#### **Forward-Looking Statements**

This report contains, and from time to time our management may make, forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, each as amended. For those statements, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. These forward-looking statements are subject to risks, uncertainties and assumptions. These statements are only predictions based on our current expectations and projections about future events. Important factors that could cause actual results, level of activity, performance or achievements to differ materially from those indicated by such forward-looking statements include but are not limited to: incurrence of net losses, fluctuations in quarterly and annual results, adverse economic or market conditions, our expectations with respect to future levels of assets under management, inflows and outflows, our ability to retain clients, our ability to maintain our fee structure, our particular choices with regard to investment strategies employed, our ability to hire and retain qualified investment professionals, the cost of complying with current and future regulation coupled with the cost of defending ourselves from related investigations or litigation, failure of our operational safeguards against breaches in data security, privacy, conflicts of interest or employee misconduct, our expected tax rate, and our expectations with respect to deferred tax assets, adverse economic or market conditions, including the continued adverse effects of the coronavirus pandemic, incurrence of net losses, adverse effects of management focusing on implementation of a growth strategy, failure to develop

and maintain the Silvercrest brand and other factors disclosed under "Risk Factors" in our annual report on Form 10-K for the year ended December 31, 2023 which is accessible on the **SEC's U.S. Securities and Exchange Commission's** website at [www.sec.gov](http://www.sec.gov). We undertake no obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments or otherwise, except as required by law.

**1. ORGANIZATION AND BUSINESS**

Silvercrest Asset Management Group Inc. ("Silvercrest"), together with its consolidated subsidiary, Silvercrest L.P., a limited partnership, (collectively the "Company"), was formed as a Delaware corporation on July 11, 2011. Silvercrest is a holding company that was formed in order to carry on the business of Silvercrest L.P., the managing member of our operating subsidiary, and its subsidiaries. Effective on June 26, 2013, Silvercrest became the sole general partner of Silvercrest L.P., and its only material asset is the general partner interest in Silvercrest L.P., represented by **9,547,396** **9,503,410** Class A units or approximately **68.1** **68.3**% of the outstanding interests of Silvercrest L.P. Silvercrest controls all of the businesses and affairs of Silvercrest L.P. and, through Silvercrest L.P. and its subsidiaries, continues to conduct the business previously conducted by these entities prior to the reorganization.

Silvercrest L.P., together with its consolidated subsidiaries (collectively "SLP"), provides investment management and family office services to individuals and families and their trusts, and to endowments, foundations and other institutional investors primarily located in the United States of America. The business includes the management of funds of funds and other investment funds, collectively referred to as the "Silvercrest Funds".

Silvercrest L.P. was formed on December 10, 2008 and commenced operations on January 1, 2009.

On March 11, 2004, Silvercrest Asset Management Group LLC ("SAMG LLC") acquired 100% of the outstanding shares of James C. Edwards Asset Management, Inc. ("JCE") and subsequently changed JCE's name to Silvercrest Financial Services, Inc. ("SFS"). On December 31, 2004, SLP acquired 100% of the outstanding shares of the LongChamp Group, Inc. (now SAM Alternative Solutions, Inc.) ("LGI"). Effective March 31, 2005, SLP entered into an Asset Contribution Agreement with and acquired all of the assets, properties, rights and certain liabilities of Heritage Financial Management, LLC ("HFM"). Effective October 3, 2008, SLP acquired 100% of the outstanding limited liability company interests of Marathon Capital Group, LLC ("MCG") through a limited liability company interest purchase agreement dated September 22, 2008. On November 1, 2011, SLP acquired certain assets of Milbank Winthrop & Co. ("Milbank"). On April 1, 2012, SLP acquired 100% of the outstanding limited liability company interests of MW Commodity Advisors, LLC ("Commodity Advisors"). On March 28, 2013, SLP acquired certain assets of Ten-Sixty Asset Management, LLC ("Ten-Sixty"). On June 30, 2015, SLP acquired certain assets of Jamison, Eaton & Wood, Inc. ("Jamison"). On January 11, 2016, SLP acquired certain assets of Cappicille & Company, LLC ("Cappicille"). On January 15, 2019, SLP acquired certain assets of Neosho Capital LLC ("Neosho"). On July 1, 2019, SLP acquired substantially all of the assets and assumed certain liabilities of Cortina Asset Management, LLC ("Cortina"). See Notes 3, 7 and 8 for additional information related to the acquisition, goodwill and intangible assets arising from these acquisitions.

**Tax Receivable Agreement**

In connection with the Company's initial public offering (the "IPO") and reorganization of SLP that were completed on June 26, 2013, Silvercrest entered into a tax receivable agreement (the "TRA") with the partners of SLP (the "SLP Partners") that requires Silvercrest to pay the SLP Partners 85% of the amount of cash savings, if any, in U.S. federal, state and local income tax that Silvercrest actually realizes (or is deemed to realize in the case of an early termination payment by it, or a change in control) as a result of the increases in tax basis and certain other tax benefits related to entering into the TRA, including tax benefits attributable to payments under the TRA or attributable to exchanges of shares of Class B common stock for shares of Class A common stock. The payments to be made pursuant to the tax receivable agreement are a liability of Silvercrest and not Silvercrest L.P. As of **June 30, 2024** **September 30, 2024**, this liability is estimated to be **\$8,978** **9,115** and is included in deferred tax and other liabilities in the Condensed Consolidated Statements of Financial Condition. Silvercrest expects to benefit from the remaining 15% of cash savings realized, if any.

The TRA was effective upon the consummation of the IPO and will continue until all such tax benefits have been utilized or expired, unless Silvercrest exercises its right to terminate the TRA for an amount based on an agreed upon value of the payments remaining to be made under the agreement. The TRA will automatically terminate with respect to Silvercrest's obligations to an SLP partner if such SLP partner (i) is terminated for cause, (ii) breaches his or her non-solicitation covenants with Silvercrest or any of its subsidiaries or (iii) voluntarily resigns or retires and competes with Silvercrest or any of its subsidiaries in the 12-month period following resignation of employment or retirement, and no further payments will be made to such partner under the TRA.

For purposes of the TRA, cash savings in income tax will be computed by comparing Silvercrest's actual income tax liability to the amount of such taxes that it would have been required to pay had there been no increase in its share of the tax basis of the tangible and intangible assets of SLP.

Estimating the amount of payments that Silvercrest may be required to make under the TRA is imprecise by nature, because the actual increase in its share of the tax basis, as well as the amount and timing of any payments under the TRA, will vary depending upon a number of factors, including:

- the timing of exchanges of Silvercrest's Class B units for shares of Silvercrest's Class A common stock—for instance, the increase in any tax deductions will vary depending on the fair market value, which may fluctuate over time, of the depreciable and amortizable assets of SLP at the time of the exchanges;
- the price of Silvercrest's Class A common stock at the time of exchanges of Silvercrest's Class B units—the increase in Silvercrest's share of the basis in the assets of as well as the increase in any tax deductions, will be related to the price of Silvercrest's Class A common stock at the time of these exchanges;
- the extent to which these exchanges are taxable—if an exchange is not taxable for any reason (for instance, if a principal who holds Silvercrest's Class B units exchanges units in order to make a charitable contribution), increased deductions will not be available;
- the tax rates in effect at the time Silvercrest utilizes the increased amortization and depreciation deductions; and
- the amount and timing of Silvercrest's income—Silvercrest will be required to pay 85% of the tax savings, as and when realized, if any. If Silvercrest does not have taxable income, it generally will not be required to make payments under the TRA for that taxable year because no tax savings will have been actually realized.

In addition, the TRA provides that upon certain mergers, asset sales, other forms of business combinations, or other changes of control, Silvercrest's (or its successors') obligations with respect to exchanged or acquired Silvercrest Class B units, whether exchanged or acquired before or after such transaction, would be based on certain assumptions, including that Silvercrest would have sufficient taxable income to fully utilize the deductions arising from the increased tax deductions and tax basis and other benefits related to entering into the TRA.

Decisions made by the continuing SLP Partners in the course of running Silvercrest's business, such as with respect to mergers, asset sales, other forms of business combinations or other changes in control, may influence the timing and amount of payments that are received by an exchanging or selling principal under the TRA. For example, the earlier disposition of assets following an exchange or acquisition transaction will generally accelerate payments under the TRA and increase the present value of such payments, and the disposition of assets before an exchange or acquisition transaction will increase an existing owner's tax liability without giving rise to any rights of a principal to receive payments under the TRA.

Were the IRS to successfully challenge the tax basis increases described above, Silvercrest would not be reimbursed for any payments previously made under the TRA. As a result, in certain circumstances, Silvercrest could make payments under the TRA in excess of its actual cash savings in income tax.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Presentation and Principles of Consolidation

The accompanying Condensed Consolidated Financial Statements include the accounts of Silvercrest and its wholly owned subsidiaries SLP, SAMG LLC, SFS, MCG, Silvercrest Investors LLC, Silvercrest Investors II LLC, Silvercrest Investors III LLC, Silvercrest Investors IV LLC, and Silvercrest Asset Management (Singapore) Pte. Ltd. as of **June 30, 2024** September 30, 2024 and December 31, 2023 and for the three and **six** nine months ended **June 30, 2024** September 30, 2024 and 2023. All intercompany transactions and balances have been eliminated.

The Condensed Consolidated Statement of Financial Condition at December 31, 2023 was derived from the audited Consolidated Statement of Financial Condition at that date but does not include all of the information and footnotes required by GAAP for complete financial statements. The results of operations for the three and **six** nine months ended **June 30, 2024** September 30, 2024 and 2023 are not necessarily indicative of the operating results that may be expected for the full fiscal year ending December 31, 2024 and 2023 or any future period.

The Condensed Consolidated Financial Statements of the Company included herein are unaudited and have been prepared in accordance with the instructions to Form 10-Q pursuant to the rules and regulations of the U.S. Securities and Exchange Commission ("SEC"). **Commission**. In the opinion of management, all adjustments, consisting of normal recurring adjustments necessary for a fair presentation of the interim financial position and results, have been made. The Company's Condensed Consolidated Financial Statements and the related notes should be read together with the Condensed Consolidated Financial Statements and the related notes included in the Company's Annual Report on Form 10-K for the year ended December 31, 2023.

---

The Company evaluates for consolidation those entities it controls through a majority voting interest or otherwise, including those Silvercrest Funds over which the general partner or equivalent is presumed to have control, for example, by virtue of the limited partners not being able to remove the general partner. The initial step in determining whether a fund for which SLP is the general partner is required to be consolidated is assessing whether the fund is a variable interest entity ("VIE") or a voting interest entity ("VIE").

SLP then considers whether the fund is a VIE in which the unaffiliated limited partners have substantive "kick-out" rights that provide the ability to dissolve (liquidate) the limited partnership or otherwise remove the general partner without cause. SLP considers the "kick-out" rights to be substantive if the general partner for the fund can be removed by the vote of a simple majority of the unaffiliated limited partners and there are no significant barriers to the unaffiliated limited partners' ability to exercise these rights in that among other things, (1) there are no conditions or timing limits on when the rights can be exercised, (2) there are no financial or operational barriers associated with replacing the general partner, (3) there are a number of qualified replacement investment advisors that would accept appointment at the same fee level, (4) each fund's documents provide for the ability to call and conduct a vote, and (5) the information necessary to exercise the kick-out rights and related vote are available from the fund and its administrator.

If the fund is a VIE, SLP then determines whether it has a variable interest in the fund, and if so, whether SLP is the primary beneficiary. In determining whether SLP is the primary beneficiary, SLP evaluates its control rights as well as economic interests in the entity held either directly or indirectly by SLP. The consolidation analysis can generally be performed qualitatively; however, if it is not readily apparent that SLP is not the primary beneficiary, a quantitative analysis may also be performed. Amendments to the governing documents of the respective Silvercrest Funds could affect an entity's status as a VIE or the determination of the primary beneficiary. At each reporting date, SLP assesses whether it is the primary beneficiary and will consolidate or deconsolidate accordingly.

During the three and **six** **nine** months ended **June 30, 2024** **September 30, 2024** and 2023, each fund is deemed to be a VIE and neither SLP nor Silvercrest consolidated any of the Silvercrest Funds.

#### **Non-controlling Interest**

As of **June 30, 2024** **September 30, 2024**, Silvercrest holds approximately **68.1** **68.3%** of the economic interests in SLP. Silvercrest is the sole general partner of SLP and, therefore, controls the management of SLP. As a result, Silvercrest consolidates the financial position and the results of operations of SLP and its subsidiaries, and records a non-controlling interest, as a separate component of equity on its Condensed Consolidated Statements of Financial Condition for the remaining economic interests in SLP. The non-controlling interest in the income or loss of SLP is included in the Condensed Consolidated Statements of Operations as a reduction or addition to net income derived from SLP.

#### **Translation of Non-U.S. Currency Amounts**

Assets and liabilities of non-U.S. subsidiaries that have a foreign currency as their functional currency are re-measured to U.S. dollars at quarter-end exchange rates, and revenues and expenses are re-measured at average rates of exchange prevailing during the period. The resulting translation adjustments are recorded in accumulated other comprehensive income (loss). Gains or losses resulting from foreign currency transactions are included in other (expense) income, net in the Condensed Consolidated Statements of Operations.

#### **Segment Reporting**

The Company views its operations as comprising one operating segment, the investment management industry. Each of the Company's acquired businesses has similar economic characteristics and has been, or is in the process of becoming, fully integrated. Furthermore, our chief operating decision maker, who is the Company's Chief Executive Officer, monitors and reviews financial information at a consolidated level for assessing operating results and the allocation of resources.

#### **Use of Estimates**

The preparation of the Condensed Consolidated Financial Statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the Condensed Consolidated Financial Statements, and the reported amounts of revenues, expenses and other income reported in the Condensed Consolidated Financial Statements and the accompanying notes. Actual results could differ from those estimates. Significant estimates and assumptions made by management include the fair value of acquired assets and liabilities, determination of equity-based compensation, accounting for income taxes, determination of the useful lives of long-lived assets, and other matters that affect the Condensed Consolidated Financial Statements and related disclosures.

---

#### **Cash and Cash Equivalents**

The Company considers all highly liquid securities with original maturities of 90 days or less when purchased to be cash equivalents.

#### **Equity Method Investments**

The Company accounts for investment activities related to entities over which the Company exercises significant influence but do not meet the requirements for consolidation, using the equity method of accounting, whereby the Company records its share of the underlying income or losses of these entities. Intercompany profit arising from transactions with affiliates is eliminated to the extent of its beneficial interest. Equity in losses of equity method investments is not recognized after the carrying value of an investment, including advances and loans, has been reduced to zero, unless guarantees or other funding obligations exist.

The Company evaluates its equity method investments for impairment, whenever events or changes in circumstances indicate that the carrying amounts of such investments may not be recoverable. The difference between the carrying value of the equity method investment and its estimated fair value is recognized as an impairment when the loss in value is deemed other than temporary. The Company's equity method investments approximate their fair value as of **June 30, 2024** **September 30, 2024** and December 31, 2023. The fair value of the equity method investments is estimated based on the Company's share of the fair value of the net assets of the equity method investee. No impairment charges related to equity method investments were recorded during the three and **six nine** months ended **June 30, 2024** **September 30, 2024** or 2023.

#### **Receivables and Due from Silvercrest Funds**

Receivables consist primarily of amounts for management and advisory fees, performance fees, and allocations and family office service fees due from clients and are stated as net realizable value. The Company maintains an allowance for doubtful receivables based on estimates of expected losses and specific identification of uncollectible accounts. The Company charges actual losses to the allowance when incurred.

#### **Furniture, Equipment and Leasehold Improvements**

Furniture, equipment and leasehold improvements consist primarily of furniture, fixtures and equipment, computer hardware and software and leasehold improvements and are recorded at cost less accumulated depreciation. Depreciation and amortization are calculated using the straight-line method over the assets' estimated useful lives, which for leasehold improvements is the lesser of the lease term or the life of the asset, generally 10 years, and 3 to 7 years for other fixed assets.

#### **Business Combinations**

The Company accounts for business combinations using the acquisition method of accounting. The acquisition method of accounting requires that purchase price, including the fair value of contingent consideration, of the acquisition be allocated to the assets acquired and liabilities assumed using the fair values determined by management as of the acquisition date. The method for determining relative fair value varied depending on the type of asset or liability and involved management making significant estimates related to assumptions such as future growth rates used to produce financial projections and the selection of unobservable inputs and other assumptions. The inputs used in establishing the fair value are in most cases unobservable and reflect the Company's own judgments about the assumptions market participants would use in pricing the assets acquired and liabilities assumed. Contingent consideration is recorded as part of the purchase price when such contingent consideration is not based on continuing employment of the selling shareholders. Contingent consideration that is related to continuing employment is recorded as compensation expense. Payments made for contingent consideration recorded as part of an acquisition's purchase price are reflected as financing activities in the Company's Condensed Consolidated Statements of Cash Flows.

The Company remeasures the fair value of contingent consideration at each reporting period using a probability-adjusted discounted cash flow method based on significant inputs not observable in the market and any change in the fair value from either the passage of time or events occurring after the acquisition date, is recorded in earnings. Contingent consideration payments that exceed the acquisition date fair value of the contingent consideration are reflected as an operating activity in the Condensed Consolidated Statements of Cash Flows.

9

---

The excess of the purchase price over the fair value of the identifiable assets acquired, including intangibles, and liabilities assumed is recorded as goodwill. The Company generally uses valuation specialists to perform appraisals and assist in the determination of the fair values of the assets acquired and liabilities assumed. These valuations require management to make estimates and assumptions that are critical in determining the fair values of the assets and liabilities. During the measurement period, the Company may record adjustments to the assets acquired and liabilities assumed. Any adjustments to provisional amounts that are identified during the measurement period are recorded in the reporting period in which the adjustment amounts are determined. Upon the conclusion of the measurement period, any subsequent adjustments are recorded to earnings.

#### **Goodwill and Intangible Assets**

Goodwill consists of the excess of the purchase price over the fair value of identifiable net assets of businesses acquired. Goodwill is not amortized but is evaluated for impairment at least annually, on October 1<sup>st</sup> of each year, or whenever events or circumstances indicate that impairment may have occurred.

The Company accounts for Goodwill under Accounting Standard Codification ("ASC") No. 350, "Intangibles - Goodwill and Other," which provides an entity the option to first perform a qualitative assessment of whether a reporting unit's fair value is more likely than not less than its carrying value, including goodwill. In performing its qualitative assessment, an

entity considers the extent to which adverse events or circumstances identified, such as changes in economic conditions, industry and market conditions or entity specific events, could affect the comparison of the reporting unit's fair value with its carrying amount. If an entity concludes that the fair value of a reporting unit is more likely than not less than its carrying amount, the entity is required to perform the currently prescribed two-step goodwill impairment test to identify potential goodwill impairment and, accordingly, measure the amount, if any, of goodwill impairment loss to be recognized for that reporting unit. The Company utilized this option when performing its annual impairment assessment in 2022 and 2021 and concluded that its single reporting unit's fair value was more likely than not greater than its carrying value, including goodwill.

The Company has one reporting unit as of **June 30, 2024** **September 30, 2024** and December 31, 2023. No goodwill impairment charges were recorded during the three and **six** **nine** months ended **June 30, 2024** **September 30, 2024** and 2023.

Intangible assets of the Company are reviewed for impairment whenever events or changes in circumstances indicate that the net carrying amount of the asset may not be recoverable. In connection with such review, the Company also re-evaluates the periods of amortization for these assets. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to undiscounted future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceed their fair value.

Identifiable finite-lived intangible assets are amortized over their estimated useful lives ranging from 3 to 20 years. The method of amortization is based on the pattern over which the economic benefits and generally expected undiscounted cash flows of the intangible asset are consumed. Intangible assets for which no pattern can be reliably determined are amortized using the straight-line method. Intangible assets consist primarily of the contractual right to future management and advisory fees and performance fees and allocations from customer contracts or relationships.

#### **Long-lived Assets**

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the net carrying amount of the asset may not be recoverable. In connection with such review, the Company also reevaluates the periods of depreciation and amortization for these assets. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to undiscounted future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds their fair value.

#### **Treasury Stock**

On July 29, 2021, the Company announced that its Board of Directors **had** approved a share repurchase program authorizing the Company to repurchase up to \$15,000,000 of the Company's outstanding Class A common stock (the "Repurchase" "2021 Repurchase Program"). Repurchases under the **2021** Repurchase Program may be made using either cash on hand, borrowings under the Company's existing credit facilities or other sources, or (a) one or more 10b5-1 share trading plans, to be established with one or more banks or brokers (the "Trading Plans"), (b) pursuant to accelerated share repurchase programs with one or more investment banks or other financial intermediaries (the "ASR Programs"), or (c) through repurchases to be made outside of the Trading Plans or ASR Programs but in compliance with all applicable requirements under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), including the safe harbor provided by Exchange Act Rule 10b-18, and consummated during an open trading window under the Company's insider trading policy. The program may be amended, suspended, or discontinued at any time and does not commit the Company to repurchase any shares of Common Stock.

---

As of **June 30, 2024** and December 31, 2023, the Company had purchased 808,455 shares of Class A common stock **pursuant to the 2021 Repurchase Program** for an aggregate price of approximately \$15,057.

On August 16, 2024, the Company announced that its Board of Directors approved a share repurchase program authorizing the Company to repurchase up to \$12,000,000 of the Company's outstanding Class A common stock (the "2024 Repurchase Program"). Repurchases under the 2024 Repurchase Program may be made using either cash on hand, borrowings under the Company's existing credit facilities or other sources, or (a) through one or more Trading plans, (b) pursuant to ASR Programs or (c) through repurchases to be made outside of the Trading Plans or ASR Programs but in compliance with all applicable requirements under the Exchange Act, including the safe harbor provided by Exchange Act Rule 10b-18, and consummated during an open trading window under the

Company's insider trading policy. The program may be amended, suspended, or discontinued at any time and does not commit the Company to repurchase any shares of Class A common stock.

As of September 30, 2024, the Company had purchased 82,677 shares of Class A common stock pursuant to the 2024 Repurchase Program for an aggregate price of approximately \$1,364.

Treasury stock is accounted for under the cost method and is included as a deduction from equity in the Company's Equity section of the Condensed Consolidated Statement of Financial Condition. Upon any subsequent retirement or resale, the treasury stock account is reduced by the cost of such stock.

#### **Partner Distributions**

Partner incentive allocations, which are determined by the general partner, can be formula-based or discretionary. Partner incentive allocations are treated as compensation expense and recognized in the period in which they are earned. In the event there is insufficient distributable cash flow to make incentive distributions, the general partner in its sole and absolute discretion may determine not to make any distributions called for under the partnership agreement. The remaining net income or loss after partner incentive allocations is generally allocated to unit holders based on their pro rata ownership.

#### **Redeemable Partnership Units**

If a principal of SLP is terminated for cause, SLP has the right to redeem all of the vested Class B units collectively held by the principal and his or her permitted transferees for a purchase price equal to the lesser of (i) the aggregate capital account balance in SLP of the principal and his or her permitted transferees or (ii) the purchase price paid by the terminated principal to first acquire the Class B units.

SLP also makes distributions to its partners of various nature including incentive payments, profit distributions and tax distributions. The profit distributions and tax distributions are accounted for as equity transactions.

#### *Class A Common Stock*

The Company's Class A stockholders are entitled to one vote for each share held of record on all matters submitted to a vote of the Company's stockholders. Class A stockholders are also entitled to receive dividends, when and if declared by the Company's board of directors, out of funds legally available therefor, subject to any statutory or contractual restrictions on the payment of dividends and to any restrictions on the payment of dividends imposed by the terms of any outstanding preferred stock. Dividends consisting of shares of Class A common stock may be paid only as follows: (i) shares of Class A common stock may be paid only to holders of shares of Class A common stock and (ii) shares of Class A common stock will be paid proportionately with respect to each outstanding share of the Company's Class A common stock. Upon the Company's liquidation, dissolution or winding-up, or the sale of all, or substantially all, of the Company's assets, after payment in full of all amounts required to be paid to creditors and to holders of preferred stock having a liquidation preference, if any, the Class A stockholders will be entitled to share ratably in the Company's remaining assets available for distribution to Class A stockholders. Class B units of SLP held by principals will be exchangeable for shares of the Company's Class A common stock, on a one-for-one basis, subject to customary adjustments for share splits, dividends and reclassifications.

#### *Class B Common Stock*

Shares of the Company's Class B common stock are issuable only in connection with the issuance of Class B units of SLP. When a vested or unvested Class B unit is issued by SLP, the Company will issue the holder one share of its Class B common stock in exchange for the payment of its par value. Each share of the Company's Class B common stock will be redeemed for its par value and cancelled by the Company if the holder of the corresponding Class B unit exchanges or forfeits its Class B unit pursuant to the terms of the Second Amended and Restated Limited Partnership Agreement of SLP and the terms of the Silvercrest Asset Management Group Inc. 2012 Equity Incentive Plan (the "2012 Equity Incentive Plan"). The Company's Class B stockholders will be entitled to one vote for each share held of record on all matters submitted to a vote of the Company's stockholders. The Company's Class B stockholders will not participate in any dividends declared by the Company's board of directors. Upon the Company's liquidation, dissolution or winding-up, or the sale of all, or substantially all, of its assets, Class B stockholders only will be entitled to receive the par value of the Company's Class B common stock.

#### **Revenue Recognition**

The Company generates revenue from management and advisory fees, performance fees and allocations, and family office services fees. Management and advisory fees and performance fees and allocations are generated by managing assets on behalf of separate accounts and acting as investment adviser for various investment funds. Performance fees and allocations also relate to assets managed in external investment strategies in which the Company has a revenue sharing arrangement and in funds in which the Company has no partnership interest. Management and advisory fees and family office services fees income is recognized through the course of the period in which these services are provided. Income from performance fees and allocations is recorded at the conclusion of the contractual performance period when all contingencies are resolved. In certain arrangements, the Company is only entitled to receive performance fees and allocations when the return on assets under management exceeds certain benchmark returns or other performance targets.

The discretionary investment management agreements for the Company's separately managed accounts do not have a specified term. Rather, each agreement may be terminated by either party at any time, unless otherwise agreed with the client, upon written notice of termination to the other party. The investment management agreements for the Company's private funds are generally in effect from year to year, and may be terminated at the end of any year (or, in certain cases, on the anniversary of execution of the agreement) (i) by the Company upon 30 or 90 days' prior written notice and (ii) after receiving the affirmative vote of a simple majority of the investors in the private fund that are not affiliated with the Company, by the private fund on 60 or 90 days' prior written notice. The investment management agreements for the private funds may also generally be terminated effective immediately by either party where the non-terminating party (i) commits a material breach of the terms subject, in certain cases, to a cure period, (ii) is found to have committed fraud, gross negligence or willful misconduct or (iii) terminates, becomes bankrupt, becomes insolvent or dissolves. Each of the Company's investment management agreements contains customary indemnification obligations from the Company to their clients.

The management and advisory fees are primarily driven by the level of the Company's assets under management. The assets under management increase or decrease based on the net inflows or outflows of funds into the Company's various investment strategies and the investment performance of its clients' accounts. In order to increase the Company's assets under management and expand its business, the Company must develop and market investment strategies that suit the investment needs of its target clients and provide attractive returns over the long term. The Company's ability to continue to attract clients will depend on a variety of factors including, among others:

- the ability to educate the Company's target clients about the Company's classic value investment strategies and provide them with exceptional client service;
- the relative investment performance of the Company's investment strategies, as compared to competing products and market indices;
- competitive conditions in the investment management and broader financial services sectors;
- investor sentiment and confidence; and
- the decision to close strategies when the Company deems it to be in the best interests of its clients.

The majority of management and advisory fees that the Company earns on separately managed accounts are based on the value of assets under management on the last day of each calendar quarter. Most of the management and advisory fees are billed quarterly in advance on the first day of each calendar quarter. The Company's basic annual fee schedule for management of clients' assets in separately managed accounts is generally: (i) for managed equity or balanced portfolios, 1% of the first \$10 million and 0.60% on the balance, (ii) for managed fixed income only portfolios, 0.40% on the first \$10 million and 0.30% on the balance, (iii) for the municipal value strategy, 0.65%, (iv) for Cortina equity portfolios, 1.0% on the first \$25 million, 0.90% on the next \$25 million and 0.80% on the balance and (v) for outsourced chief investment officer portfolios, 0.40% on the first \$50 million, 0.32% of the next \$50 million and 0.24% on the balance. The Company's fee for monitoring non-discretionary assets can range from 0.05% to 0.01% but can also be incorporated into an agreed-upon fixed family office service fee. The majority of the Company's clients pay a blended fee rate since they are invested in multiple strategies.

Management fees earned on investment funds that the Company advises are calculated primarily based on the net assets of the funds. Some funds calculate investment fees based on the net assets of the funds as of the last business day of each calendar quarter, whereas other funds calculate investment fees based on the value of net assets on the first business day of the month. Depending on the investment fund, fees are paid either quarterly in advance or quarterly in arrears. For the Company's private fund clients, the fees range from 0.25% to 1.5% annually. Certain management fees earned on investment funds for which the Company performs risk management and due diligence services are based on flat fee agreements customized for each engagement.

12

---

The Company's management and advisory fees may fluctuate based on a number of factors, including the following:

- changes in assets under management due to appreciation or depreciation of its investment portfolios, and the levels of the contribution and withdrawal of assets by new existing clients;
- allocation of assets under management among its investment strategies, which have different fee schedules;
- allocation of assets under management between separately managed accounts and advised funds, for which the Company generally earns lower overall management fees; and
- the level of their performance with respect to accounts and funds on which the Company is paid incentive fees.

The Company's performance fees and allocations may fluctuate based on performance with respect to accounts and funds on which the Company is paid incentive fees and allocations.

The Company's family office services capabilities enable us to provide comprehensive and integrated services to its clients. The Company's dedicated group of tax and financial planning professionals provide financial planning, tax planning and preparation, partnership accounting and fund administration and consolidated wealth reporting among other services. Family office services income fluctuates based on both the number of clients for whom the Company performs these services and the level of agreed-upon fees, most of which are flat fees. Therefore, non-discretionary assets under management, which are associated with family office services, do not typically serve as the basis for the amount of family office services revenue that is recognized. Family office services fees are also typically billed quarterly in advance at the beginning of the quarter or in arrears after the end of the quarter based on a contractual percentage of the assets managed or upon a contractually agreed-upon flat fee arrangement. Revenue is recognized on a ratable basis over the period in which services are performed.

The Company accounts for performance-based revenue in accordance with "Topic 606, Revenue from Contracts with Customers" ("ASC 606") by recognizing performance fees and allocations as revenue only when it is certain that the fee income is earned and payable pursuant to the relevant agreements. In certain arrangements, the Company is only entitled to receive performance fees and allocations when the return on assets under management exceeds certain benchmark returns or other performance targets. The Company records performance fees and allocations as a component of revenue once the performance fee or allocation, as applicable, has crystallized. As a result, there is no estimate or variability in the consideration when revenue is recorded.

#### **Equity-Based Compensation**

Equity-based compensation cost relating to the issuance of share-based awards to employees is based on the fair value of the award at the date of grant, which is expensed ratably over the requisite service period, net of estimated forfeitures. The forfeiture assumption is ultimately adjusted to the actual forfeiture rate. Therefore, changes in the forfeiture assumptions may affect the timing of the total amount of expense recognized over the vesting period. The service period is the period over which the employee performs the related services, which is normally the same as the vesting period. Equity-based awards that do not require future service are expensed immediately. Equity-based awards that have the potential to be settled in cash at the election of the employee or prior to the reorganization related to redeemable partnership units are classified as liabilities ("Liability Awards") and are adjusted to fair value at the end of each reporting period.

#### **Leases**

The Company accounts for leases under "Topic 842, Leases" ("ASC 842"), which requires lessees to recognize leases on-balance sheet and disclose key information about leasing arrangements. ASC 842 established a right-of-use model ("ROU") that requires a lessee to recognize a ROU asset and lease liability on the balance sheet for all leases with a term longer than 12 months. Leases are classified as finance or operating, with classification affecting the pattern and classification of expense recognition in the Condensed Consolidated Statement of Operations.

13

---

#### **Income Taxes**

Silvercrest and SFS are subject to federal and state corporate income tax, which requires an asset and liability approach to the financial accounting and reporting of income taxes. SLP is not subject to federal and state income taxes, since all income, gains and losses are passed through to its partners. SLP is, however, subject to New York City unincorporated business tax. With respect to the Company's incorporated entities, the annual tax rate is based on the income, statutory tax rates and tax planning opportunities available in the various jurisdictions in which the Company operates. Tax laws are complex and subject to different interpretations by the taxpayer and respective governmental taxing authorities. Judgment is required in determining the tax expense and in evaluating tax positions. The tax effects of any uncertain tax position ("UTP") taken or expected to be taken in income tax returns are recognized only if it is "more likely-than-not" to be sustained on examination by the taxing authorities, based on its technical merits as of the reporting date. The tax benefits recognized in the Condensed Consolidated Financial Statements from such a position are measured based on the largest benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement. The Company recognizes estimated accrued interest and penalties related to UTPs in income tax expense.

The Company recognizes the benefit of a UTP in the period when it is effectively settled. Previously recognized tax positions are derecognized in the first period in which it is no longer more likely than not that the tax position would be sustained upon examination.

#### **Recent Accounting Developments**

In December 2023, the FASB issued ASU 2023-09, "Improvements to Income Tax Disclosures". Under the ASU, all public business entities must annually (1) disclose specific categories in the rate reconciliation and (2) provide additional information for reconciling items that meet a quantitative threshold (if the effect of those reconciling items is equal to or greater than 5 percent of the amount computed by multiplying pretax income or loss by the applicable statutory income tax rate). ASU 2023-09 will become effective for the Company for annual periods beginning after December 15, 2024. The Company does not expect the adoption of ASU 2023-09 to have a material effect on the Company's Consolidated Financial Statements.

### **3. ACQUISITIONS**

#### **Neosho:**

On December 13, 2018, the Company executed an Asset Purchase Agreement (the "Asset Purchase Agreement") by and among the Company, SLP, SAMG LLC (the "Buyer") and Neosho Capital LLC, a Delaware limited liability company ("Neosho" or the "Seller"), and Christopher K. Richey, Alphonse I. Chan, Robert K. Choi and Vincent G. Pandes, each such individual a principal of Neosho (together, the "Principals of Neosho"), to acquire certain assets of Neosho. The transaction contemplated by the Asset Purchase Agreement closed on January 15, 2019 and is referred to herein as the "Neosho Acquisition".

Pursuant to the terms of the Asset Purchase Agreement, SAMG LLC acquired substantially all of the business and assets of the Seller, a provider of investment management and advisory services, including goodwill and the benefit of the amortization of goodwill related to such assets. In consideration of the purchased assets and goodwill, SAMG LLC paid to the Seller and the Principals of Neosho an aggregate purchase price consisting of (1) a cash payment of \$399 (net of cash acquired) and (2) Class B units of SLP issued to the Principals of Neosho with a value equal to \$20 and an equal number of shares of Class B common stock of the Company, having voting rights but no economic interest. The Company determined that the acquisition-date fair value of the contingent consideration was \$1,686, based on the likelihood that the financial and performance targets described in the Asset Purchase Agreement will be achieved. SAMG LLC made a payment of \$300 to the Principals of Neosho on the first anniversary of the closing date. SAMG LLC will make earnout payments to the Principals of Neosho as soon as practicable following December 31, 2020, 2021, 2022 and 2023, in an amount equal to the greater of (i) \$100 and (ii) the product obtained by multiplying (x) 50% by (y) the revenue of Neosho as of such payment date less the revenue of Neosho as of the immediately preceding payment date for the prior year. Earnout payments will be paid 75% in cash and 25% in equity. The estimated fair value of contingent consideration is recognized at the date of acquisition and adjusted for changes in facts and circumstances until the ultimate resolution of the contingency. Changes in the fair value of contingent consideration are reflected as a component of general and administrative expenses in the Condensed Consolidated Statements of Operations. The fair value of the contingent consideration was based on discounted cash flow models using projected revenue for each earnout period. The discount rate applied to the projected revenue was determined based on the weighted average cost of capital for the Company and took into account that the overall risk associated with the payments was similar to the overall risks of the Company as there is no target, floor or cap associated with the contingent payments.

The Company has a liability of \$0 and \$88 related to earnout payments to be made in conjunction with the Neosho Acquisition which is included in accounts payable and accrued expenses in the Condensed Consolidated Statements of Financial Condition as of **June 30, 2024** **September 30, 2024** and December 31, 2023, respectively, for contingent consideration. The Company made contingent purchase price payments to Neosho of \$100 each during the second quarters of 2024 and 2023.

#### 4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

##### Investments

Investments include \$219 as of **June 30, 2024** **September 30, 2024** and December 31, 2023, representing the Company's interests in the Silvercrest Funds which have been established and managed by the Company and its affiliates. The Company's financial interest in these funds can range in amounts up to 2% of the net assets of the funds. The Company applies the equity method to account for its interests in affiliated investment funds, despite the Company's insignificant financial interest therein, because the Company exercises significant influence over and typically serves as the general partner, managing member, or equivalent of these funds. During 2007, the Silvercrest Funds granted the unaffiliated investors in each respective fund the right, by a simple majority of the fund's unaffiliated investors, without cause, to remove the general partner or equivalent of that fund or to accelerate the liquidation date of that fund in accordance with certain procedures. At **June 30, 2024** **September 30, 2024** and December 31, 2023, the Company determined that none of the Silvercrest Funds were required to be consolidated. The Company's involvement with these entities began on the dates that they were formed, which range from July 2003 to July 2014.

##### Fair Value Measurements

GAAP establishes a hierachal disclosure framework which prioritizes and ranks the level of market price observability used in measuring investments at fair value. Market price observability is affected by a number of factors, including the type of investment, the characteristics specific to the investment and the state of the marketplace including the existence and transparency of transactions between market participants. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices in an orderly market generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

- Level I: Quoted prices are available in active markets for identical investments as of the reporting date. The type of investments in Level I include listed equities and listed derivatives.
- Level II: Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies. Investments which are generally included in Level II include corporate bonds and loans, less liquid and restricted equity securities, certain over-the-counter derivatives, and certain fund of hedge funds investments in which the Company has the ability to redeem its interest at net asset value at, or within three months of, the reporting date.
- Level III: Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. Investments that are included in Level III generally include general and limited partnership interests in private equity and real estate funds, credit-oriented funds, certain over-the-counter derivatives, funds of hedge funds which use net asset value share to determine fair value in which the Company may not have the ability to redeem its investment at net asset value at, or within three months of, the reporting date, distressed debt and non-investment grade residual interests in securitizations and collateralized debt obligations. Liabilities that are included in Level III generally include contingent consideration related to the acquisition earnouts.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the determination of which category within the fair value hierarchy is appropriate for any given investment is based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the

significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

At **June 30, 2024** **September 30, 2024** and December 31, 2023, the Company did not have any financial assets or liabilities that are recorded at fair value on a recurring basis, with the exception of the contingent consideration related to the acquisition earnouts.

*Contingent Consideration*

For business acquisitions, the Company recognizes the fair value of goodwill and other acquired intangible assets, and estimated contingent consideration at the acquisition date as part of purchase price. This fair value measurement is based on unobservable (Level 3) inputs.

The following table represents changes in the fair value of estimated contingent consideration for the year ended December 31, 2023, and the three and **six** **nine** months ended **June 30, 2024** **September 30, 2024**:

Estimated contingent consideration is included in accounts payable and accrued expenses in the Condensed Consolidated Statements of Financial Condition. Payments of contingent consideration are included in earnouts paid related to acquisitions in financing activities in the Condensed Consolidated Statements of Cash Flows.

In determining fair value of the estimated contingent consideration, the acquired business' future performance is estimated using financial projections for the acquired business. These financial projections, as well as alternative scenarios of financial performance, are measured against the performance targets specified in each respective acquisition agreement. In addition, discount rates are established based on the cost of debt and the cost of equity. The Company uses the Monte Carlo Simulation Model to determine the fair value of the Company's estimated contingent consideration.

The significant unobservable inputs used in the fair value measurement of the Company's estimated contingent consideration are the forecasted growth rates over the measurement period and discount rates. Significant increases or decreases in the Company's forecasted growth rates over the measurement period or discount rates would result in a higher or lower fair value measurement.

Please refer to Note 3. Acquisitions for more details on contingent consideration related to acquisition earnouts.

## 9. DEBT

### Credit Facility

On June 24, 2013, the subsidiaries of Silvercrest L.P. entered into a \$15.0 million credit facility with City National Bank. The subsidiaries of Silvercrest L.P. are the borrowers under such facility and Silvercrest L.P. guarantees the obligations of its subsidiaries under the credit facility. The credit facility is secured by certain assets of Silvercrest L.P. and its subsidiaries. The credit facility consisted of a \$7.5 million delayed draw term loan that was scheduled to mature on June 24, 2025, and a \$7.5 million revolving credit facility that was scheduled to mature on June 21, 2019. Effective July 1, 2019, the credit facility was increased and consisted of a \$25.5 million delayed draw term loan that was to mature on July 1, 2026, and a \$10.0 million revolving credit facility with a stated maturity date of June 18, 2024 and a stated term loan draw date of July 1, 2024. On June 17, 2022, the revolving credit facility was amended to replace LIBOR terms with its successor, the Secured Overnight Financing Rate ("SOFR"). The loan bears interest at either (a) the higher of the prime rate plus a margin of 0.25 percentage points and 2.5% or (b) the SOFR rate plus 2.80 percentage points, at the borrowers' option. On February 15, 2022, the credit facility was amended and restated to reflect changes to various definitions and related clauses with respect to the Company's subsidiaries. On February 15, 2022, the credit facility was amended and restated to reflect changes to various definitions and related clauses with respect to the Company's subsidiaries. The credit facility contains restrictions on, among

other things, (i) incurrence of additional debt, (ii) creating liens on certain assets, (iii) making certain investments, (iv) consolidating, merging or otherwise disposing of substantially all of our assets, (v) the sale of certain assets, and (vi)

18

---

entering into transactions with affiliates. In addition, the credit facility contains certain financial covenants including a test on

18

---

discretionary assets under management, maximum debt to EBITDA and a fixed charge coverage ratio. The credit facility contains customary events of default, including the occurrence of a change in control which includes a person or group of persons acting together acquiring more than 30% of the total voting securities of Silvercrest. On June 18, 2024, the subsidiaries of Silvercrest L.P. and City National Bank entered into an Amendment and Restatement Agreement, which amends and restates the credit facility (as so amended and restated, the "A&R Credit Agreement") whereby, among other items, (i) the term loan maturity date was extended until June 18, 2027, (ii) the term loan draw date was extended to June 18, 2025, (iii) the term loan commitment was decreased from \$25.5 million to \$10.0 million as a result of the repayment in full of the existing term loans previously borrowed under the Credit Agreement, and (iv) the \$10.0 million revolving credit facility maturity date was extended until June 18, 2025. Additionally, the quarterly installments due upon termination of the term loan commitment were revised to equal 5% of the aggregate principal amount of term loans outstanding as of June 18, 2025 (after giving effect to any term loan made on such date). The fee structure was amended so as to provide for an upfront fee of \$15,000 and additional commitment fee of up to \$100,000 payable in three installments of \$33,333.33 each, subject to the terms of the A&R Credit Agreement, and the unused line fee with respect to the term loan commitment was increased to 0.75% per annum times the actual daily amount of unused term loan commitment for the immediately preceding fiscal quarter. The credit agreement and all other loan documents between the Credit Parties and City National Bank continued in full force and effect. The Company was in compliance with the covenants under the credit facility as of **June 30, 2024** **September 30, 2024**.

As of **June 30, 2024** **September 30, 2024** and December 31, 2023, the Company did not have any outstanding borrowings under the revolving credit facility. As of **June 30, 2024** **September 30, 2024** and December 31, 2023, the Company had \$0 and \$2,700, respectively, outstanding under the term loan. Accrued but unpaid interest was \$0 and \$19 as of **June 30, 2024** **September 30, 2024** and December 31, 2023, respectively.

Interest expense, which also includes amortization of deferred financing fees, incurred on the revolving credit facility and term loan for the three months ended **June 30, 2024** **September 30, 2024** and 2023 was \$**25.12** and \$**105.84**, respectively. ## 11. EQUITY

SLP has historically made, and will continue to make, distributions of its net income to the holders of its partnership units for income tax purposes as required under the terms of its Second Amended and Restated Limited Partnership Agreement and also made, and will continue to make, additional distributions of net income under the terms of its Second Amended and Restated Limited Partnership Agreement. Partnership distributions totaled \$1,612,1,479 and \$2,078,1,419, for the three months ended June 30, 2024 September 30,

2024 and 2023, respectively. Partnership distributions totaled \$4,916,6,395 and \$6,192,7,759, for the six nine months ended June 30, 2024 September 30, 2024 and 2023, respectively.

Pursuant to SLP's Second Amended and Restated Limited Partnership Agreement, partner incentive allocations are treated as distributions of net income. The remaining net income or loss after partner incentive allocations was generally allocated to the partners based on their pro rata ownership. Net income allocation is subject to the recovery of the allocated losses of prior periods. Distributions of partner incentive allocations of net income for the six nine months ended June 30, 2024 September 30, 2024 and 2023 amounted to \$30,008 and \$32,262, respectively. The distributions are included in non-controlling interests in the Condensed Consolidated Statements of Financial Condition and Condensed Consolidated Statement of Changes in Equity for the six nine months ended June 30, 2024 September 30, 2024 and 2023. The Company treats SLP's partner incentive allocations as compensation expense and accrues such amounts when earned. During the three months ended June 30, 2024 September 30, 2024 and 2023, SLP accrued partner incentive allocations of \$7,514,7,222 and \$6,962,6,983, respectively. During the six nine months ended June 30, 2024 September 30, 2024 and 2023, SLP accrued partner incentive allocations of \$14,491,21,713 and \$13,493,20,476, respectively.

- (1) Each share of Class A common stock is entitled to one vote per share. Class A common stockholders have 100% of the rights of all classes of Silvercrest's capital stock to receive dividends.
- (2) During the six nine months ended June 30, 2024 September 30, 2024 and 2023, Silvercrest granted 15,017 and 11,822 restricted stock units, respectively. As of June 30, 2024 September 30, 2024, there are 38,936,37,109 unvested restricted stock units which will vest and settle in the form of Class A shares of Silvercrest.
- (3) Each share of Class B common stock is entitled to one vote per share.
- (4) Each Class B unit of SLP held by a principal is exchangeable for one share of the Company's Class A common stock. The principals collectively hold 4,443,159 4,406,295 Class B units, which represent the right to receive their proportionate share of the distributions made by SLP, and 228,117 restricted stock units which will vest and settle in the form of Class B units of SLP. The 228,117 restricted stock units which have been issued to our principals entitle the holders thereof to participate in distributions from SLP as if the underlying Class B units are outstanding and thus are taken into account to determine the economic interest of each holder of units in SLP. However, because the Class B units underlying the restricted stock units have not been issued and are not deemed outstanding, the holders of restricted stock units have no voting rights with respect to those Class B units. Silvercrest will not issue shares of Class B common stock in respect of restricted stock units of SLP until such time that the underlying Class B units are issued.
- (5) Silvercrest's board of directors has the authority to issue preferred stock in one or more classes or series and to fix the rights, preferences, privileges and related restrictions, including dividend rights, dividend rates, conversion rights, voting rights, terms of redemption, redemption prices, liquidation preferences and the number of shares constituting any class or series, or the designation of the class or series, without the approval of its stockholders.

Silvercrest is dependent on cash generated by SLP to fund any dividends. Generally, SLP will distribute its profits to all of its partners, including Silvercrest, based on the proportionate ownership each holds in SLP. Silvercrest will fund dividends to its stockholders from its proportionate share of those distributions after provision for its income taxes and other obligations.

During the three and six nine months ended June 30, 2024 September 30, 2024, Silvercrest issued the following shares:

Treasury stock is accounted for under the cost method and is included as a deduction from equity in the Company's Equity section of the Condensed Consolidated Statement of Financial Condition. Upon any subsequent retirement or resale, the treasury stock account is reduced by the cost of such stock.

The total amount of shares of Class B common stock outstanding and held by principals equals the number of Class B units those individuals hold in SLP. Shares of Silvercrest's Class B common stock are issuable only in connection with the issuance of Class B units of SLP. When a vested or unvested Class B unit is issued by SLP, Silvercrest will issue to the holder one share of its Class B common stock in exchange for the payment of its par value. Each share of Silvercrest's Class B common stock will be redeemed for its par value and cancelled by Silvercrest if the holder of the corresponding Class B unit exchanges or forfeits its Class B unit pursuant

to the terms of the Second Amended and Restated Limited Partnership Agreement of SLP, the terms of the 2012 Equity Incentive Plan of Silvercrest, or otherwise.

## **12. NOTES RECEIVABLE FROM PARTNERS**

Partner contributions to SLP are made in cash, in the form of five or six year interest-bearing promissory notes and/or in the form of nine year interest-bearing limited recourse promissory notes. Certain notes receivable are payable in annual installments and are collateralized by SLP's units that are purchased with the note. Notes receivable from partners are reflected as a reduction of non-controlling interests in the Condensed Consolidated Statements of Financial Condition.

Notes receivable from partners are as follows for the six nine months ended June 30, 2024 September 30, 2024 and the year ended December 31, 2023:

	June 30,		December 31,		September 30,		December 31,

25

---

The Company has recorded a deferred tax asset associated with net operating losses of its foreign subsidiary. Realization of the deferred tax asset is contingent on the foreign subsidiary generating future taxable income. Given the foreign subsidiary has recently initiated operations and does not yet have a history of sales, the Company has concluded that the deferred tax asset does not currently meet the more-likely-than-not threshold for realizability. Accordingly, a full valuation allowance has been recorded with respect to the net operating losses of the Company's foreign subsidiary in the amount of **\$198 268** at **June 30, 2024** **September 30, 2024**. As of December 31, 2023, the amount of the valuation allowance was **\$141**.

The current tax expense was **\$612 356** and **\$500 935** for the three months ended **June 30, 2024** **September 30, 2024** and 2023, respectively. Of the amount for the three months ended **June 30, 2024** **September 30, 2024**, **\$388 175** relates to Silvercrest's corporate tax expense, **\$224 181** relates to SLP's state and local liability and **\$0** relates to SFS's corporate tax expense. The deferred tax expense for the three months ended **June 30, 2024** **September 30, 2024** and 2023 was **\$583 740** and **\$820 457**, respectively. When combined with current tax expense, the total income tax provision for the three months ended **June 30, 2024** **September 30, 2024** and 2023 is **\$1,196 1,096** and **\$1,320 1,392**, respectively. There was no material discrete tax expense for both the three months ended **June 30, 2024** **September 30, 2024** and 2023.

The current tax expense was **\$1,736 2,092** and **\$1,587 2,522** for the **six nine** months ended **June 30, 2024** **September 30, 2024** and 2023, respectively. Of the amount for the **six nine** months ended **June 30, 2024** **September 30, 2024**, **\$1,296 1,471** relates to Silvercrest's corporate tax expense, **\$440 621** relates to SLP's state and local liability and **\$0** relates to SFS's corporate tax expense. The deferred tax expense for the **six nine** months ended **June 30, 2024** **September 30, 2024** and 2023 was **\$753 1,493** and **\$1,122 1,579**, respectively. When combined with current tax expense, the total income tax provision for the **six nine** months ended **June 30, 2024** **September 30, 2024** and 2023 is **\$2,489 3,585** and **\$2,709 4,101**, respectively. There was no material discrete tax expense for the **six nine** months ended **June 30, 2024** **September 30, 2024** and 2023.

25

The current tax expense increased from the comparable period in 2023 mainly due to unfavorable movements in the temporary differences between financial statement and tax treatment of equity-based compensation at SLP.

Of the total current tax expense for the three months ended **June 30, 2024** **September 30, 2024** and 2023, **\$73 59** and **\$63 90**, respectively, relates to non-controlling interests. Of the deferred tax expense for the three months ended **June 30, 2024** **September 30, 2024** and 2023, **\$3 4** and **(\$59 1)**, respectively, relates to non-controlling interests. When combined with current tax expense, the total income tax provision for the three months ended **June 30, 2024** **September 30, 2024** and 2023 related to non-controlling interests is **\$76 63** and **\$54 91**, respectively.

Of the total current tax expense for the **six nine** months ended **June 30, 2024** **September 30, 2024** and 2023, **\$144 203** and **\$160 250**, respectively, relates to non-controlling interests. Of the deferred tax expense for the **six nine** months ended **June 30, 2024** **September 30, 2024** and 2023, **\$5 12** and **\$16 17**, respectively, relates to non-controlling interests. When combined with current tax expense, the total income tax provision for the **six nine** months ended **June 30, 2024** **September 30, 2024** and 2023 related to non-controlling interests is **\$152 215** and **\$176 267**, respectively.

In the normal course of business, the Company is subject to examination by federal, state, and local tax regulators. As of **June 30, 2024** **September 30, 2024**, the Company's U.S. federal income tax returns for the years **2020** **2021** through 2023 are open under the normal three-year statute of limitations and therefore subject to examination.

The guidance for accounting for uncertainty in income taxes prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more likely than not to be sustained upon examination by taxing authorities. The amount recognized is measured as the largest amount of benefit that is greater than 50% likely of being realized upon ultimate settlement. The Company does not believe that it has any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will significantly increase or decrease within the next twelve months. Furthermore, the Company does not have any material uncertain tax positions at **June 30, 2024** **September 30, 2024** and 2023.

## 15. REDEEMABLE PARTNERSHIP UNITS

If a principal of SLP is terminated for cause, SLP would have the right to redeem all of the vested Class B units collectively held by the principal and his or her permitted transferees for a purchase price equal to the lesser of (i) the aggregate capital account balance in SLP of the principal and his or her permitted transferees and (ii) the purchase price paid by the terminated principal to first acquire the Class B units.

## 16. EQUITY-BASED COMPENSATION

### Restricted Stock Units and Stock Options

On November 2, 2012, the Company's board of directors adopted the 2012 Equity Incentive Plan.

26

---

A total of 1,687,500 shares were originally reserved and available for issuance under the 2012 Equity Incentive Plan. On June 8, 2022, the 2012 Equity Incentive Plan was amended to increase the number of shares issuable under the plan by 1,050,000, to a total of 2,737,500. As of **June 30, 2024** **September 30, 2024**, 822,416 shares are available for grant. The equity interests may be issued in the form of shares of the Company's Class A common stock and Class B units of SLP. (All references to units or interests of SLP refer to Class B units of SLP and accompanying shares of Class B common stock of Silvercrest).

The purposes of the 2012 Equity Incentive Plan are to (i) align the long-term financial interests of our employees, directors, consultants and advisers with those of our stockholders; (ii) attract and retain those individuals by providing compensation opportunities that are consistent with our compensation philosophy; and (iii) provide incentives to those individuals who contribute significantly to our long-term performance and growth. To accomplish these purposes, the 2012 Equity Incentive Plan provides for the grant of units of SLP. The 2012 Equity Incentive Plan also provides for the grant of stock options, stock appreciation rights, or SARs, restricted stock awards, restricted stock units, performance-based stock awards and other stock-based awards (collectively, stock awards) based on our Class A common stock. Awards may be granted to employees, including officers, members, limited partners or partners who are engaged in the business of one or more of our subsidiaries, as well as non-employee directors and consultants.

The Compensation Committee may impose vesting conditions and awards may be forfeited if the vesting conditions are not met. During the period that any vesting restrictions apply, unless otherwise determined by the Compensation Committee, the recipient of awards that vest in the form of units of SLP will be eligible to participate in distributions of income from SLP. In addition, before the vesting conditions have been satisfied, the transferability of such units is generally prohibited, and such units will not be eligible to be exchanged for cash or shares of our Class A common stock.

## 17. DEFINED CONTRIBUTION AND DEFERRED COMPENSATION PLANS

SAMG LLC has a defined contribution 401(k) savings plan (the "Plan") for all eligible employees who meet the minimum age and service requirements as defined in the Plan. The Plan is designed to be a qualified plan under sections 401(a) and 401(k) of the Internal Revenue Code. For employees who qualify under the terms of the Plan, on an annual basis Silvercrest matches dollar for dollar an employee's contributions up to the first 4% of compensation. For the three months ended **June 30, 2024** **September 30, 2024** and 2023, Silvercrest made matching contributions of \$22 and \$24, respectively, for the benefit of employees. For the **six** **nine** months ended **June 30, 2024** **September 30, 2024** and 2023, Silvercrest made matching contributions of **\$43** **64** and **\$48** **72**, respectively, for the benefit of employees.

## 18. SOFT DOLLAR ARRANGEMENTS

The Company obtains research and other services through "soft dollar" arrangements. The Company receives credits from broker-dealers whereby technology-based research, market quotation and/or market survey services are effectively paid for in whole or in part by "soft dollar" brokerage arrangements. Section 28(e) of the Securities Exchange Act of 1934, as amended, provides a "safe harbor" to an investment adviser against claims that it breached its fiduciary duty under state or federal law (including ERISA) solely because the adviser caused its clients' accounts to pay more than the lowest available commission for executing a securities trade in return for brokerage and research services. To rely on the safe harbor offered by Section 28(e), (i) the Company must make a good-faith determination that the amount of commissions is reasonable in relation to the value of the brokerage and research services being received and (ii) the brokerage and research services must provide lawful and appropriate assistance to the Company in carrying out its investment decision-making responsibilities. If the use of soft dollars is limited or prohibited in the future by regulation, the Company may have to bear the costs of such research and other services. For the three months ended **June 30, 2024** **September 30, 2024** and 2023, the Company utilized "soft dollar" credits of **\$194** **94** and **\$239** **228**, respectively. For the **six** **nine** months ended **June 30, 2024** **September 30, 2024** and 2023, the Company utilized "soft dollar" credits of **\$425** **519** and **\$455** **683**, respectively.

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

### Forward-Looking Statements

This report contains forward-looking statements relating to present or future trends or factors that are subject to risks and uncertainties. These risks include, but are not limited to: specific and overall impacts of the coronavirus (COVID-19) pandemic on our financial condition and results of operations; our ability to achieve our business objectives; our ability to successfully achieve the anticipated results of strategic transactions, including the integration of the operations of acquired assets and businesses; the retention and development of clients and other business relationships; disruptions or delays in our business operations, including without limitation disruptions or delays arising from political unrest, war, labor strikes, natural disasters, public health crises such as the coronavirus pandemic, and other events and circumstances beyond our control; our ability to control costs; general economic conditions; fluctuation in operating results; changes in the securities markets; our ability to maintain compliance with the terms of our credit facility; the availability, integration and effective operation of information systems and other technology, and the potential interruption of such systems or technology; risks related to data security or privacy breaches; and other risks detailed from time to time in our filings with the SEC. Our future financial performance could differ materially from the expectations of management contained herein. Additionally, many of these risks and uncertainties are currently elevated by and may or will continue to be elevated by the COVID-19 pandemic. It is not possible to predict or identify all such risks, but may become material in the future. We undertake no obligation to release revisions to these forward-looking statements after the date of this report.

### Overview

We are a full-service wealth management firm focused on providing financial advisory and related family office services to ultra-high net worth individuals and institutional investors. In addition to a wide range of investment capabilities, we offer a full suite of complementary and customized family office services for families seeking a comprehensive

oversight of their financial affairs. During the three months ended **June 30, 2024**, our assets under management decreased by 3.2% from \$34.5 billion to \$33.4 billion. During the six months ended **June 30, 2024** **September 30, 2024**, our assets under management increased by 0.3% 5.1% from \$33.4 billion to \$35.1 billion. During the nine months ended **September 30, 2024**, our assets under management increased by 5.4% from \$33.3 billion to **\$33.4 billion** \$35.1 billion.

The business includes the management of funds of funds, and other investment funds, collectively referred to as the "Silvercrest Funds." As of **June 30, 2024** **September 30, 2024**, Silvercrest L.P. has issued Restricted Stock Units exercisable for **228,118** **228,117** Class B units which entitle the holders thereof to receive distributions from Silvercrest L.P. to the same extent as if the underlying Class B units were outstanding. Net profits and net losses of Silvercrest L.P. will be allocated, and distributions from Silvercrest L.P. will be made, to its current partners pro rata in accordance with their respective partnership units (and assuming the Class B units underlying all restricted stock units are outstanding).

The historical results of operations discussed in this Management's Discussion and Analysis of Financial Condition and Results of Operations include those of Silvercrest L.P. and its subsidiaries. As the general partner of Silvercrest L.P., we control its business and affairs and, therefore, consolidate its financial results with ours. The interests of the limited partners' collective **31.9%** **31.7%** partnership interest in Silvercrest L.P. as of **June 30, 2024** **September 30, 2024** are reflected in non-controlling interests in our Condensed Consolidated Financial Statements.

#### COVID-19 Pandemic

The emergence of the coronavirus (COVID-19) around the world, and particularly in the United States, presents significant risks to us, not all of which we are able to fully evaluate or foresee at the current time.

The COVID-19 pandemic affected our operations in each of the quarters during the period April 1, 2020 through June 30, 2024 and may continue to do so indefinitely thereafter.

(1) EBITDA, a non-GAAP measure of earnings, represents net income before provision for income taxes, interest income, interest expense, depreciation and amortization. We define Adjusted EBITDA as EBITDA without effect to items including, but not limited to, professional fees associated with acquisitions or financing transactions, gains on extinguishment of debt or other obligations related to acquisitions, losses on disposals or abandonment of assets and leaseholds, severance and other similar expenses, but including partner incentive allocations, prior to our initial public offering, as an expense. We use this non-GAAP financial measure to analyze the strength of our business. These adjustments and the non-GAAP financial measures that are derived from them provide supplemental information to analyze our business from period to period. Investors should consider these non-GAAP financial measures in addition to, and not as a substitute for, financial measures in accordance with GAAP. See "Supplemental Non-GAAP Financial Information" for a reconciliation of non-GAAP financial measures.

(2) Adjusted EBITDA margin, a non-GAAP measure of earnings, is calculated by dividing Adjusted EBITDA by total revenue.

(3) We have computed average assets under management by averaging assets under management at the beginning of the applicable period and assets under management at the end of the applicable period.

#### Revenue

We generate revenue from management and advisory fees, performance fees and allocations, and family office services fees. Our management and advisory fees are generated by managing assets on behalf of separate accounts and acting as investment adviser for various investment funds. Our performance fees and allocations relate to assets managed in external investment strategies in which we have a revenue sharing arrangement and in funds in which we have no partnership interest. Our management and advisory

fees and family office services fees income is recognized through the course of the period in which these services are provided. Income from performance fees and allocations is recorded at the conclusion of the contractual performance period when all contingencies are

30

resolved. In certain arrangements, we are only entitled to receive performance fees and allocations when the return on assets under management exceeds certain benchmark returns or other performance targets.

The discretionary investment management agreements for our separately managed accounts do not have a specified term. Rather, each agreement may be terminated by either party at any time, unless otherwise agreed with the client, upon written notice of termination to the other party. The investment management agreements for our private funds are generally in effect from year to year, and may be terminated at the end of any year (or, in certain cases, on the anniversary of execution of the agreement) (i) by us upon 30 or 90 days' prior written notice and (ii) after receiving the affirmative vote of a specified percentage of the investors in the private fund that are not affiliated with us, by the private fund on 60 or 90 days' prior written notice. The investment management agreements for our private funds may also generally be terminated effective immediately by either party where the non-terminating party (i) commits a material breach of the terms subject, in certain cases, to a cure period, (ii) is found to have committed fraud, gross negligence or willful misconduct or (iii) terminates, becomes bankrupt, becomes insolvent or dissolves. Each of our investment management agreements contains customary indemnification obligations from us to our clients. The tables below set forth the amount of assets under management, the percentage of management and advisory fees revenues, the amount of revenue recognized, and the average assets under management for discretionary managed accounts and for private funds for each period presented.

Our management and advisory fees are primarily driven by the level of our assets under management. Our assets under management increase or decrease based on the net inflows or outflows of funds into our various investment strategies and the investment performance of our clients' accounts. In order to increase our assets under management and expand our business, we must develop and market investment strategies that suit the investment needs of our target clients and provide attractive returns over the long term. Our ability to continue to attract clients will depend on a variety of factors including, among others:

- our ability to educate our target clients about our classic value investment strategies and provide them with exceptional client service;
- the relative investment performance of our investment strategies, as compared to competing products and market indices;
- competitive conditions in the investment management and broader financial services sectors;

- investor sentiment and confidence; and
- our decision to close strategies when we deem it to be in the best interests of our clients.

The majority of management and advisory fees that we earn on separately managed accounts are based on the value of assets under management on the last day of each calendar quarter. Most of our management and advisory fees are billed quarterly in advance on the first day of each calendar quarter. Our basic annual fee schedule for management of clients' assets in separately managed accounts is: (i) for managed equity or balanced portfolios, 1% of the first \$10 million and 0.60% on the balance, (ii) for managed fixed income only portfolios, 0.40% on the first \$10 million and 0.30% on the balance, (iii) for the municipal value strategy, 0.65%, (iv) for Cortina's equity portfolios, 1% on the first \$25 million, 0.90% on the next \$50 million and 0.80% on the balance and (v) for outsourced chief investment officer portfolios, 0.40% on the first \$50 million, 0.32% on the next \$50 million and 0.24% on the balance. Our fee for monitoring non-discretionary assets can range from 0.05% to 0.01%, but can also be incorporated into an agreed-upon fixed family office service fee. The majority of our client relationships pay a blended fee rate since they are invested in multiple strategies.

Management fees earned on investment funds that we advise are calculated primarily based on the net assets of the funds. Some funds calculate investment fees based on the net assets of the funds as of the last business day of each calendar quarter, whereas other funds calculate investment fees based on the value of net assets on the first business day of the month. Depending on the investment fund, fees are paid either quarterly in advance or quarterly in arrears. For our private funds, the fees range from 0.25% to 1.5% annually. Certain management fees earned on investment funds for which we perform risk management and due diligence services are based on flat fee agreements customized for each engagement.

---

Average annual management fee is calculated by dividing our actual annualized revenue earned over a period by our average assets under management during the same period (which is calculated by averaging quarter-end assets under management for the applicable period). Our average annual management fee was 0.37% 0.36% and 0.38% for the three months ended **June 30, 2024** **September 30, 2024** and 2023, respectively. Our average annual management fee was 0.37% 0.36% and 0.39% for the **six** **nine** months ended **June 30, 2024** **September 30, 2024** and 2023, respectively. Changes in our total average management fee rates are typically the result of changes in the mix of our assets under management and the concentration in our equities strategies whose fee rates are higher than those of other investment strategies. Management and advisory fees are also adjusted for any cash flows into or out of a portfolio, where the cash flow represents greater than 10% of the previous quarter-end market value of the portfolio. These cash flow-related adjustments were insignificant for the three and **six** **nine** months ended **June 30, 2024** **September 30, 2024** and 2023. Silvercrest L.P. has authority to take fees directly from external custodian accounts of its separately managed accounts.

Our management and advisory fees may fluctuate based on a number of factors, including the following:

- changes in assets under management due to appreciation or depreciation of our investment portfolios, and the levels of the contribution and withdrawal of assets by new and existing clients;
- allocation of assets under management among our investment strategies, which have different fee schedules;
- allocation of assets under management between separately managed accounts and advised funds, for which we generally earn lower overall management and advisory fees; and
- the level of our performance with respect to accounts and funds on which we are paid incentive fees.

Our family office services capabilities enable us to provide comprehensive and integrated services to our clients. Our dedicated group of tax and financial planning professionals provide financial planning, tax planning and preparation, partnership accounting and fund administration and consolidated wealth reporting among other services. Family office services income fluctuates based on both the number of clients for whom we perform these services and the level of agreed-upon fees, most of which are flat fees. Therefore, non-discretionary assets under management, which are associated with family office services, do not typically serve as the basis for the amount of family office services revenue that is recognized.

#### **Expenses**

Our expenses consist primarily of compensation and benefits expenses, as well as general and administrative expense including rent, professional services fees, data-related costs and sub-advisory fees. These expenses may fluctuate due to a number of factors, including the following:

- variations in the level of total compensation expense due to, among other things, bonuses, awards of equity to our employees and partners of Silvercrest L.P., change in our employee count and mix, and competitive factors; and

- the level of management fees from funds that utilize sub-advisors will affect the amount of sub-advisory fees.

#### Compensation and Benefits Expense

Our largest expense is compensation and benefits, which includes the salaries, bonuses, equity-based compensation and related benefits and payroll costs attributable to our principals and employees. Our compensation methodology is intended to meet the

following objectives: (i) support our overall business strategy; (ii) attract, retain and motivate top-tier professionals within the investment management industry; and (iii) align our employees' interests with those of our equity owners. We have experienced, and expect to continue to experience, a general rise in compensation and benefits expense commensurate with growth in headcount and with the need to maintain competitive compensation levels.

The components of our compensation expense for the three and **six** **nine** months ended **June 30, 2024** **September 30, 2024** and 2023 are as follows:

For the **six** **nine** months ended **June 30, 2024** **September 30, 2024** and 2023, **\$14,491** **\$21,713** and **\$13,493**, **\$20,476**, respectively, of partner incentive payments were included in cash compensation and benefits expense in the Condensed Consolidated Statements of Operations.

#### General and Administrative Expenses

General and administrative expenses include occupancy-related costs, professional and outside services fees, office expenses, depreciation and amortization, sub-advisory fees and the costs associated with operating and maintaining our research, trading and portfolio accounting systems. Our costs associated with operating and maintaining our research, trading and portfolio accounting systems and professional services expenses generally increase or decrease in relative proportion to the number of employees retained by us and the overall size and scale of our business operations. Sub-advisory fees will fluctuate based on the level of management fees from funds that utilize sub-advisors.

#### Other Income

Other income is derived primarily from investment income arising from our investments in various private investment funds that were established as part of our investment strategies. We expect the investment components of other income, in the aggregate, to fluctuate based on market conditions and the success of our investment strategies. Performance fees and allocations earned from those investment funds in which we have a partnership interest have been earned over the past few years as a result of the achievement of various high-water marks depending on the investment fund. These performance fees and allocations are recorded based on the equity method of accounting. The majority of our performance fees and allocations over the past few years have been earned from our fixed income-related funds.

#### Non-Controlling Interests

We are the general partner of Silvercrest L.P. and control its business and affairs and, therefore, consolidate its financial results with ours. In light of the limited partners' interest in Silvercrest L.P., we reflect their partnership interests as non-controlling interests in our Condensed Consolidated Financial Statements.

#### Provision for Income Tax

We are subject to taxes applicable to C-corporations. Our effective tax rate, and the absolute dollar amount of our tax expense will be offset by the benefits of the tax receivable agreement entered into with our Class B stockholders.

#### Acquisitions

On December 13, 2018, we executed an Asset Purchase Agreement (the "Neosho Asset Purchase Agreement") by and among the Company, Silvercrest L.P. ("SLP"), Silvercrest Asset Management Group LLC ("SAMG LLC") and Neosho Capital LLC ("Neosho" or the "Seller"), and Christopher K. Richey, Alphonse I. Chan, Robert K. Choi and Vincent G. Pandes, each such individual a principal of Neosho, to acquire certain assets of Neosho. The transaction contemplated by the Neosho Asset Purchase Agreement closed on January 15, 2019, and is referred to herein as the "Neosho Acquisition".

#### Three Months Ended June 30, 2024 September 30, 2024 versus Three Months Ended June 30, 2023 September 30, 2023

Our total revenue increased by **\$1.3 million** **\$0.7 million**, or **4.2%** **2.4%**, to **\$31.0 million** **\$30.4 million** for the three months ended **June 30, 2024** **September 30, 2024**, from **\$29.7 million** for the three months ended **June 30, 2023** **September 30, 2023**. This increase was driven by market appreciation partially offset by net client outflows.

Total assets under management increased by **\$1.5 billion** **\$3.9 billion**, or **4.7%** **12.5%**, to **\$33.4 billion** **\$35.1 billion** at **June 30, 2024** **September 30, 2024** from **\$31.9 billion** **\$31.2 billion** at **June 30, 2023** **September 30, 2023**. From **June 30, 2023** **September 30, 2023**, there was market appreciation of **\$3.3 billion** **\$5.7 billion**, client inflows of **\$3.3 billion** **\$3.9 billion**, and client outflows of **\$5.1 billion** **\$5.7 billion**. During the three months ended **June 30, 2024** **September 30, 2024**, from **March 31, 2024** **June 30, 2024**, there was a decrease an increase of **\$1.1 billion** **\$1.0 billion** in discretionary assets under management and no change an increase of **\$0.7 billion** in non-discretionary assets under management.

The decrease

increase in assets under management as

of June 30, 2024 September 30, 2024 as compared to March 31, 2024 June 30, 2024 was primarily due to market appreciation, partially offset by net client outflows and market depreciation during the quarter ended June 30, 2024 September 30, 2024. Sub-advised fund management revenue remained flat at \$0.3 million for the three months ended June 30, 2024 September 30, 2024 and June 30, 2023 September 30, 2023. Proprietary fund management revenue remained flat at \$0.7 million for the three months ended June 30, 2024 September 30, 2024 and June 30, 2023 September 30, 2023. With respect to our discretionary assets under management, equity assets decreased increased by 5.9% 5.7% during the three months ended June 30, 2024 September 30, 2024 and fixed income assets increased by 0.9% 2.5% during the same period. For the three months ended June 30, 2024 September 30, 2024, most of the decrease increase in equity assets came from our emerging markets ADR, REIT and focused opportunity smid growth and small cap growth strategies with composite returns of -3.8% 12.8%, -3.1% 12.4% and -3.0% 10.7%, respectively. As of June 30, 2024 September 30, 2024, the composition of our assets under management was 65% 64% in discretionary assets, which includes both separately managed accounts and proprietary and sub-advised funds, and 35% 36% in non-discretionary assets which represent assets on which we provide portfolio reporting but do not have investment discretion.

#### Supplemental Non-GAAP Financial Information

To provide investors with additional insight, promote transparency and allow for a more comprehensive understanding of the information used by management in its financial and operational decision-making, we supplement our Condensed Consolidated Financial Statements presented on a basis consistent with U.S. generally accepted accounting principles, or GAAP, with Adjusted EBITDA, Adjusted EBITDA margin, Adjusted Net Income, and Adjusted Earnings Per Share which are non-GAAP financial measures of earnings.

- EBITDA represents net income before provision for income taxes, interest income, interest expense, depreciation and amortization.
- We define Adjusted EBITDA as EBITDA without giving effect to the Delaware franchise tax, professional fees associated with acquisitions or financing transactions, gains on extinguishment of debt or other obligations related to acquisitions, impairment charges and losses on disposals or abandonment of assets and leaseholds, client reimbursements and fund redemption costs, severance and other similar expenses, but including partner incentive allocations, prior to our initial public offering, as an expense. We feel believe that it is important to management and investors to supplement our Condensed Consolidated Financial Statements presented on a GAAP basis with Adjusted EBITDA, a non-GAAP financial measure of earnings, as this measure provides a perspective of recurring earnings of the Company, taking into account earnings attributable to both Class A and Class B shareholders, stockholders.
- Adjusted EBITDA Margin is calculated by dividing Adjusted EBITDA by total revenue. We feel believe that it is important to management and investors to supplement our Condensed Consolidated Financial Statements presented on a GAAP basis with Adjusted EBITDA Margin, a non-GAAP financial measure of earnings, as this measure provides a perspective of recurring profitability of the Company, taking into account profitability attributable to both Class A and Class B shareholders, stockholders.
- Adjusted Net Income represents recurring net income without giving effect to professional fees associated with acquisitions or financing transactions, losses on forgive of notes receivable from our principals, gains on extinguishment of debt or other obligations related to acquisitions, impairment charges and losses on disposals or abandonment of assets and leaseholds, client reimbursements and fund redemption costs, severance and other similar expenses, but including partner incentive allocations, prior to our initial public offering, as an expense. Furthermore, Adjusted Net Income includes income tax expense assuming a blended corporate rate of 26%. We feel believe that it is important to management and investors to supplement our Condensed Consolidated Financial Statements presented on a GAAP basis with Adjusted Net Income, a non-GAAP financial measure of earnings, as this measure provides a perspective of recurring income of the Company, taking into account income attributable to both Class A and Class B shareholders, stockholders.
- Adjusted Earnings Per Share represents Adjusted Net Income divided by the actual Class A and Class B shares outstanding as of the end of the reporting period for the Adjusted Earnings Per Share, and to the extent dilutive, we add unvested restricted stock units and non-qualified stock options to the total shares outstanding to compute dilutive Adjusted Earnings Per Share. As a result of our structure, which includes a non-controlling interest, we feel believe that it is important to management and investors to supplement our Condensed Consolidated Financial Statements presented on a GAAP basis with Adjusted Earnings Per Share, a non-GAAP financial measure of earnings, as this measure provides a perspective of recurring earnings per share of the Company as a whole as opposed to being limited to our Class A common stock.

These adjustments, and the non-GAAP financial measures that are derived from them, provide supplemental information to analyze our operations between periods and over time. Investors should consider our non-GAAP financial measure in addition to, and not as a substitute for, financial measures prepared in accordance with GAAP.

## Liquidity and Capital Resources

Historically, the working capital needs of our business have primarily been met through cash generated by our operations. We expect that our cash and liquidity requirements in the next twelve months will be met primarily through cash generated by our operations. **The challenges posed by the COVID-19 pandemic and the impact on our business and cash flows are evolving rapidly and cannot be predicted at this time. Consequently, we** **We** will continue to evaluate our liquidity and financial position on an ongoing basis.

On June 24, 2013, the subsidiaries of Silvercrest L.P. entered into a \$15.0 million credit facility with City National Bank. The subsidiaries of Silvercrest L.P. are the borrowers under such facility and Silvercrest L.P. guarantees the obligations of its subsidiaries under the credit facility. The credit facility is secured by certain assets of Silvercrest L.P. and its subsidiaries. The credit facility consisted of a \$7.5 million delayed draw term loan that was scheduled to mature on June 24, 2025, and a \$7.5 million revolving credit facility that was scheduled to mature on June 21, 2019. Effective July 1, 2019, the credit facility was increased and consisted of a \$25.5 million delayed draw term loan that was to mature on July 1, 2026, and a \$10.0 million revolving credit facility with a stated maturity date of June 18, 2024 and a stated term loan draw date of July 1, 2024. On June 17, 2022, the revolving credit facility was amended to replace LIBOR terms with its successor, SOFR. The loan bears interest at either (a) the higher of the prime rate plus a margin of 0.25 percentage points and 2.5% or (b) the SOFR rate plus 2.80 percentage points, at the borrowers' option. On February 15, 2022, the credit facility was amended and restated to reflect changes to various definitions and related clauses with respect to the Company's subsidiaries. On February 15, 2022, the credit facility was amended and restated to reflect changes to various definitions and related clauses with respect to the Company's subsidiaries. The credit facility contains restrictions on, among other things, (i) incurrence of additional debt, (ii) creating liens on certain assets, (iii) making certain investments, (iv) consolidating, merging or otherwise disposing of substantially all of our assets, (v) the sale of certain assets, and (vi) entering into transactions with affiliates. In addition, the credit facility contains certain financial covenants including a test on discretionary assets under management, maximum debt to EBITDA and a fixed charge coverage ratio. The credit facility contains customary events of default, including the occurrence of a change in control which includes a person or group of persons acting together acquiring more than 30% of the total voting securities of Silvercrest. On June 18, 2024, the subsidiaries of Silvercrest L.P. and City National Bank entered into an Amendment and Restatement Agreement, which amends and restates the credit facility (as so amended and restated, the "A&R Credit Agreement") whereby, among other items, (i) the term loan maturity date was extended until June 18, 2027, (ii) the term loan draw date was extended to June 18, 2025, (iii) the term loan commitment was decreased from \$25.5 million to \$10.0 million as a result of the repayment in full of the existing term loans previously borrowed under the Credit Agreement, and (iv) the \$10.0 million revolving credit facility maturity date was extended until June 18, 2025. Additionally, the quarterly installments due upon termination of the term loan commitment were revised to equal 5% of the aggregate principal amount of term loans outstanding as of June 18, 2025 (after giving effect to any term loan made on such date). The fee structure was amended so as to provide for an upfront fee of \$15,000 and additional commitment fee of up to \$100,000 payable in three installments of \$33,333.33 each, subject to the terms of the A&R Credit Agreement, and the unused line fee with respect to the term loan commitment was increased to 0.75% per annum times the actual daily amount of unused term loan commitment for the immediately preceding fiscal quarter. The credit agreement and all other loan documents between the Credit Parties and City National Bank continued in full force and effect. We were in compliance with the covenants under the credit facility as of **June 30, 2024** **September 30, 2024**.

Our ongoing sources of cash will primarily consist of management fees and family office services fees, which are principally collected quarterly. We will primarily use cash flow from operations to pay compensation and related expenses, general and administrative expenses, income taxes, debt service, capital expenditures, distributions to Class B unit holders and dividends on shares of our Class A common stock.

Seasonality typically affects cash flow since the first quarter of each year includes, as a source of cash, payment of the prior year's annual performance fees and allocations, if any, from our various funds and external investment strategies and, as a use of cash, the prior fiscal year's incentive compensation. We believe that we have sufficient cash from our operations to fund our operations and commitments for the next twelve months.

The following table sets forth certain key financial data relating to our liquidity and capital resources as of June 30, 2024 September 30, 2024 and December 31, 2023.

We anticipate that distributions to the limited partners of Silvercrest L.P. will continue to be a material use of our cash resources and will vary in amount and timing based on our operating results and dividend policy. We pay and intend to continue paying quarterly cash dividends to holders of our Class A common stock. We are a holding company and have no material assets other than our ownership of interests in Silvercrest L.P. As a result, we will depend upon distributions from Silvercrest L.P. to pay any dividends to our Class A stockholders. We expect to cause Silvercrest L.P. to make distributions to us in an amount sufficient to cover dividends, if any, declared by us. Our dividend policy has certain risks and limitations, particularly with respect to liquidity. Although we expect to pay dividends according to our dividend policy, we may not pay dividends according to our policy, or at all, if, among other things, we do not have the cash necessary to pay our intended dividends or our subsidiaries are prevented from making a distribution to us under the terms of our current credit facility or any future financing. To the extent we do not have cash on hand sufficient to pay dividends, we may decide not to pay dividends. By paying cash dividends rather than investing that cash in our future growth, we risk slowing the pace of our growth, or not having a sufficient amount of cash to fund our operations or unanticipated capital expenditures, should the need arise.

Our purchase of Class B units in Silvercrest L.P. that occurred concurrently with the consummation of our initial public offering, and the future exchanges of Class B units of Silvercrest L.P., are expected to result in increases in our share of the tax basis of the tangible and intangible assets of Silvercrest L.P. at the time of our acquisition and these future exchanges, which will increase the tax depreciation and amortization deductions that otherwise would not have been available to us. These increases in tax basis and tax depreciation and amortization deductions are expected to reduce the amount of tax that we would otherwise be required to pay in the future. We entered into a tax receivable agreement with the current principals of Silvercrest L.P. and any future employee-holders of Class B units pursuant to which we agreed to pay them 85% of the amount of cash savings, if any, in U.S. federal, state and local income tax that we actually realize as a result of these increases in tax basis and certain other tax benefits related to entering into the tax receivable agreement, including tax benefits attributable to payments thereunder. The timing of these payments is currently unknown. The payments to be made pursuant to the tax receivable agreement will be a liability of Silvercrest and not Silvercrest L.P., and thus this liability has been recorded as an "other liability" on our Condensed Consolidated Statement of Financial Condition. For purposes of the tax receivable agreement, cash savings in income tax will be computed by comparing our actual income tax liability to the amount of such taxes that we would have been required to pay had there been no increase in our share of the tax basis of the tangible and intangible assets of Silvercrest L.P.

The actual increase in tax basis, as well as the amount and timing of any payments under the tax receivable agreement, will vary depending upon a number of factors, including the timing of exchanges, the price of shares of our Class A common stock at the time of the exchange, the extent to which such exchanges are taxable, the amount and timing of our income and the tax rates then applicable. Nevertheless, we expect that as a result of the size of the increases in the tax basis of our tangible and intangible assets, the payments that we may make under the tax receivable agreement likely will be substantial. Assuming no material changes in the relevant tax law and that we earn sufficient taxable income to realize the full tax benefit of the increased depreciation and amortization of our assets, we expect that future payments to the selling principals of Silvercrest L.P. in respect of our purchase of Class B units from them will aggregate approximately \$9.0 million \$9.1 million. Future payments to current principals of Silvercrest L.P. and future holders

of Class B units in respect of subsequent exchanges would be in addition to these amounts and are expected to be substantial. We intend to fund required payments pursuant to the tax receivable agreement from the distributions received from Silvercrest L.P.

## Cash Flows

The following table sets forth our cash flows for the **six** **nine** months ended **June 30, 2024** **September 30, 2024** and 2023. Operating activities consist of net income subject to adjustments for changes in operating assets and liabilities, depreciation, and equity-based compensation expense. Investing activities consist primarily of acquiring and selling property and equipment, and cash paid as part of business acquisitions. Financing activities consist primarily of contributions from partners, distributions to partners, dividends paid on Class A common stock, the issuance and payments on partner notes, other financings, and earnout payments related to business acquisitions.

## Operating Activities

**Six** **Nine** Months Ended **June 30, 2024** **September 30, 2024** versus **Six** **Nine** Months Ended **June 30, 2023** **September 30, 2023**

For the **six** **nine** months ended **June 30, 2024** **September 30, 2024** and 2023, operating activities used **\$8.1 million** provided **\$5.2 million** and **\$9.9 million** **\$6.2 million**, respectively. This difference is primarily the result of a decrease in net income of **\$1.2 million** **\$2.8 million**, decreased deferred tax expense of **\$0.4 million** **\$0.1 million**, decreased operating lease liabilities of **\$1.4 million** **\$1.5 million**, a decrease in accounts payable and accrued expenses of **\$0.1 million** and an increase in receivables and due from Silvercrest funds of **\$0.9 million** **\$2.3 million**, partially offset by an increase in accounts payable and accrued expenses of **\$0.4 million**, an increase in accrued compensation of **\$4.1 million** **\$4.8 million**, increased non-cash lease expense of **\$0.4 million**, an increase in prepaid and other expenses of **\$0.5 million** **\$0.2 million**, an increase in equity-based compensation of **\$0.1 million** **\$0.3 million** and an increase in depreciation and amortization of **\$0.1 million**.

## Investing Activities

**Six** **Nine** Months Ended **June 30, 2024** **September 30, 2024** versus **Six** **Nine** Months Ended **June 30, 2023** **September 30, 2023**

For the **six** **nine** months ended **June 30, 2024** **September 30, 2024** and 2023, investing activities used **\$1.0 million** **\$1.3 million** and **\$2.6 million** **\$3.4 million**, respectively. The primary use of cash during the **six** **nine** months ended **June 30, 2024** **September 30, 2024** and 2023 was for the acquisition of furniture and equipment and for leasehold improvements.

## Financing Activities

**Six** **Nine** Months Ended **June 30, 2024** **September 30, 2024** versus **Six** **Nine** Months Ended **June 30, 2023** **September 30, 2023**

For the **six** **nine** months ended **June 30, 2024** **September 30, 2024** and 2023, financing activities used **\$11.3 million** **\$16.0 million** and **\$17.5 million** **\$21.4 million**, respectively. During the **six** **nine** months ended **June 30, 2024** **September 30, 2024** and 2023, the Company repaid \$2.7 million and \$2.7 million, respectively, of principal on the term loan with City National Bank. Distributions to partners during the **six** **nine** months ended **June 30, 2024** **September 30, 2024** and 2023 were **\$4.9 million** **\$6.4 million** and **\$6.3 million** **\$7.8 million**, respectively. During the **six** **nine** months ended **June 30, 2024** **September 30, 2024** and 2023, the Company paid dividends of **\$3.6 million** **\$5.5 million** and **\$3.4 million** **\$5.2 million**, respectively, to Class A shareholders. During the **six** **nine** months ended **June 30, 2024** **September 30, 2024** and 2023, we received payments from partners on notes receivable of \$0.1 million and \$0.1 million, respectively. During the **six** **nine** months ended **June 30, 2024** **September 30, 2024** and 2023, we made earnout payments of \$0.1 and \$0.1 million, respectively. During the **three** **and** **six** **nine** months ended **June 30, 2023**, **September 30, 2024** and 2023, we purchased approximately **262,000** **83,000** and **300,000** shares of Class A common stock of Silvercrest Asset Management Group Inc. at a cost of **\$5.0 million**, **\$1.4 million** and **\$5.8 million**, respectively.

We anticipate that distributions to principals of Silvercrest L.P. will continue to be a material use of our cash resources, and will vary in amount and timing based on our operating results and dividend policy.

As of **June 30, 2024** **September 30, 2024** and December 31, 2023, \$0 and \$2.7 million, respectively, was outstanding under the term loan with City National Bank. As of **June 30, 2024** **September 30, 2024** and December 31, 2023, accrued but unpaid interest on the term loan with City National Bank was \$0 and \$33 thousand, respectively.

As of **June 30, 2024** **September 30, 2024** and December 31, 2023, there were no borrowings outstanding on our revolving credit facility with City National Bank.

#### Critical Accounting Policies and Estimates

There have been no changes to our critical accounting policies during the **six** **nine** months ended **June 30, 2024** **September 30, 2024** from those disclosed in our Annual Report on Form 10-K for the year ended December 31, 2023 filed with the Securities and Exchange Commission on March 7, 2024.

#### Revenue Recognition

Investment advisory fees are typically billed quarterly in advance at the beginning of the quarter or in arrears after the end of the quarter, based on a contractual percentage of the assets managed. Family office services fees are also typically billed quarterly in advance at the beginning of the quarter or in arrears after the end of the quarter based on a contractual percentage of the assets managed or upon a contractually agreed-upon flat fee arrangement. Revenue is recognized on a ratable basis over the period in which services are performed.

We account for performance-based revenue in accordance with ASC 606-10-32, Accounting for Management Fees Based on a Formula, by recognizing performance fees and allocations as revenue only when it is certain that the fee income is earned and payable pursuant to the relevant agreements. In certain arrangements, we are only entitled to receive performance fees and allocations when the return on assets under management exceeds certain benchmark returns or other performance targets. We record performance fees

46

and allocations as a component of revenue once the performance fee has crystallized. As a result, there is no estimate or variability in the consideration when revenue is recorded.

Because the majority of our revenues are earned based on assets under management that have been determined using fair value methods and since market appreciation/depreciation has a significant impact on our revenue, we have presented our assets under management using the GAAP framework for measuring fair value. That framework provides a three-level fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs based on company assumptions (Level 3). A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the instrument's fair value measurement. The three levels within the fair value hierarchy are described as follows:

- Level 1—includes quoted prices (unadjusted) in active markets for identical instruments at the measurement date. The types of financial instruments included in Level 1 include unrestricted securities, including equities listed in active markets.
- Level 2—includes inputs other than quoted prices that are observable for the instruments, including quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, or inputs other than quoted prices that are observable for the instruments. The type of financial instruments included in Level 2 include derivatives, including options, swaps, and forward contracts.
- Level 3—includes unobservable inputs that are significant to the fair value measurement. The types of financial instruments included in Level 3 include financial instruments that are not traded in active markets, such as private equity and debt investments.

this category includes less liquid and restricted securities listed in active markets, securities traded in other than active markets, government and agency securities, or managed funds whose net asset value is based on observable inputs.

- Level 3—includes one or more significant unobservable inputs. Financial instruments that are included in this category include assets under management primarily comprised of investments in privately held entities, limited partnerships, and other instruments where the fair value is based on unobservable inputs.

The table below summarizes the approximate amount of assets under management for the periods indicated for which fair value is measured based on Level 1, Level 2 and Level 3 inputs.

	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3	Total
	(in billions)				(in billions)			
June 30, 2024 AUM	\$ 23.1	\$ 5.2	\$ 5.1	\$ 33.4				
September 30, 2024 AUM	\$ 24.0	\$ 5.8	\$ 5.3	\$ 35.1				
December 31, 2023 AUM	\$ 23.8	\$ 4.8	\$ 4.7	\$ 33.3	\$ 23.8	\$ 4.8	\$ 4.7	\$ 33.3

As substantially all our assets under management are valued by independent pricing services based upon observable market prices or inputs, we believe market risk is the most significant risk underlying valuation of our assets under management, as discussed under the heading "Risk Factors" in our annual report on Form 10-K for the year ended December 31, 2023 and Item 3. "—Qualitative and Quantitative Disclosures Regarding Market Risk."

45

---

The average value of our assets under management for the three and **six** **nine** months ended **June 30, 2024** **September 30, 2024** was approximately **\$34.0** **\$34.3** and **\$33.4** **\$34.2 billion**, respectively. Assuming a 10% increase or decrease in our average assets under management and the change being proportionately distributed over all our products, the value would increase or decrease by approximately \$3.4 and **\$3.3 billion** **\$3.4 billion**, for the three and **six** **nine** months ended **June 30, 2024** **September 30, 2024**, respectively, which would cause an annualized increase or decrease in revenues of approximately **\$3.1** **\$12.2** and **\$6.1 million** **\$12.2 million** for the three and **six** **nine** months ended **June 30, 2024** **September 30, 2024**, respectively, at a weighted average fee rate for the three and **six** **nine** months ended **June 30, 2024** **September 30, 2024** of **0.37%** **0.36%** and **0.37%** **0.36%**, respectively.

The average value of our assets under management for the year ended December 31, 2023 was approximately \$31.1 billion. Assuming a 10% increase or decrease in our average assets under management and the change being proportionately distributed over all our products, the value would increase or decrease by approximately \$3.1 billion for the year ended December 31, 2023, which would cause an annualized increase or decrease in revenues of approximately \$11.7 million for the year ended December 31, 2023, at a weighted average fee rate for the year ended December 31, 2023 of 0.38%.

#### **Recently Issued Accounting Pronouncements**

Information regarding recent accounting developments and their impact on the Company can be found in Note 2. "Summary of Significant Accounting Policies" in the "Notes to Condensed Consolidated Financial Statements" in this filing.

#### **Item 3. Quantitative and Qualitative Disclosures Regarding Market Risk**

Our exposure to market risk is directly related to our role as investment adviser for the separate accounts we manage and the funds for which we act as sub-investment adviser. Most of our revenue for the three months ended **June 30, 2024** **September 30, 2024** and 2023 was derived from advisory fees, which are typically based on the market value of assets under management. Accordingly, a decline in the prices of securities would cause our revenue and income to decline due to a decrease in the value of the assets we manage. In addition, such a decline could cause our clients to withdraw their funds in favor of investments offering higher returns or lower risk, which would cause our revenue and income to decline further. Due to the nature of our business, we believe that we do not face any material risk from inflation. Please see our discussion of market risks in "—Critical Accounting Policies and Estimates—Revenue Recognition" which is part of Item 2. "Management's Discussion and Analysis of Financial Condition and Results of Operations."

#### **Item 4. Controls and Procedures**

##### **Disclosure Controls and Procedures**

Our management, including our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act of 1934, as amended) at **June 30, 2024** **September 30, 2024**. Based on this evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures were effective at **June 30, 2024** **September 30, 2024**.

#### **Internal Control over Financial Reporting**

##### **Changes in Internal Control Over Financial Reporting**

There were no changes in the Company's internal control over financial reporting that occurred during the quarter ended **June 30, 2024** **September 30, 2024** that have materially affected or are reasonably likely to materially affect our internal control over financial reporting.

##### **Report of Management on Internal Control Over Financial Reporting**

Company management is responsible for establishing and maintaining effective internal control over financial reporting as defined in Rule 13a-15(f) under the Exchange Act. Our internal control over financial reporting is a process designed by, or under the supervision of, our Chief Executive Officer and Chief Financial Officer, or persons performing similar functions, and effected by our board of directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States, and includes those policies and procedures that: (1) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of our assets; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures are being made only in accordance with authorizations of management and directors; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of assets that could have a material effect on the financial statements. There are inherent limitations in the effectiveness of internal control over financial reporting, including the possibility that misstatements may not be prevented or detected. Accordingly, even effective internal control

over financial reporting can provide only reasonable assurance with respect to financial statement preparation. Furthermore, the effectiveness of internal controls can change with circumstances. Company management, including our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our internal control over financial reporting as of **June 30, 2024** **September 30, 2024**, based on the 2013 version of the Internal Control - Integrated Framework set forth by the Committee of Sponsoring Organizations of the Treadway Commission in *Internal Control - Integrated Framework* (2013). Based on that assessment, management concluded that our internal control over financial reporting was effective as of **June 30, 2024** **September 30, 2024**.
