Â F-5 Â Â ADDENTAX GROUP CORP. AND SUBSIDIARIES NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS Â 1. ORGANIZATION AND BUSINESS ACQUISITIONS Â ATXG and its subsidiaries (the â€œCompanyâ€) are engaged in the business of garments manufacturing, providing logistic services, property leasing and management service in the Peopleâ€™s Republic of China (â€œPRCâ€ or â€œChinaâ€). Â 2. BASIS OF PRESENTATION Â In the opinion of management, the unaudited condensed consolidated financial statements reflect all adjustments of a normal recurring nature that are necessary for a fair presentation of the results for the interim periods presented. All significant intercompany transactions and balances are eliminated in consolidation. However, the results of operations included in such financial statements may not necessarily be indicative of annual results. Â The Company uses the same accounting policies in preparing quarterly and annual financial statements. Certain information and footnote disclosures normally included in the annual consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America (â€œU.S. GAAPâ€) have been condensed or omitted. These unaudited condensed consolidated financial statements should be read in conjunction with the Companyâ€™s audited consolidated financial statements and notes thereto included in the Companyâ€™s Annual Report on Form 10-K for the year ended March 31, 2024 filed with the Securities and Exchange Commission (â€œSECâ€) on July 15, 2024 (â€œ2023 Form 10-Kâ€). Â 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES Â Use of Estimates Â The preparation of the consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Management makes these estimates using the best information available at the time the estimates are made; however actual results could differ materially from those estimates. Â There is no change in the accounting policies for the six months ended September 30, 2024. Â Recently issued accounting pronouncements Â Accounting for Convertible Instruments: In August 2020, FASB issued ASU 2020-06, Accounting for Convertible Instruments and Contracts in an Entityâ€™s Own Equity (ASU 2020-06), as part of its overall simplification initiative to reduce costs and complexity of applying accounting standards while maintaining or improving the usefulness of the information provided to users of financial statements. Among other changes, the new guidance removes from GAAP separation models for convertible debt that require the convertible debt to be separated into a debt and equity component, unless the conversion feature is required to be bifurcated and accounted for as a derivative or the debt is issued at a substantial premium. As a result, after adopting the guidance, entities will no longer separately present such embedded conversion features in equity and will instead account for the convertible debt wholly as debt. The new guidance also requires use of the â€œif-convertedâ€ method when calculating the dilutive impact of convertible debt on earnings per share, which is consistent with the Companyâ€™s current accounting treatment under the current guidance. The guidance is effective for financial statements issued for fiscal years beginning after December 15, 2021, and interim periods within those fiscal years, with early adoption permitted, but only at the beginning of the fiscal year. Â The Company reviews new accounting standards as issued. Management has not identified any other new standards that it believes will have a significant impact on the Companyâ€™s consolidated financial statements. Â F-6 Â Â 4. DISPOSITION OF SUBSIDIARIES Â The Company disposed of its subsidiary Shantou Yi Bai Yi Garment Co., Ltd, a PRC Company (â€œYBYâ€), a manufacturing company in garment manufacturing segment at end of August 2024 to the local management of YBY. After disposition, YBY became third party to the Company. The Company will not have any businesses with YBY. The Company will carry on the garment manufacturing segment business through other subsidiaries. The disposition of YBY did not qualify as discontinued operations. As of September 30, 2024, the Company has borrowed $122,133 (RMB857,143) (March 31, 2024: $138,500) under this line of credit with annual interest rate of 8.244%. The loan facility will expire on March 22, 2026. Â 13. TAXATION Â (a) Enterprise Income Tax (â€œEITâ€) Â The Company operates in the PRC and files tax returns in the PRC jurisdictions. Â Yingxi Industrial Chain Group Co., Ltd was incorporated in the Republic of Seychelles and, under the current laws of the British Virgin Islands, is not subject to income taxes. It is a wholly owned subsidiary of Addentax Group Corp. Â Yingxi HK (Yingxi Industrial Chain Investment Co., Ltd.) was incorporated in Hong Kong which is indirectly wholly owned by Addentax Group Corp., and is subject to Hong Kong income tax at a progressive rate of 16.5%. No provision for income taxes in Hong Kong has been made as Yingxi HK had no taxable income for the three months ended September 30, 2024 and 2023. Â YX, our wholly owned subsidiary, was incorporated in the PRC and is subject to the EIT tax rate of 25%. No provision for income taxes in the PRC has been made as YX had no taxable income for the three months ended September 30, 2024 and 2023. Â The Company is governed by the Income Tax Laws of the PRC. All Yingxiâ€™s operating companies were subject to progressive EIT rates from 5% to 15% in 2024 and 2023. The preferential tax rate will be expired at end of year 2024 and the EIT rate will be 25% from year 2025. Â The Companyâ€™s parent entity, Addentax Group Corp. is a U.S entity and is subject to the United States federal income tax. No provision for income taxes in the United States has been made as Addentax Group Corp. had no United States taxable income for the three months ended September 30, 2024 and 2023. Â F-9 Â Â The reconciliation of income taxes computed at the PRC statutory tax rate applicable to the PRC, to income tax expenses are as follows: Â SCHEDULE OF EFFECTIVE INCOME TAX RATE RECONCILIATION Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Three months endedÂ Â Six months endedÂ Â Â September 30,Â Â Â Â September 30,Â Â Â Â 2024Â Â 2023Â Â 2024Â Â 2023Â PRC statutory tax rateÂ Â 25%Â Â 25%Â Â 25%Â Â 25%Â Â 25% Computed expected benefitsÂ Â (180,118)Â Â 341,409Â Â Â (485,275)Â Â (340,456) Temporary differencesÂ Â (30,436)Â Â (30,918)Â Â (6,245)Â Â (24,768) Permanent differenceÂ Â (78,809)Â Â (75,814)Â Â (46,196)Â Â 6,312Â Changes in valuation allowanceÂ Â 290,425Â Â Â (231,440)Â Â 539,262Â Â Â 363,413Â Income tax expenseÂ $1,062Â Â $3,237Â Â Â 1,546Â Â Â 4,501Â Â Deferred tax assets had not been recognized in respect of any potential tax benefit that may be derived from non-capital loss carry forward and property and equipment due to past negative evidence of previous cumulative net losses and uncertainty upon restructuring. The management will continue to assess at each reporting period to determine the realizability of deferred tax assets. Â (b) Value Added Tax (â€œVATâ€) Â In accordance with the relevant taxation laws in the PRC, the normal VAT rate for domestic sales is 13%, which is levied on the invoiced value of sales and is payable by the purchaser. The subsidiaries HSW, YBY, AOT, ZHJ and YS enjoyed preferential VAT rate of 13%. The companies are required to remit the VAT they collect to the tax authority. A credit is available whereby VAT paid on purchases can be used to offset the VAT due on sales. Â For services, the applicable VAT rate is 9% under the relevant tax category for logistic company, except the branch of YXPF enjoyed the preferential VAT rate of 3% in 2024 and 2023. The Company is required to pay the full amount of VAT calculated at the applicable VAT rate of the invoiced value of sales as required. A credit is available whereby VAT paid on gasoline and toll charges can be used to offset the VAT due on service income. Â 14. FINANCIAL INSTRUMENTS Â On January 4, 2023, the Company entered into a series of agreements with certain accredited investors, pursuant to which the Company received a net proceed of $15,000,000 in consideration of the issuance of: Â Â â— senior secured convertible notes in the aggregate original principal amount of approximately $16.7 million with interest rate of 5% per annum (the â€œConvertible Notesâ€); The Convertible Notes shall be matured on July 4, 2024. The conversion price is $1.25, subject to adjustment under several conditions. Â Â Â Â â— warrants to purchase up to approximately 16.1 million shares of common stock of the Company (the â€œCommon Stockâ€) until on or prior to 11:59 p.m. (New York time) on the five-year anniversary of the closing date at an exercise price of $1.25 per share, also subject to adjustment under several conditions. Â The Warrant is considered a freestanding instrument issued together with the Convertible Note and measured at its issuance date fair value. Proceeds received were first allocated to the Warrant based on its initial fair value. The initial fair value of the Warrant was $3.9 million. The Warrant were marked to the market with the changes in the fair value of warrant recorded in the consolidated statements of operations and comprehensive loss. As of September 30, 2024, the balance of the Warrant was approximately $0.3 million (March 31, 2024: $0.25 million). Â The Convertible Note is classified as a liability and is subsequently stated at amortized cost with any difference between the initial carrying value and the repayment amount as interest expenses using the effective interest method over the period from the issuance date to the maturity date. The embedded conversion feature should be bifurcated and separately accounted for using fair value, as this embedded feature is considered not clearly and closely related to the debt host. The bifurcated conversion feature was recorded at fair value with the changes recorded in the consolidated statements of operations and comprehensive loss. The initial fair value of the embedded conversion feature was $1.2 million. As of September 30, 2024, the fair value of the conversion option was $0.6 million (March 31, 2024: $0.04 million). Â The Company determined that the other embedded features do not require bifurcation as they either are clearly and closely related to the Convertible Note or do not meet the definition of a derivative. Â The total proceeds of the Convertible Note and the Warrants, net of issuance cost, of $15.0 million was received by the Company in January 2023, and allocated to each of the financial instruments as following: Â SCHEDULE OF FINANCIAL INSTRUMENTS Â Â As of January 4, 2023Â Â Â Â Derivative liabilities â€“ Fair value of the WarrantsÂ $3,858,521Â Derivative liabilities â€“ Embedded conversion featureÂ Â 1,247,500Â Convertible NoteÂ Â 9,893,979Â Â Â $15,000,000Â Â In January 2023, the Company also granted to the placement agent a warrant as partial of agent fee to purchase 0.7 million shares of common stock of the Company. The warrant is matured in five years with exercise price of $1.25 subject to adjustments under different conditions. The warrant was recognized as derivative liability and the initial fair value was $0.168 million. Â In July 2024,Â the Company entered into agreement with the holder of the convertible notes to extend the maturity date to July 4, 2025. Other than the extension of the maturity date, there is no other amendment to the original note. The original note continued in full force and effect. Our discussion includes forward-looking statements based upon current expectations that involve risks and uncertainties, such as our plans, objectives, expectations, and intentions. Actual results and the timing of events could differ materially from those anticipated in these forward-looking statements as a result of a number of factors, including those set forth under the Risk Factors and Special Note Regarding Forward-Looking Statements in this report. We use words such as â€œanticipate,â€ â€œestimate,â€ â€œplan,â€ â€œproject,â€ â€œcontinuing,â€ â€œongoing,â€ â€œexpect,â€ â€œbelieve,â€ â€œintend,â€ â€œmay,â€ â€œwill,â€ â€œshould,â€ â€œcould,â€ â€œtargetâ€, â€œforecastâ€ and similar expressions to identify forward-looking statements. Â Overview Â Our Business Â We (Addentax Group Corp.) are a Nevada holding company with no material operations of our own. We conduct substantially all of our operations through our operating companies established in the Peopleâ€™s Republic of China, or the PRC, primarily Shenzhen Qianhai Yingxi Industrial Chain Service Co., Ltd. (â€œYXâ€), our wholly owned subsidiary and its subsidiaries. We are not a Chinese operating company. We are a holding company and do not directly own any substantive business operations in China. Our holding company structure involves unique risks to investors. Chinese regulatory authorities could disallow our operating structure, which would likely result in a material change in our operations and/or the value of our common stock, including that it could cause the value of such securities to significantly decline or become worthless. Our holding company, Addentax Group Corp., is listed on the Nasdaq Capital Market under the symbol of â€œATXGâ€. We classify our businesses into three main segments: garment manufacturing, logistics services, and property management and subleasing. The Company previously engaged in the provision of epidemic prevention supplies, which included manufacturing, distribution and trading of epidemic prevention supplies. As the COVID-19 pandemic is near an endemic, the Company ceased to operate in this business in the first quarter of 2023. The remaining assets of this business segment were reclassified into the â€œCorporate and othersâ€ segment. The corresponding items of segment information for the earlier periods were restated to reflect the change of the new segment structure. Â â€œWFOEâ€ refers to Qianhai Yingxi Textile & Garments Co., Ltd, a wholly foreign owned enterprise in China, which is indirectly wholly owned by Addentax Group Corp. Â Our garment manufacturing business consists of sales made principally to wholesaler located in the PRC. We have our own manufacturing facilities, with sufficient production capacity and skilled workers on production lines to ensure that we meet our high quality control standards and timely meet the delivery requirements for our customers. We conduct our garment manufacturing operations through five wholly owned subsidiaries, namely Dongguan Heng Sheng Wei Garments Co., Ltd (â€œHSWâ€), Dongguan Yushang Clothing Co., Ltd (â€œYSâ€), Zhuang Hao Jia (Dongguan) Decoration Engineering Co.,Ltd (â€œZHJâ€), and Dongguan Aotesi Garments Co., Ltd., (â€œAOTâ€), which are located in the Guangdong province, China. Â Our logistics business consists of delivery and courier services covering 44 cities in 10 provinces and 2 municipalities in China. Although we have our own motor vehicles and drivers, we currently outsource some of the business to our contractors. We believe outsourcing allows us to maximize our capacity and maintain flexibility while reducing capital expenditures and the costs of keeping drivers during slow seasons. We conduct our logistic operations through two wholly owned subsidiaries, namely Shenzhen Xin Kuai Jie Transportation Co., Ltd (â€œXKJâ€) and Shenzhen Yingxi Peng Fa Logistic Co., Ltd (â€œPFâ€), which are located in the Guangdong province, China. Â Our property management and subleasing business provides shops subleasing and property management services for garment wholesalers and retailers in the garment market. We currently have an aggregate of 56,238 square meters floor space and provide approximately 1,300 shop space to clients. We conduct our property management and subleasing operation through a wholly owned subsidiary acquired in September 2023, namely Dongguan Hongxiang Commercial Co., Ltd., a PRC company (â€œHXâ€), which is located in the Guangdong province, China. Â To focus on the core businesses of the Group, the Company dissolved one of its subsidiaries, Shenzhen Yingxi Tongda Logistic Co., Ltd, in April 2024 and received approval from RPC authorities. Â As at the date of this report, the Company is in the process of dissolving another subsidiary, ZHJ. Â 3 Â Â Business Objectives Â Garment Manufacturing Business Â We believe the strength of our garment manufacturing business is mainly due to our consistent emphasis on exceptional quality and timely delivery of our products. The primary business objective for our garment manufacturing segment is to expand our customer base and improve our profit. Â Logistics Services Business Â The business objective and future plan for our logistics services segment is to establish an efficient logistic system and to build a nationwide delivery and courier network in China. As of September 30, 2024, we provide logistics services to over 44 cities in approximately 10 provinces and 2 municipalities. We expect to develop 20 additional logistics routes in existing serving cities and improve the Companyâ€™s profit for the remainder of 2024. Â Property Management and Subleasing Business Â The business objective of our property management and subleasing segment is to integrate resources in shopping mall, develop e-commerce bases and the Internet celebrity economy together to drive to increase the value of the stores in the area. The Company conduct the business through a wholly owned subsidiary acquired in September 2023, namely Dongguan Hongxiang Commercial Co., Ltd., a PRC company (â€œHXâ€). Â Seasonality of Business Â Garment Manufacturing Business Â We generally receive more purchase orders during our second and third quarters and fewer manufacture orders during May and June. Â Logistics Services Business Â We generally receive more delivery orders in our third and fourth quarters and are more vulnerable to shipping delays in the PRC during Chinese New Year due to traffic and port congestion, border crossing delays and customs clearance issues. Â Property Management and Subleasing Business Â There is no significant seasonality in our business. Â Collection Policy Â Garment manufacturing business Â For our new customers, we generally require orders placed to be backed by advances or deposits. For our long-term and established customers with good payment track records, we generally provide payment terms between 30 to 180 days following their acknowledgement of receipt of goods. Â Logistics services business Â For logistics services, we generally receive payments from the customers between 30 to 90 days following the date of the registration of our receipt of packages. Â Property management and subleasing business Â For property management and subleasing business, we generally collect rental and management fees of the following month each month in advance. Â 4 Â Â Economic Uncertainty Â Our business is dependent on consumer demand for our products and services. We believe that the significant uncertainty in the economy in China has increased our clientsâ€™ sensitivity to the cost of our products and services. We have experienced continued pricing pressure. If the economic environment becomes weak, the economic conditions could have a negative impact on our sales growth and operating margins, cash position and collection of accounts receivable. Additionally, business credit and liquidity have tightened in China. Some of our suppliers and customers may face credit issues and could experience cash flow problems and other financial hardships. These factors currently have not had an impact on the timeliness of receivable collections from our customers. We cannot predict at this time how this situation will develop and whether accounts receivable may need to be allowed for or written off in the coming quarters. Â Despite the various risks and uncertainties associated with the current economy in China, we believe our core strengths will continue to allow us to execute our strategy for long-term sustainable growth in revenue, net income and operating cash flow. Â Summary of Critical Accounting Policies Â We have identified critical accounting policies that, as a result of judgments, uncertainties, uniqueness and complexities of the underlying accounting standards and operation involved could result in material changes to our financial position or results of operations under different conditions or using different assumptions. Â Estimates and Assumptions Â We regularly evaluate the accounting estimates that we use to prepare our financial statements. In general, managementâ€™s estimates are based on historical experience, on information from third party professionals, and on various other assumptions that are believed to be reasonable under the facts and circumstances. Actual results could differ from those estimates made by management. Â Revenue Recognition Â Revenue is generated through sale of goods and delivery services. Revenue is recognized when a customer obtains control of promised goods or services and is recognized in an amount that reflects the consideration that the Company expects to receive in exchange for those goods or services. In addition, the standard requires disclosure of the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. The amount of revenue that is recorded reflects the consideration that the Company expects to receive in exchange for those goods and services. The Company applies the following five-step model in order to determine this amount: Â Â (i) identification of the promised goods and services in the contract; Â Â Â Â (ii) determination of whether the promised goods and services are performance obligations, including whether they are distinct in the context of the contract; Â Â Â Â (iii) measurement of the transaction price, including the constraint on variable consideration; Â Â Â Â (iv) allocation of the transaction price to the performance obligations; and Â Â Â Â (v) recognition of revenue when (or as) the Company satisfies each performance obligation. Â 5 Â Â The Company only applies the five-step model to contracts when it is probable that the Company will collect the consideration it is entitled to in exchange for the goods or services it transfers to the customer. Once a contract is determined to be within the scope of ASC 606 at contract inception, the Company reviews the contract to determine which performance obligations the Company must deliver and which of these performance obligations are distinct. The Company recognizes as revenues the amount of the transaction price that is allocated to the respective performance obligation when the performance obligation is satisfied or as it is satisfied. Generally, the Companyâ€™s performance obligations are transferred to customers at a point in time, typically upon delivery. Â For all reporting periods, the Company has not disclosed the value of unsatisfied performance obligations for all product and service revenue contracts with an original expected length of one year or less, which is an optional exemption that is permitted under the adopted rules. Â Leases Â Lessee Â The Company determines if an arrangement is a lease at inception. Operating leases are included in operating lease right-of-use (â€œROUâ€) assets, other current liabilities, and operating lease liabilities in our consolidated balance sheets. Finance leases are included in property and equipment, other current liabilities, and other long-term liabilities in the consolidated balance sheets. Â ROU assets represent the right to use an underlying asset for the lease term and lease liabilities represent the obligation to make lease payments arising from the lease. Operating lease ROU assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. As most of the leases do not provide an implicit rate, The Company generally use the incremental borrowing rate based on the estimated rate of interest for collateralized borrowing over a similar term of the lease payments at commencement date. The operating lease ROU asset also includes any lease payments made and excludes lease incentives. Lease expense for lease payments is recognized on a straight-line basis over the lease term. Â Lessor Â As a lessor, the Companyâ€™s leases are classified as operating leases under ASC 842. Leases, in which the Company is the lessor, are substantially all accounted for as operating leases and the lease components and non-lease components are accounted for separately. Rental income from operating leases is recognized on a straight line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized on a straight line basis over the lease term. Â Accounts receivable, net Â Accounts receivable, net are stated at the historical carrying amount net of allowance for doubtful accounts. Â Account receivables are classified as financial assets subsequently measured at amortized cost. Account receivables are recognized when the Company becomes a party to the contractual provisions of the receivables. They are measured, at initial recognition, at fair value plus transaction costs, if any and are subsequently measured at amortized cost. The amortized cost is the amount recognized on the receivable initially, minus principal repayments, plus cumulative amortization (interest) using the effective interest method of any difference between the initial amount and the maturity amount, adjusted for any loss allowance. Â A loss allowance for expected credit losses is recognized on account receivables and is updated at each reporting date. The Company determines the expected credit losses provisions based on ASU No. 2016-13, Financial Instrumentsâ€”Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments (â€˜â€˜ASC 326â€™â€™) using a modified retrospective approach which did not have a material impact on the opening balance of accumulated deficit. To determine expected credit losses on account receivables, the

Company will consider the historic credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions, and an assessment of both the current and forecasted direction of conditions at the reporting date, including the time value of money, where appropriate. Â The loss allowance is calculated on a collective basis for all trade and other receivables in totality. An impairment gain or loss is recognized in profit or loss with a corresponding adjustment to the carrying amount of account receivables, through use of a loss allowance account. The impairment loss is included in operating expenses as a movement in credit loss allowance. Â Receivables are written off when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, e.g., when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings. Receivables written off may still be subject to enforcement activities under the Companyâ€™s recovery procedures, considering legal advice where appropriate. Any recoveries made are recognized in profit or loss. Â 6 Â Â Recently issued accounting pronouncements Â Accounting for Convertible Instruments: In August 2020, FASB issued ASU 2020-06, Accounting for Convertible Instruments and Contracts in an Entityâ€™s Own Equity (ASU 2020-06), as part of its overall simplification initiative to reduce costs and complexity of applying accounting standards while maintaining or improving the usefulness of the information provided to users of financial statements. Among other changes, the new guidance removes from GAAP separation models for convertible debt that require the convertible debt to be separated into a debt and equity component, unless the conversion feature is required to be bifurcated and accounted for as a derivative or the debt is issued at a substantial premium. As a result, after adopting the guidance, entities will no longer separately present such embedded conversion features in equity and will instead account for the convertible debt wholly as debt. The new guidance also requires use of the â€œif-convertedâ€ method when calculating the dilutive impact of convertible debt on earnings per share, which is consistent with the Companyâ€™s current accounting treatment under the current guidance. The guidance is effective for financial statements issued for fiscal years beginning after December 15, 2021, and interim periods within those fiscal years, with early adoption permitted, but only at the beginning of the fiscal year. Â The Company reviews new accounting standards as issued. Management has not identified any other new standards that it believes will have a significant impact on the Companyâ€™s consolidated financial statements. Â Results of Operations for the three months ended September 30, 2024 and 2023 Â The following table summarize our results of operations for the three months ended September 30, 2024 and 2023. The table and the discussion below should be read in conjunction with our consolidated financial statements and the notes thereto appearing elsewhere in this report. All translation adjustments are included in accumulated other comprehensive income in the statement of equity. The foreign currency translation gain (loss) for the six months ended September 30, 2024 and 2023 was approximately $(0.05) million and $0.09 million, respectively. Â Off-Balance Sheet Arrangements Â We have no off-balance sheet arrangements (as that term is defined in Item 303(a)(4)(ii) of Regulation S-K) as of September 30, 2024 that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources. Â 17 Â Â Item 3. Quantitative and Qualitative Disclosures About Market Risk Â Not applicable to smaller reporting companies. Â Item 4. Controls and Procedures Â Disclosure Controls and Procedures Â We maintain disclosure controls and procedures, as defined in Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934 (the â€œExchange Actâ€), that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commissionâ€™s rules and forms and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure. Â We carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures as of September 30, 2024. Based on the evaluation of these disclosure controls and procedures, and in light of the material weaknesses found in our internal controls over financial reporting, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were not effective. Â Managementâ€™s Remediation Initiatives Â In an effort to remediate the identified material weaknesses and other deficiencies and enhance our internal controls, we plan to initiate the following series of measures to further strengthen the Companyâ€™s internal controls going forward: Â 1. hire a reporting manager (â€œInternal Finance Managerâ€) who has the requisite relevant U.S. GAAP and SEC reporting experience and qualifications; Â 2. make an overall assessment on the current finance and accounting resources and hire additional accounting members with appropriate levels of accounting knowledge and experience; Â 3. streamline our accounting department structure and enhance our staffâ€™s U.S. GAAP and SEC reporting requirements on a continuous basis through internal training provided by the Internal Finance manager; Â 4. participate in trainings and seminars provided by professional services firms on a regular basis to gain knowledge on regular U.S. GAAP /SEC reporting requirements updates; and Â 5. engage an external â€œSarbanes-Oxley 404â€ consulting firm to help us implement Sarbanes-Oxley 404 internal controls compliance together with the establishment of our internal audit function. Â We anticipate that these initiatives will be at least partially, if not fully, implemented by the end of fiscal year 2024. Â Changes in Internal Controls over Financial Reporting Â There was no change in the Companyâ€™s internal control over financial reporting period covered by this report that has materially affected, or is reasonably likely to materially affect, the Companyâ€™s internal control over financial reporting. Â 18 Â Â PART II - OTHER INFORMATION Â Item 1. Legal Proceedings Â From time to time, we may become involved in legal proceedings or be subject to claims arising in the ordinary course of our business. We are not presently a party to any legal proceedings that in the opinion of our management, if determined adversely to us, would individually or taken together have a material adverse effect on our business, operating results, financial condition, or cash flows. Â Item 1A. Risk Factors Â As a smaller reporting company (as defined in Rule 12b-2 of the Exchange Act), we are not required to provide the information called for by this Item 1A. Â Item 2. BASIS OF PRESENTATION Â In the opinion of management, the unaudited condensed consolidated financial statements reflect all adjustments of a normal recurring nature that are necessary for a fair presentation of the results for the interim periods presented. All significant intercompany transactions and balances are eliminated in consolidation. However, the results of operations included in such financial statements may not necessarily be indicative of annual results. Â The Company uses the same accounting policies in preparing quarterly and annual financial statements. Certain information and footnote disclosures normally included in the annual consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America (â€œU.S. GAAPâ€) have been condensed or omitted. These unaudited condensed consolidated financial statements should be read in conjunction with the Companyâ€™s audited consolidated financial statements and notes thereto included in the Companyâ€™s Annual Report on Form 10-K for the year ended March 31, 2024 filed with the Securities and Exchange Commission (â€œSECâ€) on July 15, 2024 (â€œ2023 Form 10-Kâ€). SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES Â Use of Estimates Â The preparation of the consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Management makes these estimates using the best information available at the time the estimates are made; however actual results could differ materially from those estimates. Â There is no change in the accounting policies for the six months ended September 30, 2024. Â Recently issued accounting pronouncements Â Accounting for Convertible Instruments: In August 2020, FASB issued ASU 2020-06, Accounting for Convertible Instruments and Contracts in an Entityâ€™s Own Equity (ASU 2020-06), as part of its overall simplification initiative to reduce costs and complexity of applying accounting standards while maintaining or improving the usefulness of the information provided to users of financial statements. Among other changes, the new guidance removes from GAAP separation models for convertible debt that require the convertible debt to be separated into a debt and equity component, unless the conversion feature is required to be bifurcated and accounted for as a derivative or the debt is issued at a substantial premium. As a result, after adopting the guidance, entities will no longer separately present such embedded conversion features in equity and will instead account for the convertible debt wholly as debt. The new guidance also requires use of the â€œif-convertedâ€ method when calculating the dilutive impact of convertible debt on earnings per share, which is consistent with the Companyâ€™s current accounting treatment under the current guidance. The guidance is effective for financial statements issued for fiscal years beginning after December 15, 2021, and interim periods within those fiscal years, with early adoption permitted, but only at the beginning of the fiscal year. Â The Company reviews new accounting standards as issued. Management has not identified any other new standards that it believes will have a significant impact on the Companyâ€™s consolidated financial statements. FINANCIAL INSTRUMENTS Â On January 4, 2023, the Company entered into a series of agreements with certain accredited investors, pursuant to which the Company received a net proceed of $15,000,000 in consideration of the issuance of: Â Â â— senior secured convertible notes in the aggregate original principal amount of approximately $16.7 million with interest rate of 5% per annum (the â€œConvertible Notesâ€); The Convertible Notes shall be matured on July 4, 2024. The conversion price is $1.25, subject to adjustment under several conditions. Â Â Â Â â— warrants to purchase up to approximately 16.1 million shares of common stock of the Company (the â€œCommon Stockâ€) until on or prior to 11:59 p.m. (New York time) on the five-year anniversary of the closing date at an exercise price of $1.25 per share, also subject to adjustment under several conditions. Â The Warrant is considered a freestanding instrument issued together with the Convertible Note and measured at its issuance date fair value. Proceeds received were first allocated to the Warrant based on its initial fair value. The initial fair value of the Warrant was $3.9 million. The Warrant were marked to the market with the changes in the fair value of warrant recorded in the consolidated statements of operations and comprehensive loss. As of September 30, 2024, the balance of the Warrant was approximately $0.3 million (March 31, 2024: $0.25 million). Â The Convertible Note is classified as a liability and is subsequently stated at amortized cost with any difference between the initial carrying value and the repayment amount as interest expenses using the effective interest method over the period from the issuance date to the maturity date. The embedded conversion feature should be bifurcated and separately accounted for using fair value, as this embedded feature is considered not clearly and closely related to the debt host. The bifurcated conversion feature was recorded at fair value with the changes recorded in the consolidated statements of operations and comprehensive loss. The initial fair value of the embedded conversion feature was $1.2 million. As of September 30, 2024, the fair value of the conversion option was $0.6 million (March 31, 2024: $0.04 million). Â The Company determined that the other embedded features do not require bifurcation as they either are clearly and closely related to the Convertible Note or do not meet the definition of a derivative. Â The total proceeds of the Convertible Note and the Warrants, net of issuance cost, of $15.0 million was received by the Company in January 2023, and allocated to each of the financial instruments as following: Â SCHEDULE OF FINANCIAL INSTRUMENTS Â Â As of January 4, 2023Â Â Â Â Â Derivative liabilities â€“ Fair value of the WarrantsÂ $3,858,521Â Derivative liabilities â€“ Embedded conversion featureÂ Â 1,247,500Â Convertible NoteÂ Â 9,893,979Â Â Â $15,000,000Â Â In January 2023, the Company also granted to the placement agent a warrant as partial of agent fee to purchase 0.7 million shares of common stock of the Company. The warrant is matured in five years with exercise price of $1.25 subject to adjustments under different conditions. The warrant was recognized as derivative liability and the initial fair value was $0.168 million. Â In July 2024,Â the Company entered into agreement with the holder of the convertible notes to extend the maturity date to July 4, 2025. Other than the extension of the maturity date, there is no other amendment to the original note. The original note continued in full force and effect. RISKS AND UNCERTAINTIES Â (a) Economic and Political Risks Â The Companyâ€™s operations are conducted in the PRC. Accordingly, the Companyâ€™s business, financial condition and results of operations may be influenced by the political, economic and legal environment in the PRC, and by the general state of the PRC economy. Â The Companyâ€™s operations in the PRC are subject to special considerations and significant risks not typically associated with companies in North America and Western Europe. These include risks associated with, among others, the political, economic and legal environment and foreign currency exchange. The Companyâ€™s results may be adversely affected by changes in the political and social conditions in the PRC, and by changes in governmental policies with respect to laws and regulations, anti-inflationary measures, currency conversion, remittances abroad, and rates and methods of taxation. Â (b) Foreign Currency Translation Â The Companyâ€™s reporting currency is the U.S. dollar. The functional currency of the parent company is the U.S. dollar and the functional currency of the Companyâ€™s operating subsidiaries is the Chinese Renminbi (â€œRMBâ€). For the subsidiaries whose functional currencies are the RMB, all assets and liabilities are translated at exchange rates at the balance sheet date, which was 7.02 and 7.22 as of September 30, 2024 and March 31, 2024, respectively. Revenue and expenses are translated at the average yearly exchange rates, which was 7.16 and 7.004, 7.20 and 7.12 for the three and six months ended September 30, 2024 and 2023, respectively. Equity is translated at historical exchange rates. Any translation adjustments resulting are not included in determining net income but are included in foreign exchange adjustments to other comprehensive loss, a component of equity. Management makes these estimates using the best information available at the time the estimates are made; however actual results could differ materially from those estimates. Â There is no change in the accounting policies for the six months ended September 30, 2024. Â Recently issued accounting pronouncements Recently issued accounting pronouncements Â Accounting for Convertible Instruments: In August 2020, FASB issued ASU 2020-06, Accounting for Convertible Instruments and Contracts in an Entityâ€™s Own Equity (ASU 2020-06), as part of its overall simplification initiative to reduce costs and complexity of applying accounting standards while maintaining or improving the usefulness of the information provided to users of financial statements. Among other changes, the new guidance removes from GAAP separation models for convertible debt that require the convertible debt to be separated into a debt and equity component, unless the conversion feature is required to be bifurcated and accounted for as a derivative or the debt is issued at a substantial premium. As a result, after adopting the guidance, entities will no longer separately present such embedded conversion features in equity and will instead account for the convertible debt wholly as debt. The new guidance also requires use of the â€œif-convertedâ€ method when calculating the dilutive impact of convertible debt on earnings per share, which is consistent with the Companyâ€™s current accounting treatment under the current guidance. The guidance is effective for financial statements issued for fiscal years beginning after December 15, 2021, and interim periods within those fiscal years, with early adoption permitted, but only at the beginning of the fiscal year. Â The Company reviews new accounting standards as issued. Management has not identified any other new standards that it believes will have a significant impact on the Companyâ€™s consolidated financial statements. ORGANIZATION AND BUSINESS ACQUISITIONS   ATXG and its subsidiaries (the "Company") are engaged in the business of garments manufacturing, providing logistic services, property leasing and management service in the People's Republic of China ("PRC" or "China").   2. BASIS OF PRESENTATION   In the opinion of management, the unaudited condensed consolidated financial statements reflect all adjustments of a normal recurring nature that are necessary for a fair presentation of the results for the interim periods presented. All significant intercompany transactions and balances are eliminated in consolidation. However, the results of operations included in such financial statements may not necessarily be indicative of annual results.   The Company uses the same accounting policies in preparing quarterly and annual financial statements. Certain information and footnote disclosures normally included in the annual consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") have been condensed or omitted. These unaudited condensed consolidated financial statements should be read in conjunction with the Company's audited consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended March 31, 2024 filed with the Securities and Exchange Commission ("SEC") on July 15, 2024 ("2023 Form 10-K").   3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES   Use of Estimates   The preparation of the consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Management makes these estimates using the best information available at the time the estimates are made; however actual results could differ materially from those estimates.   There is no change in the accounting policies for the six months ended September 30, 2024.   Recently issued accounting pronouncements   Accounting for Convertible Instruments: In August 2020, FASB issued ASU 2020-06, Accounting for

Convertible Instruments and Contracts in an Entity's Own Equity (ASU 2020-06), as part of its overall simplification initiative to reduce costs and complexity of applying accounting standards while maintaining or improving the usefulness of the information provided to users of financial statements. Among other changes, the new guidance removes from GAAP separation models for convertible debt that require the convertible debt to be separated into a debt and equity component, unless the conversion feature is required to be bifurcated and accounted for as a derivative or the debt is issued at a substantial premium. As a result, after adopting the guidance, entities will no longer separately present such embedded conversion features in equity and will instead account for the convertible debt wholly as debt. The new guidance also requires use of the "if-converted" method when calculating the dilutive impact of convertible debt on earnings per share, which is consistent with the Company's current accounting treatment under the current guidance. The guidance is effective for financial statements issued for fiscal years beginning after December 15, 2021, and interim periods within those fiscal years, with early adoption permitted, but only at the beginning of the fiscal year.   The Company reviews new accounting standards as issued. Management has not identified any other new standards that it believes will have a significant impact on the Company's consolidated financial statements. DISPOSITION OF SUBSIDIARIES   The Company disposed of its subsidiary Shantou Yi Bai Yi Garment Co., Ltd, a PRC Company ("YBY"), a manufacturing company in garment manufacturing segment at end of August 2024 to the local management of YBY. After disposition, YBY became third party to the Company. The Company will not have any businesses with YBY. The Company will carry on the garment manufacturing segment business through other subsidiaries. The disposition of YBY did not qualify as discontinued operations. ADVANCES TO SUPPLIERS   The Company has made advances to third-party suppliers in advance of receiving inventory parts. These advances are generally made to expedite the delivery of required inventory when needed and to help to ensure priority and preferential pricing on such inventory. The amounts advanced to suppliers are fully refundable on demand.   The Company reviews a supplier's credit history and background information before advancing a payment. If the financial condition of its suppliers were to deteriorate, resulting in an impairment of their ability to deliver goods or provide services, the Company would

recognize bad debt expense in the period they are considered unlikely to be collected.   9. The increase of related party debt from Yang Bihua was mainly due to the cash paid in advance to Yang Bihua. During the quarter ended September 30, 2024, the Company provided a short term loan of approximately $0.31 million to Yang Bihua and received repayment of approximately $0.30 million from him. The Company received financial support from Huang Dewu to fund company's daily operation. The decrease is because YBY was disposed of in August 2024.
