GRANITE CONSTRUCTION INCORPORATED
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. General

Basis of Presentation: The condensed consolidated financial statements included herein have been prepared by Granite Construction Incorporated ("we," "us," "our," the "Company" or "Granite") pursuant to the rules and regulations of the Securities and Exchange Commission, are unaudited and should be read in conjunction with our Annual Report on Form 10-K for the year ended December 31, 2023 ("Annual Report"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") have been condensed or omitted. Further, the condensed consolidated financial statements reflect, in the opinion of management, all normal recurring adjustments necessary to state fairly our financial position at March 31, 2024 and the results of our operations and cash flows for the periods presented. The December 31, 2023 condensed consolidated balance sheet data included herein was derived from audited consolidated financial statements but does not include all disclosures required by U.S. GAAP.

During the first quarter of 2024, we reorganized our operational structure to more closely align with our two reportable segments, Construction and Materials. Previously, leaders within our three operating groups of California, Central and Mountain managed both Construction and Materials operations within each group. This change will allow us to better leverage our expertise within each reportable segment with leadership having direct oversight of their respective segment operations. As a result of the reorganization, we will no longer disclose financial information by operating group. There were no material impacts to our unaudited condensed consolidated financial statements and no changes to our reportable segments.

Due to the changes in our operational structure and the resulting changes to reporting units, we performed quantitative goodwill impairment tests, immediately before and after the reorganization, on the affected reporting units. These reporting units previously aligned with our operating group structure, but have now been combined into two reporting units, Construction and Materials. The reporting units associated with the acquisition of Lehman-Roberts Company and Memphis Stone & Gravel Company (collectively, "LRC/MSG") were not impacted by the reorganization. For each of the affected reporting units, we calculated the estimated fair value consistent with the annual impairment assessment using the discounted cash flows and market multiple methods. These tests indicated that the estimated fair values of the affected reporting units exceeded their carrying amounts with headroom in excess of 25 %.

Seasonality: Our operations are typically affected more by weather conditions during the first and fourth quarters of our fiscal year which may alter our construction schedules and can create variability in our revenues and profitability. Therefore, the results of operations for the three months ended March 31, 2024 are not necessarily indicative of the results to be expected for the full year.

2. Recently Issued and Adopted Accounting Pronouncements

We closely monitor all Accounting Standards Updates issued by the Financial Accounting Standards Board and other authoritative guidance. No new accounting pronouncements were adopted in the three months ended March 31, 2024 that had a material impact on our financial statements.

3. Acquisitions

On April 24, 2023, we acquired Coast Mountain Resources (2020) Ltd. ("CMR"). CMR is a construction aggregate producer based in British Columbia, Canada operating on Malahat First Nation land. CMR results are reported in the Materials segment. This acquisition did not have a material impact on our financial statements.

On November 30, 2023 ("acquisition date"), we completed the acquisition of LRC/MSG for \$ 278.0 million, subject to customary closing adjustments, plus an estimated amount related to tax make-whole agreements with the seller. We purchased all of the outstanding equity interests in LRC/MSG and the purchase price was funded by a \$ 150.0 million senior secured term loan, as described further in Note 14, a draw of \$ 100 million under our existing revolver, which was fully repaid during the three months ended March 31, 2024, and the remainder from cash on hand.

The acquired businesses are longstanding asphalt paving and asphalt and aggregates producers and suppliers. LRC/MSG operates strategically located asphalt plants and sand and gravel mines serving the greater Memphis area and northern Mississippi.

The buyer of LRC/MSG, Granite Southeast, is a wholly-owned subsidiary of Granite Construction Incorporated, and its results have been included in the Construction and Materials segments since the acquisition date. LRC/MSG's customers are in both the public and private sectors. We have accounted for this transaction in accordance with Accounting Standards Codification ("ASC") Topic 805, Business Combinations ("ASC 805").

GRANITE CONSTRUCTION INCORPORATED
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED
(Unaudited)

Revenue and gross loss attributable to LRC/MSG for the three months ended March 31, 2024 was \$ 14.0 million and \$ 8.5 million, respectively. During the three months ended March 31, 2024, we incurred an immaterial amount of pre-tax integration expenses associated with the LRC/MSG acquisition which were primarily related to professional services.

Preliminary Purchase Price Allocation

In accordance with ASC 805, the total purchase price and assumed liabilities were allocated to the net tangible and identifiable intangible assets based on their estimated fair values as of the acquisition date, as presented in the table below. These estimates are subject to revision, which may result in adjustments to the values presented below. There are certain provisional estimates that are subject to finalization, one of which is related to tax make-whole agreements with the seller of approximately \$ 24.0 million, which will be finalized upon the former owners of LRC/MSG paying their personal tax burden related to the sale of the businesses. During the three months ended March 31, 2024, we made measurement period adjustments to reflect facts and circumstances in existence as of the acquisition date. These adjustments included a \$ 4.6 million net increase from net working capital adjustments and a \$ 2.0 million increase in the estimated obligation associated with the tax make-whole agreements noted above, offset by a \$ 0.6 million net increase in the value of the net tangible and identifiable intangible assets acquired. The impact of these adjustments was an increase in goodwill of \$ 6.0 million. We paid \$ 6.1 million during the three months ended March 31, 2024 for net working capital adjustments associated with the acquisition of LRC/MSG.

As we continue to integrate the acquired business, we may obtain additional information on the acquired identifiable intangible assets which, if significant, may require revisions to preliminary valuation assumptions, estimates and resulting fair values. We expect to finalize these amounts within 12 months from the acquisition date.

The following table presents the preliminary purchase price allocation:

4. Revisions in Estimates

Our profit recognition related to construction contracts is based on estimates of transaction price and costs to complete each project. These estimates can vary significantly in the normal course of business as projects progress, circumstances develop and evolve, and uncertainties are resolved. Changes in estimates of transaction price and costs to complete may result in the

GRANITE CONSTRUCTION INCORPORATED
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED
(Unaudited)

reversal of previously recognized revenue if the current estimate adversely differs from the previous estimate. In addition, the estimated or actual recovery related to estimated costs associated with unresolved affirmative claims and back charges may be recorded in future periods or may be at values below the associated cost, which can cause fluctuations in the gross profit impact from revisions in estimates.

When we experience significant revisions in our estimates, we undergo a process that includes reviewing the nature of the changes to ensure that there are no material amounts that should have been recorded in a prior period rather than as revisions in estimates for the current period. For revisions in estimates, generally we use the cumulative catch-up method for changes to the transaction price that are part of a single performance obligation. Under this method, revisions in estimates are accounted for in their entirety in the period of change. There can be no assurance that we will not experience further changes in circumstances or otherwise be required to revise our estimates in the future.

In our review of these changes for the three months ended March 31, 2024 and 2023, we did not identify any material amounts that should have been recorded in a prior period.

During the three months ended March 31, 2024, there was one project with an increase from revisions in estimates which had an impact to gross profit of \$ 7.4 million and a reduction of net loss of \$ 5.6 million, none of which was attributable to non-controlling interests. The revision decreased the net loss per diluted share attributable to common shareholders by \$ 0.13 . The increase was due to changes in the estimated transaction price related to unresolved contract modifications resulting from revisions to project work plans, permitting and schedule. There were no increases from revisions in estimates, which individually had an impact of \$ 5.0 million or more on gross profit, for the three months ended March 31, 2023.

The projects with decreases from revisions in estimates, which individually had an impact of \$ 5.0 million or more on gross profit, are summarized as follows (dollars in millions, except per share data):

	Three Months Ended March 31,	
	2024	2023
Number of projects with downward estimate changes	1	2
Range of reduction in gross profit from each project, net	\$ 7.7	\$ 6.2 - 11.4
Decrease to project profitability, net	\$ 7.7	\$ 17.6
Increase to net loss	\$ 5.8	\$ 13.1
Amounts attributable to non-controlling interests	\$ —	\$ 5.7
Increase to net loss attributable to Granite Construction Incorporated	\$ 5.8	\$ 7.5
Increase to net loss per diluted share attributable to common shareholders	\$ 0.13	\$ 0.17

The decrease during the three months ended March 31, 2024 was due to additional costs related to changes in project duration, lower productivity than originally anticipated and increased labor and materials costs. The decreases during the three months ended March 31, 2023 were due to additional costs related to extended project duration, increased labor and materials costs, lower productivity than originally anticipated and unfavorable weather.

5. Disaggregation of Revenue

As discussed in Note 1, during the first quarter of 2024, we reorganized our operational structure to more closely align with our two reportable segments, Construction and Materials. Previously, leaders within our three operating groups of California, Central and Mountain managed both Construction and Materials operations within each group. As a result of the reorganization, we will no longer disclose financial information by operating group and we have updated our presentation of disaggregated revenue. The prior year disaggregation of revenue amounts have been recast to conform with current period presentation.

Revenue is disaggregated by reportable segment (see Note 18) and customer type, which we believe best depicts how the nature, amount, timing and uncertainty of our revenue and cash flows are affected by economic factors.

Customer Type

Customers in our Construction segment are predominantly in the public sector which includes certain federal agencies, state departments of transportation, local transit authorities, county and city public works departments and school districts. Our private sector customers include, but are not limited to, developers, utilities and private owners of industrial, commercial and residential sites. Customers of our Materials segment include internal usage by our own construction

projects, as well as third-party customers. Based on the nature of the Materials business, it is not meaningful to disaggregate revenue by customer type.

The following table presents our revenue disaggregated by reportable segment and by customer type for the Construction segment:

	Three Months Ended March 31,	
	2024	2023
<i>(in thousands)</i>		
Construction segment revenue:		
Public	\$ 419,816	\$ 333,091
Private	175,397	170,325
Total Construction segment revenue	595,213	503,416
Materials segment revenue	77,062	56,652
Total revenue	\$ 672,275	\$ 560,068

6. Unearned Revenue

The following table presents our unearned revenue disaggregated by customer type as of the respective periods:

	March 31, 2024	December 31, 2023
Public	\$ 2,976,856	\$ 2,892,255
Private	629,848	704,421
Total	\$ 3,606,704	\$ 3,596,676

All unearned revenue is in the Construction segment. Approximately \$ 2.4 billion of the March 31, 2024 unearned revenue is expected to be recognized within the next twelve months and the remaining amount will be recognized thereafter.

7. Contract Assets and Liabilities

As a result of changes in contract transaction price related to performance obligations that were satisfied or partially satisfied prior to the end of the periods, we recognized revenue of \$ 84.3 million and \$ 44.2 million during the three months ended March 31, 2024 and 2023, respectively. The changes in contract transaction price for the three months ended March 31, 2024 and 2023 were from items such as executed or estimated change orders and unresolved contract modifications and claims.

As of March 31, 2024 and December 31, 2023, the aggregate claim recovery estimates included in contract asset and liability balances were \$ 75.1 million and \$ 77.9 million, respectively.

The components of the contract asset balances as of the respective dates were as follows:

	March 31, 2024	December 31, 2023
Costs in excess of billings and estimated earnings	\$ 142,853	\$ 100,106
Contract retention	163,151	162,881
Total contract assets	\$ 306,004	\$ 262,987

As of March 31, 2024 and December 31, 2023, contract retention receivable from Brightline Trains Florida LLC represented 9.5 % and 11.1 %, respectively, of total contract assets. No other contract retention receivable individually exceeded 10% of total contract assets at any of the presented dates. The majority of the contract retention balance is expected to be collected within one year.

As work is performed, revenue is recognized and the corresponding contract liabilities are reduced. We recognized revenue of \$ 198.3 million and \$ 123.0 million during the three months ended March 31, 2024 and 2023, respectively, that was included in the contract liability balances at December 31, 2023 and 2022, respectively.

Total contract liabilities	\$ 223,964	\$ 243,848

8. Receivables, net

Receivables include billed and unbilled amounts for services provided to clients for which we have an unconditional right to payment as of the end of the applicable period and generally do not bear interest. The following table presents major categories of receivables:

(in thousands)	March 31, 2024	December 31, 2023
Contracts completed and in progress:		
Billed	\$ 191,530	\$ 343,190

Total gross receivables	430,651	600,252
Less: allowance for credit losses	821	1,547
Total net receivables	\$ 429,830	\$ 598,705

Included in other receivables at March 31, 2024 and December 31, 2023 were items such as estimated recovery from back charge claims, notes receivable, fuel tax refunds and income tax refunds. Other receivables at March 31, 2024 and December 31, 2023 also included \$ 24.9 million of working capital contributions in the form of a loan to a partner in one of our unconsolidated construction joint ventures, plus accrued interest at prime plus 3.0 % per annum. None of our customers had a receivable balance in excess of 10 % of our total net receivables as of March 31, 2024 or December 31, 2023.

9. Fair Value Measurement

Interest Rate Swap

In connection with entering into Amendment No. 2 of the Fourth Amended and Restated Credit Agreement in November 2023, we entered into an interest rate swap designated as a cash flow hedge with an initial notional amount of \$ 75.0 million and an effective date of December 2023 and a maturity date of June 2027.

Commodity Derivatives

In 2023, we entered into collar contracts and commodity swaps to reduce our price exposure on diesel consumption and heating oil consumption, respectively. The collars and swaps were not designated as hedges and will be treated as a mark-to-market derivative instruments through their maturity dates. The financial statement impact of the collar contracts and commodity swaps for the three months ended March 31, 2024 and 2023 was immaterial.

In December 2022, we entered into a commodity swap designed as a cash flow hedge for crude oil with a notional amount of \$ 7.0 million and a maturity date of October 31, 2023. The financial statement impact of this swap during the three months ended March 31, 2023 was immaterial.

Other Assets and Liabilities

The carrying values and estimated fair values of financial instruments that are not required to be recorded at fair value in the condensed consolidated balance sheets were as follows:

(in thousands)	Fair Value Hierarchy	March 31, 2024		December 31, 2023

Fourth Amended and Restated Credit Agreement - Revolver (2)	Level 3	\$ —	\$ —	\$ 100,000	\$ 102,317

(1) All marketable securities were classified as held-to-maturity and consisted of U.S. Government and agency obligations as of March 31, 2024 and December 31, 2023.

(2) The fair values of our 2.75 % Convertible Notes and 3.75 % Convertible Notes are based on the median price of the notes in an active market. The fair value of the Fourth Amended and Restated Credit Agreement, as amended (the "Credit Agreement"), is based on borrowing rates available to us for long-term loans with similar terms, average maturities, and credit risk. See Note 14 for more information about the 2.75 % Convertible Notes, 3.75 % Convertible Notes and the Credit Agreement.

During the three months ended March 31, 2024 and 2023, we had no material nonfinancial asset and liability fair value adjustments.

10. Construction Joint Ventures

We participate in various construction joint ventures. We have determined that certain of these joint ventures are consolidated because they are variable interest entities ("VIEs") and we are the primary beneficiary. We continually evaluate whether there are changes in the status of the VIEs or changes to the primary beneficiary designation of the VIE. Based on our assessments during the three months ended March 31, 2024, we determined no change was required for existing joint ventures.

Due to the joint and several nature of the performance obligations under the related owner contracts, if any of our partners fail to perform, we and the remaining partners, if any, would be responsible for performance of the outstanding work (i.e., we provide a performance guarantee). We are not able to estimate amounts that may be required beyond the current remaining forecasted cost of the work to be performed. These forecasted costs could be offset by billings to the customer or by proceeds from our partners' corporate and/or other guarantees. See Note 13 for disclosure of the performance guarantee amounts recorded in the condensed consolidated balance sheets.

Consolidated Construction Joint Ventures ("CCJVs")

As of March 31, 2024, we were engaged in ten active CCJV projects. Our proportionate share of the equity in these joint ventures was between 50.0 % and 70.0 %. During the three months ended March 31, 2024 and 2023, total revenue from CCJVs was \$ 71.6 million and \$ 61.3 million, respectively. During the three months ended March 31, 2024 and 2023, CCJVs provided \$ 5.8 million and used \$ 24.8 million of operating cash flows, respectively. As of March 31, 2024, our share of revenue remaining to be recognized on these CCJVs was \$ 311.3 million and ranged from \$ 1.3 million to \$ 119.1 million by project.

Unconsolidated Construction Joint Ventures

As of March 31, 2024, we were engaged in five active unconsolidated construction joint venture projects. Our proportionate share of the equity in these unconsolidated construction joint ventures ranged from 30.0 % to 50.0 %. As of March 31, 2024, our share of the revenue remaining to be recognized on these unconsolidated construction joint ventures was \$ 39.9 million and ranged from \$ 1.2 million to \$ 29.8 million by project.

The following is summary financial information related to unconsolidated construction joint ventures:

(in thousands)	March 31, 2024	December 31, 2023

(2) Included in this balance as of March 31, 2024 and December 31, 2023 was \$ 66.6 million related to Granite's share of estimated cost recovery of customer affirmative claims. In addition, this balance included \$ 1.7 million related to Granite's share of estimated recovery of back charge claims as of March 31, 2024 and December 31, 2023, respectively.

(3) Partners' interest and adjustments includes amounts to reconcile total net assets as reported by our partners to Granite's interest adjusted to reflect our accounting policies and estimates primarily related to contract forecast differences.

(4) Included in this balance and in accrued expenses and other current liabilities on our condensed consolidated balance sheets was \$ 12.8 million and \$ 14.9 million as of March 31, 2024 and December 31, 2023, respectively, related to deficits in unconsolidated construction joint ventures, which includes provisions for losses.

Granite's share of net assets	\$ 92,677	\$ 92,910

(1) This balance is primarily related to local bank debt for equipment purchases and debt associated with our real estate investments.

Of the \$ 328.8 million of total affiliate assets as of March 31, 2024, we had investments in two real estate entities with total assets of \$ 40.6 million, our foreign affiliates had total assets of \$ 250.2 million and the asphalt terminal entity had total assets of \$ 38.0 million. As of March 31, 2024 and December 31, 2023, all of the investments in real estate affiliates were in residential real estate in Texas. As of March 31, 2024, our percent ownership in the real estate entities ranged from 10 % to 25 %. We have direct and indirect investments in our foreign affiliates, and our percent ownership in foreign affiliates

Credit Agreement

In June 2022, we entered into the Credit Agreement which matures on June 2, 2027. The Credit Agreement consisted of a \$ 350.0 million senior secured, five-year revolving credit facility (the "Revolver"), including an accordion feature allowing us to increase borrowings up to the greater of (a) \$ 200.0 million and (b) 100 % of twelve-month trailing consolidated EBITDA, subject to lender approval. The Credit Agreement includes a \$ 150.0 million sublimit for letters of credit (\$ 75.0 million for financial letters of credit) and a \$ 20.0 million sublimit for swingline loans. In May 2023, we entered into Amendment No. 1 to the Credit Agreement ("Amendment No. 1"). Amendment No. 1 amended the Credit Agreement to,

among other things, permit the Company to exchange its 2.75 % Convertible Notes for cash and shares of its common stock and to clarify that (i) the issuance of the 3.75 % Convertible Notes was permitted under the terms of the Credit Agreement and (ii) that a Swap Contract (as defined in the Credit Agreement) does not include any Permitted Call Spread Transaction (as defined in the Credit Agreement).

In November 2023, we entered into Amendment No. 2 to the Credit Agreement ("Amendment No. 2") which amended the Credit Agreement to, among other things, provide for a \$ 150.0 million senior secured term loan (the "Term Loan"), which was fully drawn on closing to fund the LRC/MSG acquisition. Borrowings under the Term Loan bear interest at term Secured Overnight Financing Rate ("SOFR") with an interest period of one, three or six months (at our option), or such other period that is twelve months or less and consented to by all lenders subject to a credit spread adjustment of 0.10 % for one-month and three-month daily simple SOFR and term SOFR and 0.25 % for six-month term SOFR, or a base rate (at our option), in each case, plus an applicable margin of between 1.25 % and 2.25 % for term SOFR loans and 0.25 % and 1.25 % for base rate loans, in each case, based on the our Consolidated Leverage Ratio (as defined in our Credit Agreement). The Term Loan will mature on June 2, 2027 and will amortize 5 % per year payable in quarterly installments that began in the first quarter of 2024.

We may borrow on the Revolver, at our option, at either (a) the SOFR term rate plus a credit adjustment spread plus applicable margin ranging from 1.0 % to 2.0 %, or (b) a base rate plus an applicable margin ranging from zero to 1.0 %. The applicable margin is based on our Consolidated Leverage Ratio (as defined in our Credit Agreement), calculated quarterly. As of March 31, 2024, the total unused availability under the Credit Agreement was \$ 333.3 million, resulting from \$ 16.7 million in issued and outstanding letters of credit and nothing drawn under the Revolver. The letters of credit had expiration dates between June 2024 and December 2027.

3.75 % Convertible Notes

On May 11, 2023, we issued \$ 373.8 million aggregate principal amount of our 3.75 % Convertible Notes. The 3.75 % Convertible Notes bear interest at a rate of 3.75 % per annum payable semiannually in arrears on May 15 and November 15 of each year, beginning on November 15, 2023 and mature on May 15, 2028, unless earlier converted, redeemed or repurchased. Prior to the close of business on the business day immediately preceding November 15, 2027, the 3.75 % Convertible Notes will be convertible at the option of the holders only upon the occurrence of certain events and during certain periods. Thereafter, the 3.75 % Convertible Notes will be convertible at the option of the holders at any time until the close of business on the second scheduled trading day immediately preceding the maturity date.

The initial conversion rate applicable to the 3.75 % Convertible Notes is 21.6807 shares of Granite common stock per \$1,000 principal amount of the 3.75 % Convertible Notes, which is equivalent to an initial conversion price of approximately \$ 46.12 per share of Granite common stock, subject to adjustment if certain events occur. Upon conversion, we will pay or deliver, as the case may be, cash, shares of Granite common stock or a combination of cash and shares of Granite common stock, at our election. In addition, upon the occurrence of a "fundamental change" as defined in the indenture governing the 3.75 % Convertible Notes, holders may require us to repurchase for cash all or any portion of their 3.75 % Convertible Notes at a fundamental change repurchase price equal to 100 % of the principal amount of the 3.75 % Convertible Notes to be repurchased plus any accrued and unpaid interest to, but excluding, the fundamental change repurchase date. If certain corporate events that constitute a "make-whole fundamental change" as set forth in the indenture governing the 3.75 % Convertible Notes occur prior to the maturity date of the 3.75 % Convertible Notes or if we deliver a notice of redemption, we will, in certain circumstances, increase the conversion rate for a holder who elects to convert its 3.75 % Convertible Notes in connection with such event or notice of redemption.

We will not be able to redeem the 3.75 % Convertible Notes prior to May 20, 2026. On or after May 20, 2026, we have the option to redeem for cash all or any portion of the 3.75 % Convertible Notes if the last reported sale price of our common stock is equal to or greater than 130 % of the conversion price for a specified period of time at a redemption price equal to 100 % of the principal amount of the 3.75 % Convertible Notes to be redeemed, plus any accrued but unpaid interest to, but excluding, the redemption date. The indenture governing the 3.75 % Convertible Notes contains customary events of default. In the case of an event of default arising from certain events of bankruptcy, insolvency or reorganization, with respect to us or our significant subsidiaries, all outstanding 3.75 % Convertible Notes will become due and payable immediately without further action or notice. If any other event of default occurs and is continuing, then the trustee or the holders of at least 25 % in aggregate principal amount of the 3.75 % Convertible Notes then outstanding may declare the 3.75 % Convertible Notes due and payable immediately.

The net proceeds from the sale of the 3.75 % Convertible Notes were approximately \$ 364.4 million, after deducting the initial purchasers' discount. We used approximately \$ 53.0 million of the net proceeds from the offering to pay the cost of the Capped Call Transactions (as described below). In addition, we used approximately \$ 198.8 million of the net proceeds

GRANITE CONSTRUCTION INCORPORATED
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

and issued 1,390,500 shares of Granite common stock in exchange for approximately \$ 198.7 million aggregate principal amount of our 2.75 % Convertible Notes concurrent with the offering in separate and individually negotiated transactions (the "Exchange Transaction"). In connection with the Exchange Transaction, we entered into partial unwind agreements (the "Unwind Agreements") with certain financial institutions to unwind a portion of the convertible note hedge and warrant transactions entered into in connection with the offering of the 2.75 % Convertible Notes. Pursuant to the Unwind Agreements, we received 1,390,516 shares of our common stock (and cash in lieu of any fractional shares) in respect of the unwind of the portion of the existing convertible note hedge transactions that correspond to the 2.75 % Convertible Notes that were exchanged in the Exchange Transaction described above and paid \$ 13.2 million in cash in respect of the unwind of the portion of the existing warrant transactions that correspond to the 2.75 % Convertible Notes that were exchanged in the Exchange Transaction described above.

Capped Call Transactions

In May 2023, we entered into capped call transactions (the "Capped Call Transactions") in connection with the offering of the 3.75 % Convertible Notes. The Capped Call Transactions are expected generally to reduce the potential dilution to Granite's common stock upon conversion of the 3.75 % Convertible Notes and/or offset any cash payments Granite is required to make in excess of the principal amount of converted 3.75 % Convertible Notes, as the case may be. If, however, the market price per share of Granite's common stock, as measured under the terms of the Capped Call Transactions, exceeds the cap price (\$ 79.83) of the Capped Call Transactions, there would nevertheless be dilution and/or there would not be an offset of such cash payments, in each case, to the extent that such market price exceeds the cap price of the Capped Call Transactions.

2.75 % Convertible Notes

The 2.75 % Convertible Notes were issued in November 2019 in an aggregate principal amount of \$ 230.0 million, with an interest rate of 2.75 % and a maturity date of November 1, 2024, unless earlier converted, redeemed or repurchased. The 2.75 % Convertible Notes are convertible at the option of the holders prior to the close of business on the business day before May 1, 2024 only during certain periods and upon the occurrence of certain events. After May 1, 2024, the 2.75 % Convertible Notes will be convertible at the option of the holders at any time until the close of business on the second scheduled trading day immediately preceding the maturity date. The conversion rate applicable to the 2.75 % Convertible Notes is 31.7776 shares of Granite common stock per \$1,000 principal amount of 2.75 % Convertible Notes, which is equivalent to a conversion price of approximately \$ 31.47 per share of Granite common stock. Upon conversion, we will pay or deliver, as the case may be, cash, shares of Granite common stock or a combination of cash and shares of Granite common stock, at our election. In addition, upon the occurrence of a "make-whole fundamental change" as defined in the indenture governing the 2.75 % Convertible Notes prior to the maturity date of the 2.75 % Convertible Notes or if we deliver a notice of redemption, we will, in certain circumstances, increase the conversion rate for a holder that elects to convert its 2.75 % Convertible Notes in connection with such a make-whole fundamental change or notice of redemption.

We have the option to redeem for cash all or any portion of the 2.75 % Convertible Notes if the last reported sale price of our common stock is equal to or greater than 130 % of the conversion price for a specified period of time at a redemption price equal to 100 % of the principal amount of the 2.75 % Convertible Notes to be redeemed, plus accrued and unpaid interest to, but excluding, the redemption date. Upon the occurrence of a "fundamental change" as defined in the indenture governing the 2.75 % Convertible Notes, holders may require us to repurchase for cash all or any portion of their 2.75 % Convertible Notes at a price equal to 100 % of the principal amount of the 2.75 % Convertible Notes to be repurchased plus any accrued and unpaid interest to, but excluding, the fundamental change repurchase date. The indenture governing the 2.75 % Convertible Notes contains customary events of default. In the case of an event of default arising from certain events of bankruptcy, insolvency or reorganization, with respect to us or our significant subsidiaries, all outstanding 2.75 % Convertible Notes will become due and payable immediately without further action or notice. If any other event of default occurs and is continuing, then the trustee or the holders of at least 25 % in aggregate principal amount of the 2.75 % Convertible Notes then outstanding may declare the notes due and payable immediately.

At March 31, 2024, \$ 31.3 million remained outstanding of our 2.75 % Convertible Notes.

Covenants and Events of Default

Our Credit Agreement requires us to comply with various affirmative, restrictive and financial covenants, including the financial covenants described below. Our failure to comply with these covenants would constitute an event of default under the Credit Agreement. Additionally, the 2.75 % Convertible Notes and 3.75 % Convertible Notes are governed by the terms and conditions of their respective indentures. Our failure to pay principal, interest or other amounts when due or within the relevant grace period on our 2.75 % Convertible Notes, our 3.75 % Convertible Notes or our Credit Agreement would

GRANITE CONSTRUCTION INCORPORATED
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED
(Unaudited)

constitute an event of default under the 2.75 % Convertible Notes indenture, the 3.75 % Convertible Note indenture or the Credit Agreement. A default under our Credit Agreement could result in (i) us no longer being entitled to borrow under such facility; (ii) termination of such facility; (iii) the requirement that any letters of credit under such facility be cash collateralized; (iv) acceleration of amounts owed under the Credit Agreement; and/or (v) foreclosure on any collateral securing the obligations under such facility. A default under the 2.75 % Convertible Notes indenture or the 3.75 % Convertible Notes indenture could result in acceleration of the maturity of the notes.

The most significant financial covenants under the terms of our Credit Agreement require the maintenance of a minimum Consolidated Interest Coverage Ratio and a maximum Consolidated Leverage Ratio. As of March 31, 2024, we were in compliance with all covenants contained in the Credit Agreement. We are not aware of any non-compliance by any of our unconsolidated real estate entities with the covenants contained in their debt agreements.

Debt Issuance Costs

During the three months ended March 31, 2024 and 2023, we recorded \$ 0.6 million and \$ 0.3 million, respectively, of amortization related to debt issuance costs.

15. Weighted Average Shares Outstanding and Net Loss Per Share

The following table presents a reconciliation of the weighted average shares of common stock used in calculating basic and diluted net loss per share as well as the calculation of basic and diluted net loss per share:

<i>(in thousands, except per share amounts)</i>	Three Months Ended March 31,	
	2024	2023
Numerator		
Net loss attributable to common shareholders	\$ (30,983)	\$ (23,023)
Denominator		
Weighted average common shares outstanding, basic	43,988	43,764
Weighted average common shares outstanding, diluted	43,988	43,764
 Net loss per share, basic		
	\$ (0.70)	\$ (0.53)
Net loss per share, diluted	\$ (0.70)	\$ (0.53)

Due to net losses for the three months ended March 31, 2024 and 2023, both the unvested RSUs representing 573,000 and 583,000 shares, respectively, and the potential dilution from the convertible notes converting into 9,099,000 and 7,309,000 shares, respectively, of common stock have been excluded from the calculation of diluted earnings per share, as their inclusion would have been antidilutive. In connection with the issuance of the 3.75 % Convertible Notes in May 2023, we entered into Capped Call Transactions, which were not included for purposes of calculating the number of diluted shares outstanding, as their effect would have been anti-dilutive.

16. Income Taxes

The following table presents the benefit from income taxes for the respective periods:

<i>(dollars in thousands)</i>	Three Months Ended March 31,	
	2024	2023
Benefit from income taxes	\$ (9,526)	\$ (9,469)
Effective tax rate	24.4 %	26.9 %

Our effective tax rate for the three months ended March 31, 2024 is lower than the prior year primarily due to an increased year-over-year benefit of permanent tax adjustments.

17. Contingencies - Legal Proceedings

Liabilities relating to legal proceedings and government inquiries, to the extent that we have concluded such liabilities are probable and the amounts of such liabilities are reasonably estimable, are recorded in the consolidated balance sheets. Disclosure is required when a material loss is probable but not reasonably estimable, a material loss is reasonably possible but not probable, or when it is reasonably possible that the amount of a loss will exceed the amount recorded. The total

GRANITE CONSTRUCTION INCORPORATED
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED
(Unaudited)

liabilities recorded in our condensed consolidated balance sheets for legal proceedings and government inquiries were immaterial as of March 31, 2024 and December 31, 2023.

It is possible that future developments in our legal proceedings and inquiries could require us to (i) adjust or reverse existing accruals, or (ii) record new accruals that we did not originally believe to be probable or that could not be reasonably estimated. Such changes could be material to our financial condition, results of operations and/or cash flows in any particular reporting period.

Ordinary Course Legal Proceedings

In the ordinary course of business, we and our affiliates are involved in various legal proceedings alleging, among other things, liability issues or breach of contract or tortious conduct in connection with the performance of services and/or materials provided, the various outcomes of which often cannot be predicted with certainty. For information on our accounting policies regarding affirmative claims and back charges that we are party to in the ordinary course of business, see Note 1 of our Annual Report. We and our affiliates are also subject to government inquiries in the ordinary course of business seeking information concerning our compliance with government construction contracting requirements and various laws and regulations, the outcomes which often cannot be predicted with certainty.

Some of the matters in which we or our joint ventures and affiliates are involved may involve compensatory, punitive, or other claims or sanctions that, if granted, could require us to pay damages or make other expenditures in amounts that are not probable to be incurred or cannot currently be reasonably estimated. In addition, in some circumstances our government contracts could be terminated, we could be suspended, debarred or incur other administrative penalties or sanctions, or payment of our costs could be disallowed. While any of our pending legal proceedings may be subject to early resolution as a result of our ongoing efforts to resolve the proceedings, whether or when any legal proceeding will be resolved is neither predictable nor guaranteed.

18. Reportable Segment Information

Our reportable segments are the same as our operating segments and correspond with how our chief operating decision maker, or decision-making group (our "CODM"), regularly reviews financial information to allocate resources and assess performance. We identified our CODM as our Chief Executive Officer and our Chief Operating Officer. Our reportable segments are: Construction and Materials.

Summarized segment information is as follows (in thousands):

Three Months Ended March 31,	Construction	Materials	Total
2024			
Total revenue from reportable segments	\$ 595,213	\$ 88,704	\$ 683,917

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis should be read in conjunction with our Annual Report on Form 10-K for the year ended December 31, 2023 (our "Annual Report") and the unaudited condensed consolidated financial statements and the accompanying notes thereto included herein.

Forward-Looking Disclosure

From time to time, Granite makes certain comments and disclosures in reports and statements, including in this Quarterly Report on Form 10-Q, or statements made by its officers or directors, that are not based on historical facts, including statements regarding future events, occurrences, circumstances, strategy, activities, performance, outlook, outcomes, guidance, capital expenditures, committed and awarded projects, results and strategic actions, that may constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are identified by words such as "future," "outlook," "assumes," "believes," "expects," "estimates," "anticipates," "intends," "plans," "appears," "may," "will," "should," "could," "would," "continue," and the negatives thereof or other comparable terminology or by the context in which they are made. In addition, other written or oral statements that constitute forward-looking statements have been made and may in the future be made by or on behalf of Granite. These forward-looking statements are estimates reflecting the best judgment of senior management and reflect our current expectations regarding future events, occurrences, circumstances, strategy, activities, performance, outlook, outcomes, guidance, capital expenditures, committed and awarded projects, results, and strategic actions. These expectations may or may not be realized. Some of these expectations may be based on beliefs, assumptions or estimates that may prove to be incorrect. In addition, our business and operations involve numerous risks and uncertainties, many of which are beyond our control, which could result in our expectations not being realized or otherwise materially affect our business, financial condition, results of operations, cash flows and liquidity. Such risks and uncertainties include, but are not limited to, those more specifically described in our Annual Report under "Item 1A. Risk Factors." Due to the inherent risks and uncertainties associated with our forward-looking statements, the reader is cautioned not to place undue reliance on them. The reader is also cautioned that the forward-looking statements contained herein speak only as of the date of this Quarterly Report on Form 10-Q and, except as required by law, we undertake no obligation to revise or update any forward-looking statements for any reason.

Overview

We deliver infrastructure solutions for public and private clients primarily in the United States. We are one of the largest diversified construction and construction materials companies in the United States. Within the public sector, we primarily concentrate on infrastructure projects, including the construction of streets, roads, highways, mass transit facilities, airport infrastructure, bridges, dams, power-related facilities, utilities, tunnels, water well drilling and other infrastructure-related projects. Within the private sector, we perform various services such as site preparation, mining services and infrastructure services for commercial and industrial sites, railways, residential development, energy development, as well as provide construction management professional services.

The five primary economic drivers of our business are (i) the overall health of the U.S. economy including access to resources (labor, supplies and subcontractors); (ii) federal, state and local public funding levels; (iii) population growth resulting in public and private development; (iv) the need to build, replace or repair aging infrastructure; and (v) the pricing of certain commodity related products. Changes in these drivers can either reduce our revenues and/or gross profit margins or provide opportunities for revenue growth and gross profit margin improvement.

During the first quarter of 2024, we reorganized our operational structure to more closely align with our two reportable segments, Construction and Materials. Previously, leaders within our three operating groups of California, Central and Mountain managed both Construction and Materials operations within each group. This change will allow us to better leverage our expertise within each reportable segment with leadership having direct oversight of their respective segment operations. As a result of the reorganization, we will no longer disclose financial information by operating group. There were no material impacts to our unaudited condensed consolidated financial statements and no changes to our reportable segments.

Current Economic Environment and Outlook

Funding for our public work projects, which account for approximately 80% of our portfolio, is dependent on federal, state, regional and local revenues. At the federal level, the continued rollout of the \$1.2 trillion Infrastructure Investment and Jobs Act ("IIJA") has increased federal highway, bridge and transit funding to its highest level in more than six decades with \$550 billion in incremental funding over five years. We believe that the increased multi-year spending commitment has improved the programming visibility for state and local governments and drove an increase in project lettings starting in 2023 that will continue in 2024 and beyond.

At state, regional and local levels, voter-approved state and local transportation measures continue to support infrastructure spending. While each market is unique, we see a strong funding environment at the state and local levels aided by the IIJA. In California, our top revenue-generating state, a significant part of the state infrastructure spend is funded through Senate Bill 1 (SB-1), the Road Repair and Accountability Act of 2017, which is a 10-year, \$54.2 billion program without any sunset provisions.

Over the recent years, inflation, supply chain and labor constraints have had a significant impact on the global economy including the construction industry in the United States. While it is impossible to fully eliminate the impact of these factors, we have applied proactive measures such as fixed forward purchase contracts of oil related inputs, energy surcharges, and adjustment of project schedules for constraints related to construction materials such as concrete. While we actively work to mitigate the impacts of oil price inflation, further price increases may adversely impact us in the future.

Our Committed and Awarded Projects ("CAP") balance continues to be strong with \$5.5 billion at the end of the first quarter of 2024. Our CAP is supported by a positive public funding environment and resilient private market which we believe will provide further opportunities for continued CAP growth.

Acquisitions

As previously disclosed, we completed two acquisitions during 2023. The results of operations of these businesses are included in our consolidated financial statements from the dates of acquisition, therefore current quarter results relating to these businesses are not comparable to the first quarter of 2023.

On April 24, 2023, we acquired Coast Mountain Resources (2020) Ltd. ("CMR"). CMR is a construction aggregate producer based in British Columbia, Canada operating on Malahat First Nation land.

On November 30, 2023, we acquired Lehman-Roberts Company and Memphis Stone & Gravel Company (collectively, "LRC/MSG"). LRC/MSG operates strategically located asphalt plants and sand and gravel mines serving the greater Memphis area and northern Mississippi.

See Note 3 of "Notes to the Condensed Consolidated Financial Statements" for further information.

Results of Operations

Our operations are typically affected more by inclement weather conditions during the first and fourth quarters of our fiscal year which may alter our construction schedules and can create variability in our revenues and profitability. Therefore, the results of operations of a given quarter are not indicative of the results to be expected for the full year.

The following table presents a financial summary for the three months ended March 31, 2024 and 2023:

(in thousands)	Three Months Ended March 31,	
	2024	2023
Total revenue	\$ 672,275	\$ 560,068
Gross profit	\$ 54,285	\$ 32,359
Selling, general and administrative expenses	\$ 87,993	\$ 73,122
Other costs, net	\$ 11,010	\$ 4,523
Operating loss	\$ (43,300)	\$ (43,249)
Total other income, net	\$ (4,332)	\$ (8,008)
Amount attributable to non-controlling interests	\$ (1,541)	\$ 2,749

Revenue

Total Revenue by Segment

(dollars in thousands)	Three Months Ended March 31,	
	2024	2023
Construction	\$ 595,213	88.5 % \$ 503,416
Materials	77,062	11.5 \$ 56,652
Total	\$ 672,275	100.0 % \$ 560,068

Construction Revenue

(dollars in thousands)	Three Months Ended March 31,				
	2024	2023			
Public	\$ 419,816	70.5 %	\$ 333,091	66.2 %	
Private	175,397	29.5	170,325	33.8	
Total	595,213	100.0 %	503,416	100.0 %	

Construction revenue for the three months ended March 31, 2024 increased by \$91.8 million, or 18.2%, when compared to 2023. This increase was led by operations in California, Utah and the Midwest driven by more favorable weather conditions in 2024 and higher levels of CAP going into the current quarter. CAP of \$5.5 billion at December 31, 2023 was \$1.1 billion, or 24% higher than December 31, 2022. Additionally, our acquired businesses contributed \$5.9 million of construction revenue during the three months ended March 31, 2024.

Materials Revenue

Materials revenue for the three months ended March 31, 2024 was \$77.1 million, an increase of \$20.4 million, or 36.0%, when compared to the three months ended March 31, 2023. This increase was driven by revenue from acquired businesses of \$10.3 million, higher asphalt and aggregate sales prices and increased sales volumes as a result of more favorable weather conditions.

Committed and Awarded Projects

CAP consists of two components: (1) unearned revenue and (2) other awards. Unearned revenue includes the revenue we expect to record in the future on executed contracts, including 100% of our consolidated joint venture contracts and our proportionate share of unconsolidated joint venture contracts. We generally include a project in unearned revenue at the time a contract is awarded, the contract has been executed and to the extent we believe funding is probable. Contract options and task orders are included in unearned revenue when exercised or issued, respectively. Certain government contracts where funding is appropriated on a periodic basis are included in unearned revenue at the time of the award when it is probable the contract value will be funded and executed.

Other awards include the general construction portion of construction management/general contractor ("CM/GC") contracts and awarded contracts with unexercised contract options or unissued task orders. The general construction portion of CM/GC contracts are included in other awards to the extent contract execution and funding is probable. Contracts with unexercised contract options or unissued task orders are included in other awards to the extent option exercise or task order issuance is probable. All CAP is in the Construction segment.

(dollars in thousands)	March 31, 2024		December 31, 2023	
Unearned revenue	\$ 3,606,704	65.6 %	\$ 3,596,676	64.9 %
Other awards	1,892,425	34.4	1,949,078	35.1
Total	\$ 5,499,129	100.0 %	\$ 5,545,754	100.0 %

(dollars in thousands)	March 31, 2024		December 31, 2023	
Customer type:				
Public	\$ 4,397,792	80.0 %	\$ 4,368,904	78.8 %
Private	1,101,337	20.0	1,176,850	21.2
Total	\$ 5,499,129	100.0 %	\$ 5,545,754	100.0 %

CAP was \$5.5 billion at both March 31, 2024 and December 31, 2023. Significant additions to CAP during the three months ended March 31, 2024 included a \$51 million road widening project in Arizona, \$50 million for three highway projects in California and a \$31 million highway improvement project in Washington, all of which are for customers in the public sector.

Non-controlling partners' share of CAP as of March 31, 2024 and December 31, 2023 was \$219.4 million and \$243.8 million, respectively.

At March 31, 2024, five contracts with remaining CAP of \$10 million or more per project had total forecasted losses with remaining revenue of \$201.4 million, or 3.7%, of total CAP.

Gross Profit

The following table presents gross profit (loss) by reportable segment for the respective periods:

	Three Months Ended March 31,	
	2024	2023
Construction	\$ 56,828	\$ 36,705
Percent of segment revenue	9.5 %	7.3 %
Materials	(2,543)	(4,346)
Percent of segment revenue	(3.3)%	(7.7)%
Total gross profit	\$ 54,285	\$ 32,359
Percent of total revenue	8.1 %	5.8 %

Construction gross profit for the three months ended March 31, 2024 increased by \$20 million, or 54.8%, when compared to 2023 primarily due to higher revenue and less negative net impacts from revisions in estimates in the current period. For further discussion of projects with revisions in estimates which individually had an impact of \$5.0 million or more on gross profit, see Note 4 of "Notes to the Condensed Consolidated Financial Statements." This gross profit improvements was somewhat offset by a gross loss from acquired businesses of \$4.8 million, including purchase accounting related depreciation and intangible asset amortization of \$2.5 million. See Note 3 of "Notes to the Condensed Consolidated Financial Statements" for further information about acquisitions.

Materials gross loss for the three months ended March 31, 2024 decreased by \$1.8 million, when compared to 2023. The decreased loss was primarily due to higher sales prices but was partially offset by losses from acquired businesses during the quarter. Acquired businesses recognized a gross loss of \$3.4 million, of which \$1.7 million was due to purchase accounting related depreciation and intangible asset amortization.

Selling, General and Administrative Expenses

The following table presents the components of selling, general and administrative expenses for the respective periods:

<i>(dollars in thousands)</i>	Three Months Ended March 31,	
	2024	2023
Selling		
Salaries and related expenses	\$ 17,474	\$ 16,362
Stock-based compensation	593	829
Other selling expenses	1,496	1,439
Total selling	19,563	18,630
General and administrative		
Salaries and related expenses	28,574	26,365
Stock-based compensation	11,759	4,713
Other general and administrative expenses	28,097	23,414
Total general and administrative	68,430	54,492
Total selling, general and administrative	\$ 87,993	\$ 73,122
Percent of revenue	13.1 %	13.1 %

Selling Expenses

Selling expenses include the costs for estimating and bidding including offsetting customer reimbursements for portions of our selling/bid submission expenses (i.e., stipends), business development and materials facility permits. Selling expenses can vary depending on the volume of projects in process and the number of employees assigned to estimating and bidding activities. As projects are completed or the volume of work slows down, we temporarily redeploy project employees to bid on new projects, moving their salaries and related costs from cost of revenue to selling expenses. Selling expenses for the three months ended March 31, 2024 were relatively flat when compared to 2023.

General and Administrative Expenses

General and administrative expenses include costs related to our operational offices that are not allocated to direct contract costs and expenses related to our corporate functions. Other general and administrative expenses include travel and

[Table of Contents](#)

entertainment, outside services, information technology, depreciation, occupancy, training, office supplies, incentive compensation, changes in the fair market value of our Non-Qualified Deferred Compensation plan liability and other miscellaneous expenses. Total general and administrative expenses for the three months ended March 31, 2024 increased by \$13.9 million, or 25.6% when compared to the same period in 2023, primarily due to a \$7.0 million increase in stock-based compensation due to improved financial performance as well as \$4.5 million of general and administrative expenses from acquired businesses, including \$1.0 million of purchase accounting related depreciation and intangible asset amortization.

Other Costs, net

The following table presents other costs, net for the respective periods:

(in thousands)	Three Months Ended March 31,	
	2024	2023
Other costs, net	\$ 11,010	\$ 4,523

During the three months ended March 31, 2024, Other costs, net increased \$6.5 million compared to prior year. These increases were primarily due to higher costs in the current year associated with the defense of a former Company officer in his ongoing civil litigation with the Securities and Exchange Commission.

Other Income, net

(in thousands)	Three Months Ended March 31,	
	2024	2023
Interest income	\$ (6,702)	\$ (3,762)
Interest expense	8,083	2,891
Equity in income of affiliates, net	(3,970)	(5,187)
Other income, net	(1,743)	(1,950)
Total other income, net	\$ (4,332)	\$ (8,008)

During the three months ended March 31, 2024, total other income, net decreased \$3.7 million compared to prior year. This decrease was primarily due to an increase of \$5.2 million in interest expense as a result of increased borrowings in 2024. See Note 14 of "Notes to the Condensed Consolidated Financial Statements" for more information. This was partially offset by an increase in interest income of \$2.9 million mainly from higher interest rates and higher cash balances.

Income Taxes

The following table presents the benefit from income taxes for the respective periods:

(dollars in thousands)	Three Months Ended March 31,	
	2024	2023
Benefit from income taxes	\$ (9,526)	\$ (9,469)
Effective tax rate	24.4 %	26.9 %

We calculate our income tax provision (benefit) at the end of each interim period by estimating our annual effective tax rate, applying that rate to our income or loss before tax and adjusting for discrete items not included in our estimate of the annual effective tax rate. The effect of changes in enacted tax laws, tax rates or tax status is recognized in the interim period in which the change occurs. See Note 16 of "Notes to the Condensed Consolidated Financial Statements" for more information.

Amount Attributable to Non-controlling Interests

The following table presents the amount attributable to non-controlling interests in consolidated subsidiaries for the respective periods:

(in thousands)	Three Months Ended March 31,	
	2024	2023
Amount attributable to non-controlling interests	\$ (1,541)	\$ 2,749

The amount attributable to non-controlling interests represents the non-controlling owners' share of the net (income) or loss of our consolidated construction joint ventures. During the three months ended March 31, 2023, we had one consolidated construction joint venture with a negative impact from revisions in estimates, which did not recur in 2024 (see Note 4 of "Notes to the Condensed Consolidated Financial Statements").

Liquidity and Capital Resources

Our primary sources of liquidity are cash and cash equivalents, investments, available borrowing capacity under our credit facility and cash generated from operations. We may also from time-to-time issue and sell equity, debt or hybrid securities or engage in other capital markets transactions or sell one or more business units or assets. See Note 14 of the "Notes to the Condensed Consolidated Financial Statements" for information on our Credit Agreement, our 3.75% Convertible Notes and our 2.75% Convertible Notes.

Our material cash requirements include paying the costs and expenses associated with our operations, servicing outstanding indebtedness, making capital expenditures and paying dividends on our capital stock. We may also from time to time prepay or repurchase outstanding indebtedness, repurchase shares of our common stock or acquire assets or businesses that are complementary to our operations.

We believe our primary sources of liquidity will be sufficient to meet our expected working capital needs, capital expenditures, financial commitments, cash dividend payments and other liquidity requirements associated with our existing operations for the next twelve months. We also believe our primary sources of liquidity, access to debt and equity capital markets and cash expected to be generated from operations will be sufficient to meet our long-term requirements and plans. However, there can be no assurance that sufficient capital will continue to be available or that it will be available on terms acceptable to us.

As of March 31, 2024, our cash and cash equivalents consisted of deposits and money market funds held with established national financial institutions and marketable securities consisting primarily of U.S. Government and agency obligations.

As of March 31, 2024, the total unused availability under our Credit Agreement was \$333.3 million, resulting from \$16.7 million in issued and outstanding letters of credit and nothing drawn the Revolver. See Note 14 of "Notes to the Condensed Consolidated Financial Statements."

As of March 31, 2024, we had \$1.2 million of receivables and \$29.1 million of contract retention receivables from Brightline Trains Florida LLC ("Brightline") (see Note 7 of "Notes to the Condensed Consolidated Financial Statements"). As of the date of this report, all \$1.2 million of the receivables are past due. Our project with Brightline is nearing completion and final payment, including the retention receivable, will be due to us no later than 40 days after all conditions of final completion are satisfied. We expect to achieve final completion in the second quarter of 2024; however, timing cannot be assured. Brightline has experienced delays in securing additional funding in the past, therefore the timing and probability of future payments may be affected, and our liquidity impacted if Brightline faces future funding difficulties.

In evaluating our liquidity position and needs, we also consider cash and cash equivalents held by our consolidated construction joint ventures ("CCJVs"). The following table presents our cash, cash equivalents and marketable securities, including amounts from our CCJVs, as of the respective dates:

<i>(in thousands)</i>	March 31, 2024	December 31, 2023
Cash and cash equivalents excluding CCJVs	\$ 184,631	\$ 297,439
CCJV cash and cash equivalents (1)	137,121	120,224
Total consolidated cash and cash equivalents	321,752	417,663
Short-term marketable securities (2)	15,500	35,863
Total cash, cash equivalents and marketable securities	\$ 337,252	\$ 453,526

(1) The volume and stage of completion of contracts from our CCJVs may cause fluctuations in joint venture cash and cash equivalents between periods. The assets of each consolidated and unconsolidated construction joint venture relate solely to that joint venture. The decision to distribute joint venture assets must generally be made jointly by a majority of the members and, accordingly, these assets, including those associated with estimated cost recovery of customer affirmative claims and back charge claims, are generally not available for the working capital needs of Granite until distributed.

(2) All marketable securities were classified as held-to-maturity and consisted of U.S. Government and agency obligations as of March 31, 2024 and December 31, 2023.

Granite's portion of CCJV cash and cash equivalents was \$83.5 million and \$73.1 million as of March 31, 2024 and December 31, 2023, respectively. Excluded from the table above is \$39.3 million and \$34.2 million as of March 31, 2024 and December 31, 2023, respectively, of Granite's portion of unconsolidated construction joint venture cash and cash equivalents.

Capital Expenditures

Major capital expenditures are typically for aggregate and asphalt production facilities, aggregate reserves, construction equipment, buildings and leasehold improvements and investments in our information technology systems. The timing and amount of such expenditures can vary based on the progress of planned capital projects, the type and size of construction projects, changes in business outlook and other factors. During the three months ended March 31, 2024, we had capital expenditures of \$27.9 million, compared to \$40.5 million, during the three months ended March 31, 2023. The decrease year over year is primarily due to acquisition of materials reserves in 2023. We currently anticipate 2024 capital expenditures to be approximately \$130 million to \$150 million, including approximately \$50 million in planned strategic materials investments in land, reserves and an aggregate plant. This range also includes approximately \$20 million related to a project-specific tunnel boring machine.

Cash Flows

(in thousands)	Three Months Ended March 31,	
	2024	2023
Net cash provided by (used in):		
Operating activities	\$ 24,073	\$ (76,688)
Investing activities	\$ (10,762)	\$ (24,336)
Financing activities	\$ (109,222)	\$ 6,784

Operating activities

As a large infrastructure contractor and construction materials producer, our revenue, gross profit and the resulting operating cash flows can differ significantly from period to period due to a variety of factors, including project progression toward completion, outstanding contract change orders and affirmative claims, and the payment terms of our contracts. Additionally, operating cash flows are impacted by the timing related to funding construction joint ventures and the resolution of uncertainties inherent in the complex nature of the work that we perform, including claim and back charge settlements. Our working capital assets result from both public and private sector projects. Customers in the private sector can be slower paying than those in the public sector; however, private sector projects generally have higher gross profit as a percentage of revenue. While we typically invoice our customers on a monthly basis, our contracts frequently provide for retention that is a specified percentage withheld from each payment by our customers until the contract is completed and the work accepted by the customer.

Cash provided by operating activities of \$24.1 million for the three months ended March 31, 2024 represents a \$100.8 million increase in cash provided by operating activities when compared to the same period of 2023. The change was primarily attributable to an \$80.0 million increase in cash provided by working capital, which includes receivables, net contract assets, inventories, other assets, accounts payable and accrued expenses and other liabilities. Additionally, distributions, net of contributions, from unconsolidated construction joint ventures and affiliates increased \$6.8 million when compared to the same period of 2023.

Investing activities

Cash used in investing activities of \$10.8 million for the three months ended March 31, 2024 represents a \$13.6 million decrease in cash used in investing activities when compared to the same period of 2023. The change was primarily due to \$12.6 million less property and equipment purchases compared to the same period 2023 and increased cash provided by marketable securities activity of \$10.0 million, partially offset by an outflow of \$6.1 million for net working capital adjustments associated with the acquisition of LRC/MSG (see Note 3 of "Notes to the Condensed Consolidated Financial Statements").

Financing activities

Cash used in financing activities of \$109.2 million for the three months ended March 31, 2024 represents a \$116.0 million increase in cash used in financing activities when compared to the same period of 2023. The change was primarily due to repayment of the balance drawn on our revolving credit facility, which had \$100 million outstanding as of December 31, 2023. See Note 14 of the "Notes to the Condensed Consolidated Financial Statements" for further information about our credit facility. The year over year increase in cash used in financing activities was also due to a decrease in contributions from non-controlling partners, net of distributions, of \$10.2 million.

Derivatives

We recognize derivative instruments as either assets or liabilities in the condensed consolidated balance sheets at fair value using Level 2 inputs. See Note 9 to "Notes to the Condensed Consolidated Financial Statements" for further information.

Surety Bonds and Real Estate Mortgages

We are generally required to provide various types of surety bonds that provide an additional measure of security under certain public and private sector contracts. At March 31, 2024, approximately \$3.2 billion of our \$5.5 billion CAP was bonded. Performance bonds do not have stated expiration dates; rather, we are generally released from the bonds after the owner accepts the work performed under contract. The ability to maintain bonding capacity to support our current and future level of contracting requires that we maintain cash and working capital balances satisfactory to our sureties.

Our investments in real estate affiliates are subject to mortgage indebtedness. This indebtedness is non-recourse to Granite but is recourse to the real estate entities. The terms of this indebtedness are typically renegotiated to reflect the evolving nature of the real estate projects as they progress through acquisition, entitlement and development. Modification of these terms may include changes in loan-to-value ratios requiring the real estate entity to repay portions of the debt. Our unconsolidated investments in our foreign affiliates are subject to local bank debt primarily for equipment purchases and working capital. This debt is non-recourse to Granite, but it is recourse to the affiliates. The debt associated with our unconsolidated non-construction entities is included in Note 10 of "Notes to the Condensed Consolidated Financial Statements."

Covenants and Events of Default

Our Credit Agreement requires us to comply with various affirmative, restrictive and financial covenants, including the financial covenants described below. Our failure to comply with these covenants would constitute an event of default under the Credit Agreement. Additionally, the 2.75% Convertible Notes and 3.75% Convertible Notes are governed by the terms and conditions of their respective indentures. Our failure to pay principal, interest or other amounts when due or within the relevant grace period on our 2.75% Convertible Notes, our 3.75% Convertible Notes or our Credit Agreement would constitute an event of default under the 2.75% Convertible Notes indenture, the 3.75% Convertible Note indenture or the Credit Agreement. A default under our Credit Agreement could result in (i) us no longer being entitled to borrow under such facility; (ii) termination of such facility; (iii) the requirement that any letters of credit under such facility be cash collateralized; (iv) acceleration of amounts owed under the Credit Agreement; and/or (v) foreclosure on any collateral securing the obligations under such facility. A default under the 2.75% Convertible Notes indenture or the 3.75% Convertible Notes indenture could result in acceleration of the maturity of the notes.

The most significant financial covenants under the terms of our Credit Agreement require the maintenance of a minimum Consolidated Interest Coverage Ratio and a maximum Consolidated Leverage Ratio. As of March 31, 2024, we were in compliance with the covenants in the Credit Agreement.

Share Repurchase Program

As announced on February 3, 2022, on February 1, 2022, the Board of Directors authorized us to purchase up to \$300.0 million of our common stock at management's discretion (the "2022 authorization"). There were no share repurchases under the 2022 authorization in the three months ended March 31, 2024 and \$231.5 million remained available as of March 31, 2024.

The specific timing and amount of any future repurchases will vary based on market conditions, securities law limitations and other factors.

Website Access

Our website address is www.graniteconstruction.com. On our website we make available, free of charge, our Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and any amendments to those reports as soon as reasonably practicable after such material is electronically filed with or furnished to the Securities and Exchange Commission ("SEC"). Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

There has been no material change in our exposure to market risk from what was previously disclosed in our Annual Report.

Item 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and our Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act")) as of March 31, 2024. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of March 31, 2024, our disclosure controls and procedures were effective to

provide reasonable assurance that information required to be disclosed by us in reports we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms and that information required to be disclosed by us in the reports we file or submit under the Exchange Act is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting during the quarter ended March 31, 2024 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. LEGAL PROCEEDINGS

The description of the matters set forth in Part I, Item I of this Report under Note 17 of "Notes to the Condensed Consolidated Financial Statements" is incorporated herein by reference.

Item 1A. RISK FACTORS

There have been no material changes in the risk factors previously disclosed in "Item 1A. Risk Factors" in our Annual Report.

Item 2. UNREGISTERED SALES OF EQUITY SECURITIES, USE OF PROCEEDS, AND ISSUER PURCHASES OF EQUITY SECURITIES

The following table sets forth information regarding the repurchase of shares of our common stock during the three months ended March 31, 2024:

Period	Total number of shares purchased (1)	Average price paid per share	Total number of shares purchased as part of publicly announced plans or programs	Approximate dollar value of shares that may yet be purchased under the plans or programs (2)
January 1, 2024 through January 31, 2024	256	\$ 49.00	—	\$ 231,535,405
February 1, 2024 through February 29, 2024	855	\$ 48.58	—	\$ 231,535,405
March 1, 2024 through March 31, 2024	134,323	\$ 54.81	—	\$ 231,535,405
	135,434	\$ 54.76	—	

(1) The number of shares purchased was in connection with employee tax withholding for restricted stock units vested under our equity incentive plans.

(2) As announced on February 3, 2022, on February 1, 2022, the Board of Directors authorized us to purchase up to \$300.0 million of our common stock at management's discretion. The specific timing and amount of any future purchases will vary based on market conditions, securities law limitations and other factors.

Item 4. MINE SAFETY DISCLOSURES

The information concerning mine safety violations or other regulatory matters required by Section 1503(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 104 of Regulation S-K (17CFR 229.104) is included in Exhibit 95 to this Quarterly Report on Form 10-Q.

Item 5. OTHER INFORMATION

Trading Arrangements

During the three months ended March 31, 2024, none of the Company's directors or "officers," as defined in Rule 16a-1(f) of the Exchange Act, adopted, modified, or terminated a "Rule 10b5-1 trading arrangement" or a "non-Rule 10b5-1 trading arrangement," as each term is defined in Item 408 of Regulation S-K.

MINE SAFETY DISCLOSURE

We operate surface mines in the United States and Canada to produce construction aggregates. The operations of our mines in the United States are subject to regulation by the Federal Mine Safety and Health Administration ("MSHA") under the Federal Mine Safety and Health Act of 1977 (the "Mine Act").

The chart below contains information regarding certain reportable and non-reportable mining safety and health citations or orders that MSHA issued during the quarter ended March 31, 2024 associated with our mining operations:
