family:Times New Roman;margin-bottom:0;text-align:left;">Note 4. Leases The Company has operating leases for corporate offices and warehouse facilities worldwide. Additionally, the Company leases cars and copy machines that are considered operating leases. Some of the Company's leases are non-cancellable operating lease agreements with various expiration dates through June 2035. Certain lease agreements include options to renew or terminate the lease, which are not reasonably certain to be exercised, and therefore are not factored into the determination of lease payments. The following table provides information related to the Company's operating leases (in thousands): <table In the third quarter of fiscal year 2024, the Company determined that its decline in cash flows and a downward adjustment to the fiscal year 2024 annual guidance constituted triggering events for the impairment of goodwill, and it determined that there was no impairment to goodwill as of March 31, 2024. In the fourth quarter of fiscal year 2024, the Company determined that the triggering events present at March 31, 2024, were still present at June 30, 2024. The Company performed an interim goodwill impairment test and it determined that there was no impairment to goodwill as of June 30, 2024. The Company will continue to monitor its recorded goodwill for indicators of impairment every fiscal quarter. Derivative Financial Instruments The Company utilizes foreign currency forward contracts with reputable financial institutions to manage its exposure of fluctuations in foreign currency exchange rates on certain intercompany balances and foreign currency denominated cash, customer receivables and liabilities. The Company does not use derivative financial instruments for speculative or trading purposes. These forward contracts are not designated as hedging instruments for accounting purposes. Principal hedged currencies primarily include the Japanese Yen, Swiss Franc, Indian Rupee and Euro. The periods of these forward contracts range up to approximately three months and the notional amounts are intended to be consistent with changes in the underlying exposures. The Company intends to exchange foreign currencies for U.S. Dollars at maturity. The Company enters into forward currency exchange contracts to hedge its overseas operating expenses and other liabilities when deemed appropriate. The notional amount of the Company's outstanding forward currency exchange contracts consisted of the following (in thousands): <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:66.72%;"></td> <td style="width:1.72%;"></td> <td style="width:1%;"></td> <td style="width:12.92%;"></td> <td style="width:1%;"></td> <td style="width:1.72%;"></td> <td style="width:1%;"></td> <td style="width:12.92%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;text-align:left;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> As of June 30, </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> </tr> <tr style="height:8pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;text-align:left;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> 2024 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> <td style="vertical-align:bottom;text-align:left;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> 2023 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> </tr> <tr style="height:10pt;background-color:#cccecff;word-break:break-word;"> <td style="white-space:pre-wrap;vertical-align:bottom;"> Swiss Franc </td> <td style="white-space:pre-wrap;vertical-align:bottom;"> </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 59,392 </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> <td style="white-space:pre-wrap;vertical-align:bottom;"> </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 26,867 </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> </tr> <tr style="height:10pt;background-color:#ffffff;word-break:break-word;"> <td style="white-space:pre-wrap;vertical-align:bottom;"> Chinese Yuan </td> <td style="white-space:pre-wrap;vertical-align:bottom;"> </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 5,156 </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> <td style="white-space:pre-wrap;vertical-align:bottom;"> </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 249 </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> </tr> <tr style="height:10pt;background-color:#cccecff;word-break:break-word;"> <td style="white-space:pre-wrap;vertical-align:bottom;"> Euro </td>

Fair Value Measurements</p><p style="text-indent:2.267%;font-size:10pt;margin-top:12pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">Fair value is an exit price representing the amount that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The fair value hierarchy contains three levels of inputs that may be used to measure fair value, as follows:</p><p style="text-indent:2.267%;font-size:10pt;margin-top:12pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">Level 1— Unadjusted quoted prices that are available in active markets for the identical assets or liabilities at the measurement date.</p><p style="text-indent:2.267%;font-size:10pt;margin-top:12pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">Level 2— Other observable inputs available at the measurement date, other than quoted prices included in Level 1, either directly or indirectly, including:</p><div class="item-list-element-wrapper" style="margin-left:2.269%;display:flex;margin-top:12pt;justify-content:flex-start;align-items:baseline;margin-bottom:0;min-width:3.333%;text-align:left;">•<div style="width:100%;display:inline;">Quoted prices for similar assets or liabilities in active markets;</div></div><div class="item-list-element-wrapper" style="margin-left:2.269%;display:flex;margin-top:12pt;justify-content:flex-start;align-items:baseline;margin-bottom:0;min-width:3.333%;text-align:left;">•<div style="width:100%;display:inline;">Quoted prices for identical or similar assets in non-active markets;</div></div><div class="item-list-element-wrapper" style="margin-left:2.269%;display:flex;margin-top:12pt;justify-content:flex-start;align-items:baseline;margin-bottom:0;min-width:3.333%;text-align:left;">•<div style="width:100%;display:inline;">Inputs other than quoted prices that are observable for the asset or liability; and</div></div><div class="item-list-element-wrapper" style="margin-left:2.269%;display:flex;margin-top:12pt;justify-content:flex-start;align-items:baseline;margin-bottom:0;min-width:3.333%;text-align:left;">•<div style="width:100%;display:inline;">Inputs that are derived principally from or corroborated by other observable market data.</div></div><p style="text-indent:2.267%;font-size:10pt;margin-top:12pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">Level 3— Unobservable inputs that cannot be corroborated by observable market data and require the use of significant management judgment. At June 30, 2023, the Company had open currency forward contracts to purchase or sell foreign currencies with a stated, or notional, value of $61.5 million. The fair value of the forward contract based upon the June 30, 2023 exchange rate was $61.2 million, which it considers to be a Level 2 fair value measurement.</p><p style="text-indent:2.533%;font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p><p style="text-indent:2.267%;font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;">The Company's convertible debt is measured on a recurring basis using Level 2 based upon observable inputs. The Company's Revolving Credit Facility and Term Loan Facility (as defined in Note 9) collectively (the "Credit Facilities") reflect the bank quoted market rates, which the Company considers to be a Level 2 fair value measurement. The Company believes that the carrying value of the Credit Facilities approximates its estimated fair value based on the effective interest rate, compared to the current market rate available to the Company at quarter-end.</p><p style="text-indent:2.267%;font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p><div style="font-size:12pt;font-family:Times New Roman;"><p style="text-indent:2.267%;font-size:10pt;margin-top:2pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">The following table summarizes the carrying value, net of debt costs, and estimated fair value of the 3.75% Convertible Senior Notes due 2026, the Term Loan Facility, and the Revolving Credit Facility, (in thousands):</p><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p> <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:51%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:9.18%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:9.18%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:9.46%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"> <td style="vertical-align:bottom;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td> <td style="vertical-align:bottom;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">June 30, 2024</p></td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;"> </p></td> <td style="vertical-align:bottom;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">June 30, 2023</p></td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;"> </p></td> </tr> <tr style="height:8pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"> <td style="vertical-align:bottom;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td> <td style="vertical-align:bottom;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">Carrying

Purchase Commitments <span style="color:#000000;white-space:pre-wrap;font-size:10pt;font-family:Times New Roman;min-width:fit-

content;">The Company's purchase commitments and obligations include all open purchase orders and contractual obligations in the ordinary course of business, including commitments with contract manufacturers and suppliers, for which the Company has not received the goods or services and acquisition and licensing of intellectual property. A majority of these purchase obligations are due within a year. Although open purchase orders are considered enforceable and legally binding, the terms generally allows the Company the option to cancel, reschedule, and adjust its requirements based on the Company's business needs prior to the delivery of goods or performance of services, and hence, these purchase orders have not been included in the table above. Indemnities and Commitments The Company enters into standard indemnification agreements with its landlords and all superior mortgages and their respective directors, officers' agents, and employees in the ordinary course of business. Pursuant to these agreements, the Company will indemnify, hold harmless, and agree to reimburse the indemnified party for losses suffered or incurred by the indemnified party, generally the landlords, in connection with any loss, accident, injury, or damage by any third-party with respect to the leased facilities. The term of these indemnification agreements is from the commencement of the lease agreements until termination of the lease agreements. The maximum potential amount of future payments the Company could be required to make under these indemnification agreements is unlimited; however, historically, the Company has not incurred claims or costs to defend lawsuits or settle claims related to these indemnification agreements. The Company has not recorded any liability associated with its indemnification agreements as it is not aware of any pending or threatened actions that represent probable losses as of June 30, 2024. Guarantees As of June 30, 2024 and June 30, 2023, the Company had various bank guarantees totaling approximately $1.1 million and $1.3 million, respectively, primarily related to a bidding process with customers. Royalty Agreements The Company enters into software license agreements with third parties that may require royalty payments for each license used. In connection with such agreements, the Company recorded royalty costs of $1.9 million, $2.3 million and $1.9 million for the years ended June 30, 2024, 2023 and 2022, respectively, which were recorded in cost of revenue or deferred cost of revenue. The Company had approximately $2.9 million and $2.4 million accrued liabilities as of June 30, 2024 and 2023, respectively, related to this agreement.</p><p style="font-size:10pt;margin-top:12pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">Software License Indemnity</p><p style="text-indent:2.267%;font-size:10pt;margin-top:12pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">Under the terms of the Company's agreements with its customers, the Company agrees that in the event the certain Company software sold under such agreement infringes upon any patent, copyright, trademark, or any other proprietary right of a third-party, it will indemnify its customer licensees against any loss, expense, or liability from any damages that may be awarded against its customer. The Company includes this infringement indemnification in its agreements with customers where Company software is licensed. In the event the customer cannot use the software or service due to infringement and the Company cannot obtain the right to use, replace or modify the license in a commercially feasible manner so that it no longer infringes, then the Company may terminate the license and provide the customer a refund of the fees paid by the customer for the infringing license or service. The Company has not recorded any liability associated with this indemnification, as it is not aware of any pending or threatened actions that represent probable losses as of June 30, 2024.</p><p style="font-size:10pt;margin-top:12pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">Litigation</p><p style="text-indent:2.267%;font-size:10pt;margin-top:12pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">From time to time, the Company is involved in legal proceedings, including claims, investigations, and inquiries, arising in the ordinary course of its business. The Company records a provision for a loss when it believes that it is both probable that a loss has been incurred and the amount can be reasonably estimated. To the extent that there is a reasonable possibility that a loss exceeding amounts already recognized may be incurred and the amount of such additional loss would be material, we will either disclose the estimated additional loss or state that such an estimate cannot be made. Currently, management believes the Company does not have any probable and reasonably estimable material losses related to any current legal proceedings and claims. Although occasional adverse decisions or settlements may occur, management does not believe that an adverse determination with respect to any of these claims would individually, or in the aggregate, materially and adversely affect the Company's financial condition or operating results. Litigation is inherently unpredictable and is subject to significant uncertainties, some of which are beyond the Company's control. Should any of these estimates and assumptions change or prove to have been incorrect, the Company could incur significant charges related to legal matters that could have a material impact on its results of operations, financial position, and cash flows.</p>0.0375<p style="text-indent:2.267%;font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;">Future minimum long-term principal payments and interest on the 3.75% Convertible Senior Notes due 2026 and Credit Facilities (as defined below), including short-term portion, as of June 30, 2024, are as follows (in thousands):</p><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p><table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"><tr style="visibility:collapse;"><td style="width:80.04%;"></td><td style="width:2.08%;"></td><td style="width:1%;"></td><td style="width:15.88%;"></td><td style="width:1%;"></td></tr><tr style="height:8pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"><td style="vertical-align:bottom;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;">Year Ending June 30,</p></td><td style="vertical-align:bottom;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td><td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">Long-Term

wrap;font-size:10pt;font-family:Times New Roman;font-style:italic;min-width:fit-content;">3.75% Convertible Senior Notes due July 2026 In May 2021, the Company issued $100.0 million aggregate principal amount of its 3.75% Convertible Senior Notes due 2026 (the “3.75% Convertible Notes due 2026”) under an indenture between the Company and The Bank of New York Mellon Trust Company, N.A., as trustee. The aggregate principal amount of the 3.75% Convertible Notes due 2026 totaling $97.1 million was issued to certain holders of the Company’s outstanding 3.75% Convertible Notes due 2022 in exchange for approximately $82.1 million aggregate principal amount of 3.75% Convertible Notes due 2022, and $2.9 million of 3.75% Convertible Notes due 2026 were issued to certain other qualified new investors for cash (such transactions the “Exchange and Subscription Transactions”). Holders of the 3.75% Convertible Notes due 2026 may convert their notes at any time on or after March 6, 2026 until the close of the business day immediately preceding the maturity date. Prior to June 6, 2026, holders of the 3.75% Convertible Notes due 2026 may convert their notes only under certain circumstances. Upon conversion, the Company will have the right to pay cash, or deliver shares of common stock of the Company or a combination thereof, at the Company’s election. The initial conversion rate is 170.5611 shares of the Company’s common stock per $1,000 principal amount (which represents an initial conversion price of approximately $5.86 per share of the Company’s common stock). The conversion rate, and therefore, the conversion price, is subject to adjustment, as further described below. Holders of the 3.75% Convertible Notes due 2026 who convert their notes in connection with a “make-whole fundamental change,” as defined in the indenture, may be entitled to a make-whole premium in the form of an increase in the conversion rate. Additionally, in the event of a “fundamental change,” as defined in the indenture, holders of the 3.75% Convertible Notes due 2026 may require the Company to purchase all or a portion of their note at a fundamental change repurchase price equal to 100% of the principal amount of the 3.75% Convertible Notes due 2026, plus accrued and unpaid interest, if any, to, but not including, the fundamental change repurchase date. As of June 30, 2024 and June 30, 2023, the if-converted value of the 3.75% Convertible Notes due 2026 did not exceed the outstanding principal amount. Credit Facilities On May 6, 2021, the Company entered into a senior secured credit agreement (the “Credit Agreement”) with Silicon Valley Bank, individually as a lender and agent (“Agent”), and the other lenders from time to time parties thereto (together with Silicon Valley Bank as a lender, the “Lenders”), which provides for a new five-year $80 million term loan (the “Term Loan Facility”) and a $40 million revolving credit facility (the “Revolving Credit Facility” and, together with the Term Loan Facility, the “Credit Facilities”). The interest on the borrowings under the Credit Facilities is payable in arrears on the applicable interest payment date, at an annual interest rate of reserve-adjusted, 90-day term SOFR (subject to a 0.50% floor) plus a margin between 2.50% and 3.25% margin, determined by the Consolidated Senior Net Leverage Ratio (as defined in the Credit Agreement). The Credit Agreement requires the Company to pay the Lenders an unused commitment fee equal to the average unused portion of the Revolving Credit Facility. The Company pays a rate of 0.25% to 0.40% per annum of the average unused portion of the Revolving Credit Facility, determined by the Consolidated Senior Net Leverage Ratio (as defined in the Credit Agreement). If all or a portion of the loans under the Term Loan Facility are prepaid, then the Company will be required to pay a fee equal to 1% of the aggregate amount of the loans so prepaid, subject to certain exceptions. During the year ended June 30, 2024, the weighted average effective interest rate on the Term Loan Facility was 8.6% and weighted average effective interest rate on the Revolving Credit Facility, including the unused commitment fee, was 9.5%. The Credit Agreement contains restrictions and covenants applicable to the Company and its subsidiaries. Among other requirements, the Company may not permit the Fixed Charge Coverage Ratio (as defined in the Credit Agreement) to be less than a certain specified ratio for each fiscal quarter during the term of the Credit Agreement or the consolidated senior net leverage ratio to be greater than a certain specified ratio for each fiscal quarter during the term of the Credit Agreement. On April 25, 2024, the Company entered into the Third Amendment to update the calculation of Consolidated EBITDA (as defined in the Credit Agreement) to maintain compliance with the debt covenants as of March 31, 2024. As of June 30, 2024, the Company was in compliance with its covenants under the Credit Agreement. The Credit Agreement also contains customary covenants that limit, among other things, the ability of the Company and its subsidiaries to (i) incur indebtedness, (ii) incur liens on their property, (iii) pay dividends or make other distributions, (iv) sell their assets, (v) make certain loans or investments, (vi) merge or consolidate, (vii) voluntarily repay or prepay certain indebtedness and

*(viii) enter into transactions with affiliates, in each case subject to certain exceptions. The Credit Agreement contains customary representations and warranties and events of default. Stock Incentive Plan and Employee Stock Purchase Plan As of June 30, 2024, the Company had two outstanding stock incentive plans: the 2016 Equity Incentive Plan (“2016 Plan”) and the 2007 Incentive Award Plan (“2007 Plan”). The 2016 Plan permits the granting of stock options, stock appreciation rights, restricted stock awards, performance shares, performance units, and RSUs. The vesting of RSUs granted under the 2016 Plan are primarily service-based (over the requisite service period) while the vesting of performance units granted under the 2016 Plan consist of PSUs. Only employees of the Company are eligible to receive incentive stock options. Non-employees may be granted non-qualified stock options. Stock options granted under the 2016 Plan have an exercise price of at least 100% of the fair market value of the underlying stock on the grant date. The stock options have 10-year contractual terms and generally become exercisable for 25% of the option shares one year from the date of grant and then ratably over the following 36 months. Service-based RSUs granted generally vest 25% of the share units covered by the grant on each of the first through fourth anniversaries of the date of the grant, subject to the continued service of the grantee through each such date. RSUs granted to the Board of Directors vest over one year. PSUs granted generally vest at the end of a three year performance period and the amount of shares that vest are based on the Company’s actual performance relative to predefined performance conditions. The Board of Directors has the discretion to use different vesting schedules. As of June 30, 2024, the 2007 Plan continued to remain in effect; however, the Company can no longer grant equity awards under such plans. The following table summarizes the share-based compensation charges included in the Company’s consolidated statements of operations and comprehensive loss (in thousands):   <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:51.43%;"></td> <td style="width:1.34%;"></td> <td style="width:1%;"></td> <td style="width:12.803%;"></td> <td style="width:1%;"></td> <td style="width:1.36%;"></td> <td style="width:1%;"></td> <td style="width:12.823%;"></td> <td style="width:1%;"></td> <td style="width:1.36%;"></td> <td style="width:1%;"></td> <td style="width:12.883000000000001%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"> <td style="vertical-align:bottom;text-align:left;"> <span style="white-space:pre-

Determining Fair Value of Stock Options The fair value of each grant of stock options was determined by the Company using the methods and assumptions discussed below. Each of these inputs is subjective and generally requires significant judgment to determine. The Company estimates the fair value of its stock options using the Black-Scholes option-pricing model. This fair value is then amortized over the requisite service periods of the awards. The Company estimates the expected term of stock option by taking the average of the vesting term and the contractual term of the option, as illustrated by the simplified method. The expected volatility is derived from the Company's historical stock volatility over a period approximately equal to the expected term of the options. The risk-free interest rate is based on the U.S. Treasury constant maturity rate on the date of grant. The dividend yield assumption is based on the Company's history and expectation of no dividend payouts. A summary of option activity under the Company's incentive plan is presented below (in thousands except per share and term amounts):   <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:49.88%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:9.66%;"></td> <td style="width:1%;"></td> <td style="width:1.3%;"></td> <td style="width:1%;"></td> <td style="width:9.020000000000001%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:9.66%;"></td> <td style="width:1%;"></td> <td style="width:1.3%;"></td> <td style="width:1%;"></td> <td style="width:9.18%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;text-align:left;"> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> Options

Employee Stock Purchase Plan Under the Company's Amended and Restated 2007 Employee Stock Purchase Plan, or ESPP, qualified employees are permitted to purchase the Company's common stock at 85% of the lower of the fair market value of the common stock on the commencement date of each six month offering period, or the fair market value on the specified purchase date. Employees' payroll deductions may not exceed 10% of their salaries. Employees may purchase up to 2,500 shares per each six month offering period, provided that the value of the shares purchased in any calendar year may not exceed $25,000, as calculated pursuant to the purchase plan. The Company estimates the fair value of ESPP shares at the date of grant using the Black-Scholes option pricing model. Joint Venture In January 2019, the Company's wholly-owned subsidiary, Accuray Asia Limited ("Accuray Asia"), entered into an agreement with CNNC High Energy Equipment (Tianjin) Co., Ltd. (the "CIRC Subsidiary"), a wholly-owned subsidiary of China Isotope & Radiation Corporation, to form a joint venture, CNNC Accuray (Tianjin) Medical Technology Co. Ltd. (the "JV"), to manufacture and sell radiation oncology systems in China. As of June 30, 2024, the Company owned a 49% interest in the JV, which is reported as an investment in joint venture on the Company's consolidated balance sheets. The Company applies the equity method of accounting to its ownership interest in the JV as the Company has the ability to exercise significant influence over the JV but lacks controlling financial interest and is not the primary beneficiary. The Company recognizes the 49% proportionate share of the JV income or loss on a one-quarter lag due to the timing of the availability of the JV's financial records. The Company recognizes revenue on sales to the JV in the current period of control transfer, eliminating a portion of profit to the extent goods sold have not been sold through by the JV to an end customer by the end of each reporting period. The following table shows the reconciliation between the carrying value of the Company's investment in the JV and its proportional share of the underlying equity in net assets of the JV (in thousands): <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:57.349%;"></td> <td style="width:1.96%;"></td> <td style="width:1%;"></td> <td style="width:17.116999999999997%;"></td> <td style="width:1%;"></td> <td style="width:2.46%;"></td> <td style="width:1%;"></td> <td style="width:17.116999999999997%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:7pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"> <td style="vertical-align:bottom;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-

The federal and state carryforwards expire in varying amounts beginning in 2029 for federal and 2025 for state purposes. In addition, as of June 30, 2024, the Company had federal and state research and development tax credits of $28.4 million and $22.8 million, respectively. If not utilized, the federal research credits will begin to expire in 2025, the California research credits have no expiration date and the other state research credits will begin to expire in 2025. Under the Internal Revenue Code (“IRC”) Sections 382 and 383, annual use of our net operating loss and research tax credit carryforwards to offset taxable income may be limited based on cumulative changes in ownership. Although ownership changes have occurred in the prior years, the carryovers should be available for utilization by the Company before they expire, provided the Company generates sufficient future taxable income. An analysis of the impact of this provision through March 31, 2022 has been performed and it was determined that no ownership change has occurred after December 2009. Based on the available objective evidence and history of losses, the Company has established a 100% valuation allowance against its combined domestic net deferred tax assets because of uncertainty surrounding the realization of such deferred tax assets. Certain income earned by controlled foreign corporations (“CFCs”) must be included currently in the gross income of the CFCs United States shareholder. The income required to be included in gross income is referred to as global intangible low tax income (“GILTI”) and is defined under IRC Section 951A as the excess of the shareholder’s net CFC tested income over the net deemed tangible income return. The GILTI inclusion amount has been absorbed by net operating loss carryforwards. The Company has made a policy decision to record GILTI tax as a current-period expense when incurred. One of the provisions under the Tax Cuts and Jobs Act that became effective in tax years beginning after December 31, 2021 required the capitalization and amortization of research and experimental expenditures. The change in this United States tax law did not have an impact on the Company’s consolidated financial statements. The Company will continue to evaluate the impact of this tax law change on future periods. At June 30, 2024, the Company has $2.5 million of deferred tax liability related to withholding tax expected to be paid on the remittance of unrepatriated distributable reserves in France, Japan and Switzerland. At June 30, 2024, the Company has undistributed earnings of certain foreign subsidiaries of <span style="color:#000000;white-space:pre-wrap;font-size:10pt;font-family:Times New Roman;min-width:fit-content;">$14.7 million that it has indefinitely invested, and on which it has not recognized deferred taxes. Management regularly assesses the Company's tax positions with respect to legislative, bilateral tax treaty, regulatory and judicial developments in the countries in which the Company does business. The reduction in prior year's tax positions primarily relates to lapses of applicable statutes of limitations. The Company anticipates there will be no material changes in uncertain tax positions in the next 12 months. As of June 30, 2024, the amount of gross unrecognized tax benefits was $22.0 million, of which $21.6 million would not affect income tax expense before consideration of any valuation allowance. </p><p style="text-indent:2.267%;font-size:10pt;margin-top:12pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">The Company's practice is to recognize interest and/or penalties related to income tax matters in income tax expense. Foundation based in Lausanne, Switzerland at the end of fiscal years 2024 and 2023. In fiscal 2024 and 2023, the risks of death and disability are reinsured with Zurich Life Insurance. The Copré Foundation for Occupational Benefits (“Copré Foundation”) defines and is responsible for the asset strategy and invests the plan assets for the Company. The Copré Foundation invests the plan assets in insurance contracts which can be measured at Level 2 in the fair value hierarchy. In fiscal 2024 and 2023, the expected interest rate for mandatory retirement savings was 1.5% and 1.0%, respectively. The technical administration and management of the savings account are guaranteed by the Copré Foundation. Insurance benefits due are paid directly to the entitled persons by the Copré Foundation. Accuray International Sàrl has committed itself to pay the annual contributions and costs due under the pension fund regulations. The contract of affiliation between the Company and the Copré Collective Foundation can be terminated by either side. In the event of a termination, recipients of retirement and survivors‘ benefits would remain with the collective foundation. The Company commits itself to transfer its active insured members and recipients of disability benefits to the new employee benefits institution, thus releasing the Copré Collective Foundation from all obligations. 2100000 2200000 2300000 The following table presents the funded status of the defined benefit pension plan (in thousands): <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:66.72%;"></td> <td style="width:1.72%;"></td> <td style="width:1%;"></td> <td style="width:12.92%;"></td> <td style="width:1%;"></td> <td style="width:1.72%;"></td> <td style="width:1%;"></td> <td style="width:12.92%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;text-align:left;"> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> June 30, </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td> </tr> <tr style="height:8pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;text-align:left;"> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> 2024 </td> <td style="vertical-

Segment Disclosure The Company has one operating and reporting segment (oncology systems group), which develops, manufactures and markets proprietary medical devices used in radiation therapy for the treatment of cancer patients. The Company's Chief Executive Officer, its Chief Operating Decision Maker,*

reviews financial information presented on a consolidated basis for purposes of making operating decisions and assessing financial performance. The Company does not assess the performance of its individual product lines on measures of profit or loss, or asset based metrics. Therefore, the information below is presented only for revenues and long-lived tangible assets by geographic areas. Disaggregation of Revenues The Company disaggregates its revenues from contracts by geographic region, as the Company believes this best depicts how the nature, amount, timing and uncertainty of revenues and cash flows are affected by economic factors. The Company reports its customer revenues in four geographic regions: the Americas, EIMEA, Asia Pacific and Japan. The Americas region primarily includes the United States, Canada, and Latin America. The EIMEA region includes Europe, India, the Middle East and Africa. The Asia Pacific region consists of Asia, Australia and New Zealand. Additionally, the Company typically recognizes revenue at a point in time for product revenue and recognizes revenue over time for service revenue. Revenues attributed to a country or region are based on the shipping addresses of the Company's customers. The following summarizes revenue by geographic region (in thousands): <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"><tr
