owner and operator of open-air, grocery-anchored shopping centers and a growing portfolio of mixed-use assets. The Company’s portfolio is primarily concentrated in the
first-ring suburbs of the top major metropolitan markets, including those in high-barrier-to-entry coastal markets and rapidly expanding Sun Belt cities, with a tenant mix
focused on essential, necessity-based goods and services that drive multiple shopping trips per week. The Company, its affiliates and related real estate joint ventures are
engaged principally in the ownership, management, development and operation of open-air shopping centers, including mixed-use assets, which are anchored primarily by
grocery stores, off-price retailers, discounters or service-oriented tenants. Additionally, the Company provides complementary services that capitalize on the Company’s
established retail real estate expertise. The Company’s mission is to create destinations for everyday living that inspire a sense of community and deliver value to our many
stakeholders. The Company evaluates performance on a property specific or transactional basis and does not distinguish its principal business or group its operations on a
geographical basis for purposes of measuring performance. Accordingly, the Company believes it has a single reportable segment for disclosure purposes in accordance with
accounting principles generally accepted in the United States of America (“GAAP”).</p><p style="font-size:10pt;margin-top:10pt;font-family:Times New

Company elected status as a REIT for federal income tax purposes commencing with its taxable year which began January 1, 1992 and operates in a manner that enables the
Company to maintain its status as a REIT. To qualify as a REIT, the Company must meet several organizational and operational requirements, and is required to annually
distribute at least 90% of its net taxable income, determined without regard to the dividends paid deduction and excluding any net capital gain. In addition, the Company will
be subject to federal income tax at regular corporate rates to the extent that it distributes less than 100% of its net taxable income, including any net capital gains. In January
2023, the Company consummated the Reorganization into an UPREIT structure as described in the Explanatory Note at the beginning of this Quarterly Report on Form 10-Q.
If, as the Company believes, it is organized and operates in such a manner so as to qualify and remain qualified as a REIT under the Code, the Company, generally, will not be
subject to U.S. federal income tax, provided that distributions to its stockholders equal at least the amount of its REIT taxable income, as defined in the Code. The Company
maintains certain subsidiaries that have made joint elections with the Company to be treated as taxable REIT subsidiaries (“TRSs”), that permit the Company to engage
through such TRSs in certain business activities that the REIT may not conduct directly. A TRS is subject to federal and state income taxes on its income, and the Company
includes, when applicable, a provision for taxes in its condensed consolidated financial statements.<span style="color:#000000;white-space:pre-wrap;font-

align:justify;">RPT Merger On August 28, 2023, the Company and RPT Realty ("RPT") announced that they had entered into a definitive merger agreement (the "Merger Agreement") pursuant to which the Company would acquire RPT through a series of mergers (collectively, the "RPT Merger"). On January 2, 2024, RPT merged with and into the Company, with the Company continuing as the surviving public company. The RPT Merger added 56 open-air shopping centers, 43 of which are wholly owned and 13 of which are owned through a joint venture, comprising 13.3 million square feet of gross leasable area ("GLA"). In addition, as a result of the RPT Merger, the Company obtained RPT's 6% stake in a 49-property net lease joint venture. Under the terms of the Merger Agreement, each RPT common share was converted into 0.6049 of a newly issued share of the Company's common stock, together with cash in lieu of fractional shares, and each 7.25% Series D Cumulative Convertible Perpetual Preferred Share of RPT was converted into the right to receive one depositary share representing one one-thousandth of a share of the Company's newly issued 7.25% Class N Cumulative Convertible Perpetual Preferred Stock, par value $1.00 per share ("Class N Preferred Stock"). </p><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">During the six months ended June 30, 2024, the Company incurred expenses of <span style="color:#000000;white-space:pre-wrap;font-size:10pt;font-family:Times New Roman;min-width:fit-content;">$25.2 million associated with the RPT Merger, primarily comprised of severance, legal and professional fees. See Footnote 3 of the Notes to Condensed Consolidated Financial Statements for further details. Economic Conditions The economy continues to face several issues including inflation risk, liquidity constraints, a lack of qualified employees, tenant bankruptcies and supply chain disruptions, which could impact the Company and its tenants. In response to the rising rate of inflation the Federal Reserve steadily increased interest rates in 2022 and 2023 and has kept them at increased levels. The Federal Reserve may continue to increase interest rates or maintain these increased levels, until the rate of inflation begins to decrease. These increased interest rates could adversely impact the business and financial results of the Company and its tenants. In addition, slower economic growth and the potential for a recession could have an adverse effect on the Company and its tenants. This could negatively affect the overall demand for retail space, including the demand for leasable space in the Company's properties. Any of these events could materially adversely impact the Company's business, financial condition, results of operations or stock price. The Company continues to monitor economic, financial, and social conditions and will assess its asset portfolio for any impairment indicators. If the Company determines that any of its assets are impaired, the Company would be required to take impairment charges, and such amounts could be material. 0.998456431313300000.06490.60490.07250.0725125200000 2. Summary of Significant Accounting Policies Basis of Presentation This report combines the quarterly reports on Form 10-Q for the quarterly period ended June 30, 2024, of the Parent Company and Kimco OP into this single report. The accompanying Condensed Consolidated Financial Statements include the accounts of the Parent Company and Kimco OP and their consolidated subsidiaries. The Reorganization resulted in a merger of entities under common control in accordance with GAAP. The Company's subsidiaries include subsidiaries which are wholly owned or which the Company has a controlling interest, including where the Company has been determined to be a primary beneficiary of a variable interest entity ("VIE") in accordance with the consolidation guidance of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"). The Parent Company serves as the general member of Kimco OP. The limited members of Kimco OP have limited rights over Kimco OP and do not have the power to direct the activities that most significantly impact Kimco OP's economic performance. As such, Kimco OP is considered a VIE, and the Parent Company, which consolidates it, is the primary beneficiary. All inter-company balances and transactions have been eliminated in consolidation. The information presented in the accompanying Condensed Consolidated Financial Statements is unaudited and reflects all adjustments which are, in the opinion of management, necessary to reflect a fair statement of the results for the interim periods presented, and all such adjustments are of a normal recurring nature. Amounts as of December 31, 2023 included in the Condensed Consolidated Financial Statements have been derived from the audited Consolidated Financial Statements as of that date, but does not include all annual disclosures required by GAAP. These Condensed Consolidated Financial Statements should be read in conjunction with the Company's Annual Report on Form 10-K for the year ended December 31, 2023, as certain disclosures in this Quarterly Report that would duplicate those included in such Annual Report on Form 10-K are not included in these Condensed Consolidated Financial Statements. On January 2, 2024, the Parent Company, as managing member of Kimco OP, entered into an amended and restated limited liability company agreement of Kimco OP (the "Amended and Restated Limited Liability Company Agreement"), providing for, among other things, the creation of Class N Preferred Units of Kimco OP, having the preferences, rights and limitations set forth therein, and certain modifications to the provisions regarding LTIP Units (as defined in the Amended and Restated Limited Liability Company Agreement), including provisions governing distribution and tax allocation requirements and the procedures for converting LTIP Units. Subsequent Events The Company has evaluated subsequent events and transactions for potential recognition or disclosure in its Condensed Consolidated Financial Statements (See Footnote 11 of the Notes to Condensed Consolidated Financial Statements). The landmark rules also will require accelerated and large accelerated filers to disclose material Scope 1 and Scope 2 greenhouse gas emissions. These disclosures will be subject to independent third-party assurance. Registrants will also have to disclose, among other things, certain effects of severe weather events and other natural conditions and amounts related to carbon offsets and renewable energy credits or certificates in their audited financial statements. On March 15, 2024, a federal appellate court imposed a temporary stay pending judicial review of these new rules. The SEC voluntarily stayed its recently adopted climate disclosure rules pending the completion of judicial review. The Company plans to comply with the disclosure requirements of the final rules when they become effective, and are currently evaluating the impact these final rules will have on the Company's SEC filings and related disclosures. Basis of Presentation This report combines the quarterly reports on Form 10-Q for the quarterly period ended June 30, 2024, of the Parent Company and Kimco OP into this single report. The accompanying Condensed Consolidated Financial Statements include the accounts of the Parent Company and Kimco OP and their consolidated subsidiaries. The Reorganization resulted in a merger of entities under common control in accordance with GAAP. The Company's subsidiaries include subsidiaries which are wholly owned or which the Company has a controlling interest, including where the Company has been determined to be a primary beneficiary of a variable interest entity ("VIE") in accordance with the consolidation guidance of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"). The Parent Company serves as the general member of Kimco OP. The limited members of Kimco OP have limited rights over Kimco OP and do not have the power to direct the activities that most significantly impact Kimco OP's economic performance. As such, Kimco OP is considered a VIE, and the Parent Company, which consolidates it, is the primary beneficiary. All inter-company balances and transactions have been eliminated in consolidation. The information presented in the accompanying Condensed Consolidated Financial Statements is unaudited and reflects all adjustments which are, in the opinion of management, necessary to reflect a fair statement of the results for the interim periods presented, and all such adjustments are of a normal recurring nature. Amounts as of December 31, 2023 included in the Condensed Consolidated Financial Statements have been derived from the audited Consolidated Financial Statements as of that date, but does not include all annual disclosures required by GAAP. These Condensed Consolidated Financial Statements should be read in conjunction with the Company's Annual Report on Form 10-K for the year ended December 31, 2023, as certain disclosures in this Quarterly Report that would duplicate those included in such Annual Report on Form 10-K are not included in

these Condensed Consolidated Financial Statements. On January 2, 2024, the Parent Company, as managing member of Kimco OP, entered into an amended and restated limited liability company agreement of Kimco OP (the "Amended and Restated Limited Liability Company Agreement"), providing for, among other things, the creation of Class N Preferred Units of Kimco OP, having the preferences, rights and limitations set forth therein, and certain modifications to the provisions regarding LTIP Units (as defined in the Amended and Restated Limited Liability Company Agreement), including provisions governing distribution and tax allocation requirements and the procedures for converting LTIP Units. Subsequent Events The Company has evaluated subsequent events and transactions for potential recognition or disclosure in its Condensed Consolidated Financial Statements (See Footnote 11 of the Notes to Condensed Consolidated Financial Statements). Therefore, the final acquisition accounting adjustments, including the purchase price and its allocation, are not yet complete as of this filing. (2) The Company entered into a Seventh Amended and Restated Credit Agreement, through which the assumed term loans were terminated (fully repaid) and new term loans were issued to replace the assumed loans. The new term loans retained the amounts and maturities of the assumed term loans, however the rates (Adjusted Term SOFR plus 0.905% and tied to sustainability metric targets, as described in the agreement) and covenants were revised to match those within the Company's Credit Facility. In January 2024, the Company entered into swap rate agreements with various lenders swapping the interest rates to fixed rates ranging from 4.674% to 4.875%. See Footnote 12 of the Notes to Condensed Consolidated Financial Statements for interest rate swap disclosure. On January 2, 2024, the Company entered into a new $200.0 million unsecured term loan credit facility (the "Term Loan Credit Facility") pursuant to a credit agreement, which matures in January 2026, with three one-year extension options. The Term Loan Credit Facility accrues interest at a spread (currently 0.850%) to the Adjusted Term SOFR Rate (as defined in the credit agreement) or, at the Company's option, a spread (currently 0.000%) to a base rate defined in the credit agreement, that in each case fluctuates in accordance with changes in the Company's senior debt ratings. In January 2024, the Company entered into a swap rate agreement swapping the interest rate to a fixed rate of 4.572%. See Footnote 12 of the Notes to Condensed Consolidated Financial Statements for interest rate swap disclosure. In July 2024, the Company amended the Term Loan Credit Facility to increase the aggregate principal amount from $200.0 million to $500.0 million. The additional $300.0 million is subject to the same terms as the existing Term Loan Credit Facility. The Company also entered into swap rate agreements with various lenders swapping the interest rates to fixed rates ranging from 4.779% to 4.781%.</p><div style="font-size:10pt;font-family:Times New The Company manages economic risks, including interest rate, liquidity, and credit risks primarily by managing the amount, sources, and duration of its debt funding and the use of derivative financial instruments. Specifically, the Company may use derivatives to manage exposures that arise from changes in interest rates and limits the risk by following established risk management policies and procedures, including the use of derivatives. On January 2, 2024, the Company entered into 21 interest rate swap agreements with notional amounts aggregating to $510.0 million. The interest rate swap agreements are designated as cash flow hedges and are held by the Company to reduce the impact of changes in interest rates on variable rate debt. The differential between fixed and variable rates to be paid or received is accrued, as interest rates change, and recognized as interest expense in the Company's Condensed Consolidated Statements of Income. If the hedges are deemed to be effective, the fair value is included within the Accumulated other comprehensive income ("AOCI") on the Company's Condensed Consolidated Balance Sheets, and subsequently reclassified into earnings in the period that the hedged forecasted transaction affects earnings. As of June 30, 2024, all interest rate swaps were deemed effective and are therefore included within AOCI. As of June 30, 2024, the Company expects approximately $6.1 million of accumulated comprehensive income on derivative instruments to be reclassified into earnings as a reduction to interest expense during the next 12 months.</p><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">The interest rate swaps are measured at fair value using the market standard methodology of netting the discounted future fixed cash receipts (or payments) and the discounted expected variable cash payments (or receipts). The variable cash payments (or receipts) are based on an expectation of future interest rates (forward curves) derived from observable market interest rate curves. The Company classifies the interest rate swaps as Level 2 and are measured on a recurring basis. </p><div style="font-size:10pt;font-family:Times New Roman;"><p style="font-size:10pt;margin-top:10pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">The following table summarizes the terms and fair value of the Company's derivative financial instruments as of June 30, 2024 (amounts in thousands):</p><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:justify;"> </p> <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:23.105%;"></td> <td style="width:1.54%;"></td> <td style="width:9.622%;"></td> <td style="width:1.54%;"></td> <td style="width:23.105%;"></td> <td style="width:1.54%;"></td> <td style="width:8.222%;"></td> <td style="width:1.54%;"></td> <td style="width:1%;"></td> <td style="width:12.122%;"></td> <td style="width:1%;"></td> <td style="width:1.54%;"></td> <td style="width:1%;"></td> <td style="width:12.122%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:9pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;text-align:left;"> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"><p style="font-size:9pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">Instrument</p></td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"><p style="font-size:9pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;"> </p></td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"><p style="font-size:9pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">Number of Swap Agreements</p></td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"><p style="font-size:9pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;"> </p></td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"><p style="font-size:9pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">Associated Debt Instrument</p></td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"><p style="font-size:9pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;"> </p></td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"><p style="font-size:9pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">Maturity Date</p></td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"><p style="font-size:9pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;"> </p></td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"><p style="font-size:9pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">Notional

Noncontrolling Interests Noncontrolling interests represent the portion of equity that the Company does not own in those entities it consolidates as a result of having a controlling interest or having determined that the Company was the primary beneficiary of a VIE in accordance with the provisions of the FASB's Consolidation guidance. The Company accounts and reports for noncontrolling interests in accordance with the Consolidation guidance and the Distinguishing Liabilities from Equity guidance issued by the FASB. The Company identifies its noncontrolling interests separately within the equity section on the Company's Condensed Consolidated Balance Sheets. The amounts of consolidated net income attributable to the Company and to the noncontrolling interests are presented separately on the Company's Condensed Consolidated Statements of Income. In connection with the RPT Merger, the Parent Company issued 953,400 OP units in Kimco OP, which had a fair market value of $21.0 million. Upon consummation of the RPT Merger, the Parent Company owned 99.86% of the outstanding OP Units in Kimco OP, which is no longer a disregarded entity for federal income tax purposes. In addition, during the six months ended June 30, 2024, the Parent Company issued 326,140 long term incentive plan units ("LTIP Units") OP Units. See Footnote 16 of the Notes to Condensed Consolidated Financial Statements for further disclosure. As of June 30, 2024, the Parent Company owned 99.84% of the outstanding OP units in Kimco OP. The Company owns eight shopping center properties located in Long Island, NY, which were acquired during 2022, partially through the issuance of $122.1 million of Preferred Outside Partner Units and $13.6 million of Common Outside Partner Units. The noncontrolling interest is classified as mezzanine equity and included in Redeemable noncontrolling interests on the Company's Condensed Consolidated Balance Sheets as a result of the put right available to the unit holders, an event that is not solely in the Company's control. During 2024, 101,369 Preferred Outside Partner Units and 3,441 Common Outside Partner Units were redeemed for cash of $2.1 million, in separate transactions. These transactions resulted in a net decrease in Redeemable noncontrolling interests of $1.3 million and a decrease in the embedded derivative liability in Other liabilities of $0.8 million on the Company's Condensed Consolidated Balance Sheets. As of June 30, 2024, the Outside Partner Units related to these acquisitions total $93.0 million, including noncontrolling interests of $59.8 million and an embedded derivative liability associated with put and call options of these unitholders of $33.2 million. Variable Interest Entities Consolidated Operating Properties Included within the Company’s operating properties at June 30, 2024 and December 31, 2023 are 30 consolidated entities, that are VIEs for which the Company is the primary beneficiary. These entities have been established to own and operate real estate property. The Company’s involvement with these entities is through its majority ownership and management of the properties. The entities were deemed VIEs primarily because the unrelated investors do not have substantive kick-out rights to remove the general or managing partner by a vote of a simple majority or less, and they do not have substantive participating rights. The Company determined that it was the primary beneficiary of these VIEs as a result of its controlling financial interest. At June 30, 2024, total assets of these VIEs were $1.7 billion, and total liabilities were $167.9 million. At December 31, 2023, total assets of these VIEs were $1.8 billion, and total liabilities were $180.9 million. <span

style="color:#000000;white-space:pre-wrap;font-size:10pt;font-family:Times New Roman;min-width:fit-content;">The majority of the operations of these VIEs are funded with cash flows generated from the properties. The Company has not provided financial support to any of these VIEs that it was not previously contractually required to provide, which consists primarily of funding any capital expenditures, including tenant improvements, which are deemed necessary to continue to operate the entity and any operating cash shortfalls that the entity may experience. All liabilities of these consolidated VIEs are non-recourse to the Company ("VIE Liabilities"). The assets of the unencumbered VIEs are not restricted for use to settle only the obligations of these VIEs. The remaining VIE assets are encumbered by third-party non-recourse mortgage debt. The assets associated with these encumbered VIEs ("Restricted Assets") are collateral under the respective mortgages and are therefore restricted and can only be used to settle the corresponding liabilities of the VIE. The table below summarizes the consolidated VIEs and the classification of the Restricted Assets and VIE Liabilities on the Company's Condensed Consolidated Balance Sheets, exclusive of Kimco OP, as This preferred equity investment was primarily established to develop real estate property for long-term investment and was deemed a VIE primarily based on the fact that the equity investment at risk was not sufficient to permit the entity to finance its activities without additional financial support. The initial equity contributed to this entity was not sufficient to fully finance the real estate construction as development costs are funded by the partners over the construction period. The Company determined that it was not the primary beneficiary of this VIE based on the fact that the Company has shared control of this entity along with the entity's partners and therefore does not have a controlling financial interest. As of June 30, 2024, the Company's investment in this VIE was $36.6 million, which is included in Other investments on the Company's Condensed Consolidated Balance Sheets. The Company's maximum exposure to loss as a result of its involvement with this VIE is the Company's carrying value in this investment. The Company has not provided financial support to this VIE that it was not previously contractually required to provide. All future costs of development will be funded with construction loan financing or capital contributions from the Company and the outside partner in accordance with their respective ownership percentages if necessary. 3030170000000016790000018000000001809000000The table below summarizes the consolidated VIEs and the classification of the Restricted Assets and VIE Liabilities on the Company's Consolidated Balance Sheets, exclusive of Kimco OP, as follows (dollars in millions): <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:83.0%;border-collapse:separate;margin-right:auto;"><tr style="visibility:collapse;"><td style="width:57.968%;"></td><td style="width:1.64%;"></td><td style="width:1%;"></td><td style="width:17.377%;"></td><td style="width:1%;"></td><td style="width:1.64%;"></td><td style="width:1%;"></td><td style="width:17.377%;"></td><td style="width:1%;"></td></tr><tr style="height:9pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"><td style="vertical-align:bottom;text-align:left;"> </td><td style="vertical-align:bottom;"> </td><td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> As of June 30, 2024 </td><td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td><td style="vertical-align:bottom;"> </td><td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> As of December 31, 2023 </td><td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td></tr><tr style="height:9pt;background-color:#cff0fc;word-break:break-word;"><td style="white-space:pre-wrap;vertical-align:top;"> Number of unencumbered VIEs </td><td style="white-space:pre-wrap;vertical-align:bottom;"> </td><td style="white-space:nowrap;vertical-align:bottom;"> </td><td style="white-space:pre-wrap;vertical-align:bottom;"> 28 </td><td style="white-space:nowrap;vertical-align:bottom;"> </td><td style="white-space:pre-wrap;vertical-align:bottom;"> </td><td style="white-space:nowrap;vertical-align:bottom;"> </td><td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 28 </td><td style="white-space:nowrap;vertical-align:bottom;"> </td></tr><tr style="height:9pt;background-color:#ffffff;word-break:break-word;"><td style="white-space:pre-wrap;vertical-align:top;"> Number of encumbered VIEs </td><td style="white-space:pre-wrap;vertical-align:bottom;"> </td><td style="white-space:nowrap;vertical-align:bottom;border-bottom:0.5pt solid #000000;"> </td><td style="white-space:pre-wrap;vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:center;"> 2 </td><td style="white-space:nowrap;vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td><td style="white-space:pre-wrap;vertical-align:bottom;"> </td><td style="white-space:nowrap;vertical-align:bottom;border-bottom:0.5pt solid #000000;"> </td><td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 30 </td><td style="white-space:nowrap;vertical-align:bottom;"> </td><td style="white-space:pre-wrap;vertical-align:bottom;"> </td><td style="white-space:nowrap;vertical-align:bottom;"> </td><td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 30 </td><td style="white-space:nowrap;vertical-align:bottom;"> </td></tr><tr style="height:9pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"><td style="vertical-align:bottom;"> </td><td style="vertical-align:bottom;"> </td><td colspan="2" style="vertical-align:bottom;text-align:center;"> </td><td style="vertical-align:bottom;text-align:center;"> </td><td style="vertical-align:bottom;"> </td><td colspan="2" style="vertical-align:bottom;text-align:center;"> </td><td style="vertical-

Fair Value Measurements All financial instruments of the Company are reflected in the accompanying Condensed Consolidated Balance Sheets at amounts which, in management's estimation, based upon an interpretation of available market information and valuation methodologies, reasonably approximate their fair values, except those listed below, for which fair values are disclosed. The valuation method used to estimate fair value for fixed-rate and variable-rate debt, and mortgage and other finance receivables, is based on discounted cash flow analyses, with assumptions that include credit spreads, market yield curves, trading activity, loan amounts and debt maturities. The fair values for marketable securities are based on published values, securities dealers' estimated market values or comparable market sales. The fair value for embedded derivative liability is based on using the "with-and-without" method. Such fair value estimates are not necessarily indicative of the amounts that would be realized upon disposition. Interest rate swaps are measured at fair value using the market standard methodology of netting the discounted future fixed cash receipts (or payments) and the discounted expected variable cash payments (or receipts). The variable cash payments (or receipts) are based on an expectation of future interest rates (forward curves) derived from observable market interest rate curves. As a basis for considering market participant assumptions in fair value measurements, the FASB's Fair Value Measurements and Disclosures guidance establishes a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy). The following are financial instruments for which the Company's estimated fair value differs from the carrying amount (in thousands): <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:95.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:39.98%;"></td> <td style="width:1.18%;"></td> <td style="width:11.08%;"></td> <td style="width:1.12%;"></td> <td style="width:1%;"></td> <td style="width:8.82%;"></td> <td style="width:1%;"></td> <td style="width:1.12%;"></td> <td style="width:1%;"></td> <td style="width:8.82%;"></td> <td style="width:1%;"></td> <td style="width:1.12%;"></td> <td style="width:1%;"></td> <td style="width:8.82%;"></td> <td style="width:1%;"></td> <td style="width:1.12%;"></td> <td style="width:1%;"></td> <td style="width:8.82%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:9pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:bottom;text-align:left;"> </td> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> June 30, 2024 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> December 31, 2023 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> </tr> <tr style="height:9pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:bottom;text-align:left;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> <span style="color:#000000;white-space:pre-wrap;font-weight:bold;min-width:fit-

Incentive Plans The Company has an Equity Participation Plan (as amended and/or restated, the "Equity Plan"), which provides for a maximum of 10,000,000 shares of the Company's common stock to be reserved for the issuance of stock options, stock appreciation rights, restricted stock, restricted stock units, performance awards, dividend equivalents, LTIP Units, stock payments and deferred stock awards. At June 30, 2024, the Company had 3.0 million shares of common stock available for issuance under the Equity Plan. The Company accounts for equity awards in accordance with FASB's compensation - Stock Compensation guidance, which requires that all share-based payments to employees, including grants of employee stock options, restricted stock, performance shares and LTIP Units, be recognized in the Condensed Consolidated Statements of Income over the service period based on their fair values. Fair value of performance awards is determined using the Monte Carlo method, which is intended to estimate the fair value of the awards at the grant date. Fair value of restricted shares is calculated based on the price on the date of grant. The Company recognized expenses associated with its equity awards of $18.3 million and $17.5 million for the six months ended June 30, 2024 and 2023, respectively. As of June 30, 2024, the Company had <span style="color:#000000;white-space:pre-wrap;font-size:10pt;font-family:Times New Roman;min-width:fit-content;">$62.7 million of total unrecognized compensation cost related to unvested stock compensation granted under the Plans. That cost is expected to be recognized over a weighted-average period of approximately 2.9 years. Restricted Stock Information with respect to restricted stock under the Plan for the six months ended June 30, 2024 and 2023 is as follows:

Time-Based LTIP Units During the six months ended June 30, 2024, the Company granted to certain employees and directors 120,700 LTIP Units with time-based vesting requirements (“Time-Based LTIP Units”) and a weighted average grant-date fair value of $19.47 per unit that vest ratably over five years subject to continued employment. Compensation expense for these units is being recognized over a five-year period. The aggregate grant-date fair value of the Time-Based LTIP Units for the six months ended June 30, 2024 was $2.4 million. Granted Time-Based LTIP Units do not have redemption rights, but any OP Units into which units are converted are entitled to redemption rights. The Time-Based LTIPs were valued based on the Company’s closing common share price on the date of grant. Performance-Based LTIP Units During the six months ended June 30, 2024, the Company granted to certain employees 205,440 LTIP Units with performance-based vesting requirements (“Performance-Based LTIP Units”) and a weighted average grant-date fair value of $18.14 per unit. Performance-Based LTIP Units are performance-based equity compensation pursuant to which participants have the opportunity to earn LTIP Units based on the total shareholder return of the Company’s common shares relative to its peers, as defined, or based on other performance criteria as determined by the Board of Directors, over the defined performance period. Any Performance-Based LTIP Units that are earned vest at the end of the three-year performance period. Compensation expense for these units is recognized over the performance period. The aggregate grant-date fair value of the Performance-Based LTIP Units for the six months ended June 30, 2024 was $3.7 million, valued using Monte Carlo simulations based on the following significant assumptions: <span
