Â For the periods ended September 30, 2024 and 2023 respectively, there was no significant amounts of revenue recognized as a result of changes in contract transaction price related to performance obligations that were satisfied in the respective prior periods. Â Transaction Price Allocated to Remaining Performance Obligations Â At September 30, 2024, the transaction price allocated to unsatisfied performance obligations for contracts expected to be greater than one year, or performance obligations for which we do not have a right to consideration from the customer in the amount that corresponds to the value to the customer for our performance completed to date, variable consideration which is not accounted for in accordance with the sales-based or usage-based royalties guidance, or contracts which are not wholly unperformed, was approximately $96.2 million. Of this amount, we expect to recognize as revenue approximately 12% through December 31, 2024, approximately 60% through December 31, 2026, and the remaining 28% through December 31, 2030. Â 7Â Â 7. Long term Debt Â Senior Secured Notes Â Long-term debt consists of Â£235.0 million ($315.2 million) of Senior Secured Notes and $2.8 million of capitalized debt fees which are being amortized over the length of the Senior Secured Notes. The Senior Secured Notes bear interest at a fixed rate of 7.875% and are fully repayable on June 1, 2026. Â Â Under our debt facilities in place as of September 30, 2024, we were not subject to covenant testing on our senior secured notes (the â€œSenior Secured Notesâ€). We are, however, subject to covenant testing at the level of Inspired Entertainment Inc., the ultimate holding company, on our Revolving Credit Facility Agreement (the â€œRCF Agreementâ€) which required the Company to maintain a maximum consolidated senior secured net leverage ratio of 6.0x on March 31, 2022, stepping down to 5.75x on March 31, 2023 and 5.50x from March 31, 2024 and thereafter (the â€œRCF Financial Covenantâ€). The RCF Financial Covenant is calculated as the ratio of consolidated senior secured net debt to consolidated pro forma EBITDA (defined as net loss excluding depreciation and amortization, interest expense, interest income and income tax expense) for the 12-month period preceding the relevant quarterly testing date and is tested quarterly on a rolling basis, subject to the Initial Facility (as defined in the RCF Agreement) being drawn on the relevant test date. The RCF Financial Covenant does not include a minimum interest coverage ratio or other financial covenants. Covenant testing at September 30, 2024 showed covenant compliance with a net leverage of 3.1x. Â There were no covenant violations in the period ended September 30, 2024. Â The Indenture governing the Senior Secured Notes contains covenants and certain reporting requirements including the requirement to provide the lender, within 60 days after the close of the quarter, unaudited quarterly financial statements with footnote disclosures. In the period ended September 30, 2023, the Company was unable to comply with this requirement due to the requirement to restate previously reported financial statements as reported in a Current Report on Form 8-K filed with the SEC on November 8, 2023. The debt agreement allows the Company a 30-day grace period to provide such financial information once they receive any notice of non-compliance. No such notice was received. Concurrent with the filing of the Quarterly Report on Form 10-Q for the three and nine months ended September 30, 2023 with the SEC on February 27, 2024, the reporting requirement was met. Â 8. Stock-Based Compensation Â A summary of the Companyâ€™s Restricted Stock Unit (â€œRSUâ€) activity during the nine months ended September 30, 2024 is as follows: Â Schedule of Restricted Stock Unit Activity Â Â Number of SharesÂ Â Â Â Unvested Outstanding at January 1, 2024 (1)Â Â 1,242,175Â Granted (2)Â Â 620,934Â ForfeitedÂ Â (185,468) VestedÂ Â (110,647) Unvested Outstanding at September 30, 2024Â Â 1,566,994Â Â (1) The amount shown as â€œunvested outstanding at January 1, 2024â€ does not include certain tranches of Adjusted EBITDA RSUs that have performance criteria for annual periods later than 2023 (an aggregate of 312,500 RSUs, including 62,500 subject to 2024 criteria), which were part of sign-on tranches approved for our Executive Chairman and our Chief Executive Officer during the years 2021 and 2023, as the applicable performance targets were not set by January 1, 2024 (and, accordingly, the accounting grant dates had not yet occurred for the tranches). Such tranches had previously been included in the amounts shown in 2023 as unvested outstanding since the initial approval date for the tranches. Â (2) The amount shown as â€œgrantedâ€ includes 245,694 performance-based target RSUs for 2024 as to which the number that ultimately vests would range from 0% to 200% of the target amount of RSUs (a maximum of 491,388 RSUs based on attainment of Adjusted EBITDA targets for 2024). The amount shown also includes a tranche of 62,500 Adjusted EBITDA RSUs (subject to performance criteria for 2024) which can be earned at up to 100% of the target amount of RSUs; such tranche was part of a sign-on award of multiple tranches approved in 2021 for our Executive Chairman with respect to which the accounting grant date for the 2024 tranche did not occur until the targets were set in February 2024. Â The Company issued a total of 355,783 shares during the nine months ended September 30, 2024, in connection with the Companyâ€™s equity-based plans, which included an aggregate of 333,161 shares issued in connection with the net settlement of RSUs that vested during the prior year (primarily on December 29, 2023). Â 9. Accumulated Other Comprehensive Loss (Income) Â The accumulated balances for each classification of comprehensive loss (income) are presented below: Â Schedule of Accumulated Other Comprehensive Loss (Income) Â Â Foreign Currency Translation AdjustmentsÂ Â Change in Fair Value of Hedging InstrumentÂ Â Unrecognized Pension Benefit CostsÂ Â Accumulated Other Comprehensive (Income)Â Â Â (in millions)Â Balance at January 1, 2024Â $(78.3)Â $â€”Â Â $33.8Â Â $(44.5) Change during the periodÂ Â (1.0)Â Â â€”Â Â Â (0.3)Â Â (1.3) Balance at March 31, 2024Â Â (79.3)Â Â â€”Â Â Â 33.5Â Â Â (45.8) Change during the periodÂ Â 0.2Â Â Â â€”Â Â Â (0.3)Â Â (0.1) Balance at June 30, 2024Â Â (79.1)Â Â â€”Â Â Â 33.2Â Â Â (45.9) Change during the periodÂ Â 6.3Â Â Â â€”Â Â Â (0.3)Â Â 6.0Â Balance at September 30, 2024Â $(72.8)Â $â€”Â Â $32.9Â Â $(39.9) Â Â Â Foreign Currency Translation AdjustmentsÂ Â Change in Fair Value of Hedging InstrumentÂ Â Unrecognized Pension Benefit CostsÂ Â Accumulated Other Comprehensive (Income)Â Â Â (in millions)Â Balance at January 1, 2023Â $(84.2)Â $0.3Â Â $33.1Â Â $(50.8) Change during the periodÂ Â 2.9Â Â Â (0.2)Â Â (0.2)Â Â 2.5Â Balance at March 31, 2023Â Â (81.3)Â Â 0.1Â Â Â 32.9Â Â Â (48.3) Change during the periodÂ Â 2.7Â Â Â (0.1)Â Â (0.3)Â Â 2.3Â Balance at June 30, 2023Â Â (78.6)Â Â â€”Â Â Â 32.6Â Â Â (46.0) Change during the periodÂ Â (3.6)Â Â â€”Â Â Â (0.2)Â Â (3.8) Balance at September 30, 2023Â $(82.2)Â $â€”Â Â $32.4Â Â $(49.8) Â 8Â Â In connection with the issuance of the Senior Secured Notes, and the entry into the RCF Agreement, on May 19, 2021, the Company terminated all of its interest rate swaps. Accordingly, hedge accounting is no longer applicable. The amounts previously recorded in Accumulated Other Comprehensive Income were amortized into Interest expense over the terms of the hedged forecasted interest payments. Losses reclassified from Accumulated Other Comprehensive Income into Interest expense in the Consolidated Statements of Operations and Income for the nine months ended September 30, 2024 and September 30, 2023 amounted to $0.0 million and $0.3 million, respectively. Â 10. Net Income (Loss) per Share Â Basic income/loss per share (â€œEPSâ€) is computed by dividing net income/loss attributable to common stockholders by the weighted-average number of common shares outstanding during the period, excluding the effects of any potentially dilutive securities. Diluted EPS gives effect to all dilutive potential shares of common stock outstanding during the period, including stock options and RSUs, unless the inclusion would be anti-dilutive. Â The computation of diluted EPS excludes the common stock equivalents of the following potentially dilutive securities because they were contingently issuable shares or because their inclusion would be anti-dilutive: Â Schedule of Anti-dilutive Securities Excluded from Computation of Earnings per ShareÂ Â Â 2024Â Â 2023Â Â 2024Â Â 2023Â Â Â Three Months Ended September 30,Â Â Nine Months Ended September 30,Â Â Â 2024Â Â 2023Â Â 2024Â Â 2023Â RSUsÂ Â 574,465Â Â Â 805,619Â Â Â 1,566,994Â Â Â 805,619Â Â The following tables reconcile the numerators and denominators of the basic and diluted EPS computations. Â 11. Other Finance Income (Expense) Â Other finance income (expense) consisted of the following for the three and nine months ended September 30, 2024 and 2023: Â Schedule of Other Finance Income (Expense) Â Â 2024Â Â 2023Â Â 2024Â Â 2023Â Â Â Three Months Ended September 30,Â Â Nine Months Ended September 30,Â Â Â 2024Â Â 2023Â Â 2024Â Â 2023Â Â Â (in millions)Â Â (in millions)Â Pension interest costÂ $(0.9)Â $(0.8)Â $(2.7)Â $(2.5) Expected return on pension plan assetsÂ Â 1.0Â Â Â 0.9Â Â Â 3.0Â Â Â 2.8Â Other finance income (expense)Â $0.1Â Â $0.1Â Â $0.3Â Â $0.3Â Â 12. Income Taxes Â The effective income tax rate for the three months ended September 30, 2024 and 2023 was 23.3% and 37.6%, respectively, resulting in a $1.0 million and $2.0 million income tax expense, respectively. The effective income tax rate for the nine months ended September 30, 2024 and 2023 was 56.8% and 27.6%, respectively, resulting in a $0.4 million income tax benefit and a $2.8 million income tax expense, respectively. Â The effective tax rate reported in any given year will continue to be influenced by a variety of factors including the level of pre-tax income or loss, the income mix between jurisdictions, and any discrete items that may occur. Â The Company recorded a valuation allowance against all of our deferred tax assets as of both September 30, 2024 and September 30, 2023. We intend to continue maintaining a full valuation allowance on our deferred tax assets until there is sufficient evidence to support the reversal of all or some portion of these allowances. However, given our current earnings and anticipated future earnings, we believe that there is a reasonable possibility that sufficient positive evidence may become available to allow us to reach a conclusion that a significant portion of the valuation allowance will no longer be needed. Release of the valuation allowance would result in the recognition of certain deferred tax assets and a decrease to income tax expense for the period the release is recorded. However, the exact timing and amount of the valuation allowance release are subject to change on the basis of the level of profitability that we are able to actually achieve. Â 10Â Â 13. Related Parties Â Macquarie Corporate Holdings Pty Limited (UK Branch) (â€œMacquarie UKâ€) (an arranger and lending party under our RCF Agreement) is an affiliate of MIHI LLC, which beneficially owned approximately 11.4% of our common stock as of September 30, 2024. Macquarie UK held $2.2 million of the total $20.1 million of RCF drawn at September 30, 2024, and $2.1 million of the total $19.1 million of RCF drawn at December 31, 2023. Interest expense payable to Macquarie UK for the RCF for the three months ended September 30, 2024 and September 30, 2023 (including non-utilization fees) amounted to $0.1 million and $0.0 million, respectively, and for the nine months ended September 30, 2024 and September 30, 2023 (including non-utilization fees) amounted to $0.2 million and $0.0 million, respectively. Macquarie UK did not hold any of the Companyâ€™s senior notes at September 30, 2024 or December 31, 2023. MIHI LLC is also a party to a stockholders agreement with the Company and other stockholders, dated December 23, 2016, pursuant to which, subject to certain conditions, MIHI LLC, jointly with Hydra Industries Sponsor LLC, are permitted to designate two directors to be nominated for election as directors of the Company at any annual or special meeting of stockholders at which directors are to be elected, until such time as MIHI LLC and Hydra Industries Sponsor LLC in the aggregate hold less than 5% of the outstanding shares of the Company. Â Richard Weil, the brother of A. Lorne Weil, our Executive Chairman, provides consulting services to the Company relating to our lottery operations in the Dominican Republic under a consultancy agreement dated December 31, 2021, as amended. The aggregate amount incurred by the Company in consulting fees was $37,500 and $37,500 for the three months ended September 30, 2024 and September 30, 2023, respectively, and $112,500 and $97,500 for the nine months ended September 30, 2024 and September 30, 2023, respectively Â 14. Leases Â Certain of our arrangements include leases for equipment installed at customer locations. As the lessor, we combine lease and non-lease components for all classes of underlying assets in arrangements that involve operating leases. The single combined component is accounted for under ASC 606, Revenue from Contracts with Customers based on the consideration that the non-lease components are the predominant items in the arrangements. If a component cannot be combined, the consideration is allocated between the lease component and the non-lease component based on relative standalone selling price. The lease component is accounted for under ASC 842, Leases and the non-lease component is accounted for under ASC 606. Â Lease income from operating leases is not material for any of the periods presented. Lease income from sales type leases is as follows: Â Schedule of Lease Income from Sales Â Â 2024Â Â 2023Â Â 2024Â Â 2023Â Â Â Three Months Ended September 30,Â Â Nine Months Ended September 30,Â Â Â 2024Â Â 2023Â Â 2024Â Â 2023Â Â Â (in millions)Â Â (in millions)Â Interest receivableÂ $0.2Â Â Â â€”Â Â $0.5Â Â Â â€”Â Profit recognized at commencement date of sales type leasesÂ Â 0.7Â Â Â â€”Â Â Â 2.0Â Â Â â€”Â TotalÂ $0.9Â Â $â€”Â Â $2.5Â Â $â€”Â Â During the three months ended September 30, 2024 the Company entered into a finance lease agreement for machine purchases with CSJ SPV, LLC, of which HG Vora Opportunistic Capital Master Fund II LP is the Managing Member for $21.0 million which will be repaid over six years by way of structured quarterly repayments inclusive of principal and interest. Â 15. Commitments and Contingencies Â Employment Agreements Â We are party to employment agreements with our executive officers and other employees of the Company and our subsidiaries which contain, among other terms, provisions relating to severance and notice requirements. Â Legal Matters Â From time to time, the Company may become involved in lawsuits and legal matters arising in the ordinary course of business. While the Company believes that, currently, it has no such matters that are material, there can be no assurance that existing or new matters arising in the ordinary course of business will not have a material adverse effect on the Companyâ€™s business, financial condition or results of operations. Â 11Â Â 16. Pension Plan Â We operate a defined contribution plan in the US, and both defined benefit and defined contribution pension schemes in the UK. The defined contribution scheme assets are held separately from those of the Company in independently administered funds. Â Defined Benefit Pension Scheme Â The defined benefit scheme has been closed to new entrants since April 1, 1999 and closed to future accruals for services rendered to the Company for the entire financial statement periods presented. The latest actuarial valuation of the scheme (as at March 31, 2021), which was finalized in June 2022, determined that the statutory funding objective was not met, i.e., there were insufficient assets to cover the schemeâ€™s technical provisions and there was a funding shortfall. Â In June 2022, a recovery plan was put in place to eliminate the funding shortfall. The plan expects the shortfall to be eliminated by October 31, 2026. Â The following table presents the components of our net periodic pension cost (benefit): Â Schedule of Net Periodic Pension Cost Â Â 2023Â Â 2023Â Â Â Nine Months Ended September 30,Â Â Â 2023Â Â 2023Â Â Â (in millions)Â Components of net periodic pension cost (benefit):Â Â Â Â Â Â Interest costÂ $2.7Â Â $2.5Â Expected return on plan assetsÂ Â (3.0)Â Â (2.8) Amortization of net lossÂ Â 0.8Â Â Â 0.7Â Net periodic cost (benefit)Â $0.5Â Â $0.4Â Â 17. Segment Reporting and Geographic Information Â The Company operates its business along four operating segments, which are segregated on the basis of revenue stream: Gaming, Virtual Sports, Interactive and Leisure. The Company believes this method of segment reporting reflects both the way its business segments are managed and the way the performance of each segment is evaluated. Â The following tables present revenue, cost of sales, excluding depreciation and amortization, selling, general and administrative expenses, stock-based compensation expense and depreciation and amortization, operating income (loss) and total long-lived asset expenditures for the periods ended September 30, 2024 and September 30, 2023, respectively, by business segment. Certain unallocated corporate function costs have not been allocated to the Companyâ€™s reportable operating segments because these costs are not allocable and to do so would not be practical. Corporate function costs consist primarily of selling, general and administrative expenses, depreciation and amortization and capital expenditures relating to corporate/shared functions. by growth in the Holiday Parks and Pubs sectors. Â 18 Â Â Cost of Sales, excluding depreciation and amortization Â Cost of sales, excluding depreciation and amortization, for the three and nine-months ended September 30, 2024, decreased by $25.7 million and $31.6 million, respectively, or 53% and 32% respectively. The decreases were driven by $24.2 million and $28.9 million decreases in cost of product, respectively, predominately driven by the decrease in low margin product sales. Â Selling, general and administrative expenses Â Selling, general and administrative (â€œSG&Aâ€) expenses for the three and nine-months ended September 30, 2024 increased by $5.5 million and $15.1 million, respectively, or 23% and 21%, respectively. Â The increase during the three-month period ended September 30, 2024 was driven primarily by an increase in exceptional items of $4.0 million predominantly due to the costs of the restatement of our prior financial statements and the costs of group restructuring, along with increases in IT costs of $0.7 million and storage and distribution costs of $0.5 million Â The increase during the nine-month period ended September 30, 2024 was driven primarily by the $10.6 million costs of the restatement of our prior financial statements, an increase in non-staff costs of $4.6 million, predominantly driven by increases in storage and distribution, IT and facility costsÂ Â Â Stock-based compensation Â During the three and nine-months ended September 30, 2024, the Company recorded expenses of $1.8 million and $5.7 million, respectively, compared to expenses of $3.3 million and $9.3 million for the three and nine-months ended September 30, 2023. All expenses were related to outstanding awards but the nine-months ended September 30, 2023, included $0.4 million related to award units that were fully vested on the date of grant and therefore were expensed immediately and also included $0.7 million related to the costs of the restatement of our prior financial statements.Â Â Â Depreciation and amortization Â Depreciation and amortization for the three-month period ended September 30, 2024 increased by $0.7 million driven mainly by an increase in Virtual Sports of $0.5 million for increased software development Â Depreciation and amortization for the nine-month period ended September 30, 2024 increased by $1.2 million driven by increases in Virtuals of $2.2 million and Interactive of $1.4 million for increased software development and intangible assets, offset by reductions in Gaming of $1.8 million and Leisure of $0.2 million as machine assets unwind. Â 19 Â Â Net operating income / Net income / (Loss) Â During the three and nine-month period ended September 30,2024, net operating income was $11.9 million and $19.9 million, respectively, representing declines of $0.4 million and $11.1 million, respectively, compared to the prior year periods. For the three-month period ended September 30, 2024, the decrease was primarily driven by the increase in SG&A and depreciation and amortization, partially offset by increase in gross margin and reduction in stock-based compensation. For the nine-month period ended September 30, 2024, the decrease was primarily driven by the increase in SG&A and expenses partially offset by the increase in gross margin and reduction in stock-based compensation. Â For the three and nine-months ended September 30, 2024, net income / (loss) was $3.4 million and $(0.3) Â Â million, respectively, compared to net income of $3.4 million and $7.6 million, respectively, in the prior year periods. Â For the three-month period ended September 30, 2024, the increase was primarily driven by the decrease in income Â Â tax expense, partially offset by the decrease in net operating income and increase in interest expense. Â Â Â For the nine-month period ended September 30, 2024, the decrease was primarily driven by the decrease in net operating income, partially offset by decreases in interest expense and income tax expense. Â Deferred Tax Â The Company recorded a valuation allowance against all of our deferred tax assets as of both September 30, 2024 and 2023. We intend to continue maintaining a full valuation allowance on our deferred tax assets until there is sufficient evidence to support the reversal of all or some portion of these allowances. However, given our current earnings and anticipated future earnings, we believe that there is a reasonable possibility that within the next six months, sufficient positive evidence may become available to allow us to reach a conclusion that a significant portion of the valuation allowance will no longer be needed. Release of the valuation allowance would result in the recognition of certain deferred tax assets and a decrease to income tax expense for the period the release is recorded. However, the exact timing and amount of the valuation allowance release are subject to change on the basis of the level of profitability that we are able to actually achieve. Â Â Â Segment Results (for the three and nine-months ended September 30, 2024, compared to the three and nine-months ended September 30, 2023) Â Gaming Â We generate revenue from our Gaming segment through delivery of our gaming terminals preloaded with proprietary gaming software, server-based content, as well as services such as terminal repairs, maintenance, software upgrades and upgrades on a when and if available basis and content development. We receive rental fees for machines, typically in conjunction with long-term contracts, on both a participation and fixed fee basis. Our participation contracts are typically structured to pay us a percentage of net win (defined as net revenue to our operator customers, after deducting player winnings, free bets or plays and any relevant regulatory levies) from gaming terminals placed in our customersâ€™ facilities. Typically, we recognize revenue from these arrangements on a daily basis over the term of the contract. Â Revenue growth for our Gaming business is principally driven by changes in (i) the number of operator customers we have, (ii) the number of Gaming machines in operation, (iii) the net win performance of the machines and (iv) the net win percentage that we receive pursuant to our contracts with our customers. Â All variances discussed in the Gaming results below are on a functional currency (at constant rate) basis, which excludes the impact of any changes in foreign currency exchange rates. Â Gaming Revenue Â During the three and nine-month periods ended September 30, 2024, Gaming revenue decreased by $22.4 million and $30.6 million, respectively. This was driven by decreases in Product revenue of $22.8 million and $26.5 million, respectively. Gaming service revenue increased by $0.4 million and decreased by $4.1 million, respectively. Â For the three-month period ended September 30, 2024 the increase in Gaming Service revenue was driven by higher revenue from North America of $0.7 million due to increased game pack subscriptions and UK LBO of $0.5 million as the current year period included a customer bonus not included in the prior year period. Â For the nine-month period ended September 30, 2024 the decrease in Gaming Service revenue was driven by decreases of $2.1 million in the UK market inclusive of shop closures in UK LBO and $ 1.1 million in the Greek market, primarily due to the reduction in Gross Win per day and expiry of historical amortized license revenues. Â For the three-month period ended September 30, 2024 the decrease in Gaming Product revenue was primarily driven by lower UK Product sales of $22.8 million, of which $22.7 million were Low Margin sales. Â For the nine-month period ended September 30, 2024 the decrease in Gaming Product revenue was primarily driven by lower UK Product sales of $26.5 million, of which $27.1 million were Low Margin sales. Â 25 Â Â Gaming Operating Income Â Net income for the three and nine-month periods ended September 30, 2024 increased by $1.6 million and decreased by $0.8 million respectively. Â The three-month ended September 30, 2024 increase was primarily due to higher gross margin (as the $22.4 million revenue decrease was offset by a $24.9 million decrease in total cost of sales mainly driven by the decrease in Low Margin sales in the current period). Â The decrease during the nine-months ended September 30, 2024 was primarily due to a decrease in depreciation and amortization of $1.8 million Â Â due to unwind of machine assets and stock-based compensation of $0.6 million, offset by an increase in SG&A costs of $3.5 million driven by increased staff cost, reduced overhead recoveries along with the cost of group restructuring not incurred in the prior year period. Â Virtual Sports Â We generate revenue from our Virtual Sports segment through the on-premise solution and hosting of our products. We primarily receive fees on a participation basis. Our participation contracts are typically structured to pay us a percentage of net win (defined as net revenue to our operator customers, after deducting player winnings, free bets or plays and other promotional costs and any relevant regulatory levies) from Virtual Sports content placed on our customersâ€™ websites or in our customersâ€™ facilities. Typically, we recognize revenue from these arrangements on a daily basis over the term of the contract. Â Revenue growth for our Virtual Sports segment is principally driven by the number of customers we have, the net win performance of the games and the net win percentage that we receive pursuant to our contracts with our customers. liquidity consisting of $36.5 million in cash and cash equivalents and a further $6.7 million of undrawn revolver facility. This compares to $26.4 million of cash and cash equivalents as of September 30, 2023, with a further $24.4 million of revolver facilities undrawn. We had a working capital outflow of $16.4 million for the nine months ended September 30, 2024, compared to an $8.0 million outflow for the nine months ended September 30, 2023. Â The level of our working capital surplus or deficit varies with the level of machine production and procurement we are undertaking and our capitalization as well as the seasonality evident in some of the businesses. In periods with minimal machine volumes and capital spend, our working capital is typically more stable. In periods where significant numbers of machines are being produced or procured, the levels of inventory and creditors are typically higher and there is a natural timing difference between converting the stock into sellable or capitalized plant and settling payments to suppliers. These factors, along with movements in trading activity levels can result in significant working capital volatility. In periods of low activity, our working capital volatility is reduced. Working capital is reviewed and managed with the aim of ensuring that current liabilities are covered by the level of cash held and the expected level of short-term receipts. Â Some of our business operations require cash to be held within the machines. As of September 30, 2024, $6.7 million of our $36.5 million of cash and cash equivalents were held as operational floats within the machines. At September 30, 2023, $6.0 million of our $26.4 million of cash and cash equivalents were held as operational floats within the machines Â Management currently believes that the Companyâ€™s cash balances on hand, cash flows expected to be generated from operations, and the ability to control and defer capital projects will be sufficient to fund the Companyâ€™s net cash requirements through November 2025. We are, however, subject to covenant testing at the level of Inspired Entertainment Inc., the ultimate holding company, on our Super Senior Revolving Credit Facility which requires the Company to maintain a maximum consolidated senior secured net leverage ratio of 6.0x on March 31, 2022, stepping down to 5.75x on March 31, 2023 and 5.50x from March 31, 2024 and thereafter (the â€œRCF Financial Covenantâ€). The RCF Financial Covenant is calculated as the ratio of consolidated senior secured net debt to consolidated pro forma EBITDA (defined as net loss excluding depreciation and amortization, interest expense, interest income and income tax expense) for the 12-month period preceding the relevant quarterly testing date and is tested quarterly on a rolling basis, subject to the Initial Facility (as defined in the RCF Agreement) being drawn on the relevant test date. The RCF Financial Covenant does not include a minimum interest coverage ratio or other financial covenants. Covenant testing at September 30, 2024 showed covenant compliance with a net leverage of 3.1x. Â The Indenture contains covenants and certain reporting requirements including the requirement to provide the Lender, within 60 days after the close of the quarter, unaudited quarterly financial statements with footnote disclosures. The Company was unable to comply with this requirement as of September 30, 2023 due to the requirement to restate previously reported financial statements as reported in a Current Report on Form 8-K filed with the SEC on November 8, 2023. The debt agreement allows the Company a 30-day grace period to provide such financial information once they receive any notice of non-compliance. No such notice was received and concurrent with the filing of the September 30,2023 10Q with the SEC on February 27, 2024, the reporting requirement was met. There were no other breaches of the debt covenants in the periods. Â There were no other breaches of the debt covenants in the periods ended September 30, 2024 or September 30, 2023. Â 37 Â Â Liens and Encumbrances Â As of September 30, 2024, our senior bank debt was secured by the imposition of a fixed and floating charge in favor of the lender over all the assets of the Company and certain of the Companyâ€™s subsidiaries. Â Share Repurchases Â The Board of Directors has authorized that the Company may use up to $25.0 million to repurchase Inspired shares of common stock, subject to repurchases being effected on or before May 10, 2025. Management has discretion as to whether to repurchase shares of the Company. During the nine months ended September 30, 2024 no shares were repurchased meaning the previous figure of an aggregate total spend of $12.0 million in repurchasing our shares of common stock remains unchanged. Â Contractual Obligations Â As of September 30, 2024, our contractual obligations were as follows: Â Â Â

SECâ€™s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act is accumulated and communicated to management, including our Certifying Officers, or persons performing similar functions, as appropriate, to allow timely decisions regarding required disclosure. Â Under the supervision and with the participation of our management, including our principal executive officer and our principal financial officer (together, the â€œCertifying Officersâ€), we carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act. Based on the foregoing, our Certifying Officers concluded that our disclosure controls and procedures were not effective at the reasonable assurance level as of September 30, 2024, due to the material weaknesses described in Item 9A of the Companyâ€™s Annual Report on Form 10-K for the year ended December 31, 2023, filed with the SEC on April 15, 2024. Management is redesigning and implementing existing and additional controls to remediate these material weaknesses. Â Notwithstanding the identified material weaknesses and managementâ€™s assessment that our disclosure controls and procedures were not effective at the reasonable assurance level as of September 30, 2024, management believes that the interim consolidated financial statements and footnote disclosures included in this Quarterly Report on Form 10-Q fairly present, in all material respects, our financial condition, results of operations, cash flows and disclosures as of and for the periods presented in accordance with generally accepted accounting principles. Â Changes in Internal Control over Financial Reporting Â Other than the control changes to remediate the identified material weaknesses, there were no changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act) during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. Â 42 Â Â PART II - OTHER INFORMATION Â ITEM 1. LEGAL PROCEEDINGS Â There are no new legal proceedings, or new updates to prior disclosures to report. Â ITEM 1A. RISK FACTORS Â Our business is subject to a high degree of risk. You should carefully consider the risk factors discussed in Part I, Item 1A of our Annual Report on Form 10-K for our fiscal year ended December 31, 2023, filed with the SEC on April 15, 2024. Any of these risks could materially and adversely affect our business, operating results, financial condition and prospects, and cause the value of our common stock to decline, which could cause investors in our common stock to lose all or part of their investments. Nature of Operations, Management's Plans and Summary of Significant Accounting Policies

1. Nature of Operations, Management's Plans and Summary of Significant Accounting Policies

Company Description and Nature of Operations

We are a global gaming technology company, supplying content, platform, gaming terminals and other products and services to online and land-based regulated lottery, betting and gaming operators worldwide through a broad range of distribution channels, predominantly on a business-to-business basis. We provide end-to-end digital gaming solutions (i) on our own proprietary and secure network, which accommodates a wide range of devices, including land-based gaming machine terminals, mobile devices and online computer applications and (ii) through third party networks. Our content and other products can be found through the consumer-facing portals of our interactive customers and, through our land-based customers, in licensed betting offices, adult gaming centers, pubs, bingo halls, airports, motorway service areas and leisure parks.

Management Liquidity Plans

As of September 30, 2024, the Company's cash on hand, excluding restricted cash, was $35.7 million, and the Company had working capital in addition to unrestricted cash of $20.4 million. The Company recorded a net loss of $0.3 million and net income of $7.6 million for the nine months ended September 30, 2024 and September 30, 2023, respectively. Net (loss) income includes non-cash stock-based compensation of $5.7 million and $9.3 million for the nine months ended September 30, 2024 and September 30, 2023, respectively.

Historically, the Company has generally had positive cash flows from operating activities and has relied on a combination of cash flows provided by operations and the incurrence of debt and/or the refinancing of existing debt to fund its obligations. Cash flows provided by operations amounted to $24.8 million and $43.0 million for the nine months ended September 30, 2024 and September 30, 2023, respectively.

Management currently believes that the Company's cash balances on hand, cash flows expected to be generated from operations, ability to control and defer capital projects and amounts available from the Company's external borrowings will be sufficient to fund the Company's net cash requirements through November 2025.

Basis of Presentation

The accompanying unaudited interim condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") for interim financial information and pursuant to the instructions to Form 10-Q and Article 8 of Regulation S-X of the United States Securities and Exchange Commission ("SEC"). Certain information or footnote disclosures normally included in financial statements prepared in accordance with U.S. GAAP have been condensed or omitted, pursuant to the rules and regulations of the SEC for interim financial reporting. Accordingly, they do not include all the information and footnotes necessary for a comprehensive presentation of financial position, results of operations, or cash flows. It is management's opinion, however, that the accompanying unaudited interim condensed consolidated financial statements include all adjustments, consisting of a normal recurring nature, which are necessary for a fair presentation of the financial position, operating results and cash flows for the periods presented.

The accompanying unaudited interim condensed consolidated financial statements should be read in conjunction with the Company's consolidated financial statements and notes thereto for the years ended December 31, 2023 and 2022. The financial information as of December 31, 2023 is derived from the audited consolidated financial statements presented in the Company's Annual Report on Form 10-K for the year ended December 31, 2023 filed with the SEC on April 15, 2024. The financial information for the three and nine months ended September 30, 2023 is derived from the unaudited consolidated financial statements presented in the Company's Quarterly Report on Form 10-Q for the three and nine months ended September 30, 2023 filed with the SEC on February 27, 2024. The interim results for the three and nine months ended September 30, 2024 are not necessarily indicative of the results to be expected for the year ending December 31, 2024 or for any future interim or annual periods.

Contract Related Disclosures

6. Contract Related Disclosures

The following table summarizes contract related balances:

	Accounts Receivable	Unbilled Accounts Receivable	Right to recover asset	Deferred Income	Customer Prepayments and Deposits
			(in millions)		
At September 30, 2024	$ 45.1	$ 27.1	$ 0.7	$ (17.6)	$ (3.1)
At December 31, 2023	$ 42.8	$ 24.0	$ 0.6	$ (12.7)	$ (2.9)

Revenue recognized that was included in the deferred income balance at the beginning of the periods amounted to $2.1 million and $3.9 million, as restated, for the nine months ended September 30, 2024 and 2023, respectively.

For the periods ended September 30, 2024 and 2023 respectively, there was no significant amounts of revenue recognized as a result of changes in contract transaction price related to performance obligations that were satisfied in the respective prior periods.

Transaction Price Allocated to Remaining Performance Obligations

At September 30, 2024, the transaction price allocated to unsatisfied performance obligations for contracts expected to be greater than one year, or performance obligations for which we do not have a right to consideration from the customer in the amount that corresponds to the value to the customer for our performance completed to date, variable consideration which is not accounted for in accordance with the sales-based or usage-based royalties guidance, or contracts which are not wholly unperformed, was approximately $96.2 million. Of this amount, we expect to recognize as revenue approximately 12% through December 31, 2024, approximately 60% through December 31, 2026, and the remaining 28% through December 31, 2030.

Long term Debt

7. Long term Debt

Senior Secured Notes

Long-term debt consists of £235.0 million ($315.2 million) of Senior Secured Notes and $2.8 million of capitalized debt fees which are being amortized over the length of the Senior Secured Notes. The Senior Secured Notes bear interest at a fixed rate of 7.875% and are fully repayable on June 1, 2026.

Under our debt facilities in place as of September 30, 2024, we were not subject to covenant testing on our senior secured notes (the "Senior Secured Notes"). We are, however, subject to covenant testing at the level of Inspired Entertainment Inc., the ultimate holding company, on our Revolving Credit Facility Agreement (the "RCF Agreement") which required the Company to maintain a maximum consolidated senior secured net leverage ratio of 6.0x on March 31, 2022, stepping down to 5.75x on March 31, 2023 and 5.50x from March 31, 2024 and thereafter (the "RCF Financial Covenant"). The RCF Financial Covenant is calculated as the ratio of consolidated senior secured net debt to consolidated pro forma EBITDA (defined as net loss excluding depreciation and amortization, interest expense, interest income and income tax expense) for the 12-month period preceding the relevant quarterly testing date and is tested quarterly on a rolling basis, subject to the Initial Facility (as defined in the RCF Agreement) being drawn on the relevant test date. The RCF Financial Covenant does not include a minimum interest coverage ratio or other financial covenants. Covenant testing at September 30, 2024 showed covenant compliance with a net leverage of 3.1x.

There were no covenant violations in the period ended September 30, 2024.

The Indenture governing the Senior Secured Notes contains covenants and certain reporting requirements including the requirement to provide the lender, within 60 days after the close of the quarter, unaudited quarterly financial statements with footnote disclosures. In the period ended September 30, 2023, the Company was unable to comply with this requirement due to the requirement to restate previously reported financial statements as reported in a Current Report on Form 8-K filed with the SEC on November 8, 2023. The debt agreement allows the Company a 30-day grace period to provide such financial information once they receive any notice of non-compliance. No such notice was received. Concurrent with the filing of the Quarterly Report on Form 10-Q for the three and nine months ended September 30, 2023 with the SEC on February 27, 2024, the reporting requirement was met.

Stock-Based Compensation

8. Stock-Based Compensation

A summary of the Company's Restricted Stock Unit ("RSU") activity during the nine months ended September 30, 2024 is as follows:

	Number of Shares
Unvested Outstanding at January 1, 2024 (1)	1,242,175
Granted (2)	620,934
Forfeited	(185,468)
Vested	(110,647)
Unvested Outstanding at September 30, 2024	1,566,994

(1) The amount shown as "unvested outstanding at January 1, 2024" does not include certain tranches of Adjusted EBITDA RSUs that have performance criteria for annual periods later than 2023 (an aggregate of 312,500 RSUs, including 62,500 subject to 2024 criteria), which were part of sign-on tranches approved for our Executive Chairman and our Chief Executive Officer during the years 2021 and 2023, as the applicable performance targets were not set by January 1, 2024 (and, accordingly, the accounting grant dates had not yet occurred for the tranches). Such tranches had previously been included in the amounts shown in 2023 as unvested outstanding since the initial approval date for the tranches.

(2) The amount shown as "granted" includes 245,694 performance-based target RSUs for 2024 as to which the number that ultimately vests would range from 0% to 200% of the target amount of RSUs (a maximum of 491,388 RSUs based on attainment of Adjusted EBITDA targets for 2024). The amount shown also includes a tranche of 62,500 Adjusted EBITDA RSUs (subject to performance criteria for 2024) which can be earned at up to 100% of the target amount of RSUs; such tranche was part of a sign-on award of multiple tranches approved in 2021 for our Executive Chairman with respect to which the accounting grant date for the 2024 tranche did not occur until the targets were set in February 2024.

The Company issued a total of 355,783 shares during the nine months ended September 30, 2024, in connection with the Company's equity-based plans, which included an aggregate of 333,161 shares issued in connection with the net settlement of RSUs that vested during the prior year (primarily on December 29, 2023).

In connection with the issuance of the Senior Secured Notes, and the entry into the RCF Agreement, on May 19, 2021, the Company terminated all of its interest rate swaps. Accordingly, hedge accounting is no longer applicable. The amounts previously recorded in Accumulated Other Comprehensive Income were amortized into Interest expense over the terms of the hedged forecasted interest payments. Losses reclassified from Accumulated Other Comprehensive Income into Interest expense in the Consolidated Statements of Operations and Income for the nine months ended September 30, 2024 and September 30, 2023 amounted to $0.0 million and $0.3 million, respectively.

Earnings Per Share [Abstract]

Net Income (Loss) per Share

10. Net Income (Loss) per Share

Basic income/loss per share ("EPS") is computed by dividing net income/loss attributable to common stockholders by the weighted-average number of common shares outstanding during the period, excluding the effects of any potentially dilutive securities. Diluted EPS gives effect to all dilutive potential shares of common stock outstanding during the period, including stock options and RSUs, unless the inclusion would be anti-dilutive.

The computation of diluted EPS excludes the common stock equivalents of the following potentially dilutive securities because they were contingently issuable shares or because their inclusion would be anti-dilutive:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2024	2023	2024	2023
RSUs	574,465	805,619	1,566,994	805,619

The following tables reconcile the numerators and denominators of the basic and diluted EPS computations. There were no reconciling items for the nine months ended September 30, 2024:

Three months ended September 30, 2024	Income (Numerator) (in millions)	Shares (Denominator)	Per-Share Amount
Basic EPS			
Income available to common stockholders	$ 3.4	28,496,801	$ 0.12
Effect of Dilutive Securities			
RSUs	—	691,986	$ —
Diluted EPS			
Income available to common stockholders	$ 3.4	$ 29,188,787	$ 0.12

Three months ended September 30, 2023	Income (Numerator) (in millions)	Shares (Denominator)	Per-Share Amount

RSUs	—	1,000,902	$ —
Diluted EPS			
Income available to common stockholders	$ 3.4	$ 29,105,267	$ 0.12

Nine months ended September 30, 2023	Income (Numerator) (in millions)	Shares (Denominator)	Per-Share Amount
Basic EPS			
Income available to common stockholders	$ 7.6	28,088,901	$ 0.27

RSUs	—	1,060,384	$ (0.01)
Diluted EPS			
Income available to common stockholders	$ 7.6	$ 29,149,285	$ 0.26

The calculation of Basic EPS includes the effects of 1,921,997 and 1,790,728 shares for the three and nine months ended September 30, 2024 and 2023, respectively, with respect to RSU awards that have vested but have not yet been issued.

Income Tax Disclosure [Abstract]

Income Taxes

12. Income Taxes

The effective income tax rate for the three months ended September 30, 2024 and 2023 was 23.3% and 37.6%, respectively, resulting in a $1.0 million and $2.0 million income tax expense, respectively. The effective income tax rate for the nine months ended September 30, 2024 and 2023 was 56.8% and 27.6%, respectively, resulting in a $0.4 million income tax benefit and a $2.8 million income tax expense, respectively.

The effective tax rate reported in any given year will continue to be influenced by a variety of factors including the level of pre-tax income or loss, the income mix between jurisdictions, and any discrete items that may occur.

The Company recorded a valuation allowance against all of our deferred tax assets as of both September 30, 2024 and September 30, 2023. We intend to continue maintaining a full valuation allowance on our deferred tax assets until there is sufficient evidence to support the reversal of all or some portion of these allowances. However, given our current earnings and anticipated future earnings, we believe that there is a reasonable possibility that sufficient positive evidence may become available to allow us to reach a conclusion that a significant portion of the valuation allowance will no longer be needed. Release of the valuation allowance would result in the recognition of certain deferred tax assets and a decrease to income tax expense for the period the release is recorded. However, the exact timing and amount of the valuation allowance release are subject to change on the basis of the level of profitability that we are able to actually achieve.

13. Related Parties

Macquarie Corporate Holdings Pty Limited (UK Branch) ("Macquarie UK") (an arranger and lending party under our RCF Agreement) is an affiliate of MIHI LLC, which beneficially owned approximately 11.4% of our common stock as of September 30, 2024. Macquarie UK held $2.2 million of the total $20.1 million of RCF drawn at September 30, 2024, and $2.1 million of the total $19.1 million of RCF drawn at December 31, 2023. Interest expense payable to Macquarie UK for the RCF for the three months ended September 30, 2024 and September 30, 2023 (including non-utilization fees) amounted to $0.1 million and $0.0 million, respectively, and for the nine months ended September 30, 2024 and September 30, 2023 (including non-utilization fees) amounted to $0.2 million and $0.0 million, respectively. Macquarie UK did not hold any of the Company's senior notes at September 30, 2024 or December 31, 2023. MIHI LLC is also a party to a stockholders agreement with the Company and other stockholders, dated December 23, 2016, pursuant to which, subject to certain conditions, MIHI LLC, jointly with Hydra Industries Sponsor LLC, are permitted to designate two directors to be nominated for election as directors of the Company at any annual or special meeting of stockholders at which directors are to be elected, until such time as MIHI LLC and Hydra Industries Sponsor LLC in the aggregate hold less than 5% of the outstanding shares of the Company.

Richard Weil, the brother of A. Lorne Weil, our Executive Chairman, provides consulting services to the Company relating to our lottery operations in the Dominican Republic under a consultancy agreement dated December 31, 2021, as amended. The aggregate amount incurred by the Company in consulting fees was $37,500 and $37,500 for the three months ended September 30, 2024 and September 30, 2023, respectively, and $112,500 and $97,500 for the nine months ended September 30, 2024 and September 30, 2023, respectively

Leases

Leases

14. Leases

Certain of our arrangements include leases for equipment installed at customer locations. As the lessor, we combine lease and non-lease components for all classes of underlying assets in arrangements that involve operating leases. The single combined component is accounted for under ASC 606, *Revenue from Contracts with Customers* based on the consideration that the non-lease components are the predominant items in the arrangements. If a component cannot be combined, the consideration is allocated between the lease component and the non-lease component based on relative standalone selling price. The lease component is accounted for under ASC 842, *Leases* and the non-lease component is accounted for under ASC 606.

Lease income from operating leases is not material for any of the periods presented. Lease income from sales type leases is as follows:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2024	2023	2024	2023

Retirement Benefits [Abstract]

Pension Plan

16. Pension Plan

We operate a defined contribution plan in the US, and both defined benefit and defined contribution pension schemes in the UK. The defined contribution scheme assets are held separately from those of the Company in independently administered funds.

Defined Benefit Pension Scheme

The defined benefit scheme has been closed to new entrants since April 1, 1999 and closed to future accruals for services rendered to the Company for the entire financial statement periods presented. The latest actuarial valuation of the scheme (as at March 31, 2021), which was finalized in June 2022, determined that the statutory funding objective was not met, i.e., there were insufficient assets to cover the scheme's technical provisions and there was a funding shortfall.

In June 2022, a recovery plan was put in place to eliminate the funding shortfall. The plan expects the shortfall to be eliminated by October 31, 2026.

The following table presents the components of our net periodic pension cost (benefit):

Segment Reporting [Abstract]

Segment Reporting and Geographic Information

17. Segment Reporting and Geographic Information

The Company operates its business along four operating segments, which are segregated on the basis of revenue stream: Gaming, Virtual Sports, Interactive and Leisure. The Company believes this method of segment reporting reflects both the way its business segments are managed and the way the performance of each segment is evaluated.

The following tables present revenue, cost of sales, excluding depreciation and amortization, selling, general and administrative expenses, stock-based compensation expense and depreciation and amortization, operating income (loss) and total long-lived asset expenditures for the periods ended September 30, 2024 and September 30, 2023, respectively, by business segment. Certain unallocated corporate function costs have not been allocated to the Company's reportable operating segments because these costs are not allocable and to do so would not be practical. Corporate function costs consist primarily of selling, general and administrative expenses, depreciation and amortization and capital expenditures relating to corporate/shared functions.

Company Description and Nature of Operations

Company Description and Nature of Operations

We are a global gaming technology company, supplying content, platform, gaming terminals and other products and services to online and land-based regulated lottery, betting and gaming operators worldwide through a broad range of distribution channels, predominantly on a business-to-business basis. We provide end-to-end digital gaming solutions (i) on our own proprietary and secure network, which accommodates a wide range of devices, including land-based gaming machine terminals, mobile devices and online computer applications and (ii) through third party networks. Our content and other products can be found through the consumer-facing portals of our interactive customers and, through our land-based customers, in licensed betting offices, adult gaming centers, pubs, bingo halls, airports, motorway service areas and leisure parks.

Management Liquidity

Management Liquidity Plans

Plans

As of September 30, 2024, the Company's cash on hand, excluding restricted cash, was $35.7 million, and the Company had working capital in addition to unrestricted cash of $20.4 million. The Company recorded a net loss of $0.3 million and net income of $7.6 million for the nine months ended September 30, 2024 and September 30, 2023, respectively. Net (loss) income includes non-cash stock-based compensation of $5.7 million and $9.3 million for the nine months ended September 30, 2024 and September 30, 2023, respectively.

Historically, the Company has generally had positive cash flows from operating activities and has relied on a combination of cash flows provided by operations and the incurrence of debt and/or the refinancing of existing debt to fund its obligations. Cash flows provided by operations amounted to $24.8 million and $43.0 million for the nine months ended September 30, 2024 and September 30, 2023, respectively.

Management currently believes that the Company's cash balances on hand, cash flows expected to be generated from operations, ability to control and defer capital projects and amounts available from the Company's external borrowings will be sufficient to fund the Company's net cash requirements through November 2025.

Basis of Presentation

Basis of Presentation

The accompanying unaudited interim condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") for interim financial information and pursuant to the instructions to Form 10-Q and Article 8 of Regulation S-X of the United States Securities and Exchange Commission ("SEC"). Certain information or footnote disclosures normally included in financial statements prepared in accordance with U.S. GAAP have been condensed or omitted, pursuant to the rules and regulations of the SEC for interim financial reporting. Accordingly, they do not include all the information and footnotes necessary for a comprehensive presentation of financial position, results of operations, or cash flows. It is management's opinion, however, that the accompanying unaudited interim condensed consolidated financial statements include all adjustments, consisting of a normal recurring nature, which are necessary for a fair presentation of the financial position, operating results and cash flows for the periods presented.

The accompanying unaudited interim condensed consolidated financial statements should be read in conjunction with the Company's consolidated financial statements and notes thereto for the years ended December 31, 2023 and 2022. The financial information as of December 31, 2023 is derived from the audited consolidated financial statements presented in the Company's Annual Report on Form 10-K for the year ended December 31, 2023 filed with the SEC on April 15, 2024. The financial information for the three and nine months ended September 30, 2023 is derived from the unaudited consolidated financial statements presented in the Company's Quarterly Report on Form 10-Q for the three and nine months ended September 30, 2023 filed with the SEC on February 27, 2024. The interim results for the three and nine months ended September 30, 2024 are not necessarily indicative of the results to be expected for the year ending December 31, 2024 or for any future interim or annual periods.

Schedule of Restricted Stock Unit Activity

A summary of the Company's Restricted Stock Unit ("RSU") activity during the nine months ended September 30, 2024 is as follows:

	Number of Shares
Unvested Outstanding at January 1, 2024 [1]	1,242,175
Granted [2]	620,934
Forfeited	(185,468)
Vested	(110,647)
Unvested Outstanding at September 30, 2024	1,566,994

[1] The amount shown as "unvested outstanding at January 1, 2024" does not include certain tranches of Adjusted EBITDA RSUs that have performance criteria for annual periods later than 2023 (an aggregate of 312,500 RSUs, including 62,500 subject to 2024 criteria), which were part of sign-on tranches approved for our Executive Chairman and our Chief Executive Officer during the years 2021

and 2023, as the applicable performance targets were not set by January 1, 2024 (and, accordingly, the accounting grant dates had not yet occurred for the tranches). Such tranches had previously been included in the amounts shown in 2023 as unvested outstanding since the initial approval date for the tranches.

(2) The amount shown as "granted" includes 245,694 performance-based target RSUs for 2024 as to which the number that ultimately vests would range from 0% to 200% of the target amount of RSUs (a maximum of 491,388 RSUs based on attainment of Adjusted EBITDA targets for 2024). The amount shown also includes a tranche of 62,500 Adjusted EBITDA RSUs (subject to performance criteria for 2024) which can be earned at up to 100% of the target amount of RSUs; such tranche was part of a sign-on award of multiple tranches approved in 2021 for our Executive Chairman with respect to which the accounting grant date for the 2024 tranche did not occur until the targets were set in February 2024.

We provide end-to-end digital gaming solutions (i) on our own proprietary and secure network, which accommodates a wide range of devices, including land-based gaming machine terminals, mobile devices and online computer applications and (ii) through third party networks. Our content and other products can be found through the consumer-facing portals of our interactive customers and, through our land-based customers, in licensed betting offices, adult gaming centers, pubs, bingo halls, airports, motorway service areas and leisure parks.   Management Liquidity Plans   As of September 30, 2024, the Company's cash on hand, excluding restricted cash, was $35.7 million, and the Company had working capital in addition to unrestricted cash of $20.4 million. The Company recorded a net loss of $0.3 million and net income of $7.6 million for the nine months ended September 30, 2024 and September 30, 2023, respectively. Net (loss) income includes non-cash stock-based compensation of $5.7 million and $9.3 million for the nine months ended September 30, 2024 and September 30, 2023, respectively.   Historically, the Company has generally had positive cash flows from operating activities and has relied on a combination of cash flows provided by operations and the incurrence of debt and/or the refinancing of existing debt to fund its obligations. Cash flows provided by operations amounted to $24.8 million and $43.0 million for the nine months ended September 30, 2024 and September 30, 2023, respectively.   Management currently believes that the Company's cash balances on hand, cash flows expected to be generated from operations, ability to control and defer capital projects and amounts available from the Company's external borrowings will be sufficient to fund the Company's net cash requirements through November 2025.   Basis of Presentation   The accompanying unaudited interim condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") for interim financial information and pursuant to the instructions to Form 10-Q and Article 8 of Regulation S-X of the United States Securities and Exchange Commission ("SEC"). Certain information or footnote disclosures normally included in financial statements prepared in accordance with U.S. GAAP have been condensed or omitted, pursuant to the rules and regulations of the SEC for interim financial reporting. Accordingly, they do not include all the information and footnotes necessary for a comprehensive presentation of financial position, results of operations, or cash flows. It is management's opinion, however, that the accompanying unaudited interim condensed consolidated financial statements include all adjustments, consisting of a normal recurring nature, which are necessary for a fair presentation of the financial position, operating results and cash flows for the periods presented.   The accompanying unaudited interim condensed consolidated financial statements should be read in conjunction with the Company's consolidated financial statements and notes thereto for the years ended December 31, 2023 and 2022. The financial information as of December 31, 2023 is derived from the audited consolidated financial statements presented in the Company's Annual Report on Form 10-K for the year ended December 31, 2023 filed with the SEC on April 15, 2024. The financial information for the three and nine months ended September 30, 2023 is derived from the unaudited consolidated

financial statements presented in the Company's Quarterly Report on Form 10-Q for the three and nine months ended September 30, 2023 filed with the SEC on February 27, 2024. The interim results for the three and nine months ended September 30, 2024 are not necessarily indicative of the results to be expected for the year ending December 31, 2024 or for any future interim or annual periods.   <p id="xdx_841_ecustom--CompanyDescriptionAndNatureOfOperationsPolicyTextBlock_zEP9y4s3kR6l" style="font: 10pt Times New Roman, Times, Serif; margin: 0pt 0pt 0pt 0; text-align: justify; text-indent: 0.25in">Company Description and Nature of Operations   We are a global gaming technology company, supplying content, platform, gaming terminals and other products and services to online and land-based regulated lottery, betting and gaming operators worldwide through a broad range of distribution channels, predominantly on a business-to-business basis. Long term Debt   Senior Secured Notes   Long-term debt consists of £235.0 million ($315.2 million) of Senior Secured Notes and $2.8 million of capitalized debt fees which are being amortized over the length of the Senior Secured Notes. The Senior Secured Notes bear interest at a fixed rate of <span id="xdx_90B_eus-gaap--DebtInstrumentInterestRateStatedPercentage_iI_dp_uPure_c20260601__us-gaap--DebtInstrumentAxis__custom--SeniorSecuredNotesMember_zq20PQY0oHNd" title="Senior secured notes interest rate">7.875% and are fully repayable on June 1, 2026.   Under our debt facilities in place as of September 30, 2024, we were not subject to covenant testing on our senior secured notes (the "Senior Secured Notes"). We are, however, subject to covenant testing at the level of Inspired Entertainment Inc., the ultimate holding company, on our Revolving Credit Facility Agreement (the "RCF Agreement") which required the Company to maintain a maximum consolidated senior secured net leverage ratio of 6.0x on March 31, 2022, stepping down to 5.75x on March 31, 2023 and 5.50x from March 31, 2024 and thereafter (the "RCF Financial Covenant"). The RCF Financial Covenant is calculated as the ratio of consolidated senior secured net debt to consolidated pro forma EBITDA (defined as net loss excluding depreciation and amortization, interest expense, interest income and income tax expense) for the 12-month period preceding the relevant quarterly testing date and is tested quarterly on a rolling basis, subject to the Initial Facility (as defined in the RCF Agreement) being drawn on the relevant test date. The RCF Financial Covenant does not include a minimum interest coverage ratio or other financial covenants. Covenant testing at September 30, 2024 showed covenant compliance with a net leverage of 3.1x.   There were no covenant violations in the period ended September 30, 2024.   The Indenture governing the Senior Secured Notes contains covenants and certain reporting requirements including the requirement to provide the lender, within 60 days after the close of the quarter, unaudited quarterly financial statements with footnote disclosures. In the period ended September 30, 2023, the Company was unable to comply with this requirement due to the requirement to restate previously reported financial statements as reported in a Current Report on Form 8-K filed with the SEC on November 8, 2023. The debt agreement allows the Company a 30-day grace period to provide such financial information once they receive any notice of non-compliance. No such notice was received. Concurrent with the filing of the Quarterly Report on Form 10-Q for the three and nine months ended September 30, 2023 with the SEC on February 27, 2024, the reporting requirement was met.

Income Taxes   The effective income tax rate for the three months ended September 30, 2024 and 2023 was 23.3% and 37.6%, respectively, resulting in a $1.0 million and $2.0 million income tax expense, respectively. The effective income tax rate for the nine months ended September 30, 2024 and 2023 was 56.8% and 27.6%, respectively, resulting in a $0.4 million income tax benefit and a $2.8 million income tax expense, respectively.   The effective tax rate reported in any given year will continue to be influenced by a variety of factors including the level of pre-tax income or loss, the income mix between jurisdictions, and any discrete items that may occur.   The Company recorded a valuation allowance against all of our deferred tax assets as of both September 30, 2024 and September 30, 2023. We intend to continue maintaining a full valuation allowance on our deferred tax assets until there is sufficient evidence to support the reversal of all or some portion of these allowances. However, given our current earnings and anticipated future earnings, we believe that there is a reasonable possibility that sufficient positive evidence may become available to allow us to reach a conclusion that a significant portion of the valuation allowance will no longer be needed. Release of the valuation allowance would result in the recognition of certain deferred tax assets and a decrease to income tax expense for the period the release is recorded. However, the exact timing and amount of the valuation allowance release are subject to change on the basis of the level of profitability that we are able to actually achieve.   0.2330.3761000000.02000000.00.5680.276-40000028000000 13. Leases   Certain of our arrangements include leases for equipment installed at customer locations. As the lessor, we combine lease and non-lease components for all classes of underlying assets in arrangements that involve operating leases. The single combined component is accounted for under ASC 606, Revenue from Contracts with Customers based on the consideration that the non-lease components are the predominant items in the arrangements. If a component cannot be combined, the consideration is allocated between the lease component and the non-lease component based on relative standalone selling price. The lease component is accounted for under ASC 842, Leases and the non-lease component is accounted for under ASC 606.   Lease income from operating leases is not material for any of the periods presented. Commitments and Contingencies   Employment Agreements   We are party to employment agreements with our executive officers and other employees of the Company and our subsidiaries which contain, among other terms, provisions relating to severance and notice requirements.   Legal Matters   From time to time, the Company may become involved in lawsuits and legal matters arising in the ordinary course of business. While the Company believes that, currently, it has no such matters that are material, there can be no assurance that existing or new matters arising in the ordinary course of business will not have a material adverse effect on the Company's business, financial condition or results of operations.   16. Pension Plan   We operate a defined contribution plan in the US, and both defined benefit and defined contribution pension schemes in the UK. The defined contribution scheme assets are held separately from those of the Company in independently administered funds.   Defined Benefit Pension Scheme   The defined benefit scheme has been closed to new entrants since April 1, 1999 and closed to future accruals for services rendered to the Company for the entire financial statement periods presented. The latest actuarial

valuation of the scheme (as at March 31, 2021), which was finalized in June 2022, determined that the statutory funding objective was not met, i.e., there were insufficient assets to cover the scheme's technical provisions and there was a funding shortfall.   In June 2022, a recovery plan was put in place to eliminate the funding shortfall. The plan expects the shortfall to be eliminated by October 31, 2026.   <p id="xdx_896_eus-gaap--ScheduleOfNetPeriodicBenefitCostNotYetRecognizedTableTextBlock_zp7Icq8OgLo4" style="font: 10pt Times New Roman, Times, Serif; margin: 0pt 0pt 0pt 0; text-align: justify; text-indent: 0.25in">The following table presents the components of our net periodic pension cost (benefit):   Schedule of Net Periodic Pension Cost

17. Segment Reporting and Geographic Information

The Company operates its business along four operating segments, which are segregated on the basis of revenue stream: Gaming, Virtual Sports, Interactive and Leisure. The Company believes this method of segment reporting reflects both the way its business segments are managed and the way the performance of each segment is evaluated.

The following tables present revenue, cost of sales, excluding depreciation and amortization, selling, general and administrative expenses, stock-based compensation expense and depreciation and amortization, operating income (loss) and total long-lived asset expenditures for the periods ended September 30, 2024 and September 30, 2023, respectively, by business segment. Certain unallocated corporate function costs have not been allocated to the Company's reportable operating segments because these costs are not allocable and to do so would not be practical. Corporate function costs consist primarily of selling, general and administrative expenses, depreciation and amortization and capital expenditures relating to corporate/shared functions.

Based upon this review, the Company did not identify subsequent events that would have required adjustment or disclosure in the consolidated financial statements. Excluding depreciation and amortization The amount shown as "unvested outstanding at January 1, 2024" does not include certain tranches of Adjusted EBITDA RSUs that have performance criteria for annual periods later than 2023 (an aggregate of RSUs, including subject to 2024 criteria), which were part of sign-on tranches approved for our Executive Chairman and our Chief Executive Officer during the years 2021 and 2023, as the applicable performance targets were not set by January 1, 2024 (and, accordingly, the accounting grant dates had not yet occurred for the tranches). Such tranches had previously been included in the amounts shown in 2023 as unvested outstanding since the initial approval date for the tranches.312,50062,500 The amount shown as "granted" includes performance-based target RSUs for 2024 as to which the number that ultimately vests would range from % to % of the target amount of RSUs (a maximum of RSUs based on attainment of Adjusted EBITDA targets for 2024). The amount shown also includes a tranche of Adjusted EBITDA RSUs (subject to performance criteria for 2024) which can be earned at up to % of the target amount of RSUs; such tranche was part of a sign-on award of multiple tranches approved in 2021 for our Executive Chairman with respect to which the accounting grant date for the 2024 tranche did not occur until the targets were set in February 2024.245,6940200491,38862,500100
