These financial statements should therefore be read in conjunction with the audited consolidated financial statements and accompanying notes included in the Companyâ€™s Annual Report on Form 10-K for the fiscal year ended March 31, 2024 (â€œfiscal 2024â€).8DXC TECHNOLOGY COMPANYNOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)Use of EstimatesThe preparation of the financial statements, in accordance with GAAP, requires the Companyâ€™s management to make estimates and assumptions that affect the reported amounts of assets and liabilities as well as the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The Company bases its estimates on assumptions regarding historical experience, currently available information, and anticipated developments that it believes are reasonable and appropriate. However, because the use of estimates involves an inherent degree of uncertainty, actual results could differ from those estimates. Estimates are used for, but are not limited to, contracts accounted for using the percentage-of-completion method, cash flows used in the evaluation of impairment of goodwill and other long-lived assets, reserves for uncertain tax positions, valuation allowances on deferred tax assets, loss accruals for litigation, and obligations related to our pension plans. In the opinion of the Companyâ€™s management, the accompanying financial statements contain all adjustments necessary, including those of a normal recurring nature, to fairly present the financial statements. The results of operations for the interim periods are not necessarily indicative of the results to be expected for the full fiscal year. As part of its risk management strategy, the Company uses derivative instruments, primarily foreign currency forward contracts and interest rate swaps, to hedge certain foreign currency and interest rate exposures. The Companyâ€™s objective is to reduce earnings volatility by offsetting gains and losses resulting from these exposures with losses and gains on the derivative contracts used to hedge them. The Company does not use derivative instruments for trading or any speculative purposes.Derivatives Designated for Hedge AccountingCash flow hedgesThe Company has designated certain foreign currency forward contracts as cash flow hedges to reduce foreign currency risk related to certain Euro and Indian Rupee-denominated obligations and forecasted transactions. The notional amounts of foreign currency forward contracts designated as cash flow hedges as of DecemberÂ 31, 2024 and MarchÂ 31, 2024 were $730 million and $885 million, respectively. As of DecemberÂ 31, 2024, the related forecasted transactions extend through December 2026.During the three and nine months ended DecemberÂ 31, 2024 and DecemberÂ 31, 2023, respectively, the Company had no cash flow hedges for which it was probable that the hedged transaction would not occur. See Note 14 - â€œStockholdersâ€™ Equityâ€ for changes in accumulated other comprehensive loss, net of taxes, related to the Companyâ€™s derivatives designated for hedge accounting. As of DecemberÂ 31, 2024, $2 million of loss related to the cash flow hedge reported in accumulated other comprehensive loss is expected to be reclassified into earnings within the next 12 months.Derivatives Not Designated for Hedge AccountingThe derivative instruments not designated as hedges for purposes of hedge accounting include certain short-term foreign currency forward contracts. Derivatives that are not designated as hedging instruments are adjusted to fair value through earnings in the financial statement line item to which the derivative relates.Foreign currency forward contractsThe Company manages the exposure to fluctuations in foreign currencies by using primarily short-term foreign currency forward contracts to hedge certain foreign currency denominated assets and liabilities, including intercompany accounts and forecasted transactions. The net notional amounts of the foreign currency forward contracts outstanding as of DecemberÂ 31, 2024 and MarchÂ 31, 2024 were $1.7 billion and $1.5 billion, respectively.14DXC TECHNOLOGY COMPANYNOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)The following table presents the foreign currency (gain) loss to Other income, net:Three Months EndedNine Months Ended(in millions)December 31, 2024December 31, 2023December 31, 2024December 31, 2023Foreign currency remeasurement (1)$48Â (17)29Â $4Â Undesignated foreign currency forward contracts (2)(49)22Â (29)(8)Total - Foreign currency (gain) loss(1)5Â $â€”Â $(4)Â Â Â Â Â Â Â Â (1) Movements from exchange rates on the Companyâ€™s foreign currency-denominated assets and liabilities.(2) Movements from hedges used to manage the Companyâ€™s foreign currency remeasurement exposure, and the associated costs of the hedging program.Other Risks for Derivative InstrumentsThe Company is exposed to the risk of losses in the event of non-performance by the counterparties to its derivative contracts. The amount subject to credit risk related to derivative instruments is generally limited to the amount, if any, by which a counterpartyâ€™s obligations exceed the obligations of the Company with that counterparty. To mitigate counterparty credit risk, the Company regularly reviews its credit exposure and the creditworthiness of the counterparties. With respect to its foreign currency derivatives, as ofÂ DecemberÂ 31, 2024, there were seven counterparties with concentration of credit risk, and based on gross fair value, the maximum amount of loss that the Company could incur is $19Â million.The Company also enters into enforceable master netting arrangements with some of its counterparties. However, for financial reporting purposes, it is the Companyâ€™s policy not to offset derivative assets and liabilities despite the existence of enforceable master netting arrangements. The potential effect of such netting arrangements on the Companyâ€™s balance sheets is not material for the periods presented.Non-Derivative Financial Instruments Designated for Hedge AccountingThe Company applies hedge accounting for foreign currency-denominated debt used to manage foreign currency exposures on its net investments in certain non-U.S. operations. To qualify for hedge accounting, the hedging instrument must be highly effective at reducing the risk from the exposure being hedged.Net Investment HedgesDXC seeks to reduce the impact of fluctuations in foreign exchange rates on its net investments in certain non-U.S. operations with foreign currency-denominated debt. For foreign currency-denominated debt designated as a hedge, the effectiveness of the hedge is assessed based on changes in spot rates. For qualifying net investment hedges, all gains or losses on the hedging instruments are included in currency translation. Gains or losses on individual net investments in non-U.S. operations are reclassified to earnings from accumulated other comprehensive income (loss) when such net investments are sold or substantially liquidated.As of DecemberÂ 31, 2024 and MarchÂ 31, 2024, DXC had $673Â million and $702 million, respectively, of foreign currency-denominated debt designated as hedges of net investments in non-U.S. subsidiaries. For the three and nine months ended DecemberÂ 31, 2024, the pre-tax gain on foreign currency-denominated debt designated for hedge accounting recognized in other comprehensive income was $52Â million and $28Â million, respectively. 15DXC TECHNOLOGY COMPANYNOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)Note 7 â€“ Intangible Assets Intangible assets consisted of the following:As of December 31, 2024As of March 31, 2024(in millions)Gross Carrying ValueAccumulated AmortizationNet Carrying ValueGross Carrying ValueAccumulated AmortizationNet Carrying ValueSoftware$3,689Â $3,082Â $607Â $3,721Â $3,070Â $651Â Customer related intangible assets3,846Â 2,819Â 1,027Â 3,892Â 2,588Â 1,304Â Other intangible assets285Â 133Â 152Â 309Â 134Â 175Â Total intangible assets$7,820Â $6,034Â $1,786Â $7,922Â $5,792Â $2,130Â The components of amortization expense were as follows:Three Months EndedNine Months Ended(in millions)December 31, 2024December 31, 2023December 31, 2024December 31, 2023Intangible asset amortization$182Â $192Â $548Â $570Â Transition and transformation contract cost amortization(1)51Â 53Â 152Â 155Â Total amortization expense$233Â $245Â $700Â $725Â Â Â Â Â Â Â Â Â Â (1)Transition and transformation contract costs are included within other assets on the balance sheets.Estimated future amortization related to intangible assets as ofÂ DecemberÂ 31, 2024Â is as follows: Fiscal Year (in millions)Remainder of 2025$184Â 2026675Â 2027480Â 2028208Â 202997Â Thereafter142Â Total$1,786Â 16DXC TECHNOLOGY COMPANYNOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)Note 8 â€“ GoodwillThe following table summarizes the changes in the carrying amount of goodwill, by segment, as of DecemberÂ 31, 2024.(in millions)GBSGISTotalBalance as of March 31, 2024, net$532Â $â€”Â $532Â Divestitures(3)â€”Â (3)Foreign currency translation (11)â€”Â (11)Balance as of December 31, 2024, net$518Â $â€”Â $518Â Goodwill, gross5,008Â 5,066Â 10,074Â Accumulated impairment losses(4,490)(5,066)(9,556)Balance as of December 31, 2024, net$518Â $â€”Â $518Â The foreign currency translation amount reflects the impact of currency movements on non-U.S. dollar-denominated goodwill balances.17DXC TECHNOLOGY COMPANYNOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)Note 9 â€“ Debt The following is a summary of the Companyâ€™s debt:(in millions)Interest RatesFiscal Year MaturitiesDecember 31, 2024(1)March 31, 2024(1)Short-term debt andcurrent maturities of long-term debtCurrent maturities of long-term debtVarious2025 - 202662Â 93Â Current maturities of finance lease liabilities0.51% - 14.59%2025 - 2026131Â 178Â Short-term debt and current maturities of long-term debt$193Â $271Â Long-term debt, net of current maturitiesâ,¬650Â million Senior notes1.75%2026673Â 700Â $700 million Senior notes1.80%2027698Â 697Â â,¬750 million Senior notes0.45%2028774Â 806Â $650 million Senior notes2.375%2029647Â 646Â â,¬600 million Senior notes0.95%2032617Â 643Â Finance lease liabilities0.51% - 14.59%2025 - 2035305Â 420Â Borrowings for assets acquired under long-term financing0.00% - 9.78%2025 - 202996Â 177Â Other borrowingsVarious2025 - 203520Â â€”Â Long-term debt3,830Â 4,089Â Less: current maturities 193Â 271Â Long-term debt, net of current maturities$3,637Â $3,818Â Â Â Â Â Â Â Â Â Â (1)The carrying amounts of the senior notes as of DecemberÂ 31, 2024 and MarchÂ 31, 2024, include the remaining principal outstanding of $3,422 million and $3,509 million, respectively, net of total unamortized debt discounts and premiums, and deferred debt issuance costs of $13 million and $17 million, respectively. The Company generally will be responsible for tax liabilities arising prior to the USPS Separation, and Perspecta is liable to the Company for income tax receivables related to pre-spin-off periods. Income tax liabilities transferred to Perspecta primarily relate to pre-HPES Merger periods, for which the Company is indemnified by HPE pursuant to the tax matters agreement between the Company and HPE. The Company remains liable to HPE for tax receivables transferred to Perspecta related to pre-HPES Merger periods. Pursuant to the tax matters agreement, the Company recorded a $15 million tax indemnification receivable from Perspecta related to other tax receivables and a $5 million tax indemnification payable to Perspecta related to income tax and other tax payables.In connection with the sale of its healthcare provider software business (â€œHPSâ€), the Company entered into a tax matters agreement with Dedalus. Pursuant to the tax matters agreement, the Company generally will be responsible for tax liabilities arising prior to the sale of the HPS business.The Internal Revenue Service (the â€œIRSâ€) has examined, or is examining, the Companyâ€™s federal income tax returns for fiscal 2009 through the tax year ended October 31, 2018. With respect to CSCâ€™s fiscal 2009 through 2017 federal tax returns, the Company participated in settlement negotiations with the IRS Office of Appeals. The IRS examined several issues for these tax years that resulted in various audit adjustments. The Company and the IRS Office of Appeals have settled various audit adjustments, and we disagree with the IRSâ€™ disallowance of certain losses and deductions resulting from restructuring costs, foreign exchange losses, and a third-party financing transaction in previous years. As we believe we will ultimately prevail on the technical merits of the disagreed items and are challenging them in the U.S. Tax Court, these matters are not fully reserved and would result in incremental federal and state tax expense of approximately $536Â million (including estimated interest and penalties) for the unreserved portion of these items and cash tax payments of approximately $613Â million if we do not prevail. We have received notices of deficiency with respect to fiscal 2009, 2010, 2011 and 2013 and have timely filed petitions with the U.S. Tax Court. During fiscal 2024, some of these cases were dismissed, but the dismissals were procedural in nature only and do not impact the Companyâ€™s potential liability for the aforementioned fiscal years. We expect court proceedings to progress during calendar year 2025 that may result in resolution of some or all of the litigation matters by the end of fiscal year 2026.During fiscal 2024, the Company determined there were inadvertent omissions on previously filed tax returns related to gain recognition agreements and certain related tax forms and disclosures. The Company notified the IRS promptly and filed for relief under Treas. Reg. Sec. 1.367(a)-8(p) to correct the issue.The Companyâ€™s fiscal years 2009, 2010, and 2013 are in the U.S. Tax Court, and consequently these years will remain open until such proceedings have concluded. The statute of limitations on assessments related to a refund claim for fiscal year 2012 is open through February 28, 2025. The Company has agreed to extend the statute of limitations for fiscal and tax return years 2014 through 2021 to December 31, 2025. The Company expects to reach resolution for fiscal and tax return years 2009 through 2011 no earlier than fiscal year 2026. The Company expects to reach resolution for fiscal and tax return years 2012 and 2013 no earlier than fiscal year 2028. The Company expects to reach resolution for fiscal and tax return years 2014 through 2021 no earlier than fiscal year 2026.The Company may settle certain other tax examinations for different amounts than the Company has accrued as uncertain tax positions. Consequently, the Company may need to accrue and ultimately pay additional amounts or pay lower amounts than previously estimated and accrued when positions are settled in the future. For the three months ended December 31, 2024, the Companyâ€™s liability for uncertain tax positions decreased by $19Â million (excluding interest and penalties and related tax attributes) primarily due to a change in the uncertain tax position related to capitalized research and experimental expenditures. The Company believes the outcomes that are reasonably possible within the next 12 months to result in a reduction in its liability for uncertain tax positions, excluding interest, penalties, and tax carryforwards, would be approximately $62 million.22DXC TECHNOLOGY COMPANYNOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)Note 14 â€” Stockholdersâ€™ Equity Share Repurchase ProgramDuring the first nine months of fiscal 2025, there were no share repurchases under our Share Repurchase Program. The action asserts claims under Sections 11, 12 and 15 of the Securities Act of 1933, as amended, and is premised on allegedly false and/or misleading statements, and alleged non-disclosure of material facts, regarding the Companyâ€™s prospects and expected performance. The putative class of plaintiffs includes former shareholders of Computer Sciences Corporation (â€œCSCâ€) who exchanged their CSC shares for the Companyâ€™s common stock pursuant to the offering documents filed with the Securities and Exchange Commission in connection with the April 2017 transaction that formed DXC.The State of California action had been stayed pending the outcome of the substantially similar federal action filed in the United States District Court for the Northern District of California. The federal action was dismissed with prejudice in December 2021. Thereafter, the state court lifted the stay and entered an order permitting additional briefing by the parties. In March 2022, Plaintiffs filed an amended complaint, which the Company moved to dismiss. In August 2022, the Court granted the Companyâ€™s motion to dismiss, but permitted Plaintiffs to amend and refile their complaint. In September 2022, Plaintiffs filed a second amended complaint, which the Company moved to dismiss. In January 2023, the Court issued an order denying the Companyâ€™s motion to dismiss the second amended complaint. In March 2023, the Court entered a scheduling order setting a trial date for September 2025. The trial date has since been extended to May 2026. In May 2024, the Court entered an order granting Plaintiffsâ€™ motion for class certification. In July 2024, notice was provided to potential

class members. The case is otherwise in discovery.On August 2, 2024, a purported class action lawsuit was filed in the United States District Court for the Eastern District of Virginia against the Company and certain of its current and former officers. For more detail, see Note 13 â€“ â€œIncome Taxesâ€ for further information.TCS Litigation: In April 2019, the Company filed a lawsuit against Tata Consultancy Services Limited (â€œTCSâ€) and Tata America International Corporation alleging misappropriation of certain of the Companyâ€™s trade secrets. In November 2023, a trial was held in the United States District Court for the Northern District of Texas, and a jury found TCS liable for misappropriating the Companyâ€™s trade secrets and awarded the Company $70Â million in compensatory damages and $140Â million in punitive damages, for a total award of $210Â million. In June 2024, the Court entered a final order in the case, affirming the juryâ€™s verdict in the Companyâ€™s favor and revising the monetary award to $56Â million in compensatory damages and $112Â million in punitive damages. The Court also awarded the Company $26Â million in prejudgment interest, post-judgment interest at an annual rate of 4.824%, and its attorneyâ€™s fees and costs, in an amount to be determined in a later order. The total award to the Company is $194Â million, plus its attorneyâ€™s fees and costs. The Court also issued a permanent injunction enjoining TCS from, among other things, possessing, accessing, or using any of the Companyâ€™s trade secrets that were at issue in the case, and appointing a monitor to confirm, among other things, that TCS does not do so. In August 2024, TCS filed a Notice of Appeal to the U.S. Court of Appeals for the Fifth Circuit. The Company has not recognized any portion of the award in its financial statements and will continue to monitor the progress of the case. In addition to the matters noted above, the Company is currently subject in the normal course of business to various claims and contingencies arising from, among other things, disputes with customers, vendors, employees, contract counterparties and other parties, as well as securities matters, environmental matters, matters concerning the licensing and use of intellectual property, and inquiries and investigations by regulatory authorities and government agencies. Some of these disputes involve or may involve litigation. The financial statements reflect the treatment of claims and contingencies based on managementâ€™s view of the expected outcome. DXC consults with outside legal counsel on issues related to litigation and regulatory compliance and seeks input from other experts and advisors with respect to matters in the ordinary course of business. Although the outcome of these and other matters cannot be predicted with certainty, and the impact of the final resolution of these and other matters on the Companyâ€™s results of operations in a particular subsequent reporting period could be material and adverse, management does not believe based on information currently available to the Company, that the resolution of any of the matters currently pending against the Company will have a material adverse effect on the financial position of the Company or the ability of the Company to meet its financial obligations as they become due.Â Unless otherwise noted, the Company is unable to determine at this time a reasonable estimate of a possible loss or range of losses associated with the foregoing disclosed contingent matters.29CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTSAll statements and assumptions contained in this Quarterly Report on Form 10-Q and in the documents incorporated by reference that do not directly and exclusively relate to historical facts constitute â€œforward-looking statements.â€ Forward-looking statements often include words such as â€œanticipates,â€ â€œbelieves,â€ â€œestimates,â€ â€œexpects,â€ â€œforecast,â€ â€œgoal,â€ â€œintends,â€ â€œobjective,â€ â€œplans,â€ â€œprojects,â€ â€œstrategy,â€ â€œtarget,â€ and â€œwillâ€ and words and terms of similar substance in discussions of future operating or financial performance. This information is consistent with how management views our revenues and evaluates our operating performance and trends. For more information, see "Non-GAAP Financial Measures."33For the third quarter of fiscal 2025, our total revenue was $3.2 billion, a decrease of $174 million or 5.1%, compared to the same period a year ago. Organic revenue growth is a non-GAAP measure. For more information, see "Non-GAAP Financial Measures".For the first nine months of fiscal 2025, our total revenue was $9.7 billion, a decrease of $579 million or 5.6%, as compared to the same period a year ago. The 5.6% decrease against the comparative period includes a 0.7% unfavorable foreign currency exchange rate impact, a 0.2% decline in revenue from the disposition of certain businesses, and a 4.7% decline in organic revenue. For the discussion of risks associated with our foreign operations, see Part 1, Item 1A â€œRisk Factorsâ€ of our Annual Report on Form 10-K for the fiscal year ended MarchÂ 31, 2024.Global Business ServicesFor the third quarter of fiscal 2025, GBS revenue was $1.67 billion, a decrease of $30 million or 1.8%, as compared to the same period a year ago. The decrease in expense against both comparative periods was primarily due to a decrease in costs from lower revenue levels and a reduction in professional services and contractor-related expenses from our cost optimization

efforts.Gross margin (Revenues less COS as a percentage of revenue) was 25.1% and 24.0% for the third quarter and first nine months of fiscal 2025, respectively, an increase of 2.7% and 1.7% against the comparative period.Selling, General and AdministrativeSelling, general and administrative expense, excluding depreciation and amortization and restructuring costs (â€œSG&Aâ€), was $335 million and $989 million for the third quarter and first nine months of fiscal 2025, respectively, an increase of $41 million and $40 million, respectively, as compared to the same periods of the prior fiscal year. The $41 million increase in expense for the third quarter of fiscal 2025 was primarily due to an alignment of business development expenses from COS in support of the offering model and an increase in professional services and other vendor-related expenses, partially offset by reductions in payroll related expenses. The $40 million increase in expense for the first nine months of fiscal 2025 was primarily due to an alignment of business development expenses from COS in support of the offering model and an increase in transaction, separation and integration-related (â€œTSIâ€) costs, partially offset by lower merger-related indemnification expenses and a gain from a legal settlement in fiscal 2025.35Depreciation and AmortizationDepreciation expense was $87 million and $275 million for the third quarter and first nine months of fiscal 2025, respectively, a decrease of $18 million and $55 million, respectively, as compared to the same periods of the prior fiscal year. The decrease in depreciation expense against both comparative periods was primarily due to lower average net property and equipment balances.Amortization expense was $233 million and $700 million for the third quarter and first nine months of fiscal 2025, respectively, a decrease of $12 million and $25 million, respectively, as compared to the same periods of the prior fiscal year. The decrease in amortization expense against both comparative periods was primarily due to lower software amortization.Restructuring CostsDuring fiscal 2025, management approved global cost savings initiatives designed to better align our facility and data center requirements. During the third quarter and first nine months of fiscal 2025, total restructuring costs recorded, net of reversals, were $43 million and $124 million, respectively, an increase of $7 million and $33 million, respectively, as compared to the same periods of the prior fiscal year. See Note 11 â€“ â€œRestructuring Costsâ€ for additional information about our restructuring actions. Interest Expense and Interest IncomeNet interest expense (interest expense less interest income) was $15Â million and $54Â million for the third quarter and first nine months of fiscal 2025, respectively, a decrease of $7 million and $10 million, respectively, as compared to the same periods of the prior fiscal year. The decrease in net interest expense against both comparative periods was primarily due to decreased interest expense from lower levels of asset financing and commercial paper liabilities, partially offset by lower interest from cash deposits.Gain on Disposition of BusinessesDuring the first nine months of fiscal 2025 and fiscal 2024, the Company sold insignificant businesses and made adjustments to estimated amounts from prior yearsâ€™ dispositions that resulted in a gain of $7Â million and $96Â million, respectively.36Other Income, NetOther income, net comprises non-service cost components of net periodic pension income, movement in foreign currency exchange rates on our foreign currency denominated assets and liabilities and the related economic hedges, losses (gains) on real estate and facility sales, and other miscellaneous gains and losses. The following table summarizes components of other income, net. The components of other income, net were as follows:Three Months EndedNine Months Ended(in millions)December 31, 2024December 31, 2023December 31, 2024December 31, 2023Non-service cost components of net periodic pension income(40)(35)(120)(108)Foreign currency (gain) loss(1)5Â â€”Â (4)Loss (gain) on real estate and facility sales3Â (2)32Â (8)Other loss (gain)10Â (16)(6)(68)Total(28)(48)(94)(188) Other income, net, was $28 million for the third quarter of fiscal 2025, a decrease of $20 million against the comparative period. Other income, net, was $94 million for the first nine months of fiscal 2025, a decrease of $94 million against the comparative period. The change against the comparative period was primarily due to:â€¢net periodic pension income increased by $5 million and $12 million primarily due to changes in expected returns on assets and other actuarial assumptions.â€¢foreign currency gains increased by $6 million and decreased by $4 million, primarily due to movements of exchange rates on our foreign currency-denominated assets and liabilities, related hedges including forward contracts to manage our exposure to economic risk, and the cost of our hedging program.â€¢net losses on real estate and facility sales increased by $5 million and $40 million; andâ€¢a decrease in other gains of $26 million and $62 million, primarily from an impairment loss in the third quarter of fiscal 2025 and the sale of a strategic investment in the first nine months of fiscal 2024.Taxes Our effective tax rate (â€œETRâ€) was 51.9% and 34.0% for the three months ended DecemberÂ 31, 2024, and DecemberÂ 31, 2023, respectively, and 54.5% and 32.8% for the nine months ended DecemberÂ 31, 2024, and DecemberÂ 31, 2023, respectively. For the three months ended December 31, 2024, the primary drivers of the ETR were the global mix of income, U.S. tax on foreign income, and the foreign tax credit. For the nine months ended December 31, 2024, the primary drivers of the ETR were the global mix of income, U.S. tax on foreign income, the foreign tax credit, and an increase in interest receivables due from tax authorities. For the three months ended December 31, 2023, the primary drivers of the ETR were the global mix of income, U.S. tax on foreign income, and the foreign tax credit. For the nine months ended December 31, 2023, the primary drivers of the ETR were the global mix of income, U.S. tax on foreign income, a decrease in valuation allowances on deferred tax assets, and the foreign tax credit.37Earnings Per ShareDiluted EPS for the third quarter and first nine months of fiscal 2025 was $0.31 and $0.68, respectively, a decrease of $0.50 and $0.75, respectively, as compared to the same periods of the prior fiscal year. The decrease in diluted EPS against both comparative periods was primarily due to decreases in net income attributable to DXC common stockholders, partially offset by lower weighted average share counts from the Companyâ€™s share repurchases.Diluted EPS for the third quarter of fiscal 2025Â includesÂ $0.18Â per share of restructuring costs,Â $0.01Â per share of transaction, separation and integration-related costs, $0.37Â per share of amortization of acquired intangible assets, $0.05 per share of impairment losses, $(0.01) per share of gains on dispositions, $0.01 per share of net losses on real estate and facility sales, and $(0.01) per share of tax adjustments.Diluted EPS for the first nine months of fiscal 2025Â includesÂ $0.54Â per share of restructuring costs,Â $0.11Â per share of transaction, separation and integration-related costs, $1.14Â per share of amortization of acquired intangible assets, $(0.03) per share of merger related indemnification costs, $0.05 per share of impairment losses, $(0.04) per share of gains on dispositions, $0.13 per share of net losses on real estate and facility sales, and $0.02 per share of tax adjustments.38Non-GAAP Financial MeasuresWe present non-GAAP financial measures of performance which are derived from the statements of operations of DXC. These non-GAAP financial measures include earnings before interest and taxes (â€œEBITâ€), adjusted EBIT, non-GAAP income before income taxes, non-GAAP net income, non-GAAP net income attributable to DXC common stockholders, non-GAAP EPS, organic revenue growth, constant currency revenues, and free cash flow.We believe EBIT, adjusted EBIT, non-GAAP income before income taxes, non-GAAP net income, non-GAAP net income attributable to DXC common stockholders, and non-GAAP EPS provide investors with useful supplemental information about our operating performance after excluding certain categories of expenses as well as gains and losses on certain dispositions and certain tax adjustments.We believe constant currency revenues provides investors with useful supplemental information about our revenues after excluding the effect of currency exchange rate fluctuations for currencies other than U.S. dollars in the periods presented. See below for a description of the methodology we use to present constant currency revenues.One category of expenses excluded from adjusted EBIT, non-GAAP income before income tax, non-GAAP net income, non-GAAP net income attributable to DXC common stockholders, and non-GAAP EPS, incremental amortization of intangible assets acquired through business combinations, if included, may result in a significant difference in period over period amortization expense on a GAAP basis. We exclude amortization of certain acquired intangible assets as these non-cash amounts are inconsistent in amount and frequency and are significantly impacted by the timing and/or size of acquisitions. Although DXC management excludes amortization of acquired intangible assets, primarily customer-related intangible assets, from its non-GAAP expenses, we believe that it is important for investors to understand that such intangible assets were recorded as part of purchase accounting and support revenue generation. Any future transactions may result in a change to the acquired intangible asset balances and associated amortization expense. Another category of expenses excluded from adjusted EBIT, non-GAAP income before income tax, non-GAAP net income, non-GAAP net income attributable to DXC common stockholders, and non-GAAP EPS is impairment losses, which, if included, may result in a significant difference in period-over-period expense on a GAAP basis. We exclude impairment losses as these non-cash amounts reflect generally an acceleration of what would be multiple periods of expense and are not expected to occur frequently. Further, assets such as goodwill may be significantly impacted by market conditions outside of managementâ€™s control. Selected references are made to revenue growth on an â€œorganic basisâ€ so that certain financial results can be viewed without the impact of fluctuations in foreign currency rates and without the impacts of acquisitions and divestitures, thereby providing comparisons of operating performance from period to period of the business that we have owned during both periods presented. Organic revenue growth is calculated by dividing the year-over-year change in GAAP revenues attributed to organic growth by the GAAP revenues reported in the prior comparable period. Organic revenue is calculated as constant currency revenue excluding the impact of mergers, acquisitions or similar transactions until the one-year anniversary of the transaction and excluding revenues of divestitures during the reporting period. This approach is used for all results where the functional currency is not the U.S. dollar. We believe organic revenue growth provides investors with useful supplemental information about our revenues after excluding the effect of currency exchange rate fluctuations for currencies other than U.S. dollars and the effects of acquisitions and divestitures in both periods presented.Free cash flow represents cash flow from operations, less capital expenditures. Free cash flow is utilized by our management, investors, and analysts to evaluate cash available for normal business operations, to pay debt, repurchase shares, and provide further investment in the business.39There are limitations to the use of the non-GAAP financial measures presented in this report. One of the limitations is that they do not reflect complete financial results. We compensate for this limitation by providing a reconciliation between our non-GAAP financial measures and the respective most directly comparable financial measure calculated and presented in accordance with GAAP. Additionally, other companies, including companies in our industry, may calculate non-GAAP financial measures differently than we do, limiting the usefulness of those measures for comparative purposes between companies. Selected references are made on a â€œconstant currency basisâ€ so that certain financial results can be viewed without the impact of fluctuations in foreign currency rates, thereby providing comparisons of operating performance from period to period. Financial results on a â€œconstant currency basisâ€ are non-GAAP measures calculated by translating current period activity into U.S. Dollars using the comparable prior periodâ€™s currency conversion rates. This approach is used for all results where the functional currency is not the U.S. Dollar. Future discrete reversals of valuation allowances are likewise excluded.â€¢Tax adjustments â€“ discrete tax adjustments to impair or recognize certain deferred tax assets, adjustments for changes in tax legislation and the impact of merger and divestitures. Income tax expense of all other (non-discrete) non-GAAP adjustments is based on the difference in the GAAP annual effective tax rate (AETR) and overall non-GAAP provision (consistent with the GAAP methodology).(1) Starting in the fiscal quarter ended September 30, 2024, the Companyâ€™s reported non-GAAP financial results reflect an adjustment for gains and losses on real estate and facilities dispositions, which the Companyâ€™s current management believes are not reflective of the core operating performance of our business. For comparability purposes, historical non-GAAP financial measures set forth herein have been recast to reflect this change, which included gains on dispositions of real property of approximately $2 million and $8 million during the three and nine months ended December 31, 2023, respectively. For the fiscal years ended March 31, 2024 and March 31, 2023, the Company had gains on dispositions of real property of approximately $7 million and $21 million, respectively.41A reconciliation of reported results to non-GAAP results is as follows:Three Months Ended December 31, 2024(in millions, except per-share amounts)AsReportedRestructuringCostsTransaction,Separation andIntegration-Related CostsAmortizationÂ of AcquiredIntangibleAssetsImpairment Losses(Gains) and Losses on Dispositions(Gains) and Losses on Real Estate and Facility SalesTax AdjustmentNon-GAAPResultsIncome before income taxes$131Â $43Â $3Â $87Â $12Â (8)3Â $â€”Â $271Â Income tax expense68Â 9Â 1Â 18Â 2Â (6)1Â 2Â 95Â Net income63Â 34Â 2Â 69Â 10Â (2)2Â (2)176Â Less: net income attributable to non-controlling interest, net of tax6Â â€”Â â€”Â â€”Â â€”Â â€”Â â€”Â 6Â Net income attributable to DXC common stockholders$57Â $34Â $2Â $69Â $10Â (2)2Â (2)170Â Effective Tax Rate51.9Â %35.1Â %Basic EPS$0.31Â $0.19Â $0.01Â $0.38Â $0.06Â (0.01)0.01Â (0.01)0.94Â Diluted EPS$0.31Â $0.18Â $0.01Â $0.37Â $0.05Â (0.01)0.01Â (0.01)0.92Â Weighted average common shares outstanding for:Basic EPS181.02Â 181.02Â 181.02Â 181.02Â 181.02Â 181.02Â 181.02Â 181.02Â 181.02Â Diluted EPS184.77Â 184.77Â 184.77Â 184.77Â 184.77Â 184.77Â 184.77Â 184.77Â 184.77Â Nine Months Ended December 31, 2024(in millions, except per-share amounts)AsReportedRestructuringCostsTransaction,Separation andIntegration-Related CostsAmortizationÂ of AcquiredIntangibleAssetsMerger RelatedIndemnificationImpairment Losses(Gains) and Losses on Dispositions(Gains) and Losses on Real Estate and Facility SalesTax AdjustmentNon-GAAPResultsIncome before income taxes$292Â $124Â $25Â $263Â $â€”Â $12Â (13)32Â $â€”Â $735Â Income tax expense159Â 25Â 5Â 53Â 5Â 2Â (5)8Â (3)249Â Net income133Â 99Â 20Â 210Â (5)10Â (8)24Â 3Â 486Â Less: net income attributable to non-controlling interest, net of tax8Â â€”Â â€”Â â€”Â â€”Â â€”Â â€”Â 8Â Net income attributable to DXC common stockholders$125Â $99Â $20Â $210Â (5)10Â (8)24Â $3Â $478Â Effective Tax Rate54.5Â %33.9Â %Basic EPS$0.69Â $0.55Â $0.11Â $1.16Â (0.03)0.06Â (0.04)0.13Â $0.02Â $2.65Â Diluted EPS$0.68Â $0.54Â $0.11Â $1.14Â (0.03)0.05Â (0.04)0.13Â $0.02Â $2.59Â Weighted average common shares outstanding for:Basic EPS180.54Â 180.54Â 180.54Â 180.54Â 180.54Â 180.54Â 180.54Â 180.54Â 180.54Â Diluted EPS184.65Â 184.65Â 184.65Â 184.65Â 184.65Â 184.65Â 184.65Â 184.65Â 184.65Â 42Three Months Ended December 31, 2023(in millions, except per-share amounts)AsReportedRestructuring costsTransaction,Separation andIntegration-Related CostsAmortizationÂ of AcquiredIntangibleAssetsMerger Related Indemnification(Gains) and Losses on Dispositions(Gains) and Losses on Real Estate and Facility SalesTax AdjustmentNon-GAAPResultsIncome before income taxes$212Â $36Â $2Â $88Â $2Â (104)$(2)$â€”Â $234Â Income tax expense72Â 5Â â€”Â 13Â â€”Â (10)(1)5Â 84Â Net income140Â 31Â 2Â 75Â 2Â (94)(1)(5)150Â Less: net loss attributable to non-controlling interest, net of tax(16)â€”Â â€”Â â€”Â â€”Â â€”Â â€”Â (16)Net income attributable to DXC common stockholders$156Â $31Â $2Â $75Â $2Â (94)(1)(5)166Â Effective Tax Rate34.0Â %35.9Â %Basic EPS $0.82Â $0.16Â $0.01Â $0.39Â $0.01Â (0.49)(0.01)(0.03)0.87Â Diluted EPS$0.81Â $0.16Â $0.01Â $0.39Â $0.01Â (0.49)(0.01)(0.03)0.86Â Weighted average common shares outstanding for:Basic EPS190.31Â 190.31Â 190.31Â 190.31Â 190.31Â 190.31Â 190.31Â 190.31Â 190.31Â Diluted EPS191.93Â 191.93Â 191.93Â 191.93Â 191.93Â 191.93Â 191.93Â 191.93Â 191.93Â Nine Months Ended December 31, 2023(in millions, except per-share amounts)AsReportedRestructuringCostsTransaction,Separation andIntegration-Related CostsAmortizationÂ of AcquiredIntangibleAssetsMerger Related indemnification(Gains) and Losses on Dispositions(Gains) and Losses on Real Estate and Facility SalesImpairment LossesTax adjustmentNon-GAAPResultsIncome before income taxes$418Â $91Â $6Â $266Â $15Â (132)(8)$5Â $â€”Â $661Â Income tax expense137Â 18Â 1Â 53Â 12Â (20)(3)1Â 37Â 236Â Net income281Â 73Â 5Â 213Â 3Â (112)(5)4Â (37)425Â Less: net loss attributable to non-controlling interest, net of tax(10)â€”Â â€”Â â€”Â â€”Â â€”Â â€”Â (4)â€”Â (14)Net income attributable to DXC common stockholders$291Â $73Â $5Â $213Â $3Â (112)(5)$8Â (37)439Â Effective Tax Rate32.8Â %35.7Â %Basic EPS $1.45Â $0.36Â $0.02Â $1.06Â $0.01Â (0.56)(0.02)$0.04Â (0.18)2.19Â Diluted EPS$1.43Â $0.36Â $0.02Â $1.05Â $0.01Â (0.55)(0.02)$0.04Â (0.18)2.16Â Weighted average common shares outstanding for:Basic EPS200.68Â 200.68Â 200.68Â 200.68Â 200.68Â 200.68Â 200.68Â 200.68Â 200.68Â Diluted

However, a portion of this cash may still be subject to foreign and U.S. state income tax consequences upon future remittance. Therefore, if additional funds held outside the U.S. are needed for our operations in the U.S., we plan to repatriate these funds not designated as indefinitely reinvested.We have $0.2 billion in cash held by foreign subsidiaries used for local operations that is subject to country-specific limitations which may restrict or result in increased costs in the repatriation of these funds. In addition, other practical considerations may limit our use of consolidated cash. This includes cash of $0.2 billion held by majority-owned consolidated subsidiaries where third-parties or public shareholders hold minority interests.The following table summarizes our cash flow activity:Nine Months Ended(in millions)December 31, 2024December 31, 2023ChangeNet cash provided by (used in):Â Â Â Â Operating activities$1,083Â $1,081Â $2Â Â Â Â Â Investing activities(343)(367)24Â Â Â Â Â Financing activities(257)(877)620Â Effect of exchange rate changes on cash and cash equivalents16Â (4)20Â Net increase (decrease) in cash and cash equivalents$499Â (167)666Â Cash and cash equivalents at beginning of year1,224Â 1,858Â Cash and cash equivalents at the end of period$1,723Â $1,691Â Operating cash flowNet cash provided by operating activities was $1,083 million and $1,081 million, respectively, during the first nine months of fiscal 2025 and fiscal 2024, reflecting a year-over year increase of $2 million. Operating cash flow against the comparative period included:â€¢a $119 million favorable change in working capital primarily from improvements in our cash conversion cycle; partially offset byâ€¢a decrease in net income, net of adjustments of $117 million.The following table contains certain key working capital metrics:Three Months EndedDecember 31, 2024December 31, 2023Days of sales outstanding in accounts receivable62Â 65Â Days of purchases outstanding in accounts payable(44)(63)Cash conversion cycle18Â 2Â 45Investing cash flowNet cash used in investing activities was $343 million and $367 million, respectively, during the first nine months of fiscal 2025 and fiscal 2024, reflecting a year-over-year change of $24 million. The change against the comparative period was primarily due to:â€¢an increase in proceeds from sales of assets of $56 million; partially offset byâ€¢a $27 million increase in capital expenditures; andâ€¢a decrease in cash inflows from business dispositions of $5 million.Financing cash flowNet cash used in financing activities was $257 million and $877 million, respectively, during the first nine months of fiscal 2025 and fiscal 2024, reflecting a year-over-year change of $620 million. The change against the comparative period was primarily due to:â€¢a $757 million decrease in cash used for share repurchase activity and related taxes paid on net share settlements; andâ€¢a $91 million decrease in payments on capital leases and borrowings for asset financing, as the Company continues reducing the volume of these financing arrangements; partially offset byâ€¢a $228 million decrease in cash inflows from commercial paper borrowings, net of repayments and other financing activities.Debt FinancingThe following table summarizes our total debt:As of(in millions)December 31, 2024March 31, 2024Short-term debt and current maturities of long-term debt$193Â $271Â Long-term debt, net of current maturities3,637Â 3,818Â Total debt$3,830Â $4,089Â The $259 million decrease in total debt during the first nine months of fiscal 2025 was primarily attributable to the decreases in finance leases and borrowings for asset financing attributable to payments exceeding additions and a favorable foreign currency exchange rate of U.S. dollar against the Euro.We were in compliance with all financial covenants associated with our borrowings as of DecemberÂ 31, 2024.Our credit ratings are as follows:Rating AgencyLong Term RatingsShort Term RatingsOutlookFitchBBBF-2NegativeMoodyâ€™sBaa2P-2NegativeS&PBBB--StableFor information on the risks of ratings downgrades, see Part I, Item 1A â€œRisk Factorsâ€ of our Annual Report on Form 10-K for the fiscal year ended March 31, 2024.46Liquidity We expect our existing cash and cash equivalents, together with cash generated from operations, will be sufficient to meet our normal operating requirements for the next 12 months. We expect to continue using cash generated by operations as a primary source of liquidity; however, should we require funds greater than that generated from our operations to fund discretionary investment activities, such as business acquisitions, we have the ability to raise capital through debt financing, including the issuance of capital market debt instruments such as commercial paper, and bonds. In addition, we currently utilize, and will further utilize accounts receivables, sales facilities, and our cross-currency cash pool for liquidity needs. However, there is no guarantee that we will be able to obtain debt financing, if required, on terms and conditions acceptable to us, if at all, in the future.Our exposure to operational liquidity risk is primarily from long-term contracts that require significant investment of cash during the initial phases of the contracts. The recovery of these investments is over the life of the contracts and is dependent upon our performance as well as customer acceptance.Our total liquidity of $4.9Â billion as of DecemberÂ 31, 2024, includes $1.7Â billion of cash and cash equivalents and $3.2 billion of available borrowings under our revolving credit facility. On November 1, 2024, the Company extended the term of our revolving credit facility to November 1, 2029.Share RepurchasesSee Note 14 â€“ â€œStockholdersâ€™ Equity.â€DividendsTo maintain our financial flexibility, we continue to suspend payment of quarterly dividends for fiscal 2025.47Off-Balance Sheet ArrangementsIn the normal course of business, we are a party to arrangements that include guarantees, the receivables securitization facility and certain other financial instruments with off-balance sheet risk, such as letters of credit and surety bonds. We also use performance letters of credit to support various risk management insurance policies. No liabilities related to these arrangements are reflected in our condensed consolidated balance sheets. There have been no material changes to our off-balance-sheet arrangements reported under Part II, Item 7 of our Annual Report on Form 10-K for the fiscal year ended March 31, 2024, other than as disclosed in NoteÂ 4Â â€“ â€œReceivablesâ€ and Note 18 â€“ â€œCommitments and Contingenciesâ€. Cash CommitmentsThere have been no material changes, outside the ordinary course of business, to our cash commitments since MarchÂ 31, 2024. For further information see â€œCash Commitmentsâ€ in PartÂ II, Item 7 of our Annual Report on FormÂ 10-K for the fiscal year ended MarchÂ 31, 2024.For our minimum purchase cash commitments in connection with our long-term purchase agreements with certain software, hardware, telecommunication, and other service providers, see Note 18 â€“ â€œCommitments and Contingencies.â€Critical Accounting Estimates The preparation of consolidated financial statements in accordance with U.S. GAAP requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, as well as the disclosure of contingent assets and liabilities. These estimates may change in the future if underlying assumptions or factors change. Accordingly, actual results could differ materially from our estimates under different assumptions, judgments or conditions. We consider the following policies to be critical because of their complexity and the high degree of judgment involved in implementing them: revenue recognition, income taxes, defined benefit plans, valuation of assets and loss accruals for litigation. We have discussed the selection of our critical accounting policies and the effect of estimates with the Audit Committee of our Board of Directors. During the three months ended DecemberÂ 31, 2024, there were no changes to our critical accounting policies and estimates from those described in our Annual Report on Form 10-K for the fiscal year ended March 31, 2024 except as mentioned in Note 1 â€“ â€œSummary of Significant Accounting Policies.â€ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKFor quantitative and qualitative disclosures about market risk affecting DXC, see â€œQuantitative and Qualitative Disclosures About Market Riskâ€ in PartÂ II, Item 7A of our Annual Report on FormÂ 10-K for the fiscal year ended MarchÂ 31, 2024. Our exposure to market risk has not changed materially since MarchÂ 31, 2024.ITEM 4. Many of the worldâ€™s largest companies and public sector organizations trust DXC to deploy services to drive new levels of performance, competitiveness and customer experience across their IT estates.Basis of Presentation In order to make this report easier to read, DXC refers throughout to (i) the interim unaudited Condensed Consolidated Financial Statements as the â€œfinancial statements,â€ (ii) the Condensed Consolidated Statements of Operations as the â€œstatements of operations,â€ (iii) the Condensed Consolidated Statements of Comprehensive Income (Loss) as the â€œstatements of comprehensive income,â€ (iv) the Condensed Consolidated Balance Sheets as the â€œbalance sheets,â€ and (v) the Condensed Consolidated Statements of Cash Flows as the â€œstatements of cash flows.â€ In addition, references are made throughout to the numbered Notes to the Condensed Consolidated Financial Statements (â€œNotesâ€) in this Quarterly Report on Form 10-Q.The accompanying financial statements include the accounts of DXC, its consolidated subsidiaries, and those business entities in which DXC maintains a controlling interest. Investments in business entities in which the Company does not have control, but has the ability to exercise significant influence over operating and financial policies, are accounted for by the equity method. Other investments are accounted for by the cost method. Non-controlling interests are presented as a separate component within equity in the balance sheets. Net earnings attributable to the non-controlling interests are presented separately in the statements of operations and comprehensive income attributable to non-controlling interests are presented separately in the statements of comprehensive income. All intercompany transactions and balances have been eliminated. The financial statements of the Company have been prepared in accordance with the rules and regulations of the U.S. Securities and Exchange Commission (â€œSECâ€) for quarterly reports and accounting principles generally accepted in the United States (â€œGAAPâ€). Certain disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules. These financial statements should therefore be read in conjunction with the audited consolidated financial statements and accompanying notes included in the Companyâ€™s Annual Report on Form 10-K for the fiscal year ended March 31, 2024 (â€œfiscal 2024â€).Use of EstimatesThe preparation of the financial statements, in accordance with GAAP, requires the Companyâ€™s management to make estimates and assumptions that affect the reported amounts of assets and liabilities as well as the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The Company bases its estimates on assumptions regarding historical experience, currently available information, and anticipated developments that it believes are reasonable and appropriate. However, because the use of estimates involves an inherent degree of uncertainty, actual results could differ from those estimates. Estimates are used for, but are not limited to, contracts accounted for using the percentage-of-completion method, cash flows used in the evaluation of impairment of goodwill and other long-lived assets, reserves for uncertain tax positions, valuation allowances on deferred tax assets, loss accruals for litigation, and obligations related to our pension plans. In the opinion of the Companyâ€™s management, the accompanying financial statements contain all adjustments necessary, including those of a normal recurring nature, to fairly present the financial statements. The results of operations for the interim periods are not necessarily indicative of the results to be expected for the full fiscal year. Recent Accounting Pronouncements During fiscal 2024 and fiscal 2025, the following Accounting Standards Updates (â€œASUsâ€) were issued by the Financial Accounting Standards Board but have not yet been adopted by DXC:Date Issued and ASUDXC Effective DateDescriptionImpactNovember 2023ASU 2023-07, â€œImprovements to Reportable Segment Disclosuresâ€Fiscal 2025This update requires disclosure of significant segment expenses used by the Chief Operating Decision Maker (â€œCODMâ€) to assess performance and allocate resources, disclose the title and position of the CODM and modifies other segment disclosures and the frequency thereof. Early adoption of this update is permitted.The Company is in the process of assessing the impacts and method of adoption. As part of its risk management strategy, the Company uses derivative instruments, primarily foreign currency forward contracts and interest rate swaps, to hedge certain foreign currency and interest rate exposures. The Companyâ€™s objective is to reduce earnings volatility by offsetting gains and losses resulting from these exposures with losses and gains on the derivative contracts used to hedge them. The Company does not use derivative instruments for trading or any speculative purposes.Derivatives Designated for Hedge AccountingCash flow hedgesThe Company has designated certain foreign currency forward contracts as cash flow hedges to reduce foreign currency risk related to certain Euro and Indian Rupee-denominated obligations and forecasted transactions. The notional amounts of foreign currency forward contracts designated as cash flow hedges as of DecemberÂ 31, 2024 and MarchÂ 31, 2024 were $730 million and $885 million, respectively. As of DecemberÂ 31, 2024, the related forecasted transactions extend through December 2026.During the three and nine months ended DecemberÂ 31, 2024 and DecemberÂ 31, 2023, respectively, the Company had no cash flow hedges for which it was probable that the hedged transaction would not occur. See Note 14 - â€œStockholdersâ€™ Equityâ€ for changes in accumulated other comprehensive loss, net of taxes, related to the Companyâ€™s derivatives designated for hedge accounting. As of DecemberÂ 31, 2024, $2 million of loss related to the cash flow hedge reported in accumulated other comprehensive loss is expected to be reclassified into earnings within the next 12 months.Derivatives Not Designated for Hedge AccountingThe derivative instruments not designated as hedges for purposes of hedge accounting include certain short-term foreign currency forward contracts. Derivatives that are not designated as hedging instruments are adjusted to fair value through earnings in the financial statement line item to which the derivative relates.Foreign currency forward contractsThe Company manages the exposure to fluctuations in foreign currencies by using primarily short-term foreign currency forward contracts to hedge certain foreign currency denominated assets and liabilities, including intercompany accounts and forecasted transactions. The net notional amounts of the foreign currency forward contracts outstanding as of DecemberÂ 31, 2024 and MarchÂ 31, 2024 were $1.7 billion and $1.5 billion, respectively.The following table presents the foreign currency (gain) loss to Other income, net:Three Months EndedNine Months Ended(in millions)December 31, 2024December 31, 2023December 31, 2024December 31, 2023Foreign currency remeasurement (1)$48Â (17)29Â $4Â Undesignated foreign currency forward contracts (2)(49)22Â (29)(8)Total - Foreign currency (gain) loss(1)5Â $â€”Â $(4)Â Â Â Â Â Â Â Â (1) Movements from exchange rates on the Companyâ€™s foreign currency-denominated assets and liabilities.(2) Movements from hedges used to manage the Companyâ€™s foreign currency remeasurement exposure, and the associated costs of the hedging program.Other Risks for Derivative InstrumentsThe Company is exposed to the risk of losses in the event of non-performance by the counterparties to its derivative contracts. The amount subject to credit risk related to derivative instruments is generally limited to the amount, if any, by which a counterpartyâ€™s obligations exceed the obligations of the Company with that counterparty. To mitigate counterparty credit risk, the Company regularly reviews its credit exposure and the creditworthiness of the counterparties. With respect to its foreign currency derivatives, as ofÂ DecemberÂ 31, 2024, there were seven counterparties with concentration of credit risk, and based on gross fair value, the maximum amount of loss that the Company could incur is $19Â million.The Company also enters into enforceable master netting arrangements with some of its counterparties. However, for financial reporting purposes, it is the Companyâ€™s policy not to offset derivative assets and liabilities despite the existence of enforceable master netting arrangements. The potential effect of such netting arrangements on the Companyâ€™s balance sheets is not material for the periods presented.Non-Derivative Financial Instruments Designated for Hedge AccountingThe Company applies hedge accounting for foreign currency-denominated debt used to manage foreign currency exposures on its net investments in certain non-U.S. operations. To qualify for hedge accounting, the hedging instrument must be highly effective at reducing the risk from the exposure being hedged.Net Investment HedgesDXC seeks to reduce the impact of fluctuations in foreign exchange rates on its net investments in certain non-U.S. operations with foreign currency-denominated debt. For foreign currency-denominated debt designated as a hedge, the effectiveness of the hedge is assessed based on changes in spot rates. For qualifying net investment hedges, all gains or losses on the hedging instruments are included in currency translation. Gains or losses on individual net investments in non-U.S. operations are reclassified to earnings from accumulated other comprehensive income (loss) when such net investments are sold or substantially liquidated.As of DecemberÂ 31, 2024 and MarchÂ 31, 2024, DXC had

$673Â million and $702 million, respectively, of foreign currency-denominated debt designated as hedges of net investments in non-U.S. subsidiaries. For the three and nine months ended DecemberÂ 31, 2024, the pre-tax gain on foreign currency-denominated debt designated for hedge accounting recognized in other comprehensive income was $52Â million and $28Â million, respectively. For the three months ended December 31, 2024, the primary drivers of the ETR were the global mix of income, U.S. tax on foreign income, and the foreign tax credit. For the nine months ended December 31, 2024, the primary drivers of the ETR were the global mix of income, U.S. tax on foreign income, the foreign tax credit, and an increase in interest receivables due from tax authorities. For the three months ended December 31, 2023, the primary drivers of the ETR were the global mix of income, U.S. tax on foreign income, and the foreign tax credit. For the nine months ended December 31, 2023, the primary drivers of the ETR were the global mix of income, U.S. tax on foreign income, a decrease in valuation allowances on deferred tax assets, and the foreign tax credit.The majority of our global unremitted foreign earnings have been taxed or would be exempt from U.S. tax upon repatriation. Such earnings and the majority of current foreign earnings are not indefinitely reinvested. The following earnings are considered indefinitely reinvested: approximately $463 million that could be subject to U.S. federal tax when repatriated to the U.S. under section 1.245A-5(b) of the final Treasury regulations; and approximately $423Â million of earnings in foreign subsidiaries. A portion of these indefinitely reinvested earnings may be subject to foreign and U.S. state tax consequences when remitted. The Company will continue to evaluate its position in the future based on its future strategy and cash needs. In connection with the merger of Computer Sciences Corporation (â€œCSCâ€) and the Enterprise Services business of Hewlett Packard Enterprise Company (the â€œHPES Mergerâ€), the Company entered into a tax matters agreement with Hewlett Packard Enterprise Company (â€œHPEâ€). HPE generally will be responsible for tax liabilities arising prior to the HPES Merger, and DXC is liable to HPE for income tax receivables it receives related to pre-HPES Merger periods. Pursuant to the tax matters agreement, the Company recorded a $15 million tax indemnification receivable related to uncertain tax positions, a $53 million tax indemnification receivable related to other tax payables, and a $99 million tax indemnification payable related to other tax receivables.In connection with the spin-off of the Companyâ€™s former U.S. public sector business (the â€œUSPS Separationâ€), the Company entered into a tax matters agreement with Perspecta Inc. (including its successors and permitted assigns, â€œPerspectaâ€). The Company generally will be responsible for tax liabilities arising prior to the USPS Separation, and Perspecta is liable to the Company for income tax receivables related to pre-spin-off periods. Income tax liabilities transferred to Perspecta primarily relate to pre-HPES Merger periods, for which the Company is indemnified by HPE pursuant to the tax matters agreement between the Company and HPE. The Company remains liable to HPE for tax receivables transferred to Perspecta related to pre-HPES Merger periods. Pursuant to the tax matters agreement, the Company recorded a $15 million tax indemnification receivable from Perspecta related to other tax receivables and a $5 million tax indemnification payable to Perspecta related to income tax and other tax payables.In connection with the sale of its healthcare provider software business (â€œHPSâ€), the Company entered into a tax matters agreement with Dedalus. Pursuant to the tax matters agreement, the Company generally will be responsible for tax liabilities arising prior to the sale of the HPS business.The Internal Revenue Service (the â€œIRSâ€) has examined, or is examining, the Companyâ€™s federal income tax returns for fiscal 2009 through the tax year ended October 31, 2018. With respect to CSCâ€™s fiscal 2009 through 2017 federal tax returns, the Company participated in settlement negotiations with the IRS Office of Appeals. The IRS examined several issues for these tax years that resulted in various audit adjustments. The Company and the IRS Office of Appeals have settled various audit adjustments, and we disagree with the IRSâ€™ disallowance of certain losses and deductions resulting from restructuring costs, foreign exchange losses, and a third-party financing transaction in previous years. As we believe we will ultimately prevail on the technical merits of the disagreed items and are challenging them in the U.S. Tax Court, these matters are not fully reserved and would result in incremental federal and state tax expense of approximately $536Â million (including estimated interest and penalties) for the unreserved portion of these items and cash tax payments of approximately $613Â million if we do not prevail. We have received notices of deficiency with respect to fiscal 2009, 2010, 2011 and 2013 and have timely filed petitions with the U.S. Tax Court. During fiscal 2024, some of these cases were dismissed, but the dismissals were procedural in nature only and do not impact the Companyâ€™s potential liability for the aforementioned fiscal years. We expect court proceedings to progress during calendar year 2025 that may result in resolution of some or all of the litigation matters by the end of fiscal year 2026.During fiscal 2024, the Company determined there were inadvertent omissions on previously filed tax returns related to gain recognition agreements and certain related tax forms and disclosures. The Company notified the IRS promptly and filed for relief under Treas. Reg. Sec. 1.367(a)-8(p) to correct the issue.The Companyâ€™s fiscal years 2009, 2010, and 2013 are in the U.S. Tax Court, and consequently these years will remain open until such proceedings have concluded. The statute of limitations on assessments related to a refund claim for fiscal year 2012 is open through February 28, 2025. The Company has agreed to extend the statute of limitations for fiscal and tax return years 2014 through 2021 to December 31, 2025. The Company expects to reach resolution for fiscal and tax return years 2009 through 2011 no earlier than fiscal year 2026. The Company expects to reach resolution for fiscal and tax return years 2012 and 2013 no earlier than fiscal year 2028. The Company expects to reach resolution for fiscal and tax return years 2014 through 2021 no earlier than fiscal year 2026.The Company may settle certain other tax examinations for different amounts than the Company has accrued as uncertain tax positions. Consequently, the Company may need to accrue and ultimately pay additional amounts or pay lower amounts than previously estimated and accrued when positions are settled in the future. For the three months ended December 31, 2024, the Companyâ€™s liability for uncertain tax positions decreased by $19Â million (excluding interest and penalties and related tax attributes) primarily due to a change in the uncertain tax position related to capitalized research and experimental expenditures. The Company believes the outcomes that are reasonably possible within the next 12 months to result in a reduction in its liability for uncertain tax positions, excluding interest, penalties, and tax carryforwards, would be approximately $62 million. filed in the Superior Court of the State of California, County of Santa Clara, against the Company, directors of the Company, and a former officer of the Company, among other defendants. The action asserts claims under Sections 11, 12 and 15 of the Securities Act of 1933, as amended, and is premised on allegedly false and/or misleading statements, and alleged non-disclosure of material facts, regarding the Companyâ€™s prospects and expected performance. The putative class of plaintiffs includes former shareholders of Computer Sciences Corporation (â€œCSCâ€) who

exchanged their CSC shares for the Companyâ€™s common stock pursuant to the offering documents filed with the Securities and Exchange Commission in connection with the April 2017 transaction that formed DXC.The State of California action had been stayed pending the outcome of the substantially similar federal action filed in the United States District Court for the Northern District of California. The federal action was dismissed with prejudice in December 2021. Thereafter, the state court lifted the stay and entered an order permitting additional briefing by the parties. In March 2022, Plaintiffs filed an amended complaint, which the Company moved to dismiss. In August 2022, the Court granted the Companyâ€™s motion to dismiss, but permitted Plaintiffs to amend and refile their complaint. In September 2022, Plaintiffs filed a second amended complaint, which the Company moved to dismiss. In January 2023, the Court issued an order denying the Companyâ€™s motion to dismiss the second amended complaint. In March 2023, the Court entered a scheduling order setting a trial date for September 2025. The trial date has since been extended to May 2026. In May 2024, the Court entered an order granting Plaintiffsâ€™ motion for class certification. In July 2024, notice was provided to potential class members. The case is otherwise in discovery.On August 2, 2024, a purported class action lawsuit was filed in the United States District Court for the Eastern District of Virginia against the Company and certain of its current and former officers. The complaint asserts claims under Sections 10(b) and 20(a) of the Securities Exchange Act of 1934, as amended, and is premised on allegedly false and/or misleading statements regarding the Companyâ€™s transformation journey. The putative class of plaintiffs includes investors who acquired DXC stock during the period of May 26, 2021 to May 16, 2024.On August 29, 2024, a shareholder derivative suit was filed in the United States District Court for the Eastern District of Virginia against the Companyâ€™s Board of Directors and certain of its current and former officers. The complaint alleges a breach of fiduciary duties arising from the claims asserted in the August 2024 securities class action lawsuit. The derivative suit has been temporarily stayed, pending further developments in the August 2024 securities class action lawsuit.On September 27, 2024, a shareholder derivative suit was filed in the District Court of the State of Nevada, Clark County against the Companyâ€™s Board of Directors and certain of its current and former officers. The complaint alleges a breach of fiduciary duties arising from the claims asserted in the August 2024 securities class action lawsuit. The derivative suit has been temporarily stayed, pending further developments in the August 2024 securities class action lawsuit.In November and December 2024, two additional shareholder derivative suits were filed in the United States District Court for the Eastern District of Virginia against the Companyâ€™s Board of Directors and certain of its current and former officers and directors. The complaints allege a breach of fiduciary duties arising from the claims asserted in the August 2024 securities class action lawsuit.In January 2025, a second shareholder derivative suit was filed in the District Court of the State of Nevada, Clark County against the Companyâ€™s Board of Directors and certain of its current and former officers. The complaint alleges a breach of fiduciary duties arising from the claims asserted in the August 2024 securities class action lawsuit. This case has been consolidated with the previously filed derivative suit from September 2024, and has been temporarily stayed pending further developments in the August 2024 securities class action lawsuit.The Company believes that the lawsuits described above are without merit and intends to vigorously defend all claims asserted.Tax Examinations: The Company is under IRS examination in the U.S. on its federal income tax returns for certain fiscal years and is in disagreement with the IRS on certain tax positions, which are currently being contested in the U.S. Tax Court. For more detail, see Note 13 â€“ â€œIncome Taxesâ€ for further information.TCS Litigation: In April 2019, the Company filed a lawsuit against Tata Consultancy Services Limited (â€œTCSâ€) and Tata America International Corporation alleging misappropriation of certain of the Companyâ€™s trade secrets. In November 2023, a trial was held in the United States District Court for the Northern District of Texas, and a jury found TCS liable for misappropriating the Companyâ€™s trade secrets and awarded the Company $70Â million in compensatory damages and $140Â million in punitive damages, for a total award of $210Â million. In June 2024, the Court entered a final order in the case, affirming the juryâ€™s verdict in the Companyâ€™s favor and revising the monetary award to $56Â million in compensatory damages and $112Â million in punitive damages. The Court also awarded the Company $26Â million in prejudgment interest, post-judgment interest at an annual rate of 4.824%, and its attorneyâ€™s fees and costs, in an amount to be determined in a later order. The total award to the Company is $194Â million, plus its attorneyâ€™s fees and costs. The Court also issued a permanent injunction enjoining TCS from, among other things, possessing, accessing, or using any of the Companyâ€™s trade secrets that were at issue in the case, and appointing a monitor to confirm, among other things, that TCS does not do so. In August 2024, TCS filed a Notice of Appeal to the U.S. Court of Appeals for the Fifth Circuit. The Company has not recognized any portion of the award in its financial statements and will continue to monitor the progress of the case. In addition to the matters noted above, the Company is currently subject in the normal course of business to various claims and contingencies arising from, among other things, disputes with customers, vendors, employees, contract counterparties and other parties, as well as securities matters, environmental matters, matters concerning the licensing and use of intellectual property, and inquiries and investigations by regulatory authorities and government agencies. Some of these disputes involve or may involve litigation. The financial statements reflect the treatment of claims and contingencies based on managementâ€™s view of the expected outcome. DXC consults with outside legal counsel on issues related to litigation and regulatory compliance and seeks input from other experts and advisors with respect to matters in the ordinary course of business. Although the outcome of these and other matters cannot be predicted with certainty, and the impact of the final resolution of these and other matters on the Companyâ€™s results of operations in a particular subsequent reporting period could be material and adverse, management does not believe based on information currently available to the Company, that the resolution of any of the matters currently pending against the Company will have a material adverse effect on the financial position of the Company or the ability of the Company to meet its financial obligations as they become due.Â Unless otherwise noted, the Company is unable to determine at this time a reasonable estimate of a possible loss or range of losses associated with the foregoing disclosed contingent matters. Dec. 31, 2024 Accounting Policies [Abstract] Â Basis of Presentation Basis of Presentation In order to make this report easier to read, DXC refers throughout to (i) the interim unaudited Condensed Consolidated Financial Statements as the â€œfinancial statements,â€ (ii) the Condensed Consolidated Statements of Operations as the â€œstatements of operations,â€ (iii) the Condensed Consolidated Statements of Comprehensive Income (Loss) as the â€œstatements of comprehensive income,â€ (iv) the Condensed Consolidated Balance Sheets as the â€œbalance sheets,â€ and (v) the Condensed Consolidated Statements of Cash Flows as the â€œstatements of cash flows.â€ In addition, references are made throughout to the numbered Notes to the Condensed

Consolidated Financial Statements (â€œNotesâ€) in this Quarterly Report on Form 10-Q.The accompanying financial statements include the accounts of DXC, its consolidated subsidiaries, and those business entities in which DXC maintains a controlling interest. Investments in business entities in which the Company does not have control, but has the ability to exercise significant influence over operating and financial policies, are accounted for by the equity method. Other investments are accounted for by the cost method. Non-controlling interests are presented as a separate component within equity in the balance sheets. Net earnings attributable to the non-controlling interests are presented separately in the statements of operations and comprehensive income attributable to non-controlling interests are presented separately in the statements of comprehensive income. All intercompany transactions and balances have been eliminated. The financial statements of the Company have been prepared in accordance with the rules and regulations of the U.S. Securities and Exchange Commission (â€œSECâ€) for quarterly reports and accounting principles generally accepted in the United States (â€œGAAPâ€). Certain disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules. These financial statements should therefore be read in conjunction with the audited consolidated financial statements and accompanying notes included in the Companyâ€™s Annual Report on Form 10-K for the fiscal year ended March 31, 2024 (â€œfiscal 2024â€). Use of Estimates Use of EstimatesThe preparation of the financial statements, in accordance with GAAP, requires the Companyâ€™s management to make estimates and assumptions that affect the reported amounts of assets and liabilities as well as the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The Company bases its estimates on assumptions regarding historical experience, currently available information, and anticipated developments that it believes are reasonable and appropriate. However, because the use of estimates involves an inherent degree of uncertainty, actual results could differ from those estimates. Estimates are used for, but are not limited to, contracts accounted for using the percentage-of-completion method, cash flows used in the evaluation of impairment of goodwill and other long-lived assets, reserves for uncertain tax positions, valuation allowances on deferred tax assets, loss accruals for litigation, and obligations related to our pension plans. In the opinion of the Companyâ€™s management, the accompanying financial statements contain all adjustments necessary, including those of a normal recurring nature, to fairly present the financial statements. The results of operations for the interim periods are not necessarily indicative of the results to be expected for the full fiscal year. Summary of Significant Accounting Policies Business
 DXC Technology Company (“DXC,” the “Company,” “we,” “us,” or “our”) helps global companies run their mission critical systems and operations while modernizing IT, optimizing data architectures, and ensuring security and scalability across public, private and hybrid clouds. Many of the world’s largest companies and public sector organizations trust DXC to deploy services to drive new levels of performance, competitiveness and customer experience across their IT estates. Basis of Presentation
 In order to make this report easier to read, DXC refers throughout to (i) the interim unaudited Condensed Consolidated Financial Statements as the “financial statements,” (ii) the Condensed Consolidated Statements of Operations as the “statements of operations,” (iii) the Condensed Consolidated Statements of Comprehensive Income (Loss) as the “statements of comprehensive income,” (iv) the Condensed Consolidated Balance Sheets as the “balance sheets,” and (v) the Condensed Consolidated Statements of Cash Flows as the “statements of cash flows.” In addition, references are made throughout to the numbered Notes to the Condensed Consolidated Financial Statements (“Notes”) in this Quarterly Report on Form 10-Q.
 The accompanying financial statements include the accounts of DXC, its consolidated subsidiaries, and those business entities in which DXC maintains a controlling interest. Investments in business entities in which the Company does not have control, but has the ability to exercise significant influence over operating and financial policies, are accounted for by the equity method. Other investments are accounted for by the cost method. Non-controlling interests are presented as a separate component within equity in the balance sheets. Net earnings attributable to the non-controlling interests are presented separately in the statements of operations and comprehensive income attributable to non-controlling interests are presented separately in the statements of comprehensive income. All intercompany transactions and balances have been eliminated.
 The financial statements of the Company have been prepared in accordance with the rules and regulations of the U.S. Securities and Exchange Commission (“SEC”) for quarterly reports and accounting principles generally accepted in the United States (“GAAP”). Certain disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules. These financial statements should therefore be read in conjunction with the audited consolidated financial statements and accompanying notes included in the Company’s Annual Report on Form 10-K for the fiscal year ended March 31, 2024 (“fiscal 2024”). Use of Estimates
 The preparation of the financial statements, in accordance with GAAP, requires the Company’s management to make estimates and assumptions that affect the reported amounts of assets and liabilities as well as the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The Company bases its estimates on assumptions regarding historical experience, currently available information, and anticipated developments that it believes are reasonable and appropriate. However, because the use of estimates involves an inherent degree of uncertainty, actual results could differ from those estimates. Estimates are used for, but are not limited to, contracts accounted for using the percentage-of-completion method, cash flows used in the evaluation of impairment of goodwill and other long-lived assets, reserves for uncertain tax positions, valuation allowances on deferred tax assets, loss accruals for litigation, and obligations related to our pension plans. In the opinion of the Company’s management, the accompanying financial statements contain all adjustments necessary, including those of a normal recurring nature, to fairly present the financial statements. The results of operations for the interim periods are not necessarily indicative of the results to be expected for the full fiscal year.

The Company bases its estimates on assumptions regarding historical experience, currently available information, and anticipated developments that it believes are reasonable and appropriate. However, because the use of estimates involves an inherent degree of uncertainty, actual results could differ from those estimates. Estimates are used for, but are not limited to, contracts accounted for using the percentage-of-completion method, cash flows used in the evaluation of impairment of goodwill and other long-lived assets, reserves for uncertain tax positions, valuation allowances on deferred tax assets, loss accruals for litigation, and obligations related to our pension plans. In the opinion of the Company’s management, the accompanying financial statements contain all adjustments necessary, including those of a normal recurring nature, to fairly present the financial statements. The results of operations for the interim periods are not necessarily indicative of the results to be expected for the full fiscal year. Recent Accounting Pronouncements

 (1) Movements from exchange rates on the Company's foreign currency-denominated assets and liabilities. (2) Movements from hedges used to manage the Company's foreign currency remeasurement exposure, and the associated costs of the hedging program.
 Other Risks for Derivative Instruments
 The Company is exposed to the risk of losses in the event of non-performance by the counterparties to its derivative contracts. The amount subject to credit risk related to derivative instruments is generally limited to the amount, if any, by which a counterparty's obligations exceed the obligations of the Company with that counterparty. To mitigate counterparty credit risk, the Company regularly reviews its credit exposure and the creditworthiness of the counterparties. With respect to its foreign currency derivatives, as of December 31, 2024, there were seven counterparties with concentration of credit risk, and based on gross fair value, the maximum amount of loss that the Company could incur is $19 million.
 The Company also enters into enforceable master netting arrangements with some of its counterparties. However, for financial reporting purposes, it is the Company's policy not to offset derivative assets and liabilities despite the existence of enforceable master netting arrangements. The potential effect of such netting arrangements on the Company's balance sheets is not material for the periods presented.
 Non-Derivative Financial Instruments Designated for Hedge Accounting
 The Company applies hedge accounting for foreign currency-denominated debt used to manage foreign currency exposures on its net investments in certain non-U.S. operations. To qualify for hedge accounting, the hedging instrument must be highly effective at reducing the risk from the exposure being hedged.
 Net Investment Hedges
 DXC seeks to reduce the impact of fluctuations in foreign exchange rates on its net investments in certain non-U.S. operations with foreign currency-denominated debt. For foreign currency-denominated debt designated as a hedge, the effectiveness of the hedge is assessed based on changes in spot rates. For qualifying net investment hedges, all gains or losses on the hedging instruments are included in currency translation. Gains or losses on individual net investments in non-U.S. operations are reclassified to earnings from accumulated other comprehensive income (loss) when such net investments are sold or substantially liquidated. As of December 31, 2024 and March 31, 2024, DXC had $673 million and $702 million, respectively, of foreign currency-denominated debt designated as hedges of net investments in non-U.S. subsidiaries. For the three and nine months ended December 31, 2024, the pre-tax gain on foreign currency-denominated debt designated for hedge accounting recognized in other comprehensive income was $52 million and $28 million, respectively. 730000000 885000000 -2000000 1700000000 1500000000 <div>The following table presents the foreign currency (gain) loss to Other income, net:</div><div *Income Taxes The Company's effective tax rate ("ETR") was 51.9% and 34.0% for the three months ended December 31, 2024, and December 31, 2023, respectively, and 54.5% and 32.8% for the nine months ended December 31, 2024, and December 31, 2023, respectively. For the three months ended December 31, 2024, the primary drivers of the ETR were the global mix of income, U.S. tax on foreign income, and the foreign tax credit. For the nine months ended December 31, 2024, the primary drivers of the ETR were the global mix of income, U.S. tax on foreign income, the foreign tax credit, and an increase in interest receivables due from tax authorities. For the three months ended December 31, 2023, the primary drivers of the ETR were the global mix of income, U.S. tax on foreign income, and the foreign tax credit. For the nine months ended December 31, 2023, the primary drivers of the ETR were the global mix of income, U.S. tax on foreign income, a decrease in valuation allowances on deferred tax assets, and the foreign tax credit.
 The majority of our global unremitted foreign earnings have been taxed or would be exempt from U.S. tax upon repatriation. Such earnings and the majority of current foreign earnings are not indefinitely reinvested. The following earnings are considered indefinitely reinvested: approximately $463 million that could be subject to U.S. federal tax when repatriated to the U.S. under section 1.245A-5(b) of the final Treasury regulations; and approximately $423 million of earnings in foreign subsidiaries. A portion of these indefinitely reinvested earnings may be subject to foreign and U.S. state tax consequences when remitted. The Company will continue to evaluate its position in the future based on its future strategy and cash needs.
 In connection with the merger of Computer Sciences Corporation ("CSC") and the Enterprise Services business of Hewlett Packard Enterprise Company (the "HPES Merger"), the Company entered into a tax matters agreement with Hewlett Packard Enterprise Company ("HPE"). HPE generally will be responsible for tax liabilities arising prior to the HPES Merger, and DXC is liable to HPE for income tax receivables it receives related to pre-HPES Merger periods. Pursuant to the tax matters agreement, the Company recorded a $15 million tax indemnification receivable related to uncertain tax positions, a $53 million tax indemnification receivable related to other tax payables, and a $99 million tax indemnification payable related to other tax receivables. In connection with the spin-off of the Company's former U.S. public sector business (the "USPS Separation"), the Company entered into a tax matters agreement with Perspecta Inc. (including its successors and permitted assigns, "Perspecta"). The Company generally will be responsible for tax liabilities arising prior to the USPS Separation, and Perspecta is liable to the Company for income tax receivables related to*

pre-spin-off periods. Income tax liabilities transferred to Perspecta primarily relate to pre-HPES Merger periods, for which the Company is indemnified by HPE pursuant to the tax matters agreement between the Company and HPE. The Company remains liable to HPE for tax receivables transferred to Perspecta related to pre-HPES Merger periods. Pursuant to the tax matters agreement, the Company recorded a $15 million tax indemnification receivable from Perspecta related to other tax receivables and a $5 million tax indemnification payable to Perspecta related to income tax and other tax payables.
 In connection with the sale of its healthcare provider software business ("HPS"), the Company entered into a tax matters agreement with Dedalus. Pursuant to the tax matters agreement, the Company generally will be responsible for tax liabilities arising prior to the sale of the HPS business.
 The Internal Revenue Service (the "IRS") has examined, or is examining, the Company's federal income tax returns for fiscal 2009 through the tax year ended October 31, 2018. With respect to CSC's fiscal 2009 through 2017 federal tax returns, the Company participated in settlement negotiations with the IRS Office of Appeals. The IRS examined several issues for these tax years that resulted in various audit adjustments. The Company and the IRS Office of Appeals have settled various audit adjustments, and we disagree with the IRS' disallowance of certain losses and deductions resulting from restructuring costs, foreign exchange losses, and a third-party financing transaction in previous years. As we believe we will ultimately prevail on the technical merits of the disagreed items and are challenging them in the U.S. Tax Court, these matters are not fully reserved and would result in incremental federal and state tax expense of approximately $536 million (including estimated interest and penalties) for the unreserved portion of these items and cash tax payments of approximately $613 million if we do not prevail. We have received notices of deficiency with respect to fiscal 2009, 2010, 2011 and 2013 and have timely filed petitions with the U.S. Tax Court. During fiscal 2024, some of these cases were dismissed, but the dismissals were procedural in nature only and do not impact the Company's potential liability for the aforementioned fiscal years. We expect court proceedings to progress during calendar year 2025 that may result in resolution of some or all of the litigation matters by the end of fiscal year 2026.
 During fiscal 2024, the Company determined there were inadvertent omissions on previously filed tax returns related to gain recognition agreements and certain related tax forms and disclosures. The Company notified the IRS promptly and filed for relief under Treas. Reg. Sec. 1.367(a)-8(p) to correct the issue.
 The Company's fiscal years 2009, 2010, and 2013 are in the U.S. Tax Court, and consequently these years will remain open until such proceedings have concluded. The statute of limitations on assessments related to a refund claim for fiscal year 2012 is open through February 28, 2025. The Company has agreed to extend the statute of limitations for fiscal and tax return years 2014 through 2021 to December 31, 2025. The Company expects to reach resolution for fiscal and tax return years 2009 through 2011 no earlier than fiscal year 2026. The Company expects to reach resolution for fiscal and tax return years 2012 and 2013 no earlier than fiscal year 2028. The Company expects to reach resolution for fiscal and tax return years 2014 through 2021 no earlier than fiscal year 2026.
 The Company may settle certain other tax examinations for different amounts than the Company has accrued as uncertain tax positions. Consequently, the Company may need to accrue and ultimately pay additional amounts or pay lower amounts than previously estimated and accrued when positions are settled in the future. For the three months ended December 31, 2024, the Company's liability for uncertain tax positions decreased by $19 million (excluding interest and penalties and related tax attributes) primarily due to a change in the uncertain tax position related to capitalized research and experimental expenditures. The Company believes the outcomes that are reasonably possible within the next 12 months to result in a reduction in its liability for uncertain tax positions, excluding interest, penalties, and tax carryforwards, would be approximately $62 million. 0.519 0.340 0.545 0.328 463000000 423000000 15000000 53000000 99000000 15000000 5000000 536000000 613000000 -19000000 62000000 Stockholders' Equity Share Repurchase Program

During the third quarter of fiscal 2025, the Company made a $12 million payment for the excise tax associated with prior year share repurchases in compliance with the Inflation Reduction Act.</div><div>

 Restricted stock units (“RSUs”) represent the right to receive one share of DXC common stock upon a future settlement date, subject to vesting and other terms and conditions of the award, plus any dividend equivalents accrued during the award period. The Company also grants performance-based restricted stock units (“PSUs”), which generally vest at the end of a three-year period. The number of PSUs that ultimately vest is dependent upon the Company’s achievement of certain specified market- and performance-based criteria over the three-year vesting period. The fair value of RSUs and PSUs is based on the Company’s common stock closing price on the grant date. For PSUs with a market-based condition, DXC uses a Monte Carlo simulation model to value the grants.

 Securities Litigation: On August 20, 2019, a purported class action lawsuit was filed in the Superior Court of the State of California, County of Santa Clara, against the Company, directors of the Company, and a former officer of the Company, among other defendants. The action asserts claims under Sections 11, 12 and 15 of the Securities Act of 1933, as amended, and is premised on allegedly false and/or misleading statements, and alleged non-disclosure of material facts, regarding the Company's prospects and expected performance. The putative class of plaintiffs includes former shareholders of Computer Sciences Corporation ("CSC") who exchanged their CSC shares for the Company's common stock pursuant to the offering documents filed with the Securities and Exchange Commission in connection with the April 2017 transaction that formed DXC.
 The State of California action had been stayed pending the outcome of the substantially similar federal action filed in the United States District Court for the Northern District of California. The federal action was dismissed with prejudice in December 2021. Thereafter, the state court lifted the stay and entered an order permitting additional briefing by the parties. In March 2022, Plaintiffs filed an amended complaint, which the Company moved to dismiss. In August 2022, the Court granted the Company's motion to dismiss, but permitted Plaintiffs to amend and refile their complaint. In September 2022, Plaintiffs filed a second amended complaint, which the Company moved to dismiss. In January 2023, the Court issued an order denying the Company's motion to dismiss the second amended complaint. In March 2023, the Court entered a scheduling order setting a trial date for September 2025. The trial date has since been extended to May 2026. In May 2024, the Court entered an order granting Plaintiffs' motion for class certification. In July 2024, notice was provided to potential class members. The case is otherwise in discovery.
 On August 2, 2024, a purported class action lawsuit was filed in the United States District Court for the Eastern District of Virginia against the Company and certain of its current and former officers. The complaint asserts claims under Sections 10(b) and 20(a) of the Securities Exchange Act of 1934, as amended, and is premised on allegedly false and/or misleading statements regarding the Company's transformation journey. The putative class of plaintiffs includes investors who acquired DXC stock during the period of May 26, 2021 to May 16, 2024.
 On August 29, 2024, a shareholder derivative suit was filed in the United States District Court for the Eastern District of Virginia against the Company's Board of Directors and certain of its current and former officers. The complaint alleges a breach of fiduciary duties arising from the claims asserted in the August 2024 securities class action lawsuit. The derivative suit has been temporarily stayed, pending further developments in the August 2024 securities class action lawsuit.
 On September 27, 2024, a shareholder derivative suit was filed in the District Court of the State of Nevada, Clark County against the Company's Board of Directors and certain of its current and former officers. The complaint alleges a breach of fiduciary duties arising from the claims asserted in the August 2024 securities class action lawsuit. The derivative suit has been temporarily stayed, pending further developments in the August 2024 securities class action lawsuit. In November and December 2024, two additional shareholder derivative suits were filed in the United States District Court for the Eastern District of Virginia against the Company's Board of Directors and certain of its current and former officers and directors. The complaints allege a breach of fiduciary duties arising from the claims asserted in the August 2024 securities class action lawsuit.
 In January 2025, a second shareholder derivative suit was filed in the District Court of the State of Nevada, Clark County against the Company's Board of Directors and certain of its current and former officers. The complaint alleges a breach of fiduciary duties arising from the claims asserted in the August 2024 securities class action lawsuit. This case has been consolidated with the previously filed derivative suit from September 2024, and has been temporarily stayed pending further developments in the August 2024 securities class action lawsuit.
 The Company believes that the lawsuits described above are without merit and intends to vigorously defend all claims asserted.
 Tax Examinations: The Company is under IRS examination in the U.S. on its federal income tax returns for certain fiscal years and is in disagreement with the IRS on certain tax positions, which are currently being contested in the U.S. Tax Court. For more detail, see Note 13 – "Income Taxes" for further information.
 TCS Litigation: In April 2019, the Company filed a lawsuit against Tata Consultancy Services Limited ("TCS") and Tata America International Corporation alleging misappropriation of certain of the Company's trade secrets. In November 2023, a trial was held in the United States District Court for the Northern District of Texas, and a jury found TCS liable for misappropriating the Company's trade secrets and awarded the Company $70 million in compensatory damages and $140 million in punitive damages, for a total award of $210 million. In June 2024, the Court entered a final order in the case, affirming the jury's verdict in the Company's favor and revising the monetary award to $56 million in compensatory damages and $112 million in punitive damages. The Court also awarded the Company $26 million in prejudgment interest, post-judgment interest at an annual rate of 4.824%, and its attorney's fees and costs, in an amount to be determined in a later order. The total award to the Company is $194 million, plus its attorney's fees and costs. The Court also issued a permanent injunction enjoining TCS from, among other things, possessing, accessing, or using any of the Company's trade secrets that were at issue in the case, and appointing a monitor to confirm, among other things, that TCS does not do so. In August 2024, TCS filed a Notice of Appeal to the U.S. Court of Appeals for the Fifth Circuit. The Company has not recognized any portion of the award in its financial statements and will continue to monitor the progress of the case. </div><div>
</div><div>In addition to the matters noted above, the Company is currently subject in the normal course of business to various claims and contingencies arising from, among other things, disputes with customers, vendors, employees, contract counterparties and other parties, as well as securities matters, environmental matters, matters concerning the licensing and use of intellectual property, and inquiries and investigations by regulatory authorities and government agencies. Some of these disputes involve or may involve litigation. The financial statements reflect the treatment of claims and contingencies based on management's view of the expected outcome. DXC consults with outside legal counsel on issues related to litigation and regulatory compliance and seeks input from other experts and advisors with respect to matters in the ordinary course of business. Although the outcome of these and other matters cannot be predicted with certainty, and the impact of the final resolution of these and other matters on the Company's results of operations in a particular subsequent reporting period could be material and adverse, management does not believe based on information currently available to the Company, that the resolution of any of the matters currently pending against the Company will have a material adverse effect on the financial position of the Company or the ability of the Company to meet its financial obligations as they become due. Unless otherwise noted, the Company is unable to determine at this time a reasonable estimate of a possible loss or range of losses associated with the foregoing disclosed contingent matters.</div><div>Minimum purchase commitments as of December 31, 2024 were as follows:</div><div style="text-align:center"><table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:100.000%"><tr><td style="width:1.0%"></td><td style="width:84.316%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.494%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:12.790%"></td><td style="width:0.1%"></td></tr><tr style="height:18pt"><td colspan="3" style="background-color:#ffffff;padding:2px 1pt;text-align:left;vertical-align:bottom">Fiscal year</td><td colspan="3" style="background-color:#ffffff;padding:0 1pt"></td><td colspan="3" rowspan="2" style="background-color:#ffffff;padding:2px 1pt;text-align:center;vertical-align:bottom">Minimum Purchase Commitment</td></tr><tr style="height:12pt"><td colspan="3" style="background-color:#ffffff;padding:2px 1pt;text-align:left;vertical-align:bottom">(in millions)</td><td colspan="3" style="background-color:#ffffff;padding:0 1pt"></td></tr><tr><td colspan="3" style="background-color:#cceeff;border-top:1pt solid #000000;padding:2px 1pt;text-align:left;vertical-align:middle"><div>Remainder of 2025</div></td><td colspan="3" style="background-color:#cceeff;padding:0 1pt"></td><td style="background-color:#cceeff;border-top:1pt solid #000000;padding:2px 0 2px 1pt;text-align:left;vertical-align:middle"><span style="color:#000000;font-family:'Arial',sans-serif;font-size:9pt;font-weight:400;line-height:100%">$</td><td style="background-color:#cceeff;border-top:1pt solid #000000;padding:2px 0;text-align:right;vertical-align:middle">195 </td><td style="background-color:#cceeff;border-top:1pt solid #000000;padding:2px 1pt 2px 0;text-align:right;vertical-align:middle"></td></tr><tr><td colspan="3" style="background-color:#ffffff;padding:2px 1pt;text-align:left;vertical-align:middle">2026</td><td colspan="3" style="background-color:#ffffff;padding:0 1pt"></td><td colspan="2" style="background-color:#ffffff;padding:2px 0 2px 1pt;text-align:right;vertical-align:middle">652 </td><td style="background-color:#ffffff;padding:2px 1pt 2px 0;text-align:right;vertical-align:middle"></td></tr><tr><td colspan="3" style="background-color:#cceeff;padding:2px 1pt;text-align:left;vertical-align:middle">2027</td><td colspan="3" style="background-color:#cceeff;padding:0 1pt"></td><td colspan="2" style="background-color:#cceeff;padding:2px 0 2px 1pt;text-align:right;vertical-align:middle">272 </td><td style="background-color:#cceeff;padding:2px 1pt 2px 0;text-align:right;vertical-align:middle"></td></tr><tr><td colspan="3" style="background-color:#ffffff;padding:2px 1pt;text-align:left;vertical-align:middle">2028</td><td colspan="3" style="background-color:#ffffff;padding:0 1pt"></td><td colspan="3" style="background-color:#ffffff;padding:2px 0 2px 1pt;text-align:right;vertical-align:middle">122 </td><td style="background-color:#ffffff;padding:2px 1pt 2px 0;text-align:right;vertical-align:middle"></td></tr><tr><td colspan="3" style="background-color:#cceeff;padding:2px 1pt;text-align:left;vertical-align:middle">2029</td><td colspan="3" style="background-color:#cceeff;padding:0 1pt"></td><td colspan="2" style="background-color:#cceeff;padding:2px 0 2px 1pt;text-align:right;vertical-align:middle">58 </td><td style="background-color:#cceeff;padding:2px 1pt 2px 0;text-align:right;vertical-align:middle"></td></tr><tr><td colspan="3" style="background-color:#ffffff;padding:2px 1pt;text-align:left;vertical-align:middle">Thereafter</td><td colspan="3" style="background-color:#ffffff;padding:0 1pt"></td><td colspan="2" style="background-color:#ffffff;padding:2px 0 2px 1pt;text-align:right;vertical-align:middle"><span
