Non-cash activity:

- For 2022, the Company deconsolidated certain subsidiaries which resulted in a reduction of \$176.9 million of assets, \$7.4 million of liabilities and \$165.0 million of Redeemable noncontrolling interests. The deconsolidated assets are almost entirely attributable to \$175.4 million of Investments in marketable securities held in trust and \$1.5 million of cash held by Consolidated PMV (as defined in Note 1), the latter of which is reflected as an Investing outflow. The deconsolidated liabilities are almost entirely attributable to \$6.1 million Deferred underwriting fee payable, and \$0.9 million of PMV warrant liability. As a result of deconsolidation, \$9.9 million of Investments in securities and \$1.0 million of Investment partnerships, which were previously eliminated in consolidation, were recognized in the condensed consolidated statement of financial condition as of September 30, 2022.
- For 2022, \$29.0 million of redeemable noncontrolling interest holders tendered their shares in our consolidated VOE prior to September 30, 2022. The cash payment for this tender occurred in October 2022.

ASSOCIATED CAPITAL GROUP, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

September 30, 2023 March 31, 2024

(UNAUDITED)

1. Organization

Unless we have indicated otherwise, or the context otherwise requires, references in this report to "Associated Capital Group, Inc.", "Associated Capital", "AC Group", "the Company", "AC", "we", "us" and "our" or similar terms are to Associated Capital Group, Inc., its predecessors and its subsidiaries.

We are a Delaware corporation that provides alternative investment management, and we derive investment income/(loss) from proprietary investment investments of cash and other assets in our operating business.

Gabelli & Company Investment Advisors, Inc. ("GCIA"), a wholly-owned subsidiary of AC, and its wholly-owned subsidiary, Gabelli & Partners, LLC ("Gabelli & Partners"), collectively serve as general partners or investment managers to investment funds, including limited partnerships and offshore companies (collectively, "Investment Partnerships") and separate accounts. We primarily manage assets across a range of risk and event arbitrage portfolios and in equity event-driven value strategies. The businesses earn management and incentive fees from their advisory activities. Management fees are largely based on a percentage of assets under management. Incentive fees are based on the percentage of the investment returns of certain clients' portfolios. GCIA is an investment adviser registered with the Securities and Exchange Commission under the Investment Advisers Act of 1940, as amended (the "Advisers Act").

PMV Consumer Acquisition Corp.

PMV Consumer Acquisition Corp. ("PMV"), a special purpose acquisition corporation, and its sponsor, PMV Consumer Acquisition Holding Company, LLC ("Sponsor", collectively "Consolidated PMV") were previously consolidated in the financial statements of AC because AC had a controlling financial interest in these entities through AC's 100% ownership of the manager of the Sponsor. Commencing in August 2022, as a result of management and organization restructuring negotiations at the Sponsor to extend the life of PMV, AC no longer controlled the manager of the Sponsor and thus no longer controlled Consolidated PMV. As a result, Consolidated PMV was deconsolidated from the financial statements in August 2022. **amended.**

AC Spin-off

On November 30, 2015, GAMCO Investors, Inc. ("GAMCO" or "GAMI") distributed all the outstanding shares of each class of AC common stock on a pro rata one-for-one basis to the holders of each class of GAMCO's common stock (the "Spin-off").

As part of the Spin-off, AC received 4,393,055 shares of GAMCO Class A common stock for \$150 million. The Company held **2,397,974** **2,382,170** shares as of **September 30, 2023** **March 31, 2024** and **2,407,000** **2,386,295** shares as of December 31, **2022** **2023**.

Basis of Presentation

The unaudited interim condensed consolidated financial statements of AC Group included herein have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. Accordingly, they do not include all the information and footnotes required by GAAP in the United States for complete financial statements. The unaudited interim condensed consolidated financial statements reflect all adjustments, which are of a normal recurring nature, necessary for a fair presentation of financial position, results of operations and cash flows of the Company for the interim periods presented and are not necessarily indicative of a full year's results. **These interim condensed consolidated financial statements should be read in conjunction with our audited consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2023.**

The interim condensed consolidated financial statements include the accounts of AC Group and its subsidiaries. All intercompany transactions and balances have been eliminated. The details on the impact of consolidating certain partnership entities on the condensed consolidated financial statements can be seen in Note 4. Investment Partnerships and Other Entities.

These interim condensed consolidated financial statements should be read in conjunction with our audited consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2023, there were no items related to other comprehensive income.

Use of Estimates

The preparation of the condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported on the condensed consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

Recent Accounting Developments

In December 2023, the FASB issued ASU 2023-09, *Income Taxes (Topic 740):Improvements to Income Tax Disclosures*. The amendments require disclosure of specific categories in the rate reconciliation and provide additional information for reconciling items that meet a quantitative threshold and further disaggregation of income taxes paid for individually significant jurisdictions. The ASU is effective for fiscal years beginning after December 15, 2024, with early adoption permitted. We are currently evaluating the impact that this guidance will have on the disclosures within our consolidated financial statements.

In November 2023, the FASB issued ASU 2023-07, *Segment Reporting (Topic 280)*, which improves reportable segment disclosure requirements. The new standard will require enhanced disclosures about a public company's significant segment expenses and more timely and detailed segment information reporting throughout the fiscal period, including for companies with a single reportable segment. The standard is effective for annual periods beginning after December 15, 2023 and interim periods beginning after December 15, 2024, and early adoption is permitted. We are currently evaluating the impact that this guidance will have on our consolidated financial statements and related disclosures.

Recent Accounting Developments

In June 2016, the FASB issued ASU 2016-13, Accounting for Financial Instruments - Credit Losses (Topic 326) ("ASU 2016-13"), which requires an organization to measure all expected credit losses for financial assets held at the reporting date based on historical experience, current conditions, and reasonable and supportable forecasts. Currently, U.S. GAAP requires an "incurred loss" methodology that delays recognition until it is probable a loss has been incurred. Under ASU 2016-13, the allowance for credit losses must be deducted from the amortized cost of the financial asset to present the net amount expected to be collected. The condensed consolidated statements of income will reflect the measurement of credit losses for newly recognized financial assets as well as the expected increases or decreases of expected credit losses that have taken place during the period. In November 2019, the FASB issued ASU 2019-10, which deferred the effective date of this guidance for smaller reporting companies for three years. This guidance is effective for the Company on January 1, 2023. We adopted this standard on January 1, 2023 and the adoption of this standard did not have a material impact on our financial condition or results of operations.

In January 2017, the FASB issued ASU 2017-04, Intangibles - Goodwill and Other, to simplify the process used to test for impairment of goodwill. Under the new standard, an impairment loss must be recognized in an amount equal to the excess of the carrying amount of a reporting unit over its fair value, limited to the total amount of goodwill allocated to that reporting unit. As a smaller reporting company pursuant to ASU 2019-10, the ASU is effective for the Company on January 1, 2023. We adopted this standard on January 1, 2023 and the adoption of this standard did not have a material impact on our financial condition or results of operations.

4. Investment Partnerships and Other Entities

The Company is a general partner or co-general partner of various affiliated entities whose underlying assets consist primarily of marketable securities ("Affiliated Entities"). We The Company had investments in Affiliated Entities totaling \$109.1 million and \$107.4 million at March 31, 2024 and December 31, 2023, respectively. The Company also had investments in unaffiliated partnerships, offshore funds and other entities of \$32.9 million \$37.1 million and \$35.8 \$35.6 million at September 30, 2023 March 31, 2024, and December 31, 2022 2023, respectively ("Unaffiliated Entities"). We evaluate each entity to determine its appropriate accounting treatment and disclosure. Certain of the Affiliated Entities, and none of the Unaffiliated Entities, are consolidated.

10

Investments in partnerships that are not required to be consolidated are accounted for using the equity method and are included in investments in partnerships on the condensed consolidated statements of financial condition. The Company had investments in Affiliated Entities totaling \$109.9 million and \$114.7 million at September 30, 2023 and December 31, 2022, respectively. The Company reflects the equity in earnings of these Affiliated Entities and Unaffiliated Entities as net gain/(loss) from investments on the condensed consolidated statements of income.

Capital may generally be redeemed from Affiliated Entities on a monthly basis upon adequate notice as determined in the sole discretion of each entity's investment manager. Capital invested in Unaffiliated Entities may generally be redeemed at various intervals ranging from monthly to annually upon notice of 30 to 95 days. Certain Unaffiliated Entities and Affiliated Entities may require a minimum investment period before capital can be voluntarily redeemed (a "Lockup Period"). No investment in any Investment Partnership has an unexpired Lockup Period. The Company has no material outstanding capital commitments to any Affiliated or Unaffiliated Entity.

PMV Consumer Acquisition Corp. Consolidated Entities

Commencing in August 2022, as a result of management and organization restructuring negotiations at the Sponsor to extend the life of PMV, AC no longer controlled Consolidated PMV. As a result, Consolidated PMV was deconsolidated from the financial statements and a loss of \$3.6 million was recognized and recorded in Net gain/(loss) from investments in the consolidated statements of income. The loss represented the difference between the carrying value and fair value of our remaining interest as of the transaction date. Prior to August 2022, AC consolidated the assets, liabilities and the results of operations of both PMV and Sponsor. AC invested \$4.0 million, or approximately 62% of the \$6.48 million total Sponsor partnership commitment. The Sponsor was managed primarily by AC executives. AC determined that the Sponsor was a variable interest entity (VIE) and that AC was the primary beneficiary and therefore consolidated the assets and liabilities and results of operations of the Sponsor. In addition, AC had determined that PMV was a VIE due to the lack of equity at risk and was consolidated by the Sponsor, who was deemed to be the primary beneficiary. Neither AC nor PMV had a right to the benefits from nor did it bear the risks associated with the marketable securities held in trust assets held by PMV.

5. Fair Value

Accounting Standards Codification Topic 820, Fair Value Measurement (ASC 820) specifies a hierarchy of valuation classifications based on whether the inputs to the valuation techniques used in each valuation classification are observable or unobservable. These classifications are summarized in the three broad levels listed below:

- Level 1 - Unadjusted quoted prices for identical instruments in active markets.
- Level 2 - Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs and significant value drivers are observable.
- Level 3 - Valuations derived from valuation techniques in which significant inputs or significant value drivers are unobservable.

Inputs used to measure fair value might fall in different levels of the fair value hierarchy, in which case the Company defaults to the lowest level input that is significant to the fair value measurement in its entirety. These levels are not necessarily an indication of the risk or liquidity associated with the investments.

The following tables present assets and liabilities measured at fair value on a recurring basis, unless otherwise noted, as of the dates specified (in thousands):

Total realized and unrealized gains and losses for Level 3 assets are reported in net gain/(loss) from investments in the condensed consolidated statements of income.

During the three and nine months ended September 30, 2023 March 31, 2024 and 2022 2023, there were no transfers into or out of Level 3.

The Company uses a discounted cash flow analysis when determining the fair value of privately issued preferred securities of affiliated closed-end funds that are categorized as Level 3. Projected cash flows in the discounted cash flow analysis represent the relevant security's dividend rate plus the assumption of full principal repayment at the preferred security's earliest available redemption date.

The significant unobservable input used in the fair value measurement of each of the Company's investments in privately issued preferred securities of closed-end funds is the discount rate. The discount rate was determined using the interest rates of U.S. Treasury Bills that are held over a similar period as the preferred security. The discount rates used in the valuation of these investments as of March 31, 2024 ranged from 4.42% to 5.37% with a weighted average of 5.14% calculated based on the relative fair value. Significant changes in the discount rate could result in a significantly higher or lower fair value measurement of these Level 3 investments.

The Company uses the "market" approach as the valuation technique to value its investment in common stocks classified as Level 3, the investment has been valued using inputs from a transaction.

6. Income Taxes

The effective tax rate ("ETR") for the nine three months ended September 30, 2023 March 31, 2024 and September 30, 2022 March 31, 2023 was 14.3% 21.5% and 23.0% 8.1%, respectively. The ETR in the year to date period of 2024 and 2023 differs from the U.S. corporate tax rate of 21% primarily due to (a) deferred tax benefits from a foreign investment, (b) state and local taxes (net of federal benefit), and (c) the deductibility of officers' compensation and (d) the dividends received deduction. The ETR in the year to date period of 2022 differs from the standard corporate tax rate of 21% primarily due to (a) state and local taxes (net of federal benefit), (b) excluded income on certain consolidated entities, (c) the deferred tax asset valuation allowances related to the carryforward of charitable contributions and (d) the dividends received deduction. The decrease increase in the ETR for the nine three months ended September 30, 2023 March 31, 2024 was primarily due to deferred tax benefits from a foreign investment which reduced the prior year's rate.

At September 30, 2023 March 31, 2024, the Company had net deferred tax assets, before valuation allowance of approximately \$8.2 \$6.6 million that were recorded within income taxes receivable in the condensed consolidated statements of financial condition. The Company believes that it is more-likely-than-not that the benefit from a portion of the shareholder-designated charitable contribution carryforwards will not be realized. In recognition of this risk, the Company has provided a valuation allowance of \$0.3 \$0.2 million and \$0.3 million \$0.4 million as of September 30, 2023 March 31, 2024 and December 31, 2022 2023, respectively, on the deferred tax assets related to these charitable contribution carryforwards.

As of and for the periods ended September 30, 2023 March 31, 2024 and December 31, 2022 2023, the Company has not identified any uncertain tax positions.

The Company remains subject to income tax examination by the IRS for the years 2019 2020 through 2021 2022 and state examinations for years after 2016 2017.

7. Earnings per Share

Basic earnings per share is computed by dividing net income/(loss) attributable to our shareholders by the weighted average number of shares outstanding during the period. Diluted earnings per share is computed by dividing net income/(loss) attributable to our shareholders by the weighted average number of shares, plus any potentially dilutive securities (if any), outstanding during the period.

The computations of basic and diluted net income/(loss) per share are as follows:

Voting Rights

The holders of Class A Common stock ("Class A Stock") and Class B Common stock ("Class B Stock") have identical rights except that holders of Class A Stock are entitled to one vote per share, while holders of Class B Stock are entitled to ten votes per share on all matters to be voted on by shareholders in general. Holders of each share class, however, are not eligible to vote on matters relating exclusively to the other share class.

Stock Award and Incentive Plan

The Company's Board of Directors periodically grants shares of Phantom Restricted Stock awards ("Phantom RSAs"). Under the terms of the grants, the Phantom RSAs vest 30% and 70% after three and five years, respectively. The Phantom RSAs will be settled by a cash payment, net of applicable withholding tax, on the vesting dates. In addition, an amount equivalent to the cumulative dividends declared on shares of the Company's Class A Stock during the vesting period will be paid to participants on vesting.

The Phantom RSAs are treated as a liability because cash settlement is required and compensation will be recognized over the vesting period. In determining the compensation expense to be recognized each period, the Company will re-measure the fair value of the liability at each reporting date taking into account the remaining vesting period attributable to each award and the current market value of the Company's Class A Stock. In making these determinations, the Company will consider the impact of Phantom RSAs that have been forfeited prior to vesting (e.g., due to an employee termination). The Company has elected to consider forfeitures as they occur.

15

Based on the closing price of the Company's Class A Stock on September 30, 2023 March 31, 2024 and December 31, 2022 2023, the total Phantom RSA liability recorded by the Company in compensation payable in the our condensed consolidated statements of financial condition as of March 31, 2024 and December 31, 2023, with respect to the Phantom RSAs was \$3.7 million and \$4.8 \$3.5 million, respectively.

ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS ("MD&A") OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Introduction

MD&A is provided as a supplement to, and should be read in conjunction with, the Company's unaudited interim consolidated financial statements and accompanying notes thereto included in this Quarterly Report on Form 10-Q, as well as the Company's audited annual financial statements included in our Form 10-K filed with the SEC on March 15, 2023 March 21, 2024 to help provide an understanding of our financial condition, changes in financial condition and results of operations. Unless the context otherwise requires, all references to "we," "us," "our," "AC Group" or the "Company" refer collectively to Associated Capital Group, Inc., a holding company, and its subsidiaries through which our operations are actually conducted.

Overview

We are a Delaware corporation, incorporated in 2015, that provides alternative investment management services and operates a direct investment business that over time invests in businesses that fit our criteria. Additionally, we derive income from proprietary investments.

Alternative Investment Management

We conduct our investment management activities through our wholly-owned subsidiary Gabelli & Company Investment Advisers, Inc. ("GCIA") and its wholly-owned subsidiary, Gabelli & Partners, LLC ("Gabelli & Partners"). GCIA is an investment adviser registered with the Securities and Exchange Commission ("SEC") under the Investment Advisers Act of 1940, as amended (the "Advisers Act"). GCIA and Gabelli & Partners together serve as general partners or investment managers to investment funds, including limited partnerships and offshore companies (collectively, "Investment Partnerships") and separate accounts. We primarily manage assets across a range of risk and event arbitrage portfolios and in equity event-driven value strategies. The business earns management and incentive fees from its advisory activities. Management fees are largely based on a percentage of assets under management ("AUM"). Incentive fees are based on a percentage of the investment returns of certain client portfolios.

We manage assets on a discretionary basis and invest in a variety of U.S. and foreign securities mainly in the developed global markets. We primarily employ absolute return strategies with the objective of generating positive returns. We serve a wide variety of investors globally including private wealth management clients, corporations, corporate pension and profit-sharing plans, foundations and endowments, as well as serving as sub-advisor to certain third-party investment funds.

In merger arbitrage, the goal is to earn absolute positive returns. We introduced our first limited partnership, Gabelli Arbitrage (renamed Gabelli Associates Fund), in February 1985. Our typical investment process begins at the time of deal announcement, buying shares of the target at a discount to the stated deal terms, earning the spread until the deal closes, and reinvesting the proceeds in new deals in a similar manner. By owning a diversified portfolio of transactions, we mitigate the adverse impact of single deal-specific risks.

As the business and investor base expanded, we launched an offshore version in 1989. Building on our strengths in global event-driven value investing, several investment vehicles have been added to balance investors' geographic, strategic and sector-specific needs. Today, we manage investments in multiple categories, including merger arbitrage, event-driven value and other strategies.

Proprietary Capital

Proprietary capital is earmarked for our direct investment business that invests in new and existing businesses, using a variety of techniques and structures. We launched our direct private equity and merchant banking activities in August 2017. The direct investment business is developing along several core pillars including Gabelli Private Equity Partners, LLC and Gabelli Principal Strategies Group, LLC. Gabelli Private Equity Partners, LLC ("GPEP") was pillars:

- Gabelli Private Equity Partners, LLC ("GPEP"), formed in August 2017 with \$150 million of authorized capital as a "fundless" sponsor.
- Gabelli Principal Strategies Group, LLC ("GPS") was created in December 2015 to pursue strategic operating initiatives broadly.

Our direct investing efforts are organized to invest in various ways, including growth capital, leveraged buyouts and restructurings, with an emphasis on small and mid-sized companies. Our investment sourcing is across a variety of channels including direct owners, private equity funds, classic agents, and corporate carve outs (which are positioned for accelerated growth, as businesses seek to enhance shareholder value through financial engineering). The Company's direct investing vehicles allow us to acquire companies and create long-term value with no pre-determined exit timetable. **We created Gabelli Principal Strategies Group, LLC ("GPS") in December 2015 to pursue strategic operating initiatives broadly.**

We have a proprietary portfolio of cash and investments which we expect to use to invest primarily in funds that we will manage, provide seed capital for new products, expand our geographic presence, develop new markets and pursue strategic acquisitions and alliances.

Condensed Consolidated Statements of Income

Investment advisory and incentive fees, which are based on the amount and composition of AUM in our funds and accounts, represent our largest source of revenues. Growth in revenues depends on good investment performance, which influences the value of existing AUM as well as contributes to higher investment and lower redemption rates and attracts additional investors while maintaining current fee levels. Growth in AUM is also dependent on being able to access various distribution channels, which is usually based on several factors, including performance and service. In light of the ongoing dynamics created by **rising interest rates, high inflation, geo-political the conflict COVID-19 in the Middle East** and the **related Russian invasion of Ukraine and their** impact on the global **supply chain economy** and **banks, oil, travel and leisure, markets**, we could experience higher volatility in the **short term short-term** returns of our funds.

Incentive fees generally consist of an incentive allocation on the absolute gain in a portfolio generally equating to 20% of the economic profit, as defined in the agreements governing the investment vehicle or account. We recognize such revenue only when the measurement period has been completed generally in December or at the time of an investor redemption.

Compensation includes variable and fixed compensation and related expenses paid to officers, portfolio managers, sales, trading, research and all other professional staff. Variable compensation is paid to sales personnel and portfolio management and may represent up to 55% of revenues.

Management fee expense is incentive-based compensation equal to 10% of adjusted aggregate pre-tax profits paid to the Executive Chair or his designees for his services pursuant to an employment agreement.

Other operating expenses include general and administrative operating costs.

Other income and expense includes net gains and losses from investments (which include both realized and unrealized gains and losses from securities and equity in earnings of investments in partnerships), interest and dividend income, and interest expense. Net gains and losses from investments are derived from our proprietary investment portfolio consisting of various public and private investments and from consolidated investment funds.

Net income attributable to noncontrolling interests represents the share of net income attributable to third-party limited partners of certain partnerships and offshore funds we consolidate. Please refer to Notes 1 and 4 in our condensed consolidated financial statements included elsewhere in this report.

We ended the **third** **first** quarter of **2023** **2024** with approximately **\$860.6 million** **\$879.4 million** in cash and investments, net of securities sold, not yet purchased of **\$5.1** **\$9.4 million**. This includes **\$381.3 million** **\$308.7 million** of cash and cash equivalents; **\$3.0 million** **\$86.7 million** of short-term U.S. Treasury obligations; **\$208.3 million** **\$207.0 million** of securities, net of securities sold, not yet purchased, including shares of GAMCO with a market value of **\$48.0 million** **\$51.0 million**; and **\$268.2 million** **\$277.0 million** invested in affiliated and third-party funds and partnerships, including investments in affiliated closed end funds which have a value of **\$54.6 million** **\$55.9 million** and more limited liquidity. Our financial resources provide flexibility to pursue strategic objectives that may include acquisitions, lift-outs, seeding new investment strategies, and co-investing, as well as shareholder compensation in the form of share repurchases and dividends.

Total shareholders' equity was **\$895.7 million** **\$916.9 million** or **\$41.43** **\$42.80** per share as of **September 30, 2023** **March 31, 2024**, compared to **\$890.2 million** **\$907.0 million** or **\$40.48** **\$42.11** per share as of **December 31, 2022** **December 31, 2023**. Shareholders' equity per share is calculated by dividing the total **Associated Capital Group, Inc.** equity by the number of common shares outstanding. The increase in equity from the end of **2022** **2023** was largely attributable to income for the year to date period.

Three Months Ended September 30, 2023 March 31, 2024 Compared to Three Months Ended September 30, 2022 March 31, 2023

Overview

Our operating loss for the quarter was **\$3.5 million** **\$5.0 million** compared to **\$3.1 million** **\$5.1 million** for the comparable quarter of 2022. The increase in operating loss was driven primarily by stock based compensation expense in the 2023 period resulting from the new issuance of awards in Q2 2023. Other income was **\$3.8 million** **\$22.6 million** in the 2023 2024 quarter compared to a loss of **\$17.8 million** **\$24.7 million** in the prior year's quarter primarily due to mark-to-market changes in our holdings of securities portfolio, brought on by market appreciation in the current period versus market volatility that negatively impacted the third quarter 2022 quarter. The Company recorded income tax expense in the current quarter of **\$0.2 million** **\$3.8 million** compared to a benefit of **\$4.9 million** **\$1.6 million** in the prior year's quarter. Consequently, our current quarter net loss income was **\$16 thousand**, **\$13.8 million**, or **\$0.00** **\$0.64** per diluted share, compared to net loss of **\$16.5 million** **\$17.8 million**, or **(\$0.75)** **\$0.81** per diluted share, in the prior year's comparable quarter.

Revenues

Total revenues in the first quarter were **\$2.2 million** for the quarter ended September 30, 2023, **\$3.0 million** compared to **\$2.6 million** **\$2.5 million** in the third first quarter of 2022, 2023. Revenues generated by the GAMCO International SICAV – GAMCO Merger Arbitrage (the "SICAV") were **\$1.7 million** versus **\$1.1 million** in the prior year period. All other revenues were **\$1.3 million** compared to **\$1.4 million** in the year-ago quarter.

We earn advisory fees based on Starting in December 2023, the average level SICAV revenue recognized by the Company for its services increased to 100% of AUM in our products. Advisory the revenues received by Gabelli Funds, LLC. In turn, AC now pays the marketing expenses of the SICAV that were previously paid by Gabelli Funds and incentive fees were **\$2.1 million** remits an admin fee to GAMCO for administrative services provided to the 2023 period, compared to **\$2.5 million** in SICAV. This change better aligns the 2022 period financial arrangements with the services rendered by each party.

Incentive fees are not recognized until the uncertainty surrounding the amount of variable consideration ends and the fee is crystalized, typically on an annual basis on December 31. There were no material unrecognized incentive fees for the quarter quarters ended September 30, 2023 March 31, 2024 and 2022, respectively, 2023.

Expenses

Compensation, which include includes variable compensation, salaries, bonuses and benefits, was **\$4.1 million** **\$3.8 million** and **\$3.6 million** for the three month periods ended September 30, 2023 March 31, 2024 and 2022, respectively. Fixed compensation, which includes salaries and benefits and stock based compensation, increased to **\$3.3 million** for the 2023, period from **\$2.7 million** in the prior year period respectively, primarily driven by higher stock-based compensation expense. The remainder of the compensation expense represents variable compensation that fluctuates with management fee and incentive allocation revenues and gains on investment portfolios. Variable payouts as a percent of revenues are impacted by the mix of products upon which performance fees are earned and the extent to which they may exceed their allocated costs. The difference in effective rate period over period is primarily driven by deferred tax benefits from a foreign investment which reduced the current period's prior quarter's effective tax rate.

ASSETS UNDER MANAGEMENT

Our revenues are highly correlated to the level of assets under management and fees associated with our various investment products, rather than our own corporate assets. Assets under management, which are directly influenced by the level and changes of the overall equity markets, can also fluctuate through acquisitions, the creation of new products, and the addition of new accounts or the loss of existing accounts. Since various equity products have different fees, changes in our business mix may also affect revenues. At times, the performance of our equity products may differ markedly from popular market indices, and this can also impact our revenues.

Assets under management were \$1.6 billion \$1.5 billion as of September 30, 2023 March 31, 2024 compared to \$1.6 billion at December 31, 2023. The changes decrease from December 31, 2022 and September 30, 2022 were year-end was primarily attributable to investor outflows and market decline. outflows.

Liquidity and Capital Resources

Our principal assets consist of cash and cash equivalents, short-term treasury securities; marketable securities, primarily equities, including 2.4 million shares of GAMCO; and interests in affiliated and third-party funds and partnerships. Although Investment Partnerships may be subject to restrictions as to the timing of distributions, the underlying investments of such Investment Partnerships are generally liquid, and the valuations of these products reflect that underlying liquidity.

Critical Accounting Policies and Estimates

The preparation of the condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ significantly from those estimates. See Note 1 and the Company's Critical Accounting Policies in Management's Discussion and Analysis ("MD&A") of Financial Condition and Results of Operations in AC's **2022** **2023** Annual Report on Form 10-K filed with the SEC on **March 15, 2023** **March 21, 2024** for details on Critical Accounting Policies.

Forward-Looking Information

Our disclosure and analysis in this report contain some forward-looking statements. Forward-looking statements give our current expectations or forecasts of future events. You can identify these statements because they do not relate strictly to historical or current facts. They use words such as "anticipate," "estimate," "expect," "project," "intend," "plan," "believe," and other words and terms of similar meaning. They also appear in any discussion of future operating or financial performance. In particular, these include statements relating to future actions, future performance of our products, expenses, the outcome of any legal proceedings, and financial results. Although we believe that we are basing our expectations and beliefs on reasonable assumptions within the bounds of what we currently know about our business and operations, there can be no assurance that our actual results will not differ materially from what we expect or believe. Some of the factors that could cause our actual results to differ from our expectations or beliefs include, without limitation:

We also direct your attention to any more specific discussions of risk contained in our Form 10 and other public filings. We are providing these statements as permitted by the Private Litigation Reform Act of 1995. We are also subject to governmental or regulatory examinations or investigations. Examinations or investigations can result in adverse judgments, settlements, fines, injunctions, restitutions or other relief. For any such matters, the condensed consolidated financial statements include the necessary provisions for losses that we believe are probable and estimable. Furthermore, we evaluate whether there exist losses which may be reasonably possible and, if material, make the necessary disclosures. However, management believes such matters, both those that are probable and those that are reasonably possible, are not material to the Company's condensed consolidated financial condition, operations, or cash flows at **September 30, 2023** **March 31, 2024**.
