headquartered in Walnut Creek, California. United Business Bank (the "Bank"), the Company's wholly owned banking subsidiary, is a California state-chartered bank which provides a broad range of financial services primarily to local small and mid-sized businesses, service professionals and individuals. In its 20 years of operation, the Bank has grown to 35 full-service banking branches, with 16 locations in California, one in Nevada, two in Washington, five in New Mexico and 11 in Colorado. The condensed consolidated financial statements include the accounts of the Company and the Bank. All intercompany transactions and balances have been eliminated in consolidation. The condensed consolidated financial statements include all adjustments of a normal and recurring nature, which are, in the opinion of management, necessary for a fair presentation of the financial position and results of operations for the periods presented. Dollar amounts presented in the consolidated financial statements and footnote tables are rounded and presented to the nearest thousands of dollars except per share amounts. If the amounts are above $1.0 million, they are rounded one decimal point, and if they are above $1.0 billion, they are rounded two decimal points. The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and, therefore, do not include all information and footnotes normally included in annual financial statements prepared in conformity with accounting principles generally accepted in the United States of America. Accordingly, these condensed consolidated financial statements should be read in conjunction with the consolidated audited financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2023. Results of operations for interim periods are not necessarily indicative of results for the full year. Certain prior year information has been reclassified to conform to the current year presentation. None of the reclassifications impacted consolidated net income, earnings per share or shareholders' equity. Restatement of Previously Issued Consolidated Financial Statements On July 18, 2023, the audit committee of the Company's board of directors concluded that the Company's previously issued unaudited interim consolidated financial statements for the period ended March 31, 2023 and the consolidated financial statements for the year ended December 31, 2022, as well as for the unaudited interim periods included in that fiscal year (collectively, "Restated Periods"), should no longer be relied upon because of errors related to the accounting for unrealized losses on preferred equity securities that resulted in material misstatements of noninterest income and accumulated other comprehensive income. At the time of its purchase of the preferred equity securities for investment purposes, the Company inappropriately accounted for them as AFS debt securities under Accounting Standards Codification ("ASC") Topic 320 - Investments-Debt Securities. As such, the changes in the fair value of these securities were not recorded as part of net income but rather as a component of shareholders' equity (in accumulated other comprehensive income, net of tax). However, as a result of subsequent research and third-party consultation, the Company determined that the securities should instead have been accounted for under ASC Topic 321 - Investments-Equity Securities. The result of this change in classification of the preferred equity securities is that the change in the fair value of the securities each quarter should have been recorded in noninterest income on the consolidated statements of income. On July 25, 2023, the Company filed amendments to its Quarterly Reports on Form 10-Q for the quarterly periods ended March 31, 2023, September 30, 2022, June 30, 2022, and March 31, 2022, and its Form 10-K for the year ended December 31, 2022, (the "Original Reports") with the Securities and Exchange Commission ("SEC"), to reflect the restatement of the Company's consolidated financial statements for the Restated Periods (the "Amended Form 10-Qs" and the "Amended Form 10-K," collectively, the "Amended Reports"). As disclosed in the Original Reports, the Company recorded the change, net of taxes, in the fair value of preferred equity securities as part of other comprehensive loss, net of taxes, under ASC Topic 320 - Investments-Debt Securities rather than as part of non-interest income under ASC Topic 321 - Investments-Equity Securities. In addition, various footnotes in the Amended Reports reflect the effects of these restatements. For additional information on the effects of the restatement, see Note 2. Restatement of Consolidated Financial Statements in the Notes to Consolidated Financial Statements contained in the Amended Form 10-K and Note 3. Restatement of the Consolidated Financial Statements in the Notes to Condensed Consolidated Financial Statements contained in each of the Amended Form 10-Qs. P20Y 35 16 1 2 5 11 NOTE 2 - ACCOUNTING GUIDANCE NOT YET EFFECTIVE AND ADOPTED ACCOUNTING GUIDANCE Accounting Guidance Adopted in 2024 On January 1, 2024, the Company adopted Accounting Standards Update ("ASU") 2023-02, Investments - Equity Method and Joint Ventures (Topic 323): Accounting for Investments in Tax Credit Structures Using the Proportional Amortization Method, a consensus of the Emerging Issues Task Force. ASU 2023-02 allows an entity the option to apply the proportional amortization method of accounting to other equity investments that are made for the primary purpose of receiving tax credits or other income tax benefits if certain conditions are met. Prior to this ASU, the application of the proportional amortization method of accounting was limited to investments in low-income housing tax credit structures. The proportional amortization method of accounting results in the amortization of applicable investments, as well as the related income tax credits or other income tax benefits received, being presented on a single line in the statements of income, income tax expense. Under this ASU, an entity has the option to apply the proportional amortization method of accounting to applicable investments on a tax-credit-program-by-tax-credit program basis. In addition, the amendments in this ASU require that all tax equity investments accounted for using the proportional amortization method use the delayed equity contribution guidance in paragraph 323-740-25-3, requiring a liability to be recognized for delayed equity contributions that are unconditional and legally binding or for equity contributions that are contingent upon a future event when that contingent event becomes probable. Under this ASU, low-income housing tax credit investments for which the proportional amortization method is not applied can no longer be accounted for using the delayed equity contribution guidance. Further, this ASU specifies that impairment of low-income housing tax credit investments not accounted for using the equity method must apply the impairment guidance in Subtopic 323-10: Investments - Equity Method and Joint Ventures - Overall. This ASU also clarifies that for low-income housing tax credit investments not accounted for under the proportional amortization method or the equity method, an entity shall account for them under Topic 321: Investments - Equity Securities. The amendments in the ASU also require additional disclosures in interim and annual periods concerning investments for which the proportional amortization method is applied, including (i) the nature of tax equity investments, and (ii) the effect of tax equity investments and related income tax credits and other income tax benefits on the financial position and results of operations. ASU 2023-02 is effective for the Company for fiscal years beginning after December 15, 2023, including interim periods within those fiscal years. The adoption of ASU 2023-02 did not have a material impact on the Company's consolidated financial statements and related disclosures. Fair Value Measurement (Topic 820) - In June 2022, the Financial Accounting Standards Board ("FASB") issued ASU No. 2022-03, Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions. The guidance in the ASU clarifies that a contractual restriction on the sale of an equity security is not considered part of the unit of account on the equity security and, therefore, is not considered in measuring fair value. The ASU also requires additional disclosures about the restriction. The amendments in this update are effective for fiscal years beginning after December 15, 2023, and interim periods within those fiscal years. The adoption of ASU 2022-03 did not have a material impact on the Company's consolidated financial statements and related disclosures. <p style="font-

family:'Times New Roman','Times','serif';font-size:10pt;text-align:justify;margin:0pt;"> Recent Accounting Guidance Not Yet Effective Business Combinations (Topic 805) - In August 2023, the FASB issued ASU 2023-05, Business Combinations—Joint Venture (JV) Formations: Recognition and Initial Measurement. The guidance requires newly-formed JVs to apply a new basis of accounting to all of its contributed net assets, which results in the JV initially measuring its contributed net assets under ASC 805-20, Business Combinations. The new guidance would be applied prospectively and is effective for all newly-formed joint venture entities with a formation date on or after January 1, 2025, with early adoption permitted. The Company is evaluating the accounting and disclosure requirements of this update and does not expect them to have a material effect on the Company's consolidated financial statements. Segment Reporting – Improvements to Reportable Segment Disclosures (Topic 280) – In November 2023, the FASB issued ASU 2023-07 to enhance disclosures about significant segment expenses for public entities reporting segment information under Topic 280. It requires that a public entity disclose, on an annual and interim basis, significant expense categories for each reportable segment. Significant expense categories are derived from expenses that are 1) regularly reported to an entity's chief operating decision-maker ("CODM"), and 2) included in a segment's reported measure of profit or loss. The disclosures should include an amount for "other segment items," reflecting the difference between 1) segment revenue less significant segment expenses, and 2) the reportable segment's profit or loss measures. It requires that a public entity disclose the title and position of the CODM and how the CODM uses the reported measure of profit or loss to assess segment performance and to allocate resources. Further it clarifies that entities with a single reportable segment must comply with both new and existing segment reporting requirements. The amendments are effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024. Entities must adopt the guidance on a retrospective basis. The Company is evaluating the accounting and disclosure requirements of this update and does not expect them to have a material effect on the Company's consolidated financial statements. Income Taxes – Improvements to Income Tax Disclosures (Topic 740) –In December 2023, the FASB issued ASU 2023-09 to provide additional transparency into an entity's income tax disclosures primarily related to the rate reconciliation and income taxes paid information. The standard requires that public business entities disclose, on an annual basis, specific categories in the rate reconciliation and additional information for reconciling items meeting a certain quantitative threshold. The amendments also require that entities disclose on an annual basis: 1) income taxes paid (net of refunds received) disaggregated by federal (national), state, and foreign taxes and 2) the income taxes paid (net of refunds received) disaggregated by individual jurisdictions exceeding 5% of total income taxes paid (net of refunds received). The amendments are effective for public business entities for annual periods beginning after December 15, 2024. The Company is evaluating the accounting and disclosure requirements of this update and does not expect them to have a material effect on the Company's consolidated financial statements. At September 30, 2024, the Company held 349 securities AFS, of which 212 were in an unrealized loss position for more than twelve months and 16 were in an unrealized loss position for less than twelve months. At December 31, 2023, the Company held 334 investment securities, of which 297 were in an unrealized loss position for more than twelve months and 22 were in an unrealized loss position for less than twelve months. The Company anticipates full recovery of amortized cost with respect to these securities at maturity or sooner in the event of a more favorable market interest rate environment. Allowance for credit losses on investment debt securities available-for-sale . Securities that were in an unrealized loss position as of September 30, 2024 were evaluated to determine whether the decline in fair value below the amortized cost basis resulted from a credit loss or changes in required yields by investors in these types of securities, among other factors. This assessment first includes a determination of whether the Company intends to sell the security, or it is more likely than not that the Company will be required to sell the security before recovery of its amortized cost basis less any current-period credit losses. In making this assessment, management considers the nature of the security and any related government guarantees, any changes to the rating of the security by a rating agency, creditworthiness of the issuers/guarantors, the underlying collateral, the financial conditions and prospects of the issuer, and any adverse conditions specifically related to the security, among other factors. As of September 30, 2024, the Company expects to recover the amortized cost basis of its securities, has no present intent to sell any investment securities with unrealized losses and it is not more likely than not that we will be required to sell securities with unrealized losses before recovery of their amortized cost and the decline in fair value is largely attributed to changes in interest rates and other market conditions. The issuers of these securities continue to make timely principal and interest payments. No allowances for credit losses have been recognized on investment debt securities AFS in an unrealized loss position, as management does not believe any of the securities are impaired due to reasons of credit quality at September 30, 2024. Equity Securities . The Company recognized a net gain on equity securities of $1.4 million and $1.7 million for the three and nine months ended September 30, 2024, and recognized a net loss on equity securities of $274,000 and $2.1 million for the three and nine months ended September 30, 2023, respectively. Equity securities were $14.3 million and $12.6 million as of September 30, 2024 and December 31, 2023, respectively. . <table style="border-collapse:collapse;font-size:16pt;height:max-content;margin-left:auto;margin-right:auto;padding-left:0pt;padding-right:0pt;width:80.19%;"><tr style="height:1pt;"><td style="vertical-align:bottom;white-space:nowrap;width:34.14%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:2.89%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:1.99%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:11.47%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:2.9%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:2%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:11.48%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:2.9%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:2%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:11.48%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:2.9%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:2%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:11.48%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:3.22%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:2%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:11.48%;margin:0pt;padding:0pt;"> . </td></tr><tr><td style="vertical-align:bottom;width:34.14%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:2.89%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.99%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:11.47%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:2.9%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:13.48%;margin:0pt;padding:0pt;"> Gross </td><td style="vertical-align:bottom;white-space:nowrap;width:2.9%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:13.48%;margin:0pt;padding:0pt;"> Gross </td><td style="vertical-align:bottom;white-space:nowrap;width:3.22%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:2%;margin:0pt;padding:0pt;"> . </td><td style="vertical-align:bottom;white-space:nowrap;width:11.48%;margin:0pt;padding:0pt;"> <span

extend, restructure, or otherwise modify the terms of existing loans, on a case-by-case basis, to remain competitive and retain certain customers, as well as assist other customers who may be experiencing financial difficulties. At the time of restructuring, these loans are generally placed on nonaccrual. These loans may be returned to accrual status after the borrower demonstrates performance with the modified terms for a sustained period of time (generally six months) and the capacity to continue to

perform in accordance with the modified terms of the restructured debt. The ACL on a modified loan to a borrower experiencing financial difficulty is measured using the same method as individually evaluated loans. During the three and nine months ended September 30, 2024 and 2023, there were no modifications of loans to borrowers experiencing financial difficulty. A summary of previously modified loans to borrowers experiencing financial difficulty by type of concession and type of loan, as of the dates indicated, is set forth below: <table During the three and nine months ended September 30, 2023, the Company recorded no charge-offs for modified loans to borrowers experiencing financial difficulty. As of September 30, 2024 and December 31, 2023, individually evaluated modified loans to borrowers experiencing financial difficulty had a related allowance of $26,000 and $1.3 million, respectively. As of September 30, 2024 and December 31, 2023, none of the modified loans to borrowers experiencing financial difficulty were performing in accordance with their modified terms. Accruing modified loans to borrowers experiencing financial difficulty are included in the loans individually evaluated as part of the calculation of the allowance for credit losses for loans. Risk Rating System The Company evaluates and assigns a risk grade to each loan based on certain criteria to assess the credit quality of the loan. The assignment of a risk rating is done for each individual loan. Loans are graded from inception and on a continuing basis until the debt is repaid. Any adverse or beneficial trends will trigger a review of the loan risk rating. Each loan is assigned a risk grade based on its characteristics. Loans with low to average credit risk are assigned a lower risk grade than those with higher credit risk as determined by the individual loan characteristics. The Company's Pass loans include loans with acceptable business or individual credit risk where the borrower's operations, cash flow or financial condition provides evidence of low to average levels of risk. Loans that are assigned higher risk grades are loans that exhibit the following characteristics: Special Mention loans have potential weaknesses that deserve close attention. If left uncorrected, these potential weaknesses may result in a deterioration of the repayment prospects for the loan or in the Company's credit position at some future date. Special Mention loans are not adversely classified and do not expose the Company to sufficient risk to warrant adverse classification. A Special Mention rating is a temporary rating, pending the occurrence of an event that would cause the risk rating either to improve or to be downgraded. Loans in this category would be characterized by any of the following situations: <table style="border-collapse:collapse;font-family:'Times New Roman','Times',serif;font-size:10pt;margin-bottom:0pt;margin-top:0pt;table-layout:fixed;text-align:justify;width:100%;border:0pt;"><tr><td style="width:18pt;"></td><td style="font-family:'Times New Roman','Times',serif;font-size:10pt;vertical-align:text-top;white-space:nowrap;width:18pt;padding:0pt;">●</td><td style="padding:0pt;">Credit that is currently protected but is potentially a weak asset;</td></tr></table><table style="border-collapse:collapse;font-family:'Times New Roman','Times',serif;font-size:10pt;margin-bottom:0pt;margin-top:0pt;table-layout:fixed;text-align:justify;width:100%;border:0pt;"><tr><td style="width:18pt;"></td><td style="font-family:'Times New Roman','Times',serif;font-size:10pt;vertical-align:text-top;white-space:nowrap;width:18pt;padding:0pt;">●</td><td style="padding:0pt;">Credit that is difficult to manage because of an inadequate loan agreement, the condition of and/or control over collateral, failure to obtain proper documentation, or any other deviation from product lending practices; and</td></tr></table><table style="border-collapse:collapse;font-family:'Times New Roman','Times',serif;font-size:10pt;margin-bottom:0pt;margin-top:0pt;table-layout:fixed;text-align:justify;width:100%;border:0pt;"><tr><td style="width:18pt;"></td><td style="font-family:'Times New Roman','Times',serif;font-size:10pt;vertical-align:text-top;white-space:nowrap;width:18pt;padding:0pt;">●</td><td style="padding:0pt;">Adverse financial trends.</td></tr></table> Substandard loans are inadequately protected by the current net worth and paying capacity of the obligor or of the collateral pledged. Loans classified substandard must have a well-defined weakness or weaknesses that jeopardize the liquidation of the debt. Substandard loans are characterized by the distinct possibility that the Company will sustain some loss if the deficiencies are not corrected. The potential loss does not have to be recognizable in an individual credit for that credit to be risk rated Substandard. A loan can be fully and adequately secured and still be considered Substandard. Some characteristics of Substandard loans are: <table style="border-collapse:collapse;font-family:'Times New Roman','Times',serif;font-size:10pt;margin-bottom:0pt;margin-top:0pt;table-layout:fixed;text-align:justify;width:100%;border:0pt;"><tr><td style="width:18pt;"></td><td style="font-family:'Times New Roman','Times',serif;font-size:10pt;vertical-align:text-top;white-space:nowrap;width:18pt;padding:0pt;">●</td><td style="padding:0pt;">Inability to service debt from ordinary and recurring cash flow;</td></tr></table><table style="border-collapse:collapse;font-family:'Times New Roman','Times',serif;font-size:10pt;margin-bottom:0pt;margin-top:0pt;table-layout:fixed;text-align:justify;width:100%;border:0pt;"><tr><td style="width:18pt;"></td><td style="font-family:'Times New Roman','Times',serif;font-size:10pt;vertical-align:text-top;white-space:nowrap;width:18pt;padding:0pt;">●</td><td style="padding:0pt;">Chronic delinquency;</td></tr></table><table style="border-collapse:collapse;font-family:'Times New Roman','Times',serif;font-size:10pt;margin-bottom:0pt;margin-top:0pt;table-layout:fixed;text-align:justify;width:100%;border:0pt;"><tr><td style="width:18pt;"></td><td style="font-family:'Times New Roman','Times',serif;font-size:10pt;vertical-align:text-top;white-space:nowrap;width:18pt;padding:0pt;">●</td><td style="padding:0pt;">Reliance upon alternative sources of repayment;</td></tr></table><table style="border-collapse:collapse;font-family:'Times New Roman','Times',serif;font-size:10pt;margin-bottom:0pt;margin-top:0pt;table-layout:fixed;text-align:justify;width:100%;border:0pt;"><tr><td style="width:18pt;"></td><td style="font-family:'Times New Roman','Times',serif;font-size:10pt;vertical-align:text-top;white-space:nowrap;width:18pt;padding:0pt;">●</td><td style="padding:0pt;">Term loans that are granted on liberal terms because the borrower cannot service normal payments for that type of debt;</td></tr></table><table style="border-collapse:collapse;font-family:'Times New Roman','Times',serif;font-size:10pt;margin-bottom:0pt;margin-top:0pt;table-layout:fixed;text-align:justify;width:100%;border:0pt;"><tr><td style="width:18pt;"></td><td style="font-family:'Times New Roman','Times',serif;font-size:10pt;vertical-align:text-top;white-space:nowrap;width:18pt;padding:0pt;">●</td><td style="padding:0pt;">Repayment dependent upon the liquidation of collateral;</td></tr></table><table style="border-collapse:collapse;font-family:'Times New Roman','Times',serif;font-size:10pt;margin-bottom:0pt;margin-top:0pt;table-layout:fixed;text-align:justify;width:100%;border:0pt;"><tr><td style="width:18pt;"></td><td style="font-family:'Times New Roman','Times',serif;font-size:10pt;vertical-align:text-top;white-space:nowrap;width:18pt;padding:0pt;">●</td><td style="padding:0pt;">Inability to perform as agreed, but adequately protected by collateral;</td></tr></table><table style="border-collapse:collapse;font-family:'Times New Roman','Times',serif;font-size:10pt;margin-bottom:0pt;margin-top:0pt;table-layout:fixed;text-align:justify;width:100%;border:0pt;"><tr><td style="width:18pt;"></td><td style="font-family:'Times New Roman','Times',serif;font-size:10pt;vertical-align:text-top;white-space:nowrap;width:18pt;padding:0pt;">●</td><td style="padding:0pt;">Necessity to renegotiate payments to a non-standard level to ensure performance; and</td></tr></table><table style="border-collapse:collapse;font-family:'Times New Roman','Times',serif;font-size:10pt;margin-bottom:0pt;margin-top:0pt;table-layout:fixed;text-align:justify;width:100%;border:0pt;"><tr><td style="width:18pt;"></td><td style="font-family:'Times New Roman','Times',serif;font-size:10pt;vertical-align:text-top;white-space:nowrap;width:18pt;padding:0pt;">●</td><td style="padding:0pt;">The borrower is bankrupt, or for any other reason, future repayment is dependent on court action.</td></tr></table> Doubtful loans have all the weaknesses inherent in loans classified as Substandard with the added characteristic that the weaknesses make collection or liquidation in full, based on currently existing facts, conditions, and value, highly questionable and improbable. Doubtful loans have a high probability of loss, yet certain important and reasonably specific pending factors may work toward the strengthening of the credit. Losses are recognized as charges to the allowance when the loan or portion of the loan is considered uncollectible or at the time of foreclosure. Recoveries on loans previously charged off are credited to the allowance for credit losses. Revolving loans that are converted to term loans are treated as new originations in the tables below and are presented by year of initial origination. During the nine months ended September 30, 2024, and the year ended December 31, 2023, $867,000 and $7.1 million of revolving loans were converted to term loans, respectively. The following tables present the internally assigned risk grade by class of loans at the dates indicated: <table style="border-collapse:collapse;font-size:16pt;height:max-content;margin-left:auto;margin-right:auto;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:bottom;width:21.5%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.64%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:0.97%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.46%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:0.49%;margin:0pt;padding:0pt;"> <span style="font-

Net charge-offs totaled $1.5 million during the third quarter of 2024, which included a $1.0 million complete charge-off on a commercial non-accrual loan, which was fully reserved for at June 30, 2024, a $480,000 complete charge-off of a non-accrual commercial real estate loan, which was sold during the current quarter, and a complete write-down of one non-accrual farmland loan for $88,000, partially offset by two recoveries totaling $50,000 during the current quarter. The quantitative reserve was impacted by declines in forecasted economic conditions for national gross domestic product and increasing forecasted national unemployment, both of which are key indicators utilized to estimate credit losses. For the nine months ended September 30, 2024, the provision for credit losses and related change in the allowance for credit losses on loans was mainly driven by replenishment of the allowance during the period, partially offset by decreases in outstanding loan balances, leading to lower quantitative reserves. Net charges-offs totaled $5.0 million for the nine months ended September 30, 2024, of which $3.2 million was specifically reserved for at December 31, 2023. No changes were made to the qualitative risk factor conclusions during the nine months ended September 30, 2024. The quantitative reserve was impacted by declines in forecasted economic conditions for national gross domestic product and increasing forecasted national unemployment, both of which are key indicators utilized to estimate credit losses. The reserve for individually evaluated loans decreased during the nine months ended September 30, 2024 primarily due to a charge-offs of $3.2 million, as the collateral shortfalls were deemed uncollectable. The following table summarizes the amortized cost basis of individually evaluated collateral-dependent loans, including nonaccrual loans, modified loans to borrowers experiencing financial difficulty, and accreting purchase credit deteriorated ("PCD") loans that have experienced post-acquisition declines in cash flows expected to be collected, by loan and collateral type as of the dates indicated. <table style="border-collapse:collapse;font-size:16pt;height:max-content;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:bottom;width:18.68%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.75%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.21%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:5.93%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.75%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.44%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.02%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.75%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.62%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.8%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.75%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:0.87%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:5.61%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.75%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:0.9%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:5.91%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.28%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:0.87%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:5.75%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.75%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.18%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:6.5%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.75%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:0.87%;margin:0pt;padding:0pt;"> <p style="font-family:'Times New

PEB ceased originating loans under this loan program in 2017. Under this loan program, the borrower, CalCAP and the participating lender contributed funds to a loss reserve account that is held in a demand deposit account at the participating lender. The borrower’s contributions to the loss reserve account are attributed to the participating lender. Losses on qualified loans are charged to this account after approval by CalCAP. Under the program, if a loan defaults, the participating lender has immediate coverage of 100% of the loss. The participating lender must return recoveries from the borrower, less expenses, to the credit loss reserve account. The funds in the loss reserve account are the property of CalCAP; however, in the event that the participating lender leaves the program any excess funds, after all loans have been repaid or unenrolled from the program by the participating lender and provided there are no pending claims for reimbursement, the remaining excess funds are distributed to CalCAP and the participating lender based on their respective contributions to the loss reserve account. Funds contributed by the participating lender to the loss reserve account are treated as a receivable from CalCAP and evaluated for impairment quarterly. As of September 30, 2024 and December 31, 2023, the Company had $18.6 million and $19.4 million, respectively, of loans enrolled in this loan program. The Company had a loss reserve account of $10.4 million and $13.7 million as of September 30, 2024 and December 31, 2023, respectively. In addition, as successor to PEB, the Company was approved by CalCAP, in partnership with the California Air Resources Board, to originate loans to California truckers in the On-Road Heavy-Duty Vehicle Air Quality Loan Program. Under this loan program, CalCAP solely contributes funds to a loss reserve account that is held in a demand deposit account at the participating lender. Losses are handled in the same manner as described above. The funds are the property of CalCAP and are payable upon termination of the program. When the loss reserve account balance exceeds the total associated loan balance, the excess is to be remitted to CalCAP. The Company originated loans under this program of $3.9 million and $8.4 million during the three and nine months ended September 30, 2024, and $1.7 million and $4.2 million during the three and nine months ended September 30, 2023, respectively. As of September 30, 2024, the Company had $17.8 million of loans enrolled in this program and a loss reserve account of $4.0 million. As of December 31, 2023, the Company had $17.7 million of loans enrolled in this program and a loss reserve account of $6.2 million. <table style="border-collapse:collapse;font-size:16pt;height:max-content;margin-left:auto;margin-right:auto;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:bottom;width:22.29%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.61%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.17%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.28%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.54%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.1%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:6.95%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.61%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:0.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:8.49%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.58%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:0.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.29%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.62%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:0.93%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.3%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.62%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:0.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:8.49%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.6%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.68%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:12.95%;margin:0pt;padding:0pt;"> </td></tr><tr><td style="vertical-align:bottom;width:22.29%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.61%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:8.45%;margin:0pt;padding:0pt;"> Commercial </td><td style="vertical-align:bottom;white-space:nowrap;width:1.54%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:8.05%;margin:0pt;padding:0pt;"> Construction </td><td style="vertical-align:bottom;white-space:nowrap;width:1.61%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:9.42%;margin:0pt;padding:0pt;"> Commercial </td><td style="vertical-align:bottom;white-space:nowrap;width:1.58%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:0.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.29%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.62%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:0.93%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.3%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.62%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-

LEASES The Company leased 20 branches under noncancelable operating leases as of September 30, 2024. These leases expire on various dates through 2030. The Company's leases often have an option to renew one or more times, at the Company's discretion, following the expiration of the initial term. If at lease inception, the Company considers the exercising of a renewal option to be reasonably certain, the Company will include the extended term in the calculation of the ROU asset and lease liability. The Company uses the discount rate implicit in the lease whenever this rate is readily determinable. As this rate is rarely determinable, the Company utilizes its incremental borrowing rate at lease inception, on a collateralized basis, over a similar term. The below maturity schedule represents the undiscounted lease payments for the five-year period and thereafter as of September 30, 2024: <table Goodwill and other intangible assets are assessed for impairment annually or whenever events or changes in circumstances indicate the carrying amount may not be recoverable. Intangible assets with definite useful lives are amortized over their estimated useful lives to their estimated residual values. Core deposit intangible represents the estimated future benefit of deposits related to an acquisition and is booked separately from the related deposits and amortized over an estimated useful life of seven to ten years. Goodwill The Company's policy is to assess goodwill for impairment at the reporting unit level on an annual basis or between annual assessments if a triggering event occurs or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying amount. Impairment exists when a reporting unit's fair value is less than its carrying amount, including goodwill. NOTE 11 – BORROWINGS Other borrowings – The Bank has an approved secured borrowing facility with the Federal Home Loan Bank of San Francisco (the "FHLB") for up to 25% of total assets for a term not to exceed five years under a blanket lien of certain types of loans. At September 30, 2024 and December 31, 2023, we had the ability to borrow up to $512.7 million and $576.9 million, respectively, from the FHLB of San Francisco. At both September 30, 2024 and December 31, 2023, we had no FHLB advances outstanding. . <span

style="background:#ffffff;">During the first quarter of 2024, the Bank was approved for discount window advances with the FRB of San Francisco secured by certain types of loans. At September 30, 2024, we had the ability to borrow up to $42.3 million from the FRB of San Francisco, with no FRB of San Francisco advances outstanding at that date. The Bank has Federal Funds lines with four correspondent banks. Cumulative available commitments totaled $65.0 million at both September 30, 2024 and December 31, 2023. There were no amounts outstanding under these facilities at both September 30, 2024 and December 31, 2023. Junior subordinated deferrable interest debentures – In connection with its previous acquisitions, the Company assumed junior subordinated deferrable interest debentures, totaling $8.6 million, net of fair value adjustments, with a weighted average interest rate of 7.79% at September 30, 2024, compared to $8.6 million, net of fair value adjustments, with a weighted average rate of 8.23% at December 31, 2023. The junior subordinated deferrable interest debentures mature in 2034, subject to earlier redemption by the Company at its option. Subordinated debt – On August 10, 2020, the Company issued and sold $65.0 million aggregate principal amount of 5.25% Fixed-to-Floating Rate Subordinated Notes due 2030 (the "Notes") at a public offering price equal to 100% of the aggregate principal amount of the Notes. The Notes initially bear a fixed interest rate of 5.25% per year. Commencing on September 15, 2025, the interest rate on the Notes resets quarterly to the three-month Secured Overnight Financing rate plus a spread of 521 basis points (5.21%), payable quarterly in arrears. Interest on the Notes is payable semi-annually on March 15 and September 15 of each year through September 15, 2025 and quarterly thereafter on March 15, June 15, September 15 and December 15 of each year through the maturity date or earlier redemption date. The Company, at its option, may redeem the Notes, in whole or in part, on any interest payment date on or after September 15, 2025, without a premium. At September 30, 2024 and December 31, 2023, the Company had outstanding Notes, net of cost to issue, totaling $63.7 million and $63.9 million, respectively.</p> Bank has an approved secured borrowing 2024 Omnibus Equity Incentive Plan ("2024 Plan") in June 2024. The 2024 Plan provides for the grant of equity incentive awards to employees and directors (including emeritus and advisory directors) of the Company and its subsidiaries. The 2024 Plan permits the granting of incentive stock options, within the meaning of Section 422 of the Internal Revenue Code, non-statutory stock options, stock appreciation rights, restricted stock awards, restricted stock unit awards, performance shares and performance units. Factors generally considered by the Board in awarding equity incentives to officers and employees include the performance of the Company, the employee's or officer's job performance, the importance of his or her position, and his or her contribution to the organization's goals for the award period. Generally, awards under the 2024 Plan are subject to a minimum vesting period of one year (at least three years for full vesting for the chief executive officer), provided that awards for up to 5% of the maximum shares available under the 2024 Plan (for any participant other than the chief executive officer) may provide for a shorter vesting period. Subject to adjustment as provided in the 2024 Plan, the maximum number of shares of common stock available for issuance under the 2024 Plan is 500,000, and awards granted under the 2024 Plan to any one participant in any one calendar year are subject to the following limitations: (i) aggregate grants of stock options or stock appreciation rights to any one participant are subject to an annual limit of the lesser of 100,000 shares or $2.0 million in fair market value as of the date of grant; (ii) aggregate grants of restricted stock or restricted stock units to any one participant are subject to an annual limit of the lesser of 50,000 shares or $2.0 million in fair market value as of the date of grant; and (iii) aggregate grants of performance shares or performance units to any one participant are subject to an annual limit of the lesser of 50,000 shares or $2.0 million in fair market value as of the date of grant. In addition, subject to adjustment as provided in the 2024 Plan, the maximum aggregate number of shares that may be covered by awards granted under the 2024 Plan to any non-employee director in any one calendar year is 25,000 shares. As of September 30, 2024, a total of 490,711 shares were available for future issuance under the 2024 Plan. . 2017 Omnibus Equity Incentive Plan The Company's shareholders approved the Company's 2017 Omnibus Equity Incentive Plan ("2017 Plan") in November 2017. The 2017 Plan provides for the awarding by the Company's Board of Directors of equity incentive awards to employees and non-employee directors. An equity incentive award under the 2017 Plan may be an option, stock appreciation right, restricted stock units, stock award, other stock-based award or performance award. Factors considered by the Board in awarding equity incentives to officers and employees include the performance of the Company, the employee's or officer's job performance, the importance of his or her position, and his or her contribution to the organization's goals for the award period. Generally, awards have a vesting period of no longer than ten years. Subject to adjustment as provided in the 2017 Plan, the maximum number of shares of common stock that may be delivered pursuant to awards granted under the 2017 Plan is 450,000. The 2017 Plan provides for annual restricted stock grant limits to officers, employees and directors. The annual stock grant limit per person for officers and employees is the lesser of 50,000 shares or a value of $2.0<span style="font-style:normal;text-decoration-color:#000000;text-decoration-

line:none;"> million, and per person for directors, the maximum is <span style="font-style:normal;text-decoration-color:#000000;text-decoration-
line:none;">25,000 shares. All unvested restricted shares outstanding vest
in the event of a change in control of the Company. Awarded shares of restricted stock vest over (i) a <span style="font-style:normal;text-decoration-
color:#000000;text-decoration-line:none;">one-year period following the
date of grant, in the case of the non-employee directors, and (ii) a three-
year or <span style="font-style:normal;text-decoration-
color:#000000;text-decoration-line:none;">five-year period following the
date of grant, with the initial vesting occurring on the one-year
 anniversary of the date of grant, in the case of the executive officers. As of
September 30, 2024, no<span style="font-style:normal;text-
decoration-color:#000000;text-decoration-line:none;"> shares were available for future issuance under the 2017 Plan because the 2024 Plan provides that no<span style="font-style:normal;text-decoration-color:#000000;text-decoration-

MEASUREMENT ASC Topic 820, "Fair Value Measurement," defines fair value, establishes a framework for measuring fair value including a three-level valuation hierarchy, and expands disclosures about fair value measurements. Fair value is defined as the exchange price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date reflecting assumptions that a market participant would use when pricing an asset or liability. The hierarchy uses three levels of inputs to measure the fair value of assets and liabilities, as follows: Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the reporting entity has the ability to access at the measurement date. Level 2 – Observable prices in active markets for similar assets and liabilities; prices for identical or similar assets or liabilities in markets that are not active; directly observable market inputs for substantially the full term of the asset and liability; market inputs that are not directly observable but are derived from or corroborated by observable market data. Level 3 – Unobservable inputs for the asset or liability, and include situations where there is little, if any, market activity for the asset or liability. We use fair value to measure certain assets and liabilities on a recurring basis, primarily securities AFS. For assets measured at the lower of cost or fair value, the fair value measurement criteria may or may not be met during a reporting period and such measurements are therefore considered "nonrecurring" for purposes of disclosing our fair value measurements. Fair value is used on a nonrecurring basis to adjust carrying values for individually evaluated loans and other real estate owned and to record impairment on certain assets, such as goodwill, core deposit intangible, and other long-lived assets. In certain cases, the inputs used to measure fair value may fall into different levels of the hierarchy. In such cases, the lowest level of inputs that is significant to the measurement is used to determine the hierarchy for the entire asset or liability. Transfers between levels of the fair value hierarchy are recognized on the actual date of the event or circumstances that caused the transfer, which generally coincides with our quarterly valuation process. There were no transfers between levels during the three and nine months ended September 30, 2024 and 2023. At both September 30, 2024 and December 31, 2024, there were no liabilities measured at fair value on a recurring or non-recurring basis. The following assets are measured at fair value on a recurring basis as of the dates

style="padding:0pt;">For each quarter the loan was outstanding in 2023, with the adoption of CECL, one performing modified loan to a borrower experiencing financial difficulty was individually evaluated in determining the estimated allowance for credit losses.</td></tr></table> The Company does not record loans at fair value on a recurring basis. However, from time to time, certain loans have individual risk characteristics not consistent with a pool of loans and are individually evaluated for credit reserves. Loans for which it is probable that payment of interest and principal will not be made in accordance with the original contractual terms of the loan agreement are typically individually evaluated. The fair value of individually evaluated loans is estimated using one of several methods, including collateral value, market value of similar debt, enterprise and liquidation value and discounted cash flows. Those individually evaluated loans not requiring an allowance represent loans for which the fair value of the expected repayments or collateral exceed the recorded investments in such loans. When the fair value of the collateral is based on an observable market price or a current appraised value which uses substantially observable data, the Company records the individually evaluated loan as nonrecurring Level 2. When an appraised value is not available or management determines the fair value of the collateral is less than the appraised value or the appraised value contains a significant assumption and there is no observable market price, the Company records the individually evaluated loan as nonrecurring Level 3. The Company records foreclosed assets, or other real estate owned (“OREO”), at fair value on a nonrecurring basis based on the collateral value of the property. When the fair value of the collateral is based on an observable market price or a current appraised value which uses substantially observable data, the Company records the OREO as nonrecurring Level 2. When an appraised value is not available or management determines the fair value of the collateral is less than the appraised value or the appraised value contains a significant assumption, and there is no observable market price, the Company records the OREO as nonrecurring Level 3. Adjustments are routinely made in the appraisal process by the appraisers to adjust for differences between the comparable sales and income data available. Management also incorporates assumptions regarding market trends or other relevant factors and selling and commission costs ranging from 5% to 10%. Such adjustments and assumptions are typically significant and result in a Level 3 classification of the inputs for determining fair value. The Company had no OREO at both September 30, 2024 and December 31, 2023. 0 0 0 0 0 0 <table style="border-collapse:collapse;font-size:16pt;height:max-content;margin-left:auto;margin-right:auto;padding-left:0pt;padding-right:0pt;width:80%;"><tr style="height:1pt;"><td style="vertical-align:bottom;width:35.64%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:2.88%;margin:0pt;padding:0pt;"><div

- COMMITMENTS AND CONTINGENCIES Lending and Letter of Credit Commitments We operate in a highly regulated environment. From time to time, we are a party to various claims and litigation matters incidental to the conduct of our business. We are not presently party to any legal proceedings where we believe the resolution would have a material adverse effect on our business, financial condition, or results of operations. Nevertheless, given the nature, scope and complexity of the extensive legal and regulatory landscape applicable to our business (including laws and regulations governing consumer protection, fair lending, fair labor, privacy, information security and anti-money laundering and anti-terrorism laws), we, like all banking organizations, are subject to heightened legal and regulatory

compliance and litigation risk. In the normal course of business, the Company enters into various commitments to extend credit which are not reflected in the financial statements. These commitments consist of the undisbursed balance on home equity and unsecured personal lines of credit, commercial lines of credit, including commercial real estate secured lines of credit, and of undisbursed funds on construction and development loans. The Company also issues standby letter of credit commitments, primarily for the third-party performance obligations of clients. The following table presents a summary of commitments described above as of the dates indicated: <table 77,377 </td></tr></table> . Commitments generally have fixed expiration dates or other termination clauses. The actual liquidity needs or the credit risk that the Company will experience will likely be lower than the contractual amount of commitments to extend credit because a significant portion of these commitments are expected to expire without being drawn upon. The commitments are generally variable rate and include unfunded home equity lines of credit, commercial real estate construction loans where disbursement is made over the course of construction, commercial revolving lines of credit, and unsecured personal lines of credit. The Company's outstanding loan commitments are made using the same underwriting standards as comparable outstanding loans. The reserve associated with these commitments included in interest payable and other liabilities on the consolidated balance sheets was $590,000 at September 30, 2024 and $225,000 at December 31, 2023. Commercial Real Estate Concentrations At September 30, 2024 and December 31, 2023, in management's judgment, a concentration of loans existed in commercial real estate related loans. The Company's commercial real estate loans are secured by owner-occupied and non-owner occupied commercial real estate and multifamily properties. Although management believes that loans within these concentrations have no more than the normal risk of collectability, a decline in the performance of the economy in general, or a decline in real estate values in the Company's primary market areas in particular, could have an adverse impact on collectability. Other Assets The Company has commitments to fund investments in LIHTC partnerships and an SBIC fund. At September 30, 2024, the remaining commitments to the LIHTC partnerships and the SBIC fund were approximately $5.0 million and $122,000, respectively. At December 31, 2023, the remaining commitments to the LIHTC partnerships and the SBIC fund were approximately $5.7 million and $122,000, respectively. Deposits At September 30, 2024, approximately $245.6 million, or 11.4%, of the Company's deposits were derived from its top ten depositors. At December 31, 2023, approximately $246.0 million, or 11.5%, of the Company's deposits were derived from its top ten depositors. As of September 30, 2024 and December 31, 2023, approximately $995.1 million, or 46.6% and $969.2 million, or 45.4%, of our total deposits were uninsured, respectively. The uninsured amounts are estimates based on the methodologies and assumptions used for United Business Bank's regulatory reporting requirements. Local Agency Deposits and Other Advances In the normal course of business, the Company accepts deposits from local agencies. The Company is required to provide collateral for certain local agency deposits in the states of California, Colorado, New Mexico and Washington. At both September 30, 2024 and December 31, 2023, the FHLB had issued letters of credit on behalf of the Company totaling $40.6 million, as collateral for local agency deposits. <table style="border-collapse:collapse;font-size:16pt;height:max-content;margin-left:auto;margin-right:auto;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:bottom;width:46.86%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:4.77%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:2.99%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:18.8%;margin:0pt;padding:0pt;"> <span style="font-
