

# EARNINGS PRESENTATION

## FOURTH QUARTER 2025

## Forward-Looking Statements

This presentation contains “forward-looking statements” within the meaning of the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements include, without limitation, statements concerning plans, estimates, calculations, forecasts and projections with respect to the anticipated future performance of the Company. These statements are often, but not always, identified by words such as “may”, “might”, “should”, “could”, “predict”, “potential”, “believe”, “expect”, “continue”, “will”, “anticipate”, “seek”, “estimate”, “intend”, “plan”, “projection”, “would”, “annualized”, “target” and “outlook”, or the negative version of those words or other comparable words of a future or forward-looking nature.

Forward-looking statements are neither historical facts nor assurances of future performance. Instead, they are based only on our current beliefs, expectations and assumptions regarding our business, future plans and strategies, projections, anticipated events and trends, the economy and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict and many of which are outside of our control. Our actual results and financial condition may differ materially from those indicated in the forward-looking statements. Therefore, you should not rely on any of these forward-looking statements. Important factors that could cause our actual results and financial condition to differ materially from those indicated in the forward-looking statements include, among others, the following: interest rate risk, including the effects of changes in interest rates; effects on the U.S. economy resulting from actions taken by the federal government, including the threat or implementation of tariffs, immigration enforcement and changes in foreign policy; fluctuations in the values of the securities held in our securities portfolio, including as the result of changes in interest rates; business and economic conditions generally and in the financial services industry, nationally and within our market area, including the level and impact of inflation, and future monetary policies of the Federal Reserve and executive orders in response thereto, and possible recession; credit risk and risks from concentrations (including by type of borrower, geographic area, collateral and industry) within the Company’s loan portfolio or large loans to certain borrowers (including commercial real estate (“CRE”) loans); the overall health of the local and national real estate market; our ability to successfully manage credit risk; our ability to maintain an adequate level of allowance for credit losses on loans; new or revised accounting standards as may be adopted by state and federal regulatory agencies, the Financial Accounting Standards Board, Securities and Exchange Commission (the “SEC”) or Public Company Accounting Oversight Board; the concentration of large deposits from certain clients, including those who have balances above current Federal Deposit Insurance Corporation insurance limits; our ability to successfully manage liquidity risk, which may increase our dependence on non-core funding sources such as brokered deposits, and negatively impact our cost of funds; our ability to raise additional capital to implement our business plan; our ability to implement our growth strategy and manage costs effectively; the composition of our senior leadership team and our ability to attract and retain key personnel; talent and labor shortages and employee turnover; the occurrence of fraudulent activity, breaches or failures of our or our third-party vendors’ information security controls or cybersecurity-related incidents, including as a result of sophisticated attacks using artificial intelligence and similar tools or as a result of insider fraud; interruptions involving our information technology and telecommunications systems or third-party services; competition in the financial services industry, including from nonbank competitors such as credit unions, “fintech” companies and digital asset service providers; the effectiveness of our risk management framework; rapid technological changes implemented by us and other parties in the financial services industry, including third-party vendors, which may be more difficult to implement or more expensive than anticipated or which may have unforeseen consequence to us and our customers, including the development and implementation of tools incorporating artificial intelligence; the commencement, cost and outcome of litigation and other legal proceedings and regulatory actions against us; the impact of recent and future legislative and regulatory changes, domestic and foreign; risks related to climate change and the negative impact it may have on our customers and their businesses; the imposition of tariffs or other governmental policies impacting the global supply chain and the value of products produced by our commercial borrowers; severe weather, natural disasters, wide spread disease or pandemics, acts of war, military conflicts, or terrorism, changes in foreign relations, or other adverse external events, including ongoing conflicts in the Middle East, the Russian invasion of Ukraine and recent military activities in Venezuela; potential impairment to the goodwill the Company recorded in connection with acquisitions; risks associated with our integration of First Minnetonka City Bank (“FMCB”), including the possibility that the merger may be more difficult or expensive to integrate than anticipated and the effect of the merger on the Company’s customer and employee relationships and operating results; changes to U.S. or state tax laws, regulations and governmental policies concerning the Company’s general business, including changes in interpretation or prioritization of such rules and regulations; the impact of bank failures or adverse developments at other banks and related negative publicity about the banking industry in general on investor or depositor sentiment regarding the stability and liquidity of banks; and any other risks described in the “Risk Factors” sections of reports filed by the Company with the SEC.

Any forward-looking statement made by us in this presentation is based only on information currently available to us and speaks only as of the date on which it is made. The Company undertake no obligation to publicly update any forward-looking statement, whether written or oral, that may be made from time to time, whether as a result of new information, future developments or otherwise. Certain of the information contained in this presentation is derived from information provided by industry sources. Although the Company believes that such information is accurate and that the sources from which it has been obtained are reliable, the Company cannot guarantee the accuracy of, and have not independently verified, such information.

## Use of Non-GAAP financial measures

In addition to the results presented in accordance with U.S. General Accepted Accounting Principles (“GAAP”), the Company routinely supplements its evaluation with an analysis of certain non-GAAP financial measures. The Company believes these non-GAAP financial measures, in addition to the related GAAP measures, provide meaningful information to investors to help them understand the Company’s operating performance and trends, and to facilitate comparisons with the performance of peers. These disclosures should not be viewed as a substitute for operating results determined in accordance with GAAP, nor are they necessarily comparable to non-GAAP performance measures that may be presented by other companies. Reconciliations of non-GAAP disclosures to the comparable GAAP measures are provided in this presentation.

# Continued Core Deposit Momentum

## Improved Deposit Mix

## Strong Core Deposit Growth Trends Support Loan Growth Outlook

- 4Q25 deposit growth of \$28M, or 2.6% annualized (5.7% for FY25)
- 4Q25 core deposit growth<sup>1</sup> of \$73M, or 8.8% annualized (7.9% for FY25)
- Improved deposit mix as noninterest bearing transaction deposits increased \$100M from 3Q25 while brokered deposits decreased \$24M
- Core deposit growth not always linear due to nature of the deposit base

## Positive Core Deposit<sup>1</sup> Growth Momentum Over Time

<sup>1</sup> Core deposits are defined as total deposits less brokered deposits and certificates of deposit greater than \$250,000  
Dollars in millions

# Robust Loan Growth Trends Continue

## Proven Track Record of Generating Robust Loan Growth

## Loan Growth Aligning With Expectations

- 4Q25 loan growth of \$95M, or 8.9% annualized
- FY25 loan growth of \$441M, or 11.4%
- Loan demand and pipeline remain strong
- Loan-to-deposit ratio of 99.7%, within the 95% to 105% target range

## Loan Growth Outlook

Near-term loan growth will depend on a variety of factors, including:

- **Market and economic conditions** – economic uncertainty including the interest rate environment
- **Loan demand** – M&A disruption and strong pipelines to support near-term growth, but economic uncertainty and increased competition could impact demand going forward
- **Loan payoffs and paydowns** – pace of loan payoffs will continue to impact loan growth
- **Core deposit growth** – pace of core deposit growth will be a governor on loan growth as we look to remain within our target loan-to-deposit ratio range

# Loan Originations and Payoffs Increase

## 4Q25 Loan Growth Roll-forward

## Strong Loan Pipeline Translating into New Originations

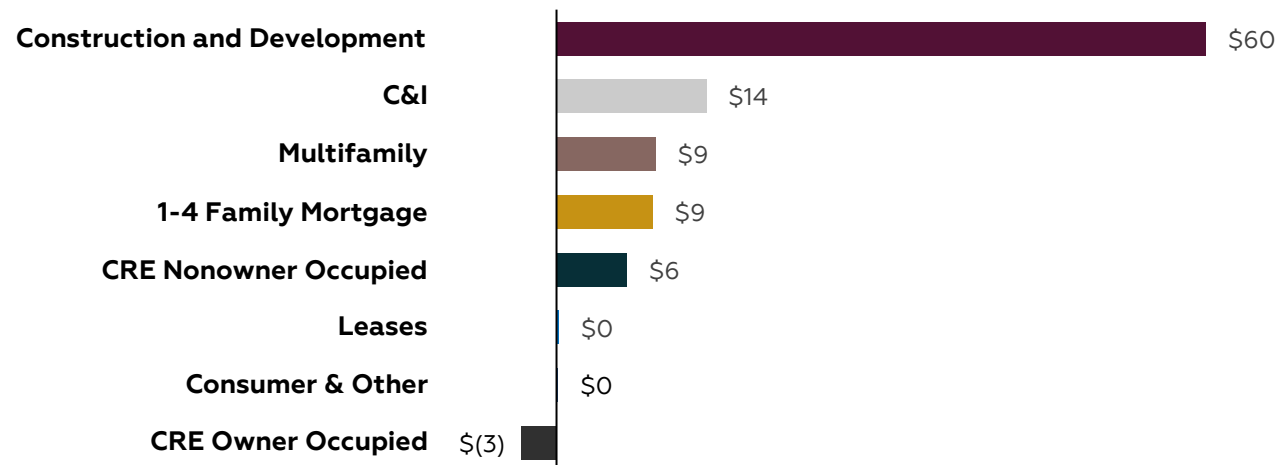

## Increased Loan Payoff Activity

# Well-Diversified Loan Portfolio with Multifamily Expertise

## 4Q25 Loan Growth by Type (vs. 3Q25)

- Increased construction and development commitments over the past several quarters have resulted in renewed balance sheet growth in 2025
- Remain comfortable with the diversity of the loan portfolio, including CRE and multifamily concentrations, given portfolio performance and expertise

## Loan Mix by Type

## National Affordable Housing Expertise

- Affordable housing vertical grew \$41M, or 27% annualized, during 4Q25 with balances spread across the multifamily, construction and development, and C&I portfolios
  - **\$652M** affordable housing portfolio (**\$464M** within multifamily portfolio)
  - **29%** growth in 2025
  - **33%** of the portfolio located outside of Minnesota

## Multifamily Lending Focus in Stable Twin Cities Market

- Bank of choice in the Twin Cities with expertise and differentiated service model
- Greater tenant diversification compared to other asset classes
- Positive market trends with reduced vacancy rates, strong absorption, and slower construction = favorable outlook for occupancy and rent growth
- Market catalysts include relative affordability, steady population growth, low unemployment, strong wages, and shortage of single-family housing

## CRE NOO Office by Geography

- Majority of CRE NOO office exposure in the Twin Cities suburbs
- Only 4 loans totaling \$28M located in Minnesota CBDs
- Only 3 loans totaling \$2M outside of Minnesota (non-CBD), consisting of projects for existing local clients

<sup>1</sup> Excludes medical office of \$91 million  
Data as of December 31, 2025

# Asset Quality Remains Strong

# Comfortable Capital Position to Support Growth

## Capital Ratios Stabilize Following Acquisition

## Recent Capital Actions

- No share repurchases in 4Q25
- \$13.1M remaining under current share repurchase authorization as of December 31, 2025

## Capital Allocation Priorities

1

### Organic Growth

Drive profitability by supporting a proven organic loan growth engine

2

### M&A

Review and evaluate M&A opportunities that complement BWB's business model

3

### Share Repurchases

Opportunistically return capital to shareholders by buying back stock based on valuation, capital levels, and other uses of capital

4

### Dividends

Have not historically paid a common stock dividend given loan growth opportunities

<sup>1</sup> Represents a Non-GAAP financial measure. See Appendix for Non-GAAP reconciliation

## Balance Sheet Growth

- High single digit loan growth over the course of the year, dependent on the pace of core deposit growth
  - Focus on profitable growth while aligning loan growth with core deposit growth over time
  - Target loan-to-deposit ratio between 95% and 105%
- 

## Net Interest Margin

- Path to a 3.00% net interest margin by the end of 2026
  - Dependent on pace of additional rate cuts and shape of the yield curve (assumes no rate cuts in 2026)
  - Continued net interest income growth due to NIM expansion and loan growth outlook
- 

## Expenses

- Noninterest expense growth in line with asset growth over time
  - Continued investments in people and technology initiatives
  - Alignment of provision expense with loan growth and overall asset quality
- 

## Capital Levels

- Maintain stable capital levels in the current environment given the stronger growth outlook
- Ongoing evaluation of potential share repurchases based on valuation, capital levels, and other uses of capital

# 2026 Strategic Priorities

## Optimize Levels of Profitable Growth

- Leverage elevated loan demand and pipelines to drive organic loan growth
- Continue to align loan growth with core deposit growth over time
- Drive NIM expansion in the lower interest rate environment
- Maintain strong credit quality through consistent underwriting standards and active credit oversight

## Continue to Gain Loan and Deposit Market Share

- Take local deposit and loan market share by being the bank-of-choice for clients wanting to bank local in the Twin Cities
- Expand expertise and capacity across targeted verticals, such as affordable housing, women business leaders, nonprofits, and SBA
- Leverage marketplace disruption in the Twin Cities to attract new clients and top talent
- Evaluate M&A opportunities that support our business model and growth outlook

## Expand Reach of the Affordable Housing Vertical

- Leverage affordable housing expertise to grow client base across the Twin Cities and nationally
- Enhance our national presence as an affordable housing lender while building infrastructure for long-term growth
- Expand and enhance perm product offering to drive additional loan and swap fee income
- Continue to earn strong core deposits through affordable housing transactions

## Leverage Technology to Support Business Growth

- Leverage recent technology investments to support growth and enhance workflow efficiencies
- Develop AI strategies to enhance operational efficiencies, strengthen client relationships, and empower team members
- Modernize core banking for scalable growth with open architecture and easy access to third party services
- Expand investment in digital products to improve the client experience

# APPENDIX

# 2025 Strategic Priorities

## Return to More Normalized Levels of Profitable Growth

- Well positioned given efforts to optimize the balance sheet in 2024, including strong core deposit growth and reduced loan-to-deposit ratio
- Leverage increased loan demand due to the more favorable interest rate environment
- Continue to align loan growth with core deposit growth over time
- Maintain strong credit quality through consistent underwriting standards and active credit oversight

## Continue to Gain Loan and Deposit Market Share

- Utilize the expanded branch footprint, including acquisition of FMCB and anticipated 2026 opening of a de novo branch in Lake Elmo, MN
- Focus on expanding targeted verticals, including affordable housing, women business leaders, and cannabis
- Leverage affordable housing expertise to grow client base across the Twin Cities and nationally
- Leverage marketplace disruption in the Twin Cities to attract new clients and top talent

## Leverage Technology to Support Business Growth

- Implement upgraded retail and small business online banking solution
- Optimize recent technology investments, including the nCino commercial loan origination system and new CRM platform, as well as new AI tools to create efficiencies and enhance the client experience

## Execute on M&A Integration and Readiness Initiatives

- Successfully complete systems integration of FMCB
- Evaluate additional M&A opportunities that support BWB's business model and growth outlook
- Leverage recent M&A experience to optimize readiness and execution of future M&A opportunities

# Interest Rate Sensitivity

## Estimated Change in NII From Immediate Interest Rate Shocks

**Liability-sensitive balance sheet well positioned for lower interest rates and a steepening yield curve**

	4Q24	1Q25	2Q25	3Q25	4Q25
+200 bps	(3.1)%	(5.3)%	(2.4)%	(4.9)%	(2.8)%
+100 bps	(1.7)%	(2.7)%	(1.3)%	(2.7)%	(1.4)%
-100 bps	+3.1%	+4.0%	+3.1%	+4.4%	3.7%
-200 bps	+6.7%	+8.8%	+7.2%	+10.5%	9.4%

## Loan Portfolio Considerations

- Loan portfolio most sensitive to changes in the 3- to 5-year portion of the yield curve
- Loan portfolio to reprice higher even in a rates-down environment given larger fixed-rate portfolio and smaller variable-rate portfolio
- \$742M of fixed- and adjustable-rate loans scheduled to reprice over the next year
- Leveraged prepayment penalties on new loan originations to help maintain benefit of higher rates over time

## Funding Considerations

- Deposit base is more sensitive to changing interest rates
- Strong momentum in core deposit growth since March 2023
- Continue to supplement core deposits with wholesale funding to support loan growth over time
- Brokered deposits generally include call options to protect net interest margin as interest rates decline

## Funding Mix Repricing Lower Following Recent Rate Cuts

- \$1.8B of funding tied to short-term rates, including \$1.4B of immediately-adjustable deposits and \$0.4B of derivative hedging
- \$598M of other repricing opportunities, including time deposit maturities over the next 12 months and callable brokered deposits with rates over 4.25%

# Well Positioned to Benefit in Rates-Down Environment

## Loan Portfolio Mix

## Increasing Variable-Rate Mix

## Fixed-Rate Portfolio (\$2.8B)

### Years to Maturity

- Large fixed-rate portfolio provides support to total loan yields in a rates-down environment
- **\$637M** of fixed-rate loans maturing over the next year, with a weighted average yield of **5.55%**

## Variable-Rate Portfolio (\$933M)

### Variable-Rate Loan Floors

- Smaller variable-rate portfolio limits immediate repricing pressure in a rates-down environment
- 64% of variable-rate portfolio have rate floors, with 91% of the floors at or above 5%
- 96% of variable-rate loans are currently tied to SOFR or Prime

## Adjustable-Rate Portfolio (\$555M)

### Adjustable-Rate Repricing/Maturity Schedule

- Adjustable-rate loans likely to reprice higher, even in a rates-down environment
- **\$106M** of adjustable-rate loans repricing or maturing over the next year, with a weighted average yield of **3.84%**

# High Quality Securities Portfolio

## Securities Available for Sale Portfolio (dollars in millions)

## Rating Mix

## Derivatives Portfolio Offsetting AOCI Impact (dollars in thousands)

- No held-to-maturity securities
- Securities portfolio average duration of 7.3 years
- Average securities portfolio yield of 4.93%
- AOCI / Total Risk-Based Capital of 0.1% vs. peer bank median of (3.7)%<sup>2</sup>
