Mrs.  
Solange Berstein Jáuregui  
Chairwoman  
Financial Market Commission  
Av. Libertador Bernardo O'Higgins 1449  
Santiago, Chile

Dear Madam:

1. Background. Regarding what is reported as a Material Event in the following section No. 2:

- Yesterday, Compañía Cervecerías Unidas S.A. ("CCU") became aware that some of its information technology systems – in the sales and distribution areas – were affected by an incident caused by an external agent (the "Cybersecurity Incident").
- CCU has plans and protocols for prevention, detection and response to events such as the Cybersecurity Incident, which have allowed it to contain its effects on the services and operations of the company, maintaining its operation continuity at all times.
- Specifically, with the advice of expert technicians, yesterday CCU worked on the stages of containment, eradication and recovery. This process has allowed the gradual recovery of the affected information technology systems, which the company expects will be fully normalized as soon as possible.

2. Relevant. Pursuant to the provisions of Article 9 and paragraph two of Article 10 of the Securities Market Law No. 18,045, and General Regulation No. 30 of the Financial Market Commission, CCU reports as a Material Event, the following:

- CCU became aware today that the Cybersecurity Incident resulted in the leakage of data, the content and scope of which is being evaluated.
- Once the digital forensic analysis work on the Cybersecurity Incident is completed, if applicable, CCU will update the content of this communication.
- As of this date, there is no information that allows us to project the financial effects on the assets, liabilities or results of CCU as a result of the matter reported as a Material Event, which, if they exist, will be promptly and duly reported to the Financial Market Commission and to the market in general.

Sincerely,

Patricio Jottar Nasrallah  
Chief Executive Officer
