PROSPECTUSÂ SUBJECT TO COMPLETION, DATED SEPTEMBER 5, 2024Â EDIBLE GARDEN AG INCORPORATEDÂ Up to 4,672,898 Units, each consisting ofÂ One Share of Common Stock or One Pre-Funded Warrant to purchase One Share of Common Stock and One Warrant to purchase up to One Share of Common StockÂ Up to 4,672,898 Shares of Common Stock Underlying the Pre-Funded Warrants Â Up to 4,672,898 Shares of Common Stock Underlying the WarrantsÂ Up to 233,645 Placement Agent Warrants to purchase up to 233,645 Shares of Common StockÂ Up to 233,645 Shares of Common Stock Underlying the Placement Agent WarrantsÂ We are offering on a reasonable best efforts basis up to 4,672,898Â units (â€œUnitsâ€), each consisting of one share of common stock, par value \$0.0001 per share (â€œcommon stockâ€) and one warrant (â€œwarrantâ€) to purchase one share of common stock at an assumed public offering price of \$1.07 per Unit, which was the closing price of our common stock on the Nasdaq Capital Market (â€œNasdaqâ€) on September 3, 2024, for gross proceeds of up to \$5 million. The public offering price per Unit will be determined between us and the placement agent based on market conditions at the time of pricing, and may be at a discount to the then current market price of our common stock. Therefore, the recent market price of our common stock referenced throughout this preliminary prospectus may not be indicative of the final offering price per Unit. The Units have no stand-alone rights and will not be certified or issued as stand-alone securities. The common stock or Pre-Funded Warrants (as defined below) and warrants are immediately separable and will be issued separately in this offering. Each warrant will be immediately exercisable for one share of common stock at an assumed exercise price of \$1.07 per share (100% of the assumed public offering price per Unit) and will expire five years from the date of issuance.Â Our common stock is listed on Nasdaq under the symbol â€œEDBL.â€ The closing price of our common stock on Nasdaq on September 3, 2024 was \$1.07 per share. We are not currently in compliance with Nasdaqâ€™s stockholdersâ€™ equity rule because our stockholdersâ€™ equity is less than the required minimum of \$2,500,000 and we do not satisfy an alternative compliance standard. We have received an extension from Nasdaq to comply with this rule and we must evidence compliance by October 8, 2024. If we are not able to regain compliance by that deadline, our common stock may be delisted from Nasdaq. See â€œProspectus Summary - Recent Developments - Nasdaq Compliance.â€ As of June 30, 2024, our stockholdersâ€™ equity was \$0.5 million. We must increase our stockholdersâ€™ equity by at least \$2 million to regain compliance with this rule. If we are not able to raise sufficient capital in this offering, we may be unable to regain compliance with Nasdaqâ€™s listing standards and our securities could be subject to delisting.Â We are also offering to investors in Units that would otherwise result in the investorâ€™s beneficial ownership exceeding 4.99% of our outstanding common stock immediately following the consummation of this offering the opportunity to invest in Units consisting of one pre-funded warrant to purchase one share of common stock (â€œPre-Funded Warrantâ€) (in lieu of one share of common stock) and one warrant. Subject to limited exceptions, a holder of Pre-Funded Warrants will not have the right to exercise any portion of its Pre-Funded Warrants if the holder, together with its affiliates, would beneficially own in excess of 4.99% (or, at the election of the holder, such limit may be increased to up to 9.99%) of the common stock outstanding immediately after giving effect to such exercise. Each Pre-Funded Warrant will be exercisable for one share of common stock. The purchase price of each Unit including a Pre-Funded Warrant will be equal to the price per Unit including one share of common stock, minus \$0.01, and the exercise price of each Pre-Funded Warrant will equal \$0.01 per share. The Pre-Funded Warrants will be immediately exercisable (subject to the beneficial ownership cap) and

may be exercised at any time until all of the Pre-Funded Warrants are exercised in full. For each Unit including a Pre-Funded Warrant purchased (without regard to any limitation on exercise set forth therein), the number of Units including a share of common stock we are offering will be decreased on a one-for-one basis. The Units have no stand-alone rights and will not be certificated or issued as stand-alone securities. The shares of common stock (or Pre-Funded Warrants) and the warrants comprising the Units are immediately separable and will be issued separately in this offering. The securities will be offered at a fixed price and are expected to be issued in a single closing. We expect this offering to be completed not later than one business day following the commencement of sales in this offering (after the effective date of the registration statement of which this prospectus forms a part) and we will deliver all securities to be issued in connection with this offering delivery versus payment or receipt versus payment, as the case may be, upon receipt of investor funds received by us. Accordingly, neither we nor the placement agent have made any arrangements to place investor funds in an escrow account or trust account since the placement agent will not receive investor funds in connection with the sale of the securities offered hereunder. We have engaged Maxim Group LLC (the "placement agent" or "Maxim"), to act as our exclusive placement agent in connection with this offering. The placement agent has agreed to use its reasonable best efforts to arrange for the sale of the securities offered by this prospectus. The placement agent is not purchasing or selling any of the securities we are offering and the placement agent is not required to arrange the purchase or sale of any specific number of securities or dollar amount. We have agreed to pay to the placement agent the placement agent fees set forth in the table below, which assumes that we sell all of the securities offered by this prospectus. There is no arrangement for funds to be received in escrow, trust or similar arrangement. There is no minimum offering requirement as a condition of closing of this offering. We may sell fewer than all of the Units offered hereby, which may significantly reduce the amount of proceeds received by us. Because there is no escrow account and no minimum number of securities or amount of proceeds, investors could be in a position where they have invested in us, but we have not raised sufficient proceeds in this offering to adequately fund the intended uses of the proceeds as described in this prospectus, including regaining compliance with Nasdaq's listing standards. See "Risk Factors" for more information regarding risks related to this offering. We will bear all costs associated with the offering. See "Plan of Distribution" for more information regarding these arrangements. There is no established trading market for the Pre-Funded Warrants or the warrants and we do not expect an active trading market to develop. We do not intend to list the Pre-Funded Warrants or the warrants on any securities exchange or other trading market. Without an active trading market, the liquidity of these securities will be limited. On April 5, 2024 at 12:01 A.M. Eastern Time, we effected a reverse stock split of our common stock at a ratio of 1-for-20. Unless otherwise noted, the share and per share information in this prospectus reflects the effect of the reverse stock split. We are an "emerging growth company," as defined under the federal securities laws and, as such, we have elected to comply with certain reduced public company reporting requirements for this prospectus and future filings. See "Prospectus Summary - Implications of Being an Emerging Growth Company and Smaller Reporting Company." Investing in our securities is speculative and involves a high degree of risk. You should carefully consider the risk factors beginning on page 11 of this prospectus before purchasing our securities. Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense. See "Plan of Distribution" for a description of the compensation to be received by the placement agent. actual results could differ materially from those anticipated in such forward-looking statements as a result of certain factors, including those discussed in the “Risk Factors” and other sections included in or incorporated by reference herein. In this prospectus, unless otherwise stated or the context otherwise requires, references to “Edible Garden,” the “Company,” “we,” “us,” “our,” or similar references mean Edible Garden AG Incorporated and its subsidiaries on a consolidated basis. Our Company Edible Garden is a controlled environment agriculture (“CEA”) farming company. We use traditional agricultural growing techniques together with technology to grow fresh, organic food, sustainably and safely while improving traceability. We use the controlled environment of traditional greenhouse structures, such as glass greenhouses, together with hydroponic and vertical greenhouses to sustainably grow organic herbs and lettuces. In our hydroponic greenhouse, we grow plants without soil. Instead of planting one row of lettuce in the ground, by using a vertical greenhouse, we can grow many towers of lettuce in the same area by planting up instead of planting across. Growing these products sustainably means that we avoid depleting natural resources in order to maintain an ecological balance, such as by renewing, reusing and recycling materials in order to lower the overall one-time use of materials. Our controlled greenhouse facilities allow us to grow consistent quality herbs and lettuces year-round, first by eliminating some of the variability of outdoor farming with our CEA techniques, and second by leveraging our proprietary software, GreenThumb. In addition to using hydroponic and vertical greenhouse systems, we use a “closed loop” system in our greenhouses. Generally, in a “closed loop” system, drain water is recollected and reused for irrigation. In our closed loop system, we also cycle water back into the system that has been collected through reverse osmosis. When compared to conventional agriculture, our closed looped systems and hydroponic methods use less land, less energy and less water (than legacy farms), thus conserving some of the planet’s limited natural resources. Our advanced systems are also designed to help mitigate contamination from harmful pathogens, including salmonella, e-coli and others. We have also developed patented software called GreenThumb that assists in tracking plants through our supply chain. Utilizing our GreenThumb software to track the status of our plants as they grow and move throughout the greenhouse allows us to add a layer of quality control due to the frequent monitoring of the growing process, leading to improved traceability. In this context, traceability means being able to track a plant through all stages of production and distribution. In addition to improving traceability, GreenThumb helps us better manage the day-to-day operations of our business. GreenThumb is a web-based greenhouse management and demand planning system that does the following: integrates in real-time with our cloud business software suite for monitoring daily sales data; generates reports by category, product, customer, and farm to allow us to analyze sales, trends, margins and retail shrink (spoiled product); provides dynamic pallet mapping for packout, which enables us to more efficiently ship our products; utilizes a proprietary algorithm that uses year-over-year and trending sales data to develop customer specific and aggregate product specific forecasting for our greenhouses; aggregates all greenhouse activity input to provide real-time inventory and availability reports of all products in our greenhouses; manages our online ordering system with user controlled product availability based upon greenhouse inventory; provides a route management system for coordinating the logistics of our direct store delivery program; and tracks all production activities at greenhouses, including sowing, spacing, dumping, spraying, picking and packing, using hand held devices. **Table of Contents** We also use our GreenThumb software to help monitor the quality of our products, and we have dedicated quality assurance and quality control personnel that check and monitor our products. We have customer service personnel that answer any questions the consumers of our products may have, and we regularly ask for feedback from our customers on the quality of our products. The combination of the GreenThumb software, quality assurance and control processes (including compliance with food safety standards), and feedback from consumers and purchasers holds us accountable for maintaining the quality of our herbs and lettuce. We focus our efforts on producing our herbs and vegetables in a sustainable manner that will reduce consumption of natural resources, by recycling water in our closed loop system and using LED lights instead of conventional lightbulbs to accelerate crop growth and yield, when necessary. In addition, the inventory management component of GreenThumb allows us to manage inventory levels, order quantities and fill rates while maximizing truck loads. This means that we are better able to control shipping our products in full truck loads and retailer backhaul programs, thus eliminating multiple deliveries and decreasing the excess emission of greenhouse gases that would result from many partially full trucks delivering our products. Together, these elements of our production and distribution process are intended to reduce our carbon footprint, or the total amount of greenhouse gases that are generated by our actions, as compared to a legacy farm business. We believe our focus on our brand “Edible Garden” is a significant differentiator. The brand not only lends itself to our current portfolio of products but allows us to develop other products in the “Consumer Brands” category. Our focus on sustainability, traceability, and social contribution, which we define as an ongoing effort to improve employee relations, working conditions, and local communities, presents our value proposition to our customers and supermarket partners and distributors. We have recently leveraged our brand recognition to offer more consumer products that are in many cases co-manufactured, such as sauces, fermented products and flavor enhancers. We believe that Edible Garden’s facilities comply with food safety and handling standards. We have food safety certifications from Primus GFS, a Global Food Safety Initiative certification program, the United States Department of Agriculture for Organic products, and some of our products are verified as non-genetically modified (“non-GMO”) by the non-GMO Project. We are licensed under the Perishable Agricultural Commodities Act to operate our business. We voluntarily comply with the Hazard Analysis Critical Control Point principles established by the United States Food and Drug Administration. See “Business - Overview” included in our Annual Report on Form 10-K for the year ended December 31, 2023 (the “2023 Form 10-K”) which is incorporated herein by reference for more information about our certifications, licenses and the standards we follow. We believe that the power of our brand together with the quality, innovative packaging, patented displays and traceability of our products allow all of our customers to associate Edible Garden with locally grown and sustainably sourced packaged herbs and vegetables. Our tag line “Simply Local, Simply Fresh” is intended to describe our business plan: growing herbs and lettuce in local farms in the regional communities where our customers sell our products so that the products stay fresher for longer. We believe this strategy allows us to drive local grass roots brand awareness while we grow our business to support our plan to become a national brand. As of June 30, 2024, we offer more than 130 stock keeping units (“SKUs”) and expect to further cross sell products across our supermarket partners to meet their demand. These products include: individually potted, live herbs; cut single-herb clamshells; specialty herb items; butterhead lettuce; wheatgrass hydro basil; vitamin and protein powder products; fermented hot sauces; and chili oil products. **Table of Contents** Production and Properties We utilize prime greenhouse locations in the Northeast, Midwest and Mid-Atlantic regions of the country, allowing us to provide local fresh and organic products to these local communities. Our locally grown and delivered products using a network of sustainable greenhouse farms provide local communities, retailers and consumers the quality they demand with the food safety they expect. The communities, retailers and

consumers benefit from this as this allows us to get our products to market in the shortest time without compromising the plantâ™s quality and nutritional value. The growing locations are chosen to be near key trucking lanes within hours of major cities to cut down on âœfood milesâ and fuel costs. We believe our strategy enhances our productsâ™ appeal to major consumer constituencies that desire products grown and delivered locally.Â Potential Growing CapacityÂ Consistent year round growing that adheres to our stringent sustainability protocols occurs in our greenhouse locations. The combination of: (1) our 5-acre, 200,000 square ft., flagship greenhouse location in Belvidere, NJ (âœFlagship Facilityâ); (2) our 5-acre, 200,000 square ft., Heartland Facility in Grand Rapids, Michigan (âœEdible Garden Heartlandâ); and (3) over 130,000 square feet of available growing capacity in contracted greenhouse space from contract growers, enables us to use standardized methods and a suite of proprietary technology innovations to operate these hydroponic greenhouses and deliver consistent, fresh produce. Although we have access to this growing capacity at our contracted greenhouses, we do not use all of this capacity at any one time. We work with the contract growers to have products grown in locations that are near our customers, and because of changes in customer demand or the ability of the contract grower to meet the terms of our purchase orders, the locations where our products are grown change over time. We believe we have sufficient potential growing capacity with contract growers, at Edible Garden Heartland and at our Flagship Facility to supply products to our existing customers.Â Since acquiring Edible Garden Heartland, we have integrated our GreenThumb software to improve traceability of our products and streamline supply chain efficiency. We recently installed several high-speed packing lines, allowing Edible Garden Heartland to operate at increased capacity and allowing us to begin shifting production from contract growers to in-house production, starting with potted herbs. We believe these developments will enhance our margins and help improve operating efficiency.Â Â 4Table of ContentsÂ Going ConcernÂ We have a history of operating losses since inception and expect to incur additional near-term losses. As discussed further in âœManagementâ™s Discussion and Analysis - Liquidity and Capital Resources,â included in the 2023 Form 10-K, which is incorporated herein by reference, our auditor has included a âœgoing concernâ explanatory paragraph in its report on our consolidated financial statements for the fiscal year ended December 31, 2023, expressing substantial doubt about our ability to continue as an ongoing business for the next twelve months. Our consolidated financial statements do not include any adjustments that may result from the outcome of this uncertainty. If we cannot secure the financing needed to continue as a viable business, our shareholders may lose some or all of their investment in us.Â Recent DevelopmentsÂ Cedar Cash Advance AgreementÂ On March 14, 2024, we entered into a standard merchant cash advance agreement (the âœAdvance Agreementâ) with Cedar Advance LLC (âœCedarâ), pursuant to which we agreed to sell \$1,491,000 of trade receivables to Cedar in exchange for \$1,000,000 of cash proceeds, after deducting \$50,000 for underwriting fees and other transaction expenses. On May 7, 2024, we entered into an amended and restated standard merchant cash advance agreement (the âœRestated Agreementâ) with Cedar that amends and restates the Advance Agreement. Except as amended by the Restated Agreement, the remaining terms of the Advance Agreement remain in full force and effect. Under the Restated Agreement, we sold Cedar an additional \$994,000 of our future accounts receivable for a purchase price of \$700,000, less aggregate fees and expenses of \$87,500, for additional net funds provided of \$544,250, bringing the total financing with Cedar to \$2,485,000 in accounts receivable sold for \$1,544,250 of net funds provided. Under the Restated Agreement, we are required to pay Cedar 35.0% of all funds collected weekly from customers for the sale of goods and services. Weekly, Cedar is authorized to withdraw \$65,000 of funds from our bank account until such time a reconciliation is provided calculating the 35.0% of collections owed to Cedar or until the total balance of \$2,485,000 is repaid. The Restated Agreement is collateralized by our cash and receivable accounts. In the event of a default (as defined in the Restated Agreement), Cedar, among other remedies, can enforce its security interest in the collateral and demand payment in full of the uncollected amount of receivables purchased plus all fees due under the Restated Agreement. As of June 30, 2024, we used \$821,000 of the proceeds received from the closing of the Offering, as defined below, to repay the remaining principal due for the Advance Agreement and \$297,000 to pay future interest that would have been due under the Advance Agreement under the original maturity date.Â Â 5Table of ContentsÂ Reverse Stock SplitÂ As of April 5, 2024, we effected a 1-for-20 reverse stock split of our outstanding common stock. The conversion or exercise prices of our issued and outstanding stock options and warrants were adjusted in connection with the reverse stock split.Â Nasdaq ComplianceÂ On April 11, 2024, we received letters from the Listing Qualifications Department of Nasdaq indicating that we did not comply with the minimum stockholdersâ™ equity requirement for continued listing on Nasdaq under Nasdaq Listing Rule 5550(b)(1) (the âœStockholdersâ™ Equity Ruleâ) and Nasdaq Listing Rule 5550(a)(4), which requires us to have a minimum of 500,000 publicly held shares (the âœPublicly Held Shares Ruleâ). These notices of noncompliance have no immediate impact on the continued listing or trading of our securities on Nasdaq, which will continue to be listed and traded on Nasdaq, subject to our compliance with the other Nasdaq continued listing requirements.Â On May 28, 2024, we submitted a letter to Nasdaq with our plan to regain compliance with the Stockholdersâ™ Equity Rule and on June 17, 2024, we received a letter from the Listing Qualifications Department of Nasdaq indicating that Nasdaq granted us until October 8, 2024 to regain compliance with the Stockholdersâ™ Equity Rule.Â On June 17, 2024, we received a letter from the Listing Qualifications Department of Nasdaq indicating that we had regained compliance with the Publicly Held Shares Rule.Â Â We intend to take all reasonable measures available to regain compliance under Nasdaqâ™s listing rules and remain listed on Nasdaq. There can be no assurance that we will ultimately regain compliance with all applicable requirements for continued listing. If we do not regain compliance with Nasdaqâ™s listing rules within the time period permitted by Nasdaq, then our securities will be delisted from Nasdaq.Â Public OfferingÂ On May 23, 2024, we closed on a best-efforts public offering (the âœOfferingâ) of (i) 2,437,000 common units, each consisting of one share of common stock, one Class A warrant (âœClass A Warrantâ) to purchase one share of common stock and one Class B warrant (âœClass B Warrant,â together with the Class A Warrants, the âœWarrantsâ) to purchase one share of common stock at a purchase price of \$2.26 per unit; and (ii) 218,000 pre-funded units, each consisting of one pre-funded warrant to purchase one share of common stock, one Class A Warrant and one Class B Warrant at a purchase price of \$2.25 per unit. The Warrants had an exercise price of \$2.26 per share, subject to an exercise price reset, which took effect on June 22, 2024 and reduced the exercise price of the Warrants to \$1.49 per share. Gross proceeds from the Offering, before deducting placement agent fees and estimated offering expenses, were approximately \$6 million.Â Â 6Table of ContentsÂ Implications of Being an Emerging Growth Company and Smaller Reporting CompanyÂ We qualify as an âœemerging growth companyâ as defined in the Jumpstart Our Business Startups Act of 2012 (the âœJOBS Actâ). As a result, we rely on exemptions from certain disclosure requirements that are applicable to other companies that are not emerging growth companies. Accordingly, we have included detailed compensation information for only our three most highly compensated executive officers and have not included a compensation discussion and analysis of our executive compensation programs in this prospectus. In addition, for so long as we are an âœemerging growth company,â we will not be required

to: engage an auditor to report on our internal controls over financial reporting pursuant to Section 404(b) of the Sarbanes-Oxley Act of 2002; comply with any requirement that may be adopted by the Public Company Accounting Oversight Board regarding mandatory audit firm rotation or a supplement to the auditor's report providing additional information about the audit and the financial statements; comply with new or revised accounting standards applicable to public companies as quickly as other public companies; submit certain executive compensation matters to stockholder advisory votes, such as say-on-pay, say-on-frequency, and say-on-golden parachutes; or disclose certain executive compensation related items such as the correlation between executive compensation and performance and comparison of the chief executive officer's compensation to median employee compensation. In addition, the JOBS Act provides that an emerging growth company can use the extended transition period for complying with new or revised accounting standards. We will remain an emerging growth company until the earliest to occur of: our reporting \$1.235 billion or more in annual gross revenues; our issuance, in a three-year period, of more than \$1 billion in non-convertible debt; the end of the fiscal year in which the market value of our common stock held by non-affiliates exceeds \$700 million on the last business day of our second fiscal quarter; and December 31, 2027. We cannot predict if investors will find our securities less attractive because we may rely on these exemptions, which could result in a less active trading market for our securities and increased volatility in the price of our securities. Finally, we are a smaller reporting company (and may continue to qualify as such even after we no longer qualify as an emerging growth company) and accordingly may provide less public disclosure than larger public companies, including the inclusion of only two years of audited financial statements and only two years of management's discussion and analysis of financial condition and results of operations disclosure. As a result, the information that we provide to our stockholders may be different than you might receive from other public reporting companies in which you hold equity interests. **Corporate Information** Our business is a successor business of a subsidiary of Terra Tech Corp. (now known as Blum Holdings, Inc.)(Terra Tech). We purchased substantially all of the assets of Edible Garden Corp., a subsidiary of Terra Tech, from Terra Tech as of March 30, 2020. Our company was incorporated on March 28, 2020 in the State of Wyoming as Edible Garden Inc. We subsequently changed our name to Edible Garden AG Incorporated on July 20, 2020, and we effected a stock split of 20 for 1 as of October 14, 2020. Effective July 7, 2021, our parent company, Edible Garden Holdings Inc., merged with and into us with us as the surviving entity. We converted into a Delaware corporation effective July 12, 2021. On September 8, 2021, we effected an additional forward stock split of 20 for 1. On January 26, 2023, we effected a reverse stock split of 1 for 30, and on April 5, 2024, we effected a reverse stock split of 1 for 20. Our principal address is 283 County Road 519, Belvidere, NJ 07823. Our telephone number is (908) 750-3953. We maintain a website at <https://ediblegardenag.com/>. The information contained on our website is not, and should not be interpreted to be, incorporated into this prospectus. **Table of Contents** **THE OFFERING** **Issuer**: Edible Garden AG Incorporated **Securities offered by us**: Up to 4,672,898 Units, each Unit consisting of one share of our common stock and one warrant to purchase one share of our common stock. Each warrant will have an assumed exercise price of \$1.07 per share (100% of the assumed public offering price of one Unit), is exercisable immediately and will expire five years from the date of issuance. We are also offering to investors in Units that would otherwise result in the investor's beneficial ownership exceeding 4.99% of our outstanding common stock immediately following the consummation of this offering the opportunity to invest in Units consisting of one Pre-Funded Warrant to purchase one share of common stock in lieu of one share of common stock and one warrant. For each Unit including a Pre-Funded Warrant purchased (without regard to any limitation on exercise set forth therein), the number of Units including a share of common stock we are offering will be decreased on a one-for-one basis. Subject to limited exceptions, a holder of Pre-Funded Warrants will not have the right to exercise any portion of its Pre-Funded Warrant if the holder, together with its affiliates, would beneficially own in excess of 4.99% (or, at the election of the holder, such limit may be increased to up to 9.99%) of the common stock outstanding immediately after giving effect to such exercise. Each Pre-Funded Warrant will be exercisable for one share of common stock. The purchase price of each Unit including a Pre-Funded Warrant will be equal to the price per Unit including one share of common stock, minus \$0.01, and the exercise price of each Pre-Funded Warrant will equal \$0.01 per share. The Pre-Funded Warrants will be immediately exercisable (subject to the beneficial ownership cap) and may be exercised at any time in perpetuity until all of the Pre-Funded Warrants are exercised in full. This offering also relates to the shares of common stock issuable upon the exercise of the Pre-Funded Warrants. The Units will not be certificated or issued in stand-alone form. The shares of our common stock (or Pre-Funded Warrants) and the warrants comprising the Units are immediately separable upon issuance and will be issued separately in this offering. **Number of shares of common stock being offered by us**: Up to 4,672,898 shares of common stock (assuming the sale of the maximum number of Units covered by this prospectus, no issuance of Pre-Funded Warrants, and no exercise of the warrants issued in this offering). **Number of warrants being offered by us**: Up to 4,672,898 warrants to purchase 4,672,898 shares of common stock. **Assumed public offering price**: \$1.07 per Unit, which is the assumed public offering price and the closing price of our common stock on Nasdaq on September 3, 2024. **Common stock outstanding immediately prior to this offering**: 3,160,392 shares. **Common stock to be outstanding immediately after this offering**: Up to 7,833,290 shares (assuming the sale of the maximum number of Units covered by this prospectus, no issuance of Pre-Funded Warrants, and no exercise of the warrants issued in this offering). **Table of Contents** **Use of proceeds**: Assuming the maximum number of Units are sold in this offering at an assumed public offering price of \$1.07 per Unit, which represents the closing price of our common stock on Nasdaq on September 3, 2024, and assuming no issuance of Pre-Funded Warrants in connection with this offering, we estimate that the net proceeds from our sale of Units in this offering will be approximately \$4.28 million, after deducting the placement agent fees and estimated offering expenses payable by us. However, because this is a reasonable best efforts offering with no minimum number of securities or amount of proceeds as a condition to closing, we may not sell all or any of these securities offered pursuant to this prospectus and we may receive significantly less in net proceeds. We currently intend to use the net proceeds from this offering for working capital, capital expenditures relating to growing our business, repayment of the Restated Agreement, payments due under a separation agreement with our former chief financial officer, a transaction bonus for our chief executive officer and general corporate purposes. See **Use of Proceeds**. **Description of warrants**: Each warrant will have an exercise price per share of 100% of the public offering price per Unit, will be exercisable immediately and will expire on the fifth anniversary of the original issuance date. Each warrant is exercisable for one share of common stock, subject to adjustment in the event of stock dividends, stock splits, stock combinations, reclassifications, reorganizations or similar events affecting our common stock as described herein. Each holder of warrants will be prohibited from exercising its warrant for shares of our common stock if, as a result of such exercise, the holder, together with its affiliates, would own more than 4.99% of the total number of shares of our common stock then issued and outstanding. However, any holder may increase such percentage

to any other percentage not in excess of 9.99%. The terms of the warrants will be governed by a Warrant Agent Agreement, dated as of the closing date of this offering, between us and Equiniti Trust Company, LLC, as the warrant agent (the "Warrant Agent"). This offering also relates to the offering of the shares of common stock issuable upon the exercise of the warrants. For more information regarding the warrants, you should carefully read the section titled "Description of Securities" in this prospectus. A Placement agent warrants: Upon the closing of this offering, we will issue to Maxim or its designee, as the placement agent in this offering, warrants entitling it to purchase a number of shares of common stock equal to 5.0% of the Units sold in this offering at an exercise price equal to no less than 100% of the public offering price in the offering (the "placement agent warrants"). The placement agent warrants shall be exercisable 180 days after the effective date of the registration statement of which this prospectus forms a part and will expire five years after the initial exercise date. This offering also relates to the offering of the shares of common stock issuable upon the exercise of the placement agent warrants. A Placement agent compensation: Upon the closing of this offering, we will pay Maxim a cash transaction fee equal to 7.0% of the aggregate gross cash proceeds to us from the sale of the securities in the offering (or 3.5% of the public offering price of the Units for any investors we introduce to the placement agent). In addition, we will reimburse Maxim for certain out-of-pocket expenses related to the offering. See "Plan of Distribution." Reasonable best efforts offering: We have agreed to offer and sell the securities offered hereby directly to the purchasers. We have retained Maxim Group LLC to act as our exclusive placement agent to use its reasonable best efforts to solicit offers to purchase the securities offered by this prospectus. A The placement agent is not required to buy or sell any specific number or dollar amount of the securities offered hereby. See "Plan of Distribution" beginning on page 26 of this prospectus. A Nasdaq trading symbol: Our common stock currently trades on Nasdaq under the symbol "EDBL." We do not intend to list the Pre-Funded Warrants or warrants offered hereunder on any stock exchange. A Transfer agent, warrant agent and registrar: The transfer agent and registrar for our common stock and the warrant agent for the warrants is Equiniti Trust Company, LLC. A Risk factors: The securities offered by this prospectus are speculative and involve a high degree of risk. Investors purchasing securities should not purchase the securities unless they can afford the loss of their entire investment. See "Risk Factors" beginning on page 11. A Table of Contents (1)The number of shares of our common stock to be outstanding following this offering is based on 3,160,392 outstanding shares of common stock as of September 3, 2024, and excludes: A A A 5,666,095 shares of our common stock issuable upon the exercise of warrants at a weighted average exercise price of \$5.68 per share (the "Outstanding Warrants"); A A 656,455 shares of common stock available for issuance under our 2022 Equity Incentive Plan, as amended (the "2022 Plan"); A A 1,090 shares of common stock issuable upon vesting of restricted stock units ("RSUs") granted pursuant to the 2022 Plan; A A 4,672,898 shares of our common stock issuable upon the exercise of the warrants to be issued in this offering; and A A 233,645 shares of our common stock issuable upon the exercise of the placement agent warrants to be issued in this offering. A A Unless otherwise indicated, this prospectus reflects and assumes that the following are not converted into, exchanged or exercised for shares of our common stock: A A A 5,666,095 shares of our common stock issuable upon the exercise of the Outstanding Warrants; A A 1,090 shares of common stock issuable upon vesting of RSUs granted pursuant to the 2022 Plan; A A 4,672,898 shares of our common stock issuable upon the exercise of the warrants to be issued in this offering; and A A 233,645 shares of our common stock issuable upon the exercise of the placement agent warrants to be issued in this offering. A A Unless otherwise indicated, this prospectus also assumes that no Pre-Funded Warrants are issued. Unless otherwise noted, the share and per share information in this prospectus reflects the effect of the reverse stock split of the common stock at a ratio of 1-for-20, which became effective April 5, 2024. A Table of Contents RISK FACTORS A Investing in our common stock and warrants is highly speculative and involves a significant degree of risk. You should carefully consider the following risks and uncertainties as well as the risks and uncertainties described in the section entitled "Risk Factors" contained in the 2023 Form 10-K, as well as in our subsequent Quarterly Reports filed with the Securities and Exchange Commission ("SEC"), which filings are incorporated in this prospectus by reference in their entirety, as well as in any prospectus supplement hereto. These risk factors could materially and adversely affect our business, results of operations or financial condition. Our business faces significant risks and the risks described below or incorporated by reference herein may not be the only risks we face. Additional risks not presently known to us or that we currently believe are immaterial may materially affect our business, results of operations, or financial condition. If any of these risks occur, the trading price of our common stock could decline and you may lose all or part of your investment. A Risks Related to this Offering and Ownership of our Securities A This is a reasonable best efforts offering, with no minimum amount of securities required to be sold, and we may sell fewer than all of the securities offered hereby. The placement agent has agreed to use its reasonable best efforts to solicit offers to purchase the Units in this offering. The placement agent has no obligation to buy any of the securities from us or to arrange for the purchase or sale of any specific number or dollar amount of the securities. There is no required minimum number of securities that must be sold as a condition to complete this offering. As there is no minimum offering amount required as a condition to the closing of this offering, the actual offering amount, placement agent fees and proceeds to us are not presently determinable and may be substantially less than the maximum amounts set forth in this prospectus. We may sell fewer than all of the securities offered hereby, which would significantly reduce the amount of proceeds received by us, and investors in this offering will not receive a refund in the event that we do not sell all of the Units offered in this offering. The success of this offering will impact our ability to use the proceeds to execute our business plans. We may have insufficient capital to implement our business plans, potentially resulting in greater operating losses or dilution unless we are able to raise capital from alternative sources. A Investors in this offering will experience immediate and substantial dilution in the book value of their investment. A The public offering price will be substantially higher than the net tangible book value per share of our outstanding shares of common stock. As a result, investors in this offering will incur immediate dilution of \$0.47 per share based on the assumed public offering price of \$1.07 per Unit. Investors in this offering will pay a price per Unit that substantially exceeds the book value of our assets after subtracting our liabilities. See "Dilution" for a more complete description of how the value of your investment will be diluted upon the completion of this offering. A Our management will have broad discretion over the use of the proceeds we receive in this offering and might not apply the proceeds in ways that increase the value of your investment. A Our management will have broad discretion over the use of our net proceeds from this offering, and you will be relying on the judgment of our management regarding the application of these proceeds. Our management might not apply our net proceeds in ways that ultimately increase the value of your investment. We expect to use the net proceeds from this offering for working capital, capital expenditures relating to growing our business, repayment of the Restated Agreement, payments due under a separation agreement with our former chief financial officer, a transaction bonus for our chief executive officer and general corporate purposes. Our management might not be able to yield a significant return, if any, on any investment of these net proceeds. You will not have the opportunity to influence our

decisions on how to use our net proceeds from this offering.Â Â Â 11Table of ContentsÂ We have a history of losses, expect to continue to incur losses in the near term and may not achieve or sustain profitability in the future, and as a result, our management has identified and our auditors agreed that there is a substantial doubt about our ability to continue as a going concern.Â We have incurred significant losses since our inception. We experienced net losses of approximately \$10.2 million and \$12.5 million for the years ended December 31, 2023 and 2022, respectively, and approximately \$5.9 million for the six months ended June 30, 2024. We expect our capital expenses and operational expenses to increase in the future due to increased sales and marketing expenses, operational costs, packhouse construction costs, and general and administrative costs and, therefore, our operating losses will continue or even increase at least through the near term. Furthermore, to the extent that we are successful in increasing our customer base, we will also incur increased expenses because costs associated with generating and supporting customer agreements are generally incurred up front, while revenue is generally recognized ratably over the term of the relationship. You should not rely upon our past results as indicative of future performance. We may not reach profitability in the near future or at any specific time in the future. If and when our operations do become profitable, we may not sustain profitability.Â The report of our independent registered public accounting firm that accompanies our audited consolidated financial statements in the 2023 Form 10-K contains a going concern qualification in which such firm expressed substantial doubt about our ability to continue as a going concern. Our consolidated financial statements do not include any adjustments that might result if we are unable to continue as a going concern. If we are unable to continue as a going concern, holders of our securities might lose their entire investment. Â We may not be able to repay, refinance, or restructure our substantial indebtedness, which would have a material adverse effect on our financial condition and may cause us to discontinue our business.Â The promissory note initially issued to Sament Capital Investments, Inc. and later assigned to third parties (the â€œSament Noteâ€) is secured by a security interest in all of our assets located at our Belvidere, New Jersey facility, and the promissory note (the â€œMichigan Noteâ€) issued in connection with our purchase of the assets of 2900 Madison Ave. SE, Grand Rapids, Michigan (the â€œPropertyâ€) is secured by a mortgage on the Property and a security interest in the assets at the Property. In addition, the balance under the Restated Agreement is collateralized by our cash and receivable accounts. As of June 30, 2024, we had short-term debt, net of discounts of \$4.9 million. Short-term debt, net of discounts, as of June 30, 2024, includes the outstanding principal balance under the Sament Note of \$3.1 million, \$308,000 of the outstanding balance of the Michigan Note and \$1.5 million of the outstanding balance of the Restated Agreement. We could be required to dispose of material assets or operations to meet our debt service and other obligations, and the value realized on such assets or operations will depend on market conditions and the availability of buyers. Accordingly, any such sale may not, among other things, be for a sufficient dollar amount and may limit our ability to adequately operate our business. If we were to attempt to sell material assets or operations, the foregoing encumbrances may limit our ability to dispose of material assets or operations.Â We cannot provide any assurances that we will be able to generate cash from operating activities or raise the necessary amount of capital to repay these obligations or that we will be able to extend the maturity dates or otherwise refinance these obligations. If we are unable to generate sufficient income or raise additional capital, we may default on our obligations under these loans and arrangements. We recognized net losses of \$5.9 million and \$10.2 million during the six months ended June 30, 2024 and the year ended December 31, 2023, respectively. As of June 30, 2024, we have an accumulated deficit of \$36.2 million. Our operating activities used \$5.6 million and \$8.5 million of cash during the six months ended June 30, 2024 and the year ended December 31, 2023, respectively. If we are unable to raise additional capital or improve our ability to generate cash from operating activities, we would not have sufficient cash on hand or available liquidity that can be utilized to repay our short-term debt obligations when they become due. If we were to default on our obligations under these loans and arrangements, the secured counterparties would have the right to our assets. In the event that the counterparties enforced their rights to our assets, we may have to discontinue our business, and our stockholders could lose all or a part of their investment in us.Â We are currently not in compliance with the Nasdaq continued listing requirements. If we are unable to regain compliance with Nasdaqâ€™s listing requirements, our securities could be delisted, which could affect our common stockâ€™s market price and liquidity and reduce our ability to raise capital.Â On April 11, 2024, we received a letter from the Listing Qualifications Department of Nasdaq indicating that we do not comply with the minimum stockholdersâ€™ equity requirement for continued listing on Nasdaq under the Stockholdersâ€™ Equity Rule because: (i) our stockholdersâ€™ equity was less than the required minimum of \$2,500,000; and (ii) as of August 14, 2024, we did not meet the alternative compliance standards of market value of listed securities of \$35 million or net income from continuing operations of \$500,000 in the most recently completed fiscal year or in two of the last three most recently completed fiscal years. As of June 30, 2024, our stockholdersâ€™ equity was \$0.5 million and we had not regained compliance with the Stockholdersâ€™ Equity Rule.Â Â 12Table of ContentsÂ On June 17, 2024, we received a letter from the Listing Qualifications Department of the Nasdaq Stock Market LLC indicating that Nasdaq granted the Company until October 8, 2024 to regain compliance with requirements for continued listing on Nasdaq.Â On or before October 8, 2024, we must evidence compliance with the Stockholdersâ€™ Equity Rule, which requires us to have a minimum \$2,500,000 in stockholdersâ€™ equity, \$35,000,000 market value of listed securities, or \$500,000 net income from continuing operations. If we fail to regain compliance with the Stockholdersâ€™ Equity Rule, or fail to evidence compliance with the Stockholdersâ€™ Equity Rule in our periodic report for the year ending December 31, 2024, we may be subject to delisting. In that event, we would have the right to a hearing before a Nasdaq hearings panel, which would stay any suspension or delisting action pending the conclusion of the hearing process and the expiration of any additional extension period granted by the panel following the hearing.Â We cannot assure you that we will be able to regain compliance with Nasdaq listing standards. Our failure to continue to meet these requirements would result in our common stock being delisted from Nasdaq, and if our common stock is delisted, our warrants will also be delisted. We and holders of our securities could be materially adversely impacted if our securities are delisted from Nasdaq. In particular:Â Â Â we may be unable to raise equity capital on acceptable terms or at all;Â Â we may lose the confidence of our customers, which would jeopardize our ability to continue our business as currently conducted;Â Â the price of our common stock will likely decrease as a result of the loss of market efficiencies associated with Nasdaq and the loss of federal preemption of state securities laws;Â Â holders may be unable to sell or purchase our securities when they wish to do so;Â Â we may become subject to stockholder litigation;Â Â we may lose the interest of institutional investors in our common stock;Â Â we may lose media and analyst coverage;Â Â our common stock could be considered a â€œpenny stock,â€ which would likely limit the level of trading activity in the secondary market for our common stock; andÂ Â we would likely lose any active trading market for our common stock, as it may only be traded on one of the over-the-counter markets, if at all.Â We may seek to raise additional funds, finance acquisitions or develop strategic relationships by issuing securities that would dilute your ownership. Depending on the terms available to us, if these activities result in significant dilution, it may negatively impact the trading price of our common stock. Â Any additional

financing that we secure may require the granting of rights, preferences or privileges senior to, or pari passu with, those of our common stock. Any issuances by us of equity securities may be at or below the prevailing market price of our common stock and in any event may have a dilutive impact on your ownership interest, which could cause the market price of our common stock to decline. We may also raise additional funds through the incurrence of debt or the issuance or sale of other securities or instruments senior to our shares of common stock, which may be highly dilutive. The holders of any securities or instruments we may issue may have rights superior to the rights of our common stockholders. If we experience dilution from the issuance of additional securities and we grant superior rights to new securities over holders of our common stock, it may negatively impact the trading price of our common stock and you may lose all or part of your investment.Â The warrants and the Pre-Funded Warrants are speculative in nature and there is not expected to be an active trading market for the warrants.Â The warrants and the Pre-Funded Warrants offered in this offering do not confer any rights of common stock ownership on their holders, such as voting rights or the right to receive dividends, but rather merely represent the right to acquire shares of our common stock at a fixed price for a limited period of time.

Specifically, commencing on the date of issuance, holders of the warrants may exercise their right to acquire the common stock and pay an exercise price of \$1.07 per share (100% of the public offering price of a Unit), prior to five years from the date of issuance, after which date any unexercised warrants will expire and have no further value. In the case of Pre-Funded Warrants, holders may exercise their right to acquire the common stock and pay an exercise price of \$0.01 per share. The Pre-Funded Warrants do not expire. In addition, there is no established trading market for the warrants or Pre-Funded Warrants and we do not expect an active trading market to develop. Without an active trading market, the liquidity of the warrants and Pre-Funded Warrants will be limited.Â 13Table of ContentsÂ Holders of the warrants or Pre-Funded Warrants will have no rights as a common stockholder until they acquire our common stock.Â Until holders of the warrants or Pre-Funded Warrants acquire shares of our common stock upon exercise of the warrants or Pre-Funded Warrants, the holders will have no rights with respect to shares of our common stock issuable upon exercise of the warrants or Pre-Funded Warrants. Upon exercise of the warrants or Pre-Funded Warrants, the holder will be entitled to exercise the rights of a common stockholder as to the security exercised only as to matters for which the record date occurs after the exercise.Â Provisions of the warrants could discourage an acquisition of us by a third party.Â Certain provisions of the warrants could make it more difficult or expensive for a third party to acquire us. The warrants prohibit us from engaging in certain transactions constituting âœfundamental transactionsâ unless, among other things, the surviving entity assumes our obligations under the warrants. These and other provisions of the warrants offered by this prospectus could prevent or deter a third party from acquiring us even where the acquisition could be beneficial to you.Â A possible âœshort squeezeâ due to a sudden increase in demand of our shares of common stock that largely exceeds supply may lead to price volatility in our shares of common stock.Â Following this offering, investors may purchase our shares of common stock to hedge existing exposure in our shares of common stock or to speculate on the price of our shares of common stock. Speculation on the price of our shares of common stock may involve long and short exposures. To the extent aggregate short exposure exceeds the number of shares of our common stock available for purchase in the open market, investors with short exposure may have to pay a premium to repurchase our shares of common stock for delivery to lenders of our shares of common stock. Those repurchases may in turn, dramatically increase the price of our shares of common stock until investors with short exposure are able to purchase additional common shares to cover their short position. This is often referred to as a âœshort squeeze.â A short squeeze could lead to volatile price movements in our shares of common stock that are not directly correlated to the performance or prospects of our company and once investors purchase the shares of common stock necessary to cover their short position the price of our common stock may decline.Â An active, liquid and orderly trading market for our common stock may not develop, the price of our stock may be volatile, and you could lose all or part of your investment.Â Even though our common stock is currently listed on Nasdaq, we cannot predict the extent to which investor interest in our company will lead to the development of an active trading market in our securities or how liquid that market might become. If such a market does not develop or is not sustained, it may be difficult for you to sell your shares of common stock at the time you wish to sell them, at a price that is attractive to you, or at all. There could be extreme fluctuations in the price of our common stock if there are a limited number of shares in our public float.Â The trading price of our common stock may be highly volatile and could be subject to wide fluctuations in response to various factors, some of which are beyond our control. Our stock price could be subject to wide fluctuations in response to a variety of factors, which include:Â Â whether we achieve our anticipated corporate objectives;Â Â actual or anticipated fluctuations in our quarterly or annual operating results;Â Â changes in our financial or operational estimates;Â Â our ability to implement our operational plans;Â Â changes in the economic performance or market valuations of companies similar to ours; andÂ Â general economic or political conditions in the United States or elsewhere.Â 14Table of ContentsÂ In addition, broad market and industry factors may seriously affect the market price of companiesâ™ stock, including ours, regardless of actual operating performance. These fluctuations may be even more pronounced in the trading market for our stock shortly following this offering. In addition, in the past, following periods of volatility in the overall market and the market price of a particular companyâ™s securities, securities class action litigation has often been instituted against these companies. This litigation, if instituted against us, could result in substantial costs and a diversion of our managementâ™s attention and resources.Â This offering may cause the trading price of our common stock to decrease.Â The number of shares of common stock underlying the securities we propose to issue and ultimately will issue if this offering is completed, may result in an immediate decrease in the trading price of our common stock. This decrease may continue after the completion of this offering. We cannot predict the effect, if any, that the availability of shares for future sale represented by the Pre-Funded Warrants or warrants issued in connection with the offering will have on the trading price of our common stock from time to time.Â If our shares of common stock become subject to the penny stock rules, it would become more difficult to trade our shares.Â The SEC has adopted rules that regulate broker-dealer practices in connection with transactions in penny stocks. Penny stocks are generally equity securities with a price of less than \$5.00, other than securities registered on certain national securities exchanges or authorized for quotation on certain automated quotation systems, provided that current price and volume information with respect to transactions in such securities is provided by the exchange or system. If we do not retain a listing on Nasdaq and if the price of our common stock is less than \$5.00, our common stock will be deemed a penny stock. The penny stock rules require a broker-dealer, before a transaction in a penny stock not otherwise exempt from those rules, to deliver a standardized risk disclosure document containing specified information. In addition, the penny stock rules require that before effecting any transaction in a penny stock not otherwise exempt from those rules, a broker-dealer must make a special written determination that the penny stock is a suitable investment for the purchaser and receive (i) the purchaserâ™s written acknowledgment of the receipt of a risk disclosure statement; (ii) a written agreement to transactions involving penny stocks; and (iii) a signed and dated copy of a written suitability statement. These disclosure requirements may have the

effect of reducing the trading activity in the secondary market for our common stock, and therefore stockholders may have difficulty selling their shares. If we were to dissolve, the holders of our securities may lose all or substantial amounts of their investments. If we were to dissolve as a corporation, as part of ceasing to do business or otherwise, we will be required to pay all amounts owed to any creditors before distributing any assets to holders of our capital stock. There is a risk that in the event of such a dissolution, there will be insufficient funds to repay amounts owed to holders of any of our indebtedness and insufficient assets to distribute to our capital stockholders, in which case investors could lose their entire investment. If securities or industry analysts do not publish or cease publishing research or reports about us, our business or our market, or if they change their recommendations regarding our securities adversely, our stock price and trading volume could decline. The trading market for our common stock is influenced by the research and reports that industry or securities analysts may publish about us, our business, our market or our competitors. If any of the analysts who may cover us change their recommendation regarding our common stock adversely, or provide more favorable relative recommendations about our competitors, our stock price would likely decline. If any analyst who may cover us were to cease coverage of our company or fail to regularly publish reports on us, we could lose visibility in the financial markets, which in turn could cause our stock price or trading volume to decline. In making your investment decision, you should understand that we and the placement agent have not authorized any other party to provide you with information concerning us or this offering. You should carefully evaluate all of the information in this prospectus before investing in our company. We may receive media coverage regarding our company, including coverage that is not directly attributable to statements made by our officers, that incorrectly reports on statements made by our officers or employees, or that is misleading as a result of omitting information provided by us, our officers or employees. We and the placement agent have not authorized any other party to provide you with information concerning us or this offering, and you should not rely on unauthorized information in making an investment decision. Purchasers who purchase our securities in this offering pursuant to a securities purchase agreement may have rights not available to purchasers that purchase without the benefit of a securities purchase agreement. In addition to rights and remedies available to all purchasers in this offering under federal securities and state law, the purchasers that enter into a securities purchase agreement will also be able to bring claims for breach of contract against us. The ability to pursue a claim for breach of contract provides those investors with the means to enforce the covenants uniquely available to them under the securities purchase agreement including timely delivery of shares and indemnification for breach of contract. A We caution you that the foregoing list may not contain all of the forward-looking statements made in this prospectus. We have based these forward-looking statements largely on our current expectations about future events and financial trends that we believe may affect our financial condition, results of operations, business strategy, short term and long-term business operations and objectives, and financial needs. These forward-looking statements are subject to a number of risks, uncertainties and assumptions, including those described in "Risk Factors." We undertake no obligation to update publicly any forward-looking statements for any reason after the date of this prospectus to conform these statements to actual results or to changes in our expectations. A You should read this prospectus and the documents that we reference in this prospectus and have filed with the SEC as exhibits to the registration statement of which this prospectus is a part with the understanding that our actual future results, levels of activity, performance and events and circumstances may be materially different from what we expect. A 16Table of Contents A USE OF PROCEEDS A We estimate that the net proceeds from this offering will be approximately \$4.28 million (assuming the sale of all Units offered hereby at the assumed public offering price of \$1.07 per unit, which represents the closing price of our common stock on Nasdaq on September 3, 2024 and assuming no issuance of Pre-Funded Warrants), after deducting placement agent fees and estimated offering expenses payable by us. However, because this is a reasonable best efforts offering with no minimum number of securities or amount of proceeds as a condition to closing, the actual offering amount, placement agent fees and net proceeds to us are not presently determinable and may be substantially less than the maximum amounts set forth on the cover page of this prospectus,

and we may not sell all or any of the securities we are offering. As a result, we may receive significantly less in net proceeds. Based on the assumed offering price set forth above, we estimate that our net proceeds from the sale of 75%, 50% or 25% of the Units offered in this offering would be approximately \$3.11 million, \$1.95 million and \$0.79 million, respectively, after deducting placement agent fees and estimated offering expenses payable by us. A \$0.50 increase (decrease) in the assumed public offering price of \$1.07 per Unit, would increase (decrease) the net proceeds to us from this offering by approximately \$2.55 million, assuming the number of shares offered by us, as set forth on the cover page of this prospectus, remains the same and after deducting placement agent fees. A We currently intend to use the net proceeds of this offering as follows: A A A-Capital expenditures relating to growing our business, including our greenhouse properties and improvements to the packhouse at both the New Jersey and Michigan facilities. In addition, we may include potential acquisitions of assets to further our business strategy. We have no current plans to acquire existing greenhouses, but we may do so as part of our growth strategy in the future;A A Up to \$108,333 may become payable if the former chief financial officer achieves milestones set forth in the separation agreement;A A Up to \$0.25 million to repay the Restated Agreement;A A \$100,000 as a cash bonus payable to our chief executive officer upon completion of this offering;A A The remainder as working capital and for general corporate purposes. A The actual allocation of proceeds realized from this offering will depend upon our operating revenue, cash position, our working capital requirements. We cannot currently allocate specific percentages of the net proceeds to us from this offering that we may use for these purposes. Therefore, as of the date of this prospectus, we cannot specify with certainty all of the particular uses for the net proceeds to be received upon the completion of this offering. Accordingly, we will have discretion in the application of the net proceeds, and investors will be relying on our judgment regarding the application of the proceeds of this offering. Pending our use of the net proceeds from this offering, we intend to invest the net proceeds in a variety of capital preservation investments, including short-term, investment-grade, interest-bearing instruments and U.S. government securities. A 17Table of ContentsA CAPITALIZATIONA The following table sets forth our capitalization as of June 30, 2024 as follows: A A A-on an actual basis;A A A-on an as adjusted basis to reflect the issuance and sale by us of 4,672,898 Units in this offering at the assumed public offering price of \$1.07 per Unit (assuming no issuance of Pre-Funded Warrants), after deducting placement agent fees and estimated offering expenses payable by us and the receipt by us of the proceeds of such saleA The information below is illustrative only. Our capitalization following the closing of this offering will change based on the actual public offering price and other terms of this offering determined at pricing. You should read this table in conjunction with âœManagementâ™s Discussion and Analysis of Financial Condition and Results of Operationsâ and the financial statements and related notes included in the 2023 Form 10-K, our Form 10-Q for the fiscal quarter ended June 30, 2024 and subsequent Exchange Act reports. A 18Table of ContentsA DILUTIONA If you invest in our Units in this offering, your investment will be immediately and substantially diluted to the extent of the difference between the public offering price per share of our common stock that is part of the Unit and the as adjusted net tangible book value per share of our common stock after giving effect to the offering. A Our net tangible book value (deficit) as of June 30, 2024 was \$394,303, or approximately \$0.12 per share. Net tangible book value per share represents our total tangible assets less total liabilities, divided by the number of shares of common stock outstanding. A As adjusted net tangible book value dilution per share of common stock to new investors represents the difference between the amount per share of common stock that is part of the Unit paid by investors in the offering and the net tangible book value per share of common stock immediately after completion of the offering. After giving effect to the offering and our sale of the Units in the offering at an assumed public offering price of \$1.07A per Unit, and after deduction of placement agent fees from gross proceeds raised in the offering and estimated offering expenses payable by us, our as adjusted net tangible book value as of June 30, 2024 would have been \$4.669 million, or \$0.60 per share of common stock. This represents an immediate increase in net tangible book value of \$0.47 per share of common stock to existing stockholders and an immediate dilution in net tangible book value of \$0.47 per share of common stock to investors of the offering, as illustrated in the following table, based on shares outstanding as of June 30, 2024. A The information below is illustrative only. The dilution caused by this offering will change based on the actual public offering price and other terms of this offering determined at pricing. You should read this table in conjunction with âœManagementâ™s Discussion and Analysis of Financial Condition and Results of Operationsâ and the financial statements and related notes included in the 2023 Form 10-K, our Form 10-Q for the fiscal quarter ended June 30, 2024 and subsequent Exchange Act reports. A If we only sell 75%, 50% or 25% of the maximum offering amount, our net tangible book value per share after this offering would be \$0.53, \$0.43 or \$0.27, respectively,

and the immediate dilution in net tangible book value per share to new investors purchasing Units in this offering would be \$0.54, \$0.64 or \$0.80, respectively, assuming no Pre-Funded Warrants are issued and no warrants are exercised, and after deducting placement agent fees and estimated offering expenses payable by us.Â A 19Table of ContentsÂ The information discussed above is illustrative only and will adjust based on the actual public offering price, the actual number of Units that we offer in this offering, and other terms of this offering determined at the time of pricing. The foregoing discussion and table assume no issuance of Pre-Funded Warrants, which if sold, would reduce the number of Units that we are offering on a one-for-one basis. In addition, we may choose to raise additional capital due to market conditions or strategic considerations. To the extent that additional capital is raised through the sale of equity or convertible debt securities, the issuance of these securities could result in further dilution to our stockholders.Â The number of shares of our common stock outstanding set forth in the table above excludes, as of June 30, 2024:Â A 5,666,095 shares of our common stock issuable upon the exercise of the Outstanding Warrants;Â A 656,455 shares of common stock available for issuance under our 2022 Plan;Â A 1,090 shares of common stock issuable upon vesting of RSUs granted pursuant to the 2022 Plan;Â A 4,672,898 shares of our common stock issuable upon the exercise of the warrants to be issued in this offering; andÂ A 233,645 shares of our common stock issuable upon the exercise of the placement agent warrants to be issued in this offering.Â A 20Table of ContentsÂ SELECTED HISTORICAL FINANCIAL DATAÂ On April 5, 2024, we effected a 1-for-20 reverse stock split of our common stock. As of September 3, 2024, there were 3,160,392 shares of common stock outstanding, which were held by approximately 1,611 stockholders of record, and no shares of preferred stock outstanding.Â On April 5, 2024, we effected a reverse stock split of our common stock at a ratio of 1-for-20. Unless otherwise noted, the share and per share information in this prospectus reflects the effect of the reverse stock split.Â Common StockÂ Each holder of common stock is entitled to one vote for each share of common stock held on all matters submitted to a vote of the stockholders, including the election of directors. Our certificate of incorporation, as amended and bylaws do not provide for cumulative voting rights.Â Subject to preferences that may be applicable to any then outstanding preferred stock, the holders of our outstanding shares of common stock are entitled to receive dividends, if any, as may be declared from time to time by our board of directors out of legally available funds. In the event of our liquidation, dissolution or winding up, holders of common stock will be entitled to share ratably in the net assets legally available for distribution to stockholders after the payment of all of our debts and other liabilities, subject to the satisfaction of any liquidation preference granted to the holders of any outstanding shares of preferred stock.Â Holders of our common stock have no preemptive, conversion or subscription rights, and there are no redemption or sinking fund provisions applicable to the common stock. The rights, preferences and privileges of the holders of common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of our preferred stock that are outstanding or that we may designate and issue in the future.Â WarrantsÂ Overview. The following summary of certain terms and provisions of the warrants offered hereby is not complete and is subject to, and qualified in its entirety by, the provisions of the warrant agent agreement between us the Warrant Agent, and the form of warrant, both of which will be filed as exhibits to the registration statement of which this prospectus is a part. Prospective investors should carefully review the terms and provisions set forth in the warrant agent agreement, including the annexes thereto, and form of warrant. Each warrant issued in this offering entitles the registered holder to purchase one share of our common stock at an assumed price equal to \$1.07 per share (equal to 100% ofÂ the public offering price of the Units), subject to adjustment as discussed below, immediately following the issuance of such warrant and terminating at 5:00 p.m., New York City time, five years after the closing of this offering.Â Exercisability. The warrants are exercisable at any time after their original issuance and until the date that is five years after their original issuance. The warrants may be exercised upon surrender of the warrant on or prior to the expiration date at the offices of the Warrant Agent, with the exercise form included with the warrant completed and executed as indicated. If we fail to maintain the effectiveness of the registration statement and current prospectus relating to the common stock issuable upon exercise of the warrants, the holders of the warrants shall have the right to exercise the warrants via a cashless exercise feature provided for in the warrants, until such time as there is an effective registration statement and current prospectus. See â€œCashless Exerciseâ€ below.Â Exercise Limitation. A holder (together with its affiliates) may not exercise any portion of the warrant to the extent that the holder would own more than 4.99% (or, at the election of the holder, 9.99%) of the outstanding common stock immediately after exercise, except that upon at least 61 daysâ€™ prior notice from the holder to us, the holder may increase the amount of ownership of outstanding stock after exercising the holderâ€™s warrants up to 9.99% of the number of shares of our common stock outstanding immediately after giving effect to the exercise, as such percentage ownership is determined in accordance with the terms of the warrants.Â A 22Table of ContentsÂ Exercise Price. The assumed exercise price per whole share of our common stock purchasable upon the exercise of the warrants is \$1.07Â (or 100% of the public offering price per Unit) per share of common stock. The warrants will be immediately exercisable and may be exercised at any time up to the date that is five years after their original issuance. The exercise price and number of shares of common stock issuable

upon exercise of the warrants may be adjusted in certain circumstances, including in the event of a stock dividend or recapitalization, reorganization, merger or consolidation. However, the warrants will not be adjusted for issuances of common stock at prices below their exercise price. **A Cashless Exercise.** If, at any time after the issuance of the warrants, a holder of the warrants exercises the warrants and a registration statement registering the issuance of the shares of common stock underlying the warrants under the Securities Act is not then effective or available (or a prospectus is not available for the resale of shares of common stock underlying the warrants), then in lieu of making the cash payment otherwise contemplated to be made to us upon such exercise in payment of the aggregate exercise price, the holder shall instead receive upon such exercise (either in whole or in part) only the net number of shares of common stock determined according to a formula set forth in the warrants. **A Fractional Shares.** No fractional shares of common stock will be issued upon exercise of the warrants. If, upon exercise of the warrant, a holder would be entitled to receive a fractional interest in a share, we will, in our discretion and upon exercise, either pay a cash adjustment in respect of such final fraction in an amount equal to such fraction multiplied by the exercise price or round up to the next whole share. **A Transferability.** Subject to applicable laws, the warrants may be offered for sale, sold, transferred or assigned at the option of the holder without our consent. **A Warrant Agent; Global Certificate.** The warrants will be issued in registered form under a warrant agent agreement between the Warrant Agent and us. The warrants shall initially be represented only by one or more global warrants deposited with the Warrant Agent, as custodian on behalf of The Depository Trust Company (â€œDTCâ€) and registered in the name of Cede & Co., a nominee of DTC, or as otherwise directed by DTC. **A Fundamental Transactions.** In the event of a â€œfundamental transaction,â€ as described in the warrants and generally including any reorganization, recapitalization or reclassification of our common stock, the sale, transfer or other disposition of all or substantially all of our properties or assets, our consolidation or merger with or into another person, the acquisition of more than 50% of our outstanding common stock, or any person or group becoming the beneficial owner of 50% of the voting power represented by our outstanding common stock, the holders of the warrants will be entitled to receive upon exercise of the warrants the kind and amount of securities, cash or other property that the holders would have received had they exercised the warrants immediately prior to such fundamental transaction. **A Rights as a Stockholder.** Except by virtue of such holderâ€™s ownership of shares of our common stock, the holder of a warrant does not have the rights or privileges of a holder of our common stock, including any voting rights, until the holder exercises the warrant. **A Pre-Funded Warrants.** The terms of the Pre-Funded Warrants, if any, are identical to the terms of the warrants, except that: **A** the exercise price of the Pre-Funded Warrants is \$0.01; and **A** the Pre-Funded Warrants may be exercised on a cashless basis at any time. **A Placement Agent Warrants.** The registration statement of which this prospectus is a part also registers for sale the placement agent warrants, as a portion of the placement agentâ€™s compensation in connection with this offering. The placement agent warrants will be exercisable 180 days after the effective date of the registration statement of which this prospectus forms a part at an assumed exercise price of \$1.07 per share (no less than 100% of the public offering price per Unit) and will expire five years after the initial exercise date. Please see â€œPlan of Distribution â€” Placement Agent Warrantsâ€ for a description of the warrants we have agreed to issue to the placement agent in this offering, subject to the completion of the offering. **A Table of Contents.** Preferred Stock. Our board of directors is authorized, without vote or action by our stockholders, to issue from time to time up to an aggregate of 10,000,000 shares of preferred stock in one or more series and to fix or alter the designations, preferences, rights and any qualifications, limitations or restrictions of the shares of each of these series, including, if applicable, the dividend rights and preferences, conversion rights, voting rights, terms and rights of redemption, including without limitation sinking fund provisions, redemption price or prices, liquidation rights and preferences, and the number of shares constituting any series. The issuance of preferred stock may have the effect of delaying, deferring or preventing a change in control of us without further action by our stockholders and may adversely affect the dividend, liquidation and voting and other rights of the holders of common stock. The issuance of preferred stock with voting and conversion rights may adversely affect the voting power of the holders of common stock, including the loss of voting control to others. We currently have no plans to issue any additional shares of preferred stock. **A** We believe that the ability to issue preferred stock without the expense and delay of a special stockholdersâ€™ meeting provides us with increased flexibility in structuring possible future financings and acquisitions, and in meeting other corporate needs that might arise. This also permits the Board of Directors of the Company (the â€œBoardâ€) to issue preferred stock containing terms which could impede the completion of a takeover attempt. This could discourage an acquisition attempt or other transaction which stockholders might believe to be in their best interests or in which they might receive a premium for their stock over the then market price of the stock. **A Anti-Takeover Effects of Certain Provisions in our Certificate and Bylaws.** **A Exclusive Forum.** The certificate of incorporation provides that, unless we consent to the selection of an alternative forum, the Court of Chancery of the State of Delaware shall be the sole and exclusive forum for (i) any derivative action or proceeding brought on our behalf, (ii) any action asserting a claim of breach of fiduciary duty owed by any of our directors, officers, or other employee to us or to our stockholders, (iii) any action asserting a claim against us arising pursuant to any provision of the Delaware General Corporation Law, the certificate of incorporation or the bylaws or (iv) any action asserting a claim governed by the internal affairs doctrine. However, this provision does not apply to suits brought to enforce a duty or liability created by the Exchange Act. In addition, the Court of Chancery of the State of Delaware and the federal district courts will have concurrent jurisdiction for the resolution of any suit brought to enforce any duty or liability created by the Securities Act. Notwithstanding the foregoing, the inclusion of such provisions in the certificate of incorporation will not be deemed to be a waiver by us or our stockholders of the obligation to comply with federal securities laws, rules and regulations. **A** Although we believe these provisions benefit the Company by providing increased consistency in the application of Delaware law in the types of lawsuits to which it applies, these provisions may have the effect of discouraging lawsuits against the Companyâ€™s directors and officers. Furthermore, the enforceability of choice of forum provisions in other companiesâ€™ certificates of incorporation has been challenged in legal proceedings, and it is possible that a court could find these types of provisions to be inapplicable or unenforceable. **A Advance Notice of Stockholder Proposals and Nominations.** Our bylaws include an advance notice procedure for stockholders to nominate candidates for election as directors or to bring other business before any meeting of our stockholders. The stockholder notice procedure provides that only persons who are nominated by, or at the direction of, the Board, or by a stockholder who has given timely written notice prior to the meeting at which directors are to be elected, will be eligible for election as directors and that, at a stockholdersâ€™ meeting, only such business may be conducted as has been brought before the meeting by, or at the direction of, the Board or by a stockholder who has given timely written notice of such stockholderâ€™s intention to bring such business before such meeting. **A Table of Contents.** Under the stockholder notice procedure, for notice of stockholder nominations or other business to be made at a stockholdersâ€™ meeting to be timely, such notice must be received by us not earlier than the close of business on the 120th calendar day and not later than the close of business on

the 90th calendar day prior to the one-year anniversary of the immediately preceding yearâ€™s annual meeting or as otherwise provided in the bylaws. A stockholderâ€™s notice to us proposing to nominate a person for election as a director or proposing other business must contain certain information specified in the bylaws, including the identity and address of the nominating stockholder, a representation that the stockholder is a record holder of our stock entitled to vote at the meeting and information regarding each proposed nominee or each proposed matter of business that would be required under the federal securities laws to be included in a proxy statement soliciting proxies for the proposed nominee or the proposed matter of business. The stockholder notice procedure may have the effect of precluding a contest for the election of directors or the consideration of stockholder proposals if the proper procedures are not followed, and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors or to approve its own proposal, without regard to whether consideration of such nominees or proposals might be harmful or beneficial to us and our stockholder. Restrictions on Call of Special Meetings Our bylaws provide that special meetings of stockholders can only be called by the Board, the Board Chair or by the Secretary of the Company upon the written request of the holders of at least 50% of the voting power of the outstanding shares entitled to vote at the meeting. No Cumulative Voting The certificate of incorporation does not authorize cumulative voting for the election of directors. Preferred Stock Authorization Our Board, without stockholder approval, has the authority under our certificate of incorporation to issue preferred stock with rights superior to the rights of the holders of common stock. As a result, preferred stock, while not intended as a defensive measure against takeovers, could be issued quickly and easily, could adversely affect the rights of holders of common stock and could be issued with terms calculated to delay or prevent a change of control of the Company or make removal of management more difficult. Transfer and Warrant Agent The transfer agent and registrar for our common stock and the Warrant Agent for the warrants and Pre-Funded Warrants is Equiniti Trust Company, LLC. Nasdaq Listing Our common stock is currently listed on Nasdaq under the symbol â€œEDBL.â€ 25Table of Contents PLAN OF DISTRIBUTION We are offering on a reasonable best efforts basis up to 4,672,898 Units, based on an assumed public offering price of \$1.07 per Unit, which represents the closing price of our common stock on Nasdaq on September 3, 2024, for gross proceeds of up to approximately \$5 million before deduction of placement agent fees and offering expenses. There is no minimum amount of proceeds that is a condition to closing of this offering. The actual amount of gross proceeds, if any, in this offering could vary substantially from the gross proceeds from the sale of the maximum amount of securities being offered in this prospectus. Pursuant to a placement agency agreement, dated as of September 3, 2024, we have engaged Maxim to act as our exclusive placement agent to solicit offers to purchase the securities offered by this prospectus. The placement agent is not purchasing or selling any securities, nor is it required to arrange for the purchase and sale of any specific number or dollar amount of securities, other than to use its â€œreasonable best effortsâ€ to arrange for the sale of the securities by us. Therefore, we may not sell the entire amount of securities being offered. Investors purchasing securities offered hereby will have the option to execute a securities purchase agreement with us. In addition to the rights and remedies available to all investors in this offering under federal and state securities laws, the investors who enter into a securities purchase agreement will also be able to bring claims of breach of contract against us. Investors who do not enter into a securities purchase agreement shall rely solely on this prospectus in connection with the purchase of our securities in this offering. The placement agent may engage one or more subagents or selected dealers in connection with this offering. The placement agency agreement provides that the placement agentâ€™s obligations are subject to conditions contained in the placement agency agreement. The Units will be offered at a fixed price and are expected to be issued in a single closing. There is no minimum number of Units to be sold or minimum aggregate offering proceeds for this offering to close. We expect this offering to be completed not later than two business days following the commencement of this offering and we will deliver all securities issued in connection with this offering delivery versus payment (â€œDVPâ€)/receipt versus payment (â€œRVPâ€) upon our receipt of investor funds. Accordingly, neither we nor the placement agent has made any arrangements to place investor funds in an escrow account or trust account since the placement agent will not receive investor funds in connection with the sale of securities offered hereunder. We will deliver the securities being issued to the investors upon receipt of investor funds for the purchase of the securities offered pursuant to this prospectus. We expect to deliver the securities being offered pursuant to this prospectus on or about September 3, 2024. Placement Agent Fees and Expenses Upon the closing of this offering, we will pay the placement agent a cash transaction fee equal to 7.0% of the aggregate gross cash proceeds to us from the sale of the securities in the offering. The cash transaction fee will be reduced to 3.5% of the public offering price of the Units for any investors we introduce to the placement agent. In addition, we will reimburse the placement agent for certain of its out-of-pocket expenses incurred in connection with this offering, including the placement agentâ€™s legal fees, and actual travel and reasonable out-of-pocket expenses, in an amount not to exceed \$80,000 if this offering is completed. The following table shows the public offering price, placement agent fees and proceeds, before expenses, to us, assuming the sale of all Units in this offering and no sale of any Pre-Funded Warrants in this offering. Per Unit(1) Total Public offering price \$ \$ Placement agent fees(2) \$ \$ Proceeds to us, before expenses \$ \$ We estimate that the total expenses of the offering, including registration and filing fees, printing fees and legal and accounting expenses, but excluding the placement agent fees, will be approximately \$375,000, all of which are payable by us. This figure includes, among other things, the placement agentâ€™s expenses (including the legal fees, costs and expenses for the placement agentâ€™s legal counsel) that we have agreed to reimburse. 26Table of Contents Placement Agent Warrants We have also agreed to issue to Maxim (or its permitted assignees) warrants to purchase a number of our shares of common stock equal to an aggregate of 5% of the total number of Units sold in this offering, or the placement agent warrants. The placement agent warrants will have an exercise price equal to no less than 100% of the public offering price per Unit and may be exercised on a cashless basis. The placement agent warrants are exercisable 180 days after the effective date of the registration statement of which this prospectus forms a part, and will expire five years after the initial exercise date. The placement agent warrants are not redeemable by us. We have agreed to a one-time demand registration of our shares of common stock underlying the placement agent warrants at our expense for a period of five years from the effective date of the registration statement related to this offering and an additional demand registration at the holdersâ€™ expense for a period of five years from the effective date of the registration statement related to this offering. The placement agent warrants also provide for unlimited â€œpiggybackâ€ registration rights at our expense with respect to the underlying shares of common stock during the five-year period commencing from the effective date of the registration statement related to this offering. The placement agent warrants and our shares of common stock underlying the placement agent warrants have been deemed compensation by the Financial Industry Regulatory Authority, or FINRA, and are therefore subject to a 180-day lock-up pursuant to Rule 5110(g)(1) of FINRA. The placement agent (or permitted assignees under the Rule) may not sell, transfer, assign, pledge or hypothecate the placement agent warrants or the securities underlying the placement agent warrants, nor will they

engage in any hedging, short sale, derivative, put or call transaction that would result in the effective economic disposition of the placement agent warrants or the underlying securities for a period of six months from the effective date of this offering, except to any FINRA member participating in the offering and their bona fide officers or partners. The placement agent warrants will provide for adjustment in the number and price of such placement agent warrants (and our shares of common stock underlying such placement agent warrants) to prevent dilution in the event of a forward or reverse stock split, stock dividend or similar recapitalization.Â Right of First RefusalÂ We have agreed to grant Maxim, upon the closing of this offering for a period of nine months from the closing, a right of first refusal to act as sole managing underwriter and sole book runner, sole placement agent and /or sole sales agent, for any and all future public and private equity, equity-linked or debt (excluding commercial bank debt) offerings for which the Company retains the service of an underwriter, agent, adviser, finder or other person or entity in connection with such offering during such nine (9) month period of the Company or any successor to or any subsidiary of the Company.Â Lock-Up AgreementsÂ We and each of our officers and directors and executive officers have agreed, subject to certain exceptions not to offer, issue, sell, contract to sell, encumber, grant any option for the sale of or otherwise dispose of any shares of our common stock or other securities convertible into or exercisable or exchangeable for our common stock for a period of 45 days after this offering is completed without the prior written consent of the placement agent, subject to certain exceptions.Â The placement agent may in its sole discretion and at any time without notice release some or all of the shares subject to lock-up agreements prior to the expiration of the lock-up period. When determining whether or not to release shares from the lock-up agreements, the placement agent will consider, among other factors, the security holderâ€™s reasons for requesting the release, the number of shares for which the release is being requested and marketconditions at the time.Â TailÂ If there is a closing of this offering, or if our engagement agreement with the placement agent is terminated prior to closing of this offering, then if within nine (9) months following such time, the Company completes any financing of equity, equity-linked, convertible or debt or other capital raising activity with, or receives any proceeds from, any of the investors contacted or introduced by the placement agent during the term of the engagement agreement, then the Company will pay the placement agent upon the closing of such financing or receipt of such proceeds a cash transaction fee equal to seven percent (7.0%) of the aggregate gross cash proceeds of such transaction.Â IndemnificationÂ We have agreed to indemnify the placement agent against certain liabilities, including liabilities under the Securities Act, and to contribute to payments that the placement agent may be required to make for these liabilities. Â Â Â 27Table of ContentsÂ Regulation MÂ The placement agent may be deemed to be an underwriter within the meaning of Section 2(a) (11) of the Securities Act, and any commissions received by it and any profit realized on the resale of the securities sold by it while acting as principal might be deemed to be underwriting discounts or commissions under the Securities Act. As an underwriter, the placement agent would be required to comply with the requirements of the Securities Act and the Exchange Act, including, without limitation, Rule 10b-5 and Regulation M under the Exchange Act. These rules and regulations may limit the timing of purchases and sales of our securities by the placement agent acting as principal. Under these rules and regulations, the placement agent (i) may not engage in any stabilization activity in connection with our securities and (ii) may not bid for or purchase any of our securities or attempt to induce any person to purchase any of our securities, other than as permitted under the Exchange Act, until it has completed its participation in the distribution.Â Determination of Offering Price and Warrant Exercise PriceÂ The actual public offering price of the securities we are offering, and the exercise price of the warrants and the Pre-Funded Warrants included in the Units that we are offering, were negotiated between us, the placement agent and the investors in the offering based on the trading of our common stock prior to the offering, among other things. Other factors considered in determining the public offering price of the securities we are offering, as well as the exercise price of the warrants that we are offering, include our history and prospects, the market price of our common stock on Nasdaq, the stage of development of our business, our business plans for the future and the extent to which they have been implemented, an assessment of our management, the general conditions of the securities markets at the time of the offering and such other factors as were deemed relevant.Â Electronic DistributionÂ A prospectus in electronic format may be made available on a website maintained by the placement agent or an affiliate. Indemnification of Directors and Officers.Â Section 102(b)(7) of the Delaware General Corporation Law (â€œDGCLâ€) provides that a Delaware corporation, in its certificate of incorporation, may limit the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duties as a director, except for liability for any:Â Â Â transaction from which the director derived an improper personal benefit;Â Â act or omission not in good faith or that involved intentional misconduct or a knowing violation of law;Â Â unlawful payment of dividends or redemption of shares; orÂ Â breach of the directorâ€™s duty of loyalty to the corporation or its stockholders.Â Under Section 145 of the DGCL, we can indemnify our directors and officers against liabilities they may incur in such capacities, including liabilities under the Securities Act of 1933, as amended (the â€œSecurities Actâ€). Our certificate of incorporation (Exhibit 3.1 to this registration statement) provides that we must indemnify our directors and officers to the fullest extent permitted by law and requires us to pay expenses incurred in defending or other participating in any proceeding in advance of its final disposition upon our receipt of an undertaking by the director or officer to repay such advances if it is ultimately determined that the director or officer is not entitled to indemnification. Our certificate of incorporation further provides that rights conferred under such certificate of incorporation do not exclude any other right such persons may have or acquire under the certificate of incorporation, the bylaws, any statute, agreement, vote of stockholders or disinterested directors or otherwise.Â The certificate of incorporation also provides that, pursuant to Delaware law, our directors shall not be liable for monetary damages for breach of the directorsâ€™ fiduciary duty of care to us and our stockholders. This provision in the certificate of incorporation does not eliminate the duty of care, and in appropriate circumstances equitable remedies such as injunctive or other forms of non-monetary relief will remain available under Delaware law. In addition, each director will continue to be subject to liability for breach of the directorâ€™s duty of loyalty to us for acts or omissions not in good faith or involving intentional misconduct, or knowing violations of law, for actions leading to improper personal benefit to the director, and for payment of dividends or approval of stock repurchases or redemptions that are unlawful under Delaware law. The provision also does not affect a directorâ€™s responsibilities under any other law, such as the federal securities laws or state or federal environmental laws. We also intend to obtain directorsâ€™ and officersâ€™ liability insurance pursuant to which our directors and officers are insured against liability for actions taken in their capacities as directors and officers.Â In addition, we have entered into agreements to indemnify our directors and certain of our officers in addition to the indemnification provided for in the certificate of incorporation. These agreements, among other things, indemnify our directors and some of our officers for certain expenses (including attorneyâ€™s fees), judgments, fines and settlement amounts incurred by such person in any action or proceeding, including any action by or in our right, on account of services by that person as a director or officer of our company or as a director or officer of our subsidiary, or as a director or officer of any other company or enterprise that the person provides services to at our request.Â Â Â II-1Â Â Item 15. Undertakings.Â The undersigned registrant hereby undertakes:Â (a)(1)To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:Â (i)To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;Â Â (ii)To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a

fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the â€œCalculation of Registration Feeâ€ table in the effective registration statement; andÂ (iii)To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;Â provided, however, that the undertakings set forth in paragraphs (a)(1) (i), (a)(1)(ii) and (a)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement or are contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement.Â (2)That, for the purposes of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.Â (3)To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.Â (4)That in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:Â (i)Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;Â (ii)Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;Â (iii)The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; andÂ (iv)Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.Â II-7Â (b)The undersigned registrant hereby undertakes that, for the purposes of determining any liability under the Securities Act of 1933, each filing of the registrantâ€™s annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit planâ€™s annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.Â (c)Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.Â (d)That,Â (1)For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act of 1933 shall be deemed to be part of this registration statement as of the time it was declared effective.Â (2)For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.Â II-8Â SIGNATURESÂ Pursuant to the requirements of the Securities Act of 1933, the registrant has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the city of Belvidere, State of New Jersey, onÂ September 5,Â 2024.Â EDIBLE GARDEN AG INCORPORATEDÂ By:/s/ James E.
