Basis of Presentation The Company's consolidated financial statements include the accounts of the Company and its wholly-owned and majority-owned subsidiaries. Intercompany accounts and transactions have been eliminated in consolidation. Investments in affiliated companies in which the Company exercises significant influence, but which it does not control, are accounted for under the equity method of accounting. As such, consolidated net (loss) income includes the Company's equity in the current earnings or losses of such companies. Unless otherwise indicated, references in these consolidated financial statements to 2024, 2023 and 2022 or "fiscal" 2024, 2023 and 2022 or other years refer to the fiscal year ended June 30 of that respective year and references to 2025 or "fiscal" 2025 refer to the fiscal year ending June 30, 2025. All dollar amounts in the consolidated financial statements, notes and tables have been rounded to the nearest thousands, except par values and per share amounts, unless otherwise indicated. Reclassifications Certain prior year amounts have been reclassified to conform with current year presentation on the consolidated balance sheets related to assets held for sale to include it as part of prepaid expenses and other current assets. There were no reclassifications made to the consolidated statement of operations, consolidated statements of changes in stockholders' equity or consolidated statements of cash flows. Use of Estimates The financial statements are prepared in accordance with accounting principles generally accepted in the United States ("U.S. GAAP"). The accounting principles used required the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and amounts of income and expenses during the reporting periods presented. Actual results could differ from those estimates. These estimates include, among others, variable consideration related to revenue recognition for trade promotions and sales incentives, valuation of accounts and chargeback receivables, valuation of long-lived assets, goodwill and intangible assets (acquired in business combinations and analysis of impairment), stock-based compensation for market awards, and valuation allowances for deferred tax assets. 702 Basis of Presentation The Company's consolidated financial statements include the accounts of the Company and its wholly-owned and majority-owned subsidiaries. Actual results could differ from those estimates. These estimates include, among others, variable consideration related to revenue recognition for trade promotions and sales incentives, valuation of accounts and chargeback receivables, valuation of long-lived assets, goodwill and intangible assets (acquired in business combinations and analysis of impairment), stock-based compensation for market awards, and valuation allowances for deferred tax assets. 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES Cash and Cash Equivalents The Company considers cash and cash equivalents to include cash in banks, commercial paper and deposits with financial institutions that can be liquidated without prior notice or penalty. The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. In addition, cash and cash equivalents are maintained with several financial institutions. Deposits held with banks may exceed the amount of insurance provided on such deposits. Generally, these deposits may be redeemed upon demand. Revenue Recognition The Company sells its products through specialty and natural food distributors, supermarkets, natural foods stores, mass-market and e-commerce retailers, food service channels and club, drug and convenience stores worldwide. The majority of the Company's revenue contracts represent a single performance obligation related to the fulfillment of customer orders for the purchase of products. The Company recognizes revenue as performance obligations are fulfilled when control passes to customers, which is typically upon delivery of the products to its customers. Customer contracts typically contain standard terms and conditions. In instances where formal written contracts are not in place, the Company considers the customer purchase orders to be contracts based on the criteria outlined in Accounting Standard Codification ("ASC") 606, Revenue from Contracts with Customers ("ASC 606"). Payment terms and conditions vary by customer and are based on the billing schedule established in contracts or purchase orders with customers, but the Company generally provides credit terms to customers ranging from 30-91 days. Therefore, the Company has concluded that contracts do not include a significant financing component. Sales include shipping and handling charges billed to the customer and are reported net of discounts, trade promotions and sales incentives, consumer coupon programs and other costs, including estimated allowances for returns, allowances and discounts associated with aged or potentially unsalable product, and prompt pay discounts. Shipping and handling costs are accounted for as a fulfillment activity of promise to transfer products to customers and are included in the cost of sales line item on the consolidated statements of operations. Variable Consideration In addition to fixed contract consideration, many of the Company's contracts include some form of variable consideration. The Company offers various trade promotions and sales incentive programs to customers and consumers, such as price discounts, slotting fees, in-store display incentives, cooperative advertising programs, new product introduction fees and coupons. The expenses associated with these programs are accounted for as reductions to the transaction price of the products and are therefore deducted from sales to determine reported net sales. Trade promotions and sales incentive accruals are subject to significant management estimates and assumptions. The critical assumptions used in estimating the accruals for trade promotions and sales incentives include the Company's estimate of expected levels of performance and redemption rates. The Company exercises judgment in developing these assumptions. These assumptions are based upon historical performance of the

retailer or distributor customers with similar types of promotions adjusted for current trends. The Company regularly reviews and revises, when deemed necessary, estimates of costs to the Company for these promotions and incentives based on what has been incurred by the customers. The terms of most of the promotion and incentive arrangements do not exceed a year and therefore do not require highly uncertain long-term estimates. Settlement of these liabilities typically occurs in subsequent periods primarily through an authorization process for deductions taken by a customer from amounts otherwise due to the Company. Differences between estimated expense and actual promotion and incentive costs are recognized in earnings in the period such differences are determined. Actual expenses may differ if the level of redemption rates and performance were to vary from estimates. Costs to Obtain or Fulfill a Contract As the Company's contracts are generally shorter than one year, the Company has elected a practical expedient under ASC 606 that allows the Company to expense as incurred the incremental costs of obtaining a contract if the contract period is for one year or less. These costs are included in selling, general and administrative expenses on the consolidated statements of operations. Valuation of Accounts and Chargebacks Receivable and Concentration of Credit Risk The Company routinely performs credit evaluations on existing and new customers and maintains an allowance for expected uncollectible accounts receivable which is recorded as an offset to trade accounts receivable on the consolidated balance sheets. Collectability of accounts receivable is assessed by applying a historical loss-rate methodology in accordance with ASC Topic 326, Financial Instruments - Credit Losses, adjusted as necessary based on the Company's review of accounts receivable on an individual basis, specifically identifying customers with known disputes or collectability issues, and experience with trade receivable aging categories. The Company also considers market conditions and current and expected future economic conditions to inform adjustments to historical loss data. Changes to the allowance, if any, are classified as bad debt provisions within selling, general and administrative expenses on the consolidated statements of operations. Credit losses have been within the Company's expectations in recent years. While one of the Company's customers represented approximately 19% and 18% of trade receivables balances as of June 30, 2024 and 2023, respectively, the Company believes that there is no significant or unusual credit exposure at this time. Based on cash collection history and other statistical analysis, the Company estimates the amount of unauthorized deductions customers have taken that the Company expects will be collected and repaid in the near future and records a chargeback receivable which is a component of trade receivables. Differences between estimated collectible receivables and actual collections are recognized in earnings in the period such differences are determined. Sales to one customer and its affiliates approximated 18%, 16% and 15% of sales during the fiscal years ended June 30, 2024, 2023 and 2022, respectively. Inventory Inventory is valued at the lower of cost or net realizable value, utilizing the first-in, first-out method. The Company provides write-downs for finished goods expected to become unsaleable due to age and specifically identifies and provides for slow moving or obsolete raw ingredients and packaging. Property, Plant and Equipment Property, plant and equipment is carried at cost and depreciated or amortized on a straight-line basis over the estimated useful lives or lease term (for leasehold improvements), whichever is shorter. The Company believes the useful lives assigned to the Company's property, plant and equipment are within ranges generally used in consumer products manufacturing and distribution businesses. The Company's manufacturing plants and distribution centers, and their related assets, are reviewed when impairment indicators are present by analyzing underlying cash flow projections. The Company believes no impairment of the carrying value of such assets exists other than as disclosed under Note 6, Property, Plant and Equipment, Net. Ordinary repairs and maintenance costs are expensed as incurred. The Company utilizes the following ranges of asset lives: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:52.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:63.5%;"></td> <td style="width:4.46%;"></td> <td style="width:32.04%;"></td> </tr> <tr style="height:15.1pt;word-break:break-word;white-space:pre-wrap;"> <td style="padding-left:0.037in;vertical-align:bottom;padding-right:0.037in;"> Buildings and improvements </td> <td style="vertical-align:bottom;"> </td> <td style="padding-left:0.037in;vertical-align:bottom;padding-right:0.037in;text-align:center;"> 10- 40 years </td> </tr> <tr style="height:15.1pt;word-break:break-word;white-space:pre-wrap;"> <td style="padding-left:0.037in;vertical-align:bottom;padding-right:0.037in;"> Machinery and equipment </td> <td style="vertical-align:bottom;"> </td> <td style="padding-left:0.037in;vertical-align:bottom;padding-right:0.037in;text-align:center;"> 3- 20 years </td> </tr> <tr style="height:15.1pt;word-break:break-word;white-space:pre-wrap;"> <td style="padding-left:0.037in;vertical-align:bottom;padding-right:0.037in;"> Furniture and fixtures </td> <td style="vertical-align:bottom;"> </td> <td style="padding-left:0.037in;vertical-align:bottom;padding-right:0.037in;text-align:center;"> 3- 15 years </td> </tr> </table> Leasehold improvements are amortized over the shorter of the respective initial lease term or the estimated useful life of the assets, and generally range from 3 to 20 years. Software that is developed for internal use is recorded as a component of property, plant and equipment. Qualifying costs incurred to develop internal-use software are capitalized when (i) the preliminary project stage is completed, (ii) management has authorized further funding for the completion of the project and (iii) it is probable that the project will be completed and perform as intended. These capitalized costs include compensation for employees who develop internal-use software and external costs related to development of internal-use software. Capitalization of these costs ceases once the project is substantially complete and the software is ready for its intended purpose. Once placed into service, internally developed software is amortized on a straight-line basis over its estimated useful life which generally ranges from 3 to 10 years. All other expenditures, including those incurred in order to maintain the asset's current level of performance, are expensed as incurred. The net book value of internally developed software as of June 30, 2024 and 2023 was $12,240 and $13,576, respectively, and is included as a component of Computer Hardware and Software in Note 6, Property, Plant and Equipment, Net. Goodwill and Other Indefinite-Lived Intangible Assets Goodwill and other intangible assets with indefinite useful lives are not amortized but rather are tested at least annually for impairment, or when circumstances indicate that the carrying amount of the asset may not be recoverable. The Company performs its annual test

for impairment at the beginning of the fourth quarter of its fiscal year.</p><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Goodwill is tested for impairment at the reporting unit level. A reporting unit is an operating segment or a component of an operating segment. Goodwill is tested for impairment by either performing a qualitative evaluation or a quantitative test. The qualitative evaluation is an assessment of factors to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount, including goodwill. The Company may elect not to perform the qualitative assessment for some or all reporting units and perform a quantitative impairment test. The impairment test for goodwill requires the Company to compare the fair value of a reporting unit to its carrying value. The Company uses a blended analysis of a discounted cash flow model and a market valuation approach to determine the fair values of its reporting units. If the carrying value of a reporting unit exceeds its fair value, the Company would then compare the carrying value of the goodwill to its implied fair value in order to determine the amount of the impairment, if any.</p><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Indefinite-lived intangible assets, which are not amortized, consist primarily of acquired trademarks and tradenames. Indefinite-lived intangible assets are evaluated on an annual basis in conjunction with the Company's evaluation of goodwill, or on an interim basis if and when events or circumstances change that would more likely than not reduce the fair value of any of its </p><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">indefinite-lived intangible assets below their carrying value. In assessing fair value, the Company utilizes a "relief from royalty" methodology. This approach involves two steps: (i) estimating the royalty rates for each trademark and (ii) applying these royalty rates to a projected net sales stream and discounting the resulting cash flows to determine fair value. If the carrying value of the indefinite-lived intangible assets exceeds the fair value of the assets, the carrying value is written down to fair value in the period identified. This method includes significant management assumptions such as revenue growth rates, weighted average cost of capital and assumed royalty rates. See Note 8, Goodwill and Other Intangible Assets and Note 15, Fair Value Measurements, for additional information on goodwill and intangibles impairment charges.</p></div><div style="font-size:10pt;font-family:Times New Roman;"><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Transfer of Financial Assets</p><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">The Company accounts for transfers of financial assets, such as non-recourse accounts receivable financing arrangements, when the Company has surrendered control over the related assets. Determining whether control has transferred requires an evaluation of relevant legal considerations, an assessment of the nature and extent of the Company's continuing involvement with the assets transferred and any other relevant considerations. The Company has non-recourse financing arrangements in which eligible receivables are sold to third-party buyers in exchange for cash. The Company transferred accounts receivable in their entirety to the buyers and satisfied all of the conditions to report the transfer of financial assets in their entirety as a sale. The principal amount of receivables sold under these arrangements was $284,891, $380,683 and $170,737 during the fiscal years ended June 30, 2024, 2023 and 2022, respectively. The incremental cost of financing receivables under these arrangements is included in selling, general and administrative expenses on the Company's consolidated statements of operations. The proceeds from the sale of receivables are included in cash provided by operating activities on the consolidated statements of cash flows.</p></div><div style="font-size:10pt;font-family:Times New Roman;"><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Cost of Sales</p><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Included in cost of sales are the cost of products sold, including the costs of raw materials and labor and overhead required to produce the products, warehousing, distribution, supply chain costs, as well as costs associated with shipping and handling of inventory.</p></div><div style="font-size:10pt;font-family:Times New Roman;"><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Foreign Currency Translation and Remeasurement</p><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">The assets and liabilities of international operations are translated at the exchange rates in effect at the balance sheet date. Revenue and expense accounts are translated at the monthly average exchange rates. Adjustments arising from the translation of the foreign currency financial statements of the Company's international operations are reported as a component of accumulated other comprehensive loss on the consolidated balance sheets. Gains and losses arising from intercompany foreign currency transactions that are of a long-term nature are reported in the same manner as translation adjustments.</p><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Gains and losses arising from intercompany foreign currency transactions that are not of a long-term nature and certain transactions of the Company's subsidiaries which are denominated in currencies other than the subsidiaries' functional currency are recognized as incurred in other expense (income), net on the consolidated statements of operations.</p></div><div style="font-size:10pt;font-family:Times New Roman;"><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Selling, General and Administrative Expenses </p><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Included in selling, general and administrative expenses are advertising costs, promotion costs not paid directly to the Company's customers, salary and related benefit costs of the Company's employees in the finance, human resources, information technology, legal, sales and marketing functions, facility related costs of the Company's administrative functions, research and development costs, and costs paid to consultants and third party providers for related services.</p></div><div style="font-size:10pt;font-family:Times New Roman;"><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Research and Development Costs </p><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Research and development costs are expensed as incurred and are included in selling, general and administrative expenses on the consolidated statements of operations. Research and development costs amounted to $5,366 in fiscal 2024, $6,379 in fiscal 2023 and $9,416 in fiscal 2022, consisting primarily of personnel related costs. The Company's research and development expenditures do not include the expenditures on such activities undertaken by co-packers and suppliers who develop numerous products on behalf of the Company and on their own initiative with the expectation that the Company will accept their new product ideas and market them under the Company's brands.</p></div><div style="font-size:10pt;font-family:Times New Roman;"><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Advertising Costs</p><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Advertising costs, which are included in selling, general and administrative expenses, amounted to $34,736 in fiscal 2024, $38,838 in fiscal 2023 and $41,032 in fiscal 2022. Such costs are expensed as incurred.</p></div><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Proceeds from Insurance Claims</p><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">In fiscal 2024, 2023, and 2022, the Company received $1,297, $8,594 and $196 of proceeds from insurance claims, respectively, which are included in selling, general and administrative expenses on the consolidated statements of operations.</p><div style="font-size:10pt;font-family:Times New Roman;"><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Income Taxes</p><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">The Company follows the liability method of accounting for income taxes. Under the liability method, deferred taxes are determined based on the differences between the financial statement and tax bases of assets and liabilities at enacted rates in effect in the years in which the differences are expected to reverse. The Company also assesses the likelihood of future realization of deferred tax assets, including recent earnings results within taxing jurisdictions, expectations of future taxable income, the carryforward periods available and other relevant factors. Valuation allowances are provided for deferred tax assets to the extent it is more likely than not that the deferred tax assets will not be recoverable against future taxable income. </p><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">The Company recognizes liabilities for uncertain tax positions based on a two-step process prescribed by the authoritative guidance. The first step requires the Company to determine if the weight of available evidence indicates that the tax position has met the threshold for recognition; therefore, the Company must evaluate whether it is more likely than not that the position will be sustained on audit, including resolution of any related appeals or litigation processes. The second step requires the Company to measure the tax benefit of the tax position taken, or expected to be taken, in an income tax return as the largest amount that is more than 50% likely of being realized upon ultimate settlement. The Company reevaluates the uncertain tax positions each period based on factors including, but not limited to, changes in facts or circumstances, changes in tax law, effectively settled issues under audit, and new audit activity. Depending on the jurisdiction, such a change in recognition or measurement may result in the recognition of a tax benefit or an additional charge to the tax provision in the period. The Company records interest and penalties in the provision for income taxes.</p></div><div style="font-

size:10pt;font-family:Times New Roman;"> Fair Value of Financial Instruments The fair value of financial instruments is the amount at which the instrument could be exchanged in a current transaction between willing parties. At June 30, 2024 and 2023, the carrying values of financial instruments such as accounts receivable, accounts payable, accrued expenses and other current liabilities, as well as borrowings under the Company's credit facility and other borrowings, approximated fair value based upon either the short-term maturities or market interest rates of these instruments. Derivative Instruments and Hedging Activities ASC 815, Derivatives and Hedging ("ASC 815"), provides the disclosure requirements for derivatives and hedging activities with the intent to provide users of financial statements with an enhanced understanding of: (a) how and why an entity uses derivative instruments, (b) how the entity accounts for derivative instruments and related hedged items and (c) how derivative instruments and related hedged items affect an entity's financial position, financial performance and cash flows. Further, qualitative disclosures are required that explain the Company's objectives and strategies for using derivatives, as well as quantitative disclosures about the fair value of and gains and losses on derivative instruments, and disclosures about credit-risk-related contingent features in derivative instruments. The Company records all derivatives on the consolidated balance sheets at fair value. The accounting for changes in the fair value of derivatives depends on the intended use of the derivative, whether the Company has elected to designate a derivative in a hedging relationship and apply hedge accounting and whether the hedging relationship has satisfied the criteria necessary to apply hedge accounting. Derivatives designated and qualifying as a hedge of the exposure to changes in the fair value of an asset, liability or firm commitment attributable to a particular risk, such as interest rate risk, are considered fair value hedges. Derivatives designated and qualifying as a hedge of the exposure to variability in expected future cash flows, or other types of forecasted transactions, are considered cash flow hedges. Derivatives may also be designated as hedges of the foreign currency exposure of a net investment in a foreign operation. Hedge accounting generally provides for the matching of the timing of gain or loss recognition on the hedging instrument with the recognition of the changes in the fair value of the hedged asset or liability that are attributable to the hedged risk in a fair value hedge or the earnings effect of the hedged forecasted transactions in a cash flow hedge. The effective portion of changes in the fair value of derivative instruments that qualify for cash flow hedge and net investment hedge accounting treatment are recognized in stockholders' equity as a component of accumulated other comprehensive loss until the hedged item is recognized in earnings. Changes in the fair value of fair value hedges, derivatives that do not qualify for hedge accounting treatment, as well as the ineffective portion of any cash flow hedges, are recognized currently in earnings as a component of interest and other financing expense, net on the consolidated statements of operations. The Company reports cash flows arising from derivative instruments consistent with the classification of cash flows from the underlying hedged items that these derivatives are hedging. Accordingly, the cash flows associated with derivatives designated as cash flow hedges and fair value hedges are classified in cash flows from operating activities on the consolidated statements of cash flows. The Company may enter into derivative contracts that are intended to economically hedge certain of its risks, even though hedge accounting does not apply, or the Company elects not to apply hedge accounting. Stock-Based Compensation The Company uses the fair market value of the Company's common stock on the grant date to measure fair value for service-based awards and a Monte Carlo simulation model to determine the fair value of market-based awards. The Company uses historical volatility to calculate the expected volatility matching the expected holding period. The fair value of stock-based compensation awards is recognized as an expense over the vesting period using the straight-line method. For awards that contain a market condition, expense is recognized over the defined or derived service period using a Monte Carlo simulation model. Compensation expense is recognized for these awards on a straight-line basis over the service period, regardless of the eventual number of shares that are earned based upon the market condition, provided that each grantee remains an employee at the end of the performance period. Compensation expense on awards that contain a market condition is reversed if at any time during the service period a grantee is no longer an employee. The Company recognizes forfeitures as they occur at which time compensation cost previously recognized for an award that is forfeited because of failure to satisfy a condition is reversed in the period of the forfeiture. The Company receives an income tax deduction in certain tax jurisdictions for restricted stock grants when they vest and for stock options exercised by employees equal to the excess of the market value of the Company's common stock on the date of exercise over the option price. Excess tax benefits (tax benefits resulting from tax deductions in excess of compensation cost recognized) are classified as a cash flow provided by operating activities on the consolidated statements of cash flows. Valuation of Long-Lived Assets The Company periodically evaluates the carrying value of long-lived assets held and used in the business and with definite lives, when events and circumstances occur indicating that the carrying amount of the asset or its asset group may not be recoverable. An impairment test is performed when the estimated undiscounted cash flows associated with the asset or asset group is less than its carrying value. Once such impairment test is performed, a loss is recognized based on the amount, if any, by which the carrying value exceeds the estimated fair value for assets to be held and used. See Note 6, Property, Plant and Equipment, Net, Note 8, Goodwill and Other Intangible Assets, and Note 15, Fair Value Measurements, for additional information on long-lived asset impairment charges. Leases Arrangements containing leases are evaluated as an operating or finance lease at lease inception. For operating leases, the Company recognizes an operating lease right-of-use ("ROU") asset and operating lease liability at lease commencement based on the present value of lease payments over the lease term. With the exception of certain finance leases, an implicit rate of return is not readily determinable for the Company's leases. For these leases, an incremental borrowing rate is used in determining the present value of lease payments and is calculated based on information available at the lease commencement date. The incremental borrowing rate is determined using a portfolio approach based on the rate of interest the Company would have to pay to borrow funds on a collateralized basis over a similar term. The Company references market yield curves which are risk-adjusted to approximate a collateralized rate in the currency of the lease. These rates are updated on a quarterly basis for measurement of new lease obligations. The Company's lease terms may include options to extend or terminate the lease when it is reasonably certain that the option will be exercised. Leases with an initial term of 12 months or less are not recognized on the consolidated balance sheets. The Company has elected to separate lease and non-lease components. Net Loss Per Share Basic net loss per share is computed by dividing net loss by the weighted average number of common shares outstanding for the period. Diluted net loss per share reflects the potential dilution that would occur if securities or other contracts to issue common stock were exercised or converted into common stock. Recently Issued and Adopted Accounting Pronouncements In July 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2023-03, "Presentation of Financial Statement (Topic 205), Income Statement - Reporting Comprehensive Income (Topic 220), Distinguishing Liabilities from Equity (Topic 480), Equity (Topic505), and Compensation - Stock Compensation (Topic 718)", to amend various SEC paragraphs in the ASC to reflect the issuance of SEC Staff Accounting Bulletin No. 120, among other things. The Company adopted this conforming guidance upon issuance, which had no material impact on its consolidated financial statements and related disclosures. Recently Issued Accounting Pronouncements Not Yet Adopted In December 2023, the FASB issued ASU 2023-09, "Income Taxes (Topic 740): Improvements to Income Tax Disclosures", which will require entities to disclose more detailed information in the reconciliation of their statutory tax rate to their effective tax rate. The ASU also requires entities to disclose more detailed information about income taxes paid, including by jurisdiction, pretax income (loss) from continuing operations, and income tax expense (benefit). The amendments are effective for fiscal years beginning after December 15, 2024 and for interim periods within fiscal years beginning after December 15, 2025. The amendments should be applied on a prospective basis. Retrospective application is permitted. The Company is currently evaluating the provisions of the amendments and the effect on its future consolidated financial statements. In November 2023, the FASB issued ASU 2023-07, "Segment Reporting (Topic 280), Improvements to Reportable Segment Disclosures", which updates reportable segment disclosure requirements primarily through enhanced disclosures about significant segment expenses. The amendments are effective for fiscal years beginning after December 15, 2023 and for interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. The amendments should be applied retrospectively to all prior periods presented in the financial statements.

The Company is currently evaluating the provisions of the amendments and the effect on its future consolidated financial statements. Cash and Cash Equivalents The Company considers cash and cash equivalents to include cash in banks, commercial paper and deposits with financial institutions that can be liquidated without prior notice or penalty. The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. In addition, cash and cash equivalents are maintained with several financial institutions. Deposits held with banks may exceed the amount of insurance provided on such deposits. Generally, these deposits may be redeemed upon demand. Revenue Recognition The Company sells its products through specialty and natural food distributors, supermarkets, natural foods stores, mass-market and e-commerce retailers, food service channels and club, drug and convenience stores worldwide. The majority of the Company's revenue contracts represent a single performance obligation related to the fulfillment of customer orders for the purchase of products. The Company recognizes revenue as performance obligations are fulfilled when control passes to customers, which is typically upon delivery of the products to its customers. Customer contracts typically contain standard terms and conditions. In instances where formal written contracts are not in place, the Company considers the customer purchase orders to be contracts based on the criteria outlined in Accounting Standard Codification ("ASC") 606, Revenue from Contracts with Customers ("ASC 606"). Payment terms and conditions vary by customer and are based on the billing schedule established in contracts or purchase orders with customers, but the Company generally provides credit terms to customers ranging from 30-91 days. Therefore, the Company has concluded that contracts do not include a significant financing component. Sales include shipping and handling charges billed to the customer and are reported net of discounts, trade promotions and sales incentives, consumer coupon programs and other costs, including estimated allowances for returns, allowances and discounts associated with aged or potentially unsalable product, and prompt pay discounts. Shipping and handling costs are accounted for as a fulfillment activity of promise to transfer products to customers and are included in the cost of sales line item on the consolidated statements of operations. Variable Consideration In addition to fixed contract consideration, many of the Company's contracts include some form of variable consideration. The Company offers various trade promotions and sales incentive programs to customers and consumers, such as price discounts, slotting fees, in-store display incentives, cooperative advertising programs, new product introduction fees and coupons. The expenses associated with these programs are accounted for as reductions to the transaction price of the products and are therefore deducted from sales to determine reported net sales. Trade promotions and sales incentive accruals are subject to significant management estimates and assumptions. The critical assumptions used in estimating the accruals for trade promotions and sales incentives include the Company's estimate of expected levels of performance and redemption rates. The Company exercises judgment in developing these assumptions. These assumptions are based upon historical performance of the retailer or distributor customers with similar types of promotions adjusted for current trends. The Company regularly reviews and revises, when deemed necessary, estimates of costs to the Company for these promotions and incentives based on what has been incurred by the customers. The terms of most of the promotion and incentive arrangements do not exceed a year and therefore do not require highly uncertain long-term estimates. Settlement of these liabilities typically occurs in subsequent periods primarily through an authorization process for deductions taken by a customer from amounts otherwise due to the Company. Differences between estimated expense and actual promotion and incentive costs are recognized in earnings in the period such differences are determined. Actual expenses may differ if the level of redemption rates and performance were to vary from estimates. Costs to Obtain or Fulfill a Contract As the Company's contracts are generally shorter than one year, the Company has elected a practical expedient under ASC 606 that allows the Company to expense as incurred the incremental costs of obtaining a contract if the contract period is for one year or less. These costs are included in selling, general and administrative expenses on the consolidated statements of operations. Cost of Sales Included in cost of sales are the cost of products sold, including the costs of raw materials and labor and overhead required to produce the products, warehousing, distribution, supply chain costs, as well as costs associated with shipping and handling of inventory. Payment terms and conditions vary by customer and are based on the billing schedule established in contracts or purchase orders with customers, but the Company generally provides credit terms to customers ranging from 30-91 days. Valuation of Accounts and Chargebacks Receivable and Concentration of Credit Risk The Company routinely performs credit evaluations on existing and new customers and maintains an allowance for expected uncollectible accounts receivable which is recorded as an offset to trade accounts receivable on the consolidated balance sheets. Collectability of accounts receivable is assessed by applying a historical loss-rate methodology in accordance with ASC Topic 326, Financial Instruments - Credit Losses, adjusted as necessary based on the Company's review of accounts receivable on an individual basis, specifically identifying customers with known disputes or collectability issues, and experience with trade receivable aging categories. The Company also considers market conditions and current and expected future economic conditions to inform adjustments to historical loss data. Changes to the allowance, if any, are classified as bad debt provisions within selling, general and administrative expenses on the consolidated statements of operations. Credit losses have been within the Company's expectations in recent years. While one of the Company's customers represented approximately 19% and 18% of trade receivables balances as of June 30, 2024 and 2023, respectively, the Company believes that there is no significant or unusual credit exposure at this time. Based on cash collection history and other statistical analysis, the Company estimates the amount of unauthorized deductions customers have taken that the Company expects will be collected and repaid in the near future and records a chargeback receivable which is a component of trade receivables. Differences between estimated collectible receivables and actual collections are recognized in earnings in the period such differences are determined. Sales to one customer and its affiliates approximated 18%, 16% and 15% of sales during the fiscal years ended June 30, 2024, 2023 and 2022, respectively. 0.190.180.180.160.15 Inventory Inventory is valued at the lower of cost or net realizable value, utilizing the first-in, first-out method. The Company provides write-downs for finished goods expected to become unsaleable due to age and specifically identifies and provides for slow moving or obsolete raw ingredients and packaging. Property, Plant and Equipment Property, plant and equipment is carried at cost and depreciated or amortized on a straight-line basis over the estimated useful lives or lease term (for leasehold improvements), whichever is shorter. The Company believes the useful lives assigned to the Company's property, plant and equipment are within ranges generally used in consumer products manufacturing and distribution businesses. The Company's manufacturing plants and distribution centers, and their related assets, are reviewed when impairment indicators are present by analyzing underlying cash flow projections. The Company believes no impairment of the carrying value of such assets exists other than as disclosed under Note 6, Property, Plant and Equipment, Net. Ordinary repairs and maintenance costs are expensed as incurred. The Company utilizes the following ranges of asset lives: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:52.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:63.5%;"></td> <td style="width:4.46%;"></td> <td style="width:32.04%;"></td> </tr> <tr style="height:15.1pt;word-break:break-word;white-space:pre-wrap;"> <td style="padding-left:0.037in;vertical-align:bottom;padding-right:0.037in;"> Buildings and improvements </td> <td style="vertical-align:bottom;"> </td> <td style="padding-left:0.037in;vertical-align:bottom;padding-right:0.037in;text-align:center;"> 10 - 40 years </td> </tr> <tr style="height:15.1pt;word-break:break-word;white-space:pre-wrap;"> <td style="padding-left:0.037in;vertical-align:bottom;padding-right:0.037in;"> Machinery and equipment </td> <td style="vertical-align:bottom;"><p style="font-

size:10pt;margin-top:2pt;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </td> <td style="padding-left:0.037in;vertical-align:bottom;padding-right:0.037in;text-align:center;"> 3 - 20 years </td> </tr> <tr style="height:15.1pt;word-break:break-word;white-space:pre-wrap;"> <td style="padding-left:0.037in;vertical-align:bottom;padding-right:0.037in;"> Furniture and fixtures </td> <td style="vertical-align:bottom;"> </td> <td style="padding-left:0.037in;vertical-align:bottom;padding-right:0.037in;text-align:center;"> 3 - 15 years </td> </tr> </table> Leasehold improvements are amortized over the shorter of the respective initial lease term or the estimated useful life of the assets, and generally range from 3 to 20 years. Software that is developed for internal use is recorded as a component of property, plant and equipment. Qualifying costs incurred to develop internal-use software are capitalized when (i) the preliminary project stage is completed, (ii) management has authorized further funding for the completion of the project and (iii) it is probable that the project will be completed and perform as intended. These capitalized costs include compensation for employees who develop internal-use software and external costs related to development of internal-use software. Capitalization of these costs ceases once the project is substantially complete and the software is ready for its intended purpose. Once placed into service, internally developed software is amortized on a straight-line basis over its estimated useful life which generally ranges from 3 to 10 years. All other expenditures, including those incurred in order to maintain the asset’s current level of performance, are expensed as incurred. The net book value of internally developed software as of June 30, 2024 and 2023 was $12,240 and $13,576, respectively, and is included as a component of Computer Hardware and Software in Note 6, Property, Plant and Equipment, Net. The Company utilizes the following ranges of asset lives: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:52.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:63.5%;"></td> <td style="width:4.46%;"></td> <td style="width:32.04%;"></td> </tr> <tr style="height:15.1pt;word-break:break-word;white-space:pre-wrap;"> <td style="padding-left:0.037in;vertical-align:bottom;padding-right:0.037in;"> Buildings and improvements </td> <td style="vertical-align:bottom;"> </td> <td style="padding-left:0.037in;vertical-align:bottom;padding-right:0.037in;text-align:center;"> 10 - 40 years </td> </tr> <tr style="height:15.1pt;word-break:break-word;white-space:pre-wrap;"> <td style="padding-left:0.037in;vertical-align:bottom;padding-right:0.037in;"> Machinery and equipment </td> <td style="vertical-align:bottom;"> </td> <td style="padding-left:0.037in;vertical-align:bottom;padding-right:0.037in;text-align:center;"> 3 - 20 years </td> </tr> <tr style="height:15.1pt;word-break:break-word;white-space:pre-wrap;"> <td style="padding-left:0.037in;vertical-align:bottom;padding-right:0.037in;"> Furniture and fixtures </td> <td style="vertical-align:bottom;"> </td> <td style="padding-left:0.037in;vertical-align:bottom;padding-right:0.037in;text-align:center;"> 3 - 15 years </td> </tr>
</table>P10YP40YP3YP20YP3YP15YP3YP20YP3YP10Y1224000013576000 Goodwill and Other Indefinite-Lived Intangible Assets Goodwill and other intangible assets with indefinite useful lives are not amortized but rather are tested at least annually for impairment, or when circumstances indicate that the carrying amount of the asset may not be recoverable. The Company performs its annual test for impairment at the beginning of the fourth quarter of its fiscal year. Goodwill is tested for impairment at the reporting unit level. A reporting unit is an operating segment or a component of an operating segment. Goodwill is tested for impairment by either performing a qualitative evaluation or a quantitative test. The qualitative evaluation is an assessment of factors to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount, including goodwill. The Company may elect not to perform the qualitative assessment for some or all reporting units and perform a quantitative impairment test. The impairment test for goodwill requires the Company to compare the fair value of a reporting unit to its carrying value. The Company uses a blended analysis of a discounted cash flow model and a market valuation approach to determine the fair values of its reporting units. If the carrying value of a reporting unit exceeds its fair value, the Company would then compare the carrying value of the goodwill to its implied fair value in order to determine the amount of the impairment, if any. Indefinite-lived intangible assets, which are not amortized, consist primarily of acquired trademarks and tradenames. Indefinite-lived intangible assets are evaluated on an annual basis in conjunction with the Company’s evaluation of goodwill, or on an interim basis if and when events or circumstances change that would more likely than not reduce the fair value of any of its indefinite-lived intangible assets below their carrying value. In assessing fair value, the Company utilizes a “relief from royalty” methodology. This approach involves two steps: (i) estimating the royalty rates for each trademark and (ii) applying these royalty rates to a projected net sales stream and discounting the resulting cash flows to determine fair value. If the carrying value of the indefinite-lived intangible assets exceeds the fair value of the assets, the carrying value is written down to fair value in the period identified. This method includes significant management assumptions such as revenue growth rates, weighted average cost of capital and assumed royalty rates. See Note 8, Goodwill and Other Intangible Assets and Note 15, Fair Value Measurements, for additional information on goodwill and intangibles impairment charges. Transfer of Financial Assets The Company accounts for transfers of financial assets, such as non-recourse accounts receivable financing arrangements, when the Company has surrendered control over the related assets. Determining whether control has transferred requires an evaluation of relevant legal considerations, an assessment of the nature and extent of the Company’s continuing involvement with the assets transferred and any other relevant considerations. The Company has non-recourse financing arrangements in which eligible receivables are sold to third-party buyers in exchange for cash. The Company transferred accounts receivable in their entirety to the buyers and satisfied all of the conditions to report the transfer of financial assets in their entirety as a sale. The principal amount of receivables sold under these arrangements was $284,891, $380,683 and $170,737 during the fiscal years ended June 30, 2024, 2023 and 2022, respectively. The incremental cost of financing receivables under these arrangements is included in selling, general and administrative expenses on the Company’s consolidated statements of operations. The proceeds from the sale of receivables are included in cash provided by operating activities on the consolidated statements of cash flows. 2848910003806830001707370000 Foreign Currency Translation and Remeasurement The assets and liabilities of international operations are translated at the exchange rates in effect at the balance sheet date. Revenue and expense accounts are translated at the monthly average exchange rates. Adjustments arising from the translation of the foreign currency financial statements of the Company’s international operations are reported as a component of accumulated other comprehensive loss on the consolidated balance sheets. Gains and losses arising from intercompany foreign currency transactions that are of a long-term nature are reported in the same

manner as translation adjustments. Gains and losses arising from intercompany foreign currency transactions that are not of a long-term nature and certain transactions of the Company's subsidiaries which are denominated in currencies other than the subsidiaries' functional currency are recognized as incurred in other expense (income), net on the consolidated statements of operations. Selling, General and Administrative Expenses Included in selling, general and administrative expenses are advertising costs, promotion costs not paid directly to the Company's customers, salary and related benefit costs of the Company's employees in the finance, human resources, information technology, legal, sales and marketing functions, facility related costs of the Company's administrative functions, research and development costs, and costs paid to consultants and third party providers for related services. Research and Development Costs Research and development costs are expensed as incurred and are included in selling, general and administrative expenses on the consolidated statements of operations. Research and development costs amounted to $5,366 in fiscal 2024, $6,379 in fiscal 2023 and $9,416 in fiscal 2022, consisting primarily of personnel related costs. The Company's research and development expenditures do not include the expenditures on such activities undertaken by co-packers and suppliers who develop numerous products on behalf of the Company and on their own initiative with the expectation that the Company will accept their new product ideas and market them under the Company's brands. 536600063790009416000 Advertising Costs Advertising costs, which are included in selling, general and administrative expenses, amounted to $34,736 in fiscal 2024, $38,838 in fiscal 2023 and $41,032 in fiscal 2022. Such costs are expensed as incurred. 34736000388380004103200012970008594000196000proceeds from insurance claimsproceeds from insurance claims Income Taxes The Company follows the liability method of accounting for income taxes. Under the liability method, deferred taxes are determined based on the differences between the financial statement and tax bases of assets and liabilities at enacted rates in effect in the years in which the differences are expected to reverse. The Company also assesses the likelihood of future realization of deferred tax assets, including recent earnings results within taxing jurisdictions, expectations of future taxable income, the carryforward periods available and other relevant factors. Valuation allowances are provided for deferred tax assets to the extent it is more likely than not that the deferred tax assets will not be recoverable against future taxable income. The Company recognizes liabilities for uncertain tax positions based on a two-step process prescribed by the authoritative guidance. The first step requires the Company to determine if the weight of available evidence indicates that the tax position has met the threshold for recognition; therefore, the Company must evaluate whether it is more likely than not that the position will be sustained on audit, including resolution of any related appeals or litigation processes. The second step requires the Company to measure the tax benefit of the tax position taken, or expected to be taken, in an income tax return as the largest amount that is more than 50% likely of being realized upon ultimate settlement. The Company reevaluates the uncertain tax positions each period based on factors including, but not limited to, changes in facts or circumstances, changes in tax law, effectively settled issues under audit, and new audit activity. Depending on the jurisdiction, such a change in recognition or measurement may result in the recognition of a tax benefit or an additional charge to the tax provision in the period. The Company records interest and penalties in the provision for income taxes. Fair Value of Financial Instruments The fair value of financial instruments is the amount at which the instrument could be exchanged in a current transaction between willing parties. At June 30, 2024 and 2023, the carrying values of financial instruments such as accounts receivable, accounts payable, accrued expenses and other current liabilities, as well as borrowings under the Company's credit facility and other borrowings, approximated fair value based upon either the short-term maturities or market interest rates of these instruments. The Company's financial assets and liabilities measured at fair value are required to be grouped in one of three levels. The levels prioritize the inputs used to measure the fair value of the assets or liabilities. These levels are: Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; • Level 2 – Quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the asset or liability; and • Level 3 – Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity). Derivative Instruments The Company uses interest rate swaps to manage its interest rate risk and cross-currency swaps and foreign currency exchange contracts to manage its exposure to fluctuations in foreign currency exchange rates. The valuation of these instruments is determined using widely accepted valuation techniques, including discounted cash flow analysis on the expected cash flows of each derivative. This analysis reflects the contractual terms of the derivatives, including the period to maturity, and uses observable market-based inputs, including interest rate curves and implied volatilities. The fair values of interest rate swaps are determined using the market standard methodology of netting the discounted future fixed cash receipts (or payments) and the discounted expected variable cash payments (or receipts). The variable cash payments (or receipts) are based on an expectation of future interest rates (forward curves) derived from observable market interest rate curves. The Company incorporates credit valuation adjustments to appropriately reflect both the Company's nonperformance risk and the respective counterparty's nonperformance risk in the fair value measurements. In adjusting the fair value of the Company's derivative contracts for the effect of nonperformance risk, the Company has considered the impact of netting and any applicable credit enhancements, such as collateral postings, thresholds, mutual puts and guarantees. Although the Company has determined that the majority of the inputs used to value its derivatives fall within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with its derivatives utilize Level 3 inputs, such as estimates of current credit spreads to evaluate the likelihood of default by the Company and its counterparties. The Company has determined that the significance of the impact of the credit valuation adjustments made to its derivative contracts, which determination was based on the fair value of each individual contract, was not significant to the overall valuation. As a result, all of the derivatives held as of June 30, 2024 and June 30, 2023 were classified as Level 2 of the fair value hierarchy. Nonrecurring Fair Value Measurements The Company measures certain non-financial assets at fair value on a nonrecurring basis including goodwill, intangible assets, property and equipment and right-of-use lease assets. These assets were initially measured and recognized at amounts equal to the fair value determined as of the date of acquisition or purchase subject to changes in value only for foreign currency translation. Periodically, these assets are tested for impairment by comparing their respective carrying amounts to the estimated fair value of the reporting unit or asset group in which they reside. In the event any of these assets were to become impaired, the Company would recognize an impairment expense equal to the amount by which the carrying amount of the reporting unit, impaired asset or asset group exceeds its estimated fair value. For indefinite-lived intangible assets, the relief from royalty approach is dependent on a number of factors, including estimates of future growth and trends, royalty rates in the category of intellectual property, discount rates and other variables. Fair value measurements of reporting units are estimated using an income approach involving discounted cash flow models that contain certain Level 3 inputs requiring significant management judgment, including projections of economic conditions, customer demand and changes in competition, revenue growth rates, gross profit margins, operating margins, capital expenditures, working capital requirements, terminal growth rates and discount rates. Fair value measurements of the reporting units associated with the Company's goodwill balances and its indefinite-lived intangible assets are estimated at least annually in the fourth quarter of each fiscal year for purposes of impairment testing if a quantitative analysis is performed. The Company bases its fair value estimates on assumptions its management believes to be reasonable, but which are unpredictable and inherently uncertain. As discussed in Note 8, Goodwill and Other Intangible Assets, the trademarks of Happy™, Joya®, ParmCrisps

®, Thinsters®, Imagine®, Queen Helene® and certain North America personal care intangible assets were fair valued on a nonrecurring basis and classified as Level 3 assets in their respective reporting periods. As discussed in Note 6, Property, Plant and Equipment, Net, an asset group's property, plant and equipment were fair valued on a nonrecurring basis and classified as Level 3 assets in their respective reporting periods. Derivative Instruments and Hedging Activities ASC 815, Derivatives and Hedging ("ASC 815"), provides the disclosure requirements for derivatives and hedging activities with the intent to provide users of financial statements with an enhanced understanding of: (a) how and why an entity uses derivative instruments, (b) how the entity accounts for derivative instruments and related hedged items and (c) how derivative instruments and related hedged items affect an entity's financial position, financial performance and cash flows. Further, qualitative disclosures are required that explain the Company's objectives and strategies for using derivatives, as well as quantitative disclosures about the fair value of and gains and losses on derivative instruments, and disclosures about credit-risk-related contingent features in derivative instruments. The Company records all derivatives on the consolidated balance sheets at fair value. The accounting for changes in the fair value of derivatives depends on the intended use of the derivative, whether the Company has elected to designate a derivative in a hedging relationship and apply hedge accounting and whether the hedging relationship has satisfied the criteria necessary to apply hedge accounting. Derivatives designated and qualifying as a hedge of the exposure to changes in the fair value of an asset, liability or firm commitment attributable to a particular risk, such as interest rate risk, are considered fair value hedges. Derivatives designated and qualifying as a hedge of the exposure to variability in expected future cash flows, or other types of forecasted transactions, are considered cash flow hedges. Derivatives may also be designated as hedges of the foreign currency exposure of a net investment in a foreign operation. Hedge accounting generally provides for the matching of the timing of gain or loss recognition on the hedging instrument with the recognition of the changes in the fair value of the hedged asset or liability that are attributable to the hedged risk in a fair value hedge or the earnings effect of the hedged forecasted transactions in a cash flow hedge. The effective portion of changes in the fair value of derivative instruments that qualify for cash flow hedge and net investment hedge accounting treatment are recognized in stockholders' equity as a component of accumulated other comprehensive loss until the hedged item is recognized in earnings. Changes in the fair value of fair value hedges, derivatives that do not qualify for hedge accounting treatment, as well as the ineffective portion of any cash flow hedges, are recognized currently in earnings as a component of interest and other financing expense, net on the consolidated statements of operations. The Company reports cash flows arising from derivative instruments consistent with the classification of cash flows from the underlying hedged items that these derivatives are hedging. Accordingly, the cash flows associated with derivatives designated as cash flow hedges and fair value hedges are classified in cash flows from operating activities on the consolidated statements of cash flows. The Company may enter into derivative contracts that are intended to economically hedge certain of its risks, even though hedge accounting does not apply, or the Company elects not to apply hedge accounting. Stock-Based Compensation The Company uses the fair market value of the Company's common stock on the grant date to measure fair value for service-based awards and a Monte Carlo simulation model to determine the fair value of market-based awards. The Company uses historical volatility to calculate the expected volatility matching the expected holding period. The fair value of stock-based compensation awards is recognized as an expense over the vesting period using the straight-line method. For awards that contain a market condition, expense is recognized over the defined or derived service period using a Monte Carlo simulation model. Compensation expense is recognized for these awards on a straight-line basis over the service period, regardless of the eventual number of shares that are earned based upon the market condition, provided that each grantee remains an employee at the end of the performance period. Compensation expense on awards that contain a market condition is reversed if at any time during the service period a grantee is no longer an employee. The Company recognizes forfeitures as they occur at which time compensation cost previously recognized for an award that is forfeited because of failure to satisfy a condition is reversed in the period of the forfeiture. The Company receives an income tax deduction in certain tax jurisdictions for restricted stock grants when they vest and for stock options exercised by employees equal to the excess of the market value of the Company's common stock on the date of exercise over the option price. Excess tax benefits (tax benefits resulting from tax deductions in excess of compensation cost recognized) are classified as a cash flow provided by operating activities on the consolidated statements of cash flows. Valuation of Long-Lived Assets The Company periodically evaluates the carrying value of long-lived assets held and used in the business and with definite lives, when events and circumstances occur indicating that the carrying amount of the asset or its asset group may not be recoverable. An impairment test is performed when the estimated undiscounted cash flows associated with the asset or asset group is less than its carrying value. Once such impairment test is performed, a loss is recognized based on the amount, if any, by which the carrying value exceeds the estimated fair value for assets to be held and used. See Note 6, Property, Plant and Equipment, Net, Note 8, Goodwill and Other Intangible Assets, and Note 15, Fair Value Measurements, for additional information on long-lived asset impairment charges. Leases Arrangements containing leases are evaluated as an operating or finance lease at lease inception. For operating leases, the Company recognizes an operating lease right-of-use ("ROU") asset and operating lease liability at lease commencement based on the present value of lease payments over the lease term. With the exception of certain finance leases, an implicit rate of return is not readily determinable for the Company's leases. For these leases, an incremental borrowing rate is used in determining the present value of lease payments and is calculated based on information available at the lease commencement date. The incremental borrowing rate is determined using a portfolio approach based on the rate of interest the Company would have to pay to borrow funds on a collateralized basis over a similar term. The Company references market yield curves which are risk-adjusted to approximate a collateralized rate in the currency of the lease. These rates are updated on a quarterly basis for measurement of new lease obligations. The Company's lease terms may include options to extend or terminate the lease when it is reasonably certain that the option will be exercised. Leases with an initial term of 12 months or less are not recognized on the consolidated balance sheets. The Company has elected to separate lease and non-lease components. Net Loss Per Share Basic net loss per share is computed by dividing net loss by the weighted average number of common shares outstanding for the period. Diluted net loss per share reflects the potential dilution that would occur if securities or other contracts to issue common stock were exercised or converted into common stock. Recently Issued and Adopted Accounting Pronouncements In July 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2023-03, "Presentation of Financial Statement (Topic 205), Income Statement - Reporting Comprehensive Income (Topic 220), Distinguishing Liabilities from Equity (Topic 480), Equity (Topic505), and Compensation - Stock Compensation (Topic 718)", to amend various SEC paragraphs in the ASC to reflect the issuance of SEC Staff Accounting Bulletin No. 120, among other things. The Company adopted this conforming guidance upon issuance, which had no material impact on its consolidated financial statements and related disclosures. Recently Issued Accounting Pronouncements Not Yet Adopted In December 2023, the FASB issued ASU 2023-09, "Income Taxes (Topic 740): Improvements to Income Tax Disclosures", which will require entities to disclose more detailed information in the reconciliation of their statutory tax rate to their effective tax rate. The ASU also requires entities to disclose more detailed information about income taxes paid, including by jurisdiction, pretax income (loss) from continuing operations, and income tax expense (benefit). The amendments are effective for fiscal years beginning after December 15, 2024 and for interim periods within fiscal years beginning after December 15, 2025. The amendments should be applied on a prospective basis. Retrospective application is permitted. The Company is currently evaluating the provisions of the amendments and the effect on its future consolidated financial statements. In November 2023, the FASB issued ASU 2023-07, "Segment Reporting (Topic 280), Improvements to Reportable Segment Disclosures", which updates reportable segment disclosure requirements primarily through enhanced disclosures about significant segment expenses. The amendments are

effective for fiscal years beginning after December 15, 2023 and for interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. The amendments should be applied retrospectively to all prior periods presented in the financial statements. The Company is currently evaluating the provisions of the amendments and the effect on its future consolidated financial statements. 3. (LOSS) EARNINGS PER SHARE The following table sets forth the computation of basic and diluted net (loss) income per share on the consolidated statements of operations: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"><tr style="visibility:collapse;"><td style="width:57.477%;"></td><td DISPOSITIONS Queen Helene® On June 3, 2024, the Company completed the divestiture of its Queen Helene® business (“QH”) for total cash consideration of $750. The sale of QH is consistent with the Company’s portfolio simplification process. QH was part of the Company’s North America reportable segment. During the fiscal year ended June 30, 2024, the Company deconsolidated the net assets of QH, primarily consisting of $1,672 and $535 of inventory and goodwill, respectively, and recognized a pretax loss on sale of $1,466. Thinsters® On April 8, 2024, the Company completed the sale of its Thinsters® cookie business for total cash consideration of $7,700, subject to customary post-closing adjustments. The final purchase price was $7,264. The divestiture is consistent with the Company’s portfolio simplification process. Thinsters® was part of the Company’s North America reportable segment. During the fiscal year ended June 30, 2024, the Company deconsolidated the net assets of Thinsters®, primarily consisting of $5,732, $1,977, and $1,180 of goodwill, intangible assets, and inventory, respectively, and recognized a pretax loss on sale of $2,856. Westbrae Natural® On December 15, 2022, the Company completed the divestiture of its Westbrae Natural® brand (“Westbrae”) for total cash consideration of $7,498. The sale of Westbrae is consistent with the Company’s portfolio simplification process. Westbrae operated in the United States (“U.S.”) and was part of the Company’s North America reportable segment. During the fiscal year ended June 30, 2023, the Company deconsolidated the net assets of Westbrae, primarily consisting of $3,054 of goodwill, and recognized a pretax gain on sale of $3,488.</p>75000016720005350001466000770000072640005732000197700011800002856000749800030540003488000<div class="item-list-element-wrapper" style="display:flex;margin-top:10pt;justify-content:flex-start;align-items:baseline;margin-bottom:0;min-width:3.333%;text-align:justify;">5.<div style="width:100%;display:inline;">INVENTORIES</div></div><div style="font-size:10pt;font-family:Times New Roman;"><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Inventories consisted of the following:</p><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p><table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"><tr style="visibility:collapse;"><td style="width:66.993%;"></td><td style="width:1.62%;"></td><td style="width:1%;"></td><td style="width:12.883000000000001%;"></td><td style="width:1%;"></td><td style="width:1.62%;"></td><td style="width:1%;"></td><td style="width:12.883000000000001%;"></td><td style="width:1%;"></td></tr><tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"><td style="vertical-align:top;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td><td style="vertical-align:bottom;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td><td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">Fiscal Year Ended June 30,</p></td><td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;"> </p></td></tr><tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"><td style="vertical-align:top;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td><td style="vertical-align:bottom;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td><td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">2024</p></td><td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;"> </p></td><td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td><td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">2023</p></td><td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;"> </p></td></tr><tr style="height:10pt;background-color:#cff0fc;word-break:break-word;"><td style="white-space:pre-wrap;vertical-align:top;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;">Finished goods</p></td><td style="white-space:pre-wrap;vertical-align:bottom;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td><td style="white-space:nowrap;vertical-align:bottom;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;">$ </td><td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 178,150 </td><td style="white-space:nowrap;vertical-align:bottom;"> </td><td style="white-space:pre-wrap;vertical-align:bottom;"> </td><td style="white-space:nowrap;vertical-align:bottom;"> $ </td>

During the fiscal year ended June 30, 2024, the Company completed an interim impairment test of the ParmCrisps® asset group. The Company determined that the carrying amount of the ParmCrisps® asset group exceeded its estimated fair value. The Company recognized a non-cash impairment charge of $5,875 to reduce the carrying amount of ParmCrisps® machinery and equipment to its estimated fair value. The fair value of machinery and equipment was determined based on an orderly liquidation value. Impairment charges were recorded within intangibles and long-lived asset impairment on the consolidated statements of operations. During the fiscal year ended June 30, 2024, the Company recognized a non-cash impairment charge of $20,666 related to its Bell, CA production facility in the North America reportable segment to reduce the carrying amount of such long-lived assets to their estimated fair value. Impairment charges were recorded within intangibles and long-lived asset impairment on the consolidated statement of operations. The impairment charge was recognized due to consolidation of the Company's manufacturing footprint. The Company recognized impairment charges of $244 and $584 during the fiscal years 2024 and 2023, respectively, relating to a facility in the North America reportable segment that was held for sale. During the fiscal year ended June 30, 2024, the Company completed the sale of such facility for total cash proceeds of $1,182, net of brokerage and other fees, resulting in a loss of $68, which was included as a component of other expense (income), net on the consolidated statement of operations. The facility had a net carrying value of nil and $1,250 as of June 30, 2024 and June 30, 2023, respectively. During the fiscal year ended June 30, 2024, the Company recognized a non-cash impairment charge of $2,763, related to write-down of projects machinery and equipment in the International reportable segment related to the multi-year growth, transformation and restructuring program (the "Hain Reimagined Program"). See Note 18, Transformation Program. During fiscal year 2022, the Company completed the sale of undeveloped land plots in Boulder, Colorado in the U.S. for total cash proceeds of $10,005, net of brokerage and other fees, resulting in a gain in the amount of $8,656, which is included as a component of other expense (income), net on the consolidated statement of operations. The Company also recognized a non-cash impairment charge of $303 during the fiscal year ended June 30, 2022 relating to a facility in the International reportable segment. Property, plant and equipment, net consisted of the following: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:66.993%;"></td> <td style="width:1.62%;"></td> <td style="width:1%;"></td> <td style="width:12.883000000000001%;"></td> <td style="width:1%;"></td> <td style="width:1.62%;"></td> <td style="width:1%;"></td> <td style="width:12.883000000000001%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:bottom;text-align:left;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Fiscal Year Ended

class="item-list-element-wrapper" style="display:flex;margin-top:10pt;justify-content:flex-start;align-items:baseline;margin-bottom:0;min-width:3.333%;text-align:justify;">7. LEASES The Company leases office space, warehouse and distribution facilities, manufacturing equipment and vehicles primarily in North America and Western Europe. The Company determines if an arrangement is or contains a lease at inception. Lease terms may include options to extend or terminate the lease when it is reasonably certain that the Company will exercise that option. The Company's lease agreements generally do not contain residual value guarantees or material restrictive covenants. Some of the Company's leases contain variable lease payments, which are expensed as incurred unless those payments are based on an index or rate. Variable lease payments based on an index or rate are initially measured using the index or rate in effect at lease commencement and included in the measurement of the lease liability; thereafter, changes to lease payments due to rate or index changes are recorded as variable lease expense in the period incurred. The Company does not have any related party leases, and sublease transactions are de minimis. The components of lease expenses for the fiscal years ended June 30, 2024, 2023 and 2022 were as follows: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:57.477%;"></td> <td style="width:1.399%;"></td> <td style="width:1%;"></td> <td style="width:10.776%;"></td> <td style="width:1%;"></td> <td style="width:1.399%;"></td> <td style="width:1%;"></td> <td style="width:10.776%;"></td> <td style="width:1%;"></td> <td style="width:1.399%;"></td> <td style="width:1%;"></td> <td style="width:10.776%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:top;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="10" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Fiscal Year Ended </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> </td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:top;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> 2024 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> 2023 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> 2022 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> </td> </tr> <tr style="height:10pt;background-color:#cff0fc;word-break:break-word;"> <td style="white-space:pre-wrap;vertical-align:top;"> Operating lease expenses </td> <td style="white-space:pre-wrap;vertical-align:bottom;"> </td> <td style="white-space:nowrap;vertical-align:bottom;"> $</p></td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:right;">17,446</p></td> <td style="white-space:nowrap;vertical-align:bottom;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td> <td style="white-space:pre-wrap;vertical-align:bottom;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td> <td style="white-space:nowrap;vertical-align:bottom;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"><span style="color:#000000;min-width:fit-content;">$ </td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 18,173 </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> <td style="white-space:pre-wrap;vertical-align:bottom;"> </td> <td style="white-space:nowrap;vertical-align:bottom;"> $ </td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 15,911 </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> </tr> <tr style="height:10pt;background-color:#ffffff;word-break:break-word;"> <td style="white-space:pre-wrap;vertical-align:top;"> Finance lease expenses </td> <td style="white-space:pre-wrap;vertical-align:bottom;"> </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 147 </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> <td style="white-space:pre-wrap;vertical-align:bottom;"> </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> <td

style="transform:scale(0.67);color:#000000;white-space:pre-wrap;vertical-align:super;font-size:10pt;font-family:Times New Roman;font-style:italic;transform-origin:top left;min-width:6.667%;display:inline-flex;justify-content:flex-start;">(1) The total carrying value of goodwill is reflected net of $134,277 of accumulated impairment charges, of which $7,700 is related to the North America reportable segment and $126,577 is related to the International reportable segment. <span style="transform:scale(0.67);color:#000000;white-space:pre-wrap;vertical-align:super;font-size:10pt;font-family:Times New Roman;font-style:italic;transform-origin:top left;min-width:6.667%;display:inline-flex;justify-content:flex-start;">(2) During the fiscal year ended June 30, 2023, the Company finalized purchase accounting related to “That's How We Roll” (“THWR”) resulting in a $794 reduction to goodwill. <span style="transform:scale(0.67);color:#000000;white-space:pre-wrap;vertical-align:super;font-size:10pt;font-family:Times New Roman;font-style:italic;transform-origin:top left;min-width:6.667%;display:inline-flex;justify-content:flex-start;">(3) During the fiscal year ended June 30, 2023, the Company completed the divestiture of Westbrae®, a component of the North America reportable segment. Goodwill of $3,054 was assigned to the divested component on a relative fair value basis. <span style="transform:scale(0.67);color:#000000;white-space:pre-wrap;vertical-align:super;font-size:10pt;font-family:Times New Roman;font-style:italic;transform-origin:top left;min-width:6.667%;display:inline-flex;justify-content:flex-start;">(4) During the fiscal year ended June 30, 2024, the Company completed the divestitures of Thinsters® and Queen Helene®, both were components of the North America reportable segment. Goodwill of $5,732 and $535 was assigned to divested components of Thinsters® and Queen Helene®, respectively, on a relative fair value basis. During the third quarter of fiscal 2024, as a result of the significant decline in the Company’s market capitalization and the same factors triggering the interim impairment tests for the ParmCrisps® and Thinsters® trademarks, certain North America personal care tradenames, and other intangible assets, the Company completed an interim impairment test of all reporting units. For the United Kingdom (“U.K.”), Western Europe, Canada, and Ella's Kitchen UK reporting units, the Company performed a qualitative evaluation to assess factors to determine whether it was more likely than not that the fair value of the reporting units were less than their carrying amounts, including goodwill. The Company concluded that the qualitatively tested reporting units estimated fair values exceeded their carrying amounts. Three of these reporting units

*(U.K., Western Europe and Canada) were quantitatively tested in fiscal 2023 and as of the last quantitative testing date, their estimated fair values exceeded their respective carrying amounts by more than 17.0%. During the third quarter of fiscal 2024, the Company completed an interim quantitative impairment test of goodwill in the U.S. reporting unit and concluded that the reporting unit's estimated fair value exceeded its carrying amount. The fair value of the reporting unit was estimated utilizing a blended approach which included an income approach utilizing the Discounted Cash Flows Method and the Guideline Public Company Methodology, a market-based approach. The Company completed this interim quantitative impairment test of goodwill in the U.S. reporting unit and concluded that the reporting unit's estimated fair value exceeded its carrying amount by 6.2%. The Company also completed its annual goodwill impairment analysis on April 1, 2024 (the first day of the fourth quarter of fiscal 2024) and concluded that no impairment existed at any of its reporting units. At June 30, 2024, the goodwill related to the U.S. reporting unit was at risk of potential impairment if the fair value of this reporting unit, and its associated assets, decrease in value due to the amount and timing of expected future cash flows, decreased customer demand for products, an inability to execute management's business strategies, or general market conditions, such as economic downturns, and changes in interest rates, including discount rates. Future cash flow estimates are, by their nature, subjective, and actual results may differ materially from the Company's estimates. If the Company's ongoing cash flow projections are not met or if market factors utilized in the impairment test deteriorate, including an unfavorable change in the terminal growth rate or the weighted-average cost of capital, the Company may have to record impairment charges in future periods. As of June 30, 2024, goodwill associated with the U.S. reporting unit had a carrying value of $641,053.</p><p style="font-size:10pt;margin-top:0;font-family:Times New The carrying value of such intangible assets as of June 30, 2024 was $27,259. During the third quarter of fiscal 2024, the Company recorded a non-cash impairment charge of $10,797 related to the indefinite and definite lived intangible assets associated with Thinsters® in connection with the probable sale of the Thinsters® cookie business. The Company concluded that as of March 31, 2024, there was a high probability that the sale of the Thinsters® business would occur and therefore, a quantitative impairment test was performed. To determine the amount of the impairment, the Company compared the carrying amount of the Thinsters® assets to its estimated fair value (which was the expected selling price less transaction costs). During the third quarter of fiscal 2024, the Company recorded non-cash impairment charges of $12,815 and $8,000 for certain North America personal care tradenames (namely, Alba Botanica®, Avalon Organics®, and JASON®) and the ParmCrisps® trademark, respectively, to reduce the carrying amounts of such intangible assets to their estimated fair values of $13,000 and nil, respectively. The fair value was determined using the relief from royalty method, and impairment charges were recorded within intangibles and long-lived asset impairment on the consolidated statements of operations. The assets are part of the North America reportable segment. As a result of the same factors triggering the interim impairment tests for the ParmCrisps® trademark, the Company completed impairment tests of the ParmCrisps® asset group, which was primarily comprised of amortizable customer relationships, machinery and equipment and operating lease right-of-use assets. The Company determined that the carrying amount of the ParmCrisps® asset group exceeded

*the estimated fair value. During the fiscal year ended June 30, 2024, the Company recorded non-cash impairment charges of $10,586 to reduce the carrying amount of the ParmCrisps® customer relationships to their estimated fair value which was determined using a discounted cash flow analysis. Impairment charges were recorded within intangibles and long-lived asset impairment on the consolidated statements of operations. The customer relationship intangible asset was part of the North America reportable segment and was fully impaired. In the fourth quarter of fiscal 2024, the Company quantitatively tested another intangible asset. The assessment indicated that the carrying value of the trademarks associated with its plant-based beverage brands, Happy™ and Joya®, exceeded its estimated fair value. The fair value was determined using the relief from royalty method, and a non-cash impairment charge of $2,260 was recorded within intangibles and long-lived asset impairment on the consolidated statements of operations. The Happy™ and Joya® intangible assets are part of the International reportable segment and had a remaining aggregate carrying value of $3,761 as of June 30, 2024. During the fourth quarter of fiscal year ended June 30, 2023, the Company recorded non-cash impairment charges of $4,767, $4,691 and $9,150 for Imagine®, Joya®, and Queen Helene® intangible assets, respectively, to reduce the carrying amount of such intangible assets to their estimated fair value. The fair values were determined using the relief from royalty method, and impairment charges were recorded within intangibles and long-lived asset impairment on the consolidated statements of operations. The Imagine® and Queen Helene® intangible assets are part of the North America reportable segment and had a remaining aggregate carrying value of $3,100 as of June 30, 2024. The Joya® intangible assets are part of the International reportable segment and had a remaining aggregate carrying value of <span style="color:#000000;white-space:pre-wrap;font-size:10pt;font-family:Times New Roman;min-width:fit-content;">$3,761 as of June 30, 2024. During the fiscal year ended June 30, 2023, the Company recorded non-cash impairment charges of $102,000 and $8,500 for the ParmCrisps® and Thinsters® trademarks, respectively, to reduce the carrying amount of such intangible assets to their estimated fair value. The fair values were determined using the relief from royalty method, and impairment charges were recorded within intangibles and long-lived asset impairment on the consolidated statements of operations. The assets are part of the North America reportable segment and were fully impaired as of June 30, 2024. As a result of the same factors triggering the interim impairment tests for the ParmCrisps® and Thinsters® trademarks, the Company completed interim impairment tests of the ParmCrisps® and Thinsters® asset groups, which were primarily comprised of amortizable customer relationships. The Company determined that the carrying amount of the ParmCrisps® asset group's exceeded its estimated fair value. During the fiscal year ended June 30, 2023, the Company recorded non-cash impairment charges of $45,798 to reduce the carrying amount of the ParmCrisps® customer relationships, the primary asset in the asset group, to their estimated fair value. Impairment charges were recorded within intangibles and long-lived asset impairment on the consolidated statements of operations. The fair value of the Thinsters® asset group exceeded its carrying amount. During the fiscal year ended June 30, 2024, the Company completed the sale of the Thinsters® business as discussed in Note 4, Dispositions. *

* Non-cash impairment charges, recorded within intangibles and long-lived asset impairment on the consolidated statements of operations, for the fiscal years ended June 30, 2024 and June 30, 2023 were as follows: *

style="transform:scale(0.67);color:#000000;white-space:pre-wrap;vertical-align:super;font-size:10pt;font-family:Times New Roman;font-style:italic;transform-origin:top left;min-width:2.667%;display:inline-flex;justify-content:flex-start;">(1) Includes $222 (2023: $305) of finance lease obligations as discussed in Note 7, Leases. <span style="transform:scale(0.67);color:#000000;white-space:pre-wrap;vertical-align:super;font-size:10pt;font-family:Times New Roman;font-style:italic;transform-origin:top left;min-width:2.667%;display:inline-flex;justify-content:flex-start;">(2) Includes $85 (2023: $83) of short-term finance lease obligations as discussed in Note 7, Leases. On August 22, 2023, the Company entered into a Second Amendment (the “Second Amendment”) to the Credit Agreement (as amended, the “Credit Agreement”). The Credit Agreement provides for senior secured financing of $1,100 million in the aggregate, consisting of (1) $300 million in aggregate principal amount of term loans (the “Term Loans”) and (2) an $800 million senior secured revolving credit facility (which includes borrowing capacity available for letters of credit, and is comprised of a $440 million U.S. revolving credit facility and $360 million global revolving credit facility) (the “Revolver”). Both the Revolver and the Term Loans mature on December 22, 2026. The Company’s obligations under the Credit Agreement are guaranteed by certain existing and future domestic subsidiaries of the Company and are secured by liens on assets of the Company and its material domestic subsidiaries, including the equity interest in each of their direct subsidiaries and intellectual property, subject to agreed-upon exceptions. The Credit Agreement includes financial covenants that require compliance with a consolidated secured leverage ratio, a consolidated leverage ratio and a consolidated interest coverage ratio. Pursuant to the Second Amendment, the Company’s maximum consolidated secured leverage ratio was amended to be 5.00:1.00 until September 30, 2023, <span style="font-size:10pt;font-family:Times New Roman;color:#000000;white-space:pre-wrap;min-width:fit-

content;">5.25:1.00 until December 31, 2023 and 5.00:1.00 until December 31, 2024 (the period of time during which such maximum consolidated secured leverage ratios are in effect, the "Second Amendment Period"). Following the Second Amendment Period, the maximum consolidated secured leverage ratio will be 4.25:1.00, subject to possible temporary increase following certain corporate acquisitions. Pursuant to the Credit Agreement, the Company's maximum consolidated leverage ratio is 6.00:1.00. Pursuant to the Second Amendment, the Company's minimum interest coverage ratio was amended to be 2.50:1.00. During the Second Amendment Period, loans under the Credit Agreement bears interest at (a) Term SOFR plus 2.5% per annum or (b) the Base Rate plus 1.5% per annum. Following the Second Amendment Period, loans bear interest at rates based on (a) Term SOFR plus a rate ranging from 1.125% to 2.0% per annum or (b) the Base Rate plus a rate ranging from 0.125% to 1.0% per annum, the relevant rate in each case being the Applicable Rate. The Applicable Rate following the Second Amendment Period is determined in accordance with a leverage-based pricing grid, as set forth in the Credit Agreement as amended by the Second Amendment. Excluding the impact of hedges, the weighted average interest rate on outstanding borrowings under the Credit Agreement at June 30, 2024 was 7.97%. During fiscal 2022, the Company used interest rate swaps to hedge a portion of the interest rate risk related its outstanding variable rate debt. As of June 30, 2024, the notional amount of the interest rate swaps was $400 million with fixed rate payments of 5.60%. Including the impact of hedges, the weighted average interest rate on outstanding borrowings under the Credit Agreement at June 30, 2024 was 6.83%. Additionally, the Credit Agreement contains a Commitment Fee (as defined in the Credit Agreement) on the amount unused under the Credit Agreement ranging from 0.15% to 0.25% per annum, and such Commitment Fee is determined in accordance with a leverage-based pricing grid. As of June 30, 2024, there were $475,000 of loans under the Revolver, $270,550 of Term Loans, and $3,247 of letters of credit outstanding under the Credit Agreement. As of June 30, 2024, $321,753 was available under the Credit Agreement, subject to compliance with the financial covenants. As of June 30, 2024, the Company was in compliance with all associated covenants. Credit Agreement Issuance Costs In connection with the First Amendment to its Credit Agreement during the second quarter of fiscal year 2023, the Company incurred debt issuance costs of approximately $1,987, of which $1,916 was deferred. Of the total deferred costs, $1,396 were associated with the Revolver and are being amortized on a straight-line basis within other assets on the consolidated balance sheets, and $520 are being amortized on a straight-line basis, which approximates the effective interest method, as an adjustment to the carrying amount of the Term Loans as a component of Interest and other financing expense, net over the term of the Credit Agreement. In connection with the Second Amendment to its Credit Agreement during the first quarter of fiscal year 2024, the Company incurred debt issuance costs of approximately $3,854, of which $3,813 was deferred. Of the total deferred costs, $2,802 were associated with the Revolver and are being amortized on a straight-line basis within other assets on the consolidated balance sheets, and $1,011 are being recorded as an adjustment to the carrying amount of the Term Loans as a component of Interest and other financing expense, net over the term of the Credit Agreement utilizing the effective interest rate method.</p><div style="font-size:10pt;font-family:Times New Roman;"><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Maturities of all debt instruments, excluding unamortized issuance costs, at June 30, 2024, are as follows:</p><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:justify;"> </p><table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"><tr style="visibility:collapse;"><td style="width:80.236%;"></td><td style="width:1.94%;"></td><td style="width:1%;"></td><td style="width:15.823%;"></td><td style="width:1%;"></td></tr><tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"><td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;">Due in Fiscal Year</p></td><td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td><td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">Amount</p></td><td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;"> </p></td></tr><tr style="height:10pt;background-color:#cff0fc;word-break:break-word;"><td style="white-space:pre-wrap;vertical-align:top;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;">2025</p></td><td style="white-space:pre-wrap;vertical-align:bottom;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td><td style="white-space:nowrap;vertical-align:bottom;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;">$ </td><td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 7,585 </td><td style="white-space:nowrap;vertical-align:bottom;"> </td><td></tr><tr style="height:10pt;background-color:#ffffff;word-break:break-word;"><td style="white-space:pre-wrap;vertical-align:top;"> 2026 </td><td style="white-space:pre-wrap;vertical-align:bottom;"> </td><td style="white-space:nowrap;vertical-align:bottom;"> </td><td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 7,563 </td><td style="white-space:nowrap;vertical-align:bottom;"> </td></tr><tr style="height:10pt;background-color:#cff0fc;word-break:break-word;"><td style="white-space:pre-wrap;vertical-align:top;"> 2027 </td><td style="white-space:pre-wrap;vertical-align:bottom;"> </td><td style="white-space:nowrap;vertical-align:bottom;"> </td><td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 730,624 </td><td style="white-space:nowrap;vertical-align:bottom;"> </td></tr><tr style="height:10pt;background-color:#ffffff;word-break:break-word;"><td style="white-space:pre-wrap;vertical-align:top;"> <span

This negative evidence resulted in the Company increasing the valuation allowance on worldwide deferred tax assets in the year ended June 30, 2024 by $15,075, and in the year ended June 30, 2023 by $14,935. U.S. federal tax regulations include a provision to tax global intangible low-taxed income (“GILTI”) of foreign subsidiaries and a measure to tax certain intercompany payments under the base erosion anti-abuse tax (“BEAT”) regime. For the fiscal years ended June 30, 2024, 2023 and 2022, the Company did not generate intercompany transactions that met the BEAT threshold but does have to include GILTI tax relating to the Company’s foreign subsidiaries. The Company elected to account for GILTI tax as a current period cost and recorded expense of $381 during the fiscal year ended June 30, 2024. The GILTI tax expense is included in the U.S. tax benefit on foreign earnings in the effective tax rate which also includes tax expense related to Subpart F income and unremitted earnings in total. Deferred income taxes reflect the net tax effects of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts for income tax purposes. Deferred tax assets and liabilities consisted of the following: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:66.993%;"></td> <td style="width:1.62%;"></td> <td style="width:1%;"></td> <td style="width:12.883000000000001%;"></td> <td style="width:1%;"></td> <td style="width:1.62%;"></td> <td style="width:1%;"></td> <td style="width:12.883000000000001%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;text-align:left;"> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> Fiscal Year Ended June 30, </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> </td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;text-align:left;"> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> 2024 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> 2023 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> </td> </tr> <tr style="height:10pt;background-color:#cff0fc;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:top;"> Noncurrent deferred tax assets (liabilities): </td> <td

style="color:#000000;min-width:fit-content;">$ </td> <td style="white-space:pre-wrap;vertical-align:bottom;border-bottom:2.25pt double #000000;text-align:center;"> (72,086 </td> <td style="white-space:nowrap;vertical-align:bottom;border-bottom:2.25pt double #000000;">) </td> </tr> </table> At June 30, 2024 and 2023, the Company had U.S. federal NOL carryforwards of approximately $67,138 and $63,559, respectively, certain of which will not expire until 2033. Certain of these federal loss carryforwards are subject to Internal Revenue Code Section 382, which imposes limitations on utilization following certain changes in ownership of the entity generating the loss carryforward. The Company had foreign NOL carryforwards of approximately $9,035 and $11,351 at June 30, 2024 and 2023, respectively, the majority of which are indefinite lived. For the year ended June 30, 2024, the Company determined that $202,500 of foreign earnings are not permanently reinvested with a corresponding deferred tax liability of $1,873. The Company continues to reinvest $767,735 of undistributed earnings of its foreign subsidiaries and may be subject to additional foreign withholding taxes and U.S. state income taxes if it reverses its indefinite reinvestment assertion on these foreign earnings in the future. All other outside basis differences not related to earnings were impractical to account for at this period of time and are currently considered as being permanent in duration. As required by the authoritative guidance on

accounting for income taxes, the Company evaluates the realizability of deferred tax assets on a jurisdictional basis at each reporting date. Accounting for income taxes requires that a valuation allowance be established when it is more likely than not that all or a portion of the deferred tax assets will not be realized. In circumstances where there is sufficient negative evidence indicating that the deferred tax assets are not more likely than not realizable, the Company establishes a valuation allowance. The Company recorded valuation allowances in the amounts of $67,626 and $52,551 at June 30, 2024 and 2023, respectively.</p><p style="font-size:10pt;margin-top:0;font-family:Times New As of June 30, 2023, the Company had $23,967 of unrecognized tax benefits, of which $20,155 represents the amount that, if recognized, would impact the effective tax rate in future periods. As of June 30, 2022, the Company had $21,901 of unrecognized tax benefits of which $18,089 would impact the effective income tax rate in future periods. Accrued liabilities for interest and penalties were $4,921 and $3,768 at June 30, 2024 and 2023, respectively.</p><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:justify;"> </p><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:justify;">The Company and its subsidiaries file income tax returns in the U.S. federal jurisdiction, various U.S. state jurisdictions and several foreign jurisdictions. With few exceptions, the Company is no longer subject to U.S. federal, state and local, or non-U.S. income tax examinations by tax authorities for years prior to fiscal 2014. However, to the extent the Company generated NOLs or tax credits in closed tax years, future use of the NOL or tax credit carryforward balance would be subject to examination within the relevant statute of limitations for the year in which utilized. The Company is no longer subject to tax examinations in the U.K. for years prior to fiscal 2021. Given the uncertainty regarding when tax authorities will complete their examinations and the possible outcomes of their examinations, a current estimate of the range of reasonably possible significant increases or decreases of income tax that may occur within the next twelve months cannot be made. Although there are various tax audits currently ongoing, the Company does not believe the ultimate outcome of such audits will have a material impact on the Company's consolidated financial statements.</p><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">The components of (loss) income before income taxes and equity in net loss of STOCKHOLDERS' EQUITY Preferred Stock The Company is authorized to issue "blank check" preferred stock of up to 5,000 shares with such designations, rights and preferences as may be determined from time to time by the Board of Directors. Accordingly, the Board of Directors is empowered to issue, without stockholder approval, preferred stock with dividends, liquidation, conversion, voting or other rights which could decrease the amount of earnings and assets available for distribution to holders of the Company's common stock. At June 30, 2024 and 2023, no preferred stock was issued or outstanding. Accumulated Other Comprehensive Loss The following table presents the changes in accumulated other comprehensive loss ("AOCL"): <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:44.8%;"></td> <td style="width:1.08%;"></td> <td style="width:1%;"></td> <td style="width:7.960000000000001%;"></td> <td style="width:1%;"></td> <td style="width:1.08%;"></td> <td style="width:1%;"></td> <td style="width:7.960000000000001%;"></td> <td style="width:1%;"></td> <td style="width:1.08%;"></td> <td style="width:1%;"></td> <td style="width:7.960000000000001%;"></td> <td style="width:1%;"></td> <td style="width:1.08%;"></td> <td style="width:1%;"></td> <td style="width:7.960000000000001%;"></td> <td style="width:1%;"></td> <td style="width:1.08%;"></td> <td style="width:1%;"></td> <td style="width:7.960000000000001%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:bottom;text-align:left;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Foreign

consolidated statements of operations during the fiscal years ended June 30, 2024, 2023, and 2022. Share Repurchase Program In January 2022, the Company's Board of Directors authorized the repurchase of up to $200.0 million of the Company's issued and outstanding common stock. Repurchases may be made from time to time in the open market, pursuant to pre-set trading plans, in private transactions or otherwise. The current 2022 authorization does not have a stated expiration date. The extent to which the Company repurchases its shares and the timing of such repurchases will depend upon market conditions and other corporate considerations. During the fiscal year ended June 30, 2024, the Company did not repurchase any shares under the repurchase program. As of June 30, 2024, the Company had

$173.5 million of remaining authorization under the share repurchase program.</p>50000000000<p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">The following table presents the changes in accumulated other comprehensive loss (“AOCL”):</p><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:justify;"> </p><table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"><tr style="visibility:collapse;"><td style="width:44.8%;"></td><td style="width:1.08%;"></td><td style="width:1%;"></td><td style="width:7.960000000000001%;"></td><td style="width:1%;"></td><td style="width:1.08%;"></td><td style="width:1%;"></td><td style="width:7.960000000000001%;"></td><td style="width:1%;"></td><td style="width:1.08%;"></td><td style="width:1%;"></td><td style="width:7.960000000000001%;"></td><td style="width:1%;"></td></tr><tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"><td style="vertical-align:bottom;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;"> </p></td><td style="vertical-align:bottom;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td><td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">Foreign

STOCK-BASED COMPENSATION AND INCENTIVE PERFORMANCE PLANS The Company maintains a shareholder-approved plan, The Hain Celestial Group, Inc. 2022 Long Term Incentive and Stock Award Plan (the "2022 Plan"), which was approved at the Company's 2022 Annual Meeting of Shareholders held on November 17, 2022. The 2022 Plan permits the Company to continue making equity-based and other incentive awards in a manner intended to properly incentivize its employees, directors, consultants and other service providers by aligning their interests with the interests of the Company's shareholders. The 2022 Plan is administered by the Compensation and Talent Management Committee of the Company's Board of Directors. The Company also historically granted shares under its Amended and Restated 2002 Long-Term Incentive and Stock Award Plan (the "2002 Plan") and its 2019 Equity Inducement Award Program (the "2019 Inducement Program"). The 2022 Plan, the 2002 Plan and the 2019 Inducement Program are collectively referred to as the "Stock Award Plans". There were 1,767, 1,242, and 873 shares underlying awards granted under the Stock Award Plans during fiscal years 2024, 2023 and 2022, respectively, of which 618, 428, and 249, respectively, were performance share units ("PSU") that are subject to the achievement of minimum market conditions or performance goals, with the remaining being restricted share units ("RSU"), which are service-based awards. RSU awards to employees generally provide for vesting in equal annual installments over a period of three years, with different vesting periods in certain cases. RSU awards to non-employee directors generally provide for a vesting period of one year. For PSU awards, the foregoing share figures are stated at target levels, and the awards outstanding at June 30, 2024 generally provide for vesting at 0% to 200% of the target level. There were no stock options granted under the Stock Award Plans during fiscal years 2024, 2023 and 2022. At June 30, 2024, there were 5,406 shares available for grant under the 2022 Plan. Stock-Based Award Activity During Past Three Years Awards of RSUs and PSUs are issued at no cost to the recipient. Shares underlying RSUs and PSUs are not issued until vesting. Vesting of RSUs and PSUs is subject to continued employment and vesting conditions in accordance with provisions set forth in the applicable award agreements. Market-based PSUs vest contingent on meeting specific Total Shareholder Return ("TSR") targets over a specified time period, and in prior years, the Company also granted performance-based PSUs that vested contingent on meeting specific financial results within a specified time period. A summary of all stock-based award activity for the last three fiscal years ended June 30 is as follows: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"><tr style="visibility:collapse;"> <td style="width:30.006%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:8.482%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:9.081%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:9.402000000000001%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:9.082%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:7.361%;"></td> <td style="width:1%;"></td> <td style="width:1.14%;"></td> <td style="width:1%;"></td> <td style="width:8.442%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:bottom;text-align:left;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> 2024 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> <span style="color:#000000;white-space:pre-wrap;font-weight:bold;min-width:fit-

style="color:#000000;white-space:pre-wrap;font-size:10pt;font-family:Times New Roman;min-width:fit-content;"> of unrecognized stock-based compensation expense related to non-vested RSUs and PSUs was expected to be recognized over a weighted average period of approximately 1.46 years. Long-Term Incentive Program In conjunction with the Stock Award Plans, the Company maintains a long-term incentive program ("LTIP") that provides for equity awards, including market-based PSUs that can be earned over defined performance periods. The participants of the LTIP include certain of the Company's executive officers and other key executives. The LTIP is administered by the Compensation and Talent Management Committee, which is responsible for, among other items, selecting the specific performance measures for awards, setting the target performance required to receive an award after the completion of the performance period, and determining the specific payout to the participants. For RSUs, the Company uses the fair market value of the Company's common stock on the grant date to measure fair value for service-based awards and for market-based PSUs, the Company uses a Monte Carlo simulation model to determine the fair value of those awards granted under the LTIP. The fair value of RSUs and PSUs is then used to record stock-based compensation expense. The use of the Monte Carlo simulation model requires the Company to make estimates and assumptions and therefore, the Company has included additional information regarding the terms of the PSUs granted and the inputs into the Monte Carlo simulation model below. 2024-2026 LTIP During the fiscal year ended June 30, 2024, the Company granted market-based PSU awards under the LTIP with a total target payout of 618 shares of common stock. At June 30, 2024, there were 556 such shares outstanding under the LTIP. Such PSU awards will vest, if at all, pursuant to a defined calculation of either relative TSR or absolute TSR (as defined) over the period from October 26, 2023 through the earlier of: (i) October 25, 2026; (ii) the date the participant's employment is terminated due to death or Disability (as defined); or (iii) the effective date of a Change in Control (as defined) (the "2024 TSR Performance Period"). Vesting of 370 target shares of the outstanding PSU awards is pursuant to a defined calculation of relative TSR over the 2024 TSR Performance Period (the "2024 Relative TSR PSUs"). Vesting of 185 target shares of the outstanding PSU awards is pursuant to the achievement of pre-established three-year compound annual TSR targets over the 2024 TSR Performance Period (the "2024 Absolute TSR PSUs"). Total shares eligible to vest for both the 2024 Relative TSR PSUs and 2024 Absolute TSR PSUs range from zero to 200% of the target amount. Grant date fair values are calculated using a Monte Carlo simulation model with grant date fair values per target share and related valuation assumptions as follows: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:66.993%;"></td> <td style="width:1.62%;"></td> <td style="width:1%;"></td> <td style="width:12.882%;"></td> <td style="width:1%;"></td> <td style="width:1.62%;"></td> <td style="width:1%;"></td> <td style="width:12.882%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;text-align:left;"> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> Fiscal Year ended June 30, 2024 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> </td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;text-align:left;"> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> Absolute

</td> <td style="white-space:nowrap;vertical-align:bottom;"><p style="font-size:10pt;margin-top:0;font-

family:Times New Roman;margin-bottom:0;text-align:left;">% </td> </tr> <tr style="height:10pt;background-color:#cff0fc;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:bottom;"> Expected term </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;text-align:center;"> 1.17 years </td> <td style="vertical-align:bottom;text-align:center;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;text-align:center;"> 1.85 years </td> <td style="vertical-align:bottom;text-align:center;"> </td> </tr> </table> In the second quarter of fiscal 2022, the Compensation and Talent Management Committee determined that all outstanding awards under the 2019-2021 LTIP vested at 100% as a result of the TSR targets having been met. Former CEO Inducement Grant On November 6, 2018, the Company's former CEO, Mark L. Schiller received a market-based PSU award with a target payout of 350 shares of common stock and a maximum payout of 1,050 shares of common stock (the "CEO Inducement Grant"). Vesting was pursuant to the achievement of pre-established three-year compound annual TSR levels over the period from November 6, 2018 to November 6, 2021. These PSUs were subject to a holding period of one year after the vesting date. As such, an illiquidity discount was applied to the grant date fair value. The grant date fair value per target share and related valuation assumptions used in the Monte Carlo simulation to value this award were as follows: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:80.236%;"></td> <td style="width:1.94%;"></td> <td style="width:1%;"></td> <td style="width:15.823%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:10pt;background-color:#cff0fc;word-break:break-word;"> <td style="white-space:pre-wrap;vertical-align:top;"> Grant date fair value (per target share) </td> <td style="white-space:pre-wrap;vertical-align:bottom;"> </td> <td style="white-space:nowrap;vertical-align:bottom;"> $ </td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 21.63 </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> </tr> <tr style="height:10pt;background-color:#ffffff;word-break:break-word;"> <td style="white-space:pre-wrap;vertical-align:top;"> Risk-free interest rate </td> <td style="white-space:pre-wrap;vertical-align:bottom;"> </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 2.99 </td> <td style="white-space:nowrap;vertical-align:bottom;"> % </td> </tr> <tr style="height:10pt;background-color:#cff0fc;word-break:break-word;"> <td style="white-space:pre-wrap;vertical-align:top;"> Expected dividend yield </td> <td style="white-space:pre-wrap;vertical-align:bottom;"> </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> — </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> </tr> <tr style="height:10pt;background-color:#ffffff;word-break:break-word;"> <td style="white-space:pre-wrap;vertical-align:top;"> Expected volatility </td> <td style="white-space:pre-wrap;vertical-align:bottom;"> </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 35.17 </td> <td style="white-space:nowrap;vertical-align:bottom;"> % </td> </tr> <tr style="height:10pt;background-color:#cff0fc;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:top;"> Expected term </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;text-align:center;"> 3.00 years </td> <td style="vertical-align:bottom;text-align:center;"> </td> </tr> </table> The total grant date fair value of the award was $7,571. This PSU award was granted outside of the Stock Award Plans. In the second quarter of fiscal 2022, the Compensation and Talent Management Committee determined that the CEO Inducement Grant vested at 100% as a result of the TSR targets having been met. CEO Succession On November 22, 2022, the Board approved a succession plan pursuant to which Mark L. Schiller transitioned from his position as President and Chief Executive Officer of the Company effective as of December 31, 2022 (the "Transition Date"). As of the Transition Date, certain of Mr. Schiller's stock-based compensation awards were modified and others were forfeited. Additionally, Mr. Schiller received severance totaling $4,725, paid in installments over a two-year period following the Transition Date. Severance, including payroll taxes and other costs, was recognized during fiscal year 2023. On November 22, 2022, the Board appointed Wendy P. Davidson to the role of President and Chief Executive Officer and as a director on the Board, in each case effective as of January 1, 2023 (the "Start Date"). On the Start Date, Ms. Davidson received the following awards under the 2023 - 2025 LTIP: 36 Relative TSR PSUs (at target), 18 Absolute TSR PSUs (at target) and 36 RSUs. The Relative TSR PSUs and Absolute TSR PSUs have the same TSR Performance Period, performance goals and beginning stock price as those applicable to awards granted to other employees under the 2023 - 2025 LTIP. The RSUs vest in one-third (1/3) installments on each of September 6, 2023, 2024 and 2025. Additionally, in recognition of the compensation Ms. Davidson forfeited by leaving her former employer, on the Start Date, Ms. Davidson also received a one-time make-whole RSU award of 95 RSUs that vest in one-third (1/3<span

style="color:#000000;white-space:pre-wrap;font-size:10pt;font-family:Times New Roman;min-width:fit-content;">) installments on each of the first, second and third anniversaries of the Start Date. Grant date fair values were calculated using a Monte-Carlo simulation model with grant date fair values per target share and related valuation assumptions as follows: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:66.993%;"></td> <td style="width:1.62%;"></td> <td style="width:1%;"></td> <td style="width:12.882%;"></td> <td style="width:1%;"></td> <td style="width:1.62%;"></td> <td style="width:1%;"></td> <td style="width:12.882%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;text-align:left;"> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> Absolute

There were 122 stock options outstanding at each of June 30, 2024, 2023 and 2022, relating to a grant under a prior plan. Although no further awards can be granted under the prior plan, the stock options outstanding continue in accordance with the terms of the plan and grant. For stock options outstanding and exercisable at June 30, 2024, the aggregate intrinsic value (the difference between the closing stock price on the last day of trading in the year and the exercise price) was $567, and the weighted average remaining contractual life was 7.0 years. The weighted average exercise price of these stock options was $2.26. At June 30, 2024, there was no unrecognized compensation expense related to stock option awards. 176700012420008730006180004280002490000200054060000 A summary of all stock-based award activity for the last three fiscal years ended June 30 is as follows: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"><tr style="visibility:collapse;"><td style="width:30.006%;"></td><td style="width:1%;"></td><td style="width:1%;"></td><td style="width:8.482%;"></td><td style="width:1%;"></td><td style="width:1%;"></td><td style="width:1%;"></td><td style="width:1%;"></td><td style="width:9.081%;"></td><td style="width:1%;"></td><td style="width:1%;"></td><td style="width:1%;"></td><td style="width:1%;"></td><td style="width:9.402000000000001%;"></td><td style="width:1%;"></td><td style="width:1%;"></td><td style="width:1%;"></td><td style="width:9.082%;"></td><td style="width:1%;"></td><td style="width:1%;"></td><td style="width:1%;"></td><td style="width:7.361%;"></td><td style="width:1%;"></td><td style="width:1.14%;"></td><td style="width:1%;"></td><td style="width:8.442%;"></td><td style="width:1%;"></td></tr><tr style="height:8pt;background-color:#fffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:bottom;text-align:left;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> 2024 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> 2023 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> 2022 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> </td> </tr> <tr style="height:8pt;background-color:#fffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:bottom;text-align:left;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Number of

INVESTMENTS On October 27, 2015, the Company acquired a minority equity interest in Chop’t Creative Salad Company LLC, predecessor to Founders Table Restaurant Group, LLC (“Founders Table”). Founders Table owns and operates the fast-casual restaurant chains Chop’t Creative Salad Co. and Dos Toros Taqueria. The investment is being accounted for as an equity method investment dueto the Company’s representation on the Board of Directors of Founders Table. At June 30, 2024 and June 30, 2023, the carrying amount of the Company’s investment in Founders Table was $5,942 and $8,032, respectively, and is included in the consolidated balance sheets as a component of Investments and joint ventures. The Company also holds an investment in Hutchison Hain Organic Holdings Limited, a joint venture with HUTCHMED (China) Limited, accounted for under the equity method of accounting. The carrying amount of the remaining investments was $4,286 and $4,766 as of June 30, 2024 and June 30, 2023, respectively, and is included in the consolidated balance sheets as a component of Investments and joint ventures. 5942000080320004286000476600 15. FAIR VALUE MEASUREMENTS The Company’s financial assets and liabilities measured at fair value are required to be grouped in one of three levels. The levels prioritize the inputs used to measure the fair value of the assets or liabilities. These levels are: • Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; • Level 2 – Quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the asset or liability; and • Level 3 – Prices or

valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity). The following table presents by level within the fair value hierarchy, assets and liabilities measured at fair value on a recurring basis as of June 30, 2024: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:50.38%;"></td> <td style="width:1.22%;"></td> <td style="width:1%;"></td> <td style="width:9.184000000000001%;"></td> <td style="width:1%;"></td> <td style="width:1.22%;"></td> <td style="width:1%;"></td> <td style="width:9.184000000000001%;"></td> <td style="width:1%;"></td> <td style="width:1.22%;"></td> <td style="width:1%;"></td> <td style="width:9.184000000000001%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:top;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Total </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Quoted

Derivative Instruments The Company uses interest rate swaps to manage its interest rate risk and cross-currency swaps and foreign currency exchange contracts to manage its exposure to fluctuations in foreign currency exchange rates. The valuation of these instruments is determined using widely accepted valuation techniques, including discounted cash flow analysis on the expected cash flows of each derivative. This analysis reflects the contractual terms of the derivatives, including the period to maturity, and uses observable market-based inputs, including interest rate curves and implied volatilities. The fair values of interest rate swaps are determined using the market standard methodology of netting the discounted future fixed cash receipts (or payments) and the discounted expected variable cash payments (or receipts). The variable cash payments (or receipts) are based on an expectation of future interest rates (forward curves) derived from observable market interest rate curves. The Company incorporates credit valuation adjustments to appropriately reflect both the Company's nonperformance risk and the respective counterparty's nonperformance risk in the fair value measurements. In adjusting the fair value of the Company's derivative contracts for the effect of nonperformance risk, the Company has considered the impact of netting and any applicable credit enhancements, such as collateral postings, thresholds, mutual puts and guarantees. Although the Company has determined that the majority of the inputs used to value its derivatives fall within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with its derivatives utilize Level 3 inputs, such as estimates of current credit spreads to evaluate the likelihood of default by the Company and its counterparties. The Company has determined that the significance of the impact of the credit valuation adjustments made to its derivative contracts, which determination was based on the fair value of each individual contract, was not significant to the overall valuation. As a result, all of the derivatives held as of June 30, 2024 and June 30, 2023 were classified as Level 2 of the fair value hierarchy. Nonrecurring Fair Value Measurements The Company measures certain non-financial assets at fair value on a nonrecurring basis including goodwill, intangible assets, property and equipment and right-of-use lease assets. These assets were initially measured and recognized at amounts equal to the fair value determined as of the date of acquisition or purchase subject to changes in value only for foreign currency translation. Periodically, these assets are tested for impairment by comparing their respective carrying amounts to the estimated fair value of the reporting unit or asset group in which they reside. In the event any of these assets were to become impaired, the Company would recognize an impairment expense equal to the amount by which the carrying amount of the reporting unit, impaired asset or asset group exceeds its estimated fair value. For indefinite-lived intangible assets, the relief from royalty approach is dependent on a number of factors, including estimates of future growth and trends, royalty rates in the category of intellectual property, discount rates and other variables. Fair value measurements of reporting units are estimated using an income approach involving discounted cash flow models that contain certain Level 3 inputs requiring significant management judgment, including projections of economic conditions, customer demand and changes in competition, revenue growth rates, gross profit margins, operating margins, capital expenditures, working capital requirements, terminal growth rates and discount rates. Fair value measurements of the reporting units associated with the Company's goodwill balances and its indefinite-lived intangible assets are estimated at least annually in the fourth quarter of each fiscal year for purposes of impairment testing if a quantitative analysis is performed. The Company bases its fair value estimates on assumptions its management believes to be reasonable, but which are unpredictable and inherently uncertain. As discussed in Note 8, Goodwill and Other Intangible Assets, the trademarks of Happy™, Joya®, ParmCrisps®, Thinsters®, Imagine®, Queen Helene® and certain North America personal care intangible assets were fair valued on a nonrecurring basis and classified as Level 3 assets in their respective reporting periods. As discussed in Note 6, Property, Plant and Equipment, Net, an asset group's property, plant and equipment were fair valued on a nonrecurring basis and classified as Level 3 assets in their respective reporting periods. The following table presents by level within the fair value hierarchy, assets and liabilities measured at fair value on a recurring basis as of June 30, 2024: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:50.38%;"></td> <td style="width:1.22%;"></td> <td style="width:1%;"></td> <td style="width:9.184000000000001%;"></td> <td style="width:1%;"></td> <td style="width:1.22%;"></td> <td style="width:1%;"></td> <td style="width:9.184000000000001%;"></td> <td style="width:1%;"></td> <td style="width:1.22%;"></td> <td style="width:1%;"></td> <td style="width:9.184000000000001%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:top;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Total </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td>

DERIVATIVES AND HEDGING ACTIVITIES Risk Management Objective of Using Derivatives The Company is exposed to certain risks arising from both its business operations and economic conditions. The Company manages its exposures to a wide variety of business and operational risks. The Company manages economic risks, including interest rate, liquidity, and credit risk primarily by managing the amount, sources and duration of its assets and liabilities and the use of derivative financial instruments. Specifically, the Company enters into derivative financial instruments to manage exposures that arise from business activities that result in the receipt or payment of future known and uncertain cash amounts, the value of which are determined by interest rates. The Company's derivative financial instruments are used to manage differences in the amount, timing, and duration of the Company's known or expected cash receipts and its known or expected cash payments principally related to the Company's receivables and borrowings. Certain of the Company's foreign operations expose the Company to fluctuations of foreign exchange rates. These fluctuations may impact the value of the Company's cash receipts and payments in terms of the Company's functional currency. The Company enters into derivative financial instruments to protect the value or fix the amount of certain assets and liabilities in terms of its functional currency, the U.S. Dollar. Accordingly, the Company uses derivative financial instruments to manage and mitigate such risks. The Company does not use derivatives for speculative or trading purposes. The Company has agreements with each of its derivative counterparties that contain a cross-default provision upon certain defaults by the Company on any of its indebtedness. Cash Flow Hedges of Interest Rate Risk The Company's objectives in using interest rate derivatives are to add stability to interest expense and to manage its exposure to interest rate movements. To accomplish this objective, the Company primarily uses interest rate swaps as part of its interest rate risk management strategy. Interest rate swaps designated as cash flow hedges involve the receipt of variable amounts from a counterparty in exchange for the Company making fixed-rate payments over the life of the agreements without exchange of the underlying notional amount. During fiscal 2024 and 2023, such derivatives were used to hedge the variable cash flows associated with existing variable rate debt. For derivatives designated and that qualify as cash flow hedges of interest rate risk, the gain or loss on the derivative is recorded in AOCL and subsequently reclassified into interest expense in the same period during which the hedged transaction affects earnings. Amounts reported in AOCL related to derivatives will be reclassified to interest expense as interest payments are made on the Company's variable rate debt. During fiscal 2025, the Company estimates that an additional $7,476 will be reclassified as a decrease to interest expense.</p><div style="font-size:10pt;font-family:Times New Roman;"><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">As of June 30, 2024, the Company had the following outstanding interest rate derivatives that were designated as cash flow hedges of interest rate risk:</p><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:justify;"> </p> <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:53.049%;"></td> <td style="width:1.8%;"></td> <td style="width:21.676%;"></td> <td style="width:1.8%;"></td> <td style="width:1%;"></td> <td style="width:19.676%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">Interest Rate Derivative</p></td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">Number of Instruments</p></td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">Notional Amount</p></td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;"> </p></td> </tr> <tr style="height:10pt;background-color:#cff0fc;word-break:break-word;"> <td style="white-space:pre-wrap;vertical-align:top;text-align:left;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">Interest rate swap</p></td> <td style="white-space:pre-wrap;vertical-align:bottom;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:left;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">4</p></td> <td style="white-space:pre-wrap;vertical-align:bottom;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td> <td style="white-space:nowrap;vertical-align:bottom;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"><span style="color:#000000;min-width:fit-content;">$ </td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 400,000 </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> </tr> </table> Cash Flow Hedges of Foreign Exchange Risk The Company is exposed to fluctuations in various foreign currencies against its functional currency, the U.S. Dollar. The Company, at times, also uses forward contracts to manage its exposure to fluctuations in the GBP-EUR exchange rates. The Company designates these derivatives as cash flow hedges of foreign exchange risks. For derivatives designated and that qualify as cash flow hedges of foreign exchange risk, the gain or loss on the derivative is recorded in AOCL and subsequently reclassified in the same period during which the hedged transaction affects earnings within the same income statement line item as the earnings effect of the hedged transaction. During fiscal 2025, the Company estimates that no amount relating to cross-currency swaps will be reclassified to interest expense. As of June 30, 2024, the Company had no outstanding foreign currency derivatives that were used to hedge its foreign exchange risks. Net Investment Hedges The Company is exposed to fluctuations in foreign exchange rates on investments it holds in its European foreign entities and their exposure to the Euro. The Company uses fixed-to-fixed cross-currency swaps to hedge its exposure to changes in the foreign exchange rate on its foreign investment in Western Europe. Currency forward agreements involve fixing the USD-EUR exchange rate for delivery of a specified amount of foreign currency on a specified date. The currency forward agreements are typically cash settled in U.S. Dollars for their fair value at or close to their settlement date. Cross-currency swaps involve the receipt of functional-currency-fixed-rate amounts from a counterparty in exchange for the Company making foreign-currency-fixed-rate payments over the life of the agreement. For derivatives designated as net investment hedges, the gain or loss on the derivative is reported in AOCL as part of the cumulative translation adjustment. Amounts are reclassified out of AOCL into earnings when the hedged net investment is either sold or substantially liquidated.

As of June 30, 2024, the Company had the following outstanding foreign currency derivatives that were used to hedge its net investments in foreign operations: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:27.64%;"></td> <td style="width:1.84%;"></td> <td style="width:22.28%;"></td> <td style="width:1.84%;"></td> <td style="width:1%;"></td> <td style="width:20.279999999999998%;"></td> <td style="width:1%;"></td> <td style="width:1.84%;"></td> <td style="width:1%;"></td> <td style="width:20.279999999999998%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Foreign Currency Derivative </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Number of Instruments </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Notional Sold </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Notional Purchased </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> </td> </tr> <tr style="height:10pt;background-color:#cff0fc;word-break:break-word;"> <td style="white-space:pre-wrap;vertical-align:top;text-align:left;"> Cross-currency swap </td> <td style="white-space:pre-wrap;vertical-align:bottom;"> </td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:left;"> 1 </td> <td style="white-space:pre-wrap;vertical-align:bottom;"> </td> <td style="white-space:nowrap;vertical-align:bottom;"> € </td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 24,700 </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> <td style="white-space:pre-wrap;vertical-align:bottom;"> </td> <td style="white-space:nowrap;vertical-align:bottom;"> $ </td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 26,021 </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> </tr> </table> As of June 30, 2024, the following amounts were recorded on the consolidated balance sheets related to cumulative basis adjustment for fair value hedges: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:33.267%;"></td> <td style="width:1.4%;"></td> <td style="width:1%;"></td> <td style="width:13.283000000000001%;"></td> <td style="width:1%;"></td> <td style="width:1.4%;"></td> <td style="width:1%;"></td> <td style="width:13.283000000000001%;"></td> <td style="width:1%;"></td> <td style="width:1.4%;"></td> <td style="width:1%;"></td> <td style="width:13.283000000000001%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;text-align:left;"> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> Carrying Amount of the Hedged Asset </td> <td

17. COMMITMENTS AND CONTINGENCIES Securities Class Actions Filed in Federal Court On August 17, 2016, three securities class action complaints were filed in the Eastern District of New York (the “District Court”) against the Company alleging violations of Sections 10(b) and 20(a) of the Securities Exchange Act of 1934: (1) Flora v. The Hain Celestial Group, Inc., et al.; (2) Lynn v. The Hain Celestial Group, Inc., et al.; and (3) Spadola v. The Hain Celestial Group, Inc., et al. (collectively, the “Securities Complaints”). The Securities Complaints were ultimately consolidated under the caption In re The Hain Celestial Group, Inc. Securities Litigation (the “Consolidated Securities Action”), and Rosewood Funeral Home and Salamon Gimpel were appointed as Co-Lead Plaintiffs. During the summer of 2017, a Corrected Consolidated Amended Complaint was filed, which named as defendants the Company and certain of its former officers (collectively, “Defendants”) and asserted violations of Sections 10(b) and 20(a) of the Securities Exchange Act of 1934 based on allegedly materially false or misleading statements and omissions in public statements, press releases and SEC filings regarding the Company’s business, prospects, financial results and internal controls. After Defendants’ initial motion to dismiss was granted without prejudice to replead in October 2017, the Co-Lead Plaintiffs filed a Second Amended Consolidated Class Action Complaint on May 6, 2019 (the “Second Amended Complaint”). The Second Amended Complaint again named as defendants the Company and certain of its former officers and asserted violations of Sections 10(b) and 20(a) of the Securities Exchange Act of 1934 based on allegations similar to those in the Correct Consolidated Amended Complaint. Defendants filed a motion to dismiss the Second Amended Complaint on June 20, 2019. On April 6, 2020, the District Court granted Defendants’ motion to dismiss the Second Amended Complaint in its entirety, with prejudice. Co-Lead Plaintiffs appealed the District Court’s decision dismissing the Second Amended Complaint to the United States Court of Appeals for the Second Circuit (the “Second Circuit”). By decision dated December 17, 2021, the Second Circuit vacated the District Court’s judgment and remanded the case for further proceedings. The parties ultimately submitted supplemental briefing between May 12, 2022 and June 23, 2022, and in June 2022, the District Court referred Defendants’ Motion to Dismiss the Second Amended Complaint to a United States Magistrate Judge (the “Magistrate Judge”) for a Report and Recommendation. On November 4, 2022, the Magistrate Judge issued a Report and Recommendation recommending that the District Court grant Defendants’ Motion to Dismiss the Second Amended Complaint with prejudice. On September 29, 2023, the District Court granted Defendants’ Motion to Dismiss the Second Amended Complaint. Co-Lead Plaintiffs filed notice of appeal on October 26, 2023, appealing the District Court’s decision dismissing the Second Amended Complaint to the Second Circuit. Co-Lead Plaintiffs filed their opening brief on February 12, 2024. Defendants opposed, and the appeal is fully briefed as of June 3, 2024. <span

style="color:#000000;white-space:pre-wrap;font-size:10pt;font-family:Times New Roman;font-style:italic;min-width:fit-content;">Additional Stockholder Class Action and Derivative Complaints Filed in Federal Court The former Board of Directors and certain former officers of the Company are defendants in a consolidated action originally filed in 2017 in the Eastern District of New York under the captions Silva v. Simon, et al., Barnes v. Simon, et al., Merenstein v. Heyer, et al., and Oliver v. Berke, et al. Plaintiffs in the consolidated action, In re The Hain Celestial Group, Inc. Stockholder Class and Derivative Litigation (the "Consolidated Stockholder Class and Derivative Action"), allege the violation of securities law, breach of fiduciary duty, waste of corporate assets and unjust enrichment. The plaintiffs alleged in their Amended Complaint that the Company's former directors and certain former officers made materially false and misleading statements in press releases and SEC filings regarding the Company's business, prospects and financial results and that the Company violated its by-laws and Delaware law by failing to hold its 2016 Annual Stockholders Meeting and includes claims for breach of fiduciary duty, unjust enrichment and corporate waste. On December 20, 2017, the parties agreed to stay Defendants' time to answer, move, or otherwise respond to the consolidated amended complaint through and including 30 days after a decision was rendered on the motion to dismiss the Amended Complaint in the Consolidated Securities Action, described above. After the District Court granted Defendants' motion to dismiss the Consolidated Securities Action, the Co-Lead Plaintiffs in that action filed a Second Amended Complaint on May 6, 2019. The parties to the Consolidated Stockholder Class and Derivative Action thereby agreed to continue the stay of Defendants' time to answer, move, or otherwise respond to the consolidated amended complaint through 30 days after a decision on Defendants' motion to dismiss the Second Amended Complaint in the Consolidated Securities Action. On April 6, 2020, the District Court granted Defendants' motion to dismiss the Second Amended Complaint in the Consolidated Securities Action, with prejudice. Pursuant to the terms of an agreed-upon stay, Defendants in the Consolidated Stockholder Class and Derivative Action had until May 6, 2020 to answer, move, or otherwise respond to the complaint in this matter. This deadline was extended, and Defendants moved to dismiss the Consolidated Stockholder Class and Derivative Action Complaint on June 23, 2020, with Plaintiffs' opposition due August 7, 2020. On July 24, 2020, Plaintiffs made a stockholder litigation demand on the current Board containing overlapping factual allegations to those set forth in the Consolidated Stockholder Class and Derivative Action. On November 3, 2020, Plaintiffs were informed that the Board of Directors had finished investigating and resolved, among other things, that the demand should be rejected. In light of the Second Circuit vacating the District Court's judgment in the Consolidated Securities Action referenced above and remanding the case for further proceedings, the Parties submitted a joint status report on December 29, 2021 requesting that the District Court continue the temporary stay pending the District Court's reconsideration of the Defendants' motion to dismiss the Second Amended Complaint in the Consolidated Securities Action. The parties have most recently agreed to extend the stay through the earlier of November 8, 2024 or 30 days after the Second Circuit issues a decision on Plaintiffs' currently pending appeal. Baby Food Litigation Since February 2021, the Company has been named in numerous consumer class actions alleging that the Company's Earth's Best® baby food products (the "Products") contain unsafe and undisclosed levels of various naturally occurring heavy metals, namely lead, arsenic, cadmium and mercury. Those actions have now been transferred and consolidated as a single lawsuit in the U.S. District Court for the Eastern District of New York captioned In re Hain Celestial Heavy Metals Baby Food Litigation, Case No. 2:21-cv-678 (the "Consolidated Proceeding"), which generally alleges that the Company violated various state consumer protection laws and asserts other state and common law warranty and unjust enrichment claims related to the alleged failure to disclose the presence of these metals, arguing that consumers would have either not purchased the Products or would have paid less for them had the Company made adequate disclosures. The Company filed a motion to dismiss the Consolidated Class Action Complaint on November 7, 2022, which was opposed by the plaintiffs. On May 9, 2023, upon consent of the parties, the Court stayed the Consolidated Proceeding pending the Second Circuit's decision on appeal in In re Beech-Nut Nutrition Co. Baby Food Litigation, 21 Civ. 133 (N.D.N.Y.) (the "Beech-Nut Case"). Accordingly, the Court denied the Company's motion to dismiss without prejudice to renew. By summary order dated January 18, 2024, the Second Circuit vacated the judgment dismissing the Beech-Nut Case and remanded for further proceedings. On February 15, 2024, the Company served a renewed motion to dismiss the Consolidated Proceeding. Plaintiffs served their opposition on March 14, 2024, and the Company served its reply on April 4, 2024. The Company's renewed motion to dismiss is now fully briefed and filed with the Court. The Court held oral argument on the Company's motion to dismiss on August 1, 2024. The parties await a decision. One consumer class action is pending in New York Supreme Court, Nassau County, which the court has stayed in deference to the Consolidated Proceeding. The Company denies the allegations in these lawsuits and contends that its baby foods are safe and properly labeled. The claims raised in these lawsuits were brought in the wake of a highly publicized report issued by the U.S. House of Representatives Subcommittee on Economic and Consumer Policy on Oversight and Reform, dated February 4, 2021 (the "House Report"), addressing the presence of heavy metals in baby foods made by certain manufacturers, including the Company. Since the publication of the House Report, the Company has also received information requests with respect to the advertising and quality of its baby foods from certain governmental authorities, as such authorities investigate the claims made in the House Report. The Company is fully cooperating with these requests and has provided documents and other requested information. The Company has been named in one civil government enforcement action, State of New Mexico ex rel. Balderas v. Nurture, Inc., et al., which was filed by the New Mexico Attorney General against the Company and several other manufacturers based on the alleged presence of heavy metals in their baby food products. The Company and several other manufacturers moved to dismiss the New Mexico Attorney General's lawsuit, and the Court denied that motion. The Company filed its answer to the New Mexico Attorney General's amended complaint on April 23, 2022. The Company and several other manufacturers moved for reconsideration of the Court's order denying its motion to dismiss, and the Court denied that motion as well. The Company denies the New Mexico Attorney General's allegations and maintains that its baby foods are safe, properly labeled, and compliant with New Mexico law. In addition to the consumer class actions discussed above, the Company is currently named in numerous lawsuits in state and federal courts alleging some form of personal injury from the ingestion of the Company's Products, purportedly due to unsafe and undisclosed levels of various naturally occurring heavy metals. These lawsuits generally allege injuries related to neurological development disorders such as autism and attention deficit hyperactivity disorder. Multidistrict Litigation • On January 4, 2024, Plaintiffs in federal cases across the country filed a Motion to Transfer Actions Pursuant to 28 U.S.C. § 1407 for Coordinated or Consolidated Pretrial Proceedings. On April 11, 2024, the United States Judicial Panel on Multidistrict Litigation granted Plaintiffs' Motion and transferred the cases to the Northern District of California for coordinated or consolidated pretrial proceedings. In Re: Baby Food Products Liability Litigation (MDL No. 3101) has been assigned to District Judge Jacqueline Scott Corley. On April 15, 2024, Judge Corley issued Pretrial Order No. 1 staying all outstanding discovery proceedings and pending motions and vacating all previously scheduled hearing dates. There are approximately 20 federal cases filed against the Company pending in the MDL. Plaintiffs filed their Master Complaint on July 15, 2024. Motions to dismiss the Master Complaint will be due on September 16, 2024. California State Court Cases • There are currently seven cases against the Company pending in California state court, including six in Los Angeles Superior Court and one in Alameda Superior Court. The Plaintiffs filed a Petition for Coordination to the Chair of the Judicial Council seeking to coordinate the Alameda Superior Court and Los Angeles Superior Court cases. The Judicial Council granted the JCCP petition on June 4, 2024. All cases, except one have been stayed. • In Landon R. v. The Hain Celestial Group, Inc., et al., No. 23STCV24844, in Los Angeles Superior Court, a jury trial is scheduled to begin on January 21, 2025. The parties are engaging in fact and expert discovery. Other Cases • In the matter Palmquist v. The Hain Celestial Group, Inc., a jury trial commenced on February 6, 2023 in the United States District Court for the Southern District of Texas. The Company moved for Directed Verdict at the close of Plaintiffs' case. The Court granted the Company's motion, finding no liability for the Company. The Court entered Final Judgment in the Company's favor on March 3, 2023. On April 3, 2023, Plaintiffs filed their Notice of Appeal in the Fifth Circuit. Plaintiffs' appeal is fully briefed and oral argument took place before the Fifth Circuit on February 6, 2024. On May 28, 2024, the Fifth Circuit reversed the district court's order denying Plaintiff's motion to remand the case and vacated the final judgement of the district court. On June 25, 2024, Hain filed a petition for en banc reconsideration, which petition is under review. The Company denies that its Products led to any of the alleged injuries and will defend these cases vigorously. That said, as is common in circumstances of this nature, additional lawsuits may be filed against the Company in the future, asserting similar or

*different legal theories and seeking similar or different types of damages and relief. Such lawsuits may be resolved in a manner adverse to us, and we may incur substantial costs or damages not covered by insurance, which could have a material adverse effect on our financial condition and business. SEC Investigation In November 2023, the staff of the SEC informed the Company it was conducting an investigation relating to Hain Celestial and requested documents primarily concerning (i) the Company's acquisition of one business and disposition of another business and certain related accounting matters and (ii) trading activity and other matters related to the Company's earnings guidance in certain previous fiscal years. The Company is cooperating with the SEC in this investigation. Other In addition to the matters described above, the Company is and may be a defendant in lawsuits from time to time in the normal course of business. With respect to all litigation and related matters, the Company records a liability when the Company believes it is probable that a liability has been incurred and the amount can be reasonably estimated. As of June 30, 2024, the Company has not recorded a liability for any of the matters disclosed in this note. It is possible that some matters could require the Company to pay damages, incur other costs or establish accruals in amounts that could not be reasonably estimated as of the end of the period covered by this report. 3P30DP30DP30D2071 18. TRANSFORMATION PROGRAM - HAIN REIMAGINED During the first quarter of fiscal year 2024, the Company initiated a multi-year growth, transformation and restructuring program (the "Hain Reimagined Program"). The Hain Reimagined Program is intended to optimize the Company's portfolio, improve underlying profitability and increase its flexibility to invest in targeted growth initiatives, brand building and other capabilities critical to delivering future growth. The savings initiatives are expected to impact the Company's reportable segments and Corporate and Other. Implementation of the Hain Reimagined Program is expected to be completed by the end of the 2027 fiscal year and is primarily comprised of contract termination costs, asset write-downs, employee-related costs and other transformation-related expenses. For the fiscal year ended June 30, 2024, expenses associated with the Hain Reimagined Program in the amount of $27,741, $24,782, and $7,725, respectively, were recorded in productivity and transformation costs, intangibles and long-lived asset impairment, and cost of sales, respectively, on the consolidated statements of operations.</p><div style="font-size:10pt;font-family:Times New Roman;"><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">The table below sets forth expenses associated with the Hain Reimagined Program for the fiscal year ended June 30, 2024 by reportable segment and Corporate and Other.</p><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;"> </p><table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"><tr style="visibility:collapse;"><td style="width:80.236%;"></td><td style="width:1.94%;"></td><td style="width:1%;"></td><td style="width:15.823%;"></td><td style="width:1%;"></td></tr><tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"><td style="vertical-align:bottom;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;"> </p></td><td style="vertical-align:bottom;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td><td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">Fiscal Year Ended

DEFINED CONTRIBUTION PLANS The Company has a 401(k) Employee Retirement Plan (the "Plan") to provide retirement benefits for eligible employees. All full-time employees of the Company and its wholly-owned domestic subsidiaries are eligible to participate upon completion of 30 days of service. On an annual basis, the Company may, in its sole discretion, make certain matching contributions. For the fiscal years ended June 30, 2024, 2023 and 2022, the Company made contributions to the Plan of $2,560, $2,307 and $2,091, respectively, and recorded retirement plan expense in the amount of $2,675, $2,457 and $2,141, respectively. In addition, while certain of the Company's international subsidiaries maintain separate defined contribution plans for their employees, except for the U.K., the amounts are not significant to the Company's consolidated financial statements. Certain U.K. subsidiaries offer an auto-enrollment defined contribution plan to all employees. Employees must be aged 22 or over but under the State Pension age and have earned over £10. Employees outside of these criteria have the option to opt-in. Employees must contribute a minimum percentage to the plan and the U.K. subsidiaries make matching contributions. For the fiscal years ended June 30, 2024, 2023 and 2022, there were contributions and retirement plan expense recorded in the amount of $2,421, $2,096 and $2,379, respectively. P30D2560000230700020910002675000245700021410001000024210002096000237900 20. SEGMENT INFORMATION The Company's organizational structure consists of two geographic based reportable segments: North America and International, which are also the operating segments. This structure is in line with how the Company's Chief Operating Decision Maker ("CODM") assesses the Company's performance and allocates resources. The Company uses segment net sales and segment Adjusted EBITDA in order to analyze segment results and trends. Segment Adjusted EBITDA excludes: net interest expense, income taxes, depreciation and amortization, equity in net loss of equity-method investees, stock-based compensation, net, unrealized currency losses, certain litigation and related costs, plant closure related costs, net, productivity and transformation costs, warehouse and manufacturing consolidation and other costs, net, costs associated with acquisitions, divestitures and other transactions, loss (gain) on sale of assets, intangibles and long-lived asset impairments and other adjustments. In addition, Segment Adjusted EBITDA does not include Corporate and Other expenses related to the Company's centralized administrative functions, which do not specifically relate to a reportable segment. Such Corporate and Other expenses are comprised mainly of compensation and related expenses of certain of the Company's senior executive officers and other employees who perform duties related to the entire enterprise, litigation expense and expenses for certain professional fees, facilities, and other items which benefit the Company as a whole. The following tables set forth financial information about each of the Company's reportable segments. Information about total assets by segment is not disclosed because such information is not reported to or used by the Company's CODM for purposes of assessing segment performance or allocating resources. Transactions between reportable segments were insignificant for all periods presented. <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:57.477%;"></td> <td style="width:1.399%;"></td> <td style="width:1%;"></td> <td style="width:10.776%;"></td> <td style="width:1%;"></td> <td style="width:1.399%;"></td> <td style="width:1%;"></td> <td style="width:10.776%;"></td> <td style="width:1%;"></td> <td style="width:1.399%;"></td> <td style="width:1%;"></td> <td style="width:10.776%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:bottom;text-align:left;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="10" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Fiscal Year Ended June 30, </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> </td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:bottom;text-align:left;"> </td> <td style="vertical-align:bottom;"> <span

RELATED PARTY TRANSACTIONS   On November 9, 2021, the Company entered into a share repurchase agreement with the Selling Stockholders, which are affiliates of Engaged Capital, LLC, pursuant to which the Company agreed to repurchase, directly from the Selling Stockholders, 1,700 shares of the Company's common stock for $45.00 per share (the "Share Repurchase"), which equaled the price at which the Underwriter (as defined below) purchased shares from the Selling Stockholders, net of underwriting commissions and discounts, in an underwritten public offering that launched on November 10, 2021, whereby the Selling Stockholders sold certain other shares of common stock (the "Offering"). The last reported sale price of the Company's common stock on the NASDAQ Global Select Market on November 9, 2021 was $47.95 per share. In connection with the Offering, on November 10, 2021, the Company entered into an underwriting agreement with Morgan Stanley & Co. LLC, as underwriter (the "Underwriter"), and the Selling Stockholders. The Share Repurchase and the Offering were completed on November 15, 2021. The aggregate price paid by the Company for the Share Repurchase was $76,500, which the Company funded with borrowings under the Credit Agreement. The Company did not receive any proceeds from the Offering. The Founder and Chief Investment Officer of Engaged Capital, LLC was a member of the Company's Board of Directors at the time of the Share Repurchase and the Offering. 17000004547.9576500000falsefalsefalsefalsefalse The Hain Celestial Group, Inc. and Subsidiaries Schedule II - Valuation and Qualifying Accounts   <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:50.38%;"></td> <td style="width:1.22%;"></td> <td style="width:1%;"></td> <td style="width:9.184000000000001%;"></td> <td style="width:1%;"></td> <td style="width:1.22%;"></td> <td style="width:1%;"></td> <td style="width:9.184000000000001%;"></td> <td style="width:1%;"></td> <td style="width:1.22%;"></td> <td style="width:1%;"></td> <td style="width:9.184000000000001%;"></td> <td style="width:1%;"></td> <td style="width:1.22%;"></td> <td style="width:1%;"></td> <td style="width:9.184000000000001%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> Column A </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #fffff03;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-
