improve disclosures about a public entity's reportable segments and provide more detailed information about a reportable segment's expenses. ASU 2023-07 clarifies that an entity which has a single reportable segment is to provide all the disclosures required by Topic 280 and ASU 2023-07. The amendment is effective for fiscal years beginning after December 15, 2023 and interim periods within fiscal years beginning after December 15, 2024. The adoption of ASU 2023-07 is not expected to have a significant impact on the Company's consolidated financial statements. ASU 2023-09, "Income Taxes (Topic 740): Improvements to Income Tax Disclosures" amends existing guidance to improve the transparency of income tax disclosures, including disclosure of specific categories in the rate reconciliation, providing additional information for certain reconciling items, and providing details on income taxes paid. The amendments are effective for annual periods beginning after December 15, 2024. The adoption of ASU 2023-09 is not expected to have a significant impact on the Company's consolidated financial statements. Other accounting standards that have been issued or proposed by the Financial Accounting Standards Board ("FASB") or other standards-setting bodies are not expected to have a material impact on the Company's consolidated financial statements. 3In the opinion of the Company, the accompanying unaudited consolidated financial statements contain all adjustments necessary to present fairly the consolidated financial position of the Company as of September 30, 2024, the consolidated results of income, comprehensive income and shareholders' equity for the three and nine months ended September 30, 2024 and 2023, and the consolidated cash flows for the nine months ended September 30, 2024 and 2023. Any such adjustments were of a normal, recurring nature. These interim financial statements should be read in conjunction with the Company's audited consolidated financial statements and notes in the 2023 Annual Report for the year ended December 31, 2023. Operating results for interim period are not necessarily indicative of the results that may be expected for the full year. In certain instances, amounts reported in prior years' consolidated financial statements have been reclassified to conform to the current presentation. Such reclassifications had no effect on previously reported shareholders' equity or net income. Refer to Note 1 of the 2023 Annual Report filed with the Securities and Exchange Commission ("SEC") for a discussion of accounting policies and other relevant information with respect to the consolidated financial statements. Accounting Standards Adopted in 2024 Accounting Standards Update ("ASU")- 2023-02, "Investments—Equity Method and Joint Ventures (Topic 323): Accounting for Investments in Tax Credit Structures Using the Proportional Amortization Method" permits reporting entities to elect to account for their tax equity investments, regardless of the tax credit program from which the income tax credits are received, using the proportional amortization method if certain conditions are met. This update is effective for fiscal years beginning after December 15, 2023, including interim periods within those fiscal years. The adoption of ASU 2023-02 did not have a significant impact on the Company's consolidated financial statements. Accounting Standards Pending Adoption ASU 2023-07, "Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures" amended existing guidance to improve disclosures about a public entity's reportable segments and provide more detailed information about a reportable segment's expenses. ASU 2023-07 clarifies that an entity which has a single reportable segment is to provide all the disclosures required by Topic 280 and ASU 2023-07. The amendment is effective for fiscal years beginning after December 15, 2023 and interim periods within fiscal years beginning after December 15, 2024. The adoption of ASU 2023-07 is not expected to have a significant impact on the Company's consolidated financial statements. ASU 2023-09, "Income Taxes (Topic 740): Improvements to Income Tax Disclosures" amends existing guidance to improve the transparency of income tax disclosures, including disclosure of specific categories in the rate reconciliation, providing additional information for certain reconciling items, and providing details on income taxes paid. The amendments are effective for annual periods beginning after December 15, 2024. The adoption of ASU 2023-09 is not expected to have a significant impact on the Company's consolidated financial statements. Other accounting standards that have been issued or proposed by the Financial Accounting Standards Board ("FASB") or other standards-setting bodies are not expected to have a material impact on the Company's consolidated financial statements. Acquisitions On January 1, 2023, the Company completed its acquisition of GrandSouth Bancorporation ("GrandSouth"), in an all-stock transaction. The results of GrandSouth are included beginning on the January 1, 2023 acquisition date. This transaction was accounted for using the acquisition method of accounting for business combinations, and accordingly, the assets acquired, intangible assets identified, and liabilities assumed of GrandSouth were recorded based on estimates of fair values as of January 1, 2023. The operations of GrandSouth have been integrated into existing First Bank operations and therefore separate results of operations or balance sheet information is not presented. Securities The book values and approximate fair values of investment securities at September 30, 2024 and December 31, 2023 are summarized as follows: <table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:98.684%"><tr><td style="width:1.0%"></td><td style="width:20.677%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.540%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:8.085%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.540%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:8.085%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.540%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:7.788%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.540%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:7.788%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.540%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:8.085%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.540%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:8.085%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.540%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:7.788%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.540%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:7.799%"></td><td style="width:0.1%"></td></tr><tr style="height:12pt"><td colspan="3" rowspan="3" style="padding:2px 1pt;text-align:left;vertical-align:bottom">($ in thousands)</td><td colspan="3" style="padding:0 1pt"></td><td colspan="21" style="border-bottom:1pt solid #000000;padding:2px 1pt;text-align:center;vertical-align:bottom">September 30, 2024</td><td colspan="3" style="padding:0 1pt"></td><td colspan="21" style="border-bottom:1pt solid #000000;padding:2px 1pt;text-align:center;vertical-align:bottom">December 31, 2023</td></tr><tr style="height:12pt"><td colspan="3" style="padding:0 1pt"></td><td colspan="3" rowspan="2" style="border-bottom:1pt solid #000000;border-top:1pt solid #000000;padding:2px 1pt;text-align:center;vertical-align:bottom">Amortized

the Company's securities portfolio included 620 securities of which 586 securities were in an unrealized loss position. As of December 31, 2023, the Company's securities portfolio included 657 securities of which 632 securities were in an unrealized loss position. In the above tables, all of the securities that were in an unrealized loss position at September 30, 2024 and December 31, 2023 are bonds that the Company has determined are in a loss position due primarily to interest rate factors and not credit quality concerns. In arriving at this conclusion, the Company reviewed third-party credit ratings and considered the severity of the impairment. The state and local government investments are comprised almost entirely of highly-rated municipal bonds issued by state and local governments throughout the nation. The Company has no significant concentrations of bond holdings from one state or local government entity. Nearly all of our mortgage-backed securities were issued by Federal Home Loan Mortgage Corporation ("FHLMC"), Federal National Mortgage Association ("FNMA"), Government National Mortgage Association ("GNMA"), or the Small Business Administration ("SBA"), each of which is a government agency or GSE and guarantees the repayment of the securities. At September 30, 2024 and December 31, 2023, the Company determined that expected credit losses associated with held to maturity securities and available for sale debt securities were insignificant. The book values and fair values of investment securities at September 30, 2024, by contractual maturity, are summarized in the table below. Expected maturities may differ from contractual maturities because issuers may have the right to call or prepay obligations with or without call or prepayment penalties. <table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:100.000%"><tr><td style="width:1.0%"></td><td style="width:43.929%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.823%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.619%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.823%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.619%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.823%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.619%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.823%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.622%"></td><td style="width:0.1%"></td></tr><tr><td colspan="3" style="background-color:#ffffff;padding:2px 1pt;text-align:left;vertical-align:bottom"> </td><td colspan="3" style="background-color:#ffffff;padding:0 1pt"></td><td colspan="9" style="background-color:#ffffff;padding:2px 1pt;text-align:center;vertical-align:bottom">Securities Available for Sale</td><td colspan="3" style="background-color:#ffffff;padding:0 1pt"></td><td colspan="9" style="background-color:#ffffff;padding:2px 1pt;text-align:center;vertical-align:bottom">Securities Held to Maturity</td></tr><tr><td colspan="3" style="background-color:#ffffff;padding:2px 1pt;text-align:left;vertical-align:bottom">($ in thousands)</td><td colspan="3" style="background-color:#ffffff;padding:0 1pt"></td><td colspan="3" style="background-color:#ffffff;border-top:1pt solid #000000;padding:2px 1pt;text-align:center;vertical-align:bottom">Amortized

December 31, 2023, investment securities with carrying values of $924.8 million and $971.3 million, respectively, were pledged as collateral for public deposits. In addition, at September 30, 2024 and December 31, 2023, investment securities with carrying values of $582.6 million and $679.0 million, respectively, were pledged as collateral for Federal Reserve Bank ("Federal Reserve") borrowings. At September 30, 2024 and December 31, 2023, there were no holdings of securities of any one issuer, other than the U.S. Government and its agencies or GSEs, in an amount greater than 10% of shareholders' equity. There were no sales of investment securities during the three months ended September 30, 2024. During the second quarter of 2024, the Company sold all of its holdings of Class B shares of Visa, Inc. ("Visa") stock that were received upon Visa's initial public offering and recognized a gain of $4.5 million. As the Class B stock did not initially have a readily determinable fair value, it was carried at $0 prior to the sale. During the second quarter of 2024, the Company received proceeds from sales of securities of $138.2 million and recorded $4.7 million in gross losses from the sales. This loss was partially offset by the $4.5 million gain on the sale of the Visa stock discussed above. Included in "Securities losses, net" in the consolidated statements of income, during the first quarter of 2024, the Company received proceeds from the call of a security of $5.2 million and recorded a $975 thousand loss related to the unamortized premium balance at the time of the call. During the first quarter of 2023, the Company sold substantially all of the securities acquired from GrandSouth at their initially recorded fair values. Accordingly, there was no gain or loss recorded on the sale of acquired securities. Included in "Other assets" in the consolidated balance sheets are investments in Federal Home Loan Bank ("FHLB") and Federal Reserve stock totaling $41.2 million and $54.5 million at September 30, 2024 and December 31, 2023, respectively. These investments do not have readily determinable fair values. The FHLB stock had a cost of $8.5 million and $21.7 million at September 30, 2024 and December 31, 2023, respectively, and serves as part of the collateral for the Company's line of credit with the FHLB and is also a requirement for membership in the FHLB system. The Federal Reserve stock had a cost and fair value of $32.7 million and $32.8 million at September 30, 2024 and December 31, 2023, respectively, and is a requirement for Federal Reserve member bank qualification. Periodically, both the FHLB and Federal Reserve recalculate the Company's required level of holdings, and the Company either buys more stock or redeems a portion of the stock at cost.  At September 30, 2024 and December 31, 2023, there were remaining unaccreted discounts on the retained portion of sold SBA loans amounting to $3.3 million and $3.5 million, respectively. At September 30, 2024 and December 31, 2023, 1oans in the amount of $6.6 billion and $6.5 billion, respectively, were pledged as collateral for certain borrowings.
 At September 30, 2024 and December 31, 2023, total loans included loans to executive officers and directors of the Company, and their associates, totaling approximately $63.3 million and $63.7 million, respectively. While there was one new loan, advances on existing loans totaled approximately $1.3 million for the nine months ended September 30, 2024, and repayments amounted to $1.6 million for that period. Available credit on related party loans totaled $1.0 million and $2.7 million at September 30, 2024 and December 31, 2023, respectively. As of September 30, 2024 and December 31, 2023, unamortized discounts on all acquired loans totaled $17.3 million and $24.0 million, respectively. Loan discounts are generally amortized as yield adjustments over the respective lives of the loans, so long as the loans perform. There was no impairment of acquired loans during the three and nine months ended September 30, 2024 that would require acceleration of amortization or charge off of unamortized discount. </div><div style="margin-top:10pt">Nonperforming assets ("NPAs") are defined as nonaccrual loans, modifications to borrowers in financial distress, loans past due 90 or more days and still accruing interest, and foreclosed real estate. </div><div style="margin-top:10pt">The following table summarizes the NPAs for each date presented.</div><div style="margin-top:5pt"><table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:100.000%"><tr><td style="width:1.0%"></td><td style="width:71.414%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.823%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.619%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.823%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.621%"></td><td style="width:0.1%"></td></tr><tr><td colspan="3" style="padding:2px 1pt;text-align:left;vertical-align:bottom">($ in thousands)</td><td colspan="3" style="padding:0 1pt"></td><td colspan="3" style="padding:2px 1pt;text-align:center;vertical-align:bottom">September 30,

loans are loans for which the repayment is expected to be provided substantially through the operation or sale of the collateral and the borrower is experiencing financial difficulty. The Company reviews individually evaluated loans on nonaccrual with a net book balance of $500,000 or greater for designation as collateral dependent loans, as well as certain other loans that may still be accruing interest and/or are less than $500,000 in size that management of the Company designates as having higher risk. These loans do not share common risk characteristics and are not included within the collectively evaluated loans for determining the Allowance for Credit Losses ("ACL"). Credit Quality Indicators There have been no material changes from the treatment of credit quality tracking and risk grade descriptions as discussed in Note 4 of the Company's Annual Report on Form 10-K for the year ended December 31, 2023. In the tables that follow, substantially all of the "Classified" loans have grades of 7 or Fail, with those categories having similar levels of risk. The tables below present the Company's recorded investment in loans by credit quality indicators by year of origination or renewal as of the periods indicated. Acquired loans are presented in the year originated, not in the year of acquisition. <table modifications made for borrowers experiencing financial difficulty during the three and nine months ended September 30, 2024 and September 30, 2023 are considered to have had a payment default. Upon the Company's determination that a modified loan (or portion of a loan) has subsequently been deemed uncollectible, the loan (or a portion of the loan) is written off. Therefore, the amortized cost basis of the loan is reduced by the uncollectible amount and the ACL is adjusted by the same amount. Concentration of Credit Risk. Most of the Company's business activity is with customers located within the markets where it has banking operations. Therefore, the Company's exposure to credit risk is significantly affected by changes in the economy within its markets. Approximately 88% of the Company's loan portfolio is secured by real estate and is therefore susceptible to changes in real estate valuations. There have been no material changes to the primary loan markets (as identified by counties) from year end. The Company applied increased reserve rates based upon severe economic factors to the approximately $755 million of loans in the most impacted path of Hurricane Helene. Additionally, the Company performed an initial evaluation of the largest commercial loans in that area and applied incremental reserves to those loans that were suspected of having higher potential property damage or economic impact from the storm. Due to the potential exposure from Hurricane Helene, the ACL on these impacted loans increased by $13.0 million, expanding the ACL as a percent of loans in the impacted geography from 1.29% to 3.01% as of September 30, 2024 and adding 16 basis points to the overall ACL as a percent of total loans, which was 1.53% as of September 30, 2024. Allowance for Unfunded Loan Commitments In addition to the ACL on loans, the Company maintains an allowance for lending-related commitments such as unfunded loan commitments and letters of credit. The Company estimates expected credit losses over the contractual period in which the Company is exposed to credit risk via a contractual obligation to extend credit, unless that obligation is unconditionally cancellable by the Company. The allowance for lending-related commitments on off-balance sheet credit exposures is adjusted as a provision for unfunded commitments expense. The estimate includes consideration of the likelihood that funding will occur, which is based on a historical funding study derived from internal information, and an estimate of expected credit losses on commitments expected to be funded over its estimated life, which are the same loss rates that are used in computing the ACL on loans. style="margin-top:10pt">The Company enters into leases in the normal course of business. As of September 30, 2024, the Company leased 14 bank branch offices for which the land and buildings are leased and ten branch offices for which the land is leased but the buildings are owned. The Company also leases office space for several operational departments. The lease agreements have maturity dates ranging from November 2024 through May 2076, some of which include options for multiple five- and ten-year extensions. The weighted average remaining life of the lease term for these leases was 21.1 years as of September 30, 2024. Certain of the Company's lease agreements include variable lease payments based on changes in inflation, with the impact of that factor being insignificant to the Company's total lease expense. As permitted by applicable accounting standards, the Company has elected not to recognize leases with original lease terms of twelve months or less (short-term leases) on the Company's consolidated balance sheets. The short-term lease cost for each period presented was insignificant. Leases are classified as either operating or finance leases at the lease commencement date and all of the Company's leases have been determined to be operating leases. Lease expense for operating leases and short-term leases is recognized on a straight-line basis over the applicable lease term. Right-of-use assets represent the Company's right to use an underlying asset for the lease term and lease liabilities represent the Company's obligation to make lease payments arising from the lease. Right-of-use assets and lease liabilities are recognized at the lease commencement date based on the estimated present value of lease payments over the lease term. The Company uses its incremental borrowing rate, on a collateralized basis, at lease commencement to calculate the present value of lease payments when the rate implicit in the lease is not known. The weighted average discount rates for leases were 3.32% and 3.19% as of September 30, 2024 and December 31, 2023, respectively. The right-of-use assets, included in "Other assets" on the Company's consolidated balance sheet, and lease liabilities, included in "Other liabilities" on the Company's consolidated balance sheet, were $14.1 million and $14.9 million as of September 30, 2024, respectively, and were $17.1 million and $17.8 million as of December 31, 2023, respectively. Total operating lease expenses, included in "Other operating expenses" in the Company's consolidated statement of income, were $0.6 million and $0.8 million for the three months ended September 30, 2024 and 2023, respectively, and $1.8 million and $2.3 million for the nine months ended September 30, 2024 and 2023, respectively. </div><div style="margin-top:10pt">Future undiscounted lease style="display:none"></td></tr></table> The following is a description of the valuation methodologies used for financial instruments measured at fair value. Securities Available for Sale — When quoted market prices are available in an active market, the securities are classified as Level 1 in the valuation hierarchy. If quoted market prices are not available, but fair values can be estimated by observing quoted prices of securities with similar characteristics, the securities are classified as Level 2 on the valuation hierarchy. Most of the fair values for the Company's Level 2 securities are determined by the Company's third-party bond accounting provider using matrix pricing. Matrix pricing is a mathematical technique widely used in the industry to value debt securities without relying exclusively on quoted prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities. For the Company, Level 2 securities include U.S Treasury bonds, mortgage-backed securities, commercial mortgage-backed obligations, government-sponsored enterprise securities, and corporate bonds. In cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Company reviews the pricing methodologies utilized by the bond accounting provider to ensure the fair value determination is consistent with the applicable accounting guidance and that the investments are properly classified in the fair value hierarchy. Presold Mortgages in Process of Settlement - The fair value is based on the committed price that an investor has agreed to pay for the loan which is considered a Level 2 input. Derivative financial assets and liabilities - The fair values of interest rate swaps are determined using the market standard methodology of netting the discounted future fixed cash receipts (or payments) and the discounted expected variable cash payments (or receipts). The variable cash payments (or receipts) are based on an expectation of future interest rates (forward curves) derived from observable market interest rate curves. These are considered a Level 2 input. Individually evaluated loans — Fair values for individually evaluated loans are measured on a non-recurring basis and are based on the underlying collateral values securing the loans, adjusted for estimated selling costs, or the net present value of the cash flows expected to be received for such loans. Collateral may be in the form of real estate or business assets including equipment, inventory and accounts receivable. The vast majority of the collateral is real estate. The value of real estate collateral is generally determined by third-party appraisers using an income or market valuation approach based on an appraisal conducted by an independent, licensed third party appraiser (Level 3). The value of business equipment is based upon an outside appraisal if deemed significant, or the net book value on the applicable borrower's financial statements if not considered significant. Likewise,

*values for inventory and accounts receivable collateral are based on borrower financial statement balances or aging reports on a discounted basis as appropriate (Level 3). Appraisals used in this analysis are generally obtained at least annually based on when the loans first became impaired, and thus the appraisals are not necessarily as of the period ends presented. Any fair value adjustments are recorded in the period incurred as provision for credit losses on the consolidated statements of income. There were no significant changes in the reported amount of Level 3 assets and liabilities measured at fair value on either a recurring or a non-recurring basis as of September 30, 2024. The carrying amounts and estimated fair values of financial instruments not carried at fair value at September 30, 2024 and December 31, 2023 were as follows: <table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:98.830%"><tr><td style="width:1.0%"></td><td style="width:29.521%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.835%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.769%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.687%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.769%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.835%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.769%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.835%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.769%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.835%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.776%"></td><td style="width:0.1%"></td></tr><tr><td colspan="3" style="padding:2px 1pt;text-align:left;vertical-align:bottom"> </td><td colspan="3" style="padding:0 1pt"></td><td colspan="3" style="padding:2px 1pt;text-align:center;vertical-align:bottom"> </td><td colspan="3" style="padding:0 1pt"></td><td colspan="9" style="padding:2px 1pt;text-align:center;vertical-align:bottom">September 30, 2024</td><td colspan="3" style="padding:0 1pt"></td><td colspan="9" style="padding:2px 1pt;text-align:center;vertical-align:bottom">December 31, 2023</td></tr><tr><td colspan="3" style="padding:2px 1pt;text-align:left;vertical-align:bottom">($ in thousands)</td><td colspan="3" style="padding:0 1pt"></td><td colspan="3" style="padding:2px 1pt;text-align:center;vertical-align:bottom">Level in Fair

the financial instrument. These estimates do not reflect any premium or discount that could result from offering for sale at one time the Company's entire holdings of a particular financial instrument. Because no highly liquid market exists for a significant portion of the Company's financial instruments, fair value estimates are based on judgments regarding future expected loss experience, current economic conditions, risk characteristics of various financial instruments, and other factors. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and therefore cannot be determined with precision. Changes in assumptions could significantly affect the estimates. Fair value estimates are based on existing on- and off-balance sheet financial instruments without attempting to estimate the value of anticipated future business and the value of assets and liabilities that are not considered financial instruments. Significant assets and liabilities that are not considered financial assets or liabilities include net premises and equipment, intangible and other assets such as deferred income taxes, prepaid expense accounts, income taxes currently payable, and other various accrued expenses. In addition, the income tax ramifications related to the realization of the unrealized gains and losses can have a significant effect on fair value estimates and have not been considered in any of the estimates. The following table summarizes the Company's financial instruments that were measured at fair value on a recurring and nonrecurring basis at September 30, 2024: <table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:99.853%"><tr><td style="width:1.0%"></td><td style="width:40.334%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.824%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:12.516%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.824%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:12.516%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.824%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:12.516%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.824%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:12.522%"></td><td style="width:0.1%"></td></tr><tr><td colspan="3" style="padding:2px 1pt;text-align:left;vertical-align:bottom"> ($ in thousands)

These amounts are included in "Total personnel expense" on the accompanying consolidated statements of income. The Company recognized income tax benefits related to stock-based compensation expense in its income statement of $304,000 and $278,000 for the three months ended September 30, 2024 and 2023, respectively, and $675,000 and $798,000 for the nine months ended September 30, 2024 and 2023, respectively. At September 30, 2024, the sole equity-based compensation plan of the Company was the First Bancorp 2024 Equity Plan (the "Equity Plan"), which was approved by shareholders on May 31, 2024. As of September 30, 2024, the Equity Plan had 1,929,731 shares remaining available for grant. During the second quarter, the First Bancorp 2014 Equity Plan expired and was replaced by the Equity Plan. The Equity Plan is intended to serve as a means to attract, retain, and motivate key employees and directors and to associate the interests of the Equity Plan's participants with those of the Company and its shareholders. The Equity Plan allows for both grants of stock options and other types of equity-based compensation, including stock appreciation rights, restricted and unrestricted stock, restricted performance stock, and performance units. For the last several years, the only equity-based compensation granted by the Company has been shares of restricted stock, as it relates to employees, and unrestricted stock as it relates to non-employee directors. There have been no material changes to the treatment of stock awards and equity grants as discussed in Note 15 of the Company's Annual Report on Form 10-K for the year ended December 31, 2023. In addition to employee equity awards, the Company's practice is to grant unrestricted common shares to each non-employee director (currently twelve in total) in June of each year. The grants were valued at approximately $37,500 in 2024. Compensation expense associated with these director awards is fully recognized by the date of the award since there are no vesting conditions. </div><div style="margin-top:10pt">The following table presents information regarding the activity for the first nine months of 2024 related to the Company's outstanding restricted stock awards:</div><div style="margin-top:5pt"><table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:100.000%"><tr><td style="width:1.0%"></td><td style="width:71.560%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.823%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.619%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.677%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.621%"></td><td style="width:0.1%"></td></tr><tr style="height:21pt"><td colspan="3" rowspan="2" style="padding:0 1pt"></td><td colspan="3" style="padding:0 1pt"></td><td colspan="9" style="padding:2px 1pt;text-align:center;vertical-align:bottom">Long-Term Restricted Stock Awards</td></tr><tr style="height:41pt"><td colspan="3" style="padding:0 1pt"></td><td colspan="3" style="border-top:1pt solid #000000;padding:2px 1pt;text-align:center;vertical-align:bottom">Number of Units</td><td colspan="3" style="border-top:1pt solid #000000;padding:0 1pt"></td><td colspan="3" style="border-top:1pt solid #000000;padding:2px 1pt;text-align:center;vertical-align:bottom">Weighted-Average
