GSE(s)	Government-Sponsored Enterprises (Fannie Mae and Freddie Mac)
homegenius	Radian's business segment that offers an array of title, real estate and real estate technology products and services to consumers, mortgage lenders, mortgage and real estate investors, GSEs, real estate brokers and agents
IBNR	Losses incurred but not reported
IIF	Insurance in force, equal to the aggregate unpaid principal balances of the underlying loans
LAE	Loss adjustment expenses, which include the cost of investigating and adjusting losses and paying claims
LTV	Loan-to-value ratio, calculated as the ratio of the original loan amount to the original value of the property, expressed as a percentage
Master Policy	Radian Guaranty's master insurance policy form(s) setting forth the terms and conditions of our mortgage insurance coverage, which are updated periodically, including in response to requirements issued by the GSEs, and filed in each of the jurisdictions in which we conduct business

Term	Definition
Master Repurchase Agreements	The Goldman Sachs Master Repurchase Agreement, the BMO Master Repurchase Agreement, and the BMO Flagstar Master Repurchase Agreement, collectively
Minimum Required Asset(s)	A risk-based minimum required asset amount, as defined in the PMIERS, calculated based on net RIF (RIF, net of credits permitted for reinsurance) and a variety of measures related to expected credit performance and other factors including the impact of the Disaster Related Capital Charge
Monthly and Other Recurring Premiums (or Recurring Premium Policies)	Insurance premiums or policies, respectively, where premiums are paid on a monthly or other installment basis, in contrast to Single Premium Policies
Monthly Premium Policies	Insurance policies where premiums are paid on a monthly installment basis
Moody's Mortgage Conduit	Moody's Investors Service Radian's mortgage conduit business, operated primarily through Radian Mortgage Capital, which purchases eligible mortgage loans on the secondary market from residential mortgage lenders with the intent to either sell directly to mortgage investors or distribute into the capital markets through private label securitizations, with the option to hold servicing rights for the loans sold
Mortgage Insurance	Radian's mortgage insurance and risk services business segment, operated primarily through Radian Guaranty, which provides credit-related insurance coverage for the benefit of mortgage lending institutions and mortgage credit investors, principally through private mortgage insurance on residential first-lien mortgage loans, as well as contract underwriting and also offers other credit risk management solutions to mortgage lending institutions and mortgage credit investors our customers
MPP Requirement	Certain states' statutory or regulatory risk-based capital requirement that the mortgage insurer must maintain a minimum policyholder position, which is calculated based on both risk and surplus levels
NIW	New insurance written, representing the aggregate original principal amount of the mortgages underlying the Primary Mortgage Insurance

4

Term	Definition
Parent Guarantees	Two Three separate parent guaranty agreements, entered into by Radian Group in connection with its mortgage conduit business, to guaranty the obligations of certain of its subsidiaries in connection with the Master Repurchase Agreements
Persistency Rate	The percentage of IIF that remains in force over a period of time
PMIERS	Private Mortgage Insurer Eligibility Requirements issued by the GSEs under oversight of the Federal Housing Finance Agency and updated by them from time to time to set forth requirements an approved insurer must meet and maintain to provide mortgage guaranty insurance on loans acquired by the GSEs
PMIERS Cushion	Under PMIERS, Radian Guaranty's excess of Available Assets over Minimum Required Assets
Pool Mortgage Insurance	Insurance that provides a lender or investor protection against default on a group or "pool" of mortgages, rather than on an individual mortgage loan basis, generally subject to an aggregate exposure limit, or "stop loss" (usually between 1% and 10%), and/or deductible applied to the initial aggregate loan balance of the entire pool, pursuant to the terms of the applicable insurance agreement
Primary Mortgage Insurance	Insurance that provides a lender or investor protection against default on an individual mortgage loan basis, at a specified coverage percentage for each loan, pursuant to the terms of the applicable Master Policy master policy, which are updated periodically and filed in each of the jurisdictions in which we conduct business
QSR Program	The Single Premium QSR Program, the 2012 QSR Agreements, the 2022 QSR Agreement and the 2023 QSR Agreement, collectively
Radian	Radian Group Inc. together with its consolidated subsidiaries
Radian Group	Radian Group Inc., our insurance holding company
Radian Guaranty	Radian Guaranty Inc., a Pennsylvania domiciled insurance subsidiary of Radian Group and our approved insurer under the PMIERS, through which we provide mortgage insurance products and services
Radian Mortgage Capital	Radian Mortgage Capital LLC, a Delaware limited liability company and an indirect subsidiary of Radian Group, is a mortgage conduit formed to through which we acquire and sell residential mortgage loans which Radian Mortgage Capital expects to then distribute into the capital markets through private label securitizations or sell directly to mortgage investors
Radian Reinsurance	Radian Reinsurance Inc., a former Pennsylvania domiciled insurance company and subsidiary of Radian Group that was merged into Radian Guaranty in December 2022
Radian Title Insurance	Radian Title Insurance Inc., an Ohio domiciled insurance company and an indirect subsidiary of Radian Group, through which we offer title insurance and settlement services

5

Term	Definition
RBC States	Risk-based capital states, which are those states that currently impose a statutory or regulatory risk-based capital requirement
Real Estate Services	Radian's real estate services business, operated primarily through Radian Real Estate Management LLC, which provides residential real estate management, valuation and due diligence services to single family rental investors, the GSEs and mortgage lenders, servicers and investors
Real Estate Technology	Radian's real estate technology services business, operated primarily through homegenius Real Estate LLC, which is an early stage digital real estate business providing data, analytics and technology to institutions and consumers
Rescission	Our legal right, under certain conditions, to unilaterally rescind coverage on our mortgage insurance policies if we determine that a loan did not qualify for insurance
RIF	Risk in force; for Primary Mortgage Insurance, RIF is equal to the underlying loan unpaid principal balance multiplied by the insurance coverage percentage, whereas for Pool Mortgage Insurance, it represents the remaining exposure under the agreements
Risk-to-capital	Under certain state regulations, a maximum ratio of net RIF calculated relative to the level of statutory capital
RMBS	Residential mortgage-backed securities
RSU	Restricted stock unit
S&P	Standard & Poor's Financial Services LLC
SAP	Statutory accounting principles and practices, including those required or permitted, if applicable, by the insurance departments of the respective states of domicile of our insurance subsidiaries
SEC	United States Securities and Exchange Commission
Securities Act	Securities Act of 1933, as amended
Senior Notes due 2024	Our 4.500% unsecured senior notes due October 2024 (\$450 million original principal amount)
Senior Notes due 2025	Our 6.625% unsecured senior notes due March 2025 (\$525 million original principal amount), of which the outstanding principal amount was redeemed in March 2024

Term	Definition
Senior Notes due 2027	Our 4.875% unsecured senior notes due March 2027 (\$450 million original principal amount)
Senior Notes due 2029	Our 6.200% unsecured senior notes due May 2029 (\$625 million original principal amount)
Single Premium NIW	NIW on Single Premium Policies
Single Premium Policy / Policies	Insurance policies where premiums are paid in a single payment, which includes policies written on an individual basis (as each loan is originated) and on an aggregated basis (in which each individual loan in a group of loans is insured in a single transaction, typically shortly after the loans have been originated)
Single Premium QSR Program	The 2016 Single Premium QSR Agreement, the 2018 Single Premium QSR Agreement and the 2020 Single Premium QSR Agreement, collectively
SOFR	Secured Overnight Financing Rate
Statutory RBC Requirement	Risk-based capital requirement imposed by the RBC States, requiring a minimum surplus level and, in certain states, a minimum ratio of statutory capital relative to the level of risk
Title	Radian's title insurance and settlement services business, operated primarily through Radian Title Insurance and Radian Settlement Services Inc., which serve as a national title insurance underwriter and agency delivering closing and settlement services for purchase, refinance, home equity and default real estate transactions to mortgage lenders and investors, real estate agents, the GSEs and consumers
VIE	Variable interest entity
XOL Program	The credit risk protection obtained by Radian Guaranty in the form of excess-of-loss reinsurance, which indemnifies the ceding company against loss in excess of a specific agreed level, up to a specified limit. The program includes reinsurance agreements with the Eagle Re Issuers in connection with various issuances of mortgage insurance-linked notes, as well as more traditional XOL reinsurance agreements with third-party reinsurers.

Cautionary Note Regarding Forward-Looking Statements

—Safe Harbor Provisions

All statements in this report that address events, developments or results that we expect or anticipate may occur in the future are “forward-looking statements” within the meaning of Section 27A of the Securities Act, Section 21E of the Exchange Act and the Private Securities Litigation Reform Act of 1995. In most cases, forward-looking statements may be identified by words such as “anticipate,” “may,” “will,” “could,” “should,” “would,” “expect,” “intend,” “plan,” “goal,” “contemplate,” “believe,” “estimate,” “predict,” “project,” “potential,” “continue,” “seek,” “strategy,” “future,” “likely” or the negative or other variations on these words and other similar expressions. These statements, which may include, without limitation, projections regarding our future performance and financial condition, are made on the basis of management’s current views and assumptions with respect to future events. These statements speak only as of the date they were made, and we undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. We operate in a changing environment where new risks emerge from time to time and it is not possible for us to predict all risks that may affect us. The forward-looking statements are not guarantees of future performance, and the forward-looking statements, as well as our prospects as a whole, are subject to risks and uncertainties that could cause actual results to differ materially from those set forth in the forward-looking statements. These risks and uncertainties include, without limitation:

- the health of the U.S. housing market generally and changes in economic conditions that impact the size of the insurable mortgage market, the credit performance of our insured mortgage portfolio and our business prospects, including **more recently**, changes resulting from inflationary pressures, the higher interest rate environment and the **risks of a recession and risk** of higher unemployment rates, as well as other macroeconomic stresses and uncertainties, including potential impacts resulting from **political and** geopolitical events;
- changes in the way customers, investors, ratings agencies, regulators or legislators perceive our performance, financial strength and future prospects;
- Radian Guaranty’s ability to remain eligible under the PMIERS to insure loans purchased by the GSEs;
- our ability to maintain an adequate level of capital in our insurance subsidiaries to satisfy current and future regulatory requirements;
- changes in the charters or business practices of, or rules or regulations imposed by or applicable to, the GSEs or loans purchased by the GSEs, or changes in the requirements for Radian Guaranty to remain an approved insurer to the GSEs, such as changes in the PMIERS or the GSEs’ interpretation and application of the PMIERS or other applicable requirements;
- the effects of the ERCF, which establishes a new regulatory capital framework for the GSEs, and which, as finalized, increases the capital requirements for the GSEs, and among other things, could impact the GSEs’ operations and pricing as well as the size of the insurable mortgage **market, and which may form the basis for future changes to the PMIERS to better align with the ERCF; market;**
- changes in the current housing finance system in the United States, including the roles of the Federal Housing Administration (the “FHA”), **U.S. Department of Veterans Affairs (“VA”),** the GSEs and private mortgage insurers in this system;
- our ability to successfully execute and implement our capital plans, including our risk distribution strategy through the capital markets and traditional reinsurance markets, and to maintain sufficient holding company liquidity to meet our liquidity needs;
- our ability to successfully execute and implement our business plans and strategies, including plans and strategies that may require GSE and/or regulatory approvals and licenses, that are subject to complex compliance requirements that we may be unable to satisfy, or that may expose us to new risks, including those that could impact our capital and liquidity positions;
- risks related to the quality of third-party mortgage underwriting and mortgage **loan** servicing;
- a decrease in the Persistency Rates of our mortgage insurance on Monthly Premium Policies;
- competition in the private mortgage insurance industry generally, and more specifically: price competition in our mortgage insurance business **including the prevalence of formulaic, granular risk-based pricing methodologies that are less transparent than historical rate-card-based pricing practices;** and competition from the FHA and the **U.S. Department of Veterans Affairs VA** as well as from other forms of credit enhancement, such as any potential GSE-sponsored alternatives to traditional mortgage insurance;
- U.S. political conditions, **which may be more volatile and present a heightened risk in Presidential election years,** and legislative and regulatory activity (or inactivity), including adoption of (or failure to adopt) new laws and regulations, or changes in existing laws and regulations, or the way they are interpreted or applied;
- legal and regulatory claims, assertions, actions, reviews, audits, inquiries and investigations that could result in adverse judgments, settlements, fines, injunctions, restitutions or other relief that could require significant expenditures, new or increased reserves or have other effects on our business;

- the amount and timing of potential payments or adjustments associated with federal or other tax examinations;

- the possibility that we may fail to estimate accurately, especially in the event of an extended economic downturn or a period of extreme market volatility and economic uncertainty, the likelihood, magnitude and timing of losses in establishing loss reserves for our mortgage insurance business or to accurately calculate and/or project our Available Assets and Minimum Required Assets under the PMIERS, which could be impacted by, among other things, the size and mix of our IIF, future changes to the PMIERS, the level of defaults in our portfolio, the reported status of defaults in our portfolio (including whether they are subject to mortgage forbearance, a repayment plan or a loan modification trial period), the level of cash flow generated by our insurance operations and our risk distribution strategies;
- volatility in our financial results caused by changes in the fair value of our assets and liabilities, including with respect to our use of derivatives and within our investment portfolio;
- changes in GAAP or SAP rules and guidance, or their interpretation;
- risks associated with investments to grow our existing businesses, or to pursue new lines of business or new products and services, including our ability and related costs to develop, launch and implement new and innovative technologies and digital products and services, whether these products and services receive broad customer acceptance or disrupt existing customer relationships, and additional financial risks related to these investments, including required changes in our investment, financing and hedging strategies, risks associated with our increased use of financial leverage, which could expose us to liquidity risks resulting from changes in the fair values of assets, and the risk that we may fail to achieve forecasted results, which could result in lower or negative earnings **contribution and/or impairment charges associated with intangible assets; contribution;**
- the effectiveness and security of our information technology systems and digital products and services, including the risk that these systems, products or services fail to operate as expected or planned or expose us to cybersecurity or third-party risks, including due to malware, unauthorized access, cyberattack, ransomware or other similar events;
- our ability to attract and retain key employees;
- the amount of dividends, if any, that our insurance subsidiaries may distribute to us, which under applicable regulatory requirements is based primarily on the financial performance of our insurance subsidiaries, and therefore, may be impacted by general economic, competitive and other factors, many of which are beyond our control; and
- the ability of our operating subsidiaries to distribute amounts to us under our internal tax- and expense-sharing arrangements, which for our insurance subsidiaries are subject to regulatory review and could be terminated at the discretion of such regulators.

For more information regarding these risks and uncertainties as well as certain additional risks that we face, you should refer to "Item 1A. Risk Factors" in this report and "Item 1A. Risk Factors" in our **2022 2023** Form 10-K, and to subsequent reports and registration statements filed from time to time with the SEC. We caution you not to place undue reliance on these forward-looking statements, which are current only as of the date on which we issued this report. We do not intend to, and we disclaim any duty or obligation to, update or revise any forward-looking statements to reflect new information or future events or for any other reason.

1. Description of Business

We are a diversified mortgage and real estate business, company, providing both credit-related mortgage insurance coverage and an array of other mortgage, risk, title, products and services across the residential real estate and real estate technology products and services, mortgage finance industries. We have two one reportable business segments—segment—Mortgage and homegenius, Insurance.

Mortgage Insurance

Our Mortgage Insurance segment provides credit-related insurance coverage, principally through private mortgage insurance on residential first-lien mortgage loans, as well as contract underwriting and other credit risk management solutions, to mortgage lending institutions and mortgage credit investors. We provide our mortgage insurance products and services mainly through our wholly owned subsidiary, Radian Guaranty.

Private mortgage insurance plays an important role in the U.S. housing finance system because it promotes affordable home ownership and helps protect mortgage lenders and mortgage investors, as well as other beneficiaries such as the GSEs, by mitigating default-related losses on residential mortgage loans. Generally, these loans are made to home buyers who make down payments of less than 20% of the purchase price for their home or, in the case of refinancings, have less than 20% equity in their home. Private mortgage insurance also facilitates the sale of these low down payment loans in the secondary mortgage market, almost all of which are currently sold to the GSEs.

Our total direct primary mortgage IIF and RIF were \$269.5 billion \$271.0 billion and \$69.3 billion \$70.3 billion, respectively, as of September 30, 2023 March 31, 2024, compared to \$261.0 billion \$270.0 billion and \$66.1 billion \$69.7 billion, respectively, as of December 31, 2022 December 31, 2023.

The GSEs and state insurance regulators impose various capital and financial requirements on our mortgage insurance subsidiaries. These include the PMIERS financial requirements, as well as Risk-to-capital and other risk-based capital measures and surplus requirements. Failure to comply with these capital and financial requirements may limit the amount of insurance that our mortgage insurance subsidiaries write or may prohibit them from writing insurance altogether. The GSEs with respect to Radian Guaranty and state insurance regulators possess significant discretion with respect to all of our mortgage insurance subsidiaries and possess significant discretion regarding all aspects of their business, these businesses. See Note 16 for additional information on PMIERS and other regulatory information.

homegenius All Other

Our homegenius segment is primarily a fee-for-service We report on our other operating segments and business that offers activities within an array All Other category, which includes the results of products our Mortgage Conduit, Title, Real Estate Services and services to market participants across the real estate value chain. Our homegenius products and services include title, real estate and real estate technology products and services offered primarily to consumers, mortgage lenders, mortgage and real estate investors, GSEs, real estate brokers and agents. These products and services help lenders, investors, consumers and real estate agents evaluate, manage, monitor, acquire and sell properties. They include software-as-a-service solutions and platforms, as well as other services, such as real estate owned asset management, single-family rental services and real estate valuation services. In addition, we provide title insurance and non-insurance title, closing and settlement services to mortgage lenders, GSEs and mortgage investors, as well as directly to consumers for residential mortgage loans. Real Estate Technology businesses.

See Note 4 for additional information about our Mortgage Insurance reportable segments segment and All Other business activities.

Risks and Uncertainties

In assessing the Company's current financial condition and developing forecasts of future operations, management has made significant judgments and estimates with respect to potential factors impacting our financial and liquidity position. These judgments and estimates are subject to risks and uncertainties that could affect amounts reported in our financial statements in future periods and that could cause actual results to be materially different from our estimates, including as a result of macroeconomic stresses such as inflation, slower economic growth and higher levels of unemployment, estimates.

2. Significant Accounting Policies

Basis of Presentation

Our condensed consolidated financial statements are prepared in accordance with GAAP and include the accounts of Radian Group and its subsidiaries. All intercompany accounts and transactions, and intercompany profits and losses, have been eliminated. Certain prior period amounts have been reclassified to conform to the current period presentation, presentation, including a reclassification for the three months ended March 31, 2023, of interest expense to net investment income for expenses associated with our securities lending transactions. We have condensed or omitted certain information and footnote disclosures normally included in consolidated financial statements prepared in accordance with GAAP pursuant to the instructions set forth in Article 10 of Regulation S-X of the SEC.

We generally refer to our insurance holding company alone, without its consolidated subsidiaries, as "Radian Group." We refer to Radian Group together with its consolidated subsidiaries as "Radian," the "Company," "we," "us" or "our," unless the

15

context requires otherwise. Unless otherwise defined in this report, certain terms and acronyms used throughout this report are defined in the Glossary of Abbreviations and Acronyms included as part of this report.

The financial information presented for interim periods is unaudited; however, such information reflects all adjustments that are, in the opinion of management, necessary for the fair statement of the financial position, results of operations,

15

comprehensive income (loss) and cash flows for the interim periods presented. Such adjustments are of a normal recurring nature. The year-end condensed consolidated balance sheet data was derived from our audited financial statements, but does not include all disclosures required by GAAP.

To fully understand the basis of presentation, these interim financial statements and related notes contained herein should be read in conjunction with the audited financial statements and notes thereto included in our 2022 2023 Form 10-K. The results of operations for interim periods are not necessarily indicative of results to be expected for the full year or for any other period.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of our contingent assets and liabilities at the dates of the financial statements, as well as the reported amounts of revenues and expenses during the reporting periods. While the amounts included in our condensed consolidated financial statements include our best estimates and assumptions, actual results may vary materially.

Other Significant Accounting Policies

See Note 2 of Notes to Consolidated Financial Statements in our 2022 2023 Form 10-K for information regarding other significant accounting policies. There have been no significant changes in our significant accounting policies from those discussed in our 2022 2023 Form 10-K.

Recent Accounting Pronouncements

Accounting Standards Adopted During 2023

In August 2018, the FASB issued ASU 2018-12, Financial Services—Insurance—Targeted Improvements to the Accounting for Long-Duration Contracts. The new standard: (i) requires that assumptions used to measure the liability for future policy benefits be reviewed at least annually; (ii) defines and simplifies the measurement of market risk benefits; (iii) simplifies the amortization of deferred acquisition costs; and (iv) enhances the required disclosures about long-duration contracts. This update is effective for fiscal years beginning after December 15, 2022, including interim periods within those fiscal years. The adoption of this update on January 1, 2023, did not have a material impact on our consolidated financial statements.

Accounting Standards Not Yet Adopted

In March 2020, the FASB issued ASU 2020-04, Reference Rate Reform—Facilitation of the Effects of Reference Reform on Financial Reporting. This guidance provides optional expedients and exceptions for applying GAAP requirements to investments, derivatives, or other transactions affected by reference rate reform such as those that impact the assessment of contract modifications. In December 2022, the FASB issued ASU 2022-06, Reference Rate Reform—Deferral of the Sunset Date of Topic 848, which extends the period of time that preparers can utilize the reference rate reform relief guidance. The prospective adoption of this update on July 1, 2023, did not have a material impact on our consolidated financial statements or disclosures.

In October 2023, the FASB issued ASU 2023-06, Disclosure Improvements—Codification Amendments in Response to the SEC’s Disclosure Update and Simplification Initiative. The amendments in this update modify disclosure and presentation requirements related to various topics and align codification with the SEC’s regulations. The effective date for each amendment will be the date on which the SEC’s removal of that related disclosure from Regulation S-X or Regulation S-K becomes effective. If by June 30, 2027, the SEC has not removed the applicable requirements, the pending content will be removed and not become effective. Early adoption is prohibited. We are currently evaluating the impact the new accounting guidance will have on our disclosures.

In November 2023, the FASB issued ASU 2023-07, Segment Reporting—Improvements to Reportable Segment Disclosures. This update enhances disclosure requirements, primarily through enhanced disclosures about significant reportable segment expenses under ASC 280. This update is applicable to all public entities and is effective for fiscal years starting after December 15, 2023, and interim periods within fiscal periods commencing after December 15, 2024. Early adoption is permitted. The amendments in this update should be applied retrospectively for all periods presented in the financial statements. We are currently evaluating the impact the new accounting guidance will have on our disclosures.

In December 2023, the FASB issued ASU 2023-09, Income Taxes—Improvements to Income Tax Disclosures, an update which enhances income tax disclosures. This guidance requires disaggregated information about an entity’s effective tax rate reconciliation as well as information on income taxes paid. This update is applicable to all public entities and is effective for fiscal years starting after December 15, 2024. Early adoption is permitted. The amendments in this update should be applied prospectively; however, retrospective application is permitted. We are currently evaluating the impact the new accounting guidance will have on our disclosures.

3. Net Income Per Share

Basic net income per share is computed by dividing net income by the weighted average number of common shares outstanding, while diluted net income per share is computed by dividing net income attributable to common stockholders by the sum of the weighted average number of common shares outstanding and the weighted average number of dilutive potential common shares. Dilutive potential common shares relate to our share-based compensation arrangements.

The calculation of basic and diluted net income per share is as follows.

Net income per share							
Net income per share							
		Three Months Ended September 30,		Nine Months Ended September 30,			
		Three Months Ended March 31,		Three Months Ended March 31,			
		Three Months Ended March 31,					
(In thousands, except per-share amounts)	(In thousands, except per-share amounts)	2023	2022	2023	2022	(In thousands, except per-share amounts)	
Net income—basic and diluted	Net income—basic and diluted	\$156,582	\$198,280	\$460,426	\$580,604		
Average common shares outstanding—basic							
Average common shares outstanding—basic							
Average common shares outstanding—basic	Average common shares outstanding—basic	158,461	162,506	158,992	171,116		

(1) The following number of shares of our common stock equivalents issued under our share-based compensation arrangements are not included in the calculation of diluted net income per share because their effect would be anti-dilutive.

4. Segment Reporting

As a result of the change described above, we now have two strategic business units that we manage separately—one reportable segment, Mortgage and homegenius. Our Mortgage segment Insurance, which derives its revenue from mortgage insurance and other mortgage and risk services, including contract underwriting solutions provided to mortgage lending institutions and mortgage credit investors. Our homegenius segment offers an array of title, real estate and real estate technology products and services to consumers, mortgage lenders, mortgage and real estate investors, GSEs, real estate brokers and agents.

In addition to this reportable segment, in All Other we report as All Other activities that include: (i) income (losses) from assets held by Radian Group, our holding company; (ii) related general corporate operating expenses not attributable or allocated to our reportable segments; segment; and (iii) the operating results from certain investments in new business opportunities, including other

immaterial activities and investments associated with Radian operating segments, including our Mortgage Capital, Conduit, Title, Real Estate Services and other immaterial activities, Real Estate Technology businesses. We have reflected this change in our segment operating results for all periods presented, as shown below.

We allocate corporate operating expenses to both reportable segments our Mortgage Insurance business and our immaterial operating businesses included in All Other based primarily on each segment's their respective forecasted annual percentage of total revenue, which approximates the estimated percentage of management time spent on each segment, business. In addition, we allocate all corporate interest expense to our Mortgage Insurance segment, due to the capital-intensive nature of our mortgage insurance business. We do not manage assets by segment, operating segments.

See Note 1 for additional details about our Mortgage and homegenius businesses, Insurance business.

Adjusted Pretax Operating Income (Loss)

Our senior management, including our Chief Executive Officer, (Radian's chief operating decision maker), uses adjusted pretax operating income (loss) as our primary measure to evaluate the fundamental financial performance of each of Radian's business segments businesses and to allocate resources to the segments, them.

Adjusted pretax operating income (loss) is defined as pretax income (loss) excluding the effects of: (i) net gains (losses) on investments and other financial instruments, except for certain investments and other financial instruments attributable to

17

our reportable segments and segment or All Other activities; (ii) amortization and impairment of goodwill and other acquired intangible assets; and (iii) impairment of other long-lived assets and other non-operating items, if any, such as gains (losses) from the sale of lines of business, acquisition-related income and expenses (expenses) and gains (losses) on extinguishment of debt. See Note 4 of Notes to Consolidated Financial Statements in our 2022 2023 Form 10-K for detailed information regarding items excluded from adjusted pretax operating income (loss), including the reasons for their treatment.

Although adjusted pretax operating income (loss) excludes certain items that have occurred in the past and are expected to occur in the future, the excluded items represent those that are: (i) not viewed as part of the operating performance of our primary activities or (ii) not expected to result in an economic impact equal to the amount reflected in pretax income (loss).

17

The reconciliation of adjusted pretax operating income (loss) for our reportable segments segment to consolidated pretax income is as follows.

Reconciliation of adjusted pretax operating income (loss) by segment

Total	Total	\$ 3,463,314	\$ (312,320)	\$ 1,434,379	\$ (269,173)	\$ 4,897,693	\$ (581,493)

There were 1,216 1,041 and 1,284 1,063 securities in an unrealized loss position at September 30, 2023 March 31, 2024, and December 31, 2022 December 31, 2023, respectively. We determined that these unrealized losses were due to non-credit factors and that, as of September 30, 2023 March 31, 2024, we did not expect to realize a loss for our investments in an unrealized loss position given our intent and ability to hold these investment securities until recovery of their amortized cost basis. See Note 2 of Notes to Consolidated Financial Statements in our 2022 2023 Form 10-K for information regarding our accounting policy for impairments of investments.

Loaned Securities

We participate in a securities lending program whereby we loan certain securities in our investment portfolio to third-party borrowers for short periods of time. Under this program, we had loaned \$120 million and \$204 million of our investment securities to third parties as of March 31, 2024, and December 31, 2023, respectively, including both fixed-maturities and equity securities. Although we report such securities at fair value within other assets in our condensed consolidated balance sheets, rather than within investments, the detailed information we provide in this Note 6 includes these securities.

All of our securities lending agreements are classified as overnight and revolving. Securities collateral on deposit with us from third-party borrowers totaling \$35 million \$34 million and \$16 million \$61 million as of September 30, 2023 March 31, 2024, and December 31, 2022 December 31, 2023, 24

respectively, may not be transferred or re-pledged unless the third-party borrower is in default, and is therefore not reflected in our condensed consolidated financial statements.

See Note 5 herein for additional detail on the loaned securities and see Note 6 of Notes to Consolidated Financial Statements in our 2022 2023 Form 10-K for additional information about our accounting policies with respect to our securities lending agreements and the collateral requirements thereunder.

Mortgage Loans Held 24

Net Investment Income

Net investment income consisted of the following.

Net investment income		
	Three Months Ended March 31,	
(In thousands)	2024	2023
Investment income		
Fixed-maturities	\$ 57,259	\$ 52,948

Investment expenses (2)	(2,925)	(2,284)
Net investment income	\$ 69,221	\$ 58,453

(1) See Note 7 for Sale

The carrying value of mortgage loans held for sale owned by Radian Mortgage Capital totaled \$138 million and \$4 million at September 30, 2023, and December 31, 2022, respectively, and is based additional information on fair value as discussed below. As of September 30, 2023, our mortgage loans held for sale consisted of 331 mortgage loans with a total unpaid principal balance of \$139 million, related to properties in 35 states and sale.

(2) Includes the District of Columbia. As of September 30, 2023, none of these loans were greater than ninety days delinquent. Interest earned on mortgage loans held for sale is included in net impact from our securities lending activities. Investment expenses also include other investment income on our condensed consolidated statements of operations.

We elected the fair value option for our mortgage loans held for sale to mitigate income statement volatility and allow for consistent treatment of both loans and any associated hedges or derivatives. Net gains (losses) associated with our mortgage loans held for sale and any related hedges are included in net gains (losses) on investments and other financial instruments on our condensed consolidated statements of operations. See Note 5 for additional information about the fair value of these financial instruments.

We typically fund the purchases of our mortgage loans held for sale primarily with amounts borrowed under our mortgage loan financing facilities. See Note 12 for additional information on these facilities and their related terms. management expenses.

(1) Actual maturities may differ as a result of calls before scheduled maturity.

(2) Includes RMBS, CMBS, CLO, Other ABS and mortgage insurance-linked notes, which are not due at a single maturity date.

Other

Our fixed-maturities available for sale include securities totaling \$13 million \$14 million at both September 30, 2023 March 31, 2024, and December 31, 2022 December 31, 2023, that are on deposit and serving as collateral with various state regulatory authorities. Our fixed-maturities available for sale and trading securities also include securities serving as collateral for our FHLB advances. See Note 12 for additional information about our FHLB advances.

7. Goodwill Mortgage Loans Held for Sale

The carrying value of mortgage loans held for sale owned by Radian Mortgage Capital totaled \$147 million and Other Acquired Intangible Assets, Net

All \$33 million at March 31, 2024, and December 31, 2023, respectively, and is based on fair value. The estimated fair value of our goodwill mortgage loans held for sale is subject to changes in mortgage interest rates from the date we agree to purchase the mortgage loan through the date we agree to sell the mortgage loan. We elected the fair value option for our mortgage loans held for sale to mitigate income statement volatility and allow for consistent treatment of both loans and any associated hedges or derivatives. Net gains (losses) associated with our mortgage loans held for sale and any related hedges are included in net gains (losses) on investments and other acquired intangible assets relate to financial instruments in our homegenius segment. There was no change to condensed consolidated statements of operations.

As of March 31, 2024, our goodwill mortgage loans held for sale consisted of 217 mortgage loans with a total unpaid principal balance of \$9.8 million during \$145 million, related to properties in 37 states and the three District of Columbia. As of March 31, 2024, none of these loans were greater than ninety days delinquent or in nonaccrual status. Interest earned on mortgage loans held for sale is included in net investment income in our condensed consolidated statements of operations.

Further, as of March 31, 2024, the Company had commitments to purchase and nine months ended September 30, 2023 fund additional mortgage loans with a total unpaid principal balance of \$277 million. Prior to the settlement and funding of these loan purchases, any unrealized net gains (losses) related to these commitments are recorded as derivative assets or liabilities on our consolidated balance sheets.

26

Radian Group Inc. and Subsidiaries Notes to Unaudited Condensed Consolidated Financial Statements

The following is a summary of table reflects the gross and net carrying amounts and accumulated amortization (including impairment) of outstanding derivative instruments related to our other acquired intangible assets mortgage loan activity as of the periods dates indicated.

Other acquired intangible assets

	September 30, 2023			December 31, 2022		
(In thousands)	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount
Client relationships	\$ 43,550	\$ (42,179)	\$ 1,371	\$ 43,550	\$ (38,067)	\$ 5,483

Derivative instruments

	March 31, 2024			December 31, 2023		
	Fair Value			Fair Value		
(In thousands)	Notional ⁽¹⁾	Derivative Assets	Derivative Liabilities	Notional ⁽¹⁾	Derivative Assets	Derivative Liabilities
Forward mortgage loan purchase commitments	\$ 277,339	\$ 435	\$ —	\$ 83,962	\$ 708	\$ —
Hedging instruments ⁽²⁾						
Forward RMBS purchase contracts	\$ 238,350	\$ 20	\$ 397	\$ 51,100	\$ 715	\$ 817
Interest rate swap futures contracts ⁽³⁾	22,500	499	—	7,300	489	—

For (1) Notional amounts provide an indication of the volume of the Company's derivative capacity.

(2) All of the derivatives used for hedging purposes are interest rate derivatives subject to master netting agreements and are considered economic hedges.

(3) Derivative assets include cash collateral receivables of \$357 thousand and \$720 thousand as of March 31, 2024, and December 31, 2023, respectively.

Included in our net gains (losses) on investments and other financial instruments in our condensed consolidated statements of operations are net gains (losses) related to our mortgage loans and related hedging activities, which consisted of the following.

Net gains (losses) on mortgage loans held for sale		
	Three Months Ended March 31,	
(In thousands)	2024	2023
Net realized gains (losses)		
Mortgage loans	\$ 63	\$ —
Mortgage loan hedging activities	(783)	(116)
Total realized gains (losses)	(720)	(116)
Mortgage loan servicing rights resulting from loan sales	310	—
Change in unrealized gains (losses) on mortgage loans and related derivatives sold or redeemed	(49)	33
Unrealized gains (losses) on mortgage loans and related derivatives still held		
Mortgage loans (1)	1,078	192
Mortgage loan hedging activities	(235)	(29)
Total net unrealized gains (losses)	843	163
Net gains (losses) on mortgage loans held for sale	\$ 384	\$ 80

(1) Includes net gains (losses) on mortgage loan commitments accounted for as derivatives prior to settlement.

We primarily fund the purchases of our mortgage loans held for sale with amounts borrowed under our mortgage loan financing facilities. Expenses related to these facilities are included in interest expense in our condensed consolidated statements of operations. See Note 12 for additional information on these facilities and their related terms and covenants.

Net investment income earned on our accounting policies mortgage loans held for goodwill sale and interest expense incurred on our mortgage loan financing facilities consisted of the following.

27

Radian Group Inc. and Subsidiaries
Notes to Unaudited Condensed Consolidated Financial Statements

Net interest margin on mortgage loans held for sale		
	Three Months Ended March 31,	
(In thousands)	2024	2023
Interest income	\$ 1,793	\$ 194
Interest expense	1,438	77
Net interest margin on mortgage loans held for sale	\$ 355	\$ 117

In addition to the debt covenants under its financing facilities, Radian Mortgage Capital is also subject to certain requirements established by state and other acquired intangible assets, see Notes 2 regulators and 7 loan purchasers, including Freddie Mac, such as certain minimum net worth and capital requirements. The most restrictive of Notes these financial requirements requires Radian Mortgage Capital to Consolidated Financial Statements maintain a minimum tangible net worth of \$3 million. To the extent these requirements are not met, these parties may exercise certain remedies, which may include, as applicable, prohibiting Radian Mortgage Capital from purchasing, selling, or servicing loans. As of March 31, 2024, Radian Mortgage Capital was in our 2022 Form 10-K compliance with all such requirements.

8. Reinsurance

In our mortgage insurance and title insurance businesses, we use reinsurance as part of our risk distribution strategy, including to manage our capital position and risk profile. The reinsurance arrangements for our mortgage insurance business include premiums ceded under the QSR Program and the Excess-of-Loss XOL Program. The amount of credit that we receive under the PMIERS financial requirements for our third-party reinsurance transactions is subject to ongoing approval and regular review and approval by the GSEs.

(1) Represents premiums from our participation in certain credit risk transfer programs. We discontinued our participation in these programs in December 2022 by novating these insurance policies to an unrelated third-party reinsurer. See Note 16 of Notes to Consolidated Financial Statements in our 2022 Form 10-K for additional information.

(2) Net of profit commission, which is impacted by the level of ceded losses recoverable, if any, on reinsurance transactions. See Note 11 for additional information on our reserve for losses and reinsurance recoverable. The nine months ended September 30, 2023, include a \$21 million increase in ceded premiums related to the tender offers that were completed in the second quarter of 2023 by Eagle Re 2019-1 Ltd. and Eagle Re 2020-1 Ltd. to purchase the mortgage insurance-linked notes issued by such entities. See "Excess-of-Loss Program" below for additional information.

Deferred ceding commissions of \$22 million \$18 million and \$27 million \$20 million are included in other liabilities on our condensed consolidated balance sheets at September 30, 2023 March 31, 2024, and December 31, 2022 December 31, 2023, respectively.

(2) Primarily all Ceded losses are primarily related to mortgage insurance.

28

QSR Program

2023 and 2022 QSR Agreement Agreements

In July 2023, Radian Guaranty entered into each of the 2023 and 2022 QSR Agreement Agreements with a panel panels of third-party reinsurance providers to cede a contractual quota share percentage of certain of our NIW, which includes both Recurring Premium Policies and Single Premium Policies (as set forth in the table below), subject to certain conditions, including a limitation for the 2023 QSR Agreement on ceded RIF equal to \$3.0 billion over the term of the agreement.

Radian Guaranty receives a ceding commission for ceded premiums earned pursuant to this transaction. Radian Guaranty is also entitled to receive a profit commission quarterly, subject to a final annual re-calculation, provided that the loss ratio on the loans covered under the agreement generally remains below the applicable prescribed thresholds. Losses on the ceded risk up to these thresholds reduce Radian Guaranty's profit commission on a dollar-for-dollar basis. Radian Guaranty may discontinue ceding new policies under the agreement at the end of any calendar quarter.

27

2022 OSR Agreement

Radian Guaranty receives a ceding commission for ceded premiums earned pursuant to these transactions. Radian Guaranty is also entitled to receive a profit commission quarterly, subject to a final annual re-calculation, provided that the loss ratio on the loans covered under the **agreement** **agreements** generally remains below the applicable prescribed thresholds. Losses on the ceded risk up to these thresholds reduce Radian Guaranty's profit commission on a dollar-for-dollar basis.

Single Premium QSR Program

Radian Guaranty receives a ceding commission for ceded premiums written pursuant to these transactions. Radian Guaranty also receives a profit commission annually, provided that the loss ratio on the loans covered under the agreement generally remains below the applicable prescribed thresholds. Losses on the ceded risk up to these thresholds reduce Radian Guaranty's profit commission on a dollar-for-dollar basis.

The following table sets forth additional details regarding the QSR Program, with RIF ceded as of the dates indicated.

- (1) Excludes the 2012 QSR Agreements, for which RIF ceded is no longer material.
- (2) Radian Guaranty has the option, based on certain conditions and subject to a termination fee, to terminate any of the agreements at the end of any calendar quarter on or after the applicable optional termination date. If Radian Guaranty exercises this option in the future, it would result in Radian Guaranty reassuming the related RIF in exchange for a net payment to the reinsurers calculated in accordance with the terms of the applicable agreement. Radian Guaranty also may terminate any of the agreements prior to the scheduled termination date under certain circumstances, including if one or both of the GSEs no longer grant full PMIERS credit for the reinsurance.

[Glossary](#)

Radian Group Inc. and Subsidiaries
Notes to Unaudited Condensed Consolidated Financial Statements

Excess-of-Loss XOL Program

Mortgage Insurance-linked Notes

Radian Guaranty has entered into a number of fully collateralized reinsurance arrangements with the Eagle Re Issuers, as described below. For the respective coverage periods, Radian Guaranty retains the first-loss layer of aggregate losses, as well as any losses in excess of the outstanding reinsurance coverage amounts. The Eagle Re Issuers provide second layer coverage up to the outstanding coverage amounts. For each of these reinsurance arrangements, the Eagle Re Issuers financed their coverage by issuing mortgage insurance-linked notes to eligible capital markets investors in unregistered private offerings.

The aggregate excess-of-loss reinsurance coverage for these arrangements decreases over the maturity period of the mortgage insurance-linked notes (either a 10-year or 12.5-year period depending on the transaction) as the principal balances of the underlying covered mortgages decrease and as any claims are paid by the applicable Eagle Re Issuer or the mortgage insurance is canceled. Radian Guaranty has rights to terminate the reinsurance agreements upon the occurrence of certain events, including an optional call feature that provides Radian Guaranty the right to terminate the transaction on or after the optional call date (5 or 7 years after the issuance of the mortgage insurance-linked notes depending on the transaction) and a right to exercise an optional clean-up call if the outstanding principal amount of the related mortgage insurance-linked notes falls below 10% of the initial coverage level or principal balance, depending on the transaction, of the related mortgage insurance-linked notes.

Under each of the reinsurance agreements, the outstanding reinsurance coverage amount will begin amortizing after an initial period in which a target level of credit enhancement is obtained and will stop amortizing if certain thresholds, or triggers, are reached, including a delinquency trigger event based on an elevated level of delinquencies as defined in the related mortgage insurance-linked notes transaction agreements. The

Any remaining mortgage insurance-linked notes issued by Eagle Re 2018-1 2020-1 Ltd. are currently subject to a delinquency trigger event, which was first reported were paid in full in March 2024, with no material impact to the insurance-linked note investors on June 25, 2020. Company. As a result, as of March 31, 2024, Eagle Re 2020-1 Ltd. is no longer providing reinsurance coverage to Radian Guaranty.

Traditional Reinsurance

For the insurance-linked notes that are subject to a delinquency trigger event, both respective coverage periods under traditional XOL reinsurance agreements, Radian Guaranty retains the amortization first-loss layer of aggregate losses, as well as any losses in excess of the outstanding reinsurance coverage amount pursuant amounts. The reinsurers provide second layer coverage up to our reinsurance arrangements with Eagle Re 2018-1 Ltd. and the amortization outstanding coverage amounts.

The 2023 XOL Agreement is scheduled to terminate September 30, 2033. Radian Guaranty has the option, based upon certain conditions, to terminate the agreement as of September 30, 2028, or at the principal amount end of any calendar quarter thereafter, which would result in Radian Guaranty reassuming the related insurance-linked notes issued by Eagle Re 2018-1 Ltd. have been suspended and will continue to be suspended during RIF. In the pendency of the trigger event.

Given the diminished PMIERS capital benefit and risk mitigation values that event Radian Guaranty was receiving from does not exercise its right to terminate the reinsurance agreements, in June 2023 Eagle Re 2019-1 Ltd. and Eagle Re 2020-1 Ltd. conducted tender offers to purchase agreement on September 30, 2028, the mortgage insurance-linked notes that supported their reinsurance

agreements with Radian Guaranty. As a result of the tender offers, \$455 million and \$332 million of the original principal amount of the Eagle Re 2019-1 Ltd. and Eagle Re 2020-1 Ltd. mortgage insurance-linked notes, respectively, were tendered and repurchased, representing 100% of the Eagle Re 2019-1 Ltd. mortgage insurance-linked notes and 82% of the Eagle Re 2020-1 Ltd. mortgage insurance-linked notes. The corresponding portion of the reinsurance agreements supported by the tendered notes were terminated.

As a result of these tender offers, for the nine months ended September 30, 2023, Radian Guaranty incurred additional ceded premiums earned of \$21 million, consisting of \$16 million related to the cost of tender premiums and associated expenses and \$5 million related to the acceleration of deferred costs. **monthly premium rate will increase** from the original executions of these transactions. Based on projections and expectations in June 2023, at the time of the tender offers, Radian Guaranty expected to save approximately \$58 million of future ceded premiums over time as a result of these tenders, including a full recovery of the \$21 million of the upfront one-time costs noted above within one year. In addition, as a result of these tender offers, Radian Guaranty reestablished certain contingency reserves related to Eagle Re 2019-1 Ltd. See Note 16 for additional detail on this impact. **monthly premium.**

(1) Assets held by the Eagle Re Issuers are required to be invested in U.S. government money market funds, cash or U.S. Treasury securities. Liabilities of the Eagle Re Issuers consist of their mortgage insurance-linked notes, as described above. Assets and liabilities are equal to each other for each of the Eagle Re Issuers.

In October 2023, Radian Guaranty entered into a fully collateralized reinsurance agreement with Eagle Re 2023-1 Ltd. This reinsurance agreement provides for up to \$353 million of aggregate excess-of-loss reinsurance coverage for the mortgage insurance losses on new defaults on an existing portfolio of eligible policies with RIF of \$8.8 billion that were issued between April 1, 2022, and December 31, 2022. For the loans subject to the reinsurance agreement, Radian Guaranty retains the first-loss layer of aggregate losses, as well as any losses in excess of the outstanding reinsurance coverage amounts. Eagle Re 2023-1 Ltd. provides second layer coverage up to the outstanding coverage amounts. Eagle Re 2023-1 Ltd. financed its coverage by issuing mortgage insurance-linked notes to eligible capital markets investors in the amount of \$353 million in an unregistered private offering.

Also in October 2023, Radian Guaranty executed the 2023 XOL Agreement with a panel of third-party reinsurance providers. This reinsurance agreement provides for up to \$246 million of aggregate excess-of-loss reinsurance coverage for the mortgage insurance losses on new defaults on an existing portfolio of eligible policies with RIF of \$8.0 billion that were issued between October 1, 2021, and March 31, 2022. Radian Guaranty retains a portion of the aggregate losses up to a specified amount, after which the reinsurers provide coverage above the amount retained by Radian Guaranty up to the reinsurance coverage amount. Radian Guaranty is then responsible for any losses in excess of the reinsurance coverage amount. The agreement is scheduled to terminate September 30, 2033. Radian Guaranty has the option, based on certain conditions, to terminate the agreement as of September 30, 2028, or at the end of any calendar quarter thereafter, which would result in Radian Guaranty reassuming the related RIF. In the event Radian Guaranty does not terminate the agreement on September 30, 2028, the monthly premium rate will increase by a factor of 1.5 times the original monthly premium.

Other Collateral

Although we use reinsurance as one of our risk management tools, reinsurance does not relieve us of our obligations to our policyholders. In the event the reinsurers are unable to meet their obligations to us, our insurance subsidiaries would be liable for any defaulted amounts. However, consistent with the PMIERS reinsurer counterparty collateral requirements, the third-party reinsurers to Radian Guaranty's reinsurers Guaranty have established trusts to help secure our potential cash recoveries. In addition to the total VIE assets of the Eagle Re Issuers discussed above, the amount held in reinsurance trusts was \$200.281 million as of September 30, 2023 March 31, 2024, compared to \$175 million \$274 million as of December 31, 2022 December 31, 2023.

In addition, primarily for the Single Premium QSR Program, Radian Guaranty holds amounts related to ceded premiums written to collateralize the reinsurers' obligations, which is reported in reinsurance funds withheld on our condensed consolidated balance sheets. Any loss recoveries and profit commissions paid to Radian Guaranty related to the Single Premium QSR Program are expected to be realized from this account.

See Note 8 of Notes to Consolidated Financial Statements in our 2022 2023 Form 10-K for more information about our reinsurance transactions.

31

9. Other Assets

The following table shows the components of other assets as of the dates indicated.

		Other assets	
		September 30, 2023	December 31, 2022
(In thousands)	(In thousands)		
Loaned securities (Note 5 and 6)		\$ 149,541	\$ 112,139
(In thousands)			
		March 31, 2024	December 31, 2023
(In thousands)

Other	Other	39,955	47,053
Total other assets	Total other assets	\$ 420,483	\$ 427,024

(1) We are the beneficiary of insurance policies on the lives of certain of our current and past officers and employees. The balances reported in other assets reflect the amounts that could be realized upon surrender of the insurance policies as of each respective date.

(2) Relates primarily to our Single Premium QSR Program.

See Note 9 of Notes to Consolidated Financial Statements in our 2022 2023 Form 10-K for more information about our right-of-use assets and related impairment analysis.

32

10. Income Taxes

We use the estimated effective tax rate method to calculate income taxes in interim periods. Certain items, including those deemed to be unusual, infrequent or that cannot be reliably estimated, are excluded from the estimated annual tax rate. In these cases, the actual tax expense or benefit is reported in the same period as the related item.

As of September 30, 2023 both March 31, 2024, and December 31, 2022 December 31, 2023, our current federal income tax liability was \$24 million and \$21 million, respectively, which primarily relates to applying the standards of accounting standard for uncertainty in income taxes, and is included as a component of other liabilities in on our condensed consolidated balance sheets.

As a mortgage guaranty insurer, we are eligible for a tax deduction, subject to certain limitations, under Internal Revenue Code Section 832(e) for amounts required by state law or regulation to be set aside in statutory contingency reserves. The deduction is allowed only to the extent that, in conjunction with quarterly federal tax payment due dates, we purchase non-interest bearing U.S. Mortgage Guaranty Tax and Loss Bonds issued by the U.S. Department of the Treasury in an amount equal to the tax benefit derived from deducting any portion of our statutory contingency reserves. As of September 30, 2023 both March 31, 2024, and December 31, 2022 December 31, 2023, we held \$697 million and \$596 million \$750 million of these bonds, respectively, which are included as prepaid federal income taxes in on our condensed consolidated balance sheets. The corresponding deduction of our statutory contingency reserves resulted in the recognition of a net deferred tax liability.

For additional information on our income taxes, including our accounting policies, see Notes 2 and 10 of Notes to Consolidated Financial Statements in our 2022 2023 Form 10-K.

11. Losses and LAE

Our reserve for losses and LAE consisted of the following as of the dates indicated.

Reserve for losses and LAE

Balance at end of period, net of reinsurance recoverables	329,576	376,349
Add: Reinsurance recoverables ⁽¹⁾	27,097	23,501
Balance at end of period	\$ 356,673	\$ 399,850

- (1) Related to ceded losses recoverable, if any, on reinsurance transactions. See Note 8 for additional information.
- (2) Related to underlying defaulted loans with a most recent default notice dated in the year indicated. For example, if a loan had defaulted in a prior year, but then subsequently cured and later re-defaulted in the current year, that default would be considered a current year default.

Reserve Activity

Incurred Losses

Total incurred losses are driven by: (i) case reserves established for new default notices, which are primarily impacted by both the number of new primary default notices received in the period and our related gross Default to Claim Rate **assumption** and **Claim Severity assumptions** applied to those new defaults and (ii) reserve developments on prior period defaults, which are primarily impacted by changes to our prior Default to Claim Rate **assumptions**, and **Claim Severity assumptions applied to these loans**.

New primary default notices totaled **31,555** **11,756** for the **nine** three months ended **September 30, 2023** **March 31, 2024**, compared to **27,003** **10,624** for the **nine** three months ended **September 30, 2022** **March 31, 2023**, representing an increase of **17%** **11%**. **This** We believe this increase in new primary defaults is **consistent with** mainly due to the natural seasoning of **the** our insured portfolio given the increase in our IIF in recent **years**, **years** and not the result of deteriorating credit performance of the insured portfolio.

Our gross Default to Claim Rate assumption applied to new defaults was 8.0% as of both **September 30, 2023** **March 31, 2024**, and **September 30, 2022** **March 31, 2023**, **as we continue to closely monitor the based on our review of** trends in Cures and claims paid for our default inventory **while also weighing and taking into consideration** the risks and uncertainties associated with the current economic environment.

Our provision for losses during both the first **nine** three months of **2023** **2024** and **2022** **2023** was positively impacted by favorable reserve development on prior year defaults, primarily as a result of more favorable trends in Cures than originally estimated. These Cures have been due primarily to favorable outcomes resulting from **mortgage forbearance programs implemented in response to the COVID-19 pandemic as well as** positive trends in home price appreciation, which has also contributed to a higher rate of claims that result in no ultimate loss **to us** and that are withdrawn by servicers as a result. These favorable observed trends for **prior year default notices** resulted in reductions in our Default to Claim Rate and other reserve **adjustments for prior year default notices, assumptions in both 2024 and 2023, including most notably our Claim Severity assumptions in 2024**. As the remaining number of defaults has continued to decline, the magnitude of the impact to our provision for losses from reserve development on prior year defaults has declined as well.

Claims Paid

Total claims paid were materially unchanged for the **nine** three months ended **September 30, 2023** **March 31, 2024**, compared to the same period in **2022**, **2023**.

For additional information about our Reserve for Losses and LAE, including our accounting policies, see Notes 2 and 11 of Notes to Consolidated Financial Statements in our **2022** **2023** Form 10-K.

Senior Notes

Senior Notes due 2029. In March 2024, we issued \$625 million aggregate principal amount of Senior Notes due 2029 and received net proceeds of \$617 million. These notes mature on May 15, 2029, and bear interest at a rate of 6.200% per annum, payable semi-annually on May 15 and November 15 of each year, with interest payments commencing on November 15, 2024.

We have the option to redeem these notes, in whole or in part, at any time, or from time to time, prior to April 15, 2029 (the date that is one month prior to the maturity date of the notes) (the “Par Call Date”), at a redemption price equal to the

35

Radian Group Inc. and Subsidiaries
Notes to Unaudited Condensed Consolidated Financial Statements

greater of (a) the make-whole amount, which is the sum of the present values of the remaining scheduled payments of principal and interest in respect of the notes to be redeemed discounted to the redemption date (assuming the Senior Notes due 2029 matured on the Par Call Date) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the applicable treasury rate plus 30 basis points less interest accrued to the redemption date, and (b) 100% of the aggregate principal amount of the notes to be redeemed, plus, in either case, accrued and unpaid interest thereon to, but excluding, the redemption date. At any time on or after the Par Call Date, we may, at our option, redeem the notes in whole or in part, at a redemption price equal to 100% of the aggregate principal amount of the notes to be redeemed, plus accrued and unpaid interest thereon to, but excluding, the redemption date.

The indenture governing the Senior Notes due 2029 contains covenants customary for securities of this nature, including covenants related to the payments of the notes, reports to be provided, compliance certificates to be issued and the ability to modify the covenants. Additionally, the indenture includes covenants restricting us from encumbering the capital stock of a designated subsidiary (as defined in the indenture for the notes) or disposing of any capital stock of any designated subsidiary unless either all of the stock is disposed of for cash or property which is at least equal to the fair market value of the stock or we retain more than 80% of the stock.

Extinguishment of Debt

Redemption of Senior Notes due 2025. In March 2024, we exercised our right to redeem all of our outstanding Senior Notes due 2025 in the aggregate principal amount of \$525 million, at a redemption price of 100.4% of the principal amount plus accrued and unpaid interest. We funded the redemption with \$527 million in cash (which included accrued and unpaid interest due on the redeemed notes). This redemption resulted in a loss on extinguishment of debt of \$4 million during the three months ended March 31, 2024, which is included in interest expense in our condensed consolidated statements of operations.

Following this redemption, there were no remaining principal amounts outstanding on the Senior Notes due 2025 at March 31, 2024.

FHLB Advances

The principal balance of the FHLB advances is required to be collateralized by eligible assets with a fair value that must be maintained generally within a minimum range of 103% to 114% of the amount borrowed, depending on the type of assets pledged. Our fixed-maturities available for sale and trading securities include securities totaling \$127 million \$84 million and \$164 million \$101 million at **September 30, 2023** **March 31, 2024**, and **December 31, 2022** **December 31, 2023**, respectively, which serve as collateral for our FHLB advances to satisfy this requirement.

Mortgage Loan Financing Facilities

In 2022, Radian Mortgage Capital has entered into the Master Repurchase Agreements to finance the acquisition of residential mortgage loans and related mortgage loan assets. The Goldman Sachs Master Repurchase Agreement is an and the BMO Master Repurchase Agreement are uncommitted mortgage loan repurchase facility that initially had a facilities, with maximum borrowing amount amounts of \$300 \$100 million and \$150 million, respectively, as of March 31, 2024. In April 2024, the BMO Master Repurchase Agreement was amended in July 2023 to reduce increase the maximum borrowing amount to \$100 million. The BMO Master Repurchase Agreement, which is also uncommitted, initially had a maximum borrowing amount of \$300 million and was amended in April

2023 to reduce the maximum borrowing amount to \$150 \$400 million. The Goldman Sachs Master Repurchase Agreement and the BMO Master Repurchase Agreement are currently scheduled to expire on September 14, 2024, and September 25, 2024, respectively.

In January 2024, Radian Mortgage Capital entered into a master repurchase agreement with Flagstar Bank, N.A. ("Flagstar"). This agreement is an uncommitted mortgage loan repurchase facility with a maximum borrowing amount of \$150 million pursuant to which Radian Mortgage Capital may from time to time sell to Flagstar, and later repurchase, certain residential mortgage loan assets. The Flagstar Master Repurchase Agreement is scheduled to expire on January 27, 2025.

The borrowings under the Master Repurchase Agreements bear a variable interest rate based on the one-month SOFR as adjusted, or compounded SOFR, depending on the agreement, plus an applicable margin, with interest payable monthly. Principal is due upon the earliest of the sale or disposition of the related mortgage loans, the occurrence of certain default or acceleration events or at the termination date of the applicable Master Repurchase Agreement. As of September 30, 2023, there were \$118 million and \$4 million of outstanding borrowings under the BMO Master Repurchase Agreement and the Goldman Sachs Master Repurchase Agreement, respectively.

34

Funds advanced under the Master Repurchase Agreements generally will be calculated as a percentage of the unpaid principal balance or fair value of the residential mortgage loan assets, depending on the credit characteristics of the loans being purchased. Of our mortgage loans held for sale, \$128 \$142 million and \$2 \$31 million at September 30, 2023, and December 31, 2022, respectively, serve served as collateral for the Master Repurchase Agreements to support the funds advanced, advanced at March 31, 2024, and December 31, 2023, respectively.

Revolving Credit Facility

Radian Group has in place a \$275 million unsecured revolving credit facility with a syndicate of bank lenders. As of September 30, 2023 March 31, 2024, there were no amounts outstanding under this facility.

36

Debt Covenants and Other Requirements Information

As of September 30, 2023 March 31, 2024, we are in compliance with all of our debt covenants, including for our senior notes.

In addition to the debt covenants under its financing facilities, Radian Mortgage Capital is also subject to certain requirements established by state and other regulators and loan purchasers, including Freddie Mac, such as certain minimum net worth and capital requirements. The most restrictive of these requirements requires Radian Mortgage Capital to maintain a minimum tangible net worth of \$3 million. To the extent these requirements are not met, these parties may exercise certain remedies, which may include, as applicable, prohibiting Radian Mortgage Capital from purchasing, selling, or servicing loans. As of September 30, 2023, Radian Mortgage Capital was in compliance with all such requirements.

For more information regarding our borrowings and financing activities, including certain terms, covenants and Parent Guarantees provided by Radian Group in connection with particular borrowings, see Note 12 of Notes to Consolidated Financial Statements in our 2022 2023 Form 10-K.

13. Commitments and Contingencies

Legal Proceedings

We are routinely involved in a number of legal actions and proceedings, including reviews, audits, inquiries, information-gathering requests and investigations by various regulatory entities, as well as litigation and other disputes arising in the ordinary course of our business. Legal actions and proceedings could result in adverse judgments, settlements, fines, injunctions, restitutions or other relief that could require significant expenditures or have other effects on our business.

Management believes, based on current knowledge and after consultation with counsel, that the outcome of currently pending or threatened actions will not have a material adverse effect on our consolidated financial condition or results of operations. The outcome of legal actions and proceedings is inherently uncertain, and it is possible that any one or more matters could have an adverse effect on our liquidity, financial condition or results of operations for any particular period.

Lease Liability

Our lease liability represents the present value of future lease payments over the lease term. Our operating lease liability was \$42 million and \$49 million \$45 million as of September 30, 2023 March 31, 2024, and December 31, 2022 December 31, 2023, respectively, and is classified in other liabilities in our condensed consolidated balance sheets.

See Note 13 of Notes to Consolidated Financial Statements in our 2022 2023 Form 10-K for further information regarding our commitments and contingencies and our accounting policies for contingencies.

14. Capital Stock

Shares of Common Stock

The following table shows the year-to-date changes in common stock outstanding for each of the periods indicated.

Common stock outstanding	Common stock outstanding			March 31, 2024		December 31, 2023
(In thousands)						
(In thousands)						
	September 30, 2023	December 31, 2022

Shares repurchased under share repurchase programs	(2,817)	(19,506)				
Issuance of common stock under incentive and benefit plans, net of shares withheld for employee taxes	1,343	1,141				
Balance at end of period	155,582	157,056				

Share Repurchase Activity

From time to time, Radian Group’s board of directors approves share repurchase programs authorizing the Company to repurchase Radian Group common stock in the open market or in privately negotiated transactions, based on market and business conditions, stock price and other factors. Radian generally operates its share repurchase programs pursuant to a trading plan under Rule 10b5-1 of the Exchange Act, which provides for share repurchases at predetermined price targets and permits the Company to purchase shares when it may otherwise be precluded from doing so.

In January 2023, Radian Group’s board of directors approved a share repurchase program authorizing the Company to spend up to \$300 million, excluding commissions, to repurchase Radian Group common stock in the open market or in privately negotiated transactions, based on market and business conditions, stock price and other factors. Radian has implemented a trading plan under Rule 10b5-1 of the Exchange Act. The authorization will expire in January 2025.

During the three and nine months ended September 30, 2023, the Company purchased 1.9 million and 2.8 million shares at an average price of \$26.71 and \$24.86 per share, including commissions, respectively. As of September 30, 2023, purchase authority of up to \$230 million remained available under this program.

Dividends and Dividend Equivalents

We declared quarterly cash dividends on our common stock equal to \$0.20 per share during each quarter of 2022. In February 2023, Radian Group’s board of directors authorized an increase to the Company’s quarterly dividend from \$0.20 to \$0.225 per share, beginning with the dividend declared in the first quarter of 2023.

Share-Based and Other Compensation Programs

During the second quarter of 2023, certain executive and non-executive officers were granted time-vested and performance-based RSUs to be settled in common stock. The maximum payout of performance-based RSUs at the end of the three-year performance period is 200% of a grantee’s target number of RSUs granted. The vesting of the performance-based RSUs granted to certain executive and non-executive officers is based upon the cumulative growth in Radian’s book value per share over a three-year performance period, adjusted for certain defined items including our total shareholder return relative to certain peers, and, with the exception of certain retirement-eligible employees, continued service through the vesting date. Performance-based RSUs granted to executive officers are subject to a one-year post vesting holding period.

The time-vested RSU awards granted to certain executive and non-executive officers in the second quarter of 2023 generally vest in pro rata installments on each of the first three anniversaries of the grant date. In addition, time-vested RSU awards, which are generally subject to one-year cliff vesting, were also granted to non-employee directors. See Note 17 of Notes to Consolidated Financial Statements in our 2022 Form 10-K for additional information regarding the Company’s share-based and other compensation programs.

3637

Information with regard During the three months ended March 31, 2024, the Company purchased 1.8 million shares at an average price of \$28.26 per share, including commissions. As of March 31, 2024, purchase authority of up to RSUs to be settled in stock for the periods indicated is as follows. \$117 million remained available under this program.

Rollforward of RSUs					
	Performance-Based		Time-Vested		
	Number of Shares	Weighted Average Grant Date Fair Value	Number of Shares	Weighted Average Grant Date Fair Value	
Outstanding, December 31, 2022 ⁽¹⁾	2,362,401	\$ 17.59	1,891,800	\$ 16.16	
Granted ⁽²⁾	911,550	\$ 23.05	526,593	\$ 25.13	
Performance adjustment ⁽³⁾	814,529	\$ —	—	\$ —	
Vested ⁽⁴⁾	(1,083,080)	\$ 15.90	(602,490)	\$ 18.17	
Forfeited	(25,059)	\$ 19.60	(5,434)	\$ 21.36	
Outstanding, September 30, 2023 ⁽¹⁾	2,980,341	\$ 18.30	1,810,469	\$ 18.09	

(1) Outstanding RSUs represent shares that have not yet been issued because not all conditions necessary to earn the right to benefit from the instruments have been satisfied. For performance-based awards, the final number The Inflation Reduction Act of RSUs distributed depends 2022 imposed a nondeductible 1% excise tax on the cumulative growth net value of certain stock repurchases made after December 31, 2022. All dollar amounts presented in Radian’s book value this report related to our share repurchases and our share repurchase authorizations exclude such excise taxes, to the extent applicable, unless otherwise indicated.

Dividends and Dividend Equivalents

In February 2024, Radian Group’s board of directors authorized an increase in the Company’s quarterly dividend from \$0.225 to \$0.245 per share, adjusted for certain defined items, over the respective three-year performance period and, beginning with the exception dividend declared in the first quarter of certain retirement-eligible employees, continued service through 2024.

The following table presents the vesting date, which could result amount of dividends declared and paid, on a per share basis, for each quarter and annual period as indicated.

Dividends declared and paid			
	2024		2023
Quarter ended			
March 31	\$	0.245	\$ 0.225
June 30		N/A	0.225
September 30		N/A	0.225
December 31		N/A	0.225
Total annual dividends per share declared and paid	\$	0.245	\$ 0.900

N/A – Not applicable

Share-Based and Other Compensation Programs

In the three months ended March 31, 2024, we did not grant any material amounts of performance-based or time-based awards in changes the form of non-qualified stock options, restricted stock, restricted stock units, phantom stock or stock appreciation rights. See Note 17 of Notes to Consolidated Financial Statements in our 2023 Form 10-K for additional information regarding the number of vested RSUs.

(2) For performance-based RSUs, amount represents the number of target shares at grant date.
(3) For performance-based RSUs, amount represents the difference between the number of shares vested at settlement, which can range from 0 to 200% of target depending on results over the applicable performance periods, Company’s share-based and the number of target shares at the grant date.

(4) Represents amounts vested during the year, including the impact of performance adjustments for performance-based awards, other compensation programs.

Radian Title Insurance	41,676	41,108
------------------------	--------	--------

Under state insurance regulations, Radian Guaranty is required to maintain minimum surplus levels and, in certain states, a maximum ratio of net RIF relative to statutory capital, or Risk-to-capital. The most common Statutory RBC Requirement is that a mortgage insurer's Risk-to-capital may not exceed 25 to 1. In certain of the RBC States, a mortgage insurer must satisfy an MPP Requirement. Radian Guaranty was in compliance with all applicable Statutory RBC Requirements and MPP Requirements in each of the RBC States as of **September 30, 2023** **March 31, 2024**. Radian Guaranty's Risk-to-capital was **10.6; 10.2; 1** and **10.7; 10.4; 1** as of **September 30, 2023** **March 31, 2024**, and **December 31, 2022** **December 31, 2023**, respectively. For purposes of the Risk-to-capital requirements imposed by certain states, statutory capital is defined as the sum of statutory policyholders' surplus plus statutory contingency reserves. Our other mortgage insurance and title insurance subsidiaries were also in compliance with all statutory and counterparty capital requirements as of **September 30, 2023** **March 31, 2024**.

In addition, in order to be eligible to insure loans purchased by the GSEs, mortgage insurers such as Radian Guaranty must meet the GSEs' eligibility requirements, or PMIERS. At **September 30, 2023** **March 31, 2024**, Radian Guaranty, an approved mortgage insurer under the PMIERS, was in compliance with the current PMIERS financial requirements.

State insurance regulations include various capital requirements and dividend restrictions based on our insurance subsidiaries' statutory financial position and results of operations. As of **September 30, 2023** **March 31, 2024**, the amount of restricted net assets held by our consolidated insurance subsidiaries (which represents our equity investment in those insurance subsidiaries) totaled **\$4.4 billion** **\$4.7 billion** of our consolidated net assets.

While all proposed dividends and distributions to stockholders must be filed with the Pennsylvania Insurance Department prior to payment, if a Pennsylvania domiciled insurer has positive unassigned surplus, such insurer can pay dividends or other distributions during any 12-month period in an aggregate amount less than or equal to the greater of: (i) 10% of the preceding year-end statutory policyholders' surplus or (ii) the preceding year's statutory net income, in each case without the prior approval of the Pennsylvania Insurance Department. **Aided by the positive impacts of the merger with Radian Reinsurance in December 2022,**

Radian Guaranty had positive unassigned surplus of **\$258 million** **\$120 million** as of **December 31, 2022**. As a result, beginning **December 31, 2023**, providing it with the first quarter of 2023, Radian Guaranty has the ability to pay ordinary dividends and has in the first quarter of 2024, subject to the above restrictions under Pennsylvania's insurance laws. As a result, Radian Guaranty paid an ordinary dividend of \$100 million to Radian Group in cash and marketable securities in each of the first three quarters quarter of 2023. 2024 and maintains the ability to pay additional ordinary dividends during the remainder of 2024. Subsequent to the payment of these dividends, and the impact from the reestablishment as of **\$39 million in contingency reserves related to the termination of certain reinsurance agreements as a result of the tender offers by certain Eagle Re Issuers described in Note 8, March 31, 2024,** Radian Guaranty had positive unassigned surplus of **\$174 million** as of **September 30, 2023** **\$203 million**.

For a full description of our compliance with statutory and other regulations for our mortgage insurance and title insurance businesses, including statutory capital requirements and dividend restrictions, see Note 16 of Notes to Consolidated Financial Statements in our **2022** **2023** Form 10-K.

Overview

We are a **diversified** mortgage and real estate **business company** with **two one** reportable business **segments—segment—**Mortgage **and homegenius, Insurance.**

Our Mortgage Insurance segment aggregates, manages and distributes U.S. mortgage credit risk for the benefit of mortgage lending institutions and mortgage credit investors, principally through private mortgage insurance on residential first-lien mortgage loans, and also provides contract underwriting and offers other credit risk management solutions, including contract underwriting, to our customers.

Our homegenius segment offers other immaterial businesses are reported collectively as All Other and include our Mortgage Conduit, Title, Real Estate Services and Real Estate Technology businesses, which provide our existing and new customers with an array of title, products and services across the residential real estate and real estate technology products and services to consumers, mortgage lenders, mortgage and real estate investors, GSEs, real estate brokers and agents, finance industries.

Current Operating Environment

As a seller of mortgage credit protection and other mortgage and credit risk management solutions and real estate products and services, company, our business results are subject to seasonal fluctuations impacting mortgage and real estate markets as well as macroeconomic conditions and specific events that impact the housing, housing finance and related residential real estate markets and the credit performance of our mortgage insurance portfolio and our future business opportunities, as well as seasonal fluctuations that specifically affect the mortgage origination and real estate environments. The performance of our Mortgage business is particularly influenced by portfolio. Among others, these factors that impact the housing and real estate markets and the ability of borrowers to remain current on their mortgages, such as may include home prices and housing supply, inflationary pressures, interest rate changes, unemployment levels, the volume of mortgage originations and the availability of credit, national and regional economic conditions, legislative and regulatory developments and other events, including macroeconomic stresses and uncertainties resulting from global conflicts and other political and geopolitical events.

Annual inflation Consistent with the trends observed in recent periods, the U.S. reached a 40-year high economic and market conditions impacting our results for the first quarter of 2024 remained generally favorable. Interest rates remain elevated, which has benefited our Persistency Rates and net investment income yields, however, this has also contributed to reduced refinance volumes and NIW in 2022. While inflation has moderated in 2023, the U.S. economy continues to experience a high rate our Mortgage Insurance business and lower transaction volumes for certain of inflation, as well as slower economic growth our other businesses. Private mortgage insurance industry volumes are impacted by total mortgage origination volumes and the risks mix between mortgage originations that are for home purchases versus refinancings of a recession and of higher existing mortgages. Although it is difficult to project future volumes, recent industry forecasts

40 41

Glossary

Part I. Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

unemployment rates. Actions taken by project a total mortgage origination market for 2024 of approximately \$1.8 trillion, which would represent an increase of approximately 15% compared to 2023, but a reduction compared to projections at the U.S. Federal Reserve to increase interest rates beginning of 2024. This decrease in response projections for 2024 primarily relates to the inflationary trends that started change in 2021 resulted expectations for the timing for future interest rate decreases. Future interest rate decreases in a sharp 2024 are now expected to be less and significant increase to occur later, if at all, which would similarly delay any expected decline in mortgage interest rates, starting in 2022. The U.S. Federal Reserve continued to raise rates in 2023, resulting in and as a result, reduce the overall size of the mortgage rates more than doubling to over 7% as market. In light of September 30, 2023, and additional rate increases are possible.

These economic conditions have negatively impacted the U.S. housing market, including broadly reducing refinance activity. In addition, these conditions resulted in decreases in home prices in many markets in 2022 from what had been record highs. More recently, industry data suggest that home prices are again increasing. As further discussed below, updated projections, we expect now estimate that the current economic environment private mortgage insurance market will continue be approximately \$300 billion in 2024, which is the lower end of our expectations at the beginning of the year. In "Item 1A. Risk Factors" in our 2023 Form 10-K, see "A decrease in the volume of mortgage originations could result in fewer opportunities for us to write new mortgage insurance business and conduct our homegenius businesses" for more information.

While these recent developments in macroeconomic conditions are expected to negatively impact certain aspects the overall volume of our results for the near future, including lower NIW, lower homegenius revenues and higher mortgage insurance defaults. At the same time, we also expect transactions taking place, the higher interest rate environment is expected to continue to benefit us our financial performance through higher Persistency Rates, that will favorably impact which is expected to increase our IIF despite lower NIW, as well as through the recognition of higher net investment income, as further discussed below. Longer-term, however, we continue to believe that income. Further, the housing market fundamentals and outlook remain favorable, including demographics supporting growth in the population of first-time homebuyers and a constrained supply of homes available for sale.

We wrote NIW of \$42.1 billion in the first nine months of 2023, a decrease of 24% compared to our NIW in the first nine months of 2022 due to the reduction in housing market activity resulting from current economic conditions. While the recent increases in mortgage interest rates have significantly reduced refinance demand, they have also resulted in a decrease in policy cancellations, which has increased our Persistency Rate, and in turn contributed to growth in our IIF. Further, in response to the current macroeconomic trends, in our mortgage insurance business we increased pricing in 2022 and 2023. See "Mortgage Insurance Portfolio" for additional details on our NIW and IIF.

In 2020, the onset of the COVID-19 pandemic resulted in a significant increase in unemployment and negatively impacted the economy. As a result, we experienced a material increase in new defaults beginning in the second quarter of 2020, substantially all of which related to loans subject to mortgage forbearance programs implemented in response to the COVID-19 pandemic. This increase in new defaults had a negative effect on our results of operations and our reserve for losses for that year. While subsequent trends in Cures have been more favorable than original expectations, resulting in favorable loss reserve development on prior period defaults in 2022 and in the first nine months of 2023, the current macroeconomic environment, as discussed above, and natural seasoning of our growing IIF portfolio, have contributed to a higher level of overall new default activity, including a higher level of new defaults from more recent vintages, and increased the likelihood that we will experience lower levels of Cures in our mortgage insurance portfolio in future periods. The number, timing and duration of new defaults and, in turn, the number of defaults that ultimately result in claims will depend on a variety of factors, including the overall economic environment and on the number and timing of Cures and the net impact on IIF from our Persistency Rate and future NIW. See Note 11 of Notes to Unaudited Condensed Consolidated Financial Statements for additional information on our reserve for losses.

We believe that the range of risk distribution transactions and strategies that we utilize to mitigate credit risk and financial volatility through varying economic cycles has increased our financial strength and flexibility. As of September 30, 2023, 72% of our primary RIF is subject to a form of risk distribution. Including the collateralized reinsurance agreement entered into in connection with the Eagle Re 2023-1 Ltd. insurance-linked notes transaction and the 2023 XOL Agreement that were both entered into in October 2023, as described below under "Recent Company Developments," 79% of our primary RIF as of September 30, 2023, is subject to a form of risk distribution. See Note 8 of Notes to Unaudited Condensed Consolidated Financial Statements for additional information. Our use of risk distribution structures has reduced our required capital and enhanced our projected return on capital, and we expect these structures to provide a level of credit protection in periods of economic stress. See "Mortgage Insurance Portfolio—Risk Distribution" for additional information.

The same inflationary pressures and higher interest rate environment discussed above have also negatively impacted our homegenius businesses, due primarily to the rapid decline in industry-wide purchase and refinance volumes. Despite steps taken since the beginning of 2022 to align our workforce to the current and expected needs of the business and reduce our operating expenses, the continued decline in homegenius revenues since the beginning of 2022 has resulted in ongoing losses for that business segment.

The sharp increases in interest rates that began in 2022 also materially affected the fair value of our investment portfolio, resulting in unrealized losses on investments in 2022 and 2023. As of September 30, 2023, the fair value of our portfolio continues to be significantly below its amortized cost. As constrained, which we believe will continue to support home values and the high level of September 30, 2023, we did not home price appreciation currently embedded in our insured portfolio of mortgages. We expect this will continue to realize benefit our IIF as a loss result of the increased level of embedded equity borrowers have in their homes, which has positively impacted our default and cure trends. See "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations—Overview—Current Operating Environment" in our 2023 Form 10-K for additional discussion of the primary factors affecting the current operating environment for our investments in an unrealized loss position given our intent and ability to hold these investment securities until recovery of their amortized cost basis. While the decrease in the fair value of our investments due to higher market interest rates has negatively affected our comprehensive income and stockholders' equity in recent periods, this higher interest rate environment has also resulted in the recognition of higher net investment income, which is expected to continue in future periods. See Note 6 of Notes to Unaudited Condensed Consolidated Financial Statements for additional information about our investments, businesses.

Despite risks and uncertainties, we believe that the steps we have taken in recent years, mortgage industry fundamentals remain strong, including by improving our capital and liquidity positions, enhancing our financial flexibility, implementing greater risk-based granularity into our pricing methodologies and increasing our use of risk distribution strategies to lower the risk profile and financial volatility of our mortgage insurance portfolio, have helped position the Company to better withstand the negative effects from the macroeconomic stresses discussed above, including those resulting from the high rate of inflation and higher interest rates.

41

Glossary

Part I. Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

For as a detailed discussion result of the risks improvements to the mortgage and uncertainties discussed above, real estate ecosystem since the great financial crisis in 2008, such as well as other risks more stringent underwriting and uncertainties impacting our business, see "Item 1A. Risk Factors" product standards, higher-quality borrowers with strong credit profiles and strengthened mortgage loan servicing and government support to help borrowers stay in our 2022 Form 10-K, their homes.

Legislative and Regulatory Developments

We are subject to comprehensive regulation by both federal and state regulatory authorities. For a description of significant state and federal regulations and other requirements of the GSEs that are applicable to our businesses, as well as legislative and regulatory developments affecting the housing finance industry, see "Item 1. Business—Regulation" in our 2022 Form 10-K. Except as discussed below, there were no significant regulatory developments impacting our businesses from those discussed in our 2022 2023 Form 10-K.

In March 2023, the FHFA announced that the GSEs will enhance their payment deferral policies to allow borrowers who have recently resolved a financial hardship to defer up to six months of mortgage payments. Servicers were required to adopt the new policies by October 1, 2023. Under the enhanced payment deferral policies, servicers must defer certain amounts, including past due principal and interest, as a non-interest bearing balance, due and payable at maturity, sale, refinance or payoff of the mortgage loan. This change extends eligibility for the GSEs' payment deferral workout beyond the payment deferral option for borrowers transitioning out of a COVID-19 related forbearance plan.

On April 10, 2023, President Biden signed legislation terminating the COVID-19 national emergency. As previously disclosed in our 2022 Form 10-K, the termination of the COVID-19 national emergency may be interpreted by the GSEs and others to likewise result in the termination of the requirements under the Coronavirus Aid, Relief, and Economic Security Act signed into law on March 27, 2020, to provide COVID-19 related forbearance. On August 9, 2023, the GSEs retired servicing policies related to COVID-19, including COVID-19 related forbearance plan flexibilities, and reverted to the policies as specified in their servicing guides. Retiring COVID-19 servicing-related policies means that a financial hardship due to COVID-19 is no longer an eligible hardship, and COVID-19 workouts, including COVID-19 payment deferrals, must have an evaluation date before November 1, 2024. However, borrowers with short-term hardships will continue to have access to the GSEs' loss mitigation programs, including forbearance and payment deferrals.

As previously disclosed, in October 2022, the FHFA announced that the GSEs will replace their use of Classic FICO credit scores with FICO 10T and VantageScore 4.0 credit scores, which are intended to improve accuracy by capturing additional payment histories for borrowers when available, such as rent, utilities, and telecom payments. The GSEs will require both of the new credit scores, along with credit reports from two, rather than three, of the credit reporting agencies. The implementation timeline for the transition to the new credit scores is expected to be a multi-year effort. The FHFA has released a proposed timeline for implementing the changes that anticipates that most of the transition would be implemented by the end of 2025; however, the ultimate timeline for implementation is still uncertain.

On July 27, 2023, the U.S. federal banking agencies published a notice of proposed rulemaking ("NPR") to implement the remaining elements of the Basel III recommendations that were developed by the international Basel Committee on Banking Supervision in 2009 following the financial crisis. The proposal applies to all banking organizations with \$100 billion or more in total consolidated assets and their subsidiary depository institutions, and covers risk-weighted asset calculations for credit, market, credit valuation adjustment, and operational risks. As proposed, the NPR would adjust risk weights for low downpayment loans that are held in a bank's portfolio, generally increasing the risk weights for higher LTV loans without taking into account credit enhancement, such as private mortgage insurance, on those loans in determining the risk weighting. Currently, we expect the NPR to have a limited impact on Radian's mortgage insurance business, as a minimal amount of mortgage loans with mortgage insurance are held in bank portfolios, and most of the loans that Radian Guaranty insures are sold to the GSEs. If the NPR is adopted as proposed, the rule is expected to have a substantial impact on how banks allocate capital and could impact the pricing and availability of financial services and products, among other things. While the outcome of the rulemaking process is currently undetermined, if adopted as proposed, banks subject to the rule may be disincentivized to hold loans in portfolio, which could provide greater opportunities for growth in Radian Mortgage Capital, the Company's mortgage conduit business. In our 2022 Form 10-K, see "Item 1. Business—Regulation—Basel III" for additional information regarding Basel III.

Recent Company Developments

In October 2023, Radian Guaranty entered into a fully collateralized reinsurance agreement with Eagle Re 2023-1 Ltd., which provides for up to \$353 million of aggregate excess-of-loss reinsurance coverage for a portion of the mortgage insurance losses on new defaults on an existing portfolio of eligible policies with RIF of \$8.8 billion that were issued between April 1, 2022, and December 31, 2022. See Note 8 of Notes to Unaudited Condensed Consolidated Financial Statements for additional information on this new agreement.

Also in October 2023, Radian Guaranty executed the 2023 XOL Agreement with a panel of third-party reinsurance providers. This agreement provides for up to \$246 million of aggregate excess-of-loss coverage for the mortgage insurance losses on new defaults on an existing portfolio of eligible mortgage insurance policies on new defaults on an existing portfolio of eligible policies with RIF of \$8.0 billion that were issued between October 1, 2021, and March 31, 2022. See Note 8 of Notes to Unaudited Condensed Consolidated Financial Statements for additional information on this new agreement.

Key Factors Affecting Our Results

The key factors affecting our results are discussed in our 2022 2023 Form 10-K. There have been no material changes to these key factors.

Mortgage Insurance Portfolio

New Insurance Written

We wrote \$13.9 billion and \$42.1 billion \$11.5 billion of primary new mortgage insurance in the three and nine months ended September 30, 2023 March 31, 2024, respectively, compared to \$17.6 billion and \$55.1 billion \$11.3 billion of NIW in the three and nine months ended September 30, 2022, respectively. March 31, 2023.

Our NIW decreased increased by 21% and 24% 2% for the three and nine months ended September 30, 2023 March 31, 2024, respectively, compared to the same periods period in 2022, 2023, due primarily to an increase in our market share, partially offset by a broad decline in U.S. housing market activity resulting from higher private mortgage interest rates, insurance penetration as a percentage of the overall mortgage origination market. According to industry estimates, total mortgage origination volume was lower slightly higher for the three and nine months ended September 30, 2023 March 31, 2024, as compared to the comparable periods period in 2022, 2023, due to a significant decline small increase in home purchases and both mortgage refinance activity.

Although it is difficult to project future volumes, recent market projections for 2023 estimate total mortgage originations of approximately \$1.6 trillion, which would represent a decline in the total annual mortgage origination market of approximately 32% as compared to 2022, with a private mortgage insurance market of approximately \$300 billion. This outlook anticipates a 60% decrease in refinance originations in 2023 as well as a 19% decline in purchase originations, driven by increases in interest rates activity and declining home sales volume. In "Item 1A. Risk Factors" in our 2022 Form 10-K, see "A decrease in the volume of mortgage originations could result in fewer opportunities for us to write new mortgage insurance business and conduct our homegenius businesses" for more information.purchases.

The following table provides selected information for the periods indicated related to our mortgage insurance NIW. For direct Single Premium Policies, NIW includes policies written on an individual basis (as each loan is originated) and on an aggregated basis (in which each individual loan in a group of loans is insured in a single transaction, typically after the loans have been originated).

43

Part I. Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Our IIF is the primary driver of the future premiums that we expect to earn over time. IIF increased to **\$269.5 billion** **\$271.0 billion** at **September 30, 2023** **March 31, 2024**, from **\$261.0 billion** **\$270.0 billion** at **December 31, 2022** **December 31, 2023**, reflecting the impact of our NIW offset by policy cancellations

44

and amortization for the first **nine three** months of **2023, 2024**. Our IIF at **September 30, 2023 March 31, 2024**, increased 4% as compared to the same period last year, reflecting a **7% 6%** increase in Monthly Premium Policies in force partially offset by a **12% 9%** decline in Single Premium Policies in force.

Historically, there is a close correlation between interest rates and Persistency Rates. Higher interest rate environments generally decrease refinancings, which decrease the cancellation rate of our insurance and positively affect our Persistency Rates. As shown in the table below, our 12-month Persistency Rate at **September 30, 2023 March 31, 2024**, increased **significantly** as compared to **September 30, 2022 March 31, 2023**. The increase in our Persistency Rate at **September 30, 2023 March 31, 2024**, was primarily attributable to decreased refinance activity due to increases in mortgage interest rates, as compared to the same period in the prior year. As of **September 30, 2023 March 31, 2024**, **84% 85%** of our IIF had a mortgage note interest rate of **6.0% 6.5%** or less. Given the increase in market mortgage interest rates, which, based on reported industry averages, now exceed **that level, these levels**, we would expect a continued positive impact on our Persistency Rates. **If refinance volume increases, we would expect the Persistency Rate for our portfolio to decrease, reducing the size of our IIF portfolio. See "If the length of time that our mortgage insurance policies remain in force declines, it could result in a decrease in our future revenues" under "Item 1A. Risk Factors" in our 2023 Form 10-K for more information.**

Throughout this report, unless otherwise noted, RIF is presented on a gross basis and includes the amount ceded under reinsurance. RIF and IIF for direct Single Premium Policies include policies written on an individual basis (as each loan is originated) and on an aggregated basis (in which each individual loan in a group of loans is insured in a single transaction, typically after the loans have been originated).

The following table provides selected information as of and for the periods indicated related to mortgage insurance IIF and RIF.

(1) The Persistency Rate on a quarterly, annualized basis is calculated based on loan-level detail for the quarter ending as of the date shown. It may be impacted by seasonality or other factors, including the level of refinance activity during the applicable periods, and may not be indicative of full-year trends.

(2) For loans with multiple borrowers, the percentage of primary RIF by FICO score represents the lowest of the borrowers' FICO scores, scores at origination.

(3) LTV at origination.

Risk Distribution

We use third-party reinsurance in our mortgage insurance business as part of our risk distribution strategy, including to manage our capital position and risk profile. When we enter into a reinsurance agreement, the reinsurer receives a premium and, in exchange, insures an agreed-upon portion of incurred losses. While these arrangements have the impact of reducing

45

reduce our earned premiums, they also reduce our required capital and are expected to increase our return on required capital for the related policies.

The impact of these programs on our financial results will vary depending on the level of ceded RIF, as well as the levels of prepayments and incurred losses on the reinsured portfolios, among other factors. See "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations—Key Factors Affecting Our Results—Mortgage—Mortgage Insurance—Risk Distribution" in our 2022 2023 Form 10-K and Note 8 of Notes to Unaudited Condensed Consolidated Financial Statements in this report for more information about our reinsurance transactions.

The table below provides information about the amounts by which Radian Guaranty's reinsurance programs reduced its Minimum Required Assets as of the dates indicated.

(1) The tender offers in the second quarter Consists primarily of 2022 and 2023 conducted by Eagle Re 2019-1 Ltd, QSR Agreements, which include both single and Eagle Re 2020-1 Ltd. had no effect on the benefit to Minimum Required Assets. See Note 8 of Notes to Unaudited Condensed Consolidated Financial Statements for more information on these tender offers and related impacts, monthly premium policies.

See "Results of Operations—Mortgage—Three and Nine Months Ended September 30, 2023, Compared to Three and Nine Months Ended September 30, 2022—Revenues—Mortgage Insurance—Revenues—Net Premiums Earned" Earned for information about the impact on premiums earned from each of Radian Guaranty's reinsurance programs.

Results of Operations—Consolidated

Three and Nine Months Ended September 30, 2023, Compared to Three and Nine Months Ended September 30, 2022

Radian Group serves as the holding company for our operating subsidiaries and does not have any operations of its own. Our consolidated operating results for the three and nine months ended September 30, 2023 March 31, 2024, and September 30, 2022 March 31, 2023, primarily reflect the financial results and performance of our two business segments—Mortgage and homegenius, Insurance business. See "Results of Operations—Mortgage" and "Results of Operations—homegenius" Mortgage Insurance for the operating results of these this business segments segment for the three and nine months ended September 30, 2023 March 31, 2024, compared to the same periods period in 2022, 2023.

In addition to the results of our operating segments, pretax income (loss) is also affected by those factors described in "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations—Key Factors Affecting Our Results" in our 2022 2023 Form 10-K.

Revenues

Net Premiums Earned. Net premiums earned was flat increased slightly for the three months ended September 30, 2023 March 31, 2024, as compared to the same period in 2022. The decrease in net premiums earned for the nine months ended September 30, 2023, as compared to the same period in 2022, reflects a decrease in net premiums earned in both our mortgage insurance and title insurance businesses in 2023. The decrease in net premiums earned in our mortgage insurance business for the nine months ended September 30, 2023, was driven primarily by an increase in ceded premiums earned under our reinsurance arrangements. See "Results of Operations—Mortgage—Three and Nine Months Ended September 30, 2023, Compared to Three and Nine Months Ended September 30, 2022—Revenues—Net Premiums Earned" and "Results of Operations—homegenius—Three and Nine Months Ended September 30, 2023, Compared to Three and Nine Months Ended September 30, 2022—Revenues—Mortgage Insurance—Revenues—Net Premiums Earned" for more information.

Net Investment Income. The increase in net investment income for the three months ended March 31, 2024, as compared to the same period in 2023, is primarily attributable to higher market interest rates. See Note 6 of Notes to Unaudited Condensed Consolidated Financial Statements for comparative detail about net investment income. See "Results of Operations—Mortgage Insurance—Revenues—Net Investment Income" and "Results of Operations—All Other" for more information.

Net Gains (Losses) on Investments and Other Financial Instruments. See Note 6 of Notes to Unaudited Condensed Consolidated Financial Statements for comparative detail about net gains (losses) on investments and other financial instruments by investment category.

Services Revenue. Services revenue for the three and nine months ended September 30, 2023, decreased as compared to the same periods in 2022, primarily driven by the general market decline in mortgage origination volume as well as other market and macroeconomic conditions, as further described in "Overview—Current Operating Environment." See "Results of Operations—Mortgage—Three and Nine Months Ended September 30, 2023, Compared to Three and Nine Months Ended September 30, 2022—Revenues—Services Revenue" and "Results of Operations—homegenius—Three and Nine Months Ended September 30, 2023, Compared to Three and Nine Months Ended September 30, 2022—Revenues—Services Revenue" for more information.

Net Investment Income. The increase in net investment income for the three and nine months ended September 30, 2023, as compared to the same periods in 2022, is primarily attributable to higher market interest rates. See "Overview—Current Operating Environment" and "Results of Operations—Mortgage—Three and Nine Months Ended September 30, 2023, Compared to Three and Nine Months Ended September 30, 2022—Revenues—Net Investment Income" for more information.

Net Gains (Losses) on Investments and Other Financial Instruments. The favorable change in net gains (losses) on investments and other financial instruments for the three and nine months ended September 30, 2023, as compared to the same periods in 2022, is primarily due to: (i) the general positive movement in equity markets in 2023, compared to 2022, and (ii) moderate increases in market interest rates in the three and nine months ended September 30, 2023, compared to the sharp rise in market interest rates in the same periods in 2022, as further discussed in "Overview—Current Operating Environment." See Note 6 of Notes to Unaudited Condensed Consolidated Financial Statements for additional detail about net gains (losses) on investments and other financial instruments by investment category.

Expenses

Provision for Losses. The reduced benefit of the provision for losses for the three and nine months ended September 30, 2023 March 31, 2024, as compared to the same periods period in 2022, 2023, is primarily driven by a reduction in favorable development on prior period defaults, which impacted our mortgage insurance reserves. See "Results of Operations—Mortgage—Three and Nine Months Ended September 30, 2023, Compared to Three and Nine Months Ended September 30, 2022—Expenses—Mortgage Insurance—Expenses—Provision for Losses" for more information.

Cost of Services. Cost of services for the three and nine months ended September 30, 2023, decreased as compared to the same periods in 2022, primarily driven by the decrease in services revenue, as discussed above. See "Results of Operations—Mortgage—Three and Nine Months Ended September 30, 2023, Compared to Three and Nine Months Ended September 30, 2022—Expenses—Cost of Services" and "Results of Operations—homegenius—Three and Nine Months Ended September 30, 2023, Compared to Three and Nine Months Ended September 30, 2022—Expenses—Cost of Services" for more information.

Other Operating Expenses. The decrease in other Other operating expenses were slightly lower for the three and nine months ended September 30, 2023 March 31, 2024, as compared to the same periods period in 2022, is primarily due to decreases in operating expenses in both our Mortgage and homegenius segments. 2023. See "Results of Operations—Mortgage—Three and Nine Months Ended September 30, 2023, Compared to Three and Nine Months Ended September 30, 2022—Expenses—Other Operating Expenses" and "Results of Operations—homegenius—Three and Nine Months Ended September 30, 2023, Compared to Three and Nine Months Ended September 30, 2022—Expenses—Mortgage Insurance—Expenses—Other Operating Expenses" for more information.

Interest Expense. The increase in interest expense for the three and nine months ended September 30, 2023 March 31, 2024, as compared to the same periods period in 2022, 2023, is primarily reflects increases in: due to: (i) a \$4 million loss on extinguishment of debt related to the average balances outstanding redemption of the Senior Notes due 2025 in March 2024; (ii) the impact of the March 2024 issuance of the Senior Notes due 2029; and (iii) an increase in secured borrowings under our mortgage loan financing facilities; (ii) the average interest rates on our FHLB advances; and (iii) the interest rates associated with our securities lending program. facilities. See Notes 6 and Note 12 of Notes to Unaudited Condensed Consolidated Financial Statements for more information additional detail about loaned securities and borrowings, respectively, our interest expense.

Income Tax Provision

Variations in our effective tax rates, combined with differences in pretax income, were the drivers of the changes in our income tax provision between periods. Our effective tax rates rate for the three and nine months ended September 30, 2023 March 31, 2024, was 22.1% and 21.7% 23.3%, respectively, as compared to 22.4% and 22.5% 22.7% for the three and nine months ended September 30, 2022, respectively. March 31, 2023.

Our provision for income taxes for interim periods is established based on our estimated annual effective tax rate for a given year and reflects the impact of discrete tax effects in the period in which they occur. For the three and nine months ended September 30, 2023 March 31, 2024 and 2022, 2023, state income taxes and certain permanent book-to-tax adjustments were the primary drivers of the difference in our effective tax rates did not differ materially from rate compared to the federal statutory federal corporate tax rate of 21%, rate.

Use of Non-GAAP Financial Measures

In addition to traditional GAAP financial measures, we have presented "adjusted pretax operating income (loss)," "adjusted diluted net operating income (loss) per share" and "adjusted net operating return on equity," which are non-GAAP financial measures for the consolidated company, among our key performance indicators to evaluate our fundamental financial performance. These non-GAAP financial measures align with the way our business performance is evaluated by both management and by our board of directors. These measures have been established in order to increase transparency for the

purposes of evaluating our operating trends and enabling more meaningful comparisons with our peers. Although on a consolidated basis adjusted pretax operating income (loss), adjusted diluted net operating income (loss) per share and adjusted net operating return on equity are non-GAAP financial measures, for the reasons discussed above we believe these measures aid in understanding the underlying performance of our operations.

Total adjusted pretax operating income (loss), adjusted diluted net operating income (loss) per share and adjusted net operating return on equity are not measures of overall profitability, and therefore should not be considered in isolation or viewed as substitutes for GAAP pretax income (loss), diluted net income (loss) per share or return on equity. Our definitions of adjusted pretax operating income (loss), adjusted diluted net operating income (loss) per share and adjusted net operating return on equity, as discussed and reconciled below to the most comparable respective GAAP measures, may not be comparable to similarly-named measures reported by other companies.

Our senior management, including our Chief Executive Officer (Radian's chief operating decision maker), uses adjusted pretax operating income (loss) as our primary measure to evaluate the fundamental financial performance of the Company's business segments and to allocate resources to the segments. For detailed information regarding items excluded from adjusted pretax operating

income (loss) and the reasons for their treatment, see Note 4 of Notes to Consolidated Financial Statements and "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations—Results of Operations—Consolidated—Use of Non-GAAP Financial Measures," each in our 2022 2023 Form 10-K.

Adjusted pretax operating income (loss) is defined as GAAP consolidated pretax income (loss) excluding the effects of: (i) net gains (losses) on investments and other financial instruments, except for certain investments and other financial instruments attributable to our reportable segments and segment or All Other activities; (ii) amortization and impairment of goodwill and other acquired intangible assets; and (iii) impairment of other long-lived assets and other non-operating items, if any, such as gains (losses) from the sale of lines of business, acquisition-related income and expenses (expenses) and gains (losses) on extinguishment of debt.

Part I. Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following table provides a reconciliation of consolidated pretax income to our non-GAAP financial measure for the consolidated Company of adjusted pretax operating income.

Adjusted pretax operating income (1)

(1) Our senior management uses adjusted pretax operating income as our primary measure to evaluate the fundamental financial performance of our business segments. See Note 4 of Notes to Unaudited Condensed Consolidated Financial Statements for more information.

Revenues

Net Premiums Earned. Net premiums earned was flat for the three months ended September 30, 2023, as compared to the same period in 2022. Net premiums earned decreased for the nine months ended September 30, 2023, as compared to the same period in 2022, primarily due to: (i) a decrease in the profit commission retained by the Company as a result of less favorable reserve development in the nine months ended September 30, 2023, as compared to the same period in 2022; (ii) an increase in ceded premiums earned under the 2022 QSR Agreement, which began ceding a portion of NIW in the third quarter of 2022; and (iii) a decrease in the benefit, net of reinsurance, from Single Premium Policy cancellations due to lower refinance activity. These impacts were partially offset by an increase in direct premiums earned, excluding revenue from cancellations, which benefited the nine months ended September 30, 2023, as compared to the same period in 2022, due primarily to higher IIF.

Revenues

Net Premiums Earned. Net premiums earned increased for the three months ended March 31, 2024, as compared to the same period in 2023, primarily due to an increase in direct premiums earned, due primarily to higher IIF, partially offset by a net increase in ceded premiums under our reinsurance programs.

The table below provides additional information about the components of mortgage insurance net premiums earned for the periods indicated, including the effects of our reinsurance programs.

(1) Includes premiums earned from our participation in certain credit risk transfer programs. In December 2022, we novated this insured risk to an unrelated third-party reinsurer, which assumed all rights, interests, liabilities and obligations related to our participation in these programs on a prospective basis. See Note 16 of Notes to Consolidated Financial Statements in our 2022 Form 10-K for more information about this novation.

(2) The nine months ended September 30, 2023, include the impact of tender offers by Eagle Re 2019-1 Ltd. and Eagle Re 2020-1 Ltd. to purchase the mortgage insurance-linked notes that supported their reinsurance agreements with Radian Guaranty. As a result of these tender offers, Radian Guaranty incurred additional ceded premiums earned during the second quarter of 2023 of \$21 million, consisting of \$16 million related to the cost of tender premiums and associated expenses and \$5 million related to the acceleration of deferred costs from the original executions of these transactions.

(3) Includes the impact of related profit commissions.

(4) (2) Represents the profit commission from the Single Premium QSR Program, 2022 QSR Agreement and 2023 QSR Agreement, excluding the impact of Single Premium Policy cancellations.

(5) (3) Calculated by dividing annualized direct premiums earned, including assumed revenue and excluding revenue from cancellations, by average primary IIF.

(6) (4) Calculated by dividing annualized direct premiums earned, including assumed revenue, by average primary IIF.

(7) (5) Calculated by dividing annualized net premiums earned by average primary IIF. The calculation for all periods presented incorporates the impact of profit commission adjustments related to our reinsurance programs.

(8) (6) The average of beginning and ending balances of primary IIF, for each period presented.

The level of mortgage prepayments affects the revenue ultimately produced by our mortgage insurance business and is influenced by the mix of business we write. See "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations—Operations—Key Factors Affecting Our Results—Mortgage—Results—Mortgage Insurance—IIF and Related Drivers" in our 2022 2023 Form 10-K for more information.

Total ceded premiums earned ⁽²⁾	\$ 26,708	\$ 25,077	
Percentage of total direct and assumed premiums earned	10.2 %	9.7 %	

(1) Ceded premiums earned for the three months ended September 30, 2023, consists primarily of 2022 and nine months ended September 30, 2023, includes the impact from a decrease in outstanding reinsurance under our Excess-of-Loss Program as compared to the same prior year periods. This decline was partially offset in the nine months ended September 30, 2023, by the impact of tender offers that were completed in the second quarter of 2023 by Eagle Re 2019-1 Ltd. and Eagle Re 2020-1 Ltd. to purchase the mortgage insurance-linked notes that supported their reinsurance agreements with Radian Guaranty. As a result of these tender offers, Radian Guaranty incurred additional ceded premiums earned during the second quarter of 2023 of \$21 million, consisting of \$16 million related to the cost of tender premiums and associated expenses and \$5 million related to the acceleration of deferred costs from the original executions of these transactions, QSR Agreements.

(2) Includes the increase in the profit commission retained by the Company due to favorable reserve development, including a significant impact in the three and nine months ended September 30, 2022. See "Expenses—Provision for Losses" below for additional information on the favorable reserve development.

(3) Does not include the benefit from ceding commissions from the reinsurance agreements in our QSR Program, which is primarily included in other operating expenses on the in our condensed consolidated statements of operations. See Note 8 of Notes to Unaudited Condensed Consolidated Financial Statements for additional information.

Services Revenue. Services revenue for the three and nine months ended September 30, 2023, decreased as compared to the same periods in 2022, in part due to a decrease in demand for our contract underwriting services as a result of the general market decline in mortgage origination volume. In addition, the termination of a contract with a large fulfillment customer in the second quarter of 2022 contributed to the decline in services revenue for the nine months ended September 30, 2023, compared to the same period in 2022. For more information on recent macroeconomic stresses see "Overview—Current Operating Environment."

Net Investment Income. Increasing higher investment balances and increasing yields from higher interest rates were the primary driver drivers of the increases in net investment income for the three and nine months ended September 30, 2023 March 31, 2024, as compared to the same periods period in 2022 2023.

The following table provides information related to our mortgage Mortgage Insurance subsidiaries' investment balances and investment yields for the periods indicated.

(1) Related to defaulted loans with the most recent default notice dated in the period indicated. For example, if a loan had defaulted in a prior period, but then subsequently cured and later re-defaulted in the current period, the default would be considered a current period default.

(2) Related to defaulted loans with a default notice dated in a period earlier than the period indicated, which have been continuously in default since that time.

(3) Provision for losses as a percentage of net premiums earned. See "Revenues—Net Premiums Earned" above for additional information on the changes in net premiums earned.

(4) Calculated by dividing provision for losses for new defaults, net of reinsurance, by new primary defaults for each period.

Current period new primary defaults increased by 16% and 17% 11% for the three and nine months ended September 30, 2023 March 31, 2024, respectively, compared to the same period in 2023, as shown below, which is consistent with the natural seasoning of the portfolio given the increase in our IIF in recent years. Our gross Default to Claim Rate assumption for new primary defaults was 8.0% at both September 30, 2023 March 31, 2024 and 2022, 2023, as we continue to closely monitor the trends in Cures and claims paid for our default inventory, while also weighing the risks and uncertainties associated with the current economic environment.

Our provision for losses during the three and nine months ended September 30, 2023 March 31, 2024, and the same periods period in 2022, 2023, was positively impacted by favorable reserve development on prior period defaults, primarily as a result of more favorable trends in Cures than originally estimated. These Cures have been due primarily to favorable outcomes resulting from mortgage forbearance programs implemented in response to the COVID-19 pandemic as well as positive trends in home price appreciation, which has also contributed to a higher rate of claims that result in no ultimate loss and that are withdrawn by servicers as a result. These favorable observed trends resulted in reductions in our Default to Claim Rate and other reserve adjustments, including our Claim Severity assumptions as of March 31, 2024, for prior year default notices.

The benefit from this favorable development on prior period defaults was lower in the nine months ended September 30, 2023, as compared to the same period in 2022, due primarily to the reduction in the beginning primary default inventory between the two periods. See Note 11 of Notes to Unaudited Condensed Consolidated Financial Statements herein for additional information, as well as Notes 1 and 11 of Notes to Consolidated Financial Statements and "Item 1A. Risk Factors" in our 2022 2023 Form 10-K.

Our primary default rate as a percentage of total insured loans at September 30, 2023 March 31, 2024, was 2.0% 2.1% compared to 2.2% at December 31, 2022 December 31, 2023. The following table shows a rollforward of our primary loans in default.

N/A – Not applicable

(1) Excludes pool and other reserves. See Note 11 of Notes to Unaudited Condensed Consolidated Financial Statements for additional information.

We develop our Default to Claim Rate estimates based primarily on models that use a variety of loan characteristics to determine the likelihood that a default will reach claim status. Our aggregate weighted average net Default to Claim Rate assumption for our primary loans used in estimating our reserve for losses, which is net of estimated Claim Denials and

55

[Glossary](#)

Part I. Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Rescissions, was approximately 27% 26% and 30% 25% as of September 30, 2023 March 31, 2024, and December 31, 2022 December 31, 2023, respectively. See Note 11 of Notes to Consolidated Financial Statements in our 2022 2023 Form 10-K for additional details about our Default to Claim Rate assumptions.

Although expected claims are included in our reserve for losses, the timing of claims paid is subject to fluctuation from quarter to quarter based on the rate that defaults cure and other factors, including the impact of foreclosure moratoriums (as described in "Item 1. Business—Mortgage—Mortgage Insurance—Defaults and Claims" in our 2022 2023 Form 10-K) that make the timing of paid claims difficult to predict.

(2) Calculated excluding the impact of: (i) commutations and settlements; (ii) claims settled without payment; and (iii) claims that were submitted and subsequently withdrawn by the servicer.

(3) Before reinsurance recoveries.

For additional information about our reserve for losses, see "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations—Critical Accounting Estimates" in our 2022 2023 Form 10-K.

Cost of Services. Cost of services for the three and nine months ended September 30, 2023, decreased as compared to the same periods in 2022, primarily due to the decrease in services revenue, as discussed above. Our cost of services is primarily affected by our level of services revenue.

Other Operating Expenses. The decrease in other operating expenses for the three and nine months ended September 30, 2023 March 31, 2024, as compared to the same periods period in 2022, 2023, is primarily due to a reduction in general operating expenses related to reductions in headcount and other expense savings actions implemented for the segment during the past year, year, as well as an increase in the benefit from ceding commissions under Radian Guaranty's QSR Program.

The following table shows additional information about Mortgage Insurance other operating expenses, for the periods indicated.

Revenues

Net Premiums Earned. Net premiums earned for the three and nine months ended September 30, 2023, decreased as compared to the same periods in 2022, primarily due to a decrease in new title policies written in our title insurance business given the decline in industrywide refinance volumes.

Services Revenue. Services revenue for the three and nine months ended September 30, 2023, decreased as compared to the same periods in 2022, primarily due to a decrease in real estate and title services revenue resulting from the recent macroeconomic stresses, as described above. See Note 4 of Notes to Unaudited Condensed Consolidated Financial Statements for the disaggregation of services revenue by revenue type.

Expenses

Cost of Services. Cost of services for the three and nine months ended September 30, 2023, decreased as compared to the same periods in 2022, primarily due to the decrease in services revenue. Our cost of services is primarily affected by our level of services revenue and the number of employees providing those services. As further discussed in "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations—Overview—Current Operating Environment" in our 2022 Form 10-K, the number of employees was reduced for the three and nine months ended September 30, 2023, as compared to the same periods in 2022, as a result of the steps taken in 2022 to better align our workforce with the current and expected needs of our business.

Other Operating Expenses. The following table shows additional information about homegenius other operating expenses. Included in the results for the nine months ended September 30, 2023, are severance expenses of \$1.9 million related to additional reductions in headcount in response to the ongoing challenging macroeconomic environment for the homegenius segment's products and services, compared to \$0.8 million of severance expenses for the nine months ended September 30, 2022. In addition, other general operating expenses were reduced in the three and nine months ended September 30, 2023, as a result of additional expense saving actions implemented in 2023.

Glossary

Part I. Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Summary cash flows - Consolidated

Three Months Ended March 31,		
(In thousands)	2024	2023
Net cash provided by (used in):		
Operating activities	\$ 51,044	\$ 116,778
Investing activities	(73,398)	(30,542)
Financing activities	31,114	(92,052)
Increase (decrease) in cash and restricted cash	\$ 8,760	\$ (5,816)

Operating Activities. Our most significant source of operating cash flows is from premiums received from our mortgage insurance policies, while our most significant uses of operating cash flows are typically for our operating expenses and claims paid on our mortgage insurance policies. Cash policies and taxes. In addition, our operating activities also include Radian Mortgage Capital's purchases, sales and repayments of mortgage loans held for sale, which can fluctuate from period to period. The decrease in cash provided by operating activities decreased for the nine three months ended September 30, 2023 March 31, 2024, as compared to the same period in 2022, 2023, is primarily due primarily to increases in net purchases of mortgage loans held for sale in 2023, partially offset 2024, which increased by lower payments for operating expenses and lower purchases of U.S. Mortgage Guaranty Tax and Loss Bonds. \$99 million as compared to the same period last year.

Investing Activities. Net cash used by investing activities increased for the nine three months ended September 30, 2023 March 31, 2024, as compared to cash provided by investing activities in the same period in 2022, 2023, primarily as a result of an the increased cash provided by financing activities, as discussed below, resulting in more cash available to invest. This increase in available cash to invest was primarily deployed in the first quarter of 2024 for purchases, net of sales and redemptions, of short-term investments and a decrease in proceeds from sales and redemptions of fixed-maturity investments available for sale and proceeds from redemptions of trading securities, partially offset by a decrease in purchases of fixed-maturity investments fixed-maturities available for sale.

Financing Activities. For the nine three months ended September 30, 2023 March 31, 2024, our primary financing activities impacting cash included: (i) issuance and redemption of our senior notes and (ii) an increase in secured borrowings. These net increases were partially offset by: (i) payment of dividends and (ii) repurchases of our common stock. The decreases in these amounts were partially offset by an increase in secured borrowings, primarily to help fund the increase in net purchases of mortgage loans held for sale. See Notes 12 and 14 of Notes to Unaudited Condensed Consolidated Financial Statements for additional information regarding our borrowings and share repurchases, respectively.

See "Item 1. Financial Statements (Unaudited)—Condensed Consolidated Statements of Cash Flows (Unaudited)" for additional information.

Liquidity Analysis—Holding Company

Radian Group serves as the holding company for our operating subsidiaries and does not have any operations of its own. At September 30, 2023 March 31, 2024, Radian Group had available, either directly or through unregulated subsidiaries, unrestricted cash and liquid investments of \$1.0 billion \$1.1 billion. Available liquidity at September 30, 2023 March 31, 2024, excludes certain additional cash and liquid investments that have been advanced to Radian Group from its our subsidiaries to pay for corporate expenses and interest payments. Total liquidity, which includes our undrawn \$275 million unsecured revolving credit facility, as described below, was \$1.3 billion \$1.4 billion as of September 30, 2023 March 31, 2024.

During the nine three months ended September 30, 2023 March 31, 2024, Radian Group's available liquidity increased by \$101 million \$102 million, due primarily to a \$100 million ordinary dividend received from Radian Guaranty in each and the net impact of the first three quarters issuance of 2023, the Senior Notes due 2029 and the redemption of the Senior Notes due 2025, partially offset primarily by payments for dividends and share repurchases, as described below.

In addition to available cash and marketable securities, Radian Group's principal sources of cash to fund future liquidity needs include: (i) payments made to Radian Group by its subsidiaries under expense- and tax-sharing arrangements; (ii) net investment income earned on its cash and marketable securities; and (iii) to the extent available, dividends or other distributions from its subsidiaries.

Radian Group has in place a \$275 million unsecured revolving credit facility with a syndicate of bank lenders. Subject to certain limitations, borrowings under the credit facility may be used for working capital and general corporate purposes, including, without limitation, capital contributions to our insurance and other subsidiaries as well as growth initiatives. At September 30, 2023 March 31, 2024, the full \$275 million remains undrawn and available under the facility. See Note 12 of Notes to Consolidated Financial Statements in our 2022 2023 Form 10-K for additional information on the unsecured revolving credit facility.

Part I. Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

In connection with our mortgage conduit initiative, in 2022, Mortgage Conduit business, Radian Mortgage Capital has entered into the Master Repurchase Agreements. At that time, As of March 31, 2024, Radian Group has entered into two three separate Parent Guarantees to guaranty the obligations under the Master Repurchase Agreements. Under these Parent Guarantees, Radian Group is subject to negative and affirmative covenants customary for this type of financing transaction, including compliance with financial covenants that are generally consistent with the comparable covenants in the Company's revolving credit facility. See Note 12 of Notes to Unaudited Condensed Consolidated Financial Statements for additional information. In addition to financing the acquisition of mortgage loan assets under the Master Repurchase Agreements, Radian Mortgage Capital may fund such purchases directly using capital contributed from Radian Group.

We expect Radian Group's principal liquidity demands for the next 12 months to be: (i) the payment of corporate expenses, including taxes; (ii) the payment of \$450 million principal amount of our outstanding Senior Notes due 2024; (iii) interest payments on our outstanding debt obligations; (iii) (iv) the payment of quarterly dividends on our common stock, which are currently \$0.225 \$0.245 per share, and which remain subject to approval by our board of directors and our ongoing assessment of our financial condition and potential needs related to the execution and implementation of our business plans and strategies; (iv) (v) the potential continued repurchases of shares of our common stock pursuant to share repurchase authorizations, as described below; and (v) (vi) investments to support our business strategy, including capital contributions to our subsidiaries. Liquidity demands may also include potential payments pursuant to the Parent Guarantees.

In addition to our ongoing short-term liquidity needs discussed above, our most significant need for liquidity beyond the next 12 months is the repayment of \$1.4 billion \$1.1 billion aggregate principal amount of our senior debt due in future years. See “Capitalization—Holding Company” below for details of our debt maturity profile.

Radian Group’s liquidity demands for the next 12 months or in future periods could also include: (i) early repurchases or redemptions of portions of our debt obligations and

61

(ii) potential payments pursuant to the Parent Guarantees.

(ii) additional investments to support our business strategy, including additional capital contributions to its subsidiaries. For additional information about related risks and uncertainties, see “Our sources of liquidity may be insufficient to fund our obligations” and “Radian Guaranty may fail to maintain its eligibility status with the GSEs, and the additional capital required to support Radian Guaranty’s eligibility could reduce our available liquidity” under “Item 1A. Risk Factors” in our 2022 2023 Form 10-K. See also “Overview—Current Operating Environment” herein for further information.

We believe that In addition to Radian Group has sufficient current Group’s existing sources of liquidity to fund its obligations. If obligations, we otherwise may decide to increase our liquidity position, Radian Group may seek additional capital, including by incurring additional debt, issuing additional equity, or selling assets, which we may not be able to do on favorable terms, if at all.

Share Repurchases. During the nine three months ended September 30, 2023 March 31, 2024, the Company repurchased 2.8 million 1.8 million shares of Radian Group common stock under programs a program authorized by Radian Group’s board of directors, at a total cost of \$70 million \$50 million, including commissions. See Note 14 of Notes to Unaudited Condensed Consolidated Financial Statements for additional details on our share repurchase programs.

Dividends and Dividend Equivalents. In February 2023, 2024, Radian Group’s board of directors authorized an increase to the Company’s quarterly dividend from \$0.20 \$0.225 to \$0.225 \$0.245 per share. Based on our current outstanding shares of common stock and restricted stock units, we expect to require approximately \$140 \$148 million in the aggregate to pay dividends and dividend equivalents for the next 12 months. So long as no default or event of default exists under our revolving credit facility or the Parent Guarantees, Radian Group is not subject to any legal or contractual limitations on its ability to pay dividends except those generally applicable to corporations that are incorporated in Delaware. See Note 12 of Notes to Unaudited Condensed Consolidated Financial Statements for additional details. The declaration and payment of future quarterly dividends remains subject to the board of directors’ discretion and determination.

Corporate Expenses and Interest Expense. Radian Group has expense-sharing arrangements in place with its principal operating subsidiaries that require those subsidiaries to pay their allocated share of certain holding-company-level expenses, including interest payments on Radian Group’s outstanding debt obligations. Corporate expenses and interest expense on Radian Group’s debt obligations allocated under these arrangements during the nine three months ended September 30, 2023 March 31, 2024, of \$122 million \$38 million and \$63 million \$22 million, respectively, were substantially all reimbursed by its subsidiaries. We expect substantially all of our holding company expenses to continue to be reimbursed by our subsidiaries under our expense-sharing arrangements. The expense-sharing arrangements between Radian Group and its mortgage insurance subsidiaries, as amended, have been approved by the Pennsylvania Insurance Department, but such approval may be modified or revoked at any time.

Taxes. Pursuant to our tax-sharing agreements, our operating subsidiaries pay Radian Group an amount equal to any federal income tax the subsidiary would have paid on a standalone basis if they were not part of our consolidated tax return. As a result, from time to time, under the provisions of our tax-sharing agreements, Radian Group may pay pay to or receive from its operating subsidiaries amounts that differ from Radian Group’s consolidated federal tax payment obligation. Radian Group received \$23 million of obligation. There were no tax-sharing agreement payments received by Radian Group from its subsidiaries during the nine three months ended September 30, 2023 March 31, 2024.

62 57

Capitalization—Holding Company

The following table presents our holding company capital structure.

Capital structure

Stockholders' equity	Stockholders' equity	4,152,899	3,919,327				
Total capitalization	Total capitalization	\$5,569,586	\$5,332,831				
Holding company debt-to-capital ratio	Holding company debt-to-capital ratio						
(1)	(1)	25.4 %	26.5 %	Holding company debt-to-capital ratio (1)	25.4 %		24.4 %
Shares outstanding	Shares outstanding	155,582	157,056				
Shares outstanding	Shares outstanding						
Book value per share	Book value per share	\$ 26.69	\$ 24.95				

(1) Calculated as carrying value of senior notes, which were issued and are owed by our holding company, divided by carrying value of senior notes and stockholders' equity. This holding company ratio does not include the effects of amounts owed by our subsidiaries related to secured borrowings.

Stockholders' equity increased by \$234 million \$42 million from December 31, 2022 December 31, 2023, to September 30, 2023 March 31, 2024. The net increase in stockholders' equity for the nine three months ended September 30, 2023 March 31, 2024, resulted primarily from our net income of \$460 million \$152 million, partially offset by dividends of \$111 million, by: (i) share repurchases of \$70 million \$50 million, excluding related excise taxes due; (ii) dividend and dividend equivalents of \$38 million; and (iii) a net increase in unrealized losses on investment securities of \$64 million \$32 million as a result of increases in market interest rates during the period. As of September 30, 2023 March 31, 2024, we did not expect to realize a loss for our investments in an unrealized loss position given our intent and ability to hold these investment securities until recovery of their amortized cost basis.

The increase in book value per share from \$24.95 \$28.71 at December 31, 2022 December 31, 2023, to \$26.69 \$29.30 at September 30, 2023 March 31, 2024, is primarily due to an increase of \$2.93 \$0.99 per share attributable to our net income for the nine three months ended September 30, 2023 March 31, 2024, partially offset by: (i) a decrease of \$0.71 \$0.25 per share attributable to dividends and dividend equivalents and (ii) a decrease of \$0.41 \$0.21 per share due to a net increase in unrealized losses in our available for sale securities, recorded in accumulated other comprehensive income.

We regularly evaluate opportunities, based on market conditions, to finance our operations by accessing the capital markets or entering into other types of financing arrangements with institutional and other lenders. We also regularly consider various measures to improve our capital and liquidity positions, as well as to strengthen our balance sheet, improve Radian Group's debt maturity profile and maintain adequate liquidity for our operations. Among other things, these measures may include borrowing agreements or arrangements, such as securities or other master repurchase agreements and revolving credit facilities.

In the past we have repurchased ~~and~~ ~~or~~ exchanged, prior to maturity, some of our outstanding debt, and in the future, we may from time to time seek to redeem, repurchase or exchange for other securities, or otherwise restructure or refinance some or all of our outstanding debt prior to maturity in the open market through other public or private transactions, including pursuant to one or more tender offers or through any combination of the foregoing, as circumstances may allow. The timing or amount of any potential transactions will depend on a number of factors, including market opportunities and our views regarding our capital and liquidity positions and potential future needs. There can be no assurance that any such transactions will be completed on favorable terms, or at all.

Mortgage Insurance

Historically, one of the primary demands for liquidity in our Mortgage Insurance business is the payment of claims, net of reinsurance, including from commutations and settlements. See Note 11 of Notes to Unaudited Condensed Consolidated

58

Part I. Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Financial Statements for information on our mortgage insurance reserve for losses and LAE, which represents our best estimate for the costs of settling future claims on currently defaulted mortgage loans.

Other principal demands for liquidity in our Mortgage Insurance business ~~are expected to~~ include: (i) expenses (including those allocated from Radian Group); (ii) repayments of FHLB advances; ~~(iii) distributions from Radian Guaranty to Radian Group, including returns of capital or recurring ordinary dividends, as discussed below;~~ and (iii) taxes, including potential additional purchases of U.S. Mortgage Guaranty Tax and Loss Bonds. See Notes

63

Glossary

Part I. Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

10 and 16 of Notes to Consolidated Financial Statements in our ~~2022~~ 2023 Form 10-K for additional information related to these non-interest bearing instruments. ~~In addition to the foregoing liquidity demands, other payments have included, and in the future could include, distributions from Radian Guaranty to Radian Group, including returns of capital or recurring ordinary dividends, as discussed below.~~

The principal sources of liquidity in our Mortgage Insurance business currently include insurance premiums, net investment income and cash flows from: (i) investment sales and maturities; (ii) FHLB advances; and (iii) if necessary, capital contributions from Radian Group. We believe that the operating cash flows generated by each of our mortgage insurance subsidiaries will provide these subsidiaries with the funds necessary to satisfy their needs for the foreseeable future.

As of ~~September 30, 2023~~ March 31, 2024, our mortgage insurance subsidiaries Radian Guaranty maintained claims paying resources of ~~\$6.0~~ 6.2 billion on a statutory basis, which consist of contingency reserves, statutory policyholders' surplus, premiums received but not yet earned and loss reserves. In addition, our reinsurance programs are designed to provide additional claims-paying resources during times of economic stress and elevated losses. See Note 8 of Notes to Unaudited Condensed Consolidated Financial Statements for additional information.

Radian Guaranty's Risk-to-capital as of ~~September 30, 2023~~ March 31, 2024, was ~~10.6~~ 10.2 to 1. Radian Guaranty is not expected to need additional capital to satisfy state insurance regulatory ~~requirements in their current form.~~ requirements. At ~~September 30, 2023~~ March 31, 2024, Radian Guaranty had statutory policyholders' surplus of ~~\$674 million~~ \$703 million. This balance includes a ~~\$697 million~~ \$750 million benefit from U.S. Mortgage Guaranty Tax and Loss Bonds issued by the U.S. Department of the Treasury, which mortgage guaranty insurers such as Radian Guaranty may purchase in order to be eligible for a tax deduction, subject to certain limitations, related to amounts required to be set aside in statutory contingency reserves. See Note 16 of Notes to Consolidated Financial Statements and "Item 1A. Risk Factors" in our ~~2022~~ 2023 Form 10-K for more information.

Radian Guaranty currently is an approved mortgage insurer under the PMIERS. Private mortgage insurers, including Radian Guaranty, are required to comply with the PMIERS to remain approved insurers of loans purchased by the GSEs. At ~~September 30, 2023~~ March 31, 2024, Radian Guaranty's Available Assets under the PMIERS financial requirements totaled ~~\$5.8 billion~~ \$6.0 billion, resulting in a PMIERS Cushion of ~~\$1.7 billion~~ \$2.3 billion, or ~~41%~~ 62%, over its Minimum Required Assets. Those amounts compare to Available Assets of ~~\$5.6 billion~~ \$5.9 billion and a PMIERS cushion of ~~\$1.7 billion~~ \$2.3 billion, or ~~45%~~ 62%, at ~~December 31, 2022~~ December 31, 2023.

Our PMIERS Cushion as of September 30, 2023, includes the benefit from our reinsurance agreements through that date. In October 2023, Radian Guaranty entered into a fully collateralized reinsurance agreement with Eagle Re 2023-1 Ltd. that will reduce Radian Guaranty's net RIF by \$353 million, and is expected to reduce capital required to be held at Radian Guaranty by reducing the PMIERS Minimum Required Assets by substantially the same amount. Also in October 2023, Radian Guaranty entered into the 2023 XOL Agreement with a panel of third-party reinsurance providers that will reduce Radian Guaranty's net RIF by \$246 million, and is expected to reduce capital required to be held at Radian Guaranty by reducing the PMIERS Minimum Required Assets by substantially

the same amount. After consideration of these transactions, Radian Guaranty's excess of Available Assets over its Minimum Required Assets under PMIERS, as of September 30, 2023, would have increased from \$1.7 billion to \$2.2 billion, or from 41% to 63%. See Note 8 of Notes to Unaudited Condensed Consolidated Financial Statements for additional information on these new agreements.

Our PMIERS Cushion at September 30, 2023, also includes a benefit from the current broad-based application of the Disaster Related Capital Charge that has reduced the total amount of Minimum Required Assets that Radian Guaranty otherwise would have been required to hold against pandemic-related defaults by approximately \$135 million and \$200 million as of September 30, 2023, and December 31, 2022, respectively, taking into consideration our risk distribution structures in effect as of those dates. The application of the Disaster Related Capital Charge has reduced Radian Guaranty's PMIERS Minimum Required Assets, but we expect this benefit will continue to diminish over time. See "Item 1. Business—Regulation—Federal Regulation—GSE Requirements for Mortgage Insurance Eligibility" and "Radian Guaranty may fail to maintain its eligibility status with the GSEs, and the additional capital required to support Radian Guaranty's eligibility could reduce our available liquidity" under "Item 1A. Risk Factors" in our 2022 Form 10-K for more information about the Disaster Related Capital Charge.

Despite holding assets above the minimum statutory capital thresholds and PMIERS financial requirements, the ability of Radian's mortgage insurance subsidiaries to pay dividends on their common stock is restricted by certain provisions of the insurance laws of Pennsylvania, their state of domicile. Under Pennsylvania's insurance laws, ordinary dividends and other distributions may only be paid out of an insurer's positive unassigned surplus unless the Pennsylvania Insurance Department approves the payment of dividends or other distributions from another source.

Aided by the positive impacts of its merger with Radian Reinsurance in December 2022, Radian Guaranty had positive unassigned surplus of \$258 million as of December 31, 2022, providing Radian Guaranty with the ability to pay ordinary dividends beginning in the first quarter of 2023, subject to the preceding year's statutory net income and other limitations under Pennsylvania's insurance laws. As a result, Radian Guaranty paid an ordinary dividend of \$100 million to Radian Group in each of the first three quarters quarter of 2023 2024 and maintains expects to maintain the ability to pay additional ordinary dividends during the remainder of 2023. Subsequent to the payment of these dividends, as of September 30, 2023, Radian Guaranty had positive unassigned surplus of \$174 million, 2024. See Note 16 of Notes to Consolidated Financial Statements in our 2022 2023 Form 10-K for additional information on our statutory dividend restrictions and contingency reserve requirements.

Radian Guaranty is a member of the FHLB. As a member, it may borrow from the FHLB, subject to certain conditions, which include requirements to post collateral and to maintain a minimum investment in FHLB stock. Advances from the FHLB may be used to provide low-cost, supplemental liquidity for various purposes, including to fund incremental investments. Radian's current strategy includes using FHLB advances as financing for general cash management and liquidity purposes. As of September 30, 2023 March 31, 2024, there were \$120 million \$79 million of FHLB advances outstanding. See Note 12 of Notes to Unaudited Condensed Consolidated Financial Statements for additional information.

homegenius All Other

As of September 30, 2023, our homegenius segment maintained cash and liquid investments totaling \$59 million, including \$45 million held by Radian Title Insurance.

Title insurance companies, including Radian Title Insurance, are subject to comprehensive state regulations, including minimum net worth requirements. Radian Title Insurance was in compliance with all of its minimum net worth requirements at September 30, 2023. In the event the cash flows from operations of the homegenius segment are not adequate to fund all of its needs, including the regulatory capital needs of Radian Title Insurance, Radian Group may provide additional funds to the homegenius segment in the form of an intercompany note or other capital contribution, and if needed for Radian Title Insurance, subject to the approval of the Ohio Department of Insurance. Additional capital support may also be required for potential investments in new our other business initiatives to support our strategy of growing our businesses. During the nine three months ended September 30, 2023 March 31, 2024, Radian Group contributed \$80 million in capital made \$30 million of additional equity contributions to support our Title, Real Estate Services and Real Estate Technology businesses. During that same period, Radian Group also made \$2 million of additional equity contributions to its homegenius subsidiaries, support our Mortgage Conduit business.

Liquidity levels may fluctuate depending onIn the levels and contractual timing event the cash flows from operations of our invoicing All Other businesses continue to be insufficient to fund all of their needs, Radian Group may continue to provide additional funds in the form of additional capital contributions or other support. See "Investments to grow our existing businesses, pursue new lines of business or new products and the payment practices services within existing lines of business subject us to additional risks and uncertainties" under "Item 1A. Risk Factors" in our homegenius clients, in combination with the timing of our homegenius segment's payments 2023 Form 10-K for employee compensation and to external vendors. The amount, if any, and timing of the homegenius segment's dividend paying capacity will depend primarily on the amount of excess cash flow generated by the segment, additional information.

Ratings

We believe that ratings Ratings independently assigned by third-party statistical rating organizations often are considered by others in assessing our credit strength and the financial strength of our primary insurance subsidiaries. Radian Group, Radian Guaranty and Radian Title

Insurance are currently assigned the financial strength ratings set forth in the chart below, which are provided for informational purposes only and are subject to change. See “The current financial strength ratings assigned to our mortgage insurance subsidiaries could weaken our competitive position and potential downgrades by rating agencies to these ratings and the ratings assigned to Radian Group could adversely affect the Company” under “Item 1A. Risk Factors” in our 2022 2023 Form 10-K.

(1) On April 12, 2024, Fitch Ratings (“Fitch”) revised the outlook to Positive from Stable for both Radian Group and Radian Guaranty. Moody’s Investors Service (“Moody’s”) and S&P and Fitch Global Ratings (“S&P”) each currently rate the outlook for both Radian Group and Radian Guaranty as Stable.

Critical Accounting Estimates

As of the filing date of this report, there were no significant changes in our critical accounting estimates from those discussed in our 2022 2023 Form 10-K. See Note 2 of Notes to Unaudited Condensed Consolidated Financial Statements for accounting pronouncements issued but not yet adopted that may impact the Company’s consolidated financial position, earnings, cash flows or disclosures.

Glossary

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Market risk represents the potential for loss due to adverse changes in the value of financial instruments as a result of changes in market conditions. Examples of market risk include changes in interest rates, credit spreads, foreign currency exchange rates and equity prices. We regularly analyze our exposure to interest-rate interest rate risk and credit-spread credit spread risk and have determined that the fair value of our investments is materially exposed to changes in both interest rates and credit spreads. See “Our success depends, in part, on our ability to manage risks in our investment portfolio” under “Item 1A. Risk Factors” in our 2022 2023 Form 10-K.

Our market risk exposures at September 30, 2023 March 31, 2024, have not materially changed from those identified in our 2022 2023 Form 10-K.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures designed to provide reasonable assurance that information required to be disclosed in the reports we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Our management, including our Chief Executive Officer and Chief Financial Officer, conducted an evaluation of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act) as of September 30, 2023 March 31, 2024, pursuant to Rule 15d-15(b) under the Exchange Act. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of September 30, 2023 March 31, 2024, our disclosure controls and procedures were effective to provide reasonable assurance that the information required to be disclosed by us in the reports we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms.

Changes in Internal Control Over Financial Reporting

During the three-month period ended September 30, 2023 March 31, 2024, there has been no change in our internal control over financial reporting (as defined in Rule 13a-15(f) of the Exchange Act) that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II—OTHER INFORMATION

Item 1. Legal Proceedings

We are routinely involved in a number of legal actions and proceedings, including reviews, audits, inquiries, information-gathering requests and investigations by various regulatory entities, as well as litigation and other disputes arising in the ordinary course of our business. See Note 13 of Notes to Unaudited Condensed Consolidated Financial Statements for additional information regarding legal actions and proceedings.

Item 1A. Risk Factors

There have been no material changes to our risk factors from those previously disclosed in our 2022 2023 Form 10-K.

Glossary

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds and Issuer Purchases of Equity Securities

Unregistered Sales of Equity Securities

During the three months ended September 30, 2023 March 31, 2024, no equity securities of Radian Group were sold that were not registered under the Securities Act.

Issuer Purchases of Equity Securities

The following table provides information about purchases of Radian Group common stock by us (and our affiliated purchasers) during the three months ended September 30, 2023 March 31, 2024.

- (1) Includes 17,743 11,412 shares tendered by employees as payment of taxes withheld on the vesting of certain restricted stock awards granted under the Company's equity compensation plans.
- (2) In January 2023, Radian Group's board of directors approved a share repurchase program authorizing the Company to spend up to \$300 million, excluding commissions, to repurchase Radian Group common stock, stock in the open market or in privately negotiated transactions, based on market and business conditions, stock price and other factors. During the three months ended September 30, 2023 March 31, 2024, the Company purchased 1.9 million 1.8 million shares at an average price of \$26.71, \$28.26, including commissions, under this share repurchase program, which expires in January 2025, commissions. See Note 14 of Notes to Unaudited Condensed Consolidated Financial Statements for additional details on our share repurchase program.

Limitations on Payment of Dividends

Radian Group is not subject to any legal or contractual limitations on its ability to pay dividends except as described below. The Company is subject to dividend limitations generally applicable to corporations that are incorporated in Delaware. In addition, pursuant to Radian Group's revolving credit facility and the Parent Guarantees, Radian Group is permitted to pay dividends so long as no event of default exists and the Company is in pro forma compliance with the applicable financial covenants in the agreements on the date a dividend is declared. See Note 12 of Notes to Consolidated Financial Statements in our 2022 2023 Form 10-K for additional details.

61

Item 5. Other Information

None of the directors or officers (as defined in Rule 16a-1(f) promulgated under the Exchange Act) of the Company adopted or terminated any Rule 10b5-1 trading arrangement or any non-Rule 10b5-1 trading arrangement (as such terms are defined in Item 408 of Regulation S-K) during the period covered by this Report.

CERTIFICATIONS

I, Richard G. Thornberry, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Radian Group Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
