The above figures for Net income attributable to Sony Group Corporation's stockholders per share of common stock (diluted) are calculated based on the assumption that the stock split was conducted at the beginning of FY23 (applies to all following pages). *3 The differences between Adjusted EBITDA and Adjusted OIBDA on a consolidated basis represent financial income and financial expenses (excluding interest expenses, net, and gains on revaluation of equity instruments, net). Adjusted EBITDA by segment is not calculated and disclosed because Sony does not include financial income and financial expenses in its performance evaluations by segment, mainly due to the fact that Sony manages its foreign exchange exposure centrally and globally, except for the Financial Services segment (applies to all following pages). Adjusted OIBDA and Adjusted EBITDA are not measures in accordance with IFRS Accounting Standards. However, Sony believes that these disclosures may be useful information to investors. Adjusted OIBDA and Adjusted EBITDA should be considered in addition to, not as a substitute for, Sonyâ€™s results in accordance with IFRS Accounting Standards. Sales on a Constant Currency Basis and the Impact of Foreign Exchange Rate Fluctuations The descriptions of sales on a constant currency basis reflect sales calculated by applying the yenâ€™s monthly average exchange rates from the same period of the previous fiscal year to local currency-denominated monthly sales in the relevant period of the current fiscal year. For Sony Music Entertainment (â€™SMEâ€™) and Sony Music Publishing LLC (â€™SMPâ€™) in the Music segment, and in the Pictures segment, the constant currency amounts are calculated by applying the monthly average U.S. dollar / yen exchange rates after aggregation on a U.S. dollar basis. Results for the Pictures segment are described on a U.S. dollar basis as the Pictures segment reflects the operations of Sony Pictures Entertainment Inc. (â€™SPEâ€™), a U.S.-based operation that aggregates the results of its worldwide subsidiaries in U.S. dollars. The impact of foreign exchange rate fluctuations on sales is calculated by applying the change in the yenâ€™s periodic weighted average exchange rate for the same period of the previous fiscal year from the relevant period of the current fiscal year to the major transactional currencies in which the sales are denominated. The impact of foreign exchange rate fluctuations on operating income (loss) is calculated by subtracting from the impact on sales the impact on cost of sales and selling, general and administrative expenses calculated by applying the same major transactional currencies calculation process to cost of sales and selling, general and administrative expenses as for the impact on sales. The I&SS segment enters into its own foreign exchange hedging transactions, and the impact of those transactions is included in the impact of foreign exchange rate fluctuations on sales and operating income (loss) for that segment. This information is not a substitute for Sonyâ€™s consolidated financial statements and condensed (semi-annual) consolidated financial statements measured in accordance with IFRS Accounting Standards. However, Sony believes that these disclosures provide additional useful analytical information to investors regarding the operating performance of Sony. Notes about Financial Performance of the Music, Pictures and Financial Services segments The Music segment results include the yen-based results of Sony Music Entertainment (Japan) Inc. and the yen-translated results of SME and SMP, which aggregate the results of their worldwide subsidiaries on a U.S. dollar basis. The Pictures segment results are the yen-translated results of SPE, which aggregates the results of its worldwide subsidiaries on a U.S. dollar basis. Management analyzes the results of SPE in U.S. dollars, so discussion of certain portions of its results is specified as being on â€™a U.S. dollar basisâ€™. The Financial Services segment results include SFGI and SFGIâ€™s consolidated subsidiaries such as Sony Life Insurance Co., Ltd., Sony Assurance Inc., and Sony Bank Inc. The results discussed in the Financial Services segment differ from the results that SFGI and SFGIâ€™s consolidated subsidiaries disclose separately on a Japanese statutory basis.30 Cautionary Statement Statements made in this material with respect to Sonyâ€™s current plans, estimates, strategies and beliefs and other statements that are not historical facts are forward-looking statements about the future performance of Sony. Forward-looking statements include, but are not limited to, those statements using words such as â€™believe,â€™ â€™expect,â€™ â€™plans,â€™ â€™strategy,â€™ â€™prospects,â€™ â€™forecast,â€™ â€™estimate,â€™ â€™project,â€™ â€™anticipate,â€™ â€™aim,â€™ â€™intend,â€™ â€™seek,â€™ â€™may,â€™ â€™might,â€™ â€™couldâ€™ or â€™should,â€™ and words of similar meaning in connection with a discussion of future operations, financial performance, events or conditions. From time to time, oral or written forward-looking statements may also be included in other materials released to the public. These statements are based on managementâ€™s assumptions, judgments and beliefs in light of the information currently available to it. Sony cautions investors that a number of important risks and uncertainties could cause actual results to differ materially from those discussed in the forward-looking statements, and therefore investors should not place undue reliance on them. Investors also should not rely on any obligation of Sony to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Sony disclaims any such obligation. Risks and uncertainties that might affect Sony include, but are not limited to: (i) Sonyâ€™s ability to maintain product quality and customer satisfaction with its products and services; (ii) Sonyâ€™s ability to continue to design and develop and win acceptance of, as well as achieve sufficient cost reductions for, its products and services, including image sensors, game and network platforms, smartphones and televisions, which are offered in highly competitive markets characterized by severe price competition and continual new product and service introductions, rapid development in technology and subjective and changing customer preferences; (iii) Sonyâ€™s ability to implement successful hardware, software, and content integration strategies, and to develop and implement successful sales and distribution strategies in light of new technologies and distribution platforms; (iv) the effectiveness of Sonyâ€™s strategies and their execution, including but not limited to the success of Sonyâ€™s acquisitions, joint ventures, investments, capital expenditures, restructurings and other strategic initiatives; (v) changes in laws, regulations and government policies in the markets in which Sony and its third-party suppliers, service providers and business partners operate, including those related to taxation, as well as growing consumer focus on corporate social responsibility; (vi) Sonyâ€™s continued ability to identify the products, services and market trends with significant growth potential, to devote sufficient resources to research and development, to prioritize investments and capital expenditures correctly and to recoup its investments and capital expenditures, including those required for technology development and product capacity; (vii) Sonyâ€™s reliance on external business partners, including for the procurement of parts, components, software and network services for its products or services, the manufacturing, marketing and distribution of its products, and its other business operations; (viii) the global economic and political environment in which Sony operates and the economic and political conditions in Sonyâ€™s markets, particularly levels of consumer spending; (ix) Sonyâ€™s ability to meet operational and liquidity needs as a result of significant volatility and disruption in the global financial markets or a ratings downgrade; (x) Sonyâ€™s ability to forecast demands, manage timely procurement and control inventories; (xi) foreign exchange rates, particularly between the yen and the U.S. dollar, the euro and other currencies in which Sony makes significant sales and incurs production costs, or in which Sonyâ€™s assets, liabilities and operating results are denominated; (xii) Sonyâ€™s ability to recruit, retain and maintain productive relations with highly skilled personnel; (xiii) Sonyâ€™s ability to prevent unauthorized use or theft of intellectual property rights, to obtain or renew licenses relating to intellectual property rights and to defend itself against claims that its products or services infringe the intellectual property rights owned by others; (xiv) the impact of changes in interest rates and unfavorable conditions or developments (including market fluctuations or volatility) in the equity and bond markets on the revenue and operating income of the Financial Services segment; (xv) shifts in customer demand for financial services such as life insurance and Sonyâ€™s ability to conduct successful asset liability management in the Financial Services segment; (xvi) risks related to catastrophic disasters, geopolitical conflicts, pandemic disease or similar events; (xvii) the ability of Sony, its third-party service providers or business partners to anticipate and manage cybersecurity risk, including the risk of unauthorized access to Sonyâ€™s business information and the personally identifiable information of its employees and customers, potential business disruptions or financial losses; and (xviii) the outcome of pending and/or future legal and/or regulatory proceedings. Risks and uncertainties also include the impact of any future events with material adverse impact. The continued impact of developments relating to the situations in Ukraine and Russia and in the Middle East could heighten many of the risks and uncertainties noted above. Important information regarding risks and uncertainties is also set forth in Sonyâ€™s most recent Form 20-F, which is on file with the U.S. Securities and Exchange Commission.
