Bioeconomy Fund â€“ Rio de Janeiro, February 6, 2025 â€“ PetrÂ³leo Brasileiro S.A. â€“ Petrobras announces the
establishment of an Impact Fund for Bioeconomy and Nature-Based Solutions Socio-Environmental Projects (Petrobras
Bioeconomy Fund) in partnership with RÂ©gia Capital, a management firm focused on sustainable investments and
financial solutions. Petrobras allocated R\$ 50 million to the Fund, with RÂ©gia contributing an additional R\$ 50 million.
Â This is a voluntary socio-environmental investment by Petrobras, complementing the companyâ€™s other Social
Responsibility initiatives. The Fund aims to support socio-environmental projects in Brazil with the goal of transforming
them into sustainable businesses that generate large-scale positive impacts, preserving Petrobras' allocated capital
while leveraging these initiatives. Any financial return will be reinvested to further scale the socio-environmental
benefits. Â The selection of projects will prioritize initiatives in areas deemed critical for climate action and biodiversity
preservation, such as the Amazon; actions in regions under deforestation pressure; initiatives with a positive impact on
job and income generation; projects with the potential to generate high-integrity carbon credits; and biodiversity
credits as well as fauna and flora restoration. Â The Petrobras Bioeconomy Fund is the first in Brazil to adopt the
Impact Linked Compensation model, which aligns financial incentives with sustainability objectives. That is, the fund's
performance fee varies according to the socio-environmental impact rate of the projects. Â The Fund also has its own
governance structure for project selection, considering economic, social, environmental, innovation, and sustainable
development impact indicators. With these innovative financial mechanisms, the Fund aims to become a scalable hub of
support for the development of Brazil's bioeconomy sector. Â The selection of RÂ©gia Capital as the manager of the
Petrobras Bioeconomy Fund was made through a competitive process involving proposals from various institutions.
RÂ©gia Capital is a sustainable investment platform created by JGP and BB Asset. Â The creation of the Fund aligns
with Petrobras' 2050 Strategic Plan and 2025-2029 Business Plan, which include guidelines for promoting conservation
and environmental restoration actions across Brazilian territory. Â www.petrobras.com.br/irFor more
