Nature of Operations and Basis of Presentation Packaging Corporation of America ("we," "us," "our," PCA," or the "Company") was incorporated on January 25, 1999. In April 1999, PCA acquired the containerboard and corrugated packaging products business of Pactiv Corporation ("Pactiv"), formerly known as Tenneco Packaging, Inc. We are a large diverse manufacturer of both packaging and paper products. We are headquartered in Lake Forest, Illinois and we operate primarily in the United States.We report our business in three reportable segments: Packaging, Paper, and Corporate and Other. Our Packaging segment produces a wide variety of containerboard and corrugated packaging products. The Paper segment manufactures and sells a range of communication-based papers. Corporate and Other includes support staff services and related assets and liabilities, transportation assets, and activity related to other ancillary support operations. For more information about our segments, see Note 18, Segment Information. The consolidated financial statements of PCA as of June 30, 2024 and for the three and six months ended June 30, 2024 and 2023 are unaudited but include all adjustments (consisting only of normal recurring adjustments) that management considers necessary for a fair presentation of such financial statements. The preparation of the consolidated financial statements involves the use of estimates and accruals. Actual results may vary from those estimates. These financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with Article 10 of Regulation S-X of the Securities and Exchange Commission (SEC). Accordingly, they do not include all of the information and notes required by accounting principles generally accepted in the United States for complete audited financial statements. Operating results for the three and six months ended June 30, 2024 are not necessarily indicative of the results that may be expected for the year ending December 31, 2024. These consolidated financial statements should be read in conjunction with our Annual Report on Form 10-K for the year ended December 31, 2023.The consolidated financial statements include the accounts of PCA and its majority-owned subsidiaries after elimination of intercompany balances and transactions. 2. New Accounting Standards In December 2023, the FASB issued ASU 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures. This ASU provides for more transparency about income tax information through improvements to income tax disclosures primarily related to the rate reconciliation and income taxes paid information. This ASU is effective for fiscal years beginning after December 15, 2024 on a prospective basis. Early adoption is permitted. The Company is currently assessing the impact of the disclosure requirements on its consolidated financial statements.In November 2023, the FASB issued ASU 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures. This ASU improves reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses. This ASU is effective for fiscal years beginning after December 15, 2023 and interim periods starting within fiscal years beginning after December 15, 2024 on a retrospective basis. Early adoption is permitted. The Company is currently assessing the impact of the disclosure requirements on its consolidated financial statements.There were no other accounting standards recently issued that had or are expected to have a material impact on our financial position or results of operations. Â 3. RevenueRevenue RecognitionRevenue is recognized when control of the promised goods or services is transferred to customers in an amount that reflects the consideration expected to be received in exchange for those goods or services. Sales, value added, and other taxes collected concurrently with revenue-producing activities are excluded from revenue.The following table presents our revenues disaggregated by product line (dollars in millions):Â Â Â Three Months Ended June 30, Â Â Six Months Ended June 30, Â Â Â 2024 Â Â 2023 Â Â 2024 Â Â 2023 Â Packaging Â $ 1,908.3 Â Â $ 1,790.3 Â Â Â $ 3,706.5 Â Â Â $ 3,598.9 Â Paper Â Â 150.1 Â Â Â 142.8 Â Â Â 313.9 Â Â Â 293.7 Â Corporate and Other Â Â 16.9 Â Â Â 19.0 Â Â Â 34.4 Â Â Â 35.8 Â Total revenue Â $ 2,075.3 Â Â $ 1,952.1 Â Â $ 4,054.8 Â Â $ 3,928.4 Â Packaging RevenueOur containerboard mills produce linerboard and corrugating medium which are papers primarily used in the production of corrugated products. The majority of our containerboard production is used internally by our corrugated products manufacturing facilities. The remaining containerboard is sold to outside domestic and export customers. Our corrugated products manufacturing plants produce a wide variety of corrugated 5 Â packaging products and retail merchandise displays. We sell corrugated products to national, regional and local accounts, which are broadly diversified across industries and geographic locations.The Company recognizes revenue for its packaging products when performance obligations under the terms of a contract with a customer are satisfied. This occurs with the transfer of control of our products at a specific point in time. Based on our express terms and conditions of the sale of products to our customers, as well as terms included in contractual arrangements with our customers, we do not have an enforceable right of payment that includes a reasonable profit throughout the duration of the contract for products that do not have an alternative use. Revenue is recognized when the product is shipped from the mill or from our manufacturing facility to our customer. Certain customers may receive volume-based incentives, which are accounted for as variable consideration. We estimate these amounts based on the expected amount to be provided to customers and reduce revenue recognized.Certain customers receive a portion of their packaging products as consigned inventory with billing triggered once the customer uses or consumes the designated product. Prior to invoicing, these amounts are handled as unbilled receivables. Total unbilled receivables, which are immaterial in amount, are included in the accounts receivable financial statement caption.Paper RevenueWe manufacture and sell a range of communication-based papers. Communication papers consist of cut-size office papers, and printing and converting papers. The Company recognizes revenue for its paper products when performance obligations under the terms of a contract with a customer are satisfied. This occurs with the transfer of control of our products at a specific point in time. Revenue is recognized when the product is shipped from the mill or from our manufacturing

facility or distribution center to our customer. Certain customers may receive incentives, which are accounted for as variable consideration. We estimate these amounts based on the expected amount to be provided to customers and reduce revenue recognized.Corporate and Other RevenueRevenue in this segment primarily relates to Louisiana Timber Procurement Company, L.L.C. ("LTP"), a variable-interest entity that is 50% owned by PCA and 50% owned by Boise Cascade Company ("Boise Cascade"). PCA is the primary beneficiary of LTP and has the power to direct the activities that most significantly affect the economic performance of LTP. Therefore, we consolidate 100% of LTP in our financial statements. See Note 17, Transactions With Related Parties, for more information related to LTP.The Company recognizes revenue within this segment when performance obligations under the terms of a contract with a customer are satisfied. This occurs with the transfer of control of our products at a specific point in time.Practical Expedients and ExemptionShipping and handling fees billed to a customer are recorded on a gross basis in "Net sales" with the corresponding shipping and handling costs included in "Cost of sales" in the concurrent period as the revenue is recorded. We expense sales commissions when incurred because the amortization period is one year or less. Sales commissions are recorded in "Selling, general, and administrative expenses". We do not disclose the value of unsatisfied performance obligations for contracts with an original expected duration of one year or less. Â 4. Compensation expense for share-based awards recognized in the Consolidated Statements of Income, net of forfeitures, was as follows (dollars in millions):Â Â Â Three Months Ended June 30, Â Â Six Months Ended June 30, Â Â Â 2024 Â Â 2023 Â Â 2024 Â Â 2023 Â Restricted stock Â $ 6.0 Â Â $ 5.6 Â Â $ 19.9 Â Â $ 17.5 Â Performance units Â Â 3.9 Â Â Â 3.9 Â Â Â 9.3 Â Â Â 7.3 Â Total share-based compensation expense Â Â 9.9 Â Â Â 9.5 Â Â Â 29.2 Â Â Â 24.8 Â Income tax benefit Â Â (2.5) Â Â (2.4) Â Â (7.3) Â Â (6.2) Share-based compensation expense, net of tax benefit Â $ 7.4 Â Â $ 7.1 Â Â $ 21.9 Â Â $ 18.6 Â Â The fair value of restricted stock is determined based on the closing price of the Companyâ€™s stock on the grant date. Compensation expense, net of estimated forfeitures, is recorded over the requisite service period. As PCAâ€™s Board of Directors has the ability to accelerate the vesting of these awards upon an employeeâ€™s retirement, the Company accelerates the recognition of compensation expense for certain employees approaching normal retirement age.Performance unit awards granted to certain key employees are earned based on the achievement of defined performance rankings of Return on Invested Capital (ROIC) or Total Shareholder Return (TSR) compared to ROIC and TSR for peer companies. For performance unit awards made in 2024 and 2023, in terms of grant date value, 50% used TSR as the performance measure and 50% used ROIC as the performance measure. The ROIC component of performance unit awards is valued based on the closing price of the stock on the grant date. As the ROIC component contains a performance condition, compensation expense, net of estimated forfeitures, is recorded over the requisite service period based on the most probable number of awards expected to vest. The TSR component of performance unit awards is valued using a Monte Carlo simulation as the TSR component contains a market condition. The Monte Carlo simulation estimates the fair value of the TSR component based on the expected term of the award, a risk-free interest rate, expected dividends, and expected volatility of the Companyâ€™s common stock and the common stock of the peer companies. Compensation expense is recorded ratably over the expected term of the award.The unrecognized compensation expense for all share-based awards at June 30, 2024 was as follows (dollars in millions): Â Â Â June 30, 2024 Â Â Â Unrecognized Compensation Expense Â Â RemainingWeighted AverageRecognitionPeriod (in years) Â Restricted stock Â $ 39.4 Â Â Â 2.8 Â Performance units Â Â 31.9 Â Â Â 2.5 Â Total unrecognized share-based compensation expense Â $ 71.3 Â Â Â 2.7 Â Â 15. Stockholders' Equity DividendsDuring the six months ended June 30, 2024, we paid $224.2 million of dividends to shareholders. On May 8, 2024, PCAâ€™s Board of Directors declared a regular quarterly cash dividend of $1.25 per share of common stock, which was paid on July 15, 2024 to shareholders of record as of June 14, 2024. The dividend payment was $112.3 million. Repurchases of Common StockOn January 26, 2022, PCA announced that its Board of Directors authorized the repurchase of an additional $1 billion of the Companyâ€™s outstanding common stock. Repurchases may be made from time to time in open market or privately negotiated transactions in accordance with applicable securities regulations. The timing and amount of repurchases will be determined by the Company in its discretion based on factors such as PCAâ€™s stock price and market and business conditions. The company did not repurchase any shares of its common stock under this authority during the three and six months ended June 30, 2024. At June 30, 2024, $436.0 million of the authorized amount remained available for repurchase of the Companyâ€™s common stock.12 Â Accumulated Other Comprehensive Income (Loss)Changes in accumulated other comprehensive income (loss) (AOCI) by component were as follows (dollars in millions). costs, partially offset by higher sales and production volumes, lower scheduled mill outage expenses, lower other converting costs, and lower freight and logistics expense. Strong market conditions continued in the second quarter. This drove a new all-time containerboard production record of 1.3 million tons in order to service corrugated products and containerboard demand which grew stronger each month. Corrugated products shipments per day were up 9.2% compared to the second quarter of 2023. Prices and mix moved higher from first quarter levels as we continued to implement price increases that were communicated to customers in the first and second quarters of 2024. Paper segment income from operations was $27 million in the second quarter of 2024, compared to $29 million in the second quarter of 2023. Paper segment EBITDA excluding special items was $31 million in the second quarter of 2024, compared to $39 million in the second quarter of 2023. The decrease was due to lower prices and mix and higher scheduled mill outage expenses, partially offset by higher sales and production volumes and lower operating costs. Packaging segment income from operations was $484 million in the first six months of 2024, compared to $554 million in the same period in 2023. Packaging segment EBITDA excluding special items was $726 million in the first six months of 2024 compared to $797 million in the first six months of 2023. The decrease in EBITDA excluding special items was due primarily to lower prices and mix, higher operating costs, higher expenses related to corrugated plant capital projects and other costs, and higher scheduled outage expenses, partially offset by higher sales and production volumes, lower other converting costs, and lower freight and logistics expenses. Paper segment income from operations was $56 million in the first six months of 2024, compared to $63 million in the first six months of 2023. Paper segment EBITDA excluding special items was $71 million in the first six months of 2024, compared to $80 million in the same period in 2023. The decrease in EBITDA excluding special items was due to lower prices and mix and higher scheduled mill outage expenses, partially offset by higher sales and production volumes, lower operating costs, and lower freight and logistic expenses. 16 Â Special Items and Earnings per Diluted Share, Excluding Special Items A reconciliation of reported earnings per diluted share to earnings per diluted share, excluding special items, for the three and six months ended June 30, 2024 and 2023 is as follows: Â Â Â Three Months Ended Â Â Six Months Ended Â Â Â June 30, Â Â June 30, Â Â Â 2024 Â Â 2023 Â Â 2024 Â Â 2023 Â Earnings per diluted share, as reported Â $ 2.21 Â Â $ 2.24 Â Â $ 3.84 Â Â $ 4.35 Â Special items: Â Jackson mill conversion-related activities (a) Â Â â€” Â Â Â 0.04 Â Â Â 0.08 Â Â Â 0.05 Â Facilities closure and other costs (b) Â Â â€” Â Â Â 0.03 Â Â Â â€” Â Â Â 0.11 Â Total special items Â Â â€” Â Â Â 0.07 Â Â Â 0.08 Â Â Â 0.16 Â Earnings per diluted share, excluding special items Â Â $ 2.20 (c) Â Â $ 2.31 Â Â $ 3.92 Â Â $ 4.51 Â Â (a)For the three and six months ended June 30, 2024, includes $0.6 million of income and $9.7 million of charges, respectively, related to the announced discontinuation of production of UFS paper grades on the No. 3 machine at the Jackson, Alabama mill associated with the permanent conversion of the machine to produce linerboard and other paper-to-containerboard conversion related activities. For the three and six months ended June 30, 2023, these amounts were $4.4 million and $5.7 million, respectively. Included in this Item 2 are various non-GAAP financial measures, including diluted EPS excluding special items, segment income excluding special items and EBITDA excluding special items. Management excludes special items as it believes these items are not necessarily reflective of the ongoing results of operations of our business. We present these measures because they provide a means to evaluate the performance of our segments and our Company on an ongoing basis using the same measures that are used by our management, because these measures assist in providing a meaningful comparison between periods presented and because these measures are frequently used by investors and other interested parties in the evaluation of companies and the performance of their segments. A reconciliation of diluted EPS to diluted EPS excluding special items is included above and the reconciliations of other non-GAAP measures used in this Managementâ€™s Discussion and Analysis of Financial Condition and Results of Operations, to the most comparable measure reported in accordance with GAAP, are included in Item 2 under â€œReconciliations of Non-GAAP Financial Measures to Reported Amounts.â€ Any analysis of non-GAAP financial measures should be done in conjunction with results presented in accordance with GAAP. The non-GAAP measures are not intended to be substitutes for GAAP financial measures and should not be used as such. Industry and Business Conditions Trade publications reported North American industry-wide corrugated products shipments were up 1.1% in total and down (0.5%) per workday with one additional shipping day during the second quarter of 2024 compared to the same quarter of 2023. Reported industry containerboard production increased 7.5% compared to the second quarter of 2023. Reported industry containerboard inventories at the end of the second quarter of 2024 were approximately 2.7 million tons, up 1.6% compared to the same period in 2023. Reported containerboard export shipments were up 39.5% compared to the second quarter of 2023. In February 2024, index prices increased $40 per ton for linerboard and $60 per ton for corrugating medium, followed by an additional increase in June 2024 of $40 per ton for linerboard and corrugating medium. The market for communication papers competes heavily with electronic data transmission and document storage alternatives. Increasing shifts to these alternatives have reduced usage of traditional print media and communication papers. Trade publications reported North American UFS paper shipments were down (2.7%) in the second quarter of 2024 compared to the same quarter of 2023. Average prices reported by a trade publication for cut size office papers were higher by $33 per ton, or 2.4% in the second quarter of 2024, compared to the first quarter of 2024, and lower by $40 per ton, or (2.7%), compared to the second quarter of 2023. In January 2024, index prices declined $40 per ton for cut size office papers and $20 per ton for offset printing papers, followed by $20 per ton price increases in April and May 2024 for both cut size office papers and offset printing papers. Outlook Looking ahead into the third quarter, we expect prices and mix in both our Packaging and Paper segments to improve as we continue to implement price increases previously communicated to customers along with higher containerboard export prices. Although there is one less shipping day for the corrugated business, we expect shipments-per-day to continue to strengthen, potentially setting a new third quarter record, and higher containerboard volume. With containerboard inventory below our target levels, we will attempt to build some inventory ahead of the scheduled maintenance outage at our Deridder mill in October. Paper volume is expected to be slightly lower primarily due to the timing of the back-to-school business received in the second quarter. Operating and converting costs should be higher primarily due to seasonal electricity usage and prices and slightly higher recycled fiber costs, with scheduled outage expenses expected to be slightly lower. Considering these items, we expect third quarter earnings to be higher than second quarter earnings. 17 Â Results of Operations Three Months Ended June 30, 2024, compared to Three Months Ended June 30, 2023 The historical results of operations of PCA for the three months ended June 30, 2024 and 2023 are set forth below (dollars in millions): Â Â Â Three Months Ended Â Â Â Â Â Â June 30, Â Â Â Â Â Â 2024 Â Â 2023 Â Â Change Â Packaging Â $ 1,908.3 Â Â $ 1,790.3 Â Â $ 118.0 Â Paper Â Â 150.1 Â Â Â 142.8 Â Â Â 7.3 Â Corporate and Other Â Â 62.1 Â Â Â 61.0 Â Â Â 1.1 Â Intersegment eliminations Â Â (45.2) Â Â (42.0) Â Â (3.2) Net sales Â $ 2,075.3 Â Â $ 1,952.1 Â Â $ 123.2 Â Â Â Â Â Â Â Â Â Â Â Â Packaging Â $ 279.8 Â Â $ 285.8 Â Â $ (6.0) Paper Â Â 26.7 Â Â Â 29.1 Â Â Â (2.4) Corporate and Other Â Â (30.5) Â Â (30.5) Â Â â€” Â Income from operations Â $ 276.0 Â Â $ 284.4 Â Â $ (8.4) Non-operating pension income (expense) Â Â 1.1 Â Â Â (2.0) Â Â 3.1 Â Interest expense, net Â Â (10.4) Â Â (14.6) Â Â 4.2 Â Income before taxes Â Â 266.7 Â Â Â 267.8 Â Â Â (1.1) Income tax provision Â Â (67.8) Â Â (65.1) Â Â (2.7) Net income Â $ 198.9 Â Â $ 202.7 Â Â $ (3.8) Non-GAAP Measures (a) Â Â Â Â Â Â Â Â Â Net income excluding special items Â $ 198.6 Â Â $ 208.9 Â Â $ (10.3) Consolidated EBITDA Â Â 404.5 Â Â Â 412.3 Â Â Â (7.8) Consolidated EBITDA excluding special items Â Â 404.0 Â Â Â 417.5 Â Â Â (13.5) Packaging EBITDA Â Â 399.9 Â Â Â 402.1 Â Â Â (2.2) Packaging EBITDA excluding special items Â Â 400.0 Â Â Â 405.3 Â Â Â (5.3) Paper EBITDA Â Â 31.2 Â Â Â 36.8 Â Â Â (5.6) Paper EBITDA excluding special items Â Â 30.6 Â Â Â 38.8 Â Â Â (8.2) Â (a)See â€œReconciliations of Non-GAAP Financial Measures to Reported Amountsâ€ included in this Item 2 for a reconciliation of non-GAAP measures to the most comparable GAAP measure. Gross Profit Gross profit decreased $7 million during the three months ended June 30, 2024, compared to the same period in 2023. The decrease was driven primarily by lower prices and mix in the Packaging segment and Paper segment, higher operating costs, and higher depreciation expense, partially offset by higher volume in the Packaging segment and Paper segment, lower other converting costs, and lower freight and logistics expenses. In the three months ended June 30, 2024, gross profit included no special items. In the three months ended June 30, 2023, gross profit included $3 million of special items for charges primarily related to Jackson mill conversion-related activities and closure costs related to corrugated products facilities. Selling, General, and Administrative Expenses Selling, general, and administrative expenses (â€œSG&Aâ€) increased $4 million during the three months ended June 30, 2024, compared to the same period in 2023. The increase was primarily due to higher employee-related expenses. 18 Â Other Income (Expense), Net Other income (expense), net, for the three months ended June 30, 2024 and 2023 are set forth below (dollars in millions): Â Â Â Three Months Ended Â Â Â June 30, Â Â Â 2024 Â Â 2023 Â Asset disposals and write-offs Â $ (8.0) Â $ (6.6) Jackson mill conversion-related activities Â Â 0.6 Â Â Â (1.8) Facilities closure and other costs Â Â (0.1) Â Â (2.4) DeRidder litigation Â Â (2.0) Â Â â€” Â DeRidder litigation insurance recovery Â Â 2.0 Â Â Â â€” Â Other Â Â (4.7) Â Â (3.9) Total Â $ (12.2) Â $ (14.7) Â We discuss these items in more detail in Note 5, Other Income (Expense), Net, of the Condensed Notes to Unaudited Quarterly Consolidated Financial Statements in â€œPart I, Item 1. Financial Statementsâ€ of this Form 10-Q. Income from Operations Income from operations decreased $8 million, or (3.0%), during the three months ended June 30, 2024, compared to the same period in 2023. The second quarter of 2024 included an insignificant amount of special items, compared to $8 million of special items expense primarily related to closure costs related to corrugated products facilities and Jackson mill conversion-related activities in the second quarter of 2023. Packaging. Packaging segment income from operations decreased $6 million to $280 million, compared to $286 million during the three months ended June 30, 2023. The decrease related primarily to lower containerboard and corrugated products prices and mix ($103 million), higher operating costs ($41 million), higher depreciation expense ($5 million) and other costs ($2 million), partially offset by higher sales and production volumes ($114 million), lower annual outage expenses ($10 million), lower other converting costs ($9 million), and lower freight expenses ($8 million). There was an insignificant amount of special items in the Packaging segment during the second quarter of 2024, compared to $4 million of expense primarily related to closure costs related to corrugated products facilities in the second quarter of 2023. Paper. Paper segment income from operations decreased $2 million to $27 million, compared to $29 million during the three months ended June 30, 2023. The decrease primarily related to lower prices and mix ($9 million) and higher annual outage expenses ($9 million), partially offset by higher sales and production volumes ($8 million), lower operating costs ($2 million), and lower depreciation expense ($1 million). There was an insignificant amount of special items in the Paper segment during the second quarter of 2024, compared to $4 million of expense for Jackson mill conversion-related activities in the second quarter of 2023. Non-Operating Pension Income, Interest Expense, Net and Income Taxes Non-operating pension income increased $3 million during the three months ended June 30, 2024, compared to the same period in 2023. The increase in non-operating pension income was related to favorable 2023 asset performance and favorable assumption changes. Interest expense, net for the three months ended June 30, 2024 decreased $4 million when compared to the same period in 2023. The decrease in interest expense, net was primarily due to higher interest income on invested cash in 2024 due to higher rates and higher cash balances. During the three months ended June 30, 2024, we recorded $68 million of income tax expense, compared to $65 million of expense during the three months ended June 30, 2023. The effective tax rate for the three months ended June 30, 2024 and 2023 was 25.4% and 24.3%, respectively. The increase in our effective tax rate for the three months ended June 30, 2024 compared to the same period in 2023 was primarily due to lower excess tax benefits associated with employee restricted stock and performance unit vests as well as lower favorable state tax law changes. 19 Â Six Months Ended June 30, 2024, compared to Six Months Ended June 30, 2023 The historical results of operations of PCA for the six months ended June 30, 2024 and 2023 are set forth below (dollars in millions): Â Â Â Six Months Ended Â Â Â Â Â Â June 30, Â Â Â Â Â Â 2024 Â Â 2023 Â Â Change Â Packaging Â $ 3,706.5 Â Â $ 3,598.9 Â Â $ 107.6 Â Paper Â Â 313.9 Â Â Â 293.7 Â Â Â 20.2 Â Corporate and Other Â Â 123.7 Â Â Â 121.6 Â Â Â 2.1 Â Intersegment eliminations Â Â (89.3) Â Â (85.8) Â Â (3.5) Net sales Â $ 4,054.8 Â Â $ 3,928.4 Â Â $ 126.4 Â Â Â Â Â Â Â Â Â Â Â Â Packaging Â $ 483.6 Â Â $ 553.7 Â Â $ (70.1) Paper Â Â 56.4 Â Â Â 63.2 Â Â Â (6.8) Corporate and Other Â Â (68.0) Â Â (61.9) Â Â (6.1) Income from operations Â $ 472.0 Â Â $ 555.0 Â Â $ (83.0) Non-operating pension income (expense) Â Â 2.2 Â Â Â (4.0) Â Â 6.2 Â Interest expense, net Â Â (19.9) Â Â (29.9) Â Â 10.0 Â Income before taxes Â Â 454.3 Â Â Â 521.1 Â Â Â (66.8) Income tax provision Â Â (108.4) Â Â (128.3) Â Â 19.9 Â Net income Â $ 345.9 Â Â $ 392.8 Â Â $ (46.9) Non-GAAP Measures (a) Â Â Â Â Â Â Â Â Â Net income excluding special items Â $ 353.2 Â Â $ 407.3 Â Â $ (54.1) Consolidated EBITDA Â Â 728.9 Â Â Â 812.5 Â Â Â (83.6) Consolidated EBITDA excluding special items Â Â 737.2 Â Â Â 822.4 Â Â Â (85.2) Packaging EBITDA Â Â 722.2 Â Â Â 788.9 Â Â Â (66.7) Packaging EBITDA excluding special items Â Â 726.2 Â Â Â 796.8 Â Â Â (70.6) Paper EBITDA Â Â 66.9 Â Â Â 77.9 Â Â Â (11.0) Paper EBITDA excluding special items Â Â 71.2 Â Â Â 79.9 Â Â Â (8.7) Â (a)See â€œReconciliations of Non-GAAP Financial Measures to Reported Amountsâ€ included in this Item 2 for a reconciliation of non-GAAP measures to the most comparable GAAP measure. Other Income (Expense), Net Other income (expense), net, for the six months ended June 30, 2024 and 2023 are set forth below (dollars in millions): Â Â Â Six Months Ended Â Â Â June 30, Â Â Â 2024 Â Â 2023 Â Asset disposals and write-offs Â $ (15.5) Â $ (13.2) Jackson mill conversion-related activities Â Â (7.6) Â Â (1.5) DeRidder litigation Â Â (125.7) Â Â â€” Â DeRidder litigation insurance recovery Â Â 125.7 Â Â Â â€” Â Facilities closure and other costs Â Â â€” Â Â Â (7.1) Other Â Â (11.7) Â Â (5.4) Total Â $ (34.8) Â $ (27.2) Â We discuss these items in more detail in Note 5, Other Income (Expense), Net, of the Condensed Notes to Unaudited Quarterly Consolidated Financial Statements in â€œPart I, Item 1. Financial Statementsâ€ of this Form 10-Q. Income from Operations Income from operations decreased $83 million, or (15.0%), during the six months ended June 30, 2024, compared to the same period in 2023. The first six months of 2024 included $10 million of special items expense primarily related to Jackson mill conversion-related costs, compared to $19 million of special items expense primarily related to corrugated facility closure costs and Jackson mill conversion-related costs in the same period in 2023. Packaging. Packaging segment income from operations decreased $70 million to $484 million during the first six months of 2024, compared to the same period last year. The decrease related primarily to lower containerboard and corrugated products prices and mix ($261 million), higher operating costs ($30 million), higher depreciation expense ($9 million), higher expenses related to corrugated plant capital projects and other costs ($8 million), and higher annual outage expenses ($2 million), partially offset by higher sales and production volumes ($201 million), lower other converting costs ($18 million), and lower freight expenses ($11 million). Special items during the first six months of 2024

included $4 million of expense related to Jackson mill conversion-related activities, compared to $13 million of expense related to corrugated facility closure costs in the same period in 2023. Paper. Paper segment income from operations decreased $7 million to $56 million, compared to the six months ended June 30, 2023. The decrease primarily related to lower prices and mix ($19 million), and higher annual outage expenses ($9 million), partially offset by higher sales and production volumes ($14 million), lower operating costs ($5 million), lower depreciation ($2 million), and lower freight expenses ($1 million). For both the six month periods ended June 30, 2024 and 2023, special items included $6 million of expense related to Jackson mill conversion-related activities. Non-Operating Pension Income, Interest Expense, and Income Taxes Non-operating pension income increased $6 million during the six months ended June 30, 2024, compared to the same period in 2023. The increase in non-operating pension income was related to favorable 2023 asset performance and favorable assumption changes. Interest expense, net decreased $10 million during the six months ended June 30, 2024, compared to the same period in 2023. The decrease in interest expense, net was primarily due to higher interest income on invested cash in 2024 due to higher rates and higher cash balances. During the six months ended June 30, 2024, we recorded $108 million of income tax expense, compared to $128 million of expense during the six months ended June 30, 2023. The effective tax rate for the six months ended June 30, 2024 and 2023 was 23.9% and 24.6%, respectively. The decrease in our effective tax rate for the six months ended June 30, 2024 compared to the same period in 2023 was primarily due to higher excess tax benefits associated with employee restricted stock and performance unit vests. 21 Â Liquidity and Capital Resources Sources and Uses of Cash Our primary sources of liquidity are net cash provided by operating activities and available borrowing capacity under our revolving credit facility. At June 30, 2024, we had $614 million of cash and cash equivalents, $559 million of marketable debt securities, and $323 million of unused borrowing capacity under the revolving credit facility, net of letters of credit. Currently, our primary uses of cash are for operations, capital expenditures, acquisitions, debt service, common stock dividends, and repurchases of common stock. We believe that net cash generated from operating activities, cash on hand, available borrowings under our revolving credit facility, and available capital through access to capital markets will be adequate to meet our liquidity and capital requirements, including payments of any declared common stock dividends, for the foreseeable future. As our debt or credit facilities become due, we will need to repay, extend, or replace such facilities. Our ability to do so will be subject to future economic conditions and financial, business, and other factors, many of which are beyond our control. Below is a summary table of our cash flows, followed by a discussion of our sources and uses of cash through operating activities, investing activities, and financing activities (dollars in millions): Â Â Â Six Months Ended Â Â Â Â Â Â June 30, Â Â Â Â Â Â 2024 Â Â 2023 Â Â Change Â Net cash provided by (used for): Â Â Â Â Â Â Â Â Â Â Operating activities Â $ 538.7 Â Â $ 640.3 Â Â $ (101.6) Investing activities Â Â (323.8) Â Â (242.2) Â Â (81.6) Financing activities Â Â (249.3) Â Â (241.0) Â Â (8.3) Net (decrease) increase in cash and cash equivalents Â $ (34.4) Â $ 157.1 Â Â $ (191.5) Operating Activities Our operating cash flow is primarily driven by our earnings and changes in operating assets and liabilities, such as accounts receivable, inventories, accounts payable and other accrued liabilities, as well as factors described below. Cash requirements for operating activities are subject to PCAâ€™s operating needs and the timing of collection of receivables and payments of payables and expenses. During the six months ended June 30, 2024, net cash provided by operating activities was $539 million, compared to $640 million in the same period in 2023, a decrease of $101 million. Cash from operations excluding changes in cash used for operating assets and liabilities decreased $36 million primarily due to lower income from operations in 2024 as discussed above. Cash from operations decreased by $65 million due to changes in operating assets and liabilities primarily due to the following: a)a net unfavorable change in prepaid expenses and other current assets during the first six months of 2024 compared to the same period in 2023 primarily due to the accrued receivable for the insurance recovery related to the DeRidder litigation; b)a net unfavorable change in accounts receivable during the first six months of 2024 compared to the same period in 2023 primarily due to an increase in accounts receivable levels for the Packaging segment in 2024 due to higher prices and sales volumes and an increase in interest receivables in the Corporate and Other segment in 2024 related to accrued interest on the proceeds received from the November 2023 debt refinancing; and c)a net unfavorable change in income taxes due to a smaller decrease of income tax receivables during the first six months of 2024 compared to the same period in 2023. These unfavorable changes were partially offset by the following: d)a net favorable change in accrued liabilities during the first six months of 2024 compared to the same period in 2023 primarily related to the accrued liability for the DeRidder trial compensatory damages and interest recorded during the first six months of 2024; and e)a net favorable change in accounts payable during the first six months of 2024 compared to the same period in 2023 primarily related to an increase in accounts payable levels during the first six months of 2024 due to an increase in cost of sales in 2024 and the timing of payments. Investing Activities We used $324 million for investing activities during the six months ended June 30, 2024 compared to $242 million during the same period in 2023. We spent $322 million for internal capital investments during the six months ended June 30, 2024, compared to $239 million during the same period in 2023. We expect capital investments in 2024 to be between $670 million and $690 million. These expenditures could increase or decrease as a result of a number of factors, including our financial results, strategic opportunities, future economic conditions, and our regulatory compliance requirements. We currently estimate capital expenditures to comply with environmental regulations will be about $15 million in 2024. Our estimated environmental expenditures could vary significantly depending upon the enactment of new environmental laws and regulations. Managementâ€™s Discussion and Analysis of Financial Condition and Results of Operationsâ€ of our 2023 Annual Report on Form 10-K. 22 Â Financing Activities During the six months ended June 30, 2024, net cash used for financing activities was $249 million, compared to $241 million of net cash used for financing activities during the same period in 2023. We paid $224 million of dividends during the first six months of 2024, compared to $225 million of dividends paid during the comparable period in 2023. In addition, we withheld shares to cover $24 million of employee restricted stock taxes during the first six months of 2024 compared to $16 million of employee restricted stock taxes withheld during the same period in 2023. Contractual Obligations There have been no material changes to the contractual obligations disclosed in Item 7. â€œManagementâ€™s Discussion and Analysis of Financial Condition and Results of Operationsâ€ of our 2023 Annual Report on Form 10-K. Reconciliations of Non-GAAP Financial Measures to Reported Amounts Income from operations excluding special items, net income excluding special items, EBITDA, and EBITDA excluding special items are non-GAAP financial measures. Management excludes special items, as it believes that these items are not necessarily reflective of the ongoing operations of our business. These measures are presented because they provide a means to evaluate the performance of our segments and our Company on an ongoing basis using the same measures that are used by our management, because these measures assist in providing a meaningful comparison between periods and because these measures are frequently used by investors and other interested parties in the evaluation of companies and the performance of their segments. Any analysis of non-GAAP financial measures should be done in conjunction with results presented in accordance with GAAP. The non-GAAP measures are not intended to be substitutes for GAAP financial measures and should not be used as such. To manage these risks, we may from time to time enter into transactions, including certain physical commodity transactions, that are determined to be derivatives. As of June 30, 2024, we are party to certain physical commodity transactions related to natural gas supply contracts. These contracts qualify for the normal purchase normal sale ("NPNS") exception, and we have elected that exception. For a discussion of derivatives and hedging activities, see Note 2, Summary of Significant Account Policies, of the Notes to Consolidated Financial Statements in â€œPart II, Item 8. Financial Statements and Supplementary Dataâ€ of our 2023 Annual Report on Form 10-K. At June 30, 2024, interest rates on 100% of PCAâ€™s outstanding debt are fixed. 24 Â Off-Balance-Sheet Activities The Company does not have any off-balance sheet arrangements as of June 30, 2024. Environmental Matters There have been no material changes to the disclosure set forth in Item 7. â€œManagementâ€™s Discussion and Analysis of Financial Condition and Results of Operations - Environmental Mattersâ€ filed with our 2023 Annual Report on Form 10-K. Critical Accounting Policies and Estimates Managementâ€™s discussion and analysis of financial condition and results of operations are based upon the Companyâ€™s consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. On an ongoing basis, PCA evaluates its estimates, including those related to business combinations, pensions and other postretirement benefits, goodwill and intangible assets, long-lived asset impairment, environmental liabilities, and income taxes, among others. PCA bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. PCA has included in its 2023 Annual Report on Form 10-K a discussion of its critical accounting policies and estimates which require managementâ€™s most difficult, subjective, or complex judgments used in the preparation of its consolidated financial statements. PCA has not had any changes to these critical accounting estimates during the first six months of 2024. New and Recently Adopted Accounting Standards For a listing of our new and recently adopted accounting standards, see Note 2, New and Recently Adopted Accounting Standards, of the Condensed Notes to Unaudited Quarterly Consolidated Financial Statements in â€œPart I, Item 1. Financial Statementsâ€ of this Form 10-Q. Forward-Looking Statements Some of the statements in this Quarterly Report on Form 10-Q, and in particular, statements found in this Managementâ€™s Discussion and Analysis of Financial Condition and Results of Operations, that are not historical in nature are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include statements about our expectations regarding our future liquidity, earnings, expenditures, and financial condition. These statements are often identified by the words â€œwill,â€ â€œshould,â€ â€œanticipate,â€ â€œbelieve,â€ â€œexpect,â€ â€œintend,â€ â€œestimate,â€ â€œhope,â€ or similar expressions. These statements reflect managementâ€™s current views with respect to future events and are subject to risks and uncertainties. There are important factors that could cause actual results to differ materially from those in forward-looking statements, many of which are beyond our control. These factors, risks and uncertainties include the following: â€¢the impact of general economic conditions; â€¢the impact of acquired businesses and risks and uncertainties regarding operation, expected benefits and integration of such businesses; â€¢containerboard, corrugated products, and white paper general industry conditions, including competition, product demand, product pricing, and input costs; â€¢fluctuations in wood fiber and recycled fiber costs; â€¢fluctuations in purchased energy costs; â€¢the possibility of unplanned outages or interruptions at our principal facilities; and â€¢legislative or regulatory actions or requirements, particularly concerning environmental or tax matters. Our actual results, performance or achievement could differ materially from those expressed in, or implied by, these forward-looking statements, and accordingly, we can give no assurances that any of the events anticipated by the forward-looking statements will transpire or occur, or if any of them do occur, what impact they will have on our results of operations or financial condition. Given these uncertainties, investors are cautioned not to place undue reliance on these forward-looking statements. We expressly disclaim any obligation to publicly revise any forward-looking statements that have been made to reflect the occurrence of events after the date hereof. For a discussion of other factors, risks and uncertainties that may affect our business, see Item 1A. Risk Factors included in our Annual Report on Form 10-K for the year ended December 31, 2023. 25 Â Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK For a discussion of market risks related to PCA, see Part I, Item 2, â€œManagementâ€™s Discussion and Analysis of Financial Condition and Results of Operations - Market Risk and Risk Management Policiesâ€ in this Quarterly Report on Form 10-Q. Item 4. CONTROLS AND PROCEDURES PCA maintains disclosure controls and procedures (as defined in Rule 13a-15(e) of the Securities Exchange Act of 1934) that are designed to provide reasonable assurance that information required to be disclosed in PCAâ€™s filings under the Securities Exchange Act is recorded, processed, summarized and reported within the periods specified in the rules and forms of the SEC and that such information is accumulated and communicated to PCAâ€™s management, including its Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. Prior to filing this report, PCA completed an evaluation under the supervision and with the participation of PCAâ€™s management, including PCAâ€™s Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of PCAâ€™s disclosure controls and procedures as of June 30, 2024. The evaluation of PCAâ€™s disclosure controls and procedures included a review of the controlsâ€™ objectives and design, PCAâ€™s implementation of the controls, and the effect of the controls on the information generated for use in this report. Based on this evaluation, PCAâ€™s Chief Executive Officer and Chief Financial Officer concluded that PCAâ€™s disclosure controls and procedures were effective at the reasonable assurance level as of June 30, 2024. Organization, Consolidation and Presentation of Financial Statements [Abstract]	
Nature of Operations and Basis of Presentation	

1. Nature of Operations and Basis of Presentation

Packaging Corporation of America ("we," "us," "our," PCA," or the "Company") was incorporated on January 25, 1999. In April 1999, PCA acquired the containerboard and corrugated packaging products business of Pactiv Corporation ("Pactiv"), formerly known as Tenneco Packaging, Inc. We are a large diverse manufacturer of both packaging and paper products. We are headquartered in Lake Forest, Illinois and we operate primarily in the United States.

We report our business in three reportable segments: Packaging, Paper, and Corporate and Other. Our Packaging segment produces a wide variety of containerboard and corrugated packaging products. The Paper segment manufactures and sells a range of communication-based papers. Corporate and Other includes support staff services and related assets and liabilities, transportation assets, and activity related to other ancillary support operations. For more information about our segments, see Note 18, Segment Information.

The consolidated financial statements of PCA as of June 30, 2024 and for the three and six months ended June 30, 2024 and 2023 are unaudited but include all adjustments (consisting only of normal recurring adjustments) that management considers necessary for a fair presentation of such financial statements. The preparation of the consolidated financial statements involves the use of estimates and accruals. Actual results may vary from those estimates. These financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with Article 10 of Regulation S-X of the Securities and Exchange Commission (SEC). Accordingly, they do not include all of the information and notes required by accounting principles generally accepted in the United States for complete audited financial statements. Operating results for the three and six months ended June 30, 2024 are not necessarily indicative of the results that may be expected for the year ending December 31, 2024. These consolidated financial statements should be read in conjunction with our Annual Report on Form 10-K for the year ended December 31, 2023.

The consolidated financial statements include the accounts of PCA and its majority-owned subsidiaries after elimination of intercompany balances and transactions.

New Accounting Standards	

2. New Accounting Standards

In December 2023, the FASB issued ASU 2023-09, *Income Taxes* (Topic 740): *Improvements to Income Tax Disclosures*. This ASU provides for more transparency about income tax information through improvements to income tax disclosures primarily related to the rate reconciliation and income taxes paid information. This ASU is effective for fiscal years beginning after December 15, 2024 on a prospective basis. Early adoption is permitted. The Company is currently assessing the impact of the disclosure requirements on its consolidated financial statements.

In November 2023, the FASB issued ASU 2023-07, *Segment Reporting* (Topic 280): *Improvements to Reportable Segment Disclosures*. This ASU improves reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses. This ASU is effective for fiscal years beginning after December 15, 2023 and interim periods starting within fiscal years beginning after December 15, 2024 on a retrospective basis. Early adoption is permitted. The Company is currently assessing the impact of the disclosure requirements on its consolidated financial statements.

There were no other accounting standards recently issued that had or are expected to have a material impact on our financial position or results of operations.

Revenue Recognition

Revenue is recognized when control of the promised goods or services is transferred to customers in an amount that reflects the consideration expected to be received in exchange for those goods or services. Packaging Revenue

Our containerboard mills produce linerboard and corrugating medium which are papers primarily used in the production of corrugated products. The majority of our containerboard production is used internally by

our corrugated products manufacturing facilities. The remaining containerboard is sold to outside domestic and export customers. Our corrugated products manufacturing plants produce a wide variety of corrugated packaging products and retail merchandise displays. We sell corrugated products to national, regional and local accounts, which are broadly diversified across industries and geographic locations.

The Company recognizes revenue for its packaging products when performance obligations under the terms of a contract with a customer are satisfied. This occurs with the transfer of control of our products at a specific point in time. Based on our express terms and conditions of the sale of products to our customers, as well as terms included in contractual arrangements with our customers, we do not have an enforceable right of payment that includes a reasonable profit throughout the duration of the contract for products that do not have an alternative use. Revenue is recognized when the product is shipped from the mill or from our manufacturing facility to our customer. Certain customers may receive volume-based incentives, which are accounted for as variable consideration. We estimate these amounts based on the expected amount to be provided to customers and reduce revenue recognized.

Certain customers receive a portion of their packaging products as consigned inventory with billing triggered once the customer uses or consumes the designated product. Prior to invoicing, these amounts are handled as unbilled receivables. Total unbilled receivables, which are immaterial in amount, are included in the accounts receivable financial statement caption.

Paper Revenue

We manufacture and sell a range of communication-based papers. Communication papers consist of cut-size office papers, and printing and converting papers.

The Company recognizes revenue for its paper products when performance obligations under the terms of a contract with a customer are satisfied. This occurs with the transfer of control of our products at a specific point in time. Revenue is recognized when the product is shipped from the mill or from our manufacturing facility or distribution center to our customer. Certain customers may receive incentives, which are accounted for as variable consideration. We estimate these amounts based on the expected amount to be provided to customers and reduce revenue recognized.

Corporate and Other Revenue

Revenue in this segment primarily relates to Louisiana Timber Procurement Company, L.L.C. ("LTP"), a variable-interest entity that is 50% owned by PCA and 50% owned by Boise Cascade Company ("Boise Cascade"). PCA is the primary beneficiary of LTP and has the power to direct the activities that most significantly affect the economic performance of LTP. Therefore, we consolidate 100% of LTP in our financial statements. See Note 17, Transactions With Related Parties, for more information related to LTP.

The Company recognizes revenue within this segment when performance obligations under the terms of a contract with a customer are satisfied. This occurs with the transfer of control of our products at a specific point in time.

Practical Expedients and Exemption

Shipping and handling fees billed to a customer are recorded on a gross basis in "Net sales" with the corresponding shipping and handling costs included in "Cost of sales" in the concurrent period as the revenue is recorded. We expense sales commissions when incurred because the amortization period is one year or less. Sales commissions are recorded in "Selling, general, and administrative expenses".

We do not disclose the value of unsatisfied performance obligations for contracts with an original expected duration of one year or less.

Income Taxes

6. Income Taxes

For the three months ended June 30, 2024 and 2023, we recorded $67.8 million and $65.1 million of income tax expense and had an effective tax rate of 25.4% and 24.3%, respectively. The increase in our effective tax rate for the three months ended June 30, 2024 compared to the same period in 2023 was primarily due to lower excess tax benefits associated with employee restricted stock and performance unit vests as well as lower favorable state tax law changes.

For the six months ended June 30, 2024 and 2023, we recorded $108.4 million and $128.3 million of income tax expense and had an effective tax rate of 23.9% and 24.6%, respectively. The decrease in our effective tax rate for the six months ended June 30, 2024 compared to the same period in 2023 was primarily due to higher excess tax benefits associated with employee restricted stock and performance unit vests.

Our current effective tax rate is higher than the federal statutory income tax rate of 21.0% due primarily to the effect of state and local income taxes. During the six months ended June 30, 2024 and 2023, cash paid for taxes, net of refunds received, was $110.3 million and $90.1 million, respectively. The increase in cash tax payments between the periods is primarily due to higher 2024 forecasted taxable income.

During the three and six months ended June 30, 2024 and 2023, there were no significant changes to our uncertain tax positions. For more information, see Note 7, Income Taxes, of the Notes to Consolidated Financial Statements in “Part II, Item 8. Financial Statements and Supplementary Data” of our 2023 Annual Report on Form 10-K.

Debt Disclosure [Abstract]

Debt

11. Debt

For the six months ended June 30, 2024 and 2023, cash payments for interest were $53.9 million and $42.4 million, respectively.

Included in interest expense, net is the amortization of financing costs, which includes the amortization of debt issuance costs and amortization of bond discount. For the three months ended June 30, 2024 and 2023, amortization of debt issuance costs was $0.5 million and $0.4 million, respectively, and during the six months ended June 30, 2024 and 2023, amortization of debt issuance costs was $1.0 million and $0.8 million, respectively. For both the three and six month periods ended June 30, 2024 and 2023, the amortization of bond discount was insignificant.

At June 30, 2024, we had $2,892.0 million of fixed-rate senior notes outstanding. The fair value of our fixed-rate debt was estimated to be $2,494.3 million. The difference between the book value and fair value is due to the difference between the period-end market interest rate and the stated rate of our fixed-rate debt. We estimated the fair value of our fixed-rate debt using quoted market prices (Level 2 inputs) within the fair value hierarchy, which is further defined in Note 2, Summary of Significant Accounting Policies, of the Notes to Consolidated Financial Statements in "Part II, Item 8. Financial Statements and Supplementary Data" of our 2023 Annual Report on Form 10-K.

(a) We had $400.0 million of investments in time deposits classified as HTM debt securities as of both June 30, 2024 and December 31, 2023. All these investments mature within one year and are recorded in "Short-term marketable debt securities" on our Consolidated Balance Sheets. We record HTM debt securities at amortized cost, which approximates fair value.

(c) Valuations based on observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

For both the three and six months ended June 30, 2024 and 2023, net realized gains and losses on the sales and maturities of certain marketable debt securities were insignificant.

The Company invests in highly rated securities, with the primary objective of minimizing the potential risk of principal loss. The Company's investment policy requires securities to be investment grade and limits the amount of credit exposure to any one issuer. The maturities of the Company's long-term marketable debt securities generally range from one to two years.

Fair values were determined for each individual marketable debt security in the investment portfolio. When evaluating a marketable debt security for impairment, PCA reviews factors such as the duration and extent to which the fair value of the marketable debt security is less than its cost, the financial condition of the issuer and any changes thereto, the general market condition in which the issuer operates, and PCA's intent to sell, or whether it will be more likely than not be required to sell, the marketable debt security before recovery of its amortized cost basis.

As of June 30, 2024 and December 31, 2023, we do not consider any of the impairments related to our marketable debt securities to be the result of credit losses. Therefore, we have not recorded an allowance for credit losses related to our marketable debt securities. All unrealized gains and losses were recorded in other comprehensive income (OCI).

The following tables provide information about the Company's marketable debt securities that have been in a continuous loss position as of June 30, 2024 and December 31, 2023 (in millions, except number of marketable debt securities in a loss position):

The components of net periodic benefit cost for our pension plans were as follows (dollars in millions):

	Pension Plans			
	Three Months Ended June 30,		Six Months Ended June 30,	
	2024	2023	2024	2023
Service cost	$ 3.1	$ 3.6	$ 6.3	$ 7.2

Actuarial loss	0.2	1.1	0.4	2.1
Net periodic benefit cost	$ 2.1	$ 5.7	$ 4.2	$ 11.3

PCA makes pension plan contributions that are sufficient to fund its actuarially determined costs, generally equal to the minimum amounts required by the Employee Retirement Income Security Act (ERISA). From time to time, PCA may make additional discretionary contributions based on the funded status of the plans, tax deductibility, income from operations, and other factors. During both the three and six months ended June 30, 2024 and 2023, payments to our nonqualified pension plans were insignificant. During both the three and six months ended June 30, 2024 and 2023, we did not make any contributions to our qualified pension plans. We do not have a required minimum contribution amount for 2024, but we expect to make discretionary contributions to our plans.

For both the three and six months ended June 30, 2024 and 2023, the net periodic benefit cost for our postretirement plans was insignificant.

Share-Based Compensation

Share-Based Payment Arrangement, Noncash Expense [Abstract]

Share-Based Compensation

6 Months Ended

Jun. 30, 2024

14. Share-Based Compensation

The Company has a long-term equity incentive plan, which allows for grants of restricted stock, performance awards, stock appreciation rights, and stock options to directors, officers, and employees, as well as others who engage in services for PCA. On February 28, 2024, our board of directors approved, and, on May 8, 2024, our stockholders approved, the amendment and restatement of the plan. The amendment extended the plan's term to May 8, 2034 and increased the number of shares of common stock available for issuance under the plan by 2.4 million shares. The total number of shares authorized for past and future awards is 14.3 million shares.

As of June 30, 2024, assuming performance units are paid out at the target level of performance, 2.7 million shares were available for future grants under the current plan. Forfeitures are added back to the pool of shares of common stock available to be granted at a future date.

The following table presents restricted stock and performance unit award activity for the six months ended June 30, 2024:

	Restricted Stock		Performance Units	
	Shares	Weighted Average Grant-Date Fair Value	Shares	Weighted Average Grant-Date Fair Value
Outstanding at January 1, 2024	671,723	$ 127.15	372,777	$ 119.22
Granted	175,956	176.60	129,923	189.01
Vested (a)	(197,829)	101.27	(139,984)	182.64
Forfeitures	(2,776)	140.65	—	—
Outstanding at June 30, 2024	647,074	$ 144.90	362,716	$ 119.74

(a) Upon payout of the performance unit awards that vested during the period, PCA issued 152,196 shares, which included 12,212 shares for dividends accrued during the performance period.

Compensation Expense

Our share-based compensation expense is primarily recorded in "Selling, general, and administrative expenses." Compensation expense for share-based awards recognized in the Consolidated Statements of Income, net of forfeitures, was as follows (dollars in millions):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2024	2023	2024	2023
Restricted stock	$ 6.0	$ 5.6	$ 19.9	$ 17.5
Performance units	3.9	3.9	9.3	7.3
Total share-based compensation expense	9.9	9.5	29.2	24.8
Income tax benefit	(2.5)	(2.4)	(7.3)	(6.2)
Share-based compensation expense, net of tax benefit	$ 7.4	$ 7.1	$ 21.9	$ 18.6

The fair value of restricted stock is determined based on the closing price of the Company's stock on the grant date. Compensation expense, net of estimated forfeitures, is recorded over the requisite service

period. As PCA's Board of Directors has the ability to accelerate the vesting of these awards upon an employee's retirement, the Company accelerates the recognition of compensation expense for certain employees approaching normal retirement age.

Performance unit awards granted to certain key employees are earned based on the achievement of defined performance rankings of Return on Invested Capital (ROIC) or Total Shareholder Return (TSR) compared to ROIC and TSR for peer companies. For performance unit awards made in 2024 and 2023, in terms of grant date value, 50% used TSR as the performance measure and 50% used ROIC as the performance measure. The ROIC component of performance unit awards is valued based on the closing price of the stock on the grant date. As the ROIC component contains a performance condition, compensation expense, net of estimated forfeitures, is recorded over the requisite service period based on the most probable number of awards expected to vest. The TSR component of performance unit awards is valued using a Monte Carlo simulation as the TSR component contains a market condition. The Monte Carlo simulation estimates the fair value of the TSR component based on the expected term of the award, a risk-free interest rate, expected dividends, and expected volatility of the Company's common stock and the common stock of the peer companies. Compensation expense is recorded ratably over the expected term of the award.

The unrecognized compensation expense for all share-based awards at June 30, 2024 was as follows (dollars in millions):

	June 30, 2024	
	Unrecognized Compensation Expense	Remaining Weighted Average Recognition Period (in years)
Restricted stock	$ 39.4	2.8
Performance units	31.9	2.5
Total unrecognized share-based compensation expense	$ 71.3	2.7

Concentration of Risk

16. Concentrations of Risk

ODP Corporation ("ODP"), formerly Office Depot Inc., along with its subsidiaries and affiliates, is our largest customer in the Paper segment. Our Paper segment has had a long-standing commercial and contractual relationship with ODP. This relationship exposes us to a significant concentration of business and financial risk. Our sales to ODP represented approximately 5% of our total Company sales for both the six month periods ended June 30, 2024 and 2023 and approximately 59% and 63% of our Paper segment sales for those periods, respectively. For the full year 2023, sales to ODP represented about 61% of our Paper segment sales.

At June 30, 2024 and December 31, 2023, we had $44.3 million and $46.5 million of accounts receivable due from ODP, respectively, which represents approximately 4% of our total Company receivables for both periods.

Transactions With Related Parties

17. Transactions With Related Parties

Louisiana Timber Procurement Company, L.L.C. ("LTP") is a variable-interest entity that is 50% owned by PCA and 50% owned by Boise Cascade Company ("Boise Cascade"). LTP procures sawtimber, pulpwood, residual chips, and other residual wood fiber to meet the wood and fiber requirements of PCA and Boise Cascade in Louisiana. PCA is the primary beneficiary of LTP and has the power to direct the activities that most significantly affect the economic performance of LTP. Therefore, we consolidate 100% of LTP in our financial statements in our Corporate and Other segment. The carrying amounts of LTP's assets and liabilities (which relate primarily to non-inventory working capital items) on our Consolidated Balance Sheets were $4.1 million at June 30, 2024 and $3.3 million at December 31, 2023. During the three months ended June 30, 2024 and 2023, we recorded $21.3 million and $21.1 million, respectively, and during the six months ended June 30, 2024 and 2023, we recorded $41.1 million and $41.2 million, respectively, of LTP sales to Boise Cascade in "Net Sales" in the Consolidated Statements of Income and approximately the same amount of expenses in "Cost of Sales".

For both the three months ended June 30, 2024 and 2023, fiber purchases from related parties were $3.1 million, and during the six months ended June 30, 2024 and 2023, fiber purchases from related parties were $5.7 million and $6.0 million, respectively. Most of these purchases related to chip and log purchases by LTP from Boise Cascade's wood products business. These purchases are recorded in "Cost of Sales" in the Consolidated Statements of Income.

Segment Reporting [Abstract]
Segment Information

18. Segment Information

We report our business in three reportable segments: Packaging, Paper, and Corporate and Other. These segments represent distinct businesses that are managed separately because of differing products and services. Each of these businesses requires distinct operating and marketing strategies.

Each segment's profits and losses are measured on operating profits before interest expense, net, non-operating pension income (expense), and income taxes. For certain allocated expenses, the related assets and liabilities remain in the Corporate and Other segment.

Selected financial information by reportable segment was as follows (dollars in millions):

Commitments and Contingencies Disclosure [Abstract]

Commitments, Guarantees, Indemnifications and Legal Proceedings

19. Commitments, Guarantees, Indemnifications and Legal Proceedings

We have financial commitments and obligations that arise in the ordinary course of our business. These include lease obligations, long-term debt, capital additions, purchase commitments for goods and services, and legal proceedings, all of which are discussed in Note 3, Leases; Note 10, Debt; and Note 19, Commitments, Guarantees, Indemnifications, and Legal Proceedings, of the Notes to Consolidated Financial Statements in "Part II, Item 8. Financial Statements and Supplementary Data" of our 2023 Annual Report on Form 10-K.

Guarantees and Indemnifications

We provide guarantees, indemnifications, and other assurances to third parties in the normal course of our business. These include tort indemnifications, environmental assurances, and representations and warranties in commercial agreements. At June 30, 2024, we are not aware of any material liabilities arising from any guarantee, indemnification, or financial assurance we have provided. If we determined such a liability was probable and subject to reasonable determination, we would accrue for it at that time.

DeRidder Mill Incident

On February 8, 2017, a tank located in the pulp mill at the Company's DeRidder, Louisiana facility exploded, resulting in three contractor fatalities and other injuries. The Company was served with multiple lawsuits involving the decedents and other allegedly injured parties, alleging negligence on the part of the Company and claiming compensatory and punitive damages. The Company believes that these suits are covered by its liability insurance policies, subject to an aggregate $1.0 million deductible. The majority of these lawsuits were settled by the Company and its insurers. The Company has not paid any losses in excess of its insurance deductible in connection with these settlements, and its insurance deductible has been satisfied in full. To date, all settlements in excess of the deductible have been paid out by one of the Company's insurers. The remaining lawsuit, which involves nine plaintiffs, was tried in the U.S. District Court for the Middle District of Louisiana in April 2024. On April 24, 2024, a jury awarded these plaintiffs approximately $91.8 million in compensatory damages. The verdict is subject to interest. The amount of the verdict with interest is within the remaining limits of the Company's liability insurance policies. The matter is in the post-trial stage, and the Company intends to appeal the decision. While the Company cannot predict the outcome of the appeal and the ultimate outcome of this matter, the Company believes that it has sufficient insurance to cover the verdict and interest. At June 30, 2024, the Company recorded an accrual of $125.7 million including the compensatory damages as well as interest of $33.9 million in "Accrued liabilities" in the Consolidated Balance Sheets. Additionally, a receivable of $125.7 million for the insurance recovery was recorded in "Prepaids and other current assets" in the Consolidated Balance Sheets.

In May 2017, the EPA conducted an on-site inspection of the DeRidder facility to assess compliance with the Clean Air Act, Risk Management Program ("RMP"). The Company provided additional information to the EPA promptly after the inspection to address certain areas of concern ("AOCs") observed during the inspection. Since the inspection in 2017, PCA performed several voluntary activities to address the AOCs presented in the EPA's inspection report and has removed the RMP covered process from the facility. In January 2021, the EPA and U.S. Department of Justice ("DOJ") initiated civil judicial enforcement discussions with PCA. During the third quarter of 2022, we reached a settlement with the agencies, resulting in an agreed civil penalty of $2.5 million. The Company did not admit liability for violation of the Clean Air Act in connection with the settlement. The settlement was approved by the federal district court for the Western District of Louisiana in December 2022, and the agreed civil penalty was paid out in January 2023.

Legal Proceedings

We are also a party to various legal actions arising in the ordinary course of our business. These legal actions include commercial liability claims, premises liability claims, and employment-related claims, among others. As of the date of this filing, we believe it is not reasonably possible that any of the legal actions against us will, either individually or in the aggregate, have a material adverse effect on our financial condition, results of operations, or cash flows.

Nature of Operations and Basis of Presentation Packaging Corporation of America ("we," "us," "our," PCA," or the "Company") was incorporated on January 25, 1999. In April 1999, PCA acquired the containerboard and corrugated packaging products business of Pactiv Corporation ("Pactiv"), formerly known as Tenneco Packaging, Inc. We are a large diverse manufacturer of both packaging and paper products. We are headquartered in Lake Forest, Illinois and we operate primarily in the United States. We report our business in three reportable segments: Packaging, Paper, and Corporate and Other. Our Packaging segment produces a wide variety of containerboard and corrugated packaging products. The Paper segment manufactures and sells a range of communication-based papers. Corporate and Other includes support staff services and related assets and liabilities, transportation assets, and activity related to other ancillary support operations. For more information about our segments, see Note 18, Segment Information. The consolidated financial statements of PCA as of June 30, 2024 and for the three and six months ended June 30, 2024 and 2023 are unaudited but include all adjustments (consisting only of normal recurring adjustments) that management considers necessary for a fair presentation of such financial statements. The preparation of the consolidated financial statements involves the use of estimates and accruals. Actual results may vary from those estimates. These financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with Article 10 of Regulation S-X of the Securities and Exchange Commission (SEC). Accordingly, they do not include all of the information and notes required by accounting principles generally accepted in the United States for complete audited financial statements. Operating results for the three and six months ended June 30, 2024 are not necessarily indicative of the results that may be expected for the year ending December 31, 2024. These consolidated financial statements should be read in conjunction with our Annual Report on Form 10-K for the year ended December 31, 2023. The consolidated financial statements include the accounts of PCA and its majority-owned subsidiaries after elimination of intercompany balances and transactions. 1999-01-253 2. New Accounting Standards In December 2023, the FASB issued ASU 2023-09, Income Taxes (Topic 740), Improvements to Income Tax Disclosures. This ASU provides for more transparency about income tax information through improvements to income tax disclosures primarily related to the rate reconciliation and income taxes paid information. This ASU is effective for fiscal years beginning after December 15, 2024 on a prospective basis. Early adoption is permitted. The Company is currently assessing the impact of the disclosure requirements on its consolidated financial statements. In November 2023, the FASB issued ASU 2023-07, Segment Reporting (Topic 280), Improvements to Reportable Segment Disclosures. This ASU improves reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses. This ASU is effective for fiscal years beginning after December 15, 2023 and interim periods starting within fiscal years beginning after December 15, 2024 on a retrospective basis. Early adoption is permitted. The Company is currently assessing the impact of the disclosure requirements on its consolidated financial statements. There were no other accounting standards recently issued that had or are expected to have a material impact on our financial position or results of operations. Revenue Revenue Recognition Revenue is recognized when control of the promised goods or services is transferred to customers in an amount that reflects the consideration expected to be received in exchange for those goods or services. Sales, value added, and other taxes collected concurrently with revenue-producing activities are excluded from revenue. The majority of our containerboard production is used internally by our corrugated products manufacturing facilities. The remaining containerboard is sold to outside domestic and export customers. Our corrugated products manufacturing plants produce a wide variety of corrugated packaging products and retail merchandise displays. We sell corrugated products to national, regional and local accounts, which are broadly diversified across industries and geographic locations. The Company recognizes revenue for its packaging products when performance obligations under the terms of a contract with a customer are satisfied. This occurs with the transfer of control of our products at a specific point in time. Based on our express terms and conditions of the sale of products to our customers, as well as terms included in contractual arrangements with our customers, we do not have an enforceable right of payment that includes a reasonable profit throughout the duration of the contract for products that do not have an alternative use. Revenue is recognized when the product is shipped from the mill or from our manufacturing facility to our customer. Certain customers may receive volume-based incentives, which are accounted for as variable consideration. We estimate these amounts based on the expected amount to be provided to customers and reduce revenue recognized. Certain customers receive a portion of their packaging products as consigned inventory with billing triggered once the customer uses or consumes the designated product. Prior to invoicing, these amounts are handled as unbilled receivables. Total unbilled receivables, which are immaterial in amount, are included in the accounts receivable financial statement caption. Paper Revenue We manufacture and sell a range of communication-based papers. Communication papers consist of cut-size office papers, and printing and converting papers. The Company recognizes revenue for its paper products when performance obligations under the terms of a contract with a customer are satisfied. This occurs with the transfer of control of our products at a specific point in time. Revenue is recognized when the product is shipped from the mill or from our manufacturing facility or distribution center to our customer. Certain customers may receive incentives, which are accounted for as variable consideration. We estimate these amounts based on the expected amount to be provided to customers and reduce revenue recognized. Corporate and Other Revenue Revenue in this segment primarily relates to Louisiana Timber Procurement Company, L.L.C. ("LTP"), a variable-interest entity that is 50% owned by PCA and 50% owned by Boise Cascade Company ("Boise Cascade"). PCA is the primary beneficiary of LTP and has the power to direct the activities that most significantly affect the economic performance of LTP. Therefore, we consolidate 100% of LTP in our financial statements. See Note 17, Transactions With Related Parties, for more information related to LTP. The Company recognizes revenue within this segment when performance obligations under the terms of a contract with a customer are satisfied. This occurs with the transfer of control of our products at a specific point in time. Practical Expedients and Exemption Shipping and handling fees billed to a customer are recorded on a gross basis in "Net sales" with the corresponding shipping and handling costs included in "Cost of sales" in the concurrent period as the revenue is recorded. We expense sales commissions when incurred because the amortization period is one year or less. Sales commissions are recorded in "Selling, general, and administrative expenses". We do not disclose the value of unsatisfied performance obligations for contracts with an original expected duration of one year or less. The following table presents our revenues disaggregated by product line (dollars in millions):   <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:80.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:47.512%;"></td> <td style="width:1.55%;"></td> <td style="width:1%;"></td> <td style="width:10.427%;"></td> <td style="width:1%;"></td> <td style="width:1.25%;"></td> <td style="width:1%;"></td> <td style="width:9.702%;"></td> <td style="width:1%;"></td> <td style="width:1.25%;"></td> <td style="width:1%;"></td> <td style="width:9.927%;"></td> <td style="width:1%;"></td> <td style="width:1.25%;"></td> <td style="width:1%;"></td> <td style="width:9.127%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Three Months Ended June 30, </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> <td style="vertical-align:bottom;text-align:left;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Six Months Ended June 30, </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> 2024 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> 2023 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> <td style="vertical-align:bottom;text-align:left;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> 2024 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> 2023 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> </tr> <tr style="height:9pt;background-color:#cff0fc;word-break:break-word;"> <td style="white-space:pre-wrap;vertical-align:top;"> Packaging </td> <td style="white-space:pre-wrap;vertical-align:bottom;"> </td> <td style="white-space:nowrap;vertical-align:bottom;"> $ </td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 1,908.3 </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> <td style="white-space:pre-wrap;vertical-align:bottom;"> </td> <td style="white-space:nowrap;vertical-align:bottom;"> <span style="color:#000000;min-

Income Taxes For the three months ended June 30, 2024 and 2023, we recorded $67.8 million and $65.1 million of income tax expense and had an effective tax rate of 25.4% and 24.3%, respectively. The increase in our effective tax rate for the three months ended June 30, 2024 compared to the same period in 2023 was primarily due to lower excess tax benefits associated with employee restricted stock and performance unit vests as well as lower favorable state tax law changes. For the six months ended June 30, 2024 and 2023, we recorded $108.4 million and $128.3 million of income tax expense and had an effective tax rate of 23.9% and 24.6%, respectively. The decrease in our effective tax rate for the six months ended June 30, 2024 compared to the same period in 2023 was primarily due to higher excess tax benefits associated with employee restricted stock and performance unit vests. Our current effective tax rate is higher than the federal statutory income tax rate of 21.0% due primarily to the effect of state and local income taxes. During the six months ended June 30, 2024 and 2023, cash paid for taxes, net of refunds received, was $110.3 million and $90.1 million, respectively. The increase in cash tax payments between the periods is primarily due to higher 2024 forecasted taxable income. During the three and six months ended June 30, 2024 and 2023, there were no significant changes to our uncertain tax positions. Debt For the six months ended June 30, 2024 and 2023, cash payments for interest were $53.9 million and $42.4 million, respectively. Included in interest expense, net is the amortization of financing costs, which includes the amortization of debt issuance costs and amortization of bond discount. For the three months ended June 30, 2024 and 2023, amortization of debt issuance costs was $0.5 million and <span style="color:#000000;white-space:pre-wrap;font-size:9pt;font-family:Times New Roman;min-width:fit-content;">$0.4 million, respectively, and during the six months ended June 30, 2024 and 2023, amortization of debt issuance costs was $1.0 million and $0.8 million, respectively. For both the three and six month periods ended June 30, 2024 and 2023, the amortization of bond discount was insignificant. At June 30, 2024, we had $2,892.0 million of fixed-rate senior notes outstanding. The fair value of our fixed-rate debt was estimated to be $2,494.3 million. The difference between the book value and fair value is due to the difference between the period-end market interest rate and the stated rate of our fixed-rate debt. We estimated the fair value of our fixed-rate debt using quoted market prices (Level 2 inputs) within the fair value hierarchy, which is further defined in Note 2, Summary of Significant Accounting Policies, of the Notes to Consolidated Financial Statements in "Part II, Item 8. Financial Statements and Supplementary Data" of our 2023 Annual Report on Form 10-K. All these investments mature within one year and are recorded in “Short-term marketable debt securities” on our Consolidated Balance Sheets. We record HTM debt securities at amortized cost, which approximates fair value. (b) Valuations based on quoted prices for identical assets or liabilities in active markets. (c) Valuations based on observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data. For both the three and six months ended June 30, 2024 and 2023, net realized gains and losses on the sales and maturities of certain marketable debt securities were insignificant. The Company invests in highly rated securities, with the primary objective of minimizing the potential risk of principal loss. The Company’s investment policy requires securities to be investment grade and limits the amount of credit exposure to any one issuer. The maturities of the Company’s long-term marketable debt securities generally range from one to two years. Fair values were determined for each individual marketable debt security in the investment portfolio. When evaluating a marketable debt security for impairment, PCA reviews factors such as the duration and extent to which the fair value of the marketable debt security is less than its cost, the financial condition of the issuer and any changes thereto, the general market condition in which the issuer operates, and PCA’s intent to sell, or whether it will be more likely than not be required to sell, the marketable debt security before recovery of its amortized cost basis. As of June 30, 2024 and December 31, 2023, we do not consider any of the impairments related to our marketable debt securities to be the result of credit losses. Therefore, we have not recorded an allowance for credit losses related to our marketable debt securities. All unrealized gains and losses were recorded in other comprehensive income (OCI). The following tables provide information about the Company’s marketable debt securities that have been in a continuous loss position as of June 30, 2024 and December 31, 2023 (in millions, except number of marketable debt securities in a loss position):   <table style="border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;"> <tr style="visibility:collapse;"> <td style="width:24%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:9%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:10%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:9%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:10%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:9%;"></td> <td style="width:1%;"></td> <td style="width:1.84%;"></td> <td style="width:1%;"></td> <td style="width:10.5%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:8.66%;">

Share-Based Compensation The Company has a long-term equity incentive plan, which allows for grants of restricted stock, performance awards, stock appreciation rights, and stock options to directors, officers, and employees, as well as others who engage in services for PCA. On February 28, 2024, our board of directors approved, and, on May 8, 2024, our stockholders approved, the amendment and restatement of the plan. The amendment extended the plan's term to May 8, 2034 and increased the number of shares of common stock available for issuance under the plan by 2.4 million shares. The total number of shares authorized for past and future awards is 14.3 million shares. As of June 30, 2024, assuming performance units are paid out at the target level of performance, 2.7 million shares were available for future grants under the current plan. Forfeitures are added back to the pool of shares of common stock available to be granted at a future date. The following table presents restricted stock and performance unit award activity for the six months ended June 30, 2024:   <table style="border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;"> <tr style="visibility:collapse;"> <td style="width:45.251%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:8.718%;"></td> <td style="width:1%;"></td> <td style="width:1.14%;"></td> <td style="width:1%;"></td> <td style="width:10.578%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:1%;"></td> <td style="width:12.258%;"></td> <td style="width:1%;"></td> <td style="width:1.14%;"></td> <td style="width:1%;"></td> <td style="width:10.918%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Restricted Stock </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> <td style="vertical-align:bottom;text-align:left;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Performance Units </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> </tr> <tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Shares </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> <td style="vertical-align:bottom;text-align:left;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Weighted

Compensation expense, net of estimated forfeitures, is recorded over the requisite service period. As PCA’s Board of Directors has the ability to accelerate the vesting of these awards upon an employee’s retirement, the Company accelerates the recognition of compensation expense for certain employees approaching normal retirement age. Performance unit awards granted to certain key employees are earned based on the achievement of defined performance rankings of Return on Invested Capital (ROIC) or Total Shareholder Return (TSR) compared to ROIC and TSR for peer companies. For performance unit awards made in 2024 and 2023, in terms of grant date value, 50% used TSR as the performance measure and 50% used ROIC as the performance measure. The ROIC component of performance unit awards is valued based on the closing price of the stock on the grant date. As the ROIC component contains a performance condition, compensation expense, net of estimated forfeitures, is recorded over the requisite service period based on the most probable number of awards expected to vest. The TSR component of performance unit awards is valued using a Monte Carlo simulation as the TSR component contains a market condition. The Monte Carlo simulation estimates the fair value of the TSR component based on the expected term of the award, a risk-free interest rate, expected dividends, and expected volatility of the Company’s common stock and the common stock of the peer companies. Compensation expense is recorded ratably over the expected term of the award. Concentrations of Risk ODP Corporation ("ODP"), formerly Office Depot Inc., along with its subsidiaries and affiliates, is our largest customer in the Paper segment. Our Paper segment has had a long-standing commercial and contractual relationship with ODP. This relationship exposes us to a significant concentration of business and financial risk. Our sales to ODP represented approximately 5% of our total Company sales for both the six month periods ended June 30, 2024 and 2023 and approximately 59% and 63% of our Paper segment sales for those periods, respectively. For the full year 2023, sales to ODP represented about 61% of our Paper segment sales. At June 30, 2024 and December 31, 2023, we had $44.3 million and $46.5 million of accounts receivable due from ODP, respectively, which represents approximately 4% of our total Company receivables for both periods. 0.050.590.630.6144300000465000000.04 17. Transactions With Related Parties Louisiana Timber Procurement Company, L.L.C. ("LTP") is a variable-interest entity that is 50% owned by PCA and 50% owned by Boise Cascade Company ("Boise Cascade"). LTP procures sawtimber, pulpwood, residual chips, and other residual wood fiber to meet the wood and fiber requirements of PCA and Boise Cascade in Louisiana. PCA is the primary beneficiary of LTP and has the power to direct the activities that most significantly affect the economic performance of LTP. Therefore, we consolidate 100% of LTP in our financial statements in our Corporate and Other segment. The carrying amounts of LTP's assets and liabilities (which relate primarily to non-inventory working capital items) on our Consolidated Balance Sheets were $4.1 million at June 30, 2024 and $3.3 million at December 31, 2023. During the three months ended June 30, 2024 and 2023, we recorded $21.3 million and $21.1 million, respectively, and during the six months ended June 30, 2024 and 2023, we recorded $41.1 million and $41.2 million, respectively, of LTP sales to Boise Cascade in "Net Sales" in the Consolidated Statements of Income and approximately the same amount of expenses in "Cost of Sales". For both the three months ended June 30, 2024 and 2023, fiber purchases from related parties were $3.1 million, and during the six months ended June 30, 2024 and 2023, fiber purchases from related parties were $5.7 million and $6.0 million, respectively. Most of these purchases related to chip and log purchases by LTP from Boise Cascade's wood products business. These purchases are recorded in "Cost of Sales" in the Consolidated Statements of Income. 0.500.5041000003300000213000002110000041100000412000003100000310000057000006000000 18. Segment Information We report our business in three reportable segments: Packaging, Paper, and Corporate and Other. These segments represent distinct businesses that are managed separately because of differing products and services. Each of these businesses requires distinct operating and marketing strategies. Each segment's profits and losses are measured on operating profits before interest expense, net, non-operating pension income (expense), and income taxes. For certain allocated expenses, the related assets and liabilities remain in the Corporate and Other segment. Selected financial information by reportable segment was as follows (dollars in millions): <table style="border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;"><tr style="visibility:collapse;"><td style="width:38.512%;"></td><td style="width:1.74%;"></td><td style="width:1%;"></td><td style="width:11.698%;"></td><td style="width:1%;"></td><td style="width:2%;"></td><td style="width:1%;"></td><td style="width:9.658%;"></td><td style="width:1%;"></td><td style="width:1.74%;"></td><td style="width:1%;"></td><td style="width:7.059%;"></td><td style="width:1%;"></td><td style="width:1.74%;"></td><td style="width:1%;"></td><td style="width:13.077%;"></td><td style="width:1%;"></td><td style="width:4.779%;"></td></tr><tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"><td style="vertical-align:bottom;"> </td><td style="vertical-align:bottom;"> </td><td colspan="10" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Sales, net </td><td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td><td style="vertical-align:bottom;"> </td><td colspan="2" style="vertical-align:bottom;"> </td><td style="vertical-align:bottom;"> </td><td style="vertical-align:bottom;"> </td></tr><tr style="height:8pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"><td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> Three Months Ended June 30, 2024 </td><td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td><td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Trade </td><td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td><td style="vertical-align:bottom;text-align:left;"> </td><td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Intersegment </td><td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td><td style="vertical-align:bottom;text-align:left;"> </td><td colspan="2" style="vertical-

Commitments, Guarantees, Indemnifications and Legal Proceedings We have financial commitments and obligations that arise in the ordinary course of our business. These include lease obligations, long-term debt, capital additions, purchase commitments for goods and services, and legal proceedings, all of which are discussed in Note 3, Leases; Note 10, Debt; and Note 19, Commitments, Guarantees, Indemnifications, and Legal Proceedings, of the Notes to Consolidated Financial Statements in "Part II, Item 8, Financial Statements and Supplementary Data" of our 2023 Annual Report on Form 10-K. Guarantees and Indemnifications We provide guarantees, indemnifications, and other assurances to third parties in the normal course of our business. These include tort indemnifications, environmental assurances, and representations and warranties in commercial agreements. At June 30, 2024, we are not aware of any material liabilities arising from any guarantee, indemnification, or financial assurance we have provided. If we determined such a liability was probable and subject to reasonable determination, we would accrue for it at that time. DeRidder Mill Incident On February 8, 2017, a tank located in the pulp mill at the Company's DeRidder, Louisiana facility exploded, resulting in three contractor fatalities and other injuries. The Company was served with multiple lawsuits involving the decedents and other allegedly injured parties, alleging negligence on the part of the Company and claiming compensatory and punitive damages. The Company believes that these suits are covered by its liability insurance policies, subject to an aggregate $1.0 million deductible. The majority of these lawsuits were settled by the Company and its insurers. The Company has not paid any losses in excess of its insurance deductible in connection with these settlements, and its insurance deductible has been satisfied in full. To date, all settlements in excess of the deductible have been paid out by one of the Company's insurers. The remaining lawsuit, which involves nine plaintiffs, was tried in the U.S. District Court for the Middle District of Louisiana in April 2024. On April 24, 2024, a jury awarded these plaintiffs approximately $91.8 million in compensatory damages. The verdict is subject to interest. The amount of the verdict with interest is within the remaining limits of the Company's liability insurance policies. The matter is in the post-trial stage, and the Company intends to appeal the decision. While the Company cannot predict the outcome of the appeal and the ultimate outcome of this matter, the Company believes that it has sufficient insurance to cover the verdict and interest. At June 30, 2024, the Company recorded an accrual of $125.7 million including the compensatory damages as well as interest of $33.9 million in "Accrued liabilities" in the Consolidated Balance Sheets. Additionally, a receivable of $125.7 million for the insurance recovery was recorded in "Prepaids and other current assets" in the Consolidated Balance Sheets. In May 2017, the EPA conducted an on-site inspection of the DeRidder facility to assess compliance with the Clean Air Act, Risk Management Program ("RMP"). The Company provided additional information to the EPA promptly after the inspection to address certain areas of concern ("AOCs") observed during the inspection. Since the inspection in 2017, PCA performed several voluntary activities to address the AOCs presented in the EPA's inspection report and has removed the RMP covered process from the facility. In January 2021, the EPA and U.S. Department of Justice ("DOJ") initiated civil judicial enforcement discussions with PCA. During the third quarter of 2022, we reached a settlement with the agencies, resulting in an agreed civil penalty of $2.5 million. The Company did not admit liability for violation of the Clean Air Act in connection with the settlement. The settlement was approved by the federal district court for the Western District of Louisiana in December 2022, and the agreed civil penalty was paid out in January 2023. Legal Proceedings We are also a party to various legal actions arising in the ordinary course of our business. These legal actions include commercial liability claims, premises liability claims, and employment-related claims, among others. As of the date of this filing, we believe it is not reasonably possible that any of the legal actions against us will, either individually or in the aggregate, have a material adverse effect on our financial condition, results of operations, or cash flows.
