

[illegible]

respectively. Our active clients have an average of approximately R\$2,000 on deposits, a strong indication of their use of Inter as their main financial institution for daily transactions. Notably, our "Meu Porquinho" savings product (ãPiggy Bank" in English) has over 3 million clients with a total R\$ 4.5 billion AuC. Our competitive cost of funding is a result of higher transactional deposits. Despite years of strong balance sheet growth, transactional deposits remain robust and funding cost among the lowest in the banking industry. Nominal cost of funding increase in the 4Q24 was a result of higher Selic rate as we entered a tightening monetary cycle. 7.5% 8.1% 8.0% 8.2% 7.2% 7.0% 6.8% 6.8% 7.1% 13.7% 13.7% 13.7% 13.3% 12.2% 11.3% 10.5% 10.4% 11.1% 54.8% 59.7% 58.6% 61.7% 59.2% 61.9% 64.3% 65.4% 64.2% 4Q22 1Q23 2Q23 3Q23 4Q23 1Q24 2Q24 3Q24 4Q24 Business Updates Strategic Update 1.75 1.68 1.71 1.77 1.87 1.77 1.85 1.90 1.98 1.60 1.65 1.70 1.75 1.80 1.85 1.90 1.95 2.0 0.00 YoY +4% +6% Deposits per Active Client -0.9 p.p. +3.5 p.p. Variation % Capital Ratio Capital Ratio One of our key competitive advantages is our robust capital base, which is entirely comprised of high-quality Tier 1 capital, with no hybrid instruments. To sustain this advantage over time, we have established a ROE-driven underwriting framework based on the return on allocated capital. To further optimize our capital structure, we have focused on increasing our capital base at the holding level. In 4Q24 the excess capital in the holding level reached R\$ 1.5 billion. At the banking level (Banco Inter S.A.) the Tier-1 ratio decreased to 15.2%, primarily due to (1) growth in loans and investments, (2) dividend payments from Banco Inter S.A. to Inter&Co, (3) increase in deferred tax assets, attributed to negative mark-to-market results in securities available for sale, which adversely impacts reference equity. Our active contract base more than tripled compared to 2023, reaching 5.3 million. Our leadership position in the market is a result of our diversified portfolio, integrated experiences, scale, and profitability. Our Global Account business reached 3.9 million clients and USD 1.2 billion in AuC. We also launched Loop and dollar-denominated Credit Cards for Global clients, enabling us to target and engage these clients even more. During 2024, 6 million clients shopped with us, 3.6 million in 4Q24 alone, generating a yearly GMV of approximately R\$5 billion, representing 40% growth YoY. We are actively reaccelerating our GMV by increasing cashback as a strategic initiative to offer BNPL operations to our Shopping clients. In 4Q24, nearly 7% of the on-us operationsâ€™ GMV was converted to BNPL transactions. We ended 2024 with R\$ 141 billion of total AuC and added approximately 2 million active clients in the year, achieving 6.8 million Investments clients. This growth demonstrates our ability to provide value-added services and ensure a seamless and engaging experience for our clients. Loop surpassed 11 million clients in 4Q24, which means we almost tripled the number of clients engaging with our loyalty program. This demonstrates our ability to successfully influence client behavior and foster engagement across verticals. Note: Definitions are in the Appendix section of this Earnings Release. A Appendix Non-IFRS measures and KPIs Activation Rate: Number of active clients at the end of the quarter Total number of clients at the end of the quarter Active clients: We define an active client as a customer at any given date that was the source of any amount of revenue for us in the preceding three months, or/and a customer that used products in the preceding three months. For Inter insurance, we calculate the number of active clients for our insurance brokerage vertical as the number of beneficiaries of insurance policies elective as of a particular date. For Inter Invest, we calculate the number of active clients as the number of individual accounts that have invested on our platform over the applicable period. Active clients per employee: Number of active clients at the end of the quarter Total number of employees at the end of the quarter, including interns Administrative efficiency ratio: Administrative expenses + Depreciation and amortization Net Interest Income + Net result from services and commissions + Other revenue à” Tax expense Annualized interest rates: Yearly rate calculated by multiplying the quarterly interest by four, over the average portfolio of the last two quarters. All-in loans rate considers Real Estate, Personnel +FGTS, SMBs, Credit Card, excluding non-interest earnings credit card receivables, and Anticipation of Credit Card Receivables. Anticipation of credit card receivables: Disclosed in note 9.a of the Financial Statements, line “Loans to financial institutionsâ€. ARPAC gross of interest expenses: (Interest income + (Revenue from services and commissions à” Cashback à” Inter rewards) + Income from securities and derivatives + Other revenue) A - 3 Average of the last 2 quarters Active Clients ARPAC net of interest expenses: (Revenue à” Interest expenses) A - 3 Average of the last 2 quarters Active Clients ARPAC per quarterly cohort: Total Gross revenue net of interest expenses in a given cohort divided by the average number of active clients in the current and previous periods1. Cohort is defined as the period in which the client started his relationship with Inter. 1 - Average number of active clients in the current and previous periods: For the first period, is used the total number of active clients in the end of the period. Unit Economics Loan Portfolio Asset Quality Funding Capabilities Financial Performance Capital Ratio Business Verticals Appendix 27Business Updates Strategic Update A Appendix Non-IFRS measures and KPIs Assets under custody (AuC): We calculate assets under custody, or AUC, at a given date as the market value of all retail clientsâ€” assets invested through our investment platform as of that same date. We believe that AUC, as it reflects the total volume of assets invested in our investment platform without accounting for our operational efficiency, provides us useful insight on the appeal of our platform. We use this metric to monitor the size of our investment platform. Card fee revenue: It is part of the “Revenue from services and commissionâ€ and “Other revenueâ€ on IFRS Income Statement. Client acquisition cost (CAC): The average cost to add a client to the platform, considering operating expenses for opening an account, such as onboarding personnel, embossing and sending cards and digital marketing expenses with a focus on client acquisition, divided by the number of accounts opened in the quarter. Card+PIX TPV: PIX, debit and credit cards and withdrawal transacted volumes of a given period. PIX is a Central Bank of Brazil solution to bring instant payments among banks and financial institutions in Brazil. Card+PIX TPV per active client: Card+PIX TPV for a given period divided by the number of active clients as of the last day of the period. Cost of funding: Interest expenses A— 4 Average of last 2 quarters Interest bearing liabilities (demand deposits, time deposits, savings deposits, creditors by resources to release, securities issued, securities sold under agreements to repurchase, interbank deposits and others) Cost of risk: Impairment losses on Financial assets A— 4 Average of last 2 quarters of Loans and advances to customers Cost of risk excluding anticipation of credit card receivables: Impairment losses on Financial assets A— 4 Average of last 2 quarters of Loans and advances to customers excluding anticipation of credit card receivables Cost of risk excluding credit card: Impairment losses on Financial assets A— 4 Average of last 2 quarters of Loans and advances to customers excluding credit card Cost-to-serve (CTS): Personnel Expense + Administrative Expenses à” Total CAC A - 3 Average of the last 2 quarters Active Clients Coverage ratio: Provision for expected credit loss + Provision for expected credit losses on loan commitments Overdue higher than 90 days Unit Economics Loan Portfolio Asset Quality Funding Capabilities Financial Performance Capital Ratio Business Verticals Appendix 28Business Updates Strategic Update A Appendix Non-IFRS measures and KPIs Earning Portfolio (IEP): Earnings Portfolio includes “Amounts due from financial institutionsâ€ + “Loans and advances to customersâ€ + “Securitiesâ€ + “Derivativesâ€ from the IFRS Balance Sheet Efficiency ratio: Personnel expense + Administrative expenses + Depreciation and amortization Net Interest Income + Net result from services and commissions + Other revenue à” Tax expense Fee income ratio: Net result from services and commissions + Other revenue Net Interest Income + Net result from services and commissions + Other revenue à” Tax expense Funding: Demand Deposits + Time Deposits + Securities Issued + Savings Deposits + Creditors by Resources to Release + Securities sold under agreements to repurchase + Interbank deposits + Borrowing and onlending Global Services Clients: Includes Brazilian Global Account clients, US clients and international investors. Gross loan portfolio: Loans and Advance to Customers + Loans to financial institutions Gross merchandise volume (GMV): Gross merchandise value, or GMV, for a given period as the total value of all sales made or initiated through our Inter Shop & Commerce Plus platform managed by Inter Shop & Commerce Plus. While these forward-looking statements reflect our Managementâ€”s good faith beliefs, they involve known and unknown risks and uncertainties that could cause the companyâ€”s results or accrued results to differ materially from those anticipated and discussed herein. These statements are not guarantees of future performance. These risks and uncertainties include, but are not limited to, our ability to realize the amount of projected synergies and the projected schedule, in addition to economic, competitive, governmental and technological factors affecting Inter, the markets, products and prices and other factors. In addition, this presentation contains managerial numbers that may differ from those presented in our financial statements. The calculation methodology for these managerial numbers is presented in Interâ€”s quarterly earnings release. Statements contained in this report that are not facts or historical information may be forward-looking statements under the terms of the Private Securities Litigation Reform Act of 1995. These forward-looking statements may, among other things, beliefs relating to the creation of value and any other statements regarding Inter. In some cases, terms such as “estimateâ€, “projectâ€, “predictâ€, “planâ€, “believeâ€, “anticipateâ€, “expectâ€, “anticipateâ€, “intendâ€, “aimâ€, “potentialâ€, “mayâ€, “will/shallâ€ and similar terms, or the negative of these expressions, may identify forward looking statements. These forward-looking statements are based on Inter’s expectations and beliefs about future events and involve risks and uncertainties that could cause actual results to differ materially from current ones. Any forward-looking statement made by us in this document is based only on information currently available to us and speaks only as of the date on which it is made. We undertake no obligation to publicly update any forward-looking statement, whether written or oral, that may be made from time to time, whether as a result of new information, future developments or otherwise. For additional information that about factors that may lead to results that are different from our estimates, please refer to sections “Cautionary Statement Concerning Forward-Looking Statementsâ€ and “Risk Factorsâ€ of Inter&Co Annual Report on Form 20-F. The numbers for our key metrics (Unit Economics), which include active users, as average revenue per active client (ARPAC), cost-to-serve (CTS), are calculated using Interâ€”s internal data. Although we believe these metrics are based on reasonable estimates, but there are challenges inherent in measuring the use of our business. In addition, we continually seek to improve our estimates, which may change due to improvements or changes in methodology, in processes for calculating these metrics and, from time to time, we may discover inaccuracies and make adjustments to improve accuracy, including adjustments that may result in recalculating our historical metrics. About Non-IFRS Financial Measures To supplement the financial measures presented in this press release and related conference call, presentation, or webcast in accordance with IFRS, Inter&Co also presents non-IFRS measures of financial performance, as highlighted throughout the documents. The non-IFRS Financial Measures include, among others: Adjusted Net Income, cost-to-serve, Cost of Funding, Efficiency Ratio, Underwriting, NPL > 90 days, NPL 15 to 90 days, NPL and Stage 3 Formation, Cost of Risk, Coverage Ratio, Funding, All-in Cost of Funding, Gross Merchandise Volume (GMV), Premiums, Net Inflows, Global Services Deposits and Investments, Fee Income Ratio, Client Acquisition Cost, Cards+Pix TPV, Gross ARPAC, Net ARPAC, Marginal NIM 1.0, Marginal NIM 2.0, Net Interest Margin IEP + Non-int. CC Receivables (1.0), Net Interest Margin IEP (2.0), Cost-to-Serve. A “non-IFRS financial measureâ€ refers to a numerical measure of Inter&Coâ€”s historical or financial position that either excludes or includes amounts that are not normally excluded or included in the most directly comparable measure calculated and presented in accordance with IFRS in Inter&Coâ€”s financial statements. Inter&Co provides certain non-IFRS measures as additional information relating to its operating results as a complement to results provided in accordance with IFRS. The non-IFRS financial information presented herein should be considered together with, and not as a substitute for or superior to, the financial information presented in accordance with IFRS. There are significant limitations associated with the use of non-IFRS financial measures. Further, these measures may differ from the non-IFRS information, even where similarly titled, used by other companies and therefore should not be used to compare Inter&Coâ€”s performance to that of other companies. Note 2: Total number of individual accounts in Inter Brazil (PFs) as of December/2024. Note 3: Total number of PIX transactions made within the SPI only as of 4Q24. Note 4: Total number of Interâ€™s PIX transactions made within the SPI only as of 4Q24. Note 5: Considering the potential market share as % of penetration of individual accounts in Brazil as of December/24. Note 6: Total TPV of Brazil from July/2024 to September/2024 according to ABECs. Note 7: Total TPV of Inter in Brazil for the 3Q24. Note 8: Considers the potential within client base as the total TPV as of 3Q24 according to ABECs divided by the total number of active cards in 1Q24 according to Bacen times the total number of Interâ€™s cards as of 3Q24. Note 9: Total number of legal entities with active relationships with banks in Brazil, data from Mapa de Empresas from the Brazilian Government as of December/2024. Note 10: Total number of business accounts in Inter Brazil (PJs) as of December/2024. Note 11: Total number of business accounts in Inter Brazil (PJs) as of June/2024 summed with the number of CNPJs of current PFs clients that don't have a business account with Inter. Note 12: Total âœœcœrÃ©dito consignado pessoa fÃsicaâœ portfolio (Payroll PF) as of December/2024 according to Bacen. Note 13: Total Interâ€™s payroll PF as of September/2024, excluding FGTS and cartÃ£o consignado. Note 14: Market Potential for Payroll Loans = (Total individuals with payroll loans by December/2023 (DataPrev) \* Brazil's population according to IBGE) \* (Inter's total individual accounts \* Average consignado portfolio per person in Brazil) + (Total payroll pf (Bacen) \* Number of individuals with payroll loans (DataPrev). Note 15: Total credit card loan portfolio as of December/2024 according to Bacen (PF and PJ). Note 16: Interâ€™s total credit card loan portfolio as December/2024. Note 17: Market Potential for Credit Card Loans = (Total credit card loan portfolio / Number of active credit cards in Brazil as of December/2024 (Bacen)) \* (Half the number of cards at Inter). Note 18: Total FGTS portfolio estimated by multiplying Interâ€™s share in payments received of FGTS Withdraws (60-F âœ Saque AniversÃ¡rio âœ AlienaÃ§Ã£o ou CessÃ£o FiduciÃ¡ria) as of 3Q24 by Interâ€™s December/2024 FGTS loans portfolio. Note 19: Interâ€™s December/2024 FGTS loans portfolio. Note 20: FGTS Balance Potential = (Brazilians with FGTS balance by December/2022 from Caixa EconÃ´mica Federal) / (Total Brazilian population in 2022 according to IBGE) \* (% of Brazilians opting for Saque AniversÃ¡rio) \* (Proportion of total FGTS alienaÃ§Ã£o divided by total FGTS Saques) \* (Number of Inter's PF clients by September/2024) \* (Average implied loan FGTS loan portfolio). Note 21: Total Home Equity Portfolio in Brazil according to ABECIP as of December/2024. Note 22: Total Home Equity PF portfolio of Inter as of December/2024. Note 23: Potential for Home Equity (estimative) = (Number of Home Equity PF contracts according to ABECIP) / (Number of Brazilians according to the IBGE 2022 census) \* (Number of PF clients at Inter as of December 2024) \* (Average Home Equity PF contract amount according to ABECIP as of December/2024). Á E A R N I N G S P R E S E N T A T I O N | 4 Q 2 4 39 Non-IFRS measures and KPIs Activation Rate: Number of active clients at the end of the quarter Total number of clients at the end of the quarter Active clients: We define an active client as a customer at any given date that was the source of any amount of revenue for us in the preceding three months, or/and a customer that used products in the preceding three months. For Inter insurance, we calculate the number of active clients for our insurance brokerage vertical as the number of beneficiaries of insurance policies effective as of a particular date. For Inter Invest, we calculate the number of active clients as the number of individual accounts that have invested on our platform over the applicable period. Active clients per employee: Number of active clients at the end of the quarter Total number of employees at the end of the quarter, including interns Administrative efficiency ratio: Administrative expenses + Depreciation and amortization Net Interest Income + Net result from services and commissions + Other revenue Á Tax expense Annualized interest rates: Yearly rate calculated by multiplying the quarterly interest by four, over the average portfolio of the last two quarters. All-in loans rate considers Real Estate, Personal +FGTS, SMBs, Credit Card, excluding non-interest earnings credit card receivables, and Anticipation of Credit Card Receivables. Anticipation of credit card receivables: Disclosed in note 9.a of the Financial Statements, line "Loans to financial institutionsâœ. ARPAC gross of interest expenses: (Interest income + (Revenue from services and commissions Á Cashback Á Inter rewards) + Income from securities and derivatives + Other revenue) Á 3 Average of the last 2 quarters Active Clients ARPAC net of interest expenses: (Revenue Á Interest expenses) Á 3 Average of the last 2 quarters Active Clients ARPAC per quarterly cohort: Total Gross revenue net of interest expenses in a given cohort divided by the average number of active clients in the current and previous periods1. Cohort is defined as the period in which the client started his relationship with Inter. 1 - Average number of active clients in the current and previous periods: For the first period, is used the total number of active clients in the end of the period. Assets under custody (AuC): We calculate assets under custody, or AUC, at a given date as the market value of all retail clientsâœ assets invested through our investment platform as of that same date. We believe that AUC, as it reflects the total volume of assets invested in our investment platform without accounting for our operational efficiency, provides us useful insight on the appeal of our platform. We use this metric to monitor the size of our investment platform. Card fee revenue: It is part of the âœRevenue from services and commissionâœ and âœOther revenueâœ on IFRS Income Statement. Client acquisition cost (CAC): The average cost to add a client to the platform, considering operating expenses for opening an account, such as onboarding personnel, embossing and sending cards and digital marketing expenses with a focus on client acquisition, divided by the number of accounts opened in the quarter. Á E A R N I N G S P R E S E N T A T I O N | 4 Q 2 4 40 Non-IFRS measures and KPIs Card+PIX TPV: PIX, debit and credit cards and withdrawal transacted volumes of a given period. PIX is a Central Bank of Brazil solution to bring instant payments among banks and financial institutions in Brazil. Card+PIX TPV per active client: Card+PIX TPV for a given period divided by the number of active clients as of the last day of the period. Cost of funding: Interest expenses Á 4 Average of last 2 quarters Interest bearing liabilities (demand deposits, time deposits, savings deposits, creditors by resources to release, securities issued, securities sold under agreements to repurchase, interbank deposits and others) Cost of risk: Impairment losses on Minancial assets Á 4 Average of last 2 quarters of Loans and advances to customers Cost of risk excluding anticipation of credit card receivables: Impairment losses on Minancial assets Á 4 Average of last 2 quarters of Loans and advances to customers excluding anticipation of credit card receivables Cost of risk excluding credit card: Impairment losses on Minancial assets Á 4 Average of last 2 quarters of Loans and advances to customers excluding credit card Cost-to-serve (CTS): Personnel Expense + Administrative Expenses Á Total CAC Á 3 Average of the last 2 quarters Active Clients Coverage ratio: Provision for expected credit loss + Provision for expected credit losses on loan commitments Overdue higher than 90 days Earning portfolio (IEP): Earnings Portfolio includes âœœAmounts due from financial institutionsâœ + âœœLoans and advances to customersâœ + âœœSecuritiesâœ + âœœDerivativesâœ from the IFRS Balance Sheet Efficiency ratio: Personnel expense + Administrative expenses + Depreciation and amortization Net Interest Income + Net result from services and commissions + Other revenue Á Tax expense Fee income ratio: Net result from services and commissions + Other revenue Net Interest Income + Net result from services and commissions + Other revenue Á Tax expense Funding: Demand Deposits + Time Deposits + Securities Issued + Savings Deposits + Creditors by Resources to Release + Securities sold under agreements to repurchase + Interbank deposits + Borrowing and onlending Global Services Clients: Includes Brazilian Global Account clients, US clients and international investors. *[The following text contains extremely dense, non-readable characters and symbols, likely representing corrupted or encrypted data.]*

[illegible]

The image contains a large block of extremely dense, repetitive, and mostly illegible text, likely representing corrupted data or a heavily distorted document page. The text consists of numerous lines of characters, many of which are repeated or appear as noise, making it impossible to discern any meaningful information.

[illegible]

[illegible]

[illegible]

The image contains a large block of extremely dense, repetitive, and mostly illegible text. The text appears to be a corrupted or heavily redacted document, possibly containing sensitive information. It consists of numerous lines of text, many of which are repeated verbatim or contain similar patterns, suggesting a loss of original meaning or a specific encoding error. The text is organized into several distinct sections, each starting with a header-like phrase followed by multiple lines of body text.

The first section begins with "007-07-07-07-07" and continues with various alphanumeric strings and symbols. The second section starts with "008-08-08-08-08" and follows a similar pattern. The third section begins with "009-09-09-09-09" and continues with more repetitive text. The fourth section starts with "010-10-10-10-10" and follows the same pattern. The fifth section begins with "011-11-11-11-11" and continues with more repetitive text. The sixth section starts with "012-12-12-12-12" and follows the same pattern. The seventh section begins with "013-01-01-01-01" and continues with more repetitive text. The eighth section starts with "014-02-02-02-02" and follows the same pattern. The ninth section begins with "015-03-03-03-03" and continues with more repetitive text. The tenth section starts with "016-04-04-04-04" and follows the same pattern. The eleventh section begins with "017-05-05-05-05" and continues with more repetitive text. The twelfth section starts with "018-06-06-06-06" and follows the same pattern. The thirteenth section begins with "019-07-07-07-07" and continues with more repetitive text. The fourteenth section starts with "020-08-08-08-08" and follows the same pattern. The fifteenth section begins with "021-09-09-09-09" and continues with more repetitive text. The sixteenth section starts with "022-10-10-10-10" and follows the same pattern. The seventeenth section begins with "023-11-11-11-11" and continues with more repetitive text. The eighteenth section starts with "024-12-12-12-12" and follows the same pattern. The nineteenth section begins with "025-01-01-01-01" and continues with more repetitive text. The twentieth section starts with "026-02-02-02-02" and follows the same pattern. The twenty-first section begins with "027-03-03-03-03" and continues with more repetitive text. The twenty-second section starts with "028-04-04-04-04" and follows the same pattern. The twenty-third section begins with "029-05-05-05-05" and continues with more repetitive text. The twenty-fourth section starts with "030-06-06-06-06" and follows the same pattern. The twenty-fifth section begins with "031-07-07-07-07" and continues with more repetitive text. The twenty-sixth section starts with "032-08-08-08-08" and follows the same pattern. The twenty-seventh section begins with "033-09-09-09-09" and continues with more repetitive text. The twenty-eighth section starts with "034-10-10-10-10" and follows the same pattern. The twenty-ninth section begins with "035-11-11-11-11" and continues with more repetitive text. The thirtieth section starts with "036-12-12-12-12" and follows the same pattern. The thirty-first section begins with "037-01-01-01-01" and continues with more repetitive text. The thirty-second section starts with "038-02-02-02-02" and follows the same pattern. The thirty-third section begins with "039-03-03-03-03" and continues with more repetitive text. The thirty-fourth section starts with "040-04-04-04-04" and follows the same pattern. The thirty-fifth section begins with "041-05-05-05-05" and continues with more repetitive text. The thirty-sixth section starts with "042-06-06-06-06" and follows the same pattern. The thirty-seventh section begins with "043-07-07-07-07" and continues with more repetitive text. The thirty-eighth section starts with "044-08-08-08-08" and follows the same pattern. The thirty-ninth section begins with "045-09-09-09-09" and continues with more repetitive text. The fortieth section starts with "046-10-10-10-10" and follows the same pattern. The forty-first section begins with "047-11-11-11-11" and continues with more repetitive text. The forty-second section starts with "048-12-12-12-12" and follows the same pattern. The forty-third section begins with "049-01-01-01-01" and continues with more repetitive text. The forty-fourth section starts with "050-02-02-02-02" and follows the same pattern. The forty-fifth section begins with "051-03-03-03-03" and continues with more repetitive text. The forty-sixth section starts with "052-04-04-04-04" and follows the same pattern. The forty-seventh section begins with "053-05-05-05-05" and continues with more repetitive text. The forty-eighth section starts with "054-06-06-06-06" and follows the same pattern. The forty-ninth section begins with "055-07-07-07-07" and continues with more repetitive text. The fiftieth section starts with "056-08-08-08-08" and follows the same pattern. The hundred-and-first section begins with "107-11-11-11-11" and continues with more repetitive text. The hundred-and-second section starts with "108-12-12-12-12" and follows the same pattern. The hundred-and-third section begins with "109-01-01-01-01" and continues with more repetitive text. The hundred-and-fourth section starts with "110-02-02-02-02" and follows the same pattern. The hundred-and-fifth section begins with "111-03-03-03-03" and continues with more repetitive text. The hundred-and-sixth section starts with "112-04-04-04-04" and follows the same pattern. The hundred-and-seventh section begins with "113-05-05-05-05" and continues with more repetitive text. The hundred-and-eighth section starts with "114-06-06-06-06" and follows the same pattern. The hundred-and-ninth section begins with "115-07-07-07-07" and continues with more repetitive text. The hundred-and-tenth section starts with "116-08-08-08-08" and follows the same pattern. The hundred-and-eleventh section begins with "117-09-09-09-09" and continues with more repetitive text. The hundred-and-twelfth section starts with "118-10-10-10-10" and follows the same pattern. The hundred-and-thirteenth section begins with "119-11-11-11-11" and continues with more repetitive text. The hundred-and-fourteenth section starts with "120-12-12-12-12" and follows the same pattern. The hundred-and-fifteenth section begins with "121-01-01-01-01" and continues with more repetitive text. The hundred-and-sixteenth section starts with "122-02-02-02-02" and follows the same pattern. The hundred-and-seventeenth section begins with "123-03-03-03-03" and continues with more repetitive text. The hundred-and-eighteenth section starts with "124-04-04-04-04" and follows the same pattern. The hundred-and-nineteenth section begins with "125-05-05-05-05" and continues with more repetitive text. The hundred-and-twentieth section starts with "126-06-06-06-06" and follows the same pattern. The hundred-and-twenty-first section begins with "127-07-07-07-07" and continues with more repetitive text. The hundred-and-twenty-second section starts with "128-08-08-08-08" and follows the same pattern. The hundred-and-twenty-third section begins with "129-09-09-09-09" and continues with more repetitive text. The hundred-and-twenty-fourth section starts with "130-10-10-10-10" and follows the same pattern. The hundred-and-twenty-fifth section begins with "131-11-11-11-11" and continues with more repetitive text. The hundred-and-twenty-sixth section starts with "132-12-12-12-12" and follows the same pattern. The hundred-and-twenty-seventh section begins with "133-01-01-01-01" and continues with more repetitive text. The hundred-and-twenty-eighth section starts with "134-02-02-02-02" and follows the same pattern. The hundred-and-twenty-ninth section begins with "135-03-03-03-03" and continues with more repetitive text. The hundred-and-thirtieth section starts with "136-04-04-04-04" and follows the same pattern. The hundred-and-thirty-first section begins with "137-05-05-05-05" and continues with more repetitive text. The hundred-and-thirty-second section starts with "

[illegible]

[illegible]

[illegible]

[illegible]

*[The following text contains extremely dense, non-readable noise and appears to be corrupted or gibberish. It has been truncated for brevity.]*

[illegible]

[illegible]

[illegible]

The image contains a large block of extremely dense, repetitive, and mostly illegible text. The text appears to be a corrupted or heavily redacted document, possibly containing sensitive information. It consists of numerous lines of characters, many of which are repeated or appear as noise. There are no clear sentences, paragraphs, or identifiable figures present.

Due to the extreme density and lack of legibility, it is not possible to transcribe the content accurately. The text is likely a result of a scanning error or intentional obfuscation.
