BASIS OF REPORTING AND ACCOUNTINGThe accompanying consolidated financial statements include the accounts of The Progressive Corporation and our wholly owned insurance subsidiaries and non-insurance subsidiaries and affiliates in which we have a controlling financial interest (Progressive).The consolidated financial statements reflect all normal recurring adjustments that, in the opinion of management, were necessary for a fair statement of the results for the interim periods presented. The results of operations for the period ended JuneÂ 30, 2024, are not necessarily indicative of the results expected for the full year. These consolidated financial statements and the notes thereto should be read in conjunction with Progressiveâ€™s audited financial statements and accompanying notes included in Exhibit 13 to our Annual Report on Form 10-K for the year ended DecemberÂ 31, 2023 (2023 Annual Report to Shareholders).Premiums ReceivableWe perform analyses to evaluate our premiums receivable for expected credit losses. See our 2023 Annual Report to Shareholders for a discussion on our premiums receivable allowance for credit loss policy. The following table summarizes changes in our allowance for credit loss exposure on our premiums receivable:Three Months Ended June 30,Six Months Ended June 30,(millions)20242023202420232023Allowance for credit losses, beginning of period$327.7Â $340.9Â $369.1Â $343.3Â Increase in allowance1128.0Â 125.3Â 234.8Â 242.2Â Write-offs2(127.8)(122.3)(276.0)(241.6)Allowance for credit losses, end of period$327.9Â $343.9Â $327.9Â $343.9Â 1 Represents the incremental increase in other underwriting expenses.2 Represents the portion of allowance that is reversed when the premiums receivable is written off. Premiums receivable balances are written off once we have exhausted our collection efforts.Property â€” Held for SaleIncluded in other assets in our consolidated balance sheets are properties that are classified as held for sale (HFS). At JuneÂ 30, 2024 and 2023, and DecemberÂ 31, 2023, we had HFS properties of $152.4 million, $59.5 million, and $77.2 million, respectively. When properties are determined to be HFS, the property is written down to its fair value less estimated costs to sell, as applicable. The increase in HFS properties since December 31, 2023, primarily reflects a decision in the first quarter 2024 to sell certain regional properties to optimize our real estate portfolio by consolidating employees into existing alternative properties.Earnings Per ShareWe redeemed all of our outstanding Serial Preferred Shares, Series B, in February 2024. See Note 9 â€” Dividends for further discussion. To determine net income available to common shareholders, which is used in the calculation of the per common share amounts, we reduced net income by preferred share dividends, and, for 2024,â€¢underwriting discounts and commissions on the preferred share issuance,â€¢initial issuance costs related to the preferred shares, and â€¢excise taxes related to the preferred share redemption.New Accounting StandardsAdopted â€” On January 1, 2024, we began amortizing the remaining original cost of tax equity investments to the provision for income taxes, since certain conditions were met, on the modified retrospective basis, pursuant to an Accounting Standards Update (ASU) issued by the Financial Accounting Standards Board. Previously, these investments were accounted for under the equity method of accounting and the amortization was recognized as a net impairment loss on the consolidated statements of income. The adoption of the ASU had no cumulative effect on retained earnings and did not have a material impact on our financial condition or results of operations. The amount of income tax credits and investment amortization recognized for the three and six months ended June 30, 2024, and the carrying amount of the tax credit investments at June 30, 2024, were not material to our financial condition or results of operations and, therefore, no additional disclosure is provided.ReclassificationGoodwill and intangible assets are included in other assets in our consolidated balance sheets and the amortization of intangible assets in other, net, in cash provided by operating activities in our consolidated statements of cash flows. The JuneÂ 30, 2023 amounts, which were presented separately on the balance sheet and statement of cash flows in the prior year, were reclassified to conform to the current year presentation. 52.Â Â INVESTMENTS The following tables present the composition of our investment portfolio by major security type. Our securities are reported in our consolidated balance sheets at fair value. The changes in fair value for our fixed-maturity securities (other than hybrid securities) are reported as a component of accumulated other comprehensive income (loss), net of deferred income taxes, in our consolidated balance sheets. The net holding period gains (losses) reported below represent the inception-to-date changes in fair value for the hybrid and equity securities. The changes in the net holding period gains (losses) between periods are recorded as a component of net realized gains (losses) on securities in our consolidated statements of comprehensive income.($ in millions)CostGrossUnrealizedGainsGrossUnrealizedLossesNetHoldingPeriodGains(Losses)FairValue% ofTotalFairValueJune 30, 2024Available-for-sale securities:Fixed maturities:U.S. government obligations$42,063.1Â $59.6Â $(1,228.7)$0Â $40,894.0Â 56.5Â %State and local government obligations2,345.6Â 0.7Â (144.3)0Â 2,202.0Â 3.0Â Foreign government obligations16.7Â 0Â (0.9)0Â 15.8Â 0.1Â Corporate debt securities13,260.0Â 33.6Â (303.8)(15.2)12,974.6Â 17.9Â Residential mortgage-backed securities980.4Â 2.6Â (9.4)2.1Â 975.7Â 1.3Â Commercial mortgage-backed securities4,457.2Â 1.9Â (489.1)0Â 3,970.0Â 5.5Â Other asset-backed securities6,366.4Â 7.7Â (89.3)(0.1)6,284.7Â 8.7Â Redeemable preferred stocks178.8Â 0Â (1.9)(5.4)171.5Â 0.2Â Total fixed maturities69,668.2Â 106.1Â (2,267.4)(18.6)67,488.3Â 93.2Â Short-term investments733.4Â 0Â 0Â 0Â 733.4Â 1.0Â Total available-for-sale securities70,401.6Â 106.1Â (2,267.4)(18.6)68,221.7Â 94.2Â Equity securities:Nonredeemable preferred stocks886.9Â 0Â 0Â (48.7)838.2Â 1.2Â Common equities707.8Â 0Â 0Â 2,587.8Â 3,295.6Â 4.6Â Total equity securities1,594.7Â 0Â 0Â 2,539.1Â 4,133.8Â 5.8Â Total portfolio1$71,996.3Â $106.1Â $(2,267.4)$2,520.5Â $72,355.5Â 100.0Â %6($ in millions)CostGrossUnrealizedGainsGrossUnrealizedLossesNetHoldingPeriodGains(Losses)FairValue% ofTotalFairValueJune 30, 2023Available-for-sale securities:Fixed maturities:U.S. government obligations$33,277.1Â $0.1Â $(1,676.7)$0Â $31,600.5Â 53.3Â %State and local government obligations2,336.5Â 0.1Â (181.9)0Â 2,154.7Â 3.6Â Foreign government obligations17.2Â 0Â (1.4)0Â 15.8Â 0.1Â Corporate debt securities10,866.4Â 14.4Â (540.3)(35.9)10,304.6Â 17.4Â Residential mortgage-backed securities580.7Â 0.2Â (13.0)(5.2)562.7Â 0.9Â Commercial mortgage-backed securities4,982.2Â 2.0Â (718.7)0Â 4,265.5Â 7.2Â Other asset-backed securities5,250.6Â 0Â (232.0)(1.0)5,017.6Â 8.5Â Redeemable preferred stocks174.0Â 0Â (3.6)(13.7)156.7Â 0.3Â Total fixed maturities57,484.7Â 16.8Â (3,367.6)(55.8)54,078.1Â 91.3Â Short-term investments1,494.3Â 0Â 0Â 0Â 1,494.3Â 2.5Â Total available-for-sale securities58,979.0Â 16.8Â (3,367.6)(55.8)55,572.4Â 93.8Â Equity securities:Nonredeemable preferred stocks1,107.1Â 0Â 0Â (122.0)985.1Â 1.6Â Common equities662.0Â 0Â 0Â 2,046.1Â 2,708.1Â 4.6Â Total equity securities1,769.1Â 0Â 0Â 1,924.1Â 3,693.2Â 6.2Â Total portfolio1$60,748.1Â $16.8Â $(3,367.6)$1,868.3Â $59,265.6Â 100.0Â %($ in millions)CostGrossUnrealizedGainsGrossUnrealizedLossesNetHoldingPeriodGains(Losses)FairValue% ofTotalFairValueDecember 31, 2023Available-for-sale securities:Fixed maturities:U.S. government obligations$37,823.2Â $204.1Â $(1,157.9)$0Â $36,869.4Â 55.9Â %State and local government obligations2,338.4Â 2.8Â (138.4)0Â 2,202.8Â 3.3Â Foreign government obligations17.3Â 0Â (1.0)0Â 16.3Â 0.1Â Corporate debt securities11,446.0Â 87.2Â (332.3)(17.2)11,183.7Â 16.9Â Residential mortgage-backed securities426.9Â 0.2Â (10.0)0.1Â 417.2Â 0.6Â Commercial mortgage-backed securities4,535.2Â 2.2Â (597.7)0Â 3,939.7Â 6.0Â Other asset-backed securities5,667.2Â 15.7Â (107.1)(0.4)5,575.4Â 8.4Â Redeemable preferred stocks187.7Â 0Â (2.4)(11.6)173.7Â 0.3Â Total fixed maturities62,441.9Â 312.2Â (2,346.8)(29.1)60,378.2Â 91.5Â Short-term investments1,789.9Â 0Â 0Â 0Â 1,789.9Â 2.7Â Total available-for-sale securities64,231.8Â 312.2Â (2,346.8)(29.1)62,168.1Â 94.2Â Equity securities:Nonredeemable preferred stocks977.1Â 0Â 0Â (75.0)902.1Â 1.4Â Common equities706.0Â 0Â 0Â 2,222.4Â 2,928.4Â 4.4Â Total equity securities1,683.1Â 0Â 0Â 2,147.4Â 3,830.5Â 5.8Â Total portfolio1$65,914.9Â $312.2Â $(2,346.8)$2,118.3Â $65,998.6Â 100.0Â %1 At JuneÂ 30, 2024 and 2023, we had $74.1Â million and $248.0Â million, respectively, of net unsettled security purchase transactions included in other liabilities, compared to $45.6 million included in other assets at DecemberÂ 31, 2023. We did not record any allowances for credit losses or any write-offs for amounts deemed to be uncollectible during the first six months of 2024 or 2023, and did not have a material credit loss allowance balance as of JuneÂ 30, 2024 and 2023, or DecemberÂ 31, 2023. We considered several factors and inputs related to the individual securities as part of our analysis. The methodology and significant inputs used to measure the amount of credit losses in our portfolio included:â€¢current performance indicators on the business model or underlying assets (e.g., delinquency rates, foreclosure rates, and default rates); â€¢credit support (via current levels of subordination); â€¢historical credit ratings; and â€¢updated cash flow expectations based upon these performance indicators. In order to determine the amount of credit loss, if any, we initially reviewed securities in a loss position to determine whether it was likely that we would be required, or intended, to sell any of the securities prior to the recovery of their respective cost bases (which could be maturity). If we were likely to, or intended to, sell prior to a potential recovery, we would write off the unrealized loss. For those securities that we determined we were not

likely to, or did not intend to, sell prior to a potential recovery, we performed additional analysis to determine if the loss was credit related. For securities subject to credit related loss, we calculated the net present value (NPV) of the cash flows expected (i.e., expected recovery value) using the current book yield for each security. The NPV was then compared to the securityâ€™s current amortized value to determine if a credit loss existed. In the event that the NPV was below the amortized value, and the amount was determined to be material on any specific security, or in the aggregate, a credit loss would be deemed to exist, and either an allowance for credit losses would be created, or if an allowance currently existed, either a recovery of the previous allowance, or an incremental loss, would be recorded to net realized gains (losses) on securities.As of JuneÂ 30, 2024 and 2023, and DecemberÂ 31, 2023, we believe that none of the unrealized losses on our fixed-maturity securities were related to material credit losses on any specific securities, or in the aggregate. We continue to expect all the securities in our fixed-maturity portfolio to pay their principal and interest obligations. In addition, we reviewed our accrued investment income outstanding on those securities in an unrealized loss position at JuneÂ 30, 2024 and 2023, and DecemberÂ 31, 2023, to determine if the accrued interest amounts were uncollectible. Based on our analysis, we believe the issuers have sufficient liquidity and capital reserves to meet their current interest, and future principal, obligations and, therefore, did not write off any accrued income as uncollectible at JuneÂ 30, 2024 and 2023, or DecemberÂ 31, 2023.

During the second quarter and first six months of 2024, the majority of our gross realized losses on security sales were U.S. Treasury Notes that were sold for duration management. During the second quarter and first six months of both 2024 and 2023, we sold corporate debt securities and select commercial mortgage-backed securities, which we viewed as having less attractive risk/reward profiles. During 2023, the gross gains in common equities reflected sales of securities, as part of our plan to incrementally reduce risk in the portfolio in response to our view of the potential of a more difficult economic environment. The gross loss incurred in our nonredeemable preferred stocks was primarily related to the sale of certain holdings in U.S. bank preferred stocks. The other asset gain in 2023 is related to proceeds received as a result of litigation in conjunction with three renewable energy investments we made from 2016 through 2018 (the original investments were previously written down in full). FAIR VALUE We have categorized our financial instruments, based on the degree of subjectivity inherent in the method by which they are valued, into a fair value hierarchy of three levels, as follows:â€¢Level 1: Inputs are unadjusted, quoted prices in active markets for identical instruments at the measurement date (e.g., U.S. government obligations, which are continually priced on a daily basis, active exchange-traded equity securities, and certain short-term securities).â€¢Level 2: Inputs (other than quoted prices included within Level 1) that are observable for the instrument either directly or indirectly (e.g., certain corporate and municipal bonds and certain preferred stocks). This includes: (i)Â quoted prices for similar instruments in active markets, (ii)Â quoted prices for identical or similar instruments in markets that are not active, (iii)Â inputs other than quoted prices that are observable for the instruments, and (iv)Â inputs that are derived principally from or corroborated by observable market data by correlation or other means.â€¢Level 3: Inputs that are unobservable. Unobservable inputs reflect our subjective evaluation about the assumptions market participants would use in pricing the financial instrument (e.g., certain structured securities and privately held investments).Determining the fair value of the investment portfolio is the responsibility of management. As part of that responsibility, we evaluate whether a market is distressed or inactive in determining the fair value for our portfolio. We review certain market level inputs to evaluate whether sufficient activity, volume, and new issuances exist to create an active market. Based on this evaluation, we concluded that there was sufficient activity related to the sectors and securities for which we obtained valuations. 13The composition of the investment portfolio by major external sources, including pricing vendors, dealers/market makers, and exchange-quoted prices.Our short-term investments classified as Level 1 are highly liquid, actively marketed, and have a very short duration, primarily 90 days or less to redemption. These securities are held at their original cost, adjusted for any accretion of discount, since that value very closely approximates what an active market participant would be willing to pay for such securities. The remainder of our short-term investments are classified as Level 2 and are not priced externally since these securities continually trade at par value. These securities are classified as Level 2 since they are primarily longer-dated securities issued by municipalities that contain either liquidity facilities or mandatory put features within one year.At both JuneÂ 30, 2024 and DecemberÂ 31, 2023, vendor-quoted prices represented 93% of our Level 1 classifications (excluding short-term investments), compared to 92% at JuneÂ 30, 2023. The securities quoted by vendors in Level 1 primarily represent our holdings in U.S. Treasury Notes, which are frequently traded, and the quotes are considered similar to exchange-traded quotes. The balance of our Level 1 pricing comes from quotes obtained directly from trades made on active exchanges. All Level 1 preferred stocks with active exchange quotes were sold during 2023. At both JuneÂ 30, 2024 and DecemberÂ 31, 2023, vendor-quoted prices comprised 100% of our Level 2 classifications (excluding short-term investments), compared to 98% at JuneÂ 30, 2023; the remaining 2% at JuneÂ 30, 2023 were dealer-quoted prices. In our process for selecting a source (e.g., dealer or pricing service) to provide pricing for securities in our portfolio, we reviewed documentation from the sources that detailed the pricing 16techniques and methodologies used by these sources and determined if their policies adequately considered market activity, either based on specific transactions for the particular security type or based on modeling of securities with similar credit quality, duration, yield, and structure that were recently transacted. Once a source is chosen, we continue to monitor any changes or modifications to their processes by reviewing their documentation on internal controls for pricing and market reviews. We review quality control measures of our sources as they become available to determine if any significant changes have occurred from period to period that might indicate issues or concerns regarding their evaluation or market coverage.As part of our pricing procedures, we obtain quotes from more than one source to help us fully evaluate the market price of securities. However, our internal pricing policy is to use a consistent source for individual securities in order to maintain the integrity of our valuation process. Quotes obtained from the sources are not considered binding offers to transact. Under our policy, when a review of the valuation received from our selected source appears to be outside of what is considered market level activity (which is defined as trading at spreads or yields significantly different than those of comparable securities or outside the general sector level movement without a reasonable explanation), we may use an alternate sourceâ€™s price. To the extent we determine that it may be prudent to substitute one sourceâ€™s price for another, we will contact the initial source to obtain an understanding of the factors that may be contributing to the significant price variance. To allow us to determine if our initial source is providing a price that is outside of a reasonable range, we review our portfolio pricing on a weekly basis. When necessary, we challenge prices from our sources when a price provided does not match our expectations based on our evaluation of market trends and activity. Initially, we perform a review of our portfolio by sector to identify securities whose prices appear outside of a reasonable range. We then perform a more detailed review of fair values for securities disclosed as Level 2. We review dealer bids and quotes for these and/or similar securities to determine the market level context for our valuations. We then evaluate inputs relevant for each class of securities disclosed in the preceding hierarchy tables. For structured debt securities, including commercial, residential, and other asset-backed securities, we evaluate available market-related data for these and similar securities related to collateral, delinquencies, and defaults for historical trends and reasonably estimable projections, as well as historical prepayment rates and current prepayment assumptions and cash flow estimates. We further stratify each class of our structured debt securities into more finite sectors (e.g., planned amortization class, first pay, second pay, senior, subordinated, etc.) and use duration, credit quality, and coupon to determine if the fair value is appropriate.For corporate debt and preferred stock (redeemable and nonredeemable) portfolios, as well as the notes issued by The Progressive Corporation (see Note 4 â€” Debt), we review securities by duration, credit quality, and coupon, as well as changes in interest rate and credit spread movements within that stratification. The review also includes recent trades, including: volume traded at various levels that establish a market; issuer specific fundamentals; and industry-specific economic news as it comes to light. For municipal securities (e.g., general obligations, revenue, and housing), we stratify the portfolio to evaluate securities by type, duration, credit quality, and coupon to review price changes relative to credit spread and interest rate changes. Additionally, we look to economic data as it relates to geographic location as an indication of price-to-call or maturity predictors. For municipal housing securities, we look to changes in cash flow projections, both historical and reasonably estimable projections, to understand yield changes and their effect on valuation.For short-term securities, we look at acquisition price relative to the coupon or yield. Since our short-term securities are typically 90 days or less to maturity, with the majority listed in Level 2 being 30 days or less to redemption, we believe that acquisition price is the best estimate of fair value.We also review data assumptions as supplied by our sources to determine if that data is relevant to current market conditions. In addition, we independently review each sector for transaction volumes, new issuances, and changes in spreads, as well as the overall movement of interest rates along the yield curve to determine if sufficient activity and liquidity exists to provide a credible source for our market valuations.During each valuation period, we create

internal estimations of portfolio valuation (performance returns), based on current market-related activity (i.e., interest rate and credit spread movements and other credit-related factors) within each major sector of our portfolio. We compare our internally generated portfolio results with those generated based on quotes we receive externally and research material valuation differences. We compare our results to index returns for each major sector adjusting for duration and credit quality differences to better understand our portfolioâ€™s results. Additionally, we review on a monthly basis our external sales transactions and compare the actual final market sales prices to previous market valuation prices. This review provides us further validation that our pricing sources are providing market level prices, since we are able to explain significant price changes (i.e., greater than 2%) as known events occur in the marketplace and affect a particular securityâ€™s price at sale.17This analysis provides us with additional comfort regarding the sourceâ€™s process, the quality of its review, and its willingness to improve its analysis based on feedback from clients. We believe this effort helps ensure that we are reporting the most representative fair values for our securities.After all the valuations are received and our review of Level 2 securities is complete, if the inputs used by vendors are determined to not contain sufficient observable market information, we will reclassify the affected securities to Level 3. Except as described below, our Level 3 securities are priced externally; however, due to several factors (e.g., nature of the securities, level of activity, and lack of similar securities trading to obtain observable market level inputs), these valuations are more subjective in nature. To the extent we receive prices from external sources (e.g., broker, valuation firm) for the Level 3 securities, we review those prices for reasonableness using internally developed assumptions and then compare our derived prices to the prices received from the external sources. Based on our review, all prices received from external sources remained unadjusted.If we do not receive prices from an external source, we perform an internal fair value comparison, which includes a review and analysis of market-comparable securities, to determine if fair value changes are needed. Based on this analysis, certain private equity investments included in the Level 3 category remain valued at cost or were priced using a recent transaction as the basis for fair value. At least annually, these private equity investments are priced by an external source.Our Level 3 other risk investments include securities accounted for under the equity method of accounting and, therefore, are not subject to fair value reporting. Since these securities represent less than 0.1% of our total portfolio, we will continue to include them in our Level 3 disclosures and report the activity from these investments as â€œotherâ€ changes in the summary of changes in fair value table and categorize these securities as â€œpricing exemption securitiesâ€ in the quantitative information table.At both JuneÂ 30, 2024 and DecemberÂ 31, 2023, we held one privately held fixed-maturity security that is classified as a Level 3 investment. At JuneÂ 30, 2023, we did not have any securities in our fixed-maturity portfolio listed as Level 3.During the first six months of 2024 and for the full year of 2023, there were no material assets or liabilities measured at fair value on a nonrecurring basis.Due to the relative size of the Level 3 securitiesâ€™ fair values, compared to the total portfolioâ€™s fair value, any changes in pricing methodology would not have a significant change in valuation that would materially impact net or comprehensive income.18The following tables provide a summary of changes in fair value associated with Level 3 assets for the three and six months ended JuneÂ 30, 2024 and 2023:Level 3 Fair Value(millions)Fair Value at March 31, 2024Calls/Maturities/Paydowns/OtherPurchasesSalesNet Realized(Gain)/Losson SalesChangeÂ inValuation1NetTransfersIn (Out)Fair Value at June 30, 2024Fixed maturities:Corporate debt securities$3.0Â $0Â $0Â $0Â $0Â $0Â $0Â $3.0Â Equity securities:Nonredeemable preferred stocks:Financials49.2Â 0Â 0Â 0Â 0Â (12.5)0Â 36.7Â Industrials14.8Â 0Â 0Â 0Â 0Â 0.4Â 0Â 15.2Â Common equities:Â Common stocks22.5Â 0Â 0Â 0Â 0Â 0Â 0Â 22.5Â Other risk investments24.3Â (0.4)0Â 0Â 0Â 0Â 0Â 23.9Â Total Level 3 securities$113.8Â (0.4)0Â $0Â $0Â (12.1)0Â $101.3Â Level 3 Fair Value(millions)Fair Value at March 31, 2023Calls/Maturities/Paydowns/OtherPurchasesSalesNet Realized(Gain)/Losson SalesChangeÂ inValuation1NetTransfersIn (Out)Fair Value at June 30, 2023Equity securities:Nonredeemable preferred stocks:Financials$67.4Â $0Â $0Â $0Â $0Â (11.4)0Â $56.0Â Industrials16.4Â 0Â 0Â 0Â 0Â (0.6)0Â 15.8Â Common equities:Common stocks18.3Â 0Â 0Â 0Â 0Â 0Â 0Â 18.3Â Other risk investments20.3Â 1.6Â 0Â 0Â 0Â 0Â 0Â 21.9Â Total Level 3 securities$122.4Â $1.6Â $0Â $0Â $0Â (12.0)0Â $112.0Â Level 3 Fair Value(millions)Fair Value at December 31, 2023Calls/Maturities/Paydowns/OtherPurchasesSalesNet Realized(Gain)/Losson SalesChangeÂ inValuation1NetTransfersIn (Out)Fair Value at June 30, 2024Fixed maturities:Corporate debt securities$3.0Â $0Â $0Â $0Â $0Â $0Â $0Â $3.0Â Equity securities:Nonredeemable preferred stocks:Financials49.2Â 0Â 0Â 0Â 0Â (12.5)0Â 36.7Â Industrials14.8Â 0Â 0Â 0Â 0Â 0.4Â 0Â 15.2Â Common equities:Common stocks22.5Â 0Â 0Â 0Â 0Â 0Â 0Â 22.5Â Other risk investments20.6Â 3.3Â 0Â 0Â 0Â 0Â 0Â 23.9Â Total Level 3 securities$110.1Â $3.3Â $0Â $0Â $0Â (12.1)0Â $101.3Â 19Level 3 Fair Value(millions)Fair Value at December 31, 2022Calls/Maturities/Paydowns/OtherPurchasesSalesNet Realized(Gain)/Losson SalesChangeÂ inValuation1NetTransfersIn (Out)Fair Value at June 30, 2023Equity securities:Nonredeemable preferred stocks:Financials$67.4Â $0Â $0Â $0Â $0Â (11.4)0Â $56.0Â Industrials16.4Â 0Â 0Â 0Â 0Â (0.6)0Â 15.8Â Common equities:Common stocks18.3Â 0Â 0Â 0Â 0Â 0Â 0Â 18.3Â Other risk investments19.8Â 2.1Â 0Â 0Â 0Â 0Â 0Â 21.9Â Total Level 3 securities$121.9Â $2.1Â $0Â $0Â $0Â (12.0)0Â $112.0Â 1 For fixed maturities, amounts included are unrealized gains (losses) included in accumulated other comprehensive income (loss) on our consolidated balance sheets. See the 2023 Annual Report to Shareholders for a discussion of the terms of this line of credit. We had no borrowings under the line of credit that was available during the periods presented.215. INCOME TAXESThe effective tax rate for the three and six months ended June 30, 2024, was 21.6% and 21.0%, respectively, compared to 20.7% and 19.9% for the same periods last year, with the change primarily due to our permanent tax differences having a lower impact on our effective rate due to increased profitability in the current year.Deferred tax assets and liabilities are recorded based on the difference between the financial statement and tax bases of assets and liabilities at the enacted tax rates. We review our deferred tax assets regularly for recoverability. At JuneÂ 30, 2024 and 2023, and DecemberÂ 31, 2023, we determined that we did not need a valuation allowance on our gross deferred tax assets. Although realization of the deferred tax assets is not assured, management believes that it is more likely than not the deferred tax assets will be realized based on our expectation that we will be able to fully utilize the deductions that are ultimately recognized for tax purposes. At JuneÂ 30, 2024 and 2023, and December 31, 2023, the net deferred tax asset includes a gross deferred tax asset of $453.9 million, $703.7Â million, and $427.3Â million, respectively, related to unrealized losses on fixed-maturity securities. We believe this deferred tax asset will be realized based on the existence of current temporary differences related to unrealized gains in our equity portfolio, and prior year capital gains.We had net current income taxes payable of $9.0Â million and $311.8Â million at JuneÂ 30, 2024 and DecemberÂ 31, 2023, respectively, which were reported in accounts payable, accrued expenses, and other liabilities, compared to recoverable income taxes of $44.0Â million at June 30, 2023, which were reported in other assets on our consolidated balance sheets. The balance may fluctuate between an asset and a liability from period to period due to normal timing differences.At JuneÂ 30, 2024 and 2023, and DecemberÂ 31, 2023, we had no reserves for uncertain tax positions.6. The favorable development was, in part, due to lower than anticipated frequency in Florida following tort reform that passed in the first quarter 2023 and lower than anticipated property damage severity across the majority of states.â€¢Our Commercial Lines and Property businesses experienced about $140 million and $30Â million, respectively, of unfavorable development, with the Commercial Lines development primarily driven by higher than anticipated severity in our commercial auto business for California and New York.Year-to-date JuneÂ 30, 2023â€¢The unfavorable prior year reserve development included approximately $910Â million attributable to accident year 2022, $81Â million to accident year 2021, and the remainder to accident years 2020 and prior.â€¢Our personal auto products incurred about $870Â million of unfavorable loss and LAE reserve development, with the Agency and Direct auto businesses each contributing about half. About half of the unfavorable development was attributable to higher than anticipated severity in auto property and physical damage coverages, while the remaining unfavorable development was primarily due to increased loss costs in Florida injury and medical coverages and, to a lesser extent, higher than anticipated late reported injury claims.â€¢Our Commercial Lines business experienced about $224Â million of unfavorable development, primarily due to higher than anticipated severity and frequency of late reported injury claims.7. SUPPLEMENTAL CASH FLOW INFORMATIONCash and cash equivalents include bank demand deposits and daily overnight reverse repurchase commitments of funds held in bank demand deposit accounts by certain subsidiaries. The amount of overnight reverse repurchase commitments, which are not considered part of the investment portfolio, held by these subsidiaries at JuneÂ 30, 2024 and 2023, and DecemberÂ 31, 2023, were $81.3 million, $68.0 million, and $68.2 million, respectively. Restricted cash and restricted cash equivalents include collateral held against unpaid deductibles and cash that is restricted to pay flood claims under the National Flood Insurance Programâ€™s â€œWrite Your Ownâ€ program, for which certain subsidiaries are participants.Non-cash activity included the following in the respective periods:Six Months Ended June 30,(millions)20242023Common share dividends1$58.6Â $58.5Â Operating lease liabilities246.9Â 30.4Â 1 Declared but unpaid. SEGMENT INFORMATIONOur Personal Lines segment writes insurance for personal auto and special lines products (e.g., motorcycles, RVs, watercraft, and snowmobiles). Our Commercial Lines segment writes auto-related liability and physical damage insurance, business-related general liability and property insurance predominately for small businesses, and workersâ€™ compensation insurance primarily for the transportation industry. Our Property segment writes residential property insurance for homeowners, other property owners, and renters, and umbrella insurance. Our service businesses provide insurance-related services, including serving as an agent for homeowners, general liability, and workersâ€™ compensation insurance, among other products, through programs in our direct Personal Lines and Commercial Lines businesses. All segment revenues are generated from external customers; all intercompany transactions are eliminated in consolidation.Following are the operating results for the respective periods:Â Three Months Ended June 30,Six Months Ended June 30,Â 20242023202420232023(millions)RevenuesPretaxProfit (Loss)RevenuesPretaxProfit (Loss)RevenuesPretaxProfit (Loss)RevenuesPretaxProfit (Loss)Personal LinesAgency$6,213.4Â $788.5Â $5,207.2Â (71.2)12,071.1Â $1,739.2Â $10,067.4Â $91.4Â Direct7,595.5Â 782.7Â 6,180.7Â 126.5Â 14,616.0Â 1,826.3Â 11,898.1Â 104.4Â Total Personal Lines113,808.9Â 1,571.2Â 11,387.9Â 55.3Â 26,687.1Â 3,565.5Â 21,965.5Â 195.8Â Commercial Lines2,664.5Â 303.8Â 2,454.1Â 87.2Â 5,221.9Â 512.8Â 4,810.2Â 124.4Â Property735.9Â (487.8)622.3Â (206.8)1,448.7Â (440.9)1,221.0Â (239.5)Other indemnity20.2Â (0.6)0.1Â 0Â 0.4Â (0.9)0.8Â (3.4)Total underwriting operations17,209.5Â 1,386.6Â 14,464.4Â (64.3)33,358.1Â 3,636.5Â 27,997.5Â 77.3Â Fees and other revenues3259.8Â NA226.7Â NA496.3Â NA432.9Â NAService businesses106.3Â (8.0)81.0Â (9.6)190.5Â (15.9)153.5Â (19.4)Investments4558.7Â 551.4Â 581.4Â 575.3Â 1,331.9Â 1,318.9Â 1,072.8Â 1,061.2Â Interest expenseNA(69.6)NA(65.7)NA(139.2)NA(129.0)Consolidated total$18,134.3Â $1,860.4Â $15,353.5Â $435.7Â $35,376.8Â $4,800.3Â $29,656.7Â $990.1Â NA = Not applicable1 Personal auto insurance accounted for 95% of the total Personal Lines segment net premiums earned during the three and six months ended JuneÂ 30, 2024, and 94% for the same periods in 2023; insurance for our special lines products accounted for the balance of the Personal Lines net premiums earned.2 Includes other underwriting business and run-off operations.3 Pretax profit (loss) for fees and other revenues is allocated to operating segments based on revenue.4 Revenues represent recurring investment income and total net realized gains (losses) on securities; pretax profit (loss) is net of investment expenses.24Our management uses underwriting margin and combined ratio as primary measures of underwriting profitability. The underwriting margin is the pretax underwriting profit (loss) expressed as a percentage of net premiums earned (i.e., revenues from underwriting operations). Pretax underwriting profit (loss) is calculated as net premiums earned plus fees and other revenues, less: (i) losses and loss adjustment expenses; (ii) policy acquisition costs; and (iii) other underwriting expenses. Combined ratio is the complement of the underwriting margin. LITIGATIONThe Progressive Corporation and/or its insurance subsidiaries are named as defendants in various lawsuits arising out of claims made under insurance policies written by our insurance subsidiaries in the ordinary course of business. We consider all legal actions relating to such claims in establishing our loss and loss adjustment expense reserves. In addition, The Progressive Corporation and/or its insurance subsidiaries are named as defendants in a number of class action or individual lawsuits that challenge certain of the operations of the subsidiaries. The nature and volume of litigation pending against The Progressive Corporation and/or its insurance subsidiaries is similar to that which was disclosed in Note 12 â€“ Litigation in our 2023 Annual Report to Shareholders.As of June 30, 2024, lawsuits have been certified or conditionally certified as class/collective actions in cases alleging: we improperly value total loss claims in Alabama, Colorado, Georgia, Indiana, New York, Pennsylvania, and South Carolina; we improperly fail to pay fees and taxes associated with total losses in Michigan and New York; we improperly calculate basic economic loss as it relates to wage loss coverage in New York; we improperly fail to timely process and pay personal injury protection claims in Texas; we improperly reduce or deny first-party medical benefits in Arkansas; and that certain of our compensation practices are improper. Other insurance companies face many of these same issues.We plan to contest the pending lawsuits vigorously, but may pursue settlement negotiations in some cases, as we deem appropriate. Although outcomes of pending cases are uncertain until final disposition, we establish accruals for these lawsuits when it is probable that a loss has been or will be incurred and we can reasonably estimate potential loss exposure, which may include a range of loss. As to lawsuits for which the loss is considered neither probable nor estimable, or is considered probable but not estimable, we do not establish an accrual. Nevertheless, we continue to evaluate pending litigation to determine if any losses not deemed probable and estimable become so, at which point we would establish an accrual at either our best estimate of the loss or the lower end of the range of loss.Lawsuits arising from insurance policies and operations, including but not limited to allegations involving claims adjustment and vehicle valuation, may be filed contemporaneously in multiple states. As of June 30, 2024, we are named as defendants in class action lawsuits pending in multiple states alleging that we improperly value total loss vehicle physical damage claims through the application of a negotiation adjustment in calculating such valuations, which includes seven states in which classes have been certified, as noted above, and lawsuits styled as putative class actions pending in additional states. These lawsuits, which were filed at different times by different plaintiffs, feature certain similar claims and also include different allegations and are subject to various state laws. While we believe we have meritorious defenses and we are vigorously contesting these lawsuits, an unfavorable result in, or a settlement of, a significant number of these lawsuits could, in aggregation, have a material adverse effect on our financial condition, cash flows, and/or results of operations. Based on information known at June 30, 2024, and except as to any settlements and accruals as described below, we determined that losses from these lawsuits are reasonably possible but neither probable nor reasonably estimable.With respect to our pending lawsuits that are not related to claims under insurance policies, the accruals that we have established were not material at June 30, 2024 and 2023, or December 31, 2023, and there were no material settlements during 2023 or the first six months of 2024. For most of these lawsuits, we do not consider any losses to be both probable and estimable, and we are unable to estimate a meaningful range of loss, if any, at this time, due to the factors discussed in Note 12 â€“ Litigation in our 2023 Annual Report to Shareholders. In the event that any one or more of these lawsuits results in a substantial judgment against us, or settlement by us, or if our accruals (if any) prove to be inadequate, the resulting liability could have a material adverse effect on our consolidated financial condition, cash flows, and/or results of operations. For a further discussion on our pending litigation and related reserving policies, see Note 12 â€“ Litigation in our 2023 Annual Report to Shareholders.28ITEM 2. MANAGEMENTâ€™S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.I. OVERVIEWDuring the second quarter 2024, The Progressive Corporationâ€™s insurance subsidiaries recognized strong growth in both premiums and policies in force, compared to the same period last year, and generated an underwriting profit 4.1 points better than our 4% companywide calendar-year underwriting profit goal. Net premiums written and earned increased 22% and 19%, respectively, during the second quarter 2024 compared to the same period last year, with all operating segments contributing to the growth. For the quarter, we generated $17.9 billion of net premiums written, which was an increase of $3.2 billion, compared to the second quarter 2023. On a companywide basis, we ended the quarter with 32.3 million policies in force, which was 9% greater than the same period last year. During the first six months of 2024, we added 2.6 million policies in force companywide, with our personal auto products representing 2.0 million of the increase. Personal auto new business applications were up significantly from the second quarter last year, reflecting our continued efforts to focus on driving growth. During the quarter we increased our advertising spend, continued to unwind non-rate restrictions we put in place throughout 2023 to manage profitability, and worked closely with our independent agents to get back into their quote flows. We also focused on delivering competitive rates to consumers and had eight personal auto states with small rate decreases during the second quarter.Profitability for the quarter was strong with our companywide combined ratio for the second quarter 2024 of 91.9, which was 8.5 points better than the second quarter last year. Our Personal and Commercial Lines businesses both generated an 88.6 combined ratio for the quarter, while the Property business generated an underwriting loss with a combined ratio of 166.3 that included catastrophe losses of 75.6 points. Several factors contributed to the significant year-over-year improvement in our underwriting profit. The average earned premium per policy on our vehicle businesses were higher than the prior year second quarter, primarily due to the rate increases we took, during 2023, to meet our companywide profitability target. In addition to rate increases, on a year-over-year basis for the second quarter, our incurred personal auto accident frequency decreased 8% and severity was relatively flat, which is an indication that severity trends are stabilizing. Also contributing to the profitability improvement was favorable prior accident years reserve development of 0.3 points in the second quarter 2024, compared to unfavorable development in the second quarter last year of 3.4 points. Partially offsetting the favorable impact to profitability from the improved loss ratios, was an increase in our expense ratio of 2.5 points over the second quarter 2023. On a quarter-over-prior-year quarter basis, during the second quarter 2024, our advertising spend increased nearly 150%, which brought our year-to-date advertising costs to $1.6 billion, as we focused on maximizing growth. We will continue this focus as long as we remain on track to achieve our target profitability and generate sales at a cost below the maximum amount we are willing to spend to acquire a new customer.The year-over-year increase in underwriting profitability was the primary contributor to the $1.1 billion increase in net income and the $1.7 billion increase in comprehensive income for the second quarter 2024. During the quarter, recurring investment income increased 51%, primarily due to investing new cash from operations and proceeds from maturing bonds in higher coupon rate securities. However, in the second quarter 2024, the portfolio recognized net realized losses on securities, compared to net realized gains in the same period last year, which more than offset the increase in the recurring investment income generated during the quarter.In addition to the increases in net income, the increase in comprehensive income also reflected the decrease in the net unrealized losses on our fixed-maturity securities during the second quarter 2024, compared to the increase in unrealized losses during the second quarter last year. The change in the unrealized losses during both periods were primarily driven by the then-current economic environment.Total capital (debt plus shareholdersâ€™ equity) at June 30, 2024, was $30.2 billion, which was up $3.0 billion from year-end 2023. During the first half of 2024, we earned $3.7 billion of comprehensive income, which was in part offset by the $0.5 billion redemption of all of our outstanding Serial Preferred Shares, Series B, during the first quarter, as discussed in further detail in Financial Condition below.A. Insurance OperationsDuring the second quarter 2024, our Personal Lines and Commercial Lines businesses each generated an underwriting profit margin of 11.4%. Our Property operating segment recognized a 66.3% underwriting loss margin during the quarter, which included 75.6 points due to the significant losses incurred from catastrophic weather events. Personal Lines is comprised of both our personal auto and special lines products, with the latter typically having higher losses during the warmer weather months, due to 29the seasonal nature of these products (e.g., motorcycles, boats, and RVs). The special lines profitability had minimal impact to our total Personal Lines combined ratio during the second quarter 2024. During the quarter, our vehicle businesses benefited from higher average earned premium per policy and lower incurred loss frequency trends, with Personal Lines also benefiting from lower incurred severity trends and favorable prior accident years reserve development.As a result of the rate actions we took during 2023 to help achieve our target profit margin, we currently believe that, in most states, we are adequately priced in our personal auto and core commercial auto (which exclude our transportation network company (TNC) business, business ownersâ€™ policy (BOP), and Progressive Fleet & Specialty (previously referred to as Protective Insurance)) products. We have taken, and when necessary will continue to take, rate increases in our TNC business to address profitability issues. In our Property business, during the second quarter 2024, we increased rates about 4% countrywide, in the aggregate, which follows an increase of about 6% in the first quarter 2024 and an aggregate increase of about 17% on a trailing 12-month basis. We will continue to monitor the factors that could impact our loss costs for both our vehicle and Property businesses, which may include new and used car prices, miles driven, driving patterns, loss severity, weather events, building materials, construction costs, inflation, and other components, on a state-by-state basis. We currently anticipate that aggregate vehicle rate changes throughout 2024 will be of lesser magnitude than those taken in each of the prior two years, but we will continue to evaluate our rate need and adjust rates as we deem necessary.Throughout the second quarter 2024, we continued to lift the non-rate actions implemented last year in our vehicle businesses, in all but a few states, as our focus shifted from achieving our target profit margin to driving growth, delivering competitive rates to consumers, and providing an exceptional customer experience to our policyholders.For the second quarter 2024, net premiums written grew 22%, compared to the second quarter last year, with all segments showing strong growth. Personal Lines net premiums written grew 26%, with the Agency and Direct distribution channels growing 22% and 29%, respectively. Commercial Lines net premiums written grew 6% and Property grew 11%. Changes in net premiums written are a function of new business applications (i.e., policies sold), business mix, premium per policy, and retention. In the second quarter 2024, we experienced a significant increase in Personal Lines new business applications, primarily reflecting increased advertising spend, the reversal of the non-rate restrictions, and our efforts to get back into the independent agentsâ€™ quote flows. New personal auto applications increased 34% for the second quarter 2024, compared to an increase of 37% in the second quarter last year and a decrease of 9% in the first quarter 2024. New applications in our core commercial auto business increased 7% during the second quarter 2024, compared to the same period last year. Excluding the impact of the for-hire transportation business market target (BMT), which had a year-over-year decrease in new applications, our core commercial auto new application growth would have been 13% during the second quarter 2024. The for-hire transportation BMT continues to be adversely impacted by challenging freight market conditions that have caused a decline in the active number of motor carriers in this BMT.New applications in the Property business were up 35% over the second quarter last year, driven by significant growth in our renters policies. In addition, we continued to focus on growing new business in less volatile weather states and home and auto bundles, as well as lower-risk properties, such as new construction or homes with newer roofs, in regions where our appetite to write new business is limited. Compared to the end of the second quarter last year, policies in force grew about 20% in the less volatile weather states and decreased about 6% in the coastal and hail-prone states.During the second quarter 2024, on a year-over-year basis, average written premium per policy grew 11% in personal auto and 8% in core commercial auto, and was down 4% in Property. The growth in personal auto and commercial auto primarily reflected rate increases taken throughout 2023, that continued to be earned through the second quarter 2024. The rate increases taken in commercial auto were, in part, offset by a shift in the mix of business, primarily driven by decreased demand in our for-hire transportation BMT. The decrease in Property average written premium per policy reflected a shift in the mix of business as we continued to focus on growing in less volatile weather states. We are also seeing a mix shift towards more renters policies which have lower average written premiums. These mix shifts were partially offset by rate increases taken over the last 12 months and higher premium coverages reflecting increased property values. Given that our commercial auto and Property policies are predominately written for 12-month terms, rate actions take longer to earn in for these products.We believe a key element in improving the accuracy of our rating is SnapshotÂ®, our usage-based insurance offering. During the second quarter 2024, the adoption

rates for consumers enrolling in the program decreased about 15% in Agency auto and increased about 5% in Direct auto, compared to the second quarter 2023. The decrease in the Agency auto adoption rate primarily reflected a shift in the mix of agencies through which we wrote new business during the second quarter 2024, as a result of the rate and non-rate actions implemented after the first quarter 2023. As we continue to relax restrictions on new business and get back into the independent agentsâ€™ quote flows, we 30expect the mix of agencies where we write new business will begin to shift in the direction of the agency mix that was in place prior to the implementation of those restrictions. Snapshot is available in all states, other than California, and our latest segmentation model was available in states that represented about 70% of our countrywide personal auto premium at June 30, 2024. We continue to invest in our mobile application, with mobile devices being chosen for Snapshot monitoring for the majority of new enrollments.We realize that to grow policies in force, it is critical that we retain our customers for longer periods. Consequently, increasing retention continues to be one of our most important priorities. Our efforts to increase our share of Progressive auto and home bundled households (i.e., Robinsons) remains a key initiative and we plan to continue to make investments to improve the customer experience in order to support that goal. Policy life expectancy, which is our actuarial estimate of the average length of time that a policy will remain in force before cancellation or lapse in coverage, is our primary measure of customer retention in our Personal Lines, Commercial Lines, and Property businesses.We evaluate total personal auto retention using a trailing 12-month and a trailing 3-month policy life expectancy. Although the latter can reflect more volatility and is more sensitive to seasonality, this measure is more responsive to current experience and may be an indicator for the future trend of our 12-month measure. As of the end of the second quarter 2024, our trailing 12-month total personal auto policy life expectancy increased 9%, compared to last year. The Agency and Direct channels trailing 12-month measure was up 18% and 2%, respectively. As of the end of the second quarter 2024, we saw improvement in our trailing 12-month policy life expectancy on a year-over-year basis for each of the last trailing 12 months. We believe the 12-month measure was positively impacted by a shift in the mix of business, in addition to our competitiveness in the marketplace throughout 2023, following the rate increases that we took in 2022 ahead of many of our competitors. However, our total personal auto trailing 3-month policy life expectancy was down 5% at the end of the second quarter 2024, due to rate and non-rate actions put in place throughout 2023, compared to the 40% increase experienced in the same period last year, which we believe reflected our competitiveness in the marketplace in the prior year. Our trailing 3-month policy life expectancy was flat compared to the first quarter 2024.At the end of the second quarter 2024, our trailing 12-month policy life expectancy increased 3% in special lines, 5% in Property, and decreased 19% in Commercial Lines, compared to the same period last year. The decrease in Commercial Lines policy life expectancy in all BMTs, reflected rate and non-rate actions taken in 2023 to achieve our target profitability, as well as the continued decrease in demand in the for-hire transportation BMT.B. InvestmentsThe fair value of our investment portfolio was $72.4 billion at JuneÂ 30, 2024, compared to $66.0 billion at DecemberÂ 31, 2023. The increase from year-end 2023 primarily reflected cash flows from operations, in part offset by the redemption of all of our outstanding Serial Preferred Shares, Series B, and the payment of our annual variable common share dividends. Our asset allocation strategy is to maintain 0%-25% of our portfolio in Group I securities, with the balance (75%-100%) of our portfolio in Group II securities (the securities allocated to Group I and II are defined below under Results of Operations â€“ Investments). At both JuneÂ 30, 2024 and DecemberÂ 31, 2023, 7% of our portfolio was allocated to Group I securities with the remainder to Group II securities. Our recurring investment income generated a pretax book yield of 3.9% for the second quarter 2024, compared to 3.1% for the same period in 2023. The increase from prior year primarily reflected investing new cash from operations, and proceeds from maturing bonds, in higher coupon rate securities. Our investment portfolio produced a fully taxable equivalent (FTE) total return of 0.9% and 0% for the second quarter 2024 and 2023, respectively. Our fixed-income and common stock portfolios had FTE total returns of 0.8% and 3.6%, respectively, for the second quarter 2024, compared to (0.4)% and 9.0%, respectively, last year. The increase in the fixed-income portfolio FTE total return, compared to last year, primarily reflected movements in Treasury yields year-over-year. The decrease in the common stock portfolio total return reflected general market conditions in the respective periods.At JuneÂ 30, 2024, the fixed-income portfolio had a weighted average credit quality of AA- and a duration of 3.2 years, compared to AA and 2.9 years at JuneÂ 30, 2023 and AA- and 3.0 years at DecemberÂ 31, 2023. Our decrease in weighted average credit quality compared to JuneÂ 30, 2023, was mainly due to a second major credit rating agency downgrading U.S. Treasury debt to AA+ from AAA during the third quarter 2023, which led us to lower our U.S. Treasury positions to AA+. During 2024, our duration was increased to take advantage of higher yields in the market.At JuneÂ 30, 2024, we continued to maintain a relatively conservative investment portfolio with a greater allocation to cash and treasuries. We believe that this portfolio allocation, coupled with a lack of maturities of our outstanding debt until 2027, positions us well to benefit from a higher interest rate environment. We also believe that we are in a very strong position to face the current dynamic operating and investment marketplaces as we move into the third quarter of 2024.31II. FINANCIAL CONDITIONA. Liquidity and Capital ResourcesProgressiveâ€™s insurance operations create liquidity by collecting and investing premiums from new and renewal business in advance of paying claims. As primarily an auto insurer, our claims liabilities generally have a short-term duration. Operations generated positive cash flows of $7.5 billion and $4.8 billion for the six months ended JuneÂ 30, 2024 and 2023, respectively. The increase in operating cash flow for the first six months of 2024, compared to 2023, was primarily driven by the growth in profit from our underwriting operations. We believe cash flows will remain positive in the reasonably foreseeable future and do not expect we will have a need to raise capital to support our operations in that timeframe, although changes in market or regulatory conditions affecting the insurance industry, or other unforeseen events, may necessitate otherwise.As of JuneÂ 30, 2024, we held $41.6 billion in short-term investments and U.S. Treasury securities, which represented nearly 60% of our total portfolio. Based on our portfolio allocation and investment strategies, we believe that we have sufficient readily available marketable securities to cover our claims payments and short-term obligations in the event our cash flows from operations were to be negative. See Item 1A, Risk Factors in our Form 10-K filed with the U.S. Securities and Exchange Commission for the year ended December 31, 2023, for a discussion of certain matters that may affect our portfolio and capital position. Our total capital (debt plus shareholdersâ€™ equity) was $30.2 billion, based on book value, at JuneÂ 30, 2024, compared to $23.6 billion at JuneÂ 30, 2023, and $27.2 billion at December 31, 2023. The increase from December primarily reflected the comprehensive income recognized during the first six months of 2024, mainly driven by our underwriting profitability, partially offset by the redemption of all of the outstanding Serial Preferred Shares, Series B. During the first quarter 2024, we redeemed all of the outstanding Serial Preferred Shares, Series B, at the stated amount of $1,000 per share, for an aggregate payout of $507.8Â million, including accrued and unpaid dividends to, but excluding February 22, 2024, which was the redemption date. Our debt-to-total capital ratio was 22.8% at JuneÂ 30, 2024, 29.2% at JuneÂ 30, 2023, and 25.4% at December 31, 2023. Our financial policies include a goal of maintaining debt below 30% of total capital at book value. While we are comfortably below that target at June 30, 2024, we recognize that various factors, including rising interest rates, widening credit spreads, declines in the equity markets, or erosion in operating results, may result in that ratio exceeding 30% at times. In such a situation, we may choose to remain above 30% for some time, dependent upon market conditions and the capital needs of our operating businesses. We will continue to monitor this ratio, market conditions, and our capital needs going forward.None of the covenants on our outstanding debt securities include rating or credit triggers that would require an adjustment of interest rates or an acceleration of principal payments in the event that our debt securities are downgraded by a rating agency. In April 2024, we renewed the unsecured discretionary line of credit (the Line of Credit) with PNC Bank, National Association, in the maximum principal amount of $300 million. We did not engage in short-term borrowings, including any borrowings under our Line of Credit, to fund our operations or for liquidity purposes during the reported periods.During the first six months of 2024, we returned capital to shareholders primarily through common share dividends and common share repurchases. Our Board of Directors declared a $0.10 per common share dividend in both the first and second quarters of 2024. These dividends, which were each $58.6 million in the aggregate, were paid in April 2024 and July 2024. In January 2024, we also paid common share dividends declared in the fourth quarter 2023, in the aggregate amount of $497.9 million, or $0.85 per share (see Note 9 â€“ Dividends for further discussion). Consistent with our financial policies, we repurchase common shares to neutralize dilution from equity-based compensation granted during the year and opportunistically when we believe our shares are trading below our determination of long-term fair value. During the first six months of 2024, we repurchased 0.3 million common shares, at a total cost of $48.0 million, including 0.1 million shares in the second quarter 2024, both in the open market and to satisfy tax withholding obligations in connection with the vesting of equity awards under our equity compensation plans. We will continue to make decisions on returning capital to shareholders based on the strength of our overall capital position, the capital strength of our subsidiaries, and potential capital needs to expand our business operations.At JuneÂ 30, 2024, we had $4.1 billion in a consolidated, non-insurance subsidiary of the holding company that can be used to fund corporate obligations and provide additional capital to the insurance subsidiaries to fund potential future growth. As of JuneÂ 30, 2024, our estimated consolidated statutory surplus was $24.8 billion.32During the first six months of 2024, our contractual obligations and critical accounting policies have not changed materially from those discussed in our 2023 Annual Report to Shareholders. During the second quarter 2024, we increased our noncancellable purchase obligation commitments for reinsurance contracts by $352.0 million, primarily related to the renewal of our catastrophe excess of loss per occurrence reinsurance program, bringing our total commitments related to reinsurance contracts to $384.1 million at June 30, 2024. There have not been any other material changes in off-balance-sheet leverage, which includes purchase obligations, from those discussed in our 2023 Annual Report to Shareholders.We seek to deploy capital in a prudent manner and use multiple data sources and modeling tools to estimate the frequency, severity, and correlation of identified exposures, including, but not limited to, catastrophic and other insured losses, natural disasters, and other significant business interruptions, to estimate our potential capital needs.Based upon our capital planning and forecasting efforts, we believe we have sufficient capital resources and cash flows from operations to support our current business, scheduled principal and interest payments on our debt, anticipated quarterly dividends on our common shares, our contractual obligations, and other expected capital requirements for the foreseeable future. Nevertheless, we may decide to raise additional capital to take advantage of attractive terms in the market and provide additional financial flexibility. We currently have an effective shelf registration with the U.S. Securities and Exchange Commission so that we may periodically offer and sell an indeterminate aggregate amount of senior or subordinated debt securities, preferred stock, depository shares, common stock, purchase contracts, warrants, and units. The shelf registration enables us to raise funds from the offering of any securities covered by the shelf registration as well as any combination thereof, subject to market conditions.III. RESULTS OF OPERATIONS â€“ UNDERWRITINGA. Segment OverviewWe report our underwriting operations in three segments: Personal Lines, Commercial Lines, and Property. As a component of our Personal Lines segment, we report our Agency and Direct business results to provide further understanding of our products by distribution channel.The following table shows the composition of our companywide net premiums written, by segment, for the respective periods:Three Months Ended June 30,Six Months Ended June 30,20242023202420232023Personal LinesAgency37Â %38Â %36Â %36Â %Direct44Â 41Â 43Â 41Â Total Personal Lines181Â 79Â 79Â 77Â Commercial Lines14Â 16Â 17Â 19Â Property5Â 5Â 4Â 4Â Total underwriting operations100Â %100Â %100Â %100Â %1 Personal auto products accounted for 92% of the total Personal Lines segment net premiums written during the three months ended JuneÂ 30, 2024 and 2023, and 94% and 93% during the six months ended June 30, 2024 and 2023, respectively; our special lines products accounted for the balance.Our Personal Lines business writes insurance for personal autos and special lines products (e.g., motorcycles, RVs, watercraft, and snowmobiles). Within Personal Lines, we often refer to our four consumer segments:â€¢Sam - inconsistently insured;â€¢Diane - consistently insured and maybe a renter;â€¢Wrights - homeowners who do not bundle auto and home; andâ€¢Robinsons - homeowners who bundle auto and home.While our personal auto policies primarily have 6-month terms, we write 12-month auto policies in our Platinum agencies to promote bundled auto and home growth. At JuneÂ 30, 2024 and 2023, 13% and 14%, respectively, of our Agency auto policies in force were 12-month policies. To the extent our Agency application mix of annual policies grows, the shift in policy term could increase our written premium mix in the Agency channel as 12-month policies have about twice the amount of net premiums written compared to 6-month policies. Our special lines products are written for 12-month terms. Our Commercial Lines business writes auto-related liability and physical damage insurance, business-related general liability and property insurance predominately for small businesses, and workersâ€™ compensation insurance primarily for the transportation industry. Our Commercial Lines business operates in the following five traditional business market targets (BMT): â€¢business auto;â€¢for-hire transportation;â€¢contractor;â€¢for-hire specialty; andâ€¢tow.33Within Commercial Lines, we refer to these BMTs as our core commercial auto business. In addition to the core commercial auto business, Commercial Lines writes TNC, Progressive Fleet & Specialty (formerly referred to as Protective Insurance), and BOP products.At JuneÂ 30, 2024, about 90% of Commercial Lines policies in force had 12-month terms. The majority of our Commercial Lines business is written through the independent agency channel although we continue to focus on growing our direct business. To serve our direct channel customers, we continue to expand our product offerings, including adding states where we offer our BOP product, as well as adding these product offerings to our digital platform that serves direct small business consumers (BusinessQuote ExplorerÂ®). Our core commercial auto business written through the direct channel represented 11% and 10% of our total core commercial auto premiums written for the six months ended JuneÂ 30, 2024 and 2023, respectively.Our Property business writes residential property insurance for homeowners, other property owners, and renters, and umbrella insurance. Just over three-fourths of our Property business is generated through the independent agency channel with the balance in the direct channel. All of our Property policies have 12-month terms.B. ProfitabilityProfitability for our underwriting operations is defined by pretax underwriting profit or loss, which is calculated as net premiums earned plus fees and other revenues less losses and loss adjustment expenses, policy acquisition costs, and other underwriting expenses. We also use underwriting margin, which is underwriting profit or loss expressed as a percentage of net premiums earned, to analyze our results. For the respective periods, our underwriting profitability results were as follows:Â Three Months Ended June 30,Six Months Ended June 30,Â 20242023202420232023Â UnderwritingProfitÂ (Loss)UnderwritingProfitÂ (Loss)UnderwritingProfit (Loss)UnderwritingProfitÂ (Loss)($ in millions)$Margin$Margin$Margin$MarginPersonal LinesAgency$788.5Â 12.7Â %$(71.2)(1.4)%$1,739.2Â 14.4Â %$91.4Â 0.9Â %Direct782.7Â 10.3Â 126.5Â 2.0Â 1,826.3Â 12.5Â 104.4Â 0.9Â Total Personal Lines1,571.2Â 11.4Â 55.3Â 0.5Â 3,565.5Â 13.4Â 195.8Â 0.9Â Commercial Lines303.8Â 11.4Â 87.2Â 3.6Â 512.8Â 9.8Â 124.4Â 2.6Â Property(487.8)(66.3)(206.8)(33.2)(440.9)(30.4)(239.5)(19.6)Other indemnity1(0.6)NM0Â NM(0.9)NM(3.4)NMTotal underwriting operations$1,386.6Â 8.1Â %$(64.3)(0.4)%$3,636.5Â 10.9Â %$77.3Â 0.3Â %1 Underwriting margins for our other indemnity businesses are not meaningful (NM) due to the low level of premiums earned by, and the variability of loss costs in, such businesses.Several factors contributed to the significant increase in underwriting profit for the three and six months ended June 30, 2024, compared to the same periods in 2023. As a result of the rate increases we took throughout 2023, our personal and core commercial auto average written premium per policy were up 11% and 8%, respectively, for the second quarter 2024, and up 12% and 9% for the first half of 2024. Also, on a year-over-year basis for the second quarter and first six months of 2024, our incurred personal auto accident frequency was down 8%, compared to the same periods last year when our frequency trend was relatively flat. Severity was relatively flat for the second quarter and first six months of 2024, compared to the prior year periods when personal auto incurred severity was up 12% and 11%, respectively. With personal auto severity trends stabilizing, our loss costs have been less volatile. In addition, we experienced favorable prior accident year reserve development year-to-date in 2024, compared to unfavorable prior year development for the same period last year. During the second quarter and first six months of 2024, we recognized 0.3 points and 0.2 points, respectively, of favorable prior accident years development, compared to unfavorable development of 3.4 points and 4.0 points during the same periods last year. Partially offsetting the factors that favorably impacted our underwriting results for the second quarter 2024, was an increase in our companywide expense ratio of 2.5 points, compared to the same period last year, due in large part to a 147% increase in advertising spend during the quarter. We increased our media spend to maximize growth and will continue to do so as long as we remain on track to achieve our target profitability.See the Losses and Loss Adjustment Expenses (LAE) section below for further discussion of our frequency and severity trends, reserve development, and catastrophe losses incurred during the periods.34Further underwriting results for our Personal Lines business, including results by distribution channel, the Commercial Lines business, the Property business, and our underwriting operations in total, were as follows:Â Three Months Ended June 30,Six Months Ended June 30,Underwriting Performance120242023Change20242023ChangePersonal Lines â€“ AgencyLoss & loss adjustment expense ratio69.2Â 83.5Â (14.3)67.6Â 80.8Â (13.2)Underwriting expense ratio18.1Â 17.9Â 0.2Â 18.0Â 18.3Â (0.3)Combined ratio87.3Â 101.4Â (14.1)85.6Â 99.1Â (13.5)Personal Lines â€“ DirectLoss & loss adjustment expense ratio71.0Â 84.9Â (13.9)69.5Â 82.4Â (12.9)Underwriting expense ratio18.7Â 13.1Â 5.6Â 18.0Â 16.7Â 1.3Â Combined ratio89.7Â 98.0Â (8.3)87.5Â 99.1Â (11.6)Total Personal LinesLoss & loss adjustment expense ratio70.2Â 84.2Â (14.0)68.6Â 81.7Â (13.1)Underwriting expense ratio18.4Â 15.3Â 3.1Â 18.0Â 17.4Â 0.6Â Combined ratio88.6Â 99.5Â (10.9)86.6Â 99.1Â (12.5)Commercial LinesLoss & loss adjustment expense ratio69.6Â 77.2Â (7.6)71.0Â 76.8Â (5.8)Underwriting expense ratio19.0Â 19.2Â (0.2)19.2Â 20.6Â (1.4)Combined ratio88.6Â 96.4Â (7.8)90.2Â 97.4Â (7.2)PropertyLoss & loss adjustment expense ratio137.4Â 105.6Â 31.8Â 101.6Â 90.8Â 10.8Â Underwriting expense ratio28.9Â 27.6Â 1.3Â 28.8Â 28.8Â 0Â Combined ratio166.3Â 133.2Â 33.1Â 130.4Â 119.6Â 10.8Â Total

Claims costs are a function of loss severity and frequency and, for our vehicle businesses, are influenced by inflation and driving patterns, among other factors, some of which are discussed below. In our Property business, severity is primarily a function of construction costs and the age and complexity of the structure, among other factors. Accordingly, anticipated changes in these factors are taken into account when we establish premium rates and loss reserves. Loss reserves are estimates of future costs and our reserves are adjusted as underlying assumptions change and information develops.Our total loss and LAE ratio decreased 11.0 points for the second quarter 2024, compared to the same period last year, and 10.8 points on a year-to-date basis, primarily due to a decrease in loss frequency, relatively flat personal auto severity, higher vehicle premium per policy, and favorable prior accident years reserve development in 2024, compared to unfavorable development in the first half of last year. On an accident year basis, our loss and LAE ratio was 7.3 points and 6.6 points lower for the three and six months ended June 30, 2024, respectively, compared to the same periods last year.The following table shows our consolidated catastrophe losses and related combined ratio point impact, excluding loss adjustment expenses, incurred during the periods:Â Three Months Ended June 30,Six Months Ended June 30,Â 2024202320242023($ in millions)$Point1$Point1$Point1$Point1Personal Lines$686.8Â 5.0Â $590.7Â 5.2Â $887.0Â 3.3Â $682.8Â 3.1Â Commercial Lines25.9Â 1.0Â 18.9Â 0.8Â 34.8Â 0.7Â 22.4Â 0.5Â Property556.6Â 75.6Â 415.0Â 66.7Â 694.0Â 47.9Â 560.3Â 45.9Â Total net catastrophe losses incurred$1,269.3Â 7.4Â $1,024.6Â 7.1Â $1,615.8Â 4.8Â $1,265.5Â 4.5Â 1 Represents catastrophe losses incurred during the period, including the impact of reinsurance, as a percent of net premiums earned for each segment.In the second quarter 2024, our catastrophe losses reflected severe weather events throughout the United States, with nearly 40% of the storm losses in Texas. Weather events in Florida, Colorado, Missouri, and Nebraska contributed about another 30% to the total catastrophe losses for the quarter. We have responded, and plan to continue to respond, promptly to catastrophic events when they occur in order to provide high-quality claims service to our customers.Changes in our estimate of our ultimate losses on catastrophes currently reserved, along with potential future catastrophes, could have a material impact on our financial condition, cash flows, or results of operations. We reinsure various risks including, but not limited to, catastrophic losses. We do not have catastrophe-specific reinsurance for our Personal Lines or commercial auto businesses, but we reinsure portions of our Property business. The Property business reinsurance programs include catastrophe per occurrence excess of loss contracts and aggregate excess of loss contracts. We also purchase excess of loss reinsurance on our workersâ€™ compensation insurance and our higher-limit commercial auto liability product offered by our Progressive Fleet & Specialty business.We evaluate our reinsurance programs during the renewal process, if not more frequently, to ensure our programs continue to effectively address the companyâ€™s risk tolerance. During the second quarter 2024, we entered into new reinsurance contracts under our per occurrence excess of loss program for our Property business. The reinsurance program has a retention threshold for losses and allocated loss adjustment expenses (ALAE) from a single catastrophic event of $200 million. In general, our program includes coverage for $2.0 billion in losses and ALAE with additional substantial coverage for a second or third hurricane. When including the Florida Hurricane Catastrophe Fund that is specific to Florida, this coverage reaches an estimated $2.3 billion.For 2024, we also entered into a new catastrophe aggregate excess of loss reinsurance contract that has multiple layers of coverage, with the first retention layer threshold ranging from $450 million to $475 million, excluding named tropical storms and hurricanes, and the second retention layer threshold of $525 million, including named tropical 36storms and hurricanes. The first and second layers provide coverage up to $85 million and $100 million, respectively. As of the end of the second quarter 2024, we estimate that, based on the particular contract, we were about $3 million to $40 million below the annual retention thresholds under the first coverage layer of our 2024 catastrophe aggregate excess of loss program. Once the retention thresholds are exceeded, we have reinsurance coverage up to $85 million for non-named storm property catastrophe losses, under our first layer of coverage, with $100 million of additional coverage available under a second layer that also covers named storms to a certain extent.While the total coverage limit and per-event retention will evolve to fit the growth of our business, we expect to remain a consistent purchaser of reinsurance coverage. While the availability of reinsurance is subject to many forces outside of our control, the types of reinsurance that we elected to purchase during the first half of 2024 were readily available and competitively priced. On a year-over-year basis, we did not incur a material change in the aggregate costs of our reinsurance programs. See Item 1A, Risk Factors in our 2023 Form 10-K filed with the U.S. Securities and Exchange Commission, for the year ended December 31, 2023, for a discussion of certain risks related to catastrophe events and the potential impact of climate change. See Item 1, Business â€“ Reinsurance on Form 10-K for a discussion of our various reinsurance programs.The following discussion of our severity and frequency trends in our personal auto business excludes comprehensive coverage because of its inherent volatility, as it is typically linked to catastrophic losses generally resulting from adverse weather. For our core commercial auto products, the reported frequency and severity trends include comprehensive coverage. Comprehensive coverage insures against damage to a customerâ€™s vehicle due to various causes other than collision, such as windstorm, hail, theft, falling objects, and glass breakage.Total personal auto incurred severity (i.e., average cost per claim, including both paid losses and the change in case reserves) growth on a calendar-year basis, over the prior-year period, was as follows:Growth Over Prior YearQuarterYear-to-dateCoverage Type20242024Bodily injury3Â %4Â %Collision(3)(2)Personal injury protection(6)(1)Property damage(1)1Â Total(1)1Â To address inherent seasonality trends and lessen the effects of month-to-month variability in the commercial auto products, we use a trailing 12-month period in assessing severity. Through the second quarter 2024, our core commercial auto productsâ€™ incurred severity increased 5%, compared to the same period last year. Since the loss patterns in the non-core commercial auto businesses are not indicative of our other commercial auto products, disclosing severity and frequency trends excluding those businesses is more representative of our overall experience for the majority of our commercial products.It is a challenge to estimate future severity, but we continue to monitor changes in the underlying costs, such as general inflation, used car prices, vehicle repair costs, medical costs, health care reform, court decisions, and jury verdicts, along with regulatory changes and other factors that may affect severity. Total personal auto incurred frequency growth, on a calendar-year basis, over the prior-year period, was as follows:Growth Over Prior YearQuarterYear-to-dateCoverage Type20242024Bodily injury(5)%(7)%Collision(11)(11)Personal injury protection(7)(8)Property damage(6)(7)Total(8)(8)The year-over-year decrease in frequency, in part, reflects a shift in the mix of business to a more preferred tier of customers and underwriting actions taken to reduce new business during 2023.On a trailing 12-month basis, our core commercial auto productsâ€™ incurred frequency decreased 3% during the second quarter 2024, compared to the same period last year.We closely monitor changes in frequency, but the degree or direction of near-term frequency change is not something that we are able to predict with any certainty. We will continue to analyze trends to distinguish changes in our experience from other external factors, such as changes in the number of vehicles per household, miles driven, vehicle usage, gasoline prices, advances in vehicle safety, and unemployment rates, versus those resulting from shifts in the mix of our business or changes in driving patterns, to allow us to react quickly to price for these trends and to reserve more accurately for our loss exposures. 37The table below presents the actuarial adjustments implemented and the loss reserve development experienced on a companywide basis in the following periods:Â Three Months Ended June 30,Six Months Ended June 30,($ in millions)20242023202420232023Actuarial AdjustmentsReserve decrease (increase)Prior accident years(55.2)(206.9)(118.5)(206.6)Current accident year(16.8)(283.5)15.9Â (424.3)Calendar-year actuarial adjustments(72.0)(490.4)(102.6)(630.9)Prior Accident Years DevelopmentFavorable (unfavorable)Actuarial adjustments(55.2)(206.9)(118.5)(206.6)All other development106.3Â (282.4)181.0Â (903.9)Total development$51.1Â (489.3)62.5Â $(1,110.5)(Increase) decrease to calendar-year combined ratio0.3Â Â pts.(3.4)Â pts.0.2Â Â pts.(4.0)Â pts.Total development consists of both actuarial adjustments and â€œall other developmentâ€ on prior accident years. We use â€œaccident yearâ€ generically to represent the year in which a loss occurred. The actuarial adjustments represent the net changes made by our actuarial staff to both current and prior accident year reserves based on regularly scheduled reviews. Through these reviews, our actuaries identify and measure variances in the projected frequency and severity trends, which allow them to adjust the reserves to reflect current cost trends. For our Property business, 100% of catastrophe losses are reviewed monthly, and any development on catastrophe reserves are included as part of the actuarial adjustments. For the Personal Lines and Commercial Lines businesses, development for catastrophe losses in the vehicle businesses would be reflected in â€œall other development,â€ discussed below, to the extent they relate to prior year reserves. We report these actuarial adjustments separately for the current and prior accident years to reflect these adjustments as part of the total prior accident years development.â€œAll other developmentâ€ represents claims settling for more or less than reserved, emergence of unrecorded claims at rates different than anticipated in our incurred but not recorded (IBNR) reserves, and changes in reserve estimates on specific claims. Although we believe the development from both the actuarial adjustments and â€œall other developmentâ€ generally results from the same factors, we are unable to quantify the portion of the reserve development that might be applicable to any one or more of those underlying factors.Our objective is to establish case and IBNR reserves that are adequate to cover all loss costs, while incurring minimal variation from the date the reserves are initially established until losses are fully developed. Our ability to meet this objective is impacted by many factors, such as, changes in case law and storms occurring close to quarter end.As reflected in the table above, we experienced slightly favorable prior accident years development during the first half of 2024, compared to unfavorable prior accident years development for the same periods last year. The favorable development during the first half of 2024 was, in part, due to lower than anticipated personal auto frequency in Florida following tort reform that passed in the first quarter 2023 and lower than anticipated property damage severity across the majority of states. This was partially offset by higher than anticipated severity in core commercial auto for California and New York. For the first half of 2023, about 80% of the unfavorable development was in our personal auto products, primarily driven by higher than anticipated severity and increases in incurred losses on previously closed claims, and the impact of the legislation enacted in March 2023 in Florida that resulted in a significant number of lawsuits being filed prior to its effective date. In Commercial Lines, the unfavorable development for the first half of 2023 was mainly due to late reported claims from prior accident periods and changes in reserve estimates (e.g., aging of the reserves, changes to estimates by adjusters, and inflation factors) in our core commercial auto products. See Note 6 â€“ Loss and Loss Adjustment Expense Reserves, for a more detailed discussion of our prior accident years reserve development and Critical Accounting Policies in our 2023 Annual Report to Shareholders for discussion of the application of estimates and assumptions in the establishment of our loss reserves.Underwriting ExpensesUnderwriting expenses include policy acquisition costs and other underwriting expenses. The underwriting expense ratio is our underwriting expenses, net of certain fees and other revenues, expressed as a percentage of net premiums earned. For the second quarter 2024, our underwriting expense ratio was up 2.5 points, compared to the same period last year, and up 0.2 points on a year-to-date basis. Both increases were primarily driven by increases in our advertising spend, partially offset by growth in net 38premiums earned. In total, our companywide advertising spend increased 147%, or 2.7 points, in the second quarter 2024, and 44%, or 0.8 points, for the first half of 2024, compared to the same periods last year. For the first six months of 2024, our total companywide advertising costs were $1.6 billion, which is equal to the amount of advertising spend for the full year of 2023. As previously discussed, we increased our media spend to maximize growth and will continue to do so as long as we remain on track to achieve our target profitability and generate sales at a cost below the maximum amount we are willing to spend to acquire a new customer.To analyze underwriting expenses, we also review our non-acquisition expense ratio (NAER), which excludes costs related to policy acquisition (e.g., advertising and agency commissions) from our underwriting expense ratio. By excluding acquisition costs from our underwriting expense ratio, we are able to understand costs other than those necessary to acquire new policies and grow the business. During the second quarter 2024, our NAER was flat in Personal Lines, increased 0.1 points in Commercial Lines, and increased 0.9 points in Property, compared to the same period last year. The increase in our Property NAER primarily reflected additional investments we made during the quarter in underwriting and pricing functions as we continue to focus on rebalancing our Property product offerings. On a year-to-date basis, our NAER decreased 0.3 points and 0.7 points in our Personal Lines and Commercial Lines businesses, respectively, and increased 0.3 points in our Property business, compared to the same period last year. We remain committed to efficiently managing operational non-acquisition expenses.39C. GrowthFor our underwriting operations, we analyze growth in terms of both premiums and policies. Net premiums written represent the premiums from policies written during the period, less any premiums ceded to reinsurers. Net premiums earned, which are a function of the premiums written in the current and prior periods, are earned as revenue over the life of the policy using a daily earnings convention. Policies in force, our preferred measure of growth since it removes the variability due to rate changes or mix shifts, represents all policies for which coverage was in effect as of the end of the period specified.Three Months Ended June 30,Six Months Ended June 30,($ in millions)20242023% Growth20242023% GrowthNet Premiums WrittenPersonal LinesAgency$6,733.9Â $5,533.7Â 22Â %$13,132.7Â $10,948.1Â 20Â %Direct7,828.1Â 6,066.4Â 29Â 15,910.2Â 12,765.2Â 25Â Total Personal Lines14,562.0Â 11,600.1Â 26Â 29,042.9Â 23,713.3Â 22Â Commercial Lines2,508.5Â 2,366.4Â 6Â 6,256.2Â 5,733.3Â 9Â Property830.9Â 750.3Â 11Â 1,564.3Â 1,379.7Â 13Â Other indemnity10.2Â 0.1Â 100Â 0.4Â 0.3Â 33Â Total underwriting operations$17,901.6Â $14,716.9Â 22Â %$36,863.8Â $30,826.6Â 20Â %Net Premiums EarnedPersonal LinesAgency$6,213.4Â $5,207.2Â 19Â %$12,071.1Â $10,067.4Â 20Â %Direct7,595.5Â 6,180.7Â 23Â 14,616.0Â 11,898.1Â 23Â Total Personal Lines13,808.9Â 11,387.9Â 21Â 26,687.1Â 21,965.5Â 21Â Commercial Lines2,664.5Â 2,454.1Â 9Â 5,221.9Â 4,810.2Â 9Â Property735.9Â 622.3Â 18Â 1,448.7Â 1,221.0Â 19Â Other indemnity10.2Â 0.1Â 100Â 0.4Â 0.8Â (50)Total underwriting operations$17,209.5Â $14,464.4Â 19Â %$33,358.1Â $27,997.5Â 19Â %1 Includes other underwriting business and run-off operations.June 30,(thousands)20242023% GrowthPolicies in ForcePersonal LinesAgency auto8,964.8Â 8,437.8Â 6Â %Direct auto12,576.8Â 11,220.5Â 12Â Total auto21,541.6Â 19,658.3Â 10Â Special lines16,311.8Â 5,843.1Â 8Â Personal Lines â€“ total27,853.4Â 25,501.4Â 9Â Commercial Lines1,117.6Â 1,101.1Â 1Â Property3,339.1Â 2,974.3Â 12Â Companywide total32,310.1Â 29,576.8Â 9Â %1 Includes insurance for motorcycles, RVs, watercraft, snowmobiles, and similar items.To analyze growth, we review new policies, rate levels, and the retention characteristics of our segments. The increase in new applications during the second quarter and first six months of 2024, was driven by both our personal auto and special lines products, with increases in each of our four consumer segments. We believe the increase in new applications was driven by the continued lifting of non-rate underwriting restrictions that were put in place to slow new business growth in 2023 to achieve our calendar-year underwriting profitability goal, price competitiveness in the marketplace, and, in the Direct business, a significant increase in our media spend.Personal auto policies in force across all consumer segments grew in the second quarter 2024 between 3% and 14%, compared to the same period last year.During the first six months of 2024, on a countrywide basis, we had aggregate rate increases of 2%, following the 19% rate increases taken during 2023. We continue to see the 2023 rate increases earn into the policies and contribute to our growth in written premium per policy. We currently anticipate that any rate changes throughout 2024 will be of lesser magnitude than those taken in each of the prior two years, and we will continue to adjust rates as we deem necessary.We will continue to manage growth and profitability in accordance with our long-standing goal of growing as fast as we can, as long as we can provide high-quality customer service, at or below a companywide 96 combined ratio on a calendar-year basis. Given the solid underwriting profitability we generated during the first half of 2024, we took measures that we believe will position us to accelerate profitable growth during the year, including continuing to lift the non-rate actions we put in place during 2023 to slow new business growth, and increasing our media spend.We report our Agency and Direct business results separately as components of our Personal Lines segment to provide further understanding of our products by distribution channel. The channel discussions below are focused on personal auto insurance since this product accounted for 92% and 94% of

During the second quarter 2024, we generated new auto application growth in 40 states, including six of our top 10 largest Agency states. Compared to the same period in the prior year, new application and policy in force growth varied by consumer segment:â€¢Sams experienced a single digit and moderate decline in new application growth during the second quarter and first half of 2024, respectively, with a single digit decline in policies in force growth at the end of the period;â€¢Dianes experienced single digit growth and a moderate decline in new application growth during the second quarter and first half of 2024, respectively, with near flat policies in force growth at the end of the period; andâ€¢Wrights and Robinsons experienced significant new application growth during the second quarter and first half of 2024, with strong policies in force growth at the end of the period.During the second quarter and first six months of 2024, on a year-over-year basis, we experienced an increase in Agency auto quote volume of 6% and 1%, respectively, with a rate of conversion (i.e., converting a quote to a sale) increase of 7% and decrease of 2%, compared to the same periods last year. Compared to the same period in the prior year: â€¢Sams experienced a decrease in both quote volume and conversion for the second quarter and first half of 2024;41â€¢Dianes experienced an increase in both quote volume and conversion for the second quarter 2024, despite a decrease in both measures for the first half of 2024;â€¢Wrights experienced an increase in both quote volume and conversion for the second quarter and first half of 2024; andâ€¢Robinsons experienced a decrease in quote volume and an increase in conversion for both the second quarter and first half of 2024.Written premium per policy for new and renewal Agency auto business increased 6% and 14%, respectively, compared to the second quarter 2023, and 5% and 16%, respectively, for the first six months of 2024 on a year-over-year basis, primarily attributable to the rate increases previously discussed.At the end of the second quarter 2024, on a year-over-year basis, we experienced a lengthening in our trailing 12-month policy life expectancy. This increase was driven by competitor rate increases in 2023, as well as a shift in the mix of business. During 2023, as part of our efforts to slow growth to achieve our target profitability, we focused our efforts to attract a more preferred tier of customers, along with more Robinsons, who tend to stay with us longer. The tailwinds of these efforts also contributed to the increase in the trailing 3-month measure.The Direct BusinessGrowth Over Prior YearQuarterYear-to-date20242023202420232Applications - AutoNew50Â %29Â %17Â %60Â %Renewal8Â 10Â 10Â 7Â Total17Â 14Â 12Â 16Â Written premium per policy - Auto10Â 6Â 12Â 7Â Policy life expectancy - AutoTrailing 3 months(10)35Â Trailing 12 months2Â 2Â The Direct business includes business written directly by Progressive online, through our Progressive mobile app, or by phone. As we increased advertising spend and continued to lift certain non-rate restrictions during the second quarter 2024, we saw significant Direct auto new application growth. During the second quarter 2024, we generated new auto application growth in all but one state and the District of Columbia, with growth in nine of our top 10 largest Direct states. During the second quarter 2024, each of our consumer segments experienced a significant increase in new applications year over year, offsetting the decreases in the first quarter, producing new application growth for the first six months of 2024 in each consumer segment. Policies in force grew between 10% and 14% in each consumer segment, compared to the same period last year.During the second quarter and first six months of 2024, Direct auto quote volume increased 84% and 31%, respectively, compared to the same periods last year, primarily driven by increased advertising spend, while conversion decreased 17% and 10%, primarily due to a greater number of casual shoppers obtaining quotes, who are less committed to purchasing a new insurance policy. In the second quarter 2023, quotes and conversion decreased 7% and increased 35%, respectively, reflecting competitor rate increases and our decreased advertising spend during the period, compared to the second quarter 2022. All consumer segments saw an increase in quotes and a decrease in the rate of conversion during the second quarter and first six months of 2024.Written premium per policy for new and renewal Direct auto business increased 10% and 12%, respectively, in the second quarter 2024, compared to the second quarter last year, and 9% and 13%, respectively, for the first six months of 2024 on a year-over-year basis, primarily attributable to the rate increases previously discussed. Our trailing 12-month policy life expectancy in the Direct auto business experienced a lengthening of retention at the end of the second quarter 2024, on a year-over-year basis. The drivers of the change were similar to those in the Agency business, where we focused on growing more bundled, preferred market tier, consumers. The decrease in the trailing 3-month policy life expectancy at the end of the second quarter 2024 was primarily driven by the previously discussed rate increases taken during 2023. While our trailing 3-month policy life expectancy is down compared to the prior year, this measure remained flat compared to the first quarter 2024.E. Commercial LinesThe following table and discussion focuses on our core commercial auto products. Year-over-year changes in our core commercial auto products were as follows:Growth Over Prior YearQuarterYear-to-date20242023202420232ApplicationsNew7Â %7Â %4Â %4Â %Renewal1Â 6Â 1Â 6Â Total4Â 6Â 2Â 6Â Written premium per policy8Â 0Â 9Â 1Â Policy life expectancyTrailing 12 months(19)(11)The increases in net premiums written in our Commercial Lines business reflected growth in all of our BMTs, except our for-hire transportation BMT, which continued to be adversely impacted by challenging freight market conditions that have continued to cause a decline in the active number of motor carriers in this BMT. The most significant growth was in our contractor and business auto BMTs, primarily driven by the aggregate core commercial auto rate increases of 17% taken during 2023.42During the second quarter and first six months of 2024, core commercial auto new application growth was positive in each of our BMTs, except for the for-hire transportation and for-hire specialty BMTs. During the second quarter and first six months of 2024, quote volume increased about 7%, while conversion was flat for the quarter and decreased 2% on a year-to-date basis, compared to the same periods last year.During the second quarter 2024, we increased rates, in aggregate, about 2% in our core commercial auto products. While we currently do not anticipate significant rate changes for these products throughout 2024, we still have about 7 points of rate to earn in during the rest of 2024, primarily from rate revisions taken during 2023. We will continue to evaluate our rate need and adjust rates as we deem necessary. Written premium per policy for new and renewal core commercial auto business increased 1% and 13%, respectively, for the second quarter 2024, and 2% and 13%, respectively, for the first six months of 2024, compared to the same periods last year, primarily reflecting the previously discussed rate increases. Our policy life expectancy decreased in all BMTs, which we believe is due to rate and non-rate actions.F. PropertyThe following table shows our year-over-year changes for our Property business:Â Growth Over Prior YearQuarterYear-to-date20242023202420232ApplicationsNew35Â %12Â %33Â %12Â %Renewal6Â 5Â 7Â 6Â Total16Â 7Â 15Â 8Â Written premium per policy(4)12Â (1)11Â Policy life expectancyTrailing 12 months5Â 7Â Our Property business writes residential property insurance for homeowners, other property owners, and renters, and umbrella insurance in the agency and direct channels. Improving profitability and reducing concentration exposure continued to be the top priority for our Property business during the second quarter 2024. We continued to concentrate our growth in markets that are less susceptible to catastrophes and lower our exposure to coastal and hail-prone states for our homeowners products, which we define as our total Property business excluding renters and umbrella products. Homeowners policies in force in the growth-oriented states increased about 20% during the second quarter 2024, compared to the same periods last year.In regions where our appetite to write new business is limited, we are continuing to prioritize Progressive auto bundles, as well as lower-risk properties, such as new construction or homes with newer roofs. Homeowners policies in force were down about 6% in the volatile weather states during the second quarter 2024, compared to the same period last year. In addition, to continue to rebalance our business, late in 2023 we began a non-renewal effort of up to 115,000 Property policies in Florida. Following the required filings and notices, the first of these non-renewals went into effect in the second quarter of 2024 and will continue over the following 12 months. To try to ease this disruption to our customers and agents, we reached an agreement with an unaffiliated Florida insurer to offer replacement policies to these policyholders, subject to the insurerâ€™s underwriting and financial guidelines and agent appointments where applicable.The decrease in our written premium per policy, during the second quarter and first six months of 2024, compared to the same periods last year, was primarily attributable to a decline in homeowners policies in force in volatile states, which have higher average premiums, and a shift in the mix to more renters policies which have lower average premiums. This was partially offset by rate increases taken over the last 12 months and higher premium coverages reflecting increased property values. During the second quarter 2024, we increased rates, in aggregate, about 4% in our Property segment, bringing the year-to-date aggregate rate increase to 10%. We intend to continue to make targeted rate increases in states where we believe it is necessary to achieve our profitability targets.The policy life expectancy in our Property business lengthened during the first half of 2024, compared to the prior year, primarily driven by our competitiveness in the marketplace.43IV. RESULTS OF OPERATIONS â€“ INVESTMENTSA. Investment ResultsOur management philosophy governing the portfolio is to evaluate investment results on a total return basis. The fully taxable equivalent (FTE) total return includes recurring investment income, adjusted to a fully taxable amount for certain securities that receive preferential tax treatment (e.g., municipal securities), and total net realized, and changes in total net unrealized, gains (losses) on securities.The following table summarizes investment results for the periods ended June 30:Â Three MonthsSix MonthsÂ 20242023202420232Pretax recurring investment book yield (annualized)3.9Â %3.1Â %3.8Â %3.0Â %FTE total return:Fixed-income securities0.8Â (0.4)1.2Â 1.7Â Common stocks3.6Â 9.0Â 13.8Â 16.9Â Total portfolio0.9Â 0Â 1.7Â 2.3Â The increase in the book yield for both periods, compared to last year, primarily reflected investing new cash from operations, and proceeds from maturing bonds, in higher coupon rate securities. The change in the fixed-income portfolio FTE total return for both periods, compared to last year, primarily reflected movement in Treasury yields year-over-year. The common stock return reflected general market conditions and while stocks had a strong start in 2024, the return was less than what was recognized in the first half of 2023.A further break-down of our FTE total returns for our fixed-income portfolio for the periods ended June 30, follows:Â Â Three MonthsSix MonthsÂ 20242023202420232Fixed-income securities:U.S. Treasury Notes0.6Â %(1.1)%0.2Â %1.3Â %Municipal bonds0.5Â (0.4)0.9Â 2.3Â Corporate bonds1.0Â 0.1Â 1.6Â 2.6Â Residential mortgage-backed securities2.1Â 2.1Â 4.2Â 4.2Â Commercial mortgage-backed securities1.7Â 0.8Â 4.9Â 1.8Â Other asset-backed securities1.4Â 1.1Â 2.8Â 2.9Â Preferred stocks0.5Â 0.7Â 4.8Â (3.4)Short-term investments1.4Â 1.2Â 2.8Â 2.3Â 44B. Credit quality ratings are assigned by nationally recognized statistical rating organizations. To calculate the weighted average credit quality ratings, we weight individual securities based on fair value and assign a numeric score of 0-5, with non-investment-grade and non-rated securities assigned a score of 0-1. To the extent the weighted average of the ratings falls between AAA and AA+, we assign an internal rating of AAA-.2 At JuneÂ 30, 2024 and 2023, we had $74.1Â million and $248.0Â million, respectively, of net unsettled security purchase transactions included in other liabilities, compared to $45.6 million included in other assets at DecemberÂ 31, 2023. The total fair value of the portfolio at JuneÂ 30, 2024 and 2023, and DecemberÂ 31, 2023, included $4.1 billion, $4.3Â billion, and $4.2 billion, respectively, of securities held in a consolidated, non-insurance subsidiary of the holding company, net of unsettled security transactions.45Our asset allocation strategy is to maintain 0%-25% of our portfolio in Group I securities, with the balance (75%-100%) of our portfolio in Group II securities.We define Group I securities to include:â€¢common equities,â€¢nonredeemable preferred stocks,â€¢redeemable preferred stocks, except for 50% of investment-grade redeemable preferred stocks with cumulative dividends, which are included in Group II, andâ€¢all other non-investment-grade fixed-maturity securities.Group II securities include:â€¢short-term securities, andâ€¢all other fixed-maturity securities, including 50% of investment-grade redeemable preferred stocks with cumulative dividends.We believe this asset allocation strategy allows us to appropriately assess the risks associated with these securities for capital purposes and is in line with the treatment by our regulators. NAIC ratings are based on a model that considers the book price of our securities when assessing the probability of future losses in assigning a credit rating. As a result, NAIC ratings can vary from credit ratings issued by NRSROs. Management believes NAIC ratings more accurately reflect our risk profile when determining the asset allocation between Group I and Group II securities.Unrealized Gains (Losses)As of JuneÂ 30, 2024, our fixed-maturity portfolio had total after-tax net unrealized losses, which are recorded as part of accumulated other comprehensive income (loss) on our consolidated balance sheets, of $1.7 billion, compared to $2.6 billion and $1.6 billion at JuneÂ 30, 2023 and DecemberÂ 31, 2023, respectively. The decrease in net unrealized losses from JuneÂ 30, 2023, was primarily due to higher valuations across all fixed-maturity sectors, most prominently in our U.S. Treasury, corporate debt, commercial mortgage-backed and other asset-backed portfolios as tighter credit spreads in 2023 drove strong portfolio performance. The increase in net unrealized losses since DecemberÂ 31, 2023, was primarily due to a lower valuation on our U.S. Treasury portfolio caused by higher interest rates in 2024, partially offset by a higher valuation on our commercial mortgage-backed portfolio.See Note 2 â€“ Investments for a further break-out of our gross unrealized gains (losses).46Holding Period Gains (Losses)The following table provides the balance and activity for both the gross and net holding period gains (losses) for the six months ended June 30, 2024:(millions)Gross HoldingPeriod GainsGross HoldingPeriod LossesNet Holding Period Gains (Losses)Balance at December 31, 2023Hybrid fixed-maturity securities$5.3Â (34.4)(29.1)Equity securities12,233.9Â (86.5)2,147.4Â Total holding period securities2,239.2Â (120.9)2,118.3Â Current year change in holding period securitiesHybrid fixed-maturity securities(0.2)10.7Â 10.5Â Equity securities1373.1Â 18.6Â 391.7Â Total changes in holding period securities372.9Â 29.3Â 402.2Â Balance at June 30, 2024Hybrid fixed-maturity securities5.1Â (23.7)(18.6)Equity securities12,607.0Â (67.9)2,539.1Â Total holding period securities$2,612.1Â (91.6)2,520.5Â 1Equity securities include common equities and nonredeemable preferred stocks. The short-to-intermediate duration of our portfolio provides a source of liquidity. During the remainder of 2024, we expect approximately $4.4 billion, or 16%, of principal repayment from our fixed-income portfolio, excluding U.S. Treasury Notes and short-term investments. We show the average loan to value (LTV) of each maturity year when the loans were originated. The LTV ratio that management uses, which is commonly expressed as a percentage, compares the size of the entire mortgage loan to the appraised value of the underlying property collateralizing the loan at issuance. A LTV ratio less than 100% indicates excess collateral value over the loan amount. LTV ratios greater than 100% indicate that the loan amount exceeds the collateral value. We believe this ratio provides a conservative view of our actual risk of loss, as this number displays the entire mortgage LTV, while our ownership is only a portion of the structure of the mortgage loan-backed security. For many of the mortgage loans, in our portfolio, our exposure is in a more senior part of the structure, which means that the LTV on our actual exposure is even lower than the ratios presented. In addition to the LTV ratio, we also examine the credit of our CMBS portfolio by reviewing the debt service coverage ratio (DSCR) of the securities. The DSCR compares the underlying propertyâ€™s annual net operating income to its annual debt service payments. A DSCR less than 1.0 times indicates that property operations do not generate enough income over the debt service payments, while a DSCR greater than 1.0 times indicates that there is an excess of operating income over the debt service payments. A number above 1.0 generally indicates that there would not be an incentive for the borrower to default in light of the borrowerâ€™s excess income. The DSCR reported in the table is calculated based on the most currently available net operating income and mortgage payments for the borrower, which, for most securities, is data as of December 31, 2023. Other Asset-Backed Securities (OABS) The following table details the credit quality rating and fair value of our OABS, along with a comparison of the fair value at JuneÂ 30, 2024, to our original investment value (adjusted for returns of principal, amortization, and write-downs):Other Asset-Backed Securities (at June 30, 2024)($ in millions)Average RatingAutomobileCollateralized Loan ObligationsStudent LoanWhole Business SecuritizationsEquipmentOtherTotal% ofTotalAAA$2,737.7Â $736.7Â $30.5Â $0Â $999.3Â $244.8Â $4,749.0Â 75.6Â %AA16.6Â 253.1Â 9.3Â 0Â 39.0Â 0Â 318.0Â 5.0Â A10.0Â 0Â 0Â 0Â 168.0Â 128.0Â 306.0Â 4.9Â BBB0Â 0Â 0Â 841.5Â investment grade/non-rated:BB0Â 0Â 0Â 0Â 33.1Â 33.1Â 0.5Â Total fair value$2,764.3Â $989.8Â $39.8Â $841.5Â $1,206.3Â $443.0Â $6,284.7Â 100.0Â %Increase (decrease) in value0Â %(0.2)%(9.1)%(5.9)%(0.2)%(4.7)%(1.3)%During the second quarter 2024, we selectively added to the OABS portfolio as we viewed spreads and potential returns to be attractive in certain areas. Investments were predominately made in the automobile and equipment categories in highly-rated, senior, and short-tenor debt tranches in the new issue markets. Additionally, the collateralized loan obligation assets decreased due to elevated call redemptions while the whole business securitization assets increased as we made investments in both new issue and secondary markets.50STATE AND LOCAL GOVERNMENT OBLIGATIONSThe following table details the credit quality rating of our state and local government obligations (municipal securities) at JuneÂ 30, 2024, without the benefit of credit or bond insurance:Municipal Securities (at June 30, 2024)(millions)Average RatingGeneralObligationsRevenueBondsTotalAAA$553.3Â $388.5Â $941.8Â AA485.1Â 738.9Â 1,224.0Â A0Â 36.0Â 36.0Â BBB0Â 0Â 0Â Non-rated0Â 0.2Â 0.2Â Total$1,038.4Â $1,163.6Â $2,202.0Â Included in revenue bonds were $558.6 million of single-family housing revenue bonds issued by state housing finance agencies, of which $281.7 million were supported by individual mortgages held by the state housing finance agencies and $276.9 million were supported by mortgage-backed securities. Of the revenue bonds supported by individual mortgages held by the state housing finance agencies, the overall credit quality rating was AA+. Most of these mortgages were supported by the Federal Housing Administration, the U.S. Department of Veterans Affairs, or private mortgage insurance providers. Of the revenue bonds supported by mortgage-backed securities, 83% were collateralized by Ginnie Mae mortgages, which are fully guaranteed by the U.S. government; the remaining 17% were collateralized by Fannie Mae and Freddie Mac mortgages. Although credit spreads of municipal bonds widened during the second quarter of 2024, we still view most of the market as relatively unattractive. However, we selectively added to this portfolio, with a focus on higher-quality securities with shorter maturities, which we viewed as having more favorable risk/reward profiles.CORPORATE DEBT SECURITIESThe following table details the credit quality rating of our corporate debt securities at JuneÂ 30, 2024: Corporate Securities (at June 30, 2024)(millions)Average RatingConsumerIndustrialCommunicationFinancial ServicesTechnologyBasic MaterialsEnergyTotalAAA$0Â $0Â $0Â $129.1Â $0Â $0Â $41.8Â $170.9Â AA95.9Â 0Â 0Â 359.2Â 0Â 0Â 51.1Â 506.2Â A703.5Â 366.7Â 176.1Â 1,809.3Â 16.5Â 103.1Â 419.2Â 3,594.4Â BBB3,052.2 investment grade/non-rated:BB82.4Â 46.0Â 52.4Â 0Â 11.1Â 0Â 6.1Â 198.0Â B105.4Â 0Â 0Â 0Â 0Â 14.1Â 0Â 119.5Â Non-rated0Â 0Â 0Â 0Â 3.0Â 0Â 0Â 3.0Â Total fair value$4,039.4Â $1,773.7Â $608.7Â $3,851.8Â $833.7Â $151.1Â $1,716.2Â $12,974.6Â The size of our corporate debt portfolio increased during the second quarter to $13.0 billion at JuneÂ 30, 2024, from $12.5 billion at March 31, 2024. We selectively increased exposure to investment-grade securities but continued to predominately focus on shorter maturities, which we viewed as having more favorable risk/reward profiles. At both JuneÂ 30, 2024 and March 31, 2024, corporate debt securities made up approximately 19% of our fixed-income securities portfolio. The interest rate duration of our preferred stocks is calculated to reflect the call, floor, and floating-rate features. Although a preferred stock will remain outstanding if not called, its interest rate duration will reflect the variable nature of the dividend. As of JuneÂ 30, 2024, our non-investment-grade preferred stocks were all with issuers that maintain investment-grade senior debt ratings.We also face the risk that dividend payments on our preferred stock holdings could be deferred for one or more periods or skipped entirely. As of JuneÂ 30, 2024, we expect all of these securities to pay their dividends in full and on time. Approximately 79% of our preferred stocks pay dividends that have tax preferential characteristics, while the balance pay dividends that are fully taxable.At June 30, 2024, the preferred stock portfolioâ€™s fair value was $1.0 billion, which is a slight decrease from $1.1 billion at March 31, 2024. During the second quarter 2024, we sold securities with low credit spreads that, in our view, had less attractive risk/reward profiles and we believed were less probable to be called on their call dates. This decrease was mostly offset by an increase in valuation of the preferred portfolio during the second quarter of 2024, as credit spreads tightened.Common EquitiesCommon equities, as reported on the balance sheets, were comprised of the following:Â ($ in millions)June 30, 2024June 30, 2023December 31, 2023Common stocks$3,271.7Â 99.3Â %$2,686.2Â 99.2Â %$2,907.8Â 99.3Â %Other risk investments123.9Â 0.7Â 21.9Â 0.8Â 20.6Â 0.7Â Total common equities$3,295.6Â 100.0Â %$2,708.1Â 100.0Â %$2,928.4Â 100.0Â %1 The other risk investments consist of limited partnership interests.The majority of our common stock portfolio consists of individual holdings selected based on their contribution to the correlation with the Russell 1000 Index. These statements often use words such as â€œestimate,â€ â€œexpect,â€ â€œintend,â€ â€œplan,â€ â€œbelieve,â€ â€œgoal,â€ â€œtarget,â€ â€œanticipate,â€ â€œwill,â€ â€œcould,â€ â€œlikely,â€ â€œmay,â€ â€œshould,â€ and other words and terms of similar meaning, or are tied to future periods, in connection with a discussion of future operating or financial performance. Forward-looking statements are not guarantees of future performance, are based on current expectations and projections about future events, and are subject to certain risks, assumptions and uncertainties that could cause actual events and results to differ materially from those discussed herein. These risks and uncertainties include, without limitation, uncertainties related to:â€¢our ability to underwrite and price risks accurately and to charge adequate rates to policyholders;â€¢our ability to establish accurate loss reserves;â€¢the impact of severe weather, other catastrophe events, and climate change;â€¢the effectiveness of our reinsurance programs and the continued availability of reinsurance and performance by reinsurers;â€¢the secure and uninterrupted operation of the systems, facilities, and business functions and the operation of various third-party systems that are critical to our business;â€¢the impacts of a security breach or other attack involving our technology systems or the systems of one or more of our vendors;â€¢our ability to maintain a recognized and trusted brand and reputation;â€¢whether we innovate effectively and respond to our competitorsâ€™ initiatives;â€¢whether we effectively manage complexity as we develop and deliver products and customer experiences;â€¢our ability to attract, develop, and retain talent and maintain appropriate staffing levels;â€¢the impact of misconduct or fraudulent acts by employees, agents, and third parties to our business and/or exposure to regulatory assessments;â€¢the highly competitive nature of property-casualty insurance markets;â€¢whether we adjust claims accurately;â€¢compliance with complex and changing laws and regulations;â€¢litigation challenging our business practices, and those of our competitors and other companies;â€¢the success of our business strategy and efforts to acquire or develop new products or enter into new areas of business and our ability to navigate the related risks;â€¢how intellectual property rights affect our competitiveness and our business operations;â€¢the success of our development and use of new technology and our ability to navigate the related risks;â€¢the performance of our fixed-income and equity investment portfolios;â€¢the impact on our investment returns and strategies from regulations and societal pressures relating to environmental, social, governance and other public policy matters;â€¢our continued ability to access our cash accounts and/or convert investments into cash on favorable terms;â€¢the impact if one or more parties with which we enter into significant contracts or transact business fail to perform;â€¢legal restrictions on our insurance subsidiariesâ€™ ability to pay dividends to The Progressive Corporation;â€¢our ability to obtain capital when necessary to support our business and potential growth;â€¢evaluations and ratings by credit rating and other rating agencies;â€¢the variable nature of our common share dividend policy;â€¢whether our investments in certain tax-advantaged projects generate the anticipated returns;â€¢the impact from not managing to short-term earnings expectations in light of our goal to maximize the long-term value of the enterprise;â€¢the impacts of epidemics, pandemics, or other widespread health risks; andâ€¢other matters described from time to time in our releases and publications, and in our periodic reports and other documents filed with the United States Securities and Exchange Commission, including, without limitation, the Risk Factors section of our Annual Report on Form 10-K for the year ending December 31, 2023.Any forward-looking statements are made only as of the date presented. Except as required by applicable law, we undertake no obligation to update any forward-looking statements, whether as a result of new information, future events or developments or otherwise.In addition, investors should be aware that accounting principles generally accepted in the United States prescribe when a company may reserve for particular risks, including litigation exposures. Accordingly, results for a given reporting period could be significantly affected if and when we establish reserves for one or more contingencies. Also, our regular reserve reviews may result in adjustments of varying magnitude as additional information regarding claims activity becomes known. Reported results, therefore, may be volatile in certain accounting periods.53ItemÂ 3. Quantitative and Qualitative Disclosures About Market Risk.The duration of the financial instruments held in our portfolio that are subject to interest rate risk was 3.2 years at JuneÂ 30, 2024, 2.9 years at JuneÂ 30, 2023, and 3.0 years at DecemberÂ 31, 2023. The weighted average beta of the equity

portfolio was 1.06 at JuneÂ 30, 2024, 1.04 at JuneÂ 30, 2023, and 1.00 at DecemberÂ 31, 2023. We have not experienced a material impact when compared to the tabular presentations of our interest rate and market risk sensitive instruments in our Annual Report on Form 10-K for the year ended DecemberÂ 31, 2023.ItemÂ 4. Controls and Procedures.We, under the direction of our Chief Executive Officer and our Chief Financial Officer, have established disclosure controls and procedures that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commissionâ€™s rules and forms. The disclosure controls and procedures are also intended to ensure that such information is accumulated and communicated to our management, including the Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosures.Our Chief Executive Officer and our Chief Financial Officer reviewed and evaluated our disclosure controls and procedures as of the end of the period covered by this report. Based on that review and evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effectively serving the stated purposes as of the end of the period covered by this report.There have not been any changes in our internal control over financial reporting during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.54PART IIâ€”OTHER INFORMATIONItemÂ 1. Other Information.(c) Insider Trading ArrangementsDuring the second quarter 2024, John Murphy, Claims President, entered into a Rule 10b5-1 trading arrangement that is intended to satisfy the affirmative defense of Rule 10b5-1(c). The plan provides for: i) the sale of all of the shares upon vesting pursuant to certain outstanding equity awards previously granted to Mr. Murphy, excluding any shares withheld by the company to satisfy tax withholding obligations (see the 2024 Proxy Statement for a description of the companyâ€™s equity compensation plans) and, ii) the gifting of 500 shares held by Mr. Murphy, some of which may have been the result of a prior vesting event. The arrangement will expire February 28, 2025, subject to the arrangementâ€™s earlier expiration or completion in accordance with its terms. This plan was entered into on May 16, 2024.Additional InformationPresident and CEO Susan Patricia Griffithâ€™s quarterly letter to shareholders is included as Exhibit 99 to this Quarterly Report on Form 10-Q and in our online shareholdersâ€™ report located on our investor relations website at: investors.progressive.com/financials.55ItemÂ 6. Plan.1.5Â Â Â Â â€œChange in Controlâ€ has the meaning given to that term in the most recently adopted Equity Incentive Plan. 1.6Â Â Â Â â€œCodeâ€ means the Internal Revenue Code of 1986, as amended.-1-1.7Â Â Â Â â€œCompanyâ€ means The Progressive Corporation, an Ohio corporation, or its successors.1.8Â Â Â Â â€œCompensationâ€ as to each Eligible Employee means his/her rate of base salary or other base wages immediately prior to his/her Separation Date. This term does not include overtime pay, shift differentials, other pay differentials, Gainsharing, bonuses or other annual cash incentive payments, commissions, stock-based compensation, incentive compensation, separate pay adjustments or allowances or any other forms of remuneration.1.9Â Â Â Â â€œEligible Employeeâ€ means a regular, non-temporary employee of a Participating Employer who is eligible to receive annual restricted stock units or other annual stock-based awards under the Equity Incentive Plan or any similar plan as determined by the Company, or whose annual compensation within the meaning of Section 401(a)(17) of the Code exceeds the maximum amount allowed under such Code Section. Notwithstanding anything in the Plan to the contrary, Eligible Employees shall not include (i) any person classified by a Participating Employer or any Affiliated Company as an independent contractor or as an employee of an entity other than a Participating Employer (ii) any person whose terms and conditions of employment are governed by a collective bargaining agreement, (iii) any person who receives a one-time restricted stock unit award or other stock-based award under any Equity Incentive Plan or any similar plan, but who is not eligible to receive regular, annual restricted stock unit awards or other stock-based awards under the most recently adopted Equity Incentive Plan or any similar plan, (iv) the Company's Chairman of the Board at any time that he or she is an employee of the Company but is not also acting as the Company's Chief Executive Officer, or (v) any person who resides and works in a country other than the United States.1.10Â Â Â Â â€œEquity Incentive Planâ€ means The Progressive Corporation 2015 Equity Incentive Plan, The Progressive Corporation 2024 Equity Incentive Plan, each as may be amended from time to time, or any such similar plan as may be in effect from time to time. 1.11Â Â Â Â â€œExecutive Officerâ€ means an Eligible Employee who is required to file reports with the Securities Exchange Commission under Section 16 of the Securities Exchange Act of 1934, as amended.1.12Â Â Â Â â€œGood Reasonâ€ has the meaning given that term in the most recently adopted Equity Incentive Plan.1.13Â Â Â Â â€œGrade Levelâ€ shall mean the grade level assigned by Progressive to the position held by an Eligible Employee immediately prior to termination of employment or Job Change.1.14Â Â Â Â â€œJob Changeâ€ means any change in an Eligible Employeeâ€™s job duties that is deemed significant by the Company in its sole and absolute discretion. No determination by the Company as to the significance of any such change shall be deemed a precedent or shall -2-limit in any way the Companyâ€™s sole and absolute discretion in deciding whether any change in any Eligible Employeeâ€™s job duties is significant. 1.15Â Â Â Â â€œOther Compensation Agreementsâ€ means policies, plans, understandings, arrangements, individual employment agreements, termination agreements, severance agreements and any other agreements regarding separation allowances, severance pay and/or similar compensation payable by Progressive or a Participating Employer to terminated Eligible Employees. Notwithstanding the foregoing, Other Compensation Agreements do not include any Equity Incentive Plan, any similar plan as determined by the Company and any award agreement representing restricted stock units, stock options or any other award under any of those plans.1.16Â Â Â Â â€œParticipating Employerâ€ shall mean each Affiliated Company that employs one or more individuals and classifies them as its employees for payroll tax purposes, and that either (a) was an Affiliated Company as of March 5, 2021, or (b) becomes an Affiliated Company on or after March 6, 2021, and elects to participate in the Plan in accordance with Section 11.1.17Â Â Â Â â€œPlanâ€ means The Progressive Corporation Executive Separation Allowance Plan (2024 Amendment and Restatement), as set forth herein and as the same may be amended from time to time. 1.18Â Â Â Â â€œPlan Administratorâ€ shall mean Progressive Casualty Insurance Company (â€œPCICâ€).1.19Â Â Â Â â€œProgressiveâ€ includes the Company and any other entity which from time to time is a Participating Employer.1.20Â Â Â Â â€œSeparation Agreement and General Releaseâ€ means an agreement and release substantially in the form attached hereto as Exhibit A.1.21Â Â Â Â â€œSeparation Dateâ€ means the effective date of any Eligible Employeeâ€™s termination of employment or resignation due to a Job Change or, after a Change in Control, resignation for Good Reason.1.22Â Â Â Â â€œYears of Serviceâ€ as to each Eligible Employee means the period of time beginning on his/her most recent date of hire by a Participating Employer and ending on his/her most recent Separation Date. However, Years of Service shall not include any time during which an Eligible Employee has received long-term disability benefits under the Applicable Group Insurance Plan.Â Â Â Â SECTION 2 â€“ ENTITLEMENT TO SEPARATION ALLOWANCE2.1Â Â Â Â (a) An Eligible Employee shall be entitled to receive a separation allowance under this Plan if (i) Progressive terminates his/her employment for reasons other than resignation (except as provided in Section 2.1(b) below), retirement, death, disability (except as -3-provided in Section 2.3 below), leave of absence or discharge for Cause, and (ii) the Eligible Employee signs a Separation Agreement and General Release, does not revoke the Separation Agreement and General Release within the seven-day revocation period (if applicable), and returns the Separation Agreement and General Release to the Company within forty-five (45) days after the later of the date the Eligible Employee receives the Separation Agreement and General Release and the Eligible Employeeâ€™s Separation Date. Â Â Â Â (b) An Eligible Employee shall be entitled to receive a separation allowance under this Plan if (i) the Company gives the Eligible Employee written notice of a Job Change, (ii) the Eligible Employee delivers a written resignation from employment to the Company within such period as the Company shall specify and which resignation is effective as of a date that (A) is acceptable to the Company in its sole and absolute discretion and (B) is no later than January 10 of the calendar year immediately following the calendar year in which the Eligible Employee receives from the Company the written notice of a Job Change pursuant to Section 2.1(b)(i) above, and (iii) the Eligible Employee signs a Separation Agreement and General Release, does not revoke the Separation Agreement and General Release within the seven-day revocation period (if applicable), and returns the Separation Agreement and General Release to the Company within forty-five (45) days after the later of the date the Eligible Employee receives the Separation Agreement and General Release and the resignation effective date determined pursuant to Section 2.1(b)(ii) above.Â Â Â Â 2.2 Â Â Â Â In addition, if during the twenty-four (24) month period following a Change in Control, an Eligible Employee terminates his or her employment for Good Reason (as stated in a written notice to Progressive, which must be provided within thirty (30) days after the occurrence of the event(s) giving rise to such Good Reason, and must set forth such Good Reason in reasonable detail and the expected date of termination, which shall be not more than thirty (30) days after the date of such notice), and Progressive fails to cure the event(s) giving rise to the claim of Good Reason within such thirty (30) day period, then upon the occurrence of such termination, the Eligible Employee shall be entitled to a separation allowance under this Plan if the Eligible Employee signs a Separation Agreement and General Release and returns it to the Company within forty-five (45) days after the Eligible Employeeâ€™s Separation Date. 2.3Â Â Â Â Notwithstanding the preceding provisions of this Section 2, no Eligible Employee shall be entitled to receive a separation allowance if he/she is on a medical or other leave of absence, except for an Eligible Employee who, on his or her Separation Date, is receiving long-term disability benefits under the Applicable Group Insurance Plan or is on a qualifying leave pursuant to the Family and Medical Leave Act, the Uniformed Services Employment and Reemployment Rights Act, or any other local, state or federal law pursuant to which the Eligible Employee has a lawful right to a separation allowance upon termination of employment or resignation due to a Job Change or, after a Change in Control, resignation for Good Reason. 2.4Â Â Â Â Notwithstanding anything in this Plan to the contrary, an Eligible Employee shall not be entitled to receive a separation allowance, and any Separation Agreement and General -4-Release that such Eligible Employee previously may have executed shall be considered null and void, if, at any time prior to payment of a separation allowance to such Eligible Employee, the Company determines that the Eligible Employee has at any time prior to such payment committed a violation of Progressiveâ€™s Code of Business Conduct and Ethics that would have entitled Progressive to terminate the Eligible Employeeâ€™s employment in accordance with Progressiveâ€™s then current disciplinary practices with respect to the type of violation in question had the Eligible Employee still been actively employed. The provisions of this Section 2.4 shall cease to be effective immediately upon the occurrence of a Change in Control. The preceding provisions of this Section 2.4 shall not in any way affect the Companyâ€™s right to terminate an employeeâ€™s employment for Cause following a Change in Control. 2.5 Each Eligible Employee who is entitled to a separation allowance under the preceding provisions of this Section shall be entitled to participate in outplacement benefits at the Companyâ€™s expense and in the form and manner made available by the Company pursuant to the Companyâ€™s outplacement benefits program then in effect, if any, or in any other such form and manner as the Company may elect. An Eligible Employeeâ€™s participation in outplacement benefits shall be subject to the following restrictions: (a) the receipt of outplacement benefits during any calendar year shall not affect an Eligible Employeeâ€™s right to such benefits during any other calendar year; and (b) the Company shall not make any payment for outplacement services after the last day of the second calendar year following the calendar year in which the Eligible Employeeâ€™s Separation Date occurs. 2.6Â Â Â Â Notwithstanding anything in this Plan to the contrary, if Progressive sells or transfers substantially all of a business unit, division, geographic operation, product or product line, or any combination thereof (a â€œDisposed Operationâ€) to a third party, and if an Eligible Employee who provides services to such Disposed Operation is offered or accepts any type of employment with such third party as of or following consummation of such sale or transfer, then such Eligible Employee shall not be entitled to receive a separation allowance or any other benefit under this Plan. The provisions of this Section 2.6 shall not apply to any transaction that constitutes, or that occurs after, a Change in Control.Â Â Â Â SECTION 3 â€“ AMOUNT OF SEPARATION ALLOWANCE3.1Â Â Â Â Subject to Section 5.2, the separation allowance payable to each Eligible Employee who is entitled to such allowance under Section 2 above shall be equal to the number of weeks of Compensation set forth in the table below, based on the Eligible Employeeâ€™s Grade Level and Years of Service as of his/her Separation Date:-5-Eligible Employees at Grade Levels 47 through 49 or a Protective Non-Graded Grade Level126 weeks of Compensation plus two additional weeks of Compensation for each full Year of Service in excess of 13 Years of Service, not to exceed an aggregate of 52 weeks of Compensation(1) Eligible Employees at Grade Level 50 through 53 or GNG, and (2) any other Eligible Employee who is designated in writing by (i) the Compensation and Talent Committee of the Companyâ€™s Board of Directors, if the Eligible Employee is an Executive Officer, or (ii) the Companyâ€™s Chief Executive Officer and/or Chief Human Resources Officer, if the Eligible Employee is not an Executive Officer.52 weeks of Compensation(1) The Companyâ€™s Chief Executive Officer; (2) Eligible Employees at Grade Level ENG; and (3) any other Eligible Employee designated in writing by (i) the Compensation and Talent Committee of the Companyâ€™s Board of Directors, if the Eligible Employee is an Executive Officer, or (ii) the Companyâ€™s Chief Executive Officer and Chief Human Resources Officer, if the Eligible Employee is not an Executive Officer.â€¢Â Â Â Â Less than one Year of Service: 52 weeks of Compensationâ€¢Â Â Â Â At least one, but less than two, Years of Service: 104 weeks of Compensationâ€¢Â Â Â Â At least two Years of Service: 156 weeks of Compensation 1 An Eligible Employee in a Protective Non-Graded Grade Level shall mean an Eligible Employee that does not have a designated Grade Level who is employed by Protective Insurance Corporation or an affiliate or subsidiary thereof.3.2Â Â Â Â Each Eligible Employeeâ€™s separation allowance shall be paid in a lump sum within thirty (30) days following the later of (i) the Eligible Employeeâ€™s Separation Date, or (ii) the expiration of the revocation period referred to in the Eligible Employeeâ€™s signed Separation Agreement and General Release. In no event, however, shall an Eligible Employeeâ€™s separation allowance be paid later than March 15 of the year following the year in which the Eligible Employeeâ€™s Separation Date occurs.3.3Â Â Â Â Progressive shall withhold from each separation allowance all applicable federal, state, and local taxes, Social Security taxes and other deductions required by law, and any other amounts due to Progressive from the Eligible Employee for any reason.-6-3.4Â Â Â Â Each Eligible Employeeâ€™s separation allowance payable under this Plan shall be reduced by the amount of any state-mandated separation allowance or severance payments payable by Progressive to such Eligible Employee.3.5Â Â Â Â Notwithstanding anything herein to the contrary, no separation allowance payments shall be made under this Plan to any Eligible Employee later than two and one-half months following (i) the end of the year in which the Eligible Employeeâ€™s Separation Date occurs, or (ii) if earlier, the end of the year in which the Eligible Employee receives a written notice from the Company pursuant to Section 2.1(b)(i) above.3.6Â Â Â Â Each separation allowance payable under this Plan to an Eligible Employee who is affected by a â€œplant closingâ€ or â€œmass layoffâ€ within the meaning of the Worker Adjustment and Retraining Notification Act (29 U.S.C. Â§Â§2101-2109) (â€œWARNâ€) shall be reduced by the amount of salary or other wages paid by Progressive to such Eligible Employee in respect of the period (â€œWARN Periodâ€) commencing on the date he/she receives written notice pursuant to WARN that Progressive will be terminating his/her employment and ending on his/her Separation Date, but only to the extent that the Eligible Employee has not earned wages from Progressive during such WARN Period.3.7Â Â Â Â An Eligible Employee who receives a separation allowance under this Plan shall be obligated to repay a portion of that separation allowance if he/she is hired by a Participating Employer as a regular employee within a period of time following his/her Separation Date that does not exceed the number of weeks of Compensation used in computing his/her separation allowance under Section 3.1. The amount of the repayment shall equal the difference between (a) the total separation allowance paid to the Eligible Employee and (b) the total separation allowance paid to the Eligible Employee multiplied by a fraction, the numerator of which is the number of weeks, rounded to the nearest whole week, beginning on the Eligible Employeeâ€™s Separation Date and ending on his/her rehire date, and the denominator of which is the total number of weeks of Compensation used in computing his/her separation allowance under Section 3.1. Repayment shall be made at such time and in such manner as shall be determined by the Participating Employer which hires the Eligible Employee, in such Participating Employerâ€™s sole discretion.Â Â Â Â SECTION 4 â€“ CONTINUED WELFARE BENEFITS4.1Â Â Â Â An Eligible Employee who resigns or whose employment has been terminated under the Plan may elect to continue his/her and his/her covered dependentsâ€™ medical, dental and vision coverages, if any, under the Consolidated Omnibus Budget Reconciliation Act of 1985 (â€œCOBRAâ€), as further provided in the Applicable Group Insurance Plan (to the extent he/she and his/her dependents were receiving such coverages immediately prior to his/her Separation Date), for the period specified in the Applicable Group Insurance Plan and subject to the terms and conditions thereof. If an Eligible Employee who is entitled to a separation allowance under the preceding provisions of this Plan elects to continue his/her and/or his/her covered dependentsâ€™ medical, dental and/or vision coverages under the Applicable Group Insurance Plan, the Eligible Employee will be entitled to receive such -7-coverages at the contribution amount set forth in the Applicable Group Insurance Plan (referred to therein as the â€œSeparation Allowance Contributionâ€) for a period not to exceed the lesser of (i) the COBRA continued coverage period or (ii) the number of weeks of Compensation used in computing the amount of his/her separation allowance under Section 3.1 above, provided that the Eligible Employee pays such Separation Allowance Contribution to the Participating Employer at such times as the Participating Employer shall specify.4.2Â Â Â Â Notwithstanding the foregoing, if the Company reasonably determines that, as a result of the continuation of coverage pursuant to this Section 4, Progressive, an Applicable Group Insurance Plan, or an Eligible Employee could be subject to: (a) any excise tax for failure to comply with any law applicable to group health plans; or (b) the taxation of any medical expense reimbursement benefits provided under an Applicable Group Insurance Plan, the Company shall require an Eligible Employee to pay the full cost of the continuation of coverage in lieu of the Separation Allowance Contribution. SECTION 5 â€“ ELIGIBILITY UNDER OTHER PLANS AND AGREEMENTS5.1Â Â Â Â This Plan entirely supersedes and replaces all Other Compensation Agreements adopted or entered into before March 5, 2021, except (i) with respect to any Eligible Employee who has incurred a Separation Date prior to March 5, 2021, and (ii) for any Other Compensation Agreement that (a) has been entered into in writing between any individual Eligible Employee and a Participating Employer (or predecessor, affiliate or subsidiary thereof) and (b) is known as of March 4, 2022 to the Chief Human Resources Officer of the Company.5.2Â Â Â Â Each separation allowance payment payable under this Plan to an Eligible Employee shall be reduced, potentially down to zero, by any amount payable under any Other Compensation Agreement that has been or is entered into between (i) an ARX Company or any other entity whose stock or assets have been acquired, directly or indirectly, by Progressive (through merger, purchase or otherwise) during or after 2015 and (ii) an Eligible Employee.SECTION 6 â€“ CLAIMS PROCEDURES6.1Â Â Â Â Benefits Claim.Â Â Â Â (a)Â Â Â Â The Plan Administrator is responsible for evaluating all benefits claims under the Plan, and shall establish reasonable procedures under which a claimant, or his/her duly authorized representative, may present a claim for benefits under this Plan.Â Â Â Â (b)Â Â Â Â Unless such claim is allowed in full by the Plan Administrator, written notice of the denial shall be furnished to the claimant within ninety (90) days of receipt (which may be extended by a period not to exceed an additional ninety (90) days if special circumstances so require and written notice to the claimant is given prior to the expiration of the initial ninety (90) day period describing such circumstances and indicating the date -8-by which the Plan Administrator expects to render its determination) setting forth the following in a manner calculated to be understood by the claimant:(i)Â Â Â Â The specific reason(s) for the denial;(ii) Â Â Â Â Specific references(s) to any pertinent provision(s) of the Plan or rules promulgated pursuant thereto on which the denial is based;(iii)Â Â Â Â A description of any additional information or material as may be necessary to perfect the claim, together with an explanation of why it is necessary;(iv)Â Â Â Â A description of the Planâ€™s claims review procedures and the time limits applicable to such procedures, including a statement of the claimantâ€™s right to bring a civil action under Section 502(a) of ERISA following an adverse benefit determination on review; and (v)Â Â Â Â An explanation of the steps to be taken if the claimant wishes to resubmit his/her claim for review.6.2Â Â Â Â Appealing a Denied Claim.(a)Â Â Â Â Within a reasonable period of time after the denial of the claim, but in any event, not to be more than sixty (60) days thereafter, the claimant or his/her duly authorized representative may make written application to the Plan Administrator for a review of such denial. The claimant or his/her representative, may, upon request and free of charge, review or receive copies of documents, records and other information

relevant to the claimantâ€™s claim for benefits, and may submit written comments, documents, records and other information relating to the claim for benefits.(b)Â Â Â Â If an appeal is timely filed, the Plan Administrator shall conduct a full and fair review of the claim and mail or deliver to the claimant its written decision within sixty (60) days after receipt of the claimantâ€™s request for review (which may be extended by a period not to exceed an additional sixty (60) days if special circumstances or a hearing so require and written notice is given to the claimant prior to the expiration of the initial sixty (60) day period describing such special circumstances and indicating the date by which the Plan Administrator expects to render its determination). In conducting its review, the Plan Administrator shall take into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination. The Plan Administratorâ€™s decision on review shall:(i)Â Â Â Â Be written in a manner calculated to be understood by the claimant;(ii)Â Â Â Â State the specific reason(s) for the decision; -9-(iii)Â Â Â Â Make specific reference to pertinent provision(s) of the Plan;(iv)Â Â Â Â State that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to the claimantâ€™s claim for benefits; and(v)Â Â Â Â Include a statement of the claimantâ€™s right to bring a civil action under Section 502(a) of ERISA.6.3Â Â Â Â If a period of time is extended, as permitted under Sections 6.1(b) and 6.2(b) above, due to a claimantâ€™s failure to submit information to decide a claim, the period for making the benefit determination on review shall be tolled from the date on which the notification of the extension is sent to the claimant until the date on which the claimant responds to the request for additional information.6.4Â Â Â Â Legal Action. No legal action with respect to the Plan, or any benefits thereunder, may be brought later than: (a) one year after the Plan Administratorâ€™s decision on your appeal; or, if earlier, (b) three years from the date your eligibility for any separation allowance benefit was first denied.6.5Â Â Â Â Venue Restriction. A Participant or Beneficiary shall only bring an action in connection with the Plan in the United States District Court Northern District of Ohio.SECTION 7 â€“ AMENDMENT AND TERMINATION7.1 Â Â Â Â The Company, by action of the Compensation and Talent Committee of its Board of Directors, may amend, modify or terminate the Plan in whole or in part at any time for any reason without the consent of any Affiliated Company or any employee or other person; provided, however, that, except for legally required amendments, modifications and terminations, no such amendment, modification or termination shall impair the rights of any Eligible Employee who incurs a Separation Date prior to the date the Company adopts such amendment or modification or approves such termination.7.2 Â Â Â Â Notwithstanding the provisions of Section 7.1, the Company may, by action of its Chief Legal Officer, modify or amend the Executive Separation Agreement and General Release at any time, without action of the Compensation and Talent Committee of its Board of Directors or any Affiliated Company or any other person, to (i) respond to developments in applicable law, (ii) reflect changes to the names of benefit plans provided by the Company and referenced in the Plan, or (iii) conform such document to the terms of the Plan. Additionally, with the exception of the Separation Agreement and Release of any Eligible Employee who immediately prior to, or within ninety (90) days of, such individualâ€™s Separation Date was an Executive Officer of the Company, the Company may, by action of its Chief Legal Officer, modify or amend the Separation Agreement and General Release at any time in response to conform to developments in the Companyâ€™s employment practices, or to clarify the intent of an existing provision of -10-the Separation Agreement and General Release, without action of the Compensation and Talent Committee of its Board of Directors or any Affiliated Company or any other person.Â 7.3 Â Â Â Â Notwithstanding the provisions of Sections 7.1 and 7.2, in the event of the occurrence of a Change in Control, until after the third anniversary of the date such Change in Control occurred, neither the Plan nor the Executive Separation Agreement and General Release may be amended, modified or terminated in a way that impairs or reduces any of the rights or benefits of any individual who was an Eligible Employee immediately prior to, or within ninety (90) days prior to, such Change in Control.Â Â Â Â SECTION 8 â€“ RIGHTS OF SETOFF8.1Â Â Â Â Progressive shall have the unrestricted right and power to set off against, or recover out of, any payments owed an Eligible Employee or other person under this Plan, at the time such payments would have otherwise been payable under this Plan, any amounts owed to Progressive by such Eligible Employee or other person.Â Â Â Â SECTION 9 â€“ FUNDING9.1Â Â Â Â All payments pursuant to this Plan shall be made from Progressive's general funds and nothing contained herein shall be deemed to require Progressive to, and Progressive shall not, physically segregate any sums from its general funds, or create any trust or escrow account, or make any special deposit, in respect of any amounts payable hereunder.Â Â Â Â SECTION 10 â€“ ADMINISTRATION10.1Â Â Â Â PCIC shall be the â€œplan administratorâ€ and shall be the â€œnamed fiduciaryâ€ within the meaning of Section 402 of the Employee Retirement Income Security Act of 1974, as amended. Except as specified elsewhere herein, the Plan Administrator shall exercise all rights and duties with respect hereto, including, without limitation, the right:(i)Â Â Â Â to make and enforce such rules and regulations as are necessary or proper for the efficient administration of this Plan; and(ii)Â Â Â Â to interpret and construe this Plan and to decide all disputes and other matters arising hereunder, including but not limited to the right to determine eligibility for benefits and resolve possible ambiguities, inconsistencies or omissions. All such rules, interpretations and decisions shall be applied in a uniform manner to all persons similarly situated.Except as otherwise specifically provided herein, no action or decision taken in accordance with this Plan by the Plan Administrator or Progressive shall be relied upon as a precedent for any similar action or decision under any circumstances.-11-10.2Â Â Â Â It is intended that all amounts payable under this Plan shall be, to the greatest extent possible, either â€œshort-term deferralâ€ or â€œseparation payâ€ within the meaning of Treasury Regulation Sections 1.409A-1(b)(4) and 1.409A-1(b)(9) respectively and, as such, shall be exempt from the application of Section 409A of the Code. The Plan, the Separation Agreement and General Release, and any other documents relating to the payment of separation allowance or the provision of benefits hereunder shall be construed and interpreted in accordance with such intention. Notwithstanding the foregoing, the Company makes no representations that any separation allowance payment shall comply with Section 409A and in no event shall the Company be liable for all or any portion of any taxes, penalties, interest or other expenses that may be incurred by an Eligible Employee on account of noncompliance with Section 409A of the Code.Â Â Â Â SECTION 11 â€“ ADOPTION OF THE PLAN BY AFFILIATED COMPANIES11.1Â Â Â Â Adoption with ApprovalÂ Â Â Â Any Affiliated Company may adopt and become a party to this Plan with the consent of the Company and subject to such terms and conditions as the Company may require or approve.11.2Â Â Â Â Procedure for AdoptionÂ Â Â Â An Affiliated Company may adopt the Plan and become a Participating Employer hereunder by executing an instrument in writing evidencing such adoption by its Board of Directors and filing a copy thereof with the Company. Upon approval of the Affiliated Company's adoption of the Plan by the Company, the Affiliated Company's adoption of the Plan shall be effective as of the date specified in said instruments.11.3Â Â Â Â Effect of AdoptionÂ Â Â Â (a)Â Â Â Â If there is more than one Participating Employer hereunder, the costs and expenses in connection with the Plan each year shall be shared by all Participating Employers in such manner as the Company determines.Â Â Â Â (b)Â Â Â Â Each Participating Employer, as a condition of continued participation in this Plan, delegates to the Company the sole power and authority to design, establish and change the Plan, including, without limitation, the power and authority to:
Â Â Â Â Â Â Â Â (i)Â Â Â Â determine the amount of employer and employee contributionsÂ Â Â Â (ii)Â Â Â Â consent to the adoption of this Plan by other Affiliated Companies;
andÂ Â Â Â Â Â Â Â Â (iii)Â Â Â Â amend or terminate the Plan in accordance with Section 7.-12-Â Â Â Â (c)Â Â Â Â Each Participating Employer, as a condition of continued participation in this Plan, delegates to the Company the sole power and authority to administer and operate the Plan as provided in Section 10 of the Plan. 11.4Â Â Â Â Termination of AdoptionÂ Â Â Â Each Participating Employer may elect separately to withdraw from the Plan, but amendments may be made only by the Company as provided in Section 7. Any such withdrawal shall be expressed in an instrument in writing executed by the withdrawing Participating Employer on order of its Board of Directors and filed with the Company.Â Â Â Â SECTION 12 â€“ EFFECTIVE DATE12.1Â Â Â Â This Plan shall be effective May 10, 2024, but only as to Eligible Employees who incur Separation Dates on or after such date.IN WITNESS WHEREOF, the Company has hereunto caused this Amendment and Restatement to be executed by its duly authorized representative as of the 19th day of June, 2024.THE PROGRESSIVE CORPORATIONBY: /s/ David M. StringerÂ Â Â Â Â Â Â Â Â TITLE: Vice President and SecretaryÂ Â Â Â -13-EXHIBIT AEXECUTIVE SEPARATION AGREEMENT AND GENERAL RELEASETHIS AGREEMENT is entered into by and between you (Â«NameÂ») and Progressive Â«PayrollCompanyÂ» (â€œProgressiveâ€), together with its parents, subsidiaries, affiliates, predecessors, successors and assigns (collectively, with Progressive, the â€œProgressive Groupâ€), pursuant to The Progressive Corporation Executive Separation Allowance Plan (â€œPlanâ€).Â Â Â Â WHEREAS, your employment with Progressive ended effective Â«TermDateÂ» (the â€œSeparation Dateâ€); andÂ Â Â Â WHEREAS, you desire to receive certain separation allowance benefits under the Plan;
andÂ Â Â Â WHEREAS, the Plan provides separation allowance benefits only to employees who sign a Separation Agreement and General Release in the form specified in the Plan;Â Â Â Â NOW, THEREFORE, you and the Progressive Group agree as follows:1.Final Wages and PTO Payment. Progressive shall pay you for all hours of work performed and for all credited but unused Paid Time Off hours determined as of your Separation Date in accordance with Progressiveâ€™s standard practices. These payments will be made within thirty (30) days of the Separation Date, or at such earlier time as may be required by law, regardless of whether you accept this Agreement. 2.Severance Benefits. In consideration of your acceptance of this Agreement and subject to your fully meeting your obligations under it, Progressive will provide you with following severance pay and benefits: a.Progressive shall pay you a separation allowance in the total gross amount of Â«SepTextÂ» Dollars ($Â«SepNoÂ») (representing Â«sevwksÂ» weeks of Compensation), less applicable tax withholding, other legally required deductions and (except to the extent prohibited by law) amounts due Progressive for any reason. Such separation allowance shall be paid in a lump sum at the time specified in Section 3.2 of the Plan and subject to the limitations specified in the Plan. b.If you are participating in The Progressive Health, Life and Disability Benefits Plan (â€œGroup Insurance Planâ€), you may elect to continue your and your dependentsâ€™ medical, dental and vision coverages as maintained on the date of termination under the Group Insurance Plan for the periods specified in the Group Insurance Plan, subject to the terms, conditions and limitations of the Group Insurance Plan. If you elect to continue any of such coverages, Progressive shall pay 85% of the total cost of continuing such coverages for a period not to exceed the lesser of (i) the number of weeks of Compensation used in computing the amount of your separation allowance under Paragraph 2(a) above or (ii) the applicable COBRA continued coverage period, provided that you make payments at such times and in such manner as Progressive shall specify equal to the contributions you would have had to make for those -1-coverages for such period had you continued to receive those coverages as an active employee during such period, all as determined by Progressive. Any such Company payment of premiums is likely to be treated as taxable income for you. You also shall entitled to the conversion privileges, if any, applicable to your life insurance and/or other coverages under the Group Insurance Plan. c.Progressive shall make outplacement services available to you for a period of [ ] months, in accordance with Section 2.5 of the Plan. d.If you are rehired by Progressive or any other Participating Employer as a regular employee within a period of time following your Separation Date that does not exceed the number of weeks of Compensation used in computing your separation allowance under the Plan, you shall repay to Progressive the amount specified in Section 3.7 of the Plan at the time and in the manner specified therein. e.[DELETE IF SEPARATION DATE IS AFTER CHANGE OF CONTROL.] You shall not be entitled to receive the severance pay and benefits described above, and this Agreement shall be considered null and void, if, at any time prior to payment to you of a separation allowance, Progressive determines that you have committed a violation of Progressiveâ€™s Code of Business Conduct and Ethics that would have led Progressive to terminate your employment in accordance with Progressiveâ€™s then current disciplinary practices with respect to the type of violation in question had you still been actively employed. 3.Effect on Equity Incentives. [IF NOT QUALIFIED RETIREMENT] You acknowledge the forfeiture of any and all unvested Restricted Stock Units awarded to you under The Progressive Corporation 2015 Equity Incentive Plan and/or The Progressive Corporation 2024 Equity Incentive Plan, or any similar such plan, in each case as amended (the â€œIncentive Plansâ€), except to the extent stated in any agreement between you and Progressive related to unvested and outstanding performance-based restricted stock unit award(s) for which the Evaluation Period or the Growth Evaluation Period has ended prior to the Separation Date.Â Your rights, if any, under The Progressive Corporation Executive Deferred Compensation Plan and/or the Incentive Plans (collectively, the â€œExecutive Compensation Programsâ€) shall be determined in accordance with the governing provisions of the Executive Compensation Programs as in effect from time to time and any agreements entered into thereunder. For purposes of such Executive Compensation Programs, you shall be considered to have terminated employment with Progressive on the Separation Date. [IF QUALIFIED RETIREMENT] The termination of your employment shall be deemed to be a Qualified Retirement as that term is used in The Progressive Corporation 2015 Equity Incentive Plan, The Progressive Corporation 2024 Equity Incentive Plan, or any similar such plan in each case as amended (the â€œIncentive Plansâ€), and/or any Restricted Stock Unit Award Agreement between you and Progressive (the â€œStock Agreementsâ€), and you shall enjoy such rights and be subject to such forfeitures and requirements as are contained in said Incentive Plans and/or Stock Agreements in accordance with the Incentive Plans and Stock Agreements. Your rights, if any, under The Progressive Corporation Executive Deferred Compensation Plan and/or the Incentive Plans (collectively, the â€œExecutive Compensation Programsâ€) shall be -2-determined in accordance with the governing provisions of the Executive Compensation Programs as in effect from time to time and any agreements entered into thereunder. For purposes of such Executive Compensation Programs, the Separation Date shall be your Qualified Retirement Date. 4.Acknowledgment of Full Payment and Status of Benefits. You acknowledge that the payments described in Paragraph 1 of this Agreement are in complete satisfaction of any and all wages and payments due to you from the Progressive Group, whether for services provided or otherwise, through the Separation Date and that, except as expressly provided under this Agreement, no further compensation is owed to you. You further acknowledge that, except as expressly provided in Paragraphs 2(b) and 3 above, your participation in all employee benefit plans and programs will end as of the Separation Date, in accordance with the terms of those plans and programs. You acknowledge that you have no rights under The Progressive Corporation Separation Allowance Plan. 5.Return of Documents and Other Property; Confidentiality; Trade Secrets.a.You agree to continue to honor your obligations with respect to confidential and/or proprietary information belonging to the Progressive Group, including the Confidentiality Statement to which you agreed upon your hire, if any, and all applicable policies as set forth in Progressiveâ€™s Code of Business Conduct and Ethics and Workplace Policies. You affirm and represent that you have not taken or misused any such confidential and/or proprietary information and that you have returned to Progressive any records containing such confidential and/or proprietary information and all records that are the Progressive Groupâ€™s property. b.Notwithstanding anything in this Agreement to the contrary, you and Progressive acknowledge that you shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of a trade secret that is made (i) in confidence to a Federal, State, or local government official, either directly or indirectly, or to an attorney; and (ii) solely for the purpose of reporting or investigating a suspected violation of law. In addition, you shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of a trade secret that is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal. Furthermore, in the event you file a lawsuit for retaliation by Progressive for reporting a suspected violation of law, you may disclose the trade secret to your attorney and use the trade secret information in the court proceeding, if you file any document containing the trade secret under seal and does not disclose the trade secret, except pursuant to court order.6.Release of Claims. In exchange for separation allowance and benefits provided to you under this Agreement, to which you would not otherwise be entitled, you, on your own behalf and on behalf of your heirs, executors, agents, representatives, administrators, survivors, assigns and anyone claiming by or through you, hereby release Progressive and the Progressive Group, along with each of their individual and respective current and former directors, officers, agents, attorneys and employees in their corporate as well as personal capacities (collectively, the -3-â€œReleaseesâ€), from any and all claims, liabilities, demands, actions, suits and causes of action, whether known or unknown, that you ever had or now may have against any of the Releasees, both in law and equity, arising from or relating to (a) your employment with Progressive and/or any other entity of the Progressive Group and/or (b) work or services you performed for or on behalf of Progressive or any other entity of the Progressive Group (collectively, â€œClaimsâ€). Your released Claims include, without limitation: claims arising under the Age Discrimination in Employment Act (â€œADEAâ€), the Fair Labor Standards Act, Title VII of the Civil Rights Act of 1964, the Family and Medical Leave Act, the Americans with Disabilities Act, the National Labor Relations Act, the Uniformed Services Employment and Reemployment Rights Act and the Employee Retirement Income Security Act of 1974, each as may be amended; claims arising under state law [, including [recite any desired state statutes]]; claims for emotional distress and/or mental and/or physical injury; and any other claims relating in any way to your employment with Progressive and/or any other entity of the Progressive Group and its termination. [IF EXECUTIVE IS A CALIFORNIA RESIDENT, INCLUDE] You further acknowledge that you have read and understand California Civil code Section 1542, which reads as follows:â€œA general release does not extend to claims which the creditor does not know or suspect to exist in Â«HisHerÂ» favor at the time of executing the release, which if known by him must have materially affected Â«HisHerÂ» settlement with the debtor.â€You hereby waive the provisions and protections of California Civil code Section 1542 and agree that the above release shall apply to all Claims that you ever had or now may have against the Releasees, regardless of whether you currently are aware of the Claims or suspect that they exist.[IF EXECUTIVE IS A RESIDENT OF ANY OTHER STATE REQUIRING RECITAL, INCLUDE RECITAL.]7.No Pending or New Claims. You agree that you will not instigate, initiate, promote or participate in any Claims against Releasees unless required to do so by law, excepting only such Claim(s) as are permitted under Paragraph 11 below. In the event that you do so, the Claim(s) shall be dismissed immediately upon the presentation of this Agreement, and

you shall reimburse Releasees for all legal fees and expenses incurred in defending such Claim(s) and obtaining their dismissal. 8.Cooperation. You agree to cooperate with the Progressive Group and/or any entity thereof, as well as any entity operating on its or their behalf, in response to all reasonable requests relating to your former job duties, including requests for such information as the location of documents or information and disclosure of all passwords necessary or desirable to the Progressive Groupâ€™s access of information that you password-protected on the information systems or the Progressive Group or any entity thereof. You further agree to cooperate with the Progressive Group and/or any entity thereof, as well as any entity operating on its or their behalf, in connection with any investigation or legal proceeding arising out of matters that were under your responsibility or that were related to, or caused by, your actions. 9.Non-Disparagement. You agree not to disparage the Progressive Group or Releasees, including by libel or defamation. You may, however, provide truthful information to -4-any state or federal administrative agency and in response to formal legal process, such as a subpoena compelling your testimony. 10.Non-Admission. You agree and acknowledge that this Agreement is not and shall not be construed to be, or represented to others as, an admission that Releasees violated any federal, state or local law or regulation or duty owed to you. 11.Right to Participate in Government Agency Proceedings. Notwithstanding any term or provision of this Agreement to the contrary (including, but not limited to, Paragraphs 5, 6, 7, 8 and 9 above), nothing in this Agreement, in Progressiveâ€™s Code of Business Conduct and Ethics and Workplace Policies, or in any other existing agreements between you and Progressive is intended or shall be construed to prohibit you, without notice to Progressive, from filing a charge with, or participating in any investigation or proceeding conducted by, the U.S. Equal Employment Opportunity Commission (or a comparable local, state or federal fair employment practices agency) or the U.S. Occupational Safety and Health Administration, from taking any actions protected by Section 7 of the National Labor Relations Act, from communicating directly with the Securities and Exchange Commission regarding any possible securities law violation, or from communicating with the Occupational Safety and Health Administration regarding a violation of any law it enforces. You acknowledge and agree, however, that, except with respect to any award pursuant to 15 U.S.C. Â§ 78u-6 or any award administered by the U.S. Occupational Safety and Health Administration, this Agreement fully and finally resolves all monetary matters between you and Releasees, and you waive any right to monetary damages, attorneysâ€™ fees, costs, equitable remedies and any other individual relief related to or arising from any such charge, or any ensuing complaint or lawsuit, filed by you or on your behalf. Â Â Â Â 12. Â Â Â Â Miscellaneous. a. Â Â Â Â Unless defined herein, all capitalized terms used in this Agreement shall have the meanings given to them in the Plan. The captions and headings in this Agreement are for convenience only and do not define or describe the scope or content of any provision of this Agreement. b. Â Â Â Â This Agreement, together with the Plan and the other documents referenced herein, constitutes the entire agreement between the parties and supersedes all prior and contemporaneous oral or written representations, agreements and understandings relating to your employment, its termination and all related matters, excluding only, and subject to Paragraph 11, above, (i) your continuing obligations under Progressiveâ€™s Code of Business Conduct and Ethics; (ii) any agreements between you and Progressive that by their terms continue to apply after the termination of your employment, including, but not limited to, agreements regarding your engagement in competitive activities, your solicitation of Progressive employees, your obligations with respect to confidential and/or proprietary information, and the partiesâ€™ rights and obligations with respect to inventions; (iii) agreements regarding the initiation and resolution of legal disputes between you and Progressive, including but not limited to agreements to adjudicate claims by binding arbitration and agreements regarding the time period -5-in which claims must be brought; (iv) any other obligations that survive the termination of your employment; and (v) your rights, if any, under the Executive Compensation Programs and any agreements entered into thereunder. Any modifications or assignments of this Agreement must be in a writing signed by you and Progressiveâ€™s Chief Legal Officer (or, in the event of a conflict of interest, Progressiveâ€™s Chief Financial Officer) in order to be effective. This Agreement is subject to the terms, provisions and limitations of the Plan in all respects. c. Â Â Â Â In the event any provision of this Agreement shall be held to be void, unlawful or for any reason unenforceable or otherwise at variance with the intentions of the parties as expressed herein, the remaining portions of the Agreement shall remain in full force and effect. In the event you breach this Agreement or any part of it, or fail to perform your obligations under this Agreement, the Plan or any other agreement relating to your employment that survives this Agreement, Progressiveâ€™s obligations hereunder shall terminate but the Agreement otherwise shall remain in full force and effect, including your release of Claims. No waiver of any provision of this Agreement, or the breach thereof, shall be deemed a waiver of any other provision or breach. d. Â Â Â Â This Agreement may be signed in counterparts, each of which shall be deemed an original and all of which, taken together, shall constitute the same instrument, though this Agreement shall be of no force or effect until executed by both you and Progressive. A wet signature on an electronically transmitted copy of the Agreement and/or a wet signature transmitted electronically (i.e., a facsimile or scanned image) shall have the same effect as the original. e. during 2023, and are getting back into independent agentsâ€™ quote flows. The net effect of these tactics was that both quote volume and new application volume were the best ever in both the Agency and Direct channels for the second quarter 2024. We are continuing to carefully assess our rates and are moderating rate increases or taking small bites at relaxing rate levels as our profitability and loss trends support. During the quarter, we had eight states with small rate decreases as we continue to assess our data and monitor trends in these areas.On the product side, as of the end of the second quarter, there were eight states on our latest auto product model 8.9, which represented 16% of auto policies in force and 13% of the trailing 12-month personal auto premium. At quarter end, we had 21 states on model 8.8, which represented about half of auto policies in force and trailing 12-month premium.For the second quarter, our Commercial Lines business achieved 6% NPW growth at an 88.6 CR, which was an improvement of 7.8 points over the same quarter in 2023 and 3.2 points over the first quarter of 2024. Rate increases and underwriting actions are contributing to this improvement. While our transportation network company (TNC) business profitability can be volatile, during the second quarter, the CR for TNC was better than our companywide full calendar-year profitability target.With improved profitability in Commercial Lines, we continue to shift our focus to growth and have pulled back on many of the underwriting actions initiated in 2023. Year-over-year quote growth continues to be strong in our business auto and contractor business market targets (BMT) but remains down in our for-hire transportation BMT as challenging conditions in the freight market continue. 1Based on industry data, commercial auto competitors continued to aggressively take rate in the second quarter 2024, which, combined with our pull back of underwriting restrictions, we believe led to improved conversion over the course of the quarter with all of our BMTs seeing conversion improvements in the last month of the quarter. PIFs were up 1%, compared to June of last year, while policy life expectancy (PLE) was down year over year driven by the lingering effects of our rate and underwriting actions in 2023 to address rapidly rising loss costs that resulted in higher premiums for renewals on annual policies in the first and second quarter of 2024.We continued to invest in advancing our commercial auto product offerings and expanding our business ownersâ€™ policy (BOP) product capabilities during the quarter. We continued to roll out our newest commercial auto product model, bringing valuable new segmentation to two additional states in the quarter. We are on track to hit our plan to roll out the new commercial auto product model to 14 states, or about 50% of the trailing 12-month core commercial auto premium, this year. As of the end of the second quarter, our BOP product was in 46 states. We also rolled out our newest BOP product model in four states, bringing our total to 22 states on the new model.We made progress in advancing our ease-of-use value proposition with the pilot launch of our new multi-product quoting experience for agents. This new experience enables our independent agents to quote and sell Progressiveâ€™s commercial auto and BOP products in a single experience. We plan to roll out this agent experience in additional states in the months ahead.For the second quarter 2024, our Property CR was 166.3, bringing the YTD CR to 130.4.Â Weather losses contributed 76 points to the CR in the second quarter, driven by an unusually high number of severe storms.Â The month of May was especially active with an outbreak of hail, damaging thunderstorm winds, and tornadoes in the Plains, Midwest, and South.While severe weather is typical in the second quarter, May was the most active month for severe weather in 13 years. According to the National Oceanic and Atmospheric Administration, during the first six months of 2024 there were 15 individual billion-dollar events across the U.S., compared to the 1980-2023 annual average for billion-dollar events of 8.5 (CPI-adjusted).Â On a year-to-date basis, weather losses, net of reinsurance, have contributed 48 points to the Property CR vs. 46 points year-to-date in 2023. We purchase reinsurance to help protect our balance sheet from the impact of catastrophe events and active weather years.Â At the end of the second quarter, we are close to reaching the annual retention thresholds under our 2024 catastrophe aggregate excess of loss program. Once the retention thresholds are exceeded, we have aggregate reinsurance coverage up to $185 million for storm property catastrophe losses under this program. In addition, we have a per occurrence catastrophe excess of loss contract that provides coverage for $2.0 billion in losses (from a first hurricane), excess of a $200 million retention, with additional substantial coverage for a second or third hurricane. Knowing we have this reinsurance does give us some comfort, in terms of our exposure, if there are additional storms as the year progresses.Our Property business continues to experience both policy and premium growth. We ended the quarter with over 3.3 million PIFs, which are up 12% over the second quarter 2023. Net premiums written are up 11%, compared to second quarter 2023, driven primarily by growth in new business applications and increased PLE. Average written premiums for Property are slightly down year over year as rate increases to address profitability concerns were offset by shifts in geographic and product mix as we continue to work to rebalance our Property portfolio to reduce volatility. Reducing the impact from weather-related volatility is strategically important and shifting our geographic mix continues to be a top priority. We continue to focus on growing in states where weather risk is relatively lower, while maintaining or reducing our market share in higher volatile states that are more susceptible to catastrophic weather events and have higher exposure to hail. In 2021, about 45% of our policies were in less volatile states and we expect to end 2024 with about 60% of our PIFs in less volatile states. 2During the second quarter, Property PIFs grew about 20% year over year in less volatile states and decreased about 6% in higher volatile weather states. We also continue to prioritize Progressive auto bundles and lower risk properties, such as new construction or those with newer roofs in the more volatile states. Even though we are ahead of plan with our de-risking efforts, we intend to get even more aggressive to have a better-balanced portfolio since weather hasnâ€™t abated for several years.In addition to shifting our mix, we continue to adjust rates to address profitability concerns.Â In the second quarter of 2024, we increased rates about 4% across the Property business, bringing the trailing 12-months to aggregate rate increases of about 17%. We also continued to focus on advancing segmentation through the roll out of our newest product model (5.0), elevating three more states in the second quarter. This brings the total to eight states elevated to the new model at quarter end, which represented about one-quarter of our Property premium.In the second quarter 2024, our investment portfolio saw a fully taxable equivalent (FTE) total return of 0.9%. The combination of continued solid economic growth and inflation that is slowly receding, drove positive returns across our fixed-income and equity portfolios. Our fixed-income return was 0.8%, as the large income generated from our portfolio outweighed the slight interest rate increase during the quarter. Our equity portfolio returned 3.6% reflecting general market movements. Through the first six months of 2024, we extended our duration to 3.2 years to reflect current valuations and anticipated Federal Reserve actions.While we have continued to grow at a rapid pace, our financial performance in the first half of the year provided us with adequate capital to fund that growth. Our investment portfolio has maintained a conservative posture, and we have no bond maturities until 2027. Our debt-to-total capital ratio is down to 22.8%, which is the lowest level since February 2022. With strong operating performance and a 1.7% FTE total return on our investment portfolio through the first six months of the year, we believe that we are entering the second half of 2024 from a position of financial strength.The story below is from Dannielle, one of our teammates in Florida. She recently shared her experience about how, before she was a Progressive employee, she was a customerâ€”something that isnâ€™t unusual here. The care and compassion that our Claims team provided when she lost her son in a tragic car accident inspired her to work here, and now sheâ€™s inspiring the rest of us as an MVP on our Customer Preservation Team:â€œIâ€™ve never considered myself an inspiration, so Iâ€™m humbled each time I get the chance to share my experiences. Speaking about my son, Matt, keeps his story, his life, his memory, and his SMILE alive for me.Now that Iâ€™ve joined this company and have seen it from the inside out, I know that when people say Progressive cares about their employees, itâ€™s from the trainers all the way up to the boardroom. Every employee, whether itâ€™s been a peer, a coach, a supervisor, a manager, or HR, everyone has made my journey here one of healing, growth, and encouragement, and has enabled me to give that back to others. I can no longer take care of my son Matt;Â thatâ€™s in Godâ€™s hands. However, with every call from a customer,Â I can take care of others on his behalf, and with every customer comes that opportunity.I remember my new-hire training was a good 6-8 months before I was out on the floor taking customer calls alone. Along the way, my peers, coaches, and trainers became kind of a family. My team knew that Iâ€™d lost my son, but I didnâ€™t disclose that it had been a car accident, or the Progressive connection. Even so, when I was first out on the floor and got a call from a customer who needed to remove their son from their policy because heâ€™d passed away â€¦nothing could prepare me for that. But thatâ€™s where Progressiveâ€™s culture shined through. When I got that call, I got choked up and had to ask the customer to wait a moment. I asked my coach to take the call, and while I gathered myself, the rest of my team crowded around me, put their hands on my shoulders, and said, â€˜Weâ€™re going to help you get through this.â€™ And they walked me through the whole thingâ€”not just that call, but each subsequent step on my journey as a Progressive person. I learned that while sometimes you canâ€™t give customers the answers they want, by showing your compassion, care, and willingness to do all you can for them, it can make all the difference. It sure did with me after my sonâ€™s accident. I can still remember how my Claims rep kept telling me, â€˜Iâ€™m so sorry.â€™ It was a complicated accident, and the 3Claims process took months. Throughout it I would sometimes break down and cry or lose the ability to speak when talking to my rep. And he always told me it was no problem, that when I was ready, heâ€™d take care of me, sometimes calling me back later when Iâ€™d gathered myself. Now that Iâ€™m on the other side of that phone and have grown and thrived in my position, winning our customer care MVP award every year, I know Iâ€™m doing what I was meant to do. I donâ€™t think I do anything extraordinary or exceptional; Iâ€™m just paying it forward for what was done for me.â€Our people and culture continue to serve us and our customers well and have become even stronger. At the mid-way mark of the year, we feel confident, proud, and prepared for whatever the rest of the year will bring. The results of operations for the period ended JuneÂ 30, 2024, are not necessarily indicative of the results expected for the full year. These consolidated financial statements and the notes thereto should be read in conjunction with Progressiveâ€™s audited financial statements and accompanying notes included in Exhibit 13 to our Annual Report on Form 10-K for the year ended DecemberÂ 31, 2023 (2023 Annual Report to Shareholders).Premiums ReceivableWe perform analyses to evaluate our premiums receivable for expected credit losses. See our 2023 Annual Report to Shareholders for a discussion on our premiums receivable allowance for credit loss policy. The following table summarizes changes in our allowance for credit loss exposure on our premiums receivable:Three Months Ended June 30,Six Months Ended June 30,(millions)2024202320242023Allowance for credit losses, beginning of period$327.7Â $340.9Â $369.1Â $343.3Â Increase in allowance1128.0Â 125.3Â 234.8Â 242.2Â Write-offs2(127.8)(122.3)(276.0)(241.6)Allowance for credit losses, end of period$327.9Â $343.9Â $327.9Â $343.9Â 1 Represents the incremental increase in other underwriting expenses.2 Represents the portion of allowance that is reversed when the premiums receivable is written off. Premiums receivable balances are written off once we have exhausted our collection efforts.Property â€“ Held for SaleIncluded in other assets in our consolidated balance sheets are properties that are classified as held for sale (HFS). At JuneÂ 30, 2024 and 2023, and DecemberÂ 31, 2023, we had HFS properties of $152.4 million, $59.5 million, and $77.2 million, respectively. When properties are determined to be HFS, the property is written down to its fair value less estimated costs to sell, as applicable. The increase in HFS properties since December 31, 2023, primarily reflects a decision in the first quarter 2024 to sell certain regional properties to optimize our real estate portfolio by consolidating employees into existing alternative properties.Earnings Per ShareWe redeemed all of our outstanding Serial Preferred Shares, Series B, in February 2024. See Note 9 â€“ Dividends for further discussion. To determine net income available to common shareholders, which is used in the calculation of the per common share amounts, we reduced net income by preferred share dividends, and, for 2024,â€¢underwriting discounts and commissions on the preferred share issuance,â€¢initial issuance costs related to the preferred shares, and â€¢excise taxes related to the preferred share redemption.New Accounting StandardsAdopted â€“ On January 1, 2024, we began amortizing the remaining original cost of tax equity investments to the provision for income taxes, since certain conditions were met, on the modified retrospective basis, pursuant to an Accounting Standards Update (ASU) issued by the Financial Accounting Standards Board. Previously, these investments were accounted for under the equity method of accounting and the amortization was recognized as a net impairment loss on the consolidated statements of income. The adoption of the ASU had no cumulative effect on retained earnings and did not have a material impact on our financial condition or results of operations. The amount of income tax credits and investment amortization recognized for the three and six months ended June 30, 2024, and the carrying amount of the tax credit investments at June 30, 2024, were not material to our financial condition or results of operations and, therefore, no additional disclosure is provided.ReclassificationGoodwill and intangible assets are included in other assets in our consolidated balance sheets and the amortization of intangible assets in other, net, in cash provided by operating activities in our consolidated statements of cash flows. The JuneÂ 30, 2023 amounts, which were presented separately on the balance sheet and statement of cash flows in the prior year, were reclassified to conform to the current year presentation. X - DefinitionThe entire disclosure for the basis of presentation and significant accounting policies concepts. Basis of presentation describes the underlying basis used to prepare the financial statements (for example, US Generally Accepted Accounting Principles, Other Comprehensive Basis of Accounting, IFRS). Accounting policies describe all significant accounting policies of the reporting entity. + ReferencesReference 1: http://fasb.org/us-gaap/role/ref/legacyRef -Topic 235 -Name Accounting Standards Codification -Publisher FASB -URI https://asc.fasb.org/235/tableOfContent + Details Name: us-gaap_BasisOfPresentationAndSignificantAccountingPoliciesTextBlock Namespace Prefix: us-gaap_ Data Type: dtr-types:textBlockItemType Balance Type: na Period Type: duration X - ReferencesNo definition available. + Details Name: us-gaap_OrganizationConsolidationAndPresentationOfFinancialStatementsAbstract Namespace Prefix: us-gaap_ Data Type: xbrli:stringItemType Balance Type: na Period Type: duration XML 23 R8.htm IDEA: XBRL DOCUMENT v3.24.2.u1 Investments 6 Months Ended Jun. 30, 2024 Investments, Debt and Equity Securities [Abstract] Â Investments INVESTMENTS The following tables present the composition of our investment portfolio by major security type. We did not record any allowances for credit losses or any write-offs for amounts deemed to be uncollectible during the first six months of 2024 or 2023, and did not have a material credit loss allowance balance as of JuneÂ 30, 2024 and 2023, or DecemberÂ 31, 2023. We considered several factors and inputs related to the individual securities as part of our analysis. The methodology and significant inputs used to measure the amount of credit losses in our portfolio included:â€¢current performance indicators on the business model or underlying assets (e.g., delinquency rates, foreclosure rates, and default rates); â€¢credit support (via current levels of subordination); â€¢historical credit ratings; and â€¢updated cash flow expectations based upon these performance indicators. In order to determine the amount of credit loss, if any, we initially reviewed securities in a loss position to determine whether it was likely that we would be required, or intended, to sell any of the securities prior to the recovery of their respective cost bases (which could be maturity). If we were likely to, or intended to, sell prior to a potential recovery, we would write off the unrealized loss. For those securities that we determined we were not likely to, or did not intend to, sell prior to a potential recovery, we performed additional analysis to determine if the loss was credit related. For securities subject to credit related loss, we calculated the net present value (NPV) of the cash flows expected (i.e., expected recovery value) using the current book yield for each security. The NPV was then compared to the securityâ€™s current amortized value to determine if a credit loss existed. In the event that the NPV was below the amortized value, and the amount was determined to be material on any specific security, or in the aggregate, a credit loss would be deemed to exist, and either an allowance for credit losses would be created, or if an allowance currently existed, either a recovery of the previous allowance, or an incremental loss, would be recorded to net realized gains (losses) on securities.As of JuneÂ 30, 2024 and 2023, and DecemberÂ 31, 2023, we believe that none of the unrealized losses on our fixed-maturity securities were related to material credit losses on any specific securities, or in the aggregate. We continue to expect all the securities in our fixed-maturity portfolio to pay their principal and interest obligations. In addition, we reviewed our accrued investment income outstanding on those securities in an unrealized loss position at JuneÂ 30, 2024 and 2023, and DecemberÂ 31, 2023, to determine if the accrued interest amounts were uncollectible. Based on our analysis, we believe the issuers have sufficient liquidity and capital reserves to meet their current interest, and future principal, obligations and, therefore, did not write off any accrued income as uncollectible at JuneÂ 30, 2024 and 2023, or DecemberÂ 31, 2023. During the second quarter and first six months of 2024, the majority of our gross realized losses on security sales were U.S. Treasury Notes that were sold for duration management. During the second quarter and first six months of both 2024 and 2023, we sold corporate debt securities and select commercial mortgage-backed securities, which we viewed as having less attractive risk/reward profiles. During 2023, the gross gains in common equities reflected sales of securities, as part of our plan to incrementally reduce risk in the portfolio in response to our view of the potential of a more difficult economic environment. The gross loss incurred in our nonredeemable preferred stocks was primarily related to the sale of certain holdings in U.S. bank preferred stocks. The other asset gain in 2023 is related to proceeds received as a result of litigation in conjunction with three renewable energy investments we made from 2016 through 2018 (the original investments were previously written down in full). This includes: (i)Â quoted prices for similar instruments in active markets, (ii)Â quoted prices for identical or similar instruments in markets that are not active, (iii)Â inputs other than quoted prices that are observable for the instruments, and (iv)Â inputs that are derived principally from or corroborated by observable market data by correlation or other means.â€¢Level 3: Inputs that are unobservable. Unobservable inputs reflect our subjective evaluation about the assumptions market participants would use in pricing the financial instrument (e.g., certain structured securities and privately held investments).Determining the fair value of the investment portfolio is the responsibility of management. As part of that responsibility, we evaluate whether a market is distressed or inactive in determining the fair value for our portfolio. We review certain market level inputs to evaluate whether sufficient activity, volume, and new issuances exist to create an active market. Based on this evaluation, we concluded that there was sufficient activity related to the sectors and securities for which we obtained valuations. These securities are held at their original cost, adjusted for any accretion of discount, since that value very closely approximates what an active market participant would be willing to pay for such securities. The remainder of our short-term investments are classified as Level 2 and are not priced externally since these securities continually trade at par value. These securities are classified as Level 2 since they are primarily longer-dated securities issued by municipalities that contain either liquidity facilities or mandatory put features within one year.At both JuneÂ 30, 2024 and DecemberÂ 31, 2023, vendor-quoted prices represented 93% of our Level 1 classifications (excluding short-term investments), compared to 92% at JuneÂ 30, 2023. The securities quoted by vendors in Level 1 primarily represent our holdings in U.S. Treasury Notes, which are frequently traded, and the quotes are considered similar to exchange-traded quotes. The balance of our Level 1 pricing comes from quotes obtained directly from trades made on active exchanges. All Level 1 preferred stocks with active exchange quotes were sold during 2023. At both JuneÂ 30, 2024 and DecemberÂ 31, 2023, vendor-quoted prices comprised 100% of our Level 2 classifications (excluding short-term investments), compared to 98% at JuneÂ 30, 2023; the remaining 2% at JuneÂ 30, 2023 were dealer-quoted prices. In our process for selecting a source (e.g., dealer or pricing service) to provide pricing for securities in our portfolio, we reviewed documentation from the sources that detailed the pricing techniques and methodologies used by these sources and determined if their policies adequately considered market activity, either based on specific transactions for the particular security type or based on modeling of securities with similar credit quality, duration, yield, and structure that were recently transacted. Once a source is chosen, we continue to monitor any changes or modifications to their processes by reviewing their documentation on internal controls for pricing and market reviews. We review quality control measures of our sources as they become available to determine if any significant changes have occurred from period to period that might indicate issues or concerns regarding their evaluation or market coverage.As part of our pricing procedures, we obtain quotes from more than one source to help us fully evaluate the market price of securities. However, our internal pricing policy is to use a consistent source for individual securities in order to maintain the integrity of our valuation process. Quotes obtained from the sources are not considered binding offers to transact. Under our policy, when a review of the valuation received from our selected source appears to be outside of what is considered market level activity (which is defined as trading at spreads or yields significantly different than those of comparable securities or outside the general sector level movement without a reasonable explanation), we may use an alternate sourceâ€™s price. To the extent we determine that it may be prudent to substitute one sourceâ€™s price for another, we will contact the initial source to obtain an understanding of the factors that may be contributing to the significant price variance. To allow us to determine if our initial source is providing a price that is outside of a reasonable range, we review our portfolio pricing on a weekly basis. When necessary, we challenge prices from our sources when a price provided does not match our expectations based on our evaluation of market trends and activity. Initially, we perform a review of our portfolio by sector to identify securities whose prices appear outside of a reasonable range. We then perform a more detailed review of fair values for securities disclosed as Level 2. We review dealer bids and quotes for these and/or similar securities to determine the market level context for our valuations. We then evaluate inputs relevant for each class of securities disclosed in the preceding hierarchy tables. For structured debt securities, including commercial, residential, and other asset-backed securities, we evaluate available market-related data for these and similar securities related to collateral, delinquencies, and defaults for historical trends and reasonably estimable projections, as well as historical prepayment rates and current prepayment assumptions and cash flow estimates. We further stratify each class of our structured debt securities into more finite sectors (e.g., planned amortization class, first pay, second pay, senior, subordinated, etc.) and use duration, credit quality, and coupon to determine if the fair value is appropriate.For corporate debt and preferred stock (redeemable and nonredeemable) portfolios, as well as the notes issued by The Progressive Corporation (see Note 4 â€“ Debt), we review securities by duration, credit quality, and coupon, as well as changes in interest rate and credit spread movements within that stratification. The review also includes recent trades, including: volume traded at various levels that establish a market; issuer specific fundamentals; and industry-specific economic news as it comes to light. For municipal securities (e.g., general obligations, revenue, and housing), we stratify the portfolio to evaluate securities by type, duration, credit quality, and coupon to review price changes relative to credit spread and interest rate changes. Additionally, we look to economic data as it relates to geographic location as an indication of price-to-call or maturity predictors. For municipal housing securities, we look to changes in cash flow projections, both historical and reasonably estimable projections, to understand yield changes and their effect on valuation.For short-term securities, we look at acquisition price relative to the coupon or yield. Since our short-term securities are typically 90 days or less to maturity, with the majority listed in Level 2 being 30 days or less to redemption, we believe that acquisition price is the best estimate of fair value.We also review data assumptions as supplied by our sources to determine if that data is relevant to current market conditions. In addition, we independently review each sector for transaction volumes, new issuances, and changes in spreads, as well as the overall movement of interest rates along the yield curve to determine if sufficient activity and liquidity exists to provide a credible source for our market valuations.During each valuation period, we create internal estimations of portfolio valuation (performance returns), based on current market-related activity (i.e., interest rate and credit spread movements and other credit-related factors) within each major sector of our portfolio. We compare our internally generated portfolio results with those generated based on quotes we receive externally and research material valuation differences. We compare our results to index returns for each major sector adjusting for duration and credit quality differences to better understand our portfolioâ€™s results. Additionally, we review on a monthly basis our external sales transactions and compare the actual final market sales prices to previous market valuation prices. This review provides us further validation that our pricing sources are providing market level prices, since we are able to explain significant price changes (i.e., greater than 2%) as known events occur in the marketplace and affect a particular securityâ€™s price at sale.This analysis provides us with additional comfort regarding the sourceâ€™s process, the quality of its review, and its willingness to improve its analysis based on feedback from clients. We believe this effort helps ensure that we are reporting the most representative fair values for our securities.After all the valuations are received and our review of Level 2 securities is complete, if the inputs used by vendors are determined to not contain sufficient observable market information, we will reclassify the affected securities to Level 3. Except as described below, our Level 3 securities are priced externally; however, due to several factors (e.g., nature of the securities, level of activity, and lack of similar securities trading to obtain observable market level inputs), these valuations are more subjective in nature. To the extent we receive prices from external sources (e.g., broker, valuation firm) for the Level 3 securities, we review those prices for reasonableness using internally developed assumptions and then compare our derived prices to the prices received from the external sources. Based on our review, all prices received from external sources remained unadjusted.If we do not receive prices from an external source, we perform an internal fair value comparison, which includes a review and analysis of market-comparable securities, to determine if fair value changes are needed. Based on this analysis, certain private equity investments included in the Level 3 category remain valued at cost or were priced using a recent transaction as the basis for fair value. At least annually, these private equity investments are priced by an external source.Our Level 3 other risk investments include securities accounted for under the equity method of accounting and, therefore, are not subject to fair value reporting. Since these securities represent less than 0.1% of our total portfolio, we will continue to include them in our Level 3 disclosures and report the activity from these investments as â€œotherâ€ changes in the summary of changes in fair value table and categorize these securities as â€œpricing exemption securitiesâ€ in the quantitative information table.At both JuneÂ 30, 2024 and DecemberÂ 31, 2023, we held one privately held fixed-maturity security that is classified as a Level 3 investment. At JuneÂ 30, 2023, we did not have any securities in our fixed-maturity portfolio listed as Level 3.During the first six months of 2024 and for the full year of 2023, there were no material assets or liabilities measured at fair value on a nonrecurring basis.Due to the relative size of the Level 3 securitiesâ€™ fair values, compared to the total portfolioâ€™s fair value, any changes in pricing methodology would not have a significant change in valuation that would materially impact net or comprehensive income.The following tables provide a summary of changes in fair value associated with Level 3 assets for the three and six months ended JuneÂ 30, 2024 and 2023:Level 3 Fair Value(millions)Fair Value at March 31, 2024Calls/Maturities/Paydowns/OtherPurchasesSalesNet Realized(Gain)/Losson SalesChangeÂ inValuation1NetTransfersIn (Out)Fair Value at June 30, 2024Fixed maturities:Corporate debt securities$3.0Â $0Â $0Â $0Â $0Â $0Â $0Â $3.0Â Equity securities:Nonredeemable preferred stocks:Financials49.2Â 0Â 0Â 0Â 0Â (12.5)0Â 36.7Â Industrials14.8Â 0Â 0Â 0Â 0Â 0.4Â 0Â 15.2Â Common equities:Â Common stocks22.5Â 0Â 0Â 0Â 0Â 0Â 0Â 22.5Â Other risk investments24.3Â (0.4)0Â 0Â 0Â 0Â 0Â 0Â 23.9Â Total Level 3 securities$113.8Â (0.4)0Â $0Â $0Â (12.1)0Â $101.3Â Level 3 Fair Value(millions)Fair Value at March 31, 2023Calls/Maturities/Paydowns/OtherPurchasesSalesNet Realized(Gain)/Losson SalesChangeÂ inValuation1NetTransfersIn (Out)Fair Value at June 30, 2023Equity securities:Nonredeemable preferred stocks:Financials$67.4Â $0Â $0Â $0Â $0Â (11.4)0Â $56.0Â Industrials16.4Â 0Â 0Â 0Â 0Â (0.6)0Â 15.8Â Common equities:Common stocks18.3Â 0Â 0Â 0Â 0Â 0Â 0Â 18.3Â Other risk investments20.3Â 1.6Â 0Â 0Â 0Â 0Â 0Â 21.9Â Total Level 3 securities$122.4Â $1.6Â $0Â $0Â $0Â (12.0)0Â $112.0Â Level 3 Fair Value(millions)Fair Value at December 31, 2023Calls/Maturities/Paydowns/OtherPurchasesSalesNet Realized(Gain)/Losson SalesChangeÂ inValuation1NetTransfersIn (Out)Fair Value at June 30, 2024Fixed maturities:Corporate debt securities$3.0Â $0Â $0Â $0Â $0Â $0Â $0Â $3.0Â Equity securities:Nonredeemable preferred stocks:Financials49.2Â 0Â 0Â 0Â 0Â (12.5)0Â 36.7Â Industrials14.8Â 0Â 0Â 0Â 0Â 0.4Â 0Â 15.2Â Common equities:Common stocks22.5Â 0Â 0Â 0Â 0Â 0Â 0Â 22.5Â Other risk investments20.6Â 3.3Â 0Â 0Â 0Â 0Â 0Â 23.9Â Total Level 3 securities$110.1Â $3.3Â $0Â $0Â $0Â (12.1)0Â $101.3Â Level 3 Fair Value(millions)Fair Value at December 31, 2022Calls/Maturities/Paydowns/OtherPurchasesSalesNet Realized(Gain)/Losson SalesChangeÂ inValuation1NetTransfersIn (Out)Fair Value at June 30, 2023Equity securities:Nonredeemable preferred stocks:Financials$67.4Â $0Â $0Â $0Â $0Â (11.4)0Â $56.0Â Industrials16.4Â 0Â 0Â 0Â 0Â (0.6)0Â 15.8Â Common equities:Common stocks18.3Â 0Â 0Â 0Â 0Â 0Â 0Â 18.3Â Other risk investments19.8Â 2.1Â 0Â 0Â 0Â 0Â 0Â 21.9Â Total Level 3 securities$121.9Â $2.1Â $0Â $0Â $0Â (12.0)0Â $112.0Â 1 For fixed maturities, amounts included are unrealized gains (losses) included in accumulated other comprehensive income (loss) on our consolidated balance sheets. [Abstract] Â Income Taxes INCOME TAXESThe effective tax rate for the three and six months ended June 30, 2024, was 21.6% and 21.0%, respectively, compared to 20.7% and 19.9% for the same periods last year, with the change primarily due to our permanent tax differences having a lower impact on our effective rate due to increased profitability in the current year.Deferred tax assets and liabilities are recorded based on the difference between the financial statement and tax bases of assets and liabilities at the enacted tax rates. We review our deferred tax assets regularly for recoverability. At JuneÂ 30, 2024 and 2023, and DecemberÂ 31, 2023, we determined that we did not need a valuation allowance on our gross deferred tax assets. Although realization of the deferred tax assets is not assured, management believes that it is more likely than not the deferred tax assets will be realized based on our expectation that we will be able to fully utilize the deductions that are ultimately recognized for tax purposes. At JuneÂ 30, 2024 and 2023, and December 31, 2023, the net deferred tax asset includes a gross deferred tax asset of $453.9 million, $703.7Â million, and $427.3Â million, respectively, related to unrealized losses on fixed-maturity securities. We believe this deferred tax asset will be realized based on the existence of current temporary differences related to unrealized gains in our equity portfolio, and prior year capital gains.We had net current income taxes payable of $9.0Â million and $311.8Â million at JuneÂ 30, 2024 and DecemberÂ 31, 2023, respectively, which were reported in accounts payable, accrued expenses, and other liabilities, compared to recoverable income taxes of $44.0Â million at June 30, 2023, which were reported in other assets on our consolidated balance sheets. The balance may fluctuate between an asset and a liability from period to period due to normal timing differences.At JuneÂ 30, 2024 and 2023, and DecemberÂ 31, 2023, we had no reserves for uncertain tax positions. partially offset by unfavorable development attributable to accident years 2021 and prior.â€¢Our personal auto products incurred about $235 million of favorable loss and loss adjustment expense (LAE) reserve development, with about 60% attributable to the Agency auto business and the balance in the Direct auto business. The favorable development was, in part, due to lower than anticipated frequency in Florida following tort reform that passed in the first quarter 2023 and lower than anticipated property damage severity across the majority of states.â€¢Our Commercial Lines and Property businesses experienced about $140 million and $30Â million, respectively, of unfavorable development, with the Commercial Lines development primarily driven by higher than anticipated severity in our commercial auto business for California and New York.Year-to-date JuneÂ 30, 2023â€¢The unfavorable prior year reserve development included approximately $910Â million attributable to accident year 2022, $81Â million to accident year 2021, and the remainder to accident years 2020 and prior.â€¢Our personal auto products incurred about $870Â million of unfavorable loss and LAE reserve development, with the Agency and Direct auto businesses each contributing about half. About half of the unfavorable development was attributable to higher than anticipated severity in auto property and physical damage coverages, while the remaining unfavorable development was primarily due to increased loss costs in Florida injury and medical coverages and, to a lesser extent, higher than anticipated late reported injury claims.â€¢Our Commercial Lines business experienced about $224Â million of unfavorable development, primarily due to higher than anticipated severity and frequency of late reported injury claims. We consider all legal actions relating to such claims in establishing our loss and loss adjustment expense reserves. In addition, The Progressive Corporation and/or its insurance subsidiaries are named as defendants in a number of class action or individual lawsuits that challenge certain of

the operations of the subsidiaries. The nature and volume of litigation pending against The Progressive Corporation and/or its insurance subsidiaries is similar to that which was disclosed in Note 12 â€“ Litigation in our 2023 Annual Report to Shareholders.As of June 30, 2024, lawsuits have been certified or conditionally certified as class/collective actions in cases alleging: we improperly value total loss claims in Alabama, Colorado, Georgia, Indiana, New York, Pennsylvania, and South Carolina; we improperly fail to pay fees and taxes associated with total losses in Michigan and New York; we improperly calculate basic economic loss as it relates to wage loss coverage in New York; we improperly fail to timely process and pay personal injury protection claims in Texas; we improperly reduce or deny first-party medical benefits in Arkansas; and that certain of our compensation practices are improper. Other insurance companies face many of these same issues.We plan to contest the pending lawsuits vigorously, but may pursue settlement negotiations in some cases, as we deem appropriate. Although outcomes of pending cases are uncertain until final disposition, we establish accruals for these lawsuits when it is probable that a loss has been or will be incurred and we can reasonably estimate potential loss exposure, which may include a range of loss. As to lawsuits for which the loss is considered neither probable nor estimable, or is considered probable but not estimable, we do not establish an accrual. Nevertheless, we continue to evaluate pending litigation to determine if any losses not deemed probable and estimable become so, at which point we would establish an accrual at either our best estimate of the loss or the lower end of the range of loss.Lawsuits arising from insurance policies and operations, including but not limited to allegations involving claims adjustment and vehicle valuation, may be filed contemporaneously in multiple states. As of June 30, 2024, we are named as defendants in class action lawsuits pending in multiple states alleging that we improperly value total loss vehicle physical damage claims through the application of a negotiation adjustment in calculating such valuations, which includes seven states in which classes have been certified, as noted above, and lawsuits styled as putative class actions pending in additional states. These lawsuits, which were filed at different times by different plaintiffs, feature certain similar claims and also include different allegations and are subject to various state laws. While we believe we have meritorious defenses and we are vigorously contesting these lawsuits, an unfavorable result in, or a settlement of, a significant number of these lawsuits could, in aggregation, have a material adverse effect on our financial condition, cash flows, and/or results of operations. Based on information known at June 30, 2024, and except as to any settlements and accruals as described below, we determined that losses from these lawsuits are reasonably possible but neither probable nor reasonably estimable.With respect to our pending lawsuits that are not related to claims under insurance policies, the accruals that we have established were not material at June 30, 2024 and 2023, or December 31, 2023, and there were no material settlements during 2023 or the first six months of 2024. For most of these lawsuits, we do not consider any losses to be both probable and estimable, and we are unable to estimate a meaningful range of loss, if any, at this time, due to the factors discussed in Note 12 â€“ Litigation in our 2023 Annual Report to Shareholders. In the event that any one or more of these lawsuits results in a substantial judgment against us, or settlement by us, or if our accruals (if any) prove to be inadequate, the resulting liability could have a material adverse effect on our consolidated financial condition, cash flows, and/or results of operations. For a further discussion on our pending litigation and related reserving policies, see Note 12 â€“ Litigation in our 2023 Annual Report to Shareholders. New Accounting Standards New Accounting StandardsAdopted â€“ On January 1, 2024, we began amortizing the remaining original cost of tax equity investments to the provision for income taxes, since certain conditions were met, on the modified retrospective basis, pursuant to an Accounting Standards Update (ASU) issued by the Financial Accounting Standards Board. Previously, these investments were accounted for under the equity method of accounting and the amortization was recognized as a net impairment loss on the consolidated statements of income. The adoption of the ASU had no cumulative effect on retained earnings and did not have a material impact on our financial condition or results of operations. The amount of income tax credits and investment amortization

recognized for the three and six months ended June 30, 2024, and the carrying amount of the tax credit investments at June 30, 2024, were not material to our financial condition or results of operations and, therefore, no additional disclosure is provided. determine net income available to common shareholders, which is used in the calculation of the per common share amounts, we reduced net income by preferred share dividends, and, for 2024, •underwriting discounts and commissions on the preferred share issuance, •initial issuance costs related to the preferred shares, and •excise taxes related to the preferred share redemption. New Accounting Standards Adopted – On January 1, 2024, we began amortizing the remaining original cost of tax equity investments to the provision for income taxes, since certain conditions were met, on the modified retrospective basis, pursuant to an Accounting Standards Update (ASU) issued by the Financial Accounting Standards Board. Previously, these investments were accounted for under the equity method of accounting and the amortization was recognized as a net impairment loss on the consolidated statements of income. The adoption of the ASU had no cumulative effect on retained earnings and did not have a material impact on our financial condition or results of operations. The amount of income tax credits and investment amortization recognized for the three and six months ended June 30, 2024, and the carrying amount of the tax credit investments at June 30, 2024, were not material to our financial condition or results of operations and, therefore, no additional disclosure is provided. Reclassification Goodwill and intangible assets are included in other assets in our consolidated balance sheets and the amortization of intangible assets in other, net, in cash provided by operating activities in our consolidated statements of cash flows. The June 30, 2023 amounts, which were presented separately on the balance sheet and statement of cash flows in the prior year, were reclassified to conform to the current year presentation.INVESTMENTS The following tables present the composition of our investment portfolio by major security type. Our securities are reported in our consolidated balance sheets at fair value. The changes in fair value for our fixed-maturity securities (other than hybrid securities) are reported as a component of accumulated other comprehensive income (loss), net of deferred income taxes, in our consolidated balance sheets. The net holding period gains (losses) reported below represent the inception-to-date changes in fair value for the hybrid and equity securities. The changes in the net holding period gains (losses) between periods are recorded as a component of net realized gains (losses) on securities in our consolidated statements of comprehensive income. <table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:99.853%"><tr><td style="width:1.0%"></td><td style="width:38.577%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:8.709%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.532%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:9.295%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.532%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:9.295%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.532%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:7.684%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.532%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:8.709%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.532%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:6.371%"></td><td style="width:0.1%"></td></tr><tr><td colspan="3" style="padding:2px 1pt;text-align:left;vertical-align:bottom">($ in millions)</td><td colspan="3" style="padding:2px 1pt;text-align:right;vertical-align:bottom">Cost</td><td colspan="3" style="padding:0 1pt"></td><td colspan="3" style="padding:2px 1pt;text-align:right;vertical-align:bottom">Gross

obligations and that there was no evidence of deterioration of the current cash flow projections that would indicate we would not receive the remaining principal at maturity. We had ten securities, across five issuers, that had their credit ratings downgraded during the second quarter 2024, with a combined fair value of $203.0 million and an unrealized loss of $66.7 million as of June 30, 2024. Allowance For Credit and Uncollectible Losses We are required to measure the amount of potential credit losses for all fixed-maturity securities in an unrealized loss position. We did not record any allowances for credit losses or any write-offs for amounts deemed to be uncollectible during the first six months of 2024 or 2023, and did not have a material credit loss allowance balance as of June 30, 2024 and 2023, or December 31, 2023. We considered several factors and inputs related to the individual securities as part of our analysis. The methodology and significant inputs used to measure the amount of credit losses in our portfolio included:
 •current performance indicators on the business model or underlying assets (e.g., delinquency rates, foreclosure rates, and default rates); •credit support (via current levels of subordination); •historical credit ratings; and •updated cash flow expectations based upon these performance indicators. In order to determine the amount of credit loss, if any, we initially reviewed securities in a loss position to determine whether it was likely that we would be required, or intended, to sell any of the securities prior to the recovery of their respective cost bases (which could be maturity). If we were likely to, or intended to, sell prior to a potential recovery, we would write off the unrealized loss. For those securities that we determined we were not likely to, or did not intend to, sell prior to a potential recovery, we performed additional analysis to determine if the loss was credit related. For securities subject to credit related loss, we calculated the net present value (NPV) of the cash flows expected (i.e., expected recovery value) using the current book yield for each security. The NPV was then compared to the security's current amortized value to determine if a credit loss existed. In the event that the NPV was below the amortized value, and the amount was

determined to be material on any specific security, or in the aggregate, a credit loss would be deemed to exist, and either an allowance for credit losses would be created, or if an allowance currently existed, either a recovery of the previous allowance, or an incremental loss, would be recorded to net realized gains (losses) on securities. As of June 30, 2024 and 2023, and December 31, 2023, we believe that none of the unrealized losses on our fixed-maturity securities were related to material credit losses on any specific securities, or in the aggregate. We continue to expect all the securities in our fixed-maturity portfolio to pay their principal and interest obligations. In addition, we reviewed our accrued investment income outstanding on those securities in an unrealized loss position at June 30, 2024 and 2023, and December 31, 2023, to determine if the accrued interest amounts were uncollectible. Based on our analysis, we believe the issuers have sufficient liquidity and capital reserves to meet their current interest, and future principal, obligations and, therefore, did not write off any accrued income as uncollectible at June 30, 2024 and 2023, or December 31, 2023. securities sold are computed using the first-in-first-out method. During the second quarter and first six months of 2024, the majority of our gross realized losses on security sales were U.S. Treasury Notes that were sold for duration management. During the second quarter and first six months of both 2024 and 2023, we sold corporate debt securities and select commercial mortgage-backed securities, which we viewed as having less attractive risk/reward profiles. During 2023, the gross gains in common equities reflected sales of securities, as part of our plan to incrementally reduce risk in the portfolio in response to our view of the potential of a more difficult economic environment. The gross loss incurred in our nonredeemable preferred stocks was primarily related to the sale of certain holdings in U.S. bank preferred stocks. The other asset gain in 2023 is related to proceeds received as a result of litigation in conjunction with three renewable energy investments we made from 2016 through 2018 (the original investments were previously written down in full). respectively, and recurring investment book yield increased 26% for each of the three and six months ended June 30, 2024, compared to the same periods last year. The increases primarily reflected investing new cash from operations and proceeds from maturing bonds in higher coupon rate securities. The following tables present the composition of our investment portfolio by major security type. Our securities are reported in our consolidated balance sheets at fair value. The changes in fair value for our fixed-maturity securities (other than hybrid securities) are reported as a component of accumulated other comprehensive income (loss), net of deferred income taxes, in our consolidated balance sheets. The net holding period gains (losses) reported below represent the inception-to-date changes in fair value for the hybrid and equity securities. The changes in the net holding period gains (losses) between periods are recorded as a component of net realized gains (losses) on securities in our consolidated statements of comprehensive income. <table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:99.853%"><tr><td style="width:1.0%"></td><td style="width:38.577%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:8.709%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.532%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:9.295%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.532%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:9.295%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.532%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:7.684%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.532%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:8.709%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.532%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:6.371%"></td><td style="width:0.1%"></td></tr><tr><td colspan="3" style="padding:2px 1pt;text-align:left;vertical-align:bottom">($ in millions)</td><td colspan="3" style="padding:2px 1pt;text-align:right;vertical-align:bottom">Cost</td><td colspan="3" style="padding:0 1pt"></td><td colspan="3" style="padding:2px 1pt;text-align:right;vertical-align:bottom">Gross

degree of subjectivity inherent in the method by which they are valued, into a fair value hierarchy of three levels, as follows: •Level 1: Inputs are unadjusted, quoted prices in active markets for identical instruments at the measurement date (e.g., U.S. government obligations, which are continually priced on a daily basis, active exchange-traded equity securities, and certain short-term securities). •Level 2: Inputs (other than quoted prices included within Level 1) that are observable for the instrument either directly or indirectly (e.g., certain corporate and municipal bonds and certain preferred stocks). This includes: (i) quoted prices for similar instruments in active markets, (ii) quoted prices for identical or similar instruments in markets that are not active, (iii) inputs other than quoted prices that are observable for the instruments, and (iv) inputs that are derived principally from or corroborated by observable market data by correlation or other means. •Level 3: Inputs that are unobservable. Unobservable inputs reflect our subjective evaluation about the assumptions market participants would use in pricing the financial instrument (e.g., certain structured securities and privately held investments). Determining the fair value of the investment portfolio is the responsibility of management. As part of that responsibility, we evaluate whether a market is distressed or inactive in determining the fair value for our portfolio. We review certain market level inputs to evaluate whether sufficient activity, volume, and new issuances exist to create an active market. Based on this evaluation, we concluded that there was sufficient activity related to the sectors and securities for which we obtained valuations. The composition of the investment portfolio by major security type and our outstanding debt was: <table  Our portfolio valuations, excluding short-term investments, classified as either Level 1 or Level 2 in the above tables are priced exclusively by external sources, including pricing vendors, dealers/market makers, and exchange-quoted prices. Our short-term investments classified as Level 1 are highly liquid, actively marketed, and have a very short duration, primarily 90 days or less to redemption. These securities are held at their original cost, adjusted for any accretion of discount, since that value very closely approximates what an active market participant would be willing to pay for such securities. The remainder of our short-term investments are classified as Level 2 and are not priced externally since these securities continually trade at par value. These securities are classified as Level 2 since they are primarily longer-dated securities issued by municipalities that contain either liquidity facilities or mandatory put features within one year. At both June 30, 2024 and December 31, 2023, vendor-quoted prices represented 93% of our Level 1 classifications (excluding short-term investments), compared to 92% at June 30, 2023. The securities quoted by vendors in Level 1 primarily represent our holdings in U.S. Treasury Notes, which are frequently traded, and the quotes are considered similar to exchange-traded quotes. The balance of our Level 1 pricing comes from quotes obtained directly from trades made on active exchanges. All Level 1 preferred stocks with active exchange quotes were sold during 2023. <div

style="margin-top:9pt">At both June 30, 2024 and December 31, 2023, vendor-quoted prices comprised 100% of our Level 2 classifications (excluding short-term investments), compared to 98% at June 30, 2023; the remaining 2% at June 30, 2023 were dealer-quoted prices. In our process for selecting a source (e.g., dealer or pricing service) to provide pricing for securities in our portfolio, we reviewed documentation from the sources that detailed the pricing techniques and methodologies used by these sources and determined if their policies adequately considered market activity, either based on specific transactions for the particular security type or based on modeling of securities with similar credit quality, duration, yield, and structure that were recently transacted. Once a source is chosen, we continue to monitor any changes or modifications to their processes by reviewing their documentation on internal controls for pricing and market reviews. We review quality control measures of our sources as they become available to determine if any significant changes have occurred from period to period that might indicate issues or concerns regarding their evaluation or market coverage. As part of our pricing procedures, we obtain quotes from more than one source to help us fully evaluate the market price of securities. However, our internal pricing policy is to use a consistent source for individual securities in order to maintain the integrity of our valuation process. Quotes obtained from the sources are not considered binding offers to transact. Under our policy, when a review of the valuation received from our selected source appears to be outside of what is considered market level activity (which is defined as trading at spreads or yields significantly different than those of comparable securities or outside the general sector level movement without a reasonable explanation), we may use an alternate source's price. To the extent we determine that it may be prudent to substitute one source's price for another, we will contact the initial source to obtain an understanding of the factors that may be contributing to the significant price variance. To allow us to determine if our initial source is providing a price that is outside of a reasonable range, we review our portfolio pricing on a weekly basis. When necessary, we challenge prices from our sources when a price provided does not match our expectations based on our evaluation of market trends and activity. Initially, we perform a review of our portfolio by sector to identify securities whose prices appear outside of a reasonable range. We then perform a more detailed review of fair values for securities disclosed as Level 2. We review dealer bids and quotes for these and/or similar securities to determine the market level context for our valuations. We then evaluate inputs relevant for each class of securities disclosed in the preceding hierarchy tables. For structured debt securities, including commercial, residential, and other asset-backed securities, we evaluate available market-related data for these and similar securities related to collateral, delinquencies, and defaults for historical trends and reasonably estimable projections, as well as historical prepayment rates and current prepayment assumptions and cash flow estimates. We further stratify each class of our structured debt securities into more finite sectors (e.g., planned amortization class, first pay, second pay, senior, subordinated, etc.) and use duration, credit quality, and coupon to determine if the fair value is appropriate. For corporate debt and preferred stock (redeemable and nonredeemable) portfolios, as well as the notes issued by The Progressive Corporation (see Note 4 – Debt), we review securities by duration, credit quality, and coupon, as well as changes in interest rate and credit spread movements within that stratification. The review also includes recent trades, including: volume traded at various levels that establish a market; issuer specific fundamentals; and industry-specific economic news as it comes to light. For municipal securities (e.g., general obligations, revenue, and housing), we stratify the portfolio to evaluate securities by type, duration, credit quality, and coupon to review price changes relative to credit spread and interest rate changes. Additionally, we look to economic data as it relates to geographic location as an indication of price-to-call or maturity predictors. For municipal housing securities, we look to changes in cash flow projections, both historical and reasonably estimable projections, to understand yield changes and their effect on valuation. For short-term securities, we look at acquisition price relative to the coupon or yield. Since our short-term securities are typically 90 days or less to maturity, with the majority listed in Level 2 being 30 days or less to redemption, we believe that acquisition price is the best estimate of fair value. We also review data assumptions as supplied by our sources to determine if that data is relevant to current market conditions. In addition, we independently review each sector for transaction volumes, new issuances, and changes in spreads, as well as the overall movement of interest rates along the yield curve to determine if sufficient activity and liquidity exists to provide a credible source for our market valuations. During each valuation period, we create internal estimations of portfolio valuation (performance returns), based on current market-related activity (i.e., interest rate and credit spread movements and other credit-related factors) within each major sector of our portfolio. We compare our internally generated portfolio results with those generated based on quotes we receive externally and research material valuation differences. We compare our results to index returns for each major sector adjusting for duration and credit quality differences to better understand our portfolio's results. Additionally, we review on a monthly basis our external sales transactions and compare the actual final market sales prices to previous market valuation prices. This review provides us further validation that our pricing sources are providing market level prices, since we are able to explain significant price changes (i.e., greater than 2%) as known events occur in the marketplace and affect a particular security's price at sale.
 This analysis provides us with additional comfort regarding the source's process, the quality of its review, and its willingness to improve its analysis based on feedback from clients. We believe this effort helps ensure that we are reporting the most representative fair values for our securities. After all the valuations are received and our review of Level 2 securities is complete, if the inputs used by vendors are determined to not contain sufficient observable market information, we will reclassify the affected securities to Level 3. Except as described below, our Level 3 securities are priced externally; however, due to several factors (e.g., nature of the securities, level of activity, and lack of similar securities trading to obtain observable market level inputs), these valuations are more subjective in nature. To the extent we receive prices from external sources (e.g., broker, valuation firm) for the Level 3 securities, we review those prices for reasonableness using internally developed assumptions and then compare our derived prices to the prices received from the external sources. Based on our review, all prices received from external sources remained unadjusted. If we do not receive prices from an external source, we perform an internal fair value comparison, which includes a review and analysis of market-comparable securities, to determine if fair value changes are needed. Based on this analysis, certain private equity investments included in the Level 3 category remain valued at cost or were priced using a recent transaction as the basis for fair value. At least annually, these private equity investments are priced by an external source. Our Level 3 other risk investments include securities accounted for under the equity method of accounting and, therefore, are not subject to fair value reporting. Since these securities represent less than 0.1% of our total portfolio, we will continue to include them in our Level 3 disclosures and report the activity from these investments as "other" changes in the summary of changes in fair value table and categorize these securities as "pricing exemption securities" in the quantitative information table. At both June 30, 2024 and December 31, 2023, we held one privately held fixed-maturity security that is classified as a Level 3 investment. At June 30, 2023, we did not have any securities in our fixed-maturity portfolio listed as Level 3. During the first six months of 2024 and for the full year of 2023, there were no material assets or liabilities measured at fair value on a nonrecurring basis. Due to the relative size of the Level 3 securities' fair values, compared to the total portfolio's fair value, any changes in pricing methodology would not have a significant change in valuation that would materially impact net or comprehensive income. The following tables provide a summary of changes in fair value associated with Level 3 assets for the three and six months ended June 30, 2024 and 2023: <table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:100.000%"><tr><td style="width:1.0%"></td><td style="width:27.554%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:7.964%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:7.964%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:7.233%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:5.771%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:7.964%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:7.964%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:7.087%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:10.599%"></td><td style="width:0.1%"></td></tr><tr><td colspan="3" style="padding:0 1pt"></td><td colspan="24" style="padding:2px 1pt;text-align:center;vertical-align:bottom">Level 3 Fair Value</td></tr><tr><td colspan="3" style="padding:2px 1pt;text-align:left;vertical-align:bottom">(millions)</td><td colspan="3" style="border-top:1pt solid #000000;padding:2px 1pt;text-align:right;vertical-align:bottom">Fair Value at March 31, 2024</td><td colspan="3" style="border-top:1pt solid #000000;padding:2px 1pt;text-align:right;vertical-align:bottom">Calls/

$1,110.5 million for the same period last year, which is reflected as “incurred related to prior years” in the table above. Year-to-date June 30, 2024 • The favorable prior year reserve development included approximately $60 million of favorable development attributable to accident year 2023 and $20 million to accident year 2022, partially offset by unfavorable development attributable to accident years 2021 and prior. • Our personal auto products incurred about $235 million of favorable loss and loss adjustment expense (LAE) reserve development, with about 60% attributable to the Agency auto business and the balance in the Direct auto business. The favorable development was, in part, due to lower than anticipated frequency in Florida following tort reform that passed in the first quarter 2023 and lower than anticipated property damage severity across the majority of states. • Our Commercial Lines and Property businesses experienced about $140 million and $30 million, respectively, of unfavorable development, with the Commercial Lines development primarily driven by higher than anticipated severity in our commercial auto business for California and New York. Year-to-date June 30, 2023 • The unfavorable prior year reserve development included approximately $910 million attributable to accident year 2022, $81 million to accident year 2021, and the remainder to accident years 2020 and prior. • Our personal auto products incurred about $870 million of unfavorable loss and LAE reserve development, with the Agency and Direct auto businesses each contributing about half. About half of the unfavorable development was attributable to higher than anticipated severity in auto property and physical damage coverages, while the remaining unfavorable development was primarily due to increased loss costs in Florida injury and medical coverages and, to a lesser extent, higher than anticipated late reported injury claims. • Our Commercial Lines business experienced about $224 million of unfavorable development, primarily due to higher than anticipated severity and frequency of late reported injury claims.</div><div style="margin-top:9pt">Activity in the loss and loss adjustment expense reserves is summarized as follows:</div><div style="margin-top:5pt"><table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:99.853%"><tr><td style="width:1.0%"></td><td style="width:78.548%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:8.709%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.532%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:8.711%"></td><td style="width:0.1%"></td></tr><tr><td colspan="3" style="padding:0 1pt"></td><td colspan="9" style="padding:2px 1pt;text-align:center;vertical-align:bottom">June 30,</td></tr><tr><td colspan="3" style="padding:2px 1pt;text-align:left;vertical-align:bottom">(millions)</td><td colspan="3" style="border-top:1pt solid #000000;padding:2px 1pt;text-align:center;vertical-align:bottom">2024</td><td colspan="3" style="border-top:1pt solid #000000;padding:0 1pt"></td><td colspan="3" style="border-top:1pt solid #000000;padding:2px 1pt;text-align:center;vertical-align:bottom">2023</td></tr><tr><td colspan="3" style="border-top:1pt solid #000000;padding:2px 1pt;text-align:left;vertical-align:bottom">Balance at January 1</td><td style="border-top:1pt solid #000000;padding:2px 0 2px 1pt;text-align:left;vertical-align:bottom"><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-size:9pt;font-weight:400;line-height:100%">$</td><td style="border-top:1pt solid #000000;padding:2px 0;text-align:right;vertical-align:bottom">34,389.2 </td><td style="border-top:1pt solid #000000;padding:2px 1pt 2px 0;text-align:right;vertical-align:bottom"></td><td colspan="3" style="border-top:1pt solid #000000;padding:0 1pt"></td><td style="border-top:1pt solid #000000;padding:2px 0 2px 1pt;text-align:left;vertical-align:bottom">$</td><td style="border-top:1pt solid #000000;padding:2px 0;text-align:right;vertical-align:bottom">30,359.3 </td><td style="border-top:1pt solid #000000;padding:2px 1pt 2px 0;text-align:right;vertical-align:bottom"></td></tr><tr><td colspan="3" style="background-color:#e5e5e5;padding:2px 1pt 2px 19pt;text-align:left;vertical-align:bottom">Less reinsurance recoverables on unpaid losses</td><td colspan="2" style="background-color:#e5e5e5;padding:2px 0 2px 1pt;text-align:right;vertical-align:bottom">4,789.0 </td><td style="background-color:#e5e5e5;padding:2px 1pt 2px 0;text-align:right;vertical-align:bottom"></td><td colspan="3" style="background-color:#e5e5e5;padding:0 1pt"></td><td colspan="2" style="background-color:#e5e5e5;padding:2px 0 2px 1pt;text-align:right;vertical-align:bottom">5,559.2 </td><td style="background-color:#e5e5e5;padding:2px 1pt 2px 0;text-align:right;vertical-align:bottom"></td></tr><tr><td colspan="3" style="background-color:#ffffff;border-top:1pt solid #000;padding:2px 1pt;text-align:left;vertical-align:bottom">Net balance at January 1</td><td colspan="2" style="background-color:#ffffff;border-top:1pt solid #000;padding:2px 0 2px 1pt;text-align:right;vertical-align:bottom">29,600.2 </td><td style="background-color:#ffffff;border-top:1pt solid #000;padding:2px 1pt 2px 0;text-align:right;vertical-align:bottom"></td><td colspan="3" style="background-color:#ffffff;border-top:1pt solid #000;padding:0 1pt"></td><td colspan="2" style="background-color:#ffffff;border-top:1pt solid #000;padding:2px 0 2px 1pt;text-align:right;vertical-align:bottom">24,800.1 </td><td style="background-color:#ffffff;border-top:1pt solid #000;padding:2px 1pt 2px 0;text-align:right;vertical-align:bottom"></td></tr><tr><td colspan="3" style="background-color:#e5e5e5;border-top:1pt solid #000;padding:2px 1pt;text-align:left;vertical-align:bottom">Incurred related to:</td><td colspan="3" style="background-color:#e5e5e5;border-top:1pt solid #000;padding:0 1pt"></td><td colspan="3" style="background-color:#e5e5e5;border-top:1pt solid #000;padding:0 1pt"></td><td colspan="3" style="background-

Our Commercial Lines segment writes auto-related liability and physical damage insurance, business-related general liability and property insurance predominately for small businesses, and workers' compensation insurance primarily for the transportation industry. Our Property segment writes residential property insurance for homeowners, other property owners, and renters, and umbrella insurance. Our service businesses provide insurance-related services, including serving as an agent for homeowners, general liability, and workers' compensation insurance, among other products, through programs in our direct Personal Lines and Commercial Lines businesses. All segment revenues are generated from external customers; all intercompany transactions are eliminated in consolidation. Our management uses underwriting margin and combined ratio as primary measures of underwriting profitability. The underwriting margin is the pretax underwriting profit (loss) expressed as a percentage of net premiums earned (i.e., revenues from underwriting operations). Pretax underwriting profit (loss) is calculated as net premiums earned plus fees and other revenues, less: (i) losses and loss adjustment expenses; (ii) policy acquisition costs; and (iii) other underwriting expenses. Combined ratio is the complement of the underwriting margin. The Progressive Corporation and/or its insurance subsidiaries are named as defendants in various lawsuits arising out of claims made under insurance policies written by our insurance subsidiaries in the ordinary course of business. We consider all legal actions relating to such claims in establishing our loss and loss adjustment expense reserves. In addition, The Progressive Corporation and/or its insurance subsidiaries are named as defendants in a number of class action or individual lawsuits that challenge certain of the operations of the subsidiaries. The nature and volume of litigation pending against The Progressive Corporation and/or its insurance subsidiaries is similar to that which was disclosed in Note 12 – Litigation in our 2023 Annual Report to Shareholders. As of June 30, 2024, lawsuits have been certified or conditionally certified as class/collective actions in cases alleging: we improperly value total loss claims in Alabama, Colorado, Georgia, Indiana, New York, Pennsylvania, and South Carolina; we improperly fail to pay fees and taxes associated with total losses in Michigan and New York; we improperly calculate basic economic loss as it relates to wage loss coverage in New York; we improperly fail to timely process and pay personal injury protection claims in Texas; we improperly reduce or deny first-party medical benefits in Arkansas; and that certain of our compensation practices are improper. Other insurance companies face many of these same issues. We plan to contest the pending lawsuits vigorously, but may pursue settlement negotiations in some cases, as we deem appropriate. Although outcomes of pending cases are uncertain until final disposition, we establish accruals for these lawsuits when it is probable that a loss has been or will be incurred and we can reasonably estimate potential loss exposure, which may include a range of loss. As to lawsuits for which the loss is considered neither probable nor estimable, or is considered probable but not estimable, we do not establish an accrual. Nevertheless, we continue to evaluate pending litigation to determine if any losses not deemed probable and estimable become so, at which point we would establish an accrual at either our best estimate of the loss or the lower end of the range of loss. Lawsuits arising from insurance policies and operations, including but not limited to allegations involving claims adjustment and vehicle valuation, may be filed contemporaneously in multiple states. As of June 30, 2024, we are named as defendants in class action lawsuits pending in multiple states alleging that we improperly value total loss vehicle physical damage claims through the application of a negotiation adjustment in calculating such valuations, which includes seven states in which classes have been certified, as noted above, and lawsuits styled as putative class actions pending in additional states. These lawsuits, which were filed at different times by different plaintiffs, feature certain similar claims and also include different allegations and are subject to various state laws. While we believe we have meritorious defenses and we are vigorously contesting these lawsuits, an unfavorable result in, or a settlement of, a significant number of these lawsuits could, in aggregation, have a material adverse effect on our financial condition, cash flows, and/or results of operations. Based on information known at June 30, 2024, and except as to any settlements and accruals as described below, we determined that losses from these lawsuits are reasonably possible but neither probable nor reasonably estimable. With respect to our pending lawsuits that are not related to claims under insurance policies, the accruals that we have established were not material at June 30, 2024 and 2023, or December 31, 2023, and there were no material settlements during 2023 or the first six months of 2024. For most of these lawsuits, we do not consider any losses to be both probable and estimable, and we are unable to estimate a meaningful range of loss, if any, at this time, due to the factors discussed in Note 12 – Litigation in our 2023 Annual Report to Shareholders. In the event that any one or more of these lawsuits results in a substantial judgment against us, or settlement by us, or if our accruals (if any) prove to be inadequate, the resulting liability could have a material adverse effect on our consolidated financial condition, cash flows, and/or results of operations. For a further discussion on our pending litigation and related reserving policies, see Note 12 – Litigation in our 2023 Annual Report to Shareholders. ?falsefalsefalse During the second quarter 2024, John Murphy, Claims President, entered into a Rule 10b5-1 trading arrangement that is intended to satisfy the affirmative defense of Rule 10b5-1(c). The plan provides for: i) the sale of all of the shares upon vesting pursuant to certain outstanding equity awards previously granted to Mr. Murphy, excluding any shares withheld by the company to satisfy tax withholding obligations (see the 2024 Proxy Statement for a description of the company's equity compensation plans) and, ii) the gifting of 500 shares held by Mr. Murphy, some of which may have been the result of a prior vesting event. The arrangement will expire February 28, 2025, subject to the arrangement's earlier expiration or completion in accordance with its terms. This plan was entered into on May 16, 2024.
