummated on March 13, 2017. Immediately following the Nodak conversion, all of the outstanding shares of common stock of Nodak Insurance were issued to Nodak Mutual Group, which then contributed the shares to NI Holdings in exchange for 55% of the outstanding shares of common stock of NI Holdings. Nodak Insurance then became a wholly-owned stock subsidiary of NI Holdings. Prior to completion of the Nodak conversion, NI Holdings conducted no business and had no assets or liabilities. As a result of the Nodak conversion, NI Holdings became the holding company for Nodak Insurance and its existing subsidiaries. Â These unaudited consolidated financial statements include the financial position and results of operations of NI Holdings and the following other entities: Â Nodak Insurance Company Â Nodak Insurance is the largest domestic property and casualty insurance company in North Dakota, offering private passenger auto, homeowners, farmowners, commercial multi-peril, crop hail, and Federal multi-peril crop insurance coverages through its captive agents in the state. Â Nodak Agency, Inc. Â Nodak Agency is an inactive shell corporation. Â American West Insurance Company Â American West is a property and casualty insurance company licensed in eight states in the Midwest and Western regions of the United States (â€œU.S.â€). American West began writing policies in 2002 and primarily writes private passenger auto, homeowners, and farm coverages in South Dakota. American West also writes private passenger auto coverage in North Dakota, as well as crop hail and Federal multi-peril crop insurance coverages in Minnesota and South Dakota. Â Primero Insurance Company Â Primero is a wholly-owned subsidiary of Tri-State, Ltd. Tri-State, Ltd. is an inactive shell corporation 100% owned by Nodak Insurance. Primero is a property and casualty insurance company writing non-standard auto coverage in the states of Nevada, Arizona, North Dakota, and South Dakota. Primero was acquired by Nodak Insurance in 2014. Â Battle Creek Insurance Company Â Battle Creek is a property and casualty insurance company writing private passenger auto, homeowners, and farm coverages solely in the state of Nebraska. Battle Creek became affiliated with Nodak Insurance in 2011 and, prior to January 2, 2024, was controlled by Nodak Insurance via a surplus note. On January 2, 2024, Battle Creek issued 300,000 shares of its common stock to Nodak Insurance at a $10.00 per share par value and became a wholly-owned subsidiary of Nodak Insurance. Because we concluded that we controlled Battle Creek prior to January 2, 2024, we consolidated the financial statements of Battle Creek, and Battle Creekâ€™s policyholdersâ€™ interest in Battle Creek was reflected as a non-controlling interest in shareholdersâ€™ equity in our Consolidated Balance Sheets for NI Holdings (â€œConsolidated Balance Sheetsâ€) and its net income or loss was excluded from net income or loss attributed to NI Holdings in our Consolidated Statements of Operations for NI Holdings (â€œConsolidated Statements of Operationsâ€). Subsequent to January 2, 2024, Battle Creek is fully consolidated in our Consolidated Balance Sheets and Consolidated Statements of Operations and, as such, no longer reflected as a non-controlling interest. Â Direct Auto Insurance Company Â Direct Auto is a property and casualty insurance company licensed in Illinois.

Direct Auto began writing non-standard auto coverage in 2007, and was acquired by NI Holdings on August 31, 2018, via a stock purchase agreement.Â Westminster American Insurance Company Â Westminster is a property and casualty insurance company licensed in 18 states and the District of Columbia. Westminster is headquartered in Owings Mills, Maryland and underwrites commercial multi-peril insurance in the states of Delaware, Georgia, Kentucky, Maryland, New Jersey, North Carolina, Pennsylvania, South Carolina, Tennessee, Virginia, West Virginia, and the District of Columbia. Westminster was sold to Scott Insurance Holdings on June 30, 2024. Subsequent to the date of sale, Westminster is reflected as discontinued operations within our Consolidated Balance Sheets and Consolidated Statements of Operations. For additional information see Part I, Item 1, Note 19 â€œDiscontinued Operationsâ€ of this Quarterly Report on Form 10-Q. Â Organizational Structure and Credit Ratings Â Nodak Insurance markets and distributes its policies through its captive agents, while all other companies utilize the independent agent distribution channel. Additionally, all of the Companyâ€™s insurance subsidiary and affiliate companies, excluding Westminster, are rated â€œAâ€ Excellent by A.M. Best Company, Inc. (â€œAM Bestâ€), a global credit rating agency specializing in the insurance industry. Â The same executive management team provides oversight and strategic direction for the entire organization. Nodak Insurance provides common product oversight, pricing practices, and underwriting standards, as well as underwriting and claims administration, to itself, American West, and Battle Creek. Primero and Direct Auto personnel manage the day-to-day operations of their respective companies. Westminster personnel managed the day-to-day operations of their company prior to the date of sale. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. All material intercompany transactions and balances have been eliminated. These financial statements should be read in conjunction with the financial statements and notes thereto included in our 2023 Annual Report. Â The Consolidated Balance Sheet at December 31, 2023, has been derived from the audited consolidated financial statements at that date but does not include all of the information and footnotes required by GAAP for complete financial statements. Â The preparation of the interim unaudited consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the interim unaudited consolidated financial statements and the reported amounts of revenues, claims, and expenses during the reporting period. Actual results could differ from those estimates. Operating results for the interim periods ended September 30, 2024, are not necessarily indicative of the results that may be expected for the year ended December 31, 2024. Â Our 2023 Annual Report describes the accounting policies and estimates that are critical to the understanding of our results of operations, financial condition, and liquidity. The accounting policies and estimation processes described in the 2023 Annual Report were consistently applied to the unaudited consolidated financial statements as of and for the nine months ended September 30, 2024 and 2023. Â Discontinued Operations Â On May 7, 2024, NI Holdings entered into a Stock Purchase Agreement (â€œPurchase Agreementâ€) to sell its subsidiary, Westminster, to Scott Insurance Holdings, a privately owned Maryland limited liability company. Scott Insurance Holdings is affiliated with John Scott, Sr., the father of the president of Westminster, John Scott, Jr. The sale closed on June 30, 2024. The Purchase Agreement included a cash purchase price of $10,500, subject to certain post-closing adjustments, including a post-closing payment to NI Holdings for the amount by which the ending statutory surplus balance for Westminster exceeded $20,000. The post-closing payment received from Scott Insurance Holdings during the third quarter of 2024 was $1,772 and has been included as an adjustment to the purchase price for the calculation of the loss on the sale of Westminster. The sale of Westminster, which represented the majority of our Commercial segment in prior periods, was a strategic shift that has had a major effect on our operations and financial results. Therefore, Westminster has been reported as discontinued operations in the Consolidated Balance Sheets, Consolidated Statements of Operations, and Consolidated Statements of Cash Flows for all periods presented in this Form 10-Q. All current and prior periods reflected in this Form 10-Q have been presented as continuing and discontinued operations, unless otherwise noted. For additional information see Part I, Item 1, Note 19 â€œDiscontinued Operationsâ€ of this Form 10-Q.Â Restatement Â NI Holdings filed Amendment No. 1 to our Quarterly Report on Form 10-Q/A to amend certain information included in the Company's Quarterly Report on Form 10-Q for the three- and six-month periods ended June 30, 2024, which was filed with the Securities and Exchange Commission (the â€œSECâ€) on August 8, 2024, due to errors resulting from the incorrect accounting for, and presentation of, the previously announced sale of Westminster. Specifically, the Company failed to record certain receivables on Westminsterâ€™s closing balance sheet as well as the corresponding payable for Nodak Insurance for amounts owed to Westminster related to the final settlement of the intercompany reinsurance pooling agreement after the date of sale. Failure to include this receivable in Westminsterâ€™s closing net assets and liabilities also caused an understatement of the loss on sale of discontinued operations, which also understated the Companyâ€™s total net loss. Â Not Yet Adopted Â Improvements to Reportable Segment Disclosures â€“ In November 2023, the Financial Accounting Standards Board (â€œFASBâ€) issued guidance related to improving disclosures for reportable segments primarily through enhanced disclosures about significant segment expenses that are provided to the chief operating decision maker (â€œCODMâ€). This guidance also requires disclosure of the title and position of the CODM and an explanation of how the CODM uses the reported measures of segment profit or loss in assessing segment performance and deciding how to allocate resources. The amendments in this update are effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024. We are currently evaluating the impact of the new standard on our consolidated financial statements, which is expected to result in enhanced disclosures. Â Improvements to Income Tax Disclosures â€“ In December 2023, the FASB issued guidance related to improving income tax disclosures. This guidance requires that an entity, on an annual basis, disclose additional income tax information, primarily related to the rate reconciliation and income taxes paid. The guidance is intended to enhance the transparency and decision usefulness of income tax disclosures. The amendments in this update are effective for annual periods beginning after December 15, 2024. We are currently evaluating the impact of the new standard on our consolidated financial statements, which is expected to result in enhanced disclosures. Beginning on December 31, 2022, credit losses are recognized through an allowance account. We consider a number of factors when determining if an allowance for credit losses is necessary, including payment and default history, credit spreads, credit ratings and rating actions, and probability of default. We determine the credit loss component of fixed income investments by utilizing discounted cash flow modeling to determine the present value of the security and comparing the present value with the amortized cost of the security. We did not recognize any credit losses for fixed income securities at the time of adoption of the new credit loss accounting standard and have not recognized any credit losses for fixed income securities since adoption of the credit loss standard. Therefore, there were no beginning or ending balances of credit losses during the nine months ended September 30, 2024 or the year ended December 31, 2023. Investment securities available for sale are recorded at fair value on a recurring basis. Additionally, from time to time, we may be required to record other assets or liabilities at fair value on a nonrecurring basis. These nonrecurring fair value adjustments typically involve application of lower-of-cost-or-market accounting or write-downs of individual assets. Accounting guidance on fair value measurements and disclosures establishes a fair value hierarchy that prioritizes the inputs to valuation methods used to measure fair value. The three levels of the fair value hierarchy are as follows: Â Â Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. Â Level 2: Quoted prices in markets that are not active, or inputs that are observable either directly or indirectly, for substantially the full term of the asset or liability.Â Â Level 2 includes fixed income securities with quoted prices that are traded less frequently than exchange traded instruments.Â Â Valuation techniques include matrix pricing which is a mathematical technique used widely in the industry to value fixed income securities without relying exclusively on quoted market prices for the specific securities but rather by relying on the securitiesâ€™ relationship to other benchmark quoted prices. Â Level 3: Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported with little or no market activity). Â The Company bases its fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It is our policy to maximize the use of observable inputs and minimize the use of unobservable inputs when developing fair value measurements, in accordance with the fair value hierarchy. Fair value measurements for assets where there exists limited or no observable market data and, therefore, are based primarily upon the estimates of the Company or other third-parties, are often calculated based on the characteristics of the asset, the economic and competitive environment, and other such factors. Management uses its best judgment in estimating the fair value of the Companyâ€™s financial instruments; however, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates herein are not necessarily indicative of the amounts which could have been realized in a sale transaction on the dates indicated. The estimated fair value amounts have been measured as of their respective period-end and have not been re-evaluated or updated for purposes of our consolidated financial statements subsequent to those respective dates. As such, the estimated fair values of these financial instruments subsequent to the respective reporting dates may be different than the amounts reported at each period-end. Additionally, changes in the underlying assumptions used, including discount rates and estimates of future cash flows, could significantly affect the results of current or future valuations.Â The Company uses quoted values and other data provided by an independent pricing service in its process for determining fair values of its investments. The evaluations of such pricing services represent an exit price and a good faith opinion as to what a buyer in the marketplace would pay for a security in a current sale. This pricing service provides us with one quote per instrument. For fixed income securities that have quoted prices in active markets, market quotations are provided. For fixed income securities that do not trade on a daily basis, the independent pricing service prepares estimates of fair value using a wide array of observable inputs including relevant market information, benchmark curves, benchmarking of like securities, sector groupings, and matrix pricing. The observable market inputs that the Companyâ€™s independent pricing service utilizes may include benchmark yields, reported trades, broker-dealer quotes, issuer spreads, two-sided markets, benchmark securities, market bids/offers, and other reference data on markets, industry, and the economy. Additionally, the independent pricing service uses an option-adjusted spread model to develop prepayment and interest rate scenarios. Â Should the independent pricing service be unable to provide a fair value estimate, we would first attempt to obtain a fair value estimate from our third-party investment advisor who utilizes different independent pricing services. If unsuccessful, we would attempt to obtain a non-binding fair value estimate from a number of broker-dealers and would review this estimate in conjunction with a fair value estimate reported by an independent business news service or other sources. In instances where only one broker-dealer provides a fair value for a fixed income security, we would use that estimate. In instances where the Company would be able to obtain fair value estimates from more than one broker-dealer, we would review the range of estimates and select the most appropriate value based on the facts and circumstances. Should neither the independent pricing service nor a broker-dealer provide a fair value estimate, we would develop a fair value estimate based on cash flow analyses and other valuation techniques that utilize certain unobservable inputs. Accordingly, the Company classifies such a security as a Level 3 investment. Â The fair value estimates of our investments provided by the independent pricing service at each period-end were utilized, among other resources, in reaching a conclusion as to the fair value of its investments. Â Management reviews the reasonableness of the pricing provided by the independent pricing service by employing various analytical procedures. We also use information from our third-party investment advisor who utilizes different independent pricing services to further validate the reasonableness of the valuation of our fixed income portfolio. If, after this review, management does not believe the pricing for any security is a reasonable estimate of fair value, then it will seek to resolve the discrepancy through discussions with the independent pricing service. In its review, management did not identify any such discrepancies and no adjustments were made to the estimates provided by the independent pricing service for the three or nine months ended September 30, 2024, or the year ended December 31, 2023. The classification within the fair value hierarchy is then confirmed based on the final conclusions from the pricing review. Â The valuation of money market accounts and equity securities are generally based on Level 1 inputs, which use the market-approach valuation technique. The valuation of certain cash equivalents and our fixed income securities generally incorporates significant Level 2 inputs using the market and income approach techniques. We may assign a lower level to inputs typically considered to be Level 2 based on our assessment of liquidity and relative level of uncertainty surrounding inputs. Assumed reinsurance refers to the acceptance of certain insurance risks that other insurance companies have underwritten. Ceded reinsurance involves transferring certain insurance risks (along with the related written and earned premiums) the Company has underwritten to other insurance companies who agree to share these risks. The Company reinsures a portion of the risks it underwrites, through these ceded reinsurance agreements, in order to control its exposure to losses. Our ceded reinsurance is placed either on an automatic basis under general reinsurance contracts known as treaties or through facultative contracts placed on substantial individual risks. These contracts do not relieve the Company from its obligations to policyholders. Treaty reinsurance contracts are typically effective from January 1 through December 31 each year.Â During the nine-month period ended September 30, 2024, the Company maintained property catastrophe reinsurance protection covering $133,000 in excess of a $20,000 retention. With the exception of Westminster, a per risk excess of loss treaty provides coverage of $4,000 in excess of $1,000 for property risks and $11,000 in excess of $1,000 for casualty risks. For Westminster, a per risk excess of loss treaty provided coverage of $3,000 in excess of $2,000 for property risks and $10,000 in excess of $2,000 for casualty risks until July 1, 2024. Additionally, a property per-risk facultative contract is in place to provide coverage up to $20,000 in excess of $5,000 per property. Aggregate stop loss reinsurance agreements are also in place for both crop hail and multi-peril crop coverage. The crop hail aggregate attaches at a 100% net loss ratio providing 50 points of cover. The multi-peril crop aggregate attaches at a 105% net loss ratio providing 45 points of cover. In addition to the aggregate covers, underlying multi-peril crop reinsurance is provided through the Federal Crop Insurance Corporation (â€œFCICâ€). Â Effective July 1, 2024, the Companyâ€™s reinsurance contracts were modified to exclude any Westminster losses occurring on or after that date, while maintaining all other existing limits, retentions, and attachment points. Â For the year ended December 31, 2023, the Companyâ€™s catastrophe retention and retention limit were consistent with those for the nine-month period ended September 30, 2024. In addition, limits, retentions, and attachment points in our other reinsurance contracts were also consistent with those for the nine-month period ended September 30, 2024 (with the exception of Westminster for which per risk excess of loss treaties provided coverage of $4,000 in excess of $1,000 for property risks and $11,000 in excess of $1,000 for casualty risks). Â The Company actively monitors and evaluates the financial condition of the reinsurers and develops estimates of the uncollectible amounts due from reinsurers. Beginning on December 31, 2022, credit losses are recognized through an allowance account developed using a new credit loss model (current expected credit losses or â€œCECLâ€). See the Part II, Item 8, Note 2 â€œRecent Accounting Pronouncementsâ€ section of the 2023 Annual Report for additional information. Credit loss estimates are made based on periodic evaluation of balances due from reinsurers, changes in reinsurer credit standing, judgments regarding reinsurersâ€™ solvency, known disputes, reporting characteristics of the underlying reinsured business, historical experience, current economic conditions, and the state of reinsurer relations in general. Collection risk is mitigated by entering into reinsurance arrangements only with reinsurers that have strong credit ratings and statutory surplus above certain levels. At September 30, 2024, and December 31, 2023, management has concluded that it is not necessary to record an allowance for expected credit losses related to reinsurance recoverables. All of our significant reinsurance partners are rated â€œA-â€ (Excellent) or better by AM Best, and there is no history of write-offs. Nodak Insurance is the lead company of the pool, and assumes the net premiums, net losses, and underwriting expenses from each of the other five companies. Nodak Insurance then retrocedes balances back to each company, while retaining its own share of the poolâ€™s net underwriting results, based on individual pool percentages established in the respective pooling agreement. This arrangement allows each insurance company to rely upon the capacity of the poolâ€™s total statutory capital and surplus. As a result, they are evaluated by AM Best on a group basis and hold a single combined financial strength rating, long-term issuer credit rating, and financial size category. Subsequent to the June 30, 2024, date of sale, Westminster is no longer a member of the pool, and the pooling percentages for the remaining insurance subsidiaries were updated based on their respective surplus as a percentage of the pool as of December 31, 2023. Royalty amounts payable of $7 and $131 were accrued as a liability to the NDFB at September 30, 2024, and December 31, 2023, respectively. Â Dividends Â State insurance laws require our insurance subsidiaries to maintain certain minimum capital and surplus amounts on a statutory basis. Our insurance subsidiaries are subject to regulations that restrict the payment of dividends from statutory surplus and may require prior approval from their domiciliary insurance regulatory authorities. Our insurance subsidiaries are also subject to risk-based capital requirements that may further affect their ability to pay dividends. Our insurance subsidiaries statutory capital and surplus at December 31, 2023, exceeded the amount of statutory capital and surplus necessary to satisfy risk-based capital requirements by a significant margin. Nodak Insurance also contributes an additional elective amount of employee compensation as a profit-sharing contribution for eligible employees. Westminster also sponsored a separate 401(k) plan until the company was sold on June 30, 2024. American West and Battle Creek have no employees. The Company reported expenses related to these plans totaling $312 and $656 during the three months ended September 30, 2024 and 2023, respectively, and $1,117 and $1,315 during the nine months ended September 30, 2024 and 2023, respectively. Â All fees associated with the plans are deducted from the eligible employee accounts. Â The Company also offers a non-qualified deferred compensation plan to key executives of the Company (as designated by the Board of Directors). The Companyâ€™s policy is to fund the plan by amounts that represent the excess of the maximum contribution allowed by the Employee Retirement Income Security Act over the key executivesâ€™ allowable 401(k) contribution. The plan also allows employee-directed deferral of key executivesâ€™ compensation or incentive payments. The Company reported expenses related to this plan totaling $27 and $45 during the three months ended September 30, 2024 and 2023, respectively, and $258 and $257 during the nine months ended September 30, 2024 and 2023, respectively. Â In connection with our initial public offering (â€œIPOâ€) in March 2017, the Company established its Employee Stock Ownership Plan (the â€œESOPâ€) within the meaning of Internal Revenue Code Section 4975(e)(7) and invests solely in common stock of the Company. Â Upon establishment of the ESOP, Nodak Insurance loaned $2,400 to the ESOPâ€™s related trust (the â€œESOP Trustâ€). The ESOP loan was for a period of ten years, bearing interest at the long-term Applicable Federal Rate effective on the closing date of the offering (2.79% annually). The ESOP Trust used the proceeds of the loan to purchase shares in our IPO, which resulted in the ESOP Trust owning approximately 1.0% of the Companyâ€™s authorized shares. The ESOP has purchased the shares for investment and not for resale. Â The shares purchased by the ESOP Trust in the offering are held in a suspense account as collateral for the ESOP loan. Nodak Insurance makes semi-annual cash contributions to the ESOP in amounts no smaller than the amounts required for the ESOP Trust to make its loan payments to Nodak Insurance. While the ESOP makes two loan payments per year, a pre-determined portion of the shares are released from the suspense account and allocated to participant accounts at the end of the calendar year. This release and allocation occurs on an annual basis over the ten-year term of the ESOP loan. Nodak Insurance has a lien on the shares of common stock of the Company held by the ESOP to secure repayment of the loan from the ESOP to Nodak Insurance. If the ESOP is terminated as a result of a change in control of the Company, the ESOP may be required to pay the costs of terminating the plan. Â It is anticipated that the only assets held by the ESOP will be shares of the Companyâ€™s common stock. Participants in the ESOP cannot direct the investment of any assets allocated to their accounts. The ESOP participants are employees of Nodak Insurance. The employees of Primero, Direct Auto, and Westminster do not participate in the ESOP. Â Each employee of Nodak Insurance automatically becomes a participant in the ESOP if such employee is at least 21 years old, has completed a minimum of one thousand hours of service with Nodak Insurance, and has completed an Eligibility Computation Period. Employees are not permitted to make any contributions to the ESOP. Participants in the ESOP receive annual reports from the Company showing the number of shares of common stock of the Company allocated to the participantsâ€™ accounts and the market value of those shares. The shares are allocated to participants based on compensation as provided for in the ESOP. Â In connection with the establishment of the ESOP, the Company created a contra-equity account on the Consolidated Balance Sheet equal to the ESOPâ€™s basis in the shares. The basis of those shares was set at $10.00 per share as part of the IPO. As shares are released from the ESOP suspense account, the contra-equity account is credited, which reduces the impact of the contra-equity account on the Companyâ€™s Consolidated Balance Sheets over time. The Company records compensation expense related to the shares released, equal to the number of shares released from the suspense account multiplied by the average market value of the Companyâ€™s stock during the period. Â The Company recognized compensation expense related to the ESOP of $93 and $81 during the three months ended September 30, 2024 and 2023, respectively, and $269 and $245 during the nine months ended September 30, 2024 and 2023, respectively. Â Through September 30, 2024, and December 31, 2023, the Company had released and allocated 170,205 ESOP shares to participants, with a remainder of 69,795 ESOP shares in suspense at September 30, 2024, and December 31, 2023. Using the Companyâ€™s quarter-end market price of $15.68 per share, the fair value of the unearned ESOP shares was $1,094 at September 30, 2024. See Part II, Item 8, Note 2 â€œRecent Accounting Pronouncementsâ€ section of the 2023 Annual Report for additional information. We determine whether a contract is or contains a lease at the inception of the contract. A contract will be deemed to be or contain a lease if the contract conveys the right to control and directs the use of identified property or equipment for a period of time in exchange for consideration. We generally must also have the right to obtain substantially all of the economic benefits from the use of the property and equipment. Lease assets and liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term. To determine the present value of lease payments not yet paid, we estimate incremental borrowing rates based on the floating interest rate on our Line of Credit with Wells Fargo Bank, N.A. at the lease commencement date, as rates are not implicitly stated in most leases. Â The Plan provides for the grant of nonqualified stock options, incentive stock options, restricted stock units (â€œRSUsâ€), stock appreciation rights, dividend equivalents, and performance share units (â€œPSUsâ€) to employees, officers, consultants, advisors, non-employee directors, and independent contractors designated by the Compensation Committee of the Board of Directors (the â€œCompensation Committeeâ€). Awards made under the Plan are based upon, among other things, a participantâ€™s level of responsibility and performance within the Company. Â The total aggregate number of shares of common stock that may be issued under the Plan shall not exceed 1,000,000 shares, subject to adjustments as provided in the Plan. No eligible participant may be granted any awards for more than 100,000 shares in the aggregate in any calendar year, subject to adjustment in accordance with the Plan. The aggregate amount payable pursuant to all performance awards denominated in cash to any eligible person in any calendar year is limited to $1,000 in value. Directors who are not also employees of the Company may not be granted awards denominated in shares that exceed $150 in any calendar year.Â Restricted Stock Units Â The Compensation Committee has awarded RSUs to non-employee directors and select executives. RSUs are promises to issue actual shares of common stock at the end of a vesting period. The RSUs granted to executives under the Plan are based on salary. RSUs granted prior to 2024 vest equally over a five-year period. Effective for executive grants in 2024, the RSUs vest equally over a three-year period. The RSUs granted to non-employee directors vest 100% on the date of the next annual meeting of shareholders following the grant date. Dividend equivalents on RSUs are accrued during the vesting period and paid in cash at the end of the vesting period but are subject to forfeiture until the underlying shares become vested. Participants do not have voting rights with respect to RSUs. Â The Company recognizes stock-based compensation costs for RSUs based on the grant date fair value. The compensation costs are normally expensed over the vesting periods to each vesting date; however, the cost of RSUs granted to executives are expensed immediately if the executive has met certain retirement criteria and the RSUs become non-forfeitable. Estimated forfeitures are included in the determination of compensation costs. No forfeitures are currently estimated. Â A summary of the Companyâ€™s outstanding and unearned RSUs is presented below: Â Â Â RSUsÂ Â Weighted-Average Grant-Date Fair Value Per ShareÂ Units outstanding and unearned at January 1, 2023Â Â 115,360Â Â $17.00Â RSUs granted during 2023Â Â 85,000Â Â Â 13.76Â RSUs earned during 2023Â Â (53,780)Â Â 16.32Â Units outstanding and unearned at December 31, 2023Â Â 146,580Â Â Â 15.37Â Â Â Â Â Â Â Â Â Â RSUs granted during 2024Â Â 103,600Â Â Â 14.45Â RSUs earned during 2024Â Â (69,420)Â Â 14.82Â Forfeitures (1)Â Â (80,420)Â Â 15.19Â Units outstanding and unearned at September 30, 2024Â Â 100,340Â Â Â 14.95Â Â (1) Â Represents RSU forfeitures primarily related to the execution of the separation agreement with the former Chief Executive Officer. Â The following table shows the impact of RSU activity to the Companyâ€™s financial results: Â Â Â Three Months Ended September 30,Â Â Nine Months Ended September 30,Â Â Â 2024Â Â 2023Â Â 2024Â Â 2023Â RSU compensation expense (benefit)Â $(384)Â $268Â Â $383Â Â $827Â Income tax benefit (expense)Â Â 87Â Â Â (61)Â Â (87)Â Â (188) RSU compensation expense (benefit), net of income taxesÂ $(297)Â $207Â Â $296Â Â $639Â Â At September 30, 2024, there was $782 of unrecognized compensation cost related to outstanding RSUs. That cost is expected to be recognized over a weighted-average period of 1.35 years. Â Performance Share Units Â The Compensation Committee has awarded PSUs to select executives. PSUs are promises to issue actual shares of common stock at the end of a vesting period, if certain performance conditions are met. The PSUs granted to employees under the Plan are based on salary and, prior to 2024, include a three-year adjusted book value cumulative growth target with threshold and stretch goals. Effective for grants made in 2024, the performance metric is calculated based on an adjusted return on equity over a three-year period, with annual resets. They will vest on the third anniversary of the grant date, subject to the participantâ€™s continuous employment through the vesting date and the level of performance achieved. Dividend equivalents on PSUs are accrued and paid in cash at the end of the performance period in accordance with the level of performance achieved but are subject to forfeiture until the underlying shares become vested. Participants do not have voting rights with respect to PSUs. Â The Company recognizes stock-based compensation costs for PSUs based on the grant date fair value over the performance period of the awards. Estimated forfeitures are included in the determination of compensation costs. The current cost estimates represent the Companyâ€™s forecasted performance against cumulative growth targets.Â A summary of the Companyâ€™s outstanding PSUs is presented below: Â Â Â PSUsÂ Â Weighted-Average Grant-Date Fair Value Per ShareÂ Units outstanding at January 1, 2023Â Â 190,000Â Â $17.00Â PSUs granted during 2023 (at target)Â Â 87,400Â Â Â 13.85Â PSUs earned during 2023Â Â â€”Â Â Â â€”Â Performance adjustment (1)Â Â (63,600)Â Â 14.26Â ForfeituresÂ Â â€”Â Â Â â€”Â Units outstanding at December 31, 2023Â Â 213,800Â Â Â 16.53Â Â Â Â Â Â Â Â Â Â PSUs granted during 2024 (at target)Â Â 79,800Â Â Â 14.19Â PSUs earned during 2024Â Â â€”Â Â Â â€”Â Performance adjustment (1)Â Â (64,600)Â Â 18.64Â Forfeitures (2)Â Â (104,800)Â Â 15.24Â Units outstanding at September 30, 2024Â Â 124,200Â Â Â 15.01Â Â (1) Represents the change in PSUs issued based upon the attainment of performance goals established by the Company. (2) Represents PSU forfeitures primarily related to the execution of the separation agreement with the former Chief Executive Officer. Â The following table shows the impact of PSU activity to the Companyâ€™s financial results: Â Â Â Three Months Ended September 30,Â Â Nine Months Ended September 30,Â Â Â 2024Â Â 2023Â Â 2024Â Â 2023Â PSU compensation expenseÂ $(230)Â $141Â Â $139Â Â $418Â Income tax benefitÂ Â 52Â Â Â (32)Â Â (32)Â Â (95) PSU compensation expense, net of income taxesÂ $(178)Â $109Â Â $107Â Â $323Â Â The cost estimates for PSU grants represent initial target awards until we can reasonably forecast the financial performance of each PSU award grant. At the end of the performance period, we will reflect a performance adjustment, which may be either an increase or decrease from the initial target awards. The actual number of shares to be issued at the end of the performance period will range from 0% to 150% of the initial target awards. As of December 31, 2023, the previously recognized compensation expense related to the PSU awards granted during 2022 and 2021 was eliminated due to the Company's expectation that the threshold performance goal will not be met. Â At September 30, 2024, there was $796 of unrecognized compensation cost related to outstanding PSUs. That cost is expected to be recognized over a weighted-average period of 2.04 years. Prior to the sale of Westminster on June 30, 2024, we also reported a Commercial segment that consisted primarily of Westminsterâ€™s balances and results. Subsequent to the sale, Westminster is reported as part of discontinued operations, which is not included in our segment information. The commercial business that remains a part of our continuing operations has been included in the All Other segment for the current and prior periods presented. We operate only in the U.S., and no single customer or agent provides 10 percent or more of our revenues. The following tables provide available information of these segments for the three- and nine-month periods ended September 30, 2024 and 2023. Â For purposes of evaluating profitability of the Non-Standard Auto segment, we combine the policy fees paid by the insured with the underwriting gain or loss as its primary measure. As a result, these fees are allocated to the Non-Standard Auto segment (included in fee and other income) in the tables below. The remaining fee and other income amounts are not allocated to any segment. Â We do not assign or allocate all line items in our Consolidated Statement of Operations or Consolidated Balance Sheets to our operating segments. Those line items include net investment income, net investment gains, fee and other income excluding Non-Standard Auto, and income tax expense (benefit) within the Unaudited Consolidated Statement of Operations. For the Consolidated Balance Sheets, those items include cash and investments, property and equipment, other assets, accrued expenses and other liabilities, income taxes recoverable or payable, and shareholdersâ€™ equity.Â Â Â Three Months Ended September 30, 2024Â Â Â Private Passenger AutoÂ Â Non-Standard AutoÂ Â Home and FarmÂ Â CropÂ Â All OtherÂ Â TotalÂ Direct premiums earnedÂ $23,981Â Â Basis of Presentation and Accounting Policies [Abstract] Â Basis of Presentation Basis of PresentationThe accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (â€œGAAPâ€) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. All material intercompany transactions and balances have been eliminated. These financial statements should be read in conjunction with the financial statements and notes thereto included in our 2023 Annual Report.The Consolidated Balance Sheet at December 31, 2023, has been derived from the audited consolidated financial statements at that date but does not include all of the information and footnotes required by GAAP for complete financial statements.The preparation of the interim unaudited consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the interim unaudited consolidated financial statements and the reported amounts of revenues, claims, and expenses during the reporting period. Actual results could differ from those estimates. Operating results for the interim periods ended September 30, 2024, are not necessarily indicative of the results that may be expected for the year ended December 31, 2024.Our 2023 Annual Report describes the accounting policies and estimates that are critical to the understanding of our results of operations, financial condition, and liquidity. The accounting policies and estimation processes described in the 2023 Annual Report were consistently applied to the unaudited consolidated financial statements as of and for the nine months ended September 30, 2024 and 2023. Discontinued Operations Discontinued OperationsOn May 7, 2024, NI Holdings entered into a Stock Purchase Agreement (â€œPurchase Agreementâ€) to sell its subsidiary, Westminster, to Scott Insurance Holdings, a privately owned Maryland limited liability company. Scott Insurance Holdings is affiliated with John Scott, Sr., the father of the president of Westminster, John Scott, Jr. The sale closed on June 30, 2024. The Purchase Agreement included a cash purchase price of $10,500, subject to certain post-closing adjustments, including a post-closing payment to NI Holdings for the amount by which the ending statutory surplus balance for Westminster exceeded $20,000. The post-closing payment received from Scott Insurance Holdings during the third quarter of 2024 was $1,772 and has been included as an adjustment to the purchase price for the calculation of the loss on the sale of Westminster. The sale of Westminster, which represented the majority of our Commercial segment in prior periods, was a strategic shift that has had a major effect on our operations and financial results. Therefore, Westminster has been reported as discontinued operations in the Consolidated Balance Sheets, Consolidated Statements of Operations, and Consolidated Statements of Cash Flows for all periods presented in this Form 10-Q. All current and prior periods reflected in this Form 10-Q have been presented as continuing and discontinued operations, unless otherwise noted. For additional information see Part I, Item 1, Note 19 â€œDiscontinued Operationsâ€ of this Form 10-Q.Â Restatement RestatementNI Holdings filed Amendment No. 1 to our Quarterly Report on Form 10-Q/A to amend certain information included in the Company's Quarterly Report on Form 10-Q for the three- and six-month periods ended June 30, 2024, which was filed with the Securities and Exchange Commission (the â€œSECâ€) on August 8, 2024, due to errors resulting from the incorrect accounting for, and presentation of, the previously announced sale of Westminster. Specifically, the Company failed to record certain receivables on Westminsterâ€™s closing balance sheet as well as the corresponding payable for Nodak Insurance for amounts owed to Westminster related to the final settlement of the intercompany reinsurance pooling agreement after the date of sale. Failure to include this receivable in Westminsterâ€™s closing net assets and liabilities also caused an understatement of the loss on sale of discontinued operations, which also understated the Companyâ€™s total net loss. The impact of the corrections related to this error on the consolidated financial statements as of and for the three- and six-month periods ended June 30, 2024, are as follows:Consolidated Balance Sheets (Unaudited) Â Â As of June 30, 2024Â Â Â As ReportedÂ Â AdjustmentÂ Â As RestatedÂ Accrued expenses and other liabilitiesÂ $24,368Â Â $3,386Â Â $27,754Â Total liabilitiesÂ $331,537Â Â $3,386Â Â $334,923Â Retained earningsÂ $197,827Â Â $(3,386)Â $194,441Â Total shareholdersâ€™ equityÂ $239,450Â Â $(3,386)Â $236,064Â Consolidated Statements of Operations (Unaudited) Â Â Three Months Ended June 30, 2024Â Â Six Months Ended June 30, 2024Â Â Â Â Â Â As ReportedÂ Â AdjustmentÂ Â As RestatedÂ Â As ReportedÂ Â AdjustmentÂ Â As RestatedÂ Loss on sale of discontinued operations, net of taxesÂ $(7,762)Â $(3,386)Â $(11,148)Â $(7,762)Â $(3,386)Â $(11,148) Net lossÂ $(16,236)Â $(3,386)Â $(19,622)Â $(9,817)Â $(3,386)Â $(13,203) Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Loss per common share:Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â BasicÂ $(0.77)Â $(0.17)Â $(0.94)Â $(0.47)Â $(0.16)Â $(0.63) DilutedÂ $(0.77)Â $(0.17)Â $(0.94)Â $(0.47)Â $(0.16)Â $(0.63) Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Consolidated Statements of Comprehensive Income (Loss) (Unaudited) Â Â Three Months Ended June 30, 2024Â Â Six Months Ended June 30, 2024Â Â Â Â Â Â As ReportedÂ Â AdjustmentÂ Â As RestatedÂ Â As ReportedÂ Â AdjustmentÂ Â As RestatedÂ Net lossÂ $(16,236)Â $(3,386)Â $(19,622)Â $(9,817)Â $(3,386)Â $(13,203) Comprehensive lossÂ $(16,950)Â $(3,386)Â $(20,336)Â $(11,931)Â $(3,386)Â $(15,317) Â Consolidated Statements of Changes in Shareholdersâ€™ Equity (Unaudited) Â Â As of and for the Three Months Ended June 30, 2024Â Â As of and for the Six Months Ended June 30, 2024Â Â Â As ReportedÂ Â AdjustmentÂ Â As RestatedÂ Â As ReportedÂ Â AdjustmentÂ Â As RestatedÂ Net lossÂ $(16,236)Â $(3,386)Â $(19,622)Â $(9,817)Â $(3,386)Â $(13,203) Retained earningsÂ $197,827Â Â $(3,386)Â $194,441Â Â $197,827Â Â $(3,386)Â $194,441Â Total shareholdersâ€™ equityÂ $239,450Â Â $(3,386)Â $236,064Â Â $239,450Â Â $(3,386)Â $236,064Â Consolidated Statements of Cash Flows (Unaudited) Â Â Six Months Ended June 30, 2024Â Â Â As ReportedÂ Â AdjustmentÂ Â As RestatedÂ Net income (loss)Â $(9,817)Â $(3,386)Â $(13,203) Net cash flows from operating activities â€“ loss on sale of discontinued operationsÂ $15,865Â Â $3,386Â Â $19,251Â Total adjustmentsÂ $43,065Â Â $3,386Â Â $46,451Â The notes to the consolidated financial statements as well as Managementâ€™s Discussion and Analysis of Financial Condition and Results of Operations were also amended as necessary as a result of the restatements outlined above. Recent Accounting Pronouncements Recent Accounting PronouncementsAdoptedFor information regarding accounting pronouncements that the Company adopted during the periods presented, see Item II, Part 8, Note 2 â€œRecent Accounting Pronouncementsâ€ section of the 2023 Annual Report.Not Yet AdoptedImprovements to Reportable Segment Disclosures â€“ In November 2023, the Financial Accounting Standards Board (â€œFASBâ€) issued guidance related to improving disclosures for reportable segments primarily through enhanced disclosures about significant segment expenses that are provided to the chief operating decision maker (â€œCODMâ€). This guidance also requires disclosure of the title and position of the CODM and an explanation of how the CODM uses the reported measures of segment profit or loss in assessing segment performance and deciding how to allocate resources. The amendments in this update are effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024. We are currently evaluating the impact of the new standard on our consolidated financial statements, which is expected to result in enhanced disclosures.Improvements to Income Tax Disclosures â€“ In December 2023, the FASB issued guidance related to improving income tax disclosures. This guidance requires that an entity, on an annual basis, disclose additional income tax information, primarily related to the rate reconciliation and income taxes paid. The guidance is intended to enhance the transparency

and decision usefulness of income tax disclosures. The amendments in this update are effective for annual periods beginning after December 15, 2024. We are currently evaluating the impact of the new standard on our consolidated financial statements, which is expected to result in enhanced disclosures.
